### Scattered Showers Temper August Heat

Jubilee interest is climbing as next week approaches. Sunday will see the Jubilee begin with a box supper on the Courthouse grounds followed by an old-time singing and a message by Dr. Andrew Edington.

Then final polish will be put on the town as more displays appear in store windows, as the pageant gets its final rehearsals, and as the last sections of the 96-page "Devil" are printed.

Bud Smith has his jail completed and placed in front of the Jubilee Headquarters. Now who will be the first to be thrown in the calaboose for not having a beard or a shaving permit?

Those who have held out until the end with neither may be searching for excuses to keep themselves out of the clink.

More and more merchants are dressing their businesses with signs and displays, and the town's new bunting will soon be flying.

Betty Jack Cooper and Mary Adele Wilson, accompanied with background music by Lee Roy Valliant and Trav Glasscock, gave the Downtown Lions Club their impressions of an early-day couple traveling in a wagon to Sonora to attend the Jubilee. Visitor Buzzie Stokes got to hold the couple's "baby" while they enjoyed the doings.

Then Jim Harris, Joe Lane, Warren Hemphill, and E. B. Keng, accompanied by Mrs. A. C. Elliott at the piano, warmed up for their barbershop quartet singing which will take place daily "at selected intervals" at the Ruth Shurley Jewelry.

## Pre-Registration Date Set Aug. 16

## Historical Society, Museum Eyed

Truett Lattimer of Abilene, executive director of the Texas Historical Survey Committee, met with a group of local people here Thursday morning.

Discussed at the breakfast meeting at French's Big Tree Restaurant were plans for organization of a county historical society. First project of the proposed society would be the establishment of a museum here. One purpose of the museum would be

the preservation of relics which have been donated for the Diamond Jubilee Celebration.

Mrs. Ben Cusenbary, Mrs. Collier Shurley, and Mrs. Bob Vicars were appointed to an organization committee for the proposed society.

The county has previously had an historical survey committee headed by John Eaton. Among projects of the unit has been securing the marker for John S. Sutton on the Courthouse lawn

and the historical building medalion for the Courthouse. Selected to succeed Eaton as committee chairman was Joe Brown Ross, and Mrs. Vicars will be secretary. Eaton remained a member of the committee.

Also discussed at the meeting was better designation of Fort Terrett.

Others present were J. W. Elliott, Mrs. Stanton Bundy, Bob Vicars, and Bob Johnson Sr.

## A HIGHLY VALUABLE PROJECT

A project that can be quite valuable to Sutton County was discussed at a meeting last week.

That project is a museum for Sutton County.

Why have a museum here? What would be its value; what would it be worth?

From a strictly businesslike point of view, it would be an added attraction for our tourist traffic. Tourist dollars have become increasingly important in broadening the economic base of Sonora, and the more we have to offer travelers, the more people will stop here, and the longer they will stay. Places and exhibits with historical significance have a strong drawing power. A recent survey by the Texas Tourist Development Agency showed forts to be among the top attractions in the state.

Second, a museum could give us a long-enduring result of our Diamond Jubilee celebration. A number of items from Sutton County's past are being collected in connection with the Jubilee work. It would indeed be worthwhile to have a place where these articles might be exhibited permanently to be enjoyed over the years.

Finally, Sutton County has a colorful and admirable history worth remembering. When there is no museum, items are often taken away, perhaps to be placed in a museum elsewhere. Others that might have been kept are discarded, destroyed. Like Crockett County, which has already organized its museum, Sutton County needs to preserve its story and make the tangible evidence of it available for all to see.

### Quick 'N Easy Salads

Diced cooked beets team well with minced scallions and crisp lettuce. Serve with tarragon-flavored French dressing.

Cooked cauliflowerets and whole green beans are wonderful marinated in a light Italian dressing and served with greens or as a garnish with meat.

Asparagus tips with minced onion and escarole are another gourmet type salad when served with mustard-flavored French dressing.

