Bids will be open at 2 p.m. on that day. The bid probably will be awarded at the regular council meeting on March 26. Construction should begin in mid-April and the project is expected to be completed during the summer.

Contractors wishing to obtain copies of the plans and specifications may order them at City Hall. A \$50 deposit will be required. The plans will be sent to the contractors by the architect.

## Two are named to all-state choir

Susan Jarred and Paul Gibson have been named members of the 1992 Texas Baptist All-State Youth Choir.

Dr. Loyd Hawthorne, director of choral activities at Hardin-Simmons University in Abilene, will direct the choir.

Choir members will travel to East Texas Baptist University June 23 for rehearsals and a concert. On June 26, the 450-member choir will travel to Disneyworld in Florida to perform and enjoy the attraction.

## Early voting now underway

Early voting (absentee) for the March 10 primary opened Wednesday.

Persons wishing to vote absentee may do so in person at the county clerk's office through March 6. Office hours are 8 a.m. to 5 p.m.

County Clerk Rhonda Moeller said voters should bring their registration cards when they come to the office.

## Maidens capture district crown

The Haskell Maidens will meet De Leon in Clyde at 7 p.m. Friday in a bi-district game. The Maidens (21-10) are champions of district 7-2A while De Leon (23-8) is runnerup in district 8-2A.

The Haskell Maidens sewed up the championship of district 7-2A Monday night with a 38-28 victory over Stamford. The game was played at Hardin-Simmons in Abilene.

Haskell had won the first half of the district race and Stamford took the second half, so Monday's game

was to decide which team would represent the district as champion.

The Maidens led throughout the contest, but Stamford pulled within one point four times in the fourth quarter. Haskell pulled away by scoring the game's final 6 points on 6 free throws.

Haskell led 18-8 at halftime before Stamford rallied in the third period to pull within 3 points at 24-21.

Shana McKenzie and Misti Bartley each had 12 points for the Maidens.

Stamford, as runnerup in 7-2A, will meet Goldthwaite in a bi-district game in Cisco Friday.

**Loose ball**

## Melton's letter of resignation

Here is the text of the letter from Greg Melton to the City Council in which he submitted his resignation as mayor of Haskell last Thursday:

Dear Council Members:  
For the past five and one-half years I have enjoyed the honor of serving as mayor of the City of Haskell. During this time our city has faced a multitude of issues and challenges. Through the storms of change, this community has progressed to a point of undeniable excellence.

I cannot adequately express my appreciation for being allowed to share in the impressive strides our community has made during the past half decade. To all my colleagues of the City Council, both past and present, I owe a debt of gratitude which I can never fully repay.

It is with downtrodden heart, however, that I must tender my resignation as Mayor of the City of Haskell. I have purchased a home site just outside the city limits and will be moving in the very near future. State statutes, as you are well aware, clearly preclude a non-resident to hold any city office.

While there is no doubt that this move is a joyous occasion for our family, it is also a cause for sadness for me personally. I will truly miss the challenge of the office of mayor. I will especially miss serving with such distinguished colleagues. You are the best of the best. You selflessly serve this community.

Thank you for standing fast and doing what is right for our community and our citizenry. While I can no longer serve in an official capacity, Haskell shall continue to be "home", and I will aid you in any way I am capable.

Therefore, I regretfully request that you accept my resignation as Mayor of Haskell effective immediately. May God bless you in your continued service.

Your humble servant,  
Greg Melton

## City has \$462,470 in cash

The City of Haskell had cash deposits of \$462,470.32 as of Jan. 31, city administrator reported to the City Council Thursday night.

This figure represents \$138,845.46 in interest-bearing bank accounts and \$323,624.96 in certificates of deposit.

The general fund bank account was in the amount of \$54,780.47, the enterprise fund \$47,532.51, the airport fund \$12,589.80, the park improvement fund \$15,290.79 and the capital equipment account \$8,651.89.

The certificates of deposit included \$112,283.87 (general fund), \$207,118.20 (enterprise) and \$4,222.89 (airport money market).

Baker pointed out that the total is \$23,698.03 above that of Jan. 31, 1991 when the grand total was \$438,772.39.

A decrease in interest rates the bank pays for city deposits over the past year prevented the city from having an even greater increase in liquid assets.

Last year, the city earned approximately \$30,000 in interest. In 1990, the interest income was about \$43,000.

## Missy Davis to play in Abilene

Local fans will have an opportunity Saturday afternoon to see Haskell's Missy Davis in action when she leads the Sul Ross Lady Lobes against Hardin-Simmons in Abilene.

The game between the conference co-leaders begins at 1 o'clock.

## Jill Druessedow appointed mayor

Jill Druessedow was appointed mayor of Haskell Thursday night following the resignation of Greg Melton.

Melton, who had served as mayor since Sept. 22, 1987, submitted his resignation at the regular meeting of the City Council. He announced that he is moving outside the city limits and would no longer be eligible to serve as mayor.

Following Mrs. Druessedow's appointment, the new mayor appointed Ruby Turner to serve her (Mrs. Druessedow's) unexpired term on the City Council.

The appointments of Mrs. Druessedow and Mrs. Turner are for terms which expire in May. Both indicated they would seek full terms in the May 2 city election.

