## LOCAL NIMRODS PREPARING FOR MUCH HUNTING

Promptly with the arrival of the hunting season, which opened on Wednesday, November 16th, several of the most confirmed addicts of the sport of the hunt made their departure for the big game country.

Bob Steen, Jim Caldwell, Pedro Crowell, Tom Thorpe and Mr. Morris of San Angelo, left late last week for a two week's hunt in the Davis Mountain country. At Fort Davis they will engage the services of a guide to take them far back into the heart of the mountains where the big game such as deer and bear are said to abound. This is one of the most beautiful and untrammelled sections of the country, according to those who have been there, and is said to offer big horn sheep to an occasional lucky nimrod.

John Haby, Ira Green and Ed Hollmig composed another party which left Tuesday of this week to be gone a week or ten days. They planned to hunt in the Chisos Mountains, which is a range over in the Big Bend country, also said to offer plenty of inducement to eager hunters.

Charlie Hull and Dick Hill also left late last week and laid their course into the country south of Alpine in the hope of bagging a couple of deer.

We understand that several other parties will take the field in search of the fat gobblers, deer and bear. The News staff wishes it had time to go hunting, but depends on the boys to bring in some proof of their skill when they return.

## 'City Slicker Fleeces' Texas Ford Dealers

Posing as a high official in the advertising department of the Ford Motor Company, an oily gentleman with an ingratiating personality succeeded in "working" a group of Ford dealers in a Texas city recently. The "advertising expert" on his arrival in the city, presented what appeared to be perfect credentials, called a meeting of all Ford dealers in that district, and was the recipient of a big banquet given by them. He inspected the plants of various dealers, gave them advice on advertising and other matters, and allowed one of the dealers to cash one of his salary checks. Not until the check had been returned as spurious by the Detroit office did the dealers realize that they had been the victims of a well-planned "confidence" game. The description of this man has been sent to all Ford dealers in the country.

Don't miss the entertainment at the school auditorium Tuesday night, November 22. A wide variety of novel features, including clown numbers, juggling, character songs, ventriloquism and magic.

## Carrel Roueche Was Laid to Rest Here

The body of Carrel James Roueche was laid to rest in the local cemetery on Saturday afternoon, November 12th, having been sent here from San Antonio where he died. Mr. Roueche was in the United States Army hospital at Fort Sam Houston, Texas. Death was caused by pulmonary tuberculosis.

Carrel James Roueche was born in Sonora, Texas, on August 29, 1891, the son of Mr. and Mrs. R. P. Roueche, both now deceased. He is survived by three brothers, Neil and Louis of Sonora, and Raymond of San Angelo, and one sister, Mrs. Jim Wilson of Sonora.

Mr. Roueche had been confined to his bed in the hospital for some six months prior to his death, which came as a grievous blow to his relatives and many friends in this section. He was a man of whom all thought highly, and his passing will be mourned by the many friends of his boyhood and later days.

The large attendance at the funeral Saturday afternoon, combined with a wealth of floral offerings gave testimony to his worth and the esteem in which he was held by his fellowmen.

The News wishes to express to the grief-stricken relatives their heartfelt condolences and sympathy in this dark hour.

## Eldorado Drubs Sonora 20 to 0

Displaying little of the fighting spirit and football strategy which featured Sonora's victory over Ozona the week before, the Bronch's week over-whelmed by the fighting and fast Eldorado team at Eldorado last Friday afternoon.

Eldorado, bent on vengeance for the drubbing they received here two weeks previously, outplayed the local boys for a 20-0 win on their home ground. A typical football game and dust storm which blew up in the game, further added to the difficulties the home boys had to contend with.

Eldorado outplayed the Sonora boys from start to finish. Eldorado playing some splendid formations was able to break down Sonora's interference and repeatedly got through the line on spread plays to tackle the ball carrier before he got away. The work of McClatchey featured for Eldorado. The same plays that proved so effective in this game, however, used at Sonora when the two teams met in the initial encounter and were broken up handily by the local boys.

Sonora has played thus far seven games. Two of these were with Eldorado, two with Rocksprings, and one each with Eden, Menard and Ozona. Out of these seven the local boys have won two, which gives them a percentage of 28.6 for the season thus far.

