Johnson receives Kiwanis award

Elbert R. Johnson, Haskell businessman and civic leader, has been named "Layman of the Year" of the Texas-Oklahoma district of Kiwanis International.

He was presented an engraved plaque last weekend at the 75th annual convention of the Texas-Oklahoma district in Galveston.

Earlier, Johnson had been named "Lay Person of the Year" in

Division 35, of which the Haskell Kiwanis Club is a part.

The Texas-Oklahoma district is composed of 45 divisions, representing 370 clubs and 17,000 members. Each division selected a "Lay Person of the Year" and all of these were considered for the honor which eventually went to Johnson.

Bank files papers for holding company

First National Bank of Haskell has filed an application with the Federal Reserve Bank of Dallas to form a one-bank holding company. It is to be known as "First Haskell Bancorp, Inc."

Formation of the holding company will result in all shareholders of the bank becoming shareholders of the holding company.

A bank shareholders' meeting will be held in the fourth quarter to vote on the transaction.

"The holding company will

enhance shareholder value, in that the holding company is allowed to re-purchase its own stock, while the bank is not," said Bobby Hobgood, President of First National. "It also will strengthen local ownership of the bank and make it easier to raise capital in the future. No changes in the bank's operations will result, and we expect to complete the formation of the holding company by the end of the year."

Questions about the holding company or the bank should be directed to Janet Thane at 864-8555.

15 units of blood collected

**Brian Burgess
Haskell County
Bloodmobile Chairman**

Fifteen units of blood were collected in Haskell Aug. 3 in response to requests for emergency blood supplies from hospitals in the Mississippi River flood disaster area.

While the total was less than had been hoped, we were grateful for those who gave. We were excited because one-third of the units donated were from those who were either first-time donors or who had not donated at Haskell before. This group included Nelda Rogers, Doris Pearce, Charlie Wells, Schriee Jimenez and Billy Holmes.

The other donors were long-time Haskell donors, all having given at least a gallon each.

One-gallon-plus donors were Kristen Grand, 9 pints; Dale Fischer, 11 pints; and Jerry Don Klose, 13 pints.

Kim Crawford, 18 pints, was a two-gallon-plus donor. Three-gallon-plus donors were Jean Kemp, 24 pints; Mike New, 28 pints; and the husband-wife duo of Robert Bartley, 29 pints, and Cathy Bartley, 30 pints. Brian Burgess, 35 pints, was a four-gallon-plus donor, and Olen King has given more than 100 pints.

Thanks to First Baptist Church for the use of its fine facility, and to Kim Crawford, Amanda Crawford, Halee Walton, J. J. Comedy, Courtney Williams and Brandy Gardner for signing in the donors, serving the refreshments and handling the blood-bag table.

The next Bloodmobile in Haskell will be Tuesday, Nov. 23, the week of Thanksgiving. Make plans now to come with a friend to give blood, eat cookies, and thank God for your good health, knowing it is indeed more blessed to give than to have to receive.

Stenholm to be here next week

Congressman Charles Stenholm will hold a "town hall meeting" in Haskell next Wednesday, Aug. 18.

The congressman will be at the Haskell National Bank community room at 3:30 p.m.

Stenholm said he would open the meeting with a brief statement, giving a Washington update, and then address questions raised by local residents.

His Haskell visit is just one of a series of town hall meetings the congressman has scheduled for next week.

Weather award

Ernestine Herren is presented a walnut plaque from the National Weather Service in recognition of more than 50 years of service her late husband, Samuel P. Herren, gave as official weather observer in Haskell. Making the presentation was Jerry F. Wolfe of Fort Worth, cooperative program manager of the National Weather Service.

Plaque recognizes Herren's career as weather observer

By Jerry F. Wolfe
National Weather Service

The National Weather Service was charged by Congress to record and maintain climate data of the United States.

The genesis of organized weather reporting and archiving the information was Feb. 2, 1870, when Congress passed a resolution directing the Secretary of War "to provide for taking meteorological observations at the military stations in the United States and Territories."

The resolution was signed into law on Feb. 9, 1870, by President Ulysses S. Grant. The new agency was called the Division of Telegrams and Reports for the Benefit of Commerce, formed under the Signal Service.

