Sonora Broncos Take First in District Seeding Playoff By Nancy Glasscock

Sonora, Alpine, and Reagan County were all tied for first place with 8-2 records in District 5-2A. The three-way district playoff for seeding was played in Crane last Saturday. The coin toss took place in Ft Stockton. Lady Luck was on Coach Valdez' side. The Broncos got the bye and only had to play the winner of game 1 between the Bucks and the Owls.

The Reagan County Owls came from behind twice against Alpine to finally defeat the Bucks, 7-6. Michael Rollert was on the mound for Sonora in Game 2. The outcome of this game would determine which team would play fourth place Bangs or third place Jim Ned from District 6. Julian Perez, who had started against Alpine, was on the mound for Owls.

The Broncos took a two run lead in the second against Reagan County and never relinquished the lead through 6 ½ innings of baseball. With Will Dutton on base after singling, Andres Acevedo drove a single into left field to easily score Dutton. Acevedo stole second and scored from third on a squeeze play. The Owls scored a run in the third, but great catches by outfielders Ricky Martinez and Scott Gonzales quashed the threat.

Sonora put two more runs on the scoreboard in the fourth. Acevedo had another single and scored on a hit by Martinez. The Owls made a pitching change. LJ De Leon relieved Perez. Rollert then singled off DeLeon to score Martinez who had stolen second and third bases.

The Owls scored a run in the top of the fifth. Sonora immediately responded by scoring three runs on a bunt by Martinez, a fielder's choice by Rollert, and a double by Hunter Hughes. Reagan County scored one run in each of its last two at bats. It wasn't enough. Sonora won 7-5 and got top seed for the playoffs.

The Broncos will face the District 6-2A Bangs Dragons (8-6, 13-12).

Game 1 will be in Sonora at 7 PM on Thursday night. Game 2 will be in Bangs at 1 PM on Saturday. If game 3 is necessary, it will be played 30 minutes after game 2.

Facts, Laws, and Other Important Information

As residents of the second most populous state in the country, Texans have a large and continually growing demand for water. According to the Texas Water development Board, by 2060 the state's demand for water is likely to increase by 27 percent compared to its demand in 2000.

To help counteract this projected increasing in demand, the nearly 100 WaterSense partners in Texas are working hard to bring water-efficient products to market and to spread the word about the need for smart water use. All Texans can help preserve water for future generations by incorporating water efficiency into their everyday lives.

Water Sources Dwindle

The majority of water used in Texas (59 percent in 2003, according to the state's 2007 water plan) is supplied by groundwater. Texas is home to nine major aquifers that supply much of this groundwater, including the Ogallala-High Plains Aquifer that stretches beneath eight states. With increased development and the growth of irrigated agriculture, the water withdrawal rate from the aquifer has greatly increased. In some areas, water levels have declined more than 100 feet and continue to drop.

The Gulf Coast Aquifer, stretching from Florida to Mexico, supplies 54 Texas counties with all or part of their water supply. It is also in danger of being overdrawn; its supply is expected to be reduced 12 percent between 2010 and 2060.

Urbanization exacerbates this trend by increasing the demand for water and blocking the natural replenishment by paving over ground that previously was permeable to water, allowing it to percolate down to recharge the aquifer. So much water has been removed from the Gulf Coast Aquifer without being replenished that sinking of the ground—or subsidence—of as much as 13 feet deep has occurred in some parts of Harris and Galveston counties.

To counteract this trend, the counties, including the City of Houston, are gradually increasing water supplies from surface water sources. Surface water will cost customers two to four times the cost of groundwater, largely due to the infrastructure needed to make the switch; surface water generally requires more purification than groundwater and longer pipes for transportation. The Lady Broncos

In other areas of Texas, the majority of water used already comes from surface sources. The City of Dallas, for example, withdraws only one percent of its water from the ground. While this helps alleviate demand on aquifers, it can place a heavy burden on lakes, rivers, and streams, especially during droughts.

