

Mrs. Edward Brady Smith

Dumas, Smith wed Saturday

Nichole Sheree Dumas and Edward Brady Smith were married Saturday in a ceremony held at Bermuda's, South Padre Island. The Rev. Charles Arnold of Island Baptist Church, South Padre Island, officiated.

The bride is the daughter of Mr. and Mrs. Bill Dumas of Haskell and the bridegroom is the son of Mr. and Mrs. Eddie Smith of Brownwood.

Teresa Unger and Barbara Benton sang, "God, A Woman And A Man." Gina Foster, sister of the bride, was matron of honor. Danny White of Midland was best man.

Given in marriage by her father, the bride wore an original dress by Phyliss for Bianchi of lace and silk taffeta, in white and blush pink. The elongated bodice of re-embroidered Alencon with lurex thread, had a Sabrina neckline and long sleeves. The full skirt of blush taffeta was cocktail length. She wore a wreath of matching lace with a blush pink bow in the back and short streamers of illusion.

Her matron of honor wore a silk two-piece dress. The short over top of pink with black polka dot had a

V-neck and short sleeves. Her straight skirt was reverse dot black with pink dot.

A reception, hosted by the parents of the bride, was held at Bermuda's immediately after the ceremony. A seafood buffet was served to the guests. The two-tiered wedding cake was topped with a "Precious Moments" bride and groom.

Following a wedding trip to Cabo San Lucas, the couple will live in Pharr.

The bride graduated from Haskell High School, attended Texas Tech University and is now attending Pan Am University in Edinburg. The groom is a graduate of Midland Lee High School and is employed by Bert Ogden Olds-Nissan in McAllen.

Scouts visit Wet-n-Wild

Boy Scouts and parents from Troop 136 in Haskell attended a family outing Saturday at Wet-n-Wild.

--Social Security--

By M. Glyn Hammons
District Manager

Disabled beneficiaries can earn more without affecting their Social Security benefits as a result of a new regulation which became effective Jan. 1. The rule increases from \$300 to \$500 a month the amount which demonstrates the ability to engage in "substantial gainful activity."

The Social Security Act defines disability as "the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to last for a continuous period of not less than 12 months." The amount of earnings indicating substantial gainful activity is set by regulations issued by the Secretary of Health and Human Services.

Also, under the regulations, the amount of monthly earnings that triggers a trial work period has been increased from \$75 to \$200, and from 15 hours a month of self-employment to 40. A disabled beneficiary gets nine months of trial work (not necessarily consecutive) during which benefits continue regardless of the amount of earnings. After completion of the trial work period, the work is reviewed to see if it constitutes substantial gainful activity.

These changes mean a significant expansion of the opportunities available to disabled people who wish to return to work. Most people would rather work, but are afraid to risk the benefits on which they rely.

The level of earnings considered substantial gainful activity affecting blind people is set by law and is currently \$780 a month. This is not affected by the regulation.

The substantial gainful activity level does not affect people receiving Supplemental Security Income (SSI) payments, although it is used in determining disability. SSI income limits are set by law.

In addition, we can expect the increase in the earnings limits to enhance other work incentives for disabled Social Security beneficiaries.

These include an extended period of eligibility during which cash benefits may be reinstated without an application for any month a person does not perform substantial gainful activity; extended Medicare coverage which provides Medicare benefits for at least 39 months beyond the trial work period; and deduction of impairment-related work expenses when counting earnings for substantial gainful activity purposes.

People with disabilities who

want to work should give us a call and get the details on how we can help. The Social Security office is located at 142 S. Pioneer in Abilene. Our Teleservice Center number is 1-800-234-5772.

