

Broncos Victorious In District Match

By Gary McGilvray
The Sonora Broncos went to Iraan to meet their first opponent in District 8-A football competition last Friday night and came away victorious, defeating the Braves by a score of 18 to 14.

Jerry Hopkins, Bronco coach, said, "We had some bad breaks, but the boys did a good job to come on and win anyway." Coach Hopkins remarked that Rankin, Sonora's next opponent, will be tougher than Iraan with a really fine quarterback. The Sonora-Rankin game will be played in Bronco Stadium at 7:30 p. m. Friday.

In the match against Iraan, the Broncos, for the third successive time this year, kicked off to start the game. Iraan was unable to move and was forced to punt.

The Broncos, moving from their own 25-yard line, quickly got a first down. Then with second down and eight yards for a first, Bill Elliott quick kicked the ball into the Iraan end zone for a touchback.

The Braves, trying desperately to move down the field, threw a long pass which was intercepted by Elliott on Sonora's 44-yard line. Sonora again quick kicked the ball, this time to the Iraan five-yard line.

This time the Iraan team was able to make more yardage. However, after several plays they lost the ball on downs on their 38-yard line. Eddie Howell set up the first Bronco touchdown with a 20-yard run around right end, and Elliott scored from the three. The conversion attempt was missed.

The Braves took the lead before the half on a scoring play using the winged-T formation. They added a two-point conversion.

In the third quarter the two teams swapped scores, with Jerry Shurley crossing the goal line for Sonora.

The final tally for the Broncos came on an 80-yard drive with Elliott scoring from the one. The extra-point try was missed.

Late in the game, the tough

defensive unit of Sonora stopped an Iraan threat at the Bronco's seven-yard line. The two Iraan scores were set up by numerous penalties against the Broncos.

Seven to Fifteen Inches of Rain Fall On Sutton County in Seven-Day Period

By E. B. Keng
Soil Conservation Service
Rainfall in the Edwards Plateau soil conservation district for the September 20-27 period varied from about 7 to over 15 inches.

A survey of the 97-year rainfall record for San Angelo shows only about six September totals as large as last week's storm. Only one monthly total was definitely larger—September 1936—when 27.65 inches was recorded during the disastrous flood. The 45-year record at the Sonora Experiment Station shows only three years with over 12-inch totals for any month.

Southwest Sutton County recorded the heaviest rainfall,

with over 15 inches falling. Runoff and fence damage was severe. Draws also ran high in other areas, with one ranchman reporting 23 billy goats lost to floodwater.

Rainfall on fourteen gauges on Lowrey Draw, maintained by Lester Byer, Agricultural Research Service, showed the following totals:

James Hunt 9.7 to 12.49; Joe Logan 9.93 to 10.2; Vestel Askew 8.99 to 11.12; W. L. Miers 7.2 to 7.98; Stella Keene 8.88 to 9.08; and Hunt and Neill 7.65.

The heaviest concentration of rainfall was 1.75 inches in 50 minutes. With the soil saturated, this rain produced heavy runoff into four flood prevention structures.

FLOODWATER BOILED AND TUMBLED down Lowrey Draw last Wednesday after four days of heavy rains. The water was being discharged from four flood-prevention dams on the draw.

The stream flowed for about three days last week disposing of floodwater without any reported damage.

Concrete Mixing Plant To Be Installed Here

A concrete mixing plant is scheduled to be installed here soon.

The Hays County Gravel Company of San Marcos leased two lots last week from the City of Sonora for the location of the plant. R. M. McCarver, manager of city utilities, says the lots are a portion of the City equipment yard which is not being used currently.

Estimated value of the installation is between 15 and 20 thousand dollars.

Roy C. Evans of Junction, who will be local manager, says that two trucks will be used in

the operation which will extend in approximately a 30-mile radius of Sonora.

It is estimated that four or five men will be employed in the operation.

New Station Open

H. T. (Bud) Ellis, formerly of Monahans, will operate the Shamrock service station on west US 290-277. The station was formerly operated by Mat Adams.

Also connected with the station will be Lupe Jimenez.

Date of the station's opening will be announced later.

Auction Grosses \$5,391

Bidders, happy after recent soaking rains, bought more than 300 items to send well over \$5,000 into the Downtown Lions Club treasury at the 30th Annual Lions Club Auction Tuesday night.

Jackie Wade reported Wednesday morning that current totals show \$5,391 contributed to the auction. Later corrections and cash donations are expected to increase the amount.

Totals at the same time last year were \$5,127, while the final amount was \$5,422.50.

About 250 people attended the sale which is held annually to raise money for numerous welfare and community improvement projects conducted by the Lions.

Lem Jones of Junction, auctioneer, began his chant with the crowd-pleasing announcement, "There'll be no bargains here tonight." He then proceeded to tease the bidders to higher prices at a fast clip, selling 38 items during one 23-minute period.

The abundance of items sold varied from a dressed African lamb to a hand-made apron.

