NUMBER 2,004

## SONORA SCHOOLS CLOSE FOR VACATION MONTHS

### Year's Work Is Pronounced Satisfactory; School Wins a Coveted Affiliation

The 1926-27 term of the Sonora High School came to a close last Friday evening after one of the most successful school years in the history of the town. The entire work of the school was well carried out this year and in a well balanced manner. The corps of teachers was exceptionally good, and gave satisfaction to the extent that all of them were offered their positions for next year.

As announced last week, Dean Richardson of Simmons University, at Abilene, delivered the commencement address instead of Congressman Hudspeh, who was called to Washington on important business. Dean Richardson used as a theme for his address "Youth and Its Characteristics." He recalled the characteristics of youth as being enthusiasm, confidence and others, all of which are commendable. He said that he had only recently read where some one had predicted that the wild life of the present boys and girls was undermining their characters, and he remembered having read where some Grecian writer, hundreds of years ago, had written that the riotous living and action of the youth of that time was undermining their character and would bring about the downfall of civilization.

Dean Richardson made quite a nice impression with local people and they feel that they were indeed fortunate in having him visit us.

On the program, other than the parts scheduled for the graduates, Mrs. Emma Lou Keene gave a very beautiful piano number and J. R. Lee rendered an appreciated solo, accompanied by Mrs. Keene.

Judge L. W. Elliott being ill, Rev. Stephens delivered the diplomas instead. The diplomas were delivered to Misses Sarah Taylor, Jamie Gardner and Audrey Rankhorne, the latter young lady being class valedictorian; and to Floyd Ridley, Lawrence Williamson, salutatorian, Joseph Trainer, Hilton Turney and Ovid Rankhorne. Superintendent M. O. Britt announces that this school has been made a member of the Southern Association of Colleges and Secondary Schools, and this membership is harder for a school to make than to become affiliated with universities of the first class. The course of study, laboratory equipment, degree teachers, number of teachers and pupils per teacher are among the things considered on being admitted as a member of this organization.

## E. C. Garvin Reports Livestock Deals

E. C. Garvin reports the following trades for this week:

800 yearling mutton sheep for E. I. Magruder to Alvin Neal at \$5.25 per head; 1,600 six-year-old ewes and up for Robert Halbert to Jess Elrod at \$5.00, broken mouth ewes at \$2; He purchased 600 yearling ewes from J. A. Ward at \$8.25.

Mr. Garvin is starting the delivery of about 4,000 yearling ewes he recently bought for L. E. Magruder to Mertzton where they will be put on a pasture.

## Eastern Star Elects New Officers

At the last meeting of the Order of the Eastern Star, the following officers were elected for the ensuing year:

Muril Hamilton, W. M.; J. D. Lowrey, W. P.; Marie Hoggett, Associate Matron; Bernice Evans, Secretary; Eva Garvin, treasurer; Lucille Hutcherson, Conductor and Dona Stites, Associate Conductor.

The installation of officers will be on the 3rd Tuesday in this month. Every member is urged to be present.—Bernice Evans, secretary.

A school in Oklahoma City, Okla., offered to accept cotton as a payment for tuition last fall and about 200 students availed themselves of the opportunity.

## Huge Wool Sale at Kerrville Last Week

One of the largest wool sales held in Kerrville in several years was completed Tuesday when the Schreiner Wool & Mohair Commission Company sold 2,500,000 pounds of 12 and eight months' clip on sealed bids.

Prices received ranged from 38 to 41 1-2 cents for the 12-months' wool and 30 to 33 1-4 for the eight months' clip.

L. P. Hills, representing Walter M. Marston of Boston, bought the entire accumulation of 12 month's wool, consisting of about 1,500,000 pounds.

C. D. Stokes, representing Winslow & Co., Boston, and J. M. Lea, representing Draper & Company, Boston, each purchased about 500,000 pounds of the eight months' wool.

On a clean basis, the prices received at the Tuesday sale far exceed prices paid at other Texas wool markets, according to A. C. Schreiner of the commission company. Kerrville wool is much finer than any other wool in the State, and consequently shrinks more in scouring.

Mr. Schreiner, after the sale, expressed himself as being very much gratified with the prices received.

Between 85 and 100 cars will be required to move the wool to Boston.—Kerrville Mountain-Sun.

## Livestock Bodies Help Develop the Industry

That the various organizations of breeders and stockmen have been largely responsible for developing the livestock industry in the United States is the view of Secretary of Agriculture Jardine. In commenting on the benefits of well-conducted organizations, in a recent communication to the Arizona Cattle Growers' Association, the secretary expressed the following views:

"Such organizations provide beneficial contact among their members, resulting in the exchange of experiences, in the formulation of constructive plans, and in various financial benefits. They also enable stock owners, through the officers, to represent the membership in matters of transportation, taxation and legislation."

In connection with the activities of livestock associations, Secretary Jardine also commented on the mutual effects of stockmen and public officials toward livestock improvement. "The Department of Agriculture has been active for many years," Mr. Jardine said, "in encouraging the breeding of better livestock especially through the use of purebred sires. Our information shows plainly that improved animals have considerably greater utility value than ordinary livestock, and, in the case of meat animals, the better-bred stock produces superior carcasses."

## Installs Frigidaire and New Freezer Counter

The E. F. Vander Stucken Co. has installed an Ed Frigidaire freezer counter with Frigidaire attachment for the purpose of taking care of the vegetable and other stocks that are perishable. This addition not only makes the handling of this class of merchandise more satisfactory and convenient, but it adds to the attractiveness of their store as well.

This firm is now carrying for the convenience of their customers and the public at large a stock of milk supplied by the Sonora Dairy, as well as butter and other articles that cannot be kept in stock off ice.

Farms in the United States represent one-fifth of the total wealth and contribute one-sixth of the nation's income.

Excepting the Bible Pilgrim's Progress has been translated into more languages and dialects than any other book. The number now exceeds 107.

## RODED ARRANGEMENTS NEAR COMPLETION

The preparation of the program for the sixth annual mid-summer rodeo and race meet for Sonora is nearing completion, each day seeing the finishing up of some important detail. The racing arrangements and the rodeo program are about complete, as has been before stated, and now the final arrangements for the polo games have been made.

Four teams have posted forfeits guaranteeing to be here for the three days to play for a grand prize of \$300.00. The teams are Camp Wood, who finished second at the Houston meet last year, the Cardwell team the San Angelo team and the Menard team. It is reported that each team is getting their best men and best horses in readiness for the games, and polo fans can be assured of seeing one of the best meets ever at the Sonora celebration this year.

Arrangements are being made to take care of the 100 odd polo horses that will be here and the committee is looking for good pens and barns in town in which these horses may be kept.

The six additional stalls for the racing horses are being constructed and everything is being put in readiness to take care of the racing stock as well as their trainers and jockeys. A bunk house will be built near the stalls for the purpose of housing the men.

Reservations have already been made for some twenty head of race horses and every one interested believes that there will be around forty head here for this race meet. Some of the fastest horses in the country are to be here, and it is expected that a list of a majority of the horses will be released soon.

A large dance platform will be erected at the grounds and the usual good music will be engaged.

There will be a large gate for gentlemen dancers this year, which is a deviation from the usual custom. This is the only town that attempts to give free dances and it is rather an old-fashion idea. A nominal charge will be made at the entrance and it is believed that this will meet with the approval of the public.

The finishing touches on the grandstand are being made, and it is thought that it will be entirely completed by the end of the week. The row of box seats are now being put up and when this part of the work is finished, the appearance of the new grandstand will be that of completion.

The Boston Museum of Fine Arts recently declined to exhibit five nude paintings, part of a collection of Italian art sent to America for exhibition.

A Moravian village attempted to kill off its cats with poison gas to stamp out rabies. The cats were merely joyfully intoxicated by the vapors.

## Neutral Zones in Nicaragua

This map of Nicaragua shows the neutral zones established by Admiral Latimer and guarded by American marines.