Have you tried cucumber with thin onion slices and watercress? It not only looks Spring-like but it's wonderful for the crisp texture you like as contrast to a meal.

Tomatoes look like tulips when they're cut into petals and garnished with sieved hard-cooked eggs. Serve with mayonnaise to which has been added a little mayonnaise and grated onion.

Orange and grapefruit sections make a good tangy salad when you use a French dressing. Vary the citrus sections with avocado silvers, tomato wedges, and cucumber slices.

## Bride-Elect, Bride Feted at Luncheon

Miss Candace Cauthorn, bride-elect of Penn Baggett, and Mrs. Jimmy Powers, formerly Miss Allison Espy, were honored Monday afternoon in the home of Mrs. L. E. Johnson Jr. with a luncheon.

Also hosting the luncheon were Mrs. Mack Cauthorn, Mrs. John Cauthorn, and Mrs. Herbert Fields.

After serving as president, John Quincy Adams was elected invited. Those attending from the House of Representatives out-of-town included Mrs. Charles in 1830 and served for 17 years.

Decorations were in a mixed pastel theme.

Each day as we go to the Post Office to get the mail we see a large sign to the right of the entrance of the building which commands our attention. The sign is seeking to encourage young men and women to join the Navy. Across the top of the sign is one word in large letters "HERITAGE".

By the Rev. Rodney Dowdy Pastor, First Baptist Church

As our 75th Jubilee Celebration starts Sunday with our community Religious Service, our hearts rejoice as we consider the blessings of the past years and the generation of men and women who built for us a wonderful community.

Each day as we go to the Post Office to get the mail we see a large sign to the right of the entrance of the building which commands our attention. The sign is seeking to encourage young men and women to join the Navy. Across the top of the sign is one word in large letters "HERITAGE".

The dictionary defines heritage: "an estate that passes by descent; that which is inherited, as a quality or condition." To inherit means "To receive by nature from ancestors; to take by descent as distinguished from taking by devise; to receive by transmission from predecessors; to possess as having been handed down from the past". It is quite appropriate at this time for us to consider our heritage from our predecessors. We have blessings today for which we did not work or strive but acquired from our forefathers.

We revel in the past history of our nation; now let us bask in the sunlight of our history of Sonora and Sutton County. There are men and women now living in our community who pioneered this land we love. They had visions, hopes, and aircastles of the possibilities of these hills and vales. By their labor a great community has been built.

"I Love Thy Rocks and Rills, Thy Woods And Templed Hills, My Heart With Rapture Thrills, Like That A-bove."

Not only have we the inheritance of the great vast land, but we also have the heritage of

## YOUR MINISTER SAYS

noble principals on which to build not only for this day but for the future ahead. One of their great foundation stones was an honest day's work. "Sun Up to Sun Down" and then some more when the occasion arose. An honest day's work is honorable for all men. There was no place for a lazy man as he fought against the elements of nature and the weather.

Another great principal of that day was the admonition of the scripture: "A good name was rather to be had than riches." A man's word must be as good as his bond if he is any good at all. Integrity, ingenuity, and perspiration were three important elements for survival. Has the situation of today changed any of the necessary ingredients for survival? Also there were many God-fearing people who relied upon the Lord for daily bread and for blessings from heaven.

We have an obligation to uphold the high moral standards that have been bequeathed to us. As physical features are passed from one generation to another, even so community characteristics are handed down to each succeeding generation. We have a foundation upon which to build. Hats off to those courageous men and women of yesteryear—coats off to the future as we seek to continue their stouthearted work.

## LOSE A DISHRAG!

Most everyone has a tale to tell concerning wart cures. One goes like this — steal a dishrag, bury it . . . when the rag rots, the wart will fall off. Absurd, of course. But there are reliable treatments for warts, thanks to medical science. Physicians know them. Take advantage of the newer treatments and medications available. They can mean the difference between pain and comfort . . . between life and death. Let your doctor do the diagnosing and prescribing. Then come to us for quality prescription service.

