Scars That Heal

The true life story of Dave Roever.

Public invited to see film

"Scars That Heal," a film about Dave Roever, the young soldier in Vietnam who had 40 percent of his skin burned off by a grenade explosion and who went blind in his right eye and deaf in his right ear, will be shown Sunday at the First Baptist Church in Haskell.

The Rev. Jim Turner, pastor, said the film will begin at 6 p.m. and he and the church invite the public to attend.

Roever's amazing testimony about not only his physical recovery, but his emotional and spiritual healing is one of the most dramatic you may ever see or hear.

Through the faithfulness of God and the loving support of his wife, Brenda, he experienced a restoration so complete that his message has been heard around the world--a message that can bring healing for the deep emotional, mental and spiritual scars tormenting today's generation.

"Scars That Heal" shares this unforgettable true story through Roever's own words. While on the outside he remains scarred from the grenade, he says, "My soul is not scarred. My spirit is not patched together. I'm proud of my scars and stripes. Maybe my life hasn't been easy but these scars tell a story."

"Scars That Heal" is a documentary-style film from World Wide Pictures, the motion picture ministry of the Billy Graham Evangelistic Association.

Lodge to present 50-year pins

Eleven 50-year members will be honored Sunday by Hermann Sons of Texas, Haskell Lodge 241.

Special representatives from the grand lodge in San Antonio will attend the lodge's monthly meeting at Irby Hall to present 50-year pins to the honorees.

The Haskell lodge will be the first lodge in Texas to have 50-year members presented at one time.

The lodge will open at 2 p.m. and the business meeting will begin at 3:30. At the conclusion of the business meeting, the 50-year members will be introduced and the presentations will be made by grand lodge officers.

Stenholm to visit Tuesday

Congressman Charles Stenholm will be in Haskell next Tuesday, July 5, for a town hall meeting at the Haskell National Bank community room.

The meeting will begin at 3 p.m. and the public is invited to attend.

Early deadline for ads next week

Display advertising for next week's issue of The Free Press will be 5 p.m. this Friday.

The earlier advertising deadline is due to the 4th of July holiday.

Zoning OK clears way for apartments

The City Council Monday approved a zoning change for the 900 block of South 6th Street East which paves the way for the construction of an apartment complex.

Haskell Manor, headed by Charles Schreeder of Atlanta, Ga.,

Hilee Mulligan

Hilee Mulligan places high in state contest

Approximately 350 contestants twirled and strutted in the Texas State Championships held by the National Baton Twirling Association June 17-19 at the Lubbock Memorial Civic Center.

Winners at the state level are eligible to move on to the national level competition to be held at the University of Notre Dame in South Bend, Ind.

Hilee Mulligan, daughter of Lynn and David Dodson of Haskell and David Mulligan of Houston, placed second in the Miss Texas Model Pageant, first in best costume, first in best appearing, all in the age 11 division.

In the twirling and strut competitions, Hilee placed first in solo (beginner age 11 division), second in presentation (11 division), third in X-strut (novice 11 division), and fourth in the military strut (beginner age 11 division).

Hilee was also awarded overall third place in the beginner solo age 10-12 division and placed 10th in the Miss Majorette of Texas Pageant (beginner age 10-12 division).

Hilee is under the instruction of Rozalyn Love of Abilene.

had requested the change in zoning, from agricultural to general.

Haskell Manor, which some time ago had proposed to build the apartments near the nursing homes in west Haskell, now proposes to erect 24 one-bedroom apartments in a six-unit complex.

The apartments will be rented to senior citizens and occupancy will be restricted to single people and married couples only. Occupants must be at least 62 1/2 years old.

Schreeder owns similar apartment complexes in other West Texas cities, including Littlefield, Idalou, Post and Breckenridge.

The firm's decision to change the location for the proposed complex was due to its inability to obtain the property it had first sought.

Action on the zoning change came during the regular meeting of the City Council. In other action, the council:

--Approved the by-laws for the Economic Development Corporation, which will administer the funds generated by the newly enacted half-cent sales tax for economic development.

--Appointed the directors for the Economic Development Board. Bobby Hobgood and Bill Stewart were named to three-year terms on the board, Randy Hise and David Strickland to two-year terms and Greg Melton to a one-year tenure. It was noted that the mayor and city administrator will attend board meetings.

--Voted to participate with the county and the country club in funding a cold mix cover on the road to the country club. Each will appropriate \$5,000 for the project.

--Presented plaques in appreciation for civic services to past mayor Pat Henry and council woman Kim Nemir, who did not seek re-election in the May election.

--Voted to advertise for bids for the seal coating of approximately 30 blocks of city streets.

