Bronchos Swamp Angelo Junior Hi Saturday By 52-0

Sonora Boys Show Powerful Offense, Kring Scores 4 Touchdowns; Ory Gets 2

It was a field day for the Sonora High School Bronchos here Friday afternoon when they met the eleven from San Angelo Junior High School. Scoring in every quarter, the Bronchos amassed a total of 52 points against their lighter and less experienced opponents, holding the Kittens scoreless.

Kring led in the scoring, with four of the touchdowns to his credit. Ory followed with two, both made after he had intercepted San Angelo passes near their goal, and Friess and Hill made one each.

Coach Coleman's San Angelo boys threw quite a scare into the locals during the first few minutes of play, when after recovering a fumble, they were aided by two penalties and carried the ball to the Sonora four yard line. The threat ended there, though, and that was the last time that the Sonora goal was threatened during the game.

Sonora's plays worked perfectly, with excellent execution of formations by every member of the squad. There were few fumbles, and no bad passes from Ernest Smith center. Sonora's passing attack functioned perfectly, with only one pass being intercepted, and with completion of a number. Both Archer and Ory threw the ball with accuracy. Kring, Hill, Ory and Logan snared passes with regularity. Archer showed great improvement in running back punts. He seemed to have less trouble with his leg than in former games.

Angelo Kicks Off at First

Sonora won the toss and chose the south goal, electing also to receive the kickoff. Wood kicked 34 yards to V. J. Glasscock, who returned 6 yards. San Angelo was offside on the first play, and drew a 5-yard penalty. Archer made 2 on the next, and Kring fumbled on the second down, Jenness covering the ball for the visitors. Angelo made a yard and lost one in two tries, and fumbled on the next, Kring covering; but Sonora was offside and drew a penalty of 5

P.-T. A. Has 40 at Initial Business Meeting of Year

Federal Nurses Outline Plans for City Health and Sanitation Campaign

Plans for an extensive health and sanitation program in Sonora this winter were outlined to members of the Parent-Teacher Association by the Misses Buresh and Stone, district health supervisor and district nurse, respectively, at the first P.-T. A. business meeting of the year Tuesday afternoon at the high school auditorium.

Miss Buresh explained the plan of the state health and sanitarian officials, working through appropriations of the federal government for aid in the drought areas of Texas, outlining plans to have the county judge appoint interested people of the community on a public health committee to conduct important health and sanitation work in the home and the school. The state plan of procedure includes the appointment of a large number of local chairmen to handle various departments of the work, these to be appointed by the public health committee in conference with the county judge and the commissioners' court. Miss Stone spoke briefly on her ambitions for work in Sonora, where she plans to make her headquarters for work in this district.

About forty members of the Parent-Teacher Association were present for the meeting, which opened by group singing, led by Miss Dora Petnecky. Committee reports yielded the following information: that a study course in child psychology will be conducted at the meetings this year; that the treasury now holds \$83.50, of which \$50.50 was added by the membership drive; and that reports on the immunization and round-up work

Caldwell Named Head of Board Organized Wednesday

A comprehensive health drive was launched Wednesday in Sutton county with the formation of a county board of health, composed of members who will head various committees working with the various social and business interests of the town in a disease preventive campaign. The drive will extend until March 1, 1932.

W. E. Caldwell was named as chairman of the board at a meeting Wednesday evening at 8 o'clock in the office of County Judge Alvis Johnson.

The movement was launched with the coming to Sonora of Miss Lullie Stone, district health nurse in this area of the federal drought relief zone. Miss Stone was accompanied by Miss Olga Buresh, who has supervision of all West Texas in the health drive.

With the co-operation of Judge Johnson and the Sonora Parent-Teacher Association, committee appointments were made prior to the meeting. At the meeting campaign plans were outlined by Miss Buresh.

The drive is to be a comprehensive one, with health education to be taught in the schools, both American and Mexican, in the home, and in the community.

Miss Stone will return to Sonora twice each month or oftener, depending on the amount of work she has to do. Her services will be without cost to the city and county.

Miss Stone will be in Sonora again on the first Monday and Tuesday of November, and again on the third Monday and Tuesday. A meeting of the general committee

Stewart Steers Take First in the Feeder Exhibit

McKnight Heifers Bought for Breeding; Lambs and Calves Also Sold

A carload of yearling steers exhibited by Gordon Stewart, Sutton county ranchman, won first place in their division at the Breeder-Feeder show held in connection with the State Fair of Texas in Dallas last week and this. The Herefords weighed 700 pounds, and sold at \$5.75 a hundred pounds. Another mixed load of Mr. Stewart's calves failed to place, but sold at the same price as the winners.

S. E. McKnight, Sonora ranchman, sold a load of 20 Hereford heifers, weight 435 pounds, which took sixth place, at a premium, the stock being purchased for breeding stock instead of for feeding. McKnight also won a sixth place on a load of 20 steer calves, which sold at \$6, as compared with \$6.10 for his heifers. They weighed 447.

One group of lambs shown by Mr. McKnight, 267 in number, weighed 75 pounds and won sixth place. These lambs sold at \$3.05. Another lot of 229 head, weight 62 pounds, also took sixth in their class, and sold for \$3.50.

DEL RIO & NORTHERN FILES PLEA FOR BUILDING LINE TO SONORA; ENGINEERS TO BE IN FIELD SOON

Application to the Interstate Commerce Commission for certificate of public convenience and necessity to build a railroad from Del Rio to Sonora and from Del Rio to Quemado, where it connects with the northern terminus of the proposed Winter Garden Belt Railway, was made Thursday, Oct. 15, to the Interstate Commerce Commission at Washington by the Del Rio and Northern Railway Company, which held its first stockholders' and directors' meeting at Del Rio, Oct. 9.

The following directors of the new company were elected: C. V. Millican, E. F. Measels, C. C. Belcher, C. B. Wardlaw, J. E. White and E. K. Fawcett, all of Del Rio; R. Ross Denison, Eagle Pass; Geo. R. Thomson, San Antonio; E. J. Smith and T. N. Picnot, Carrizo Springs.

T. N. Picnot was elected president of the company and C. V. Millican, vice president. Mr. Picnot is also president of the Winter Garden Belt Railway, to be constructed between Asherton, Carrizo Springs, Eagle Pass and Quemado. The Winter Garden Belt Railway company's application for permit to build is now before the Interstate Commerce Commission.

Contract for engineering was also let at the meeting and engineers are expected to be in the field within the next two weeks.

Committees for the purpose of soliciting the right-of-way for the new railroad were formed, to work under the direct instructions of C. V. Millican, vice president.

Members of the Del Rio Chamber of Commerce agreed to secure data on traffic and Del Rio citizens and employees of the company will be in the field with the engineers, for the purpose of securing traffic data.

A committee was appointed to confer with citizens of Sonora, in order to secure close co-operation between Sonora and Del Rio and to expedite matters pertaining to the construction of the Del Rio and Northern Railway Company.

Citizens of Del Rio, and of Val Verde, Kinney, Maverick, Sutton and Edwards counties have offered their services in helping the work along.

Week's Movement of Sheep is 4,000

On the same day Laurence Steen shipped 1,008 head to the Fort Worth market.

G. P. Hill shipped 992 head Tuesday to Tom Ault, San Angelo.

G. and John Swanson, Ault, Col., received two shipments going out Thursday. J. A. Sykes consigned 326 to them and Ira Shurley shipped 666 lambs.

Firemen Repair Hall for Dance

Ball Will Follow Eldorado Game Saturday Night

The members of the Sonora Volunteer Fire Company did quite a bit of manual labor this week in getting the Boy Scout hall in repair for a dance to be given here Saturday night following the Eldorado-Sonora football game.

The building was leveled with a number of jacks, and was then braced with new foundations, cut from power-line poles donated by the West Texas Utilities Company, and placed on concrete foundations. G. B. Rankhorn, local contractor, supervised the work, donating his services. Crushed rock for the concrete work was furnished by John Eaton.

Jack Earhart was chairman of the committee of firemen in charge of the repair work.

