To Show Support for Prison **Area-Wide Group Attends TDC** Meeting in Austin

A delegation of 36 residents of the Rolling Plains area attended the meeting of the Texas Board of Corrections in Austin Monday to show their support for the proposed prison site to be located in Jones County.

The group represented the Rolling Plains Industrial Foundation which is seeking to land either a 2,250-bed or 1,100-bed prison facility near the Stamford Airport, located three miles southeast of Stamford. Representatives from Stamford, Anson and Hamlin attended the meeting.

The delegation was scheduled to leave Stamford at 4 a.m. by chartered bus, but after a problem developed, the group traveled to Austin by private vehicle.

"The trip was made primarily to show the total support of the surrounding communities," said Fareed Hassen of Stamford, vice president of the foundation. "We feel that we learned a great deal and the delegation came away from the meeting feeling good about our proposal."

The delegation met with Rep. David Counts of Knox City and made contacts with members of the TDC and the governor's staff.

The foundation's proposal will be just one of approximately 130 that will be submitted to the TDC for the proposed prison sites. Representatives from other areas competing for one of the prison sites attended the meeting. These included delegations from Abilene, Childress, Dalhart, Snyder and Eastland.

Two 2,250-bed units will be awarded in September and pending the outcome of a bond issue in November, six additional prison units and two psychiatric units will be built.

Rolling Plains Ind. Foundation **Elects Officers**

James Elam of Stamford was elected president of the Rolling Plains Industrial Foundation, Inc., during an organizational meeting Thursday in Stamford. The foundation, including 12 board members, was initially formed to work to secure a prison facility for the Haskell-Jones Counties area.

Fareed Hassen of Stamford was elected vice president and Tom Isbell of Anson was elected secretarytreasurer.

Other directors include Eddie Meaders and Dale Spurgin of Anson, Mike Martindale, Abe Turner and Ken Lane of Haskell, Dennis Lamphere, Bill Neely and Rick Craig of Hamlin and Jimmy Parker of Stamford.

The directors discussed the group's prison proposal and then discussed other economic development alternatives for the area.

"We need to meet two weeks after the prison proposal deadline and begin making plans to attract other industry to the area," Isbell said.

operations Sept. 1. Gov. Bill Clements addressed the board, thanking them for their many hours of service to the citizens of the state.

"I would like to congratulate this board for their work during this tremendous program of expansion. This board has provided more programs in a shorter length of time than any other board. The solution is in sight-but not

been responsive," Clements said.

Clements told reporters after the meeting that the new board probably will contain several members from the current TDC board.

All proposals for the prison facilities must be submitted by July 31. Department of Corrections spokesman Charles Brown said that the site decisions will probably be made by the board of the new agency.

Counts showed his support of the foundation's proposal by saying the group has a good package. "We're going to get a prison."

The representative said that if the groups fails to win one of the two currently proposed, the foundation will be in the running for units to be built later.

"This (the prison proposal) is just a start of what they can do on an areawide basis. I am thrilled to see them down here and working together for economic development," Counts said.

The area is economically depressed and a prison would help the economy, Hassen said.

According to information from the TDC, a maximum security prison would create 760 jobs and a minimum security prison 380 jobs. The maximum security facility would bring a monthly payroll of \$1.4 million to the area. Salaries range from \$12,000 to \$37,000 annually while the average salary would be approximately \$21,000 per year.

Estimated construction cost for the 2,250-bed unit is \$64 million and would take approximately 24 months to complete. The TDC estimates that the cost of annual utilities to support each facility would be \$1.7 million.

The foundation's proposed site is adjacent to the Stamford Airport and is located on city-owned land. The City

Deborah Denise Ogle and Mondy Tol Mayfield were united in marriage at 7 p.m. Friday, June 16, in a candlelight ceremony at the First Baptist Church in Bowie. The Rev. Roger Bishop, pastor of Calvary Baptist Church of Bowie, officiated

the double ring ceremony. The bride is the daughter of Mr. and Mrs. Ronnie Ogle of Bowie. The groom is the son of Mr. and Mrs. Tiffen Mayfield of Weinert.

