## Paint Creek gets fire truck

The Paint Creek Fire Department now has a fire truck.

The department was organized a year ago and has been raising money since to buy truck and related equipment. Volunteer firemen have taken training in Haskell and in Abilene, said fire chief Jack Thomas.

To report a fire in Paint Creek, phone 864-2222.

## Health services to be available

Free blood pressure checks and blood sugar screenings will be offered between 10 a.m. and 2 p.m. today (Thursday) at The Drug Store in Haskell.

Cholesterol screening will be available for \$5.

The program is being sponsored by Girling Health Care, Inc.

## Garage sale space available

There's still time to reserve space in the big garage sale this weekend at the American Legion building.

The sale is scheduled for Saturday and Sunday.

Spaces are renting for \$5 per day. To rent a space, call Gene Plunkett (864-2087), Truett Parsons (864-3948) or Jim Sampson (864-2101).

The American Legion also will be selling items and is seeking donations of items to sell.

## Support group meets on Tuesday

Area people with cancer or other terminal illnesses are meeting on Tuesday evenings at the First Methodist Church in Knox City. Meetings begin at 7.

The support group was organized by Harvey Reynolds, a professional family counselor.

Patients or family members may contact Reynolds at (817) 658-3945 for further information.

## High school dance scheduled

There will be a high school dance from 9 to 12 Saturday night at the Haskell Country Club. Admission will be \$3.

Mark Hannsz will be the DJ and parents will sponsor.

## Merchants to meet

The monthly meeting of the Retail Trade Committee will be Friday morning at Kountry Kookin', beginning at 7.

## Real fans

It took a real football fan to brave the weather Friday night to watch the Haskell Indians battle the Stamford Bulldogs, but this group of Indian loyalists qualified.

## Dinner theater to be Saturday

The Haskell Chamber of Commerce's Country Dinner Theater will feature country music by a number of local groups.

The eighth annual event will be Saturday, beginning at 7 p.m., in the Haskell Memorial Civic Center.

Entertainment will include:  
--A men's group composed of Ford Cole, Dusty Garrison and Randy McLelland.

--A trio of Andy Gannaway, Christi Gannaway and Randy Hise.

--A duet of Ginny Kloog and Kathy Garrison.

--Dickie Greenwood, soloist.  
In addition, there will be a sing-along by the audience.

Master of ceremonies for the program will be Dusty Garrison.

The menu will include barbecue, beans, cole slaw, corn, cornbread and

pech cobbler, with iced tea. Dress will be country casual.

Tickets are priced at \$7.50 each and are available in advance from:

Haskell Chamber of Commerce, Lanco Insurance, Bridwell Air Service, Owens TV and Electric, Olney Savings, First National Bank, Johnson Pharmacy, Bill Wilson Motor Co. West Texas Utilities, Texas Department of Human Services.

District Clerk's office, Dr. Cliff Ray, Richardson Truck and Tractor, Sport-About, Haskell National Bank, Williams 277 North Paint and Body, Sears Catalog Store, Tom Watson, Gene and Nancy Plunkett, Hartsfield Insurance Co., The Carousel, Frame Shed, The Hayloft, County Treasurer's office, Jones Welding and The Personality Shoppe.

## Over 250 attend 'College Day' event

Haskell was host Tuesday to a College Fair for more than 250 junior and senior students from around the area.

Sponsored by Haskell National Bank and the Haskell Schools at the Civic Center, the event attracted students from Lueders-Avoca, Throckmorton, Paint Creek, Stamford, Goree and Rule, as well as Haskell.

Students visited with representatives from colleges, universities, technical schools and the military.

They were welcomed by members of the Haskell National Honor society and the Student Council, as well as officers from Haskell National Bank.

They browsed through exhibits of more than 40 institutions and picked up application forms, brochures and

other information.

Participating were Texas Tech, TCU, SMU, Austin College, University of Texas, Texas A&M, East Texas State University, University of North Texas, ACU, Hardin-Simmons University, McMurry College, Angelo State University, TSTU of Sweetwater, Vernon Junior College, Western Texas College, Southwest Texas University.

West Texas State, Texas Army National Guard, St. Mary of the Plains College, Navarro College, Schreiner College, Baylor, TWU, Cisco Junior College, Sul Ross University, Tarleton State University, Wayland Baptist University, Mary Hardin Baylor and Dallas Baptist University.

## School consolidation to be decided Tuesday

### 21 amendments also on ballot

Interest in the Haskell-Weinert school consolidation issue indicates a heavier-than-usual turnout next Tuesday for the general election in which voters will decide 21 proposed amendments to the Texas constitution.

County Clerk Woodrow Frazier said Tuesday his office had received about 25 absentee ballots on the school issue and about half that many for the amendments. Frazier explained that voting is on two separate ballots, one for the school issue and one for the amendments. He estimated that another 10 or 12 absentee ballots would be received by mail.

Friday is the deadline for voting absentee. The deadline for mailed ballots was Tuesday.

The school consolidation question will have to be approved by voters of both the Haskell and Weinert school districts in order for the question to carry. If approved, the consolidation would be effective immediately, but Haskell Supt. Bill Stewart said the two schools probably would continue to operate separately through the present term.

Weinert presently has 29 students with high schoolers attending classes in Munday and the others continuing to go to school at Weinert. If the consolidation is approved, Weinert high schoolers still will have the option of attending school at Munday.

The 21 proposed constitutional amendments have created little excitement in Haskell. The Haskell City Council did approve a resolution last week endorsing Proposition 8, the proposed amendment which provides for the issuance of bonds to finance new prisons. Passage is vital to efforts toward establishing a state prison in this area.

The proposed amendments and a brief explanation of each follows:

Proposition 1 would raise the salaries of state lawmakers to one-fourth of the governor's salary, and increase the salaries of lieutenant governor and Texas House speaker to one-half of the governor's salary.

Proposition 2 would authorize the issuance of \$500 million in Texas Water Development Bonds for water supply, water quality and flood control projects.

Proposition 3 would authorize the issue of \$75 million in bonds to establish programs to assist in the development of small businesses, agricultural production or new and improved products within the state.

Proposition 4 would authorize the Legislature to exempt from ad valorem taxation certain property of non-profit veterans' organizations.