W. R. Barnes, chairman of the dance committee, secured the services of the Blue Willow Boys, five-piece San Angelo orchestra, for Saturday night. The orchestra is one which has played at numerous dances at the Hilton Hotel, and at San Angelo dance pavilions.

Ticket sales have been going rapidly forward by all members of the company.

At the Wednesday night meeting the matter of a town football team was discussed, though no action was taken. In addition a constitution and set of by-laws were discussed and adopted.

Lea Roy Aldwell was last week chosen as a member of the glee club at Texas Agricultural and Mechanical College, where he is a student this year. He made the glee club after a voice try-out before the club director and other musicians. Mr. Aldwell also is a member of the chapel chorus of the Episcopal church.

Hulls Remodel House

Mr. and Mrs. Sam Hull are having the interior of their home completely remodelled. They are to have a 33-foot living room across the front of the house. J. T. McClelland is doing the work, which will include sheetrocking and texturing interiors of the rooms, erection of a chimney, and general renovating. The West Texas Lumber Company furnished materials.

Week-end in Merton

The Misses Vivian Ball, Lucille Dubois, Elizabeth Francis and Helen Joiner spent the week-end in Merton visiting Miss Ball's parents, Mr. and Mrs. H. Ball. The group spent Friday night with Miss Zelma Moore in San Angelo and Miss Moore accompanied them to Merton for the remainder of the week-end. Mrs. Ball returned with them on Sunday for a brief visit here with her daughter.

City of Sonora Finances Good, Statement Shows

Balances in Two Principal Departments Are Larger Than Last Year

The financial condition of the city of Sonora is unusually sound, its statement published in this issue of The Devil's River News reveals. Balances in two of its three funds, general and sewer, are larger than at the close of the last fiscal year.

Expenditures from the general fund during the year totaled \$5,039.73, as compared with total income of \$5,969.72—last year's balance of \$692.31—leaving a present balance of \$929.99. A balance of \$1,360.90 in the sewer fund last year increased to \$1,824.32 on Oct. 1, this year. Bonds of \$1,000 and interest of \$2,427.92 were paid from the fund.

Pit toilet funds showed a decrease in balance. Last year the figure was \$455.95, while this year it was \$176.65. From last year's balance and the income during the year a \$500 bond was paid, in addition to interest and installation expense.

Indebtedness due in 1932 is estimated at \$5,985.13. Total indebtedness, including that on pit toilets and the sewer system, is \$47,325.13.

Lions Club Brings Rocksprings Play

"Am I Intruding" to Be Given in Sonora on October 30

The Lions Club of Sonora will sponsor the presentation of "Am I Intruding," a three-act comedy, by the Rocksprings Woman's Club on the evening of Friday, Oct. 30, amusing vein of the transformation of the country lad into the smooth and forefearful hero. According to advice from Rocksprings, where the play was produced last Friday night, the drama is well cast and capably presented.

Curtain time has been set for 8 o'clock here. The play will be given in the High School Auditorium.

"Am I Intruding," is directed by Mrs. Forest Welden, with Mrs. T. A. Williams, former Sonora resident, as her assistant. Members of the Lions Club will sell the tickets.

Mr. and Mrs. W. C. Gilmore, Mrs. Tom White, Hazel Edwards, Ruth Lee Hoggett, Cecil Allen and Jodie Trainer, members of the Thirteen Dramatic Club, attended the play in Rocksprings.

National Wool Week Will Stress Size of Industry

3,500,000 People Engaged in This Mammoth Industry in the United States

When National Wool Week is staged November 9 to 14 it will mean much to nearly every section of the United States, for more than 3,500,000 persons are employed directly or indirectly in the many branches of the big industry, a survey reveals.

Included in the total number of those employed in this important industry are thousands of wool growers who annually provide the vast amount of raw wool which goes to the mills and eventually reaches the buyer as a finished product. Production of domestic wool for 1931 has been estimated at 400,000,000 pounds, including about 61,000,000 pounds of pulled wool.

Annual output of the wool textile industry has been estimated at over \$2,500,000,000, an imposing sum in the nation's bank roll. The textile industries operate more than 525 mills, including worsted, woolen and felt mills, with a payroll approximating \$1,000,000,000, making it high as one of the basic industries of the United States.

Besides expecting increased consumption of woolen goods during Wool Week, it sponsors hope to promote trade and public interest in wool and woollen products. They also aim at establishment of a permanent co-ordination between various agricultural, industrial and mercantile groups. Fashion's decree, too, has an important part in Wool Week, for thousands of retail stores will display models of what well dressed women will wear in woollens this fall and winter in an unprecedented variety of colorful weaves and combinations. Men's clothing also will be featured.

Stores and newspapers will herald the event with special posters and windows, along with advertising sections, all devoted to the furtherance of National Wool Week.

Bulletin Issued on Volume Texas Sheep Business

State Has 11 Per Cent of This Nation's Total, Concentrated in West

Austin, Oct. 21.—In response to the demand for information relative to the sheep-growing industry, the University of Texas Bureau of Business Research has issued a bulletin, "Analysis of Shipments of Texas Sheep and Goats," containing the results of a study made by George M. Lewis, now assistant director of the department of marketing in the Institute of American Meat Packers, who was formerly a member of the bureau's staff.

"The United States, with approximately one-twelfth of the world's sheep, is the third largest sheep-producing country, being exceeded only by Russia and Australia," Mr. Lewis said in the bulletin. "Domestic sheep production practically balances American mutton consumption."

"The number of sheep in the United States expanded from 36,591,000 head in 1922 to 50,503,000 in 1930, an increase of 38 per cent. Approximately 69 per cent of the sheep are found in the western range states. More than one-half of the total supply of mutton is consumed in the area east of the Ohio and north of the Potomac rivers.

"Texas is the leading sheep-producing state in the Union. Approximately 5,500,000 head, or about 11 per cent, of the nation's sheep are located in the state. The number of sheep in Texas increased 89 per cent from 1923 to 1930. More than 95 per cent of Texas sheep are Rambouillet and Delaine, both of which are fine-wool breeds. More than nine-tenths of the total sheep production of the state is concentrated on a large scale and is concentrated principally in the Edwards Plateau

Woman's Club Celebrates Its Fifteenth Anniversary

Reviews Activities of Past Presidents at Meeting

The Woman's Club of Sonora celebrated its fifteenth anniversary at the first meeting of the year Thursday afternoon, Oct. 15, at the club house, with appropriate recognition of the work of its past presidents.

Mrs. W. E. Caldwell, present president of the organization, gave an intensely interesting outline of the work of the club from its founding up to the present time, calling upon Mesdames E. F. Vander Stucken, Sterling Baker, Roy Aldwell, Hi Eastland and L. W. Elliott, only past presidents who were present, to review the work of their administrations at the time when each came chronologically into her narrative. High points of the various administrations are as follows:

Mrs. J. S. Allison founded the club in 1916, with 33 charter members, 12 of whom are still active in the club. During Mrs. Allison's administration drinking fountains were installed at the school, a piano was bought, and the first lyceum was brought to Sonora. During this period—1916-1918—the town had its first sanitary clean-up and inspection. The club was federated in 1917.

Under Mrs. J. A. Cope, from 1918 to 1919, the club endured through an epidemic of influenza, doing much Red Cross and other War work.

Mrs. W. L. Aldwell, elected in 1919, was prevented from serving actively by a serious operation, but carried on her work through her daughter, Mrs. T. A. Williams, and made as her chief project the beautifying of the courthouse yard.

Mrs. E. F. Vander Stucken, 1920-21, brought about the first chataqua in Sonora. She has the honor of starting the first movement toward the establishing of a library. A book reception was held and a bookcase and shelves were donated. Clean-up campaigns and civic improvement were also stressed.

Mrs. Lillian Allison, 1921-22, stimulated interest in tree planting, brought about the first free chataqua, led the organization of music and needlecraft clubs as departments of the Woman's Club, and saw important additions made to the library.

Mrs. Sterling Baker, 1922-23, advocated clean-up campaigns, saw a number of books added to the library, and was able to leave her post with a neat sum in the treasury.