An item which stirred a good deal of interest in the crowd was a case of Gold Water (a soft drink) contributed by Jones. It was purchased by Dantes Reiley for \$85. The Berry Duff Mystery Package was bought this year by John I. King for \$105.

A special award was presented to R. A. Halbert by John Cargyle of San Angelo representing the West Texas Boys

Flood Damage Prevented During Heavy Rains Here

By E. B. Keng
Soil Conservation Service
Flood-prevention structures on Dry Devil's River and Lowrey Draw did yeoman service last week in preventing flood damage to Sonora homes and business houses.

Though much of the rainfall

fell slowly, the soil was thoroughly soaked by midweek. Sediment pools were filled at four structures by Tuesday, and automatic drawdown tubes were functioning.

But the rains were not over. Two to three inches of hard rain on the Lowrey Draw Watershed

produced heavy runoff. Floodwater was over 22 feet deep at W. L. Miers Site 11, and 21 feet deep at the Ada Wynn Site 10. Heavy flows were also measured at Site 9 (James Hunt) and 12 (W. L. Miers). Without the structures many homes on Popular street and homes and business firms along Lowrey Draw would have been flooded.

Draw-down tubes at all the eight sites on Dry Devil's River also functioned. Floodwater was drained in an orderly manner, without any damage.

As shown in the accompanying photograph, a considerable flow of water occurs when all of the draw-down tubes are functioning. This drains the structures down to the sediment pool, making ready for another rain.

The flood-prevention pools were all less than one third full. With the soil filled to capacity the stage was set for a record flood. Fortunately, a three inch rain fell—instead of a much larger one.

The 13 structures "detained" approximately 9,800 acre feet of floodwater during the storm. This is equivalent to water one foot deep over 9,800 acres. Total floodwater detention capacity is 37,778 acre feet.

The 13 flood-prevention structures were completed in 1961 at a cost of approximately one million dollars. They are designed to reduce flood damages by 96 per cent during a severe storm.

Deadline Draws Near for Registration For Sonora Punt, Pass, Kick Competition

John Bell, competition director for the Sonora Punt, Pass, and Kick contest, has warned boys that the deadline is nearing for registration for this event.

"Registration closes Friday,

October 9," Bell pointed out.

Headquarters for PP&K registration, open to all boys eight through thirteen, is at Sonora Motor Company. Registrants must be accompanied by a parent or guardian. There is no charge for registration nor is any special equipment needed.

Competitors will vie with others of their own age in punting, passing, and kicking distance and accuracy. There is no body contact.

Joe Hull of Sonora Motor Company said Monday that 39 boys had registered for the contest.

"We need more boys to sign up," says Bell.

He states that it will be fun and good experience for the boys and he urges them to take their parents soon to register and "then be at the football stadium on Saturday, October 10, at 7:30 in the morning. You may win a trip to see the pro's play."

Last Rites Held Here For Mrs. Dan Cauthorn

Funeral services for Mrs. Dan Cauthorn were held at 2 o'clock Friday afternoon, September 25, in the First Methodist Church with the Rev. Allen G. Roe officiating.

Mrs. Cauthorn died in Shannon Hospital in San Angelo shortly after midnight Thursday after being moved from Hudspeth Memorial Hospital.

Born Lutie Carter in Irion County, she attended Mertzson schools and North Texas State Teachers College in Denton. She was a school teacher for several years in various Texas public schools, including the Dallas and Taylor school systems.

August 3, 1940, she was married to Dan Cauthorn in San An-

gelo, and they had been in the ranching business since.

She had been a member of the Methodist Church since childhood, and was for many years an active member holding several offices in the Woman's Society of Christian Service.

Mrs. Cauthorn served as president of the Sonora Parent-Teachers Association two years, and she was honored with a life membership in the organization. She was an active member of the Sonora Woman's Club and was a member of the Hudspeth Memorial Hospital Auxiliary.

Survivors include her husband; a son, Dan Carter Cauthorn of Sonora; a daughter, Candace Cauthorn of Sonora; a brother, Hamp Carter of Rankin; four sisters, Mrs. I. W. Ellis of San Angelo, Mrs. C. C. Aiken, Mrs. D. J. Wilson, and Mrs. T. P. Laudermilk, all of Mertzson; and a grandson.

Pallbearers were A. E. Prugel, Rex Lowe, Duke Wilson, Dr. J. F. Howell, Fred Earwood, Jack Neill, Edwin Sawyer, and Sam Allison.

Named as honorary pallbearers were all the friends of the Cauthorn family.

Burial was in Sonora Cemetery under the direction of Raliff-Kerbow Funeral Home.

Saunders Given Third Bronze Star

Major Alan W. Saunders, son of Mrs. Harold C. Saunders Sr., was presented his third Bronze Star Medal for heroism in Vietnam prior to his departure for reassignment to Orlando, Florida.

Major Saunders received his latest decoration for extreme gallantry in accomplishing a search and rescue mission in a dense jungle area infested with Communist Viet Cong troops.

The major served more than a

year in that Southeast Asia country as commander of a Pacific Air Rescue unit which, in conjunction with area facilities, provides search and rescue support for all U.S. military aircraft in Viet Nam and Thailand.