Mercury hits 115

If you thought it was hot in Haskell this week, you had good reason.

The 115-degree high temperature Monday afternoon was one of the highest ever recorded here. Still, it was a few degrees below what many home thermometers registered. The 115 degrees was the official high, as recorded at KVRP.

The Free Press was unable to determine the all-time high for Haskell. If Monday's reading was not a record, few would dispute that it came close.

Monday's reading was just 5 degrees below the highest temperature ever recorded in Texas. The record 120-degree high was recorded in Seymour on Aug. 12, 1936.

'Basement find' gives history of Haskell

Gayle (Spain) Maxson of Denton sent the following item to The Free Press this week. She said she found the two-page "History of Haskell" while cleaning out the basement at her mother's (Gerry Spain) home. It was dated Sept. 4, 1930.

Mrs. Maxson said the article gives a very positive outlook on Haskell. "You might want to share this with your readers," she wrote.

And we do:
History of Haskell
During the early history of this part of the country, before a white man had ever seen this vast west

and claimed it as his own, some Indians had come here and picked out Haskell as the best place for a settlement in the whole west because of a beautiful crystal spring which they knew was everlasting.

One year a great storm swept over the country and killed several Indians and tore up a few tents. The Indians were so superstitious that they thought the evil spirit was among them and they moved to another part of the country and called this Cyclone Flats. We know these facts to be true because near where the springs were, you could find relics of the past such as arrow

Coming soon

"The Last Desperados" will stage some Old West gunfights in Haskell July 9 during the next downtown promotion by the Haskell Business Association. They are, from left, Boyd Paulson, Allen Ward, Carl Young, Ken Westerfield and Kevin Greenawalt.

Haskell Business Association planning more promotions

By Ed Walling
The Haskell Business Association is planning many events and promotions for the coming months to keep "Haskell

Alive."
The July promotion on the 9th is featuring "The Last Desperados" which is a group of professionals who stage "old West" gunfights

throughout Texas. Their presentations are dramatic, exciting and informative. Each performance is tailored to the specific requirements of the client.

Other special deeds of the Last Desperados are train robberies, bank holdups and jail breaks. Safety is emphasized throughout the program. The black powder pistols used are hand loaded, and safety checked. They can be used indoors or out, and are loaded accordingly. No live ammunition is used or allowed at the performance site.

Sponsors of the Last Desperados are Sport About, Hassen's, KVRP Radio, The Carousel, Heads or Tails Western Wear, Holden-McCauley Funeral Home, Brian Burgess State Farm Insurance, Lane-Felker, Richardson's Case/IH True Value, Barbara's, The Drug Store, First National Bank, Haskell National Bank and Country Daizie.

A Little Britches Rodeo is planned for 10 a.m. through noon. Some activities will be roping, barrel races, cow chip throw and cow calling. (Call 864-3845 for information.)

Coming up for the August promotion will be the "Sons of the Confederate Army" on Saturday, the 6th, coordinated by David Pilgram from Roby. They will bring Civil War memorabilia such as rifles, etc. and will set up tents to display the life and times of the mid 1800s.

The Haskell Business Association would like to thank each and everyone for his or her participation for attending these activities each month.

There were many people on the square June 18 that told us that they enjoyed coming to Haskell because we were friendly and progressive. So you can see that people do notice what we as a town and community can do when we all work together to make Haskell Alive.

Hospital Auxiliary officers installed

Officers of the newly organized Haskell County Hospital Auxiliary were installed June 20 when members met at the First National Bank.

Bobbie Olson, president of the Stamford Hospital Auxiliary, performed the installation ceremony.

Installed were Jenny Collins, president; Mozelle Fletcher, vice president; Abigail Salinas, secretary; Ruby Martin, treasurer; and Doris Butler, historian.

The auxiliary announced the

opening of a thrift store in the building south of Boggs & Johnson Furniture on the east side of the square. The store will offer used clothing and household goods to the public with proceeds going to assist the organization in its activities with the hospital and nursing homes. It will be open three days a week.

Mrs. Collins said donations to the store will be appreciated. Those unable to bring them to the store may call Mrs. Collins at 864-2271.

Harmon Cable to add Trinity

Harmon Cable announced this week that Trinity Broadcasting Network (TBN) will be added on channel 33, effective July 4.

TBN is America's most viewed religious network and features 24 hours of faith and inspirational programming. The network features several different denominations.

"We are pleased to add TBN to our lineup," said Gus Cagle, Harmon Cable's general manager. "We try to bring programming that people want, and TBN is

consistently asked for."