### Slow Travel

The trans-Atlantic voyage from London to Quebec in 1812 consumed approximately three weeks, depending upon weather conditions. Sailing ships were in use at this period. Six miles an hour was considered a good average speed for these vessels on long voyages; nine miles was excellent time. The fastest trip made across the Atlantic by a clipper ship was 12 days.

### "Knights Templar"

The grand commandery of the Knights Templar says that the plural form of the name of the organization known as "Knights Templar" is "Knights Templars," an "s" on the first word only. The organization, by order of the grand encampment of Knights Templar of the United States of America, passed a resolution to the effect that the plural form of the name shall be "Knights Templar."

## FINAL HONOR ROLL OF SCHOOL IS GIVEN

Below is given the honor roll for the ninth month of the Sonora Public School:

First grade—Joan Marion, Reginald Trainer and Marion Elliott.

Second grade—Wesley Sawyer, Gene Sims, Guyon Shurley, Lunetta Marion, Richard Saunders, Nora B. Hill, Cora Belle Taylor, Bobbie Halbert and Steve Brown, Jr.

Third grade—Margaret Barton, Juanita Corder, Jack Rape and J. T. Shurley.

Fourth grade—Ruth Freeman, Martha Jo Lee, Nina Rouche, Ches. Thorp, Helen Davis, William Holland, Sarah Ory and Vernell McCurdy.

Fifth grade—Wedessa Smith, Dee Trainer, Pauline Turney, Cleveland Jones, Linden Turney and Alice Sawyer.

Sixth grade—Bernice Bricker, Mora Lee Meckel, Pauline Rape, Ealen White, Margaret Williamson and Max Turney.

Seventh grade—Jonnie Adams, Lea Roy Aldwell, Marvin Barnes, Elizabeth Caldwell, John Hull, Harva McGhee, Edwin Sawyer, Cecile Sims, Katie Taylor, Frances Trainer and R. W. Weatherly.

### High School

Freshman class—Jessie Louise Evans, Ernestine Glascock, Lottie Hull, Virginia Lee, Muriel Simmons and Zella Lee Thorp.

Junior class—Weyman Williamson, Howard Striegler and Nann Karnes.

Senior class—Audrey Rankhorne and Lawrence Williamson.

## Red Frambrough Loses Title Bout

Red Fitzsimmons, better known in these parts as Red Frambrough, lost his fight at Toledo, Ohio, last week for the light heavyweight championship of the mid-western States. The champion, who now has the belt,

The Ohio papers are giving Red some nice publicity and are predicting a bright future for him in the fight game. They say he is very popular there among the fight fans and is developing quite an aggressive spirit in his bouts.

Red has won every fight since leaving Sonora several months ago, except those with Young Stribling and Sekyra. In his fight with Sekyra, it is reported that in the early part of the fight it looked like Red's belt, for he nearly put his adversary away, but the Wop staged a comeback and won the decision.

More than 200,000 ostriches have been slaughtered in South Africa because of the scarcity of the demand of the plume market.

When Congress refused to build a new post office at St. Mary's, Ohio, the citizens raised \$45,000 by popular subscription to construct the building.

## CHAMBER OF COMMERCE MEMBERSHIP FEES DUE

### Members Now in Arrears Should Pay Up; Do Your Part in the Organization Work

## Mrs. Byrd Entertained at Shurley Residence

Mrs. Chas. Evans and Mrs. Ira Shurley entertained at bridge last Tuesday afternoon at the home of Mrs. Shurley, the affair being in honor of Mrs. H. O. Byrd of San Angelo and Mrs. W. H. Whitfield of Quincy, Ill, both of whom are visiting in Sonora.

After several games of bridge were played the high score prize was awarded to Mrs. J. C. Morrow, the second high prize to Miss Estelle McDonald and the low to Miss Guila Lowrey. The cut prize was won by Mrs. Byrd and she and Mrs. Whitfield were given guest prizes.

The seven tables of players who enjoyed this pleasant afternoon were: Mesdames Murphy, Blanton, J. A. Cauthorn, L. W. Elliott, Sid Evans, Bill Gilmore, Vernon Hamilton, S. R. Hull, Morrow, Mayfield, Savell, Stephens, Thomas, Wilkinson, Patton, Hoggett, Decker, Will Wilson, Mrs. Whitfield, Byrd, E. F. Vander Stucken, Mrs. Coleman, guest of Miss Velma Barnes and Misses Dixie Miers, Joanna Stokes, Velma Barnes, Alice Karnes, Guila Lowrey, Bonnie Glascock and Estelle McDonald.

Pink, green and white brick ice cream with Angel food cake was served with Misses Jessie Louise Evans, Allie Halbert and Guyon Shurley, assisting in the serving.

Postage and stationery.....	9.75
Advertising.....	12.00
Total.....	\$610.94
Balance on hand.....	0.81

## Menard Is Trying for Highway No. 10

A good road from here to Menard has been a drastic need of Sonora and Sutton county people for a long time, and the need is becoming more apparent since so much stock is being shipped from the Menard station and more traffic is developing in that direction.

Much agitation was created last year toward bringing Highway No. 10 from Denison to Del Rio, through Menard to Sonora and thence to Del Rio, but owing to the change in administration at Austin, no designation was made, and none is likely until the affairs of the Highway Commission are in better shape.

But our neighboring county of Menard is attempting to do much work on their road in this direction, and are asking Sonora to help them in securing help from the Highway Commission. They are planning to gravel their road to McKavett, and thus make their road first class in every respect. Should Sutton county cooperate fully in this work, it is likely that a route and road could be established that would serve the need of the people and at no great expense.

You will find in this issue of the News a letter from Judge Scruggs of Menard which is very interesting and in line with this thought.

The quarterly membership dues of the Sonora Chamber of Commerce are now due and each member who has not sent in their signed authority to draft slip should either do so or pay the secretary their quarterly dues. If you have never been a member of this organization, now would be a good time to join, for we believe that Sonora is on the verge of an awakening, civically speaking, and with your co-operation now we believe that some work can be done that will be of much benefit to the City of Sonora and the County of Sutton.

Your attention is called to the financial statement of the Sonora Chamber of Commerce in this issue and to the fact that this organization is hopelessly broke. Your help at this time is needed more than ever.

The two-fold purpose of this organization is to make Sonora a better town in which to own property and to live and to put the products of this county before the world in the class in which it belongs. The cattle, goats, sheep, wool and mohair produced in Sutton County is among the best produced anywhere and it is our hope to let the world know. Beginning June 1st, much publicity will go out from Sonora regularly all with the purpose of accomplishing the above stated aim.

We would like to get out some pamphlet literature setting out the outstanding features of this section and this town and should the necessary funds be received it is thought this advertising literature will be published soon.

The achievements of a civic organization are governed by the amount of co-operation and assistance given by the public and not by the individual efforts of the secretary or others, as might be thought. One man in an organization can holler himself crazy in the interest of his work and can do some good, but when just given some encouragement and co-operation by the public, much work can be done. So running a Chamber of Commerce is not a one man's job but the entire membership's job.

Join the Sonora Chamber of Commerce and let's try to put over something.—H. V. Stokes, secretary.

## Teachers to Spend the Summer at Homes

Practically all of the teachers in the Sonora High School have gone to their homes, from where the most of them will go to enter training this summer. Mr. Britt will again spend the summer in Austin doing some study in special work at the University; Jack Bryan and Mrs. Bryan will spend the summer in Austin and Houston, where their parents live; Miss Annie Duncan has gone to San Antonio, and will go from there to Boulder, Colorado, where she will enter the University of Colorado for the summer; Miss Irene Henderson has gone to Coleman, where she will spend most of the summer.

Miss Dorothy Mims has gone to her home in Cleburne, and has not decided what she will do this summer; Misses Alva White and Vera Mosteller have gone to their homes in Greenville, and have planned to enter the East Texas Teachers' College at Commerce for the summer. Miss Myra Worsham has gone to Denton and will take some work in the Teachers' College there this summer; Miss Elizabeth Little has gone to San Angelo, where she will spend the summer with her parents; Misses Elizabeth Mauldin and Nina B. St. Clair have gone to their homes in Martindale and will likely attend the Southwest Texas Teachers' College at San Marcos this summer.

