School Days Here Again!

Page 6

Lions Club Introduces New Hospital CEO

Lions Club president, James Hartman and attendants welcome Mr. Bob Pascasio, the new CEO administrator of Lillian M. Hudspeth Memorial Hospital. Mr. Pascasio, a professional of rural health care commented on the strong

financial assists but most important the hands on special care of our local staff we, the community, greatly appreciate when needs arrive. Wife, Vicki and the new EMS director will be arriving soon.

Lewis Allen and crew treated the educators of Sonora ISD to a one of a kind hamburger supper Monday evening. Our Lions Club members along with our 2013 queen, Kaitlyn Gibbens, were applauded for their endless volunteer work helping Sonora community to be the most favorable place to live.

Join us every Tuesday at noon for a wholesome meal served by Cindy Fagan at the First United Methodist Church as we gather in friendship and respect of our most special community.

Main Street Traffic

We are pleased to introduce you to Penny Adams, the winemaker for Wedding Oak Winery, located in San Saba, Texas. Penny is also a viticulture consultant and works with growers throughout the year to identify management practices that will improve fruit quality and returns. Good wine begins with good grapes and it's harvest time for vineyards and wineries in Texas.

As a vineyard and winery consultant Penny has worked with many prospective and now successful commercial operations. Working with new clients to evaluate a site involves a look at all the site's characteristics, economically viability for grape production, and suitability to the individuals. Her goal is to help growers to produce the highest quality fruit possible for premium wine production.

Wedding Oak Winery opened its doors in June, 2012 in downtown San Saba under the management of Mike and Lynn McHenry, grape growers in San Saba County for many years. As the former Texas AgriLife Extension Viticulture Advisor for the Texas Hill Country Penny helped them in their 4-acre commercial vineyard. When friends and neighbors asked them to build a winery in San Saba they did just that, building a 10,000 case capacity, state-of-the-art winery in historic buildings downtown. The winery is named after a nearby historic tree of Texas where native American Indians and early settlers married; heart-shaped rings or collars are found throughout the tree.

Wedding Oak Winery produces 100% Texas wines including Terre Blanc and Terre Rouge, both Rhone blends from San Saba County, Tempranillo-based wines Tijo and Regency Bridge, Sangiovese, Viognier, a Vermentino/Trebbiano blend called Bridal Veil, Bridal Blush and a sweet Muscat. We invite you to visit our winery to enjoy our wines on your next trip through San Saba.

To learn more please come see us at Sonora's upcoming wine tasting, Sept. 21, or visit our website <http://weddingoakwinery.com>

Tickets for this event will available for purchase at the Main Street office, Mercantile on Main, Hodgepodgees, Sew Addicted, Bronco Salon, Main Street Salon, Gypsy Chix, and Serendipity Beauty Boutique.

Annual Agrilife Sheep And Goat Field Day Set For Sept. 5 At San Angelo

SAN ANGELO – "Alternative Income Strategies for West Texas Landowners" will be the theme for this year's 40th Annual Sheep and Goat Field Day set Sept. 5 at the Texas A&M AgriLife Research and Extension Center at San Angelo.

The center is north of San Angelo on U.S. Highway 87.

A brief registration period is set from 7:30-8:15 a.m., with the program beginning promptly thereafter with legislative updates by U.S. Rep. Mike Conaway of Midland and state Rep. Drew Darby of San Angelo. "We really look forward to

the field day," said Dr. John Walker, Texas A&M AgriLife Research resident director at the center. "This event gives us a chance to showcase our work here, address issues facing the ranching industry, enjoy a great lunch together and see old friends.

"I feel this year's program meets all those criteria in a well-rounded but concise way. Along with our legislators' comments and our research overview, we'll also cover everything from the lamb market to the oil boom and its effects on the West Texas ranching community.

"One of our guest speakers will also share her thoughts

on direct-marketing to consumers from the producer level, which while not unusual in other areas, is rather rare here. Then we'll top it all off with a complimentary meal courtesy of our commercial sponsors, several of whom will have exhibits set up on the grounds. I think it will be a day well-spent for anybody interested in sheep and goat production or West Texas ranching."

All the day's activities should be over by 2:15 p.m. Walker said.

For more information contact Walker at 325-653-4576, jwalker@ag.tamu.edu.

Meet The Trainers

Jill Buitron, Naomi Dozier, Savanna Pendergrass, Jasmine Pendergrass, Noel Fierro, Lisa Garza, Samantha Castro, Janelle Vasquez and Macie Freiss are the 2013-2014 Student Trainers. The Student Trainers this year have been CPR Certified and have participated in 1st Aide, Concussion Awareness, Hydration and General Taping lessons. Go Broncos!

