#### Tetrazzini supper scheduled Friday

Progressive Study Club members will have their annual chicken tetrazzini supper Friday. Serving will be from 5 to 7 p.m. in the high school cafeteria.

Tickets, priced at \$4 each, are available from club members and at Johnson Pharmacy and Lane Felker.

#### School selling Indian jackets

Haskell Elementary School is selling Haskell Indian jackets to students and the public.

Two styles of jackets are offered. One is solid black and the other is black with black and gold banding. Purchasers have a choice of having an Indian emplem printed in gold on the back of the jacket or leaving it plain. The emblem is an Indian riding a horse with the words "Tribe Pride" printed above it.

Jackets range in price from \$20 to \$30 and can be seen this week in the elementary office. Sizes are child's S, M and L and adult S, M, L and XL.

Jackets will be delivered in about three weeks. Deadline for ordering is this Friday, Oct. 7.

For more information, call the elementary office at 864-2891.

# National 4-H Week

Haskell County 4-H members are observing National 4-H Week Oct. 2-8. Theme of this year's observance is "4-H for Youth for America."

Haskell County boasts 287 4-H members who are among more than 388,000 in Texas and 4.5 million across the country who are participating in the week-long celebration.

"In celebrating National 4-H Week, we recognize that 4-H is truly a people development program," said Lou Gilly, Haskell County 4-H program coordinator with the Texas Agricultural Extension Service, parent organization of 4-H.

"Four-H helps young people develop skills that will be useful in the real world," Mrs. Gilly said. "It helps them discover their strengths and weaknesses. It exposes them to activities in a variety of career fields and helps them to build positive self-concepts for directing their lives. And, most importantly, 4-H'ers learn and have fun doing it. And families can add to the fun by learning and growing together.

#### WHAT 4-H MEANS TO ME

To me 4-H is a big thing in my life. 4-H teaches me responsibility which helps you in everyday life. You communicate and work with the community. It teaches you how to cook, sew, tend to livestock and other fun things. Heather Stewart

To me 4-H gives me a chance to meet new people. 4-H gives me a chance to learn new skills in food nutrition and in sewing.

# Museum plans open house On 100th birthday of Mrs. J. U. Fields

Next Thursday (Oct. 13) will mark Dr. and Mrs. J. G. Baldwin, have the 100th anniversary of the birthdate moved to San Antonio, Texas, where of Mrs. J. U. Fields, by whose legacy the Fields Museum of Haskell was made possible.

To commemorate the occasion, members of the board of directors of the non-profit institution will have an mature businessmen of that section of open house and tea for all the citizens of Haskell and surrounding area.

Hours of the open house will be from 2 to 5 p.m. Director of the board, Peggy Vaughter, and board members Erma Liles, Helen Fouts, Ruby Holt, Dwanna Klose, Fadwa Hassen and Mary Kaigler will be docents for the various rooms, pictures and artifacts, and will be hostesses for the tea. Other directors are Katherine Post and Nettie McCollum.

The public is cordially invited to come by, enjoy the refreshments, reminisce and visit during the afternoon.

Of historical significance is the fact that Mrs. Fields served as president of the Texas Federation of Women's Clubs in 1926 and 1927, being the first West Texas woman, and at the time, the youngest woman to be so elected.

The following article is a reprint of a nominating speech on behalf of her candidacy for the presidency of the Texas Federation of Women's Clubs. It was written in 1924 by Mrs. Lela Park Kaigler, who was hired by Mrs. Fields to be her campaign manager. The original script is now on display among many other momentos and documents at the museum. It depicts the life and times as they were perceived by her, and as they were presented to the federation in 1925.

By Lela Park Kaigler "Dream and dream greatly And stay in your dream path Until you walk in your garden of your dreams." Out in the little city of Haskell, Texas, there is a woman who dreams.

# Indians open district play Friday

Haskell's Indians open their district 7-2A title chase at home Friday night against the Hamlin Pied Pipers, the pre-season choice to pick up all the marbles.

Kickoff at 7:30 will be a half hour earlier than pre-district games.

Hamlin has only a 1-4 record, but the Pipers have played a murderous schedule. Losses have been to 3A schools Clyde, Breckenridge and Childress, along with a loss to Winters. Their only victory was a 22-0 win over Seymour.

The Indians will concentrate on stopping Kyle Jeffreys, the Pipers' splendid quarterback who Haskell Coach Nelson Coulter says was the district's best quarterback last season. Jeffreys has connected on 29 of 67 passes for 337 yards against the rugged competition.

A pair of running backs have piled

up the stats to give the Pipers a balanced attack. Tailback John Norman has rushed for 230 yards and Randy Guerra has added 132.

