

Mayor proclaims 'Dr. Joe Day'

Friday will be "Doctor Joe Day" in Haskell in honor of long-time physician Dr. Joe Thigpen.

Dr. Thigpen retired last month after more than four decades of medical practice in Haskell.

Mayor Jill Druesedow issued a proclamation Monday calling for the day to honor Dr. Thigpen.

Missy Davis 'most valuable'

Haskell's Missy Davis has been chosen the most valuable player on the 1991-92 Sul Ross State University women's basketball team.

She was recognized last week, along with other outstanding athletes, at the annual athletic banquet.

Silver Hair voting to begin

Absentee voting for the Silver Hair Legislature will be next week a the Experienced Citizens Center in Haskell.

Local citizens may vote between 10 a.m. to 1 p.m. on Monday, Wednesday and Friday (May 18-20-22).

Ruth West of Snyder is unopposed for re-election as this district's representative to the Silver Haired Legislature. Write-in votes will not be allowed.

Derrick Franklin predicted all-star

Derrick Franklin is one of four Angelo State University football players featured as "All Star Candidates" in the pre-season press guide for the Ram team.

Franklin, a junior, is a 178cound corner back and two-year starter for the Rams.

Last season, the former Haskell High School athlete was an honorable mention all-Lone Star Conference pick. He had 38 tackles, one sack, three interceptions and nine pass deflections. In his two seasons, Franklin has 11 interceptions.

Franklin is one of 12 starters and 33 lettermen returning to the Rams this season as they hope to pick up here they left off last year when they went undefeated in the final five games (4-0-1) enroute to a 6-3-1 season and second place in the Lone Star Conference.

Presents German flag

Wilton L. Kennedy presented a German flag last week to Greg Melton, assistant principal at Haskell High School. Kennedy, then a sergeant in Patton's 7th Army, captured the flag during the Battle of the Bulge in January 1945. Melton said the flag will be displayed in the school library.

Henry still victor

A recount of votes Saturday reaffirmed the election of Pat Henry as mayor of Haskell.

The recount had been requested by Mayor Jill Druesedow, who trailed Henry by 26 votes in the May 2 election.

Actually, Henry increased his margin to 32 votes in the recount, 508 to 476. The initial tally was 501-475.

Mrs. Druesedow said she called for the recount on the basis of a statute which allows a recount when there is less than 10 percent difference in the number of votes received by two candidates. But she said her main reason was "to lay to rest allegations by the opposition of improrpiety on the part of city officials during the election."

"The recount chairman said there was no question about the security of the ballots, and all ballots were accounted for," Mrs. Druesedow said.

County veterans get \$766,489

Haskell County veterans received \$766,489 last year from the U.S. Department of Veterans Affairs

Most of the money, \$732,950, was in the form of compensation for disabling injuries or diseases incurred while in the armed forces, or as pensions for wartime veterans with limited incomes.

Another \$32,362 was in the form of insurance and indemnities and \$1,177 was for readjustment and rehabilitation.

GTE contributes to youth groups

Three Haskell youth organizations have received \$1,570 from GTE.

Cub Scout Pack 136 received a \$300 grant, while Boy Scout Troop 136 and the Haskell Little League each received a \$635 grant. All were on behalf of GTE employee Tom Dewey.

GTE contributed \$23,400 last month to 36 community organizations in the Mid-West Texas division in recognition of volunteer work performed in 1991 by company employees. Seventy-seven employees contributed 15,933 hours of their time and talents to a variety of organizations ranging from Boy and Girl Scout troops and YMCAs to volunteer fire departments, symphonies and health clinics.

GTE Central Area awards the grants to the charitable organizations on behalf of its employees as a way of encouraging and rewarding volunteer help to non-profit community groups.

Called the Volunteer Initiatives Program (VIP), the contributions project rewards organizations employees have helped with grants up to \$2,000. The VIP program is provided in addition to GTC Central's annual contributions to local charitable organizations.