## PHILIPS OIL CO. GETS BIG LEASE IN SUTTON CO

The Philips Petroleum Company this week closed contracts with Sutton county land owners on a total of 17 1-2 sections. Mrs. A. E. Cusenbary, Miss Hattie B. and Ben H. Cusenbary leased five of these sections at \$1.50 acre for five years with a 50-cent annual rental.

J. A. Cauthorn leased 5 1-2 sections and Holman Brothers 12 sections to the same company. It was not learned what price this lease brought, but it is reliably reported that it commanded the same price that the Cusenbary lease brought.

The lease on the Cusenbary tract calls for the drilling of a 3000-foot test by November 14, 1928. Mr. Cusenbary stated it was his belief that drilling of this well would be begun much sooner than this however, as it is manifest that the company consider this very desirable acreage.

## Sol Kelley Buys Home in Sonora

Jack Wardlaw recently sold to Sol Kelly the property and home on Main and Cockett Streets which he recently purchased from J. C. Morrow. The consideration was \$3,000. This very desirable piece of real estate has changed hands several times in the last few months, first being sold by R. A. Steen to J. C. Morrow, and from Mr. Morrow to Jack Wardlaw then to Mr. Kelly.

## MORE HOMES ARE MADE HAPPY BY THE "DEVIL"

Now that winter is with us, many wanting to be sure of getting the home news, are dropping in and renewing their subscriptions to the News. Among those renewing their subscriptions recently are: Joe N. Ross, Sonora six years; Mrs. F. J. Avant, Dilley, Texas, six years; B. R. Cauthorn, one year; Mans Hogget, one year; Mrs. Edith Bond, San Diego, Cal. Asa Hallum, Camp Allison, one year; D. Rape, Sonora, one year; Miss Annie Duncan, Sonora, one year; J. A. Leach, Sonora, one year.

The following new subscriptions have also been paid for: Loui Strackbein, Rocksprings.

If your subscription is about expired (look at the date on the address of your paper) or if you are not already a subscriber to the News, hand or send us \$2.00 for a year's subscription.

## Coming Attractions at The La Vista

Monday—"Hula," with Clara Bow and a strong supporting cast according to those who have seen the latest presentation of Miss Bow, this is one of the very best pictures offered the motion picture public this year. "Hula" broke all records at the palace in Dallas.

Tuesday and Wednesday—"Ben Hur" the world's greatest picture cost four million dollars to produce. Prices to this monster traction: children, 35 and adults 75. Doors open at 6:45 p. m. Show starts at 7:30 promptly. Special new music for these two entertainments.

Thursday—"A Sailor's Sweetheart" with Louise Fazenda and Clyde Cook. An enthusiastic bride in her first voyage on the sea of matrimony amid gales and laughter, waves of joy and atyphoon of laughs. There may have been funnier movies. We have't seen 'em.

Friday—"A Hero on Horseback" with Hoot Gibson and Ethlyne Clair and an action cast of rough riders and Bank robbers, sky limit gambling, etc. All through the picture there is the pulse of red-blooded western romance.

Saturday—"The Land Beyond the Law" with Ken Maynard and Dorothy Dwan is an original by Marion Jackson, author of "The Overland Stage" It is a tale of the days of cattle barons in the great Southwest and the first invasion of the law.

Visits Parents in Sonora  
Mrs. T. A. Williams and son, T. A. Jr., of Rocksprings, left the fore part of the week for their home, after a pleasant visit here with her parents, Mr. and Mrs. W. L. Aldwell.

## J. A. Ogden, 77, Buried in Angelo Friday

The remains of J. A. Ogden, 77, who died in San Angelo on November 10, were laid to rest in the new cemetery at that place on Friday, November 11th.

Mr. Ogden is survived by his widow and four children, three sons and one daughter: Ira and Floyd of San Angelo, Mrs. Guida Emfinger of San Angelo and O. C. of Sonora, all of whom were present when Mr. Ogden passed away.

Mr. Ogden was born at St. Joseph, Mo., in 1850 and came to Texas in 1865. He made Sonora his home for 37 years, keeping a grocery store in Sonora where the Tourist Hotel now stands. He was also one of the pioneer ranchmen of this section of the country. Mr. Ogden had been a member of the Baptist church for many years, the last five of which he was a member of the San Angelo Baptist church.