Miss Sally Harris Cobb has gone to Ferris, Texas, and will likely attend some school this summer, but has not yet decided. Miss Cobb will not be here next year, as she has accepted a position in Port Arthur as teacher, her sister being a resident of that city. Misses Bonnie Glascock and Katherine Hill will attend Sul Ross College at Alpine this summer.

# La Vista Theatre

Week of June 5th to 11th

Monday, June 6th:

PARAMOUNT FEATURE  
**"FINE MANNERS"**  
 With Gloria Swanson and Eugene O'Brien. Universal Comedy  
**"Hop Along"**  
 ADMISSION. 25 and 50 Cents

Tuesday, June 7th:

Metro-Goldwyn Feature  
**"THE SCARLET LETTER"**  
 with Lillian Gish and Henry B. Walthall. Pathe News No. 39.

## Personal Mention

Miss Mary Dan Wilson is visiting in San Antonio this week.

J. A. Wisdom, cashier for the Humble Pipe Line Company, has arrived and is located in their office here.

No car, selling from \$2,500.00 to \$3,500.00, runs with as little effort and noise at high speeds as a Buick, and Buick's service facilities are universal. Henderson-Ede, Co., San Angelo.

W. E. Glascock has sold 400 mixed kids to Mike Friend of Ozona for September delivery, at \$4.00 per head. Mr. Glascock also has some good home raised bucks for sale. See his ad in the News.

No car, selling from \$2,500 to \$3,500.00, is as free from annoying body rumbles and gear howls as a Buick, and Buick service is found in over 4,000 cities. Henderson-Ede Co., San Angelo.

Mrs. Fannie Palmer of Denver, Colorado, is visiting her nephew and family, Mr. and Mrs. Ed Mayer at the Mayer ranch. Mrs. Palmer was formerly Miss Fannie Mayer who will be remembered by all the old timers.

Mr. and Mrs. Edgar Shurley and Mrs. Collier Shurley left Wednesday morning for Dallas accompanying their father J. W. Rife home after a pleasant visit of several months in their homes. Mr. Rife is always welcomed by her friends of Sonora who

Mr. and Mrs. T. B. Wilson of Big Lake, parents of M. A. Wilson, and S. D. Price of Shreveport, La., an uncle, were here this week on a visit. This was their first trip to Sonora, and they were very favorably impressed with the town and this section of the country.

Mr. and Mrs. C. J. Ware of Menard have been here for some time visiting their son, Ernest, who is employed at the Ware Bakery. Mrs. Ware will leave this week for her home. The Wares have also enjoyed a visit from Mr. and Mrs. Louis Waddell of Menard. Mrs. Waddell is a sister of Ernest. The Waddells have been spending a few days on the Bryson ranch visiting Howard ranch, visiting Howard Reeves and family.

## Bank Cashier to Wed Cuero Girl

Mr. and Mrs. W. F. Harris announce the engagement of their daughter, Elizabeth, to George Harmon Neill of Sonora, Texas, the wedding to occur on July 9.

The above announcement was carried in the Cuero Daily Record recently and is the first announcement of this unexpected nuptial to reach the home folks. Even though the marriage was expected by many, its date being so soon was somewhat as a surprise.

The bride-to-be taught in the Sonora High School two years ago, and made a host of friends while here. Both parties are indeed popular in Sonora and each are to be congratulated and wished the best of a future.

Mr. Neill is assistant cashier of the First National Bank of Sonora, and has lived here since 1913. He has recently purchased a home here where he and his bride will reside after July 9th.

The majority of West Texas people, who have always been prominent, socially and financially, drive Buicks. Observe those who drive Buicks. Henderson-Ede Co., San Angelo.

Mrs. Edwin Mayer gave a bridge luncheon at the ranch on Wednesday afternoon honoring Mrs. Palmer. Two tables of players were present and Mrs. Will Wilkinson was the winner of the high score prize.

Mrs. R. K. James and niece, Miss Meinicke of Ozona, attended the commencement exercises at John Tarelton College this week. Mrs. James son, Frank, is among the graduates of that school.

Lum Heflin and family were in from the Sol Mayer & Son ranch this week and while in town came by the News office and made a deposit of \$2.00 for his subscription to the News. Mr. Heflin has interest in some live stock on the Mayer ranch.

### WANTED TO BUY

All kinds of empty burlap feed sacks. Interesting in large shipments. Live hustling high school boy could make some vacation money collecting sacks for us. Write for prices and information. THE TAYLOR RUBLE CO., P. O. Box 772, Fort Worth, Texas.

## GO TO Aldwell-Elliott Co.

—for—  
**INSURANCE:** Any Kind—Life, Fire, Automobile, Plate glass, Burglary, Hail, Rain, Tornado, Golf, Accident and Health, Indemnity Bonds, or any other kind of Insurance written. We have it.

**RANCH LOANS:** Unlimited Funds to Lend on Ranches at 6 per cent, 5 to 33 years time.  
**AUDITING:** Complete Auditing and Income Tax Service.

We Appreciate Your Business.

## Wamba and Magnolia COFFEE

In buying groceries be sure to specify the best brands:

### New Ford Product to Be on Market Soon

Detroit, Mich., May 25.—Early production of a new Ford car superior in design and performance to any now available in the low-priced, light car field, was announced today by the Ford Motor Company.

Henry Ford, designer of the car, and Edsel Ford, president of the company, both stated that in the next few weeks they will give a complete description of the new model.

The famous Model T Ford, which still leads the automobile industry after twenty years of manufacture, will continue to be a substantial factor in Ford production, in view of the fact that about ten million cars of this model are still in use, and will require replacement parts and service.

"The Model T Ford car was a pioneer," said Henry Ford today. "There was no conscious public need of motor cars when we first made it. There were few good roads. This car has blazed the way for the motor industry and started the movement for good roads everywhere. It is still the pioneer car in many parts of the world which are just beginning to be motorized. But conditions in this country have so greatly changed that further refinement in motor car construction is now desirable and our new model is a recognition of this.

Besides the Model T itself, another revolutionary element which the Ford Motor Company introduced twenty years ago was the idea of service. Some of the early manufacturers proceeded on the theory that once they had induced a man to buy a car they had him at their mercy; they charged him the highest possible price for necessary replacements. Our company adopted the opposite theory. We believed that when a man bought one of our cars, we should keep it running for him as long as we could and at the lowest upkeep cost. That was the origin of Ford service.

"The Model T was one of the largest factors in creating the conditions which now make the new Ford possible. The world-wide influence of the Ford car in the building of good roads and in teaching the people the use and value of mechanical power is conceded. Nowadays everybody runs some kind of motor power, but twenty years ago only the adventurous could be induced to buy an automobile. It had a harder time winning public favor and confidence than the airplane has now. The Model T was a great educator in this respect. It had stamina and power. It was the car that ran before there were good roads to run on. It broke down the barriers of distance in rural sections, brought people of these sections closer together and placed education within the reach of everyone. We are still proud of the Model T Ford car. If we were not we could not have continued to manufacture it so long.

"With the new Ford we propose to continue in the light-car field which we created on the basis of quantity production we have always worked, giving high quality, low price and constant service. We began work on this new model several years ago. In fact, the idea of a new car has been in my mind much longer than that. But the sale of the Model T continued at such a pace that there never seemed to be an opportunity to get the new car started. Even now the business is so brisk that we are up against the proposition of keeping the factory going on one model while we tool up for another. I am glad of this, because it will not necessitate a total shut-down. Only a comparatively few men will be out at a time while their departments are being toolled up for the new product. At one time it looked as if 70,000 men might have to be laid off temporarily, but we have scaled that down to less than 25,000 at a time. The lay-off will be brief, because we need the men and we have no time to waste.

"At present I can only say this about the new model—it has speed, style, flexibility and control in traffic. There is nothing quite like it in quality and price. The new car will cost more to manufacture, but it will be more economical to operate."

