"Sonora Has Last Chance for Railroad"--Aldwell

TWO MEXICANS KILLED IN CAR WRECK TUESDAY

Fast driving in a Chevrolet truck and bad lights resulted in the death of Elias A. Albarado and another Mexican, 55, when the truck collided with a culvert one mile north of here near the Sonora Park Association's gate. A half score of children were bruised, but not serious, excepting one who sustained a broken leg.

The Mexicans were enroute from Sweetwater, where they had been picking cotton, and were on their way to their home at Crystal City. Twelve were in the smash-up. They were rushed to Dr. Blanton's office for attention.

The boy was buried here yesterday and the elder man was carried to Del Rio where his wife was to have met him.

According to reports the driver had been warned about reckless driving by occupants in the truck. Lights on the truck went out and the truck hit a culvert, scattering Mexicans and bedding for forty yards.

City Market Now in Its New Home

Penick and Sauter moved their market the first of the week from the W. O. Hightower & Co. store to its new home in the Savell building.

This new place affords them much room and is a very attractive place.

R. J. Cook has completed the barbecue pit and smoke house in the rear of the building and will be ready for use by the time this paper reaches you.

These gentlemen are striving to give their customers the very best in fresh and cured meats.

Mr. and Mrs. Ruseh Martin visited here Wednesday.

Hallowe'en Program at Woman's Club

The Woman's Club met yesterday afternoon at three o'clock at the Club Hall with Mrs. Bill Gilmore and Mrs. Orion Brown as hostesses. Business was dispensed with first. Reports from the various committees were heard and acted upon. A new committee was appointed by the president to investigate the cost of laying a cement walk in front of the Club Hall.

A Hallowe'en program followed. Mrs. Bill Gilmore read an interesting paper on the origin of Hallowe'en. Master Wesley Sawyer gave a reading. Refreshments were served to about sixteen members and two guests, Mrs. Jurgens of San Angelo and Miss Ellen Mayfield of El Paso.

Mrs. Ed Mayfield has as her guests this week Mrs. Jurgens of San Angelo and Miss Ellen Mayfield of El Paso.

Hulls to Dallas for New Ford Cars

Charlie Hull left the fore part of the week for Dallas for three new Fords. His wife accompanied him as far as San Angelo where she remained with her parents, Mr. and Mrs. William Mittel. They returned to Sonora the latter part of this week.

Fred Hull left Thursday evening for Dallas, and Sam Hull will go next week. They will also go for new cars.

Mrs. W. H. Perry was in San Angelo Wednesday visiting with her daughter, Mrs. John Smith, who underwent an operation at the San Angelo Hospital Monday. Mrs. Smith is convalescing nicely and will be able to come home next week. Mrs. John King and Mr. Smith and two boys accompanied Mrs. Perry.

SONORA-ALL STARS GIVE ELDORADO GOOD DRUBBING

The Sonora town team Tuesday evening staged a scrappy fight to defeat the Eldorado all-stars at Eldorado. The game was anybody's game until the last quarter when Sonora chalked up a total of thirteen points to cinch the game. The first counter for Sonora was made when Joseph Trainer made eight yards for first down. Hollmig and Houston Stokes made touchdowns and a kick for extra point netted thirteen points for the visitors.

Sonora's line-up:
Right Guard John McClelland
Right Tackle Lloyd Earwood
Right Guard John Eaton
Center Hillman Brown
Left Guard Raymond Barker
Left Tackle R. Pfeister
Left End Alvin Hollmig
Quarterback Joseph Trainer
Right Half G. Bailey
Left Half Floyd Ridley
Substitutes were: Houston Stokes, L. Hill, D. Hill and Holland.
Bill McCurdy, Raymond Barker and George Edward Allison's playing featured the game.

MISSIS ALLISON AND WARDLAW HOME AGAIN

MRS. JOHN HEFLIN, 57, WAS BURIED HERE TODAY

Mrs. John Heflin, 57, who died in California Monday evening was buried here this afternoon at three o'clock, beside the grave of her husband who was interred here nineteen years ago.

O. E. S. Delegates to Convention

At a regular meeting of the local chapter of the Eastern Star Tuesday night delegates were chosen to attend the O. E. S. Convention which convenes in El Paso next week. Mrs. Driskell, Worthy Matron; Mrs. B. W. Hutcherson and Miss Estelle McDonald were chosen.