The funeral was conducted from Johnson's Funeral Parlor, with Rev. Wray of the Baptist church officiating.

Pallbearers included Dolph Butts, and several other close friends of the deceased.

## Commissioner's Hold Regular Meeting

The County Commissioners' Court met Monday to take care of routine matters, nothing of especial note occupying their attention. Commissioner 1; Roy Hudspeth, precinct no. 1; Roy Hudspeth, precinct no. 2; T. A. Bond, precinct number 3 and C. T. Jones, precinct four.

The quarterly report of Mrs. Smith was approved, and will be found elsewhere in this paper.

Bills of local merchants were approved and passed to County Clerk D. Lowrey for payment.

If you want to have some fun, come on the trip through Funland, Musicland and Mysteryland, with Taylor and Kaylor, the funmakers at Sonora High School, November 22, 1927.

## San Angelo News Notes

The City of San Angelo this week announced sites had been acquired for erection of the \$250,000 city hall, the new central fire station, and four sub-fire stations. Bonds for these projects were voted last spring. Such development ranks San Angelo high among Texas cities in municipal building. The total cost of the projects is approximately \$350,000.

No more than 30 per cent of the West Texas turkey crop will be shipped this year, in the belief of Dor Brown, Tom Green county agent.

Zach Jones of San Angelo is the only boys sheep club member in Texas to win a trip to the International Livestock Exposition at Chicago with all expenses paid, as a reward for the results he has obtained with his flock. He is the son of Mr. and Mrs. D. T. Jones of San Angelo.

West Texans who like football, and especially Texas University and A. M. former students, will have a chance to see the Thanksgiving game at College Station between the Longhorns and Aggies by going on a special train from San Angelo early Thanksgiving morning and returning that night after the game. San Angelo is the farthest city from College Station to run a special train there for the game.

The First Baptist Church of San Angelo has let the contract for a \$71,000 educational building. It will be erected on a lot adjoining the church building and will be of the same material, brick, as the church building. Hugh Meyers of San Angelo, who did the construction work on the church building, has the contract for the educational building. The Baptists intend also to remodel the church building and build a new parsonage.

## Ben Mittel Buys Sheep and Goats

Ben Mittel, prominent young Sutton county rancher, purchased 650 3-year-old ewes from Thomas Espy at \$12.50 per head. He also made the purchase of 600 mixed kids from Olive B. Page of Eldorado, to be delivered the first of the year. These animals will be placed on Mr. Mittel's ranch eight miles north of ...

## WYATT SELLS 33-SECTION LEASE TO WEEKLEY OIL

Sutton county deed records show that on July 25, 1927, D. J. Wyatt leased to the Weekley Oil Corporation of San Angelo and Odessa, some 33 sections of land in Sutton county in Block C, H E & W T Ry. Co. surveys. The price paid per acre for the lease was not learned. This is one of the largest lease transactions yet to take place in this county, and conclusively indicates that there is considerable interest in Sutton county's oil possibilities.

It is understood that the Philips Petroleum Company recently leased 10 sections from Jap Holman at a price of \$1.75 per acre, plus an annual rental of 50 cents per acre. This, however, was not confirmed by Mr. Holman.

## Sewer Work to Begin By First of Year

The passing of another month or six weeks at least, will see the commencement of work on the new sewer system to be installed here, according to Mr. Willey of the Municipal Engineering Company of Dallas, Mr. Willey was here Tuesday and Wednesday with some papers to be signed before the bonds, now pending with the Attorney General of Texas, can finally be approved.

Mr. Willey, who is an engineer for the company and who was here before the election, stated that Mr. O'Neel, president of the company, would be here some time next week with full particulars as to when the work would be started, and would consider bids for material.

## CLOTHES WANTED—SEE TROY

Troy White, the congenial and efficient meat cutter at the City Market, stated to a representative of the News early Wednesday morning that he had a straw hat, "ice cream cones" B. V. D.'s and other summer regalia that he would trade, barter or swap for some winter togs. For further information regarding the trade, see Mr. White at the City Market.