Mrs. Roy Aldwell, 1923-24, served. (Continued on page 3)

Hallowe'en Benefit Given By Methodist Young People's Group

The Methodist Young People's Organization held a Hallowe'en benefit party in the basement of the Methodist church Wednesday night, the proceeds from the affair to go for some new literature for the organization.

The cost of admission was levied on waist measures, each person paying a penny per inch of his measurement. After submitting to the tape measure, and paying accordingly, the guests were led individually to the entrance of a tunnel by a ghost who commanded them to crawl through on hands and knees. At the far end of the tunnel a second ghost administered a spoonful of foul-tasting potion to each victim as he emerged, after which the guest was led into the main assembly room, where the games were played.

The rooms were decorated in the approved Hallowe'en fashion, with spooks and skeletons everywhere. The games, "Winkem," "Clap in—clap out," "Musical Chair," "Spin the Lid," and others were played.

Programs for the next meeting, Sunday night at 7:00 o'clock were given out by Miss Pauline Turney, secretary of the organization, who announced that the sum of \$4.83 had been realized from the party.

Refreshments of sandwiches and cocoa were served to the following: the Misses Nina Roueche, Ches Thorp, Alice Sawyer, Pauline Turney, Clovis Neal, Ruth Freeman, Bobbie Halbert, Guyon Shurley, Wilma Hutcherson, Edythe Carson; and Lem Eriel Johnson, James Ed Hutcherson, G. W. Archer, Harold Friess, Herbert Fields, J. T. Shurley, Wesley Sawyer, V. J. Glasscock, Wilburn Glasscock, Jack Turney, W. Carroll Warren, Daniel Friess and Carmon Neal.

Mesdames Paul Turney and E. E. Sawyer, and the Rev. and Mrs. E. P. Neal chaperoned the group.

New Music Club Is Formed Among H. S. Students

The "B Sharp Music Club" was organized on Thursday evening, Oct. 8, at the home of Mrs. O. G. Babcock, by a group of high school students meeting with Miss Elizabeth Francis. Having adopted a name, the club voted to use as its motto: "B Sharp, B Natural, but never B Flat!"

Officers were elected as follows: president, Alice Sawyer; vice president, Ches Thorp; secretary and treasurer, Clovis Neal, and press reporter, Mary Louise Gardner.

Plans were made for the conduct of the club, which is to meet every two weeks on Thursday afternoon. The second meeting of the new club was held Thursday afternoon, Oct. 15, at the home of Miss Paul-

order, were allowed to choose their own prizes from the interesting assortment arranged on and under a table at one end of the room. Jack Neill, Lion president, presided at the awarding. Sterling Baker received high score at bridge and Floyd Ridley scored highest at "42." Mr. Baker chose a carton of cigarettes, and Mr. Ridley walked away with a table cloth.

ine Turney. Members present answered roll call with the name of a composer of music, after which minutes if the last meeting were heard.

Alice Sawyer sketched the life of Beethoven. A contest in scale playing was conducted between Edythe Carson, Ches Thorp and Wilma Hutcherson, with the prize, a small basket of candy, going to Ches Thorp. "Fifty Galloping Horses" was read by Pauline Turney, after which Clovis Neal presented "Ten Questions to Be Discussed by the Club."

Mary Louise Gardner played a piano solo, "Dance of the Rosebuds," by Keats, and Edythe Carson sang "Chinese Rose." Miss Francis played two delightful selections: "Little Holiday," by Peoples; and "Valse Arabesque," by Lack.

Parts were given out for the next meeting, which will be held Thursday afternoon, Oct. 29, at the home of Alice Sawyer.

Guyon Shurley was a guest of the club.

Members of the organization are: Alice Sawyer, Clovis Neal, Pauline Turney, Wilma Hutcherson, Ealen White, Ches Thorp, Edythe Carson, Mary Louise Gardner, and Kenneth Babcock.

Members of the Baptist Young People's Union enjoyed a delightful outing Wednesday evening, when W. M. Armstrong drove them in his truck, willed with hay, to the Ben Meckel Lower Ranch, where they enjoyed a moonlight picnic. The varied menu was augmented by three cases of cold drinks, which were greatly enjoyed by the group.

Those in the party were Messrs. and Mesdames W. M. Armstrong and Allen Adkins, the Misses Audrey Rankhorn, Mary Louise Gardner, Dorothy Brantley, Mora Lee and Exa D. Meckel and Lily Barrow, and Messrs. Carlton Leatherwood, John McDonough, J. H. Brasher, jr., Charles Bruce, Harold Goodyear, of Eldorado, and Jack Pfister.

Lions Club Benefit Party Attracts 18 Tables of Players

The benefit bridge and "42" party given Monday in the Woman's Club house by the Lions Club attracted eighteen tables of players who enjoyed the games, awarding of prizes, and dainty refreshments.

Local merchants had donated a large number of prizes, covering a wide range of usefulness and beauty, and these were awarded to winners at both bridge and "42" in declining order of scores, as long as the prizes lasted. Beginning with high scorers, the winners, taken in

yards. A no gain followed on third down. A high pass from center forced the Angelo man back 25 yards, but Sonora was offside again and another 5-yard penalty gave the invaders a first down.

With the advantage of a first down the Angelo boys made a threat to score, making a first down on successive gains of 2, 7 and 2 yards. Angelo made a yard, tried an incomplete pass, then made one good for 6 yards, placing the ball on the Sonora 4-yard line. The threat ended there, for on the next play a pass was incomplete over the goal, and Sonora took the ball on her own 20-yard line. The big march began right there, with Hill as the starter. He took a 20-yard flip from Archer and raced down the field for a total gain of 58 yards before he was downed. Friess on the next play, carried the ball 22 yards around right end and crossed the goal line standing up. Ory's kick for goal was good, and in addition San Angelo was offside, giving double assurance of the extra point.

Kring Breaks Loose

After the initial marker Ory (Sonora) kicked 40 yards and Angelo returned 19. Angelo made 3 yards on a fake, lost one on a double pass, tried an incomplete pass, and kicked 40 yards to Archer, who made a beautiful return of 19 yards. The Bronchos tried an incomplete pass as the period ended. Score, Sonora, 7, San Angelo, 0.

The ball was in the locals' possession on their own 47-yard line as the second quarter began. Kring broke loose and in two plays carried the ball to the opposite 19-yard line. Ory made 2 yards. Hill came round from the left end and received a double pass, crashing 19 yards and across the goal, but the play was not allowed because the pass was thrown to him less than 5 yards behind the line of scrimmage. Sonora was penalized 5 yards for the act. Archer made 4 yards. Then his attempted pass was intercepted by Dennis for San Angelo. Angelo called time out.

Score Mounts Rapidly

The second period was a busy one for the scorekeeper, the Bronchos chalking up three touchdowns during the quarter. San Angelo, from her own 15-yard line, gained 4 yards in three attempts, but lost 5 for an offside penalty. On the fourth a high punt came down four yards ahead of the line of play. Ory signalled for a fair catch, but was tackled by an opposing player. San Angelo was penalized 15 yards for the act, giving Sonora the ball on her own 7-yard line. Kring made 4 yards at right tackle and plunged over on the next play. A kick for extra point failed.

Ory kicked off 50 yards for Sonora, and then ran down and got the ball carrier. San Angelo made 5 on the first play, but had bad luck on the second. A pass was caught by Ory and he ran across the goal from the 20-yard line.

Kring plunged across the goal for an extra point, giving the locals a 20-point margin. Angelo kicked to the Sonora 20-yard line and Archer returned the ball 23 yards. His pass to Kring was good for 18 yards. Friess made 15 yards, a pass from Archer to Hill netted 8, and the ball was again in position for a smashing goal run by Kring, who ran 18 yards. Archer kicked goal as the half ended. Sonora, 27 San Angelo, 0.