The vows were exchanged at the altar which was framed by candlelight from spiral, fan and heart shaped brass candelabras. A matching brass candlestand held the unity candle and matching side candles. Steps to the altar were accented with baskets of Boston fern and two brass swan urns filled with white gladiolas and red carnations. The pews were decorated with asparagus fern, hearts entwined with red rose buds and white satin bows.

Deana Haney registered guests at a glass top table decorated with an arrangement of white gardenias and red carnations.

Connie Thomas, the organist, played traditional and popular wedding music preceding the ceremony. Kim Williams and Kara Chandler, vocalists, sang the couple's chosen songs of "Looking Through the Eyes of Love", "When I'm With You", and "The Lord's Prayer".

The bride was escorted to the altar by her father and was given in marriage by her parents. She wore a formal gown designed by Fink Brothers. White silk taffeta was enhanced with imported alencon lace, seed pearls and crystal iridesence. The

gown had full puff sleeves, adorned with silk taffeta rosettes at the shoulder and jeweled lace on the sleeves. A fitted bodice and basque waist were heavily adorned with jeweled lace. The back of the gown was ornamented with a large silk taffeta bow enhanced with rosettes complimenting the sleeves. Beaded lace appliques were sprinkled across a full, cathedral length train. The hemline and train were bordered in heavily beaded alencon lace.

For her veil she chose a Juliette cap accented with seed pearls and lillies of the valley cascading down the left side which held a pouf of silk illusion.

She carried a cascading bouquet of white orchids, roses and stephanotis with asparagus fern and greenery. Honoring the tradition of something old, the bouquet held the bride's mother's wedding ring. She also wore a gold bracelet borrowed from childhood friend Kristi Lusk. Her garter was the traditional blue satin trimmed with white lace.

Maid of honor was Brandy Russell of Denton. Bridesmaids were Julie Ogle, cousin of the bride, of Bowie; Mary Smith of Stillwater, Okla.; Lisa Ogle of Jacksboro, cousin of the bride; and Kristi Lusk of Garland. All of the bride's attendants wore red satin dresses designed with low cut backs and puffed elbow length sleeves and high-low hemline. They carried white lace fans adorned with red carnations, white roses, fern and white satin ribbon.

Missy Teague of Haskell, cousin of the groom, served as flower girl. She wore a tea length white satin dress with bows at the shoulders and

puffed sleeves. Tiered ruffles fell from the waist in the back. She scattered rose petals from a white basket trimmed with red ribbons and flowers.

The groom wore a full dress black tuxedo from the Pierre Cardin collection with a white double rose and baby's breath boutonniere.

Members of the groom's party inlcuded best man Mitch Mayfield of Weinert, brother of the groom. Shannon Forehand of Weatherford, Okla., Kevin White, Shane Stout and Barry Walker of Weinert, served as groomsmen. They wore black tuxedos accented with red cummerbunds and bow ties and red carnation boutonnieres

Justin Teague of Haskell, cousin of the groom, served as ring bearer. He was dressed as the groomsmen and carried a white satin and lace pillow.

Guests were ushered by Kevin Ogle of Bowie, brother of the bride, Chris Fulton of Floydada, cousin of the bride, Lance Cunningham of Bowie, and Chuck Redman of Saint Jo. Candles were lighted by Don and Darren Gill of Bowie, cousins of the bride. All were attired as the groomsmen.

A reception was held in the fellowhip hall of the church following the ceremony. The bride's table was covered with a floorlength white linen cloth featuring elaborate cut work desings and battenburg lace. The bride's grandmother, Millie Ogle of Bowie, baked and designed the four tiered cake which was decorated with red roses and miniature figurines of the wedding party standing on a staircase which joined an identically decorated two tiered cake. Shonda Gibson of Guthrie and Terrie Hutson of Chattanooga, Okla., cousins of the bride, served the cake and punch.