## Armistice Program at School Thursday

An interesting patriotic service was held at the school house Thursday morning in observance of Armistice Day with pupils of the school representing various phases of the war, as follows:

1. Song—America the Beautiful.
2. Prayer by Rev. J. A. Stephen
3. Reading of president Coolidge's Armistice Day Proclamation by Estelle Watkins.
4. Representation of countries in the war—High School Girls.
5. Representation of Absolutism opposed by Liberty.
6. Song—Girl's Glee Club.
7. Representation of Soldiers in camp—group of high school boys with song accompaniment.
8. Red Cross Nurses in attendance on wounded soldiers, song accompaniment by Estelle McDonald.
9. All Nations represented in peace Song—America.

## O. S. T. Stage Bus Seized by Pro Officers

Answering a call to haul a trunk from Del Rio to San Angelo, Virge Bowen, driver for J. B. Lee's bus line, was taken into custody by Del Rio officers Tuesday morning. Bowen was lodged in jail and the car was taken by the officers. Investigation proved that the trunk contained a goodly assortment of liquor, to be delivered to another Mexican in San Angelo.

Mr. Lee went to Del Rio Wednesday morning to see if the matter could not be straightened out, arguing that the proprietor or driver of a bus line was as free of guilt in such a case as the owner or engineer of a locomotive.

The car was stopped and the trunk removed without a search warrant. Evidently the officers were acting on a direct tip from someone, as they knew exactly which trunk contained the contraband.

## OKLAHOMANS HERE TO HUNT DEER

Messrs. McAlester and Cowling of McAlester, Oklahoma, arrived in Sonora the first of the week to hunt deer. They stated that this section had been highly recommended to them by the Sheriff's office, and Sheriff B. W. Hutcherson accompanied them on the hunt.

Mr. McAlester is Mayor of McAlester, a town of 15,000 population, in the heart of Oklahoma's coal mining region, and is a grandson of the man the town was named after.

## J. W. Trainer Buys Harvey Morris Ranch

J. W. Trainer, proprietor of the Friendly Store, has purchased the Harvey Morris ranch eleven miles northwest of Sonora and also 600 of the best ewes in the county. The deal involved approximately \$45,000.00. This is one of the best four-section ranches in the county, being well watered and cross-fenced. In the deal Mr. Trainer bought a few cows.

## Hull Will Attend Ford Meeting, Dallas

See Herbert Taylor, the clown magician and ventriloquist at the school auditorium, Tuesday, November 22, at school auditorium. This clown is an artist in his field.

## Sam R. Hull this week received a message from the Dallas branch of the Ford Motor Company advising him of a statewide dealers meet early next week. The parley, beyond any doubt, said Mr. Hull, would be for the purpose of viewing the new Ford models, and possibly of distributing a number of cars among the dealers. Mr. Hull feels confident that models of the new car will be in Sonora before the end of November, and in all probability by Thanksgiving Day.

Mr. and Mrs. Roy Aldwell attended the Sul Ross-Schreiner game in Del Rio last week-end.

**BROADCASTING FROM SONORA**  
BY DANIEL O. PAYNE

Radio Station H. S. P. broadcasting from Sonora, Texas. The Devil's River News celebrated its thirty-seventh birthday on the 18th of last month, and though having weathered many turbulent spells of weather, it ate citizens, I. W. W.'s who wanted their literature circulate through its columns, and every other kind of calamity, is well and strong, and doing fine, thank you most to pieces.

Of course, we have our troubles the same as you and everyone else, not the least of which troubles comes under the classification of keeping the columns full of good, live news, of local interest, and also full of good, reasonable advertising, full of benefits for the advertisers and for the Devil's River News.

First on the program today is a talk on football by Roy E. Aldwell. This is a super special, and laying all joking aside, he knows his comestibles on this subject. Mr. Aldwell, though you wouldn't think it to look at his youthful appearance and bearing, attended A and M College something like 22 years ago. He has kept a close watch on the school and on its athletics activities ever since, and has A and M doped to beat Texas and S. M. U. this year. He is backed up in this decision by no less a personage than Tom A. Bond, and seriously after listening to these two tell about A and M and what they're going to do to their opponents from now on out, we've decided to take only a spectator's interest in the games. Many's the time we've wished for someone to guide us right on the subject of the wily pigskin, and it is no little gratitude we feel towards these two gents for making it plain to us that A and M is unbeatable. The day after you get this paper, Saturday, you will know whether or not they were right. That's when A and M plays S. M. U. at College Station. Wait and see.

