A TRAGIC PROBLEM

Birth defects are indeed a tragic problem in our world. The National Foundation—March of Dimes tells us that 250,000 babies are born each year with serious birth defects, that permanent physical disability or mental retardation is the fate of thousands of these children. Monday, January 25, a number of Sutton County women will join the Mother's March

in hopes of finding a solution to this tragedy. Their goals are to help research scientists and physicians in their search for cause and cure of birth defects, to help support birth defect treatment and research centers, and to aid in the development of new treatments for these stricken children.

Blonde Remains Quiet For Beauty Treatment

If a girl travels a lot, she must pay more than average attention to her appearance.

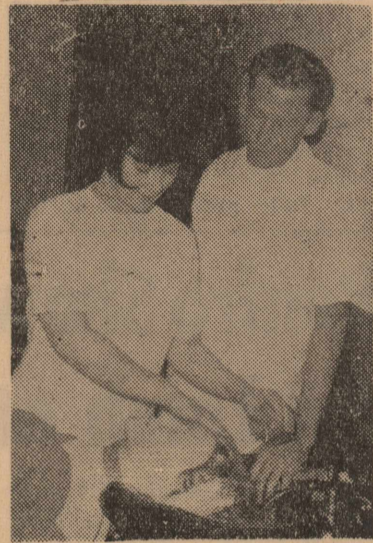

That's why Resuci-Anne, a literal sweetheart, sat contentedly still last week while Mrs. Patsy Cauthorn of Sonora and Don Saunders of San Angelo put the silken wave back into her shoulder-length blonde hair.

But contrary to the rule, there was little gossip between the hair stylists and Anne. As a matter of fact, there was none. Little Anne fixed a good, hard stare at the wall and remained mute.

It was expected. Resuci-Anne is always mute. She's deaf, too. Her only real asset, besides the blonde hair, is her ability to breathe.

Anne is the mannequin who makes her headquarters at the Southwest Texas Heart Association at 115 West First Street in San Angelo. Mostly, though, she travels in a suitcase and is the life-size model for instruction in the lifesaving techniques of mouth-to-mouth resuscitation and closed chest heart massage.

Anne's slim figure (though plastic) has been admired from Ozona to Bronte and Eden to the technicians at Goodfellow Air Force Base. She's on call any time and in the past year has

BEAUTY TREATMENT—Mrs. Patsy Cauthorn and Don Saunders prepare to give Resuci-Anne, a girl who travels a lot, a beauty treatment.

appeared before many groups, traveling hundreds of miles. She's quite in demand, too. She's accepted invitations from medical groups, hospitals for instruction and several schools and colleges.

During demonstrations she often sighs—modestly.

So, with such popularity, who could blame a girl for having her hair fixed in the latest?

39 Changes Noted In Businesses Here

During the past year 39 changes were made in the Dun and Bradstreet Reference Book listings of Sutton County businesses, according to A. J. Hemphill, district manager of the Fort Worth office of Dun and Bradstreet, Inc. Hemphill said that the changes included 13 names added, 11 names deleted, and 15 changes in the ratings of continuing businesses. The changes occurring in Sutton County are about even with the rest of the country, where a change of business significance is counted about every five seconds. Hemphill also announced last week that statement requests were mailed to 67 businesses in Sutton County. Each January business concerns in all parts of the United States are asked by Dun and Bradstreet for copies of their financial statements, Hemphill noted. This year requests are being sent to nearly three million business concerns—to the corner grocery store worth a few thousand dollars as well as to the businesses worth millions.

Texas Sets Midwest Advertising Program To Increase Winter Vacation Business

Utilizing an already favorable image as a prime winter vacation destination, Texas this month moves to further consolidate its national position and win new business. Primary tool in its new campaign is a six-week winter advertising schedule to attract snowbound Midwesterners.

The Texas Tourist Development Agency, which will launch the campaign in mid-January, said the program marks the first time the state has formally moved to gain its share of the burgeoning winter vacation market. Importance of this step was emphasized by Gov. John Connally, upon whose recommendation Texas' first travel advertising program was authorized by the Legislature in September, 1963. "A mid-December survey by the Gallup Poll finds that Texas ranks fourth among the 50 states in the frequency with which it is mentioned as a destination by Americans planning winter vacations," the Governor said.

