City considers lease proposals

The City Council discussed, but took no action, on two proposals to lease the old City Hall during its meeting Sept. 8.

The Haskell Chamber of Commerce proposed that the City lease the portion of the building now used for city offices to the chamber without charge.

The other proposal, from the Haskell County Training Center, was for the annex building. It also called for free rent.

City passes budget ordinance, but another vote necessary

The City Council passed an ordinance calling for adoption of the 1992-93 fiscal year budget at its Sept. 8 meeting, but another vote will be required due to the mayor's objection to the budget and tax rate.

The budget calls for expenditures of \$1,344,772 for the coming year, and a tax rate of .1969 cents per \$100 of assessed property value. The budget is slightly higher than the \$1,326,022 budgeted for this year and the tax rate represents an increase of 8 percent over this year's rate of .1685.

Knox City invades reservation Friday

Next foe for the Haskell Indians will be the Knox City Greyhounds who invade the Indian reservation Friday night.

Knox City comes into the game still looking for its first victory. The Greyhounds lost to Throckmorton last week and to Seymour in their opener two weeks ago.

But coach Walter Hargrove warns that Knox City is not to be taken lightly. The Greyhounds have an outstanding quarterback in the person of Armando Rodriguez, a 160-pound senior and the coach expects him to be a hand full for the Indians.

Haskell is coming off a 7-2 loss to Seymour last week, after opening its season two weeks ago with a 7-0 win over Munday.

The Indians played their second straight outstanding defensive contest last week, but fell short on the offensive side. Tommie Isbell, Brandon McFadden, Cody Josselet and Jason Torres, along with the entire defensive unit, drew praise from the coach despite the losing effort.

Friday's game will close out the pre-district season for the Indians. Next week, the Indians will open the 7-2A campaign when they host the Anson Tigers.

Seymour 7, Indians 2

It's an old football axiom: A turnover can kill you.

And that's exactly what killed the Haskell Indians in Seymour Friday night.

The host Panthers took advantage of the game's only turnover, a fumble on the second-half kickoff, to score the game's only touchdown and made it stand up for a 7-2 victory over the Indians.

The Panthers, held to a minus-11 yards rushing in the first half, took over on the Indian 24 following the kickoff recovery, and despite a 5-yard penalty, drove in for a score in four plays. Greg Adkins scored from a yard out and Kenan Kinnibrugh kicked the extra point with the second half little more than a minute old.

The touchdown erased the Indians' 2-0 lead they had nourished since the opening minutes of the game when Jason Torres tackled Seymour's Ruben Cruz behind his own goal line for a safety after he had picked up an errant pitchout.

Except for that safety and Seymour's lone touchdown, neither team seriously threatened the other.

Haskell's deepest penetration came in the opening minutes of the fourth quarter when the Indians drove to the Seymour 28, only to see the drive bog down. The Indians did have the ball seven times in Panther territory.

The Panthers' deepest penetration, aside from the scoring drive, came in the first period when

when they drove from their own 16 to the Indian 26, but from that point they fell back to the 47 after Torres hit Cruz who fumbled the ball backwards and Tommie Isbell nailed him for a 21-yard loss.

Neither team was able to put together more than two first downs during any single possession.

The defensive struggle turned into an evenly matched and cleanly played contest. Haskell had 138 yards net rushing and 38 more passing, while Seymour netted 71 on the ground and 89 through the air.

Freshman Justin Lisle was the workhorse of the Indian offense. He carried 23 times for 118 net yards, with his longest runs being 25 and 18 yards.

SIDELINES:

When was the last time you saw a game where there was only one turnover?

That doesn't mean there weren't some bobbles. There were several miscues between the Indians' quarterback and center, and Seymour had a couple of wild pitchouts, but

none of these resulted in a turnover.

And it was pretty free of penalties, especially in the second half.

Seymour was penalized 5 yards on the second play of the third quarter. That was the only penalty in the second half.

Cody Josselet's first two punts went for 53 and 56 yards, and each was strategically placed. The first one panned the Panthers back to their 10 and the second one put them on the 9. He got off another 56-yard boot in the fourth period.

The guy operating the clock in the Seymour press box was mighty glad the Panthers converted after their touchdown.

He couldn't get the scoreboard to register a "6."

But Seymour takes a backseat to no one when it comes to facilities. The Panther stadium, complete with track, is one of the finest you'll see.

