

Indians open season at Munday

The Haskell Indians kick off their 1993 football season Friday night when they travel to Munday for their traditional opener with the rugged Moguls. Kickoff is set for 8 o'clock.

Walter Hargrove, beginning his fourth season as head coach of the Indians, said Monday that his team is ready for the opener. He said the Indians showed much improvement in last Friday's scrimmage against Quanah.

Haskell will field one of the most experienced teams it has had in some time with 18 of the 22 starting positions being manned by returnees from last year's outfit which posted a 6-4 won-lost record.

Quarterback Mart Guess and tailback Justin Lisle, both starters last year, will team with fullback Keiland Riley, a letterman, in the starting backfield. Guess passed for 1,170 yards last year, including 516 yards to split end Jonathan Tatum, who is returning for his senior year. Lisle, a freshman last year, rushed for more than 1,000 yards.

Jason Torres, who played fullback last year, has been shifted to split end opposite Tatum to give the Indians more experience in that position.

Other offensive starters will be Robert Huff at tight end, Blake Henshaw and Martin Limones at tackles, Bucky Harvey and Brandon McFadden at guards and Matt Perry at center.

On defense, Huff, Cody Cypert and Casey Larned will be in the secondary. Torres, Riley, Limones and McFadden will be the linebackers, and Perry and Deon Walker will be the tackles. Starters at defensive end will be Cody Cooley and Bucky Harvey.

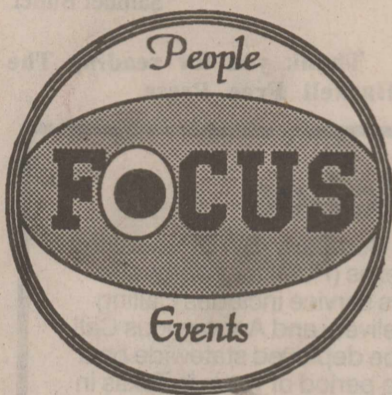

Of the starters, Cooley, Harvey and Cypert are up from the junior varsity, while all the others are varsity veterans. Cypert is the backup quarterback and Larned is backup tailback. Brian Brzozowski is expected to see a lot of action at defensive end and tight end, and Chris Silvas should see action at linebacker and fullback.

Munday is led by Bronco Flye, nephew of former Mogul greats Terry and Perry Collier. He is one of seven offensive and six defensive starters back from the 1992 team which lost to the Indians by a 7-0 score.

Dustin Kiser, 215-pound fullback rushed for more than 1,000 yards last season. The Moguls will run from a modified single wing formation with snaps going directly to one of the Mogul backs.

The Indians will be hoping to make another installment payment on a long-standing debt to Munday. Last year's victory was the Indians' first over the Moguls since 1983.

Following this week's opener, the Indians will return home next Friday to host Seymour. They will play at Knox City the following week before launching their district 7-2A season at Anson on Sept. 24.

Early deadline for Free Press

Advertising deadline for next Thursday's issue of The Free Press will be 5 p.m. Friday of this week.

Deadlines for classified and news will still be Tuesday at noon.

The earlier deadline for advertising is necessitated by the Labor Day holiday. The Free Press will be closed on Labor Day, Monday, Sept. 6.

No decision yet on administrator

The City Council has not yet made a decision on a new city manager.

Approximately 50 persons applied for the vacated position. The council has reduced the number of prospects to four.

Community 4-H to meet Tuesday

The Haskell Community 4-H Club will have its first meeting at 5 p.m. Tuesday (Sept. 7) at the First National Bank.

All youngsters in grades three through sixth and their parents are invited to attend and participate in a fun-filled year in 4-H, said leaders Kay Smith and Sharee Gardner.

Adult education classes to begin

GED and ESL classes will begin at Haskell schools next Tuesday.

Classes will then be held from 6 to 8:30 p.m. each Monday and Tuesday.

For more information, call 864-8535.

First pep rally scheduled Friday

The season's first pep rally will be held at the football stadium Friday, beginning at 3:35 p.m.

In the event of bad weather, the pep rally will be in the gymnasium.

The Haskell High School cheerleaders and mascot attended the NCA High Plains Cheerleading Camp in Lubbock this summer. They learned new cheers, chants, dances and stunts for the new school year.

Cheerleaders would like to remind all fans that the cheerleaders and mascot need crowd support and participation in pep rallies and especially games.

Inserts with various cheers and chants will be provided in the programs so fans can participate. "Please show your spirit and help us out," said the cheerleaders.

Junior cheerleaders

Haskell Junior High cheerleaders for 1993 are J. J. Comedy, Kelli Moeller and Brooke McGuire, back row; Amy Aycock and Angela Aycock, middle row; and Freddie Williams, front.

City schedules tax rate hearing

The City of Haskell will hold a public hearing next Thursday on a proposal to increase total tax revenues from properties on the tax roll in 1992 by 14.82 percent.

The hearing is scheduled to begin at 7 p.m. in the City Hall.

The proposal, calling for a tax rate of 23.01 cents per \$100 assessed value, was adopted at the

Aug. 24 meeting of the City Council.

Under the proposal, a home valued at \$22,944 last year would be valued at \$22,440 this year. Last year's taxes were \$45.18. Under the proposal, the same house would have taxes of \$51.63, an increase of \$6.45.

Stenholm FUNDay Sept. 18

Members of Congress from Connecticut, Missouri and Utah have been invited to join Charles and Cindy Stenholm for their annual FUNDay Sept. 18. Fellow Texan Greg Laughlin, congressman from the 14th district of Texas, also is scheduled to be present.

The public is invited to the FUNDay picnic at the Ericksdahl picnic grounds east of Stamford. The food line opens at 4:30 p.m. and the meal will be topped off with Comanche County watermelons.