Mrs. Druessedow had been a member of the City Council since April 25, 1989. She was appointed to the unexpired term of Larry McMillin and then was elected to a

full term in 1990.

The new mayor is an English and journalism teacher at Haskell High School. She became the second woman to serve on the City Council and now becomes the second woman to serve as mayor. (Franciene Johnson was a councilwoman and later a mayor.)

A native of Odessa, Mrs. Druessedow holds bachelor and master degrees from Midwestern State University. She joined the Haskell faculty in 1980, after earlier teaching in Wichita Falls and Stamford high schools.

Mrs. Druessedow was enthusiastic in accepting her appointment. "I know what I'm getting into and I want to serve," she said.

Mrs. Turner, who becomes the third woman to serve on council, is a 35-year resident of Haskell and has been active in many civic endeavors. She is head of the insurance department at Haskell Memorial Hospital.

## City incumbents file

New Mayor Jill Druessedow filed Monday as a candidate for mayor in the May 2 election. She was appointed last Thursday as successor to Greg Melton.

Also filing this week (Tuesday) as a city candidate was Ruby Turner, who was appointed last Thursday to complete Mrs. Druessedow's term on the City Council.

Ronny Tanner and C. T. Jackson

filed Monday as candidates for the council. Both are incumbents. Tanner is seeking a second two-year term, while Jackson becomes a candidate for the remaining year on the term to which he was appointed last fall.

The filing period for city offices will remain open until March 18.

Holdover council members are Kenny Watson and Tony Burson.

## Voters to decide on new sales tax

Haskell voters will decide May 2 on a proposed half-cent sales tax increase to be earmarked for economic development.

The proposition will be on the ballot when voters select a mayor and three council members.

A City Council resolution passed at last Thursday's council meeting authorized the referendum.

Ken Lane, president of the Rolling Plains Industrial Foundation, appeared at the council meeting to make the presentation for the proposition.

An identical proposition failed by a narrow margin of 131-116 in an election held last May 4. At that time it was one of two propositions calling for half-cent sales tax

increases. The other, calling for a sales tax increase for property tax relief, carried by a vote of 150-94.

If passed, the increase would boost the local sales tax rate from 7.75 cents to 8.25 cents. The state tax rate is 6.25 and the current city rate is 1.5 cents.

The increase would generate approximately \$70,000 a year, based on 1991 sales tax collections.

The money could be used to solicit and entice industry or other businesses to Haskell to improve the local economy.

Many Texas communities, including several in this area, have passed the economic development tax.

## Some county voters to change precincts

Haskell County voters who will be voting in different precincts in the March 10 primary will receive new voter registration cards.

County Assessor/Collector Bobbye Collins said the cards will be mailed well before the primary.

Re-districting of the commissioner precincts necessitated changes for many county voters, Mrs. Collins said.

And also because of the re-districting, three voting places in the county will change.

Precinct 1 voters will cast their

ballots at the St. George Catholic Church activity center on North 16th street. In the past, they have voted at the Haskell National Bank community room.

Voting in precinct 4 will be at the Experienced Citizens Center in Haskell, instead of the justice of peace office in the courthouse. Precinct 9 voters will vote at the Paint Creek school library, instead of the Paint Creek ag building.

Other voting places will remain the same.

## Tickets go on sale March 5 for annual Sagerton Hee Haw

Sagerton Hee Haw fans are marking their calendars.

Tickets for the 22nd annual song and comedy show will go on sale at 8 a.m. on Thursday, March 5.

Tickets will be available at the home of J. B. and Dorothy Toney in Sagerton or by calling 817-997-2688. Mail orders may be sent to the Toney at Rt. 2, Box 10A, Sagerton 79548.

The 1992 edition of Hee Haw will be on March 26-28 at the Sagerton Community Center.

Doors to the lunchroom will open at 5:30 p.m. Auditorium doors open at 7 with music provided until the show starts at 8.

Like last year, the first night's performance will be designated Senior Citizens Night for area groups and organizations.

Menu on Thursday will include sandwiches, homemade pie and drinks. On Friday and Saturday nights, a plate lunch will be offered, along with pie and other items, including sandwiches.

# Latchkey children need instructions

When school is in session, any children spend time at home one once the school day ends.

National estimates indicate that many as 15 million children between the ages of 6 and 13 are at home by themselves some time during the day. Child care experts believe there are at least 1 million latchkey children in Texas, although accurate figures don't exist.

"That's because parents are reluctant to admit that their children spend time at home alone," said Dr. Sarah Anderson, family life specialist with the Texas Agricultural Extension Service. They fear being seen as unfit parents. So, you get invalid statistics on latchkey children in the state."

Latchkey children who are victims of violent crimes or kidnappings make the headlines, but these cases are rare. National figures show that fires and accidents at home are the greatest threat, taking the lives of 4,000 children many of them unsupervised) each year.

Parents who allow children to take care of themselves after school can do a number of things to help insure their safety. Following are some suggested tips:

•Arriving home: If children walk home from school, tell them to walk with friends and never take alternative routes. They should always come straight home. Also, instruct your child not to go inside if the door is open or unlocked.

•Keys: Instruct children to keep their house keys hidden inside a pocket, purse or wallet. Make sure all doors and windows can be locked and the child knows how to lock them.