The delegates will leave Sunday morning via automobile. They will be joined on this trip by Mrs. Horace Rees, Worthy Matron of the Big Lake chapter; Mrs. Treadwell Worthy Matron of the Menard chapter and Mrs. Clay Holland, Worthy Matron of the Fort McKavett chapter. The convention starts Monday night and continues until Thursday at which time these ladies will return home.

Mrs. J. S. Holman was visiting here the fore part of the week.

Mrs. Gilmore Visited Big Lake Schools

Mrs. Sidney Gilmore, of Sonora, and president of the Parent-Teacher Association of the 6th district, was in Big Lake Wednesday in attendance upon the first meeting of that body for the present year.

Mrs. Gilmore was escorted through our splendid high school building by Superintendent Cravens and Mrs. John Hibdon, president of the Parent-Teacher Association. She was not only surprised at the splendid building and unexcelled equipment but expressed herself as astounded. And it is safe to say that she will not quit talking about it for months to come and her talk will mean much to our school and town for she dearly loves to talk and especially when some special achievement is accomplished by a small town. She likes a progressive town and a progressive people, and she found both in Big Lake—Big Lake Wildcat.

HARRISON INSPECTING FLUES FREE OF CHARGE

F. O. Harrison, of the Harrison Plumbing and Sheet Metal Works, has made the announcement that he would inspect all flues free of cost. He states that this is the time of the year when this should be done, as cold weather is near when all flues will be in use.

"This may prevent many fires," he declared, and is ready to assist in preventing dangerous blazes.

OFFERS RANCH FOR SALE

Rev. L. R. Millican, who is well known to Rev. J. A. Stephen of this place, is this week advertising a twenty-two section ranch in eastern Hudspeth county at a bargain. The ranch is well-watered and some leased land goes with the deal. Find his advertisement in this issue of The News. Adv.

ALDWELL URGES COUNTIES TO ACT QUICKLY

According to a long distance phone message this afternoon from W. L. Aldwell, who is in San Angelo, the Orient property has been received by the Santa Fe system. The message stated that the directors of the Santa Fe had handed to W. T. Kemper the sum of \$8,600,000 today. The entire purchase price amounted to \$14,507,000, with the purchasers assuming the \$2,500,000 government mortgage. The balance of the purchase price was paid in English notes a month ago.

The present officers of the Santa Fe were elected as officers of the property, the message read. W. T. Kemper will remain receiver of the Orient interests until all the Old Mexico property is settled.

Mr. Aldwell informed The News that this was the last chance and only chance for Sonora to get a railroad, and that a meeting would be held at an early date in San Angelo with delegates from Sutton, Val Verde and Schleicher. It is understood that the present railroad dump and a cash bonus of several hundred thousand dollars will be donated. Delegates are wanted from the three counties.

It is believed that the Santa Fe will extend the line from San Angelo to Del Rio provided the cash bonus is enough to justify the project.

J. W. Trainer Back from Market

J. W. Trainer, proprietor of the Friendly Store, returned from Dallas last night where he had been to purchase new stocks of dry goods and gents furnishings. His stock will be replenished with brand new goods consisting of men's shirts, shoes, hats and novelty goods, etc.

U. S. CAPITOL

By William P. Helm, Jr.
Washington Correspondent of The News.

Washington, Oct. 18—What is the matter with the Democratic High Command? With less than three weeks to go until election day, the party punch is withheld, the greatest vote-getter of a generation is shunted in silence through a tier of doubtful Southern States and nowhere is there being exercised the generalship that should make the closing days of the battle snappy, decisive and filled with action.

It is high time that Democratic National Headquarters was swinging into the fight with the vim and vigor of which it is capable. Al Smith's managers have come in for vast criticism during the past few days for their seeming lack of action. And from every side has come signs something must be done if the tide is to be turned back. Last week was the best, on the surface, that the Hoover campaign has yet enjoyed.

An undeniable drift to Herbert Hoover in almost every section of the country has set in strongly during the past fortnight. It is a drift that threatens a Hoover landslide November 6. To trained political observers, the seeming inaction of the Smith managers at this critical stage of the campaign simply cannot be explained. They have, at best, an uphill fight of the hardest sort now if they are to win. Every day makes it harder.