Region 1 Track and Field News

by Nancy Glasscock

The Sonora Broncos 4X400m Relay Team of Carter Zook, Will Dutton, Ricky Martinez, and Anastacio Munoz won the event at Saturday's Region 1 Track and Field Meet at Odessa's Ratliff Stadium. The team posted its

fastest time of the season with a 3:22.81 to take the Gold Medal. Sonora and second place Cisco(3:24.44) both qualified for the Texas UIL State Track Meet in Austin May 9th.

Senior Anastacio Munoz and Junior Ethan Patlan also qualified for the State Meet by finishing second in their individual events. Munoz posted a 39.46 in the 300 Hurdles-a race he also qualified in last year-

to finish second and take the Silver Medal. Junior Ethan Patlan had his best throw of the season with the Shot- 52.4 feet- to also finish second. He will be throwing for a State Medal at 10 AM on Friday, May 9th. Munoz also triple jumped on Friday. He jumped 41.11 feet and finished seventh. As a team, the Broncos just missed out on third place by two points to Coleman, with 36 points.

The Lady Broncos 4X100m Relay Team of Macie Friess, Gracie Dozier, JoMayra Gutierrez, and Abby Nolen placed third with their best time of the season- 50.37. The same Relay Team members ran the 4X200m Relay and placed fifth with a 1:49.29. Abby Nolen ran the 200m DASH with a time of 26.36. Gracie Dozier finished fourth in the Long Jump- just missing third place by one-half inch. As a team the Lady Broncos finished tied for 10th place with 24 points.

This year the Texas UIL 2A running events begin at 6 PM on Friday, May 9th. When you see all these fine Track and Field athletes and Coach Eddie Favilla around town, take time to thank them for all their hard work and dedication.

Wellness Ministry

We recently celebrated Earth Day, which is a time dedicated to gratefulness and respect for this incredible planet on which we live. To celebrate Earth Day is to celebrate the God who created it. God made this wondrous place filled with all good things to sustain us. An easy way to find good nutrition is to look to the Earth and all the things God put on it for us to eat: plants bearing colorful fruits and vegetables, nuts and seeds, and animals nourished by the Earth that, in turn, nourish us. Our Earth is an overflowing bounty of all the perfect foods that God made for us, because HE knows what our bodies need. Don't be distracted by what food chemists, manufacturers, and advertisers tell you to eat. They do not have your good health in mind. But God does. The creator of our bodies is the creator of our food and the creator of the place that grows it. Eat the real food that He made.

"Speak to the Earth, and it shall teach thee." Job 12:8 Chelsea Blackbird is a Certified Nutritional Therapist. For your free health consultation contact chelsea@dailynutritionist.com or www.dailynutritionist.com.

Obituary

Donald Edward Henkel, age 70, passed away April 19th following a courageous two year battle with cancer. He was born in Hermosa Beach, Ca. on Septembet 23rd, 1943 to Edward and Vera (Wangerin) Henkel. He moved to Ralston, NE in 1944 and graduated from Ralston High School in 1061. He attended the University of Omaha on a track scholarship and graduated from Iowa State University with a degree in geology. He married Barbara (Dewitt) in 1963. They had 2 sons, Taylor and Eric. The family moved to Ft. Worth, TX in 1968 where Don was employed by Amoco Petroleum. He transferred to Houston in 1971 and was later employed by William Perlman until 1981 when he formed his own company: Cyclone Exploration, Inc. in Clear Lake City, TX. Cyclone was possible because of his longtime friend and colleague Fidencio Ramirez. He enjoyed sailing, photography, stamp collecting, and restoring and furnishing a Victorian home in Kensignton, KS along with becoming a gentleman farmer. This home became known as "Henkel Haus." Don and Barbara, hosted many gatherings of family and friends over the past 9 years. He and Barbara

Citizens to Vote on **Renewing Road** Maintenance Tax

The City of Sonora collects a total of 8% of the local and use tax from every person that makes a purchase in town. These people can be Sonora citizens and/or travelers that are driving through Interstate 10 and Highway 277.

