Fun-packed Night Slated Halloween

A parade of spooks, coronation of the Halloween queen, a carnival, and a dance are all scheduled for Halloween, Saturday, October 31.

Costumed students from Central Elementary School and Kindergarten will gather at 4:30 p.m. for the parade through downtown Sonora, which will begin at 5 p.m. The funniest, spookiest, and the most original hobgoblins will be chosen from each grade, and over-all winners will be selected.

After a short program, the Halloween queen will be crowned, and she will declare the Halloween Carnival open.

Bob Snodgrass, High School teacher, says that the carnival, which is sponsored by the High School Student Council, will feature a variety of entertainment. A concession stand will be selling food, and a talent show will be presented. Also planned are a witches' house, a putting green, a country store, and other amusements, and those who wish may express their preferences in the presidential election.

After the carnival closes about 9:30 p.m., the Student Council will sponsor a dance beginning at 10 p.m. in the Central cafeteria for students in grades 8 through 12.

Political Caldron Bubbles to Climax

Politics continued to bubble in Sutton County during the climactic week before the general

election Tuesday, November 3. Absentee voting is running heavier than usual, Mrs. James Trainer, county and district clerk, said Tuesday, three full days before the Friday deadline. Mrs. Trainer said that 50 persons had voted by Tuesday afternoon, while a total of 40 persons voted absentee in the general election two years ago. She added that she had received a number of inquiries about the absentee voting procedure, and approximately 20 ballots mailed to applicants had not yet been returned.

Eligible voters who are going to be out of town on election day may vote by personal appearance at the clerk's office until 5 p.m. Friday, October 30. The clerk may mail ballots, upon proper application, through Friday afternoon, and she may receive completed mailed ballots until 1 p.m. on election day.

In other political activities, the Sutton County Democratic executive committee held a rally featuring Joe Foy, San Angelo attorney, as speaker. Approximately 100 persons attended the meeting at the Courthouse Tuesday night. It was announced that Ed Idar Jr., also a San Angelo attorney, will be in Sonora Thursday to lead a rally.

In the GOP camp, Sutton County Republicans scheduled the broadcast of a speech by Strom Thurmond, Senator from South Carolina. John Tedford, county chairman, said that the talk will be broadcast over radio station KCKG at 7:15 a.m. Saturday.

In the local race for constable of Precinct 1, one candidate withdrew this week and another tossed his hat in the ring. A vacancy in the nomination occurred October 9 after the death of J. F. Hamby, the Democratic nominee for the post.

J. Wray Campbell, who recently had announced his write-in candidacy, withdrew this week. After his withdrawal, Harold Schwiening, native Sutton County ranchman, declared his write-in candidacy.

The polls will open at 8 a.m. and close at 7 p.m. Polling places are as follows: Precinct 1, County Courthouse; Precinct 2, Sonora Wool and Mohair Company; Precinct 3, Cedar Hill School; and Precinct 4, Owensville.

Mrs. Trainer urged voters to use care in casting their ballots. She said that during each election some votes must be disqualified because of carelessness of the voters.

A common mistake is to fail to mark out the names of all other candidates in a race. The essential thing is for the voter to leave the name of his candidate and be certain that he marks out the names of all other candidates in all other columns. A voter writing in the name of a candidate must be sure to mark out the other names in the other columns so that his vote may be counted.

By Gary McGilvray

The Sonora Broncos dinged the Junction Eagles last Friday night in Junction by a score of 33-14 to wrap up their fourth victory in district play and their fifth win of the season.

The Broncos received the kickoff and easily moved to the Junction two-yard line, where Mike Gosney ran over the touchdown for six points. The conversion attempt was missed.

Sonora's second touchdown was set up on a fumble recovery by Carl Teaff. The actual tally came on an 11-yard pass from Bill Elliott to Mike St. Clair. The try for extra points failed.

On a similar play in the second quarter, St. Clair earned six more points on a pass from Elliott, this time from 15 yards out. Eddie Howell crossed the goal line for the two extra points.

Later in the second quarter Jerry Shurley scored from the ten-yard line, adding to a lopsided halftime score of 26-0.