"GTE employees are using a portion of their leisure time each week to help a variety of charitable agencies," said Hardy E. White, Mid-West Texas division manager. "They're the kind of citizens who would give willingly in their communities without reward. But it's especially gratifying to augment

the volunteer work they do all year with these special VIP grants."

The VIP grants are based on the number of volunteer hours an employee performs for an organization. For example, 25 hours of verifiable volunteer service to an agency would "earn" an organization a \$100 grant; 75 hours of work, a \$150 grant; 101 hours of work, a \$200 grant; and 150 or more hours would net a \$300 grant. The special projects grant must be one-time in nature, complete within 12 months and of clear and positive benefit to the community.

GTE Central Area established the VIP program in 1983. Organizations eligible for VIP grants from GTE provide a broad spectrum of services, including social welfare, mental and physical health programs, education, scientific and civic affairs and community enhancement. Only non-profit agencies with tax-exempt status are eligible for grants.

Locals participate in Prayer Day

Joining President Bush and millions of Christians from Hawaii to Florida, pastors and citizens from many local churches celebrated the annual National Day of Prayer last Thursday during the noon hour on the Haskell County courthouse lawn.

Dusty Garison, pastor of the First Christian Church, began by reading 2 Chronicles 7:14. Brian Burgess, with the American Family Association of the Rolling Plains, gave the corporate prayer.

City sales tax rebate check one of biggest

The City of Haskell's sales tax rebate check this month was in the amount of \$25,349.86, one of the largest ever for the city.

This month's sales tax payment includes local taxes collected on March sales and reported to the state comptroller in April by businesses filing monthly tax returns. May's payment also reflected taxes reported by businesses filing quarterly returns for sales made during the first three months of 1992.

The payment reflects a 40.73-percent increased over the \$18,013.69 the City of Haskell received last year for the same period.

So far in 1992, Haskell has received \$96,096.40 in sales tax rebates, or 47.24 percent more than

the \$65,264.21 received in the first five months of 1991. Accounting for the big increase is the new halfcent sales tax which went into effect Oct. 1.

This month's sales tax disbursements from the state comptroller also included \$2,527.63 to the City of Rule, \$1,901.03 to Rochester, \$544.78 to Weinert and \$350.48 to O'Brien.

Together, the five cities of Haskell County have received \$112,355.83 in the first five months of the year, or 38.92 percent more than the \$80,878.51 received for the same period last year.

While Haskell's local sales tax rate is now 1.5 percent, O'Brien, Rochester, Rule and Weinert tax rates are 1 percent.

Super Hearts

The county-wide residential drive of the American Heart Association is being kicked off with donations from these Super Hearts: from left, Dr. Bill McSmith, H. L. Guess, Mattie Felker English and Abe Turner.

Heart association plans fund drive

The Haskell County division of the American Heart Association will be conducting its residential drive May 15-22. Block walkers will be visiting with neighbors to solicit funds for the fight against heart disease and stroke and to pass out heart health information.

Area leaders for the drive are Donna Cole, Nene Comedy and Ferrell Coston from Haskell, John Greeson from Rule and H. L. Guess from Weinert.

The county-wide residential drive is being kicked off with generous donations from the following Super Hearts: H. L. Guess, Abe Turner, Dr. Bill McSmith, Dr. Cliff Ray, Frances Lane and Mattie Felker

"I would like to encourage the folks in Haskell County to give

generously through this drive,": said Turner, who is Haskell County AHA president. "Last year in Haskell County more deaths occurred from heart disease and stroke than any other cause. In fact, almost half of the deaths were attributed to cardiovascular diesase.

"A donation to the Haskell County division of the American Heart Association will be used to fund research to help save lives and for education concerning heart health in this county."

For more information about the American Heart Association or to make a donation, contact Turner or Sue Medford at Haskell National Bank, 864-2631.