"Cindy and I are anxious for our friends here at home to have the opportunity to meet these members of Congress," said Stenholm. "Greg Laughlin will help us extend Texas hospitality, but we want them to learn about our area and become more familiar with some of our problems."

Barbara Kennelly of Connecticut is a native of Hartford and has been in Congress since 1982. She had been in Congress less than a year when she won a seat on the Ways and Means Committee. She also serves on the Budget Committee as well as House Administration. She serves as one of three chief deputy whips who are charged with keeping legislation moving in the House of Representatives.

Harold Volkmer of Hannibal, Mo., was first elected to Congress in 1976 and is the seventh ranking Democrat on the House Agriculture Committee. He also serves on

Harmon Cable may drop KTXS

Harmon Cable has failed to reach agreement for continued carriage of station KTXS on its cable system serving Haskell, Stamford, Munday and Rule.

Under new rules governed by the Cable Consumer Protection and Competition Act of 1992, local broadcasters have the right to deny carriage of their signals on cable systems after Oct. 6 of this year.

In accordance with the new law, Harmon Cable is notifying its customers 30 days prior to the Oct. 6 date that it may not be able to carry KTXS without permission from the station.

Harmon Cable emphasized it is continuing discussions with the station and it hopes that agreement can be reached for continued carriage prior to the deadline.

The company has reached agreement for carriage of many television stations throughout the country for continued carriage. Agreements have been reached with stations that have not asked for cash payments for continued carriage.

It is Harmon Cable's position that it does not feel cable customers would have to pay for television signals that non-cable customers receive over the air for free.

Torres named national finalist

Jason Torres, a member of the Haskell FFA chapter, has been selected as a national finalist in the National FFA organization's Achievement in Volunteerism (AIV) award program.

The AIV program recognizes individuals for their outstanding accomplishments in community development/service activities. The program works hand-in-hand with the national FFA organization's Building Our American Communities (BOAC) program. BOAC is a nationwide community revitalization program that fosters leadership skills in young adults

by encouraging them to work with their community in planning and implementing a variety of community development projects.

As part of their award, each national finalist is invited to participate in the national FFA organization's Conference on Community Development held in Washington, D.C., Sept. 25-28, all expenses paid. The conference is a series of workshops and meetings that focus on community development.

Jason centered his application for the prestigious award volunteerism award around his active involvement in the Haskell Project PALS (Partners in Active Learning Support). Duane Gilly, one of the local ag science teachers and FFA advisors and coordinator for the Haskell Project PALS, will accompany Jason to Washington and participate in the conference with him.

This year at the 11th conference, the national AIV finalists will be recognized for their outstanding efforts in community development. The national winner will be announced Nov. 12 in Kansas City, Mo., at the 66th National FFA Convention.

FFA is a national organization of 416,529 members preparing for leadership and careers in the science, business and technology agriculture. The organization has 7,545 local chapters located throughout the United States, Puerto Rico, Guam and the Virgin Islands. FFA's mission is to make a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success.

Science, Space and Technology. Agriculture is the mainstay of his district's economy, with wheat, corn and soybeans being grown throughout the district. Citizens commute to St. Louis to work, but cattle, hogs and dairy farms also abound.

Utah will be represented by Bill Orton of Provo. He was elected in 1990 and serves on the Budget Committee as well as Banking, finance and Urban Affairs. The Provo-Orem area has seen a steady influx of computer software businesses to help offset problems in mining and oil drilling. Cattle ranching dominates in the rural and sparsely populated part of his district.

Laughlin was born in Bay City and has been in Congress since 1988. He serves on the Select Intelligence Committee, Public Works and Transportation, Post Office and Civil Service, and the Merchant Marine and Fisheries committees. Laughlin is a graduate of Texas A&M and the University of Texas School of Law. He has served as an assistant district attorney. In 1993, he was among members of the Select Intelligence Committee who made a trip to Russia.

Council hears reports

The Haskell County Extension Homemakers Council met July 14.

The meeting was called to order by Ophelia Newsom, president. Prayer for the day was given by Myrtle Plemister. Reports from the four clubs were given by club presidents.

Jimmie Weinert gave a finance committee report from the county stock show concession stand. She also had thank you notes from 4-H Dress Revue participants for gifts they received.

The council gave \$50 to Senior Party '93. Also, three youths and one leader attended the Teen Leadership Lab at the state 4-H camp in Brownwood. The 4-H chairman announced the family night for all county 4-Hers as a picnic in the park on July 27.

All members were reminded of Cultural Arts Day in Woodson on July 21, hosted by Throckmorton County Homemakers.

TEHA chairman Alice Yates gave information about the state convention in Waco Sept. 14-16. It will be at the convention center and delegates will stay at the Hilton Hotel. Incoming chairman Estalynn Liles, vice chairman Joetta Burnett and voting delegate Mildred Robertson will be attending as county representatives.

Chairman Yates also had information about the Tour Washington, D.C., in March 1994. County extension agent Lou Gilly was in Kentucky to train leaders for PALS project. She and Duane Gilly, ag teacher, have been recognized as outstanding PALS leaders.

Members attending were Phylcia Bailey, Joetta Burnett, Frances Fischer, Estalynn Liles, Reatha Mullins, Ophelia Newsom, Myrtle Plemister, Mildred Robertson, Jane Smith, Jimmie Weinert and Alice Yates, Kathryn Schonerstedt attended as a guest.

Public Notice

Southwestern Bell Telephone Company (SWBT) is asking the Public Utility Commission of Texas (PUC) for approval to offer Caller ID service in Texas. This service includes Calling Number Delivery, Calling Name Delivery and Anonymous Call Rejection (ACR). This service will be deployed statewide on a staggered, city-by-city basis, over a period of years in Texas in association with residence, business single and multiline services, but not PBX, Centrex or Plexar services, where facilities are available. Caller ID is an optional service which allows a subscriber to see date, time, and the phone number (Calling Number Delivery) and/or name associated with the number (Calling Name Delivery) of most direct dialed local calls and some select long distance calls before the telephone is answered. Anonymous Call Rejection is a Caller ID service which permits a subscriber to automatically reject calls from callers who have blocked their number/name. Per-call and per-line blocking will be available when the service is deployed. Detailed information on Caller ID service and how to block will be sent to each customer in their telephone bill during the next few weeks.