The groom's table was covered with a floor length red linen cloth topped with a black petal point cloth overlay. The bride's grandmother also created the chocolate cake shaped as a horseshoe. It was covered with black icing and trimmed with red roses and the couple's initials. Coffee and cake were served by Staci Leach of Haskell and Laurie Hester of Weinert.

A rehearsal dinner was hosted by the groom's parents at the Golden Corral in Bowie.

A bridal luncheon was hosted for the ladies of the wedding party by Mrs. Peggy Heugatter of Sunset and assisted by Mrs. Donna Tuchnies of Bowie. The meal was served under a gazebo which was decorated with the bride's chosen colors of red and black.

TAX PLANNING Written By James E. Rodgers, CPA **IRS AUDITS & YOU**

There are some steps you can take to make an audit of your tax return less likely and, in the event that you are audited, steps that you can take to make that experience less painful.

To avoid being audited, your best defense is a good offense. File an accurate, complete return, and keep good records and supporting documentation for income items and deductions that you claim. Keep your records long enough to meet the statue of limitations for the tax return related to them. The federal statute is three years from the later of the date the return is due or is actually filed. The statute is six years if over 25% of gross income is omitted from the return, and there is no time limit on fraudulent returns or where no return has been filed.

Two kinds of audits are conducted by the IRS. The first is the office audit, an examination done by correspondence or at an IRS office. The IRS will ask for information or documentation related to specific items on your return. These audits can often be concluded very quickly by providing the requested information. The second kind of audit is the field audit which is usually conducted at the taxpayer's home or place of business. Questionable items on the return have been identified by the IRS, but the agent is not limited to these in his examination.

The IRS uses a complex system to select returns for audit. In general, your return will be at higher risk for an audit if you take certain kinds of deductions (deductions for tax shelters, home office, or travel and entertainment, for example), if your occupation involves cash income, (taxi drivers and waiters, for example), or if your income is high.

If your tax return is actually selected for audit, your best strategy is to be cooperative and provide the requested information promptly. Unless the problem is simple and routine, contact your accountant immediately. A professional can put your mind at ease and very likely save you time and money.

Peel, Muehlstein wed in Abilene

Gena Rene' Peel and Matthew Scott Muehlstein were united in marriage during a double ring ceremony June 17 at 6 p.m. in Pioneer Drive Baptist Church of Abilene with Rev. Jack Riddlehoover performing the ceremony.

The bride is the daughter of Jerry and Wanda Saffel of Rule and Ray Peel of Abilene. The groom is the son of Hollis and Dianna Muehlstein of Stamford. Delbert Hagar of Eastland and Raymond Saffel of Rule are grandfathers of the bride. Grandparents of the groom are Mr. and Mrs. Murry Schroeder of Abilene and Mr. and Mrs. Jimmy Muehlstein of Stamford.

Given in marriage by her stepfather and mother, the bride wore a tea-length gown of candlelight chantilly lace with an opened rose design over satin. The bodice featured a square neck with a dropped waistline. Satin and lace rosette trim accented the bodice from shoulder to hips where it gathered lace to form a shirring effect at the hip-line. Pouffed sleeves tapered to long cuffs and were accented with satin and lace trim and formed the same shirring effect of the hip-line. Bodice and cuffs were fastened with pearl buttons. The bride's headpiece was of candlelight tulle, gathered in two graduated layers, forming a pouf. This was attached to a band of teardrop candlelight pearls.

She carried a cascade of Sonia roses and stephanotis in a background of English ivy and gypsophila. For something old she wore the wedding ring of her late maternal grandmother, Mrs. Della Hagar. Something new was her wedding gown. Something borrowed were the pearl earrings and necklace from her mother. Something blue was the traditional garter.