Tax statements to be mailed soon

Haskell County Appraisal District will be mailing 1992 property tax statements during the first full week of October. Property owners who do not receive a 1992 tax statement by the end of October should notify the appraisal district.

Tax statements will include taxes for more than one taxing unit. Most property owners will receive separate tax statements for one property.

If property taxes are paid by a mortgage company, a duplicate tax statement will be sent to the mortgage company upon request.

Taxpayers who mail their tax payments and ask for receipts are required to provide a self-addressed,

postage-paid envelope.

Residential property owners 65 or older may pay their 1992 taxes in four installments. One-fourth of the tax amount is due before Feb. 1, 1993, and remaining payments are due before April 1, June 1 and Aug. 1 without penalty or interest.

Property owners interested in paying their taxes by installments over the next four months are asked to contact the appraisal district for information.

Home owners are asked to check their statements to verify they have been allowed a tax reduction for their homesteads. Corrections for homestead exemptions should be requested before December.

Each calendar will cost \$5, with an additional 50 cents for each birthday, anniversary or special event placed on it. Proceeds will go toward needed band uniforms. Next Band Booster meeting will be in the band ball Tuesday, Sept. 22, at 7:30 p.m.

Weinert 4-H has program

Weinert 4-H met Monday at the Weinert school with 11 members, three leaders and two new members present. County Agent Max Stapleton was guest speaker.

Mrs. Threet hostess to WMU meet

Maggie Threet was the hostess for the East Side Baptist WMU Sept. 8. Nell Rogers, vice president, led the watchwords and brought the devotional. The devotional was about areas of weaknesses in our lives and especially those that can be strengthened by God's help. Prayer focus was Eureka Springs, Arkansas, and the Ozark Mountain ministries there. There were 19 missionaries or retired workers who had birthdays that day. They were divided into small groups and each lady read some and said a silent prayer for them.

Ladies participating were Minnie Faye Dean, Ruby Green, Dee Sprayberry, Nell, Maggie, Ethel Hill, Jewel Baggett and Neat Bevel. Dee brought a chapter from Corrie Ten Boom's mission book and it was discussed and enjoyed by all. The snacks were delicious and Maggie went "all out" in preparing them.

Weinert club 'adopts highway'

Members of the Weinert Home Extension Club will meet at the school at 8 a.m. Saturday to map out their "Adopt a Highway" project. Afterwards, members will clean up the highway rights-of-way between the north and south exits to Weinert.

Weinert parade plans progressing

The Weinert Homecoming is fast approaching and so is the homecoming parade. So get your trucks, pickups, cars, trailers, bicycles, 3- or 4-wheelers, cows, horses, or whatever and be prepared to participate. Let your imagination be your guide to decorate your floats, vehicles, etc. and you may be surprised at what happens. There were some great ideas for the last parade, but sponsors want this one to be bigger and better. Get your classes together and

join us at the Paymaster Gin on Saturday, Oct. 3. The parade starts at 10:30 a.m., so come early so the parade can get organized. Sponsors are hoping for a lot of participation, as parade participants and as spectators. Call 864-2845 for information.

Public Notice

Southwestern Bell Telephone Company has asked the Public Utility Commission of Texas (PUC) for approval to offer new optional call management services called Caller Identification Service (Caller ID) and Anonymous Call Rejection (ACR).

Caller ID is a new optional phone service which allows subscribers to see the phone number and/or name of most local calls before they answer the phone. Caller ID also allows the recording of the date, time, name and/or phone number of calls. Currently, Caller ID would work only on most local calls, not long distance calls. It would also require that a separate display unit be connected to the telephone. These units that attach to the telephone will be available from various retail vendors, including Southwestern Bell, at a cost starting at approximately \$50.

Southwestern Bell is also proposing that all customers be able to "block," or stop their name/number from being transmitted and displayed on a Caller ID device, free of charge. You would have this option of "blocking" your name/number on each call free of charge. There would be no need to subscribe to this service. All customers would have this capability when Caller ID is introduced in their area.

If you want to block your name or number, you need only press *67 on your touch-tone pad (or dial 1167 from a rotary phone) before dialing the telephone number. The person you're calling would see displayed a message such as "private" or "anonymous" on their Caller ID display unit.

Southwestern Bell also proposes that qualified domestic violence and law enforcement groups have the option of free per-line blocking, or free per-call blocking.

