Rule chamber plans party

A hamburger supper and concert will be held Friday night in Rule's Slim Sorrells' Park, sponsored by the Rule Chamber of Commerce.

The hamburger supper will begin at 6:30, and will be followed by entertainment by the "Imitation Stats" of Seymour.

Guests are asked to bring their lawn chairs and enjoy the food and fun.

Year's rainfall double the norm

Rainfall in May totaled 5.33 inches in Haskell, bringing the moisture total for the first five months of the year to 17.05 inches, nearly twice the normal of 8.82 inches.

Sam Herren, official weather recorder, said the normal for May is 3.75 inches.

May rains have proved damaging to county farmers, delaying wheat harvest and preventing cotton planting. And June started off just where May left off; another .66 of an inch was recorded early Monday, the first day of June.

Temperatures during the month ranged from a balmy 89 degrees on May 16 to a cool 50 degrees on May 30, Herren reported.

East Side youth to wash vehicles

The youth of East Side Baptist Church will wash and detail cars this Saturday, from 9 a.m. to 3 p.m., at the car wash just east of the church.

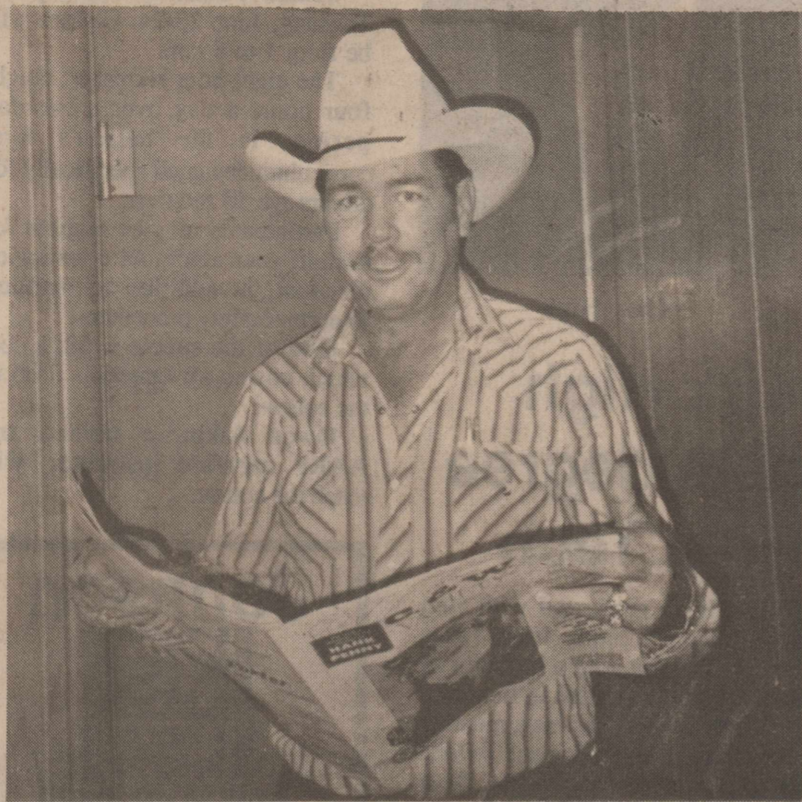

Area residents are invited to bring their car, pickup, tractor, bicycle or skateboard and have it washed for a donation.

Proceeds will help send the youth to summer camp and to the annual Texas Baptist Youth Evangelism Conference.

Legion Auxiliary makes donations

The American Legion Auxiliary has made donations to two local youth programs.

The Auxiliary gave \$50 to the high school athletic equipment fund and \$25 to the Haskell Little League.

Song recorded

Phil Standefer looks over an issue of *C&W Variety* magazine which announces the recording of his song, "Dreams About Vanessa", written by Ron McCandless.

Pair teams up for recording

A pair of Haskell men have teamed up to produce a recording which will be released next week in Nashville.

"Dreams About Vanessa" was written by Ron McCandless and recorded by Phil Standefer.

It will be released on the Silver Tree label during Fun Fair in Nashville, June 8-12.

The two were featured in a photo in the April/May issue of *C&W Variety*, a country music publication with a circulation of more than 1 1/2 million.

Initially, the record will be available only to radio stations. If enough interest is shown, it will be re-pressed and made available to the public.

The recording is the first for

Standefer, who says he has been "singing and playing for 26 or 27 years."

But for McCandless, it represents the fifth song he has had recorded. McCandless, who is program director for radio station KVRP in Haskell, said he has written dozens of songs, most of which he "threw away."

Standefer has lived in Haskell the past five and a half years, but he said he has lived here "off and on" for the past 20 years. A policeman for 20 years, he was a city policeman here in 1972-73. He now is employed as a bus driver for Sunset Stages in Abilene.

The record is now being played on KVRP.