### Here And There

By Harvey Walker

Why not a call meeting of the Sonora Chamber of Commerce and the selection of committees to work on the hotel proposition and to co-operate with Menard and Crockett counties in getting a designation of Highway No. 10? If we want these propositions, and know that we want them, there is no great time to waste.

Again referring to Menard, we will have to take off our hats to her. She has recently raised a bonus of \$18,000 for a hotel and a contract has been made for erection of the building. Only a few years ago Menard was referred to as a non-progressive town. Well, as to Sonora, it seems that some fellow in Fort Worth (or Dallas) dreamed that she had a most beautifully designed hotel.

We agree with the News. We need more rent houses and need them now. Rent houses would supply the immediate demand of people now seeking a location with us, but better still, would be to have all renters become home owners. To thoroughly identify one with a country they must feel that this is their permanent home.

Menard county is now engaged in widening and otherwise putting the Sonora road in A-1 condition. They have recently finished a concrete bridge across the river beyond Fort McKavett and taken out some short curves; and as soon as they sell their bonds they will put a hard surface over the entire 23 miles. If Sutton county could ante likewise, Highway No. 10 would be assured.

In speaking of highways, we are wondering what we are to do with the Old Spanish Trail from here to the Crockett county line. A small bond issue would probably solve the question, and that seems to be the only means of securing the funds necessary. Sooner or later the matter will come up, and it must be solved.

The rodeo and race meen will bring a large number of people into our town, many possibly for the first time. The treatment they receive while our guests will largely determine their attendance another year. The entertainment will doubtless be good, but they will be disappointed if they are not treated courteously if they are expected to come again.

### The Friendly Store Receives New Goods

The Friendly Store, J. W. Trainer, proprietor, has just received a \$3,000 stock of new merchandise, including men's wear and a complete line of Selz shoes for men, boys, women and children—also a full line of hosiery. In making selection of items listed above, you will be repaid for your trouble of going in and looking over these new stocks.

Mr. Trainer opened his new store about the first of February, this year, since which time he has gradually increased his stocks and his service to patrons until today he has one of the best arranged and best stocked small establishments in the city. At present, he has about \$13,000.00 of merchandise in his store.

Mr. Trainer is well pleased with the growth of his business. His aim is now, and always has been, to give service and satisfaction to his customers. Mr. Trainer's specialties are cleaning, pressing and tailoring, and the very best of men's wear.

That Mr. Trainer has ample experience in his business is proven by the fact that for seven years, he was connected with the E. F. Vander Stucken store, during which time he had charge of the dry goods department.

In this issue of the News will be found an advertisement by Mr. Trainer, giving details of his newly received stocks. You will do well to read it.

One person out of twenty-three in the United States is illiterate. There are five million residents in America, chiefly of foreign birth or extraction, who cannot read or write.

A world flight was planned by a Belgian as early as 1804. The project included the construction of a huge aerostat, but it was turned down by scientific societies of Europe.

The debt of the United States Government at the end of 1925 was four per cent less than at the end of 1924, according to Department of Commerce figures.

The biggest piece of mica ever found was taken recently from a North Carolina mine. It weighed 3,822 pounds and was worth approximately \$5,000.

### Letter From Former Sonoran Is Received

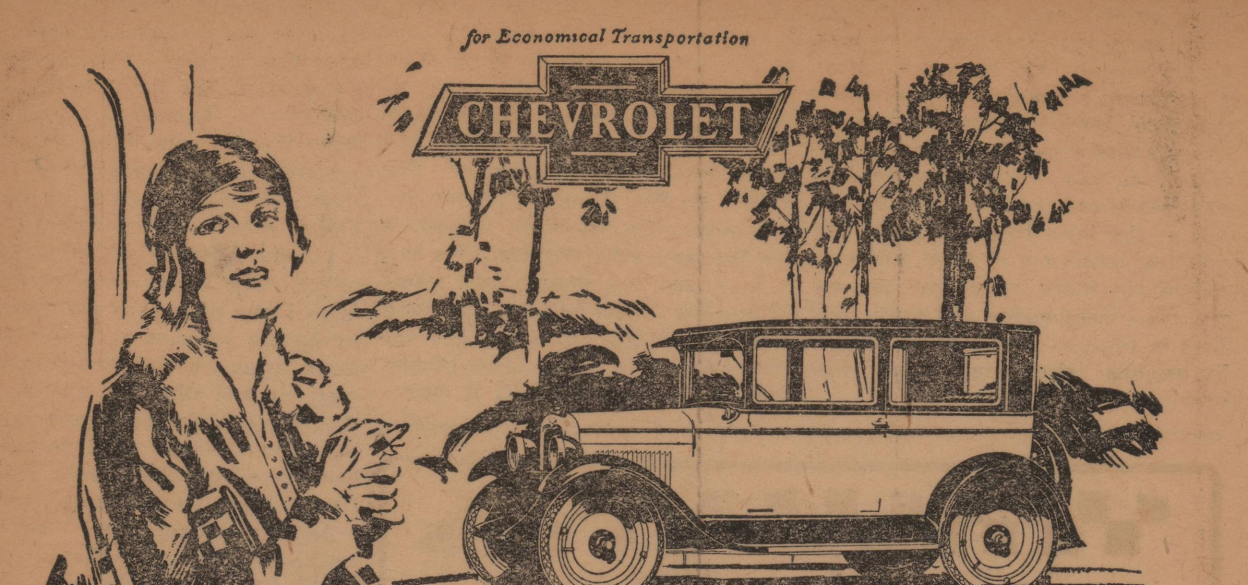

May 24th, 1927.

Devil's River News,  
Sonora, Texas.

Dear Editor:  
By request of Mr. and Mrs. W. F. Luckie, whose hospitality myself and wife and Mrs. L. P. Glasscock and six children have pleasantly enjoyed during the night just past, I desire to say to my remaining old friends of 25 years ago, whom we will not be able to meet face to face at this time, that we kindly remember you all and wish for your health, happiness and prosperity. We are glad to note the improvements made in your town during the last 25 years, and enjoyed the drive over your splendid highway from San Angelo to Sonora, and anticipate a pleasant day as we drive out to our old home ranch and view the sacred spot of home. These pleasures we expect to be saddened by the remembrance of father and mother and old time friends who once greeted us while we were there having passed over the River of Death. But as we cannot live in the past but in the present and in the future as it becomes the present, we must say to our friends of Sonora, forget the hardships and unpleasant things of the past, make the best of the present and the future as it goes by, and thus will progress and prosperity continue with you. In all of our prosperity, let us not forget our weakness and dependence upon Him who created us and the beautiful country of Sonora, and made it one among the best stock sections of Texas. While we now live in one of the garden spots of New Mexico, where the red apple grows and the sun shines most every day of the year, and the tornado has not yet made its unwelcome ravages, yet we always remember with pleasure our stay near Sonora, and speak to others of Sonora as the ideal stock country. With best wishes for all.  
A. J. Cox, Hope, N. Mexico.

Two rounds of flapjacks and maple syrup so enthused Latin-American journalists in New York that they hastened from the table to cable their respective papers of their find.

CHEVROLET

### A car for her, too!

In thousands of average American homes there are now two automobiles—"a car for her, too," so there may be transportation for the family while "he" drives away to work.

And the family car has such an infinite degree of usefulness! Downtown shopping, taking the children to school, afternoon calls, meeting trains and the many additional trips that must be made to and from the house as a part of every day's routine.

No other car is so admirably suited to a woman's requirements as the Most Beautiful Chevrolet.

With striking new bodies by Fisher, and finished in pleasing colors of lustrous, lasting Duco, it provides in abundant measure the comfort, charm and elegance that women admire in a motor car. It is easy to start because of its Delco-Remy electric starting system—famous the world over for its excellence. It is easy to stop because of powerful, over-size brakes. And it is easy to drive and park because of a modern three-speed transmission, smooth-acting disc clutch, and a semi-reversible steering gear that gives finger-tip steering.

Visit our showroom and see the Most Beautiful Chevrolet. Note the wide variety of body types. Mark their sweeping lines and carefully executed details. And then ask us to explain the easy terms on which a Chevrolet may be purchased—terms that include the lowest combination of handling and financing charges available anywhere.

