Best ever! Fantastic season ends in regional finals

Year's rainfall is above normal

Thanks to 2.37 inches of rain in February, Haskell's rainfall during the first two months of 1990 is nearly double the average for that period.

Sam Herren, weather recorder, reported that the two-month total for 1990 is 3.59 inches. Normal for January and February is 1.84 inches.

Herren said temperatures during February ranged from a low of 25 degrees on Feb. 16 to a high of 83 degrees on Feb. 12.

Commodities given next week

USDA surplus commodities will be distributed in Haskell County next week at the following times and locations:

Wednesday, March 14: Sagerton Faith Lutheran Church Fellowship Hall, 10 to 11 a.m.

Thursday, March 14: Rule Church of Christ, 9 to 10 a.m.

Thursday, March 14: Haskell County Experience Citizens Center, 8 to 10 a.m.

Recipients are asked to bring a large grocery sack. Each person must present identification, including a Social Security card, before receiving commodities.

For more information, call the Aspermont Small Business Development Center at 817-989-2239.

Republicans set precinct convention

The precinct convention of the Haskell County Republicans will be held Tuesday after the primary election.

It will begin at 8 p.m. in the First National Bank Community Room.

Cooking school scheduled Monday

The second meeting in the series entitled, "Everything You Always Wanted to Know But Were Afraid to Ask" will be held at 7 p.m. Monday in the county extension office kitchen. There will be a charge of \$2 for those attending.

Lisa Hoff, electric living consultant for WTU, will demonstrate recipes using unusual fruits and vegetables prepared in the microwave oven.

The series of meetings is sponsored by the Home Economics Committee of the Haskell County Extension Program Council and is open to all people.

Teenage dance set for Saturday

A teenage dance is scheduled for Saturday night at the American Legion building.

Dancing will be from 8 to 11 p.m. with Mark Hannsz serving as disc jockey.

The Haskell Indians will just have to settle on compiling the best record in the school's history. There will be no state championship.

After a thrilling three-overtime victory over Hale Center in the regional tournament in Abilene Friday night, the Indians fell to the Abernathy Antelopes, 78-51, in Saturday afternoon's regional finals.

Maybe it was the grueling effort in the semifinal contest which finally did them in. They battled Abernathy to a 30-30 standoff in the first half, but the roof, and the season, caved in in the final two periods.

Abernathy outscored the Indians, 23-14, in the third period and 25-7 in the final frame. Haskell, which had only two turnovers in the first half, suffered 12 in the second half.

"We played pretty well," said Indian Coach Randy Stone, "but they played extremely well."

The coach said that Friday night's game against Hale Center definitely took something out of the Indian team. "But we have no excuse," he said. "They played Friday night too."

James Rike paced the Indian scoring, getting 30 points on 12

field goals and six free throws. He also led the Indians in rebounds with 11. Rusty Stocks had six field goals for 12 points.

In Friday's thriller against Hale Center, Haskell won its 30th game in what has to be one of the most exciting games ever.

The Owls jumped to a 17-10 first-period lead, but the Indians stormed back to take a 26-25 halftime lead.

The lead changed hands four times in the third period with the Indians holding a 41-39 cushion at the end.

It was more of the same in the fourth period as the lead saw-sawed back and forth until Hale Center took a 52-48 lead with about four minutes to go. A couple of 3-pointers by Harper Stewart and a field goal by Stocks put Haskell back ahead, 56-54, with 54 seconds to go, but the Antelopes' Koy Smith put in a shot to knot the score at 56 and send the game into overtime.

Rike put Haskell ahead, 58-56, in the first overtime, but Roshea Stephens drove in for a layup as time ran out to force another extra period.

Haskell fell behind by 3 points in the second overtime, but Rike connected on a 3-pointer at the buzzer to knot the score at 64.

Todd Vaughn hit a 3-pointer to get the Indians ahead by 3 at the outset of the third overtime. After a free throw by Smith, Vaughn sank a pair of free throws to give the Indians a 4-point lead at 69-65. A 3-pointer by Smith made it 69-68. Stephens then drove in for a layup, but was called for charging with 5 seconds to go.

Rike's 25 points led the scoring for the Indians. Stewart had 14, Stocks scored 13 and Shane Osborn had 12.

Congratulations

Haskell's James Rike gets congratulations from his mother, Mary, after the Indians defeated Hale Center in triple overtime in the regional tournament in Abilene Friday night.

A year to remember...

The 30-3 record posted this season by the Haskell Indians is the best in the school's history.

And coming on the heels of a 29-6 record two years ago and a 27-6 mark last year, the Indians boosted their three-year mark to an impressive 86-15.

The Indians dropped their fourth game of the season, to 3A Merkel, and didn't lose again until dropping a practice game to 3A Comanche before the bi-district playoff.

Of those 15 losses in Coach Randy Stone's three years at

Haskell, the Indians lost five practice games. Two losses came in the regional finals and one in the state semifinals.

In the 1987-88 season when they reached the state semifinals, the Indians' six losses came at the hands of one 4A school, three 3A schools, to district 7-2A foe Stamford and to state 2A champion Archer City in the state tournament.

The following year, they lost to two 4A schools, two 3A schools, to a state-bound 1A school in a

practice game and to 2A Farwell in the regional finals.

This year's team won the district, bi-district and area for the third consecutive year, reaching the regional finals on all three occasions, the only times Haskell has ever gone that far. They also won both tournaments they entered during the regular season, at Wylie and at Haskell.

Four seniors will graduate off this year's Indian team, James Rike

Good turnout expected for election Tuesday

With one contested local race among the Democrats and a local candidate for a statewide Republican office, a good turnout is expected for Tuesday's primary elections in Haskell County.

As of 1 p.m. Monday, 41 Democrats and 21 Republicans had cast absentee ballots. This would indicate an "above normal" interest in the primaries.

Only county race is among a couple of Democratic contenders for the office of county clerk, where incumbent Woodrow Frazier is being opposed by former County Clerk Rhonda Moeller.

Most Republican interest centers around the race for state commissioner of agriculture where State Rep. Rick Perry of Haskell is seeking his party's nomination over two other candidates, Gene L. Duke and Richard McIver. Perry's campaign is largely, if not totally, responsible for a Republican primary in Haskell County for the first time in years.

The Republican winner will face the winner of the Democratic primary in November's general election. In the Democratic primary, incumbent Jim Hightower is being opposed by Dan A. Krenek, Paul McDaniel, Dan Pustejovsky, Neal Burnett and John Earl Smith.

Another Haskell man is a candidate for State Representative of District 64. Ken Lane of Haskell, John Cook of Breckenridge and Mike Smiddy of Mineral Wells are Democratic candidates for the office being vacated by Perry. Lone Republican candidate for the position is Fred Gough of Graham.

Local candidates unopposed in the Democratic primary are B. O. Roberson, county judge; Carolyn Reynolds, district clerk; Willie Faye Tidrow, county treasurer; Hugh E. Peiser, county surveyor; Roy T. Everett, justice of the peace; Ronnie Chapman, commissioner of precinct 2; and C. A. (Bud) Tidrow, commissioner of precinct 4.

