SONORA, SUTTON COUNTY

TEXAS, FRIDAY, NOVEMBER 11, 1927

NUMBER FOUR

## OIL LEASING IN SUTTON HAS BEEN ACTIVE

Sutton county has been attracting some attention of the major oil companies during the past few months. Several corps of geologists have been working out of Sonora and lease men have been visiting Sutton county and Sonora. The following are a few of the lease deals made in Sutton county:

J. N. Ross, Joe B. Ross, Enla Mae Ross, Rita Ross and J. W. Ross assigned an oil and gas lease comprising eleven sections all in Block 14, T W & N G Surveys No. 7, 9, 11, 13, 27, 10, 14, 6, 16, and 8 to the Texas Company. Eighty acres of this land, being the 1-2 of the N W 1-4 of Section 7, Block 14, have been re-assigned to the Magnolia Petroleum Company. This transpired on April 15, 1927.

The Peer Oil Company of Tulsa, Oklahoma assigned 40 acres in Block 5, T W & N G Survey No. 72 to J. M. Haynes.

Roy Hudspeth et ux assigned 9 sections of land to A. P. Hamilton for a consideration of \$10,000.00, with a drilling clause. The lessees will retain a one-eighth interest in all oil, gas and minerals produced.

Roy E. Aldwell et al assigned to A. P. Hamilton, 3,786 acres for a consideration of \$7,000.00 with a drilling clause, retaining a one-eighth interest in oil, gas and minerals produced. This lease was re-assigned by Hamilton to the Texas Company for a consideration of \$9,665.00.

Winnie R. Aldwell, et vir, to A. P. Hamilton, oil and gas lease on 1714 acres, consideration \$3,000.00, retaining a one-eighth of oil and gas produced.

J. T. Evans and wife and J. M. West to the Texas Company, oil and gas lease on 2468 acres in Block V, Section 26, for a consideration of \$6,000.00, retaining one-eighth interest. Drilling will commence on this tract on or before August 30, 1927.

Robert Cauthorn et ux to Lewis Gas Products Company of Pittsburgh, Pa., oil and gas lease on 9,424 acres of land in Sutton county for a consideration of \$10.00 and other valuable considerations. Owners to retain 1-8 of all oil, gas and minerals produced.

The majority of the leases listed above are of dates since June 1st, 1927 and while leasing here is not as active as in some nearby counties, most of the companies are well protected. Just what Sutton county's chance for oil is, no one can say. Many oil men, geologists and other operators feel that with the recent extension of the Pecos field, and with things in Crockett county looking favorable, Sutton county may be in line for an oil play. However, no oil tests are now drilling in the county.

## Bazaar at M. E. Church Was a Big Success

Proceeds of the chicken dinner and bazaar given by the Methodist Ladies here Tuesday totaled \$325.00, according to Mrs. E. E. Sawyer, president. Approximately 200 guests were in attendance during the day, both for dinner and at the various booths.

The booths, which were tastefully decorated and well conducted, were in charge of the following ladies:

Living room booth—Mesdames Alvis Johnson, John Fields, Carol Stephen, Henry Decker, Misses Guila Lowrey and Bonnie Glasscock; Children's booth—Mesdames Merton Shurley, A. G. Blanton and W. J. Fields; Kitchen Booth—Mesdames B. W. Hutcherson, W. D. Wallace, George Hamilton, M. O. Britt, and F. M. Jackson; candy booth—Mrs. Merton Shurley; nursery booth—Mesdames Chas. Evans, Robert Halbert and B. C. Holman.

The kitchen booth, especially received much favorable comment for the attractiveness and well arranged decorations.

The \$325 taken in by the ladies will be paid against their \$5,000 note on the church building indebtedness.

## VANDER STUCKEN SELLS RADIOS TO LOCAL PEOPLE

E. F. Vander Stucken, local agent for the Atwater-Kent radios, report the following recent sales:

7-tube to A. Ware. 6-tube to B. W. Hutcherson; Paul Turney, J. M. Puckett, M. C. Puckett, B. W. Bice and J. D. Lowrey, six-tube sets.

As you will notice—"Thrill" is exactly one third "if."

## Armistice Program at La Vista Theatre

Sonora's observance of Armistice Day will be held at the La Vista Theatre Friday morning between the hours of ten and eleven.

Rev. J. A. Stephen will open the program with prayer, following which Rev. Parsons of the Episcopal Diocese, from San Angelo, will deliver a patriotic address.

Students of the school, led by Miss Estelle McDonald, will sing a patriotic song. Other musical numbers on the program are:

Song \_\_\_\_\_ Girls' Glee Club  
Solo \_\_\_\_\_ Mrs. Parsons  
Reading \_\_\_\_\_ Mrs. Collier Shurley

There will be other numbers on the program not given above, but these were not announced until late in the week.

Following the program at the La Vista, the assemblage will proceed to the cemetery where further patriotic services will be held at the graves of the six American soldiers who rest there. These graves will be decorated and strewn with flowers.

All are urged to attend these services and render the homage to the drive Mrs. Harris to Cuero, from lives that the cause of liberty and democracy might survive.

## "RABBIT" MAY GET SUIT AND PANTS RETURNED

One indictment the grand jury returned this week was that of the State of Texas vs. Woodman Potts. This indictment was for the theft of clothing valued at \$39.00 from John Flowers. For the benefit of those who do not know him by his right name, John Flowers is "Rabbit," the shine who conducts a stand at the Hamby Tonsorial Parlor. Now you know of whom we speak.

Rabbit, in his plea, charges that one Woodman Potts, supposedly another son of Ham, unlawfully took, borrowed, acquired or stole clothes from him valued in the sum of \$39. Some of the items listed below were Rabbit's "pusonal" belongings:

One suit, valued at \$20; One suit, valued at \$10; one pair pants, valued at \$1.00 and two shirts with a value of \$3.00.

Judge Sutton ruled that this was a misdemeanor, and therefore was not in the jurisdiction of District court. The case was transferred to county court where it will be tried at the next session of that body.

Another dusky friend of Rabbit's once borrowed (?) some money from him, and then moved away. Rabbit later says he received the following letter from the boy:

"Dere Rabbit:  
"I knows I owes yu sum money, but cannot pay now as I is dun ded."  
Rabbit gets his distinguished name because he is so fleet of foot, for he can certainly pick his number 11's up and put them down in a hurry when it becomes necessary for him to do so. Just ask "Rabbit"—the Mexicans call him "Conejo."

## Local Boy K o's Light-Heavy Champ

"Red" Frambrough, a boy who was reared in Sonora and attended the Sonora schools, is forging into the Dempsey-Tunney class as a heavy-weight boxer. The following dispatch was clipped from the San Antonio Express of last Friday:

"Columbus, Ohio, Nov. 2.—"Red" Fitzsimmons, San Antonio, Texas, a heavyweight, knocked out Quintin Romero-Rojas, South American heavy-weight champion, after one minute and 50 seconds of fighting in the first round of a scheduled 12-round bout here Tuesday night."