Applications available for academy

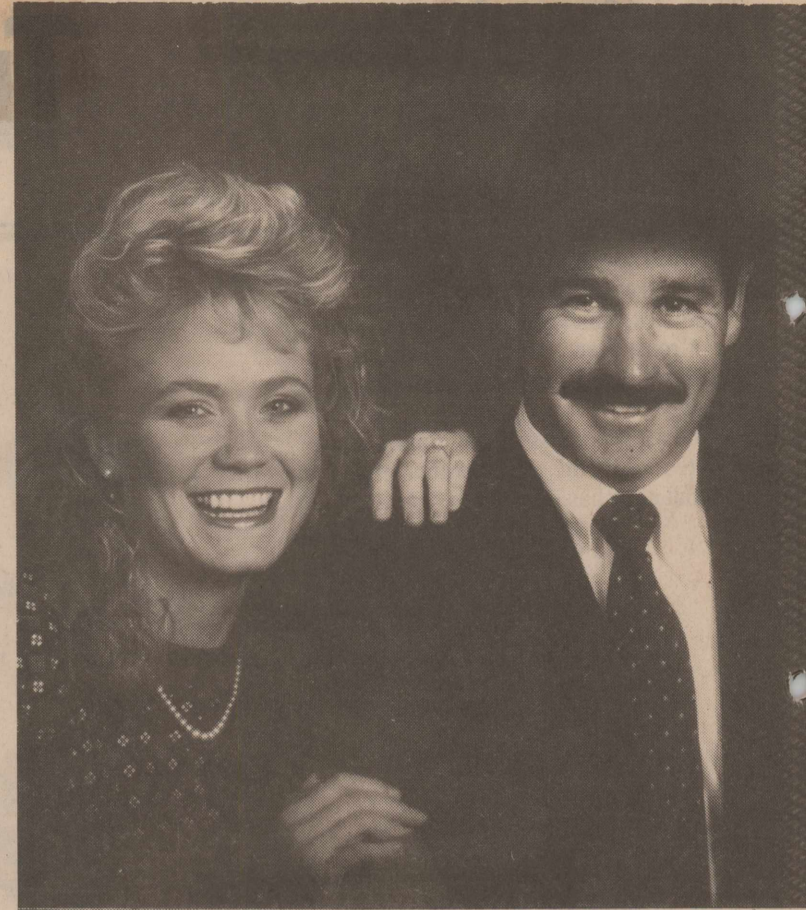

The United States Coast Guard Academy is now accepting and processing applications for appointment as Cadet, U.S. Coast Guard, Class of 1995.

Appointments as Coast Guard cadets are tendered solely on the basis of an annual nationwide competition with no congressional nominations or geographical quotas.

Candidates must be assured of high school graduation by June 30, 1991. They must have completed a minimum of three years of English, and three in mathematics to include algebra and plane or coordinate geometry or their equivalents, and must fulfill basic physical requirements.

Cadets obtain an excellent undergraduate education at no personal expense. In addition, they receive pay and allowances fully adequate to fulfill their ordinary living expenses. The constantly updated academy curriculum leads to a bachelor of science degree with a strong academic emphasis on engineering and science. Graduates are commissioned as ensigns in the U.S. Coast Guard.

To obtain an application or further information, write: Director of Admissions, U.S. Coast Guard Academy, 15 Mohegan Ave., New London, CT 06320; or call (203) 444-8501.

Engaged

Mr. and Mrs. Billy Frank Good of Caprock, N.M., announce the engagement and approaching marriage of their daughter, Shauna Good, to Dr. R. L. (Bobby) Cobb, son of Mr. and Mrs. Virgil Cobb of Haskell. A Sept. 29 wedding is planned at the First United Methodist Church in Lovington, N.M. Shauna was formerly employed by Clovis Public Schools and Bobby practices veterinary medicine in Midland.

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as a result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. **The cost is only \$60.00.** A mammogram can detect a cancer this small, even before it can be felt.

40 years

Mr. and Mrs. E. (Earl) Wiseman of Lubbock celebrated their 40th wedding anniversary Sunday (Aug. 12) with their children, Betty and Gerald Gober of Lubbock and Linda and Jim Woodfin, and their grandchildren, Megan and Jordan Woodfin of Hobbs, N.M. Their son, Tony, and his wife, Lindi, and son, Sean, live in Winooski, Vt. Mr. Wiseman and the former Leola Cain Richey were married Aug. 12, 1950, in Waco.

Rural schools have annual reunion

Ex-students and families traveled from several Texas cities and Oklahoma to attend the 23rd annual Sayles-Center Point School Reunion on Aug. 4-5 in Haskell.

We came together to pay homage and respect to the first settlers or their sturdy pioneers who themselves or their families before them came across the ocean to till the fertile soil and provide for the needs of their families.

They built homes, they were honest, hard working and thrifty. They had faith, culture, customs and skills. They were men and women of sturdy character, determined to preserve among their sons and daughters the Christian faith and principals to carry on in their footsteps.

They faced many hardships as they built and maintained the schools and churches, as they instilled high standards for their children. All knew their neighbors and always were ready to help one another what ever the need might be.

There were school picnics, box suppers and school plays, basketball, baseball and rabbit drives.