Bruce Tibbits inducted into UTA's Hall of Honor

Saturday was a big day for Bruce Tibbets of Rochester.

He was inducted into the University of Texas at Arlington's Maverick Athletic Hall of Honor, in recognition of his brilliant basketball career more than a quarter

tury ago.

On hand for the ceremonies were his wife, Jonnett; his son, Wesley of Rochester; his brother, Lennis Tibbits of Argyle and his wife and son, Steve; his two sisters, Linda Blair, and her husband, Roger, of San Antonio, and Sherry Martin and her husband, Fred, of Aspermont; his parents, Mr. and Mrs. Leslie Tibbits of Rochester; and a number of other relatives and well-wishers. Another son, Denny, is in the Navy and is stationed at Great Lakes (Ill.) Naval Training Station

Bruce began his collegiate basketball career at San Angelo

Junior College after graduating from Rochester High School in 1961. He was all-conference both years he played for the Rams.

The 6-7" Tibbets transferred to what was then Arlington State College after his sophomore year. He became a starter immediately as he began to re-write many of the school's records.

In 23 games his senior year, Tibbets was third in the nation in field goal percentage---63.8 percent. He connected on 65.2 percent of his free-throw attempts and averaged 21.7 points and 11.9 rebounds per game.

He was first-team all-conference as he broke four school records and tied another. Records included 499 points in a season, 275 rebounds, 204 free-throw attempts and 183 field goals. His 23 rebounds in one game tied a school record.

Tibbets still holds records for the

highest scoring average in a season (21.7), highest scoring average for a career (21.5) and most free throws attempted in a season.

Although he played only two years at Arlington, he is among the career leaders at UTA in scoring (855), free throws (217) and rebounds (452). He is tied for fifth and sixth in single-game scoring with 37 and 36 points respectively.

After college, Tibbets was invited to try out with the St. Louis Hawks (now Atlanta) of the NBA. Instead, he entered the Army where he helped lead Fort Polk, Pa., to two consecutive 4th Army championships. After a short stint in Germany, Tibbets returned to Rochester where he lives and farms today.

Tibbets became only the fourth basketball player to be inducted into the Maverick Athletic Hall of

Bruce Tibbits as a player for University of Texas at Arlington

School. They were too busy with plans for their entry into the "real"

However, as that class held its 50th reunion April 30-May 1 in Austin, its members were recalling '42 with many fond memories.

Billy Clifton and his lovely Faye were hosts to the group for dinner at their home in Lakeway. After initial greetings and introductions and re-introductions, there was time for looking at pictures, scrapbooks and other memorabilia. Billy served a Hill Country barbecue dinner which was enjoyed by all.

After dinner, a brief silence honored the memory of deceased classmates: Frances Bolin, Rachel Carr, Mary Helen Crandall, J. W. Holland, Eddie Lusk, Onella Moore, Goldie Smith, James Mack Smith, Frank Snelling and A. H. Wair Jr.

Then president, now professor, Ross Lowe conducted a quiz on "Graduation '42." The questions were as enlightening as the answers in many cases, and some of the more naive students learned a lot they had missed the first time around.

Friday was spent sightseeing or at leisure, then Garene Heath and Martha and Walter Scott entertained the group for drinks in the Scott's Lakeway home. Ross read messages from classmates who were unable to attend. He distributed copies of the 1942 class history, and an update outlining some of the changes that have taken place in our world in the intervening 50 years.

Then he called for personal updates from those present---what a variety of experiences this uncovered! Fortunately, none of them confirmed some of the startling predictions in the class prophecy. But the closing paragraph of that document is still true today:

"Although these students of the class of '42 have scattered far and near, they have retained the companionship they had with their fellow students, and they will always have their love for Haskell High School."

In '92, we would add that we are grateful for smalltown roots that nurtured our dreams and ambitions, let us feel the warmth and caring of those about us, and instilled a spirit of love and service to our country.