It looks today as if Herbert Hoover would win easily. If he does, then Governor Smith will have to thank for his defeat the group directing his own campaign. The fault will lie largely with them. Certainly it will not lie with the eager and loyal Smith workers out in the field. They have been ever ready for direction. They have begged for orders. They went into this campaign full of enthusiasm. Something happened to retard, handicap or prevent the full use of these splendid shock troops.

Unless Democratic headquarters comes to life soon, the result will be a debacle for Smith forces. There may be yet time to turn the tide. But every day is precious. The political atmosphere in charge of this campaign to be the hottest Democratic onslaught of the century have lost much of their opportunity. History has an analogy, in a way, woven around an emperor who played on his fiddle while Rome burned.

The campaign during the past week has been too one-sided to make good newspaper reading. That red-hot Democratic newspaper the New York World, sent a man into the field to set up, every week, a tabulation of the prospective electoral vote. His first analysis showed 203 for Hoover, 146 for Smith and the remainder doubtful. Apparently he couldn't make as good a showing on the second week, for there was no second tabulation.

The Literary Digest poll shows Hoover leading in every State except five—and that with a poll of 2,000,000 votes. The veteran campaigner, David Lawrence, after visiting ten Eastern and Atlantic States where Smith had splendid prospects early in the fight, found Hoover sentiment so predominant that he had difficulty in writing stories that would appear impartial to his Democratic papers.

Gould Lincoln of the Washington Star, out barnstorming, also attempted to set up a tabulation of votes for Smith and Hoover. His listing shows 190 votes certain for Hoover and 102 for Smith. The latter are made up wholly of the Southern States—a conclusion reached by Mr. Lincoln before he visited the South. Not a State North or West of Dixie was counted as sure for Smith.

The Hearst poll shows Hoover leading by a considerable majority. It puts him ahead in Democratic strong holds (as does the Literary Digest

W. T. HART LEAVES ON VACATION FOR NORTH TEXAS

W. T. Hart, proprietor of the Highway Filling Station, will leave Monday for Denton County to visit relatives and friends. He will be gone for a week or ten days. The trip will be made in his new Whippet coupe.

During his absence, Mrs. Canning Odonnell will be in charge of his filling station and grocery store.

(poll) such as Texas and Alabama. Former Senator Robert L. Owen, back in Washington, after a tour of the South in which he spoke against Smith but in favor of all State and local Democratic nominees, says Oklahoma will give Hoover 100,000 majority and that Texas and Arkansas are likely to cast their ballots in the Hoover column. Senator Simmons of North Carolina is thoroughly convinced that the Tarheel State will give Hoover a comfortable majority.

The Democratic Washington Post gives Smith only a slight edge in Missouri; says Kansas City is Hoover's by 10,000.

These things are significant. If they foretell anything with accuracy, they foretell a Hoover victory of large proportions. Straws, to be sure, but indices of the way the wind is blowing. And in the face of this discouraging showing for Mr. Smith, the Democratic High Command sends him for a series of conferences—but no speeches—through the South. It is a new sort of campaigning; a new sort of generalship; sorry sort, it would seem.

Your correspondent has canvassed the opinions of upwards of 50 of the veteran correspondents covering the campaign. Only two profess to believe Smith has more than an outside chance. Some of these men have been out in the field. All feel that the Smith managers—not Governor Smith himself—have fallen down in their conduct of the campaign.

Of course, the newspaper men are not running the campaign. They are not planning its strategy. They merely observe the lack of it. It may be that the Democratic managers have something up their sleeves—something that will be cyclonic in its effect.

It will have to be a veritable whirlwind and it will have to be unleashed in hot haste if it is to win the day for their candidate. Otherwise a Hoover landslide is on its way. Al Smith has but three States today, in this correspondent's opinion. They are: Mississippi, Louisiana and Arkansas. In other States which incline to him at the moment the Hoover forces are making inroads. These States are Virginia, Georgia, Texas, Missouri, Montana, Rhode Island, Tennessee, Wisconsin, Minnesota and Nebraska.

New York was Smith's a month ago. Today it is swinging to Hoover. If ever a State belonged to anyone, New Jersey was Smith's six weeks back. But today—New Jersey is for Hoover and it will be for Hoover November 6 unless the Democratic strategists make a master move to win it back. Connecticut seems lost to Smith, and Massachusetts veers toward Hoover.