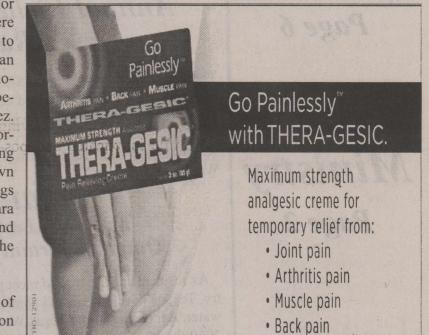

Currently the sales tax breakdown in the City of Sonora is as follows:

TAXING ENTITY	RATE
STATE OF TEXAS	6.25%
SONORA REGULAR RATE	1.00%
SONORA STREET MAINTENANCE	
0.25%	
SONORA ECONCOMIC DEVELOPMENT CORP.0.50%	

TOTAL 8.00%

The City of Sonora will be holding an election on May 10, 2014 to elect a mayor and a Councilmember in Ward 1. A Proposition for the reauthorization of the local sales and use tax in the City of Sonora at the rate of one-quarter of one percent to continue providing revenue for maintenance and repair of the municipal streets will also be on the ballot. The City of Sonora is currently collecting the rate of one-quarter of one percent and will expire on September 30, 2014 unless imposition of the sales and use tax authorized by Tax Code Chapter 327.007 is reauthorized. The law requires that the voters' reauthorization be held by election every four years. If you vote in favor of the proposition, it means that the City will continue to collect the one-quarter of one percent to go towards only street maintenance and will not impose an additional increase on the amount of sales tax that you are currently paying.

Early Voting will commence on April 28, 2014 and will end on May 6, 2014 at City Hall. On Tuesday, April 29th and May 6th, the polls will be opened from 7:00 a.m. to 7:00 p.m. at City Hall. Election Day is on Saturday, May 10, 2014 at the Sonora ISD Administration Building from 7:00 a.m. to 7:00 p.m.

traveled extensively including trips to Germany, Ireland, and a 50th anniversary cruise to Mexico. He was a member of the American Association of Petrolium Geologists.

Don is survived by his wife Barbara and son, Taylor, both of Clear Lake City, TX; sisters Sandy (Carl) Sullivan of Ralston NE and Carol (Don) Johnson of Windsor CO. He is also survived by an uncle Roy Wangerin and aunt Juanita (Gordon) Renberg all of Kensington KS and aunt Alberta Henkel, Olathe KS, and many nieces, nephews and cousins. He was preceded in death by his parents, his son Eric, who was called home on Easter Sunday in 1993.

Main Street Traffic

The Easter bunny has come and gone and he left us with a fantastic Easter Egg Hunt on April 19th. Sonora Main Street would like to take the time to thank all who helped make the Easter Egg Hunt possible.

This hunt would definitely not have gone as smoothly without the help of our volunteers Jamie Braly, Maureen Hodges, Kurt Bueker, and Hillary Bueker. We are so pleased that Lillian Kent was able to sell strawberry pies to benefit her travels and the Rainbow Warriors Team was able to provide a bunny for pictures. All the money they made went towards the support of their team for the Relay for Life.

We thank the County Commissioners Court, Judge Carla Garner, Johnny Solis and crew for allowing us to host our event on the Sutton County Courthouse lawn, and the City Council and City of Sonora for blocking Water Avenue for a short period of time.

We want to express thanks to Steve Thorp, who graciously prepared and gifted the meat for lunch, Manager John Gas-siott at Lowe's Market who gifted us the rest of the food, and Rick Garza with Coca-Cola for donating some drinks. We'd like to show our appreciation to Mrs. Mallory Rousselot for letting us use her kitchen for preparing the meal. We'd also like to thank those who were kind enough to make donations such as The Park and Trust the Senerg Park. Jimmie Suc such as The Bank and Trust, the Sonora Bank, Jimmie Sue Griffith, Jenny Sue Trainer, Lizzie Chavez, and Alco Man-ager Richard Herrington.

Our Main Street Scholarship Spring Concert was held on April 26th at the Sonora High School Auditorium and we'd like to thank Dr. Gene Kelley and the ASU Orchestra for making the trip to Sonora to play for us. We'd also like to thank Mr. David Andrus and the Mighty Bronco Band. Both performances were beautiful and we are so grateful to have worked with both.