The channel features a wide variety of program formats, including children, worship, talk, news, sports, music, variety specials and more. Original programming includes Praise the Lord, hosted by Paul and Jan Crouch; Date with Dale, with Dale Evans; Back on Course with Gavin and Patti MacLeod; The Word, with Efreem Zimbalist Jr., and a talk show featuring Meadowlark Lemon.

heads and many other different articles.

A few years later, a drought struck this country and the people having great need for watering places and this place being the best, they would come from hundreds of miles around to water cattle. During this drought, twenty thousand head of cattle would water here daily.

The country soon became valuable to the white man, and in just about one year, fifty families came here, mostly from the east and north. The people had to haul lumber from Abilene to build their homes. The town's name was

changed to Rice Springs and when they found the need of a post office, they got Mrs. Standifer to keep it.

A few years later, a one room store was built by Mr. Harvey which contained a drug store, grocery store and post office. It stood where Grissoms store stands now.

About this time, it was changed again from Rice Springs to Haskell, in the honor of Charles Haskell, a young Tennessean and one who rendered a great part in the War of Independence of Texas.

The agriculture industry was started in the same year by a man

who planted a little patch of watermelons and corn. After this, this country was found out to be a great agriculture district and farmers began to come here.

The land was being fenced up, and they had trouble with the ranchmen who cut the wires, and as fast as they would rebuild them, they could cut them again. The ranchmen began to sell their cattle and take up farming.

The product that the farmers raised mostly was white maize, what we call federeta and a little later a man passed through here

Class of 1944

Attending the 50th anniversary reunion of the Haskell graduating class of 1944 in Abilene last month were, front row from left, Ollen Andress Elmore, Janet Turner Owens, Marigene Sellers Milch, Carolyn Williams Pippin, Nance Collins Perrin, Janice Pace O'Neal; back row, E. A. Howard, Royce Adkins, Lonnie Roy Davis, Joe Bob King, Raymon Mobley, Crawford Holloway, Raymond Schwartz, V. A. Brown, Herman McCurry, Cecil Gholson and Bob Dulaney. Also attending were Pat Speer, Dorothy Post Sanderson and Dorothy Morris Harris.

Haskell teachers attend workshop

Three teachers from Haskell participated in an electrical workshop sponsored by West Texas Utilities June 23.

Caron Yates, Sherry Adams and Susan LeFevre attended the Electrical Circuits and Motor Theory 1994 Teacher Workshop.

More than 50 fourth-through-eighth-grade science teachers from the Big Country area received hands-on training in areas such as electrical circuits, electric motors and electrical safety in Abilene.

"Many of these teachers want more resources and information to use in their classrooms," said Kit Horne, farm and ranch community relations consultant of WTU.

"We try to give the science teachers something they can't get

from textbooks," said Horne, who has been coordinating science workshops for area educators for more than 10 years.

Once a year, WTU sponsors workshops aimed at different teachers, such as science or agriculture teachers. By participating in these workshops, teachers may obtain credit from their school systems.

WTU, headquartered in Abilene, serves 180,000 customers in 52 Texas counties stretching from the Red River to the Rio Grande.

Human hair, if left uncut, will usually grow to a maximum of two to three feet.

with a wagon of cottonseed, of which a cow destroyed most of it. The next spring, the land was plowed and the cotton came up, but the people did not know what it was. A little while afterwards, an inspector came along and told them what it was. After this, cotton became the leading product and the first bale was ginned at Abilene but when returned, it was placed in the front of the drug store for all the people to see it.

Until this time, freight had been carried on from Abilene but a railroad was built from Waco to Albany which became the chief market for this town. The mail was carried on a mule and every few miles they would change mules so the mail would get to Haskell quicker.

Haskell was incorporated in 1884 and a wooden court house was built. The building is still standing, which is known as the Haskell Hotel. Soon afterwards, a saloon was built and after the county was organized, county officers were elected. Tucker was county judge, his son was county sheriff and Mr. Standifer was county surveyor.

Haskell had never imposed high taxes, but yet in 1892, fifty thousand dollars were appropriated for a new rock court house.

In 1888, the Methodist Church was organized by Rev. Wiseman, having a membership of 77, and in the same year the Baptist Church was organized by Rev. H. H. Blair, having a membership of nineteen. The Presbyterian Church was organized by Rev. Bickly, but during the drought it was disbanded and reorganized. The Christian Church was organized by a band of elders having eleven members.

During the Spanish war there were six men who went from this town, and in 1900, a celebration was held for the prosperity of Haskell. Between 1900 and 1908, the wooden buildings were replaced with brick buildings, and in 1907 a railroad was built giving a bonus of five thousand dollars. While the town was building a Methodist church two new school houses were built. In 1916 a new Baptist church was built.