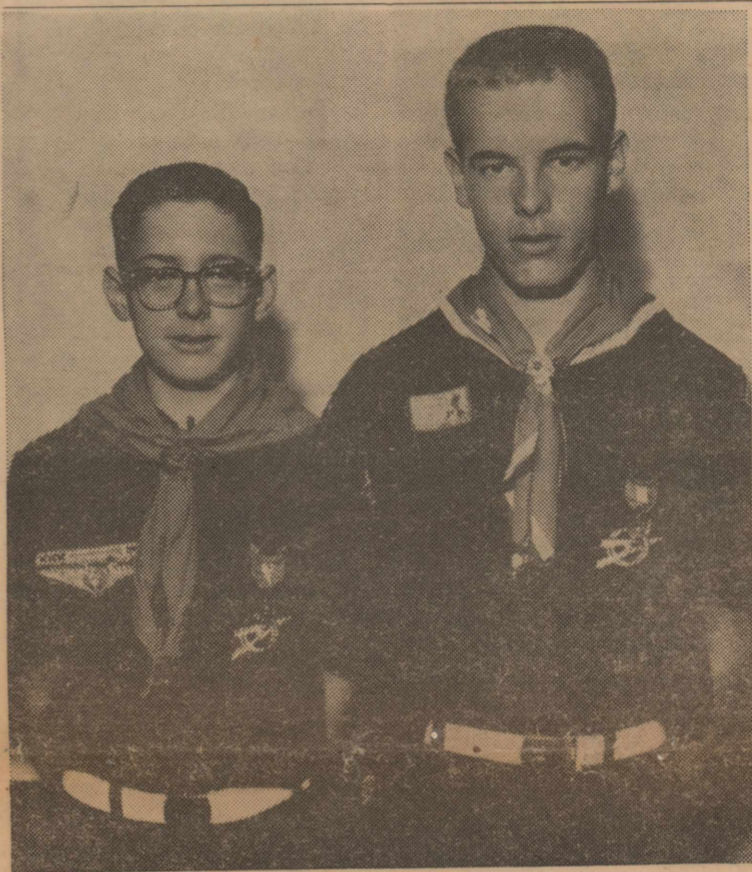

The only score in the third quarter came when Howell made a 49-yard punt return, his third of more than 45 yards. The others were 80 and 86 yards each. Mike Wuest kicked the extra point.

Junction's two scores came late in the game on runs of two and six yards.

The Broncos, with their wide halftime margin, fielded the "B" team during most of the second half.

Jerry Hopkins, Bronco coach, said this week that he felt that the team played a fine ball game. He expects a tough game from Ozona Lions Friday night. That contest will begin at 7:30 p.m. in Bronco Stadium.

The Lions are coming to Sonora with a record of six victories and one loss. They have shown

Youth To Solicit 'Treats' For Needy For CROP Program

Texas young people of various church youth organizations working together in their communities will be among CROP workers calling from door to door in their communities on Halloween seeking "treats" for needy people abroad.

CROP is the Community Resources Program which collects food and cash for the world relief program of Church World Service.

The contributions collected by the young people will give help, such as providing a meal a day of rice for a Child Feeding Program in Hong Kong, where 18,000 children who have come to the British Crown Colony from Communist China otherwise do not receive as much as one full meal a day. A gift of \$4 will provide enough rice for a meal a day for one child for a year.

Young people representing CROP will be recognized this year by an orange-yellow identification tag bearing the "Freedom from Hunger" symbol.

IT'S UP TO YOU

How important is your vote?
When you go to the polls next Tuesday and cast your ballot, your vote will count. It will be your voice in American democracy. It may well affect this generation and the generation to come.
When you go to the polls next Tuesday and cast your ballot, you will be voting not only for yourself—you will also be voting for the half of Texas which will not be represented at the polls.
This year in Texas there are an estimated 5,900,000 people over 21, but only 3,100,000 are eligible to vote. Only 3,100,000 have paid their poll taxes, have registered, or have been classified exempt.
And 600,000 of those people probably will not bother to vote.
Over 3 million Texans will be silent citizens with no effect on the course of our government.
When you go to the polls next Tuesday and cast your ballot, your vote will be vitally important. The records contain hundreds of elections which were decided by the slimmest of margins.