Subs Go in for Broncs

The second half saw a deluge of substitutes for Sonora, every man on the team going in with the exception of Raul Castello, a shifty halfback who has a bad knee. Castello wanted to play, but Coach A. L. Smith would not permit it because of his knee, which has been knocked out of place repeatedly in practice games. Comedy was added to the affair, and a small boy's heart made glad when little 9-year-old Harrell Turney Espy, midget mascot, replaced Wes Hill, mammoth end, on two plays, one in the first half and one in the last.

Only the first string backfield remained in the game throughout. Every man on the team played in the line during the last half.

Two Plays Net Score

Sonora made a third period touchdown in just two offensive plays. Ory kicked 57 yards, Angelo returning 20. Four downs netted 9 yards and the ball went over. A triple pass behind the line worked, and Friess made 40 yards on an end run. Kring went around end for a marker on the next. Ory kicked goal.

Ory kicked 40 yards next time and Angelo returned 15. San Angelo made 2 on the first play and fumbled on the second, with Barton breaking through to cover the ball for the Bronchos. Archer made 7 at right end. A pass behind the line enabled Friess to make 12. Kring made 4 yards, placing the ball on the 10-yard line. A pass behind the line to Hill, end, was good for 10 yards and a touchdown. Archer failed to kick goal. Time out for Angelo.

Kring Scores Another

Barton kicked for Sonora, the ball going 45 yards. Angelo made a 20-yard return. San Angelo showed up well all afternoon in this department. Three attempts netted one yard and a blocked pass for the visitors; a 15-yard punt followed, going out of bounds near the 50-yard marker. Ory caught a beautiful pass from Archer and made 25 yards. The quarter ended with the ball on the visitors' 18-yard line. Sonora, 46, San Angelo, 0.

Archer made 3 yards, Ory made 5, then made 3 for a first down, with goal to go. Friess failed to gain. Kring made 5 yards, and on the next made a long run and crossed the goal standing up. He fumbled on the try for extra point.

Ory Intercepts Second Pass

Ory kicked off 50 yards, and the ball was returned 11. San Angelo made a game spurt and scored a first down on four line plays. Angelo then made 2 yards. On the second down the San Angelo quarterback made another mistake and called for a pass. Ory was in its way, though, and galloped 30 yards for the last marker of the day. Archer attempted to fake an end run for the extra point, but lacked a yard of getting over. Angelo called time out.

Ory kicked 35 yards, and again the losing team made a game effort, returning the ball 23 yards to midfield. Angelo fought through for another first down on three line plays. A pass failed to gain; a three-yard gain was offset by a three-yard loss, and on the fourth a punt was called. It was good for 30 yards, Archer taking the ball near his own goal. He muffed the catch, but recovered and returned 2 yards.

Ory couldn't be stopped on receiving passes, and on the first down caught a long one from Archer and ran down the sideline for a 60-yard gain before he was thrown. At the conclusion of his dash both sides went into a huddle and cheered each other, for the game had ended while he was running. Final score: Sonora, 52; San Angelo Juniors, 0.

American Royal to Have Feeder Show

Kansas City Exhibit Offers \$8,000 in Prizes

The Carlot Division is one of the outstanding departments of the American Royal Live Stock Show to be held at Kansas City, November 14-21, 1931. Almost \$8,000 is offered in cash prizes for fat and feeder carload cattle. In the fat cattle classes there is offered liberal prizes for Shorthorns, Herefords and Aberdeen Angus.

The feeder cattle competition is divided into two districts. Cattle from Colorado, Wyoming and Nebraska will compete under district number one; cattle from all other states will compete under district number two. Separate prizes are offered for each of these districts and for the Shorthorn, Aberdeen Angus and Hereford breeds. There are also classes for feeder heifer calves and mixed steer and heifer feeder calves. This is open competition and not divided into districts. These classes are also for Herefords, Shorthorns and Aberdeen Angus.

Auction sales are a feature of the carlot show. Buyers from many states who are in the market for good cattle are always present.

FRESHMAN MINUS TOOTH AND OLD SCHOOL SPIRIT

A "door crash" at a movie theater caused one University of Texas freshman the loss of a tooth, a theater employee an injured hand, and one of the theater doors a thorough battering Saturday, when too much spirit following the rally for the Rice-Texas football game manifested itself in Austin.

Police were called to the theater when 200 students appeared and tried to crash the doors. Only about fifty of the students gained entry, the remaining 150 being held outside. An unidentified freshman lost a tooth in the melee and Chas. Root, assistant manager of the theater, injured his hand.

WOOL GETS ATTENTION

Wool is to have its week. For years we have had weeks of everything from business confidence to national candy week, and apple week. Somebody is always having a week, and now it is Wool's turn.

Sutton county had little reason to enter into the elaborate observation made of national Cotton Week, for cotton is to great degree a competitor for one of the county's greatest sources of income.

Even at current low prices Sutton county's annual wool crop increases her wealth over a half million dollars, and with profitable prices the figure is much higher. It behooves every resident of Sonora and Sutton county to boost the use of wool and mohair. National Wool Week will bring concerted attention of the entire United States to bear on the many advantages of woolen fabrics. It will be the occasion for co-operative effort on the part of virtually all Sonora business interests.

Wool Week, which begins on Nov. 9, should last a full year in Sonora.

DOCTORING IN ADVANCE

The best time to doctor illness and to stop an epidemic is prior to occurrence. Sonora has the opportunity to stamp out, in great degree, the danger of epidemics in the future.

Diphtheria, typhoid fever, and smallpox are highly contagious diseases, and the former is particularly dangerous to our children. Successful immunization to all of them can be had at slight trouble and expense.

Notable progress has been made in smallpox vaccination in Sutton county, because of the alarm caused in the public mind due to an epidemic a number of years ago. An epidemic of typhoid fever could just as easily occur as did the smallpox wave, unless precautions are taken now to prevent it. Serum can be administered to serve as an absolute safeguard, but, better still, we can do much to eliminate danger of the disease through proper sanitation, such as the city of Sonora is now enforcing.

The beginning of a general health drive this week, under supervision of trained nurses sent to Sutton county by the federal government, and at no cost to local people, should mark the beginning of a concerted effort to improve local living conditions. Sonora people have all to gain and nothing to lose in taking advantage of the advice and help so generously offered by the federal government and by Miss Lucille Stone, district health nurse.

When you are approached by a member of any of the health committees give them the help they ask, for they are working not for personal gain, but for the collective good of the community and to your personal advantage.

"LYRICS OF LIFE"

By Dustin Austin, Sonora

PARADOX

Cry not if you have loved and lost,
Fear not to love again,
Because an often broken heart
Will grow immune to pain;
And when the hurt of it is gone
Love lifts to greater heights,
Without the melancholy days,
Without the sleepless nights.
That winds through paradise,
Then you will find the happy road
Where love is not a drama, dear;
So hush, and dry your eyes.
When Eros calls to you again,
Arise and take his glove;
For only those who have not loved
Should be afraid to love.

"Devil's Dream"

(By W. E. James)

WEEKLY POEM WITH A MORAL

(From M'Goofey's First Reader)

So live your life that you can say
You never lost a friend;
Conduct yourself by night and day
So no one you'll offend.

Be careful of each spoken thought,
Consider well each word;
Do only what you feel you ought;
Imprudence is absurd.

Guard well your temper and when stirred
Count ten before you speak;
Be like the happy little bird
So cheerful, sweet and meek.

Dispute not any man, my son;
From arguments abstain;
Avoid a row with any one
And say no words that pain.

When others quarrel and dispute
Be still and hold your tongue;
Your own horn never, never toot
And leave your deeds unsung.

Don't ever bold or forward be
And scorn the spotlight bright;
Shun all forms of publicity
And keep your lips quite tight.

Though life on self-effacement thrive—
Be modest everywhere;
Then none will know that you're alive
And very few will care!