Our country played a great part in the present war, and the Junior Red Cross did some of the greatest work done in the Red Cross department.

Haskell has good prospects for being a large town surrounded by oil wells, although if she does not get oil here, she is in a good agriculture district and has good prospects for an abundance of good crops.

I am indebted to these for information: Mr. F. M. Morton, Mr. R. E. Sherrill.

Mrs. Jonathan Smith

Amanda Gulley weds Jonathan Smith

Amanda Elaine Gulley and Jonathan Mark Smith were united in marriage on Saturday, June 25, at the First Baptist Church in Munday. The sanctuary was enhanced with rose centered pew bows on each pew. Boston ferns filled the windows and banked the candle lighted altar. An arrangement of fresh flowers was centered underneath the lighted cross.

The bride's parents are Mr. and Mrs. Lynn Brueggeman of Haskell and Mr. and Mrs. Danny Gulley of Munday. She was given away by her father and mother. Her grandparents are Mrs. B. R. Winchester and the late Mr. Winchester and Mrs. Thurman Gulley and the late Mr. Gulley.

The groom is the son of Mr. and Mrs. Gordon Smith of Munday. His grandparents are Mrs. Erwin Booe and the late Mr. Booe of Oklahoma City, and Mrs. Douglas Smith and the late Mr. Smith.

Bro. Ray Hunter, minister of the Church of Christ in Caddo Mills, officiated the double-ring ceremony. The bride was beautifully attired

in a formal gown of white satin, featuring a wedding band neckline and dramatic leg-o-mutton sleeves. The beaded bodice was highlighted by an exquisite beaded Schiffler lace pattern which extended to the back of the gown creating an open heart pattern. From an elegant pearl-sprinkled bow swept a magnificent semi-cathedral train displaying matching beaded appliques which gracefully encircled the hemline of the gown.

The waist-length veil featured a beaded crown of pearls. She carried a bouquet of fire and ice and white roses accented with star gazer lilies, English ivy, Queen Anne's lace, lily of the valley, and pearl studded stephanotis.

In keeping with tradition, the bride borrowed her maternal grandmother's wedding pearls, wore an heirloom diamond ring, a new wedding dress, the lace garter trimmed in blue, and a six pence in her right shoe.

The groom wore a full dress long-tailed white tuxedo by Robert Wagoner. The tuxedo featured a

white cummerbund and white bow tie. The boutonniere was a fire and ice rose from the bride's bouquet accented with lily of the valley.

Mrs. Rhonda Smith was the matron of honor and Steven Smith, brother of the groom, served as best man. Bridesmaids were Natonia Anderson of Haskell and Melissa Berryhill of Munday. The groomsmen were Gary Kuehler and Chris Key of Munday. Mike Bunton and Joe Bunton were ushers and candlelighters for the wedding.

The matron of honor and bridesmaid's high-low tea-length dresses featured a pearl outlined scalloped neckline and tulip sleeves. Groomsmen and ushers wore silver shadow drake tuxedos accented with mauve cummerbund and bow ties.

Miss Becky Ratliff and Mrs. Janice Dutton provided special music and Bro. Ray Hunter and Lyndle Reeves were soloists. Instrumental selections included O Perfect Love, Air, Through the Eyes of Love, Jesu, Joy of Man's Desiring, Cannon in D, Trumpet Voluntary, Bridal Chorus and the Wedding March. To You Sweetheart, written by Mary Hickman for her son's wedding, was sung by Ray Hunter and The Lord's Prayer was vocalized by Lyndle Reeves.

Ms. Sherry Booe, aunt of the groom, registered the guests in the bride's book.

The bride's sisters, Cassandra Gulley, Elizabeth Gulley and Malinda Brueggeman, gave out satin roses filled with bird seed. Her brother, Joseph Gulley, distributed bags of rice to throw on the couple as they departed in a chauffeur-driven limousine for a wedding trip to Oklahoma City.

The groom's parents were hosts for a rehearsal dinner in the Patton Community Center on Friday night. The center was decorated with lattice draped panels centered with an ivy entwined heart featuring a picture of Jonathan and Amanda. Fresh flowers and A Precious Moments Bride and Groom decorated the tables for the 35 guests.

The bride's family hosted a luncheon and reception in the church fellowship hall following the ceremony. The bride's table featured a three-tiered white fountain cake decorated with fresh flowers and topped with crystal swans. An ornate staircase descended to a satellite, double tiered Italian cream cake. The couple cut the cake and drank punch from crystal glasses. Mrs. Amy Crabtree and Mrs. Lynn Finley served cake, punch and mints from silver and crystal appointments.