•Safety rules: Establish and post house safety rules regarding answering the telephone and door, playing and using appliances. Put all dangerous items out of reach of children. Check electrical cords for bare wires and broken plugs and make sure children cannot trip over them.

•Emergencies: Post a list of emergency numbers and addresses near each telephone and make sure the phones are accessible to the

child. Practice emergency procedures for fires and tornadoes. Be sure a smoke detector is on each level of your home, and that all smoke detectors have batteries and are working properly.

•Check-in: Designate an adult for children to check in with when they arrive home from school. Also, you may want your child to call you at work.

•Friends: Do not allow friends to visit when the child is home alone. Unsupervised play leads to accidents.

•Quality time: When parents are home, time should be spent with children. Listen to their problems and answer questions.

All children need to develop personal safety skills to protect themselves. If children understand all the family rules and know about safety, both parents and children will feel more secure and comfortable.

During the month of March, the Haskell County Extension office will be mailing out a series of home study letters on "Responsible Self Care for School-Age Children" to all interested parents who request the series. The series is free of charge and will be sent to anyone requesting it.

To receive the "Responsible Self Care" letter series, contact Lou Gilly, county extension agent-home economics, at the county extension office at 101 S. Ave. D in Haskell. The phone number is 817-864-2546.

Parents in Haskell who attended the November parenting meeting at the Haskell elementary school and signed the list to receive this series are already signed up to receive the mailings.

# Club has program on old-time hits

The Progressive Study Club met Feb. 13 in the community room.

President Donna Cole called the meeting to order and guests, Linda Lane Bloise, Golda Colbert, JoAnn Johnson, Margie Huss and Cecelia Aragon, were introduced.

Judy Ray, secretary, read the minutes of the January meeting. President Cole and Mary Martin, chairman of the luncheon committee for the Mesquite District Spring Convention, discussed the planned menu. The entree will be catered and members will prepare the vegetable, salad, dessert and drinks. Mary Kaigler is chairman of the snack time.

The program, Arts, Music and Dance, featuring Broadway hits, was directed by Franciene Johnson. She opened the program by singing "There's No Business Like Show Business" and then introduced the First Nighters, nine members dressed in white blouses and long red skirts and carrying white lacy parasols who sang four songs from Broadway hits.

The last number was "You're a Grand Old Flag" and each waved flags. Mary Kaigler was chairman of this group, and Robbie McLelland was the accompanist.

The next group to display talents and creativity was the Can-Do Girls. They wore a variety of square dance dresses with many petticoats and swung in to "Do-Re-Me" from "The Sound of Music" and did a routine to "East Side, West Side." Mary Martin was the accompanist.

A third group, Give-My-Regards-to-Broadway, featured several seated or near the piano with Nelda Lane, accompanist, singing "New York, New York" while five did a top-hat routine. All were dressed in black trousers, white blouses, and tall black hats. The dancers used black canes. Cecelia Aragon, Haskell High speech teacher, helped this group.

The program was to show that "music produces a kind of pleasure which human nature cannot do without" (Confucius) and "an evening of entertainment"; the goal was accomplished.

Anita Herren gave the Federation counselor's report. Hostesses, Lois Richardson, Mary Holden, Billie Cannon, Nedra McCauley and Jerrene Couch, served sandwiches, cherry pie and coffee. The serving table featured a medium-sized grapevine heart partially covered

with mauve roses flanked with red candles. A pot of tulips with a red and white heart was on the piano.

The next program will be a slide presentation by Joe Harold Cloud of Rule on the flora and fauna of Haskell.

## Club observes Valentine theme

The Jossilet Home Extension Homemakers met Feb. 11 in the home of Mrs. J. L. Toliver.

The meeting was called to order by the president, Edna Anderson. In keeping with the Valentine theme, Silvia Crowe brought the devotion from the 13th chapter of Corinthians, the love chapter of the Bible. After she finished the devotion, she played "Let Me Call You Sweetheart," on her harmonica.

Minutes of the January meeting were read and approved.

Roll call was answered by 14 members and one guest by telling "The Life Cycle I Remember Most."

Mary Abbott gave the treasurer's report and a report was given on the stock show and sale.

Tri-County Rally Day will be March 12 in Seymour with Baylor County as hostess. All standing committee recommendations were read and voted on to return to council.

Mildred Robertson and Reatha Mullins gave a very interesting program on "The Family Life Cycle."

Flo Holder and Martha Toliver will deliver meals for the ECC for February.

Next club meeting will be March 10 in the home of Mrs. Joe Davis.

Refreshments were served to club members, Mary Abbott, Edna Anderson, Phylecia Bailey, Joyce Davis, Sara Hodge, Flo Holder, Margaret Jones, Reatha Mullins, Eloise Perrin, Mildred Robertson, Hazel Thomas, Martha Toliver, Dorothy Trussell and Margaret Wall and the special guest, Silvia Crowe.

**Haskell pharmacist participates in forum**

To assist NARD, the national organization representing independent retail pharmacy, in developing association policies and planning its activities for the future, Haskell pharmacist Doyle High was in Washington recently to participate in a three-day series of

meetings covering a wide range of important pharmacy issues.

NARD's National Independent Pharmacy Forum brings together the association's eight steering committees to share information on the current needs of the nation's independent retail pharmacists and to develop recommendations on policies and actions the association may undertake to support its members and their patients.