Well, football being our pet hobby, we've been full of nothing else for weeks. But bearing in mind that just possibly everybody in the world isn't as crazy about the game as we are, we've arranged for a somewhat diversified program this week. So the next number will be a gladsome little ditty, sung by our own girl's glee club, bearing the cognomen of: "She was only a craps shooter's daughter, but she was passing fair." The girls have been practicing on this song very diligently for the past two weeks. They've been using the old dance hall over on the other side of the draw. Many people will be relieved to know that the noise they've been hearing has emanated from this source, as they believed that someone was being murdered, judging from the wails and moans issuing therefrom. The girls are really good singers though. I know, because they told me so.

Well, Will Rogers got famous telling jokes, and though I have no wish to become famous, just rich, I see no reason why Will should enjoy a monopoly on wisecracking. And speaking of wisecracking, did you hear about the man who called a wise crack a "sophisticated crevice?" Not bad, is it?

Have you met Bill McKemie? No? Well, Mr. and Mrs. and Miss Sonora, allow me to present the distinguished boy in person. Surely, Bill needs little introduction to most of us. But for the benefit of those who just possibly haven't had the pleasure, let me explain that Bill is the dashing young Lothario from Wichita Falls. Oh, wait, that's not all. I should perhaps explain that for seventeen long years, Bill did practically all the whitewashing there was done around his home town of Gainseville. After S. M. U. and the University of Pittsburg, however, he adjourned to Wichita Falls, where he now engages in the ice business. But in spite of that, he's a hot number.

We didn't know what to call on Bill (Pete) McKemie to do this week. The boy is as versatile as everything. He can imitate Irving, play poker, shoot pool, bang the guitar, figure compound interest, write poetry, checks on the folks back home, and is just a general all-round boy. All this, mind you, in addition to his good looks, which should really have had first mention. So, we'll just turn this broadcasting service over to Bill for the remainder of the program. Mr. McKemie now speaking.

Howdy, folks. I believe that this is the correct way to start off, isn't it? Well, I must say this stirring introduction has me somewhat nonplussed as to what to do. However, seeing as how I agreed to take the job, I really must do something, so for the opening number I'll recite you

**Stephenson Sells More Livestock**

Sale of ten registered Angora bucks being the last for sale, were reported to the News Tuesday morning by G. W. Stephenson. These goats were sold by Mr. Stephenson to Mr. Burrus of Schleicher county at \$26.00 each.

Mr. Stephenson also sold two fine Jersey milk cows to Mr. Springsteen of Eldorado, one at \$75 and the other for \$100. Mr. Springsteen recently purchased two cows prior to the purchase of these from Mr. Stephenson.

a little poem which my buddy, Walt Nelson, and I composed. On second thought, we'll sing it for you. Ready with the piannissimo?

Close harmony:  
"Oh, why don't it rain on me,  
"Oh, why don't it rain on me?  
They say rain makes the flowers beautiful,

"So why don't it rain on me?"  
It did rain on him yesterday, or started to, and he had to climb in out of the jump seat with the young lady he was riding with.

Well, Bill says that effort exhausted him, as he and one of our handsome school marms nearly caught pneumonia, offered to put his coat or even his arm around her, but it was no go. Big hearted boy. So I'll take charge again.

We are often treated to some rare entertainment over this radio station, but seldom are we privileged to enjoy anything so out of the ordinary as the next number on the program. Believe it or not, but Bill Gilmore, our Mayor, is going to sing for us this evening. Oy, what a voice. I'll bet he can sure call the hogs.

