Lions will set up their sale on the southwest corner of the courthouse square. Hours will be from 7 a.m. to 6 p.m.

### Soldier decorated

Staff Sgt. Gavino Ortiz Jr. has been decorated with the Army Achievement Medal at Fort Hood.

The medal is awarded to soldiers for meritorious service, acts of courage or other accomplishments.

He is a multi-channel communications system operator with the 142nd Signal Battalion.

Ortiz is the son of Gavino and Tomasa Ortiz of Haskell. He is a 1978 graduate of Rule High School.

Program sign-up for the 1989 Acreage Reduction Program (ARP) is drawing to a close.

Glenn Brzozowski, executive director of the Haskell County Agricultural Stabilization and Conservation Service, said operators wishing to participate in the 1989

program should know that April 14 is the final day to enroll or withdraw from the program without liquidated damages being assessed.

Operators have two weeks additional time to obtain owners' signatures on the applications to participate in the 1989 program, until

April 28, Brzozowski said. After that date the county committee has no authority to approve a contract to participate in the program this year.

Brzozowski also reminded producers that new payment limitation forms must be completed by "ALL" individuals who will receive payments in 1989 and they must be reviewed and approved by the county committee.

Committee members must determine that each applicant is actively engaged in farming, the shares are commensurate and whether they are single or joint requests.

The same dates, April 14 for operators and April 28 for owners, apply for the operation plan for payment limitation.

Under current legislation, an operator who does not file a timely operating plan before the deadline is not eligible to receive payments for the 1989 crop year.

Brzozowski also issued other information to Haskell County farmers:

May 1 is the final date to certify any acreage of wheat, barley, rye, oats or any other small grain crop, regardless of the intended use. This includes small grain cover crops for ACR and CU. A request to leave small grain standing as cover must be filed by May 1 and the fee is \$10.

Producers who are going to graze and/or hay ACR/CU are reminded that the acreage must be baled or substantially grazed off by May 1 since that is the disposition date established for Haskell County. Acreage found to be in the "hard dough stage" after that time will have to be considered grain for program purposes.

Haskell County's non-grazing period is May 15 through Oct. 14.

Producers must report disaster affected acreage prior to making other use of the land. They must certify the crop and file disaster applications (ASCS-574) with the office within 15 days after the crop is abandoned and before the acreage is put to another use.

### Near-record temperature recorded

The 99-degree temperature recorded in Haskell on March 12 lacked two degrees being the highest temperature ever for the month of March.

The highest March temperature ever recorded was 101 degrees on March 31, 1946, Sam Herren, official weather recorder, said.

The 99-degree reading has been reached two other times in March, Herren said, on March 19, 1907, and on March 28, 1971.

The lowest temperature last month was 15 degrees recorded on March 5.

Moisture received in March totaled 1.64 inches, bringing the three-month total for 1989 to an even 5 inches, nearly 2 inches above the normal of 3.04 inches. The moisture included 2 inches of snow received March 5, just one week before the near-record high temperature.

### Summer class dates announced at WTU branch

Summer classes at the Haskell extension center of Western Texas College will begin May 31 and end July 27.

Registration will be held from 6:30 to 7:30 p.m. on May 23 in the elementary cafeteria.

Students enrolling in English 131 will be required to take a placement test. They are asked to bring their ACT or SAT scores if they are available.

Information about courses at the Haskell extension center may be obtained by calling Pat Blakley, center coordinator, at 864-2891, or Mike Thornton at Western Texas College in Snyder (915) 573-8511.

### Feathered friend

A large Great Horned Owl blended in with the tree it occupied Friday on the north side of the Haskell County courthouse.

## 'Sunday in Park' plans shaping up

Service clubs, church groups and youth organizations have an opportunity to raise funds for their own uses by participating in "Sunday in the Park" on May 7 in Haskell.

Co-sponsored by the City of Haskell, the Haskell Chamber of Commerce and the Haskell Retail Merchants Association, the activity is planned for community involvement and enjoyment.