In 1948, President Truman carried the states of California and Ohio by a margin of close to one vote per precinct. Ohio was won by only 7,017 votes in 9,247 precincts; California by 17,865 votes in 16,802 precincts.
In 1960 we learned how close an election can be. John F. Kennedy's plurality over Richard M. Nixon was only 112,803, and there were 68,833,241 total votes cast. A shift of 1,838 votes in just two states (Illinois and Missouri) would have reduced Kennedy's electoral vote by 40, thus denying him a majority in the electoral college.
When you go to the polls next Tuesday and cast your ballot—be informed. Genuinely know what and who you are voting for. An informed people is the first essential to the continuation of our liberty.
It's up to you.
Intelligently making up your mind and casting your ballot is a job that you—and only you—can do.
Go to the polls next Tuesday and cast your ballot.

FOREIGN POLICY
Republicans—"We reject the notion that Communism has abandoned its goal of world domination, or that fat and well-fed Communists are less dangerous than lean and hungry ones."
... "This Democratic Administration has been from its beginning not the master but the prisoner of major events. The will and dependability of its leadership, even for the defense of the free world, have come to be questioned in every area of the globe."
Democrats—"Battered by economic failures, challenged by recent American achievements in space, torn by the Chinese-Russian rift, and faced with American strength and courage, international Communism has lost its unity and momentum. "The search for peace requires the utmost intelligence, the clearest vision, and a strong sense of reality. Because for four years our nation has patiently demonstrated these qualities and persistent-

VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement . . . a man who has worked consistently against progressive measures in the Senate . . . a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service . . . who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire . . . has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!

MEDICAL CARE

Republicans — "We pledge revision of the Social Security laws to allow higher earnings, without loss of benefits, by our elderly people; full coverage of all medical and hospital costs for the needy elderly people financed by general revenues through broader implementation of Federal-state plans, rather than the compulsory Democratic scheme covering only a small percentage of such costs, for everyone regardless of need."

Democrats — "We will continue to fight until we have succeeded in including hospital care for older Americans in the Social Security program, and have insured adequate assistance to those elderly people suffering from mental illness and mental retardation."

EXTREMISM

Democrats — "We condemn extremism, whether from the Right or Left, including the extreme tactics of such organizations as the Communism party, the Ku Klux Klan and the John Birch Society. We know what violence and hate can do. We have seen the tragic consequences of misguided zeal and twisted logic."

Republicans — "Such leaders (as those who have charted the Democrats' course) are Federal extremists — impulsive in the use of national power, improvident in the management of public funds, thoughtless as to the long-term effects of their acts on individual freedom and creative, competitive enterprise. Men so recklessly disposed cannot be safely entrusted with authority over their fellow citizens."

CIVIL RIGHTS

Republicans — "We pledge full implementation and faithful execution of the Civil Rights Act of 1964, and all other civil rights statutes to assure equal rights and opportunities guaranteed by

the Constitution to every citizen. We pledge improvements of civil rights statutes adequate to changing needs of our times."

Democrats—"The Civil Rights Act of 1964 deserves and requires full observance by every American and fair, effective enforcement if there is any default. . . . When the house is closed up... and the kitchen's soot free

Flameless Electric Cooking is all it could be

During the winter months when the house is closed up, a flameless electric range is almost a necessity. Only an electric range can prevent the ugly, oily film on windows, walls, cabinets...everything in the kitchen and adjacent rooms, because there's no combustion. Since heat is delivered directly by metal-to-metal contact with the bottom of the utensils, you don't have to clean soot from pots and pans. There's no doubt about it...electric cooking is clean, accurate, fast, and by putting the heat into the food, not into the air...you don't have to pay for dissipated heat.

Visit an electric appliance dealer soon and bring home an electric range so you, too, can have a bright and shiny kitchen.

FREE WIRING — An extra for WTU customers. If you are a customer of WTU and purchase your flameless electric range from a local appliance dealer, WTU will install the wiring at no charge to you.