The campaign appears to be playing out. The amateurs and the wisecracker and the know-all have got to get in their fine work. What Al Smith needs now is a hardboiled practical politician to run his campaign. The present managers have just about succeeded in snatching defeat from the jaws of victory. They have almost accomplished the impossible, namely, the making of a loser out of the most genial, winning personality and the best vote-getter their party has named for many years.

Mrs. E. E. Sawyer and her Sunday School class gave a "42" party on Tuesday evening Oct. 16. The party was given at the Woman's Club. The benefits from this party are going to help furnish the Sunday School room.

The evening was delightfully spent from eight until eleven. At the close of a series of games, Miss Barbara Way won high score for the ladies, which was a beautiful china cream pitcher set. Grady Blaylock won high score for the men, which was a cigarette lighter.

A plate lunch consisting of chicken sandwiches, potato chips, sweet pickles and hot chocolate or coffee was served.

Grimland Prepared for Finger Printing

J. E. Grimland, who has charge of the Sheriff and Tax Collector's office here during the past few years, has made an enviable record as a finger print expert. Through his keen observation in this line of work, Mr. Grimland has been responsible for the arrest and conviction of several notorious criminals over the State. He holds a diploma from the University of Applied Science, and has since been practicing finger printing.

For about a year he was employed by the County Commissioners of Reagan County to assist R. W. Weatherly in the Sheriff and Collector's office at Big Lake. He left that place a few months ago and is now employed by Sheriff Hutcherson at the court house.

Mr. Grimland has all the necessary equipment for finger print work, including camera, microscope, etc. He has been complimented by several finger print experts and by the U. S. Government for his work. He has one thousand photographs and finger prints in his rogues gallery in his office.

Mr. and Mrs. J. S. Holman spent Tuesday afternoon here visiting relatives and friends.

WHY THE EDITOR LAUGHED

The following article from the Sandusky, Ohio, Tribune might be of interest to one or two of the local merchants:

The editor is helping himself to a big laugh. He has a letter from a home merchant urging that he roast folks who trade out of town. What's funny about that? It's written on a letter head that was printed out of town.—Sandusky Tribune.

FOR A GOOD CAUSE

The Sonora Parent-Teachers Association are soliciting subscriptions to The Devil's River News on a 50-50 basis—the association gets half the money and The News the other half.

Most everyone knows the value of a Parent-Teacher Ass'n., and should be willing to help it along. A newspaper is constantly boosting for the

welfare of your schools, churches, civic organizations and town in general. You get value received when you subscribe for The News.

NEWS BUYS ELECTRIC SIGN

It pays to advertise. Realizing this, this paper has purchased an electric sign of E. T. Neill of Eldorado, and will be installed in the near future.

Mr. Neill, besides having had considerable experience in the building of electric signs, is an artist and designer in this line of work. He has sold several of the larger business firms in San Angelo and San Antonio electric signs which have been very satisfactory. He was here this week to see the Sonora Lions about their large welcome sign. He has spent some time in San Antonio in learning the art and is now master of the business.

Mr. Neill is a brother of Geo. H. Neill of Sonora, assistant cashier of the First National Bank of this place.

SUPPORT SCHOOL ATHLETICS

The local high school boys will meet the Rocksprings High School team here Saturday (tomorrow) in a football game. Every citizen and business man who has the time should see this game and boost for your home team.

Most of Sonora's boys are youngsters and inexperienced, and a little support given would be appreciated and make the boys feel as if the town and citizenry were behind them, and interested in what they are doing.

Tickets for this game are being sold. If you cannot attend, at least buy a ticket. It will be a very small amount of money and will help the athletic fund.

School athletics are very important in any school, and deserves the moral and financial support of the town. Do your duty and be there if you can.

MAKING THREATS IS DANGEROUS PASTTIME

Making threats is a dangerous pasttime, as has been learned by none other than "Bronc" Wilson editor of the Devil's River News, published at Sonora. Although Wilson did not get shot, but there has been some shooting done.

Some two or three horses have been running loose on the highway between Sonora and Eldorado, and that is "mighty" dangerous for motorists. Besides, that sort of thing is out of style, livestock loose on the highway with the owner's cognizance or connivance.

"Bronc" threatened to kill those horses—then someone did kill 'em. And the State Highway Department sent out and burned the carcasses.