Anonymous Call Rejection (ACR or "block the blocker") allows subscribers to automatically reject all calls that have been marked anonymous, or "blocked" by the person calling. It is not necessary to subscribe to Caller ID Name/Number to subscribe to ACR. With ACR, your telephone will not ring if the person calling you has "blocked" his/her name or number. The person calling whose identification is blocked will receive a message to hang up and call back with caller identification unblocked. Following are the proposed monthly rates for Caller ID and ACR.

Proposed Rates (monthly)*	Residence	Business
Calling Number only	\$6.50	\$ 8.50
Calling Name only	\$6.50	\$ 8.50
Calling Name & Number	\$8.00	\$12.00
Anonymous Call Rejection	\$3/\$1**	\$3/\$1**

* These rates are in addition to the initial installation charges and monthly basic service rate. For residence customers, installation charges are \$2.70 per feature, with a maximum charge of \$5.40. For business customers, the charges are \$5.40 per feature, with a maximum charge of \$10.75.

** Anonymous Call Rejection is \$3 per month if purchased without Caller ID and is \$1 per month when purchased with Caller ID Name or Number.

This proceeding has been designated Docket No. 11362, and a hearing on the merits has been scheduled for November 16, 1992. The PUC has jurisdiction to consider this matter pursuant to Sections 16, 18, 37 and 38 of the Public Utility Regulatory Act (PURA). This application was filed pursuant to the provisions of the PUC's Substantive Rule 23.24. Among the issues that will be addressed in this proceeding is the legality of the Caller ID device and service under Texas wiretap laws.

Persons who wish to intervene or otherwise participate in these proceedings should notify the PUC as soon as possible. The deadline to intervene is October 26, 1992. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

Beware of bugs, plants

Sunburns are not the only hazard your skin may face during the summer. You also need protection from bugs and poisonous plants.

Certain insects are potentially dangerous because they can transmit diseases such as St. Louis encephalitis, spread by the Culex mosquito, and Lyme disease, caused by ticks.

Study club begins new year

The Progressive Study Club began the 1992-93 club year Sept. 10 in the community room.

President Donna Cole called the meeting to order at 7 p.m. Members had already picked up the yearbooks, which contained an envelope with tickets and duties for the community chicken spaghetti supper on Oct. 9.

Mrs. Cole welcomed guests and members, and Sammie Turner, corresponding secretary, gave the invocation.

A salad supper was enjoyed. A western theme was carried out. The tables were arranged in horseshoe shape and had red and white covers. Each had a red lantern, a small pair of boots, and red or blue bandanna in the center.

President Cole began the program by introducing the winners of the eighth-grade Leadership awards, Charissa Huff and Tonya Burson. The certificates were presented to the young ladies after the club year had ended. Mrs. Tony Burson was also a guest.

Mary Martin, program director, introduced Dr. William O. (Bill) Beazley, vice president emeritus of Hardin-Simmons University, who has continued to be coordinator of the famous Six White Horses and their coed riders and also heads up the arrangements for the popular HSU Intercollegiate Rodeo. "Doc" Beazley is no stranger to Haskell because the White Horses have been a part of Haskell's Christmas parades. He taught a psychology course for six months to the club a number of years ago. He has also been a guest speaker at the First Baptist Church.

Dr. Beazley's remarks centered around his experiences--some were really "hair raising"--of moving horses, coeds and a sponsor, and Cowboy Band members to Presidents Nixon and Carter's inaugurations and to Lions International convention in Montreal, Canada, the latter when a truckers' strike was on.

Having grown up in Virginia, "Doc" knew how to use backroads to move horses to his Virginia farm. The latter involved a U.S. Department of Agriculture veterinarian in Austin to take blood samples from each horse, identified by age, color, name, characteristics, and health.

Horses can travel only a few hundred miles--no more than 500 per day--without being removed from trailers, watered, fed, and legs and tails rewrapped. They must also be bathed before each parade. Also, horses are not always cooperative; each one has a distinct personality.

Club members extended Doc's tales by asking many questions. Mrs. Martin told in her introduction that Mrs. Beazley said he would talk forever.

Dr. Beazley has written "Horses I Have Known" and a series of beautifully illustrated children's books in which the horse tells his story. The horses are taken to elementary schools in Abilene and nearby towns, especially where handicapped children are. Many children have never had an opportunity to sit on a horse. Sharon Gray helped care for the horses for about seven years. She is featured in "White-Boy, The Proud Horse." Sharon now teaches in Abilene.