Serving as matron of honor was the bride's sister, Lesa Hertel of Snyder. Bridesmaids were Nancy Holt of Stanton, Mary Lea Hawkins of Irving and Karla Harris of Ft. Worth. Their tea length dresses had princess-styled fitted bodices dipping at the waistline in front and were made of coral colored polished cotton, with full box-pleated skirts. Pouffed sleeves were accented at the shoulders alstroemeria in a background of English ivy and gypsophila.

The groom wore a wheat colored sport coat and matching pleated slacks. His peach colored shirt was accented with a coral print tie. His boutonniere was a Sonia rose, from the bride's bouquet, with accents of stephanotis and gypsophila.

The best man was Trussell Thane of Houston. Groomsmen were Clayton Lacy of McAlester, Okla.; Jim Muehlstein and Chuck Muehlstein, brothers of the groom, both of Stamford. The groomsmen wore dove gray sport coats over white shirts and charcoal gray pleated slacks. They wore matching coral print ties, a gift from the groom. Their boutonnieres were a cluster of coral colored, miniature carnations. The groom's brothers also served as ushers.

The couple exchanged vows in front of an arch intertwined with English ivy and a coral bow. The arch was flanked with matching candelabrum. During the traditional ceremony, the bride and groom lit a unity candle from two previously lit candles symbolizing their two families.

Wedding music was provided by organist Becky Nauert, and pianist Taimi Wendeborn, both of Stamford. Soloist was Scott Underwood of Big Spring. Musical selections were "Til I Loved You" and "Without You".

Following the family wedding, a dinner reception was held in the atrium of the Embassy Suites Hotel for family and friends. Brittany Peel, niece of the bride, registered guests. A buffet meal was served and highlighted with wedding cake for dessert. Oatmeal colored cloths covered each table. Centerpieces were bouquets of dried flowers with coral bows. The head table was decoraed with a garland of dried flowers in the bride's chosen colors. The serving table was covered with a coral cloth and overlaid with a candlelight, crocheted by the bride's late grandmother, Mrs. Etha Saffel.

Following the southern tradition, symbolizing the unity of families, a single cake was served. The threetiered, candlelight colored cake was decorated on each layer with a draped ruffle of icing filled in with a Cornelli lace design, accented with bows. The layers were separated with columns and topped with gum paste arrangements of roses, stephanotis and English ivy as were in the bridal bouquet.

The bridal bouquet and candles also adorned the table. Peach colored fruit punch was served from crystal appointments. Linda Peel of Abilene and Toni Peel of Waco, sisters-in-law of the bride, were servers.

A rehearsal dinner, following a country theme, was hosted by the groom's parents on Friday, June 16, at their home.

After a wedding trip to the Grand Bahamas, the couple is making their home in Seminole.

The bride is a graduate of Rule High School and Angelo State University with a B. S. in elementary education. She is employed by the Seminole Independent Scholl District.

The groom is a graduate of Stamford High School and Texas Tech University with a B. S. in Agricultural Economics. He is employed by Farmers Home Administration in Seminole.

Sales taxes about same as year ago

The City of Haskell's sales tax rebate check this month was for virtually the same amount as the one received for the same period last year.

In the amount of \$8,955.66, it was just \$15.40 more than the one received last July.

Nevertheless, Haskell's sales tax reimbursements for the year's first seven months from the state comptroller still are up by 3.7 percent over last year. So far this year, the city has received checks totaling \$89,325.30, while last year's sevenmonth total was \$86,138.19.

Only other Haskell County city to receive a check this month was Rule, which received \$821.41.

July's checks represent taxes collected by monthly filers in May and reported to the comptroller's office by June 20.

The residents spent the 4th of July

Visiting with us lately have been:

The month of June was a busy one for the nursing center residents. Those celebrating birthdays were:

Mrs. Ruby Clemmer, born 6-3-98; Mr. A. C. Jeter, born 6-5-24; Colene Moody, born 6-10-16; Mrs. Eunice Newberry, born 6-14-95; Mr. Robert Monse, born 6-20-96; Mrs. Jeannie Dial, born 6-23-03; Mr. Steve Ezell, born 6-25-94; Mrs. Velma Scoggins, born 6-26-06; Mr. Ray Oliphant, born 6-29-03.