Now "Bronc" is tearing his hair and bringing up aibis by the score. But he says he did his duty by excoriating the owner in the first place even though said individual did not take the animals off the highway.

Likewise, "Bronc" says he is "offen" this thing of making threats.—Harry Williams in S. A. Light.

Sonora Motor Co. Gets Car of Oils

Ed Hollmig, local truck contractor, this week finished the delivery of a car of Texaco oils for the Sonora Motor Company here. The car contained about eighty-five barrels of different grade oils for any motor.

Mr. Hull states that this oil will be sold by the barrel to ranchmen, and that a considerable saving can be effected by buying in quantity lots. The oil will be cheap for windmills, etc., he said.

Boy Scouts Had Large Attendance

At a regular meeting of the Boy Scouts Monday night in the basement of the Methodist Church, one of the best meetings of the year was held.

The third patrol was organized with Elwood Dunklin as leader and Lea Roy, Aldwell, assistant leader. This patrol has been named the Hawk patrol. Each patrol held their own deliberations and discussed future plans and business.

The meeting was then called to order again and an Indian hand wrestling bout was staged. Edwin Sawyer was the winner of this event. Scout Edwin favored the boys with a piano solo.

John Hull is leading the Scouts in the 100 Per Cent Duty Contest recently engaged in by the Scouts.

Boyce Yates, a new boy from Arkansas was voted upon for membership in the Scout organization. Max Turney also made application for membership.

A hike for the Scouts will take place next Tuesday. All Scouts must be able to pass a test to be given by Scoutmaster Foster. This will afford the boys to make extra points in the 100 Per Cent Duty Contest.

THE STATE OF TEXAS,

To the Sheriff or any Constable of Sutton County—Greetings:

You are hereby commanded to make publication of this citation summon S A L O M E GALINDO once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, (which has been published and had a general circulation for at least one year continuously) to appear at the next regular term of the District Court of Sutton County, Sonora, Texas, on the first Monday in November, A. D. 1928, the same being the 5th day of November, A. D. 1928, then and there to answer a petition filed in said court on the 14th day of September, A. D. 1928, in a suit, numbered on the docket of said court No. 596, wherein Marie Rodriguez Galindo is plaintiff, and SALOME GALINDO is defendant, said plaintiff alleging that plaintiff and defendant were lawfully married in Edwards County, Texas, about the year 1911 and lived together as husband and wife until about the year 1916, when and at which time the defendant, without any just cause whatever, left and abandoned this plaintiff, and returned to Old Mexico where he again married another woman; that the defendant has never returned to plaintiff, and they have not lived together as man and wife for more than eleven years; that defendant's action toward plaintiff in so abandoning her is of such a nature as to render their further living together insupportable.

Plaintiff prays for judgement dissolving the marriage relations now existing between plaintiff and defendant, for costs of suit, etc.

HEREIN FAIL NOT, but have you before said court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, in the town of Sonora, Texas, this 14th, day of September, 1928.

 Clerk, District Court, Sutton County Texas. 4-t-9-21-28 c.

Gov. Smith Says ---

I pledge to the farmers and to the people of this country that no stone will be left unturned to give immediate and adequate farm relief.

He (Hoover) wants to drive enough farmers out of business to pull down the surplus crops.

The way he wants to relieve the farmer is to destroy him.

Mr. Hoover, as the chief adviser of the last two administrations, upon the subject of agriculture, assumed a direct responsibility for the hostility and inaction of the Administration, and continues to assume the responsibility by his fulsome indorsement of the record of Coolidge policies.

"Do you believe that liquor is the great issue of this campaign?" I certainly do not.

The absolute separation of state and church is part of the fundamental basis of our Constitution. I believe in that separation and in all that it implies.

I can think of no greater disaster to this country than to have the voters of it divided upon religious lines.

If there is any citizen of this country who believes that I can promote its welfare, that I am capable of steering the ship of state safely through the next four years, and then votes against me because of my religion, he is not a real, pure, genuine American.