## Teen Scene

By Margaret Bundy

All summer people have been coming and going, but now lots of people will be coming to town for the Jubilee. There is a mad scramble to gather appropriate costumes and methods of transportation for the parade.

Barbara and Lawrence Holland of Coleman were in town visiting Saturday and Sunday. Gilda Ingram arrived in town Saturday to visit here.

Bob Driskell has been visiting Robert Kelley. Bob has spent the last four years in England, and will attend school in Colorado Springs this fall.

Nedra Raye has a cousin, Pat-sy Rainwater, visiting her. Bill Glasscock spent last week-end in San Angelo with his father.

Joyce Hearn was in Brady for a week visiting her college roommate.

Cindy Lambert is in California. Irene Davis has acquired a new nickname. It seems that the "House-Mouse" hasn't been around much this summer.

Stan Bundy returned from Maine, where he was staying with the Sawyers.

Stay away from Diana Black! She has been exposed to the mumps but the last word was that she hadn't taken them yet.

J. V. Cook is taking Jimmy Trainer's place as life guard at the pool for a while.

Diana Black, Carol Hopf, Diana Cahill, and Sherry Eustace are going to do some modelling Thursday.

Grady Roe went to Tyler and Austin this week. Sunday he is going to Corpus Christi to lead singing.

Patricia McLaughlin is still at school in San Antonio. She is doing very well there.

Joe Moore got a pair of spurs for rodeoing. The story goes that he was so proud of them that he wore them to the drive-in!

## attend and support THE CHURCH OF YOUR CHOICE REGULARLY

What a disappointment! You had a tremendous drive, the perfect chip shot, and a brilliant putt; then your ball stopped a hairsbreadth from the edge of the cup. The birdie you thought was yours didn't materialize.

Of course, it's only a game; it doesn't really matter. But blighted hopes are not always so trivial. What if something really big passes you by? Suppose you don't get that promotion, your son's scholarship is given to someone else, an important client changes his mind, or the stock market wipes out your investment? Where do you turn? Where do you find strength to meet life's disillusionments?

Spiritual values are constant. Fortunes may shift and change but your Church stands firm. The truths and inspiration you find there give meaning, purpose, and stability to your life.

### THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### Morriss Urges Ranchmen To Participate In Election of County ASCS Committee

Sutton County ranchmen are being urged to take part in the election of their County Agricultural Stabilization and Conservation Service Committee.

This election, scheduled September 8, will be held by mail, and ballots will be mailed the last of August. Additional ballots can be obtained at the ASCS office.

Bill Morriss, County ASCS Committee chairman, points out that all eligible ranchers should feel a duty to participate in this election.

The committee to be elected consists of three regular members and two alternates. The nominee receiving the highest number of votes will be elected to a three-year term; second-high nominee will be elected to a two-year term; next high nominees, one-year terms.

Officers will be chosen by committee members.

Eligible voters include persons of legal voting age who have interests in farms or ranches as owners, tenants, or sharecroppers, who are eligible to participate in any of the programs administered, and who are currently and actively engaged in the operation of farms or ranches.

Any local resident meeting the required qualifications may vote and hold office regardless of race, color, creed, or national origin. Further information on eligibility to vote and hold office may be obtained from the ASCS office.

Candidates for committee membership may be nominated by producers eligible to vote. Nominations may be made by petition signed by six or more eligible voters and may be filed at the ASCS office any time before August 20. The ASCS committee also may make nominations.

Incumbent committeemen are Bill Morriss, chairman; George Wallace, vice-chairman; W. E. McMillan, member; Edwin Sawyer, first alternate; and Gene Shurley, second alternate.

Ballots will be mailed to all known eligible voters approximately ten days before the election and must be returned to the ASCS office not later than Sept. 8.

### R. E. Taylor Family Has Uvalde Reunion

The sons, daughters, and friends of the late Mr. and Mrs. R. E. Taylor Sr. held an annual reunion July 31 and August 1 at Garner Park in Uvalde.

