## SONORA Diamond JUBILEE

Uvalde, August 1, 1965

To Sonora Citizens:

Three weeks from today Sonora's one and only 75th birthday party will be of the past. Wasn't it nice to see so many oldtimers, former Sonora citizens and visitors present? Everybody seemed to enjoy the occasion so much. And weren't things carried out well by all committees. Wasn't it nice that so many bought Jubilee stock certificates as a lifetime investment; did you ever see so many working on committees? It all adds up to this: it is wonderful to be a Sonora citizen and have the opportunity of showing-off our type of hospitality. Let's plan now for the 100th.

That's the trouble in smoking that Marijuana, you sometimes get ahead of yourself. Think I will lay off until after Aug. 21. So back down to earth. To All Committees: We are going to have a huge crowd, people coming from as far as California. We haven't seen a former Sonoran that is not planning on being present at some time during the week. This huge crowd means much planning and work at the last.

The hospitality committee has a huge job, for we must, at all times, greet and visit with every guest. The registration committee has no small task but we have the Indians. I would like to see this entire shebang carried out without a Chief. Many visitors will likely not know but a few if any Sonora people. And we must take care of them. There will have to be several hundred folding chairs moved back and forth, tables too, public address system, lights, and the like. This will have to be done at the last moments, and we do have the Indians.

A housing committee may have to be appointed; our motels can't possibly handle the situation. We may have to call on home owners. The guests must be taken care of. As to committees, all have done about all that can be done at this stage. The food committee, the parade committee and the down town committee are on the ball with fine plans; the Pageant committee is functioning; it's the odds and ends that will be our problems.

Sincerely,  
Buzzie  
(H. V. Stokes,  
General Chairman,  
Sonora Diamond Jubilee)

DRESSED IN BONNETS and aprons representing the early days, these young women were receptionists last week at the Sonora Diamond Jubilee Headquarters. Miss Betty Jack Cooper, left, and Miss Mary Adele Wilson are among the many Sonorans who are helping out at the headquarters. From 9-11 a.m. and 2-5 p.m. each week day the headquarters is open and receptionists are selling beard buttons, shaving permits, "sisters of the swish" buttons, Jubilee stock, Jubilee stationery, and tickets to the barbecue and the historical pageant.

## Partnership Tourney Set; Prizes Valued at \$1,200

Winners of the Sonora Invitation Partnership Golf Tournament, August 7 and 8, will receive prizes valued at \$1,200.

Qualifying rounds for the 36-hole medal play tournament will be drawn from the first or second nine-hole round Saturday. Play may start any time after 8 a.m. Saturday, with the deadline at 3:30 p.m.

A medalist prize for low 18-hole score Saturday and prizes

for first and second places in each flight will be awarded.

Pre-registration for the tournament was reported closed Tuesday evening, the first 60 teams being accepted for play. Oliver Wuest, secretary of the Sonora Golf Club, urges all local tournament entrants to tee off as early as possible to avoid the Saturday afternoon rush.

Among towns represented in the tournament are Del Rio,

Rocksprings, Uvalde, Junction, Brady, Pecos, McCamey, Kerrville, Eldorado, Seguin, Houston, San Angelo, and Ozona.

Flights will be paired for Sunday play beginning at 8 a.m. The Sunday time schedule will be announced Saturday night.

A free barbecue for the tournament players will be held Saturday night. All others will be charged \$1.25.

Last year, 32 teams competed in this two-day competition. Lynn Spurgeon of Uvalde and Howard Everts of LaCoste came in first with a score of 136, 4 under par. Runners-up in the tournament were Roland Howard and S. T. Moore of San Angelo. They were also named medalist team.

Other winners in last year's tournament were first flight, J. W. Neville and Durwood Neville of Abilene; second flight, Bill Renfro and Fred Schmikle of San Angelo; and third flight, John McClelland and Dennis Hays.

## Fisher, Hardeman Plan To Come to Celebration

Plans of two officials to come to Sonora, and further work by committees marked progress this week in preparations for the Sonora Diamond Jubilee Celebration August 15-21.

Rep. O. C. Fisher and Senator Dorsey Hardeman have accepted invitations to attend the celebration of the 75th anniversary of Sutton County, and are expected to be at the barbecue dinner Saturday, August 21.