His other decorations include the Distinguished Flying Cross and the Air Medal with four oak leaf clusters.

The Sonora High School graduate is a veteran of World War II and the Korean Conflict.

Services Held Tuesday For Mrs. S. S. Bundy

Funeral services for Mrs. Stanton S. Bundy were held Tuesday morning, September 29, at 10 o'clock at the First Presbyterian Church in Junction. The services were conducted by the Rev. George Stewart, pastor of the Church of the Good Shepherd, Presbyterian, U.S., assisted by the Rev. Jack Hunnicut, pastor of the First Presbyterian Church of Junction.

Mrs. Bundy died at 5:30 p.m. Sunday at her ranch home 43 miles southeast of Sonora.

She was born Alice Harding at Somerset, Kentucky, July 6, 1886. The family later moved to Lookout Mountain near Chattanooga, Tennessee, and when she was 12, they moved to San Antonio.

July 27, 1910, she was married to Stanton S. Bundy, and the couple moved to the ranch in Sutton County.

After the death of her husband in 1956, Mrs. Bundy continued her interest in the ranching business in a partnership with

her son, Stanton, until her retirement about a year ago.

Mrs. Bundy was a member of the First Presbyterian Church in Junction.

Survivors include one son, Stanton; three daughters, Mrs. Albert Wade, Mrs. Carroll McPherson, and Mrs. Wright Hallfrisch, all of Austin; nine grandchildren; one great grandson; and one sister, Mrs. M. W. Leep of Milwaukee, Wisconsin.

Pallbearers were R. S. Teaff; Homer Mansfield, Coke R. Stevenson, Conrad Holekamp, and Cecil Craven all of Junction; George Slaughter of Austin; Fred Hall Jr. of Eden; and James P. Reick of Roosevelt.

Named as honorary pallbearers were Fred Mudge, Seaton Prentice, R. E. Homann, Pierce Hoggett, and A. W. Loeffler, all of Junction; Russell Hill and Wallace Rogers, both of San Antonio; and Joe Johns of Boerne.

Burial was in Junction Cemetery.

FIRE PREVENTION IS WORKING!

The year 1963 was the seventh consecutive one in which fire losses exceeded \$1 billion, according to the National Board of Fire Underwriters.

The growth of this country, the Board says, has of itself contributed to the high level of fire losses.

Since its inception in 1866, the National Board has been at the forefront in fire protection activities.

We are glad to report that some real progress has been made in the fight against fire.

For example, since 1950 there has been an increase of 34,500,000 in the population of this country, 13,750,000 new housing units have been added, and thousands of new mercantile and manufacturing units have been built. The new structures have increased the number of burnable buildings.

However, the burning ratio—the ratio of dollar fire loss to national wealth—has been declining steadily over the years, indicating progress in the never ending fight to prevent fire waste.

As the nation observes Fire Prevention Week

this month—which comes October 4-10—it's a good time for everyone to use care with fire and try to help us stem this needless destruction of our resources.

Fire takes its toll in lives. Last year there were 11,800 fire fatalities and tens of thousands more were injured in fires.

We can cut down the national toll in lives and property by keeping our homes free of hazards, throwing out accumulations of old newspapers and combustible trash, keeping our electrical equipment in good repair, and using particular care with matches and smoking which are the cause of one-fourth of all fires.

And the National Board reminds us that three-fourths of all fires are the result of carelessness, and never should have occurred.

Are fire prevention efforts worthwhile? Yes, says the National Board. Without fire prevention efforts on the part of all of us, the Board estimates, the annual fire loss in the United States would probably be three times its present size.

Letter To Editor

The Devil's River News
Sonora, Texas 76950
Dear John & Della:

I just received a copy of "The Devil" today and was never more surprised. Something from home sure did look pretty. I hope that this letter will convey my good wishes and gratitude to two very generous people.

As might be expected, the life up here is quite different from a small town high school. The expected enrollment, after today, is expected to reach 13,800. This figure, in itself, gives one an idea of the competition which exists here. At the first dorm meeting our supervisor made a statement which hit pretty hard. He said that most people come to college with the idea that college is going to prepare them to meet the cold, hard world. However, as he said, we are in the cold, hard world right now. From now on it's going to take initiative and perseverance to excel. Never was that more fully realized than at registration. I can't explain the system on paper and I can't explain the

feeling of insignificance I had as I stood in line to try to get a class or two.

I noticed in the paper a picture of the first grade class. If they could only see and understand what they are going to go through to complete the education they have just started, the whole group would work harder toward utilization of each day.

Thank you again for the many nice things which you have done for me.

Sincerely yours,
John Paul Friess

Senisa Horse Sale Slated October 3 At Angelo Coliseum

A new sale, conducted in a new manner, held in new facilities—that is the program for the first of the proposed annual Senisa Select Sales to be held October 3, in the San Angelo Coliseum in San Angelo.