"The study revealed that only Florida, California, and New York (including New York City), rank higher than Texas. This is indeed gratifying. "At the same time, however, it emphasizes the further gains we can expect through active promotion of our fine winter climate. If Texas has achieved fourth place in the race for winter visitors without any effort on the state's part, we can

logically expect far greater results with intelligent promotion." TTDA said it will concentrate on five Key Midwestern markets in its \$13,245 campaign: Chicago, St. Louis, Cleveland, Cincinnati, and Detroit.

Our New Baby... 1965

LET'S TREAT HIM RIGHT

- Can't tell much yet, about this prospective New Year of ours. Like most babies, his future will depend largely on us... all of us.
- Will he be depression or boom baby... rich or poor baby... happy baby or sad baby? What can we do to develop him?
- Together, we can brighten his opportunities by doing a better job than ever before (whatever our job may be).
- Together we can make him a happy, fruitful, satisfying year by our attitude toward him, plus our will to give him our best.
- So here's to 1965—our baby, your baby, everybody's baby. We pledge to do OUR PART to make him something to be proud of every step of the way.

Recipe Shower Compliments Miss Porter

Miss Cynthia Porter, bride elect of Leon Denena of Hearne, was surprised by an informal re-

cipe and cup towel shower given by Mrs. Alma Connaway, Mrs. J. W. Sykes, and Mrs. V. J. Glascock at the home of Mrs. Connaway Tuesday evening, January 12.

Guests registered at a table covered with a blue denim cloth decorated with red brands. A chest for recipes was on one corner of the table accented by red bandana napkins. The recipes were presented to the honoree at the end of the party.

Gifts were displayed in a miniature yard surrounding a barn. "Cynthia and Leon" was written over the door of the barn.

The serving table, covered with a western-style cloth, was centered with a farm-ranch scene. Refreshments of dips, chips, cake, cookies, nuts, mints, coffee, and spiced tea were served to approximately 30 fellow school teachers and friends.

The Devil's Workshop

An Idle Mind Column

By Della King

Who said, "In this world nothing can be said to be certain, except death and taxes"?

Of course a good guess on such a familiar saying is always Shakespeare. However, this author is the same wise and witty American who wrote, "God helps them that help themselves," and numerous other adages. He is the ever-sensible Benjamin Franklin, who seemed to have a word of good advice on almost every subject.

On marriage he commented "Keep thy eyes wide open before marriage, and half-shut afterwards." But he also stated, "A single man resembles the odd half of a pair of scissors."

Concerning personal ethics, he said, "Half the truth is often a great lie."

These words of advice also came from Franklin:

They that can give essential liberty to obtain a little temporary safety deserve neither liberty nor safety.

The discontented man finds no easy chair.

If you would not be forgotten, either write things worth reading or do things worth writing.

It is hard for an empty sack to stand upright.

If a man empties his purse into his head, no one can take it from him.

STRONG CHURCHES Make STRONG COMMUNITIES

THROUGH THE CENTURIES ...

Through cold, snow covered fields, underneath ice-encrusted trees, the river runs its course.

This brings to mind the Christian Church. It was founded upon the teachings of Jesus who lived His life and did His work unperturbed by the coldness of many of His fellowmen and of the ruling officials. He knew that His work would stand because it was founded upon truth. It not only stood, but has

flowed steadily on for centuries. It is still going on today in His churches.

If you do not attend church services why not go this coming Sunday, and identify yourself with this steady flow of the best for which life stands?

There is always room in the river for one more drop of water. There is always room in the Church for one more worshipper.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

WHILE STROLLING down the Ozona highway toward Sonora Wednesday afternoon, this javelina was chased into the yard of the Twin Oaks Motel and corralled into a barrel by Buck Bloodworth and Bill McClelland. The boys said another javelina, accompanying the captured one on the afternoon constitutional, escaped into a pasture adjoining Highway 290.

Mrs. Gibson Is Hostess to Monday Club

Mrs. Eulah Newell won high score for members and Mrs. George Barrow won high score for guests when the Monday Night Bridge Club was entertained this week by Mrs. Frances Gibson at the Holiday Host Restaurant.

Slam prize winner was Mrs. Norman Potter, and Mrs. Ted Letsinger and Mrs. Guila Vicars won bingo prizes.

Also attending the party were Mmes. Robert Kelley Jr., R. B.

Mrs. Hays Reviews Composers' Lives

Mrs. Dennie Hays reviewed the lives and works of 20 composers at the meeting of the Sonora Music Club at the home of Mrs. O. G. Babcock Thursday, January 14. Portraits of these

composers were displayed. Hostesses for the meeting were Mrs. Babcock, Mrs. Herman Smith, and Mrs. Frank Potmesil. They served cookies and spiced apple juice.