The week of activities honoring the pioneers of Sutton County and Sonora will begin at 6:45 p.m. Sunday, August 15, with a basket supper on the Courthouse lawn. Each family will bring its own food. After the supper at 7:30 p.m. a community religious service will be conducted by the Rev. George Stewart, pastor of the Presbyterian Church of the Good Shepherd. An address will be presented by Dr. Andrew Edington, president of Schreiner Institute, and Lloyd P. Bloodworth Sr. of Ruidoso, N.M., will lead singing of old-fashioned hymns.

During the week Jubilee high jinks are planned downtown, and final preparations will be made for the weekend celebration.

Next community-wide activity scheduled is a reception from

4:30 to 6:30 p.m. Friday August 20, at the Savell Building on Main Street (formerly the site of Sonora Gas Company). Sutton County and Sonora pioneers will be honored. Visitors and local persons alike are being urged to come to register and visit with old friends and new.

Pageant Plans

Plans for the historical pageant to be presented Friday and Saturday at 8 p.m. took definite shape this week when the committee received the script prepared by Jeff Miller, San Angelo Community Theater director and teacher at Lee Junior High School in San Angelo.

The pageant at Sonora Race Track will review in story form the founding and growth of Sonora and Sutton County. Events depicted will include an Indian raid and the disastrous 1902 fire. During the fire scene a set will actually be burned. The shooting of the outlaw Will Carver will be projected on film prepared by SACT. Miller shot the film at a deserted house near San Angelo; it will be accompanied by percussion and harmonica music.

Other Friday and Saturday activities will include several appearances by The Frontiersmen, South Texas gunslingers.

The Jubilee parade will gather near the school campus to parade through Sonora's main streets Saturday morning at 10 a.m. Glen Richardson of the parade committee says a drum and bugle corps from Goodfellow Air Force Base, antique cars, a team of oxen, several horse-drawn vehicles, and floats have been planned for the parade.

Richardson urges all people of the area to participate in the parade. He says that floats and vehicles, as well as costumed persons, following the Jubilee theme will be welcomed.

At noon Saturday a barbecue dinner will be served on the Courthouse lawn or, in case of rain, at the 4-H Center. Herbert Fields of the barbecue committee says 3,000 persons are expected.

Winners of beard and costume contests will be announced at the barbecue. Prizes will be awarded for fullest, best groomed, oldest and youngest beard growers, and in the costume contest for best costumed man, woman, school-age boy, and school-age girl.

Final event of the celebration will be a downtown street dance Saturday night at 9 p.m. with the Bob Hudnall band of Odessa playing.

## Petition Presented To Commissioners

A citizens' petition was presented to city commissioners at a regular meeting Monday, August 2, at City Hall. The petition requested the widening of Popular Street from the edge of the Courthouse lot east. The commissioners took the request under consideration.

Approval for paving of Gonzales Street and West First Street was granted as soon as property owners deposit the required money.

Visiting the meeting were John Robbins and R. R. McCullough of General Telephone Company of the Southwest. The visitors outlined the company's program of plans for next year in Sonora.

## Committees Plan Scout Activities

District committee heads of the El Camino Girl Scout Council met in Sonora last week to formulate plans for the next year. Meetings were held Thursday and Saturday at the Holiday Host Restaurant to plan the budget and finances and set the camping program.

Among plans slated the committee decided that a district camporee will be held next spring.

Those attending the meetings included Mrs. Vernon Cook, Mrs. C. J. Davidson and Mrs. Lawrence James, both of Ozona, and Mr. and Mrs. George Barnes, Mrs. Marvin Hall, and Jack Cooper, all of San Angelo, and Mrs. Gilbert Murray of Uvalde.

## P. V. McMinn's Begin Cafe Management

Mr. and Mrs. P. V. McMinn have assumed management of the Holiday Host Restaurant.

Mr. and Mrs. McMinn have managed a hotel coffee shop in San Angelo for a number of years. They are living in Sonora at the Holiday Host Motel.

Former managers of the restaurant, Mr. and Mrs. Bentley Kennedy, have begun management of the Paisano Hotel in Marfa. The 60-room hotel has a dining room and coffee shop, and the Kennedys plan to add a private club and catering service.