Coulter is hoping his Indians won't be demoralized after last week's sound whipping at the hands of Rotan. "Our dressing room after the game was the quietest I've ever seen it," said the coach.

There were a few bright spots for the 2-3 Indians. They played their first game without a turnover, even though they had the ball very little. And Derrick Billington continued his onslaught on the opposition by averaging 10 yards per carry with 120 yards in just 12 attempts. As a team, the Indians averaged better than 7.5 yards per carry with 17-for-128.

Notes: The 17 rushes against Rotan represented the season low by a long shot. The Indians rushed 33

Thanks to 6.10 inches of moisture in September, local rainfall during the first nine months of the year stands just little more than a half inch below normal.

Sam Herren, weather recorder, reported that September rain brought the year's total to 18.99 inches, compared to a normal 19.55 for the nine-month period. The 6.10 inches in September was nearly double the normal of 3.30 for that month.

Temperatures during the month ranged from a low of 54 degrees on Sept. 30 to a high of 100 degrees on Sept. 8, Herren said.

The seventh annual Country Dinner Theater, sponsored by the Haskell Chamber of Commerce, will be Saturday, Oct. 22 at the Civic Center. It begins at 7 p.m.

Chamber president Dickie Greenwood announced that this year's entertainment will be provided by the Rule Theater Arts Club, plus adult performers.

Scheduled to appear are students Cheryl Butler, Johnny Cole, Kathleen Kutch, Wes Pierce, Kevin Saffel, Chad Stulir, Shanna Tibbets, Scott Wooldridge, John Cannon and Saul Garcia. Adult entertainers will be Marcell Ledbetter, Tobey Clements,

Larry Lefevre, John Pike and Kenny Tanner.

Directed by Bobby Robinson, the show is called "Puttin' on the Hits" and is based on the television cable show of the same name.

The 40-minute program will follow the traditional country dinner, with tickets going on sale this week by members of the Chamber board of directors and Welcoming Committee.

Chamber directors who have seen the show have described it as "hilarious," "the funniest thing I've ever seen," "very entertaining" and "very, very well done," Greenwood said.

Federation of Women's Clubs, state chairman of Civics and many minor offices, Mrs. Fields was alert to bring out the beautiful and the good in others, and to provide helpful, healthful and beautiful things for the good of the greatest number.

For 10 years she has secured the best in art, pottery and literature and exhibits it free. She secured from the American Federation of Arts the exhibition of original paintings by American artists, and gave prizes to Haskell school boys and girls who wrote the best themes on various pictures. This group was only shown in three other Texas cities.

Mrs. Fields was the first to sense the need of a health nurse in the Haskell schools and helped secure one. Through showing to the student body and church and club women, pictures of the bluebonnet and lecturing on it various times, she has taught the citizenery of Haskell to more fully appreciate the state flower. It was through her efforts that the New York Health Fairy visited Haskell.

Some four years ago Mrs. Fields stated that Christmas seemed to be losing some of its sacredness, and sponsored the Municipal Christmas Tree movement and sent the plans to clubs over the state. A growing cedar tree on the courthouse lawn is brilliantly lighted each Christmas Eve and in the extreme top burns an illuminated cross, and beneath this tree is enacted an impressive Christmas Pageant.

# City sets hearing

The City Council has set Tuesday, Oct. 25 as the date for the second and final public hearing for citizen input on a proposed paving project in the southeast part of the city.

Preliminary work for application of a state grant has been completed, the council was told by administrator Robert Baker at last week's meeting.

Mayor Greg Melton presented a list of names as recommendations to serve on the park committee and the administrator was instructed to contact each proposed member.

The city approved an order of 200 new water meters, another phase in the gradual four-year plan to make all water meters one kind.

Dolan Moore, manager of the North Central Texas Municipal Water Authority, gave the council a briefing on the operation of the plant.

## Haskell vs. Rotan

BY WENDELL FAUGHT

George Bush must be having some influence in Haskell County. A woman came by The Free Press office Thursday and asked if we had any American flags.

Many companies today like to: have some sort of a logo. Often, the art work ties in to the company name, product or service, but sometimes it's just something that someone thinks looks pretty. -It's. called advertising, and if it's good for General Motors, it must be good for everyone, as Charlie Wilson used to say.

But that's not exactly what I started out to write about. I was thinking of those "verbal logos" that have identified individuals.

Mike Bolton was a car dealer and super car salesman in Deming, N.M. It never made any difference what car he would be trying to sell, he always had a remark: "It runs out real good."

I still don't know exactly what that meant, but it seemed to work. He sold a lot of cars.