\$5.00 for under 60 and all other meals-to-go).

POLICE BLOTTER

With the start of a new school year, The City of Sonora and the Sonora Police Department, would like to remind the community it is important to keep traffic safety in mind in and around school zones. Drivers will need to be aware of speed limits, traffic signs, and other drivers. Drivers should be vigilant of buses loading and unloading of students as well as students inside the cross walk. Parents should also speak to their children, who plan on walking, about getting to and from school safely and in a timely manner. Please slow down and help us as we work to keep students and the roadway as safe as possible. Also remember any type of cell phone use is not permitted while driving inside school zones.

4-H Achievement Banquet: Everyone Wins With 4-H

By Pascual Hernandez,
Sutton County Agricultural
Extension Agent

4-H'ers Recognized at 2013 4-H Achievement Banquet Sutton County 4-H held the annual banquet on August 19 to recognize its members for the recently completed year. To be eligible for awards, 4-H members must complete and turn in an awards application. A word of thanks to Club managers Donna Garrett & Shanna Castro, as well as Craig Leonard for his inspiring message to the assembly. Results of awards are as follows:

Project Awards

- Clothing- Jessica Smith, Haley Smith, Alyssa Martinez and Taryn Mitchell
- Meat Goat - Analy Palacios, Grady Bush
- Sheep-Amber Freeman, Katy Jo Wardlaw
- Method Demonstration- Christina Hernandez
- Community Service- Rhett Guerra, Kirstin Garrett, Reagan O'Brien and Kameryn O'Brien
- Hair Goats- Madalyn Fisher, Will Dutton, Jaci Dutton and Wesley Dutton
- Swine- Levi Garrett, Evan Shannon, Dakota Love and Kylie Love
- Leadership- Delaney Ramsdell, Tate Shannon and Cara Hernandez
- Judging Award- Macie Friess, Chance Campbell
- Food & Nutrition- Trista Bush, Felicia Farley
- Range Science- Danny Pechacek, Skylar Mogford and Catarina Hernandez
- Shooting Sports- Sterling Smith, Stevie Smith, Kadee Brian Petty, Quaelly Shain, Briana Palacios.
- Public Speaking- Darby Ramsdell, Abby Bennie
- Horse- Kodi Davis
- 4-H Fashion Review- Summer Hall

Achievement Awards

- Recordbook & Year Pins- Summer Hall 5; Chance Campbell 9; Macie Friess 9

Special Awards

- Glasscock Award- Catarina Hernandez
- Earwood Award- Macie Friess
- Family & Consumer Science- Kadee Petty
- Goldstar- Chance Campbell, Macie Friess
- I Dare You- Darby Ramsdell
- Silver Spur- Steve & Kelly Thorp
- Friend of 4-H - Capital Farm Credit
- Club Sweetheart- Abby Nolen

Congratulations to all our members who completed projects and to our adult leaders for their help. Please forgive any unintentional oversight.

A special thanks to Nubia Robles for her hard work in coordinating the event..

Firewise Tips Checklist For Homeowners

WILDFIRE DOESN'T HAVE TO BURN everything in its path. In fact, cleaning your property of debris and maintaining your landscaping are important first steps to helping minimize damage and loss.

The work you do today can make a difference. Follow these simple action steps now and throughout the year to prepare and help reduce the risk of your home and property becoming fuel for a wildfire:

o Clear leaves and other debris from gutters, eaves, porches and decks. This prevents embers from igniting your home.

o Remove dead vegetation from under your deck and within 10 feet of the house.

o Remove anything stored underneath decks or porches.

o Screen or box-in areas below patios and decks with wire mesh to prevent debris and combustible materials from accumulating.

o Remove flammable materials (firewood stacks, propane tanks, dry vegetation) within 30 feet of your home's foundation and outbuildings, including garages and sheds. If it can catch fire, don't let it touch your house, deck or porch.

o Wildfire can spread to tree tops. If you have trees on your property, prune so the lowest branches are 6 to 10 feet from the ground.

o Keep your lawn hydrated and maintained. If it is brown, cut it down to reduce fire intensity. Dry grass and shrubs are fuel for wildfire.

o Don't let debris and lawn cuttings linger. Dispose of these items quickly to reduce fuel for fire.

o Inspect shingles or roof tiles. Replace or repair those that are loose or missing to prevent ember penetration.

o Cover exterior attic vents with metal wire mesh no larger than 1/8 inch to prevent sparks from entering the home.

o Enclose under-eave and soffit vents or screen with metal mesh to prevent ember entry.