Great men and women by their dedication developed the Sayles and Center Point communities. It is with pride their children travel back each year to the annual school reunion and travel down memory lane and once again the roll call was answered by several families: Jess Bland, Bird, Chapman, Lindley, Breeden, Felker, Fouts, Melton, Wiseman, Kirby, Jeter, Patterson, Pittman, Will Blanks, Author

Blanks, Hannsz, Kuenstler, Johnson and Mathis.

Everyone brought a picnic basket on Saturday night. Visitation and many pleasant memories of the two schools were recalled.

Ex-students and families were greeted and registered by Dessa Jeter and Alvis Bird at 9:30 a.m. Sunday, the 5th.

The delicious lunch was served by Kountry Kookin' of Haskell. The invocation was by W. M. "Snookie" Barrington of Throckmorton. Mrs. Pete Slatton of Wichita Falls, accompanied by Dana Bland Gibson of Reno, Okla., led the group in gospel songs.

Ed Melton, ex-student of Sayles, president of the reunion, conducted the general assembly and program.

The memorial service for eight ex-students and former residents was given by Doris Felker Hannsz, ex-student of Sayles.

Clyde Bland from Sayles was the oldest ex-student present and was also a trustee of the school. Mark, Dana, Trent and Emily Gibson of Reno, Okla., traveled the longest distance to attend the reunion.

The 1991 reunion will be held the first Saturday and Sunday in August with Ed Melton of Abilene, president; Avis Bird Pennington, vice president; and Doris Felker Hannsz, secretary-treasurer.

To marry

Nan Gilbert of Seymour and Harmon Mathis of Sagerton plan a September wedding at the Sacred Heart Catholic Church in Seymour. Miss Gilbert is the administrative assistant/curriculum director for Seymour ISD. Mr. Mathis farms in Sagerton and O'Brien. He is the son of the late Mr. and Mrs. Robert E. Mathis of Sagerton. Miss Gilbert is the daughter of Mrs. Fannie Gilbert, now of Seymour, and the late D. V. Gilbert of Benjamin.

Gary Tate heads cattlemen roundup

Gary Tate of Haskell Livestock Auction is one of 225 volunteer chairmen statewide who have been appointed for the 31st annual Cattlemen's Round-Up for Crippled Children.

This unique fundraiser benefits West Texas Rehabilitation Center outpatient facilities in Abilene and San Angelo which serve 13,500 adults and children annually.

"Livestock donated by ranchers is collected at designated points in area communities and transported to the auction site," explains James Alexander of Abilene, general chairman. "The local chairman's job is to make a personal pledge, then ask others to join him in this 'neighbor-helping-neighbor' drive which has a goal of \$183,000 this year."

Proceeds from the Round-Up are converted into treatment dollars which provide services such as physical therapy, occupational therapy, speech pathology,

audiology, special education, orthotics and work evaluation. Each patient, upon proper referral, is treated without regard for financial status. The only time patients are charged is when special equipment is secured for them to own.

The Haskell sale is scheduled for Sept. 22. Other livestock and horse sales are scheduled for Abilene, Stephenville, Junction, San Saba and Brownwood.

"If ranchers sell stock at other times of the year, we hope they will make a pledge now and later ask local auctions to send the Rehab Center a check when the stock does sell," said Alexander.

Persons wishing to make a donation of livestock or cash, or those needing to arrange for transportation of animals should contact Tate, or call (915) 691-7200 in Abilene.

Homemakers to get acquainted

The Haskell Young Homemakers will have their get-acquainted meeting Monday, Aug. 30, at 7 p.m. in the Haskell National Bank Community Building.

The Young Homemakers organization is an alumni association of Future Homemakers of America. The group meets once a month, August through May, with the meetings covering a wide range of topics.

Members also participate in various civic activities and annually sponsor the Arts and Crafts sale in November.

All those interested are invited to attend Monday's meeting.

Family meets at Texoma

Forty descendants of the family of Mr. and Mrs. Woody Carroll met at Lake Texoma Aug. 4-5 for their annual family reunion.

Mr. and Mrs. Bobby Danner of Shawnee, Okla., a grandson, were hosts for the occasion, and planned the activities for the weekend which included water events, as well as quieter, less taxing, things to do for entertainment.