Mr. and Mrs. Kennedy and their son, B. W., lived in Sonora from November 1963 until their move August 1 to Marfa.

## CINDERS Seven Races Set Daily August 12-14 At Junction Meet

By John T. King

A little West Texas boy reared on a ranch was fascinated by all the tools he saw in the garage when his father's pickup was being repaired. Old Charlie, the mechanic, noticing the boy's big-eyed wonder said, "Son, I'm just going to will all these tools to you, and when I die they'll all be yours."

That night the father heard his little son's bedtime prayer: "And, dear Lord, please help old Charlie to die soon."

WHEW, IT'S HOT! That is the comment made by many of the volunteer receptionists at the Sonora Diamond Jubilee Headquarters as they give generously of their time to help make the celebration a success. The corporation would surely appreciate the use of some type of portable water cooler through the duration of the celebration.

Seven races are planned daily at the 29th annual Hill Country Fair Association Race Meet August 12-14.

Other features of the meet to be held in Junction will be a parade, dancing, and a billy sale.

Races will begin at 2 p.m. daily. Purses of \$3,000 with entry fees added are being offered.

The goat sale will be held August 13-14 at 9 a.m. Animals will be placed with \$100 awarded to one in first place.

A street parade will open the events Thursday, August 12 at 10 a.m., and Leon McAuliffe will play for dancing each night.

## Gov. Connally's Plans Are Talk of Capital

By Vern Sanford  
Texas Press Association  
AUSTIN, TEX.—Gov. John Connally's future plans are the talk of the capital.

On his decision hinges the political future of many Democratic candidates for numerous federal and state offices. No one in his party wants to run against the Democratic party leader and top vote-getter, but there is talk of his possible retirement. This would change the complexion of many races in 1966.

Connally has indicated that he will make his plans known before the General Election in November. This in order that other state political figures, whose moves depend on his, can set their own sails.

In the latter category are Lt. Gov. Preston Smith and Atty. Gen. Waggoner Carr. Both want to run for governor.

A race by Smith and Carr for the higher office naturally would place their own jobs up for grabs—and plenty of candidates would file for these posts.

Connally says that neither the four-year-term amendment, which will be voted on November 2, nor the possibility of a federal appointment will play a part in his decision whether or not to retire.

Other speculation is that he may run for the US Senate next year against the incumbent, Republican Sen. John Tower.

There also is talk that, regardless of Connally's decision, US Senator Ralph Yarborough may enter the Governor's race next year. He could do this without relinquishing his present post.

So goes the talk in the state capital where speculation always runs high.

Mr. Crites was fatally injured in a pickup and truck accident about 26 miles south of Snyder Friday.

A resident of Snyder for 3½ years, he had lived in Houston before moving there. He was employed by a pipeline company.

He was a member of the Methodist Church. Survivors include his wife;

his mother, Mrs. Pearl Crites; a daughter, Laura Sue Crites, and a step-daughter, Grace Anderson, both of the home; a son, Charles Crites, and a step-son, Norman Anderson, both of the home; two sisters, Mrs. George Kyle of Modesto, Calif., and Mrs. J. A. Letsinger; and five brothers, B. H. Crites of Texas City, C. F. Crites of Brownfield, Jack Crites of Lubbock, Claude Crites of Modesto, Calif., and W. O. Crites.

Burial was at Bryan Cemetery.

## Jubilee Jumbles

Soft, tender, creamy-rich are these cookies named Jubilee Jumbles. They were especially chosen to commemorate the 75th anniversary of the naming of Gold Medal flour. The flour was named in 1880 at the International Millers' Exhibition in Cincinnati, Ohio, when the flour previously known as Washburn's Superlative was awarded the medal of gold.

½ cup soft shortening  
1 cup brown sugar (packed)  
½ cup granulated sugar  
2 eggs  
1 cup commercial sour cream or undiluted evaporated milk  
1 tsp. vanilla  
2½ cups sifted flour  
½ tsp. soda  
1 tsp. salt  
1 cup chopped nuts, if desired  
Mix shortening, sugars and eggs thoroughly. Stir in sour cream and vanilla. Blend flour, soda and salt; stir in. Mix in nuts. Chill dough if soft. Heat oven to 375 degrees (quick mod.). Drop rounded tablespoonfuls of dough 2" apart on greased baking sheet. Bake about 10 min., or until almost no imprint remains when touched with finger. For added richness spread cooled cookies with Browned Butter Glaze. Makes about 4 doz. 2¼" cookies.