W. W. Wright & Associates, conductors of the sales, say they established Senisa Select Sales in order to provide the horse industry in the Southwest with a merchandising medium of the stature worthy of the breeders who have worked untiringly to make the business grow.

San Angelo was selected as the site of the sale because it is near the center of the great horse-producing country of the Southwest. The sale will feature both thoroughbred and quarter horses.

Consignors to the sale include James T. Hunt and R. W. Wallace of Sonora, J. O. Hankins of Rocksprings, Bob Sykes of Christoval, Noble Taylor, Tenille Wardlaw and Whitehead Brothers of Del Rio.

Thirty bulls and forty-one cows and heifers are to be offered at the sale Monday, October 5, at 1 p.m. at the ranch, which is northwest of Mason on Ranch Road 1222.

Sale manager and auctioneer is H. V. Reyes of Beeville.

Lunch will be served at noon.

Glasscock Enrolls In Ranch Training Program at TCU

Tom Glasscock, son of Mr. and Mrs. V. J. Glasscock, is among 24 students, representing six states and two foreign countries, enrolled in the ranch training program at Texas Christian University for the 1964-65 school year.

Established in 1956 at the suggestion of Southwestern ranchmen, the program is designed for men who will make their living from ranching or livestock farming. During the nine-month program, intensive classroom instruction in basic principles of land, grass, livestock, records and marketing is given. Extensive field work illustrates the principles in working situations.

Last year the enrollees visited 52 ranches in Texas, Oklahoma, and Kansas as they traveled 8,000 miles. Six field trips were a week's duration each.

Not offered toward a specific degree at TCU, the program is limited to 24 students with ranching experience as a prerequisite. Director John Merrill and Raymond L. Kenny, assistant director, hold B. S. degrees in range management from Texas A&M University. Both are engaged in their own ranching operations.

The Devil's Workshop

An Idle Mind Column

By Della King

As Election Day, November 3, draws near facts about the early conventions, nominations, and elections in this country become especially interesting.

Following is some "political poop" gathered by the Encyclopaedia Britannica News Service:

The Federalists held the original nominating convention in 1808, but it was neither national in scope nor successful.

The word caucus originated in Boston early in the 18th century when political parties began nominating their candidates by means of a congressional caucus. The most plausible origin of the word is that it comes from an Algonquian Indian word, "kaw-kaw-was," meaning "to talk."

The election of 1828 marked the first time that the nominations were made by state legislatures instead of congressional caucuses. The Antimasonic Party held the first national nominating convention in September, 1831, the National Republicans followed with a convention in December.

Twenty-four national nominating conventions have been held in Chicago, more than in any other city. Next is Baltimore, where 12 national nominating conventions have been held. Only two conventions have been held in New York City.

The first U. S. presidential convention to admit women delegates was that held by the Progressive, "Bull Moose," Party at Chicago in 1912. However, a woman, Mrs. Victoria Claflin Woodhull, was nominated for the presidency by the Equal Rights Party in 1872.

A cartoonist, Thomas Nast, of Harper's Weekly magazine, created the popular emblems for both parties, the donkey in 1870 and the elephant in 1874.

The Democratic Party, beginning in 1792, at first used the title "Republican," derived in part from the emphasis on the newly established "republic" as contrasted with "monarchy." During the presidency of Andrew Jackson it came to be known under its present name.

Of the 65 presidential nominations in major party national conventions through 1960, 33 were made by the party currently in power in the White House. Of these 33, 17 were renominations of an incumbent president, usually without much of a contest.

Franklin Pierce, defeated for renomination in 1856, was the only elected president who tried

and failed to win a second nomination from the national convention of his own party. But others of the period declined the effort. James K. Polk had announced himself as a one-term president; and James Buchanan, who replaced Pierce, thought better of any second-term attempt.

All of the eight vice-presidents who succeeded to the higher office through the death of the president sought nominations to succeed themselves. The four who made the effort during the nineteenth century—John Tyler, Millard Fillmore, Andrew Johnson and Chester A. Arthur—were uniformly rejected. Four in the twentieth century—Theodore Roosevelt, Calvin Coolidge, Harry S. Truman and Lyndon B. Johnson—were renominated.

Nominations in the party out of power have only rarely resulted in the renomination of a previous candidate. After Van Buren's failure to secure a third nomination in 1844, and Clay's final nomination in that year, no "titular leader" of a defeated party was seriously considered for renomination until Grover Cleveland's third nomination and second election in 1892. William Jennings Bryan was nominated in 1896, 1900 and 1908 but lost the election that followed in each case. In 1948 Thomas E. Dewey became the first defeated Republican to receive a second nomination, but was again defeated.

Rewards Offered For Show Dogs Lost After Auto Crash Near Here

CHAMPION GERVASE GASTON OF SHERMAC is the American champion Standard Manchester terrier which has been missing since an auto accident September 18. His owner, Miss Hester Sherfey, was injured in the accident. A reward is offered for the return of the 22-pound dog.

Miss Hester Franklin Sherfey, huahua, which is owned by Mr. who has been recuperating here from injuries received in a one-car accident, has also been worrying about several dogs which were lost at the time of the accident.