Tribute was paid to Sue Pate, who has done so much to keep the group in touch, and has been so gracious to entertain us in her home at Haskell reunions. Thanks were expressed to the local committee---Sue, Frances Thomson and Hess Hartsfield---for planning and organizing a great reunion.

We adjourned to Rosie's for a great Mexican dinner, and more visiting followed.

Class members attending were: Carroll Bledsoe, Frances Chapman Thomson, Billy Clifton, Annie Bess Gilliam Cobb, Florence Hammer Parks, Hess Hartsfield, Garene Head Heath, Betty Jo Hester Heitsch, Alton Irvin, Beverly King Van Siclin, Eloise Koonce

BREAST CANCER DETECTION UNIT AVAILABLE TO AREA WOMEN

TUESDAY, MAY 19th HASKELL MEMORIAL HOSPITAL 1 North Avenue N HASKELL, TEXAS

Call 864-2621 for appointment

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast can-

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival

A mammogram can detect a cancer this small. before it can be felt.

Guidelines For Screening Mammography Established by the American Cancer Society.

I. 35-40 years of age -One baseline mammogram.

II. 40-50 years of age -A mammogram every 1-2 years depending on breast type and

III. 50 years of age and over -An annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A Service of

Transamerican Diagnostic Services

(Providing Mammography Services for over 5 years)

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental xrays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

by Vicky Anderson It was indeed nice to be in Rule this past Wednesday evening to attend the pancake supper at the Rule School cafeteria, which was sponsored by both high school and junior high cheerleaders. It is understood by the undersigned that 170 people were served that night. The first people seen were Supt. and Mrs. Tom Kutch. Then, had the pleasure of sitting at the table with Fay and Ennis Webb, also Orheana and John Greeson. It was good to see all the cheerleaders and their mothers, too. After a delicious meal, as your correspondent was on her way out the building, she ran into two Stamford women: Lee Weaks and Earlene Horton, I believe Earlene and her late husband, Travis, once ran a grocery store in Rule.

TEXAS **Property Tax Protest and Appeal Procedures**

The law gives property owners the right to protest actions concerning their property tax appraisals. You may follow these procedures if you have a concern about:

- the value placed on your property;
- · exemptions that may apply to you; · cancellation of agricultural appraisal;
- · whether your property is taxable;
- · which local governments should be taxing your property; or

· you think the appraisal district has done something else that adversely affected you.

Informal Review: Taxpayers are encouraged to make an appointment with an appraiser to discuss their property value. This may be done by calling (817) 864-3805. They should bring information to substantiate why they feel that their property value is incorrect. The appraiser will discuss their property and may recommended an adjustment to the Appraisal Review Board. If the taxpayer is satisfied with the adjustment, he does not have to appear before the ARB.

Review by the Appraisal Review Board: If you can't resolve your problem informally with the appraisal district staff, you may have your case heard by the appraisal review board.

The appraisal review board (ARB) is an independent board of citizens that review problems with appraisals and other concerns listed above. They have the power to order the appraisal district to make the necessary changes to solve problems. If you file a written request for an ARB hearing (called a notice of protest) before the deadline, the ARB will set your case for a hearing. You'll receive written notification of the time, date, and place of the hearing. The hearing will be informal. You and the appraisal district representative will be asked to present evidence about your case. The ARB will make its decision based on the evidence presented. You can get a copy of a protest form from the appraisal district office at 604 North First, Haskell, Texas.

Note: You shouldn't try to contact ARB members outside of the hearing. The law requires you to sign an affidavit saying that you haven't done so before the ARB hears your case.

Review by the District Court: After it decides your case, the ARB must send you a copy of its order by certified mail. If you're not satisfied with the decision you have the right to appeal to district court. If you choose to go to court, you must start the process by filing a petition within 45 days of the date you receive the ARB's order. If the appraisal district has appraised your property at \$1,000,000 or more, you must file a notice of

appeal with the chief appraiser within 15 days of the date you receive the ARB's order.