A brief business meeting followed. Judy Ray, recording secretary, read the minutes of the

May meeting. Nancy Plunkett, second vice president, gave instructions about the chicken spaghetti supper. The yearbooks were presented by Oleta Cornelius,

first vice president. She and other members of the committee, Mona Gibson, Margaret Jones, Mary Martin and Robbie McLelland, were hostesses.

What is a School Bus Driver?

A school bus driver is a person who smiles in the morning and smiles in the evening, and eats Roloids between.

A school bus driver gets there when nobody else can, finds houses that don't exist and children with no names.

School bus drivers have eyes in the back of their heads and hear every word, even in sign language.

School bus drivers are immune to noise.

A school bus driver's favorite words (besides "good morning" and "good night") are "sit down".

Sometimes a school bus driver gets tired, but seldom gets mad, and always, most faithfully, gets there.

Rochelle Morgan has been home to visit her family, Supt. and Mrs. Jerry Morgan and especially to be here for her parent's wedding anniversary. Last week the children from Kindergarten through 2nd grade visited Mr. and Mrs. Larry Walton and watched Mr. Walton shear a lamb. Teachers Mrs. Tammy Wallace and Kristy Byrely went with the children. The Waltons were so pleased to receive a note from each child who visited them, thanking them for the visit. Principal, Debbie Hobgood, and teacher, Virginia Kloog also went with the 23 children.

Halee Walton showed her calf, but there were hundreds of calves entered, and she didn't win. Maybe she will win in Haskell. Marcus Overton won 1st in woodworking with the "Something for Nothing", and another 1st in woodworking. He won 3rd for his decorated item on fabric, and 4th in misc. decorated item on wood.

The Paint Creek Homemaker's Club met at the home of Mabel Overton Monday afternoon. Only four members were present. Mabel, who agreed to serve as vice-president this year because a vice-president has nothing much to do, now finds herself president, since

Mrs. Sinclair moved to Montana.

Officers for next year were elected, and they are President, Dorothy Wells; Vice President, Mabel Overton; Secretary, Dolores Medford; Council Delegate, Frances Fischer; and Alternate Council Delegate, Peggy Burnett.

Paint Creek will play Strawn in football this coming Friday evening at 7:30.

Did you read in the paper (Reporter-News) the other day the article titled "Foundation argues against Boy Scouts"? This is what is said: "The Freedom From Religion Foundation says it is urging members across the country to insist that public schools stop accommodating troops of Boy Scouts of America until it quits requiring members to affirm belief in God." A few years ago they tried to take "one nation under God" out of our pledge to the flag. People who advocate these changes had better be watched.

Danny Griffith resigned from the school board, Monday at the meeting. He is going to Ozona to take a position in law enforcement. This causes a vacancy on our school board. At the regular meeting Monday night, the board appointed Keith Medford to serve until the regular school board election this spring.

Haskell lost to the powerful Stamford Bulldogs, 20-0, in its football opener Friday night.

Three former Haskell Indians, Bobby Jack Price, Ed Ammons and Billy Davis are members of the McMurry football team.

Plans have been completed for the entertainment of between 1,500 and 2,000 visitors expected in attendance at the second annual Weinert School homecoming Sept. 27.

Children may need help with visits to doctor

Going to a physician's office can be unsettling for a child, but there are things parents can do to help.

Dr. Lynnda Dahlquist of Baylor College of Medicine in Houston offers these tips.

¶ Keep the child's mind off the treatment through distractive conversation about pleasant things; have the child imagine a pleasant scene or memory.

¶ Stay relaxed; children can sense your anxiety.

¶ Have the child look away or close his eyes during the procedure.

¶ Let the child know exactly what to expect; if the procedure will be painful, say so.

¶ Use comforting words such as, "You're doing a good job." Never say such things as, "Big boys don't cry."

¶ Ask the doctor to explain the procedure in simple but accurate terms.

¶ Use a doll to demonstrate exactly what will take place.

It's all right for newspapers to print their issues in sections, i.e. "A", "B", "C," etc.

But why is section "A" often printed in two sections? And why aren't they inserted in order?

First out of the chute for the 1994 election is no other than Lt. Gov. Bob Bullock.

He's announced that he will be a candidate for re-election and already has scheduled major fund-raising events this fall.

"Starting our campaign early sends a clear message that we are serious about our legislative agenda and we're going to be around to see it through," said Bullock in a campaign newsletter received by *The Free Press*.