These folks received cards and letters from all over the country and then were treated to our monthly resident birthday party hosted by our First Baptist Ladies.

We had an extra special treat, also. Mr. Ruth Wilcox of Rule, daughter of Mr. Ezell, hosted a birthday party for her father on the 25th. This was well attended by friends and relatives and enjoyed by all.

Conducting our Sunday morning worship services for the month of June was Rev. J. C. Amburn from the Assembly of God Church in Haskell. The residents enjoyed the special messages and music that his church brought, and send their many thanks.

We enjoyed our luncheon at the East Side Baptist on the 15th. Our residents look forward to this outing each month and talk about it for several days afterwards.

The nursing center staff and residents send their deepest sympathies to the families of Bill Hendrix, T. C. Carter and Mrs. Lucille Sherrill. These people are

Insect zappers

Researchers have discovered that many plants have insect-zapping capability.

National Wildlife magazine reports members of the sunflower family, including daisies and marigolds, produce chemicals that are poisonous to insects. When these chemicals sop up sunlight they become highly toxic. But poison loses its punch in the dark. The HASKELL FREE PRESS--Thursday, July 13, 1989--Page 7

Relax: Be good to yourself

Finding time for oneself is selfgratification and not selfishness, according to a family life specialist with the Texas Agricultural **Extension Service**.

"Too many people feel they are not entitled to self-gratification, even though recent studies tell us about the close association between physical illness and mental stress and fatigue," said Dorthy Taylor.

"When a person takes time out for himself, to do for himself and to take care of himself, he reflects a good self-image," Taylor said.

She said that all too often, women in particular, feel they cannot leave their family or job responsibilities even for a short period of time. They eventually end up taking away from the family and job, anyway, by being ill more often, less responsive to others or by turning against oneself because of exhaustion.

"All adults and children need enough time for themselves to relax, yourself."

unwind and to escape responsibility," Taylor said. "Private time is absolutely essential to good mental well-being, no matter how many responsibilities one may have."

She said, "Sharing household tasks among all family members and equally distributing the menial and difficult tasks of home is a good beginning.

"Many people need to be stimulated into finding a new rewarding outlet or take on a new skill in order to 'make' time rather than to 'take' time from responsibilities. Overcoming the guilt of doing nothing may be the first and most difficult barrier to overcome.

"Remember, it has been said 'You'll pay at the doctor's office what you don't pay for a vacation'. When the newness, resentment and guilt have all gone, you find that taking a moment to relax is being good to

House, Senate differ on reform

AUSTIN-On a voice vote, the Senate last Friday rejected the House version of a workers' compensation reform bill that narrowed, but didn't completely resolve differences between the two chambers.

The Senate action immediately prompted speculation that the

House will adjourn sometime this week without resolving the issue. The special session officially ends July 19.

Conflicts on the bill, which now contains a major House concession providing jury trials in certain kinds of disputed cases, will have to be resolved by a House-Senate conference committee. The measure, which earlier passed the House by voice votes on both the second and third readings, would have raised maximum weekly benefits from \$238 to \$416, provide discounts on insurance premiums to companies with good safety records, and keep the system voluntary. The Senate voted to make coverage mandatory. As the workers' compensation struggle continues, Gov. Bill Clements predicted another special session this year focusing on other topics, probably including abortion restrictions.

The Texas Legislature in the early '70s, after a long, divisive floor fight, adopted a rather liberal set of abortion laws. The memories of that battle over the volatile issue, which subsequently destroyed several political careers, still linger in the Capitol halls.

Since then, the Legislature has, for the most part, ignored the issue, except for a few bills to narrow the scope, hoping it would go away.

Last week, in the space of two days, the issue rose to life like a cadaver sitting up in the morgue and today it promises to affect statehouse elections from top to bottom.

Women's Vote Pivotal

With pro-choice leaders warning of a return of the days of back alley abortions and pro-lifers calling abortion nothing less than murder, fears and emotions are running high among the focal interest groups.