Back during the depression, Barney Farley operated a barber shop out of, his home in my hometown. While the downtown shops charged 35 cents for a clip job, Barney would perform the task for 20 cents and often show his appreciation by giving a kid a nickel for an ice cream cone. (And a haircut in those days included at least a dime's worth of greasy oil.)

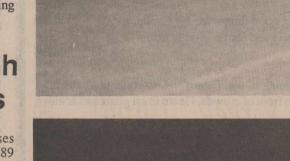

Barney didn't talk much. He might go through a complete haircut without saying a word. But he did say something when he finished the job. And it never varied. "Pretty again," he would utter, which was always a signal to the fellow in the chair to get up and for the next in line to sit down.

Every time Tommy Matthews gets through cutting my hair, I subconsciously wait for him to say 'pretty again." He never does. Nor does he give me a nickel.

It probably slipped by unnoticed, but Sept. 22 was the 85th birthday of the ice cream cone.

Back in 1903, Italo Marchiony, an Italian immigrant, applied for a patent for his new invention. It was granted Dec. 15 of that year.

Marchiony invented the cone to hold the lemon ice he sold from a fleet of pushcarts in New York. Although his first cones were made of

custom of celebrating the 4th of July with an appropriate pageant in Haskell each year. And while she was chairman of Citizenship Training of the Texas Federation of Women's Clubs, she put forth every effort to interest the towns of Texas in celebrating the 4th of July as Citizenship Day.

Mrs. J. U. Fields knows club work and always goes to district, state and bienniel meetings, having only missed two important ones, once when she deemed it better to remain at home and vote in a state election and once when she was on her way to Dallas she was taken seriously ill in Fort Worth.

So Mrs. Fields' friends, church women, club women and school boys and girls are asking the club women of Texas to cast their vote for the first time for a West Texas woman for the presidency of The Texas Federation of Women's Clubs, assuring you that you will vote for one who knows and loves her fellow man and for one who will wear the honor with dignity and preside with efficiency.

#### **DO SOME YEAR-END PLANNING**

Only a small percentage of individuals spend more time planning for their financial futures than they spend reading the T.V. Guide. Tax dollars saved or deferred are an essential part of financial planning and wealth accumulation. Some time spent on year-end tax planning is likely to provide a good return.

The tax laws have changed dramatically over the past few years. It is important for you to understand which deductions are no longer available to you. If you have children under age fourteen, you need to be aware of the "kiddie tax" which taxes your children's unearned income in excess of \$1,000 at your highest tax rate. You need to know that the new tax laws help make your home and second home among the most important tax shelters remaining.

If you started a new business during 1988, you should look into the possibility of a \$10,000 deduction for equipment purchased to start the business. You should investigate the benefits of paying your children for work they perform for the business.

There may be retirement plans available to you that you are not taking advantage of that would build up tax-free income until you are ready to retire. Charitable contribution deductions have been changed very little, and the contribution of non-cash items is an area that may be worth exploring.

Traditionally, year-end tax advice suggest that you defer part of your income to the following year to avoid paying taxes in the current year; however, there is a possibility that tax rates may increase after this year. This standard strategy must, therefore, be carefully analyzed this year.

Arrange for a tax planning conference at your earliest convenience In order to minimize your 1988 tax bill.

paper, he switched to using rolled; waffles.

Just thought you'd like to know.

Two high schools in this general area switched from 11-man to 6-man football this season.

Bovina and Ropesville apparently hoped to duplicate the feat of Jayton, which switched in 1984 and then went on to win more than 40 6-man games in a row and two state championships.

Don't know how Ropesville is doing. But Bovina dropped its first game---to Jayton. ...

Doncha get the feeling that Lincoln and Douglas did things a little differently?

The presidential candidates had rehearsed so much and for so long that they had canned answers to all questions in their "debate."

"The sterile, cautious exchange had about as much spontaneity as a telephone answering service," wrote Meg Greenfield of Newsweek.

But don't be too harsh on the presidentail candidates for avoiding the issues. The national debt, the budget deficit and the trade imbalances, three of the biggest issues, are being carefully avoided simply because no one has much of an idea what to do about them. It's better to leave them alone than to risk making a fool of oneself.

Still, let's hope they get more specific on what they are talking about. "I want to be the education president" and "good jobs at good wages" are noble-sounding slogans, but without some follow-through, they're meaningless.

#### FRIDAY, OCTOBER 14, 1988

HASKELL, TEXAS

#### HASKELL MEMORIAL HOSPITAL

CALL 864-2621 FOR APPOINTMENT

According to the American Cancer Society, one out of ten women in the United States will develop breast 14. cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Appointments may be made by calling 864-2621.

The Mobile Breast Cancer Detection Unit will be in Haskell on Friday October

The American Cancer Society has established guidelines for a mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

1. 35-40 years of age - One baseline mammogram.