Festivities will begin at 12:30 with a wide choice of food being served from various concession stands. This will be followed by a variety of entertainment, numerous races, games and other activities.

Non-profit organizations desiring to participate are asked to call the Chamber of Commerce or City Hall no later than April 17 to book space and indicate what they will serve or do, so as to avoid duplication.

Families can plan to purchase food from the stands or bring their own picnic lunches and will have time after church to go home and change to jeans and other comfortable clothes for the all-afternoon occasion.

Haskell residents are urged to invite their out-of-town relatives and friends to see Haskell's beautiful park and enjoy the entertainment, food and games.

## Band students take top ratings at Cisco

Haskell band students took seven superior ratings and two excellent marks at contests held Friday and Saturday at Cisco Junior College.

Susan Jarred had three superior ratings in solo competition---in alto sax, voice and piano.

Other superior grades in solo competition were awarded to Missy Phemister in flute, Brooke Baker in clarinet, Cynthia Halliburton in alto sax and Alisa Green in flute.

Earning excellent ratings were two

more soloists, Kellie Ann Reid in clarinet and Shawn Sanford in baritone.

As a unit, the Indian Band earned an excellent rating in both concert band and sight reading competition. The seventh-grade band also received an excellent in concert band.

Next competition for the Haskell band will be April 18 in the UIL contests at Abilene Cooper High School.

## Surplus food distribution scheduled for next week

USDA food commodities will be distributed next week in Sagerton, Haskell and Rule.

Expected to be included in next week's disbursements are butter, egg mix, canned pork, honey, raisins, canned beans, flour and commel.

Food will be given out Wednesday (April 12) between 10 and 11 a.m. at Faith Lutheran Church in Sagerton.

Thursday's schedule (April 13)

calls for disbursements between 8 and 10 a.m. at the Experienced Citizens Center in Haskell and from 9 to 10 a.m. at the Church of Christ in Rule. In Haskell, those 60 years and older are requested to come between 8 and 9, and those under 60 between 9 and 10.

Each person must present identification before receiving commodities. Each person also is asked to bring a large grocery sack.

Mrs. Mike Stewart

## Ceremony unites Weaver, Stewart

Robyne Ann Weaver became the bride of Eddie Michael (Mike) Stewart in a wedding ceremony performed March 18 at Trinity Lutheran Church in Haskell. The Rev. Victor Andersen officiated.

The bride is the daughter of Mr. and Mrs. Robert Weaver of Haskell. The groom's parents are Mr. and Mrs. J. N. Stewart of Munday.

Tammy Pannell sang "Through the Eyes of Love" and Lori Hill sang "The Wedding Song." Mrs. Elton Klose was organist.

The church was decorated with a white satin kneeling bench adorned with spring flowers and lily of the valley. Two candelabras were flanked with arrangements of iris, carnations, daisies, baby's breath and plumosa fern. The pews were marked with daisies in white, lavender and yellow and heather.

The bride's dress was of white satin fashioned with a Victorian neckline edged in alencon lace. The fitted bodice with sheer yoke featuring a long drooped waist line with white satin side bow was embellished with clusters of lace motifs sprinkled with pearls, sequins and crystal beads.

The gown flowed to slipper length and extended to a cathedral train. A halo of soft tiny silk flowers covered in pearls, sequins and crystal tear drops entwined with side and back accents of lily of the valley held the illusion tulle puff extending into a cathedral length veil, sprinkled with miniature pearls.

Maid of honor was Lori Lane of Haskell. Bridesmaids were Dala Harris of Haskell and Missy Weaver of Vernon, sister-in-law of the bride.

They wore boot-length, blue denim skirts and loose fitting blouses of spring colors, mauve, yellow and blue. They wore boots of matching colors.

Best man was Perry Kuehler of Munday. Groomsmen were Mark Stewart, brother of the groom, and Shannon Forehand of Weinert, both of Weinert. Aaron Weaver of Vernon, brother of the bride, and Stan Decker of Munday were ushers.