Proposition 5 would authorize the exemption from ad valorem taxation certain personal property temporarily in the state. This proposition would provide a so-called "freeport exemption" from taxes for goods that are in the state no more than 175 days

Continued on page 6

### RESOLUTION

WHEREAS; the State of Texas has a real need for additional prisons,

WHEREAS; this lack of prison space is impeding Law Enforcement efforts at all levels of government,

WHEREAS; Proposition 8, on the November 7, 1989 election, contains provisions for issuing bonds necessary to fund new prisons in Texas,

THEREFORE BE IT RESOLVED BY THE HASKELL CITY COUNCIL;

That the City Council urges all citizens to support and vote for proposition eight on November 7, 1989.

City of Haskell

## Indians hope to get back in win column

The Haskell Indians, who haven't won a game since they played Merkel back on Sept. 22, will attempt to get back on the victory trail at Hawley Friday night.

It's the next to last game of the season for the Indians, who saw their district record drop to 0-3 (2-6 for the year) last week when they bowed to Stamford, 26-7.

Hawley, with one of its best teams in recent years, boasts a 4-4 record, having beaten Throckmorton, Ranger, Aspermont and Anson. But the games the Bearcats haven't won have been among their most notable achievements. They lost by 15 points to state-ranked Baird and they led most of the way in their game against Hamlin before finally falling by 10

points.

Haskell, no longer in the running for the district title, or even a playoff spot, will be trying now to avoid the 7-2A cellar.

Coach Nelson Coulter said he felt the Indians played some better against Stamford Friday than they had against Hamlin and Albany in the two previous games. "I was pleased with our effort, but we still are making too many mistakes," the coach said.

Coaches did not know early this week if quarterback Shane Osborne will be able to play this week. He suffered a leg injury against Albany and had to miss the Stamford game.

Only game remaining for Haskell after this week will be at Anson next week.

## Plans being made for turkey walk

The public is invited to participate in the American Heart Association turkey walk which will be held Saturday, Nov. 11. Registration starts at 9 a.m. at the Haskell National Bank parking lot.

All citizens of any age may participate by either walking or bicycling for five miles. Refreshments will be served at the end of the turkey walk.

Each participant is asked to obtain pledges of any amount from others

for the distance covered by walking or bicycling.

Funds raised through the turkey walk are used locally for education on good health habits for a healthy heart and continued cardiovascular research.

Top prize for the winner in the turkey walk will be a 19-inch Zenith color television set with remote control. A free turkey will be given to each person raising \$100 and a T shirt to each raising \$50.

## Foreign reports are due

To avoid penalties and monetary fines, Glenn Brzowski, county executive director of the Agricultural Stabilization and Conservation Service, reminds foreign investors who acquire or transfer any interest other than a security interest in Haskell County's agricultural land to report the transaction within 90 days of settlement.

"The Agricultural Foreign Investment Disclosure Report is still required by law," said Brzowski, "and those who are late in reporting or who fail to report face possible penalties."

ASCS is responsible for monitoring agricultural land owned or controlled by foreign individuals or interests. The agricultural Foreign Investment Disclosure Report contains the date the land was acquired or transferred, the value of the purchase price yet to be paid, and the estimated value of the land.

Brzowski defined agricultural land as any tract of more than 10 acres now in farming, ranching, forestry or timber production. "This includes land in agricultural use when purchased, as well as land later converted to agricultural use," he said. "Interest means any right, title or legal share of ownership in agricultural land, such as partnerships, trusts, estates, or shares in a corporation that owns agricultural land."

Brzowski said that foreign investors have reported owning about 12.5 million acres of U.S. agricultural land as of Dec. 31, 1988.

The ASCS official said foreign people are required to keep direct and indirect ownership information current, file a report if they cease to be a foreigner, and if the agricultural land ceases to be agricultural.

## Couple exchange wedding vows

Dee Ann Ballard of Haskell and John Frank Brueggeman of Weinert were united in marriage Saturday, Sept. 23, at the First Presbyterian Church. The Rev. Paris Barton officiated.

The bride is the daughter of Mr. and Mrs. Tommy Ballard and the groom is the son of Mrs. Dora Brueggeman of Weinert.

The bride was given in marriage by her two sons, Justin and Sam Ballard. She wore an off-the-shoulders full-length gown made of pink taffeta. The gown was adorned with tiers of pink taffeta ruffles and her hair was pulled up away from her face with pink silk roses. She carried a bouquet of pink roses. Justin and Sam wore blue western shirts, western ties, blue jeans and boots.

The bride's attendants were Rene Belyew, Mary Ann McWhorter and Alichia Sherman. They wore blue denim skirts and pink western blouses and each carried a single pink rose.

Michelle McWhorter was the flower girl. Amy Moeller, cousin of the groom, and Josh McWhorter were the candle lighters. Michelle and Amy wore blue denim skirts and pink western blouses and Josh wore a blue western shirt, jeans and boots.

The groom, groomsmen and the ushers wore white western shirts, western ties, blue jeans and boots. The groomsmen were Melvin and Larry Brueggeman, brothers of the groom, and Wayne Hutchinson of Weinert, Marty Alexander of Munday and Donnie Moeller of Weinert.

cousin of the groom, were the ushers. Cherie Hutchinson of Weinert sang, "Up Where We Belong" and "I Can't Help Falling in Love With You." Ruth Ann Klose played the piano.

A reception followed the wedding. Barbara Harris and Judy Benton, cousin of the groom, served the cake and punch.

The couple enjoyed a short honeymoon trip and are now living in Haskell.

## Legal services act sponsored

Congressman Charles W. Stenholm is sponsoring a Legal Services Reform Act of 1989 in the hopes of getting more responsible services for the indigent in daily problems such as delinquent child support payments and drug-free neighborhoods.

Stenholm said there is a growing consensus that reform of the legal services program is both necessary and long overdue if it is to fulfill its original purpose of providing day-to-day legal services to the indigent.

## Cordoza, Ortiz wed in Rochester

Maria E. Cardoza and Paul Ortiz, both of Rochester, were married Oct. 7 at 3 o'clock in the afternoon. The ceremony was at the First Baptist Church of Rochester with Truett Kuenstler officiating.

The bride is the daughter of

Virginia Cordoza and the late Manuel Cardoza of Rochester. The bridegroom's parents are Mr. and Ms. Adam Garcia, also of Rochester.

Given in marriage by her brother, the bride wore a formal gown of white satsasheer featuring a lace wedding band collar with crystal and pearl droplets, a netted illusion yoke, fitted bodice enhanced with seed pearls and iridescents on lace appliques.