Glaze recipe: Melt ½ cup butter until golden brown. Blend in 2 cups sifted confectioners' sugar and 1 tsp. vanilla. Stir in 2 to 4 tbsp. hot water until icing spreads smoothly.

## WINTER WOOLENS

Salesmen promoting winter woollens while the sun's still blazing hot may want to add Texas pride to their sales pitch. Chances are one out of five that the woolen garment originated on the back of a Texas sheep.

In 1965 Texas sheepmen are producing 41,800,000 pounds of wool, 20 per cent of the entire U.S. clip. About 20 million dollars will be paid to the producers, while added thousands

will go to businesses associated with sheep ranching.

Subject to the whims of fashion, the wool industry often has moved up and down rapidly as markets changed. But users who know the durability and other solid merits of the fiber that made "all wool" a symbol of quality are likely to demand fabrics of this fleece. When they do, they'll be helping an important part of the Texas economy.

### ACCENT ON HEALTH

#### Seat Belts Can Stop 33% of Injuries

"Fasten your seat belts, your chances of surviving. They can be unfastened instantly with one hand.

Your chances of being killed in an accident increase five times if you are thrown from the vehicle. Using your seat belt can keep you safe. Accident studies show that use of seat belts can eliminate at least one-third of all automobile injuries.

Seat belts are the best low-cost safety feature available for a car, yet many people fail to install and use them.

One person may use "claustrophobia" as an excuse for not using seat belts. He may tell you, "If the car should catch fire or submerge, I wouldn't want to be trapped inside."

What this person doesn't realize is that less than one percent of all injury-producing accidents involve fire or submersion. By helping you remain conscious for quick escape, seat belts improve

your chances of surviving. They can be unfastened instantly with one hand. And anyone thinking seat belts are strictly for speedsters, is sadly mistaken. More than half of the accidents causing injury or death involve speeds of less than 40 miles per hour. Seat belts offer the same protection at low speeds that they give on the race track.

"I never take the car on trips," a man said recently, "So why should I use seat belts?"

Here's why. Three out of four traffic deaths occur within 25 miles of home. Seat belts give protection in town as well as on the highway.

This year one of every four cars, according to statistics, will be involved in a traffic accident. True, seat belts won't stop accidents, but they will reduce deaths and injuries.

Before you turn the ignition key in your car, fasten your seat belt. And if you ride with someone else, it is as important as ever—if not more so—to buckle your seat belt.

## YOUR MINISTER SAYS

By the Rev. Rodney Dowdy  
First Baptist Church

Psalms 133:1-3 "BEHOLD how good and how pleasant it is for brethren to dwell together in unity! It is like the precious ointment upon the head, that ran down upon the beard, even Aaron's beard: that went down to the skirts of his garments; As the dew of Hermon, and as the dew descended upon the mountain of Zion: for there the Lord commanded the blessings, even life forevermore."

gether" is a sign of friendship and hospitality.

Second we must PROMOTE THE SERVICE: All the people attending—bringing the whole family—inviting your friends. Make engagements to meet friends on the Courthouse lawn. Let the service be "Noised" about the community.

Third we must PRAY FOR THE SERVICE: Everyone in his own way praying for a wonderful service. Everyone invoking God's blessings upon the service. The Community Service must be seasoned with continual prayer by the people if here is to be a great spiritual blessing. The Community Service should be more than a gathering of people—there should be a unique spiritual experience for all.

The Psalmist tells us there was blessing for the people. As oil was poured on the High Priest's head and the oil ran down his head, face, and into his beard, and even into the garments, so this is a picture of overflowing blessings. The whole, complete man was blessed—The whole, complete community can be blessed from our Jubilee Community Service on August 15.