CITATION BY PUBLICATION

THE STATE OF TEXAS) COUNT YOF SUTTON)

To the Sheriff or any Constable of Sutton County—GREETING:

YOU ARE HEREBY COMMANDED, That you summon by making Publication of this Citation in some newspaper published in the County of Sutton, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published once in each week for four consecutive weeks previous to the return day hereof, Mamie L. Gilmore whose residence is unknown, to be and to appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Sutton at the Court House thereof in Sonora, Sutton County, Texas, on the 18th Monday after the first Monday in July, same being the 5th day of November, A. D. 1928, then and there to answer a petition filed in said court on the 5th day of October, A. D. 1928, in a suit numbered on the docket of said Court No. 600, wherein Sidney A. Gilmore is plaintiff.

The nature of the plaintiff's demand being as follows, to-wit: That the plaintiff and defendant were married on or about the 20th day of November, A. D. 1918, in Ft. Worth, Tarrant County, Texas, and that before said marriage defendant's name was Mamie Latowski, and that they continued to live together as husband and wife until on or about the 23rd day of March, A. D. 1928, when by reason of cruel and harsh treatment and improper conduct of defendant toward plaintiff, he was forced and compelled to leave home, since which time they have not lived together as husband and wife. Plaintiff alleges that during the time he and defendant lived together, as aforesaid he was kind and affectionate to her and always provided for her support and maintenance, but defendant unmindful of the duties and obligations of her marital vows, about two years prior to their separation, began a course of unkind, harsh and tyrannical treatment towards plaintiff and would often abuse plaintiff and apply to him the vilest and most opprobrious epithets without any cause or provocation whatever on part of the plaintiff; in August, 1927, defendant in a fit of anger and rage declared that she would never live with plaintiff again and also accused him of things and acts which were not true; Plaintiff further sets out that defendant is much older than he is and is so insanely jealous and of such a suspicious disposition, that it is utterly impossible for plaintiff and defendant to live together as husband and wife. Plaintiff further alleges that in the early part of 1926 he made over their home, which was entirely free of all debt, to the defendant. Plaintiff alleges defendant's actions and conduct toward him generally are of such a nature as to render their future living together as husband and wife insupportable, the premises considered. Plaintiff prays the court for dissolution of said said marriage relations and for such other further relief that he may be justly entitled to, special and general, in law and in equity.

HEREIN FAIL NOT, and have you before said Court, on the said first day of the next term thereof, this writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Sonora this, the 10th day of October, A. D. 1928.

(Seal) J. D. LOWREY, Clerk District Court Sutton County, Texas. 4t. 10-12-28.

H. E. Department Has Three Classes

The H. E. department this year consists of three classes. H. E. "A" are the girls of the seventh grade. These girls have been working on a pin cushion and are now ready to start a laundry bag, and with this problem learn the use of the machine. The girls in the H. E. "A" are: Irene Pirtle, Marie Harrison, Dee Trainer, Josie Barrows, Alice Sawyer, Myrtle Hill, Weedessie Smith, Marie Kiser, Edna Belle Speed, Mary Louise Gardner, Edna Ensley, Pauline Turney, Athalia Ellis and Dorothy Thurman. The H. E. "I" class has been working on underwear for themselves. They are now ready to start on a child's dress. This class consists of Pauline Rape, Mora Lee Meckel, Bernice Bricker, Jean Saunders, Edyth Carson and Ealen White. They have made marked progress in their work. The H. E. Class has been making dresses, woolen and linen. They are all progressing nicely on their problems. The girls in the H. E. "II" class are: Harva Jones, Allie Halbert, Jennie Adams, Annella Stites, Lena V. Stokes, Francis Trainer, Edith McGhee, Elizabeth Caldwell, Lillie Barrows and Nancy Wright.

We are expecting a full length mirror this week and it is to be used in the fitting room. This mirror is greatly needed and will be highly appreciated by the department.

We have also ordered a pinking machine. For those who do not understand the technical term: a pinking machine is a small machine used for the purpose of finishing the seams of woolen and heavy silks.

The H. E. "II" class has been keeping a budget. This budget is to be kept one year starting September first, nineteen-hundred and twenty-eight and continued until September first, nineteen hundred and twenty-nine.

The note books this year, as a whole are good. The H. E. "A" class has begun their notebook work. Each girl makes her cover and this adds to the individuality. Each month we have so many readings that must be handed in and each girl must do her own work.

The H. E. "II" class has written a theme on "A Well Dressed School Girl." These were all good and each girl gave her own ideas. I hope that we may be able to have some published and then you can appreciate our work better. You may be able to appreciate the efforts of the Home Economics department more.—H. E. Student.