"Fitzsimmons" is the ring name of Claude Frambrough, son of A. C. Frambrough of Sonora and a brother of L. T. Frambrough.

Local ring fans believe that Frambrough's sensational victory over the big South American pug indicates that Sonora may some day in the near future claim the distinction of having sent out a fighter of the first magnitude.

Frambrough has been away from Sonora about a year now, and has been fighting, chiefly in the light-weight classification, for the past 3 years. In all fights he has displayed championship style, and is said by those who have seen him battle, to be fast, shifty and a deadly puncher.

And "satisfaction"—is mostly action.

If you don't move on, your job will, without you.

## BRONCHS DEFEAT OZONA HERE IN SCORE OF 13-6

Playing listless and fightless football for three quarters but "snapping" out of it in the last period the Sonora High School Bronchos won from the Ozona high team here last Friday by a score of 13 to 6. The two teams were evenly matched practically all the way but the locals rose to the emergency in the last period to put over the winning counters.

The game was slow and uninteresting for the first half, with the ball see-sawing back and forth in mid-field. Sonora having the slight advantage in the first downs made. Off tackle plays and straight plunges netted the most ground for the Bronchos while the visitors used the aerial game to advantage.

About the middle of the third quarter, a fumble by a Sonora backfield man was scooped by an Ozona lineman who ran 50 yards untouched for a touchdown. On an attempted pass for the extra point the ball was knocked down by two Sonora backs.

The Bronchos received the ball and started a march toward the Ozona goal but were halted as the quarter ended. Early in the fourth quarter the Sonora boys began another drive with the running of Hollmig featuring and the drive was good for a touchdown as Captain Hollmig carried the ball over on an off tackle play. The score was tied at 6 all, but from a fake place kick formation Jack Trainer passed beautifully to the waiting arms of Williamson which was good for the extra point and Sonora was leading 7 to 6. Coming back with the old fight which characterized their win over Eldorado, the locals took the ball away from the visitors on downs in mid-field and again began a march toward the Ozona goal with off tackle plays and end runs. McClelland and Taylor featuring and carried the ball to the Ozona one-yard line, where McClelland plunged for the second center for the goal.

In the line, the work of Hull, Pfeister and Brown was outstanding, in opening holes and in blockings. In the backfield, Hollmig, Taylor and McClelland showed good form in interference, with Trainer featuring in carrying the ball.

The Ozona team showed splendid fight and the game was hard fought all the way. It was the first meeting of these two teams in several years.

The officiating was splendid and not a single argument interrupted the splendid game. Officials were: Barber, Eldorado; Bud Smith, Sonora; Umpires; Weaver of Ozona, head linesman.

Sonora's line-up:  
Edwin Hollmig, left end; Pfeister, left tackle; Barker, left guard. Brown center; Louis Trainer, right guard; Joe Hull, right tackle; W. Williamson, right end; Hollmig (c) quarter; McClelland, halfback; R. E. Taylor, halfback; Jack Trainer, fullback.

Substitutes for Sonora: William Taylor for L. Trainer, Junior Brasher for Ed Hollmig. Mat Adams for Barker, Lancaster for Taylor, Dewitt Elanton for J. Brasher.

## BRONCHS WILL BATTLE ELDORADO ARMISTICE DAY

The Sonora Bronchos will clash with Eldorado there Friday, November 11, the game being a return game with that team. A good crowd from Sonora is expected to accompany the Sonora eleven.

## Many Buying Xmas Cards at News Office

Several citizens and business houses have placed their orders with the News for printed Christmas cards, of which we have a large and beautiful selection. These cards, which are of the very finest and latest designs, were selected from a stock of many thousand cards and represent the very "cream" of the season's greeting cards.

The News urges those who are anxious of getting these cards to place their orders now, so that the holiday season—always rush time—will not find you unprepared.

We shall be glad to exhibit these samples to you if you will either call or phone us.

Now honestly, do you really deserve the "big pay" you want? Opportunities are much harder to find than they are to make.

Be careful—Holding on to a thing too tightly, is mighty apt to squeeze the life out of it.

## Many Sonorans Will See Texas Battle A-M

Alumni of both Texas University and Texas A. & M. College in Sonora will attend the season's most colorful collegiate spectacle at College Station on Thanksgiving Day this year. Former students of both schools are plentiful in Sutton county and the splendid record set by both teams, coupled with their ancient athletic rivalry, each year attracts thousands to Austin or Bryan.

A. & M. this year has one of the strongest clubs they have ever produced, captained by the flashy and brilliant, midget half-back, Joel Hunt. Hunt has been mentioned by sport writers of the Southwest for the All-American team this year. He decisively displayed his generalship last Saturday in the hard fought S. M. U. Texas game, and is the idol of the A. & M. student body and of former students.

Texas, too, though playing a decidedly weaker machine this year than either S. M. U. or A. & M., is not without its loyal supporters, who will journey to Kyle Field to boost their team. The fact that Texas has been beaten by S. M. U., and that S. M. U. has been beaten by A. & M., places Texas on the short end of the "dope." But Texas defeated the strong Vanderbilt eleven, it will be remembered, and this without any great difficulty.

All dope, however, is cast aside by the "wise men" of football when the Aggies and Longhorns mix it each year. Something more than mere football, they say, enters into the tally. Each team outthinks itself and plays a better game than they could against any other team.

A. & M., too, has fought two hard battles of late, that with T. C. U. and with S. M. U. No team can hold up to a gruelling schedule without some letting down. This was demonstrated by S. M. U. last week. After playing the strong Missouri University, last week's Missouri Valley conference winners, and the week following Texas U., the comparatively fresh A. & M. team fairly swamped them.

Still, it may not be wise to discard comparison of the respective strengths of these two teams. A. & M. will go on Kyle Field decidedly the favorites, for with the exception of three games, they have won every battle ever waged on the home field. They consider Kyle Field sacred ground, and their goal posts the inner shrines where no invader shall enter.

But Texas has entered, when they were less well equipped to battle than they are this year.

And so, far into the night. Both teams are good; both teams are fighting teams and both have their backers. The Aggies, wild over the chances for the conference, will fight as seldom as before. The Maroon grand stand will thunder their cheers which have chilled the hearts of more than one strong foe, and this writer thinks they will win.

But, he doesn't know for sure. Pick your team, your guess is as good as anyone's.

## District Court Had a Busy Session

The fall term of court of the 83rd Judicial District convened here Monday morning in regular session with Judge C. R. Sutton presiding and Jo Montague serving in his capacity as District Attorney.

The grand jury made the following indictments:

The State of Texas vs. Bill Todd, forgery of less than \$50.00. The defendant pleaded guilty and drew a two-year suspended sentence, and later released on a \$500.00 bond.