Outside of the races involving

local candidates, chief interest in Tuesday's primaries centers around the race for governor.

Former Gov. Mark White, State Treasurer Ann Richards and Attorney General Jim Maddox head

When? Where?

Voting hours in Tuesday's Republican and Democratic primaries will be from 7 a.m. to 7 p.m.

Absentee voting will remain open through Friday.

Voters are reminded that any voter may vote in either the Democratic or the Republican primary, but not both.

Those voting in the Republican primary will cast their ballots at the First National Bank Community Room, regardless of where they live in the county.

Democrats will vote at the following polling places:

Precinct 1: Haskell National Bank Community Room. Phil Coleman is precinct chairman.

Precinct 2: Haskell County Library. Bobby Howard Sr. is precinct chairman.

Precinct 3: Haskell County extension office. Glenn Merchant is precinct chairman.

Precinct 4: Justice of the Peace office in the Haskell County courthouse. Glenda Martindale is precinct chairman.

Precinct 5: Rule Public School. Bill Dunnam is precinct chairman.

Precinct 6: Home State Bank in Rochester. Susan Turner is precinct chairman.

Precinct 7: O'Brien City Hall. Audie Johnston is precinct chairman.

Precinct 8: Weinert School. Joyce Hager is precinct chairman.

Precinct 9: Paint Creek School. Wayne Peiser is precinct chairman.

Precinct 10: Sagerton Community Center. F. A. Ulmer is precinct chairman.

Food and entertainment at Civic Center Friday

Food and entertainment are in store for those who attend Friday night's activities at the Haskell Memorial Civic Center.

Guests will be treated to hamburgers between 5:30 and 6:45, and then one-act plays by students from Rule and Rochester, beginning at 7.

Tickets may be purchased from any member of the Civic Center board, or at Lane-Felker, Johnson Pharmacy and Haskell National Bank. They also will be sold at the door. Cost is \$5 each.

Randy McLelland, youth director of the First Baptist Church, will be master of ceremonies.

In the one-act plays, Rochester and Rule students will be presenting plays they will enter in the University Interscholastic League contests later this month.

Rochester High School will present "Meet Me in St. Louis." The cast includes Stephen Andrada, Alexy Hearn, Jennifer Shaver, Lafaun Walker, Jennifer Smart, Mindy Ballard, Kurt Sloan, Lenore Medina, Jeff Hollingsworth,

Michael Hester, Kellie Spraberry and Rocky Speck. Pat Quade is director.

Rule High School will present "Blithe Spirit." Included in the cast will be Mary Ann Hatley, Melissa Carreon, Jason Halliburton, Craig New, Tammy Sanders, Kenna Tanner and Tori Jenkins. Debi Rawlings, Shelly Williams and Mary Lou Hernandez are crew members and Bobby Robinson is director.

Proceeds from Friday's event will go to the Civic Center.

the seven-candidate field in the Democratic primary.

Republican gubernatorial candidates include Clayton Williams, Jack Rains, Kent Hance and Tom Luce. There are three other lesser-known candidates on the GOP ticket.

U.S. Sen. Phil Gramm is unopposed in the Republican primary. Democratic candidates for U.S. Senate are Harley Schlanger and Hugh Palmer.

Neither Bob Bullock, Democrat, nor Rob Mosbacher, Republican, is opposed in the primary for lieutenant governor.

Also unopposed is U.S. Rep. Charles Stenholm, Democrat. No Republican is seeking that office.

Haskell County voters also will help the state elect nominees for attorney general, comptroller of public accounts, state treasurer, commissioner of the general land office, railroad commissioner and a number of judges for the supreme court and the court of criminal appeals.

Also to be decided Tuesday will be the fate of three referendums on the Democratic ballot dealing with the rights of citizens to demand a trial by jury, maintaining the right to nominate and elect judges and the adoption of comprehensive insurance reform legislation.

Thad Jennings on ACU honor roll

Thad William Jennings has been named to the Dean's Honor Roll at Abilene Christian University.

He is the son of Mr. and Mrs. Timothy Jennings of Haskell.

To be listed on the honor roll, a student must be enrolled for a grade in at least 12 semester hours and earn a 3.45 grade point average or higher.

Shane Osborne, Harper Stewart and Roger Roewe. But returning will be Rusty Stocks, Todd Vaughn, Chad Gibson, Adam Coleman and Craig Hanson, all juniors.

The two returning starters, Stocks and Vaughn, will give Haskell twice as many starters returning next year as they had this year when Rike was the lone returnee.

Of course, this year the Indians picked up a couple of valuable transfers in Stewart and Vaughn.

The Indians made 197 of 485 three-point goals this season, an average of 40.61 percent. From the free throw line they were 64.97 percent--382 of 588.

Coach Randy Stone, in his third year at Haskell, now has a 245-94 record in 12 years as a varsity coach. That averages out to about 20-8 per season.

Abernathy, winner of the regional, didn't even win its district. The state tournament team finished second to Hale Center, losing by 4 and 11 points in their two games with Hale Center.

Turnbow seeks re-election

I would like to express my thanks to each and everyone in Precinct 4 for your support in the past and will appreciate your help in re-electing me again as your County Commissioner.

I feel that I am experienced enough that no problem is too much to take care of. I am also fully aware of the business of the court as well as the building of roads and bridges. I've had a part in several projects in the county that I'm proud of.

I've tried to contact each and everyone and if I've missed anyone, please accept my apology.

C. A. (Bud) Turnbow

Student selected 'Who's Who'

Shane Buchanan is scheduled to appear in the 23rd annual edition of *Who's Who Among American High School Students, 1988-89*.

Who's Who is the largest high school recognition publication in the country. Students are selected by high school principals and guidance counselors, national youth groups, churches or by the publishing company based upon students' performance in scholarship award contests or extra-curricular activities.

Final selection is determined on the basis of criteria which include high achievement in academics and leadership in school activities, athletics or community service. Traditionally, 99 percent of *Who's Who* students have a grade point average of "B" or better and 97 percent are college-bound.

Who's Who students also compete for over \$65,000 in scholarship awards and participate in the publication's annual opinion poll of teen attitudes.

Shane is the son of Jennabeth Kimbrough of Haskell.

Champion Duroc

Rodney Medford of Paint Creek FFA exhibited the champion Duroc barrow at the 41st annual San Antonio Stock Show and Rodeo. The barrow was purchased by Sanger and Altgelt Insurance of San Antonio for \$1,000.

Rodney Medford has champ Duroc

On Feb. 11, Rodney Medford and Jay Miller, along with Stephen and Kelly Green, took eight barrows from Paint Creek to the San Antonio Livestock Expo in San Antonio. These eight barrows were part of the 2,799 entered in the Junior Barrow Show.

The barrow sift started at 8 Tuesday morning and lasted until 8 that evening. Alan Keppy, the judge, also did the sifting and picked 1,615 barrows to stay and show. Of these, there were 125 other pure bred, 230 Yorkshires, 320 Hampshires, 290 Durocs, 470 crossbreds and 180 Chester Whites.