Miss Clara Margaret Schwiening Is Wed To John William Wetzel in Church Rites

The marriage of Miss Clara Margaret Schwiening, daughter of Alfred Schwiening Jr. of Sonora and Mrs. Alfred Schwiening Jr. of Fort Worth, and John William Wetzel, son of Mr. and Mrs. J. C. Wetzel of White-wright, was solemnized at 8:30 p.m. Oct. 2 in St. Luke's Episcopal church in Denison. The Rev. Alanson Brown, rector of the Church of the Good Shepherd in Wichita Falls, officiated at the double-ring ceremony.

Nuptial music was presented by Mrs. Edna Reddick of Denison.

The bride was given in marriage by Albert Laughlin of Fort Worth, long-time friend of the family. Her street-length wedding dress was of white brocade, designed with a bell-shaped skirt, a fitted bodice with jewel style neckline set in seed pearls, and long tapered sleeves. She wore a small veiled hat of white satin, and she carried a white orchid bouquet with stephanotis atop a white prayer book. For "something old" she carried a handmade silk lace handkerchief, which was carried by her great aunt, Mrs. J. C. McMillin, in her wedding thirty-seven years ago.

Miss Shirley Janway was maid of honor, wearing a pale blue brocade dress with fitted bodice and bell-styled skirt. Her white hat was identical to that of the bride. She carried a colonial bouquet of white carnations.

Bobby Durham of White-wright was best man, and Bill Jennings of Sherman was usher. Mrs. Schwiening, mother of the bride, wore a suit of off-white silk with a red hat. Mrs. Wetzel, mother of the bridegroom, was attired in a pale blue knit dress with blue accessories.

A reception followed the ceremony in the church parlor. The bride's table was laid in white satin, centered with a three-tiered wedding cake, topped by a miniature bride and bridegroom and flanked with bouquets of white carnations and ferns.

Mrs. John Rowland of Dallas and Mrs. Gene McKnight of Grand Prairie, sisters of the bridegroom; Mrs. Tim Arterberry, grandmother of the bride; and Mrs. J. C. McMillin of White-wright served. Miss Carolyn Wetzel of Dallas, sister of the bridegroom, registered the guests, who included friends from Whitewright, Sherman, Denison, Howe, Wichita Falls, Tom Bean, Fort Worth, and Dallas.

MRS. JOHN W. WETZEL

The bride is a senior student in Whitewright High School, and the bridegroom is a member of the Army engineers now stationed at Fort Riley, Kansas.

The election of President Johnson will safeguard world peace and is the best assurance for this nation's sustained prosperity. Mr. Johnson entered the White House better equipped by experience and proven leadership than any other President in American history. College Students Travel and Study On Unusual Campus

Terry and Lowell Powers have enrolled for the spring semester in a university with a campus 482 feet long with a gross tonnage of 12,574. They are the sons of Raymond Barker, brother of Bill and Granville Barker and a former Sonora resident.

The unusual educational institution is the University of the Seven Seas, a former passenger liner which has been fitted with classrooms and a library. Lowell and Terry, both students now at Arizona State University, have received scholarships for the four months of study and travel.

The University of the Seven Seas "travels around the world," explains its catalogue. It "visits nearly 20 countries . . . comes into contact with a large area of the earth and its peoples. It combines classroom instruction under competent faculty with organized educational tours and other shore experiences in ports-of-call."

Classes meet six days a week at sea. For example, a world history course requires 48 hours of classroom instruction, plus on-the-scene lectures at the Acropolis in Athens, the Forum in Rome, the wonders of the Nile, and other historical sites. The students receive college credit for their work.

A wide variety of subjects including architecture, journalism, philosophy, and geology are offered.

Terry and Lowell are slated to sail from San Diego February 11. Among ports of call scheduled are Honolulu, Manila, Capetown, Buenos Aires, Rio De Janeiro, and San Juan.

Hunters Urged To Shape Up For Season

Texas hunters, poised for what could be the greatest deer harvest, were admonished by J. B. Phillips, law enforcement coordinator for the Parks and Wildlife Department, "to begin getting in their road work."

He cautioned that "all too many nimrods spoil the sport of going afield for lack of condition."

"Each year," he advised, "our snowballing soft way of life sends more people after their favorite target in increasingly poor physical condition."

"Of course, it's too late now, what with the regular season opening at mid-November, to get all muscled up. But as your physician will agree, you can work off some rough edges."