The Edwardian sleeves were detailed with beaded chantilly lace and venise motifs. The full skirt was fashioned with beaded lace inlays and hemmed with scalloped lace, accented with a back bow and a panel of cascading crystal organza ruffles flowing into a cathedral train.

The grading on the Texas Central extension to Stamford is about completed, but the laying of the track will probably not be completed before Jan. 31.

Judge and Mrs. H. R. Jones returned Thursday from the Abilene fair. The road was so muddy they were about three days coming home.

T. G. Carney came in Wednesday with a bunch of 187 stock horses which he had bought in Fisher county. He will select and ship to market in a few days 60 head of saddle horses.

Carl Ferguson has returned from a visit with his parents in Missouri.

D. W. Garren sold the Pidcock place this week to a Mr. Prewitt from Coryell County.

Dr. J. E. Lindsey has returned from the Abilene Fair. While there he saw Mr. Locke who told him there had been a delay in completing the survey of the Colorado, Texas & Mexico Railway by the mountains in Llano County, but that progress was being made, and that work would be continued on the surveyed route to Haskell.

## --Letters to the Editor--

### Homecoming

Editor: This past weekend I attended the homecoming celebration. I want to make a couple of comments about Jerry Larned's talk. I really enjoyed listening to him. Not only was he positive in his remarks but he added some humor.

As Jerry said, we need to be able to laugh, not only at situations, but we have to be able to laugh at ourselves.

I look forward to the next homecoming in 1991.

at Weinert I appreciated the kindness shown me by both the students and parents. Many of the ex-students still come by The Hayloft to visit and show me my "grandchildren."

We sincerely want all of you as a part of our community and our school system. Please consider your vote carefully.

Bettye McBroom

### Band

Editor: We recently attended the Haskell High School homecoming.

The high school band's halftime performance deserves special recognition. It was refreshing to watch a disciplined, marching, playing band. From their entry onto the field and the execution of their formations, to the commentary on the microphone, they were impressive. The majorettes looked like majorettes. Their boots and uniforms were appropriate and made a symbolic statement about the school as did the drum major.

Congratulations, Haskell High School, on maintaining the elements in performance and appearance that make it a pleasure for the spectators to watch.

### Consolidation

Editor: We would like to extend a cordial invitation to the Weinert students to consolidate with the Haskell Independent School District. In the years past the merchants of Haskell have helped sponsor many of your activities connected with the Weinert school.

We regret this is the last year of school at Weinert. My mother and her family and relatives attended the Weinert school. As a young girl I always looked forward to attending the homecomings in Weinert even though I did not attend school there, but always went with my mother.

During my two years of teaching

BY WENDELL FAUGHT

Perhaps you noticed that a couple of Texans were arrested for transporting jackrabbits to Louisiana.

Seems the idea of using the rabbits to train racing dogs was too cruel.

The rabbits were turned over to the humane society, which "destroyed" them.

Popcorn. Candy. Fruit. Magazines.

They were all available from door-to-door student salesmen who rapped on my door over the weekend.

Students may not be doing too well in math and science, but they're learning a lot about salesmanship.

"Defensively, we played the best game we've played all year," said coach Jimmy Johnson after Sunday's Dallas-Phoenix game.

Which brought this retort from Blackie Sherrod of the Dallas Morning News:

"Well, by golly, let's take a look. The Cowboys' 'best defensive effort' held the mighty Cardinals to 19 points, whereas they had been rolling up points at a 19.57 clip. That's not be sneezed at, unless you're allergic to fractions."

Smart magazine credits Larry McMurtry's *Lonesome Dove* for renewing the interest in the cowboy hat.

But it seems that no one wants a new hat. Everyone wants a battered, dusty, sweat-stained one. People are having their hats aged.

It quotes a dealer: "I can take a new hat and in six hours have you looking like a real old cow-punching cowboy."

I'm not sure there ever were such surveys made, but we keep reading this:

"A 1940s survey dealing with the top seven discipline problems in public schools listed talking, chewing gum, making noise, running in the halls, getting out of turn in line, wearing improper clothes and not putting paper in wastebaskets. A 1980s survey listed these top seven: drug abuse, alcohol abuse, pregnancy, suicide, rape, robbery and assault."

In Dallas, there are 5.3 births to mothers 14 and under for every 1,000 girls in that age group.

Dallas has the second highest birth rate among teenagers (Detroit is No. 1).

Two-thirds of families headed by women whose first birth came before age 20 live below the poverty line.

Young Rob Mosebacher announced his candidacy last week for lieutenant governor, calling for new ideas in state government.

And then he said he was for more jobs, better education and an end to the "plague of drugs."

All well and good. But new ideas? It sounds like a copy of the announcement speech of every candidate.

I didn't do very well in economics--in school, or in real life. Maybe that's why I have a problem with this capital gains tax cut stuff.

Dallas columnist William Murchison says that if the capital gains rate is reduced from 28 percent to 19.6 percent, the gross national product would grow by \$40 billion over the next decade. By 1992, he said, there would be 400,000 new jobs, and 350,000 more by 1995.

Why not go all the way? Just think what could be accomplished if capital gains taxes were eliminated altogether.

### Prediction:

You may not see him performing on TV any more, but you haven't heard the last of Jim Bakker.

"Jim and Tammy." It has a nice ring to it. No doubt, someone already is getting ready to publish the memoirs of yet another convicted felon.

"What's the difference between Jim and Tammy and the common cold," one joke asks.

"Sooner or later a cold goes away."

The state government's total assets, such as cash, temporary and long-term investments, land and buildings, increased to \$60.7 billion, \$6.1 billion or 11.2 percent more than in 1987.

The state's liabilities, including outstanding bonds and other unpaid bills, also rose, jumping 10.3 percent to \$11.8 billion in 1988.

**Businesses asked to tax seminar**

Haskell County businesses are invited to send representatives to a tax seminar to be held next Thursday (Nov. 9) in Abilene. It is being sponsored by Bob Bullock, comptroller of public accounts.

Bullock said the seminar is designed especially for owners and managers of Texas businesses.

Most new business owners have many questions about their responsibility as Texas taxpayers. The seminar will help new taxpayers understand the Texas tax system and it will familiarize them with tax returns and other forms, Bullock said.

Royce Manning, an enforcement officer from the Abilene field office, will be at 1290 S. Willis, Suite 202, from 4 until 5 p.m. New and old taxpayers are welcome to attend, and there is no charge.