Medford's Duroc weighed in at 228 pounds and was in the lightweight class. After about 45 minutes of judging, Rodney won first place.

After the middle and heavyweight classes were shown, Rodney came back to show for champion Duroc which he won. On Thursday evening, after all the breeds had been shown, all the breed champions were called to the show ring for grand champion barrow.

The champion crossbred was chosen as grand champion and the champion Yorkshire was chosen as the reserve grand champion.

Also showing from Paint Creek was Shawn Barbour, who had the fourth-place heavyweight Chester White out of 58 other barrows. Laura Barbour also had a fourth place with her middleweight Duroc out of 95 other barrows. Jay Miller and Leigh Ann Reel competed in the lightweight Hampshire class with 82 other barrows. Dane and Roman Morgan and Kelly Williams also sent their barrows to the show.

While in San Antonio, Jay, along with his parents, David and Sue Miller, Rodney and his parents, Burl and Dolores Medford, Shawn and Laura with their parents, Steve and Debbie Barbour, Leigh Ann and the Greens went through the Hall of Horns at the Lone Star Brewery and saw the many different types of wildlife on exhibit there.

Rodney purchased his champion Duroc from Sam Sparger at his annual show pig sale in early November.

TAX PLANNING

Written By
Gerald Rodgers, CPA

TAX REMINDERS

Several tax deadlines are fast approaching; don't overlook any of these that apply to you:

- March 15 is the due date for filing 1989 calendar-year corporation income tax returns. It's also the deadline for filing the necessary papers to elect S corporation status if you choose to do so.
- April 15 is the traditional deadline for filing your individual income tax return. However, this year April 15 falls on a Sunday, so Monday, April 16, is the due date for 1989 individual income tax returns unless you file for an automatic extension. The extension does not give you additional time to pay any 1989 taxes that you still owe, however. Your tax must be estimated and any balance due paid when you file for extension.
- April 16 is the due date for 1989 partnership information returns for calendar-year partnerships. 1989 annual gift tax returns are also due. It's the last day to make your 1989 IRA contribution, even if you get an extension to file your tax return. April 16 is the last day to make a 1989 Keogh plan contribution, but this contribution deadline may be extended if you file for a tax return extension. April 16 is also the last day to file an amended return for 1986, unless you had a filing extension on your 1986 tax return. April 16 is an important deadline if you are required to make estimated tax payments; your first installment for 1990 is due that day.

If you have a sizable balance due or a large refund when you file your 1989 tax return, you should review and possibly adjust your W-4. That's the form you filed with your employer, which is used to calculate your income tax withholding. If you are having too little withheld, you may be subject to penalties, and if you are having too much withheld, you are giving the IRS the interest-free use of money which you could be using or investing yourself.

--Letters to the Editor--

Survival

Editor: I would like to take a moment to address a very important subject--the survival of Haskell.

With the economy as it is, we in Haskell face a real problem. We cannot survive in our own little world any longer. Look at the other small towns. First, the downtown area dies and the sales tax drops, people start moving away, property values drop, the school will lose students and funding and the hospital will lose its tax base.

What can we do? Thus, the creation of the Haskell Business Association of the Chamber of Commerce and the birth of the "Super Second Saturday."

"Super Second Saturday" is purposed to take place the second Saturday of every month. It is meant to attract out-of-town people as well as the citizens of Haskell to our town. Activities on the square will be planned as well as the merchants offering incentives for buying.

I firmly believe that this concept will be a boon to Haskell community as out-of-town monies will be brought to our economy. I, as a retail merchant, will support the "Super Second Saturday" concept because I believe it will help my fellow merchants, business people, friends and neighbors of Haskell and surrounding communities.

I also believe most of us are hard-working Christian people who want a good town in which to live and raise our families. If you are one of these persons, please join us in the Haskell Business Association, and the survival of Haskell.

Barbara Harris

Thanks, Indians

Editor: Thank you to the Haskell Indian basketball teams, the coaches and parents for all the fun we had watching the games.

Congratulations on your teamwork, your talent and your accomplishments.

Parking

Editor: Who owns the parking spaces in front or beside a business? Can a business owner dictate who parks in front or beside their business? If one pays taxes on a building, do they own the street in front of it, also?

I am from out of town and work part time throughout the year for a local business. For the past month, I have been harassed by another merchant for parking in one of "their" parking spaces, which I consider to be public. I have had "petty" notes taped to my windshield, I have been cursed at, I have had these people park bumper to bumper with my car, not to mention the hateful stares pointed in my direction.

I am appalled at the childish behavior I have witnessed from these senior citizens, whom I thought (until recently) were well respected in this community.

Is this America? The land of the free and of the loving?

All I am trying to do every day

is help make a living and mind my own business. The parking space one chooses should be his or her decision, especially without being harassed by others.