Persons who wish to intervene or otherwise participate in this proceeding should notify the PUC before October 6, 1993. Other parties may seek to also obtain Caller ID service in association with PBX, Centrex and Plexar service. A request to intervene, participate or receive further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221, teletypewriter for the deaf. For information regarding Caller ID service, residence customers should call 1-800-464-7928, and business customers should call 1-800-499-7928.

TAX PLANNING

Written By
James E. Rodgers, CPA

NEW TAX LAW PASSES

Here are the highlights of the new tax law signed by President Clinton August 10, 1993 -

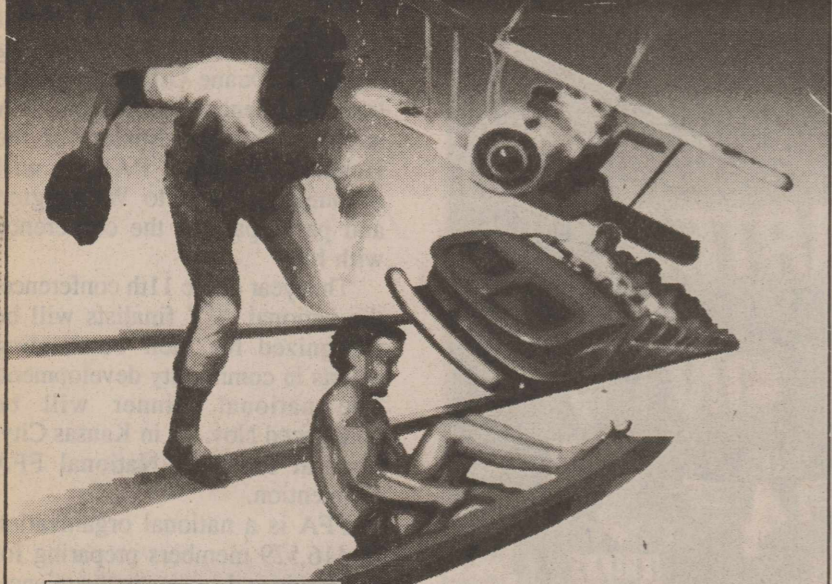

- The law adds a new top individual tax rate of 36% for taxable income over \$115,000 for singles and over \$140,000 for couples, plus a 10% surtax for incomes over \$250,000. Retroactive to January 1, 1993.
- The top long-term capital gains tax remains at 28%.
- Social security recipients with "provisional" income above \$34,000 for singles and \$44,000 for couples will be taxed on up to 85% of social security benefits. Effective January 1, 1994.
- Moving expense deductions are more limited, and the 35 mile limit has been increased to 50 miles. Effective January 1, 1994.
- Estate and gift tax rates are back to 53% and 55%. Retroactive to January 1, 1993.
- The Medicare tax cap on wages is removed. All wages are subject to the 1.45% tax paid by both employer and employee. Net self-employment earnings are taxed at 2.9%. Effective January 1, 1994.
- The luxury tax on expensive jewelry, boats, airplanes, and furs is repealed. The tax remains on cars over \$30,000 with indexing for inflation. Retroactive to January 1, 1993.
- The top corporate tax rate for corporations with income over ten million dollars, which also becomes the flat tax for personal service corporations, is now 35%. Retroactive to January 1, 1993.
- The expensing election for small businesses is increased to \$17,500 from the previous \$10,000. Retroactive to January 1, 1993.
- The federal gas tax is increased by 4.3 cents to 18.4 cents a gallon. Effective October 1, 1993.

You should determine what tax planning opportunities are available to you under the new rules. Please call us. We will be happy to assist you.

Committee reviews programs

The Haskell County Home Economics Committee met Aug. 18 in the county extension office kitchen to review 1994 programming needs for the county.

After studying the surveys the committee received from local clientele, the group decided to concentrate its 1994 programming efforts in the areas of foods and nutrition, and health and wellness.

The committee will meet again Oct. 20 to finalize its 1994 programming plans. Any county resident with program requests or project suggestions for the committee is encouraged to contact Lou Gilly, county extension agent-home economics, who serves as advisor to the committee, or any committee member.

Home economics committee members are Frances Fischer, Margaret Jones, Danny Lammert, Reatha Mullins, Ophelia Newsom, Myrtle Plemister, Iris Riley, Odessa Riley, Mildred Robertson, Abby Salinas, Kay Smith, Wanda Thompson, Nancy Toliver and Alice Yates.

Committee membership is open to all Haskell County residents. Anyone desiring to volunteer to serve on the Home Economics Committee in 1994 should contact Mrs. Gilly or any committee member.

Photos published in The Haskell Free Press are filed by date of publication. If you want to pick up a picture, please let us know when it ran.

Students give program to club

The Lions Club met met at the elementary computer lab Aug. 24 to learn the use of computers to make a slide show.

Seven students from the summer computer camp presented their multi-media graphics shows to the members.

Presenters were third graders Ross Bullinger and Joshua Webb, fourth grader Bryce Hudgens, sixth graders Brittany Bartley, Hilee Mulligan and Jodi Thigpen, and eighth grader Jeremy Harlan.

Students imported text and graphics from a variety of files, programs and the CD ROM to make their multi-media slide shows.

Debi Burson, elementary technology specialist, and Pam Thigpen, secondary art and computer teacher, taught the camps. Tréci Burson assisted.

Organizations or clubs are invited to come to the lab for demonstrations.