NEW LIGHT FIXTURES FOR LABORATORY ROOM

The High School laboratory has only three windows and one door and the lighting was very poor, due to

the fact that they had direct lights. This gave a bright glare on the board and made board work useless. This week they have installed two large light fixtures which give an indirect light which is softer and now board work can be carried on successfully.

The laboratory has received a large shipment of chemicals and apparatus for the year's work. Miss Mims reports everything in "tip-top" shape.

SIXTH GRADE ENJOY PICNIC

On last Saturday morning the sixth grade met at Mrs. Geo. B. Hamilton's at seven o'clock and at seven fifteen a merry party of eighteen left for an all-day picnic.

The picnickers stopped in Eldorado and cooked their breakfast, and then continued their journey to Christoval. They reached Christoval about ten thirty and at ten thirty one and a half the young people were in swimming or boat riding. Four boats were at their disposal.

When lunch time came the girls fixed the table while the boys built the fires. Then every one roasted wienies and had lunch. After lunch they went motor boat riding and then swimming. After this swim it was time to eat again, and come home. The sixth grade declared this was the best picnic they had ever been on and they can hardly wait until spring so they can go again.

KERRVILLE HI DOWNS SONORA, 52-6

The Sonora Bronchs were defeated last Saturday by the Kerrville eleven, or better say the Kerrville forty. Sonora's fourteen men looked small in comparison to the Kerrville High squad.

In spite of the overwhelming odds the Bronchs gave Kerrville a hard fight. The score was not a fair representation of the game, as the Sonora boys showed more fight and harder tackling than did the other team. Several touchdowns resulted from fumbles, blocked kicks and intercepted passes.

Sonora made many first downs due to the line plunging of McClelland, Trainer and McCurdy. The Bronchs received one break in the game when Brown recovered a fumble on Kerrville's ten-yard line. Three line plays and a short pass from McClelland to McCurdy netted a touchdown.

CITATION BY PUBLICATION

State of Texas) County of Sutton)

To the sheriff or any constable of Sutton County, greetings:- You are hereby commanded to summon JUAN GALINDO, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county (which has been continuously published for more than one year in the County of Sutton, with a general circulation) to appear at the next regular term of the District Court of Sutton County, to be held at the courthouse thereof in Sonora, Texas, the first Monday in November, A. D. 1928, the same being the 5th day of November A. D. 1928, then and there to answer a petition filed in said court on the 26th day of September, A. D. 1928, in a suit numbered on the docket of said Court No. 598, wherein CARMEN GALINDO is plaintiff, and JUAN GALINDO is defendant, said petition alleging that plaintiff and defendant were lawfully married in Schleicher County, Texas, on or about June 18, 1924, and plaintiff continued to live with him as man and wife until about the 16th day of May, 1926, when at which time by reason of cruel and harsh treatment she was forced to separate from defendant, and has not lived with him since. That plaintiff had two children by him, to-wit: Osker, a boy, born April 16, 1925, and Aurelia, a girl born August 16, 1926. That during all the time they lived together she conducted herself with propriety and treated her husband with kindness and forbearance; but that defendant failed to provide for plaintiff and treated her with utter disregard. That on or about the 16th day of May, 1926, at or near Miles in Runnels County, Texas, at a time when plaintiff's first child was only 13 months old, and near the time when her second child would be born, defendant left plaintiff and her 13 months old child in destitute circumstances, among strangers, and plaintiff was forced to chop cotton to get money to support herself and child and prepare for her expected second child; that after the birth of her second child, her father came and got her and brought her back to Sonora, Texas, that defendant thereafter returned to Sonora, but plaintiff would not further live with him; that such treatment, as aforesaid, was under circumstances which showed an utter

disregard of plaintiff's health, if not her life, and was of such cruel and harsh nature as to render their further living together insupportable and caused plaintiff to permanently quit defendant. That defendant has never contributed to the support of their children, but that plaintiff is now working and supporting them.

NEGLIGENCE

The greatest injustice to a boy or girl is the negligence by someone, somewhere, in not determining the proper course to pursue in high school.