Texas Chiefs have first Fun Fly

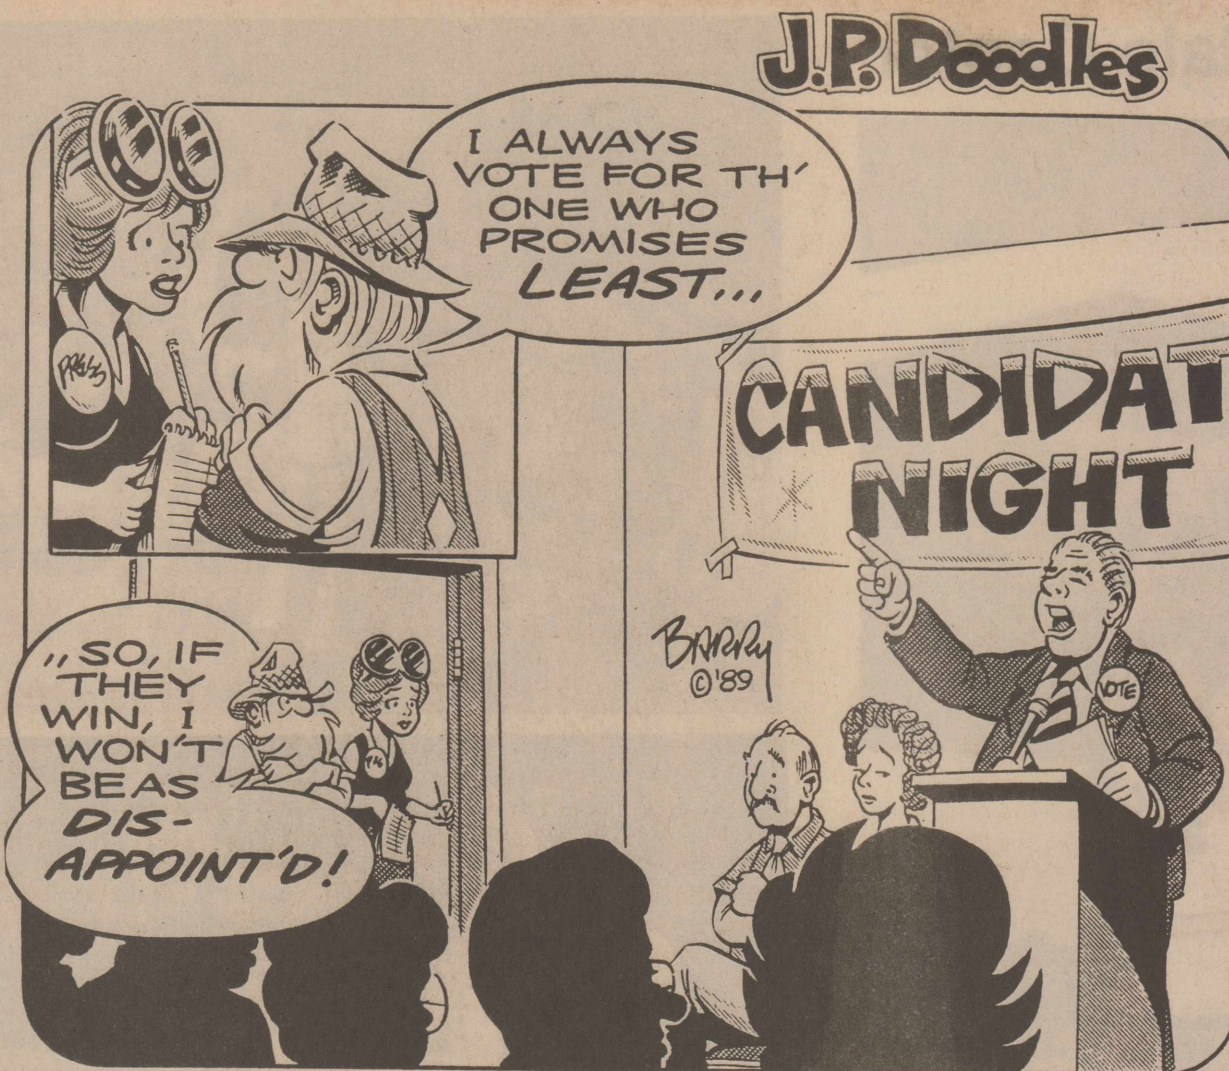

The Texas Chiefs Model Airplane Club held a Fun Fly Sunday at the Haskell Model Airport. A good turnout resulted in the sky being filled with models.

As usual, the first contest of the season saw a few minor mishaps. When the points were totaled, a tie resulted which required a flyoff.

Mark Bailey, newly returned to this area, emerged as winner over Brandon Cottingham of Munday. Third place was won by Jim Cottingham of Munday; fourth by Kirk Styles of Throckmorton; and fifth by Kip Nemir of Haskell.

Club Fun Flies are planned for each month with a two-day area event set for June 2-3. Visitors are invited to attend the flying at the field east of town.

We have pens that write pink, light blue, purple and burgundy to match your favorite stationery. Pick a color at the Haskell Free Press.

BY WENDELL FAUGHT

A 10-year-old boy's definition of water: "A clear liquid which turns black when you wash in it."

Attorney general candidate Tex Lezar presents some sadly impressive statistics.

In 1988, parole or probation violators accounted for 76 percent of the admissions to the Texas Department of Corrections. This compares to 46 percent in 1978.

Translated into numbers, this reveals that in 1988, the prison system took back 12,598 parolees, mandatory supervisees and shock probationers--up from just 551 in 1971.

In olden days, prisons were places of punishment. But in modern times, religion-based convictions about punishment have waned and prisons have become penitentiaries to rehabilitate law breakers.

New Mexico Attorney General Hal Stratton wrote in his office's report for 1989:

"The sad fact is that the history of rehabilitation efforts in the United States is one of over 200 years of failure."

The 64th state legislative district, which includes Haskell and seven other counties, covers 6,701 square miles. The area is larger than five American states.

At least, that's what Mike Smiddy, candidate for state representative, said the other day.

Election quiz: Who are Ed Cude, Royce X. Owens, Stanley Adams, Theresa Hearn-Haynes, Ray Rachal and Earl Holmes?

They're all candidates for governor in next Tuesday's primaries. The first two are Republicans, the others Democrats.

And, then there are some interesting names on the ballot.

Like: Warren G. Harding, Jr., candidate for comptroller, Scrapy Holmes for the Supreme Court, Buster Brown for attorney general and Sam Houston Clinton for the Court of Criminal Appeals.

It would take the manure from 83 million cows to produce the nitrogen needed to replace the chemical fertilizer used on the nation's corn crop. So says the Fertilizer Institute.

And did you hear about the two elderly sisters who died and went to heaven?

After viewing the beautiful pearly gates, the streets of gold, the marvels and beauty of the palace, on sister turned to the other and asked:

"It's so pretty here. Why didn't we come sooner?"

"We would have," said the other, "if you hadn't insisted on us eating all that oat bran."

Lie detector tests for job applicants are now outlawed in several states.

But a new culprit has risen on the horizon: Graphoanalysis. That's the art of analyzing a person through a study of his/her handwriting.

The International Graphoanalysis Society estimates that 350 graphologists work full time as consultants to American companies.

An Abilene service station advertises a two-gallon can of kerosene for \$5.29.

At \$2.645 per gallon, my calculator tells me that's more than 37 times what we got for kerosene at the service station where I worked as a teenager.

And if you think that's inflation, what about this:

On Sept. 1, 1905, Honus Wagner, the legendary shortstop for the Pittsburgh Pirates, gave the J. F. Hillerich & Son Company permission to use his name on its Louisville Slugger baseball bats for a consideration of \$75.

Today, the likes of Michael Jordan and Joe Montana can demand--and get--millions for the use of their names on commercial products.

Rike and Stewart on all-district team

James Rike heads the all-district basketball team selected by coaches of 7-2A schools.

The 6-4 Haskell senior was voted the district's most valuable player.

Also named to the all-district team was Harper Stewart of the Indians.

Rike led the Indians in scoring, averaging 28 points per game. He shot 59.5 percent from the floor.

Stewart, also a senior, was the team's second leading scorer, averaging 14.3 points per game. He led the team in 3-point goals, making 97 of 219.

Shane Osborn was recipient of the Fighting Heart award.

Osborn and Rusty Stocks received honorable mention for all-district. Osborn averaged 7.8 points per game and Stocks averaged 10.3.

Tickets to go on sale for 20th Hee Haw

Sagerton Hee Haw fans will be marking their calendar.

Tickets for the 20th annual song and comedy show will go on sale Wednesday, March 14, at 8 a.m. They are \$3 each.

Tickets will be available at the home of J. B. and Dorothy Toney in Sagerton or by calling 817-997-2688. Mail orders may be sent to the Toneys at Rt. 2, Box 10A, Sagerton 79548.