W. E. James, who runs the Devil's Dream, a column in the Devil's River News, this week runs what is purported to be a picture of himself at the top of the column. It is the portrait of an uncombed gent whose mouth suggests that he has just finished telling the boys a joke. It is the belief of this column that the picture is really that of Two-Gun Ike, one of the contributors to the "Dream" and not of Mr. James, sedate, safe and conservative. Two-Gun who hails from the lost water hole country, is the sort of chap who likes to sit with the boys over a mug of near beer and tell traveling salesmen tales. Mr. James ought not to do himself the injustice of placing an inferior picture at the head of his column and telling the world that it's the mug that God gave him. * * * Mr. James suggests this column place its photograph at the top of this contribution to the downfall of grammar and rhetoric. The suggestion was thought over and Photographer Price was called over the phone and asked "Can you make me handsome?" Price's answer was a decided negative and thus this column continues without the dignified aid of the John Barrymore of San Angelo. Another reason is this: Some man might ask: "So that is the guy that climbs the windmill?"—From the Top of the Windmill as seen by Sam Ashburn.

Thanks, Sam, for the complimentary thoughts expressed. You are right about the photo being that of Two-Gun Ike. It was taken at a time when combing the hair down over the eyes instead of straight back over the bald spot was in style. We ran the picture on a bet with Two-Gun that no one would know the difference. Your exposure of the perpetration will cost us a cold bottle the very next time Two-Gun comes in from the Lone Goat Ranch on the headwaters of Dry Devil's River.

Two-Gun Ike says that the only satisfaction he derives from having his photo in the paper is that it is a bust picture and does not show the scar where Troy White stabbed him with a bologna sausage.

An Irish policeman was taking an examination for promotion: Question—"What is rabies and what do you do about it?" Answer—"Rabies is Jewish priests, and you can't do nothing about it."

People who drive cars with no thought as to how they are made, were shown a thing or two when Mr. Ford's picture show was given here a few days ago. And, too, those birds who had no confidence in the other man's game, who a few years ago refused to make a loan to Henry or take stock in his "crazy" schemes to revolutionize travel, no doubt shed tears, oodles of 'em, every time a Ford car passes them.

If all the monied men of the world would take a lesson from Mr. Ford, the depression and unemployment would be solved, in fact, there never would be an occasion to squall hard-times.

Col. Esaias Izadias Whiffletree is of the opinion that when better Fords are made Henry'll do it.

35 YEARS AGO

MARRIED—on Monday evening, Sept. 7, at the residence of Wm. Johnston, W. R. Rudicil to Miss Ella Winston, Judge Scruggs officiating, thus begins a story in the issue of The Devil's River News of September 19, 1891. The remainder of the story, as told in the Menardville Record and reproduced in The News, is reprinted here as an excellent example of the newspaper writing of that day.

The high contracting parties in this case are popular members of Sonora society, and finding the course of true love somewhat obstructed in the Stockman's Paradise, hid themselves to the rosy bowers of Summerland with the above result.

The groom is the handsome and well known assessor of Sutton county, and is immensely popular with the stockmen of West Texas, and his many friends will be glad to learn that he has secured a prize whose price is far above rubies.

The pretty bride is of the Sowell family, one of the oldest and most prominent in the state, celebrated in the annals of war, no less than in peace. Being at one time a pupil in our school, we had every opportunity of studying her disposition, and we have ever found her winsome as a child, dear and sweet as a daughter, lovely as a maiden and charming as a woman. She has been one of the most prominent of that charmed circle, which has added so much to the pleasures of Sonora society during the past year, and fame of her beauty and accomplishments, have gone out far beyond the borders of the Stockman's Paradise, and her capture by the indomitable Rudicil, will be the cause of many heart-aches and pangs of regret, among the gallant cavaliers of the great West.

Quite a number of invited guests witnessed the ceremony, after which the entire party was conducted to the courthouse, where they were greeted by the elite of the city, and amid the softest strains of sweet music, the fair goddess Terpsichore received the homage of the happiest assemblage that ever graced our hall of Justice.

The bridal party was accompanied by the groom's sister, Miss Rudicil, of Austin, one of those rare young ladies whose right to empire is never questioned, and whose loveliness of face and form combined with dignity of bearing and intellectual endowment, have won for her the high regard of all whom she met during her short sojourn here.

On Tuesday the entire party left for McKavett, Mr. Rudicil's old home, where a reception and grand ball was tendered them, by their many old friends and admirers.

For the wedded pair The Record devoutly prays that Heaven's choicest blessings may be theirs through life, and an eternity of bliss await them in the great Beyond.—Menardville Record.

Another wedding was announced in an account clipped from the San Angelo Enterprise. It follows:

Bond-Jordan

Married on the 10th instant, at Point Breeze Ranch, Schleicher county, Mr. Thomas Bond, of Sutton county, to Miss Elizabeth Jordan, of London, England.

The ceremony was performed by Rev. Harry Cassil, rector of Emanuel church, San Angelo, in the presence of a small company of immediate relatives and friends of the contracting parties.

After partaking of a most elegant wedding breakfast the happy couple started for Kerrville, amidst a shower of rice, shoes, etc., en route for San Antonio and Galveston, where a honeymoon of some two weeks' duration will be spent.

The building committee of the Baptist church of Sonora had collected subscriptions amounting to \$150 to be used in the erection of a church.

Other smaller stories are reproduced from the issue, as follows: J. Q. Adams and Sons moved their sheep from Sonora to Lost Lake Friday.

The jail is finished and will be passed on by the commissioners' court shortly.

T. D. Newell sold six head of the Creswell hornless merinos to D. R. Holland for \$100 cash.

Some enterprising citizen could make big money by putting in a public scale in Sonora.

J. R. Holman will run two hacks to the San Angelo Fair at the reduced rate of \$6 for the round trip.

T. D. Word, inspector of Menard and Schleicher counties, and member of the sheep firm of Jones & Word, was in Sonora Monday.

W. J. Fields, the handsome young cattleman was in Sonora this week and turned the wheel \$3 worth.

Geo. Allison has moved his family from the ranch to Sonora that they may have the advantage of attending one of the best schools in the West. He is having his two story residence, next to Dr. Jones' fixed in shape.

Texas Has 3,500 Speakeasies Now

Is Small Percentage of National Total of 220,000

There are 220,000 speakeasies in this country and 3,500 of them in Texas, according to Major Maurice Campbell, former federal prohibition administrator for New York City, who is now editor of the magazine, Repeal. Major Campbell, following his resignation as prohibition administrator after the 1928 election, accused the Treasury Department of ordering a let-up on the flow of beer in New York City just prior to the election.

There are 40,000 speakeasies in New York, about the same number in Illinois, 20,000 in Pennsylvania, 15,000 in California and 10,000 each in Massachusetts, Michigan and New Jersey according to Major Campbell's statement. He considers his estimate for the country low and says that the probable

number is nearer 500,000. Corn liquor is the popular beverage and this is distributed by bootleggers who have usurped the speakeasy business, in the South and as far west as Texas, Major Campbell asserts.

GIRLS STUDY ACTUAL PROBLEMS IN HOME ECONOMICS CLASSES; MENUS SERVED KINDERGARTEN, 1ST GRADE

The Sonora High School economics department, under the direction of Miss Loreen Moursund, which has become this year for the first time a regular vocational department, due to the efforts of Superintendent R. S. Covey, has been doing some outstanding work in personal and home problems, with practical demonstration in laboratory work.

Juanita Corder, reporter for Home Economics I, reports that the first problem studied by the class was personal hygiene and grooming, which included the following: manner, conduct, personal hygiene and grooming of hair, skin, finger nails, mouth, and eyes; clothing and posture. The class has now started on its first problem in clothing.

Nina Roueche, reporter for Home Economics II, reports that her class has been occupied with canning, preserving and making jelly. A well-stocked cupboard, with neatly labelled jars of fruit and vegetables, testifies to real work on the part of the five members of the class. The group has been planning picnic menus and is now working on dinner plans.

Dee Trainer, reporting for Home Economics III, relates that her class has been studying child care

and the planning of suitable meals for children of all ages. Last week the club planned and served three meals to children in kindergarten and the first grade. Seated in little chairs at small tables loaned for the occasion by the Methodist church, fifteen guests from the kindergarten one day, and thirty-eight children in the first grade, divided into two sections, of 19 each, on two other days, were served by the class at the Home Economics building.