II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.

III. 50 years of age and over -An annual physical examination and annual mammogram. IV. Asymptomatic women under 50 years of age with

significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental xrays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, VISA, MasterCard and American Express.

For more information or to make an appointment call 864-2621.

## **Paint Creek** bows to Highland

By Monica Howeth

The Pirates ended non-district play on somewhat of a sour note this last Friday night as the Highland Hornets dominated the Pirates at Paint Creek, winning, 42-24.

Highland's powerful ground game proved more than a match for Paint Creek's ground air attack. Even though they came up short, there were isolated areas of good football. It seems that the Pirates are going to have to get their entire act together as they meet the potent Newcastle Bobcats in both teams' district opener this Friday at Newcastle.

The Pirates stats this week go as follows: Daniel Acosta completed 7-22 passes for 205 yards and rushed

Johnny Hoadley, working from the blocking back position, still caught two passes for 25 yards and had seven tackles on the night. Chris Cockerell saw limited action and still had four tackles on the night.

Dane Morgan caught two passes for 67 yeards, one being a 65 yard touchdown strike, and started at defensive corner, making six tackles. Kelly Williams turned in a solid performance with 11 tackles from the defensive line position. Tanner Childress continued to show improvement with three tackles.

Rodney Medford had one of his best offensive nights with two catches for 33 yards, but really excelled defensively with nine tackles and an interception from the safety position. Rodney Tsoodle had a solid defensive ball game with nine tackles and a fumble recovery. Mo Green and Roman Morgan both contributed with tackles in the closing minues of the game.

The JV Indians travel to Hamlin tonight (Thursday) to take on the Pied Pipers.

The JV lost to the Rotan Yellowhammers last week 22-18.

The Indians fell behind early and never recovered. On the second play of the game the Indians threw an interception that put them behind 8-0. The Indians came back in the second half on touchdowns from Jeremy Fuentes and Craig Hanson and on good second half defense.

We got off to a bad start, but we played well in the second half,' Coach Randy Stone said.

## 7th grade

By Davis Chapman The seventh grade Warriors take a 1-0-1 record to Hamlin today in their first district game.

The Warriors beat Rotan 19-0 last week to get their first win. They opened the season two weeks ago with a 14-14 tie with Merkel.

Walter Hargrove, seventh-grade coach, said the Warriors showed interest and enthusiasm for the game and that they played well against Rotan.

## 8th grade

**By Scottie Martin** The eighth-grade Warriors travel to Hamlin tonight (Thursday) to face off

with the Pied Pipers. The Warriors evened their season

record to 1-1 last Thursday with a 14-0 victory over the Rotan Yellowhammers.

Stacey Martin hit Mark Jones with a 10-yard pass for the first Warrior touchdown.

Jones later connected with Joseph Rodriquez on a 20-yard pass. Cody Josselet was successful with the 2point conversion.

The Warriors' defense played a good game by forcing a few turnovers. Marcello Rodriquez and Sherwin Everton both recovered fumbles.

# **Plane club** participates in Jubilee

The Texas Chiefs Model Airplane Club sent a large group to participate in the Rule Jubilee Saturday.

Club members had a display in the park, took part in the parade and raffled a model airplane kit Sunday.

On Sunday, the club held a fun fly at the Haskell Model Airport. A large number of models were flown in the various events, and some new planes, including a 10-foot wing-span monster built by Lee Landreth, were test flown.

The spot landing contest was won by Kirk Styles when a large number of planes were unable to make it back to the runway.

Placings in the relay race were Kip Nemir, 1st; Dwayne Landreth, 2nd; and Kirk Styles, 3rd.

Musical pylon was won by Dwayne Landreth with Kirk Styles coming in second and Kip Nemir third.

Kip Nemir came out on top in the flyoff to determine the overall winner. The club plans to have a sailplane fun fly Sunday, Oct. 16.

# **Rotan runs past Indians**

It's been a long time since the Haskell Indians were manhandled the way they were Friday night by the Class 1A Yellowhammers of Rotan.

The game went down as a 20-0 victory for Rotan, but even that onesided score was not indicative of the dominance of the Yellowhammers.

Led by a stable of classy backs, operating behind a big, mobile line, Rotan pretty much had its own way as it maintained control of the ball throughout the evening.

Joe Huitt, 190-pound tailback, rushed 25 times for 158 yards; Kenney Warren, 205-pound fullback, was 23-for-123; and Willard Roddy, 145-pound wingback, was 15-for-116 as the Yellowhammers riddled the Indian defense for a staggering 406 rushing yards.