Student Council chooses officers

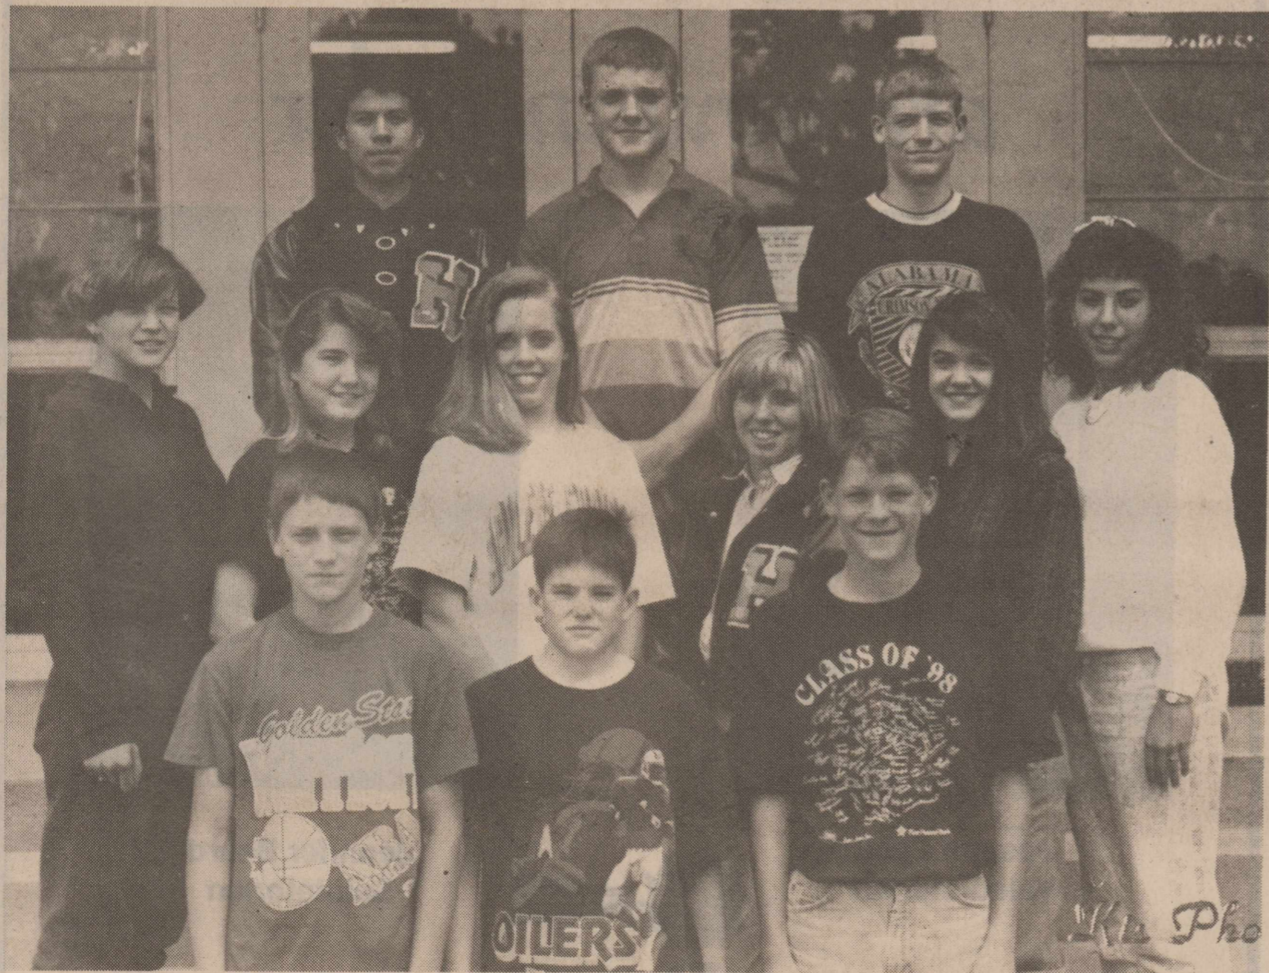

The Haskell Student Council elected 1992-93 officers during an organizational meeting held May 26.

Elected were: Nichole Cothron, senior, president; Cody Josselet, senior, vice president; Heather Hobgood, sophomore, secretary-treasurer; and Teresa Diaz, junior, reporter.

Other Student Council representatives for 1992-93 are Joseph Rodriguez, 12th grade; Blake

Henshaw, 11th grade; Casey Larned, 10th grade; Charissa Huff and Mik Everett, ninth grade; Betsy McDermett and Matthew McCord, eighth grade; and Stephanie Alsabrook and Jason Briles, seventh grade.

Sponsor Christie Stapleton said the new Student Council members are excited and eager to become an active part of student government at Haskell High School.

Blake Henshaw is not pictured.

Burson elected pro tem

Tony Burson was elected mayor pro tem at the May 26 meeting of the Haskell City Council.

Appointments to various boards and committees highlighted the council meeting.

Kim Nemir was appointed as a council representative on the ambulance board (Burson is the other) and Scott Wall and Anita Dabney were appointed to the Haskell Training Center board.

Mary McCollum was appointed chairman of the recycling committee, succeeding Jill Druessedow, and Iva Lee Gipson was appointed to replace Bob Baker on the board of the Haskell Industrial Foundation.

Another appointment was that of Merry Harvey to be acting municipal judge.

In other action, the council approved amendments to the lease with the Paint Creek Water Authority to meet requirements with the Farmers Home Administration and passed a resolution to open South 5th Street from South Avenue D to South Avenue E. The street opening was requested by Kent Oil Co. which plans to build a gas station and convenience store on South E.

Roewe inks agreement with Angelo

Roger Roewe of Haskell has signed a scholarship agreement to compete on the track team at Angelo State University.

The announcement was made last week by James Morris, track coach at South Plains College where Roewe has been a member of the track team for the past two years.

Roewe, the son of Conrad and Betty Roewe and a 1990 graduate of Haskell High School, is a two-time national qualifier. He qualified for the 1991 NJCAA Outdoor Track and Field Championships in the discus and javelin, and competed in the discus and hammer throw at this year's national meet.

A physical education major, he placed sixth in the discus with a heave of 155-1, and owns a career best of 168-0 in the event. He also owns a career best of 153-10 in the hammer throw.

"He's a skilled thrower," said his coach at South Plains. "His work habits are so great. He has achieved a higher level of performance because he works so hard."

Scores delayed

Results from the standardized tests taken by Haskell students in April have been delayed and will not be received by the school until after June 15.

Texas Chiefs plan fly-in this weekend

The Texas Chiefs Model Airplane Club will have its sixth annual fly-in and open house Saturday and Sunday at the Haskell Model Airport, three miles east of town.

Based on advance entries, this is expected to be the largest turnout yet for the two days of competition and fun.

Saturday will feature competition in events such as loops, rolls, touch-and-go, and climb-and-glide for a \$100 bill and other merchandise prizes. Contestants will compete as novices or experts.

Sunday's flying will be demonstrations of a variety of sizes and types of models and will include a model helicopter. Also expected to participate is a flyer

inside a booth watching a television screen and controlling his model based on the pictures from a camera mounted in the plane is sending to the television monitor.

At 3 p.m., all models will be lined up on the runway for a close inspection by the spectators who will be asked to vote for the best military aircraft, the best civilian aircraft and the ugliest plane. Plaques will also be awarded to the pilot coming the farthest and for the worst crash.

Admission will be free. Breakfast will be available Sunday morning for \$2 per person.