This agency was frequently called the general weather service of the United States National Weather Service. This was later formed as the Weather Bureau and finally the National Weather Service.

Documented weather records for Haskell began in 1890 by Judge P. D. Sanders and are still continuing. Sam (Samuel P.) Herren started

taking observations in 1941 and continued as the official weather observer for Haskell for more than 51 years, more than half a century of data. Until his health failed, he was noted as one of the most dependable and reliable observers by the National Weather Service.

For his many years of unselfish and diligent efforts the National Weather Service presented Sam with the John Campanius award in 1977, the Thomas Jefferson award in 1983 and the Ed Stoll award for 50 years of service in 1991.

The National Weather Service provided a walnut plaque with inscriptions for over 100 years of data for Haskell.

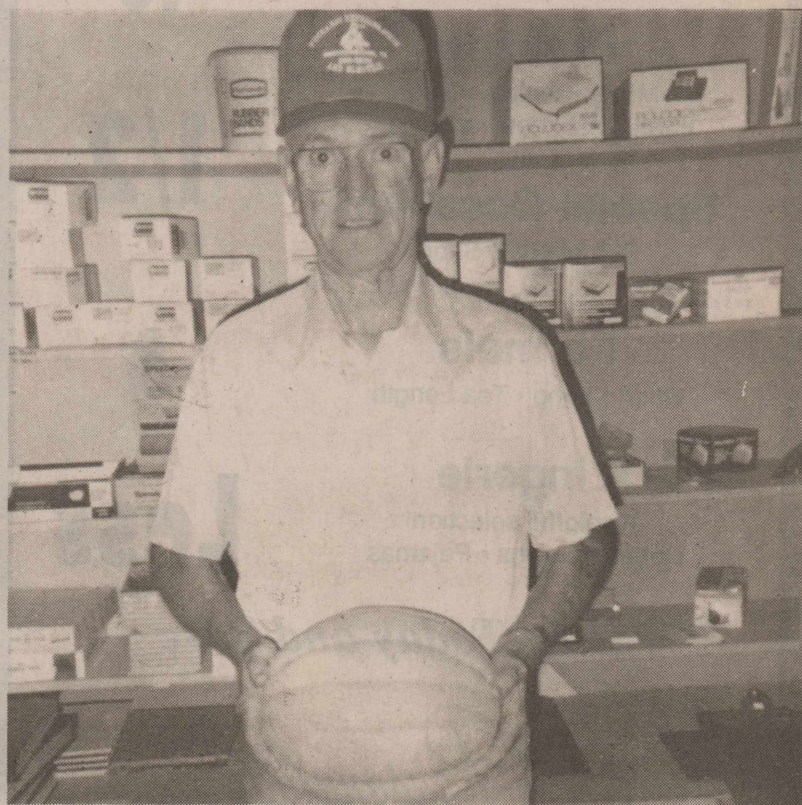

Sam Herren was to present the

award to the City of Haskell; however his health failed and he passed away March 27. Thus, the award was presented to the Haskell Chamber of Commerce last Tuesday by his wife, Ernestine Herren.

The Ed Stoll 50-year award was named for Mr. Stoll upon the completion of more than 75 years as a volunteer observer on his Nebraska farm. When President Jimmy Carter asked Mr. Stoll why he did this for over 75 years, he replied, "We should do a public service to help pay the rent for occupying our space in this country. I've just been paying my rent."

Sam Herren paid his rent in Haskell.

Big cantaloupe

Mrs. Sanders hostess to Weinert club

The Weinert Extension Homemakers Club met Aug. 3 in the home of Betty Sanders. Myrtle Phemister, president, called the meeting to order.

After Mrs. Sanders gave a reading, "Lookin' Good," by Patsy Clairmont, Mrs. Peggy Darden of Haskell gave an interesting talk on "Noah Project." She explained the battering intervention program and told of things that can happen that no one knows about. She told how Noah cares for women, children, and sometimes men.

47 attend Area residents are invited to open house at Rehab Center

Hosts for the group were Jenell and Emmitt McCoy, Hugh and Norma Phemister and Raymon and Janie Boykin, who had a schedule of food and fun outlined for the group of four generations to enjoy.