"I am told that plain, old-fashioned walking may do the job. At least, it can ease the transition from routine chair calisthenics to the rigors of the hunt."

Phillips said nowadays, with more and more people having

year-round air conditioning at home as well as at offices, the mere "exposure" to fresh air can be a trial for some hunters. "Then," he said, "if you blend in a wet Texas norther, the average inactive person really gets the crucial test."

He added statistics show that heart attacks are a major cause of hunter ailments in the field.

"Our best advice then is," he said, "for the hunter to begin as early as possible in pre-acclimation routine. And we are told if he does nothing better than 'get his legs in shape' he will have automatically enhanced his own physical welfare for the big hunt. Of course, simple deep breathing exercises will help."

Phillips continued the best counsel is to have a checkup before the annual field invasion, particularly for those overweight and past middle age.

Woman's Club Sets Bon Voyage Party

"Passport to France" will be the topic of the meeting of the Sonora Woman's Club Thursday, November 5, at 12:30 p.m. at the Clubhouse.

Bob Johnson, manager of the Sonora Chamber of Commerce, will speak at the meeting, which will be highlighted by a bon voyage party.

Also featured on the program will be a color film, "Voici La France," presented by Mrs. Norman Rousselet.

The potato blight of 1845-51 brought a famine in Ireland which caused the death of 1,500,000 Irish and the immigration of another million.

MAKE CHURCH-GOING A HABIT

You can read many things in the human face. It is often the mirror of our emotions. It is sometimes the reflection of our character.

But almost never does the face reveal the needs of the human soul. Like some artificial mask it can look satisfied when the soul is troubled. It can look calm when the soul is restless and yearning.

How then can we read our soul's needs?

We can read them in the Bible. And in the centuries of man's universal reaching for God. In the prayers that a hundred million lips have framed. In the hymns and psalms that generations have echoed.

God alone fully understands the needs of a human soul. He who created us knows what is essential for His creatures. And when we come to His House, trying to understand these deep spiritual needs... all the while He is supplying them, satisfying the hungers of the soul.

THE CHURCH FOR ALL - ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.

An Open letter to Barry Goldwater
From State Senator Walter Richter, Gonzales, Texas
Dear Mr. Goldwater:

The other day when you suggested that you would be willing to use some phrase other than that shop-worn cliché of "soft on communism" in referring to our President, someone in the audience suggested the word "treason" and you replied "That's it!"

I guess that's when the deep resentment I have been feeling about the calculated campaign of vilification against our President turned into pure nausea. I stayed awake until 2: a.m. feeling sick, and thinking about what you were doing.

You must have finally felt a touch of nausea yourself, when, on the next day, you cancelled the "smut" film your campaign crew had prepared for nationwide showing. I guess I am pleased to learn that you do have a limit.

In your heart, Mr. Goldwater, you know that neither President Johnson nor his administration is in any way guilty of treason, and that this, even for campaign tactics, is something of a record "low."

This brings me to the point of this letter, "morality", an issue which you, sir, have chosen to inject into this campaign. It is an issue which only one of tremendous personal integrity can effectively pursue; and although you have tried mightily to project a posture of piety, I want to point out that you have not been very convincing.

You have cried out against government spending and waste, and then you have rattled the saber, even saying that nuclear war was inevitable, an attitude which has to call for a tremendously expensive military force.

Even more remarkably, you have spoken glibly of ending the draft.

Is this your idea of integrity, Mr. Goldwater?

You have cried out against massive Federal projects only to support them when they will be located in and benefit your home state.

Integrity, Mr. Goldwater?

You have cried out in support of the exercise of local responsibilities as opposed to Federal "interference," and then you suggest that it is the Federal responsibility to maintain law and order in our local communities.

Integrity, Mr. Goldwater?

You have had so much to say about crime and lawlessness in many United States cities, notably Washington, D. C., and yet your own hometown in your own home state turns up the fourth most crime-ridden city in the whole country.

Integrity, Mr. Goldwater?

You have cried out against riots and lawlessness time and again, and yet your voting record in the Senate reveals a consistent vote against programs designed to correct the causes of crime.

Integrity, Mr. Goldwater?