To the kindergarten was served creamed potatoes, carrots, buttered peas, whole wheat bread-and-butter sandwiches, milk and baked custard, the actual cost per person being 15c. To section one of the first grade was served tomato soup, crackers, baked potatoes, turnips and greens, combination salad, whole wheat bread, milk and lemon Jello, with the actual cost per person being 13c. To section two of the first grade was served roast beef sandwiches, scalloped corn, lettuce and tomatoes, milk, and brown Betty, the actual cost per person reaching 18c.

The children, according to Miss Moursund, seemed to enjoy the thoroughly wholesome menus, which were served about 10 o'clock in the morning.

Mrs. Mary Massie Is Buried Sunday

Widow of Robert Massie, Was Sister of Mrs. J. M. Puckett

Mrs. Mary L. Massie, widow of Robert L. Massie, pioneer San Angelo ranchman and business man, was buried in San Angelo Sunday afternoon following her death in San Antonio Saturday morning at 6:45 of cerebral hemorrhage. Mrs. Massie was a sister of Mrs. J. M. Puckett, Sonora.

Mr. Massie preceded her in death on June 10, of this year. Since that time Mrs. Massie had been in poor health. Tuesday of last week she underwent an operation in San Antonio, and her condition became gradually worse until the time of death.

Mrs. Massey's body lay in state at the family residence in San Angelo Sunday following arrival from San Antonio at midnight. Burial services were conducted at the First Methodist church of San Angelo, of which Mrs. Massey had been a faithful and active member, at 3:30 o'clock, with the Rev. Grady Timmons, pastor of the church, officiating.

W.M.S. DISCUSSES BUSINESS AND PLANS FOR SOCIAL

The Woman's Missionary Society of the Methodist church met for a business meeting Wednesday afternoon at the church, with Mrs. Geo. E. Hamilton, president, in the chair.

The next meeting, at the home of Mrs. Paul Turney, will be the monthly program and social meeting of the organization. The meeting will be held at 3:00 o'clock Wednesday.

MRS. R. D. TRAINER TO O. E. S. MEETING, HOUSTON

The coming Grand Chapter meeting of the Order of Eastern Star at Houston, October 26-29, was the main topic of interest at the regular meeting of the Sonora O. E. S. Tuesday night at the Masonic hall. Mrs. R. D. Trainer, Worthy Matron of the local order, will attend the Grand Chapter meeting. Other members to attend have not been named.

General Grand Chapter, which is the national organization of O. E. S., will meet on the three days following Grand Chapter, and will be held at San Antonio October 29 to 31, inclusive. Several members of the order plan to attend from here.

Messrs. and Mesdames Fred Earwood and Lloyd Earwood were in from the ranch Monday.

Sonora Lions Go to Eldorado Meet

Caldwell Talks on 'Sportsmanship'; 6 Local Members Attend

Six Sonora Lions met with the Eldorado Lions Club Wednesday noon and W. E. Caldwell addressed the Lions Club and the members of the Eldorado football squad, honor guests of the club, on "Sportsmanship."

Mr. Caldwell told of the qualifications necessary for a successful career in athletics, stressing the importance of clean playing and clean living. He complimented the teams of the two schools, Sonora and Eldorado, and expressed the desire that fans and business men in the two towns carry the same idea of good sportsmanship to the rivalry here Saturday that the rival teams have.

Mr. Caldwell was chosen by the Sonora club at a recent meeting to speak in Eldorado, and in return Eldorado sent Judge Joab Campbell to address the team and high school students here Thursday.

R. S. Covey, one of the local Lions to attend, supplemented Mr. Caldwell's talk in a plea for better understanding between the towns and teams. Other Lions making the trip were H. V. Stokes, who introduced the Sonora members, B. Hamilton, George E. Smith and George Baker.

Leave for El Paso

Mrs. Birdie Rutledge, accompanied by her daughter, Mrs. George Russell, of Ozona, and her two little daughters, Leslie and Margaret, left Tuesday for El Paso, where she will visit her daughter. Dan Burgett, waiter in the Rutledge Cafe, accompanied the group to assist with the car.

Mac Cauthorn was in from the ranch Monday.

FEAR OF BANK REMOVED WHEN MONEY IS STOLEN

Mr. and Mrs. Nick Vogel, aged residents of Linn Creek, Osage county, Missouri, need no longer fear banks, for they have nothing to lose.

Because they doubted the stability of their local bank they concealed their money in supposedly secret places about the house. On their return from church Sunday they found the house turned upside-down, but failed to find their life savings of \$1,600.

Mr. and Mrs. Byron Newby, and their little son, Hi Eastland, of the ranch near Brackettville, spent from Saturday to Tuesday visiting Mrs. Newby's parents, Mr. and Mrs. Hi Eastland. The Eastlands and their guests spent Monday in San Angelo.

Mrs. Birdie Rutledge spent Sunday in Ozona, visiting her daughter, Mrs. George Russell, and family.

F. C. BATES, 99-YEAR-OLD CITIZEN OF WEST TEXAS, DIES AT HOME NEAR SHEFFIELD—GOAL WAS 100

Funeral services for Judge F. C. Bates, sr., 99, for 30 years or more a citizen of Eldorado, who died Wednesday morning, Oct. 14, at the home of his son, F. C. Bates, jr., on the Bates ranch near Sheffield, were held Thursday afternoon in Eldorado, with the Rev. J. D. McWhorter, pastor of the Methodist church, officiating.

Born in Alabama, August 22, 1832, Judge Bates moved in turn to Mississippi and Texas, coming to this state in 1873, by way of New Orleans to Luling, over the Southern Pacific railroad. Since Luling was at that time the end of the railroad, he came on to San Antonio by four-horse stage coach, stopping at the Munger Hotel, which stands today, under the same name, in the same lot where it stood in 1873.

After living at San Antonio and Uvalde in turn, Judge Bates moved to Zavalla county, where he built a settlement known as Batesville,

so named in honor of his older brother, which became the county seat of Zavalla county.

Moving back to Uvalde, Judge Bates became tax collector of that county, holding the office for ten years.

When he came to Eldorado in 1897 the town was about two years old, and his home was the fourth dwelling in the city. He assisted in the organization of the county, then under the jurisdiction of Menard county. Thirty years of his life were spent in constructive citizenship in Eldorado, the larger part of his life being spent in the office of justice of the peace in Eldorado, and deputy county clerk.

Judge Bates is survived by F. C. Bates, jr., of Sheffield; Mrs. J. C. Ware, Uvalde, Texas; Mrs. T. C. Naves, Los Angeles, Calif.; Mrs. Carrie Orr, San Saba, Texas; Mrs. Sallie Murchison, Los Angeles; and Mrs. W. D. Hayes, Del Rio, Texas.

BIG PECAN CROP WILL PAY TEXANS \$3,200,000

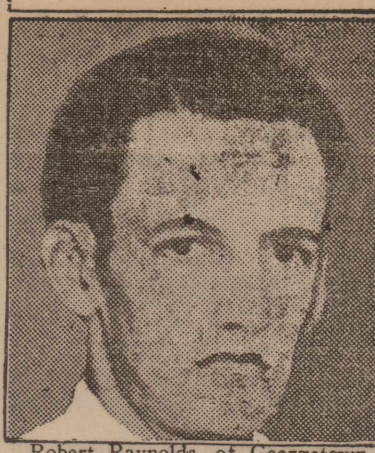

Carl H. Roberson, statistician of the Bureau of Agricultural Economics, is upheld by authorities in the Medina and San Antonio River Valley "pecan capital," who estimates the Texas crop this year will be 32,000,000 pounds and worth \$3,200,000. This, in spite of the fact that a short crop of pecans is reported this year in that section.

Texas has about 100 pecan-producing counties, according to T. H. Ridgeway, and it is understood there is a bumper crop along the Colorado River with good yields in prospect along the Guadalupe and Brazos, in the Uvalde section and all the way to the Oklahoma line. Pecan men say, however, that the annual pecan crop is merely what is harvested and it is claimed that only 9,500,000 pounds were actually harvested commercially last season.

San Antonio is one of the world's largest pecan-shelling centers.