The program at the February meeting of the club, which will be held at the Sonora Woman's Club building, will be led by Mrs. R. Q. Harris.

7-11 Bridge Meets At J. L. Steed home

Mrs. Doyle Morgan held high score for members, and Mrs. Bill Gosney won high score for guests when the 7-11 Bridge Club met in the home of Mrs. J. L. Steed, hostess.

Other prizes that were won were the slam prize by Mrs. Jimmy Hugh Harris, the club bingo prize by Mrs. John Tedford, and the guest bingo by Mrs. Clay Cade.

Also attending the party were Mmes. Jerry Hopkins, Ralph Finklea, Ted Letsinger, Bobby Granger, Albert Everett, Norma Potter, and Jim Holley of Eldorado.

Mrs. Steed served her guests cherry cream pie and coffee.

YOUR MINISTER SAYS

By the Rev. Rodney Dowdy Pastor, First Baptist Church THE THREE WORD PRAYER (Matthew 14:22-36)

The Bible records that on two occasions Jesus walked upon the water. The Bible also records that Simon Peter walked upon the water when Jesus beckoned unto him. When Simon Peter took his eyes off of Jesus he began to sink in the water. Let's look at the words of Simon Peter as he was going down in to the water. There was not time for the usual long ritual of Jewish worship; only a quick but earnest prayer could be spoken. Only three words, "Lord, Save Me!" A few interesting observations can be made from Simon Peter's experience.

First of all, short prayers can be long enough. The length of a prayer, is not the power of prayer, but the earnestness and sincerity is important. Another observation is that our prayers are heard when we pray for ourselves. Also an important factor is that Christ is interested in the individual.

Take Simon Peter's prayer as a springboard for our thoughts today. We can pray:

"Lord Save Me—From Little-ness." Some people are so self-centered they are little. A person wrapped up in himself makes a mighty small package. Some people are so little they cannot be big in character. We can be so small in our thoughts we have shortened vision—we see only our immediate families—we fail

to see a sphere of service.

"Lord Save Me—From Being The Average Person." The average person is too low because too many people are the average. This means we are the mediocre. Rivers are crooked because they follow the path of least resistance. We are "the average person" because we seek the path of least resistance. If you are an average person you are just as far from the top as you are close to the bottom.

"Lord Save Me—From Being Jealous and Selfish." Jealousness and selfishness make us have wrinkles like prunes instead of fullness and beauty like a ripe, delicious plum. Jealousness causes us to do mean, hateful things to others, even to our friends and to members of our family. If we are not careful, we will be filled with the "green-eyed monster" of Jealousy toward others because they have made a success in life and in business.

"Lord Save Me—For Service." Too often we hear people remark, "I must save my strength. What For? It is a proven fact that exercise and service build strength. As unused muscles deteriorate the limb, even so unused lives deteriorate the person. When a Christian rests he rusts.

A story is told of a blacksmith who heated a piece of metal and bent it in various ways. It seemed that each time he worked with the metal the object he made did not meet his approval. At last he tossed the heated metal into a barrel of water. As the heated metal hit the water there was a large amount of steam from the contact. The blacksmith remarked, "I at least made a fizzle out of it." Be careful that you don't make a fizzle out of life.

Diamonds of poor quality have been found in Nevada.

Grasshoppers can leap 10 times as high as they are long.

Almost a million persons in the nation suffer from epilepsy.

All-electric Beds Add to Equipment At Hospital Here

Two new all-electric high-low beds recently have been added to the Hudspeth Memorial Hospital equipment to increase the comfort of the patients and to aid in recovery.

Albert M. Everett, hospital administrator, says the electric bed is exceptionally useful because it enables the patient to change from a reclining to a sitting position and back to a reclining position by merely pushing a button, making it unnecessary for a nurse to be called for assistance in changing the patient's position. The patient may also change the position of his knees, for there is a leg section which also moves up and down.

One of the new beds was given by the Hospital Auxiliary, and the other was purchased by the hospital.

"In addition to these new beds, we are changing our method of serving food," stated Everett. "We will also have a dietitian to plan meals and have a different type of food-serving cart," he added.

MRS. ALFRED SCHWIENING received treatment recently in one of the two new all-electric beds at Hudspeth Memorial Hospital.

Automatic features of the beds allow the patient to change her position without the aid of a nurse.