You've cried out bitterly against immorality in high places, and yet you have not uttered one word in condemnation of your running mate, who, as a congressman, fought for legislation to benefit an organization which had been paying him \$7,500 annually for many years.

Integrity, Mr. Goldwater?

In three speeches in January, you came out in favor of voluntary Social Security, something which makes one wonder about your wisdom, because this can only lead to bankruptcy of the system. Significant, however, is that in February in New Hampshire, you had the audacity to say, "I don't know where this voluntary business crept in."

Integrity, Mr. Goldwater?

When asked on a TV program in 1963 if, as President, you would favor getting out of the United Nations, you answered, "I would. At this point, having seen what the United Nations cannot do, I would have to suggest it." In June of this year, you said, "I've never advocated withdrawing from the United Nations." Your first remarks are recorded on tape.

Integrity, Mr. Goldwater?

First you said, "I don't want to hit the moon—I want to lob one into the men's room in the Kremlin and make sure I hit it." Later you said, "It's absolutely essential that we get a man on the moon for military reasons if for no other."

Integrity, Mr. Goldwater?

You once said that one Eisenhower in a generation was all the nation could survive. Had you erased that feeling from your heart when you were seeking Ike's support? How about that interview with the General which you had taped for campaign purposes, and then edited out several Eisenhower statements because they did not suit your position?

Integrity, Mr. Goldwater?

As you know in your heart, Mr. Goldwater, these are only a few of your inconsistencies, and you must know that they are very unbecoming to a man who wants to move into the White House by smearing its present occupant on the issue of morality.

What about Lyndon Johnson? He's not perfect and has never claimed to be so. On the other hand, and you must know this in your heart, he is a great leader, and was selected by a majority of the most exclusive club in the world, the United States Senate—your club—as their leader.

I have read the "hate" stuff and I have yet to find a serious charge that is supported by evidence which would stand up in court. It is 98.9% pure smut—based on rumors, half-truths, innuendoes and pure lies.

Bobby Baker and Walter Jenkins? Can a man be held responsible for the actions of all the individuals whom he has associated with in 32 years of government service? Let us not forget that even President Eisenhower could not escape this sort of experience. Neither, for that matter, could Jesus Christ.

So please, Mr. Goldwater, out of common decency and so that your campaign memories won't come back to haunt you in the years ahead, stick to your more noble campaign issues. Like taking the government out of agriculture, education, automation, transportation, pollution of streams, the waste of national resources. Like repudiating the foreign policies of Truman, Eisenhower, Kennedy and Johnson, and leading the nation on a massive crusade to destroy Communism all over the world, even though it takes us to the brink time and again.

One closing thought—offered by my wife: Might it not encourage lawlessness in our land when one of the leading presidential candidates constantly belittles and demeans our Judiciary and our Executive branches of government—even to the extent of charging treason?

Oh yes, thank you for providing the voters of our nation with a choice. You have made it an awfully, awfully easy one.

Sincerely,
Walter Richter
State Senator
District 19

Low Cost Protein and Energy Are Keys To Supplemental Feeding, Says Expert

Beef cattle producers will soon be concerned with selecting feeds for their supplemental winter feeding program, and several factors should be considered for a profitable and economical operation.

Of real concern to farmers and ranchers are feeds which supply low cost energy, says Uel D. Thompson, Extension animal husbandman, Texas A&M University. Grain is considered the cheapest energy source and protein supplements should be chosen on the basis of their protein content and cost. A mixture of different sources of vegetable protein has little to offer since cattle make their own amino acids.

Before purchasing a supplemental protein feed, note the price per 100 pounds, percentage of crude protein supplied by the oil seed protein meals, percentage of equivalent protein from non-protein nitrogen, crude fat and crude fiber content. Higher fiber content feeds should be cheaper.

A protein supplement is bought primarily for its protein, Thompson points out. Cost of this protein may be determined on a per pound basis by dividing the price per 100 pounds by the percent protein. Thus, range cubes with 20 percent crude protein at \$3 per 100 pounds would supply crude protein at a cost of 15 cents per pound.

Herd protein supplemental feeding should be based at .8 pound of digestible protein daily per cow. Therefore, it would take four pounds of a 20 per cent product such as range cubes to satisfy this requirement.