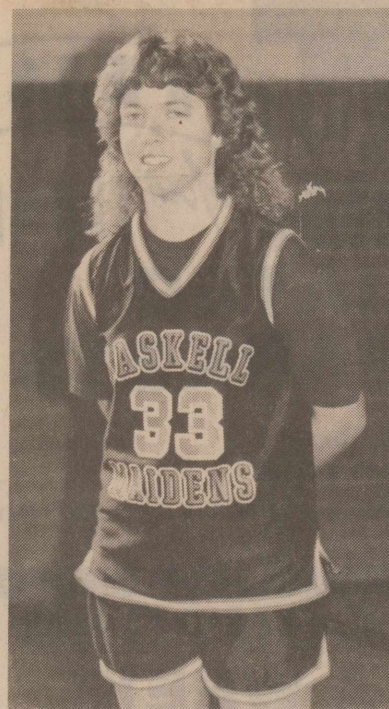

The 1990 edition of the Hee Haw, which features the best of the last two decades, will be on March 29-31 at the Sagerton Community

Center.

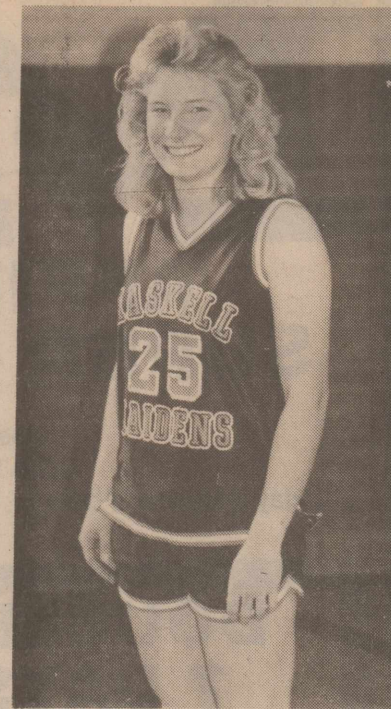

Doors to the lunchroom will open at 5:30 p.m. Auditorium doors will open at 7, with music provided until the show starts at 8.

As was done last year, the first night's performance will be designated as Senior Citizens Night for area groups and organizations.

The menu on Thursday will include sandwiches, homemade pie and drinks. On Friday and Saturday nights, a plate lunch will be offered, along with pie and other items, including sandwiches.

Missy Davis

Shelia Unger

Davis and Unger on girls' all-district

The Haskell Maidens placed two performers on the all-district basketball team.

Missy Davis and Shelia Unger, were chosen by district 7-2A coaches for the all-district team.

Davis led the Maidens in scoring with a 17-point average. Unger averaged 13 points per game.

All three of the other starters for the Maidens, Amanda Diaz, Misty Bartley and Tonya Isbell, received honorable mention.

by Vicky Anderson

Visitors of Travis and Lorene Boyd this past week were Omar and Lois Strickland of Rainsville, Alabama.

On Monday, the 26th Valeta Mullins met your writer for lunch at Maggie's in Stamford. They visited Mildred Smith and her sister, Martha Green.

The night of Feb. 27 was the Secret Pal "Get-Together" where we revealed who our pals were. Everyone was asked to submit a sketch of herself, and the pal tried to guess who it was. Everyone had brought food, so a nice meal was enjoyed by all present. Shannon and Beth Kittley are doing a fine job as originators and planners of this program. A fun time was had by all. Names were drawn for the next six months.

On Wed., Feb. 28, Vicky Anderson accompanied her cousin, Valeta Mullins of Hamlin to Odessa for a couple of days visit with Mrs. Mullins' sister, Marjory Johnson and husband, Doby Johnson.

My sincere thanks to all of you nice people who are so faithful at calling in your news to me.

Last Tuesday the 27, Vicky Anderson and a granddaughter along with Valeta Mullins had lunch at the VIP Center in Stamford. Earlier Mrs. Anderson had stopped briefly to see Mildred Smith and her sister, Martha Green.

Some women of Rule attended a bridal shower in Aspermont at the Home Economics Cottage on Sat. afternoon, which was held for DeDe Gilley, bride-elect of Kevin Saffel. Among the guests were Kevin's sister, his mother, grandmother, some aunts and cousins. Guests were there from Merkel, Hawley, McCaulley, Abilene, Swenson and Rule.

Visiting with the Dick Burleson's lately were Jaci Tischler, Crystal and Jeffery and Pam Holmes, Misty, Mandy and Michelle from May. They attended worship services for the Church of Christ where Jaci saw several former Rochester citizens to visit with.

Raymond and Ota Lee Culpepper from Midland visited overnight before having to return home for doctors appointments. Raymond is a cousin to Dick and Shooter Dabney and lived in Rochester years ago where he kept books at the gin. Shooter and Anita Dabney of Haskell fixed lunch for everyone including his sister-in-law Pansy Dabney, her daughter and son-in-law from Brownwood, who had come for H. L. Mathery's funeral. Everyone enjoyed the short visit since it had been quite awhile since each had seen the other.

Last weekend Dick's sister, Sue Wyatt, Stephanie, Jay and Sue's two foster children D.J. and Robert visited overnight. They were here to attend Johnny Strickland's funeral. Sue is a former Rochester woman who was named "Woman of the Year" in Electra recently. (Everyone

who cares for small foster children should be honored as such).

My apologies to Faye Kincaid and Gladys Dyches, whose names were omitted in the newspapers as sisters of the late T. J. Webb. I'm afraid that is what happens when I take information over the telephone. Both of these ladies are Rule residents. I am truly sorry for any distress that this may have caused them.

On Sunday evening Dovie and Vicky Anderson attended the 2nd annual area-wide worship service held in the Hamlin High School auditorium which was sponsored by the Hamlin Church of Christ. Guest speaker was Willard Tate, Associate Professor in the Communications Department at Abilene Christian University and is also minister of the Hamby Church of Christ. The Sunset Singers from Lubbock: Ed Billock, Tony Grisham, Rick Harper, John Maxwell and Sam Roberson presented some beautiful gospel songs. Later, the entire audience sang seven songs led by Tony Grisham and Ed Billock. It was a most inspiring program. Afterwards refreshments were served in the high school cafeteria. It was wonderful to see many old friends from Hamlin, Stamford and Aspermont.

The almost two inch rain that we received last week was most welcome. As you no doubt have noticed, the wheat has 'greened' up and looks great.

The Andersons were Sunday dinner guests of a daughter and family. A most delicious meal from the Mesquite Tree was enjoyed by all. Incidentally, if you haven't had the pleasure, please do try their food.

Food for thought: 'It is not the happy people who are thankful. It is the thankful people who are happy.'

Child discipline to be discussed

Disciplining children today is a difficult task. Knowing what is too much or too little can be a real dilemma for parents.

Shedding some light on the subject for Haskell residents will be Bill Hoke, a psychologist consultant with Children's Enterprises, Inc., in Lubbock. His topic is positive discipline, and parents and other interested community members may hear him at the Haskell National Bank tonight (Thursday) at 7 p.m.

BECAUSE HE IS ONE OF US

Dear Friend:

We have a lot in common here in west central Texas. We share a glorious history. Our ancestors worked hard, sometimes had to fight hard, to make our land productive and secure.

We believe in the Lord, in ourselves, and in our families. We want steady work, a fair price, and a healthy economy. We want our children to have a good education and an opportunity to build their future here at home.