NARD's eight committees cover consumer affairs and public relations, home health care pharmacy services, long-term care pharmacy services, management, multiple locations, national legislation and government affairs, professional relations, and third-party payment programs. Each addresses various professional and proprietary interests of pharmacists, as well as the needs of the public they serve.

On Friday and Saturday, Feb. 14-15, each of the steering committees met to discuss challenges facing the independent retail pharmacist and to develop recommendations for association actions. On Sunday morning, Feb. 16, each committee presented its final report in a joint general session. The ideas and suggestions developed throughout the forum and presented at the final joint session will be considered by NARD's House of Delegates at the association's annual convention in October.

NARD serves pharmacist owners, managers and employees of nearly 40,000 independent pharmacies across the country. Independent retail pharmacists, more than 75,000 nationwide, dispense two out of every three of the nation's prescription drugs and 80 percent of the pharmaceuticals covered under the Medicaid program.

# Youths may win D. C. trip

Two area youths will have opportunity to win a 14-day all-expense trip to the nation's capitol when Stamford Electric Cooperative holds its Government-in-Action Speech Contest Tuesday evening at the City Council chambers in the city hall.

The contest begins at 7 p.m. and is open to the public. Anyone interested, parents, friends and family will be welcome to attend.

The two winners will receive an all-expense paid trip to Washington, D.C. The tour is set June 4-16 and will depart from Lewisville.

Participants will see all the famous sights of Washington, visit the Bureau of Engraving and Printing, Smithsonian Institution, the House and Senate in session, Library of Congress, Supreme Court, National Archives, Ford's Theatre, FBI, Kennedy Center, National Geographic Society, Washington National Cathedral, Arlington Cemetery, Mount Vernon and all the memorials: Lincoln, Vietnam, Washington and Jefferson. Visits to congressmen also are planned.

John Youngquist, president of SEC, believes this is a great opportunity for young people to learn about the government. He said the board of the cooperative is proud to offer such an outstanding tour to the young people of this area.

Contestants will give a 5-to-8-minute speech on "What Stamford Electric Cooperative Does for the Area It Serves." Contestants must be 15 years old as of Jan. 1, 1992, and not over 19 years as of April 1. Two winners will be chosen on their knowledge of subject and speaking ability.

## City, school filings open

Filing period opened Monday for candidates in the city and school elections scheduled for May 2. Candidates have until March 18 to file.

In the city election, voters will elect a mayor and two council members to two-year terms, and another council member to a one-year term.