Miss Sherfey was traveling from San Antonio to El Paso with 12 show dogs on September 18 when the accident occurred 14 miles east of Sonora on U.S. Highway 290. The dogs, which had been headed for shows in Las Cruces, N. M., El Paso, and Juarez, ran away after the panel vehicle turned over 2 1/4 times.

Seven dogs were recovered and one was found dead, but four—three Manchester terriers and a Chihuahua—are still missing.

Miss Sherfey says that she had hoped that one of the missing dogs, Champion Gervase Gaston of Shermac, would win an international championship at the Juarez show. A reward is offered for the return of the American champion Standard Manchester terrier weighing 22 pounds.

Miss Sherfey says she is especially worried about the Chi-

huahua, which is owned by Mr. who has been recuperating here from injuries received in a one-car accident, has also been worrying about several dogs which were lost at the time of the accident.

Honeyboy, who weighs three pounds, is very dear to his owners, Miss Sherfey says, and she is offering a toy Manchester terrier with AKC papers to the person who returns him.

An industrial engineer at Kelly Air Force Base near San Antonio, Miss Sherfey earned her degree in architectural engineering from Auburn University, Auburn, Ala. She is also a licensed professional dog handler.

She was scheduled to be transferred this week from Hudspeth Memorial Hospital to a San Antonio Hospital.

She said that she was deeply grateful to the people of Sonora who had been very kind to her, and she expressed her appreciation to them.

Miss Ruby Aline Roegels Becomes Bride Of Jerry Hohenberger in Church Rites

Miss Ruby Aline Roegels became the bride of Jerry Allen Hohenberger Saturday, September 12, in a double-ring ceremony in the Church of Christ, with Mr. Clifford Fehl officiating.

The bride is the daughter of Mr. and Mrs. Gene Roegels. The bridegroom is the son of Mrs. Ruby Hohenberger of Fredricksburg.

The bride chose a street-length gown of yellow chiffon over taffeta and wore a small yellow hat. She was given in marriage by her father and

mother. Her bouquet was of white carnations.

Miss Nancy Pearl, gowned in a blue sheath dress with a jacket, was maid of honor.

Best man was Calvin Weber of Fredricksburg, brother of the bridegroom.

A reception was held after the ceremony in the home of the bride's parents.

The couple will live in Com-fort.

The bride attended Sonora High School. The bridegroom is employed by Mooney Aircraft in Kerrville and is a part-time dance instructor at a dance studio in San Antonio.

Association Names Mrs. Baker Director At Midland Meeting

Mrs. Hubert Baker was appointed a director at the meeting of the West Texas Region of the Retail Merchants Association of Texas. The meeting, which was held September 19 and 20 in Midland, was attended by members from throughout the West Texas area, including El Paso, Fort Worth, Amarillo, Lubbock, San Angelo, Ozona, Sonora, Big Lake, Monahans, Kermit, Odessa, and Big Spring.

During the program Mrs. Baker presented a "Boost for the Institute," the Southwest Management Institute to be held in Austin in February. The educational course is held each year for the managers of Retail Merchants Associations and Credit Bureaus. It is sponsored by the University of Texas and the National Associated Credit Bureaus of America.

Other officers elected were Nelson Martin of El Paso, president; Jim Cabell of Kermit, vice-president; and Robert J. Miller, alternate director.

Also at the meeting with RMA were Retail Credit Executives of Texas, International Consumer Credit Association, and Associated Credit Bureaus of Texas.

The 1965 regional meeting will be held in El Paso.

Bronco Boosters Tour Field House At Monday Meeting

Members of the Bronco Booster Club toured the new Bronco Field House at the club meeting Monday night.

Jerry Hopkins, Bronco coach, showed the equipment room, the locker room, and the equipment and facilities, including the heated water whirlpool therapy equipment.

Louis Davis reported that although the valuation of the new building is over three times greater than the old field house, there will be an annual savings of more than \$60 in the fire insurance premium.

The club also saw films of the Sonora-Iraan game.

The next meeting will be held at 7:30 p.m. at the Central Elementary School cafeteria.

Norman Rousselot, secretary, reports that those who have registered for club membership to date include the following: W. B. McMillan, John I. King, Willie Miers, Edgar Glascock, Ruben Flores, Felipe Leyva, Mike Lueke, Ervin Willman, George Wynn, C. M. Martinez, Primo Gonzales, Lalo Gonzales, Santo Lopez, and Cris Haines.

What is a Drug Store

?

A drug store is many things to many people.

It is a source of wonderment and mystery to a small inquisitive child;

a source of information and reassurance to a puzzled new mother;

a source of added charm and self-assurance to budding beauties of all ages.

Above all, a drug store is a source of new found health and well being to the sick, and continued good health to the healthy.