M. Harris Enlists In Marine Corps 120-Day Delay Plan

Mickey Ray Harris of Sonora has enlisted in the Marine Corps 120-day delay program.

Private Harris, who is the son of Mrs. Annie Mae Harris of Ozona, will leave March 30 for San Diego, where he will undergo 12 weeks of boot camp training at the Marine Corps Recruit Depot. After boot camp, he will be sent for four weeks to Camp Pendleton, California, for intensified combat training. Afterward, he will be sent home for 20 days prior to reporting to his new duty station.

In the 120-day delay program the young man is not required to leave for active duty for up to 120 days after enlistment. SSgt. Otis Milligan states that this period is part of the young man's military obligation and counts toward his first pay raise and his first promotion.

According to the Marine recruiter, the program was especially designed for the high school seniors who wish to enlist now and leave after graduation and for men who are employed and wish to enlist currently and continue their employment for 120 days.

SSgt. Milligan says men between the ages of 17 and 28 who are interested in learning more about this program should see him at 601 Colorado Street, Austin, or call collect GR 6-6411, Extension 6696.

Mrs. Simmons Hosts Pastime 42 Club

Mrs. Auther Simmons was hostess Thursday, January 14, for the meeting of the Pastime 42 Club at the home of her daughter, Mrs. Joe Hull.

In the 42 play, Mrs. C. E. Stites and Mrs. Maysie Brown tied for high score for members, and Mrs. Buddy Joe Brown won high score for guests.

Others attending included Mmes. R. B. Kelley, O. G. Babcock, John Reiley, Karen Peterson, Lee Labenske, W. T. Sandherr, B. W. Hutcherson, Rose Thorp, and Joe Hull.

Coffee and cake topped with whipped cream were served.

Art Club Studies Life of Rembrandt

Mrs. Ben Cusenbary presented a brief review of the life of Rembrandt and displayed several of his religious paintings at the meeting of the Sonora Art Club Monday night at the clubhouse.

It was announced that at the March meeting members will study plastics. The program will be conducted by Mrs. Billie Wright Taylor.

Peter Finklea Celebrates 4th Birthday

Peter Finklea celebrated his fourth birthday Saturday, January 16, with a birthday party.

A western theme was carried out with a four-tier chocolate cake topped with a felt-covered cowboy. Also napkins, cups, and straw cowboy figures following the party theme were on the table.

Punch was served and favors

Craig, Greg Parker Honored at Party On Sixth Birthdays

Craig and Greg Parker, sons of Mr. and Mrs. Jamie Parker, were honored on their sixth birthdays Saturday, January 9, with a party at their Port Terrett ranch home.

Refreshments included hot dogs, chips, relishes, soft drinks and angel food birthday cakes.

The children rode horses and rode in a horse-drawn cart during the party.

Guests attending included Dennis Nance, Rex Martin Lowe, Timmy Turner, Elba Adams Jr., Zack Turney, and Tommy Salmon and Jay Doelling, both of Odessa.

Also attending were Mr. and Mrs. Ray Parker, Mrs. Tommy Salmon, and Mrs. Gus Doelling, all of Odessa, and Mrs. B. F. Turney, Mrs. Elba Adams, Mrs. Edith Lowe, and Mrs. Cleveland Nance.

Teen Scene

By Carol Hopf

Exams are over for high school at last. College people are home between terms, and everyone is happy. This should last for at least six or nine weeks.

The Broncos are in the middle of their basketball season, and it might be of some interest to the players, coaches, and students that Johnny Glascock, who used to play with the team, has made the All-Star team at his Marine base. We're proud of him.

Ann Caldwell, a freshman, has decided to leave us. We shall miss her, but we do hope that she will enjoy living in San Angelo.

The Sophomore Class provided the entertainment at the assembly last Friday. They proved to us that they do watch their T.V. sets. Congratulations to Cindy L., Bert B., Margaret B., Jim F., Al L., Jerome P., and all the others who helped to make this "production" such an enjoyable assembly.

Last weekend the 4-H Club's Stock Show was the really big event. Those kids put a lot of

work into those animals and did a fine job.

Guy Askeew is so generous; he's presenting several people with personalized bottle openers.

Seniors Bill E., Peggy G., Carol H., Barbara H., Jimmy W., Allison E., and Dick H. were the smart (some say "chicken") ones who gained a study hall fourth

period. That's a good place to be before dinner.