Five of the original family of nine children were present. Two were not present due to ill health and two are deceased.

Family members enjoyed a barbecue picnic in Rose Park Friday evening, games and picture-taking at the Log Cabin Saturday, worship together with the 10th and Broad Church of Christ Sunday and a catered meal at Luby's Sunday noon.

Following the celebration, family members separated to go to their homes in 14 different cities in two states.

Plans are to return to the same site in 1994, with the same hosts in charge of the program.

Attending were Carlos Phemister of Sweetwater; Marvin and Myrtle Phemister, Helen Boykin and Greg Phemister of Weinert; Hugh and Norma Phemister of Montague; Jenell and Emmitt McCoy of Wichita Falls; Raymon and Janie Boykin, Mark and Sandra Boykin, Randy Boykin of Vernon.

Williams of Harlingen; Wayne and Linda Phemister of McAllen; Gene and Jennifer Pollastro with Emily, Nicky, Chris and Danny of Austin; Rick Phemister, Geoffrey and Deshea Phemister and Ruth Watson of Haskell.

Come to our anniversary party! That's the invitation being extended to Haskell County residents from West Texas Rehabilitation Center.

The occasion is an open house celebration Sunday, Aug. 15, in honor of the center's 40th anniversary. Scheduled from 2 to 4 p.m., the event will include refreshments and tours of Abilene's newly expanded facility which is located at 4601 Hartford.

"We're proud to open the doors of the center to everyone, particularly those who have been a part of Rehab's history," said WTRC President Bill Snowden.

Last year, 243 individuals from Haskell County were served by Rehab outpatient facilities. With average treatment costs estimated at \$769 per patient, Haskell County residents received approximately \$186,867 worth of care.

"Even if you've already visited the center in the past, the recent expansion/renovations in physical therapy, industrial rehabilitation, the shop and the addition of a covered entrance are something exciting to see," Snowden added.

WTRC board members and staff will be available to assist with tours, answer questions and visit with those in attendance.

An encore presentation of Rehab's television special, "How Far Is Tomorrow?" also is slated to air on Abilene's KTXS-TV from 1 to 2 p.m. and KRBC-TV from 2 to 3 p.m. on Sunday. Featuring original script and songs by Denton writer Donna Trammell, the production focuses on the development of West Texas and ultimately WTRC.

The Rehab Center opened in temporary quarters in Abilene in 1953 and moved two years later into its first permanent building which today serves as the corporate offices. A second facility opened in San Angelo in 1977 following a merger of WTRC and the West Texas Therapy Center. San Angelo's present facility opened its doors in 1982.

For 40 years, West Texas Rehab

has provided outpatient treatment services to individuals without regard to age, race, origin or financial circumstances. The only time patients are charged is when special equipment such as braces or hearing aids are secured for the patient to own. Admission is by referral from a physician or approved agency such as a school, hospital or nursing home.

More than 175 trained, licensed professionals deliver quality care in

physical therapy, occupational therapy, speech pathology, audiology, orthotics, industrial rehabilitation and support services to approximately 13,500 patients annually.

"Our anniversary theme, 'Legacy of Love' truly expresses what the center, its mission and its supporters have in common--a 40-year commitment of providing help and hope for the disabled of all ages," Snowden said.

Student Council attends conference

Haskell High School Student Council members traveled to Angelo State University recently for a week of intense leadership training.

The eight Student Council representatives joined other leaders from throughout the state to make up the 250 young people at the conference.

Christie Stapleton, sponsor, said the Haskell students chose as their goals for the coming school year drug and alcohol awareness and enhancement of school and

community spirit. "The highly motivating and rewarding workshop helped prepare these self-directed students to lead HHS in the 1993-94 school year," Mrs. Stapleton said.

TAX PLANNING

Written By Richard E. Rodgers, CPA

KNOW THE ESTIMATED TAX RULES AND AVOID A PENALTY

It hurts to pay taxes, but tax penalties hurt even more. The penalty for underpayment of estimated tax can be especially painful since it's often quite easy to avoid.