Lastly, the Friends of Historic Sonora Main Street Program would like to thank all who came out to the Easter Egg Hunt and the Main Street Scholarship Spring Concert. The support of the community is what keeps programs such as ours alive.

	CITATION	
THE STATE OF TEXAS:		CAUSE NO. 5937
IN THE MATTER OF THE MARRIAGE OF JOSE GALLEGOS RAMIREZ VS SANDRA JANICE GARCIA	§ § §	IN THE 112TH DISTRICT COURT OF SUTTON COUNTY, TEXAS

TO: SANDRA JANICE GARCIA, Respondent -- CREETING:

NOTICE TO RESPONDENT: "You have been sued. You may employ an attorney. If you or your attorney do not file a written answer with the clerk who issued this citation by 10:00 AV on the Monday next following the expiration of 42 days after the date this citation was issued, a default judgment may be triken against you."

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before 10:00 AM of the Monday next after the expiration of 42 days after the date of issuance of this citation the same being Monday, June 3, 2014 before the Honorable 112th District Court of Sutton County, at the Courthouse in said County in Sonora, Texas. Said Plaintiff's Petition filed in said court on the 18th day of March, 2014 in the above entitled cause.

A brief Statement of the nature of this suit is as follow, to-wit: The marriage has become insupportable because of discord or conflict of personalities between the parties that has destroyed the legitimate ends of the marriage relationship and prevented any reasonable expectation of reconciliation, as is more fully shown by Plaintiff's Petition on file in this suit.

Plaintiff is represented by ELIZABETH W. WALLACE, 105 SW MAIN ST, SONORA. TX 76950.

ISSUED AND GIVEN UNDER MY HAND AND SEAL of said Court, this the 22nd Jay of April, 2014.

Rachel Chavez Duran, Sutton County District Clerk 300 E. Oak, Ste 3 Sonora, TX 76950

Deputy

Growing Need for Savings

Municipal needs such as residential water use account for about 25 percent of Texas' water supply, but 1 million acre-feet of wa- nearly 300,000 customers that share is expected to grow dramatically over the coming decades as population increases. The U.S. Census Bureau has predicted that Texas will increase its population by 56 percent between 2000 and 2030. Providing water for such substantial growth will require a combination of additional water supplies and increased conservation. By 2060, Texas' total supply of water from existing sources will be 18 percent smaller than it is today.

To meet growing water needs, Texas will need to develop 3.85 million acrefeet of additional water supplies by 2060. Regional water planning groups estimate the total cost of implementing strategies to keep water flowing will be approximately \$30.7 billion over the next 50 years. The state has already taken actions to prepare for future shortages, recently approving the construction of 19 new reservoirs, as well as the launch of an advertising and awareness campaign to emphasize the importance of conservation.

How Texans Can Help

April 25, 2014, Arbor Day in Sonora was a Success!!!!

The entire fifth grade class of Sonora Intermediate had the opportunity to plant one of seven Eastern Redbud trees at the Sonora Cemetery. The day was declared Arbor Day by Sonora's Mayor, Smith Neal, at the beginning of the morning. Each year the students compete in a Arbor Day poster drawing contest and then a t-shirt for each of the students is made with the winning shirt on the front. This year the winning drawing was designed by Jaci Dutton. Keep Sonora Beautiful was very thankful for the support of High Mount Exploration and Production LLC for sponsoring the shirts for the students. Sutton County Extension Agent, Pascual Hernandez, did a terrific job giving instructions to the students on how they would be planting the trees. His supervision and dedication to this project is tremendous and much appreciated. Stanley, Pedro and Shorty did a great job getting everything prepared for the day's tree planting activities. The Chamber of Commerce Executive Director, Donna Garrett was the cheerleader for the day. We would also like to extend thanks to Multi-Chem for your continued support of this day' activities and the Sutton County Ag Fund. Also, our Community is lucky to have Commissioners and a Judge that supports Arbor Day. Now the students get to watch their efforts grow through the years since they helped Keep Sonora Beautiful!