Learn more about how to keep your family safe and reduce your home's risk for wildfire damage at www.firewise.org.

F.Y.I

Sutton County Friends of NRA Safe Full of Guns raffle is underway! Tickets are \$10 each with one winner taking home four firearms, to include an AR-15, and a 10 gun fire resistant safe. Tickets may be purchased at Buck N Bass/Sonora Air Cooled Engines, by contacting Tonya @ 325-206-0454 or by contacting any committee member. The winning ticket will be drawn during our 6th Annual Auction/Banquet, Saturday, September 21, 2013. Your support is appreciated

Public Notice

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

COMBINED
NOTICE OF RECEIPT OF APPLICATION AND INTENT
TO OBTAIN A
WATER QUALITY PERMIT
AND
NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR A
WATER QUALITY TPDES PERMIT FOR INDUSTRIAL
WASTEWATER

TPDES Permit No. WQ0005001000

APPLICATION AND PRELIMINARY DECISION. Multi-Chem Group, LLC, P.O. Box 718, Maurice, Louisiana, 70555, which operates the Multi-Chem Group Sonora Texas Facility, a chemical blending, storage, and distribution facility, has applied to the Texas Commission on Environmental Quality (TCEQ) for a new permit, Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0005001000, to authorize the discharge of stormwater on an intermittent and flow variable basis via Outfalls 001 and 002 and reverse osmosis reject water at a daily average flow not to exceed 15,000 gallons per day via Outfall 003. This application was submitted to the TCEQ on September 26, 2012.

The Applicant is publishing this combined notice because it has updated its contact information and requested an increase in the discharge of reverse osmosis reject water from a daily average flow not to exceed 3,000 gallons per day to a daily average flow not to exceed 15,000 gallons per day via Outfall 003.

The facility is located at 349 Private Road 4473, approximately 2.5 miles southwest of the City of Sonora and about 0.35 mile northwest of the intersection of Private Road 4473 and U.S. Highway 277 in Sutton County, Texas 76950. The effluent is discharged to an unnamed tributary; thence to the Dry Devils River; thence to the Devils River in Segment No. 2309 of the Rio Grande Basin. The unclassified receiving water bodies have the following use: unnamed tributary and Dry Devils River - minimal aquatic life use. The designated uses for Segment No. 2309 are primary contact recreation, public water supply, and exceptional aquatic life use.

In accordance with 30 Texas Administrative Code (TAC) §307.5 and the TCEQ implementation procedures (January 2003) for the Texas Surface Water Quality Standards, an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. This review has preliminarily determined that no water bodies with intermediate, high, or exceptional aquatic life uses are present within the stream reach assessed; therefore, no Tier 2 degradation determination is required. No significant degradation of water quality is expected in water bodies with intermediate, high, or exceptional aquatic life uses downstream, and existing uses will be maintained and protected. The preliminary determination can be reexamined and may be modified if new information is received.

Streamlined Texas Hunter Education Process Approved

AUSTIN – Starting this fall, new hunters who need to complete the state's required hunter education will have expanded options designed to be more convenient, flexible and accessible.

The Texas Parks and Wildlife Commission Thursday approved additional options for hunter education certification, including a streamlined, one-day basic course reducing the mandatory hours of classroom instruction from 10 to a maximum of 6 hours and creating an option for anyone 17 years of age or older to take the hunting safety training completely online. The new options should be available by late September. The combination online home study and 4 to 5 hour skills field day course will still be offered, as well as advanced hunter education available as part of high school and college courses across the state.

Anyone born after Sept. 1, 1971, must successfully complete a hunter education training course or purchase a one-time deferral good for one license year in order to hunt legally in Texas.

Based on 16 pilot classes held earlier this summer to assess new options, the core curriculum of the streamlined course brings an even sharper focus on the key reason behind the training requirement – improved hunter safety. Since mandatory hunter education first started in 1988, the number of hunting accidents and hunting fatalities has steadily declined to less than 3 per 100,000 hunters. Accidents involving those who had completed hunter education training are only in the single digits each year.

The basic course will be streamlined to cover only essential skills of safe, legal and ethical hunting.

To pass the current course options, students must get 70 percent correct if they take the traditional two-day course or 80 percent if they take the course online. Under the new system, the passing grade for all options will be a minimum score of 75 percent.

The certification is valid for life and is honored in all other states and provinces.