In the process, Rotan rushed 70 times. Coupled with nine passing attempts, the Yellowhammers had 79 offensive plays, compared to only 35 for the Indians who rushed 17 times and passed another 18.

Haskell had only two possessions in the second half, both coming after Rotan kickoffs, and held the ball only 4:21 of the two final quarters.

On the brighter side, the Indians did not have a turnover for the first time this season and Derrick Billington maintained his 100-plusyards-per-game average with 120 rushing yards on just 12 carries, only four of which came in the second half

On their first possession, the

Yellowhammers drove from their own 24 to the Haskell 19 before surrendering the ball on downs. But the next time they got the ball, they began a 13-play, 87-yard drive for a touchdown, the score coming on the first play of the second period when Warren went over from a yard out. The snap on the extra point attempt was mishandled but Rotan was out front 6-0 three seconds deep into the second period.

Highlighted by a 42-yard run by Billington, the longest of the night by either team, the Indians were able to move from their own 16 to the Rotan 41 after the Rotan kickoff. But they couldn't go any farther and Chan Guess kicked into the end zone.

Taking over on their own 20, the Yellowhammers used 14 plays, all on the ground, to drive to the Indian 1 where quarterback Kevin Smith was stopped on fourth down. But after Billington made 2 yards for the Indians to the 3, Guess couldn't handle the center snap and had to fall on the ball in the end zone for a safety.

The Indians got new life when Eric Mullin recovered Smith's fumble at the Haskell 40, but an incomplete pass, a 2-yard run by Chad Gibson and another incomplete pass forced the Indians to punt. Moments later Billington interecepted a Smith pass at the Haskell 12. With Guess passing 8 yards to Cole Larned and 15 yards to Alberto Alvarez and a 15-yard penalty against Rotan, the Indians

moved to midfield, but a 15-yard penalty moved them back. Guess finally punted from his 36 as the first half expired with Haskell trailing 8-0.

After Billy Speck returned the second-half kickoff from his 30 to the 44, the Yellowhammers began another of their patented marches, this one covering the 56 yards in 14 plays. With fourth-and-goal from the Haskell 15, Smith threw a wide lateral to Speck who passed to Warren for the touchdown.

Billington returned the ensuing kickoff to his own 34, then picked up 14 yards on the first play from that point. Jonathon Dever got 6 and Billington added 3 and then 14 more, and Guess picked up 2 as the Indians moved to the Rotan 27, their deepest penetration of the game. But Billington was dropped for a 4-yard loss and two incomplete passes forced the Indians to surrender the ball at the 31.

And here came the Yellowhammers again. With a 12yard pass from Smith to Gary Fowler and a 22-yard scoot by Huitt being the big gainers, Rotan used 11 plays to move the 69 yards to the end zone. Roddy scored the touchdown on a 4yard run to give the visitors their 20-0 lead with 6:20 to go.

Billington returned the kickoff from his 12 to the 40 and Haskell had its final possession of the night. Guess passed to Billington for a 2yard loss and then threw two incomplete passes before kicking to the Rotan 34.

Eleven plays and four first downs later, the game ended with Rotan at the Indian 25.

# defeats Guthrie

The Rule Bobcats traveled to Guthrie Friday night to take on the Jaguars. The Bobcats defeated the Jaguars 52-20.

Bobcats got on the board first with 4:15 in first quarter when Chad Stulir ran in for a 3 yard TD. The PAT was good. The Jaguars scored in the first quarter with 48 seconds remaining when Marshall Holcomb scored. The PAT was good.

The Bobcats came back with 8:10 on the clock in the second quarter when Johnny Cole caught a 25 yard pass from Keith Vanderbilt. Bobcats scored again in the second quarter with 4:31 remaining with a 45 yard run by Stulir. The PAT was good.

The Cats scored again right before the half with a 35 yard pass from Kody Wilson to Kyle Wilson. The PAT was incomplete.

Bobcats opened up the second half play with a 1 yard TD by Chad Stulir. PAT was good. The Jaguars came fighting back with 4:03 left in the third quarter when Darrin Jones scored. PAT was no good. With 1:16 left in the third quarter, Vanderbilt rambled 30 yards for a TD. PAT was good. The Jaguars scored again in the fourth quarter with a run by Marshal Holcomb. PAT was no good.

The Bobcats finished their scoring for the night with 6:45 in the fourth quarter with a 25 yard run by Stulir. PAT was good.

On defense, Vanderbilt and Joey Mathis each had one interception and John Perez had a fumble recovery. Mathis led with 23 tackles, Stulir had 20 and Philip Manske 19.

On offense, Vanderbilt rushed 10 times for 142 yards. Stulir rushed 14 times for 89 yards. Wilson was three for three in passing for 62 yards and Vanderbilt was 5 of 8 for 77 yards.