James and Mary Carroll of Houston were acclaimed to have come the farthest distance. Stella Danner, the only living child of the Woody Carrolls who was able to be present, received the gift for being the oldest one present. Douglas Carroll, son of Dale and Doris Carroll, and great-grandson of Woody, was the youngest one in attendance.

Dale and Doris Carroll, Douglas and Denise, were the only ones in this area to attend. Mr. and Mrs. Leonard Carroll were unable to go because of her illness. She is a patient in the Stamford hospital.

Thank you for reading The Haskell Free Press.

Thomas family gathers

Descendants of the late Clifford and Annie Thomas met Aug. 11 at the Haskell Civic Center with 45 present.

Everyone enjoyed a delicious lunch and the afternoon was spent taking pictures, showing pictures and visiting.

Mrs. John (Ethel) Thomas of Haskell was the oldest present.

Todd Scheffel, son of Rickey and Debbie (Thomas) Scheffel of Lubbock, was the youngest present.

Don, Christine (Thomas) and Jon Paul Du Bois of Irwin, Pa., came the farthest distance.

John and Ethel Thomas had the largest number of family members present.

Those attending came from Dallas, Hale Center, Waco, Lubbock, Irwin, Pa., Morton, Oklahoma City, Sundown, DeSoto, Nacogdoches and Southlake.

Weinert homemakers have meeting

The Weinert Extension Homemakers Club met Aug. 7 in the home of Agnes Winchester.

The meeting was called to order by Mrs. Jimmie Weinert, vice president, in the absence of the president, Betty Sanders.

The TEHA prayer was read by all. Agnes read a poem, "Just For Today."

Roll call was answered by seven members by giving "a healthy food we eat." Minutes of the last meeting were read by Alice Yates, secretary-treasurer, and approved. The council report was given and thank you cards were read from the Haskell Library, thanking the club for matching the Young Homemakers in donating to the library fund for repair. Also read was a thank you note for the club's donation to the high school graduation party.

The club voted to have sandwiches, coffee and tea in the homemaking room for sale at the

Weinert homecoming Oct. 6. Jimmie Weinert and Alice Yates gave the program for the day: "Join Health Conscious." Refreshments were served in Agnes' lovely dining room to Jimmie Weinert, Alice Yates, Faye Jetton, Myrtle Plemister, Cordie Cunningham, Henrietta Rueffer and hostess Agnes Winchester.

Daisy Camp had a lesion removed from her face this past week, and is recovering satisfactorily.

Although it is unusual for a West Texan to say so, it has been nice to see the sun again this week, hasn't it? Please don't misunderstand me—I love the rain!

Remember the meeting scheduled at the Rule Church of Christ for Aug. 19-22. Billy Patton of Big Spring will be the preacher. Sunday services will be at the usual time. Weekday services will be at 10:30 a.m. and 7:30 p.m. Please make plans to attend these services.

Has anyone noticed the pretty flowers around the Rule Memorial? A. B. Arnett is to be complimented for his untiring work at the Sorrells Memorial Park.

My sincere sympathy is extended to the families of A. D. Sherrell, J. C. Morton of Stamford, also, Nila Jared, and Millie Rhodes upon the loss of Bo Jared. Sympathy is also extended to the families of Al Berry of Childress, the Guy Harvick family of Lubbock and the Mae Belle Carson family, too. This morning your writer also was saddened to learn of the death of Stella Cornelius, former Stamford resident, who passed away in Corpus Christi.

Condolences are sent to Rhonda McBay and Carrie White of Stamford upon the death of their mother, Wanda Louise Glover Turner. Also, condolences to the family of W. A. "Peeler" Jones, deepest sympathy.

Have always enjoyed reading "Letters to the Editor". Would like to reply to the one from Missy Bearden Bowman stating that she feels she is alone in Young County defending the Bulldog honor. I know of one more person in Graham who fits into that category: my nephew, Tom Massey, Class of 1960. He assures me that "Once a Bulldog—Always a Bulldog". Hang in there, Missy!

Former Rule residents, Lucy Williams and her daughter, Sue, of Missouri were visitors of Mr. and Mrs. M. L. Powell on Aug. 9.

Six year old Meggan Galloway of Murry visited her aunt and uncle: Anita and Terry Weaver of Rule this past week.

It was good to see a former fellow-employee of Stamford Memorial Hospital at the grocery store this week. She tells me that her son David, who is in the Army,

has recently returned to his base in California after being on TDY in Panama.