"The Lions Club was the first club to visit. The Progressive Study Club will come Oct. 14," Mrs. Burson said. "Each time a new group of computer camp students will present the program."

"DECISIONS MADE EARLY"

Many people plan for what might happen—fire, burglary, injury, and accidents. Now more and more people are planning for what will inevitably happen. It simply makes good sense to prepare for that which we can not avoid.

Pre-need funeral arranging allows one to control the type of service they would prefer, select a means of financing it, freeze the prices at today's price, and save loved ones the anguish of deciding these matters at a later date. Really it is the loving thing to do for your family.

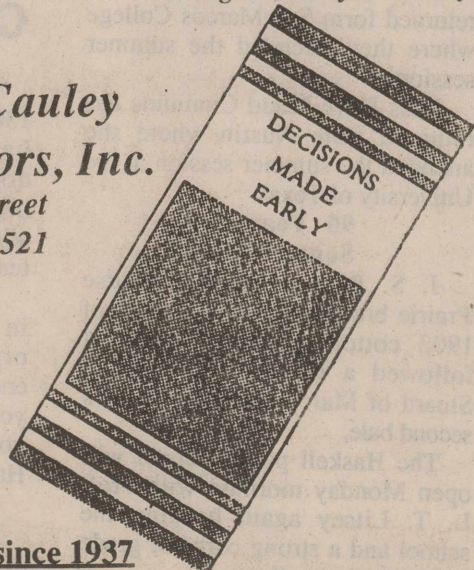

Simply come by or call and we will come by to see you.

Academy application available

The United States Coast Guard Academy is now accepting and processing applications for appointment as Cadet, U.S. Coast Guard, Class of 1998. Applications are being accepted for both men and women.

Appointments as Coast Guard cadets are tendered solely on the basis of an annual nationwide competition with no congressional nominations or geographical quotas. Applications must be submitted to the director of admissions prior to Dec. 15, 1993.

Candidates must be unmarried at the time of appointment, have no legal obligations resulting from a prior marriage, and must have reached the age of 17, but not 22, by July 1, 1994.

All candidates must be assured of high school graduation by June 30, 1994. They must have completed a minimum of three years of English, and three in mathematics to include algebra and plane or coordinate geometry or their equivalents, and must fulfill basic physical requirements.

Coast Guard cadets obtain an excellent undergraduate education at no personal expense. In addition, they receive pay and allowances fully adequate to fulfill their ordinary living expenses. The academy curriculum leads to a bachelor of science degree with strong academic emphasis on engineering and science. Graduates are commissioned as Ensigns in the United States Coast Guard.

To obtain an application or further information, write: Director of Admissions, U.S. Coast Guard Academy, 15 Mohegan Ave., New London, CT 06320, or call (203) 444-8501.

Seniors invited to Octoberfest

Haskell County folks 55 and over can experience fall and nature at its best this fall "Deep in the Heart of Texas."

Four sessions of the 15th annual Octoberfest are scheduled at the Texas 4-H Center on Lake Brownwood, according to Lou Gilly, Haskell County extension agent/home economics.

Sponsored by the Texas Agricultural Extension Service, men and women may choose from the following dates:

October 5-8, October 12-15, October 19-22, and October 26-29.

Opportunities include "hands-on" learning centers where one can learn leather working, oil painting, woodworking, stained glass and other exciting projects. Educational programs on topics such a horticulture, photography, nutrition, finances and other current interests are a popular highlight.