Cole had three receptions for 60 yards, Wilson three for 57 and Paul Leonard one for 12.

Rochester lost a close one to Jayton Friday night, bowing 52-42 in its first district game.

The Steers led at the end of each of the first three quarters, but three lastperiod touchdowns by the Jaybirds put the game away.

In the first quarter, Jayton scored a safety, but Rochester came back with a touchdown when Corky Smith ran 56 yards for the score. Jayton answered with Marc Morales returning the kickoff 75 yards for a touchdown. Kevin Conner then ran 5 yards for a Rochester score to give the Steers a 14-10 advantage at the end of the first period.

Jayton went ahead in the second period with two touchdowns, on a 19yard run by Tim Schaeffer and a 1yard run by Marc Morales, but Rochester answered with two touchdowns of its own. The first came on a 4-yard run by Conner and the second on a 2-yard pass from Brad Bevel to Morgan Walker. These scores gave the Steers a 30-24 halftime lead.

Jayton tied the score 30-all in the third period on a 20-yard run by Paul Morales, but the Steers struck right back on a 2-yard scoring pass from Bevel to Walker to re-take the lead at 36-30 as the third period ended.

Jayton went ahead for good with two fourth-quarter touchdowns, a 10yard run by Marc Morales and a 50vard pass from Cody Stanland to Marc Morales. Bevel brought his team within four points, 42-46, with a 34-yard scoring pass to Denny Tibbets. Jayton upped its margin to 52-42 when Shaeffer ran 1 yard for the final touchdown of the game.

Corky Speck paced the Steer rushing game with 103 yards in 7 carries. Bevel had a big night, hitting 12 of 15 passes for 246 yards. Walker caught 7 passes for 133 years and Tibbets had 5 receptions for 108.

Bevel recorded 20 tackles and one interception. Walker also had 20 tackles and Tibbets had 16.

This Friday the Steers will play at home against Goree.

American Cancer Society volunteers from 14 counties, including Haskell, attended the 1988-89 District 16 annual meeting of the American Cancer Society, held Sept. 15 at Hendrick Medical Center in Abilene. Representing Haskell were Wendell Faught, Anita Payne, Carolyn Pippin, Nancy Plunkett and Jo Cox.

The annual meeting serves as a kickoff and training for ACS volunteers preparing to inform the local community of American Cancer Society programs.

More than \$227,000 was raised last year by volunteers in District 16 to support the ACS three-fold attack on cancer through research, education and patient services, stated Mrs. Pippin. The past year, the Haskell unit served 13 cancer patients in Haskell County with hospital equipment, gift items and patient support programs. The Haskell unit also presented educational programs to more than 2,197 people in clubs, schools and work places, added Mrs. Pippin.

The American Cancer Society is second only to the federal

government's National Cancer Institute as a source of cancer research funds. In Texas alone, more than \$6 million is currently invested by the American Cancer Society to 12 major hospitals and research institutions throughout the state.

Anita Payne, Crusade chairperson of the Haskell unit, was recognized with a plaque, the Silver Merit award, which cited the unit and Mrs. Payne for the best year in the local unit's history with regard to fund raising.

The Haskell group attending the meeting were guests of Hendrick Medical Center at a gourmet dinner (very healthy menu). Keynote speaker for the evening was Dr. Victor Hirsch, head of the Abilene facility for the treatment of cancer. His address featured the importance of patient response, attitude and faith in the ability of the facility and its personnel to cure or arrest a large percentage of those diagnosed with the fearsome disease.

# **Cub Scouts receive** badges and awards

Thirty-nine Cub Scouts earned rank badges, activity badges or arrow points at the Pack 136 meeting held recently.

Jamie Hodgin received the Webelos badge, the highest rank badge given at the meeting.

Harrison Druesedow, Aaron Earles, Jeremy Futch, Jay Mickler, Robby Payne, Bret Proctor, Casey Thompson and Cory Wood earned the citizen activity badge.

Jonathan Lefevre and Proctor earned the outdoorsman activity badge. Other activity badges went to Will Clay, acquanant, and Christopher Tatum, sportsman.

Two scouts received arrow points. They were Chris McSmith, one silver arrow point, and Michael Rodriguez, four silver arrow points.

Twenty-five scouts received the bobcat rank badge. They were Alex Abila, Eric Andersen, Randall Cass, Lucas Castillo, Lee Christian, Jim Crawford, Eric Everett, Joseph Fuentes, Heath Guess, Michael Guzman, Mickey Guzman, Bradley Herpeche and Bobby Herpeche.