First there must be PARTICIPATION IN THE SERVICE: Everyone planning to attend the service. Every family unit bringing a box lunch or basket supper. Did you ever take a trip on the train and pack a lunch in a shoe box? Wasn't that shoe box lunch delicious? Let us get in the spirit of everyone co-operating together. "To Break Bread To-

### Sonora Firemen Go To Training School

Lee Patrick, John A. Martin Jr., and Bill Jolly, Sonora firemen, participated in the 36th annual Texas Firemen's Training School at Texas A&M University, July 25-30.

They were among 1,950 firemen that attended, representing 465 cities and 20 states in the United States and several foreign countries. Included were men who work in fire prevention and control for municipalities, industries, and armed services.

Texas towns sending firemen to the school receive key rate credit for their insurance rates according to the number of firemen participating. Cities sponsoring one qualified fireman who completes the work successfully receive three per cent credit. Those who sponsor a fireman and fire marshal, or officially appointed assistant fire marshal, get four per cent credit. And cities with two or more firemen and the fire marshal gain a five per cent credit.

Patrick is the fire chief and Martin is the city fire marshal of the Sonora department.

Alfalfa, native to Asia, did not reach this country until 1850.

A man's alimentary canal is from 25 to 30 feet long.

MR. AND MRS. WESLEY WHITE

### Wes Whites Observe 60th Anniversary

A barbecue dinner honored Mr. and Mrs. Wesley White on their 60th wedding anniversary July 25 at the Fred Coleman ranch near Junction.

Hosting the party along with Mr. and Mrs. Coleman were the White's children and their husbands and wives, Mr. and Mrs. C. F. Cox, Mr. and Mrs. Andy White, Mr. and Mrs. L. B. White, Mr. and Mrs. Ross Boston, Mrs. Virginia Chapman, and Mr. and Mrs. Jamie Glascock.

About 75 relatives and friends attended the celebration.

Wesley White and Maudie

Whiddon were married in Carlsbad, N.M., July 25, 1905.

The couple remained in New Mexico until 1907, when they moved to Oklahoma. They later returned to Texas, where both were born, and ranched in Val Verde and Sutton counties. In recent years they have lived in Sonora.

Mrs. White is a native of McCulloch County, and Mr. White was born at Cedar Gap. He first visited Sonora in 1887 when it was a tent city with only three or four frame houses.

### 1964 Family Had More Spending Money

By Samuel S. Talbert, Ph. D. Chairman, Dept. of Journalism University of Mississippi

Money in the pocket of the American consumer is increasing at a rate never before matched.

The average family had 10 per cent more to spend in 1964 than in the previous year, while the prices of goods remained stable. Millions of people have new optional buying power. They are in the market for goods they did not previously demand.

Each month billions of dollars of "new" money become uncommitted. The new consumer wealth may be spent at will for vast variety of goods and services.

Hence, completely unrelated firms become more and more competitive. A woman may spend her extra income for travel, insurance, automobiles, better foods, health, beauty aids, finer clothing, housing, gifts, or whatever else promises to bring the most satisfaction.

Advertising plays a decisive role in guiding the use of optional consumer income. A newly prosperous public has formed new buying habits. Buying follows new demands which are shaped by advertising.

National manufacturers have been quick to recognize the rise of a huge new market. Production and advertising schedules for 1965 have been geared to meet the challenge.

But final buying decisions are always made locally. New money is likely to be spent for goods and services which have been

### THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### Gill Color Shows Freshness of Fish

Summertime fishermen should note the color of a fish's gills and if they turn a whitish pink, the fish should be discarded, advises K. C. Jurgens, regional fisheries supervisor for the Texas Parks and Wildlife Department.

He said fish on a trotline or stringer are quick to die in the heat of summer time and will spoil quickly if not cleaned and placed on ice. "As long as the gills retain their bright red color," said Jurgens "the fish is in good condition, but once the color has faded to pink or white, the fish is no longer suitable for food."

In dressing the fish, Jurgens warned, care should be taken to remove all the gill filaments and the kidneys. Both of these organs contain large amounts of blood and will cause the flesh to spoil if not removed.

The kidneys are red bodies

found along the spine at the top of the body cavity. This too, is an indicator of the condition of the fish. When the kidneys turn from bright red to a dull brown, the fish is spoiled and should be discarded, he said.