Concessions will be available and spectators are encouraged to come watch the flying and help select the winners.

Logo winner

Dacia Phemister receives a \$50 savings bond from Ruby Turner after being named winner of the contest to design a logo for Project CART.

Seventh-grader wins logo contest

"Simple and easy to read were ways the recycling committee described Dacia Phemister's logo for Project CART, the name for Haskell's recycling center," said Jill Druessedow, former committee chairman of recycling.

Dacia, a seventh-grader, won a \$50 savings bond donated by the recycling committee to the winner of the logo contest.

Logos from sophomore Robert Johnson and freshman Steven Campbell were selected for honorable mention.

The contest was open to students in grades 7-12 at Haskell secondary school.

Serving on the committee were Bob Baker, David Davis, Mrs. Druessedow, Clayton Fowler, Amanda Hadaway, Jerri Sue Hise,

Teresa New and Ruby Turner.

The original recycling committee will undergo changes with the appointment of Mrs. Mary McCollum as chairman, replacing Mrs. Druessedow. However, Mrs. Turner will remain on the committee.

Rule graduate appointed to U. S. Air Force Academy

Joseph Pace received a certificate of appointment to the United States Air Force Academy during graduation ceremonies at Rule High School Friday.

Major Richard Crawford of Bedford, USAF reserve liaison officer, presented the certificate which represents the equivalent of a full four-year scholarship.

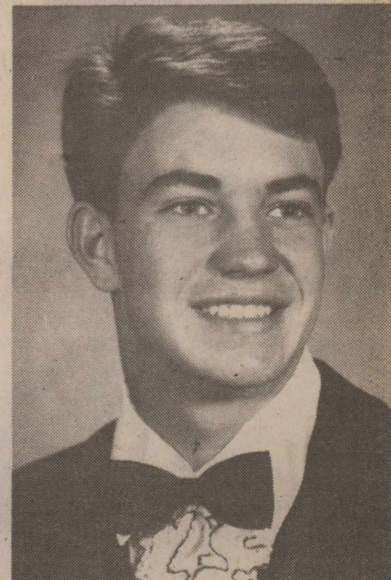

Joseph, the son of Patrick and Brenda Pace of Rule, will enter the academy, located just outside Colorado Springs, Colo., this summer to begin a six-week basic cadet training program prior to the start of the academic year.

Pace was valedictorian of this year's graduating class at Rule. While in high school, he

participated in football, golf and FFA. He was a member of the calculator team which placed second in the state in UIL contests and was also a member of the fourth-place computer science team.

Competing against more than 15,000 of the nation's best high school students, Joseph is one of about 1,275 selectees to the Air Force Academy's class of 1996.

The Air Force Academy educates, trains, motivates and prepares young men and women for leadership roles as U.S. Air Force officers. Graduates earn a bachelor of science degree in one of more than 25 academic majors. Upon graduation, they are commissioned as second lieutenants in the Air Force.

Faye Trussell gets scholarship

Faye Lanell Trussell of Rule has been named recipient of the Howard-Turner Endowed Education Scholarship at Hardin-Simmons University.

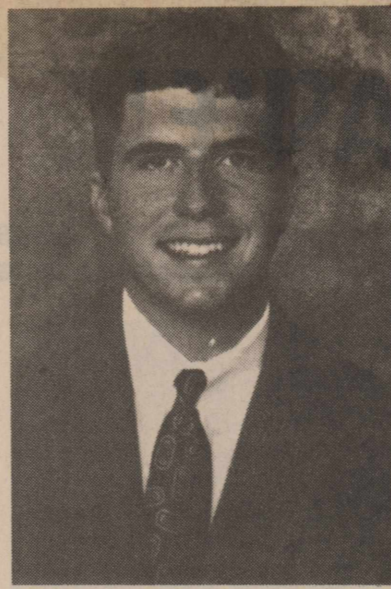

The scholarship was established in 1982, by Mr. and Mrs. John E. Turner of Abilene in memory of Mrs. Turner's brother, Lt. Raymond C. Howard, who was killed in World War II.

Mrs. Turner, a retired HSU English teacher, stipulates that the scholarship be awarded to students who reflect an exemplary Christian lifestyle, maintain a 2.5 grade point average in their general studies and a 3.0 or above in their major, and be committed to the teaching profession.

Swimming pool hours announced

Beginning this Sunday, normal hours at the Haskell Municipal Swimming Pool will be from 2 to 6 p.m., Tuesday through Sunday. The pool will continue to be open to the public from 6 to 8 on Tuesday nights.

Parties may be scheduled for mornings and for after 6 p.m. on any day except Monday. Call 864-8185 or 864-3820 to make reservations.

Kirk High

Kirk High gets degree from Tech

Kirk High graduated with cum laude honors recently from Texas Tech University with a bachelor of business administration in finance.

While at Tech, he was a member of Sigma Chi fraternity and several honor societies, including Beta Gamma Sigma and Cardinal Key.

He also was secretary of the Interfraternity Council and a member of the Plains National Bank Junior Board of Directors.

The son of Doyle and Roberta High of Haskell, Kirk has been employed by Team Bank in Fort Worth.

Billy Hester on Dean's List

Billy W. Hester II of Rochester has been named to the Dean's List at East Texas State University for the 1992 spring semester.

Bank sponsors driving course

Farmers National Bank of Rule will sponsor an AARP 55 Alive/Mature Driving Course later this month at the Lions Club building in Rule.

Tentative dates are Monday and Tuesday, June 23-24. Classes will be from 1 to 5 p.m.

The eight-hour refresher, taught four hours a day over a two-day period, is the nation's first curriculum designed specifically for drivers age 50 and over.

Participants may be eligible for a multi-year automobile insurance discount, in addition to learning important safety procedures.

Cost of the course is \$8, a cost which covers all materials used in the course.

Owen Aikin, a trained and AARP certified instructor, will teach the course.

Lottery sales brisk

Lottery ticket sales were "going great" in Haskell during the first three days of the lottery, local merchants said Monday.

Allsup's, Sav M and Winn's reported sales of approximately 8,000 lottery tickets as of early Monday afternoon.

While no big winners had been reported as of Monday, at least three local residents had won \$100 each. There have been numerous winners of \$50, \$20, \$10, \$5 and \$2.