Last Saturday, several speech students made a trip to Uvalde for a workshop. Those who went were Barbara Holland, Carla Whitworth, Gary McGilvray, and Mr. Boyd. Carla represented Sonora with a demonstration of extemporaneous speaking.

According to my basketball schedule, the Ozona Tournament and then the first of the District Games are next in line for Sonora's victories.

The first synthetic rubies were made in 1895.

SAVINGS BOND SALES ARE NEAR \$60,000 HERE

Savings Bond sales for the first eleven months of 1964 totaled \$59,625 in Sutton County. Of this amount \$1,757 were purchased during the month of November according to Jack Neill, chairman of the Sutton County Savings Bond Committee.

"A good habit to get into during the new year is buying U. S. Savings Bonds regularly—buy one a month at \$37.50 and you'll have \$50.00 a month coming back when the bonds mature," Neill stated.

NOTICE

TO CITY TAXPAYERS,,,

ALL CITY TAXES ARE DUE AND PAYABLE ON OCTOBER 1, AND IF NOT PAID BY THE LAST DAY OF JANUARY, WILL BE DELINQUENT

Delinquent taxes are subject to penalty and interest, and it is greatly to your interest to take care of taxes BEFORE THE FEBRUARY 1st DEADLINE.

DELINQUENT TAXES

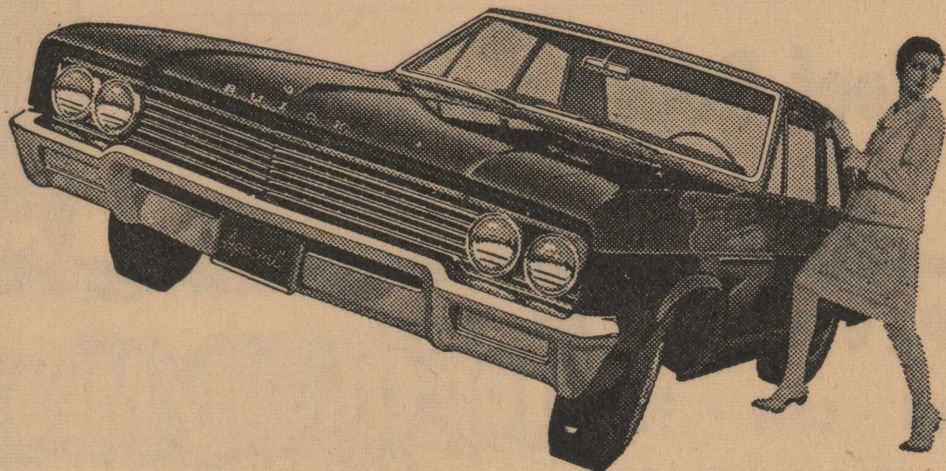

We still have some delinquent taxes on our books and those owing such taxes are urged to come in and see about them.

According to law, delinquent taxes are a valid lien against any real estate property and in case of a sale of property, must be satisfied. In other words, you could not give valid title to your place if there were any unpaid taxes against it.

CITY OF SONORA

Buick Special V-6 goes easy on gas.

Its low price goes hard on your resistance.

We put 6 big reasons to buy a Buick Special under the hood. And another small one on the price tag. The six are a set of the liveliest, thriftiest cylinders that ever zipped you merrily on your way. They're all arranged in neat, smooth V-fashion. They add up to 225 cubic inches and 155 horsepower, and make other arrangements of 6 cylinders seem primitive. That's not all. Special sports Buick comfort, Buick style and traditional Buick quality. The price tag? We saved the best for last.

\$2343.00

Manufacturer's suggested retail price for Special V-6 2-dr. coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge (transportation charges, accessories, other optional equipment, state and local taxes additional).

Wouldn't you really rather go first class?

Philosopher Discloses Prediction for 1965

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Devil's River takes a look at a couple of years in his letter this week.

Dear Editor:
"Well, what sort of year did you have?" a neighbor asked me as 1964 drew to a close.

Generally, I've found that the man who asks this question probably had a pretty good year himself, so I never let such people down, I just say, "Oh, I can't complain," and then give them a chance to report on theirs, which I figure was what was on their mind in the first place. Another thing I've found out is that people report a much better year when they're talking with people outside their own immediate family. The last thing a man wants to do is let his own folks know he had a good year, financially speaking. It'd be worse than a country on foreign aid announcing its gross national product was up 400 per cent. You've got to remember a family's rock-bottom, absolute basic needs always stay 10 per cent ahead of what a man's making, regardless of what it is.