On the groom's table, sour cream chocolate cake and coffee were served from a silver coffee service. The table was decorated with a silver epergne featuring cascading sugar coated grapes. A

replica of the University of Oklahoma horse-drawn prairie "sooner" wagon with a miniature bride and groom completed the table setting. Mr. and Mrs. Smith cut the cake and made a toast from stemmed glasses featuring the university logo. Miss Tanya Kuehler and Mrs. Cheryl Houtchens served cake, coffee and fruit from the groom's table.

Tables were placed around a flower decked gazebo to provide additional seating for guests.

Hostesses assisting with the wedding luncheon and reception were Mrs. Frances Parker, Mrs. Amy Crabtree, Mrs. Sammie Kingston, Mrs. Linda Bunton, Mrs. Joan Hutchinson, Mrs. Ernestine Dickerson, Mrs. Shirley Gass, Mrs. Brenda Shawver, Mrs. Joy Ball, Mrs. Leona Partridge, Mrs. Linda Reddell, Mrs. Becky Offutt and Mrs. Kathleen Diggs.

In the weeks prior to the wedding a bridesmaids' luncheon was given in the home of Mrs. Doris Dickerson. A bridal shower was held in the home of Mr. and Mrs. Doug Parker. Mr. and Mrs. Steven Smith and Mr. Gary Kuehler gave a dinner party for friends and couples in the wedding party.

The bride and groom are graduates of Munday High School. Jonathan is a student at the University of Oklahoma. They will live in Norman, Okla., where he will attend the university this fall.

Recognized

Jo Nored Lane, right, was presented a 30-year service award from FmHA district director Phillip C. Madeley, left. Shown with her are Lary Waskom and Donald Perry. The four composed the Haskell County FmHA office staff from 1965 to 1967.

FmHA recognizes 30-year employee

Jo Nored Lane, county program technician with the Haskell County Farmers Home Administration office has received a 30-year service award from Philip C. Madeley of Abilene, FmHA district director.

Present for the presentation were the three other persons who comprised the Haskell County office staff from 1965 to 1967: Lary Waskom, Donald Perry and Madeley.

Mrs. Lane began her career with FmHA in Haskell in 1963. She transferred to the Abilene office in 1966. After a short break in her career, she returned to FmHA in Spur in 1968 where she worked until 1988 when she returned to Haskell.

She is married to B. K. Lane and is the daughter of Durene Boone and the late Nored Boone.

Ms. Waskom began working for the Farm Security Administration in 1938. Except for a period (1940-42) when she worked in Spur, she worked in Haskell her entire career. She retired in 1970.

Perry began his career as assistant county supervisor in Abilene in 1954. He worked in Roby, Stanton and Aspermont before becoming county supervisor in Haskell in 1961. He remained here until 1971 and then served as district director in Amarillo and Lubbock before retiring in 1986.

Madeley started his career with FmHA as assistant county supervisor in Haskell in 1965. He worked in Childress, Dalhart, Cameron and Amarillo before moving to Abilene as district director in 1991.

--Library Notes--

By Joan Strickland

A little reminder that the summer reading and read-to-me program is underway at the library.

Last Wednesday morning, we had 38 little ones, and eight adults came to story time to hear Paige Hagadone read. This week, Kerri Terrell will be reading. Story time is Wednesday morning, 10:30-11. We will have story time each Wednesday morning until July 27 when Tamiaka Ware will read and we will present reading certificates and have punch and cookies.

I'm working on getting some fans in the children's room for this week. It was a little warm last week. Sorry about that.

The library has received a \$100 donation in memory of Caleb Frierson for the purchase of children's books. We also received \$72.07 from the Children's Vacation Bible School that included the Methodist, Christian and Lutheran churches. This money will also be used for the purchase of children's books.

I would like to thank everyone who donates to our library. Our memorial fund is a wonderful way to express your love for an

individual that lasts a very long time. Also we have had a number of books donated to honor friends, birthdays and anniversaries.

If you have past due books, please return them. It seems everyone is reading this summer. Our average daily checkout has been between 85-100 books a day.

The farmers have found our audio section. In this age of automation you can now put in a cassette and listen to the book "read to you" as you break that ground and plow that cotton.

We've had lots of travelers visit our genealogy section this summer. I have met more people and renewed old acquaintances also.

Eugene Mullins has donated a copy of the newly published book *Dog Bark* to our library. If you would like to read Gene's book you can find it here. He assures me he will also get copies of the following books as they are released: *Bear Claw* and *Kill the Man Again*.

Other donations to our memorial fund: Virginia Henshaw, Dollie Bewley, Nored Boon, Eunice Mann, Ella Howard and Hubert Thornhill.

See you at the library.

Is longer school year better?