And he warned: "It serves fair warning to would-be candidates that I will be their opponent--and they can act accordingly."

While Bullock is the first political figure to reveal his re-election plans for 1994, Haskell County commissioner Ray Perry has gone a bit farther. He's already said he will run for re-election in 1996.

Garden club meets

The Haskell Garden Club met at 12 noon Sept. 10 in the community room for a salad luncheon with 17 members present.

After lunch, the president, Mona Gibson, introduced four new members, Maggie Threest, Janelle Nanny, Florence Peden and Ozelle Frierson.

Marsha Whittemore, yearbook chairman, reviewed the yearbook for 1992-93. The theme of the year is "Plant in Faith, Cultivate in Love, Harvest in Friendship."

The study topic for the afternoon was "Welcome Fall into Winter."

Mrs. Helen Cox gave an interesting part about bulbs for a happy spring. They should be planted closely together, and some bulbs must be kept in the refrigerator six weeks before planting. When buying bulbs, be very careful in selections. They must be in good condition and planted the right depth in the soil.

Mrs. Marion Carlisle discussed, "Small Accents Say Welcome." The entrance to our homes must be attractive. To do this the door may be painted, brass hardware added and possibly a kick plate to protect it. Attractive house numbers may be used near the entrance or on the door. Green plants in pots or baskets may be used. Some porch furniture adds a "homey" touch. For a nice transition, let the door lead from the yard into the living room.

Mrs. Dee Sprayberry talked about how to prepare house plants for winter. The pots should be cleaned thoroughly, and the plants wiped carefully with wet cotton or plant cleaner, before they are brought inside. It is sometimes necessary or wise to spray the flowers or plants.

Guests are always welcome; so please come if you are interested in growing and arranging God's beautiful plants and flowers. Dried flowers and potpourri for gifts will be the topic for study Oct. 8 at 2 p.m.

Local individuals and groups are invited to participate in a fall tour in this area, sponsored by the Native Prairie Association of Texas.

The tour, scheduled for Sept. 25-27 and is expected to attract participants from all parts of Texas.

The tour will begin at 10 a.m. Friday (Sept. 25) at the Knox City Plant Materials Center, three miles north and three miles west of Knox

City. This facility put Lometa Indiangrass, Haskell Side-oats, Comanche Partridge Pea and many other prairie plants into commercial production.

Saturday's schedule:
8 a.m.: Travel to Caprock Canyons State Park (60 miles); 9 a.m.: Caprock Canyons tour; 11 a.m. Travel to Pampa area (105 miles); 2 p.m. Ranch tour with J. R. Bell; 5 p.m. Travel to Pampa for the night (20 miles).

Lynn Pace, who is president of the Native Prairie Association of Texas, and his wife Twyla, are hosts for the tour.

Pirates to host Strawn

On Friday, the Paint Creek Pirates will host the Strawn Greyhounds in their home opener.

The past two weeks on the road at Rochester and Aspermont have been very rocky. The Steers defeated the Pirates 55-12 and the Hornets defeated the Pirates 53-20.

The Pirates are playing a very tough non-district schedule to prepare them for the district which opens Oct. 9 against Woodson.

I feel it's better to play good teams and not worry about the non-district record. You can evaluate yourself better against good teams.

Our offense still needs a little polish but our main effort the next few weeks we will need to work extra hard on defense.

The Pirates close out the non-district with two road games, Blackwell on Saturday, Sept. 26, at 7:30, and Cherokee Friday night, Oct. 2, at Voss (Panther Creek) at 5 p.m.

TAX PLANNING

Written By
Gerald Rodgers, CPA

AMENDING PRIOR YEAR RETURNS

Occasionally, after you've mailed your income tax return, you'll find income you left off or deductions you didn't take. What should you do? There are specific IRS forms to amend each kind of tax return. If you think there is a problem with any "open" tax return (returns filed in the past three years), seek assistance with amending your prior filing.

You can file amended returns up to three years after the due date or filing date, whichever was later, of your original return. So, if you filed your 1989 tax return on February 15, 1990, you have until April 15, 1993, to amend it if you wish. If you were granted an extension to file your 1989 return and filed it on June 15, 1990, you have three years from the date it was filed (June 15, 1993) to amend it.

You should consider amending a return if the correction changes your tax liability. If you omitted information that was required to be on your return, such as interest income, you should make the correction as soon as you discover the omission. If you excluded a deduction, you may want to consider one more factor - audit risk.