In order to prepare you for the shock, it should be explained that Bill little as you'd think it, is a former grand opera singer. Here he has been with us all these years, and never so much as a warble have we heard. Going his way as a prominent business man, demonstrating his ability and talent in many ways, and otherwise

engaging the community, not once has Gilmore referred to the time when audiences sat spell-bound, packed and jammed into huge theatres and auditoriums, to listen to the tinkling notes of his silvery voice. We feel many years of silence. It came about in this way. Our old friend, Florenz Ziegfield, who has won so much fame with his follies, recently wrote us that David Belasco was offering fame and fortune to any person who could give information as to the whereabouts of a once-famous lyric tenor who had mysteriously disappeared. A picture of the singer, known then as Billoso Gilmorsky, accompanied the letter, and despite bushy whiskers, hair parted in the middle, and other distracting factors, we instantly recognized in the picture, the handsome face of our Mayor, William C. Gilmore. We wrote to Mr. Belasco giving him our information, but he could hardly believe his good luck. He wired back asking us to have Mr. Gilmorsky sing over our 3,000 watt radio station so that he could hear and judge for himself whether or not the real Gilmorsky was tucked away in our mountain fastness. So that's how it got started. By special arrangement with the government, all other broadcasting stations in the United States, Canada, Mexico and Edwards County will be off the air five minutes, during which time the millions of radio fans and music lovers all over the North American continent will listen while Gilmore makes his comeback. He will sing: Oh, I know a place where the sun is like gold,  
And the cherry blossoms burst with snow,  
And down underneath is the loveliest nook,  
Where four-leaf clovers grow.

A wire from New York, folks! Belasco says its Bill, all right, and to hold him by love, force or money until he arrives at our municipal airport on top of the Sonora Motor Co.'s building, in his Stinson-Detroiter non-stop airplane. Whops! Another local boy makes good in pastures green! Hurry and get Mr. Gilmore to autograph your memory books before he leaves us. We've just signed a contract whereby Mr. Gilmore will write the history of his life, from his start as a penniless newsboy on the crowded streets of Owensville through his successful career as a hardware man and prince to this final pinnacle of fame and fortune. These stories will appear weekly in the Devil's River News, and we will start printing 5000 extra copies per week at once, and if this will not supply the demand, we will print 100,000 extra copies.

### Bronchs Will Battle Ozona Here Today

Football of varsity brand is expected to be served to devotees of the ruled-off gridiron here Friday afternoon, when the strong Ozona Hi team journeys to Sonora. The Bronchs thirsty for victory because of their defeat by the Ozona boys the first of the season, are on their toes, ready and eager to return the compliment and promise to hand the boys the same variety of pigskin manipulation which humbled the strong Eldorado team here a week ago.

The game will start promptly at 3:30 and will be one of the best and hardest fought games ever to be witnessed on the local field. The Ozonians will fight and the Bronchs won't lie down on the job. There's going to be a conflict, folks.

While Sonora was whipping Eldorado 6 to 0 last Friday afternoon, Ozona was meting out punishment to the Rocksprings eleven to the tune of 13 to 7. Since Rocksprings defeated Sonora the week before, the comparative strength of Ozona and Sonora can be estimated to a fair extent as far as dope goes.

This will be the first game between Ozona and Sonora in several years, which is another factor insuring a hotly contested game.