All children and their families were present except Lt. Col. Jimmie Taylor and his family. Taylor is stationed with the Air Corps in Germany. Mrs. Russell Reynolds of Springdale, Oregon, was also unable to attend.

Other members of the family present included Mr. and Mrs. Cashes W. Taylor and family, Mr. and Mrs. Billie W. Taylor, Mr. and Mrs. Royce Regeon and family of Wichita Falls, Mr. and Mrs. Basil Taylor and Mr. and Mrs. R. E. Taylor of San Antonio, Mr. and Mrs. Tom Taylor and family of Del Rio, Mr. and Mrs. H. F. Sofge and family of Mertzton, W. A. Taylor and family of Victoria, and Mrs. Sarah McKee of San Angelo.

Miss Nanetta Regeon, daughter of Mr. and Mrs. Royce Regeon, returned home with her parents after a month's visit with Mr. and Mrs. Cashes Taylor, grandparents.

Fifty persons were present for the two-day outing.

Dear Mr. King:

I am enclosing a clipping from a scrapbook that was taken from the Devil's River News during the school year 1930-31. I thought that you might like to print the article at this time. It is a nice tribute to the town, the school, and to the late Supt. Mr. M. O. Britt. He died soon after the new high school building was completed.

We are looking forward to your Diamond Jubilee Celebration and will surely be on hand to participate in celebration and the remembering.

Sincerely yours, Ted M. White

P.S. I coached in Sonora for three years, ending in the spring of 1931. Only the aged will remember that far back. As I recall, we won every game (except the one I played in).

(Following is the article sent by White — Ed.)

#### A NIGHT IN SONORA

Editor Sonora Paper: On Friday night of last week I happened to be tied up in Sonora with car trouble, and time hung heavily on my hands, as you know it will when a fellow hits a strange town.

While standing in front of your leading hotel, some people passed me and I overheard their remarks about a school play to be given that night by the grammar grades. As I had several hours of spare time I decided that that would be a good way in which to pass it, even if I did expect to be somewhat bored by a bunch of kids trying to act. . .

Your high school building was a revelation to me. Being used to large town schools I little dreamed a town the size of Sonora could have such a magnificent school building, and the auditorium simply took my breath. No better nor finer building can be found in towns considerably larger than Sonora, and I feel reasonably sure your people are proud of it.

Promptly at 8 o'clock the show commenced. It had not progressed very far until I realized that that bored feeling I felt sure to experience had given way to intense interest, for the little play was carried out in grand style. The leading man and lady were jewels, and their acting was splendid. Of course, all the others were good, in fact excellent, and the assembly formed a fine background for the story of "Hansel and Gretel" . . .

The instructors of these pupils and those who assisted certainly deserved a lot of praise, whether they got it or not. I understood that upwards of 150 children took part in the play. To drill even a few children in such things takes a lot of patience, but to corral 150 of them and put them through their paces so nicely takes a lot more than mere patience; it takes a great deal of knowledge of this class of work.

Another thing that struck me very forcibly was the demonstration of your visual instructing machine. The young lady who gave this demonstration evidently knew her business and was not afraid to speak loud enough to be heard all over the auditorium. Several interesting scenes of the Yellowstone Park and hand-drawn maps were shown. For one I could have sat there and looked at all the slides they had in the school. . .

More power to your schools, your superintendent, and members of the faculty, and when your little city shall have grown to four or five times its present size you will have the consolation

Add life to your present furniture with new . . . Upholstering

Now you can have worn furniture recovered to give a new appearance (and years of added life). Your choice of materials . . . one-week service . . . reasonable prices!

### Examinations Set For Football Boys

Preparations for the 1965 Sonora High School football season officially begin Sunday, August 15.

Jerry Hopkins, coach, announces that an insurance meeting will be held at 1:30 p.m. in the high school auditorium. Physical examinations for high school boys are slated at 2:15 p.m., followed by physical examinations for junior high school boys.