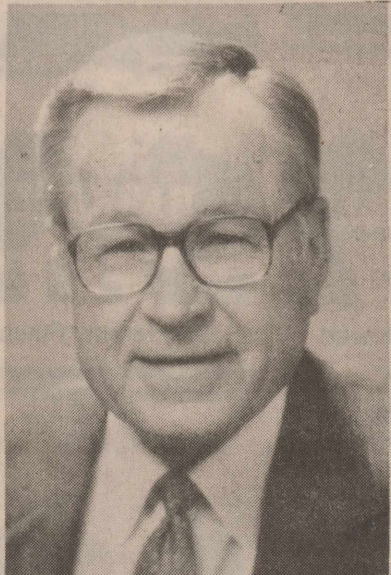

While an amended return does not guarantee an audit, the amended return is scrutinized by IRS employees rather than being examined by a computer, as with most original returns. If you have a sensitive or aggressive item on your return, you should consult with your tax advisor before amending. Some of the sensitive areas include tax shelter losses, large charitable donations of property, and expenses for travel and entertainment, automobiles, and medical care.

Don't hesitate to file an amended return if you have adequate proof for the change, the tax savings are significant, and you won't open other items on your return to unnecessary review.

Maidens do well in cross country

You may have noticed some girls jogging around the square in the middle of the hot afternoon or at the city park at 6 o'clock in the morning.

These girls sacrifice their time during this busy part of the year and give up many of their Saturday mornings to represent Haskell at the cross-country meets.

At a cross-country meet, each girl is required to run 2 miles on a set course which is usually through a park or on a golf course. A cross-country team consists of five to seven members with only the top five runners being used in the team scoring total.

Last Saturday, the Maidens competed in the ACU cross-country meet in Abilene. This was a new course which was set up for college runners and was an extremely tough course. In a field of 119 runners, Charissa Huff placed 12th, Trece Burson 20th, Jennifer Comedy; 26th, Teresa Diaz 27th, Heather Hobgood 31st and Tonya Burson 32nd. As a team, the Maidens placed third out of 16 teams.

To warm up for their first cross-country meet, the Maidens ran in a

5K fun run to benefit the Hendrick Home for Children on Aug. 29. Also, on Sept. 5, they ran in a 4X 1 mile relay race in Abilene and finished sixth behind four 5A teams in a field of 32.

Making up the Maiden cross-country team are seniors Holly Hobgood, Shana McKenzie, Sarah Mullen and Georgie Root; juniors Teresa Diaz, Trece Burson, Natonia Anderson, Shelly Stewart, Candy Lira and Heather Stewart; sophomores Jennifer Comedy, Heather Hobgood and Nacole LeFevre; and freshmen Charissa Huff, Veronica Gonzales, Tonya Burson, Rebecca Unger and Heather Guess.

While we are all busy thinking about the football season and encouraging our football players, let's not forget to support and encourage these young ladies as you see them around town.

Public Notice

Southwestern Bell Telephone Company, in accordance with the rules of the Public Utility Commission of Texas (PUC), hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas for optional Custom Calling Services and Touch-tone service, effective March 15, 1993, unless otherwise determined by the PUC.

These proposed rates will not increase or decrease the Company's overall revenues; the net effect will be neutral to the Company's annual revenues.

The Company proposes to decrease the rates for Touch-tone service for residential customers from \$1.00 to 68 cents, and also to reduce the Touch-tone rates for business customers from \$1.75 to \$1.70. In addition, the Touch-tone rates for business PBX trunks will be reduced from \$3.15 to \$2.18.

This proposal to decrease the rates for Touch-tone service does not change the commitment that the Company made in the Docket No. 8585 Stipulation to reduce the rates for Touch-tone service in 1993.

The Custom Calling Services affected by the Company's application are optional telephone service arrangements that provide the following features: Call Waiting, Call Forwarding, Three Way Calling, Speed Calling-8 and Speed Calling-30. Following are the feature combinations and their current and proposed rates.