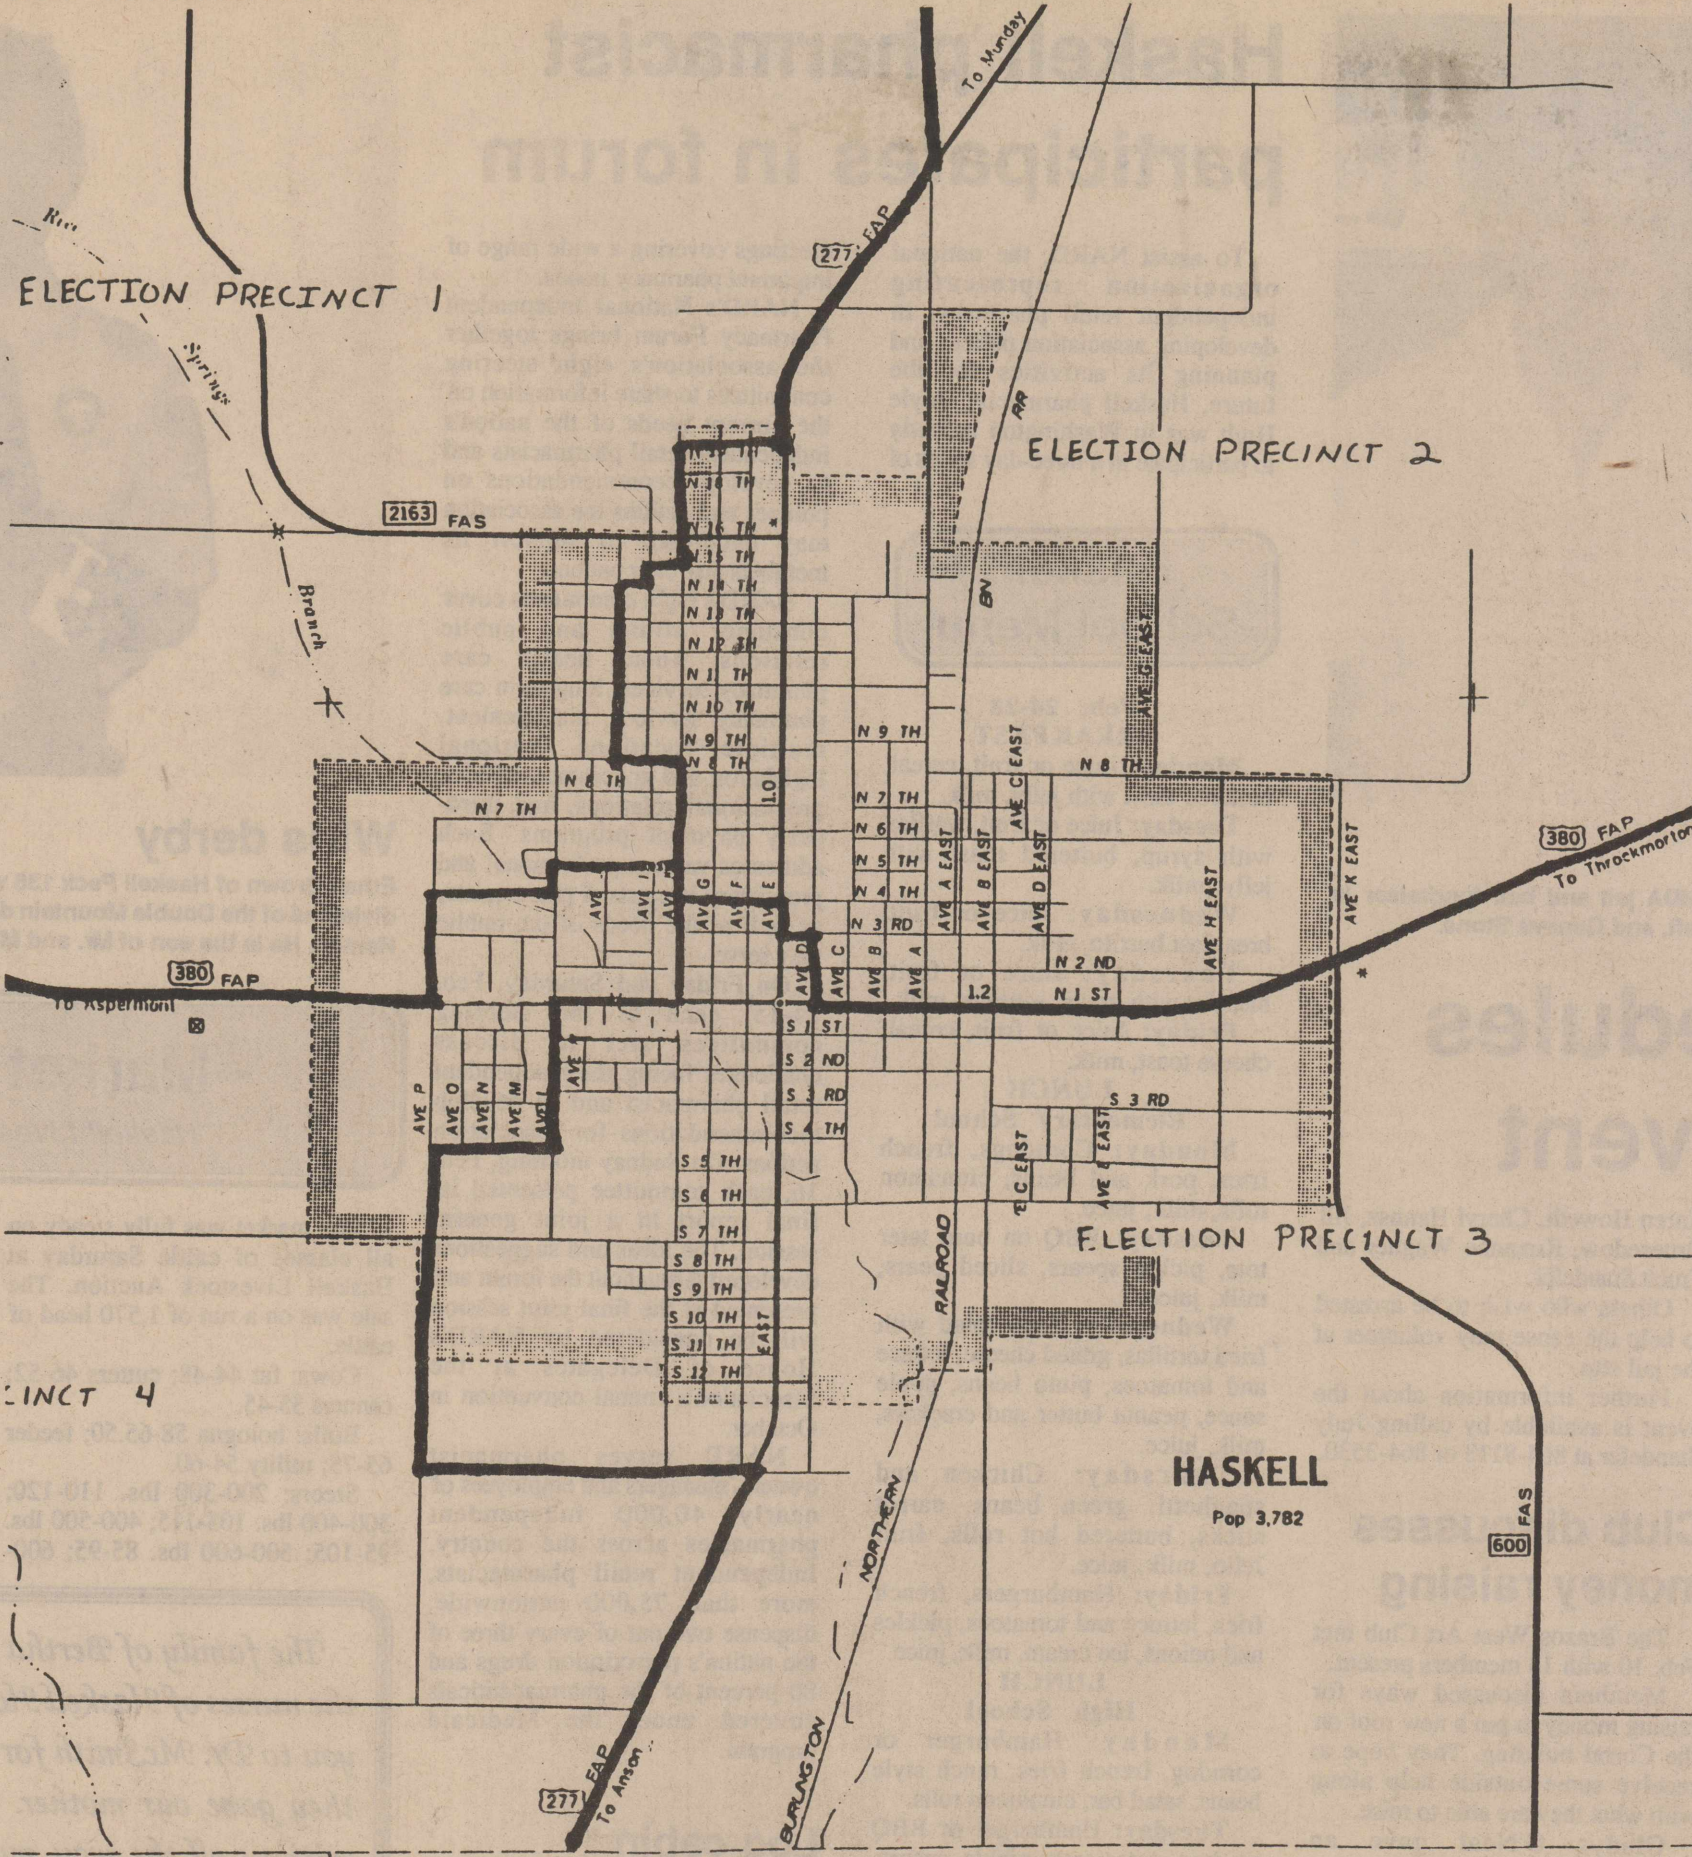

In the school election, two members of the School Board will be elected.

## Back surgery

A new type of surgery for degenerative disk disease may offer hope to millions of people who suffer from low back pain.

The new procedure is less painful than the current type of surgery and decreases hospital time for the patient, said Dr. David S. Baskins, a neurosurgeon at Baylor College of Medicine in Houston.

In the new procedure, a small incision is made in the back to expose the affected area. An operating microscope is aligned to magnify the area, enabling the physician to accurately pinpoint and remove the deteriorated fragment that causes back pain.

The map shows the re-drawn commissioner precinct boundaries in Haskell County, as they pertain to the area inside the city of Haskell. The map published in last week's Free Press was not accurate.

BY WENDELL FAUGHT

Have you ever dined at the Stagecoach Inn in Salado?

According to a readers' choice survey conducted by *Texas Highways*, that's the No. 1 eating establishment in Texas.

The March issue of the magazine features the results of the survey. Ballots did not offer a selection of restaurants from which to choose; readers were just asked to fill in the blanks.

Of the 30,000 food service operations in Texas, the 1,500 survey respondents listed the top 10 this way:

No. 1: Stagecoach Inn in Salado, strategically located on I-35 halfway between Dallas and San Antonio. The highway carries some 27,000 vehicles past the picturesque setting each day. Southern-fried chicken, baked ham, broiled fillet of orange roughly, hush puppies, banana fritters and tomato aspic, together with outstanding service, make for a memorable meal. Said one respondent, "They serve Texas' best everything."