In order to accomplish these goals we need a state government that furnishes quality services efficiently and economically. A government that stands by our sides and stays off our backs.

I believe we can do better, that's why I'm running for State Representative. I know by working together and carefully using our resources we can make sure Texas' best days are ahead of us. I ask for your vote and support in this effort.

Thank you,

John R. Cook

Child Welfare Board

The Haskell County Child Welfare Board met Feb. 20 in regular session in the Jury Room with five members and Linda Haynes, DHS supervisor, present.

Chairman Brian Burgess called the meeting to order and led in prayer. Minutes of the November and January meetings were approved. There was no December meeting and a quorum was not present in January. The treasurer reported the donations at Christmas from individuals, organizations and pictures with Santa Claus and money received from the sale of Haskell Indian pens. A bill had been paid to the Haskell Clinic.

The business session centered around plans for Child Abuse Awareness during April. Radio station KVRP and the Haskell National Bank will be contacted to feature announcements. Copies of "Teachers and Child Abuse" will be ordered and presented to all teachers in the county.

It was also decided to check into the placement of the 24-hour child abuse hotline (1-800-252-5400) in each classroom.

Mary Martin gave a report on the Region 04 Child Welfare Advisory Board meeting at TDH headquarters in Abilene Feb. 20. Ron Lindsey, new commissioner and head of the Texas Department of Human Resources, spoke of the changes in the organizations,

reduction of employees, shared responsibilities and accountability, and a shortage of funds but a dedication to the caring and commitment to children and the very poor. There was a time for a question and answer period.

Mrs. Martin also reported that she had been asked to serve as liaison to Region 04 Foster/Adoptive Parents Advisory Board and had attended two meetings. There are 10 foster parents organizations in the region. The purpose of the board is to open up communication and work out some of the problems together. A number of training sessions for foster/adoptive parents have been set up throughout the region during February and March.

Billie McKeever invited board members to attend parenting meetings held on the first Monday of each month.

The president asked that the meeting date be changed to the first Tuesday of each month. By mutual consent the next meeting will be March 6.

Sam Edwards is one of many Haskell County farmers who will use a conservation plan to treat soil erosion on highly erodible land.

Edwards uses plan on erodible land

By David Sikes
SCS Conservationist

Sam Edwards is one of many farmers in Haskell County who operate land classified as "highly erodible land" for purposes of the current government farm program.

Like the others, Sam developed a conservation plan with the Soil Conservation Service that recommended specific conservation treatment for highly erodible land. He obtained the conservation plan in order to remain eligible for participation in the farm program.

Sam is relatively new to Haskell County. In 1986, he took over a farming operation owned by his father-in-law, Leland Woodward of Graham, which is located 10 miles east of Haskell. He grows cotton, wheat and haygrazer on 1,265 acres

of cultivated land and grazes cattle on approximately 1,500 acres of native rangeland. Of the cultivated land, 750 acres are classified as highly erodible land and required a conservation plan.

Sam's conservation plan recommended treatment on all highly erodible fields. Conservation practices like crop rotation, conservation tillage, grassed waterways, terraces and management of crop residues were all included in the plan. Application of the plan must begin in 1990 and be completed before 1995.

Sam will follow a close schedule of building waterways and terraces during the next five years. Since treatment must begin on each field during 1990, he will complete the construction and seeding of grassed waterways this year on fields that

will be terraced later, and will begin building terraces this year on other fields that have existing waterways. He will then build from 22,000 to 27,000 feet of terraces each year from 1991 through 1994 to complete his plan.

Sam has a desire to take care of the land he farms whether it is, or is not, a requirement of the farm program. After he completes the plan on highly erodible land, he wants to start treating the erosion problems that are present on the other cropland, and wants to eventually make improvements to the native rangeland.

Older workers spotlighted

Recognizing the importance of meaningful employment for senior Texans, Texas Department of Aging executive director D. P. Bobbitt, has proclaimed March 11-17 as "Employ the Older Worker Week" in Texas.

Bobbitt urged all employers and co-workers of older Texans to acknowledge the value of their

accomplishments and achievements in the work place.

The annual event focuses special attention to the growing and valuable resource of seniors as a source of experience and dependability for both public and private sector employers.

Green Thumb, Inc., a senior community service employment program, funded by the Department of Labor and sponsored by Texas Farmers Union, assists older workers with training and part time employment through assignment to local non-profit organizations.

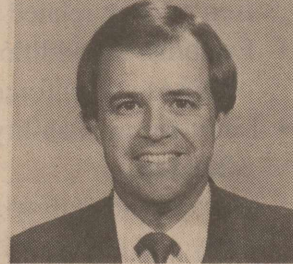

Green Thumb enrolls more than 1,000 seniors to provide needed manpower services in such areas as senior centers, day care and headstart programs, schools, public works, weatherization, libraries and municipalities.

Haskell County enrollees include Faye Wright, Juanita Bevel, Lavern Brown and Dovie Anderson of the Haskell County Experienced Citizens Center and Dorothy Carmack of Rochester ISD.

I am Mike Smiddy, candidate for State Representative.

I grew up in rural Texas and I want to represent you in Austin with fairness and honesty. The decisions made by the Legislature affect my family as they affect your family. I feel that I am in touch with the average voter because I am one.

My philosophy toward being your voice in Austin will be based on some basic ideas: (1) "If it ain't broke, don't fix it." (2) Do not pass laws which force local governments to raise taxes, and (3) Listen to the people and work hard.

I am not wealthy. My wife and I own a home with a mortgage. My kids go to public school. I am committed to quality education, safe homes and streets, and a healthy business environment. We need to attract jobs but preserve our way of life. It can be done.

I pledge to be honest and listen. I will do my very best to do what is best for my people. That's the only promise I will make.

Buying a Center Pivot vs. Buying a Valley and a Good Dealer.

One thing is for sure, a good dealership doesn't cost a penny more, yet a poor one can cost you a bundle. That's something to think about, because if hardware is all you measure, you're missing the vital link - us, your Valley dealer.

That link is why the cheapest product is not necessarily the best buy. Through thick and thin, good and bad economic times, the biggest bargain in irrigation is a good dealership. One with staying power, factory-trained service, and parts. It means service and parts you can depend on for many, many years.

So don't just compare equipment when you buy your next system. Compare dealers. We're ready to talk when you are.

Valley Dominates the Field.

"The entrenched powers feel alienated. Jim won't get in bed with the good ol' boys."
— Joe Rankin, President Texas Farmers Union

"Call him outrageous. Call him controversial. But call him effective, too. Agriculture Commissioner Jim Hightower won't wilt under a stream of adjectives. Part of Hightower's effectiveness is being out front, participating in the discourse about agricultural problems and not being afraid to ruffle feathers."

"He (Hightower) has operated innovative programs and has done a first-rate job of promoting Texas agricultural products."
— San Angelo Standard-Times

"Mr. Hightower's courageous work for a saner state farm policy is the best hope of farmers and city people alike. The efforts against him in both parties are cynical and driven by narrow special interest. We endorse Jim Hightower for a better tomorrow and a better Texas."