In the case of Jim Sessom vs. Gertrude Sessom, the plaintiff refused to prosecute, and the case was ordered dismissed at the plaintiff's expense.

A. B. Griffith vs. J. M. Shannon and A. F. Clarkson, suit to recover a one-third interest in estate. The plaintiff, through counsel, refused to further prosecute and case was dismissed at the expense of plaintiff.

E. F. Vander Stucken vs. R. H. Chalk, debt, case dismissed. Plaintiff refused to prosecute and ordered to pay costs of suit.

State of Texas vs. Woodman Potts, theft from John Flowers of clothing valued at less than \$50.00. This case was ruled as a misdemeanor and was transferred to county court.

The grand jury was composed of the following: J. M. Puckett, foreman; Roy E. Aldwell, W. C. Bryson, S. S. Bundy, J. A. Cauthorn, Theo. Savell, Ben H. Cusenbary, Giles P. Hill, J. M. Puckett, Merton Shurley, Wirt Stephenson, O. G. Eabcock and R. D. Trainer.

## Petit Jury

Carol Stephen, foreman; Bob Steen, Neil Rouche, J. C. Halbert, Oran Hightower, W. D. Valliant, M. M. Stokes, Geo. H. Neill, C. H. Davis; J. W. McDaniel, B. C. Holman, Joe Berger, E. C. Mayfield, L. L. Stuart, Lum Trainer, Sam Karnes, Orion Brown, G. G. Stephenson, Joe B. Ross, C. E. Stites, B. B. Dunbar, S. H. Patton, John Fields, M. M. Lamberth, J. V. Roberts, J. A. Ward.

## ONE ACRE CITY PROPERTY SELLS FOR \$2,000

County records show that a recent sale of one acre of land within the city limits of Sonora sold for \$2,000. This was the sale by Mrs. Mary A. Swinburn to Mrs. Roberta Watkins of her property on the outskirts of Sonora.

Another recent land deal in Sutton county, taking place in September, but filed with the county clerk on November 7th, was the sale of 2,732 acres of land to C. W. Adams by the First Loan Company, for a consideration of \$16,000.00.

## POTASH TEST ON ROSS RANCH RESUMES WORK

Drilling operations on the potash test on the J. N. Ross ranch have been resumed by T. C. Hadley of San Antonio. A Sullivan diamond drill is being used on the test and is now going down at a merry rate toward the contract depth of 3,000 feet.

The test was first begun on September 10th, 1926, by the National Potash Corporation, who, after drilling down to around 1500 feet, forfeited their contract by cessation of operations. The National Potash Corporation entered into a contract with J. N. Ross, J. W. Wilson, W. A. Miers and Arthur Stuart. Inasmuch as cessation of operations for a period of thirty days invalidated the contract, the local men interested in the test entered into another contract with T. C. Hadley, well known San Antonio oil man, who is now going ahead with the drilling. Mr. Hadley has been active in leasing here in Sutton county for some time.

Besides being interested in the potash test, Mr. Hadley has at various times in 1927, taken leases on lands in Sutton county, some of which are given below:

W. A. Miers et ux to T. C. Hadley, June 24, 1927, 1280 acres in Blk. 14, for a consideration of \$2,560.00. This lease Mr. Hadley transferred to the Texas Company for a consideration of \$3,840.00 on October 17, 1927. He also transferred his lease on 320 acres, being the E 1-2 of Section 78, Blk. 14, T W, & N G R Y Co., in Survey to Roholt and Thomas of San Antonio on October 30, 1927.

"Wait for the new Ford" has been the slogan of Ford dealers for weeks. Our local dealer, Geo. Hull, has been waiting and waiting until he has almost lost all patience. An Eastern editor has answered the question as to what the new Ford will be, as follows:

"We have been repeatedly asked for information concerning the new Ford, and we are pleased to give our readers the full benefit of the information we have gleaned from first one source and another. Here it is: "The new Ford product will be known as the Linford, taking its name from Abraham Lincoln, its founder, and Henry Ford, its manufacturer."

"The car will be equipped with a running gear, engine body, gasoline tank, radiator and other accessories usual to other automobiles.

"The wheels, of which there will be four, will be set on axles and will turn around, forward or backward, depending on the choice and skill of the driver.

"On the extreme front end, the car will be equipped with a radiator which will serve as a reservoir for water with which to water the road. The front of the radiator will be meshed so as to be an excellent smasher of bugs, insects, other people's chickens and the like.

"Situating somewhere on the car will be a gasoline tank which will contain a certain number of gallons of gasoline, or any liquid sold as gasoline by filling stations. A lesser number of gallons can be used if desired.

"All seats will be equipped with cushions of more or less softness. On the touring and sedan models the rear seat will be placed directly behind the front seat. Both seats will be protected from the sun, rain, etc., by a top.

"In front of the front seat and behind the radiator will be placed a windshield which will serve as a Larmorimeter. When it is raining the windshield will become smeared with mud, water, etc., from passing vehicles.

"The car will be guided by a steering wheel which will turn the car to the right or left, but never both ways at the same time.

"Entrance to the car may be gained through doors cut somewhere in the body, or if desired, by climbing over.

"The sedan and coupe models will be closed cars, and the touring cars and roadsters will be open cars.

"The engine for the car will be unusual in design and equipped with gears, rings, pistons, cylinders, spark plugs, wires and other doodads.

"The car will be equipped with peramatic tires, which will be placed over the wheels, tending to give the car a soft, airy, easy-riding feeling."

## New Ford to Be Named Linford

The following was received from E. S. Cox, Fort Stockton hotel man, this week by A. C. Elliott, secretary of the Sonora Chamber of Commerce: "Mr. A. C. Elliott, Sec., Sonora Chamber of Commerce, Sonora, Texas.

Dear Sir:

Have your favor dated the second, note carefully the contents.

I have decided to try and get over to see you some time this week, if possible, and we can talk the matter over.

I seems to me like that Sonora would be a good point for a nice little Hotel, the only trouble about financing a Hotel in a place with no more population you cannot hardly get the finance companies to see the REAL need of it and show them the revenue possible, but if your people WANT a hotel to the extent of putting up a nice bonus, I believe we ought to get together. Hoping to see you within a few days, I am,

Yours truly,

For reservations, phone or write Mrs. Louie Stuart.

**EVANS—SCHWIENING**

Miss Mary Schwiening, daughter of Mr. and Mrs. Alfred G. Schwiening of Sonora, became the bride of Otis Evans of Cisco, at five o'clock on November the third. The wedding was solemnized at the home of the groom's aunt, Mrs. M. A. Beck, 1200 First Avenue, Brownwood, Texas.

The happy young couple were united in marriage by the Rev. Powers, rector of the Brownwood Episcopal church, in the presence of the groom's sisters, Mrs. John Plexco and his aunt, Mrs. A. A. Beck and several intimate friends.