In addition, five local lottery players had purchased "entry" tickets which qualifies them for the \$1 million payoff.

Beard, Mathis set wedding date

A June 27 wedding date has been set by Jennifer Michele Beard and Joey Wayne Mathis.

The bride-to-be is the daughter of Alan Beard of Rule and Sherry and Larry Dennis of Weatherford. The prospective bridegroom is the son of Terry Joe and Carolyn Mathis of Sagerton.

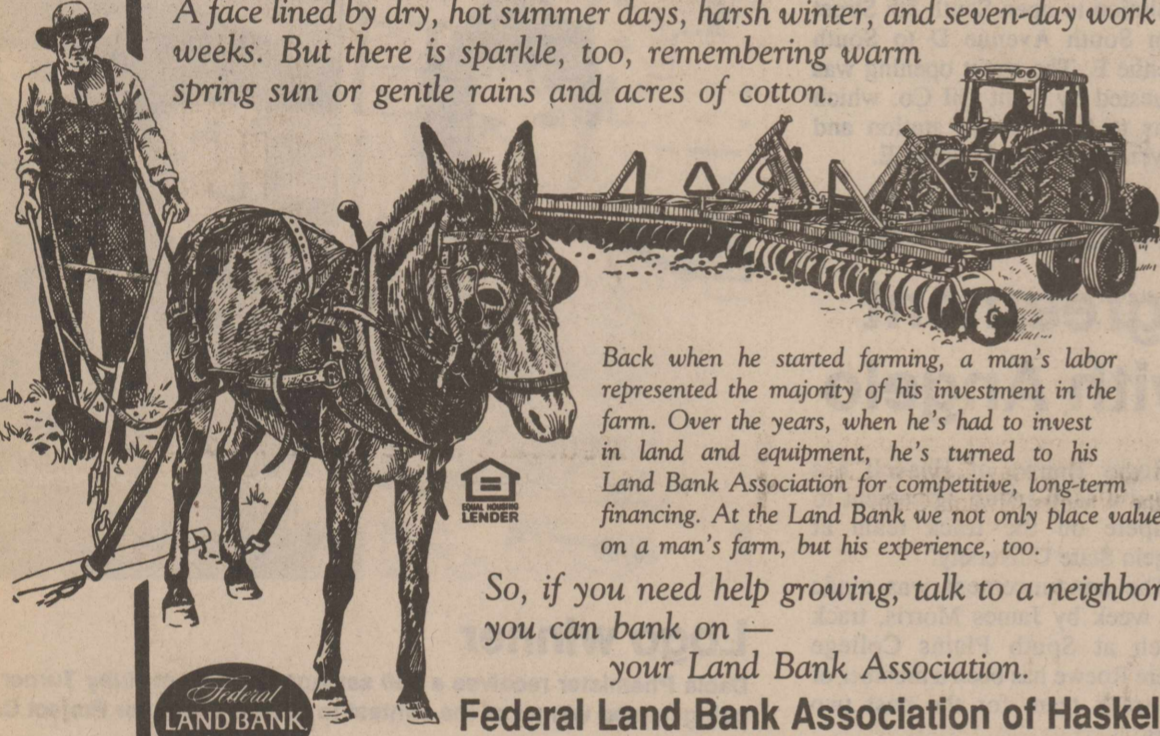

The wedding will take place at

the First United Methodist Church in Rule.

Miss Beard is a graduate of Rule High School and is attending Western Texas College classes. Mr. Mathis also graduated from Rule High School and attended Sul Ross State University. He is employed with Mathis and Sons Well Service in Rule.

Experience —
We consider it money in the bank.

A face lined by dry, hot summer days, harsh winter, and seven-day work weeks. But there is sparkle, too, remembering warm spring sun or gentle rains and acres of cotton.

Back when he started farming, a man's labor represented the majority of his investment in the farm. Over the years, when he's had to invest in land and equipment, he's turned to his Land Bank Association for competitive, long-term financing. At the Land Bank we not only place value on a man's farm, but his experience, too.

So, if you need help growing, talk to a neighbor you can bank on — your Land Bank Association.

Craig Neal salutatorian at Wheeler

Craig Neal, son of Clayton and Kay Neal, was named salutatorian of the 1992 Wheeler High School graduating class. His four-year grade-point average was 3.659.

Craig was vice president of his class, an All-American scholar, member of the National Honor Society and recipient of the 90-plus award, Mirabeau Lamar award presented by the Wheeler Masons, and the citizenship award given by the faculty of WHS.

He also received academic awards in world history, American history, U.S. government, English III, accounting, Algebra II and Trig. In addition, he received scholarships from the Thursday Review Club and the Wheeler Kiwanis Club.

Chevrolet dealer gets service award

Personnel at Bailey Toliver Chevrolet/Olds are excited these days after being named recipients of Chevrolet's customer satisfaction award.

The award represents "world class" service by the dealership, said Gary A. Zimmerman of Dallas, branch service manager for

Chevrolet division of General Motors.

Dealerships were graded on results of feedback from customer questionnaires, Zimmerman said. Customers rated dealers on job performance and job satisfaction.

Zimmerman said only 40 of 285 Chevrolet dealerships in the district earned the award.

Now at Allison Farm Supply, Haskell

John Allison of Allison Farm Supply, left, and Dave Miller, representing the City of Haskell, stand beside the herbicide container dumpster.

Herbicide disposal service available

A joint effort between the City of Haskell and Allison Farm Supply will allow producers to drop off herbicide containers for disposal.

John Allison has allowed the City to place a special dumpster east of his business. Producers will be able to leave herbicide containers in this dumpster. The containers must be triple rinsed and have a hole punctured in the bottom of the container. The City will pick up the containers and dispose of them at NO CHARGE TO THE PRODUCER.

Containers may be dropped off during business hours Monday thru Saturday.

This is a voluntary effort between Allison's, the City of Haskell, and the Haskell Soil and Water Conservation District.

TAX PLANNING

Written By
James E. Rodgers, CPA

IRS AUDITS

Now that you've filed your tax return, you might be wondering about your chances of being audited. The good news is that, in general, your chances of being audited are under 1%. Naturally, the higher your income level, the higher your chances.