The greatest factor in a person's life is to have a set goal. The nature of this goal naturally governs the road to be followed. One may never reach his goal. He may spend his life in a futile attempt, but nevertheless it is a wonderful satisfaction to accomplish what you aim for and the fruits of the striving offset all failures and tend to increase the desire in a determined individual. He must all have something to look forward to, and this we do sometime in life. The later one starts, the longer he may have to strive and less time he will enjoy the result.

So, the best thing is to have a child, when old enough to have good judgment to inquire into many of the vocations which especially appeal to him. He must analyze the good and bad features, and then when his heart is set on that which he knows is best suited for him, he will have his future laid out. Instead of cruising about on an uncertain sea, he will have his compass set toward a "home port."

This is a vital factor in our country's welfare and is invaded in every generation. Then, the best thing to do is to make this the first few lessons in high school. Break the old-age customs and work more individually with each student, because it may mean the difference between success and failure, until he has his own individual future decided. He shall then be interested in his work and the knowledge he gets while young will greatly multiply his possibilities in his chosen work.

It often occurs that, while an object in view, one has to be satisfied to do their unrelated work for a while, but the opportunity generally presents itself sometime and when it does one must be prepared.

The bonded indebtedness of Texas is about \$4,000,000.

ter disregard of plaintiff's health, if not her life, and was of such cruel and harsh nature as to render their further living together insupportable and caused plaintiff to permanently quit defendant. That defendant has never contributed to the support of their children, but that plaintiff is now working and supporting them.

Plaintiff prays for judgement dissolving marriage contract between her and defendant, and for the care, custody and education of her two children, and for costs, etc.

HEREIN FAIL NOT, but have you before said court on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, in the town of Sonora, Texas, this the 26th day of September, A. D. 1928.

To the 5000 who daily become owners of the new Ford car

THE service obligation of the Ford Motor Company and its dealer organization is now growing at the rate of 5000 cars a day. It is to these new car owners that this message is addressed.

The new Ford is a remarkably fine car for one that costs so little. It is simple in design, constructed of the finest materials, and built to unusually close measurements.

These are the reasons it performs so wonderfully. These are also the reasons its service requirements are so few and the up-keep cost so low.

When you receive your new car, the dealer will explain the simple little things that should be attended to at regular intervals to insure the best performance. He will also tell you something of his own facilities for doing this work promptly and at small cost.

With the purchase of your car, you are entitled to Free Inspection Service by your dealer at 500, 1000 and 1500 miles. This service is due you and we urge you to take full advantage of it. Proper care during this breaking-in period means a great deal to the life of your car.

Included in the Free Inspection Service is a check-up of the battery, the generator charging rate, the distributor, the carburetor adjustment, lights, brakes, shock absorbers, tire inflation and steering gear. The engine oil is also changed and chassis lubricated.

No charge whatever is made for labor or materials incidental to this inspection service, except where repairs are necessary because of accident, neglect, or misuse.

The labor of changing the engine oil and lubricating the chassis is also free, although a charge is made for the new oil.

We believe that when you see the good effects of this inspection you will continue to have it done regularly throughout the life of your car.

Wherever you live, you will find the Ford dealer very helpful in keeping your car in good running order for many thousands of miles at a minimum of trouble and expense.

He operates under close factory supervision and has been trained and equipped to do this work promptly, thoroughly and economically.

Mr. and Mrs. Rees Hill Were Honored

On Last Thursday evening the faculty gave a "42" party honoring Mr. and Mrs. Rees Hill. The party was in the home economics building and was beautifully decorated with cut flowers.

Before starting the games Miss Barbara Way acted as master of ceremonies; calling on Miss Lula Belle Caldwell to give a toast to the bride, T. N. White a toast to the groom and Miss Margaret McClure a toast to the ones left behind.

After a series of five games the bride and groom were blindfolded and while the party sang "hail, hail, the gang's all here," they were marched into various rooms, having to step over pans, buckets, chairs etc. At last they were seated in the dining room and Superintendent Britt presented them with a chest of Community Silver. This chest consisted of four knives, four forks, four tablespoons, eight teaspoons, a sugar shell and a butter knife. In the bottom of the tray were four mederia napkins.

While the guests of honor were untying their package the party sang "How do You do, Mr. and Mrs. Hill?" Then Miss Halley read "Georgia Courtship."

Refreshment plates consisted of ginger ale, sherbert, coconut macaroons, lady fingers and a small bride and groom.