### Melz Attends Mental Health Workshop

The Rev. Arno Melz, pastor of Hope Lutheran Church, recently attended a Mental Health Workshop at Concordia Junior College in Austin.

Some 60 Lutheran ministers registered for the meeting.

The group of ministers heard several psychiatrists speak. They toured the state mental hospital and were told of procedures for admitting and treating patients and helping them when they returned home. The ministers were also told how churches can help

keep people mentally healthy. Theme of the workshop was "The Church as a Healing Community."

### Fire Leaves Mark On 150 Acres Grass

An estimated 125 to 150 acres of grass were destroyed in a grass fire Saturday on the old Sayers Farmer ranch, just east of Tom Wilson's ranch.

A man named Schmidt, who operates the ranch, said that he must have started the fire himself, reported Cashes Taylor, Sonora fireman. Schmidt was burning trash and thought he had put it out, but he said the trash pile flared igniting the grass fire.

Three Sonora Fire Department trucks were sent to help fight the fire. Trucks from Menard, Mason, and Junction also went. Many area ranchmen and neighbors rushed to the scene of the fire to lend aid.

The fire fighting lasted for approximately five hours and the fire was finally extinguished around 8 p.m.

### News Ads Termed Magnets for Buyers

Samuel S. Talbert, Ph. D. Chairman, Dept. of Journalism University of Mississippi

The best prospects are people who are most likely to see or read newspaper advertisements. A man who needs new automobile tires will find and read

advertisements of tires anywhere in the local newspaper. The woman who is likely to buy a new dress deliberately reads all dress shop ads in her newspaper.

When a reader is not a real prospect for a product his eyes unconsciously pass over advertising of that product. Tests show that his eyes do actually see all advertising in the newspaper. He stops and remembers reading only what he may be interested in buying.

These conclusions on advertising readership were recently confirmed by an elaborate survey of the Bureau of Advertising. An official who supervised the study described newspaper advertising as: "A magnet for people likely to buy."

The findings of the study reassure the advertiser who feels that his advertising is not being widely read because of size or position in the newspaper. For real prospects are likely to see advertising for any product when they are entering the market for that particular product.

Few advertisers hope to see all readers of a newspaper. They are interested only in reaching potential customers. Consistent newspaper advertising is insurance that consumers are contacted when they have the desire and money to buy a product.

An Idle Mind Column

By Della King

Plans for the Jubilee grow more and more exciting. The parade with the old cars, floats, and team of oxen sounds just wonderful. And what about the re-enactment of the 1902 fire in the pageant when a set will be burned? And, of course, there's the barbecue, the reception, and the street dance.

One of the things I am especially looking forward to is the museum. Mrs. Collier Shurley is urging EVERYONE to contribute to it. She says she would like to have an article from every home in Sutton County.

And many of us are already enjoying the displays by businesses. Have you seen the sock-knitter in the Foodway collection or the popcorn popper or sad irons at Home Hardware?

Be sure to see the old timey kitchen at West Texas Utilities, the clock collection at Ruth Shurley Jewelry, and the conversation corner at Sonora Motor Company. And then there are those lovely quilts at Labenske's, that beautiful baby dress at Ratliff's and those priceless dresses at Neville's.

The gun collections of W. F. Berger and Bill Stewart being displayed at Barrow's are indeed interesting. Many of them are beautifully carved.

You'll also want to see the little old spectacles at Morrison's, the Oliver typewriter at Sonora Electric, and the cookbook with its remedies at Westerman.

Of course, all these stores have many items in their displays. I've just mentioned a few that caught my eye. If I've left any displays out, do let me know so that we can include them next week.

And, finally, next time you're downtown do take a look at the Favorite Saloon. (You can't miss it—it has a brand new sign.) It is being painted and an old bar, bar back and mirrors, and an iron stove are being installed.

### List of Pioneer Families' Names Grows

More names were added this week to the list of early settlers of Sutton County.