The groom and his attendants wore western cut ivory tweed blazers and blue denim jeans. They wore shirts in spring colors to match the blouses of the bridesmaids.

Serving at the church reception were Laurie Hester of Weinert, Tiffany Moeller of Haskell and Mendie Hendrix of Munday. Guests were registered by Kim Stewart of Weinert, sister-in-law of the groom.

The three-tiered cake was adorned with a rope love knot and western cake top. The table featured spring fresh flowers and crystal appointments.

A rehearsal dinner was hosted by the groom's parents at their home the evening before the wedding.

The bride is a 1988 graduate of Haskell High School and attended Vernon Regional Junior College. The bridegroom graduated from Weinert High School in 1978 and is a farmer in the Weinert/Munday area.

A bridal shower honoring the couple was held April 2 at the First National Bank Community Room.

Hosting the shower were Alene Bredthauer, Janis Brzozowski, Joetta Burnett, Peggy Darden, Pauline Dick,

**Cut your energy bills with propane.**

You can save a lot of energy and money by using propane gas. Compared to electricity, propane is a much more efficient fuel for heating your home, cooking, clothes drying, and water heating.

A recent study by the Department of Energy (DOE) reveals that a home using propane for heating, cooking, and clothes drying, costs *half* as much as a home with the same electric features.

Propane gas is clearly a cut above the other energy sources — for efficiency, comfort, and economy. Call your nearby propane gas dealer to find out how to cut into your energy expenses.

Indian performers came in 1-2 in the discus and the 100-meter dash. Eric Mullin (134-2) was second behind Roewe in the discus and Johnson was second to Billington in the 100 (11.09). Also winning a second place was the 1600 relay team which finished a tenth of a second behind first-place Merkel with a time of 3:29.90.

Reid added a third-place ribbon in the 110 hurdles (15.73) and Comacho picked up a third in the 1600 run

(4:57.25). Also taking a third was Jeremy Fuentes in the 200 (22.25). Fuentes was moved up last week from the junior varsity.

This Saturday the Indians will compete in the Hornet Relays in Aspermont.

### PROS AND CONS OF LIVING TRUSTS

Living trusts have become a popular way to reduce the probate and administrative costs in an estate. A living trust is one you create while you are alive as opposed to a testamentary trust created by your will and taking effect upon your death. A living trust can be "revocable," meaning you can change it or revoke it at any time, or "irrevocable," meaning that you can give up control of the assets transferred to the trust and you cannot change the provisions of the trust.

The advantages of using a living trust include the elimination of probate on the assets in the trust when you die. You specify in the trust document how your assets are to be managed, and if the trust is to end at your death, how the assets are to be distributed. Terms of the trust are private whereas probate proceedings are a matter of public record. Generally, a living trust is less easily contested than a will.

The disadvantages to a living trust include having to actually transfer the titles of your assets to the trust, with whatever resulting complication of your affairs this might entail. A living trust does not eliminate the need for a will because you cannot use the trust to name guardians for minor children, nor will the trust take care of distribution of any property not included in it.

Certain property automatically bypasses probate without having to put it in a trust, including property held in joint tenancy with right of survivorship, IRA and pension benefits with named beneficiaries, and insurance proceeds payable to specific beneficiaries.

Do not attempt to establish a living trust without full consideration of the advantages and disadvantages and without the assistance of your financial and legal advisors.

Rolling Plains Production Credit Association's 55th annual stockholders meeting will be held Friday in Childress and Saturday in Stamford.

Registration will begin at 9:30 a.m. with the meeting to commence promptly at 10 a.m. for both sessions.

Featured this year will be the awarding of \$800 at Childress and \$500 at Stamford to a member in

The VIP Center, one block west of the high school auditorium, will be the Stamford meeting place. A noon barbecue, catered by Briarston Manor of Abilene, will be served immediately following the session.