Others were Nick Jimenez, Wesley Lefevre, Cy McGuire, T. Nichols, Joseph Phemister, Trey Rogers, Jake Roysdon and Joshua Roysdon.

Concluding the list were Theodore Silvas, Cody Stone, Brent Toliver and Dusty Yates.

Cubmaster Jim Bob Mickler reminded the Cub Scouts of three upcoming events. Oct. 17 will begin

popcorn sales, Oct. 23 will be the pushmobile in Anson and Oct. 25 will be the father-son cake bake and pack meeting.

"Boys in grades first through fifth can still sign up for scouting," Mickler said.

## **Students** participate in workshop

Forty-four seniors and juniors from Haskell, Stamford, Rule and Aspermont participated in an ACT/SAT Preparation Workshop sponsored by Haskell schools.

Dr. Clay Freeman and Foy Owens of Professional Learning Systems of Abilene were course instructors.

Students learned how to achieve their maximum testing potential by taking practice tests, reviewing test composition and learning test-taking skills. They also learned how to be psychologically prepared for tests and techniques to relieve test anxiety.

The workshop was aimed at raising test scores so area students may meet the more streneous college entrance requirements and be more competitive when applying for scholarships.

# **Over 400 attend** homecoming event

#### **By Weinert Junior High** English Classes

Over 400 people gathered in Weinert Saturday to see old friends, renew acquaintances, remember the good old days, to enjoy the entertainment, delicious food and fellowship of homecoming.

The coming home queen was Rainey Allen, class of 1959, and the coming home king was James Yandell, class of 1950.

The outstanding citizens service award was presented to Douglas and Dorothy Myers of Munday for their 17 years of devotion and support to the students and to the school. They served Weinert school from 1949 to 1966 as teachers and superintendent. Out-of-town visitors at the

homecoming included Carl Jenkins of Carlsbad, N.M.; Juanita Harrison Severe and Juanelle Severe Bottroff of Borrego Springs, Calif.; Martha Harrison, Naomi Harrison Crowley and Leon Crowley of Boonsville, Ark.; W. T. Johnson of Sacramento, Calif.; Sue Turnbow Frier of Fullerton, Calif.; Juanita Duff Taunton of Auburndale, Fla.; J. L. harrison of Las Cruces, N.M.; Joe D. Walker of Farmington, N.M.

Lorene Marsh Allen of Denver, Colo.; Keaton Jetton of Lakewood, Colo.; J. R. Merchant of Laurel, Miss.; Judy Offutt Anderson of Eatontown, N.J.; Jim Marion of Walsh, Colo.; Geneva Drinnon Robertson of Salt Lake City, Utah; Lavon Ferguson Gohn of Badon, Ore.; and Genelle Couch Scifres of Ringling, Okla.

Officers serving for the 1988 homecoming were Mary Nell Raines Coltharp, class of '61, president; Hal Guess, class of '73, vice president; and Sue Hager Stewart, class of '72, secretary.

New officers elected for the 1990 homecoming are Durwood Bruton, class of '58, president; Alexia Mayfield Rimmer, class of '71, vice president; and Kay Newton Looney, class of '67, secretary.

**By Junior High English Classes** Helen and Floyd Stout were in the Fort Worth area recently to attend a reunion of Helen's eight brothers and sisters and their families in Hurst. They enjoyed a visit with Mr. and Mrs. O.J. Albus of Burlington, North Carolina, who flew into DFW as Hurricane Gilbert was forming in the Gulf. They spent a week in Weinert. Other guests in the Stout home included Helen's sister, Mr. and Mrs. Jimmy Forsythe of Hays, Kansas. \*\*\*

at the Weinert Gin for a noon meal and a get-acquainted session with the new gin manager, Steve Morreno. Steve and his wife, Sherry, have recently moved into the Stewart home in the country. Steve will continue to work as an Ag consultant and entomologist for this area.

Those celebrating birthdays this week are LaVera Hummel, Jesse Marcum, Keith Graham, Shirley Offutt, Justin Young, Justin Jones, Caron Yates, Penny Rainey, Kevin Leach, Kathy Davis, Heath Guess, Nean Powell, Velma Rodriquez, Hazel Rainey, Jeri Ann Decker, Ross Pittman, Ima Stewart, Brad Castillo, Debra Hollingsworth, Marilynn Earp, Steve Farmer, and Harlan Weinert. Those celebrating an Anniversary are Johnny and Marilynn Earp and Jr. and Margie Stewart.

#### Donna and Darla Griffis, students

at Texas Tech in Lubbock, visited their parents Mr. and Mrs. Donald Griffis this weekend.

Laurie Hester, Tarleton State College at Stephenville and Stacy Hester of McMurry in Abilene spent the weekend with their parents Mr. and Mrs. Jerry Hester.