The IRS scores tax returns for audit potential based on such factors as total income, size and types of deductions, and "hot" IRS areas (tax shelters and home office expenses, for example). Returns with scores indicating a high likelihood of understated income or overstated deductions are flagged for further review.

Generally, IRS audits are targeted at one or two specific areas of your return (e.g., capital gains, rental losses, or itemized deductions). The most common type of audit is the mail audit. Usually, this type of audit results when items reported on your return do not match 1099 information forms filed with the IRS (such as interest income, dividends, capital gains, and miscellaneous income). To avoid this type of audit, report items on your return as they are reported to you on the 1099 form, if possible. Don't combine separately reported items or amounts. Office and field audits are more complex, generally addressing such areas as rental properties and businesses.

If you are selected for an audit, give us a call. Our experience in dealing with IRS agents and IRS procedures can make your audit response easier and more effective.

Your best weapon in an audit is adequate documentation supporting items on your return. In fact, while 1991 is still fresh, you might want to review your return. Match 1099 information returns with reported income; tie reported deductions into receipts and canceled checks. Then, file these documents with your copy of the return. If you can support every item on your return, you'll be well-prepared should the IRS call.

Fly-in

Editor: Despite the inclement weather, the fifth annual Fly-In Breakfast at the airport was a success. On behalf of its co-sponsors, the City of Haskell and the Haskell Chamber of Commerce, we thank everyone who made it possible.

We are grateful to the Breckenridge Warbirds for their willingness to come even though overcast skies prevented their participation. The 23 planes that made it, led by the Big Country Squadron of the Confederate Air Force, were enjoyed by the record number of area citizens who came to have breakfast with them at the hangar, provided by Sgt. Sam Wester, Todd Herricks and Ed Murphy. Local pilots formed a shuttle service in golf carts to escort the incoming pilots from their planes to the hangar.

We especially thank the 17 firemen who cooked the breakfast and the American Legion who parked cars. The American Legion and East Side Baptist Church loaned us tables and chairs.

Those who contributed financially to cover the expenses of the Fly-In were Haskell Butane, Medford Buick-Pontiac, Richardson Truck and Tractor, Bailey Toliver Chevrolet, Haskell Save \$ Club, Smitty's, Haskell National Bank, First National Bank, Lanco Insurance, West Texas Utilities, Doyle High's The Drug Store, and Johnson Pharmacy.

The City and the Chamber are grateful to all who helped, to all who contributed and to all who participated.

Party '92

Editor: I would like to take this opportunity to thank everyone who participated in the Party '92.

All contributions, whether they be money, gifts, food or time, were greatly appreciated.

Haskell County young people are very fortunate to have so many interested individuals and businesses.

Party '92 was a great success. County students were excited about the gifts, money and food at the party.

The students are also to be commended. Thanks to their efforts, the cleanup committee had little to do.

Thank you Haskell County for being such a kind and generous community.

Testing the efficiency of your center pivot irrigation system will show you how productive the system is operating and could point out areas along the system where too much or not enough water is being applied.

The first step in determining the efficiency of the system is knowing the gallons per minute you are pumping through the system. This is done using a flowmeter or velocity gauge.

After the gallons per minute is determined, a series of catch cans or gauges are placed along the system and water is caught in them as the system passes over it.

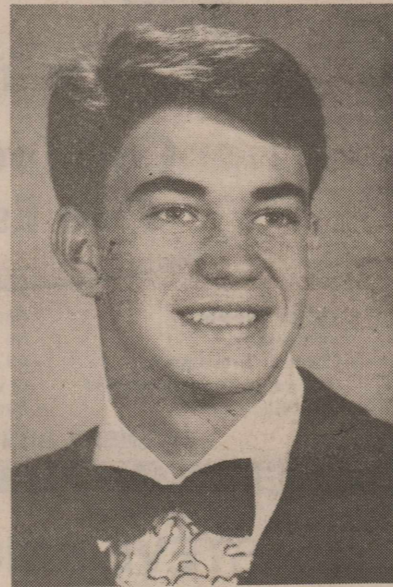

The average amount of water that is caught in the gauges is compared to the amount of water

pumped through the system to determine the application efficiency.

The uniformity of the water applied to the field or the pattern efficiency is calculated by comparing the lowest 25 percent of the area under the pivot to the average amount of water applied to the field.

Factors that influence efficiency of the irrigation system are operating pressure, pumping rate, worn or plugged nozzles system leaks, wind and humidity.

Areas of irregular crop growth under the pivot could indicate too much water is being applied in some places and not enough in others. An efficiency test could show how to correct this problem.

Faye Mullino Urich

Mullino, Urich wed in Rochester

Faye Ermine Mullino and Ricky Urich were united in marriage May 16 in the First Baptist Church in Rochester.

The bride is the daughter of Mr. and Mrs. George Alvis Mullino, Sr. of Rochester. The groom's parents are Mr. and Mrs. Richard Urich of Rowlett and Mr. and Mrs. Hollis Lindsey of Stamford.

Escorted down the aisle by her father and given in marriage by her family, the bride wore a formal length gown of white polished taffeta. The sweetheart neckline and fitted bodice were embellished with sequins, pearls, and iridescent sequins. The bodice was attached to a full Southern bell skirt trimmed in lace and iridescent sequins and accented in the back by a 3-tier ruffle trimmed in the same lace. A white bow was attached to each tier on the cathedral

train. The sleeves of the dress were full Victorian style and tapered at the elbow to hug the bride's arm and form a point on her hands. The sleeves were also covered in sequins, pearls, iridescent sequins, and net.

For something old the bride wore a watch over 95 years old that belonged to her great-grandmother Ida Mullino and carried an embroidered handkerchief that had belonged to her great-grandmother Lissie Alvis. Something new was her dress. The bride borrowed her mother's diamond earrings, a diamond cross necklace from her grandmother Ermine Mullino, a pearl bracelet from her grandmother Claudia Faye Reid, and she carried a keepsake handkerchief which had been purchased by the bride and two friends, Jennifer Shaver and Michelle Dunnam, who carried it in her wedding and will also be used

by Jennifer when she becomes a bride.