Entertainer of the 1989 annual meeting is El Paso humorist Gilbert

"Pat" Patterson who will bring his pet pig, Souie, and Ribbons, the cow.

Patterson farms and ranches at Fabens. He began entertaining at local 4-H and FFA rodeos and has been featured, along with Souie and Ribbons, at numerous PCA and Federal Land Bank meetings in New Mexico and Arizona.

In the business portion of the meeting at Stamford, a director representing the Munday branch office will be elected. Nominees are Garon B. Tidwell of Munday and Ed G. Murphy of Weinert.

Rolling Plains PCA is one of 21 member-owned production credit associations in Texas. Collectively, they serve about 10,500 of the state's agricultural producers. At year's end, Texas PCAs had \$726

million outstanding in loans. Rolling Plains PCA is part of the nationwide Farm Credit System providing more than \$52 billion in loans to America's farmers, ranchers and ag-related businesses.

During 1988, Rolling Plains Production Credit Association loaned more than \$82 million to approximately 750 member-borrowers in Briscoe, Childress, Collingsworth, Cottle, Dickens, Donley, Foard, Hall, Hardeman, Haskell, Jones, Kent, King, Knox, Motley, Shackelford and Stonewall counties.

To a young man wondering about his future in farming...

Like your dad and your grandfather, one thing you'll need is a dependable source of long-term credit. A source that sticks with you through good times and bad... doesn't panic and pull back when things get a little tough. For generations that source has always been the Land Bank.

When long-term credit is the answer, stop by and see how the Land Bank can help you.

"DECISIONS MADE EARLY"

Many people plan for what might happen—fire, burglary, injury, and accidents. Now more and more people are planning for what will inevitably happen. It simply makes good sense to prepare for that which we can not avoid.

Pre-need funeral arranging allows one to control the type of service they would prefer, select a means of financing it, freeze the prices at to-days price, and save loved ones the anguish of deciding these matters at a later date. Really it is the loving thing to do for your family.

Simply come by or call and we will come by to see you.

# Bob Wood Construction Introduces New Concept to Haskell Area

Many new homes built in this area have been built with contracts on "cost plus" arrangements. Bob Wood Construction introduces a new and money saving flat fee construction agreement. This new concept allows the homeowner and home builder to construct a new home for a "locked in" price, and still offer the homeowner the savings usually enjoyed by a "cost plus" arrangement.

Bob Wood Construction Company is a Home Owner Warranty approved builder. They can offer you a ten year warranty on any new home which will protect your investment and assure that someone will take care of problems that may arise.

To become a HOW builder, builders must go through a lengthy process to check the builder's character, background and workmanship. HOW builders are proven builders with a successful track record. During construction, HOW homes are checked periodically by qualified inspectors to assure quality construction for a well built home. Also, as members of the National Association of Home Builders, Texas Builders Association, and Abilene & West Central Texas Builders Association, Bob keeps up to date with the latest developments in building products, techniques, and energy saving products available.

ideas are really necessary to our area, but they do come up with some new things that I really like," says Bob about the many new developments in the building trade. The use of a

products to control air infiltration which will enable homeowners to fight back against high utility bills. Bob keeps up with these products through his affiliation with the builder's