Notice to the Public.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation, which may appear in the columns of this paper, will be gladly corrected upon being brought to the attention of the publisher at the office.

Now that Henry Ford has announced his intention of discontinuing the old reliable Model T Ford, we wonder just what the jokesmiths will do for an inspiration for their cracks. It will be hard on them, to say the least.

The Sonora range is suffering from a lack of rain, and in common with other sections of West Texas, livestock in this vicinity will soon be feeling effects of the lack of moisture, if rain doesn't fall within the next few days. Range rains in this immediate section has been scarcer than elsewhere in the livestock section of West Texas. However, it is hoped that the recent hot wave will give way to a slow, general rain over the State—or at least the livestock section of the State.

SHALL PEDDLERS PEDDLE?

Merchants of Sonora have been heard to object to peddlers and others coming into town to sell wares that can very properly be had at the local stores of the town. In so objecting, they are doing the right thing. Peddlers and salesmen are not financially able to extend needed credit. Nor can they buy and sell a better class of merchandise than local merchants. If you want to keep Sonora money in town, patronize the local merchant and salesman. The same is true as applied to printing. We are here for your benefit, and everything bought from us tends to keep that much money in Sonora. We have the goods. Our prices are right. We are here for your benefit. Patronize us. The above applies especially to Sonora business men who want to see peddlers and salesmen kept out of Sonora, but at the same time will send their printing orders out of town, and even out of the State, when they can get the same merchandise and work right here in town as well done as they do by sending elsewhere. Think that over!

HELP US OUT OF OUR DILEMMA

In reading various items found in the News, subscribers should remember that both the editor and the publisher are comparative strangers in the city, and that we will find it hard to differentiate between various families, and members of families in town. If we err in recording events as they take place, it is because we have become confused in names, etc., rather than from a desire to intentionally misstate a happening. Then, too, being strangers, we will find it hard to secure a list of the various happenings, social affairs, etc., of the town, and residents of Sonora will convey a distinct favor if they will help the News force in the matter of gathering and listing the various social affairs, personal items and happenings that we all like to find printed in our home paper.

THE PROPOSED NEW HOTEL FOR SONORA

In our last issue, we carried the picture of a proposed hotel for Sonora—one that had been planned by an architect that had recently visited Sonora and was acquainted with the need of the town in the hotel line. The new building was to cost approximately \$75,000.00.

Notice our use of the word "proposed" in the above paragraph. Some twenty or more years ago, it was "proposed" to build an extension of the Orient railroad from San Angelo through Sonora to Del Rio. It is still "proposed." That extension is as yet only a dream. We are wondering if Sonora people are going to sit calmly by and let this proposed hotel remain in the category of unrealized dreams—to let it remain "proposed." We hope not.

ABOUT TRADING AT HOME

Some of our local merchants, or in fact, all of them, are very anxious to have local people trade at home. This is a wise thing to do. It not only keeps Sonora money in Sonora, but helps the merchants and other business people who are here for the convenience of the citizens of the town. The Devil's River News is a home institution, the same as any grocery store in town. We have a stock in trade, just as any grocer or dry goods merchant has. Our stock in trade is what we do. We do not trade at prices not higher than can be had elsewhere. When a local merchant or a local citizen sends out of town for printing, or office supplies, when he can get the same from the News at the same price, we believe that the trade at home cry has lost its force. Sonora merchants would likely howl if we sent to San Angelo, or Fort Worth, or San Antonio, for our grocery and other household necessities. It's the same with printing. We have it here, and can supply your wants. If you don't trade with us, and reciprocate in trading at home, how can you expect us to oppose other peoples' trading elsewhere? Think it over.

HOW ABOUT SOME WORK ON SONORA'S STREETS?

A city having the wealth and progressive citizens that Sonora has, can offer no excuse for having such street conditions as are found here. They are not only rough, but dusty. Visitors to the town will surely be given an unfavorable impression of the town if the streets are left in their present condition during the rodeo and race meet this month. We give the rodeo and race meet for the purpose of spreading our town's prestige and reputation to the far corners of the State. But the streets we now have, if left that way, will counteract all else we do. Let's fix those streets. They need it, and the money will be well spent.

LET'S ADVERTISE OUR MANY NATURAL RESOURCES

We heard a man remark on the street recently that Sonora would be a fine town, if only a railroad could be built through it. But Sonora can also develop into a good town, even if we never get a railroad. There's only one way to do this, however. All citizens must work together to advertise the natural resources of the town and county, and turn loose some of their accumulated money to build houses for both residences and business buildings. If a town is to grow and prosper, it must spend in proportion to the desired growth. You big ranchmen, and retired merchants, and others, must invest money in your town if it is to have any growth at all commensurate with its resources. In other words, we must spend our money to develop our natural resources, or the town will never show the progress that it can show.

DOES ADVERTISING PAY?

The question of whether advertising pays is often asked and thought of. As a partial answer to the question, just look around you; see who are the most successful business men of Sonora. Then look in the News and see who are the best advertisers in Sonora. Who are the most successful merchants in San Angelo? Look in the Standard and see who are the largest and most consistent advertisers. Who are the most successful merchants and manufacturers in the United States? Look in the newspapers and magazines and you will readily find your answer.

The most successful business firms throughout the United States are invariably the best and most extensive advertisers. The General Motors Corporation, the Ford Motor Co., the Woolworth Company, Wanamaker, Wm. Wrigley, and others who have achieved outstanding position in their lines, are in each and every instance heavy, consistent advertisers.

Locally, advertising has not altogether made the most successful business firms what they are today, but by having someone at the head of these firms who are believers in advertising and other big business ideas their place in the local business world has been attained. And do they believe in advertising? Just read the Devil's River News through and see. Another thing: You can't go wrong by patronizing the advertisers in the Devil's River News.

SONORA STILL IN NEED!

Twenty years ago, Sonora was not financially able to realize such a dream as is now proposed in the matter of hotel accommodations. Nor did the town need it. But today, when Sonora is on the verge of a real era of progress and prosperity, when modern buildings and modern accommodations for travelers and others are a necessity, it is absolutely essential that the citizens wake up and do something toward realizing a few dreams. Hardly a town in West Texas but has better housing facilities. Hardly a town in all this section but has more commodious hotel accommodations. Hardly a town within many miles but has better streets, better business houses, better organizations for the building up of the town. That's putting it rather strong but we actually believe that Sonora has greater possibilities for development than any of its sister towns, if the people can be only made to realize it. We need more hotel accommodations; a wool warehouse; better streets; a more active chamber of commerce; a more active organization of the women to help along the work being done by the men; better business buildings; a resident dentist; a jeweler; an up-to-date furniture establishment; more rent houses for citizens who are not fortunate enough to own their own home; cheaper real estate for residence sites, that present renters may become future home owners; a semi-annual clean-up campaign; a higher tax rate, that the city government may have funds with which to work in doing some much needed improvements in the way of

city conveniences—a great increase in civic pride, that the town may be bigger and better in future than it ever has in the past. Sonora's needs can be listed indefinitely. When will some active steps be taken to remedy Sonora's defects, and build up into greater attractions the many advantages already possessed by the town and county? Wake up, Chamber of Commerce! Wake up, Woman's Club! Let's get some life into the old town, and show West Texas that in Sutton county we possess one of the best livestock raising sections in the world, and one of the best little cities to be found anywhere!

## Personal Mention

J. S. Glasscock was in from the ranch this week visiting with his family and friends.

Ernest Ware and Steve Murphy were visitors in Del Rio this past week-end.

George Thomas and family of San Angelo were here this week visiting their brother Sam Thomas.

K. V. E. Scott, manager of the La Vista Theatre, was in San Angelo last week visiting.

Mr. and Mrs. T. D. Word of Ozona were visitors to Sonora last Saturday.

Rev. and Mrs. J. A. Stephen of Sonora were visitors to Eldorado las. Friday.