These precautions apply equally to fresh and saltwater fish according to E. G. Simmons, coastal fisheries supervisor for the department.

### Lightning Sets Off Ranch Grass Fire

Approximately 150 acres of grass were destroyed Wednesday, July 28, on the Robert Hardgrave ranch, 30 miles out on the Fort McKavett road.

Cullen Luttrell, secretary of the Sonora fire department, reported that the fire was thought to be ignited by lightning. He added that due to the still day, the fire was easily extinguished.

## J. A. Has Own Theories About Politician's Image

Editor's note: The Devil's River Philosopher on his bitterweed ranch on Devil's River has been seeing some news programs on television, his letter this week indicates.

Dear editor:

According to a serious article I read last night in a newspaper a neighbor had used to wrap up some vegetables he brought me, Sir Alec Douglas-Home has resigned as leader of Britain's Tory party because his television image is so bad he loses more votes than he makes every time he shows up on the screen.

They tried everything, changing the lights, photographing him from this angle and that, teaching him how to smile, how to tell a joke, what a joke was, etc., but it wouldn't work. When his face showed up on television, he just didn't look like a leader, so he resigned in favor of a man who photographs better.

Now according to a news analyst, what this proves is that from now on no homely-looking man can ever get elected, that unless a man shows up good on television, he might as well stay out of politics. Maybe try banking.

Right away though I'd like to say that I have never considered bankers any homelier-looking than anybody else and if it'll help swing a loan I'll say they're handsomer than everybody knows they are.

But about having to have a certain-style face to get elected, I don't know about that. I have seen some Congressmen on television that would explode this theory, although it's possible they got in before television was invented. Or that whoever they were running against looked less like leaders than they, which stretches the imagination pretty

far, at least further than mine will go.

I don't like to argue with an expert, but there may have been some other factor in Sir Alec's failure on British television. Maybe how he said something wasn't as important as what he said, although I don't know anything about British politics. I don't know anything about American politics, but having seen lots of Senators and Congressmen and Governors on news programs, I'd like to say that the theory that you have to be handsome and leader-looking on television to get elected is apple sauce. Most of em look about like the rest of us.

Yours faithfully,  
J.A.

**Roe-ing Around**

By Grady Roe

Well, happy reader, here I am once more, returning to invade your brain with my inner thoughts. I sit here with the four walls staring coldly at me, waiting for me to finish my column, which seems almost impossible. I have had troubles getting started this week, because I have made no trips, met anyone exciting, or done anything grand. Sigh, it's been quite a week.

Wouldn't it be a cute idea for the bearded ranchers of Sonora to get together and form a band? They could be called Hairy Harry and his Whiskers and play at all the dances. Hairy Harry could be almost anybody who wanted the job. I can see it now . . . .

"Well, welcome friends and neighbors to an evening of fun, laughter, and nuasea. To start things off, we'll do that famous ballad 'I'll Never Forget Good Old What's Her Name'. Hope you enjoy it."

(As they play, some of the town folks get together and visit while the younger ones dance the Bacon, where each couple stands

four feet apart and act like two pieces of bacon being fried.

"You had any percipitation out your way?"

"Nope, had lots of rain though."

"My goats got mohair than my sheep."

"Did you hear that Sadie Beck is in the hospital? Her husband got tired of her always wearing curlers to bed, so while she was asleep, he plugged her into the lamp. She was lit more than old Jim when he got so drunk last Saturday."

By this time the Whiskers had finished their number, and poor Hairy asks for requests. The people are very tired of the band and are ready to go home. "Do you know the 'Road to Mandalay'?" a rancher asks.

"Yes, should we play it?" replies Hairy.

"No, take it!"

And so on. As to that road, I think I will follow right behind Hairy. At least until next week; until then I leave you with this word — "HELP!"

**Names Added to List of Early Settlers**

Additional names of early settlers of Sutton County are being reported.

H. V. "Buzzie" Stokes started the list which was published in a recent issue of the Devil's River News. Stokes suggested names of persons who came to the county before 1910 be included on the list, which is being compiled in connection with Sonora's Diamond Jubilee. A primary purpose of the celebration August 15-21 is to honor Sutton County pioneers.