To keep from being slapped with an underpayment penalty, you generally must prepay at least 90% of your current-year liability. Many taxpayers can also avoid a penalty by paying at least 100% of their prior-year tax liability during the current year. Under either method, required payments and tax liabilities are measured quarterly.

Most employees prepay their taxes through payroll withholding. But if you have substantial income that isn't subject to withholding (such as dividends and interest), or have more than one job, your regular withholding may not be enough.

If it looks like you're headed for an underpayment penalty, consider asking your employer to withhold more from your remaining 1993 paychecks. Besides eliminating future underpayment, additional withholding can eliminate an underpayment that occurred earlier in the year. That's because the IRS treats withholding as being paid equally throughout the year, even if you make larger payments at year-end.

If you have too much income not subject to withholding, you are required to pay your 1993 income tax liability by making quarterly estimated tax payments. Remaining due dates for 1993 are September 15 (for the third quarter estimate payment) and January 18, 1994 (for the fourth quarter estimate).

If you paid less than required for a previous quarter, and your income isn't subject to withholding, consider making a catch-up estimate payment. Unlike withholding, an estimated tax payment can't eliminate an underpayment that's already occurred, but it can keep the penalty from getting any larger. You can make a catch-up payment immediately, or include it with your quarterly estimate.

PUMP UP SAVINGS with a Heat Pump

When the dog days of summer put a bite in your utility bills, it may be time to consider an energy-efficient heat pump. Heat pumps transfer heat to the outside air in summer and draw heat from the outside air in winter. This method of transferring heat is much more efficient and means substantial savings to you.

Contact your local electric cooperative to find out about their Centsible Cooling Program. By installing an energy-efficient heat pump, you can collect cash and save on your utility bills, too.

Fire Department

**By Tony Haynes
Public Information Officer
Haskell Fire Department**
Firefighters have long been supporters of MDA and the Haskell Fire Department is no exception. This Saturday, Super 2nd Saturday, the HFD will be doing their part in supporting MDA with their annual "Fill a Boot" campaign.

Firemen will be on the courthouse square from 8 a.m. to noon raising money for MDA. Last year, \$1,000 was raised and firemen hope to be able to match or exceed that amount this year. Firemen ask that you come out and support MDA.

The fire department was busy in the month of July in that they answered 24 fire calls. Types of fire calls are as follows: 18 grass fires, 1 automobile fire, 1 structure fire, 1 landfill fire and 3 mutual aid fires to

assist other departments. The 4th of July weekend saw the department responding to 10 of these fires.

Two firefighters attended the annual fire school at Texas A&M the week of July 25. They were Bill Steele and Tony Haynes. Benefit of attending this training is twofold in that continuing education credits are received and city residents receive a percentage of credit applied toward the computed property insurance key rate.

Weinert is in the process of establishing its fire department and the Haskell Fire Department has been assisting them to get established and become functional.

Work is continuing on the fire training field. The smoke house is complete with the rappelling tower being 97 percent complete. Training sessions have already been held in the smoke house.

41 women attend retreat in Weinert

The Weinert school building was the scene of the Christian Ladies' Retreat Friday and Saturday, July 30-31.

Forty-one women, representing 10 cities gathered for a Mexican buffet on Friday night. The speakers used the title, "Daughters of Eve, Strength for Today from Women of Yesterday" and speeches, games and skits lasted until the "wee" hours of Saturday morning before approximately 20 women rolled out the bed rolls for a nap and others rushed home for the same.

After a 7 a.m. breakfast, the

crowd gathered for more encouragement and strength for living the Christian life. Skits, and fellowship among the ladies from Haskell, Rule, San Angelo, Rochester, Knox City, Benjamin, Munday, Goree, Vernon and Weinert made for an uplifting weekend.

A salad luncheon was the climax of the retreat, and hugs for each one as they parted, especially for the speakers, Orheana Greeson, Claudia Hindsley, Kay Pepper, Janie Boykin, Michelle Oliver, Dora Brown and Barbara Pratt.

The month of April is the tentative month for "More in 1994."

Church schedules Finley Duke

Trinity Baptist Church of Stamford invites to public to hear Finley Duke, Mr. Country Gospel, The Texas Ambassador for Gospel Music.