Barry Walker, McMurry in Abilene, was home with his parents, Mr. and Mrs. Jerry Walker and attended the Homecoming.

Kelly Earp Hutchinson was a visitor in the home of her parents, Approximately 60 farmers gathered Mr. and Mrs. Johnny Earp this weekend. She attends Angelo State in San Angelo.

Kelly Watkins visited her grandmother, Thelma Edwards this weekend. She is a student at North Texas in Denton.

Louis Perez was home from Cisco Jr. College this weekend.

Visitors in the Dale Carroll home included Kerry and Darlene Therwhanger of Megargel. Darlene is a student at Midwestern and Kerry coaches at Megargel.

We can assume that Mondy Mayfield was home from Tech this weekend. There were three dead hens and one crippled guinea littering the road to the school. His grandparents seemed thrilled, Tiffen had an ulcer attack; Erlinda wrung her hands and had a strange dazed look about her, Mitch danced up and down with joy, and they are still searching for the family pets that ran off. Bro. Steve Peace and family of Rotan attended the Homecoming and spent the weekend with the Jerry Heaster family.

Mrs. Ima Stewart is at the Haskell Nursing Center, and she would probably enjoy people stopping in to see her.

Christy Horan, daughter of Mr. and Mrs. Freddie Horan, won two blue ribbons, three red ribbons and Best of Show in Photography at the Haskell County Fair. Christy is in the Seventh Grade.

Arthur Garza, son of Mrs. Anita Garza, won three third place ribbons in the Art Show at the Fair. Arthur is in the Eight Grade.

Please contact a member of the 7th or 8th grade class, or call the school with your news items. We will be reporting the news throughout the month of October for Mrs. Phemister.

#### Fund established to help expenses of Money infant

A fund has been established at Haskell National Bank to help in the medical expenses of Miachel Shawn Money, born June 30 with multiple physical defects.

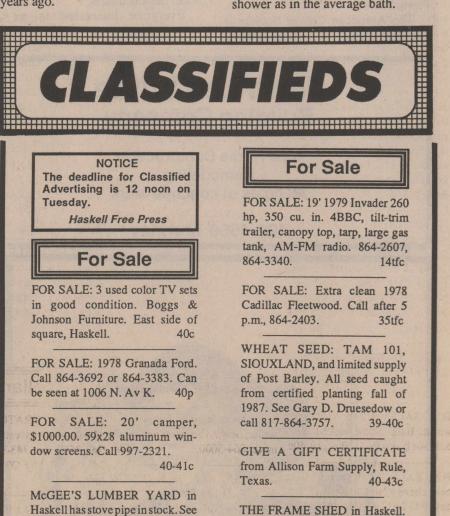

He is the son of Miachel (Mike) and Shelly Money, the grandson of Mr. and Mrs. E. E. Collins of Haskell and the great-grandson of Belle Merchant of Haskell.

The baby was born prematurely in Methodist Hospital in Fort Worth. His lungs were underdeveloped and he was placed under cardiac monitor in intensive care. He also began to get fluid in the brain.

In the second week of September he was flown to Hendricks Hospital and after a few days at home was taken to Children's Hospital in Fort Worth where he had surgery on his esophagus which also is underdeveloped.

Friends say the family is under great stress and in need of funds to keep the family going. Contributions may be made to Account No. 38-689-8 at Haskell National Bank.

"The Golden Years," a day care center for adults will open later this year at 1409 N. Ave. K in Haskell.

Nancy Peiser, owner, said she hoped to be open in two or three months.

The center will be exclusively for older adults and will offer day care only. An LVN will be on duty to administer medication.

Mrs. Peiser said she feels there is a great need for this service in Haskell. It will be of special value to those who are released from the hospital but are not yet able to stay home by themselves during the day.

"The Golden Years" will have a capacity for 10 adults, but Mrs. Peiser said the capacity can be increased if needed. The noon meal will be served, and other meals if desired, she said.

Charges for services will be on a private pay basis.

#### Legion gives thanks

The American Legion this week expressed its appreciation to the Kiwanis Club for its help in replacing the roofs on the American Legion and Club Scout buildings.

Gene Plunkett, commander, publicly thanked the Kiwanis Club for its assistance.

# If your old heating unit can't keep you warm anymore or won't last the winter, warm up with an electric heat pump.

The heat pump will keep you warm in the winter and cool in the summer. You'll also save money because the heat pump delivers two or more units of heat for every unit of electricity used.

Plus as a WTU customer, installing a heat pump with a seasonal energy efficiency rate of 9.0 or above can qualify you for \$500 when your home meets WTU's Energy Saving Plan requirements.