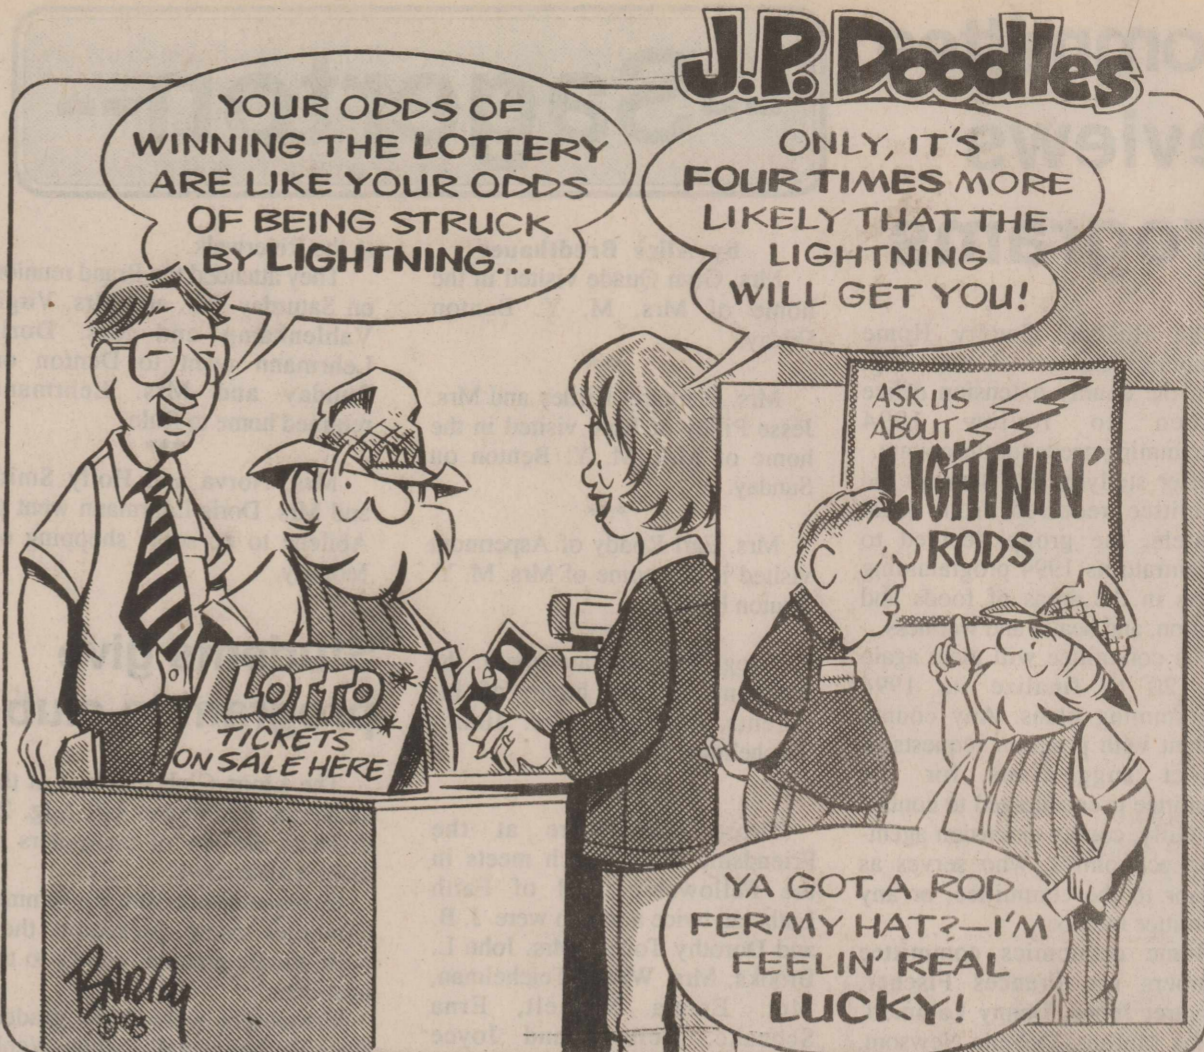

Boat rides and fishing on Lake Brownwood add popularity to the stay. Lighted tennis courts, horseshoes, billiards, volleyball, shuffleboard, dominoes, and card and table games are all popular activities.

A special "Name That Tune" theme will provide a festive atmosphere to the event. Thursday's theme party will feature some exciting activities and entertainment.

Each week is limited to 165 participants at a nominal fee. Interested persons should call the county extension office at 864-2546.

Did you know?

Physical inactivity is a risk factor for heart disease. The American Heart Association recommends that people get 30-60 minutes of exercise 3-4 times per week to maintain cardiovascular fitness, although lesser amounts of physical activity are also beneficial.

You ain't seen nothing yet. Texas has been executing convicted killers at the rate of one per week for the past five weeks, and the pace may continue.

Even at one per week, it would take seven years (until the year 2000) to execute all the inmates now on death row.

And that doesn't take into account the many who will take up death-row residency between now and 2000.

Some people don't make a lasting impression.

Called up an old army buddy in Waco when I was visiting there last week. We talked for 10 or 15 minutes, and he told me to be sure and call again next time I was in town.

I probably won't. I'm not sure he remembered me.

will become available to the grass over a period of several weeks. And choose a complete fertilizer, such as 20-10-5 or 16-8-8 that also contains phosphorus and potassium. Apply according to the directions on the bag.

To save seeds and money, in late summer or fall, leave the seeds in the hot sun for several days, then place in a plastic bag, seal tightly, and drop the bag in the freezer until planting time next spring. This eliminates insects or diseases ruining the seeds and provides almost a 100-percent chance of germination.

One of the finest golden flowers is the hardy chrysanthemum. My personal preference is the "cushion" mum; so-called because the flower is rounded and has a cushionlike appearance. This is the perfect flower for the lazy gardener or as I like to think of myself, the overextended gardener. They do not have to be divided every year. They also don't require staking; they don't even require pinching. Another golden plant is the perennial sunflower. It is perfect for planting at the back of a perennial border. It will bloom in late summer and early autumn.

Congratulations to Mrs. Sprayberry, who is one of our faithful garden club ladies. She has grown huge sunflowers to feed the birds. Mrs. Sprayberry, we're proud of you! We enjoyed seeing your picture in The Free Press.

Buy your bulbs now and store in the vegetable bin of your refrigerator or in a cool dry basement. Then in late October or November plant them.

Boosters to open Trading Post

The Haskell Booster Club will open the Trading Post during the JV football game against Holliday on Thursday at Indian Field. Game time is 6 p.m.

Lapel/pins in a tomahawk design, caps and car flags are the new items for sale. Caps are \$10 and the removable car flags are \$20. Clickers and license plates also are available.

The club voted to purchase a stereo system for the girls' dressing room, a stationary training table, a portable training table (to take to out-of-town games) and a whirlpool.

The Booster Club will meet next Tuesday, Sept. 7, instead of Labor Day.

Members will serve Gatorade to the teams at 6:30 p.m. and then meet in the ag building.

"Sept. 2 is the last day to join the Booster Club if you want your name in the football program," Debi Burson, chairman, said.

At the Sept. 13 meeting, the cross country team and Coach Ken Peel will be introduced.

By Gladys O'Neal
Haskell Garden Club
When we are interested in growing flowers, shrubs and trees, there is always something new to try, some sad failure or some triumphant success to experience. When the leaves of caladiums start looking bedraggled in late summer and fall, it's time to cut them back. So dig up the corms now and store them for the winter or buy new corms next spring. If you store them, dust them with garden sulfur or ground lime to prevent rot. Then place them in a

mesh bag and keep them in a cool, dry place. Next spring to get off to a quick start, sprout them indoors in pots, then transplant them outdoors after danger of frost.

Fall is the time to think of preparing perennial beds for next year. Repot plants that have spent the summer outside. Prepare the pansy bed by working in plenty of manure.

Sow seeds of larkspur, bluebonnets, poppies, stock, snapdragons and hollyhocks. Don't you just love these old-fashioned flowers?

If you have Fescue or other cool season grasses, they benefit most from a fall feeding. It strengthens the grass for the winter and promotes earlier spring green-up. Choose a lawn fertilizer with controlled-release nitrogen, which

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The City of Haskell will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1992 by 14.82 percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to change in taxable value of all other property.