Bullock said that each of the agency's field offices will hold the new taxpayer seminar four times during the year--once each quarter. Invitations for the seminars are sent by mail to new taxpayers.

Haskell taxpayers who can't attend the seminar or have questions about Texas taxes can still get individual tax assistance by calling the comptroller's toll-free telephone number, 1-800-252-5555.

The Abilene enforcement office serves Brown, Callahan, Coleman, Comanche, Concho, Eastland, Erath, Fisher, Haskell, Jones, Mason, McCullough, Menard, Mills, Mitchell, Nolan, Ruppels, San Saba, Shackelford, Stephens, Stonewall, Taylor and Throckmorton counties.

**-BIRTHS-**

Deward, Becky and Josh Gordy of Rule announce the arrival of Michael Joseph Gordy.

He was born at 5:04 a.m. Oct. 23 at Stamford Memorial Hospital. He weighed 7 pounds, 11 ounces and was 21 inches long.

David and Lisa Papan of Lawn are proud to announce the birth of their daughter, Callie D'Ann, born Saturday, Oct. 21, at 8:07 p.m. at Humana Hospital in Abilene, weighing 8 pounds, 11 1/2 ounces.

She was welcomed home by big brother, Christopher.

Grandparents are Roy and Shirley Smith of Rule and Ora Papan of Ballinger. Great-grandparents are I. L. Smith of Haskell and Mr. and Mrs. Allen Davis of Old Glory.

**Stenholm named**

Congressman Charles W. Stenholm was one of two conservative Southern Democrats appointed to leadership positions in the House of Representatives last week.

He was appointed deputy whip for the 101st Congress by House Speaker Tom Foley, majority leader Richard Gephardt and majority whip William Gray.

"I am honored to be brought to the table with other Democratic leaders," Stenholm said. "This position will improve my opportunities to bring a new, conservative voice to the negotiating table and I will be more directly involved in the early stages of legislation."

**Weight Loss Pill 'Baffles' Scientists**

WASHINGTON - Scientists are baffled by a new weight loss formula that causes people to lose weight even though they don't change the way they normally eat.

Studies published in respected scientific journals such as The British Journal of Nutrition say that cyamopsis tetragonolobus, an ingredient often used to thicken ice cream, can cause permanent weight loss without dieting or exercise. Although several explanations for the weight loss are suggested, the most likely according to scientists, is that the ingredient seems to "trap" high calorie fat particles, decreasing their absorption in the intestines.

Scientists at National dietary Research, an organization committed to the research and development of nutritional solutions to world-wide health problems, have successfully isolated and incorporated cyamopsis tetragonolobus into an improved formula that greatly enhances the potential for weight loss over the ingredient alone. Called Food Source One, the revolutionary new formula provides a three-way scientifically designed process to help prevent calorie absorption.

The mechanism by which Food Source One works to decrease body weight is a complicated process called nutri-bonding. When chewed and swallowed immediately before meals, high calorie fats are replaced with lower calorie nutrients, thereby providing optimum nutrition and a minimum number of fat calories as explained in an instruction sheet that accompanies the tablets. The instruction sheet should be followed for optimum results.

Food Source One is unlike any other product on the market and is available immediately because it is not a drug and only contains natural ingredients already known to be safe. Physicians and pharmacists are praising Food Source One as a natural, drug free alternative for the treatment of obesity.

Food Source One is available at:

**Scouts attend camp**

More than 300 scouts from the Chisholm Trail Council and their dads attended the second weekend of the Cub Scout "Lad and Dad" campout held Oct. 21-22 at Camp Tonkawa.

Haskell pack 136 was represented by Justin and Matt Arendall, Tim Dewey, Rusty Howeth, Aaron and Matthew Kirk, Chris and Kevin McSmith and Cory Wood, and their dads.

As with the previous group, those attending the campout enjoyed archery, BB gun shooting, leather craft, Pinewood Derby races, the "duck shoot" and many other fun activities.

Each time a boy completed a particular activity he earned a different colored bead for his belt totem. The boys and their dads camped in tents which they set up, and ate their meals in the camp.

Haskell also was represented by three adult leaders who served on the camp staff--Bob Cass, Mary Dewey and Dusty Garison.

The success of the "Lad and Dad" campouts and the "Mom and Me" campouts, held earlier this year, have led officials of the Chisholm Trail Council to consider a family camping weekend for next summer.

The council is made up of scout packs and troops from across the Big Country area. It is based in Abilene.

Proposition 20 would abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris and Webb counties.

Proposition 21 would authorize the issuance of up to 475 million in bonds for tax-free college savings bonds by the Texas Higher Education Coordinating Board.

High cholesterol levels lead to heart disease. The kind and amount of fat we eat affects our cholesterol levels. If we eat too much fat (especially from butter, cream, meat and eggs) the cholesterol in our blood increases, and eventually clogs the arteries of the heart, and can lead to a heart attack.

# A man named 'Rule'

By Jack E. Westbrook  
Tulsa, Okla.

A few years ago while Skipper and I were putting together a history on our hometown, Rule, Haskell County, Texas, it suddenly became important to include something on W. A. Rule, namesake of our hometown. A check around home only turned up trivial which amounted to nothing that we considered adequate in portrayal of such an important part of what we want to do.

Honestly, I can't remember how we got the lead, but as I remember it, we called information in Kansas City, first in Kansas and then in Missouri, where we found a great-grandson who told us of W. A. Rule, Jr., being located in Mountainberg, Ark.

This was all we needed---we thought. First, we used the phone number given us by the Kansas City Rule, hearing this gentle voice on the other end, receptive and interested to the nth degree, inviting us to come to see him. With this there was no

doubt as to our course. We had to get acquainted with this gentleman.

We failed to ask him where Mountainberg was located. Now, we didn't know just how tiny the town was, but began to suspect when we couldn't find it on the map. A little sleuthing finally pinpointed it being located a few miles north of Fort Smith.

This made it an easy trip so we headed out on a cold February morning. On arriving in Mountainberg---rather suddenly as there was only a filling station and some empty, dilapidated buildings in the bend of a creek walled by the Ozark Mountains---we were a little skeptical of any of the homes we saw being his. An inquiry at the service station ended up with a crudely drawn map---not all that comforting with which to leave. We ended up winding around in the mountains, climbing slopes that taxed our car's strength and stability, finally reaching a home perched high on a mountain. Mr.

Rule met us graciously, immediately making us welcome with his genuine Southern charm.