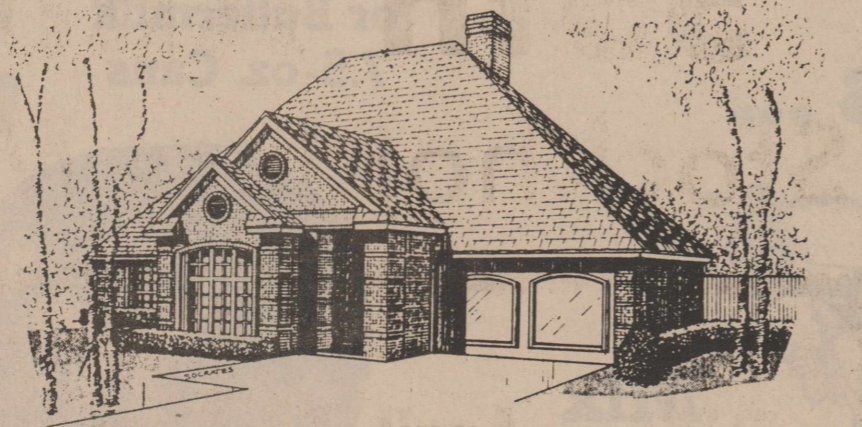

upon request. Bob, along with his associate Roy Forehand of Haskell, have a combined total of 37 years in the construction business. Bob and Roy would like to put this experience and knowledge to work for you.

Bob is confident that this new concept to the Haskell area will provide a needed savings to the prospective homeowner. New homes can be constructed on your lot for as low as \$27.50 per square foot. If your tastes are on the "champagne and caviar" level, construction can reach as high as \$80 a square foot or higher.

As an added incentive to consider Bob Wood Construction Company as your next builder, Bob is offering a generous gift. Save this article, let us talk to you about your new home, and whether Bob builds or not, he will provide your new home with a new hot water heater.

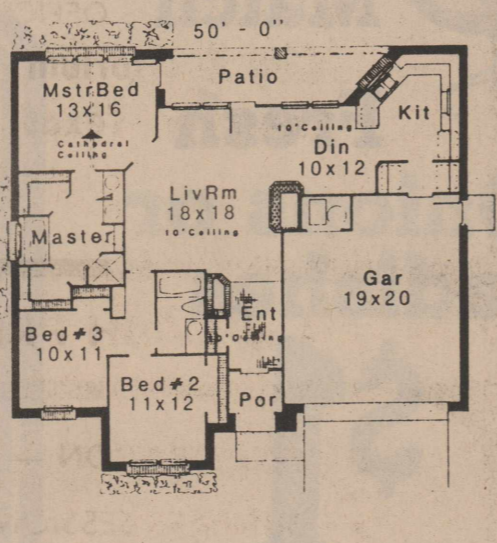

Hardwood cabinets, special trim effects, and hands-on construction are all treatments of a new Bob Wood home. When you think of building a new home, adding on, or sprucing up a room, Bob would like you to consider his company.

You can contact Bob at 817-673-8283 or by writing to P. O. Box 6, Weinert, Texas 76388.

# --Weinert--

by Myrtle Phemister

**Cemetery Clean up**  
Approximately forty people braved the terrible wind storm we had on Saturday, April 1st to come out for the Weinert Cemetery clean-up.

There were tractors to push up the trees and brush on the fence rows; dirt haulers to fill in sunken graves, chain saws to clean up the dead tree branches, strong arms to straighten up leaning monuments and many other jobs were done with willing hands. There were some "advisors" also but no one claimed the title of being the oldest one there.

We appreciate our board of directors being there, enforce: Johnny Earp, Eddie Sanders, Francis Mahan, Betty Raynes, Melvin Vojkufka and Wanda, Tiffen Mayfield, and Erlinda, Elmer Adams and Lucile Adams.

Two benches have been placed in the cemetery, one donated by Patsy Mayfield and one by the cemetery association. They are very nice and very appreciated.

Roy E. Jones and his wife Nan, came from Granbury, traveling the farthest distance. Some of the older workers included Russel Rainey, Roy Herricks, Clyde Mayfield, Edward Alexander, Adolph Stulir, Lillie Bubella, Beatrice Curd, Floretta Lemby, Marvin and Myrtle Phemister and Harlan Weinert.

The very youngest workers were Jace Yates, Randy Alexander and little Sarah Marshall of Vernon.

We appreciate the young men who were good workers, and left their jobs to attend the clean-up. They were Kenneth Sanders, Joe Yates, Nick Jimenez, Alan Heard, Mondy Mayfield, Lester Hutchinson, John Brueggeman, Toby Yates and Bicenta Perez. There may have been others.

Jean Curd came from Arlington, Christine Meers from Munday, and

Linda Mahan from Weinert.