Duke will appear at the church Thursday, Aug. 19, beginning at 7 p.m.

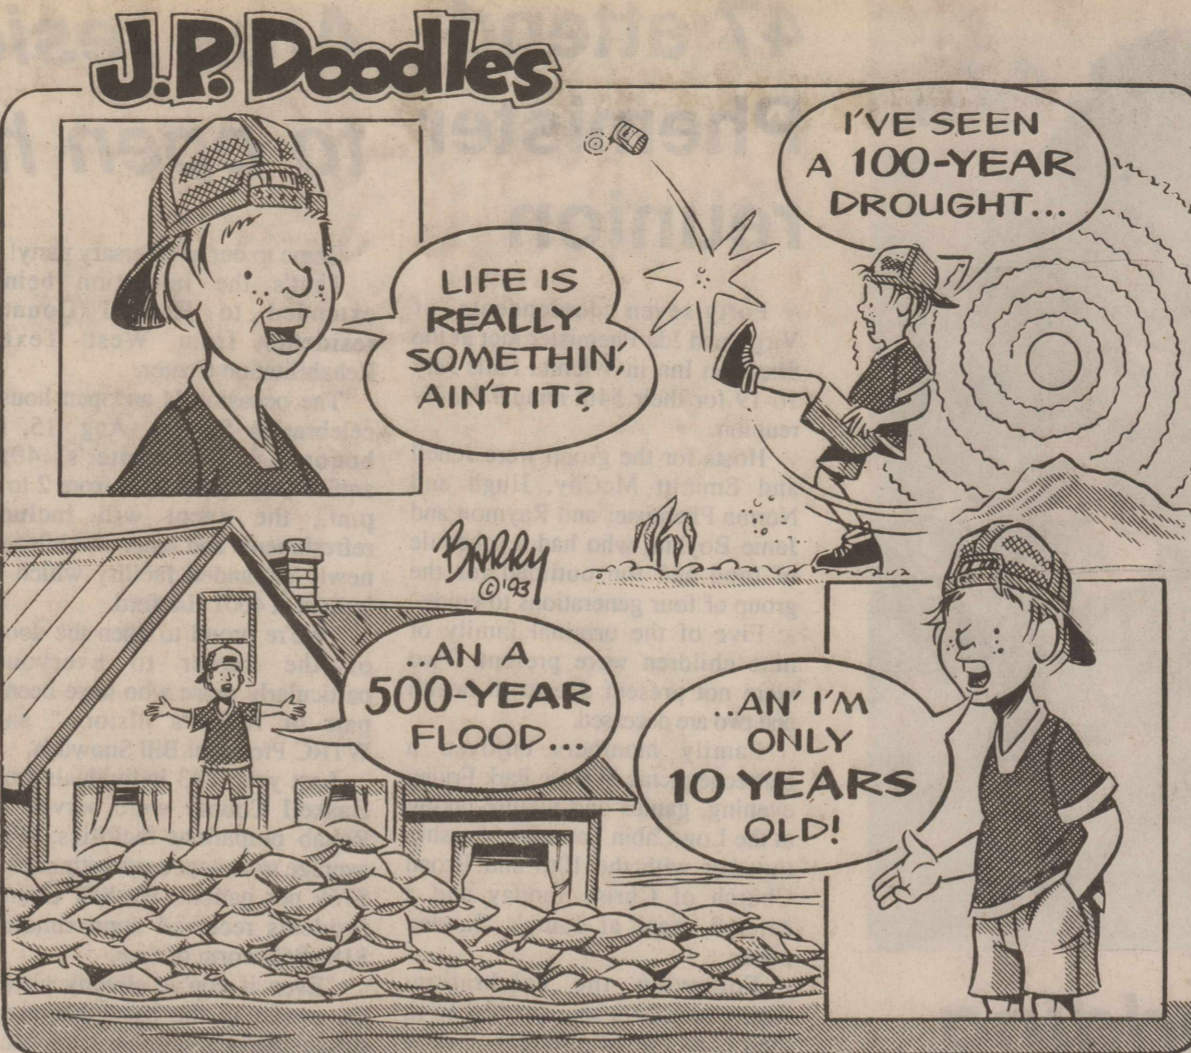

"For a warm gentle time of gospel music just the way you like it, with that country flavored-down home touch that's needed for songs you like, bring all the family," said Vergil Smith, interim pastor. "You'll be glad you did."