For something blue, the bride tucked a blue ribbon, won by her niece Mary Belle Turner in her garter, and tied a blue crocheted hair ribbon, given to her as a child by Annie Marshall, to her bouquet. The bride's veil had been worn by her sisters Susan and Reida in their weddings. She had a six-pence in her shoe.

Rev. Truett Kuenstler officiated the double ring, candle-light ceremony before an altar decorated with brass candle trees and brass arch candelabra. They were covered with greenery, baby's breath, and red flowers. The windows were decorated with hurricane lamps entwined with greenery. The pews were marked with white bows. The pews in which the parents and grandparents were seated were marked with greenery, and baby's breath, in addition to the bows. Stacie and Tracie Bevel registered the guests.

Reida Harris of Rochester, was her sister's matron of honor. Susan Turner also of Rochester was her sister's honorary matron of honor and organist. Bridesmaids were Lori Riggins of Waco, cousin of the bride, Melanie Murray-Gerzack of Bryan, cousin of the bride, Stacie Urich of Sweetwater sister of the groom, Michelle Dunnam of Haskell, Kay Lisle, Jennifer Smart, and Jennifer Shaver all of Rochester. Maggie Mullino of Carrollton and Mary Belle Turner of Rochester, nieces of the bride, were Jr. Bridesmaids. Flower girls were Amy Turner and Teddye Sue Harris, nieces of the bride.

Best man was Larry Moreno, Jr. of Stamford. Groomsmen were Richard Urich of Rowlett, father of the groom, Jim Flower of Grand Prairie, uncle of the groom, Steve Urich, brother of the groom, Casey Mathis, and Billy Smith all of Stamford, Cole Turner and Danny Harris both of Rochester, brothers-in-law of the bride. Buddy Mullino of Dallas, brother of the bride was honorary groomsmen and pianist.

Candlelighters were Thomas Parks, Charlie Parks, Marcus Parks, and Brian Bevel. Ushers were Larry Reid of San Angelo, cousin of the bride, David Lisle, Richard Shaver, Brad Bevel, Chris Carver, and Ross Shaver all of Rochester.

The bride's chosen colors of red and white were carried out in the bridesmaid's attire. Following the old-fashioned theme, the Christmas red dresses had sweetheart necklines and Queen-Ann collars. The skirts were full, ankle length accented in the back by a 3-tier bustle type ruffle trimmed in white lace. A keyhole was cut out across the shoulders and a white applique adorned the front neckline. The puffed sleeves were full Victorian style and came to the elbow. The Jr. Bridesmaid's dresses were identical.

cal to the bridesmaids. The flower girls wore white eyelet calf length dresses with short puffed sleeves and princess collars with red pinafores tied with a big red bow in the back. They carried white baskets trimmed with wide white lace.

The bride chose a variety of flowers including bluebonnets, yellow & white orchids, daisies, roses, tulips, and bachelor buttons. The bridesmaid's bouquets and head pieces were made of various silk flowers, baby's breath, and fresh greenery. The bride's bouquet was made of fresh flowers and greenery.

The groom, groomsmen, ushers, and candlelighters all wore black western cut tuxedos, cross ties, black wranglers, and boots. The father of the bride wore a full black western-cut tuxedo.

Music was provided before and during the ceremony by Susan Turner and Buddy Mullino sister and brother of the bride. Selections included "The Dance", "If Tomorrow Never Comes", "Can't Help Falling in Love", and "Theme from Somewhere in Time". Bobby O'Neal of Rochester, soloist, sang "I Love How You Love Me", "Oh promise Me", "The Wedding Song", "Just Look At Us", "Forever's As Far As I'll Go", and "The Lord's Prayer."

Immediately following the ceremony, the best man, the matron of honor and the bride and groom left the church and rode to the reception in a black two-seated surrey with red fringe on top. It was pulled by a bay Amish standard-bred mare.

The reception was held in the home of the bride's parents. The bride's table was covered with a white floor-length satin cloth, decorated with a garland made of fern and baby's breath, and trimmed with white bows. The centerpiece was the bride's bouquet and a 3-branch silver candelabrum. The 4-tiered wedding cake was trimmed with red flowers, baby's breath and greenery. Silver appointments were used.

The groom's table was covered with a red satin cloth with a garland made of rope and trimmed with lasso loops. The groom's table was covered with a red satin cloth with a garland made of rope and trimmed with lasso loops. The centerpiece was a boot and spur holding sunflowers. Chocolate cake w/chocolate icing, coffee & mints were served from silver appointments.

A third and fourth table held hors d'oeuvres and snacks.

Serving at the bride's table were Karen Reid of San Angelo, Lisa Jaska of Hewitt, and Melissa Murray-Barrends of Austin, all cousins of the bride.

Serving at the groom's table were Trina Watson of San Angelo, Patricia Correll of Knox City, and Mika Maddox of Lubbock.

Joni Penman, Jodi Penman, Angela Adkins, Karmen Adkins, Stacie Bevel, Tracie Bevel, and Mindy Ballard all of Rochester served at the additional tables.

After the garter and bouquet were thrown, the couple left for their honeymoon in Ruidoso, New Mexico.

The rehearsal dinner was held the preceding evening at the home of Cole and Susan Turner.

A bridal shower honoring the couple was held in April in the home of Jane Short. Bill and Billie Parks hosted an engagement party for the couple early in May and a bridal luncheon was given for the bride, flower girls,

FHA chapter installs new officers

New officers of the Haskell chapter of the FHA were installed May 14 when members met at the City Park.

Officers are:
 Katy Martin, president; Amy Cunningham, vice president; Christy Cadenhead, secretary-reporter; Charissa Huff, treasurer; Kellie Reid, social chairman; and Rosie Fuentes, communication director. Wanda Thompson is advisor.

The group also enjoyed homemade ice cream and cookies.

Officers met on May 22 for a spaghetti lunch prepared by Mrs. Thompson. They discussed ideas for next year's activities, which included participation in YES (Youth Exchange with Seniors), CART (Citizens Are Recycling Together) and various fund-raisers.

The sticky, yellow, waxy material in your ear is called "ceruman."