When it comes to better education, a longer school year is part of the answer.

This is the conclusion of "Prisoners of Time," the recent report from the National Education Commission on Time and Learning.

After two years of fact finding from around the country and the world, this presidential commission echoes a recommendation that's been debated for years: education needs a longer school year.

The report substantiates its recommendation with numerous examples, some of which already are outdated.

One example showcased a year-round school in Albuquerque, N.M. According to the report, "The year-round education program seems to be working well in Albuquerque." Apparently, Albuquerque disagreed. Just four months after the commission's public hearing in Albuquerque, the parents and staff of the school voted to go off the year-round schedule.

There are many questions that arise from this recommendation: How long should the school year be? How much will a longer school year cost? Where will the additional money come from?

Many educators suggest there are more effective reforms for higher academic achievement. The warning is: Improve the quality of education before you increase the quantity. Gary Watts, former director of the National Education Association's Center for Innovation, cautions that restructuring is more important to produce quality education than adding more time.

Businesses also have researched comprehensive educational reform. The International Association of Amusement Parks and Attractions (IAAPA) has studied year-round schools and the longer school year for the past three years. It concludes that adding days to the school year is a costly proposal that does not justify the minimal benefits in education improvements.

"Our research shows that adding days to the school year has an exorbitant price tag, money that most schools don't have," says John Graff, IAAPA executive director.

Some public opinion polls show that a longer school year is not the best way to improve the education system. A 1991 Virginia Board of Education poll shows 77 percent of parents with school-age children oppose a longer school year. And North Carolina's Department of Public Instruction reports that 75 percent of those polled oppose a longer school year.

For information about year-round schools and the longer school year, write to Time to Learn, P.O. Box 12525, Charlotte, NC 28220 or call 704-525-7151.

71st Infantry plans reunion

A reunion of the 71st Infantry Division will be held Oct. 6-9 in San Antonio.

Details are available by writing to: 71st Division Association, P.O. Box 462, Flossmoor, IL 60422-0462.

Fifty years ago, during World War II, the 71st Light Infantry Division (with mules) became the 71st Infantry Division (without mules) and was moved to Fort Benning, Ga., for training before being sent to Europe.

Resistance to penicillin is increasing

No longer are penicillin and other antibiotics a sure cure for a variety of illnesses caused by the common bacteria pneumococcus.

Resistance to antibiotics is increasing in many areas of the world, says Dr. Sheldon L. Kaplan of Baylor College of Medicine in Houston.

"We don't know why this is happening, but it is affecting how we treat disease," Kaplan said.

Certain areas of Europe and South Africa have seen antibiotic resistance in up to 70 percent of the time in some cases, Kaplan said.

Street scenes June 18 events

BY WENDELL FAUGHT

"We don't need them and someone else does."

It's the theme of a clothing drive being conducted by North American nudist clubs. They expect to collect 10 tons of used clothing which will be donated to shelters.

And in case you're interested, you can leave your clothes at the Live Oak Ranch Family Nudist Resort in Washington, Texas, between July 4 and July 10 during National Nude Recreation Week.

"Take a nude helicopter ride."

"Go skinny dipping in the fresh country air."

"Get a tan with no tan lines."

"And bring the family."

Those are the first four sentences in a press release announcing the event.

"Visitors are never asked to remove their clothes until they become comfortable being nude in an open-air, social situation. Most first-timers report this takes about five minutes," the release continues.

The temperature reached 101 degrees Saturday in Santa Fe, the first time it had ever been more than 99 in the historic New Mexico capital.

And I was there, attempting to get away from the heat for a few days in the 6,000-foot-plus elevation.

Incidentally, Santa Fe was founded in 1540, some 67 years before Jamestown, and 80 years before the Pilgrims arrived at Plymouth Rock.

A sign in an Abilene donut shop announces: "We reserve the right to refuse service to anyone."

Years ago, such a sign was common, but no more.

A business can no longer reserve the right to refuse service to someone, because it doesn't have any right to reserve.

It doesn't even have the right to limit the quality of its service. Denny's Restaurants recently paid \$46 million to settle a dispute over one of its restaurants giving "bad service" to a group of clients.

The Pony Express would have qualified for a Truth in Advertising award if there had been such an award in 1860.

A San Francisco newspaper in 1860 carried this ad: "Wanted! Young, skinny, wiry fellows over 18. Must be expert riders willing to risk death daily. Orphans preferred."

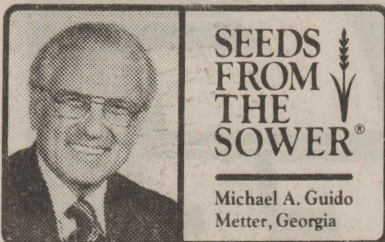

Anson to host softball tourney

A men's double-elimination softball tournament will be played July 8-9 at Liberty Field in Anson, sponsored by the Avoca Baptist Church.