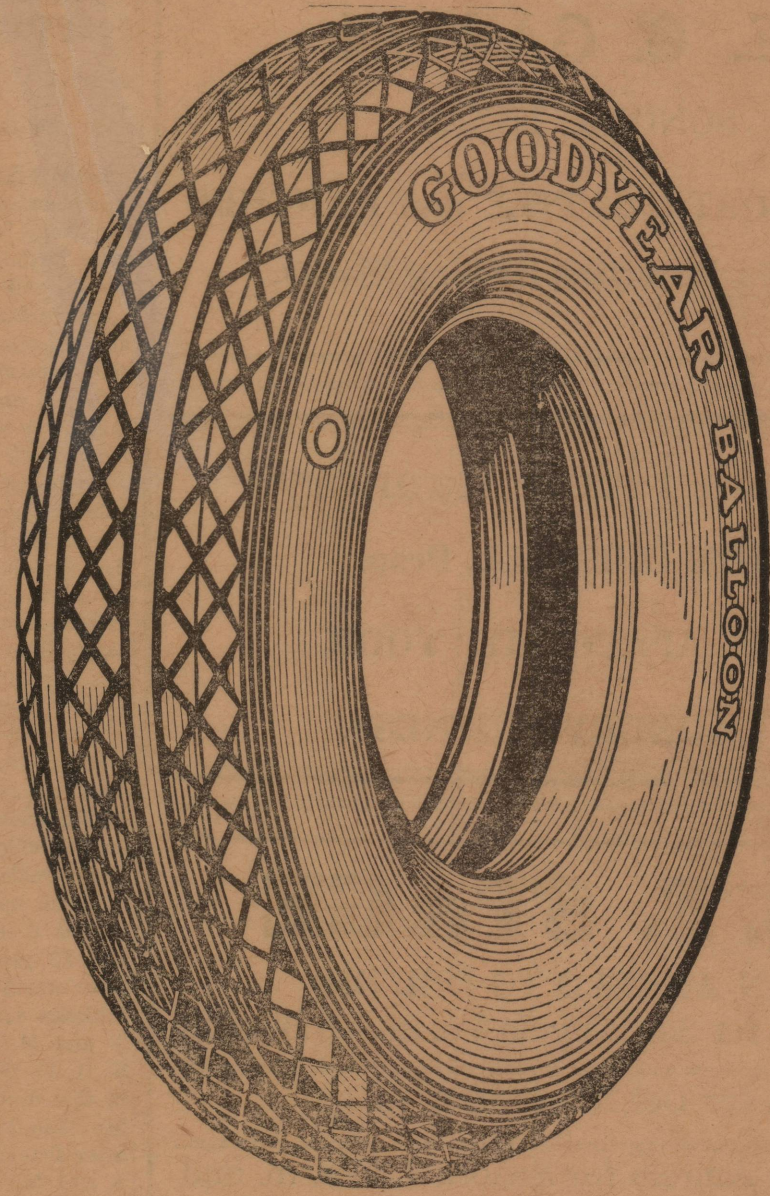

### DOROTHY BAKER WAS HOSTESS TO HER FRIENDS

Miss Dorothy Baker, daughter of Mr. and Mrs. Sterling Baker, entertained with a dinner party for several girl school mates last Monday evening at the McDonald Hotel.

Following the dinner party, the little guests enjoyed a very delightful evening at the La Vista Theatre.

Those enjoying Miss Baker's hospitality were: Misses Duncan, Muriel Simmons, Jesse Louise Evans, Zella Lee Thorp, Allie Halbert, Lena V. Stokes, Alice Sawyer, Elan White and Lottie Hull.

 Motorists are learning that there is a big difference in Tires, although they look pretty much alike. Some are long on looks and short on quality and mileage. But you won't need a microscope to be sure that the Goodyear tire you get from us is a real buy. Goodyear mileage tells the story.

Today, more than ever, more people the world over, ride on Goodyear Tires than any other kind.

AND YOU GET THIS KIND OF SERVICE--FREE

We don't just sell you a tire—we'll apply it promptly, see that your rims are free from rust, and that the tire is correctly inflated. Then after it is on and running we will inspect it at any time and apply conservation measures to help you get all the miles of service that the factory has built into it. This kind of service means tire dollars saved. We do it free for our customers.

# First New Ford On Display

AT DEABORN

Detroit, Oct. 24.—The New Ford no more resembles the car formerly turned out by the company than a graceful porpoise resembles a whale. It is a smart looking automobile, low and rakish, and is thoroughly up to the minute in appearance. It can make fifty miles an hour easily and sixty if pressed.—New York Times.

We have installed the latest machinery to take care of all makes of automobiles, as it will be necessary to have this new equipment for the New Ford Car that is being produced.

We are equipped to do reboring and honing of cylinders. One of our latest equipment is cutting valve seats and grinding valves, making a perfect fit so there is no loss of power.

We have found in 14 years experience in valve work that valves are burnt, pitted and warped and should be resealed at least once a year. This will save you fuel and your engine will run as new.

We understand that the only part of the old car that will be used is the battery and it is used in 80 per cent of all cars as it is a 13-plate Rubber Case battery and one of the best batteries made. We are making a specialty price this month. More information regarding the New Ford will be given in this space later.