Following the wedding, the couple and guests enjoyed a sumptuous wedding supper, especially prepared for the occasion. From there the young couple departed for the home of the groom's parents, at Cisco, Texas, where they were cordially received, and where for the present they will make their home.

**SMITH—HULL**

Miss Pearl Hull, daughter of Mr. and Mrs. Fred Hull of Sonora, left on Tuesday of this week for New Orleans, accompanied by Miss Smith of San Antonio, to become the bride of C. C. Smith of Atlanta, Ga., the wedding to take place in New Orleans.

The wedding was the culmination of a romance which began when Miss Hull and Miss Smith were schoolmates at San Marcos Academy, where the young couple became acquainted.

During the past three years, Miss Hull has been a competent and valued employee of the First National Bank of Sonora, and her loss will be sorely felt.

Mr. Smith is connected with Armour & Company at Atlanta, where it is understood the couple will make their home.

truth, were spoken of by Rev. U. S. Crowder, a member of a Masonic Lodge of Salem, Oregon, in an address at the corner-stone laying of the new Van Horn school building. The ceremonies were in charge of Culbertson Lodge No. 1232. The members marched from Masonic Hall to schoolhouse and the stone was laid just west of the south entrance of the building.

**Personal Mention**

Mr. and Mrs. Hutt of Kerrville spent Tuesday night in Sonora. Mr. Hutt, until recently, has published the Kerrville Times.

Mr. and Mrs. Bryan Hunt motored to San Angelo last week to visit Mr. Hunt's uncle and aunt, Mr. and Mrs. James Cornell. Later in the week all four motored out to Pecos and back to San Angelo.

Mr. and Mrs. Thomas Espy were in from the ranch Wednesday.

Charles Evans was in town Wednesday.

Miss Nettie Wright of Junction, with her father, drove up Tuesday to Sonora. While here Miss Wright visited Miss Guila Lowrey.

Misses Hazel and Bernice Stokes and B. M. Halbret, Jr., and Houston Stokes enjoyed the Ranger-San Angelo football game in San Angelo last Saturday.

Ben Cusenbary and sister, Miss Hat tie E., and their guests, Bill McKemie and Walter Nelson, spent last week-end in San Angelo. Messrs McKemie and Nelson have returned to their home in Wichita Falls after a pleasant visit of two weeks on the Cusenbary ranch.

J. B. Lee, the popular proprietor of the O. S. T. Stage Line, was one of the few who picked A and M to win over S. M. U.

Judge Alvis Johnson was in town several days this week during the grand jury session.

Miss Amanda Eastland presided over the destinies of the Style Shop this week while Mrs. Long and husband were attending the Shrine re-union in San Antonio.

Mr. and Mrs. Thomas Espy are driving a beautiful new Reo Flying Cloud coupe purchased last week in San Angelo.

Sheriff B. W. Hutchinson returned Saturday from Temple with the good news that the trouble he went there to have diagnosed was not serious.

Alfred Schweinig drove to Cisco last week-end to visit his daughter and son-in-law, Mr. and Mrs. Otis Evans.

Mrs. S. T. Gilmore left Monday for El Paso to attend the T. F. W. C. Convention there. She will attend the Congress of Texas Mothers in Houston, returning about November 20.

Mr. and Mrs. R. J. Ridley and son, Kenneth, were in Sonora Saturday, visiting relatives and friends.

Miss Eva Camp of San Angelo is

the guest this week of Mrs. Ira C. Green.

Mr. and Mrs. Burt Davenport of Regan Wells are here this week visiting her mother and father, Mr. and Mrs. Will Perry.

Mrs. Jim Cauthorn returned from Temple Saturday where she had been for medical attention.

Chris. Meinicke and family of Ozona were Sunday guests of Mrs. R. K. James.

Mrs. J. L. Davis and daughter, Mrs. W. E. Wallace, returned from Glen Rose Wednesday night where they had been for the past two weeks.

Mr. and Mrs. Fred Earwood will spend Armistice Day in Del Rio.

John Cauthorn, the handsome and congenial prince of good fellows, was in Sonora Thursday smiling like a possum eating yellow jackets over the brilliant prospects of a nice trip to Del Rio on Armistice.

Mr. and Mrs. Noah Schrier and daughter, Miss Frankie Taylor of Mertzon, former Sonorans, were in Sonora Tuesday, visiting.

Hi Eastland was a business visitor to San Angelo Wednesday.

Mr. and Mrs. Russel Martin were in Sonora Wednesday, on business and shopping.

Dee Word, formerly of Sonora, was here Tuesday, greeting relatives and friends.

Dock Word of Ozona was in Sonora two days during the first part of the week.

Mr. and Mrs. Sap Holman were in Sonora Wednesday from their ranch in Edwards county.

Misses Mary Dan Wilson, Amanda Eastland, and Blixer Hankers, of Junction, accompanied by Oron Hightower and Geo. B. Hamilton left Thursday for Del Rio and will spend Armistice Day there.

Mr. and Mrs. Vernon Hamilton and Jack Neill left Thursday for Del Rio to see the Schreiner-Sul Ross game Friday.

Misses Bonnie Glasscock and Guila Lowrey left Thursday for Brownwood to see the Howard Payne-St. Edwards game there Friday.

Mr. and Mrs. J. M. Puckett were visitors in Sonora Wednesday.

If the truth hurts, then it ought to.

It requires a visit to 56,000 clover blossoms for a honeybee to make a pound of honey.

People in Sussex, England, once entertained the superstition that toothache could be avoided by putting the right stocking on before the left.

**Local Man Heldup Near San Angelo**

Ten miles this side of San Angelo while crossing Lipan Flat last Friday, Will Blalock, local ranchman, faced a pistol in the hands of highwaymen.

Mr. Blalock was commanded to stop by one of three men whose car was parked on the side of the road. One of the men relieved him of some \$10 in currency while the other busied himself in disconnecting the ignition wires so that they could make their getaway without pursuit.

After the hold-up, one of the men was heard to remark that "this isn't the right man," which leads to the supposition that they were expecting someone along about that time whose pockets would yield more money.

**LAD BREAKS ARM PLAYING AT SCHOOL**

Marion Elliott, aged eight years, son of Mr. and Mrs. A. C. Elliott, suffered a fractured arm last Monday afternoon while playing at the school house.

He could not tell his parents just how the accident happened, other than that he was playing on the high steps of the school house. It is believed that he fell from one of the top steps.

Marion is doing nicely, according to his mother, though the broken arm is causing considerable pain and he has been feeling rather sick since the accident.

After again connecting the wiring system, Mr. Blalock drove into San Angelo and notified police there.

**BATH TUB HISTORY**

According to records available, the first American bath tub was installed in Cincinnati in 1842. It was about seven feet long, four feet wide, lined with lead and covered with mahogany.