BIBLE SCHOOL

--Paint Creek--

by Mabel Overton

Last Friday evening the Paint Creek seniors had their commencement exercises at the Paint Creek High School Auditorium. The processional was played by Mrs. Ann Sinclair. Board member, Stanley Morton gave the invocation. Salutatorian, George Mayen gave the salutatory address. Teacher, Ginny Kloog and Kathy Garison sang a beautiful song. Rodney Tsoodle, Jr. gave the valedictory address. Rodney Medford introduced the speaker, Howard Brass, who gave one of the best speeches for graduating seniors that I think I ever heard. Superintendent Jerry Morgan presented the special awards. Principal of our school, Max Calk recommended the graduates to Wallar Overton, president of the school board, and he presented the graduates their diplomas.

This senior class has been one of the best classes our school has had in years scholastically. They were exceptional in basketball, winning over every team they played until the final one. We have never had a student whose average grade was 98.+ and our salutatorian's average was.

Our graduating seniors were Kathy Canales, Jesse Cedillo, Jr. William Blake Davis, William Wade Green, Virginia Carrasco Gutierrez, (our exchange student), Rodney Lynn Medford, Roman Andres Morgan, Consuelo Polanco, Cody Brandon Stocks, George Edward Mayen, Rodney Lynn Tsoodle, Jr. and Tina Marie Ott Young.

The Junior High School commencement exercise was held Thursday evening at the Pat Morrison Auditorium at the Paint Creek School. Mrs. Ann Sinclair played both the processional and recessional. The invocation was given by Casey Thompson. The salutatory address was given by Marcus Overton. Leigh Ann Reel gave the valedictory address. Shannon Gene Waters introduced the speaker, David Middleton. Debbie Hobgood, Junior High

Principal, presented the awards and the diplomas to Corie Lenale Conner, Margarita Ann Flores, Joseph Lee Hawkins, Brian Joshua Howard, Alan Wayne Merchant, Marcus Overton, Robbie DeWayne Payne, Leigh Ann Reel, Bobby Ray Scheets, Shelley Ann Shelton, Casey Paul Thompson, Capella Tsoodle and Shannon Waters. The benediction was given by Bobby Ray Scheets, and the escorts were Amy Barbour and Marcus Flores. Lori Bailiff and Eric Blair gave the programs.

As school ends, we parents want to thank our wonderful faculty. I believe we have the greatest faculty we have ever had. We have such talented teachers. Mr. McCoy plays the guitar and sings, and Mrs. Virginia Kloog sang with Mrs. Dusty Garison at high school commencement. Their songs were beautiful.

Steffi Overton's aunt, Miss Marusja Zeigler returned to Germany Tuesday. She was a little disappointed about her visit to Texas this time. She so enjoyed her last visit when she could walk all over the pasture with the little dog. She lived in Bad Kissingen, Germany which is a great, big city, and she loved being in Texas and just seeing all the space, and walking in the pasture. She didn't get to this time. So she'll just have to come back.

Irwin Overton is so improved that he was in church Sunday. He looks fine and assured us that he is feeling better every day.

Brother and Mrs. Sinclair went to Tomball to visit their son, Steve and his family Tuesday. They will be back later this week.

The Paint Creek Methodist Church had a guest preacher last Sunday morning. The pastor, Brother Parsley, went to visit his children where he had the joy of baptizing his grandchildren. The Paint Creek church had as guest speaker, John Sam Rike of Haskell

who brought a wonderful message. We feel like John Sam is one of us, because his daddy, and I guess his granddad ranched in our community.

When I talked last week about the program that was to be given by the Elementary children, I had only seen parts of it. We Grandmother's Lap ladies watched and heard the children practice as we waited to read.

Well, you should have seen the entire program. Those children sang and acted like professionals. We old timers who have been attending programs at Paint Creek for all these many years agree that it was the best, the very best program Paint Creek has ever had. That is from a mother who saw her own "talented boys" in Paint Creek programs and plays, and directed some fairly good plays and programs at the old Post School. This one was the best.

Those primary teachers are to be commended. They brought out talents that the children, or even

their parents probably didn't know they had.

I am not sure about which teachers are responsible for the production, but I think Mrs. Phoi McGuire, Mrs. Monique Morgan, Mrs. Pam McDonald and Mrs. Byerly.

Unemployment set at 5 percent

Haskell County's unemployment rate in April was 5.0 percent, the Texas Employment Commission reports.

The TEC reported that the county had an employment force of 3,743, with 3,554 being employed and 189 unemployed.

Statewide, the unemployment rate for April was 7.4 percent, exactly the same as in March. There are now 648,000 Texans who are officially out of work. The number does not include those who are no longer seeking work or those not registered with the commission.

--Sagerton--

Those who enjoyed the food and fellowship Thursday in the Fellowship Hall of Faith Lutheran Church were Anton and Evelyn Teichelman, Russ Bailey, Debbi Johnson, Dorothy and J. B. Toney, Clarence Stegemoeller, Reece and Francis Clark, Delbert and Joyce LeFevre, Alvin and Ev Ulmer, Dorothy and Charles Clark, Mrs. M. Y. Benton, Andrea Kittley, Aline Summers, Pastor Mel and Gaile Swoyer, Bee Swoyer, Amy Orne.

Those who bowl from around here Thursday were Mr. and Mrs. Alvin Bredthauer, Herbert Rinn, Mrs. Ernest Lowack, Mrs. Anita Dozier, Mrs. Bernice Vahlenkamp.

Mr. and Mrs. Delbert LeFevre,

Mr. and Mrs. Reece Clark played 84 in the home of Mr. and Mrs. G. W. LeFevre Sunday night.

Mrs. Judy McEwen, Dustin, Doug, Daryl visited in the home of Mrs. Mary Neinast.

Mrs. Kenneth Neinast and Laura Kate of Emory are visiting in the home of Mrs. Mary Neinast.

Mr. and Mrs. Alvin Bredthauer, Mrs. Mary Neinast, Mrs. Corine Lowack, Mrs. Mozelle Manske attended the wedding of Mark Bounds and Jennifer Swoyer which was held in the Ericksdale church.

"DECISIONS MADE EARLY"

Many people plan for what might happen—fire, burglary, injury, and accidents. Now more and more people are planning for what will inevitably happen. It simply makes good sense to prepare for that which we can not avoid.