One Feature per line	Residence		Business	
	Current Rate	Proposed Rate	Current Rate	Proposed Rate
Call Waiting	\$2.10	\$2.85	\$2.65	\$3.25
Call Forwarding	2.10	2.10	2.65	3.50
3-Way Calling	2.10	2.10	2.65	2.50
Speed Call-8	2.10	2.10	2.65	2.50
Two Features per line				
Call Waiting, Call Forwarding	3.75	4.25	4.75	6.00
Call Waiting, 3-Way Calling	3.70	4.25	4.75	4.75
Call Waiting, Speed Calling-8	3.70	4.25	4.75	4.75
Call Forwarding, 3-Way Calling	3.70	3.50	4.80	5.00
Call Forwarding, Speed Calling-8	3.70	3.50	4.75	5.00
3-Way Calling, Speed Calling-8	3.70	3.50	4.75	4.00
Three Features per line				
Call Waiting, Call Forwarding and 3-Way Calling	5.30	5.65	6.90	7.50
Call Waiting, Call Forwarding and Speed Calling-8	5.30	5.65	6.90	7.50
Call Waiting, 3-Way Calling and Speed Calling-8	5.30	5.65	6.90	6.25
Call Forwarding, 3-Way Calling and Speed Calling-8	5.30	4.90	6.90	6.50
Four Features per line				
Call Waiting, Call Forwarding, 3-Way Calling, Speed Calling-8	6.90	7.05	9.00	9.00
Speed Calling - 30 code capacity	3.20	3.20	4.25	3.20

Most of the Company's residence and business customers who subscribe to Custom Calling Features and Touch-tone service will be affected by the proposed rate restructuring.

It is expected that the restructuring of Custom Calling Features will result in a rate increase for approximately 2.9 million residence customers and 280,000 business customers. The reduction in rates for certain Custom Calling Services and Touch-tone Service will affect approximately 4.3 million residence customers and 1.7 million business customers.

This rate restructuring is expected to have a "revenue-neutral" effect on the Company's annual revenues. The proposed rate restructuring of Custom Calling Services will increase the Company's annual revenues by \$19.8 million; while the reduction in Touch-tone rates will decrease the Company's annual revenues by \$19.8 million.

This proceeding has been designated Docket No. 11382. Persons who wish to intervene or otherwise participate in this proceeding should notify the PUC as soon as possible. The deadline to intervene is October 30, 1992. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221, teletypewriter for the deaf.

Americans Longing For Lost Friends

Author Offers Tips For Getting Back In Touch

A new Gallup survey commissioned by author and gift consultant Andrea Claster reveals that Americans are sentimental about lost friendships. What's more, they'd like to renew these relationships.

Ms. Claster's 1992 Gallup survey of 1,000 Americans revealed the following:

•Two-thirds of all Americans have lost touch with a close friend.

•The top reason for losing touch? Moving, by a longshot (55 percent).

•More than 90 percent would like to renew these relationships.

Ms. Claster, the author of *Modern Living and Modern Giving* (Cadeau Press, 1990), says people are reluctant to get back in touch because they don't know how.

"After so much time elapses, people are at a loss for words," says Ms. Claster. "That's why I suggest not starting with words. Break the ice with a special gesture."

Among Ms. Claster's tips for getting back in touch:

•Start by sending flowers. They'll express what words can't.

•Send an old photo of the two of you. Pictures do paint a thousand words, and evoke just as many memories.

•Once you're back in touch, stay in touch. Mark birthdays and other special dates on your calendar. Remember these events with a gift, like flowers or a plant.

In closing, Ms. Claster said, "If there's someone you want to get back in touch with, do it now. You'll be glad you did. And, you'll soon realize it wasn't so hard after all!"

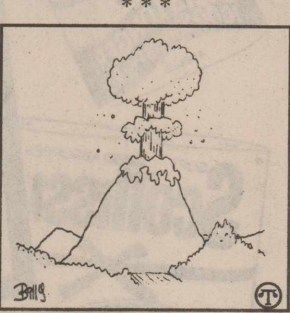

Life is a great bundle of little things.

—Oliver Wendell Holmes, Jr.

What's New In Hawaii

Hawaii, our newest state, joined the Union in 1959, the same year that Pleasant Hawaiian Holidays began sending travelers to the Islands. While the Hawaiian Islands have a long history and ancient traditions, there is much new to discover there.

The Big Island of Hawaii is the youngest in the chain, as well as the largest...and it is still growing, thanks to lava flowing from Mt. Kilauea in Volcanoes National Park.

A new \$7 million IMAX Theater has opened in Waikiki on Oahu. A 35-minute presentation, "Hawaii: Born in Paradise," is shown on a giant screen five stories high and 70 feet wide.

Improvements at Honolulu Airport include Great Skyquest Theater, a three-room multimedia facility.