This man was in his 90s, a widower, living there alone. He was long retired from the Civil Service at Fort Chaffee, near Fort Smith. His delicate features, including kind eyes and gentleness of voice, gathered us to him immediately. He made us welcome by showing us his home by which we were startled at its being on a bluff which could have been 500 feet high according to my stomach. From his porch one could see four states with a little imagination while uncomfortably holding one's self away from the railing. It was a comfortable home for a bachelor---not at all pretentious, much enjoyed by its treasurer.

Now, this man had a turn for history, particularly where his family was concerned. He genially showed us his treasures of family remembrances, explaining at length about his father with all the love, respect and

admiration a man could. It was touching to know that another man could have these feelings. He, very generously, loaned us from these treasures in order that we might put together a biographical sketch that would be befitting of the subject.

What we had assumed to be a short visit of 30 minutes or so quickly turned into a three-hour visit and an unforgettable experience for us. The coming of darkness, with our awareness of the trip back down the mountain, cut our visit short and caused us to have to decline an invitation to have supper with him. We left him, encouraging him to come visit with us in our home, and, having every intention of getting back over there to once more enjoy his company in his home.

We sent our bi-sketch to him for his suggestions and approval. Later we sent him a copy of the book which he received enthusiastically, and, with a degree of pride which made it all the more rewarding for our having put it together. We corresponded some, exchanged Christmas cards for the few years until we missed getting a card from him. We suspected something may

have happened. He passed away in the fall of 1988.

We will always appreciate how fate caused us to become acquainted with this kind and gentle person---so

interesting and interested.

And his having been enhances and gives a more real sense to the name "Rule" that his family loaned to us---and which we all so love.

## Public Notice

Southwestern Bell Telephone Company hereby gives notice that on August 29, 1989 the Company filed an application with the Public Utility Commission (PUC) of Texas to revise its Texas intrastate Digital Link Service Tariff. This application proposes to restructure the rates for MICROLINK II<sup>SM</sup> - Packet Switching Digital Service to establish uniform rates for the service in each of the market areas where it is offered within the State and to expand the service to an additional nineteen (19) Primary Market Areas (PMAs).

MICROLINK II<sup>SM</sup> - Packet Switching Digital Service is for business customers with interactive data transport requirements who are located within the Abilene, Amarillo, Austin, Beaumont, Brownsville, Corpus Christi, Dallas, El Paso, Houston, Longview, Lubbock, Midland, San Antonio, Waco, or Wichita Falls Local Access and Transport Areas (LATAs). This service utilizes several existing network services in combination with packet switching capabilities. A MICROLINK II Primary Market Area is the service area from which subscribers may reach public dial access to the service by dialing a local seven digit number. The twenty-four (24) PMAs that will be affected by this filing are: Abilene, Amarillo, Austin, Beaumont, Brownsville, McAllen, Harlingen, Corpus Christi, Victoria, Dallas, Fort Worth, El Paso, Houston, Galveston, Laredo, Longview, Tyler, Lubbock, Midland, Odessa, San Antonio, Waco, Temple, and Wichita Falls.

The PUC has assigned this matter to Docket No. 9034. It is estimated that the proposed rate changes and the addition of the nineteen (19) Primary Market Areas will increase the Company's annual revenues during the first year the proposed changes are in effect approximately \$222,000. For additional information regarding MicroLink II Service or this filing, please contact Southwestern Bell Telephone Company's Marketing Organization on 512-222-5808.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. The Commission has established an intervention date of November 27, 1989. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0223 or (512) 458-0227, or (512) 458-0221, teletypewriter for the deaf.

# Stamford rips Indians, 26-7

Haskell saw its district 7-2A record drop to 0-3 here Friday night when the Indians went down to the Stamford Bulldogs, 26-7.

The game was delayed about 30 minutes because of a rain and lightning storm which hit the stadium prior to the scheduled 7:30 p.m. kickoff.

Stamford's all-stateer Eddie Hall scored three of his team's touchdowns, one on a 23-yard pass reception and two more on runs of 2 and 27 yards.

The Bulldogs broke the scoring ice late in the second period when Hall caught the touchdown pass from Matt Barnett. The conversion attempt failed, but the Bulldogs held on to the 6-0 lead through halftime.

Hall made it 12-0 in the third period with his 2-yard scoring run and

then 19-0 when he ran 27 yards for a score.

The two teams swapped out last-period touchdowns, Stamford scoring on a 37-yard run by Eddie Pryor and Haskell countering when Rodney Johnson scooted in from a yard out. Roger Roewe kicked the extra point.

# Northside defeats Steers

Vernon Northside hung a 54-24 defeat on the crippled Rochester Steers in Vernon Friday night.

The winners jumped to a 26-0 lead midway through the second period before the Steers could get on the scoreboard. Rochester finally scored on a 45-yard pass from freshman quarterback Chris Carver to Todd Landes, but Northside scored again to take a 34-6 halftime lead.

Rochester scored in the third quarter on an 11-yard pass from Carver to Jacob Marin and got two more TDs in the final period on runs of 41 and 70 yards by Michael Brown.

The Steers' leading groundgainer, Kevin Conner, went out with an injury in the opening minutes. Quarterback Brad Bevel then was moved to running back, and he too went out with an injury.

Brown was the Steer's leading groundgainer for the game with 134 yards in 16 carries. Carver completed 5 of 7 passes for 111 yards.

Leading tackler was Ross Shaver with 13. Jeffrey Hollingsworth had 12.

The loss dropped Rochester's district record to 2-2 (3-5 for the season), while Northside improved to 3-0 (6-1).

This Friday, Rochester will be at home against Harrod.

# District 4-H Food Show coming up in Wichita Falls

Haskell County 4-H members are making final preparations for the Rolling Plains district 4-H Food Show to be held Saturday at the Sikes Senter Mall in Wichita Falls.

In the foods project, 4-H'ers learn the importance of including foods from each of the basic food groups in the daily diet. They learn the principles of nutrition as they relate to health, physical fitness and appearance, as well as acquiring and demonstrating skills in planning, purchasing, preparing and serving tasty, attractive and nutritious meals and snacks.

Eleven 4-H'ers from Haskell County will compete in the district show. They are:

Juniors: Jim Crawford of Paint Creek, Shannon Jordan of Haskell, Jodi Penman of Rochester and Shannon Sanford of Haskell.

Intermediates: Laura Barbour of Paint Creek, Jonathan Lammert of Sagerton, Leigh Ann Reel of Paint Creek and Heather Simpson of Rule.