Pre-need funeral arranging allows one to control the type of service they would prefer, select a means of financing it, freeze the prices at today's price, and save loved ones the anguish of deciding these matters at a later date. Really it is the loving thing to do for your family.

Simply come by or call and we will come by to see you.

RAY PENMAN (right) of Penman Conoco is announcing the addition of Conoco's Farm Master universal oil to their line of products. Penman is shown above with Allen Funk (center), custom harvester from South Dakota, who tested the oil in his machines last summer. At left is Albert Schumacher of the Munday office of Penman Conoco.

Penman Conoco offers Universal oil

The days of having a variety of oils on hand to take care of all your lubricating needs... and trying to prevent mishaps of using the wrong oil... may soon come to an end. Penman Conoco is now offering the newest addition to the Conoco line of fine motor products, Farm Master Universal Oil.

This universal oil can be used in the engines, transmissions, hydraulic systems and final drives of most farm equipment, as well as in your car or truck. The only places it cannot be used are in limited-slip differentials, automatic transmissions and gear boxes... in short, anywhere that GL-5 (gear requirements) and Type A automatic transmissions exist. Otherwise, Farm Master universal oil meets or exceeds manufacturer's requirements.

During last summer's wheat

harvest, Conoco chose to test this new oil in the combines of custom harvesters. Allen Funk, a custom combiner from South Dakota, was one of the three participants. Funk, who has 35 years experience in custom harvesting, drained his machines and replaced all of the oil with Farm Master universal. During the harvest in Texas, Canada and Mississippi, he and the other participants gathered oil samples for analysis and kept detailed operation records for the test.

At the conclusion of the harvest, the machines participating had covered a combined total of 69,000 acres and had run for a total of 9,800 hours. Two of the demonstration combines were then disassembled at the University of Nebraska Power Laboratory for analysis. After a thorough investigation, Nebraska

engineers concluded that "Farm Master universal oil performed as well as traditional lubricants in both the engines and transmissions" of the combines. In fact, the engine of one of the combines using the new universal oil proved to be cleaner from the second piston groove on down than one using regular oil.

In addition to the already named benefits, Farm Master universal oil utilizes the benefits of both engine and transmission additives, carefully balanced to avoid counteracting performances. Conoco also offers a guarantee to replace any part or piece of equipment that is damaged due to the failure of Farm Master oil when used as directed.

If you would like to learn more about this new universal oil, stop by Penman's Conoco at the corner of Fir Street and Highway 277 in Munday, at 607 East Main in Knox City or Smitty's Auto Supply in Haskell.

Baby food can be prepared at home

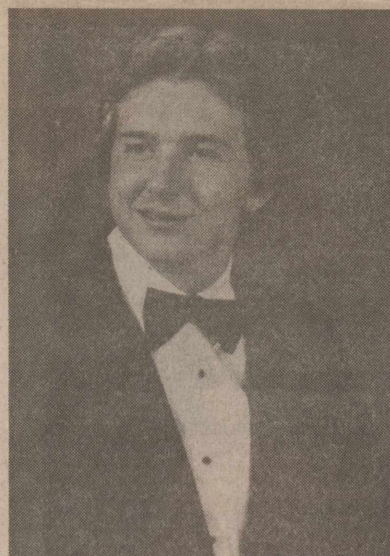

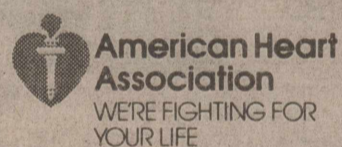

Good nutrition begins at home and for some families that can include homemade baby food.

To make quality baby food at home, nutritionist Janice Stuff of the USDA Children's Nutrition Research Center at Baylor College of Medicine in Houston, recommends:

- Cleaning all food preparation items in dishwashers and rinsing with boiling water.

- Avoiding food spoilage by preparing only enough for two days and by refrigerating foods immediately in covered glass or plastic containers.

- Freezing larger quantities, but using them within a month to avoid loss of nutritional value.

Farm Master Universal Oil Eliminates Misapplication

PREMIUM PROTECTION FOR MOST FARM EQUIPMENT

Farm Master is a universal oil. This one multi-purpose oil replaces the two or three products normally used to lubricate modern and older farm equipment. Farm Master Universal Oil is formulated to protect the engine, transmission, hydraulic system and rear axle. And it's performance guaranteed when used as directed.

Farm Master Universal Oil can be used in most farm equipment including tractors, harvesters, threshers, combines and balers. It can also be used as an engine oil in pickup trucks, but it is not recommended for use in automatic transmissions requiring Dexron II or Mercon, or in differentials requiring GL-5 quality gear lubricant.

Farm Master has been thoroughly field tested to ensure safe and effective use for the recommended applications. It is available in SAE 15W-40 viscosity grade.

Farm work is made simpler with Farm Master Universal Oil. There's less inventory of lubricants and less chance of misapplication. Plus, servicing of equipment is made easier.

A message from the
ABILENE EYE INSTITUTE

& CATARACT SURGERY CENTER DEDICATED TO EXCELLENCE

We specialize in cataract surgery with intraocular lens implant and routinely use the small incision phacoemulsification technique. We have 2 modern, fully equipped operating rooms each with its own Zeiss operating microscope and Phacoemulsifier. We also have an observation room so that family and friends may view the surgery while it is happening. Our ambulatory surgery center is State licensed and Medicare approved. We have performed over 3,000 cataract implant operations since 1987. Our doctors accept Medicare Assignment and we think you will find our fees very competitive with most hospitals. Our friendly, dedicated staff is available to answer any of your questions. If you need transportation, we can help.

PHARMACY NEWS

By Elbert Johnson, Registered Pharmacist

Lower Cholesterol Levels After Heart Attack: The importance of keeping cholesterol levels low after a heart attack was underlined in a report from the Framingham Heart Study. Among 374 men and women who were followed an average of 10 years after having a heart attack, those with cholesterol levels of ≥ 275 mg had a more than 3 times increased risk of a second heart attack and a 2.5 times increased risk for death from coronary heart disease compared with patients who had cholesterol levels < 200 mg.