Joseph Trainer is assisting in the store since school closed. Jody will likely enter Schreiner Institute at Kerville next fall.

Mr. and Mrs. Louis Roueche visited at Pecan Springs last Saturday to attend a box picnic and they report a very enjoyable time.

Norman Tate is visiting in San Antonio this week. He will probably visit at his home in Marble Falls before returning.

W. A. Jones, San Angelo contractor was here this week looking over the several jobs that he has under construction here.

Mr. and Mrs. Sol Mayer have gone to Alaska and other northern parts for the summer. They expect to be gone about three months.

Miss Annie Duncan, of the high school faculty, called and subscribed for the News before going to her home in San Antonio for the summer.

Miss Guila Lowrey, who received her degree at Howard Payne College at Brownwood last week, is home for the summer with her parents, Mr. and Mrs. J. D. Lowrey.

Mr. Hugh Rutledge and daughter, Miss Gwendolyn, were visitors in San Antonio this week. Hugh was over from Sheffield holding down the cafe and George Russell was in charge of the Sheffield Cafe in the absence of Mr. Rutledge.

Misses Minnie Kennedy of Freeport, and Jewell Russell of Houston, have been visiting on the B. M. Halbert ranch this week. These young ladies are teachers in the San Angelo public schools, and have gone to their respective homes.

Sam Crowther, president of the Crowther Supply Co. of San Angelo, was in Sonora calling on the ranchmen this week. Mr. Crowther has been supplying the ranchmen of this section with many of their windmills and other well supplies for the past twenty years.

Joe Bailey Cheney of Brownwood was here last week-end visiting. Mr. Cheney is assistant athletic coach at Howard Payne and while attending that school was one of the best track men in the United States. He has tied the world's record in the 100-yard dash.

C. S. Keene, who had a toe amputated last week, is still hobbling along on crutches, but is doing nicely. He went to San Angelo a few days past to consult with his surgeon, and got the report that the operation was a perfect success. It was not Mr. Keene's big toe that was amputated as stated in last week's News, but the second toe, and the trouble was due to an enlarged joint.

Joe Pierce and Stephens Perner of Ozona were recent visitors to Sonora. Through an oversight, their names were left out of last week's News. Mr. Pierce told a representative of the News that the Ozona celebration would come off in grand style, and that preparations for the event were practically completed. A total of \$3,000.00 in prizes are offered this year at the Ozona rodeo, which ought to prove quite an attractive feature for rodeo contestants over the State.

## House Damaged by Miniature Tornado

The first tornado of any size ever to occur in this community hit in the west part of Sonora last Saturday afternoon, ripping the gallery from the home of Mrs. Bessie Henderson, and demolishing the barn at that place.

The miniature tornado came up while a high wind was blowing, and several people in that neighborhood saw it before and when it hit the house. As there were no other houses on the same block with this one, it was the only one to be damaged. Mrs. Henderson owns the old John Martin house in West Sonora.

Mr. and Mrs. Russell Martin were in from the ranch last week-end visiting their many friends and shopping.

Mrs. Maude Dabney of San Angelo was here this week visiting her son, C. S. Keene, and family.

Joe Trainer was in from the Jim Cauthorn ranch this week visiting his mother, Mrs. Fred Trainee.

G. A. Lee, superintendent of construction for the Humble Pipe Line Co. for this division, has returned from Cisco, where he had gone to attend Humble day there. Each division of the Humble Company sets aside a holiday each year for their employees.

Mr. and Mrs. Edgar Shurley and Mrs. Collier Shurley left Wednesday for Dallas, accompanying their father, J. W. Rife, home after a pleasant visit of several months in their homes in Sonora. Mr. Rife is always welcomed by his many friends of Sonora, who have learned to love him for his genial smile and sterling character, and regret to have him leave.

Word Sherrill and Walker Ragsdale of Rocksprings were visitors in Sonora the latter part of last week. Mr. Ragsdale is cashier of the First National Bank of Rocksprings, and Mr. Sherrill is a prominent ranchman of Edwards county. The men, while in Sonora, paid a short visit to the News office, during the course of which it was learned that the town is rapidly being rehabilitated, and that several of its citizens, injured in the recent tornado, are still in various hospitals, where their condition is indeed serious.

## Bridge Party on the Cusenbary Ranch

Mrs. W. R. Cusenbary entertained five tables of players at her pretty ranch home last Thursday with a bridge luncheon. The following guests enjoyed the eighteen mile drive to the ranch, the generous hospitality, the games of bridge and the delicious luncheon:

Mesdames Savell, Big Holman, E. F. Vander Stucken, Ira Shurley, C. S. Keene, Bryan Hunt, Frank Bond, Freeborn of San Antonio, Joseph Vander Stucken, A. T. Stuart, Murphy, T. A. Williams, J. W. Wilson, Sol Kelley, A. G. Blanton, Ed Mayfield, Thos. Espy, R. R. Martin, Beam, Morrow, Patton, and Miss Dixie Miers. Mrs. Williams won high score prize and Mrs. Murphy the consolation.

The Sonora Motor Company delivered a new Ford touring car to Jim Holland this week.

Johnnie Ward is driving a new Master Six Buick roadster that he recently bought from the Henderson-Ede Co., dealers in San Angelo.

**\* \* \* \* \***  
**\* Freak Sport Notes \***  
**\* \* \* \* \***

By J. G. Burr, Game, Fish and Oyster Commissioner, Austin

No steel traps may be set for fur-bearing animals unless they are placed on poles five feet above the ground, is a freak law passed by a recent legislature of Arkansas. The motive is said to be to protect dogs and preserve foxes for the chase. Foxes may be killed when invading a henroost, and it is not a misdemeanor when one is inadvertently killed by the dogs.

As a growing southern sport, fox hunting may invade the rights of trappers, and many foxes will also mean fewer quails, grouse and other useful birds.

No fox ever fretted because he had only one hole in which to hide, said a physician lecturing on the evils of worry. That may have been true before the recent Texas legislature took off the closed season on foxes west of a line running roughly from Refugio county on the Gulf to Clay county on the Red river.

The most marvelous petrified forest known to man has just been discovered by geologists near the Chisos mountains of the Big Bend, according to the last issue of American Foresters and Forest Life. Tree trunks

were found standing 100 to 150 feet and many great trunks lying prostrate, of a size unparalleled in the world, one measuring 896 feet in length. Few white men have visited the inaccessible valley, according to Dr. C. O. Gaither and Prof. S. I. Cade, the discoverers. Since this was reported, Land Commissioner J. T. Robison has made an unsuccessful attempt to locate the forest. If Texas has such a park site, it should be set aside as such and bring sight-seers from all the world. For some time members of the legislature have talked of a State park in the Chisos Mountains.

A census of game in New Mexico made by the Bureau of Biological Survey with estimates of the amounts needed is as follows:

2,800 antelope where there should be 100,000; 300 sheep with 10,000 needed; 36,000 deer with 200,000 needed; and less than 11,000 turkeys where there should be 100,000 or more on the ranges.

No census of Texas game has been taken, but an approximate calculation is possible. Some 1250 bucks were killed last year, books kept on shooting preserves show. Assuming that the unreported kill elsewhere was 750 the total slain was 2,000. It is a safe guess that an average of four bucks escaped hunters for everyone that was killed. That leaves 8,000 bucks. If our laws mean anything, there must be four times as many does as bucks,

**A Letter From Judge Scruggs of Menard**

Menard, Texas, May 24, 1927.  
 Judge Harvey Walker,  
 Sonora, Texas.  
 Dear Judge:

I have just talked with Judge J. W. Matthews, and he requests that I write you to advise that it is the intention of some of us to appear before the Highway Department at its next regular meeting, and again ask for the designation of a highway from the town of Mason to the Menard county line on the west. You will recall that we were once promised this designation and that it was in fact made but for some unknown reason it was not placed on the minutes, hence this is all to be done over.

For your information, I might state that the Judge and I were in Austin a few days ago, and have the promise or 32,000, making the total around 40,000 deer. This is a fair minimum expert hunters declare, with the probability that the number of deer is much greater.