After the High Court convenes next fall, it may make a subsequent decision which will defuse the issue for state legislatures.

But, if it doesn't, count

Texas has yet to achieve the "One Deathless Day", sought by the Texas Coalition for Safety Belts.

At least one traffic fatality has been recorded on each day of the summer campaign which began May 27. The coalition's goal is one day without a traffic death during the 101 days of summer. The promotion will continue through Labor Day.

As of June 15, the day with the lightest toll was May 31 when one death was recorded. The worst day was May 28 with 18 fatalities.

The last deathless day on Texas roadways was Jan. 5, 1977, more than 12 years ago. -0-

From here, it would be satisfying to see one of these big companies having to pay up. Afterall, they've been sending those letters telling us we've practically won a prize.

Cigarettes in California are \$15.80 a carton. From a vending machine, they are \$2 and \$2.25.

California has one of the highest, if not the highest, tobacco taxes in the country.

State Comptroller Bob Bullock has called for a 10-cents-per-pack increase in cigarette taxes in Texas. He says that would give Texas the third highest tax rate among the states "which is the same as Texas' population ranking."

While it might be argued that the country's third most populous state should rank third in cigarette tax collections, what logic dictates that it should have the third highest rate?

The size of the town does not always indicate the amount of business therein.

Take Littlefield vs. Lampasas, for instance. The 1980 population of Littlefield was 7,409, while Lampasas had 6,165.

Littlefield's one-percent city sales tax netted the South Plains city \$14,644 last month. Lampasas got \$32,599. For the first six months of the year, Littlefield has collected \$129,700, but Lampasas has gotten. \$229,025.

'90 Election Electrified

Like a lightning bolt from the blue, the Supreme Court's decision allowing states to draw their own abortion laws has electrified the 1990 election as few Texans could predict.

the women's vote to be pivotal in 1990, and the groups shouldn't presume victory one way or the other.

Ann Richards to Gain?

One candidate who stands to gain, at least in the Democratic primary, is Ann Richards, who is running for governor.

She is already considered the great feminist hope in Texas to beat the good-ol' boy system.

Now she stands to enlarge that base with those who fear that abortions will be made illegal under any other governor.

Her core campaign organization for many years has drawn from Austin feminist professionals; her core supporters statewide are professional women.

Although she hasn't released her campaign platform yet, it's hard to imagine Ann Richards campaigning to make abortions illegal.

Street resurfacing creates confusion

By K. B. Lane

The resurfacing of US 277 and US 380 within the city limits of Haskell caused a great deal of confusion for motorists these past few weeks, myself included.

Orange cones decorated the highways in maze-like patterns to outline so-called "paths" for drivers.

I do not know how many cones suffered a slow death from being demolished because I was driving in the wrong lane and had to swerve to

I have always wondered why people put on their seatbelts when they ride with me. I never thought it

waving the orange flags did not around their bodies.

I finally figured out they were waving the dust out of their faces, not directing traffic. No wonder I did not know which way to go!

In order to get even, I played chicken with the flagmen a couple of times.

And I won. I will admit the construction was rather inconvenient, especially when I was late for work; but, it did have a more humorous aspect.

One afternoon I watched motorists as they traveled through the construction area. I wanted to see if they were as confused as I was or if I was just a bad driver.

They were confused.

Messrs. Rose and Dickenson of this place closed a deal Tuesday with M. L. Steed of Stonewall County for his entire herd of about 4,000 sheep for \$9,000.

One driver I was observing must have never seen an orange cone before in his life. Just as he approached several cones blocking the right lane, he slammed on the brakes and screeched to a halt.

Craning over the steering wheel, he peered at the cones as if they were aliens. He backed up about six feet as if to keep from hitting them, but then he just plowed the cones over.

Other drivers acted as though they were driving down an interstate and not a construction area.

An 18-wheeler with the name "Big Tex" painted on its trailer never dropped speed as it passed through town.