Entry fee is \$110 per team. T-shirts will be awarded to first- and second-place team members.

For more information, call Joel Rister at 915-773-3427.

Postal Service issues warning

The Postal Inspection Service is warning consumers not to fall prey to a nationwide mail order scam that is encouraging the underpayment of first-class postage.

Promoters of the scam are selling an information package at a cost ranging from \$5 to \$100 that describes how to mail first-class letters for 2 cents. The scheme is designed to bilk the postal customers of their money using inaccurate and out-of-date information.

The information packages cite Title 39, U.S. Code, Section 4253, as a legal basis for the 2-cent rate. This section was eliminated in

1970 under the Postal Reorganization Act.

Postal employees have been alerted to the scam and are being instructed to check first-class mail for appropriate postage. Any mail carrying less than the current first-class rate will be delivered with a charge for the amount due as required by postal regulations.

The penalty for mail fraud is a fine of not more than \$250,000 or imprisonment for not more than five years, or both. Postal customers who receive this package are asked to forward all the material to their local postmaster.

--Social Security--

By M. Glyn Hammons
District Manager

If you're receiving Social Security benefits because you're a widow (or widower), you may be eligible for a higher benefit when you reach 65.

This could be possible if you have been employed and, therefore, are entitled to benefits based on your own work record. Ordinarily, you cannot change from a reduced benefit to a full benefit, but that does not apply if you're a widow or widower.

As a widow(er) who is entitled to retirement benefits on your own earnings, you can take reduced benefits at age 62 and receive a full widow's benefit at 65. Or you can take your widow's benefit at age 62 and get your full retirement payment at 65.

Here's an example of how this works:

Rebecca Litchfield, a widow, visited her Social Security office just before her 62nd birthday and learned she had some choices to make.

Her full (age 65) widow's benefit would be \$800, but she could take a reduced widow's benefit of about \$660 at age 62. Because she had worked, she also was due a full (age 65) retirement benefit of \$600 with a reduced benefit of \$480 payable at age 62. These are her choices:

(1) She could take a reduced widow's benefit of \$660 at age 62. That would remain her benefit forever (except for annual cost-of-living increases); or (2) she could take the smaller retirement benefit of \$480 at 62 and switch to her full widow's rate (\$800) at 65.

Rebecca has to ask herself these questions: Can I live on the smaller income (\$480) for three years in anticipation of the higher benefit (\$800) at 65? Or would I rather get something in between (\$660) right away with no option of switching later to a higher benefit?

Rebecca can get some help in making her decision by talking with a Social Security representative, who will further explain her options.

He was preceded in death by six brothers and two sisters.

Methodist pastor to serve again

The Rev. Sidney Parsley was re-assigned pastor of the First United Methodist Churches of Haskell and Paint Creek at the 85th session of the Northwest Texas Annual Conference in Midland this month.

Focused on the commission to make disciples, Parsley said he believes evangelism is the greatest task to which the church should address itself as the new century approaches. In the coming year, he said the church will build on its strengths. He said he desires to bring people into a right relationship with Jesus Christ.

Parsley, a pastor for 21 years, previous served churches in Quitaque, Flomot, Lorenzo, Hamlin, Crowell-Truscott, Olton and Plainview. He graduated from Wayland Baptist University and Perkins School of Theology.

The pastor and his wife, Kathleen, have a daughter, Debra Goss of Littlefield, and three sons, Shane of Rowlett, Dane of Canyon and Kirk of Crowell. They also have 10 grandchildren.

Students attend citizenship seminar

Jonathan Lefevre, Jennifer Burson and Casey Thompson attended the Texas Farm Bureau's 32nd annual Citizenship Seminar June 13-17 in San Angelo.

Sponsored by the Haskell County Farm Bureau, they were among approximately 400 high school junior and senior students from more than 150 Texas counties.

The seminar provides students with a better understanding of their American heritage and the capitalistic free enterprise system, said Robert Ace Turner of Rule, president of the Haskell County Farm Bureau.

Speakers and their subjects included:

Jack Jackson of Fort Worth, president of Jack Jackson and Associates, "Free Enterprise Principles/Projects"; Jolene Brown of West Branch, Iowa, "Stand Up! Step Out! Lead!"; Michael Broome of Charlotte, N.C., a motivational speaker, "You and America--Two Great Champions"; Dr. Ronald Trowbridge of Hillsdale (Mich)

College, "Constitutional Government;" and Bob Stallman of Columbus, president of the Texas Farm Bureau, who welcomed the students to the seminar.