No. 2: County Line Barbecue Restaurants in Austin. Barbecue of all sorts, with an all-you-can-eat option.

No. 3: Gaido's Seafood Restaurant in Galveston. This is what seafood's all about. Try the stuffed crab claws.

No. 4: Mi Tierra Cafe y Panaderia of San Antonio. Gary P. Nunn's Texas anthem, "I'll Tell You What I Like About Texas," mentions this place, and for good reason. Enchiladas, fajitas, tamales. Even a Mexican bakery right there on the premises.

No. 5: Alamo Cafes of San Antonio. Chicken-fried steak, Mexican food and great tortilla soup.

No. 6: Joe T. Garcia's in Fort Worth. Enchiladas, fajitas and chiles rellenos.

No. 7: King's Inn on Loyola Beach near Riviera in South Texas. Orders include a pound of the selected entree, and fresh seafood is the house specialty.

Nos. 8 and 9 (tie): Underwood's Cafeteria in Brownwood where they serve legendary barbecue, dinner rolls and cobblers; and The Cattleman's Steakhouse at Fabens, 30 miles southeast of El Paso, where superlative steaks come with outstanding scenery.

No. 10: The Big Texan in Amarillo, famous for enormous steaks.

If your favorite restaurant isn't listed, you might want to pick up a copy of the March issue of the magazine. There are 11 runnersup listed in the article.

### Thanks

Editor: On behalf of all Haskell County law enforcement officers and the West Texas Interlocal Crime Task Force, I would like to thank everyone who bought a ticket and made donations to our hamburger supper Saturday.

It was a big success and will help the Task Force and Haskell County continue the fight against illegal drugs. Numerous people put a lot of work into helping by volunteering their time to help.