Give yourself and your neighbor a helping hand.

Giving a neighbor a helping hand comes second nature to farmers. They've been doing it for generations.

A helping hand was there because they believed in their fellow man. They knew they too may need a helping hand someday. That's how they survived.

And that's how today's farmers survive. They help financially, also. By depositing their savings in their local community bank, they're making loans available at reasonable rates for their neighbors.

Today's farmer knows tomorrow he may need an expansion loan. Or his son may need a starter loan.

He's giving his neighbor a helping hand, financially, today. And he's giving himself a helping hand tomorrow.

Sacrifice

Hunt family gave much

By Jack E. Westbrook
(First in a series)

Little did Robert Taylor and Amanda Florence Hunt realize in 1941 the extent of sacrifice they were making when they encouraged their sons to answer the call to their country's colors during its time of dire need.

First, there was Carl Thomas who volunteered, then Roy Taylor, followed by Earl Edwin, James Robert next, later Lloyd Marcus followed his brothers. Carl and James were not to return.

The Hunts were a large family, closely knit. There were David, John, Arthur, Fannie, Roy, Vera, Myrtle, Flora, Carl, Jerene, Earl, James and Marcus. The family maintained its unity during the hardships of the depression, relying on each other and their faith. The children attended local schools. All were raised on the farm and were to become farmers.

Mr. Hunt passed away on June

2, 1952, followed in death by Mrs. Hunt on Feb. 13, 1966. They carried the death of their children to their graves with them, the losses never having been dulled by the burdens of life. They are survived by Vera, Myrtle, Jerene and Earl.

The family gave more than their share to the cause of our country. The service of five sons, two of them suffering the ultimate sacrifice. It is difficult to understand why we have to suffer wars, and, less understandable why man's inhumanity to man demands these sacrifices. But we can understand that this family stands for everything our country is and will be.

The freedoms they so willingly served and gave for cannot be taken lightly nor for granted. We owe these folk the obligation to

continue the freedoms for which they offered themselves.

We, you and I, should be continually reminded of the heritage provided by them, and, pass the heritage down to our children that they may be prepared to meet future obligations involved in the preservation of our country.

And let us pray that we will never again be called upon as the Robert Taylor Hunt family was.

The Rule Community Memorial Monument being planned is as much for this family as it is for their two sons who were lost to them, and their sons who served their country so well. The pride displayed by the citizens of Rule in erecting the monument extends especially to the Hunt family.

Nellie T. Ross of Wyoming held two important firsts for women. She was the first woman governor in the U.S. from 1925 to 1927 and later was the first woman to serve as director of the U.S. Mint.

Monty Holcombe leads horse group

(Monty Holcombe is a senior at Olney High School and is the son of John and Sue Holcombe of Olney. He is the grandson of Mr. and Mrs. Arthur Watson and Mrs. L. D. Holcombe, all of Haskell.)

Monty Holcombe was elected president of the Texas Junior Quarter Horse Association during the recent annual TJQHA convention in College Station.

Nominees for the state offices gave speeches and ran their campaigns in conjunction with the activities associated with the convention.

Texas Junior Quarter Horse Association is the largest youth organization to be affiliated with the American Junior Quarter Horse Association.

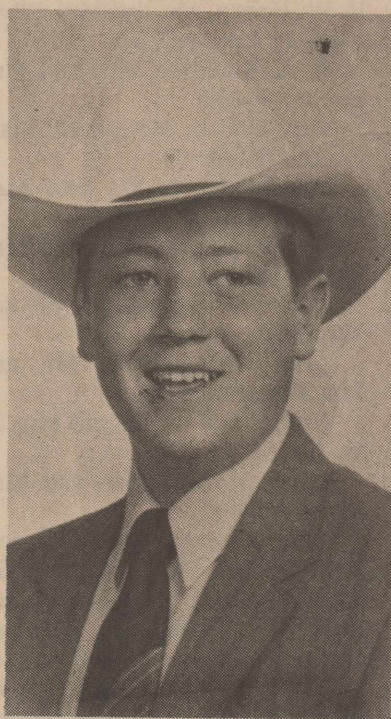

Many duties and honors come with this statewide office. Monty will be in charge of the TJQHA World Show Parade of States and stall decorations at the AJQHA World Show in Tulsa, Okla., in August. He will represent THQHA at the 50th anniversary of AQHA's Golden Year Festival and Convention in Fort Worth in March, the Texas Classic in Fort Worth in the fall and the youth World Cup to be held in Calgary, Alberta, Canada, and various other activities during the year. Members of the Texas organization will lead the Parade of States at the World Show this year, having won first place in 1989 and the right to this honor.

Some of Monty's goals TJQHA for 1990 include increasing membership, teamwork at Tulsa so they may again win high point honors for Texas, and he would like to see the TJQHA and Texas 4-H members, who exhibit horses, work together more closely for the benefit of both organizations.

Monty and his American Quarter Horse gelding, "I'm Something Special," finished 1989 with many accomplishments and honors, including:

Second in the nation in AJQHA Showmanship at Halter, third in the nation in AJQHA Youth Geldings and fifth in the nation in AJQHA All-Around.

Co-op sets meeting for March 17

The 51st annual meeting of Stamford Electric Cooperative, will be held Saturday, March 17, according to John E. Youngquist, president. The business session will begin at 6:30 p.m.

Three directors will be elected to three-year terms to fill the terms that are expiring.

For place 1, John E. Youngquist, incumbent, and D. D. (Don) Walker, both of the Sunnyside community, have been nominated. Nominees for place 2 are J. F. Dozier of Old Glory, Joe A. Clark of Sagerton and Herbert Vahlenkamp of Old Glory. Louis Spitzer, who has held this place has declined to run for re-election. Place 3 nominees are incumbent Lewis Corzine of Stamford and Ronnie Teichelman of Sagerton.

Entertainment before the meeting will be by the Round-Up Boys, who have been favorites with the membership for the past 20 years.

Jerry Terrell, general manager, said that the challenges of providing dependable quality service are in many ways more difficult than in the beginning. He attributed this to the many regulatory agencies that must be dealt with in today's business world. He urged all members to attend the meeting to keep informed of the business that is owned by those it serves.

A barbecue meal will be served to members before the meeting.

Come To Your Census!
For every Texan not counted, the state loses \$150 in Federal Funds.
In 1980, an estimated 300,000 Texans were missing. That cost Texas \$45 million a year and a congressional seat. Now that you know the facts, come to your census!

--Weinert--

by Myrtle Plemister
We appreciate the 2 inch rain we received this week, it fell so soft and easy and was such a blessing to our part of the country.
The insects and bugs are multiplying in this nice weather, especially the army cutworms, and the farmers have asked, and received, permission from Ag commissioner, Jim Hightower to apply the pesticide, Asana, to prevent the destruction of the wheat crop.
Haskell and Knox are two of about fourteen counties in the emergency use of the pesticide, and will be allowed the use for 15 days.