Playnight slated by Horse Club

The Haskell Horse Club will sponsor a jackpot playnight at 7:30 p.m. Saturday.

Events will include barrels, flags and poles. Age divisions will be 8 and under (novice and regular), 9 through 12, 13 through 15, and 16 through 19. There also will be an open barrel race.

The public is invited to attend.

Jerry Larned nominated for superintendent award

Haskell native Jerry Larned is one of 13 public school superintendents who are nominees for the 1993 "Superintendent of the Year" award sponsored by the Texas Association of School Boards (TASB). He is superintendent of the Monahans-Wickett-Pyote Independent School District.

Larned began working in Monahans in 1971 as athletic director and head football coach. He became superintendent in 1984. He left the school in 1987 to enter private business, but returned as superintendent in 1990.

"I missed education," Larned said, adding that returning was the right decision for him.

Candidates for the award are chosen for their dedication to improving educational quality, their ability to build effective employee relations, and their commitment to public involvement in education

Superintendents from any of Texas 1,055 school districts are eligible for nomination by their

boards of trustees. Names of local nominees are submitted to a regional selection committee which chooses one nominee to forward to the state selection committee.

The state committee will name five finalists in late July, and the "Superintendent of the Year" will be announced in late September at the joint convention of the Texas Association of School Boards and Texas Association of School Administrators in Dallas.

The winning superintendent will receive a \$4,000 award, funded by the Balfour Company.

Burson families gather

On July 31, the Dave and Othello Burson and C. G. Sr. and LeLa Burson reunion was held at the Haskell Country Club.

Lots of memories came back to mind as brothers, sisters, aunts, uncles and cousins and a few old family friends all watched old home movies, and looked at pictures from 1800 to 1953.

From the oldest, Totch Burson, to the youngest, Peyton Collum (granddaughter of Ernest and Dot Burson), to the one having the most family present, Wanda Burson Rogers (with 17 present), to one overall prize being drawn and given to Howard Melton (son-in-law of Botch and Doris Burson), were homemade gifts for each winner.

Those present were:
 From Haskell: Pauline Norman, Pat and Earl Smith, Tim and Linda Burson, Botch and Doris Burson, Lee Burson, Melissa and Jordan Burson, David, Darlene, Jennifer and Dusty Burson, Sarah Mullen, Tony, Tonya and Amy Burson.
 Dallas: Howard and Rosa Lee Melton, Keith and Debbie Melton.
 Fort Worth: Shirley Coston.
 Merkel: Edward Feemster, Melody, Amanda and Jordan and Payton Collum.
 Sunland, Calif.: Ronnie Burson.
 Wichita Falls: Corky and Kathie Davis.

Abilene: Ora Childress, Albert Burson, Stewart and Elouise Burson, Donna Roberts, Lois Packwood, Debbie and Mart Piper, Mickey and Carolyn Packwood, Jimmie, Julie, Chris and Matt Bell, John and Wanda Rogers, Dot and Earnest Burson, Janice and Justin Hill, Randy, Cindy, Jayden and Jerron Packwood, Larry Kimbrough, Clyde and Biddy Childress.

The cousins made plans for a get-together to be in Abilene in November just to visit and enjoy some old times that they miss with each other.

At the conclusion of the reunion, it was presented and agreed upon that each year the Burson family will alternate years in making donations to the Cancer Society and the Heart Association.

Boosters to meet Monday

The Haskell Booster Club will meet at 7:30 p.m. Monday, Aug. 16, to finalize plans for a "Meet the Indians Night" on Aug. 23.

Margaret Tatum will be the chairman for the ice cream event. Booster Club members may call her at 864-3735 to volunteer homemade ice cream.

The new two-sided football-basketball calendars were displayed. Distribution to advertisers will begin this week.

An inner-squad scrimmage will be held at 9 a.m. Saturday at the football field.