Hutcherson Gets Pair Wanted Here

Art Bales and Joe Fields Returned from Ark., Okla.

Sheriff B. W. Hutcherson returned Thursday night from a several days' trip to Fort Smith, Ark., and Miami, Okla., where he went to get Art Bales, wanted here on a charge of swindling, and to get Joe Fields, wanted on a charge of forgery.

Bales was arrested several weeks ago in Mena, Ark., and later transferred to Fort Smith in the jurisdiction of a federal court. His release was secured from the court by Hutcherson.

Fields was arrested in Miami on the request of Hutcherson. Fields was caught after he was charged with forgery, and was released on bond. He jumped the bond and was later re-arrested, only to jump bond again.

With the return of the two men here Hutcherson has reduced the number of men wanted in Sutton county to two, both of the men at large being Mexicans who have escaped into Mexico and who cannot be returned here.

Growers Urged to Demand Mohair

Value As Upholstering Material Is Stressed

Angora goat raisers in Texas who are distressed by the present low price of fleece can hasten the return of a prosperity market considerably by insisting that motor cars and furniture they buy be upholstered in mohair fabrics, according to a recent statement from the Mohair Institute, Chicago.

It takes about ten yards of mohair to upholster and line the average-size automobile. Texas, with its 1,165,250 motor car registrations, is in a position to immediately set up a demand that would be an example for the other mohair growing states.

Mohair is more durable and attractive than most other upholstery materials. Motor cars and furniture pieces upholstered in mohair are acknowledged to have a greater resale value than those on which most other fabrics are used.

Mohair is non-fadeable. Its pile surface wears well and it is soft and comfortable. Scientific tests have shown that the use of mohair velvet in motor cars aids drivers and passengers in keeping correct posture, making riding easier and safer, for a slumped driver does not have quick control of his car. Furthermore, mohair velvet, owing to its pile surface, does not shine the clothing.

Sound absorbent tests have also developed that the 40,000 fibers to the square inch in mohair tends to "trap" sounds inside of cars making them quieter. Mohair upholstered furniture in offices and homes reduces noise to a marked degree, especially the high pitched sounds most disturbing to the human ear.

FIVE RADIO SALES IN SIX WEEKS BELIES HARD TIMES

Five radio sales in six weeks is not a record to lend support to belief that times are hard in Sutton county.

The Sonora Electric Company has sold just that number in the last six weeks, and all to people in Sonora and Sutton county, according to G. E. Ellis, manager.

Mr. Ellis reports sales to the following customers: Paul Turney, Clarence Love, H. O. Martin, A. B. Hudson and Mrs. Totsy Barton.

M. E. YOUNG PEOPLE DISCUSS CHURCH WORK

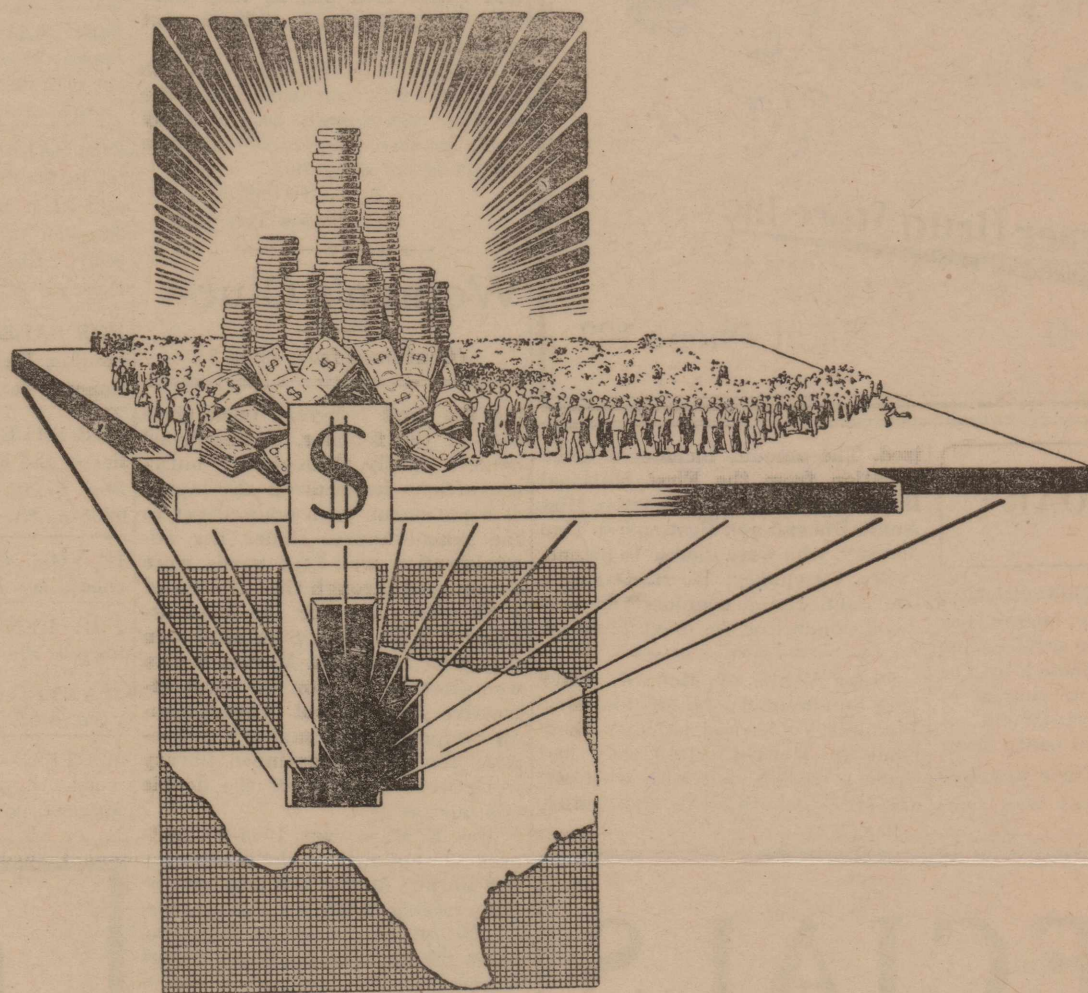

The Young People's Organization of the Methodist church enjoyed a program on church service for young people, at its regular meeting in the basement of the church Sunday evening. W. C. Warren spoke on "Opportunities for Young People in the Church Today." Miss Frances Trainer presented the topic, "Young People Should Be in Service for Training." Twenty-four young people were present.

Plans were discussed for a social to be held at the church the following Wednesday night.

OUT-OF-TOWN HOT CHECKS VIOLATE FEDERAL LAWS

Hot check artists, who take the precaution of passing checks on out-of-city banks, received disheartening news lately when a conference between Assistant District Attorney Rotsch and Attorney Crager of Fort Worth, resulted in the decision that givers of worthless checks on banks elsewhere than in the town in which the bank was located could be prosecuted most effectively under the federal mail fraud law.

The government needs only to show that the check was given by a person who at the time knew the fraudulent order would have to be sent through the mails for payment, in order to have the offender prosecuted to the fullest extent.

TWO MILLION DOLLARS PAID IN WAGES AND SALARIES...

A REAL CONTRIBUTION TO WEST TEXAS' PROSPERITY

PROVIDING a livelihood for over 1,200 employes... many of whom are your friends and neighbors... the West Texas Utilities Company has contributed to the prosperity of West Texas, for the last three years, an annual payroll of over \$2,000,000.00.

Two millions of dollars is a powerful agency toward the stabilization of business conditions... Its expenditure means a substantial amount of trade for retail stores, grocers, laundries, doctors, dentists, and commercial establishments of all kinds.

Only the continued expansion and development of the West Texas Utilities Company has made possible the building of this payroll. Through efficient management and economical operation, this company has expanded its facilities, reduced rates and stimulated the industrial and agricultural development of its territory. To carry forward these important projects, the assembling of a loyal, enthusiastic and hard-working corps of native West Texan employes has been a logical outgrowth.