The public hearing will be held on September 9, 1993 at 7:00 p.m. at Haskell, Texas City Hall.

FOR the proposal: Kenny Watson, Tony Burson, Ruby Turner
AGAINST the proposal:
PRESENT and not voting: Iva Lee Gipson
ABSENT : Kim Nemir
(Names of all members of the governing body, showing how each voted on the proposal, if absent, indicate absences.)

The statement above shows the percentage increase the proposed rate represents over the effective tax rate that the unit published on August 12, 1993. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	\$22,944	\$22,440
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	\$ 0	\$ 0
Average taxable value	\$22,944	\$22,440
Tax rate	0.1969/\$100	0.2301/\$100 (Proposed)
Tax	\$ 45.18	\$ 51.63 (Proposed)

Under this proposal taxes on the average home would increase by \$6.45 or 14.27 percent compared with last year's taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would increase by 0.0332 per \$100 of taxable value or 16.86 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

Homecoming at Paint Creek Sept. 25

Homecoming at Paint Creek is scheduled for Saturday, Sept. 25. Activities will begin with registration at 1 p.m. A business meeting will begin at 2 in H. P. Morrison Memorial Auditorium. Beginning at 3 p.m., or immediately following the business meeting, there will be class visitation, a reception honoring Howard Brass and a slide presentation of changes and innovations at Paint Creek School. A pep rally is scheduled at 4:30, during which coming home

onorees will be announced. The meal will begin at 5:30. Players and parents will be introduced at 7 before the football game between the Pirates and Blackwell, which begins at 7:30. The homecoming queen will be crowned at halftime. According to the American Heart Association, cardiovascular diseases kill more than 930,000 Americans every year. That's nearly twice as many as all forms of cancer.

Overweight? Time to get down

By Dr. Donald E. Wesson
Baylor College of Medicine

It is a serious health problem that is, pardon the expression, all around us. Being overweight or obese is one of this nation's most common health problems. An estimated 25 percent of Americans carry too much fat. It is so common that many of us fail to notice it, particularly in ourselves and in loved ones.

Studies have shown that overweight people live shorter lives as a result of health problems that go beyond concerns for appearance. They are more likely to suffer from heart disease, high blood pressure, diabetes and arthritis. Weight loss can reduce or eliminate these risks.

Why are some people more susceptible to becoming overweight?

Body fat is made up of calories eaten but not "used up" by the body through physical activity like aerobics. People become overweight when they eat more calories than the body can burn.

the amount of energy your body needs depends on your metabolic rate and your level of physical activity. Although some people have a higher metabolism than others, the best way to avoid gaining too much weight is to balance calorie intake and exercise. If you maintain a sensible diet and exercise regimen, you can burn extra calories and increase your metabolism.

If you are less active and

overweight, limit your intake of high-calorie foods, like pastries, and "fill up" on low-calorie foods like vegetables and fruits.

Before entering a weight-loss program, consult your doctor. Nutrition experts at Baylor College of Medicine state that fad or "crash" diets often provide inadequate nutrition and can be harmful. In most cases, the weight is regained when resuming old eating habits. Also, choose an exercise program that matches your level of fitness. An inappropriately vigorous exercise program can be harmful.

You can successfully lose and maintain your ideal weight by eating well-balanced, low-calorie meals daily and performing modest exercises, such as walking. Such a strategy can become a life-long habit that will help you achieve your goal while making you feel better and live longer.

Thunder is good, thunder is impressive; but it is lightning that does the work.

TMA lends support to TV movement

Texas Medical Association is supporting a national initiative to reduce excessive violence on television.

TMA joins 19 national organizations in distributing to members a petition urging reduction of violent programming and creation of a violence rating system.

TMA has a long-standing policy against television violence and its impact on the health of American children. The average child is exposed to 27 hours of television a week and watches 8,000 murders and 100,000 acts of violence on TV before completing elementary school.

"Our children's minds are being consumed by senseless and excessive acts of violence on television," said Dr. Laurance N. Nickey, chairman of the TMA Council on Public Health. "Organized medicine has long recognized television's influence on children along with the importance of educating our patients about this problem."

Extension office updates mailings

The Haskell County office of the Texas Agricultural Extension Service is in the processing of updating its home economics mailing list.

All persons who are now on the home economics mailing list and receive home economics newsletters and other home ec related educational materials are reminded they must complete and return the form included in their August newsletter to remain on the mailing list. The form must be returned by Sept. 8.

Those wishing their names added to the mailing list may make requests by phone, by writing or by visiting the Haskell office.

Explanation of Conversion from County Education District Taxes

County Education Districts have been abolished. In order to compare school tax rates from last year to this year, it is necessary to compare the combined school tax rate below to the school district's proposed tax rate for this year.

Last year the Paint Creek School District's tax rate was .2711.

Last year the Haskell County Education District's tax rate was .9241.

The combined School District and County Education District tax rate was 1.1952.

The proposed tax rate for Paint Creek Independent School District for this year is 1.2159.

This notice is required by the Texas Legislature.

*The percentage increase shown in the first paragraph below may appear unusually high because it does not reflect 1992 taxes levied by the now-abolished county education district (CED). In 1992, the CED levied a portion of the taxes used for school purposes, and the school district levied the remainder of school taxes. In 1993, school districts will levy all school taxes. For an explanation of the increase, attend the public hearing scheduled below or call your school district.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Paint Creek I. S. D. will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in Paint Creek by 350 percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to change in taxable value of all other property.

The public hearing will be held on September 9, 1993 at Paint Creek School.