Among those names added to the list are J. L. Cook and Salome Perez, and the following list prepared by Lelah Marshall Newby:

Bunton, Judge Bell, Keaton,

Mr. and Mrs. Ben Epps of Denton have been visiting Mrs. C. M. Epps.

Mrs. Neal Coleman of Austin has been visiting Mr. and Mrs. Warren Hemphill.

### Early Symptoms Of Fall Fever Seen In Classified Ads

That inevitable rash popularly known as "buck fever" is showing early manifestations this year judging from the symptoms noted in Texas newspaper want ads, reports the Texas Parks and Wildlife Department.

Spotted from the department listening post, those that have and those that want already are making their needs known.

In other words preliminaries of the multi-million dollar fall economy reenergizer already are in motion. For cash money is changing hands, as people seek places to hunt and landowners describe their wares.

It could be a happy arrangement all around judging by De-

partment reports indicating that small game and big game prospects both are normal.

Here are typical want ads:

A Houston paper carried one about a 500-acre Leon county tract with "deer hunting, plus year 'round squirrel, bird and other game."

A San Antonio paper advertises a "2,000-acre hunting lease with camp house," while a Fort Worth paper under "HUNTING" offers a "Used portable cabin."

A Corpus Christi paper publishes somebody wanting "a good hunting lease." The answer may have been presented by a Dallas newspaper advertising "Excellent deer lease near Fredericksburg.

Plenty of game, air strip." A Houston real estate agency invited: "Deer Hunters: We are listing several good tracts. Pool your lease money and call us."

A San Antonio paper strikes a note for the party folks with: "Corporation wants Deer-Turkey lease with living facilities for maximum twelve men at one time. Lease should stand annual take of 30 bucks, 30 gobblers. Long time lease possible for right place." A Houston name was given.

Guests in the Bryan Hunt home are Miss Helen Davis and Miss Nan Davis of Brackettville, nieces of the Hunts.

#### Dancing Dangers

As a rule the greatest hazard on a dance floor is a pained look from your partner or a smirk of superiority from nearby couples. But worse things can happen. If you should suffer bodily injury while dancing at a night club or a dance hall, may you collect damages from the management?

There is one big obstacle to winning such a claim. The law says you assume a degree of risk simply by venturing onto a dance floor in the first place. Although dancing is not as risky as roller skating, it is riskier than just sitting still—and you should realize it. Certainly you could not hold the management liable for a back sprain caused by your own overindulgence in the twist.

Consider these two cases taken from court records:

A woman dancer who slipped blamed her resulting injury on the fact that the floor was waxed. And a man who tripped blamed the dimness of the lights.

But both victims were denied damages, because a floor reasonably waxed and lights reasonably dimmed are normal and desirable characteristics of a dance floor.

On the other hand, the management, while not flatly guaranteeing your safety, must still take due care to prevent accidents. Falls caused by improperly applied wax or other faulty conditions are ordinarily good grounds for collecting.

In one case, a man crash-landed on a night club floor after skidding on a grape. The court granted his claim for damages, on evidence that the grape—one of several—had been lying there long enough to have been discovered and removed by the club's employees.

Sometimes injury results not from the condition of the premises but from the antics of other dancers. What then?

Again, you assume reasonable risks. A woman bowled over by a man doing a new step, briskly but not boisterously, was held unable to collect damages from the proprietor.

But the dancing was quite different in another case, involving a volunteer hostess at a club for servicemen. Here, the man flung his partner around like a rag doll for several minutes. Although she screamed for help, no one came to her rescue.

In these circumstances, the management was ordered to pay for the girl's injuries. The court said it had failed to protect her from "risks other than those normally incident to the sport." A feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

#### Reversing Line

Reversing the line on a reel can be a dreary job at best. But you can make the operation ten times easier by using your home as a king-size spool.

Tie free end of the line to a corner post, or door knob, or any other handy projection, then walk around the house until reel is unwound.

This is guaranteed to prevent tangling.

#### Stop Short Strikes

Often when trailing a pork rind on your lure, especially from a bait equipped with a treble hook, the fish will strike short. There are two ways to remedy this.

First is to switch to a tail hook pork rind.

Second, open the eye of another hook and attach it to the shank of one of the treble hooks.