The names of families living here before 1910 are being collected in connection with Sonora's Diamond Jubilee, which has as one of its main purposes recognition of Sutton County pioneers.

The Owens family was added by Mrs. Ellen Ray. The Owens were founders of Owensville, a town formerly located in Sutton County.

The following list was reported by Mrs. Clyde Gardner:

### Earwood Honored By County Agents

Fred T. Earwood officially was named as one of the six "Men of the Year in Texas Agriculture" at the annual meeting of the Texas County Agricultural Agents Association at College Station, August 8 through 10. Mrs. Earwood and Mr. and Mrs. D. C. Langford also attended the meeting. Langford is county agent of Sutton County.

six "Men of the Year" highlighted the meeting. Distinguished Service awards given by the National Association were also presented.

Tuesday, the agents heard addresses by Dr. R. E. Patterson, dean of Agriculture and director of the Texas Agricultural Experiment Station, and John E. Hutchison, director of the Texas Agricultural Extension Service, Texas A&M University. New officers were also installed.

### Hankins Describes Scabies Outbreak As Dual Problem

The Texas Sheep and Goat Raisers' Association is keeping a current sheep scabies outbreak under careful surveillance and will continue to do so.

Gaylord Hankins, president, and James L. Powell, former president, have returned from a California conference with federal and various state officials regarding importation restrictions placed against Texas sheep by other states.

"Immediately upon notification of the outbreak, our association wired the USDA's Animal Disease Eradication Division and the Texas Animal Health Commission," Hankins said. "We asked that they cooperate fully with each other to clean our state of sheep scabies and maintain a clean status."

The outbreak, found in a Uvalde County feedlot, was the first known case in Texas since one in a Runnels County feedlot in December, 1964.

The Uvalde case involved about 1,000 lambs brought from 147 farms and ranches. The Texas Animal Health Commission immediately began a check of all these premises.

"Scabies is not only a health problem but also an economic problem for our sheepmen," Hankins said. "Restrictions against Texas sheep cause extra expense in dipping and handling. It also tends to discourage out-of-state buyers and thus has a depressing effect upon the Texas market," Hankins declared.

Scabies is a skin condition caused by the psoroptic mite, which induces severe irritation, scratching and loss of wool. The Runnels case last December was the first known in Texas in many years.

### Patrick Completes 25 Years' Service With WTU Company

A West Texas Utilities serviceman in Sonora for 25 years, a member of the Sonora Volunteer Fire Department for 28 years, and fire chief for 20 years—that is the record of Lee Patrick.

He completed 25 years' service with WTU on June 1. Born in Brownwood, Patrick attended school in Ozona and is a graduate of Ozona High School. Before moving to Sonora in 1935 he was employed in the engineering department of the Texas Highway Department in Ozona.

Patrick operated the Sonora Ice Plant from 1935 to 1940, when he began his work with the utilities company.

Of his work with the fire department he says, "The most interesting part of the work is the feeling you have—helping somebody when they need help, I suppose. They call us for lost kids or deer hunters. It's the only organization in Sonora you can get together in three minutes' notice."

He is a member of the First Baptist Church, Dee Ora Lodge, and the Sonora Lions Club.

Mrs. Patrick is the former Wilma Nixon of Eldorado. They were married in Del Rio in 1938 and have one daughter, Mrs. W. R. Touchstone, who lives in San Angelo.

### TIPS FOR OUTDOORSMEN

**Treatment for Burns**  
Camp burns can be treated with at least two common substances that doctors suggest

First is tea. Tannic acid in tea soothes blistered skin and is excellent for treatment of sunburn.

Second is the white of an egg. Albumen is the stuff in eggs that dyes and heals.

Apply one or the other and let dry. Then repeat the treatment.

**Rubber Bands on Trotlines**  
Trotliners usually tie lines ashore to limber tree branches that will give with the strike of a heavy fish.

In places where there are no branches to tie to, use large rubber bands cut from old inner tubes and tie to a stake driven into the bank.