The Parnell Andersons were in Graham on Sunday afternoon to visit Mrs. Anderson's nephew, Tom Massey. Mr. Massey had just been released from the hospital because of a septicemia in his right leg. He is an X-ray Technician at the hospital.

Darla and Leon Greeson with children: Paige, Dave and new baby, Lacey Brooke of Stephenville were weekend visitors of the John Greesons and Ethel Greeson.

Recent visitors of the Coy Keaheys were Coy's brother and wife of Dellis and Georgie Keahey; a sister-in-law: Opal Keahey, all of Canton; Coy's sisters: Ardith Anderson from Ozark, Arkansas, and Laverne Keith from Robstown.

Cory, Eric and Gena Robinson recently returned from a weekend trip to the Arlington area. They and their parents, Bobby and Cheryl, enjoyed two Texas Rangers baseball games at Arlington Stadium on Saturday and Sunday, Aug. 4-5. They also visited Six Flags Over Texas two times and toured the International Wildlife Park in Grand Prairie. They returned to Rule early Wed., Aug. 8.

Other recent visitors of Mr. and Mrs. Coy Keahey were Retith's daughter, son-in-law and daughters, Jerry and Linda Patterson, Christa, Mary and Abbey from Princeton, Indiana.

Visiting in the home of Doris Lehrmann were her daughter and family: Mike, Marla and Mitchell Mills of Lubbock; her daughter-in-law, Carla Lehrmann and her daughter, Vanessa, from Sweetwater; also her daughter and family: Bobby, Norva, Hollie, Josh and Keli Smith of Rule; and her parents of Sagerton, Mr. and Mrs.

Leo Monse, Sr. Saturday they all went to Haskell for a swimming party for Hollie's 11th birthday. The Monses were unable to attend this.

Belated birthday greetings are sent to Betty Sorrells, Jere Kittley and Ronnie Jenkins, who all had birthdays this past week.

A note to Shooter Dabney of Rochester: Did you take part in the duck races in Abilene this past Saturday? Also, there is a movie now showing in Abilene called "Duck Tales" that you might enjoy.

Lorene Boyd is still having health problems. She and Travis would like to thank everyone for the food, visits, flowers, and cards and calls. They state that there is nothing to compare to good friends and neighbors.

Get well wishes are sent to Jason Gilley from Aspermont, who has been in Humana Hospital recently. He is the son of Vicki and Sandy Gilley.

Following services next Sunday, Aug. 19, at the Church of Christ there will be lunch, ring enough food and join everyone for this fellowship. This will help kick off the meeting. Then, each day following morning services, there will be lunch at the building.

Good luck to all students who

are going to college for the first time.

Ponder this: "I know you think you understood what you thought I said, but I'm not sure you realize that what you heard was not what I meant." (Author unknown, but the above was on the desk of retired Stamford doctor, Tony B. Selmon.)

Davy Crockett

Aug. 17 marks the birth anniversary of Davy Crockett, legendary American frontiersman, politician and adventurer.

Crockett was born in Hawkins County, Tenn., in 1786. He first made a name for himself fighting in the Creek War from 1813 to 1815, a U.S. victory over Creek Indians in Tennessee who were actually British allies.

Crockett was elected to the Tennessee legislature in 1821 and served two terms. He then was elected to the U.S. Congress in 1827 and served two consecutive terms. He lost the election in 1831 but was elected to serve a final term in 1833.

Crockett perhaps is best known for his last contribution to his country. He was part of the Texas forces that perished on March 6, 1836, defending the Alamo.

Now AmWest can give you something few banks can...

A good night's sleep.

Now AmWest has "DreamSaver"—a savings program designed to bring peace of mind to all those who worry about saving money.

Here's how it works: You tell AmWest how much you want to save every month, (as little as \$25 if you like) and they'll deduct it automatically from a free checking account (that's right, free checking) and put it into a CD account. Keep your money there for a full 12 months and it will earn a high-interest CD rate. Take it out early, and you'll get a penalty — three months interest or \$50.

So "DreamSaver" not only helps you save money on a regular monthly basis — it helps you keep your hands off it too. And with a little money in savings — a good night's sleep will come a whole lot easier.

Put Your Money on Texas.

Substantial penalty for early withdrawal. Interest paid quarterly. Rates subject to change without notice.

"No Pass, No Play" Policy for Student Athletes?

Dr. Thomas K. Hearn Jr. is president of Wake Forest University in North Carolina, where he has initiated special programs in student life, institutional planning and international education.

YES

Should schools adopt a "no pass, no play" policy for athletes?

The answer is "yes," but it is a complex affirmative. Student athletes should be admitted to colleges only if they have an honest chance to succeed academically. Admitting athletes for their playing skills, keeping them academically eligible in easy courses, then sending them away uneducated is shameful exploitation of young people. It is also corruption of higher education at its core.

What effect would this have on the athletes and the schools?

It would ultimately have a positive effect where education begins: in primary and secondary schools. If high school athletes know they must meet a firm academic standard to be admitted to a college, the athletes will work to meet the standard. Younger students will see that only good students are chosen to play college ball. The key is to set the standard high but not beyond the reach of students from disadvantaged backgrounds. Current eligibility requirements are inadequate and too low.

How else can we promote academically competitive athletes?

Students must have time to live the student life. Research shows that student athletes spend unreasonable amounts of time on their sport, both in and out of season. Restrictions must be adopted to deal with every aspect of time demand. Also, I favor a special "bridge" year of academic preparation for underprepared students in a remedial setting. Students who do not want to attend college but must to qualify for a professional basketball or football career should have another choice. The professional leagues might develop minor league opportunities in football and basketball, unaffiliated with colleges, for such athletes. We cannot give college athletes non-student status. Proposals to pay players who are not students would destroy the tie of athletic programs to education. Professional minor leagues should not and cannot be operated by universities.

© 1990, PM Editorial Services

NO

Should schools adopt a "no pass, no play" policy for athletes?

No! A school's sports program should be organized to enhance education for athletes and the students who watch them. Eligibility standards must be enabling, not prohibitive. At a time when students drop out of big city schools in large numbers, all school programs should reach out to students in any way possible. The sports program can reduce delinquent behavior, participation in gangs and drug use. This is especially important where students have little to do after school. The idea should be to bring students into the school, not send them away.

What effect would this have on the athletes and the schools?

Blind enforcement of a "no pass, no play" rule would hurt the individual student, his family, school and community. Conversely, a properly administered sports program acts as a bonding agent between school and student, particularly for at-risk youngsters. Further, both the coaches and the athletes are role models who can influence the total student body positively and bring parents and community organizations together to help the school carry out its educational mission. Research supports the fact that those in organized school activities, including athletics, are more likely to be successful in the classroom and to graduate.

How else can we promote academically competitive athletes?

We must begin at the elementary school level and create a cooperative academic/athletic process that moves the young person on to high school and college. Teacher-coach educational support systems must be developed that include academic tutoring, test prep and counseling. Players who don't make the grade should be helped by mandatory tutorials during practice time to keep the student-coach relationship in place, rather than banned from the team. Keeping the students involved, although they are not playing, is critical. This extra effort could result in young men and women graduating from high school and college, which is a contribution to the common good. **ll**

It Wiggles! It Jiggles!

"Watch it wiggle, see it jiggle..." *Jell-O* has been around since 1897, and for years, it has been known as a "fun food." Now, *Jell-O* has created what youngsters deem even "funner"—*Jell-O* Jigglers.

Because they are made with less water than regular *Jell-O*, Jigglers have a much firmer consistency, making them easier to pick up and play with. Kids love them because they can be cut into almost any shape, and moms love them because they're so easy to make for snacks.

Jell-O Jigglers

4 small pkgs. *Jell-O*
2½ cups boiling water or apple juice

Completely dissolve gelatin in boiling water or juice. Pour into 13-inch by 9-inch pan. Chill until firm, about three hours. To unmold, dip pan in warm water about 15 seconds. Cut into squares or use cookie cutters. Lift from pan. **ll**

1890 - 1990 A CENTURY of VISION

by Pauline Couch
Vice-President & Cashier (Retired)

By the end of the "thirties" decade, Haskell County and Haskell National Bank, though still reeling somewhat from the Depression effects, had stabilized and turned the corner through diversification of farming and ranching practices, and the steady influence of an ever increasing oil patch boom. Complacency had become the norm, for this area, and the country as a whole, even though Hitler already had begun his relentless and maniacal trampling of European Countries with plans to conquer the whole world. Japan was making big noises in the Orient - taking over economic power in North China, and the seizure of Manchuria. The West was slow to comprehend, and even slower to act, on the ever increasing dangers from these two powers on opposite continents. Then - who can forget "that day that will live in infamy". Dec. 7, 1941, when the news came crackling over the airwaves that Japan had treacherously bombarded and destroyed most of the U. S. Navy and Air-Force stationed at Pearl Harbor? The United States was at War! Never before, or since, in the history of the U.S. has such total and unified effort been put forth to bring about an all-out, concerted fight for survival. The U.S. was plunged into battle on two widely diverse continents, in a seemingly no-win situation. The story of hardship and heros is well documented in historical facts and Haskell County was there contributing young men and women to the armed forces, supplying economic and moral support, and sending workers to the defense plants and ship building yards.

The unforgettable stories of courage, and selfless devotion to duty displayed by our military personnel, were so colorfully reported by Edward R. Murrow, and written from the front lines by Ernie Pyle. Cartoonist Bill Mauldin took us through the horrors and humor of his "G.I.'s" - Willie and Joe- the foot soldiers. Glenn Millers' "St. Louis Blues March", and his Air Force band brought a touch of home to the military stationed around the world, along with Bob Hope and his famous U.S.O. tours.

Grade school geography hadn't prepared this nation for all the weird, exotic sounding names that appeared daily in the newspapers, with so much meaning and importance. The "Kilroy was Here" signs led to Wake and Guam, Bataan, Corregidor, Midway, The Coral Sea, Tarawa, the Pacific front, and equally confusing places on the European Front. The price paid in lives and equipment was staggering. Then - on August 6, 1945 - came the two-inch high red headlines proclaiming that the crew of the "Enola Gay" had dropped the Atomic bomb. The end was very near - on August 14, 1945 the final terms of surrender by the Japanese Empire were executed.

Post World-War II brought about an almost complete change in the living standards of the American people. "Rosie the Riveter" had learned about earning a salary and independence, and wanted to continue. The returning military were ready to grasp the economic boom created by war production, and begin living the American Dream they had fought to maintain. Business and Agriculture thrived in Haskell County during this period, and oil production became a big part of the economy.

Haskell National Bank still clings to the principles of revering God, Country, And the flag, that have been so courageously defended throughout the history of this nation, but seemingly becoming out dated in some quarters.

TAX PLANNING

Written By
Richard E. Rodgers, CPA

TCMP AUDITS

Every three years the IRS subjects 55,000 unsuspecting taxpayers to a TCMP audit. Taxpayer Compliance Measurement Program (TCMP) audits do exactly what their title suggests - measure taxpayer compliance with existing tax law. The IRS uses the results of TCMP audits to establish norms (DIF scores), which are the criteria that the IRS uses to select tax returns for regular audits.

TCMP audit taxpayers are selected by various means, including random sampling, so don't be alarmed if you are chosen. You probably haven't done anything in particular to catch the eye of the IRS. You might say you were statistically in the wrong place at the wrong time.

But once you are selected, get ready to spend lots of time with an IRS agent, who will want to know every detail of your tax life for the year under audit.

The IRS will want to examine your bank statements for deposits that were not declared as income. You will be asked to prove all of your deductions by providing receipts.

If you have taken any mileage expense deductions for medical, charitable or business purposes, the agent will want to go through your auto log. These auditors are interested in every detail of your tax return.

When all is said and done, a large percentage of TCMP audits result in no change or additional taxes due of less than \$100. The IRS goes away happy with what they were really after - their new and improved DIF score system. But knowing that in advance doesn't make the process of a TCMP audit any more palatable.

--Weinert--

by Myrtle Plemister

We have received more rain, and things are "green and growing" in Weinert, which is unusual. We are used to brown grass, dry weather and hearing folks wonder about "why it doesn't rain" during the month of August. So we feel blessed in 1990.

We were spared the terrible hail storm that swept through the county last Thursday night. We extend sympathy to those farmers whose cotton crops were damaged or destroyed. They include the Stewarts, the Whites, the Earps, and others. Total extent of the damage cannot be estimated on a growing crop, but it is bad.

"Two-a-day" football workouts commenced on Monday, and we miss hearing the activities of the boys and girls on our campus. The quietness is "deafening"—and those who are tired of the noise of city traffic, etc. should move to Weinert. We have space for many.

Band practice at Munday called out Denise Carroll, Molly Estrada, Shanna Murphy, and Kole Sanders.

After fifty-one years of work and worship here members of the Weinert Church of Christ have closed the doors of the building and have moved their membership elsewhere because of low enrollment and attendance.

Mr. and Mrs. Leonard Mahan have purchased the preachers home, and are keeping the church yard mowed and the building intact. We appreciate them.