More information: You can get more information by contacting your appraisal district at

> Haskell County Appraisal District 604 North First Haskell, Texas 79521 (817)864-3805

You can also get a pamphlet describing how to prepare a protest from the appraisal district or from the State Property Tax Board, 4301 Westbank Drive, Building B, Suite 100, Austin, Texas

Deadline for filing protests with the ARB

(the deadline is postponed to the next business day if it falls on a weekend or

Usual deadline: On or before May 31 (or 30 days after a notice of appraised value was mailed to you, whichever is later).

Late protests (if you miss the usual deadline for good cause. Good cause is some reason beyond your control, like a medical emergency. The ARB decides whether you have good cause). Before the day the appraisal review board approves records for the year. Contact the appraisal district for more infor-

Special deadlines: Change of Use (if the ARB has informed you that you are losing agricultural appraisal because you change the use of your land) Before the 30th day after the notice of the determination was mailed to

ARB changes (if the ARB has informed you of a change that increases your tax liability and the change didn't result from a protest you filed) Before the 10th day after the notice of the determination was mailed to

If you believe the appraisal district or ARB should have sent you a notice and did not, you may file a protest until the day before taxes become delinquent (usually February 1). The ARB decides whether it will hear your case based on evidence about whether a required notice was mailed to you.

Arthur Watson

Arthur (Ott) Watson died Monday, May 4, at Humana Hospital in Abilene. He was 78.

Funeral services were Thursday afternoon (May 7) at the First United Methodist Church with the Rev. Sid Parsley officiating. Burial, directed by Holden-McCauley Funeral Home, was in Willow Cemetery.

Pallbearers were Wallar Overton, Darrell Smith, Walter Buerger, Chris Grand, Bill Pannell, Robert Weaver, James Robert Crawford and Irvin Overton.

Honorary pallbearers were John Thomas, Gene Overton, Fuzzy Renfro, Bobby Jones, Ray Perry and Earl Proctor.

Mr. Smith was born in Haskell County on Nov. 13, 1913, and was a retired farmer and heavy equipment operator. He married Maple E. Smith in Haskell on Feb. 22, 1936. He graduated from Post Community School and was a

Sunday School teacher for many years at the Paint Creek Methodist Church. He served as steward of the Methodist Church for many years.

He is survived by his wife; a daughter, Sue Watson Holcombe of Olney; four grandchildren, Larry Keith Watson Sanders of San Antonio, Brandon Boyce Holcombe of Washington state, Shonna Lynn Watson of Tuscaloosa, Ala., and Monty Shea Holcombe of College Station; and a host of nieces and nephews. He was preceded in death by a son, Kendel Eugene Watson in 1969,

Queenie Busby

Queenie Ellen Busby of Puyallup, Wash., died Tuesday, May 5. She was 78.

Funefal services were held May 7 at Powers Funeral Home Chapel in Puyallup. Graveside services were Wednesday morning (May 13) in Willow Cemetery with the Rev. Sid Parsley officiating. Burial was directed by Holden-McCauley Funeral Home.

Mrs. Busby was born June 2, 1913, in Sheridan, Texas. She was the daughter of William and Jennie (Budd) Brannen. She lived her early years in Houston. In 1918, she moved to O'Conta, Neb., where she lived for 19 years. She moved to the West Coast in 1936.

Mrs. Busby was active in the Military Order of the Purple Heart Auxiliary for 20 years and held all seats in that organization. She was invited to be in Glendale, Calif., this month for a joint installation of officers of the Purple Heart Auxiliary and was elected patriotic instructress for this next year. She also was a member of the VFW Auxiliary and a member of the DAV for 20 years.

She married Simon Pollard in 1933. In 1953, she married Willie C. Busby, He survives her.