The TCEQ Executive Director has completed the technical review of the application and prepared a draft permit. The draft permit, if approved, would establish the conditions under which the facility must operate. The Executive Director has made a preliminary decision that this permit, if issued, meets all statutory and regulatory requirements. The permit application, Executive Director's preliminary decision, and draft permit are available for viewing and copying at the Sutton County Annex Building, first floor, 300 East Oak, #3, Sonora, Texas. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=30.543333&lng=-100.673055&zoom=13&type=r>

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. TCEQ holds a public meeting if the Executive Director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING. After the deadline for submitting public comments, the Executive Director will consider the comments and prepare a response to all relevant and material, or significant public comments. Unless the application is directly referred for a contested case hearing, the response to comments will be mailed to everyone who submitted public comments and to those persons who are on the mailing list for this application. If comments are received, the mailing will also provide instructions for requesting a contested case hearing or reconsideration of the Executive Director's decision. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

TO REQUEST A CONTESTED CASE HEARING, YOU MUST INCLUDE THE FOLLOWING ITEMS IN YOUR REQUEST: your name; address; phone number; applicant's name and permit number; the location and distance of your property/activities relative to the facility; a specific description of how you would be adversely affected by the facility in a way not common to the general public; and the statement "[I/we] request a contested case hearing." If the request for contested case hearing is filed on behalf of a group or association, the request must designate the group's representative for receiving future correspondence; identify an individual member of the group who would be adversely affected by the proposed facility or activity; provide the information discussed above regarding the affected member's location and distance from the facility or activity; explain how and why the member would be affected; and explain how the interests the group seeks to protect are germane to the group's purpose.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for reconsideration or for a contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. The Commission will only grant a contested case hearing on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission will only grant a hearing on issues that were raised in timely filed comments that were not subsequently withdrawn.

EXECUTIVE DIRECTOR ACTION. The Executive Director may issue final approval of the application unless a timely contested case hearing request or request for reconsideration is filed. If a timely hearing request or request for reconsideration is filed, the Executive Director will not issue final approval of the permit and will forward the application and request to the TCEQ Commissioners for their consideration at a scheduled Commission meeting.

MAILING LIST. If you submit public comments, a request for a contested case hearing or a reconsideration of the Executive Director's decision, you will be added to the mailing list for this specific application to receive future public notices mailed by the Office of the Chief Clerk. In addition, you may request to be placed on: (1) the permanent mailing list for a specific applicant name and permit number; and (2) the mailing list for a specific county. If you wish to be placed on the permanent and the county mailing list, clearly specify which list(s) and send your request to TCEQ Office of the Chief Clerk at the address below.

All written public comments and public meeting requests must be submitted to the Office of the Chief Clerk, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087 or electronically at www.tceq.state.tx.us/about/comments.html within 30 days from the date of newspaper publication of this notice.

AGENCY CONTACTS AND INFORMATION. If you need more information about this permit application or the permitting process, please call the TCEQ Public Education Program, Toll Free, at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040. General information about the TCEQ can be found at our web site at www.tceq.state.tx.us.

Further information may also be obtained from Multi-Chem Group, LLC at the address stated above or by calling Ms. Andrea Wallis at (337) 256-7670.

Tired? Burned Out?

Taking care of a disabled or elderly loved one is a heavy burden that is often more challenging than a full-time job.

Respite Care could be the answer.

If you need a break from the daily care of a family member or a loved one, contact us. We can ease the burden for a few days so you can take a trip, recharge your batteries, or simply get some rest while knowing that your special person is being well cared for.

Public Notice

NOTICE OF PUBLIC MEETING TO DISCUSS SONORA ISD'S

School FIRST Rating (Financial Integrity Rating System of Texas)

Sonora ISD will hold a public meeting at 5:30 pm, September 16, 2013 in the Vocational Building, 805 Prospect, Sonora, TX.

The purpose of this meeting is to discuss Sonora ISD's rating on the state's financial accountability system

Public Notice

Texas Parks and Wildlife Department is currently accepting Guide Service proposals beginning August 15, 2013 through September 3, 2013 at 5:00 P.M. for Devils River State Natural Area. The Park consists of three units: Del Norte (North Unit), Big Satan (South Unit) and Baker's Crossing (Satellite Unit). Proposals for guided kayaking, canoeing, rafting and shuttle service are being accepted for services at all three Park locations. Persons interested in submitting a proposal may request a Request for Proposal (RFP) Packet by calling (512)389-8637 or writing: Austin Vieh, Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, Texas 78744, or by emailing austin.vieh@tpwd.texas.gov.