Debi Burson reported ad sales for the football program were going well. She also said that Booster Club memberships continued to come in each day.

Coach Walter Hargrove said there were 53 athletes out for football this year. "Those are good numbers," he said. "The kids are working hard, and they're excited. We'll be ready when we go to Munday."

"The players are not big, but we do have some quickness," the coach said. "If we can do the fundamentals, we'll be okay. We are working on basics and conditioning."

The coach said the large mat purchased by the Booster Club for mat drills had helped the kids and he thanked the club for it.

Hargrove said the district will be tough and he doesn't foresee any team not having a loss. He emphasized the need to win on the road. The Indians have only four home games this year.

--Library Notes--

By Joan Strickland
 Our summer reading has drawn to a close again this year with 40 children participating.

Sara Dulaney read for the last program and we had punch, chips and cookies (thanks to Chris Washburn's mom) and presented the certificates to those who could be there.

If you have not turned in your reading logs, please bring them by the library and I will make out your reading certificates.

If you have children's books from Abilene please check them in very soon as they have to be returned next week. Abilene always sends us extra books to help out with our summer reading and we appreciate them for that. This is one of the bonuses we get by being in the Big Country Library System.

Katy McDaniel won the \$50 savings bond from Haskell National Bank, Saphron Roysdon won the \$50 savings bond from the First National Bank, and Kallie Billington won the two tickets to Six Flags, compliments of KTXS, Channel 12, in Abilene.

Thank you Kerri Ferrell, Sara Dulaney and Marsha Whittemore for reading to our children this summer.

Ernestine Herren has compiled yet another book for the library on the rural schools of Haskell County.

She did this project some years ago, but now we have it all in a notebook so it will last a long time. This book is available to the public as is the cemetery book, but neither is to be checked out of the library. You may come and spend as much time as you feel necessary but these books must stay inside the library.

We are looking into having the

Haskell County history book by R. E. Sherrill re-published. If anyone has a copy of this book they would like to donate or a copy of Rex Felker's book we would love to have them. If you would be interested in purchasing a copy of Mr. Sherrill's book please let me know as we will have to pay the publisher in advance and I need to know if this will be a worthwhile endeavor.

A bit of statistical information: Since the county's fiscal year began Oct. 1, until July 31, 1993, we have circulated 10,878 books. That is about 2.8 books for every person in this city.

Remember our copy fund and our memorial fund, please!

Memorials: Florence Mac Larned, William J. Barnett and Charlie Campbell.

See you at the library.

Connie B. Liles celebrates 80th

On Aug. 6, the family of Connie Belle Liles helped her celebrate her 80th birthday with a delicious meal at the Cliff House.

A pleasant part of the celebration for Connie Belle was receiving and opening gifts. She received two long-stemmed red roses, a double cardinal bird figure and a new hand bag.

The group sang the traditional "Happy Birthday" song. Connie Belle blew out all of the candles without any assistance. The birthday cakes were made by Estalynn and Wayne.

Attending were Bill, Howard Jr. and Estalynn, Wayne and Laquita Liles, all of Haskell; Stan, Connie Lee, Tara and Leah Petross of Abilene.

PHARMACY NEWS

Aspirin and Heart Disease: The American Heart Association has recommended greater use of aspirin in the treatment and prevention of various diseases, including myocardial infarction, ischemic stroke, transient ischemic attacks, and unstable angina. Additionally, they recommend it for pretreatment when patients are scheduled for angioplasty and as primary prevention of stroke. In all cases, the aspirin treatment should be considered supplemental to reducing other risk factors, such as smoking, hypertension, and high cholesterol.

NOTICE OF EFFECTIVE TAX RATES

This notice concerns 1993 property tax rates for the following taxing units: City of Haskell; City of Weinert; North Central Texas Municipal Water Authority; Haskell County Water Supply District #1; Haskell Memorial Hospital District. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

--Sagerton--

by Alice Bredthauer
The Schaake family reunion was held on August 7 at the Sagerton Community Center. Those attending were Mr. and Mrs. Kenneth Schaake of San Antonio, Allen Schaake of Lubbock, Mr. and Mrs. Bill Raphael of Abilene, Mr. and Mrs. Herman Raphael of Lubbock, Mrs. Ed Peel, Mrs. Dahlia Perkins, and Kristina Moffett all of West Columbia, Mrs. Lillie Mac Reed and Sherri Reed of Roby, Mrs. Emma Raphael, Erna and Walter of Stamford, Mr. and Mrs. Arthur Knipling, Mrs. J. B. Toney, C. E. Stegemoeller and Leon Stegemoeller.