Seniors: Kim Gilly of Haskell, Joni Penman of Rochester and Emily SoRelle of Haskell.

Entrants from 21 counties will compete in senior, intermediate and junior divisions. Each division has four food classes: main dish, fruits and vegetables, breads and cereals, and snacks and desserts. Contestants in the district event all are winners of their county food shows. Senior division winners in each category will advance to the state 4-H Food Show

next June in College Station.

Special beef awards will be given by the Wichita Area Cattlewomen. County extension agent Lou Gilly said the contestants will report to the shopping center in Wichita Falls at 9:30 a.m. Nov. 4. Judging will begin at 10 a.m.

The dishes will be on display in the mall and the public is invited to view them. Ribbons and awards will be presented during an awards

ceremony beginning at 2 p.m.

Cookbooks containing all the recipes prepared in the district show will be on sale at the competition for \$4 each, said Bethann Oswald, Young County extension agent-home economics, who is chairman of the district food show committee. Other committee members are extension home economics agents Pam Prather, Barbara Fangmann and Billie McMorris.

# Coldest October day recorded here

The 29-degree temperature recorded here Oct. 19 was a record low for the month of October, Sam Herren, weather recorder, reports.

The previous record low was 34 degrees set on Oct. 10, 1921.

Herren reported that temperatures during the month ranged from that low to a high of 100 degrees posted

on Oct. 1.

October rainfall measured only 1.11 inches, less than half of the normal 2.46 inches.

For the first 10 months of 1989, the moisture total stands at 16.44 inches, considerably below the normal 10-month total of 22.01 inches.

The world's best source of borax, a water softener, is in the Mojave desert. California.

### Public Notice

On October 18, 1989, Southwestern Bell Telephone Company (SWB) intends to file an application with the Public Utility Commission (PUC) of Texas to add a new service offering for business customers, called Consolidated Billing (CSB). The proposed effective date for this offering is December 4, 1989.

Consolidated Billing allows the business customer to combine an unlimited number of accounts within a single Revenue Accounting Office (RAO). Southwestern Bell Telephone Company's RAOs in Texas are located in Dallas, Houston and San Antonio. This service will establish a common billing date for each of those accounts so that they may receive one bill each month. Each customer account is tied together for billing purposes, but retains its own identity and level of detail.

#### PROPOSED RATES

There is no monthly rate associated with Consolidated Billing. However, a nonrecurring charge of \$15.00 will be applied to establish a Consolidated Billing arrangement. An additional \$15.00 nonrecurring charge will apply for each account which is incorporated into the Consolidated Billing arrangement.

Consolidated Billing (CSB) has been forecasted to generate an increase in first year annual revenues of approximately \$581,733.

Persons who wish to comment on this application should notify the Commission by November 24, 1989. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

### TAX PLANNING

*Written By*  
**James E. Rodgers, CPA**

---

#### YEAR-END TAX CUTTING SUGGESTIONS

Consider these suggestions for minimizing your 1989 tax liability:

- You can reduce your tax liability by delaying the receipt of income until 1990 and by paying more deductible expenses before December 31, 1989. Estimate your 1989 taxes first to see if this strategy makes sense in your situation.
- If you decide to defer income, consider asking your employer to delay paying your bonus until next year. If you have a cash-basis business, send out bills late in December so payment will be received in January. Remember, however, that you cannot defer taxation by merely refusing receipt of money to which you are entitled.
- Accelerate deductions by paying before December 31 your real and personal property taxes and charitable pledges.
- Avoid penalties for underpayment of estimated taxes, if necessary, by arranging with your employer to withhold additional amounts before December 31. Unlike quarterly estimated tax payments, withholding is treated as though it occurred throughout the year.
- Repair business equipment and buildings before year-end in order to deduct the expense in 1989.
- If you're a shareholder/employee of a personal service corporation, you may want to increase your salary or bonus before year-end. PSCs pay a flat 34% on all taxable income, but if you take such income out of the corporation as wages or bonus, it will be taxed on your personal return at a maximum 28% (with a 5% surtax in some cases).
- You can elect to expense up to \$10,000 of the cost of business equipment placed in service in 1989. There is a \$2,560 expensing limit on vehicles, and the expensing option is phased out if your total purchase for 1989 exceed \$200,000.

### If you worked as hard as a heat pump you wouldn't last 10 years either.

Electric heat pumps overwork themselves trying to do two different jobs. Pumping all summer, trying to keep the house cool. Then pumping all winter, trying to keep the house warm. No wonder heat pumps wear out at an early age (usually 7 to 10 years).

An efficient, economical propane gas furnace will last twice as long. That means long term comfort and savings.

### "DECISIONS MADE EARLY"

Many people plan for what might happen—fire, burglary, injury, and accidents. Now more and more people are planning for what will inevitably happen. It simply makes good sense to prepare for that which we can not avoid.

Pre-need funeral arranging allows one to control the type of service they would prefer, select a means of financing it, freeze the prices at to-days price, and save loved ones the anguish of deciding these matters at a later date. Really it is the loving thing to do for your family.

**--Letters to the Editor--**

Editor: There appears to be some bad information being spread around the state about Proposition 12 on the Nov. 7 ballot. This is the amendment that would allow the permanent school fund to guarantee state revenue bonds issued for locally approved school construction.

I want to set the record straight about Proposition 12.

In 1983, the voters approved an amendment to the Constitution to allow the permanent school fund to guarantee local school bonds. Proposition 12 would just allow the same permanent school fund guarantee for state bonds issued for local school construction.

Earlier this year, the Legislature created a new program that I proposed to help reduce interest costs for local school districts by combining locally approved bond issues into a larger, more cost effective state bond issue. Proposition 12 would allow the permanent school fund to guarantee those state bonds to get a better interest rate.

If, in 1983, voters were willing to extend permanent school fund guarantee to locally issued school bonds, who would object to guaranteeing state revenue bonds that will be paid off by local school districts? The answer is the

"consultants" who receive fees from local school district bond issues and who would get cut out of some of the action if the state helps districts combine their bond issues.

Proposition 12 would hit some local school district "financial advisors" in the pocketbook by cutting their fees. That's why they're against it. And their opposition alone should tell taxpayers that this is a good idea.