But what I really started out to say was what I thought the new year of 1965 will bring. I know that there are trouble spots all over the world and nobody seems to know what to do about them, but this doesn't

bother me because it's normal. Man's problems are always several jumps ahead of his ability to solve them.

My theory is that the amount of brains in one town is always about equal to the amount of brains in any other town, and you carry this forward to nations, and you can see we never quite have the equipment we need. We get along, but the odds for total solution are always against us. And besides, if we solved all the problems we wouldn't know what to do with ourselves, although I'd be willing to try.

Therefore, my prediction is that 1965 will be about normal,

although as to what exactly will take place throughout the world, I can't tell you. Me and the State Department haven't figured out yet what took place in 1964.

Yours faithfully,
J. A.

Deadline for VA Report Is January 31

Veterans and dependents of deceased veterans on the Veterans Administration's nonservice-connected pension rolls who fail to return their income questionnaires by January 31 run the risk of having their monthly payments discontinued, P. J. Mims, manager of the Veterans Administration Regional Office in San Antonio said this week.

Those not returning the questionnaires may even have to pay

back the money received in 1964, he said.

Mims pointed out that the questionnaires were mailed before the close of November to allow the recipient plenty of time, but the deadline date remains January 31 as in former years.

Since these benefits are paid only to those veterans, their widows or minor children whose incomes are below certain limits, the VA is required by law to receive an income report each year to support the payments.

Mims asked that the card be fully completed and signed before it is sent back to the veterans Administration.

Hope Talks Texas In Industrial Film

A special premiere of a film designed to tell the "true story" of Texas was held in Austin on January 13, when "Bob Hope Talks Texas" was shown to Gov. John Connally, members of the Legislature and other State officials.

The movie includes the Caverns of Sonora, which Hope says are "older than Bing Crosby." The film was produced through efforts of the Texas Industrial Commission. It was financed by 14 industries and chambers of commerce. Purpose is to sell persons in other states and countries on Texas and its business, industry and tourist attractions.

E. B. Germany, chairman, said the commission hopes that the film will have some impact on plant location decisions—and that it will "hit at the image that Texas is all cowboys, Indians and sage brush."

Lake Superior is the world's largest freshwater lake.

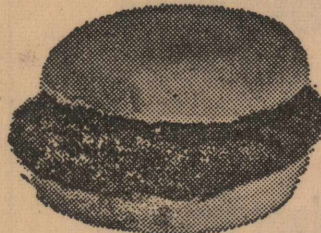

Here's the place to insure and be secure.

Flameless Electric Water Heaters

New Ease of Installation...

Economical, Convenient

No need to stand and wait for hot water to travel from a distant water heater. Flameless electric water heaters can be installed conveniently near the point of use. No flue or vent is required for clean, quiet, flameless electricity. And now, with WTU's new low rate, a separate meter is unnecessary.

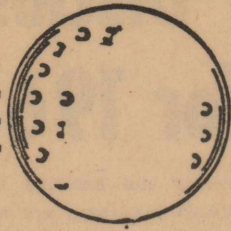

SPECIAL 1¢ RATE

The 1¢* rate in effect for residential customers of West Texas Utilities using an electric water heater adds up like this—the first 300 KWH used are calculated at the regular rate. The next 400 KWH used are calculated at the special 1¢* rate. Ask for details at any WTU office.

* Plus Fuel Cost Adjustment and Sales Tax.
FREE WIRING—to customers served by WTU who purchase an approved Electric Water Heater from a local appliance dealer or local plumbing supplier. Ask about this FREE WIRING at your local WTU office.

GREEN NEWS

By Wanda Cahill
These past few days have real-ly brought out the golfers. In fact, 46 were registered Sunday afternoon. With the holidays over, we should have quite a bit of interest. So come on out, the course is in good shape.

Heard by the grapevine that two of our lady golfers challenged their husbands on hole play Sunday and had to play 15 holes before the men could get even! The nice greens insecticide 150-gallon sprayer has been donated by Wilfred Berger. Thank

you so much, Bill, from all the club.

Then the county hauled our sand for the spring dressing of the greens freight free from Bronte. The new putting green will be ready by summer. In the meantime the old putting green is in good shape. Now that the days are getting longer we can at least get in a little practice after work.

The directors had their monthly meeting Monday night and we're anxious to hear the results. I know the tournament committee has been busy working up the 1965 calendar. The Men's Spring Invitational will be sometime in April and the ladies plan to have their invitational shortly thereafter.