Mrs. Lois Peel, Mrs. Dahlia Perkins, and Kristina Moffett of West Columbia are visiting their parents, Mr. and Mrs. Arthur Knipling.

Tarah Toney of Abilene is visiting her grandparents, Mr. and Mrs. J. B. Toney.

Belated news: The name of Clyde Stegemoeller of Richardson was inadvertently omitted from the list of out of town guests at the Clark party last week. He and his brothers had also been here for their

annual reunion at Lake Stamford. Sorry Clyde but Dorothy Clark left your name out.

Daryl and Dustin McEwen of Brownfield visited in the home of their grandmother, Mrs. Mary Neinast last week.

On Saturday, Betsey Neinast and Laura Kate of Emory also visited in the home of Mrs. Mary Neinast.

Those who attended the family night at Faith Lutheran Church Sunday night were Mr. and Mrs. Ronny Teichelman and Ross, Mrs. Clayton Stegemoeller, Stephanie and Michel, Mr. and Mrs. Alvin Bredthauer, Pastor Mike and Linda Couchman, Herbert Rinn, Mr. and Mrs. Marchel Nauret, Mr. and Mrs. Clancy Lehrmann.

Mrs. Earl Roddy and Mrs. Driver of Aspermont visited in the home of Mrs. M. Y. Benton.

McLelland to lead revival

Gillespie Baptist Church will conduct revival services Wednesday through Sunday, Aug. 18-22, with the Rev. Randy McLelland as evangelist and singer, and his wife, Robbie, as pianist.

Everyone is invited to attend the services each evening at 7 and Sunday morning at 11, said the pastor, The Rev. Ross Anderson.

The church is located about midway between Munday and Knox City on Highway 222.

McLelland has been minister of youth and recreation at the First Baptist Church in Haskell for the past seven years. He also hosts the radio program, "A M Sunday," over KVRP. He is in demand as a speaker for youth groups and civic organizations. Mrs. McLelland plays the piano and keyboard at the church and also teaches private piano lessons. The McLellands have two children, Rachael, a fourth-grader, and Reid, who is in second grade.

"Everyone is welcome to attend the revival services and we extend a special invitation to the youth in this area to come and hear Randy and Robbie," the pastor said.

Johnson...

plaque reads: "For giving primacy to the spiritual values of life."

Johnson, a registered pharmacist and owner of Johnson Pharmacy in Haskell, is a charter member of the Haskell Kiwanis Club. He was a member of the original board of directors and has served the club as secretary for the past 10 years.

He also has served on the School Board and as chamber of commerce president. He now is treasurer of the chamber and is secretary of the Board of Deacons of the First Baptist Church.

In 1991, and again in 1992, Johnson was a part of a medical team dispatched by the Southern Baptist Convention to staff medical clinics in Venezuela which gave medical treatment to those in need.

Johnson has lived in Haskell since 1966 when he bought the drug store he still operates.

He graduated from Texas Tech in 1951 and then played professional football with the Chicago Cardinals of the National Football League and the Saskatchewan Rough Riders of the Canadian Football League before launching a high school football coaching career.

He coached at Muleshoe in 1954, at Belton in 1955-56 and at Bryan from 1957 to 1960. He then returned to school at the University of Texas in Austin, earning a degree in pharmacy in 1966.

He and his wife, Franciene, who is a former mayor of Haskell, are parents of two sons, Gary of Aspermont and Jerrell of Haskell.

Noah committee

Noah Project-North advisory committee members will meet at noon Friday at East Side Baptist Church.

All members are urged to attend.

1993 Property Tax Rates in Haskell County

This notice concerns 1993 property tax rates for Haskell County. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.