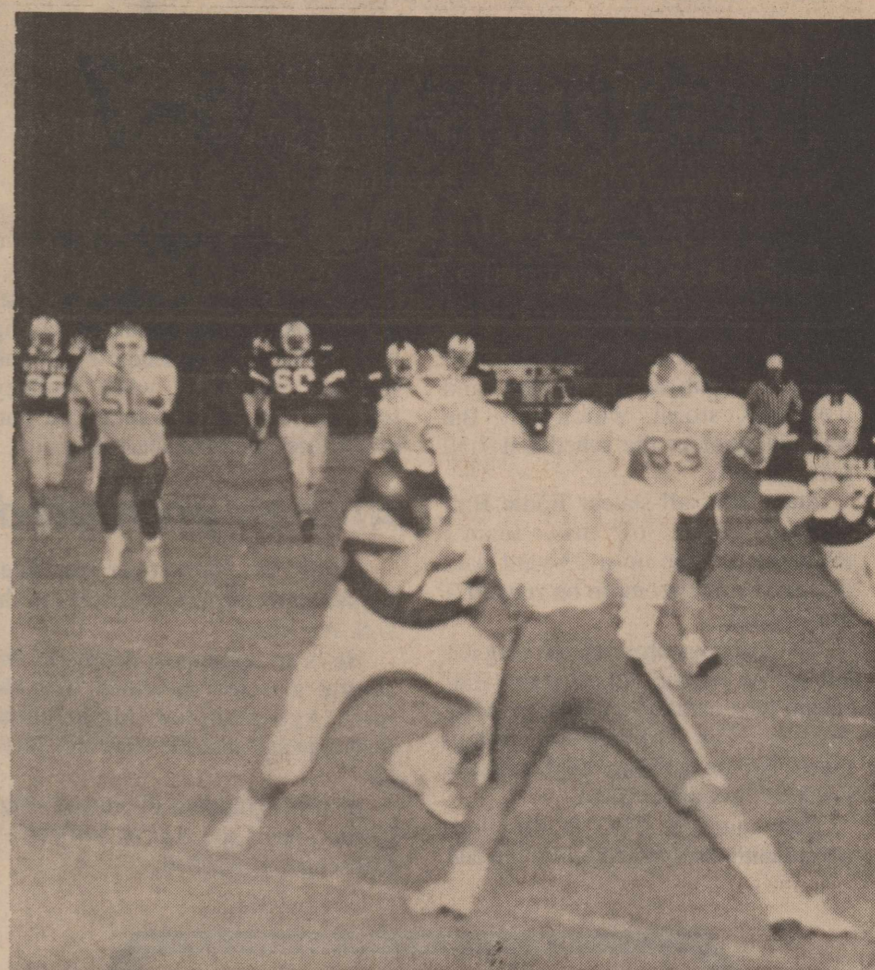

Proposition 12 would not increase administrative costs. The larger the bond issue, the more cost effective it is. Many school districts are now buying expensive bond insurance to get a high bond rating to produce a low interest rate. A permanent school fund guarantee backing state bonds would assure a high rating at no additional cost to local districts.

I can't say that in every case the state bond program will help a school district arrive at a lower cost. But if districts can get a better deal by banding together under the state's umbrella to lower their payments for legal and financial services, as well as reap the possible benefits of lower interest rates, they should have that choice.

**"This Christmas, Give Her Peace of Mind"**

A mammogram is the last minute gift that could last a lifetime.

Clothes. Jewelry. Perfume. You've spent so much time searching for that perfect gift for her. How about peace of mind? The peace of mind that she'll have in knowing she's taken the first step toward safeguarding herself against breast cancer. Mammography is a safe, low-dose X-ray exam that can detect breast tumors up to two full years before a physical exam. And if detected early enough, 90 percent of all breast cancers are curable.

The American Cancer Society advises that women age 35-40 should receive a base line mammogram; women age 40-49 should receive a follow-up mammogram every one to two years; and women over age 50 should receive an annual mammogram.

If she's precious to you, don't ignore these recommendations. Buy her a gift she would never think of buying herself. During this busy holiday season, buying a mammogram for her has been made easy. Simply purchase a certificate which can be redeemed for a free mammogram anytime during 1990. A mammogram... for her peace of mind.

**Rule students plan program**

Members of the Rule High School annual staff will sponsor the "Puttin' on the Hits" program for the third straight year.

The program consists of popular songs, both old and new, being acted out and lip-synched on stage by students and adults in Rule and Sagerton.

It will begin at 7 o'clock on the nights of Nov. 6, 9 and 11.

Approximately 18 numbers (acts) will be presented each night. Admission will be \$2.50 for adults and 41 for students up to high school age.

Starring in this year's program will be members of the sixth-grade theatre arts class, high school speech class and former theatre arts students, as well as other elementary, junior high and high school students.

**Unemployment here set at four percent**

Haskell County's unemployment rate in September was 4 percent, the Texas Employment Commission has reported.

Records showed that of the county's work force of 3,266, there were 3,136 employed, meaning only 130 were unemployed.

The local 4 percent rate compares with a state average of 6.3 percent.

Metropolitan areas with the lowest

unemployment rates in September were Bryan-College Station, with 3.8 percent; Lubbock, at 4.5 percent; Austin and Dallas, each with rates of 5.2 percent; Waco at 5.3 percent; and Fort Worth-Arlington with a 5.4 percent rate.

Highest unemployment rates were recorded in McAllen-Edinburg-Mission, where the September rate was 17.1 percent; Brownsville-Harlingen, at 11.3 percent; Laredo, with a 10.4 percent; El Paso, with 9.7 percent; and Beaumont-Port Arthur and Longview-Marshall, each at a rate of 7.9 percent.

**Breast cancer unit due here**

The mobile breast cancer detection unit from Odessa will be in Haskell Friday, Nov. 17.

It will be parked at Haskell Memorial Hospital. Appointments may be made by calling 864-2621.

**Tuesday holiday for courthouse**

No county business will be conducted Tuesday at the Haskell County courthouse.

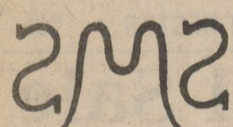

The courthouse will be closed for the general election.

*Words cannot express how grateful we are for the great love shown me and my family when I lost my son. We are lucky to live in Haskell and have such wonderful friends. May God bless everyone of you is my prayer.*

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as a result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. **The cost is only \$60.00.** A mammogram can detect a cancer this small, even before it can be felt.

We are busy in cotton harvest and continue hoping for more rain than the tad (1/4 inch) we received last Friday.

Fall has really fallen, though, the leaves are falling, and our "time" fell back an hour, as central standard time was instituted again on Sunday.