Doctors in those days must have been much more conservative than they are now. They upset all of Cincinnati about the tub and freely predicted all who bathed in such a contraption during the winter to have "lung fever," as pneumonia was then known. They even went so far as to try to have an ordinance passed which would prohibit bathing between November and March.

Boston people made an effort to have a law passed prohibiting bathing at any seasons unless upon a doctor's prescription.

President Fillmore had the first bath tub installed in the White House in 1850.

**NO BOYS' GOLF THIS SATURDAY**

There will be no tournament held this Saturday, says Roy E. Aldwell, who is in charge of the contest. The reason for the postponement was due to the absence of many of the participants who will spend the week-end in Del Rio. The boys will play Saturday week, Mr. Aldwell said.

George Ory captured last week's low score prize in the tournament, handing in a score of 59 for the nine holes. Harold Saunders was the runnerup with a score of 57.

Miss Helen Keith of Luling, is visiting Rev. and Mrs. F. M. Jackson here this week.

OVALO—A harmonica band has been organized here and will feature community entertainment programs.

**LET'S SETTLE THIS TIRE QUESTION NOW!**

Most manufacturers claim to have "the better tire. They're sincere.

The tires of 1927 are better, of course, than the tires of 1907 and 1917. Its to be expected that the tire of 1937 will be better still.

But the man buying a tire today wants to know, "Whats the best tire on the market NOW!

Everybody tells him: "I've got it—a bargain. "Here it is—with a special discount. Claim upon claim inducement on inducement

Yet, after all, the intelligent buyer will always bank on this "preponderance of the evidence, as the lawyers call it.

**More People Ride on GOODYEAR TIRES Than on Any Other Kind.**

The reason for this is plain. Goodyear Tires have made good. They are supreme on the road, where performance is the only judge.

Goodyear keeps this leadership unchallenged because Goodyear makes the Worlds Gratest Tire—

Goodyears out-perform any other tires; Goodyears sell at fair prices without "bargains, "discounts or cuts in quality;

Goodyears are backed by a standard, friendly expert service—the kind we give you here.

Every customer we have will vouch for these statements about the Goodyear Tires we sell.

It will be a pleasure to show you the new Goodyears and demonstrate our service.

**Building Quality into Used Cars**

Unusual facilities for re-conditioning automobiles make possible the high value found in our dependable used cars. In the first place, we can tell exactly what needs to be done to a car without long and expensive experimenting. Our mechanics are thoroughly competent — and, working with special tools, they accomplish a given task in the minimum time. Furthermore, we use only genuine parts for replacement purposes. As a result, our reconditioned cars simply cannot be matched for value.

**BROADCASTING FROM SONORA**

BY DANIEL O. PAYNE

Before the regular program starts this week, the conductor wishes to know if readers of last week's column don't feel that Messrs. Tom A. Bond and Roy L. Aldwell know their horticultural products with respect to "doping" football games. Well, they sure called the A & M S. M. U. games, and while we don't know positively it is our belief that anyone wishing to post a wager on Texas can get action from either of these former Aggies.

What we do know for sure, though, is that if anyone wants to take Rice (not that we think anyone does) they can get what they are looking for with their eyes shut. Rice and A & M. play tomorrow at Houston.

It must be a matter for great rejoicing among many of the cattlemen in these parts that the cattle market is so high, seeing as how Sutton county ranchmen went in so heavy for cattle this year.

Reports are to the effect that prices next year will be even higher, and that the ranchmen will get plenty of money from their longhorns, provided that cattle buyers will pay the prices and that it rains plentifully and at just the right time. We are indebted to Ed Glascock for this useful bit of information. It looks to me like some of these big cattle and goat raisers, our friend W. A. Miers for instance, are going to make some money this year, high prices of cotton seed cake notwithstanding. See what I mean, don't you, folks?

First on the program proper this week, will be a deep voiced musical selection by our genial and handsome friend, Bill Mittel, entitled "Kopp the Home Fires Burning." Bill says that it is a good slogan, and for those who believe in it he will furnish all the wood necessary to keep 'em burning.

And our friend W. E. Caldwell says he'll furnish the stoves to keep 'em burning' in, too.

Well, we offered to swap jobs this week with any of the grand jurors, we sit in their places and they to conduct this column. Nobody took us up, so we've decided that we either have a hard job or one that is inferior in attractiveness to sitting on the jury.

Billy Sid Evans will play us a little tune now on his new ukelele. From all indications he is going to be a real musician. He was going to play us a ditty last night, but had lost his pick and couldn't perform.

We heard a very mysterious something in San Angelo last Saturday night. A doctor told us to tell Skeet Grimland that he was coming through here someday and pay him the \$12.00 he had been owing him for, these many years. "Skeet" stoutly maintains that no doctor owes him any money, and the doctor just as steadfastly maintained that he did. Now who do you make of that? It's got me puzzled.

Miss Jaimie Gardner and Ben Mittel will now sing us a duet entitled, "Hello, central, give me heaven." These two young people have been practicing their song diligently for the past few weeks and have got it down "pat."—or maybe it was Steve.

Who should come next but W. E. McCurdy. Now honest, folks, if you have never heard Bill McCurdy sing "When Apples Turn to Lemons" you have missed one of the most thrilling experiences of your life. Thrilling, absolutely. You can feel the shivers run up and down your spine when Bill bears down.

Sing it Bill. Mr. McCurdy says barbers are the only people except tailors who get paid, instead of arrested for cutting up. And that's right, too, isn't it?

A friend of ours, well known here, met with a very serious accident in Detroit the other day when riding in one of the new Fords. If any of you have wondered how this accident really happened, I'll be glad to tell you. However, I couldn't tell you now as the fellow asked me not to do so. This accident, however, had far reaching good results, as it caused Henry Ford to change his plans somewhat, and to move one of the most important parts of the car to a different place. See me.

Judge Elliott will next speak briefly, the text of his talk being "What you can do with fo' dollars." Judge Elliott will probably say that you can buy a "certain amount" of stogies with \$4, but we've found that "you can't do that." True, brother, true.

Well, this conductor promised all the speakers, actors, singers and what not on the program a real treat this week, so we are signing off now and are going over to Grace Trainer's chili emporium for some honest to goodness chili, sandwiches and cof-

**GENUINE 13-PLATE FORD BATTERY FOR \$11.00 OR \$10.00 AND YOUR OLD BATTERY FOR A NEW ONE!**

With the coming of cooler weather, your Battery is going to need more attention. The shorter days mean lights are burned more and cooler weather makes for a cold engine, with more "juice" required in starting.

**OUR BATTERY DEPARTMENT IS READY**

We are ready to Service your old Battery, but to the many who have had their batteries for a long time, and who have been thinking of purchasing a new one, we believe the announcement of a New Price for a New Genuine FORD Battery will be of special interest.

Genuine 13-Plate Ford Battery for \$11.00! or \$10.00 and your old Battery for a new one!

The New Ford Battery is rubber encased. It has 13 plates, and has all the gold qualities that make a Genuine FORD part preferred over inferior imitation.

Drive by our shop. We'll look over the old battery, and advise you whether the wise investment would be to have the old one re-conditioned, or buy a new one.

Don't delay. Cold weather is at hand, and it is both annoying and sometimes dangerous to have your lights or starting fail at a critical time.

We're waiting for you.

Here's another thought—the Ford battery fits 90 per cent of all cars, and is an ideal Radio battery, too. Come see it!

Well, just one more little matter before we close. This is the English version of "Hail, hail the gang's all here. An English man heard the song at a football game over here, and when he got back to Merry Hinglund, this was the way he sang it: "Cheerio, cheerio, the multitude's assembled,

You are hereby commanded to cause to be published once a week for ten days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation published in said county, which has been continuously and regularly published in said county for a period of not less than one year, and to cause to be posted for ten days exclusive of the day of posting, before the return day hereof, in three of the most public places in Sutton county, Texas, one of which shall be at the court house door, and no two of which shall be in the same city or town, copies of the following notice:

THE STATE OF TEXAS, County of Sutton:

To all persons interested in the welfare of the Estate of Sam W. McKee, deceased:

You are hereby notified that Mrs. Mary A. McKee has filed an application for letters of temporary administration upon the estate of Sam W. McKee, deceased and on the 22nd day of September, A. D. 1927, by order of the county judge of said county the said Mrs. Mary A. McKee was appointed temporary administratrix of the estate of said Sam W. McKee, deceased, and at the next regular term of said court, commencing on the third Monday in November, A. D. 1927, the same being the 21st day of November, 1927, at the court house thereof, in Sutton county, Texas, at which time, all persons interested in the welfare of said estate, may, and are hereby cited to appear and contest such appointment, if they so desire, and if such appointment is not contested at the said term of said court, then the same shall become permanent.

HEREIN FAIL NOT, but have you then and there before said court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Sonora, Texas, this the 28th day of October, A. D., 1927.

J. D. LOWREY, Clerk, County Court, Sutton County, Texas.

The marriage of John Martin to Miss Ora Odom is announced for the 10th inst. at Ozona.

It must be mighty mean whiskey that would freeze at a temperature of 30 degrees in the shade. The fact that all the whiskey and beer in Ozona froze th eother day is verified by Albert Hahnwald and others who happened to be there at the time. The only excuse the bar keeper could give was that it was "summer whiskey."

**MASONS HOLD BANQUET IN PARIS FOR LEGION**

Paris, France.—Thirty-one states were represented among the 200 guests, Masonic members of the American Legion, who were present at the banquet given in their honor by the American Lodge of Paris No. 554, during the American Legion convention in this city.

Several prominent Masons addressed the gathering in reply to the call of the toastmaster, James G. Connor, first Master of the lodge. Among them were M. W. Wood, 33o, Sovereign Grand Inspector General of the State of Idaho; Charles W. Convery, 33o, of Texas, one of the founders of American Lodge, who was in charge of the American Masonic Headquarters at Paris during the war; Frederick W. Beekman, Dean of the American Pro-Cathedral at Paris; Chas. Riandy, 33o, Grand Secretary of the Grand Lodge of France; and Gordon L. Berry, European Secretary of the International Near East Relief.

During the convention week the American Lodge of Paris maintained headquarters at the Legion Barracks, where more than 1500 members of the Fraternity placed their names, lodges and home addresses in the register provided for that purpose. Every state in the Union is represented in the register, together with Alaska, Hawaii and the Phillipine Islands.

### San Angelo Notes

BY MILLARD L. COPE,  
 SPECIAL CORRESPONDENT

**SAN ANGELO, Nov. 3.**—Three churches of different denominations have building programs under way in San Angelo. The First Baptist Church educational building, is remodeling the church and building a new parsonage. The Harris Avenue Presbyterian Church is to build a new \$50,000 church and the Chadbourne Street Methodist Church is spending \$25,000 in completing its building program.

For the third consecutive year, R. H. Henderson will head the All-West Texas Exposition, San Angelo's fair. Many improvements are to be made on the grounds for the exposition in 1928.

San Angelo's paving program of 250 blocks will begin October 31, when bids will be received for the first letting. The paving program calls for an expenditure of \$1,420,000 in the next five years, to rank San Angelo as one of the best paved cities in the country.

A thousand pounds of butter will be made in San Angelo daily by new equipment being received by the Snow-white Creamery. The dairy industry is being backed here by the Real Estate Board, in an effort to establish a more stable market for these products.

All records of attendance in the San Angelo public schools have been broken this year and each of the nine buildings is overcrowded and overflowing. Two temporary buildings have been constructed. The peak of enrollment is not expected until after the Christmas holidays.

Practically all of the fall mohair clip is on its way to Boston from West Texas shipping points, buyers have reported in San Angelo. The product sold at prices between 53 and 63 cents.

Building permits for the first 28 days of October in San Angelo amounted to \$733,312, the greatest month in the history of San Angelo. It brought the year's total to \$2,828,833, and indicates that building for the year is nearly sure of going past the three and a half million mark. Two new homes have been built a day during this year.

The old Tom Green county courthouse, built in 1884, is being torn down and in its place work will start on a new \$240,000 court house building. The old structure once served as the capitol of a territory now divided into thirteen West Texas counties.

The Western Gas Service Company of San Angelo has merged with the Oklahoma Natural Gas Corporation, the new organization to be known as the American Natural Gas Corporation. The new firm has a monetary value exceeding forty million dollars, insuring West Texas of the best in the line of natural gas for commercial and domestic purposes.

The quest of a mineral more precious than oil has been started in West Texas, with the government's awarding a contract for the drilling of a potash test on the Crockett county ranch of Harris Brothers of San Angelo.

### ELDORADO BASKETEERS

The opening basket ball game of the season for the Sonora Hi girls resulted in a 21-8 victory for the Eldoradans here last Saturday afternoon.

Though outweighed, player against player, and playing a smaller team than the visitors, the local girls, under the coaching of Miss Mimms, put up a stout fight all through the game.

The local girls, for many of whom this is the first year of the game, are showing unusual aptitude in mastering the fine points of basketball.

### Two New Residences

Completed in Sonora  
 Joe Ross and son are having the finishing touches put on the two new houses they are building near the school house. These houses, according to young Ross, when completed, will rent for \$35 and \$40 per month respectively.

J. W. McDaniel is moving into his nice home near the school house. This is one of the prettiest and most costly homes in Sonora, especially the interior.

Mrs. Clara Murphy and Miss Estelle McDonald attended the S. M. U. game in Dallas last Saturday, driving from Mineral Wells where they spent the last two weeks.