Of course, methods of feeding and individual preferences determine the form of supplement to be used—meal, cakes, cubes, crumbles or pellets. Self-limiting mixtures of protein mineral blocks, Urea-molasses or other liquid supplements, and combinations of salt and cottonseed meal may affect savings in labor and provide more even herd consumption. However, the unit cost of protein may be high, Thompson indicates.

Mixtures of salt and cottonseed meal have had extensive use, the percentage of salt varying from 15 to 50 per cent of the mixture. Ground sorghum grain or ground ear corn is often mixed with salt and cottonseed meal and fed free choice. Common mixtures contain about one-third of each. Water should always be available nearby when these amounts of salt are fed.

Selection of a supplement may be influenced by the amount and quality of roughages available. Cattle performance is directly related to forage quality and quantity, explains Thompson. Where forage is limited, a feed including both protein meal and grain may be more useful than a straight protein supplement.

A Vitamin A fortified supplement should be fed where production is likely to be affected by adding Vitamin A.

'Food Is Bargain' Observation Slated For October 19-31

"Food Is A Bargain" time is being observed in Texas October 19 through 31 by official proclamation of Governor John B. Connally.

Leslie L. Speir of Groves, president of Texas Retail Grocers Association, said the Governor's proclamation recognizes

the achievements of food producers, manufacturers, wholesalers and retailers during the past two decades.

The Governor's proclamation cited the fact that "consumers in 1964 spend only 19 cents of the after-tax dollar for food, the lowest percentage required for adequate food in history".

The food industry has worked diligently to bring the consumers better foods and fairer prices and in so doing has rendered the highest degree of service and provided for the welfare and well-being of all our people," Connally said.

Computers Help Plan Meeting Program

Computer science has come to the aid of Texas Agricultural Extension Service Conference planners.

The program for the Extension Service State Conference was developed with the assistance of computers at the university's Data Processing Center.

Conference Chairman W. A. (Bill) Smith, Extension forestry specialist, says that questionnaires were sent to all Extension personnel several months ago to obtain suggestions for speakers and conference objectives. Completed questionnaires were fed into computers, to help plan the conference.

motivating adults, teaching adults, Extension's role in adult education; youth—the adult audience of tomorrow, and evaluating adult education. Extension agents will participate in study groups on these subjects.

D. C. Langford, county agent, is attending the conference, which is being held October 26-30 at Texas A&M University.

GREEN NEWS

By Wanda Cahill
You golfers who haven't been out lately really missed some wonderful golfing weather. The course is getting better every day. Our many, many thanks to Vernon Rogers and El Paso for re-working the draws and crossings again so nicely. The rains were a God-send, but they played havoc with the crossings and it took a lot of work to get them back in good shape.

Last Wednesday was our Ladies Luncheon which was held at the Park Inn with Metha Trainer and Billie Smith as hostesses. We had three tables of bridge and thirteen golfers. Bobbie Fawcett won both low gross and low net in the golf. Winners in bridge were high, Jodie Finklea; slam, Marjorie Hardgrave; bingo, Jo Neville.

Eight golfers went to the San Angelo Country Club's Ladies' Partnership one-day play last Thursday. Bobbie Fawcett and Sammie Espy were runners-up in the second-flight competition. The others who went were Lunetta Morgan and Marilyn Bloodworth, Jerry Tittle and Peggy Sharp, Mary Barrow and Wanda Cahill. We had a wonderful time and got to see lots of our golfing friends from the area. There were 104 women in the play.

Don't forget the Ladies Invitational Bridge tournament Saturday, November 7. Coffee and doughnuts and registration at 8:30 a. m. with play beginning at 9. We want to have as many local members playing as possible.

Time Running Out For 3% Discount

Time is running out for taxpayers who wish to save 3% on county and state property taxes. Payments made in November receive a 2% discount, while December payments receive a 1% discount. These reductions are not available on county and state taxes.

Goldwater represents more clearly the basic direction we want this country to go!

In this election campaign Farm Journal has hewed to its policy of giving both sides equal treatment in our news columns and has stated its own position only on this page. We believe any publication worth its salt has an obligation to the public to do both things.

