# YOU VOTE EVERY DAY

Unless a completed question-

ton, the applicant should take

Room 324, Federal Building in be American citizens at least 18 to a recent report.

The Christmas Tree is stripped of its baubles and glitter-

How many times did you vote today? That intriguing little question headlines an advertisement by one of the country's major oil companies. And it leads into the fact that, under the American economic system, every consumer votes many times a day.

He does this each time he makes a purchase. In the case of oil, for instance, he is casting his vote when he buys some particular brand of gasoline or when he takes his car to a particular service station for a lube job.

So it goes, with votes cast for every kind, price and quality of consumer wants. And the significance of this kind of voting could hardly be exaggerated. For it is the vote-multiplied hundreds of millions of times every day-that decides which firms shall be successful and which shall fail, what products shall be continued

urday, January 9, at the County Washington, D. C., 20525.

need to register ahead of time. acquired a special skill.

Been thrown out-and there it lies-

No longer hold a surprise.

The New Year has just begun-

The yule-tide wrappings so gay and colorful-

When we reflect over the year that is gone-

Do we really appreciate the privilege we have-

Let's keep this wonderful American way of life-

What have we accomplished or done?

Of living in this land of the free?

By striving always to do our best-

That's something we'll never regret.

To each as you work in your place-

By crediting you and me?

Yes, the Christmas Season is past for another year

Do we consider the courtesies our merchants extended

To buy wisely-pay promptly-by the 10th of the month-

Whether at home, the store, the shop or the office-

For these are God-given things by His grace.

So may the New Year bring blessings and bright opportunities

New Year --- 1965 be used with mechanical mixing equipment, according to the specialist. The estimated maximum additional cost in the feedlot for the ammonium chloride is one and a half cents per herd daily for steers and 50c per wether for a 112-140 day feeding period. Thompson suggests for steers on winter pasture three-fourths ounce of ammonium chloride per head daily and one-eighth daily for wethers. The material should be included in their protein sup-

plement, he says. The cost for supplying calculi control for range animals amounts to about one-half of that required to protect feedlot animals, Thompson

The specialist suggests the local drug store as the most likely ource tor monium chloride.

# **Sub-district Meet** Scheduled by MYF

About 50 young people from the West Texas area are expected at a sub-district meeting here of the Methodist Youth Fellowship. The Sonora MYF will host the meeting to be held Sunday, January 10, at the First Methodist Church.

The schedule for the afternoon, which will begin with registration at 3 p.m., includes recreation, a business meeting, a worship service, and a talk by a guest speaker. A supper will be served at 6 p.m. by the Woman's Society of Christian Service.

Sonora youth scheduled to present the worship service are Grady Roe, Peggy Lynn Grobe, Eddie Sawyer, Teddy Wheelis, Carla Whitworth, and John David

# **Beef Production Increase Forecast** For Coming Year

The 1965 outlook for beef production shows a likely increase of two to three per cent the past year, according to a report fom Texas A&M Uni-

"The number of cattle and calves on January 1 will be up slightly from last January's mark of 106.3 million head," reports John G. McHaney, economist for the Texas Agricultural Extension Service. "This growth was slowed by an increase in slaughter and a decrease in live animal imports. A large part of the over-all gain will be in calves from last year's calf crop."

Marketings of fed cattle in the first half of '65 will depend largely on the number placed on feed this winter. Large numbers of calves are available for feeding and if profitable feeding margins persist, placements in the first quarter of the coming year may be large again.

"Fed cattle prices should hold near current levels into early 1965," McHaney says. "However, large increases in fed cattle marketings later in the winter may push these prices down."

Stocker and feeder shipments into the Corn Belt States were into feedlots but to stalk fields. Some will be put on feed as soon Fana Petrocina as cleanup operations are com-

"Since feeder cattle are plentiful, their prices will continue under pressure in early '65," the economist estimates.

The demand for stockers has Ernestine Perez also been less, since wheat pas- Lula Sims, Ozona tures in some areas of the U.S. Erineo Vallejo\* have been developed slowly

port have until January 15 to study of the '65 Tax Guide. file their 1964 tax estimate. If this estimate is filed, the final date for filing Form 1040 is extended to April 15. However, if no estimate is filed, February 15 then becomes the deadline for making the final tax report. These deadlines, Parker points out, apply only to taxpayers who derived two-thirds or more of their 1964 gross income from farming or ranching.

Another important consideration is the reporting of hired labor and social security tax on wages paid. Either of two tests determine whether or not a farmer must pay social security tax wages. If the worker was paid cash wages of \$150 or more during the calendar year or if he was paid cash wages (computed on a time basis) for 20

# SHOPPING FOR A LOAN

# on your farm or ranch?

You are wise to do so and we welcome the comparison that you will find in your shopping.

Texas farmers and ranchers have used over \$900 million in Federal Land Bank loans. They find this loan suits them best and we think you will too.

For example — on a Land Bank loan you get long terms — up to 40 years - and a reasonable interest rate with full prepayment privileges. We have no fees, make no charges, and there are many other good features about a Land Bank loan. May I have the opportunity to tell you about them?

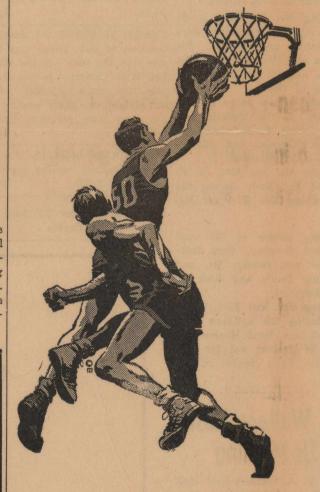

Without any obligation come in and let me show you how these and the many other good features of a Land Bank loan will suit your credit needs.