Many lots were treated with herbicide to kill the grass and weeds, the gates were painted; the fences repaired; and several loads of cliche were put down on the driveways.

Our deceased ancestors would be so pleased with the efforts put forth, and we in Weinert are just as pleased.

Many memorials and donations are coming in from all over the country. Thank you, all!

The First Baptist Church hosted a farewell dinner and fellowship honoring Donnie and Debbie Crump, David and Tabitha on Sunday, April 2nd, after the morning worship hour.

The Crumps are moving to Crowell to pastor the church in that city. Sunday was Donnie's birthday and a basket of "goodies" awaited his attention at the end of the day.

We shall miss the Crumps, but wish them well.

The Weinert Church of Christ was honored on Sunday by the presence of Bob Hare, missionary to Poland, Russia and East Germany, who was guest speaker at the morning worship service.

He will be returning to those countries in May, and requested Bibles to take with him. The Bibles are printed in Vienna, Austria, in the Russian language, and cost one dollar each. The Weinert Church donated fifty dollars to the cause, with several personal donations made, also.

The congregation met in the home of Mr. and Mrs. Weldon Walling for lunch and later went in a group to the First Sunday singing in Rochester.

Other special guests included Ima Stewart of Haskell, and Mr. and Mrs. Jim Pratt of Benjamin.

Several members of the Foursquare

Church were in attendance at Whispering Oaks Camp in Buffalo Gap last week for the annual South Central Division ladies retreat. The area covers Foursquare Churches in Texas, Arkansas, Louisiana and Oklahoma, and there was good attendance at the Camp.

Ladies from Weinert included Pearl Alexander, Rene Vojkufka, Sandra Chambers, Shirley Hudgens, and Doneta Hudgens. We regret that Rene came home sick with a cold.

Out of town

Donald and Gracie Griffis were in San Antonio for the Texas Independent Ginners Association Convention last week. They returned Sunday night, very excited about the wonderful tourist town that San Antonio has become, and related to us country people about the new Imax theater they attended, the three story Riverwalk Mall, and the lovely Marriot Hotel that hosted the convention. Change all your vacation plans if they do not include San Antonio!

Gracie won a beautiful oil painting as a door prize a nice memento of a very nice convention. Donald serves on the Board of Directors of the TIG Assn.

They spent a few days in New Braunfels with their daughter, Derinda and Johnny Lamed on the way down.

Mrs. Mabel Derr, Mrs. Erma Liles and Mrs. Betty Sanders attended the Delta Kappa Gamma meeting on Sunday afternoon, hosted by Mrs. Wallace Cox in the Cox's lovely, new, spacious home.

A group from Weinert were in Hamlin for the opening night of the Easter pageant held at the First Baptist Church there, and were full of praise for the spiritual atmosphere of

the presentation.

Those in attendance included Wanda Vojkufka, Eddie and Myrnie Sanders, R. S. and Betty Sanders, and Alton and Mildred Sanders.

Visitors to Weinert  
Mr. and Mrs. Gilbert Jimenez and daughters entertained her nephew, Rocky Gonzales of Corpus Christi during his spring break from college.

Wayne and Linda Phemister of Avoca, and David and Peggy Phemister, with Greg and Marcus of New Braunfels were in town for a visit with their parents.

Harlan and Jimmy Weinert hosted some cousins for dinner on Wednesday night. They were Jeanette and George Rober of Denver, Colorado; George Farr, and Mr. and Mrs. John Herman Farr of Seymour. Mrs. Rober is the daughter of Mr. and Mrs. Dick Weinert (deceased) former Weinert residents.

Jackie Frantz of Dallas and Jimmy Young of Holiday spent a few days with their parents, Ted and Faye Jetton.

Alton and Loretta Garrett of Abilene were in town recently to visit his sisters, Mr. and Mrs. Harvey Griffis and Mr. and Mrs. Willie Farrel. The Garretts are planning an auction sale of their possessions in Rochester on April 8th.