Some years ago a man was fined for killing thirty-five ducks at one shot, ten in excess of the daily bag limit, according to a report of doubtful origin. Unfortunately the law lends no encouragement to such splendid marksmanship, and makes no provision for accidents. Of course, if the shot was fired at 11:55 p. m., and ten of the ducks lived until after midnight, it would be two days' bag. But then the hunter would be guilty of killing ducks after sunset and before sunrise.

The first fine for killing a bear in Texas was recently sent in to the State Game Department from Brewster county by Warden Dud Barker. This fine was ten dollars for killing out of season.

For the first time in its history, the Texas Fish and Game Department will begin operating September 1st without using any money from the general revenue, maintaining itself solely by collections of fish and game fees.

Fish fossils predominated in the Devonian Era, nearly twenty-five million years ago, which is probably the only time when there was no complaint of a fish shortage. For there were no fishermen or any other kind of men in those days, scientists declare.

K. Woodward, who stands very high with the present administration and is especially interested in this country.

The exact date of the next meeting of the commission I cannot give just at this time, but it will be in the very near future, and you will be notified by one of us in time to go down, if you and some of the Sonora people should care to join us in this matter, and should you be interested in this matter, please advise, so we might know your intentions.

We are getting our brief up in fine shape, and you no doubt know that this is one of the requirements of the present commission, that is, that a brief showing that a necessity exists for such a designation, must be filed in addition to any oral argument.

Our brief will contain a general description of the topography to be traversed by this road, the number of mail boxes, on the route, the general description of the conditions of the present road and what improvements we propose to put on same, the amount of produce, such as wool, mohair, and cotton hauled over same, accompanied by views of the road and the low water bridges over the river and creeks. This information I give you, not in an effort to try to tell you how to handle the matter, but simply in order that you might know what we intend to face our argument on.

It is our intention to have this brief signed by all of the commissioners of the county, and to try to get a fairly good representation of the citizens to go down with us, and we thought that if you people really wanted this highway extended to your county that this might be a fine time to get in, and I want to assure you that we would like very much to lend all of the assistance to Sonora in our power, as we want this road to intersect the Old Spanish Trail at Sonora, and too, we always feel that what is to your interest will be to ours as well, and there is no good reason why we should not get this designation, as we are certainly entitled to it.

Will you be kind enough to let me hear from you at once?  
 Yours very truly,  
 T. A. Scruggs.

The so-called Old Palace in Berlin, not having been used as a residence since 1888, is so cluttered with old pictures and worthless bric-a-brac that only three rooms will be available for Hermine, the ex-Kaiser's wife.

**Cauthorn Wool Clip Brings Fancy Price**

The James A. Cauthorn clip of wool, approximating 37,000 pounds, was sold under sealed bids Thursday evening in the First National Bank. J. B. Blakeney, representing Hallowell, Jones & Donald, of Boston, was the successful bidder. This clip brought the highest price paid here for Sutton county wool this season. The price paid was not given out.

Other bidders were Chas. Evans, representing S. Silberman & Sons of Chicago, Lawrence Hills, representing Walter Marsten of Boston, H. C. Allen, representing Chas. Webb & Co., of Philadelphia.

This is a fine clip of wool, and the price received was very satisfactory to Mr. Cauthorn. In fact, it has been variously rumored that the clip above brought better than 40 cents.

Mrs. Joseph G. Glascock, of Veedersburg, Indiana, received one dollar from a man in payment for half a watermelon stolen from her father's farm sixty years ago.

A Paris-made divorce for an American costs on an average \$3,000. The top price is sometimes as high as \$10,000.

**A Letter From Old Resident of Sonora**

Blue Mound, Kansas.  
May 27, 1927.

The Devil's River News,  
Sonora, Texas.  
Gentlemen:

I want to congratulate you on the improvement in News. It is certainly a very creditable looking paper in its new dress.

Although it has been a long time since we lived in Sonora, we have never lost interest in the town and its people.

All these years the News has been a source of information—a constant reminder of those six pleasant years we spent in Sonora. It has helped to keep us in touch with our friends, many of whom still live there. Many have moved away—some have passed on to that place from which as yet no traveler has returned—but in memory we shall cherish the pleasant associations. The friends we made always it was an experience which Mrs. Paterson and myself have remembered and harked back to with pleasure.

We hope to make another trip back and renew old friendships—sometime. When we were there, I paid Steve to date on my subscription. I think that has been four years. I am enclosing a check for \$8.00, and please advise me whether or not this is correct.

Continue to send me the News. With best wishes to the new owner of the News, and a word of remembrance to old friends, I am

Yours truly,  
D. F. PATTERSON.

P. S.—I am wondering if the Stokes connected with the News is a son of my old friend, Sam Stokes.

The list of names of Buick owners in West Texas reads like a report on "Who's Who" in the financial and social life of West Texas. Henderson-Ede Co., San Angelo.

No car, selling from \$2,500.00 to \$3,500.00, is as free from engine odors as the Buick, and Buick service is found from coast to coast. Henderson-Ede Co., San Angelo.

Miss Mary Dan Wilson is leaving his week for California, where she will attend school this summer. She has not decided whether she will attend the University of California at Los Angeles, or the University of Southern California at Berkeley.

**A Week of Splendid Shows Arranged For**

Film fans of Sonora have something in treat for themselves next week at the La Vista Theatre, in a series of pictures which make up probably the greatest collection ever shown locally during a single week.

Monday night, in "Fine Manners," Gloria Swanson is at her best. To see Gloria in action is to see one of the best screen stars before the public today. In connection with the above fine picture, there will be a Universal comedy, "Hop Along."

"The Scarlet Letter," Hawthorne's great masterpiece, will be presented next Tuesday night, with Lillian Gish in the leading role. As Hester Prynne, she has made one of her great film successes. Lovers of the screen drama are urged to attend "The Scarlet Letter," and witness the picturization of the greatest moral story in the history of American Literature. Miss Gish has waited for six years to play in this picture, and her many years of rehearsing has made her extraordinarily good. Pathe News No. 9 in connection.

A Pathe Comedy, "Yankee Doodle Duke," begins a splendid showing on Wednesday night, the main picture of which is "Broadway Boob," starring Glenn Hunter and Mildred Ryan. An exceptionally good show.

Thursday night, there will be shown the greatest Western picture ever to be seen in Sonora. This picture, "The Great K. & A. Train Robbery," features Tom Mix and his wonder horse, Tony. Words are not needed to assure fans that this picture is one of the very best. International News No. 35 will open the show on that night.

Hoot Gibson should prove a great drawing card Friday night. His picture, "The Silent Rider," has an enticing title, to say the least, and we know that whatever his cast, Hoot is always good. Don't miss this great picture, and the comedy, "Snookum's Outing," which precedes it.

The show week will close Saturday night with another good picture, "The Lunatics at Large," for the pleasure of the spectators. Pathe News No. 40 will precede the main picture.

Mr. Scott, manager of the La Vista, is making unusual efforts to give his patrons the very best shows to be had and film fans should reciprocate to the extent of attending his many exceptional offerings.

To keep the styles within more modest lines, a native board in Manila has forbidden the women to bob their hair or wear European dress.

Good service is as necessary as a good car. We have the largest stock of parts for cars in our price class in West Texas. Henderson-Ede Co., San Angelo.

The grades of society in China are order of importance: Scholars, farmers, artisans, tradesmen. Soldiers, matter what their rank, have no social position.

No car selling from \$2,500.00 to \$3,500.00 is as "vibrationless" as a Buick, and you can get service everywhere for a Buick. Henderson-Ede Co., San Angelo.

Notice the class of people who drive Buicks. The majority of them could own \$4,000.00 cars if they desired, but they knew that money could buy no finer. Henderson-Ede Co., San Angelo.

**Benefit Show at the La Vista Theatre**

The La Vista Theatre is giving a benefit show next Thursday evening the proceeds to go to the Woman's Club Public Library. The picture on this date will be Tom Mix in "The Great K and A Train Robbery" and this picture is indeed replete with thrills and much good acting by the star and his horse, Tony.