The drought has extended south to the Rio Grande Valley with a few showers on Sunday and Monday breaking the dry spell. The crops are limited, everywhere.

The foliage is particularly beautiful in the Hill Country; and the deer population, though late and skinny, are plentiful and interesting to watch and makes the drive more enjoyable.

We are remembering Willie Moeller in prayer as he recuperates from surgery to remove his fingers at Big Spring Veterans Hospital on Monday.

His problem is caused by poor circulation, which caused his fingers to degenerate.

Our concern is also for Junior (J.N.) Stewart who is presently in M.D. Anderson Hospital in Houston for facial treatments and tests.

Another on our prayer list is Bobby Hester, who is battling diabetes in the Haskell hospital at the present time. Toby and Alice Yates have spent a lot of time with Rowena at his bedside.

The sister of Francis Mahan continues in a very serious condition, but is in a convalescent home at this time. Francis remains in Phoenix, Arizona to be with her.

Little Douglas Carroll is recovering from a severe burn on his face, chest and abdomen, which occurred when he pulled a cup of hot coffee from the table and it spilled on him.

Doris will recover, too, but it takes emotional scars longer to heal! Our sympathy goes to each one.

Visitors to Weinert recently includes Mr. and Mrs. Orlan

Alexander with Dawson of Plains, their daughter, Johnnie Jones with twins, Kaillyn, and Danielle, Lois Wilson of Cleburne, and Nan Reeves of Abilene who came for a weekend visit in the home of Nelta Reeves.

Orlan attended the Mattson Homecoming and renewed acquaintances with his former classmates.

\*\*\*  
Thomas Alexander of San Antonio came this week for a visit with his mother, Bertie Alexander, and they made an excursion out to the Stamford lake and surrounding areas.

They will be in attendance at the annual Sanders family reunion on Nov. 4, to be held this year in Gorman, when all the descendants of Mr. and Mrs. Romulus Sanders will gather for the day.

\*\*\*  
Mr. and Mrs. Alton Sanders attended the 50th wedding anniversary of a cousin of Alton, Lois and Vernon Cates of Moran.

The party was held in the Senior Citizens Hall in Gorman with a big crowd of relatives and friends in attendance.

\*\*\*  
Pennie Boling and Tina Briscoe of Abilene were in Weinert for the weekend with their parents, Mr. and Mrs. Fred Horan and Bill Briscoe. Shadella Foster with Savannah and Angela of Stamford were also in town, in the home of her parents, the Fred Horans.

\*\*\*  
Mr. and Mrs. H. L. Guess hosted his family to a dinner in their home on Sunday.

Those present were his sisters, Mabel Derr, Otie and Clyde Mayfield; Rita and Chan Hughes of Munday; LaVern and John Mayfield; LaVera and Bud Hummell, of Sterling,

Illinois.

His brothers present were Mr. and Mrs. Bob Guess of Haskell; Mr. and Mrs. Rebus Guess of Haskell and Mildred Guess, wife of W. B. Guess, deceased.

They enjoyed reminiscing; picture showing and taking; eating and visiting and the time passed too quickly.

Susie and Pud Brockett entertained her nephew, Jerry Collins, of Abilene, who retired this year from his teaching position in the Indian School at Gallup, New Mexico, and purchased a home in Abilene.

Other guests included Coleen and W. C. Nance, of Summerville, with their son, Ricky and Sherry Nance, with Shannon, Ricky, Jr., and Clint, Susie's great-grandchildren.

Drew Coffman, five year old son of Mark and Darla Coffman, of Bridgeport, asked his parents for a few days "rest" from school so he could visit the Brocketts in Weinert, also. He brought JoJo (grandmother) Coffman of Goree, with him for the visit. He returned home on Tuesday.

The First Baptist Church set Oct. 29 as their High Attendance Day, and set a goal for 76. They were pleasantly surprised with a 94 high and they are to be congratulated.

They all enjoyed a fellowship dinner, and in the afternoon a concert of songs by Larry and Nancy Thompson, of Iowa Park.

\*\*\*  
The Foursquare Gospel Church enjoyed a weekend revival with the Rev. Joe Hall of Waldron, Ark., doing the preaching for the series of meetings.

On Sunday, Roy Herricks hosted a dinner in the Weinert Cafe for Mr. and Mrs. Hall, their children and all of Roy's families.

Roy says the only thing lost was a stick of chewing gum! But lots of food and fellowship were enjoyed by the several families.

\*\*\*  
The youth of the First Baptist Church were entertained with a

Halloween Party in the fellowship hall on Sunday night.

It was a costume party and fun and food was the agenda.

The party was sponsored by Mr. and Mrs. Hal Guess, and the pastor, Mr. and Mrs. Donnie Harber.

We extend congratulations to the Munday Mogul Band for the #1 rating in the District Band Contest held at Wichita Falls on Sat., and the opportunity to compete in the Regional meet on Nov. 4th.

The Weinert children who play in the band are Kole Sanders, Shanna Murphy and Denise Carroll.

Mary Murphy, Alice Yates and Lane Murphy were among those who sat through the rain to encourage the participants.

\*\*\*  
Congratulations to the Mogul Cross-country runners, who qualified to compete in the Region I meet to be held on Nov. 4 in Lubbock. Kenny Forehand is on the team.

\*\*\*  
Congratulations to Doneta Hudgens and Cindy Guess who will enter the walk-a-thon to benefit the American Heart Association! Only 5 miles!

\*\*\*  
Birthday balloons will fly this week for Tina Briscoe, Faye Jetton,

Ruth Jimenez, Clyde Mayfield, Jeremy Harlan and Marty Earl Happy birthday!

\*\*\*  
Congratulations to Bennie and Robert Horan, Jr., who will celebrate a wedding anniversary.

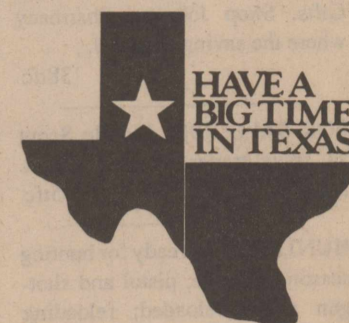

\*\*\*  
Congratulations to Kole Sande for making the A honor roll in the eighth grade, and to Arthur Garza for making the B honor roll in the Freshman class, both in the Munday school.

\*\*\*  
With the return to our center time, the Weinert Church of Christ has changed their schedule of service and it is as follows:
