Baptists to host 'Singing Men'

"The Singing Men of West Texas" will be featured in concert tonight (Thursday) in the auditorium of the First Baptist Church. The concert begins at 7.

The group consists of 40 or 50 ministers of music in Baptist churches from all over West Texas. Principally a men's choir, its musical styles cover a wide range with various instrumental accompaniments.

The public is invited. There is no charge.

Pep rally Friday begins at 12:30

This week's pep rally will be held at 12:30 p.m. Friday in front of Haskell High School.

Since the football team will be leaving early for the game in Winters, an earlier time was set for the pep rally.

Special services at local church

Jim Anderson of Tyler, a missionary, will conduct special servcies today (Thursday) and Friday at the First Assembly of God.

Services each evening will begin at 7. The public is invited.

Classes to meet at homecoming

Haskell High School classes of 1967 and 1968 will meet for a class party on Saturday, Oct. 6, during homecoming.

The party will begin at 7 p.m. in the First United Methodist Church fellowship hall.

New sales tax effective Tuesday

Haskell retailers will begin collecting another half-percent local sales tax next Tuesday, Oct. 1.

That's the effective date of the new tax approved by voters in a May 4 election. The increase will bring the city sales tax to 1.5 percent. Coupled with the state sales tax of 6.25 percent, the increase will bring the overall sales tax in Haskell to 7.75 percent.

The increased city sales tax is expected to bring the City of Haskell an additional \$70,000 a

Sales taxes collected in October will be reported to the State Comptroller's office in November. The comptroller will remit the city's portion of collected taxes to Haskell in the first week of December.

Mindy Ballard shows grand champion steer

A 1,000-pound Limousin steer owned and exhibited by Mindy Ballard of Rochester was chosen as the grand champion market steer at the Haskell County Fair Saturday.

Mindy, 17, is the daughter of Don and Alice Ballard and is a senior at Rochester High School.

Just a week earlier, the steer, which Mindy calls "Tiger", had been chosen champion Limousin steer for its breed at the West Texas Fair in Abilene.

Shawn Askew of Albany had the reserve grand champion steer, a Maine-Anjou.

Mary Belle Turner, a 10-year-old fifth-grader from Rochester, showed the grand champion heifer, a Hereford. The reserve heifer was shown by James Gober of Throckmorton.

Judging the cattle show was Andy Forehand of Plainview, Hale county agent.

Taking grand champion honors in the market lamb show was Renee Jackson of Throckmorton, with a 122-pound medium wool. Reserve champion honors went to Jennifer Comedy, Haskell freshman and daughter of Don and Nene Comedy. Jennifer's medium wool lamb weighed 107 pounds.

Kory Martin of Seymour had both grand champions in the breeding sheep division. His champion ewe was a fine wool cross and his champion ram was a medium wool.

Indians open 7-2A play at Winters

Two teams which traveled Hargrove said, "all those crazy similar paths in pre-district play open 7-2A action Friday when the Haskell Indians invade Winters. Kickoff is at 7:30, a half-hour earlier than non-district games.

Both Haskell and Winters are coming off crushing defeats. While the Indians were bowing, 59-14, to Electra, the Blizzards were taking their lumps from Goldthwaite in a 63-0 loss.

For the year, the Indians are 0-2-1, losing to Munday and Electra and tying Seymour. The Blizzards are 0-

But Coach Walter Hargrove is reminding his Indians that the Blizzards have played a murderous non-league schedule. In addition to powerful Goldthwaite, the Blizzards have bowed to highly regarded Coleman and Coahoma teams.

The Indians played a fairly good game against Electra Friday, except for the third quarter when, as

things happened." Trailing only 19-14 at the half, the Indians saw Electra score 33 third-quarter points. Hargrove said he found out after

the game that Electra had five starters on each unit who had been suspended for the Tigers' first two

Heath McMeans, who played a fine game at defensive end against Electra, suffered ligament damage to a knee and will be out of action for two or three weeks. But quarterback Chris Tanner, injured in the preseason, has been cleared by his doctor and is expected see action this Friday.

Winters made the playoffs last year, coming in second in district 7-2A. In addition to playing a tough schedule this year, the Blizzards have had a lot of bad bounces in the way of blocked punts, intercepted passes and kickoffs returned for touchdowns.

City adopts budget

By Wendell Faught

The City Council Friday adopted a 1991-92 budget and then approved a .1685 tax rate to help finance it.

The budget calls for general administration expenditures of \$459,450, with \$129,600 allocated to administrative expense, \$11,200 to corporation court, \$98,050 to the police department, \$46,900 to the fire department, \$156,700 to the street department, \$12,000 to the park and \$5,000 to civic improvements.

Salaries in the general administrtion budget come to \$138,550, with \$59,800 going to the police department. Street department salaries are \$28,400, administrative salaries \$28,200, fire department salaries \$17,100 and

corporation court salaries \$5,050. The budget calls for \$40,000 for street maintenance and another \$45,000 for electricity for the street

department.

Chief source of revenue to finance the general administration budget will come from sales taxes. The city projects an income of \$204,000 from this source. Taxes are projected to raise \$78,900, another \$65,000 will be transferred from the entrperise fund (utilities) as a "cost of service" charge, and franchise fees will add \$59,500.

The enterprise fund budget is for \$816,022. Water department expenses are budgeted at \$488,322, landfill at \$142,350, sanitation at \$103,850 and sewer at \$81,500.

Major water department expense is the \$175,000 the city will pay for the purchase of water from the North Central Texas Municipal Water Authority. Other water department expenses include the \$65,000 to be transferred to the general administration fund as a "cost of service" charge, \$61,000 for salaries, \$45,000 earmarked for payment on the new city hall and

\$36,500 for capital improvements. Major sewer department expenses are \$27,900 for salaries and \$14,000 for electricity.

Salaries for the sanitation department are budgeted for \$39,200. Another \$17,000 is budgeted for capital lease and \$14,000 for sales taxes.

Landfill salaries are projected to be \$50,200 and another \$35,000 is budgeted for capital lease.

Revenue from the enterprise fund will come primarily from water sales (\$386,000), garbage fees (\$193,000), sewer (\$103,000) and landfill (\$90,000).

The third section of the budget, the airport fund, calls for expenditures of \$50,550. Of this, \$27,000 is for purchase of aviation fuel. Another \$10,000 is a "cost of service charge." From the revenue standpoint, the airport is projected to produce \$33,000 income from

Approval of the budget and setting of the tax rate came following a public hearing attended by a large number of citizens who overflowed the council's meeting

Most in the group were identified with the Concerned Citizens Committee, an organization formed to protest the building of a new city hall.

Several citizens asked questions about specific budget items, but Mayor Greg Melton repeatedly informed them that the purpose of the public hearing was to obtain citizen input, and not to serve as a question and answer session. He said this opportunity had been granted at an earlier hearing.

The mayor did say that any citizen with concerns about the budget could discuss them later with the city administrator in his office, or with individual members of the council.

Indians fall to Electra Boosters

Things looked pretty good at halftime. The Haskell Indians had pushed across two second-period touchdowns to move within striking distance of the Electra Tigers, 19-14.

Then the third quarter started. And the wheels came off.

Four plays, and 1:29 deep into the the second half, Electra's Tyrone Robinson pased 56 yards to Tyrone Weaver for a touchdown. Exactly 60 seconds later, Brandon Lynn scooted 27 yards for another touchdown, on the second play after the Tigers had recovered a Haskell fumble at the 35.

Before the third quarter ended, the Tigers had accumulated 33 more points enroute to their 59-14 victory over the Indians. The loss dropped the Indian record to 0-2-1 as they ended non-district play.

The Indians had started slowly, surrendering two first-period touchdowns to the Tigers. The first came on a 1-yard plunge by Robinson on the end of a short drive after a botched punting attempt had given the Tigers possession at the 13. On their next possession, the Tigers went 55 yards in five plays, scoring on a 38yard pass from Robinson to Weaver.

But the third time Electra got the ball, the Indian defense held. Heath McMeans sacked Robinson for a 10-yard loss on a fourth-down try and a 15-yard penalty put the

Electra then controlled the ball for seven minutes, using 13 plays to cover 60 yards for another touchdown. Robinson ran 10 yards for the touchdown, making the score 19-7.

Haskell caught fire following the Electra kickoff. From his own 30, Guess passed 25 yards to Robert Huff for a first down at the Tiger 45. After a running play went for no gain, Guess passed 5 yards to Torres and then hit Huff for 12 yards and again for 20 to move the ball to the 8. After another pass fell incomplete, Isaac Swann picked up 3 yards, Guess passed to Torres for

Public Notice

On June 28, 1991, Southwestern Bell Telephone Company (Southwestern Bell) filed an application with the Public Utility Commission of Texas (Commission) to add a new optional service offering for business Private Branch Exchange (PBX) Trunk customers called Digital Loop Service. The application has been assigned Docket

Digital Loop Service provides digital transmission of circuit switched voice and data communications between the customer's premises and the central office. This service allows the customer to use a 1.544 Mbps facility capable of delivering up to 24 line terminations. Southwestern Bell will provide Digital Loop Service within the customer's serving central office where facilities are available.

the Commission the rates for the Digital Lo Service facilities will be \$445 per month for each digital transmission loop arrangement which provides a capacity of up to 24 line terminations, plus \$3 per month for each line termination and \$9 per month for each channel termination. The proposed rate for the unlimited use of the central office varies from \$12.25 up to \$18.90 per month for each line termination depending on the rate group classification, determined by the customer's location. Southwestern Bell estimates revenue of \$2.1 million from this offering during the first year.

As proposed by Southwestern Bell, customers who currently receive digital loop compatibility through facilities installed under a special construction agreement will have the option to receive their current digital loop arrangements pursuant to the Digital Loop Service Tariff or continue to pay their current charges until they make a change of location or account. Any increase in the number of line terminations to a customer's current digital transmission loop arrangement will be provided pursuant to the proposed Digital Loop Service Tariff; however, the customer will continue to have the option of paying current charges for the existing digital transmission loop capacity. Southwestern Bell's proposal to "grandfather" existing digital loop facility arrangements is subject to review and approval by the

We specialize in cataract surgery with intraocular lens implant and routinely use the small incision phacoemulsfication technique. We have 2 modern, fully equipped operating rooms each with its own Zeiss operating microscope and Phacoemulsifier. We also have an observation room so that family and friends may view the surgery while it is happening. Our ambulatory surgery center is State licensed and Medicare approved. We have performed over 3,000 cataract implant operations since 1987. Our doctors accept Medicare Assignment and we think you will find our fees very competitive with most hospitals. Our friendly, dedicated staff is available to answer any of your questions. If you need transportation, we can help.

Mrs. Randy Grand

Warner, Grand exchange vows

Eudora Fay Warner and Randy Wayne Grand were united in marriage Sept. 6 in East Side Baptist Church in Haskell. The Rev. James Sinclair, pastor of Paint Creek Baptist Church, performed the ceremony.

The bride is the daughter of Mr. and Mrs. C. L. Warner of Lake Stamford and the late Fay Warner. The bridegroom's parents are Mr. and Mrs. Howard Grand of Haskell.

Music was provided by Ann Sinclair, pianist. Soloist James Sinclair sang "The Lord's Prayer" and soloist Teresa New sang "We've Only Just Begun.'

The bride was given in marriage by Joe Kimbrough. She wore an original gown by Phyllis for Bianchi of satin in candlelight. The fitted bodice was of Alencon lace reembroidered with lurex thread. It had a high Victorian neckline. Pearls, bugle beads and paillette enhanced the neckline and long lace and satin sleeves. Lace was repeated in the peplum and was accented with a pearl trimmed satin bow in front. The controlled full skirt with a bouffant back fell into a chapel train. The entire hem was edged with matching lace. Her split wreath of lace held her long, sheer veil of imported English illusion.

The bride's bouquet was made of peach silk roses and attached to a lace fan with peach and white ribbon streamers. For something old, she wore her mother's engagement ring. Something new was her gown and something borrowed was a diamond necklace belonging to the groom's mother. Something blue was the traditional

The flower girl, Courtney Grand of Avoca, niece of the groom, wore a dress of peach polished apple cotton accented with a bow. She carried a basket of peach and blue

Ring bearer, Lisa Whitaker, daughter of the bride, wore a peach polished apple cotton dress accented with a bow, and she carried a pillow of candlelight satin trimmed with a lace fan and peach silk roses.

The groom wore a long tail candlelight tuxedo with a boutonniere of peach silk rose accented with baby's breath. Best man, Lynn Buerggeman of Haskell, wore a country blue western cut

Ushers, Chris Grand and Keven Grand brothers of the groom wore black Levi's, peach shirts with black satin bow ties and black suspenders.

Kevin Grand was candle lighter and Judith Andress of Haskell registered guests.

A wedding reception in the fellowship hall of the church followd the ceremony. The bride's table was covered with white lace over peach with crystal servings. The bride's cake was white, circled by peach roses. Servers for the bride were Merline Berry of Hamlin and Jennabeth Kimbrough of Haskell.

The groom's table was covered with white lace over blue. Coffee and chocolate cake were served by Gina Buerger and Kristen Grand.

A rehearsal dinner was hosted by the groom's parents in the fellowship hall of the church.

The couple was honored with a wedding shower at the First National Bank and a surprise country pounding and dance at Irby

Thanks

Editor: Our association members would like to thank all the people that traveled to Knox City for the Knox County Riding Club playdays this past summer.

Our association is in a fledging stage and we appreciated the ones that came and participated. We're planning an exciting season for next year and we hope to have the fine young boys and girls return to participate next year:

Remembers

Editor: A tootball season never starts that I don't think back in time to the year we (the Indian team) played a game to pay for own letter jackets. The freshmen and seniors played the juniors and sophomores.

The school had been hit with a series of devestating fires. The depression was just beginning to improve, but was still with us.

The letter jacket game was successful and without federal aid, we earned our own letter jackets.

I think of this game as high school football's finest hour. I do not believe a Super Bowl ring would mean as much to me as the memory of playing in that game.

Reading The Free Press team picture for this year, I see one name (Henshaw) that was in the letter jacket game. Royce Adkins also played in that game. He will surely remember it better than I.

City salaries

Editor: Since the City Council saw fit not to answer questions about salaries at the meeting Friday, Sept. 20, at 7 a.m., I, as a taxpayer of Haskell feel like everyone should know how much money goes out each month to the employees of the City of Haskell.

Approximate basic salaries: Administration, \$4,701; Sanitation, \$2,803; Sewer, \$2,846; Water, \$3,989; Street, \$4,134; Fire, \$1,392; Police, \$2,803.

A&M/Tech game

Editor: Once again the Haskell homecoming conflicts with the A&M/Tech football game in Lubbock Oct. 5. If you're not staying for homecoming and are planning to come to the game, you might be interested in the following

The Lubbock A&M Club will host a pre-game barbecue in the coliseum just west of the Tech Stadium on 4th Street. The game is currently scheduled for 7 p.m.; however if the game is televised, kickoff will be at noon and the barbecue will be served 30 minutes after the game.

We have football tickets to be sold only with barbecue tickets. (This supports our scholarship program.) Football tickets are \$18 (regular price) and the barbecue ticket is \$8. Meal tickets may be purchased in any quantity without football tickets. You may buy

barbecue tickets at the door, but we'd prefer you do it now.

If the game is at night, you come early and get a good parking place, a good meal and go to the game. If a noon game, enjoy the game, come to the barbecue and the traffic will be thinned out when you're ready to head for Haskell.

Place orders and mail checks to: James King, P.O. Box 457, Lubbock, TX 79408, or call 806-799-8547.

Utility rates

Editor: As previously stated, the utility rate increase to finance the city hall came about because the certificate of obligation election did not pass.

The public notice cited in the Letters to the Editor column last week alluded to the use of the ad valorem tax and a limited pledge of sewer and water revenues to pay for the certificates.

The important word here is "limited." The state requires two sources to finance a project of this type but does not dictate the proportion from each source.

The council chose to take a larger percentage from ad valorem taxes and a small percentage from sewer and water revenues. The utility percentage was set to be small enough that it would NOT necessitate a rate increase.

When the certificate of obligation election failed, the balance shifted. The ad valorem taxes (now set at the roll back rate) would represent the smaller share, and the utilities would be used for the larger share.

Therefore, the utility rates were increased to help finance the city hall AFTER the certificate of obligation election failed, not before.

Jill Druesedow

Open meeting

Editor: Have you attended an "open" City Council meeting lately to watch your elected officials "close up and personally"?

Have you given serious thought to the manner in which your rights as a citizen of Haskell are being

At the so-called public hearing on the city budget and the rising of your taxes Sept. 20 the entire time spent in the "open" meeting was thirteen minutes. This included the allowing of four people to ask questions concerning the budget. These questions concerned salary of our manager, swimming pool monies, etc.

Is this information secret for we the taxpayers who are footing these outrageous bills, or are they ashamed or embarrassed for us to know? The mayor thanked us for our "input" and proceeded to pass this horrendous budget with the mute assent of the Council. It seems reasonable to wonder how an amount of this magnitude to be paid for by the un-involved citizens could be passed without any discussion whatsoever.

All council meetings are supposed to be public. So when were all the issues concerning these matters discussed? Do you just place the burden on the community without any thought of the future consequences with less than thirteen minutes consideration?

The hundreds of veterans and their families thought they had fought and won the war for freedom of choice and speech. Was it all in vain? It seems this council lost or never knew of patriotism and respect for those brave men who sacrificed so much and many lost their lives for the freedom we now

A prime example was demonstrated at the Aug. 29 meeting by one of our councilmen. A veteran of World War II, who for survival, drank water from a stream where dead enemies lay, explained that it would be difficult to pay additional taxes and utilities. This totally arrogent and unfeeling councilman had the gall to reply "just move". The same person made a rude and totally uncalled for remark to also another World War II veteran while shoving his way through the door at the Sept. 20 meeting.

The reckless spending, without

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Guidelines For Screening Mammography Established by the American Cancer Society.

I. 35-40 years of age -One baseline mammogram.

II. 40-50 years of age -A mammogram every 1-2 years depending on breast type and risk factor.

III. 50 years of age and over -An annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$6000 . The Unit accepts cash, check, Visa, Mastercard and American Express.