Our birthday balloons will fly this week at the homes of Cory

Wood, Leonard Mahan, Lucas Pena, Jeremy Hager and Douglas Carroll. Happy birthday!

Mr. and Mrs. H. L. Guess will celebrate a wedding anniversary on Friday. Congratulations!

Vacations are in order as summer comes to a close. Rex and Tinka Herricks, with Tina, returned on Tuesday from a week's tour of the Eastern States, destination being the Dolly Parton Wood amusement Park, and Pigeon Forge, Tenn. at the foothills of the Smoky Mountains.

They spent some time in Vicksburg, Miss. and at Look-Out Mountain in Chattanooga, Tenn., and many other historical places on their route.

"But there is no place like home in Texas, and the mountains block out the lovely rising, and setting of the sun," Tinka declared.

Thelma Edwards with her daughters, Anita Watkins and Betty Long, spent last weekend in Ruidosa, N.M., for a time of relaxing and change of pace away from family and jobs.

They reported a great time. May do it again!

Mr. and Mrs. Roy Herricks are in town for a few weeks, and Roy is repairing the "rockhouse", in anticipation of selling it, along with other property that remains vacant. We appreciate Roy.

Walter Patton, Jr. brought his new bride, Donna, by his parents home last week, as they returned from their honeymoon in the West, on their way home of Houston.

Their coming a day earlier than expected caught LaRue and Floyd in the midst of redecorating and there was no room for the newlyweds in the home, so they were lodged at the Munday Inn.

Mr. and Mrs. Mark Jimenez with Ardan of Milford, were in town last week for a visit in his parent's home, Gilbert and Sophia Jimenez.

R. S. and Betty Sanders are at home for a few days rest after spending many days at the hospital in Winters, where her mother was a patient.

Myrtle Plemister visited at the Munday Nursing home last week with cousins, Jessie and Ola Yost, and Jimmie Bullington, and with ex-Weinert school teacher, Grace Hutchinson.

She would have visited with cousin Nelta Reeves, in the kitchen, but it was Nelta's day off.

Christy Herricks of Graham, with a friend, were guests of her parents, Mr. and Mrs. H. L. Guess last weekend and visited with her brothers and sisters families also.

Ed and Mary Murphy with Lane, flew to Houston on Sunday to pick up their daughter, Shanna, who had spent a few days in the home of

Steve and Celia Peace, former pastor of the Weinert First Baptist Church.

They report the church Steve is pastoring there in Houston is small but completely filled, and plans for a new building are in progress.

Donnie and Shelia Harbers with Dustin, Lanona and Kayla, returned safely from their trip to the "top of Texas", as they viewed the plains country for the very first time, while on vacation last week.

They attended the "Texas" performance on the way, and "camped out" in several places as they journeyed.

They were accompanied by Donnie's parents, Finley and Dot Harbers, of Yoakum.

The Home Extension Club met in the home of Agnes Winchester on Tuesday, and the birthday calendars were ready to be delivered. This is the club's only fund raising project, and they appreciate the community's participation.

The club voted to serve lunch at the Weinert homecoming on Oct. 6.

Crystella Raynes hosted the Women of Weinert in her home Tuesday, Aug. 7. They meet on Tuesday at 3 p.m. on Aug. 14 in the home of Myrtle Plemister.

Paint Creek registration next Thursday

Paint Creek ISD will hold registration for the 1990-91 school year for grades K-12 on Thursday, Aug. 23, from 9 a.m. to 12 noon, and from 1:30 to 3 p.m.

All students entering the Paint Creek schools for the first time need to bring previous school records, if available, Social Security numbers and immunization records.

Kindergarten students who did not pre-register in May need to bring copies of their birth certificates, immunization records and their Social Security numbers.

Applicator course to be in Anson

A private applicators' license training course will be conducted next Thursday (Aug. 23) in Anson.

Haskell County producers in need of such training are encouraged to attend.

The session will begin at 8:30 a.m. in the extension homemakers building at the fairgrounds in Anson.

For information about registration and study materials, call 915-823-2432.

Texas income shows increase

Personal income growth in Texas has caught up with U.S. income gains, as the state's economic recovery continues in the face of a national slowdown.

For the past four years, Texas personal income growth lagged behind the rest of the nation's. But in the first quarter of 1990, Texas' 7.2 percent personal income growth barely exceeded the U.S. rate of 6.9 percent.