The support shown demonstrates that the citizens of Haskell County are as concerned as we are about the drug problem in our county. Law enforcement can't stop the drug problem alone. It takes all citizens.

Again, thanks to everyone from all the law enforcement officers.

# Thigpen issues statement

The following statement to voters was submitted by Joseph Thigpen, candidate for District Attorney of the 39th Judicial District.

On March 10, 1992, you as a voter, will be voicing your choice as to whom you wish to serve as District Attorney for the 39th Judicial District. The choice that you make will undoubtedly have a direct influence on the War Against Crime in our community. I am prepared to fight that war on your behalf.

In order to effectively combat crime there must be cooperation between the District Attorney's Office and all law enforcement agencies. I will, as your District Attorney, restore communication and cooperation between all agencies.

Furthermore, I will assist the law enforcement officers in their detection and solution of crimes by providing a criminal investigator who is accessible to them at all times. The criminal investigator will be selected by the law enforcement officers with whom he will be working.

I pledge to you that as your District Attorney, I will be "Tough on Crime." In this regard, I will ask our grand juries to indict criminals for the crimes they have committed. I am opposed to reduced charges being filed when innocent people have been killed, wounded, or their property destroyed or stolen.

Secondly, I will see that cases are disposed of promptly and that criminals are not allowed extended stays in our county jails awaiting trial.

Thirdly, I will ask judges and juries for stiffer sentences for those convicted of crimes.

Fourthly, I will revoke the probations of those that do not live up to the terms and conditions of their probated sentences.

And, last, but not least, I will be accessible to the people of this district and devote my experience and talents towards the fight against crime.

I am aware that the most serious problem facing our community is the illegal use of drugs by children and adults alike. The War on Drugs cannot be won without the total cooperation of the community, law enforcement, and prosecuting attorney. As your District Attorney, I will give priority to drug cases and see that they are prosecuted without delay.

It is not enough that drug dealers are arrested, they must be brought

into court and effectively prosecuted. To lose a case is a loss in the War on Drugs. I believe the assets of drug dealers and drug traffickers should be forfeited and used by law enforcement to carry on the fight.

Finally, in order to do my part in seeing that illegal drugs do not get into the hands of your children, my children, or the grandchildren of others, I as your District Attorney, will not plea bargain any case in which a person is charged with delivering illegal drugs to a resident of Throckmorton, Haskell, Stonewall or Kent County. The message is clear: Sell Drugs in This District and You Will Be Tried.

I have fourteen (14) years experience in prosecuting criminal cases. All of that experience has been gained in this District or adjoining districts. I am aware of the problems that face us and I have the experience and dedication to solve the problems. I am asking you, the citizens of this District, to return Joseph Thigpen as District Attorney in order that we, together, may wage the War Against Crime.

# State spends \$3.5 million on county welfare programs

The state spent \$3,469,735 last year for major welfare programs in Haskell County, according to Ray L. Dunavant, regional administrator for the Texas Department of Human Services.

Medical assistance had the biggest impact, with \$476,633 spent for families and children and \$432,699 for the aged and disabled

for hospitals, physicians, laboratory, X-ray and other services.

Also, \$39,301 was spent for families and children and \$175,423 for the aged and disabled in Haskell County for prescribed medicines.

Nursing home costs of approximately \$1,268,192 were paid for aged and disabled residents. Community Care for Aged and Disabled spent \$231,881.

Food stamps worth \$670,659 were issued for the fiscal year which ended Aug. 31, while Aid to Families with Dependent Children (AFDC) totaled \$174,947. Food stamps are funded entirely by the federal government, while the department determines eligibility of applicants and issues the food coupons.

The state and federal governments share in the cost of AFDC to families where needy children are deprived of support because of the absence or disability

of one or both parents.

In addition to services and assistance to low-income residents of the county, the department extended protective services to 17 abused and neglected children and their parents or caretakers. These services, furnished without regard to family income, were designed to reduce or eliminate danger to children.

There were 31 investigations in adult protective services. These investigations concerned reports of abuse, neglect or exploitation of elderly or disabled adults.

Thank you for reading The Haskell Free Press.

# Seniors honor Carriker

State Sen. Steve Carriker has been named to the National Senior Citizen Hall of Fame.

Joseph Kappler, executive director of the Washington-based organization said, "This award is presented as recognition of outstanding work performed that makes life more meaningful for our elder citizens."

For many years prior to his first election, Carriker served as a board member of the Senior Texans Employment and Green Thumb programs.

In his first session in the Senate he secured passage of an "Options for Independent Living Program," designed to enable the elderly to live in their own homes as long as possible.

That same year he co-sponsored legislation that allowed thousands more elderly Texans to qualify for Medicaid payment of their nursing home bills. He was honored by the Older Women's League in recognition of his service to the state's elderly, and was also selected to receive the Texas Leadership award by the Joint Conference on Aging.

During the last legislative session, Carriker passed a bill which put on the books the state's first criminal penalties for Medicaid insurance fraud.

Kappler said that Carriker's biography would be included in a Hall of Fame book. Proceeds from the sale of the books will go toward the purchase of eye glasses, walkers and hearing aids for seniors.