FOR the proposal: Wallar Overton, Kenny Thompson, Brian Bredthauer, Darlene Walton, Billy Lamb, Steve Barbour
ABSENT: Vern Howard

The statement above shows the percentage increase the proposed rate represents over the effective tax rate that the unit published on August 26, 1993. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year County Education District	Last Year School District	This Year School District
Average home value	\$26,053	\$19,784	\$19,847
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	\$ 10,210	\$ 5,000	\$ 5,000
Average taxable value	\$15,843	\$14,784	\$14,847
Tax rate	.9241	.2711/\$100	1.2159/\$100 (Proposed)
Tax	\$ 146.41	\$ 40.08	\$180.52 (Proposed)
Total 1992 School Taxes	\$ 186.49	Total 1993 School Taxes	\$180.52 (Proposed)

(School districts publishing optional information must publish the following:)

This paragraph compares last year's CED and school district taxes with this year's proposed school district taxes. Under this proposal taxes on the average home would decrease by \$5.97 or 3.31 percent compared with last year's total school taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would increase by \$.02 per \$100 of taxable value or 1.73 percent compared to last year's total school tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

(All school districts must publish the following:)

This paragraph compares last year's school district tax with this year's proposed school district taxes. Under this proposal taxes on the average home would increase by \$140.44 or 350 percent compared with last year's school district taxes. Comparing tax rates without adjusting for changes in property value, the tax rate would increase by \$.9448 per \$100 of taxable value or 348 percent compared to last year's school district tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.

Happenings...

by Lois Redwine

A recent visitor with Chunky and Viola Tidwell was Dan Burson from Arlington. On Friday, Wallace and Imogene Bobbs of Abilene visited the Tidwells and Roy Paul Glover of Richardson spent last weekend with them.

George and Faye Gray visited in Weatherford with Mrs. Gray's sister, Billie Hubbard and Pauline Gruben. They were joined by their brother and wife, Mr. and Mrs. James Smith and Mrs. Smith's daughter, Joan from Carbon. The Grays also attended the Knox City musical.

Joe and Flo Larned have returned from a 38 day tour of Alaska. While in Homer, Alaska, Joe went deep sea fishing and caught 3 halibut. The largest one weighed 42 lbs.

Chris Howeth and his fiance, Leigh Ellen Ellis, recently spent the weekend with his father, Bud Howeth and his grandmother, Marie Howeth. Both are students at Tarleton State University at Stephenville. While here, all family members helped Chris celebrate his 21st birthday on Aug. 23.

Elmer and Bernice Hilliard square danced with the Haskell Country Squares at the club's regular monthly dance on Saturday night. Leon Ivey of Munday was the caller. Maxine Ivey of Munday called the line dancing.

Recent visitors with Frieda Nehring in Rice Springs Care Home were Louis and Adeline

Spitzer and Hazel Letz from Old Glory.

Jr. Girl Scout Troop #462 had its final summertime fun meeting in Abilene on Aug. 12 at Putt-Putt and Golden Corral. Scouts going were Audra Arendall, Megan Bird, Paige Hagadone, Jennifer Josset, Krishna Patel, Jenny Goudeau, Roxanna Rivera, Erica Rueffer, Heather Steele, Keisha Woodard, leaders, Sharon Rueffer, Birdie Goudeau and volunteers, Charlotte Arendall and Lupe Rivera.

I spent two weeks in the Midland-Odessa area visiting with daughter and son-in-law, Charlotte and Vern Foreman, daughter and son-in-law, Suzy and Coe McElmurry and granddaughter and family, Monica, John, Alan and Richard Childs. Also, saw grandson, Chad Lundy, who was visiting there from Canyon. I spent a weekend at Indian Lodge, near Fort Davis, as guest of daughter, Suzy. The Midland Chamber of Commerce staff, board members, their families and guests were there for their annual retreat. Indian Lodge is the only hotel and restaurant owned by the State of Texas and is operated by the Texas Parks and Wildlife Dept. Natural resources have been used in the flagstone floors, 18 inch thick adobe walls, Ponderosa pine beams and Rio Grande cane ceilings. Furnishings are made of Texas cedar. The rooms face Keesey Canyon and provide breathtaking

sunrises. We visited Prude Ranch on Limpia Creek. A former working ranch that has been developed into a dude and guest ranch. A number of Arabic soldiers were there. We had dinner one night in Fort Davis in the Limpia Hotel, built in 1912. Many of the Midland guests took a night trip up to McDonald Observatory. Fort Davis National Historic Site is located just north of the town of Fort Davis and is operated by the National Park Service. The fort was built in 1854 at the crossroads of the Chihuahua Trail and The San Antonio-El Paso stage route. There are several scenic drives near by and the mountains and rocks are spectacular.

While in Odessa, I met a young man, Whit Parks. He told me that about 2 years ago he lived in Haskell for 6 months and worked for Bill Wilson Motor Co. He remembered a number of people, including Von Marr and Leon and Delight Jones.

Mae Lou Yeldell and son, Frank Jordan were in Arlington last week visiting with Mrs. Yeldell's daughter and son-in-law, Mr. and Mrs. Ronny Williams, Frank had several doctor appointments. On Sunday morning, they attended church with the Williams at the Mt. Olive Baptist Church. Rev. N. L. Robison brought the message. Sunday afternoon, they visited a cousin, Minnie Moody, in Dallas. Sunday night, they attended the White Rock Independent Methodist Church with Mrs. Moody and her children and a number of cousins from Mae Lou's mother, Alice Lewis' branch of the family. Her cousin, Rev. B. J. Forward, Sr. is the pastor. Elder Lester Lewis brought the message.

Squares host monthly dance

The Haskell Country Squares hosted their monthly Saturday night dance Aug. 28 in the former IOOF Hall above Hassen's.

Leon Ivey is the caller for squares, and Maxine Ivey instructed the line dances. Guest dancers came from Breckenridge and Abilene.

Members invite the public to come and visit with them any fourth Saturday of the month.