The members of the Woman's Club are making a diligent effort to raise sufficient funds to bring their building to completion without having to make a loan and should they receive a good attendance at this show it will be of much help to them in attaining their goal.

The building is nearing completion and will be very pretty when finished. Every person in Sutton County should feel proud of this building and should co-operate with the members of the Woman's Club in every way in appreciation of what they are doing for the town.

**Personal Mention**

Mrs. Sterling Baker and daughter were visiting in Junction this week.

Mrs. Jack Sawyer and two boys came over from Ozona the fore part of the week. Mr. Sawyer is employed at the News office.

H. B. Rees, manager of the Big Lake branch of the West Texas Lumber Company, wife and daughter will spend this week-end here with Mr. Rees' relatives.

R. W. Weatherby, sheriff and tax collector of Reagan County, wife and little daughter, were here last week-end visiting Mr. Weatherby's parents, Mr. and Mrs. E. N. Weatherby.

B. D. Wagon and son, Chas., of Hamlin are in Sonora visiting their mother and grandmother, Mrs. Swinburn. Chas. formerly attended school here and was one of the star athletes.

**What's Doing in West Texas Towns**

**Abilene**—An extended caravan of motor cars filled with summer vacationists, cars that wend their way through picturesque resort sections of the Davis Mountains, and that thread through Eastern New Mexico's scenic wonderland, is the vision of the West Texas Chamber of Commerce toward which all staff members are now directing their attention.

The proposed motorcade will take place during the first ten days of July, assembling at some convenient point from which it will travel via Fort Stockton toward Alpine for the West Texas Chamber of Commerce Big Bend District Convention there on July 4th. Thence by easy stages, the caravan will proceed to Marfa and Fort Davis. Passing down Limpia canyon, via Balmorhea, the party will motor into El Paso, where a day and two nights will be spent. Thence by Alamo, the motorcade will travel from Cloudercroft for the West Texas Chamber of Commerce New Mexico District Convention. From Cloudercroft, the caravan will drive to the Mesalero Indian Reservation, through Lincoln National Forest, down the valley of the Ruidoso river, in the White Mountains, to Roswell. From Roswell, the motorcade will go to Carlsbad, where the famed Carlsbad Caverns will be visited. Social affairs and entertainments will be planned for the motorcade party in various towns on the route. The travelers will be honor guests at these events, and arrangements will be made for them in advance.

The trip will be under personal supervision of the president of the West Texas Chamber of Commerce, and of two past presidents and their wives. Special plans will be made for unaccompanied ladies and girls. Expenses will be held to a minimum as the trip will be as economical as possible. Individuals and towns interested in the proposed motorcade have been requested to notify the West Texas Chamber of Commerce Stamford headquarters of their desires in the matter.

**Stamford**—A sweeping victory that this year will be worth more actual cash to the people of West Texas than the entire cost of the West Texas Chamber of Commerce during the nine years of its existence, has been won by the regional organization of this great section. The victory was the favorable decision just rendered by the State Fire Insurance Commission denying the proposed five per cent increase in all fire insurance rates, which fight the West Texas Chamber of Commerce took up one

**35 YEARS AGO**

Wilson & Erwin of Sonora received the contract for the wood work of the Sutton county jail.

Work has commenced on the scouring mill at San Angelo, and the wool growers of the Devil's River Country will have the benefit of two classes of buyers by shipping their wool to San Angelo this fall.

E. C. Saunders has accepted a position with the enterprising mercantile firm of Mayer & Hagerlund.

R. W. Callahan this week purchased T. B. Birtrong's and J. Q. Adams' interests in the Sonora Supply Company. Mr. Callahan will put in a large and new stock and will do a large share of the trade of the Stockmans' Paradise.

F. Mayer & Sons bought from R. W. Murchison 150 head of yearling steers at \$7.50 per head.

D. B. Cusenbary, T. D. Newell, P. McHugh, T. T. Thompson, H. Knausenberger, G. Huber, C. Blandin, prominent sheepmen of Sonora were in San Angelo this week.

We welcome the Humble Pipe Line employees to our cafe. We serve the best in town at reasonable prices—Rutledge Cafe.

Rev. J. A. Stephen, pastor of the Sonora Baptist Church, and E. M. Lewis, salesman for the Sonora Motor Company, were in Roosevelt this week. Rev. Stephen was preaching the gospel while Mr. Lewis was selling Fords. They state that this combination was very successful.

Don't forget our Sunday dinners. They are prepared in a manner that will suit your taste. Rutledge Cafe

**HOME FOR SALE**

My place, known as the Swinburn garden with a four-room concrete house, three porches, cellar, large barn, acre of fertile land under irrigation, pecan and fruit trees, inexhaustible supply of water. Good terms. If interested, see or communicate with Mrs. John Swinburn. It.

Go to the Rutledge Cafe for the best eats in town.

**year ago.**

In conducting this campaign, the West Texas organization kept out of its territory a duplicating agency that proposed to raise \$50,000 to do no more than this chamber had accomplished without asking its towns for one extra penny above the membership dues. In prosecuting the fight to a successful conclusion, the West Texas Chamber of Commerce urged that insurance companies seek permanent relief by joining the chambers of commerce of the State in an effort to reduce losses, and the West Texas chamber announces that it stands ready to join insurance people at any time in a campaign to reduce fire losses.

Among many other accomplishments merce has put within recent months the West Texas Chamber of Commerce: preventing a five per cent increase in freight rates, which was not needed in this section by the West Texas railroads; winning the Gold Medal at the Sesqui-Centennial Exposition in Philadelphia, and passage of a joint resolution by the Legislature providing for a scientific tax survey of Texas intended to relieve West Texas of its present unjust share of the State tax burden.

Mr. and Mrs. J. M. Puckett and Mrs. W. E. Caldwell left today for Southwestern University at Georgetown where Mr. Puckett's nieces and a daughter of Mrs. Caldwell are attending school.

Woodie Martin and little daughter returned from Temple Friday where Mrs. Martin had been operated upon. Mr. Martin reports that her condition is much improved and that she will be able to return to her home in a couple of weeks.

T. L. Miller, who owns a jewelry store in Big Lake and McCamey, wife and children were here this week. Mr. Miller came to meet Mr. Otts, a jeweler, who will have charge of a jewelry store of Mr. Miller's at Rankin, Texas. Mr. Miller formerly owned a jewelry store in Sonora before going to Big Lake. They have many friends here who are glad to know that Mr. Miller is meeting with much success in the jewelry business.

**High in Quality---  
Low in Price---**

Motorists are beginning to learn that there's a big difference in tires although they all look pretty much alike.

Some are made with skimpy, short staple cotton. Some have an overdose of "filler" in the rubber of the tread. Some are long on looks but short on quality.

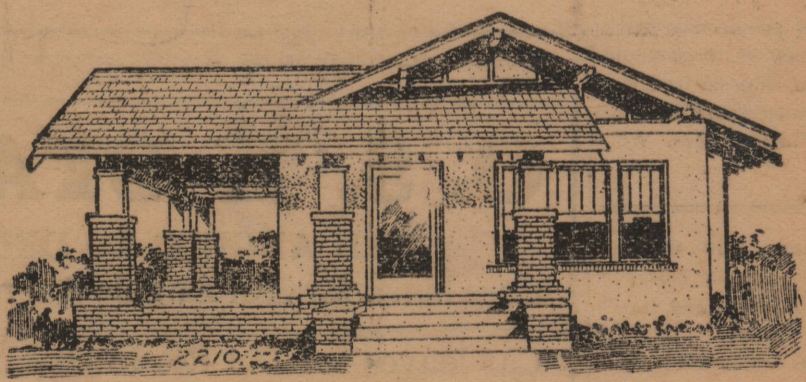

But you won't need a microscope to be sure that the Goodyear Tire you get from us is a real buy. Goodyear mileages tell the story.

Goodyears are performing so satisfactorily for our customers that they invariably return—not with a kick, but with a boost—and for another Goodyear when they need tire equipment.

We have your size—in fresh new stocks.