Other survivors include two sons, William Pollard of Auburn, Wash., and Robert L. Pollard of Sumner, Wash.; three step-sons, W. C. Busby Jr. and wife Jean of Irving, Derrell Busby of Oklahoma City and Michael Busby and wife Aletha of Garland; three step-daughters, Genevia Busby Johnson and husband James of Alvin, Janette Busby of Englewood, Colo., and Geneice Busby Chandler and husband Robert of Texarkana, Texas; 25 grandchildren; and 26 great-grandchildren.

Weinert club meets with Mrs. Weinert

The Weinert Extension Homemakers Club met May 5 in the home of Jimmie Weinert, with Faye Jetton as co-hostess.

The meeting was called to order by Jimmie Weinert, president.

Club members repeated the TEHA prayer and creed and Faye Jetton read a poem, "What Matters." Roll call was answered by nine members and two guests by naming a nutritious snack idea.

Minutes of the previous meeting were read by Betty Sanders, secretary-treasurer and the treasurer's report was given. Cordie Cunningham gave the council report.

There will be no council meeting in May or June. June is vacation month. The Eager Housewives Extension Club will be July council hosts.

The secretary read a letter that Faye Jetton had received from the Federation of the Blind in Arlington, asking for a donation to help buy things that are needed.

It was voted on and passed that the club would help with funds to buy material for craft as needed for the ladies, Myrtle Phemister, Alice Yates and Betty Sanders, as they work and train the golden age ladies at the nursing home to make little gifts or something for themselves. The club will make a quilt this fall to auctioned off for the Weinert school fund. Members voted to set up a fund for the secretary-treasurer to buy gifts or cards as needed for the club.

The program was given by Lou Gilly, county agent/home economics.

After the program, refreshments were served to Alta McGuire, Estalynn Liles, Cordie Cunningham, Alice Yates, Myrtle Phemister, Betty Sanders, Lavada Burgess, Jimmie Weinert, Faye Jetton and two guests, Mattie White and Lou Gilly.

Rochester revival this weekend

Evangelist and missionary Joe Ochoa of Taylor will lead a "miracle service" at the Faith Chapel in Rochester this weekend.

Bilingual services will be at 7 p.m. on Friday and Saturday and at 11 a.m. on Sunday.

The family of Melvin E. Young would like to thank all their friends and neighbors for their visits and the flowers and their prayers. Also thanks to Dr. McSmith and Dr. Wayne, Charles Swinson, and all the nurses and attendants at Rice Springs Care Home and the Haskell Hospital.

A message from the ABILENE EYE INSTITUTE & CATARACT SURGERY CENTER DEDICATED TO EXCELLENCE

We specialize in cataract surgery with intraocular lens implant and routinely use the small incision phacoemulsfication technique. We have 2 modern, fully equipped operating rooms each with its own Zeiss operating microscope and Phacoemulsifier. We also have an observation room so that family and friends may view the surgery while it is happening. Our ambulatory surgery center is State licensed and Medicare approved. We have performed over 3,000 cataract implant operations since 1987. Our doctors accept Medicare Assignment and we think you will find our fees very competitive with most hospitals. Our friendly, dedicated staff is available to answer any of your questions. If you need transportation, we can help.

Gerald McCoy and Emel Kus

Two are chosen for symposium

Haskell High School student, Emel Kus and science teacher, Gerald McCoy, have been chosen to attend the 32nd annual Energy Science Symposium at the University of Texas in Austin June 9-12.

The symposium is jointly sponsored by the Texas Atomic Energy Research Foundation and the University of Texas. West Texas Utilities is one of the sponsoring companies in the foundation and will pay all expenses for 50 students and

teachers from its service area.

Kus and McCoy will be among 500 high school science students and teachers throughout the state attending the sessions in Austin. Participants will tour some of the finest scientific facilities available and attend lectures and workshops conducted by leading professionals in the scientific field.

WTU area manager Gene Rhoads said, "The symposium is a chance for WTU to help students and teachers learn more about science and energy outside the classroom."