YOUR MINISTER SAYS

By the Rev. Rodney Dowdy
Pastor, First Baptist Church
DON'T DISAPPOINT GOD

Scripture: Luke 18: 18 - 30

Jesus had many personal interviews with people. He had a personal interest in the individual. In our scripture today a young man came to Jesus with a very vital question. The question the young man asked Jesus should be a question that every man must face up to in life. The five commandments Jesus asked if the man had kept are commandments of every day and personal Christian ethics. Can you answer as the man and say "I have kept them from my youth up"?

In spite of the fact the man assured Jesus that he had kept the five commandments—yet the young man had a serious deficiency in his life. The young man went away from Jesus, failing to fulfill all that Jesus required of him. The young inquirer disappointed Jesus.

There are many examples where men have disappointed God; so let us review a few of the occasions where men have failed God. Jonah was a classic example of a man disappointing God. Lott was a disgusting example; Israel at Kadish-Barnea was a tragic example; seven churches of Asia were critical examples; and King Saul was a spiritual failure.

When you disappoint God with your life, you sap your energy, strength, and spiritual blessings. To be a disappointment to God will cause you to be at unrest, and you will fail to have the foundation when temptations of life confront you. When you do not measure up to God's expectations for your life, then you are the loser, and many bless-

ings in life are forfeited.

When you fall short of God's will for your life, the family you love so dearly also are the losers. When a member of the family breaks the rules, then all the family is penalized. Even those who are not responsible in the family will suffer.

It is not necessary to disappoint God when you can make the right decisions. There are many divine resources which will help not only to guide but also to fortify you when the right way is sought.

Excuse making is not the answer. Let's not make alibies, but let us make good. We do not have to make excuses when we "honest-to-goodness" do our best. The Apostle Paul wrote to the Christians at Philippi, "I can do all things through Christ which strengthened me." This great declaration was based upon a divine resource: "But My God Shall supply all your needs according to his riches in glory by Christ Jesus".

The rains have at last come to a halt. Now the band will march more before the games, and the lockers won't get wet for a little while at least.

The senior class is selling magazines this week, and I'm sure any member of that class would be very happy to help with your magazine needs. Team captains are Randee Fawcett and Roy Glasscock.

Last week's column had an omission in the National Honor Society officers. Carla Whitworth is the president, and Cindy Galbreath is the vice-president.

It is almost time for the first six-weeks to end. We all know because it is time to hand in book reports and notebooks. It has been stressed that we don't wait until the last minute to get these things together, but work on them during the six-week period. Of course, the time passes so quickly that we don't realize it. Another sad story is that papers get lost or torn so that

they must be done over. We miss Ruth Cooper, who is in the hospital in San Angelo. Here's a wish for her speedy recovery.

Maxine Davis, Gail Espy, Cathy Grelle, Laura Lockett, and Janice Sutton have been named B-Team cheer leaders. Their next game will be October 1 when they will play Junction there.

Friday night will find the Bronces playing Rankin here in Sonora. Here is another chance to keep the Victory torch burning, so everyone should go out to see the second district game of the season. This game will start at 7:30 p. m.

Although school has barely started, exes are seen in Sonora for the weekends. Some have been Jimmy and Diana Cahill, Francine Fields, Mary Adele Wilson, Cissy Young, Betty Jack Cooper, Gil Allison, Bob Nevill, Charlie Howell, Johnny Merck Joyce Hearn, and Katherine Adams.

If the readers should have any news to be put in this column, they may do so by calling 2-7601 to report it.

J. Tedfords Host Bridge Club Party

Mr. and Mrs. D. C. Langford won high score for club members, and Mr. and Mrs. Norman Rousselot won high score for guests when Mr. and Mrs. John Tedford entertained their bridge club last Saturday night at the Holiday Host Restaurant.

The traveling prize was won by Mrs. Lin Hicks, and Mr. and Mrs. John King and Mr. and Mrs. Joe Neil Smith won bingo prizes.

Others present at the party were Mr. and Mrs. Dennie Hays, Mr. and Mrs. Jack Kerbow, Lin Hicks and Mr. and Mrs. Dick Street.

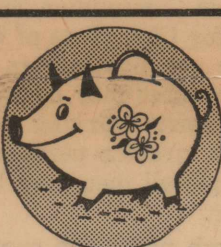

Cherry Pie and coffee were served.

MRS. JOHNNY MORRIS

Miss Iveylea Newman and Johnny Morris Exchange Vows at Rocksprings Church

Miss Iveylea Newman, daughter of Mr. and Mrs. York Newman of Carta Valley, and Johnny Morris of Sonora were married Monday evening, September 7, at 5 o'clock in the First Methodist Church in Rocksprings. The bridegroom's parents are Mr. and Mrs. James Morris.

The Rev. John Alexander performed the double-ring ceremony in the presence of the couple's immediate families. A large arrangement of white gladioli was banked against the altar, where the couple exchanged vows.

The bride, who was given in marriage by her father, wore a dressmaker suit of blue silk. The bodice of the dress was designed with white lace, and the jacket had three-quarter length sleeves and a rolled design of the self material around the contour of the jacket. She wore blue gloves that matched her dress. Her hat was a small creation of white flowers.

She carried a white Bible and an imported white linen handkerchief, and her corsage was a white orchid.