Congratulations are extended to the Munday Lady Moguls team, and to the Haskell Indian team who have gone so far up the victory ladder in basketball.
The Moguls made it to semi-finals at state, in Austin, and the Indians made it to the finals in a close play-off for regional, but lost to Abernathy on Saturday.
The regional games were played in Abilene, and a number of fans from Weinert were in attendance at the games. Many were also in Austin.

Weinert extends congratulations to Dr. David Engle, husband of the former Debbie Campbell, formerly of Weinert.
Dr. Engle was named "Outstanding Young Range Professional" a national award, presented for his outstanding work in range science. He and his wife are graduates of ACU, and they are presently with Oklahoma State University in Stillwater, Oklahoma. Debbie's parents are

Mr. and Mrs. Charlie Campbell of Haskell.
Our birthday people this week are Jeanie Forehand, Daniel and Felipe Castorena (twins). Happy birthday!
Celebrating a wedding anniversary will be Linda and Leonard Mahan. Congratulations.
Visitors to Weinert this week includes Mr. John Cook of Breckenridge, democratic candidate for state representative of our district. He was in town for a while, making acquaintances and shaking heads.

Visiting in the home of Mr. and Mrs. Henry Rueffer were their daughter and husband, Erna and Helmut Quiram and their granddaughter, Karla Brown, with Karissa, all of Duncanville.
Another granddaughter, newlywed's Linda and Bob Daniels of Ft. Worth were also guests in their grandparents home.

Todd Hackney of Ft. Worth, spent Wednesday night with his grandparents, D. I. and Mattie White.

Todd was on his way to Montana, where he has accepted a job as wrangler on a ranch near Winfred, Montana.

Mr. and Mrs. Nolan Stout, with Brian, Keith, Gary, Laura and Katie, of Bedford were in town for a visit in the home of his parents, Floyd and Helen Stout and enjoyed an outing in the country.

Bill Guess of San Antonio was in town for a visit in the home of

his mother, Mildred Guess. She returned with him for an extended visit with him and his family.

Lester and Kathi Hutchinson entertained several out-of-town guests this weekend, celebrating Kathi's birthday, and honoring their daughter, Debbie, by attending her bridal shower on Sat.

Ted Jetton returned home on Sat. after undergoing surgery in Wichita General Hospital on Wed. He is doing well.

Mildred and Alton Sanders spent several days in Hamlin, and Abilene, at the bedside of their daughter-in-law, Mrs. Terry Sanders, who is recovering from back surgery in Hendricks hospital.

Our newest resident is Gary Scheets, son of Mr. and Mrs. Weldon Scheets. Welcome to Weinert!

Sympathy is extended to Faye Jetton, Helen Boykin, and Marvin Plemister at the death of a cousin, Oval Shaw, father of Bill Shaw of Haskell.

Justin and Rance Parrott of Wichita Falls spent the weekend with their grandparents, Doris and Jerry Walker.

Gilbert Jimenez, with son Frank and family, were in Milford for the weekend in the home of son, Mark Jimenez.

A surprise visitor in the home of Susie and Pud Brockett on Sat., was Maudie Stephens, a long time neighbor of the Brocketts, who now

resides in Mesquite.
Maudie and Royce lived near Weinert, and their children all attended the Weinert schools. She was here for a visit with her husband's brother, Mr. and Mrs. Lloyd Stephens of Knox City.

In a letter from his niece, Melba (Muse) Stockton, Pud Brockett's only living relative, who now resides in the Los Angeles area, they learned she lived where the recent earthquake devastated their area. (She claims it is the most beautiful place in the world.) Her husband, Don, helped in several rescues, one of a man completely buried in a landslide.

Melba's family lived in the Weinert area, in the Lake Creek Community and many here remember them.

Congratulations are in order for Nova and Weldon Walling upon the birth of a granddaughter 6 lbs. 3 oz., Ashton Karae, who arrived on March 1st, in Decatur, to bless the home of David and Angie Walling.

She has a five year old sister, Courtney who can teach her how to wrap Grandpa Weldon around her tiny finger.

Nova and Weldon were in Decatur to welcome the new baby.

Have a nice day!

Marriage Licenses

Marriage licenses issued in February by County Clerk Woodrow Frazier went to:
Jeffrey Lee Sorrells and Sherida Jaye Sanders, both of Rule; E. C. Collins and Jenny Walker Brazell, both of Haskell; and Kerry Allen King of Munday and Traci D'Lane Landes of Rule.

Gary Gavlik gets college degree

Gary W. Gavlik of Haskell was among the 1,379 Southwest Texas State University students who were candidates for degrees awarded in fall commencement ceremonies.
The son of Oleta Bowers, he received a bachelor of applied arts and sciences degree.

Weinert jumpers net nearly \$1,000

The 1990 Weinert Jump rope for Heart was a great success. With only 12 jumpers, the event raised \$914.75. Late "turn-ins" should swell the total to close to \$950.

Jumpers dedicated their efforts this year to Roy and Rex Herricks. They expressed their thanks to Roy Herricks for sharing his personal "heart stories."

Understanding the importance of the American Heart Association's research and education efforts and knowing someone who has directly benefitted from the resulting technology served as motivation for the young fund-raisers.

Jumpers included third-graders Lucas Castillo, Charisse Felty, Heather Guess, Dustin Harbers, T. Nichols and Dusty Yates; fourth-graders Alisa Garza, Nathan Sikes and Timmy Perez; and sixth-graders Heather Guess, Andrew Sikes and Jace Yates.

Heather Guess claimed the honor of "high individual" with pledges and donations totaling \$209 turned in on Feb. 23.

Friendly competitions were staged during the jump rope event. The most jumps in 30 seconds

winner were Jace Yates with 81 and Andrew Sikes with 80.

Alisa Garza tallied 266 jumps without a miss and Charisse Felty managed 156 in the most-competitive-jumps contest.

The three jumpers who displayed the "spirit of jump rope for heart" throughout the event were Charisse Felty, Alisa Garza and Timmy Perez.

Re-election sought by Roberson

To the citizens of Haskell County:

I wish to express appreciation for the privilege to serve as County Judge for the last several years.

I am looking forward to the opportunity to serve again and wish to express my appreciation for your past cooperation and support and ask for your continued support during this next term.

Again, thank you for allowing me to serve you.

A CENTURY of VISION

by Pauline Couch
Vice-President & Cashier (Retired)

By 1908 the burgeoning population had reached 2,436 in Haskell and 16,249 in the County and the second jail was erected while Joe Irby was County Judge. This was preceded by the famous "Road to Ruin" saloon. Two early Haskell businessmen with a sense of humor bought the idea and the sign from a traveling sign painter.
Frank Draper and Jack Baldwin, co-owners, ran the saloon from 1884 to 1895, when they sold out to John Keister and Jumbo Hazelwood.
The latter two continued to operate the "R to R" until 1904 when Haskell County voted dry.
According to historians, the saloon also was used for church services - not uncommon in those days.

The first church building was the Methodist in late 1889, with the Baptist, Presbyterian, First Christian and Church of Christ not far behind. The stones for future growth, and a new flair for living, were carefully being added to the foundation already in place.