These employes are genuinely concerned over their company's activities. They are working for West Texas... its growth and development... just as you are working toward the same goal. To co-ordinate our activities is the constant aim of the West Texas Utilities Company.

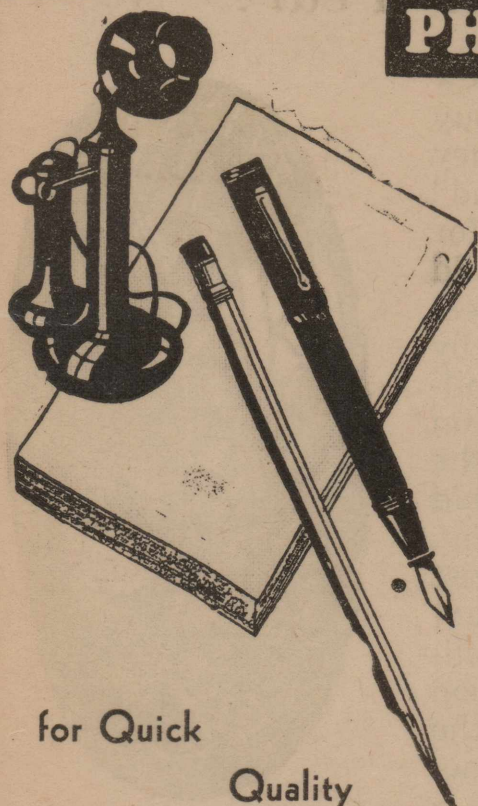

Every dollar you spend for electric service... and more!... has, for the past eight years, been re-invested in the future of West Texas. Payrolls alone, for construction and operation, are equal to 30c out of every dollar you spend for electric service—a sum which goes back into this "Land of Opportunity" in salaries and wages paid to West Texan employes.

Do You Know?

... that if you are an average user of domestic electric service you can increase your use and enjoyment of the comforts and conveniences of electric service by three times, and only increase your total bill by approximately 10c a day? This is made possible through a major transmission line electric system and an organization accustomed to doing large things in a large way.

The Scout Trail

Tuesday night Troop 19 met for one of the best meetings yet. We had a good attendance but it might have been better still. The meeting opened with a Murphy drill led by Jack Earhart and judged by George Baker, a visitor. Most of the Scouts had a keen edge on their wits and the leader had a hard time catching any of them on the sharp commands. After the Murphy drill Mr. Earhart gave the tenderfoots a quiz on scouting, having various ones lead the troop in the Scout oath and Scout laws.

The knot-tying contest came off in good style with the Cougars winning 6-4. The fastest time was made by Marion Elliott, tying the square or reef knot in the fast time of 5 seconds flat. Marion is just a tenderfoot, but he surely 'knows his oats' when it comes to knot tying.

Being unable to play games on account of the Scout hall being on jacks for the purpose of raising the floor, we played scouting for words. The names of rivers, birds, automobiles, states and countries, presidents of the United States and governors of Texas, and the names of Scouts present were used, the Cougars winning every contest, but the Javelinas warned them they had better look out as they were sure of coming back at them next meeting.

After discussing plans for an overnight hike sometime soon, the meeting was brought to a close by J. T. Shurley, who led the troop in the pledge of allegiance.

ing the first two-year term since that of the founder, distinguished herself chiefly through her untiring efforts in securing the laying of a pavement from main street to the school house. Under her administration well-kept yards were encouraged through the offering of a \$5 gold piece for the most attractive yard. Mrs. Sam Hull won this prize, and Mrs. Maysie Brown won first honors for the most attractive yard without grass. Clean-up campaigns and sanitary inspection, along with continued library work were features of the double administration.

Mrs. E. E. Sawyer, 1924-26, featured the building of the club house and library during her administration, raising, with her committees, \$3,100 for this purpose. She was given the honor of holding the first meeting in the new club house in 1927, though her term had expired.

Mrs. J. W. Wilson, elected in 1927, was unable to complete her term, and Mrs. Hi Eastland, vice president, completed it for her, supervising the addition of furnishings to the club, and the purchase and donation of books. Interest was also taken in the planting of shrubbery.

Mrs. E. F. Vander Stucken was re-elected in 1928, but resigned, and M. C. Joseph and son, Dave, Ballinger, were in Sonora Tuesday visiting Isadore Leaman.

Her term was completed by Mrs. W. J. Wilkerson who was vitally interested in the library, and who devoted a large part of her time to the addition of new books, to the laying of a walk to the club house, and the planting of flowers around it.

Mrs. L. W. Elliott, 1928-29, inspired interest in making the library a county library. Many books were added to the library during her term, and the club porch was glassed in, greatly adding to the convenience of the club.

Mrs. W. E. Caldwell, 1930-31, filled out a second term from which Mrs. Elliott resigned, and was re-elected for the year 1931. During Mrs. Caldwell's term last year the total of library books was raised to 744, a set of Harvard classics being donated by Mrs. M. O. Britt. One of the main projects is the transformation of the draw into a city park and Mrs. Hi Eastland, chairman of the park committee was called upon for a report of summer activities.

Mrs. Eastland reported that the trees had been trimmed and the ground cleaned in the park several times. Four trees were lost during the summer. A few flowers were planted, and the park was watered once a week. A hundred and twenty-five dollars had been set aside for improvements on the park this summer, and the sum has been practically spent. More funds are greatly needed, and the club desires to add a pavillion at the earliest opportunity. Donations to the park fund will be greatly appreciated.

Other committee reports were heard, the calendar committee, headed by Mrs. B. W. Hutcherson, distributing programs for the year. After the business, the following program was rendered:

Piano duet by the Misses Loula Belle Caldwell and Thelma Res; vocal duet, "Love's Old Sweet Song," by Mesdames W. R. Nisbet and Gus Love, accompanied by Miss Elizabeth Francis; reading,

"Maud Muller," by John Greenleaf Whittier by Mrs. Collier Shurley; and piano solo, "Valse Arabesque," by Lack, by Miss Francis.

Those present were Mesdames O. G. Babcock, Collier Shurley, Gus Love, Sterling Baker, W. R. Nisbet, R. S. Covey, L. W. Elliott, Roy Aldwell, E. F. Vander Stucken, Joseph Vander Stucken, Hi Eastland, John Fields, W. E. Caldwell, B. W. Hutcherson and George Baker, and the Misses Loula Belle Caldwell, Thelma Rees and Elizabeth Francis.

The Misses Loreen Moursund, Maurine Phillips and Johnnie Allison spent last week-end in San Angelo. Miss Moursund and Miss Phillips visited Miss Moursund's parents, Mr. and Mrs. A. F. Moursund, and Miss Allison was the guest of Mr. and Mrs. James E. Brock.

LIONS ROAR

The Sonora Lions Club wishes to emit a long, loud, lusty, hearty roar of appreciation for the services and good results obtained by the committee of ladies in charge of Monday night's entertainment. A total of \$41.20 (the 20 cents being the amount of two fines assessed by Tailtwister Barker) was real-

ized. The amount includes a \$2.00 donation from the First National Bank, and 50 cents each from Miss Annie Duncan and Postmaster Tom Murray, who were unable to attend. Ben Cusenbary, W. H. Dameron and John Eaton compose the program committee for next Monday.

Oscar Vehle, of Menard, drove here Sunday and took Mr. and Mrs. Vladimir Vehle, and baby, to their home in Menard, after they had made a week's visit here with Mr. and Mrs. Richard Vehle and family.

IF A Standard Brand Tire Assured the Same Performance

Would 20 Million Motorists Insist Upon Goodyear Tires Year After Year?

Not likely!—There are a few scattered motorists that buy different tires because they believe all "standard brand" tires are the same. But for 16 years Goodyear has held and maintained an unquestionable leadership, not by chance or accident, but millions more people insisted on Goodyear Tires, finding the diamond All-Weather Tread the safest, longest wearing, the patented super-twist carcass (only in Goodyear) the most serviceable. 20 million motorists insist upon Goodyears; they found the tires were not just something shaped round with a price tag, but the name with a reputation of the manufacturer and dealer behind it meant everything.