Mrs. Dannie Minica of Rocksprings and Charlie Flemmings of Brady attended the couple. Mrs. Minica wore a beige suit with brown accessories. Her corsage was pink camellias.

For her daughter's wedding

Mrs. Newman wore a light wool pink sheath dress of figured design. Her accessories were black, and she wore a corsage of white camellias. The bridegroom's mother wore a mint green wool dress with beige accessories, and her corsage was white camellias.

The bride's parents entertained the wedding party with a supper at Marian's Cafe after the wedding.

After a wedding trip to south Texas, Mr. and Mrs. Morris will reside at 609 Parsons Street in San Angelo, where both will attend San Angelo College. Mrs. Morris will be a sophomore majoring in elementary education, and her husband will take junior courses in agriculture.

The bride attended Carta Valley School and graduated from Rocksprings High School in 1963. In high school she won the FHA Homemaker of America contest, and in her senior year was chosen the class favorite. She attended Southwest Texas State College and San Angelo College last year.

Morris attended school in Brackettville and later graduated from Sonora High School. He attended Texas Technological College at Lubbock his freshman year and San Angelo College last year.

MAKE CHURCH-GOING A HABIT

GROWING TOGETHER

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

"God's garden" . . . those were St. Paul's words to describe the early Christian fellowship. From its mighty seed of revealed truth, the Church has grown and flourished . . . spreading into many lands, developing in many ways, but always linked by oneness in Christ.

World-wide Communion Sunday is a day of spiritual renewal for Christians of every creed. It is a time to remember our brothers in all lands, and to pray that our differences may be transcended by the power of the Holy Spirit working among us. It is a call to greater effort, greater personal participation, so that by our example all men may be led to know Jesus as their Saviour.

The Church needs the support of every Christian on this meaningful occasion. Decide now that you and your family will be present at the Lord's Table.

Addressed Form For Quarterly Taxes Sent to Employers

District Director of Internal Revenue Ellis Campbell Jr. said this week that employers in the Dallas District should receive through the mail on or about September 30, pre-addressed Forms 941, "Employers Quarterly Federal Tax Return" for use in reporting income taxes withheld and social security taxes for the calendar quarter ending September 30.

Campbell pointed out that the use of these pre-addressed forms, which also carry the correct employer identification number, will insure the prompt and proper credit to taxpayer accounts when these quarterly returns are processed through the ADP system at the regional service center. He said blank forms are available in local IRS offices for new filers and urged that those employers who have been assigned identification numbers make sure the number entered on the tax form is correct.

Employers without identification numbers should attach application Form SS-4 to the return for a number when filing, Campbell said.

Bahia Downs Adds Yearling Races To October Meet

Requests by horsemen have prompted the South Texas Race Association to add yearling races to their October 3-4 and 10-11 Meet at La Bahia Downs in Goliad. The Racing Secretary's office announced this week that these yearling races will be written to suit the horsemen on the grounds.

With several yearling futurities scheduled for various Texas tracks this winter, it is anticipated that a number of these yearlings will run at Goliad to gain needed experience.

The racing Secretary further announce that stalls are still available on a first come, first serve basis. With the addition of three new barns in 1964, La Bahia Downs can now handle a larger number of horses.

'Hoss' Plans To Go On Political Trail

Texas-born, Texas-educated Dan Blocker, the beefy "Hoss" character of the TV show, "Bonanza," is pictured on the cover of TV Guide magazine and profiled in depth in the current issue of the publication.

A native of DeKalb, Blocker attended Texas Military Institute in San Antonio, Hardin-Simmons University in Abilene and Sul Ross State College in Alpine. He later taught school in Carlsbad, N. M. and at Sonora.

Blocker plans to stump Texas next month for President Johnson, according to the magazine.

District Supervisor To Be Chosen Tues. By Zone 1 Voters

Landowners on Zone 1 of the Edwards Plateau soil conservation district have an election October 6. D. C. Langford, county agent, says the election is very important and he urges all eligible voters to cast their ballots.

Zone 1 includes all land in Sutton County that is south of the old Juno road and south of the Cusenbary road. It includes the northwest one fourth of Edwards County.

Zone 1 voters in the Edwards Plateau S.C.D. will elect a ranchman who will serve as their supervisor and representative on the Soil Conservation District Board for the next five years. Fred T. Earwood is the present district supervisor. The election will be held at the Sonora Wool and Mohair Company Warehouse at 2 p.m. on Tuesday, October 6.

All Sutton County residents who own land in zone 1 are eligible to vote in the election. Wives of eligible landowners can vote also.

Langford points out that soil conservation districts are political subdivisions of the state of Texas and by law are charged with the responsibility of carrying out a soil and water conservation program in their district. Through them such items as technical service, equipment, leadership in small water shed projects, and many other services are provided to cooperating landowners.

Old Trail Drivers To Meet Oct. 1-3

The Old Trail Drivers Association of Texas will hold its annual convention at the Gunter Hotel in San Antonio on October 1, 2 and 3.

