LIONS ROAR

President Frank Wamble presenting plaque to outgoing President Jerry Jackson (7 July 09)

By: Frank Wamble

As our new officers get their feet on the ground, let us reflect on the past year's highlights in support of the citizens of Sonora and Sutton County under the guidance of Rev. Jerry Jackson, president. Jerry, a superb leader, was responsible for new records which will be worthy goals for our new leadership.

1. Most scholarship money awarded for our graduating seniors: Savannah Leonard, Steven Pacheco, Reynaldo Gaytan and Samantha Tidwell, our 2008-2009 queen.

2. Most profitable broom sale in our history. Thanks, Sonora, for your support!

3. Record profitability from our Auction, thanks to our "mystery package" bidder Mike Hale, president of the First National Bank and Jim Stephen's donation of his Kentucky Long Rifle bought by Brady Johnson, president of The Bank and Trust. 4. The inauguration of Lion's Club support to Debbie Collins

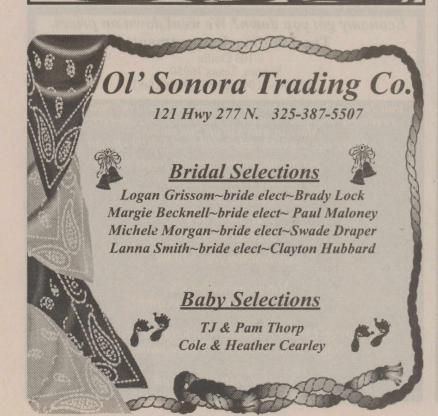

and Fay Deel and their Wounded Warriors Roping Fundraiser. As Jerry goes into our Past President position he will be our point of contact for the Lion's Camp for disabled children. A plaque thanking Rev. Jackson for his past leadership was presented by President Frank Wamble at our last gathering.

Parker Lumber Giveaway has Grand Finale

Winner takes home \$1,000 in merchandise

Judy Holmes, Assistant Manager of Parker Lumber (far right) presents Delia and Jose Longoria with a \$1000 check from the Parker Lumber Shopping Giveaway.

Sonora, Texas--Spring just got a little greener for Parker Lumber's customer Jose Longoria.

On June 29, 2009, Longoria was chosen as the winner of the Parker Lumber \$1,000 Shopping Giveaway. Longoria was selected at random from more than 1,500 entries submitted at the store from March 2-May 31.

"My family and I are extremely excited to have gotten the opportunity to win a prize like this." Longoria plans to use his winnings for a new shed to go along with his newly remodeled house. Longoria stated that with the remodeling he did on his house, he got to know the employees at Parker Lumber and appreciated all the help he got with each visit.

Mike Cox said that Parker Lumber is delighted to provide one of its customers with the opportunity to make their spring projects a little more exciting. "Everyone has a few extra chores this time of year, and we're glad that Jose will be able to choose whatever tools he wants to get the job done. We thank everyone who entered the giveaway for their participa-

features ash, buttonbush, and cypress trees that grow adjacent to the river.

Park visitors enjoy a swim in the Pedernales River at the designated Beach Area. The river Pedernales Falls is the main attraction that boasts cascading falls over tilted layered limestone during the wet spring months in the Texas Hill Country.

Adventuresome: daring-willing or eager to participate in exciting or risky activities (Encarta Dictionary). The Adventuresome is a special section added to the Devil's River News for the summer. We hope you will use it as a guide to help you get out and explore the treasures around West Texas. Each issue we will explore a different park, nature area, historical site or travel destination within a day's drive and highlight the attractions and adventure to be found.

Pedernales Falls SP Travel Time: 2 hrs. 43 min. Distance: 160 miles from Sonora

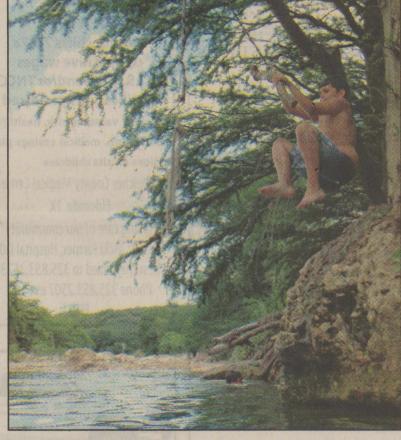

Story and Photos by James Ricks

The day was blistering hot, the kind of heat that melts you, quickly sucking the life energy right out of you but at the river's edge, life is restored in the wet refreshing bliss of soaking, floating, swimming, swinging, and even just seeing the water flow by.

The main attraction of Pedernales Falls is apparent in the name "the falls." Unfortunately, the falls are all but gone at this time of year with the summer heat and dryness upon us. The falls are at a minimal level, but life still visits its sustaining waters with wildlife common to the Texas Hill Country, such as whitetailed deer, coyotes, rabbits, raccoons, and various bird life.

The park warns visitors to the dangers of flash flooding along the riverbanks, but with the water so low, exploration of the cascading limestone rocks is still enticing with its pockmarked surface containing hundreds of fissures and crevices. Remember, though, that swimming and wading are not allowed at this section of the area, but are to be found just downstream.

The ideal time to visit and see the water flowing, I'm told, is in the early spring, but this does not stop adventure seekers from having a good time and enjoying the park during summer. Farther down the river from the falls, the swimming area's water is still deep enough for a good dip and spending the afternoon staying wet and cool. The surrounding plant and animal life is lovely to behold and adds tranquility to spending time on the river's edge as well as providing shade.