Kelly and Wayne Hutchinson of San Angelo were in town visiting her parents, John and Marilyn Earp.

Jeff and Lisa Teague, with Justin and Missy of Haskell were guests of

his grandparents, Clyde and Otie Mayfield and attended worship services at the First Baptist Church on Sunday.

The Munday Mogul Track team hosted an area track meet on Saturday, April 1st in which our Kenny Forehand was entered in the 2-mile as well as the 1-mile race, coming in with a 5th place win. Kenny is a freshman student. His parents, Chet and Jean Forehand were among the crowd of spectators.

The Weinert first grade is taking the TEAMS test this week, and the rest of the classes are involved in achievement tests. They all are looking ahead to end of school and a new grade.

Our birthday people includes Arthur Garza, Juanita Grimes, J. T. Alexander, Robert Horan, Jr. and Stanley Hager. Happy Birthday, all.

Wanda Vojkufka was honored with a family birthday dinner hosted by her daughter, Melanie and Bob Wood on Monday, April 3rd.

Bunt Herricks remains hospitalized in the Stamford Hospital with little change in her health.

Several attended a bridal shower honoring Mrs. Mike Stewart, nee Robin Wheatley, hosted by her friends in Haskell on Sunday afternoon. Among them were Kim Stewart, Jean Forehand and Erlinda Mayfield.

Have a nice day!

## Hermann lodge plans barbecue

Barbecued chicken and sausage will top the menu Sunday at the monthly meeting of Haskell Sons of Hermann Lodge 241. The meeting begins at 3:30 p.m.

Members are being asked to bring chicken or sausage (thawed), as well as side dishes and desserts.

The Alton Middletons and the Wilton Weises are hosts and hostesses for April.

We would like to take this opportunity to publicly thank the Paint Creek Baptist Church Family for the unforgettable day on Sunday, April 2, 1989. The whole day was the best ever, starting with the honor and flowers in the morning service and ending with the singing, gifts, food and fellowship at the evening service. It was such a surprise! How we do love and appreciate all of you!

 Mr. and Mrs. Parnell Anderson and granddaughter, Susan Saffel, were in McCaulley Sunday to visit Shirley and Bobby Ferguson. A few months ago Mr. Ferguson had multiple bypass heart surgery in Dallas. Then, more recently, he suffered a stroke and spent some time in the Graham Memorial Hospital. His son, Robert Jr. of Graham, also was visiting for a few days.

 Several Rule citizens attended the Easter Pageant, "Jesus, King of Glory," which is presented each year by the Pioneer Drive Baptist Church Sanctuary Choir with orchestra. This was presented for three days at the Abilene Civic Center. Those attending were John Pike,

Pam and Billy Roddy, Nell Estes, Clifton and Pearl Rinehart, Mike Songer, Bonnie Woods, A. B. Arnett, Harold and Betty Woods.

More than 300 singers and actors are involved in this production. The pageant was founded seven years ago and capacity crowds always witness this inspiring performance. The 150-voice choir is accompanied by a 30-piece orchestra which includes members of several other congregations.

 The annual "Senior Supper" was held the night of March 30 at the Church of Christ. The welcome was given by John Greeson, minister, and the prayer by Bobby Robinson.

First, a scavenger hunt took place. The program was entitled: "Hare-y Safari." The menu included road runner (fried chicken), tuber salad (potato salad), baked legumes (baked beans), pucker sticks (pickles), soppers (bread), buffalo chips (cookies), and creek water (tea).

Closing remarks were made by John Greeson, after which a visit to the local museum was conducted by Leon and June Biffle.

Thirteen students are in the senior class, including Cheryl Butler, Kimberly Diers, Yolanda Garcia, Donald Kreger, Kathleen Kutch, Jackie Martin, Connie Perez, Wes Pierce, Angela Rhoads, Kevin Saffel, Chad Stulir, Shanna Tibbets and Scott Wooldridge. All except Chad Stulir were able to attend the supper.