A program is being arranged for each day of the convention, and the daughters and wives of Texas Trail Drivers will be hostesses.

All descendants of Texas Trail Drivers and Pioneer Texas Settlers are cordially invited to attend the convention and register for membership.

A BOAT IN THE BACK YARD had a certain appeal during last week's heavy rains. As draws flowed heavily and the rain kept coming down, there was something reassuring about seeing

the jaunty little red boat in the yard of the Lem E. Johnson Jr. home. The craft must have been seaworthy, with no leaks, for it was holding a full cargo of rainwater.

Democrats Plan Campaign Activity

About 20 adults and teenagers interested in working for Democratic candidates attended an organizational meeting scheduled by the Sutton County Democratic Executive Committee Saturday night.

Fund-raising methods were discussed at the meeting conducted by Joe Brown Ross, Committee chairman.

Sam E. Jones was named captain of Precinct 1, and Angie Moore was elected secretary of the campaign organization.

Screwworm Flies May Be Welcoming Recent Rainfall

Farmers and ranchers may not be the only ones welcoming the long-sought heavy rains, observes the Texas Agricultural Extension Service.

In a progress report on the Southwest Screwworm Eradication Program, the Service says, "Screwworm flies may also be welcoming the moisture. Confined to the areas along water courses and around stock tanks during most of the summer, the insects generally take off cross-country during the fall season when every chuck hole and creek contains water. This brings about the annual fall increase in screwworm infestation that eradication officials have warned about."

The report further states that no cases have been reported in Texas for more than seven weeks, leading officials to feel that no screwworms exist in the state to start a buildup. However, the rains have also been prevalent in northern Mexico, and migration of insects from that country into the U. S. presents a danger.

No buildup of infestations has been observed in the Mexican states adjoining Texas, although the states below Arizona have experienced considerable problems with screwworms.

Travel Theme Set Cinders For Woman's Club ... from Page 1

"International Passport" will be the program topic at the first meeting of the Sonora Woman's Club Thursday, October 1, at 12:30 p.m. at the Club House. The program theme for the year is "Passport to Travel."

The New York World's Fair will be highlighted in the program, which will feature color slides and a panel discussion.

"Federation Day" will also be observed at the luncheon meeting.

4-H to our community and our state.

The Governor's proclamation says in part, "The 4-H program stresses the four-fold development of Head, Heart, Hands, and Health as well as teaching the latest practices in Agriculture..."

"Since the 4-H program was inaugurated by the United States government in 1914, the 4-H movement has spread across our nation and built bridges of understanding to more than 76 foreign countries. Members of 4-H Clubs learn by conducting projects and participating in 4-H activities. By putting into action what they learn, club members improve their homes and communities."

Texas Prison Rodeo Schedules 33rd Year of Thrills

The 33rd Annual Texas Prison Rodeo to be held each Sunday in October in the prison's 30,000-seat stadium will offer a thrilling balanced program of entertainment for each member of the family.

Aside from the lineup of the nation's topflight celebrities, there will be a host of inmate contests, and inmate entertainers including The Goree Girls, The Jail House Beatles, Barber Shop Quartet, Gomer-Clyde and Crawdad of the Hungry Three Trio, and Inmate Clowns.

Another non-prison event will be the Girl's Barrel Race, featuring the top riders from Texas and neighboring states.

Net proceeds from the ticket sales go to purchase rehabilitative services for inmates of the Texas Department of Corrections.

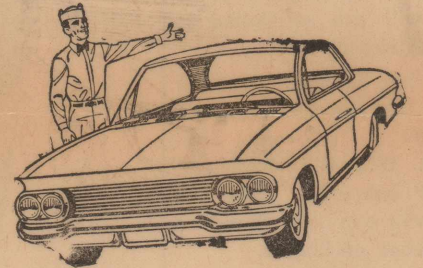

Reserved seat tickets are \$2.40, \$3.75, \$4.40, and \$4.95. They may be obtained by writing Rodeo Ticket Office, Huntsville, Texas, enclosing check or money order, or phone GA 5-6371 or GA 5-6372 in Huntsville.

"More than 16,000 voluntary adult leaders working with club members provide a key to the success of 4-H. Parents and friends of 4-H give support and encouragement to club members. The Agricultural Extension Service of Texas A&M University, through county Extension agents, directs the 4-H Club Program."

"... The 4-H Clubs are a proving ground for the training of future leaders."

This week is also Fire Prevention Week, a time when we are urged to take a careful look around our homes and businesses for fire hazards. John A. Martin Jr., city fire marshal, warns people to clean furnaces and blow the dust out of them before lighting them for the winter. Martin says that a fire can start in a dusty furnace and spread to the rest of the house.

"We have a brand new fire truck," he adds with a smile, "but we don't want to wear it out going to a bunch of fires."

"With Privilege Goes Responsibility"

This is a quotation we have all heard. It could not be better applied than to voting. We Americans have the privilege of living in the greatest country in the world and of selecting our leaders.

With this goes the responsibility of screening the candidates and going to the polls to vote.