Sam Karnes was in town from the ranch Tuesday afternoon of this week.

### Economic Girls Had Spooky Entertainment

By Miss Charline Tansey, English Teacher

The Home Economics Girls, under the direction of Miss Zelma Moore, were joint hostess at the H. E. Cottage at a very spooky Halloween Entertainment.

The juniors, seniors and faculty were received by Evelyn Spraggins and directed to the adjoining room where they were taken in charge by Lola Jones and Thelma Johnson, who conducted them to Boney Mike's den, where Anys Whitley presided, and up a steep and rocky hill which led to witch Grundy's Cave. Then after visiting the fortune teller where Pauline Kring revealed much of the future for the enthusiastic guests, each was led into the dimly lighted living room decorated with fitting symbols of Halloween. Here many masked figures were moving mysteriously about peering at each new comer in an attempt to discover his identity. The lights were soon turned on and many attractively dressed young people unmasked and began to enjoy the games led by Bernice Stokes and Lida Archer.

At the close of a very interesting evening an appetizing lunch of sandwiches, orange-ade and cake was served to all.

### Sul Ross to Play Schreiner in Del Rio

SPECIAL TO THE NEWS

**DEL RIO, Nov. 4.**—For the second time, the gridiron in Cowboy Park in Del Rio, will be the annual battle ground between the Sul Ross Lobos of Alpine, and the Schreiner Institute Mountaineers of Kerrville, November 11th, 1927.

This being a legal holiday the greatest crowd ever assembled to witness a football game in Southwest Texas is expected. The Mountaineers came out victorious in Del Rio last year, but who knows the 1927 winner? Be sure and attend this game and boost for your favorite.

Del Rio is also entertaining the American Legion Convention of the 16th District on the 11th and 12th of November. So everybody come on the 11th and lets make it a regular gala day.

### Morris Sells 260 Steers at \$45 and \$55

Mr. and Mrs. G. W. Morris returned Monday from a month's visit to their ranch in Pecos county and a short stay in Brewster. Mr. Morris reports that most of Pecos county has received a splendid rainfall in the past month, and that range conditions are splendid in both Pecos and Brewster counties.

Recently Mr. Morris sold 260 head of steers past two years old, to Mr. Slaughter of Sheffield, prominent Pecos county ranchman at \$45 and \$65. He bought these steers last spring.

He also reported the sale of 32 yearling steers that he raised to Mr. Reed of Fort Stockton at \$37.50.

### 11 New Members for Parent-Teachers

The drive for new members for the P. T. A., in which pupils of the various school grades competed, was headed by the fourth grade, to whom, as a prize, a set of candle stick holders and candles was presented by Mrs. S. T. Gilmore. Pupils of this grade and of the second grade secured eleven new members for the Association, bringing the total to 76 members. The prizes were presented for the grades to their respective teachers, Misses Ball and Morrow.

The regular meeting of the P. T. A. was held Tuesday afternoon, November 1st, at the home economics cottage, with a large attendance. A short business session was held, after which an interesting program was rendered.

### Chevrolet Motor Ends 11th Year of Existence

Nearing the close of the most successful year in its history, and with its position outstanding as the world's largest builder of gear-shift trucks, the Chevrolet Motor Company this year rounded out its sixteenth year of existence.

Named for Louis Chevrolet, well-known race driver of an earlier decade and active figure during the infancy of the automotive industry, the Chevrolet Motor Company of Michigan was organized on November 8, 1911.

That year five cars were built. This year one million cars will be built—more than the combined output for the first eleven years of the company's existence.

That first year a handful of men worked in an obscure factory at West Grand Boulevard and the Viaduct, Detroit, to turn out mostly by hand methods those first five cars. Today more than 100,000 people are direct-employed in producing, selling and servicing cars.

Today eleven great factories—exclusive of expert operations—are running to capacity to meet the demand of Chevrolet infinitely superior to, and listing at one-fourth the cost of those first cars.

There were no death sentences in Scotland last year.

The silkworm and the honeybee are the only domesticated insects in the world.

There are nine hundred miles of silk fiber in a pound of silk. China's yearly production is 9,000,000 pounds.

Check Chevrolet Delivered Prices They include the lowest handling and financing charges available.

In every section of the country Chevrolet Trucks sales are breaking all previous records—establishing Chevrolet as the world's most popular gear-shift commercial car.

This decisive preference for Chevrolet is based on a matchless combination of dependability, economy and fine appearance—plus the public's confidence in a product of General Motors.

Chevrolet dependability under every condition of usage has long been traditional; yet recent improvements in the powerful Chevrolet valve-in-head motor—improvements typified by a new AC air cleaner and AC oil filter—

have made Chevrolet Trucks even more dependable, with even longer life, greater operating economy and more satisfactory performance.

With a cab inclosure that matches passenger car design in comfort and beauty—with sweeping crown fenders and bullet-type headlamps—the Chevrolet Truck is one of the handiest haulage units seen on the highways.

If you use trucks in your business—come in! Learn for yourself why Chevrolet performance has proved so satisfactory for every type of user—from the single truck operator to the largest fleet owner!

**GOSSIPING**

Some women have tongues so long that they can sit in the parlor and lick the skillet in the kitchen. There are always a few gossiping old hens in any community who are ready and seem to be anxious to start some little tale on some innocent young girl—and this first tale may lead to the wrecking of this ones life. Gossiping is as much a sin as anything one can do, especially the wrong kind that eventually leads to sorrow, pity and woe.

Some women's gossip is as poison

as the venom thrown from the most vicious reptiles fangs. Some little tale told and gradually exaggerated may cause someone sorrow, and it may be your neighbor's child, son or husband or wife. Be careful of what you say. If you cannot say something good about a person, don't say anything at all. This is the best policy in keeping your friend's good-will.

A small blade of grass may cause a great fire, and the same might be applied to the wrong thing said about a person. "Judge not, lest ye be judged."

**DID YOU EVER STOP TO THINK?**

By Edson R. Waite, Shawnee, Okla.

Thomas H. Deming, editor of the Warren (Ohio) Tribune Chronicle, says:

That stopping to think is about the best and safest thing you can do. Did you ever stop to think that our failure to do so has perhaps caused more trouble and woe than anything else in the world? Our ability to think was given to us for a purpose. Like any other organ it must be used if it is to live. Ignore it, don't use it and your ability to stop and think will cease to function.

How many speeders would now be living if they had only exercised this attribute?

The ability or habit or whatever you desire to call it, of stopping to think before going forward is the break or safety valve upon human actions.

How many heart breaks, how much woe, how much trouble, the world would have if Gossips stopped to think before spreading about their poison.

How much better off most of us would be if we stopped to think before spending foolishly money we have worked for.

Too many of us are prone to rush in where wiser men reflect. Stop and think. A little reflection may show you the mistake in the course you contemplate.