## TAX PLANNING

Written By  
Richard E. Rodgers, CPA

### NEW LAW EXTENDS TAX BREAKS

On December 11, 1991, President Bush signed the Tax Extension Act of 1991 extending to mid-1992 twelve tax provisions. One of these provisions had already expired, and eleven were scheduled to expire on December 31. The cost of extending these tax breaks will be paid for by accelerating certain corporations' estimated tax payments.

The tax provisions that were extended include the following:

- Tax credit for low-income rental housing
- Targeted jobs tax credit
- Business energy credits for solar and geothermal property
- Credit for increased research activities
- Orphan drugs credit for testing drugs for rare conditions
- Exclusion from employee income for employer-provided group legal services
- Exclusion from employee income for employer-paid educational expenses
- The business deduction for 25% of health insurance costs paid by the self-employed
- Extension of the authority to issue qualified mortgage bonds
- Extension of the authority to issue qualified small issue manufacturing bonds
- Extension of the rules covering allocation of research expenditures between domestic and foreign sources.
- Continuation of the alternative minimum tax exception for charitable contributions of appreciated tangible personal property

Your 1992 tax planning should take these tax break extensions into account. Get details if you think any one of these provisions could cut your 1992 taxes.

Our community was invited to the school Monday night to learn more about the new program. Carol Burson from the Texas Education Service Center discussed parent skills, Mrs. Debbie Hobgood and Jerry Morgan then answered questions from the group, and the questions were good ones, and much was learned from the meeting.

Have n't the Olympics on TV been great? It has been almost like being there. We saw some of the races better than those who were there. Via TV we don't have to stay in one place. We can follow the athletes right down the hills and over the jumps. The opening night show was so beautiful. And the figure skating is amazing.

\*\*\*

The Gene Overtons had their family at home Sunday, all except granddaughter, Brooke. She had a training class so she stayed with a friend. The family attended the Cooper High School Senior Class musical, "The Music Man".

Dr. Mike, wife Linda and daughter Paige and Bill Overton spent Sunday with the Gene and Wallar Overtons.

\*\*\*

Mrs. Frances Fischer spent last week with her daughter, Margaret in San Angelo. Margaret's job takes her there every few weeks, and Frances sees her neck doctor.

\*\*\*

The Wallar Overtons had guests Helga Reupert from Munich, and Bettina Linke from Lindau

Bonensee, Germany. They are visiting Mr. and Mrs. Tom Barnett. Helga is Mrs. Barnett's cousin. Steffi took them to Albany to see the museum and the art gallery, but they were closed for the holiday. They saw the store windows and old stores and what they could see of historical Albany. Steffi must have enjoyed getting to visit someone in German.

\*\*\*

The community extends its sympathy to Mrs. Darlene Walton who lost her mother last week. Mrs. Opal Bounds funeral was Saturday.

\*\*\*

Former Paint Creekers here for Mrs. Bound's funeral were Caroline Gresset Spearman, Gene Bounds from Stamford, Mary Helen Bounds from San Antonio, Edna Calloway, Gayle Bounds, Selda and Jerry from Kaufman.

TO THE CITIZENS OF THE 39TH JUDICIAL DISTRICT:

Eight years ago, I ran for the office of District Attorney and pledged to discharge the duties of office in an honest, fair and impartial manner. I also promised tough and vigorous prosecution of crime and drugs.

After seven years in office, there have been 333 felony convictions in this district, including 44 felony drug convictions. Of these, 142 individuals have been sent to the penitentiary for a total of 1987 years and another 216 individuals were placed on felony probation. In addition, \$227,867 in restitution to victims of crime and \$214,900 in fines have been assessed.

Crime affects all of us either directly, as victims of crime, or indirectly, in the form of higher insurance rates and higher taxes for law enforcement and new prisons. I want to continue fighting this problem and to continue working for you. I would appreciate your vote and support for re-election in the upcoming election.

Respectfully,

JOHN FOUTS

Pregnancy Does Not Reactivate Arthritis Symptoms: A Norwegian study of 76 pregnancies in 51 women with juvenile rheumatoid arthritis showed that pregnancy did not reactivate symptoms of the disease when it was in remission. Most of the patients with minor or active symptoms at conception had an improvement or total disease remission in the second half of the pregnancy. A disease flare of 3 to 6 months occurred after delivery in 45 of the pregnancies. All but two pregnancies ended in healthy babies with normal birth weight.

## Pirates win over Poolville

The Paint Creek Pirates continued their winning ways last Saturday by pulling out a close one over the Poolville Monarchs.

"This was an exciting one for us to win," said Coach Mike McCoy. "With three minutes left, we were down by 12 points with a couple of starters fouled out. We had to rely on our bench strength to win this one and it was great experience for them under pressure."

The Pirates were led by Rodney Medford who had 22 points and 9 rebounds. Tony Martinez scored 11 points. The Pirate record now stands at 22-2.

Paint Creek now faces some tough competition in the upcoming practice games:

## New drug uses

Common drugs already in use may some day be given to pregnant women or to babies at birth to prevent brain damage.

Drugs such as phenobarbital and indomethacin may stop fluctuating blood flow in the brains of premature infants, said Dr. Jan Goddard-Finegold, a pediatric neurologist at Baylor College of Medicine in Houston.

Such irregular blood flow can lead to problems like cerebral palsy, blindness, seizures or mental retardation.

Goddard-Finegold is studying the effects of these drugs on blood flow.