I thought I was going to choke to death in downtown Haskell from all the dirt it stirred. Flagmen almost took flight as their erratic flag-waving was at full speed.

One thing I noticed while watching motorists is most think "horn-honking" will solve all the problems encountered while driving.

I found there are three kinds of honkers: the happy honker, this person honks at anything that moves; the block-long honker, this person honks the length of a city block at a vehicle that pulls out in front of him or her; and the silent honker, everytime this person honks, it sets off the windshield wipers.

I do hope construction begins again soon. Cheap entertainment is hard to find, and besides, watching motorists is more fun than playing horseshoes!

We all make 'em.

I feel for the editor, but I rejoice in having company.

Afterall, suspenders are in vogue again. Pocket watches appear to be making somewhat of a comeback.

And now, the fountain pen is beginning to take up the slack it lost to the ballpoint pen.

Last year, the fountain pen industry reported record sales of \$20 million, almost double those of the year before.

After Lazlo Biro invented the ballpoint in 1939, it began to replace the temperamental wet ink pen. But now that Americans are beginning to question the wisdom of all of this disposable stuff, the old-fashioned fountain pen is making a remarkable recovery.

Fountain pens haven't changed much since their heyday, as far as practicality is concerned. But the expensive fountain pen, with five layers of lacquer and a gleaming golden nib, is a work of art.

It's a far cry from the Parker pen Douglas McArthur used in 1945 to sign the papers to the Japanese surrender.

Christian **Bible School** next week

The First Christian Church of Haskell has announced plans for its annual Vacation Bible School, to be July 17-21.

Classes, scheduled each evening from 6 to 8:30, will be offered for ages 3 through the sixth grade. "Joy Trek---Journey with Jesus through Time and Space," is the theme of ths year's VBS.

Dusty Garison, minister, said he was excited aobut the spaceoriented theme. "Nearly all kids love space stuff, and they are very interested in learning more about the solar system and so forth," he said. "We want to take advantage of that interest. Also, July 20-21 is the 20th anniversary of the moon landing by Apollo 11, so there will be a lot of emphasis that week on space exploration which we can tie in to."

special "Blast-Off Day" open Sunday, July 16, beginning at 4 p.m. This will be a special carnival featurng game booths, food, balloons, prizes and many other fun activities for the young and the young at heart.

"We want to invite everybody to come and have a good time at the carnival," said Garison. "We will preregister as many 'cadets' as possible for the week. There will be no classes onSunday afternoon, just a lot of fun."

As in previous years, the offering money received will go to support a foreign missionary. This year, all funds raised will go to "Taking Christ to Millions," an organization which supports and assists Christians behind the Iron Curtain. Garison said that TCM works to train local personnel to preach and teach among their own people. He said it also helps with food and clothing, Bibles and Biblical literature, and other needed materials and supplies.

Garison said all young people from 3 through sixth grade are invited to attend.

Congratulations to Shannon and Rob Kittley upon the arrival of a son, William Taylor, who was born at Stamford Memorial Hospital on June 29, at 10:30 a.m.

He weighed 7 pounds, 3 ounces and was 20 1/2 inches in length. Will was named for two greatgrandfathers: the late William Kittley and Taylor Sego of Rochester.

He has a brother Trey, 4, and a sister, Samatha, 2. Maternal grandparents are Mary Frances Newton of Tyler and Bobby Lusk of Rule. Paternal grandparents are Jere and Bobby Kittley of Rule. Maternal great-grandparents are Satch and Pearl Lusk of Haskell, also J. B. and Iva Lee Gipson of Haskell. Paternal great-grandparents are Blanche and Taylor Sego of Rochester and Maude Kittley of Krum. Mary Frances has been visiting Shannon, Rob and children the past week.

It was good to see Malcom Herttenberger able to out following his recent surgery.

Billy Gann is in Hendrick Medical Center in Abilene following surgical removal of a bladder tumor. He was making a good recovery at last report.