Lessons will begin Thursday, Sept. 23. Those interested should call Leon Jones at 864-2512 or Kim Crawford at 864-2010.

Take 10

"Take ten."
That's 10 minutes of rest for every two hours of driving during the Labor Day holiday.

The message comes from the National Safety Council.

PHARMACY NEWS

By Elbert Johnson, Registered Pharmacist

Burning Fat: While high-intensity exercise is very good for aerobic fitness, the potential for injury also is high, and the potential for burning fat is not. Exercise physiologists agree that long slow distance training is more effective for burning fat. This involves working at 40% to 70% of maximum heart rate for 40 to 90 minutes. Fat burning is particularly effective if the large muscle groups, such as both legs or both arms, are exercised.

Nettie Henry

Nettie Henry, 85, died Thursday (Aug. 26) at her home in Haskell.

Services were Saturday morning at the First United Methodist Church in Haskell with the Rev. Sid Parsley officiating. Burial was in Willow Cemetery under the direction of Holden-McCauley Funeral Home.

Pallbearers were B. O. Roberson, John Kimbrough, Milam Diggs, Bobby Lusk, David Middleton and Raja Hassen. Honorary pallbearers included Tom Kaigler, B. C. Chapman, George Fouts and Dr. Bill Kemp.

Mrs. Henry was born in Rochester and was a graduate of Clarendon High School. She then graduated from Texas Technological University where she was on the first cheerleading squad. Later she taught school in Bowie and Haskell. She was a member of the First United Methodist Church and the widow of Herman Henry.

She is survived by a son and daughter-in-law, Pat and Charley Henry of Haskell; a daughter, Kay Henry of Haskell; three grandchildren, Harry Henry of Denton, Patricia Henry of Bryan and Cindy Henry of Haskell; two sisters, Anne Whaley of Abilene and Kathleen Irwin of Midland; a brother, Felix Mullino of Haskell; and several nieces and nephews.

The family requests that memorials be given to favorite charities or churches.

Eleanor Wheeler

Eleanor Rentye Wheeler died Monday at Haskell Nursing Center. She was 79.

Graveside services were conducted Tuesday afternoon at Willow Cemetery with Randy McLelland officiating. Holden-McCauley Funeral Home was in charge of arrangements.

Mrs. Wheeler was born Sept. 12, 1913, in Hungary. She was uprooted as a child and sent with neighbors across dangerous borders and an ocean for safety in America. She lived in New York City with her mother and stepfather, then in a

foster home. She graduated from New York public schools. She worked 25 years at Gotham Hotel in New York and was secretary and bookkeeper for the New York Hotel Association and Trades Council. She was a member of the First Baptist Church.

She is survived by three brothers-in-law, Calvin Wheler of Nocona, Lindon Wheeler of Anson and Gilbert Wheeler of Eules; two sisters-in-law, Wilma Brown of Haskell and Frances Downer of Arlington; and several nieces and nephews.

She was preceded in death by her husband, Bruce Wheeler, on May 20, 1993.

Midland chamber captures awards

The Midland Chamber of Commerce Convention and Visitors Bureau dominated its division in a statewide competition held in mid-August in Grapevine, capturing three of the six awards.

The People's Choice Awards were conducted as part of an Idea Fair at the annual meeting of the 1993 Texas Association of Conventions and Visitors Bureaus.

The Midland CVB took best overall convention and tourism promotion. Judges were convention and visitors bureau professionals from across Texas.

Suzy McElmurry, director of Midland's CVBV, and her staff used the theme "Something's Cooking in Midland." The message helps build a strong image of a city that has the accommodations, services and CVBV support for successful meetings. Conventions and tourism are helping Midland by bringing in outside dollars.

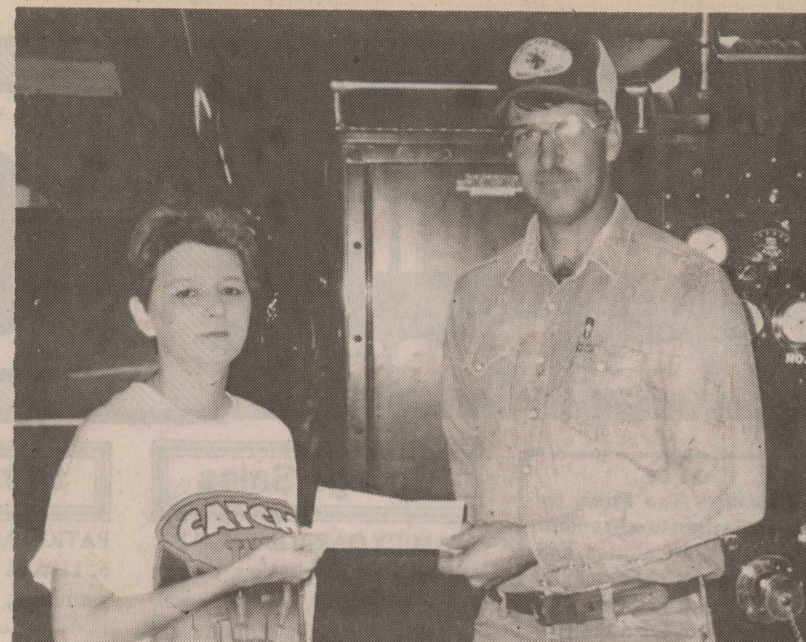

Suzy is a Haskell native and a graduate of Haskell High School. She is the daughter of Lois Redwine and the late Charley Redwine.

MDA donations

Haskell Fire Department president Eddle Klose presents a check for \$1,063 to Judy Standefer, chairman of the Haskell County MDA. The money was raised for the MDA through the fire department's "Fill the Boot" drive on Aug. 14. The money, along with that raised through door-to-door solicitations in Haskell, will be presented to the Jerry Lewis Telethon next Monday during a KTAB television program at 12:05 p.m.