Our own position may not be yours. Every man to his own opinion. We have never claimed to be speaking for "all farmers." They don't delegate anybody to do that, thank goodness. Nor do they agree among themselves.

In this concluding statement on the election we'd like to repeat something we said two months ago:

"We will be choosing between two men. But more importantly we will be choosing between what they champion. We may or may not like everything about the man we vote for. We may or may not agree with everything he says. But which man represents more clearly the basic direction we want this country to go? That is the big question. Let us never lose sight of it."

Will we lose sight of it in the face of the greatest character smear in modern times? Mr. Goldwater is being grossly libeled, his position falsified.

In 1960 Mr. Kennedy frightened the wits out of a good many people with claims about a "missile gap" which supposedly had us in danger of being obliterated by a Russian atom bomb at any moment. It turned out (after election) to be phony. The scares of this year are, in our opinion, just as phony.

Both candidates want peace—who doesn't? Both are responsible. Neither favors annihilation. Both have been in a war, Mr. Goldwater in Southeast Asia. He has two sons of military age now.

Both candidates have compassion for the poor and have proved it in private life. Their only difference is in how to tackle the problem.

Both want good times to continue. Don't we all? But

what best assures them? Control by government or control by citizens of their own affairs?

We agree with Mr. Goldwater that the way to "The Great Society" is not through the Welfare State, toward which we are headed, but through individual enterprise left

free to operate. Most of us agree that those who can't take care of themselves must be taken care of, with compassion. But this Administration makes more people dependent on government for a part of their livelihood every day. It steadily usurps more of the functions of private business. It steadily reaches for more power, a little more today, a little more tomorrow. It seems to believe that an all-wise centrally-controlled government in Washington can solve our problems better than we can.

We agree with Mr. Goldwater, too, in choosing principle over expediency. For us the attitude of the Johnson administration is too much "Peace at any price" with any substantial group of voters at home or any government abroad, Cuba included.

On farm policy we agree in general with Mr. Goldwater's position, and we believe most farmers will if they understand it. He is not for "abolishing the farm program and you along with it," as Mr. Johnson and Mr. Humphrey have been proclaiming. True, he has been against compulsory controls, high rigid support prices, CCC dumping of grains to depress grain prices and club farmers into government programs, and making the Secretary of Agriculture all powerful. Most farmers feel the same way.

But he is for voluntary programs, for support prices at stabilization levels, for a land retirement program, for adequate farm credit, for co-ops.

We agree with the Republican position on reapportioning legislative districts. Mr. Goldwater wants to protect the rural minority. The Democrats are courting the big cities. You'll note that Mr. Johnson ducked the question in the Farm Journal last month.

Will farmers fall for the phony scares about Mr. Goldwater, or will they keep their eye on these big issues? On that the outcome of the election, at least in the farm country, will largely depend.

—THE FARM JOURNAL

A MESSAGE FROM GEORGE BUSH

"I am asking for your support, your vote, in the election of November 3rd. I believe I can best serve the independent spirit of Texas in the U.S. Senate.

"You have the right to know what a man believes in before you decide to vote for him. To help you make your choice, here are my comments on several of the important issues that face our state and nation."

George Bush

GEORGE BUSH ON THE ISSUES

MORALITY IN GOVERNMENT

The men in our highest elective offices must be men of dignity, honor and integrity. Honesty is not a matter of degree—it is a matter of principle.

IMPORTS

Any Senator from Texas should be in the forefront in the battle to protect the Texas oil and cattle industries. I will continue to support meaningful programs to restrict imports of these commodities.

FOREIGN POLICY

In our conduct of foreign affairs, there is no room for incompetence, negligence and resulting mistakes. We must give up the tragic policy that

commits us to fight wars but not to win them.

FOREIGN AID

I will support our foreign aid program only when it is used to strengthen those friendly areas where technological and military assistance are necessary to the defense of the free world. In all other areas, foreign aid should be drastically reduced.

FEDERAL SPENDING

I do not believe a politician should attempt to perpetuate himself in office through wasteful spending projects. The billions of dollars unwisely spent are your dollars and mine. We must balance the budget and unshackle our free enterprise system. Then we'll see a prosperity the likes of which the left-wingers have never dreamed of.