Luke Kittley, 21-month old son of Nikki and Danny Kittley of ACU, spent a couple of days in Hendrick Medical Center recently with an upper respiratory infection. He is doing quite well at this time.

Virgie Brown of Rochester, mother of Dorothy Alsabrook, has recently been hospitalized in Sonora. Cole and Dorothy have been in Sonora with her.

visited her friend, Tori Jenkins, Sunday night. Jennifer is spending the week with her father, Alan Beard, and grandparents, Mr. and Mrs. M. W. Beard.

Paul, Lynn and Todd Webb of Lewisville visited Paul's parents, Mr. and Mrs. Ennis Webb and his sister, Melinda Hisey and family this past weekend.

Coy and Retith Keahey of Rule journeyed to Weatherford on Friday, June 30, to attend the wedding of Retith's daughter, Lisa Zuck. Lisa, a resident of Bedford, was married to Mark Justice of Weatherford at the Springtown Road Church of Christ of that city.

Following the ceremony, Mr. and Mrs. Keahey hosted the reception in the Fellowship Hall of the church. On Saturday morning, July 1, Coy and Retith Keahey also attended the wedding of Laura Stowers, who is another daughter of Retith. Laura, who has been residing in Arlington, Va., was married to Jimmy Trammell of Abilene. The wedding was performed at the Family Life Center of Highland Church of Christ in Abilene. The reception following was also hosted by Mr. and Mrs. Keahey.

Lisa and Mark Justice will reside in Bedford. Laura and Jimmy Trammell will reside in Abilene. Jimmy has two daughters, Sarah and Rebecca. Laura has one son, Arthur.

Jerry and Linda Patterson and daughters, Christa, Mary and Abbey from Princeton, Ind. are visiting the Coy Keaheys. Linda is Retith Keahey's daugher, and the family was here for the wedding events of Lisa and Laura, also Retith's daughters. Linda acted as matron of honor for

both of the weddings. Jerry was also a member of the wedding party.

Mr. and Mrs. Parnell Anderson were in Abilene this past Friday where they visited briefly with their granddaughter, Nikki Kittley, Danny and Luke. Jere and Bobby Kittley were also there.

We were sorry to learn that Lawrence Camp will be returning to Hendrick Medical Center in a few days for more surgery. Good Luck and a speedy recovery is wished for Lawrence.

Kevin Saffel was home this weekend from Duncan, Okla., where he is working. Chad Stulir also made the trip with him.

Mr. and Mrs. Coy Keahey were in San Antonio this past weekend for the Phemister reunion. They met at the Seven Oaks Motel Ballroom. Sixty-eight registered and several people from the Haskell area attended. The weekend was full of activites including a visit to Brackenridge Park and river barge rides on the San Antonio River.

Mr. and Mrs. James R. Barbee along with Ruby's mother, Mrs. Allie Anderson have recently returned, home from visiting their son and family, Mr. and Mrs. Jerry Barbee, Jim and Lisa of Minden, Nev. They attended the high school graduation exercises of their grandson and greatgrandson, and spent fun days in Carson City, Virginia City, Reno and into California on their two weeks visit. Of interest, Mrs. Allie Anderson, age 81 1/2, took her first airplane trip when they went to Nevada. She reported enjoying it.

On July 7, 8 and 9, the descendents of Roy and Okla Wilson held their 21st family reunion at Veda's Camp on Lake Stamford. There were 103 registered. Relatives and guests came from Big Spring, Haskell, Rule, The Colony, Petersburg, Dallas, Duncanville, Anson, Abilene, Rochester, Fort Worth, Odessa, Hawley, Novice and Stamford.

Sorry there was no news last week as your writer was "under the weather".

Thought for the week: "Maximize the good in others, the beauty of friendship, the look of love, and the joy of service. Train your eyes to look for the best in others, and invariably others will see the best in you". (Part of an article called "The Ize Have It" from Clear Lake Chronicle of Springfield, Ill. via the Rule Reminder).