Stop and think—you will find it great character discipline.

**Mexican Baptists Give to Baptist Fund**

SPECIAL TO THE NEWS

DALLAS, Nov. 4.—One of the most highly prized contributions among the thousands that have been received by the Texas Baptist convention on the Conquest Campaign has just found its way to the treasurer's office in the form of checks from members of the Mexican Baptist Church of Dallas.

These checks totaled only \$27.58, but they represented something much more valuable in the eyes of the Baptist Denomination: a spirit of cooperation among the Mexican people of Texas. This is considered significant of the general effect which home mission work is accomplished among for eigners in the State. At the outset of the Conquest Campaign, a debt-lifting drive, last spring these Mexicans contributed about twenty-eight dollars, which is thought to be the first contribution on record from Mexican Texas Baptists.

"Success Week," the final clean-up drive preparatory to closing of the fiscal year for the Baptists, terminated Sunday, and although it will be several days before final results can be obtained, Dr. F. S. Groner, General Secretary of the Convention, believes it to have been satisfactory. Whether or not the campaign will continue through next year will be determined at the annual convention of Texas Baptists at Wichita Falls, beginning November 16.

**"Electricity Brings Increased Profits"**

Says Herbert Hoover, Sec. U. S. Dep't. of Commerce

"We are in the midst of a great transformation in the development of electric power—it is reducing the burden of human toil; it is increasing productivity; it is bringing increased comfort to our people.

What each workman in the United States can do with his hands is multiplied ten times by the electric power he uses. Sixty-eight million people are also using labor-saving electrical devices in their homes.

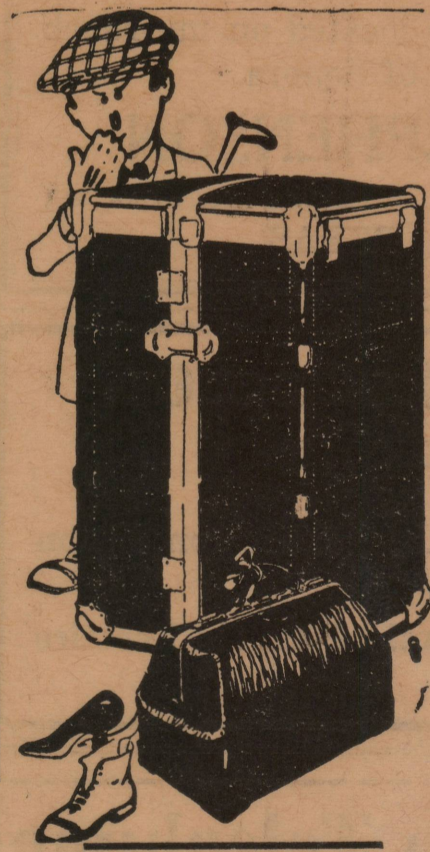

Electrical service has its greatest value because it is delivered at the time and place where it is needed. That is what electrical service means, and the foresight and enterprise of the country's light and power companies have helped make it possible.

Because power companies built power plants and transmission lines that would take care of the growing demand for service many years in advance, every new electrical invention

has found an abundance of power ready to serve it. Now even the small communities get electrical service through interconnected power systems.

Enthusiastic public acceptance has done much to help build this electrical service. Three million investors own the securities of electric power companies and the whole public has benefited from rate reductions made possible through increased use of labor saving devices.

To insure the complete fulfillment of the promise of comfort and happiness which electricity offers, the American principle of individual initiative must be maintained.

**Nut Throws Scare Into Merrymakers**

Gay throngs of ghosts, little ones and big ones promenaded through the highways and byways of Sonora Monday night, commemorating the ghoulish night of All Saints.

A party at the home economics building for the high school students was a colorful affair. Costumes as gay as those seen in New Orleans during the Mardi Gras were in evidence and ran the gauntlet from gay Spanish troubadors to lumber jacks.

The little folk had a party, too, following which they descended in terrorizing groups on the town, blowing horns, and shouting "boo" with such realistic fervor as to frighten more than one stranger.

These little ghosts, however, got as bad a scare as they gave when a full grown big ghost appeared, wrapped in a sheet and with his face masked, singing an Andalusian melody. This ghost was the "Nut," and if any thing was needed to taper off a perfect Halloween, he certainly supplied it. Through his mask could be seen blonde eyelids, from under which glowed a pair of small blue eyes. When the kids attempted to unveil "The Nut" he became angry and produced a knife which had the proportions of a row-boat oar borrowed a ladies' slipper and with these, and his flashlight, was holding the crowd very much at bay in the Dew Drop Inn when Sheriff Hutcherson dropped in and calmed them. He explained to the "Nut," self styled, that the people were becoming frightened and that perhaps he'd better go to his room, to which suggestion the "Nut" calmly acquiesced.

No reports reached the News as to any serious mischievous pranks and it is believed that the boys and girls had a good time without wrecking anyone's fence, removing lawn or porch chairs or otherwise overstepping their limits.

**LA VISTA HAS CHOICE PICTURES FOR NEXT WEEK**

Monday you will have "Firemen, Save My Child"—a farce comedy with Wallace Beery and Raymond Hatton. These two characters in their line are too well known for any comment on my part.

Tuesday and Wednesday, "The Big Parade"—one of the greatest pictures ever filmed. This picture ran two years in one theatre in New York City. The stars are John Gilbert and Renee Adoree at the helm you are bound to see the most elaborate, gigantic and superb spectacles of massive grandeur ever attempted to be shown in Sonora. On account of the high price I had to pay to secure this colossal attraction, I will be compelled to charge admission prices on these two nights 35c and 75cents, which is small in comparison to the cost of this picture and what has been charged elsewhere.

Thursday "Slightly Used", with May McAvoy and Conrad Nagel, A rollicking tale of young love. It recounts the astonishing adventures of a young lady, who, nagged by her sisters for refusing to marry, invents a husband, who suddenly appears, and claims her. When she has fallen in love with some one else and wishes to be rid of her marital encumbrance. A gay hilarious story for all who are young or ever have been young.

Friday "Held by the Law", starring Johnnie Walker, Marguerite de la Motte and Ralph Lewis. Here's a powerful thriller in which you are told almost everything, but you cannot guess the outcome. You see the murder committed. You know he is guilty. You see he is in the death cell. Yet, you cannot for the life of you, tell whether or not he will be executed. The most fascinating, tantalizing, moving mystery drama you ever witnessed.

Saturday "See you in Jail", with Jack Mulhall, Alice Day, Mack Swain, and others. A pleasing comedy drama. A bit different and should please the fun loving patrons.

Don't forget "The Big Parade" on November 8-9th; "Ben Hur" November 22-23; "What Price Glory" soon. The Rough Riders will come here on December 19-20th.

The Reverend Garnet Gunter, 21 years old, is the first woman minister to perform a marriage ceremony in Arkansas.