Special presentations were made by Curtis Childers, president of the National FFA, and Brooke Leslie, Texas A&M University Student Body president.

Rueffer family has visitors

Verlene Whiteley spent last week with her mother, Meta Rueffer, and brother, Carl Rueffer.

Also visiting were Mrs. Rueffer's granddaughter, Emilie Hughes, and son, Kody, all from Alvin.

Other recent visitors in the Rueffer home were daughter, Erna Quiram and husband, Helmut, granddaughter Karla and husband John Brower and girls Karlissa and Krista Brower, all of Duncanville.

At seminar

Representing Haskell County at the 32nd annual Citizenship Seminar in San Angelo June 13-17 were Casey Thompson, left, Jennifer Burson and Jonathan Lefevre.

Summer heat requires extra fluid intake

Summer heat combined with physical activity can sap the body of as much as two quarts of fluid in one hour and can cause dehydration.

"The solution, as obvious as it sounds, is to drink plenty of water," said Dr. Jim Pivarnik, an exercise physiologist at Baylor College of Medicine in Houston.

Not drinking enough fluids can affect exercise performance and lead to heat illness.

Signs of water depletion include extreme thirst and dry lips and tongue. In severe cases, there can be an increase in heart rate and breathing, dizziness, confusion and coma. The skin may appear dry and non-elastic while the sufferer may feel lethargic and have headaches and cramps. A simple sign of possible dehydration is darker yellow urine.

Mr. and Mrs. J. B. Stearns

Norton, Stearns wed in New Mexico

Northminster Presbyterian Church in Las Cruces, N.M., was the setting for the marriage ceremony for Erin Elaine Norton and J. B. Stearns. The ceremony was conducted April 16.

Parents of the couple are Phil and Pam Norton of Socorro, N.M., and Bob and Sue Stearns of Nogal, N.M.

The double-ring ceremony was conducted by Fred Davis, pastor at Northminster Presbyterian Church where the couple have their

membership. Pianist was Lela Fields of Las Cruces. Lis Lam of Socorro was soloist.

Best man was Steve Stearns of Las Cruces, the groom's brother, and the maid of honor was the bride's sister, Whitney Norton of Albuquerque. Bridesmaids were Lisa Lam, Ashley Havens of Mesquite, Texas (cousin of the bride), Annette Gomez of Silver City, N.M., and Emily Whorton of Amarillo, the bride's cousin.

Groomsmen were Gene Mounyo

of Socorro, Donald Monette of Las Cruces, Rob Frassanito of Phoenix, Arizona, and Kevin Davis of Las Cruces. Candlelighter and usher was Cody McGuire of Carlsbad, N.M.

Also serving as usher was Shawn Calloway of Silver City. The groom's sister-in-law, Jeanne Stearns of Las Cruces, registered guests. Flower girl was Tristan Fowler and ring bearer was Buddy Fowler, both of Las Cruces and children of Debbie Fowler.

The bride wore a long formal white satin gown, accented with intricate beading and lacework. The sleeves were puffed off the shoulder accented with pearls. She wore a halo poufed veil and had lace gloves. The gown was by Alfred Angelo. She carried a small satin Bible given to her mother by her father on their wedding day.

Her bouquet was pale peach roses, white tulips, purple and white statice, with English ivy intertwined and trailing.

The bridesmaids wore sea green ankle length gored skirts tied with peach print sashes. They wore white princess blouses with flowing ruffles at the neckline and full sleeves with wrist ruffles. They carried two dozen peach tulips bundled in Battenburg lace dollies, tied with green and peach ribbons and accented with ribbons of tiny white silk roses and white lace.

The mothers of the bride and groom were attired in coordinating teal, green and peach. The flower girl wore a complimentary peach dress with lace accents.

The groom and groomsmen, fathers of the bride and groom, ushers, ring bearer Jacob, were all dressed in charcoal gray tuxedos. They wore white rose and peach boutonnieres.

The wedding was attended by the bride's grandparents, Pauline Couch of Haskell and Mr. and Mrs. Wilford Ham of Bentonville, Ark.; and by the groom's grandparents, Mr. and Mrs. Johnson Stearns of Carrizozo, N.M.; and numerous family members and friends including Wilbert and Dwanna Klose of Haskell.

The church was decorated with drapes of white tulle intertwined with English ivy and accented with peach-colored tea rose bouquets. The altar was semi-circled by five large silk ficus trees decorated with tiny white lights and large white bows. There were two nine-light candleabras decorated with peach roses and greenery.

The couple and their parents invited the guests to a reception

dinner and dance after the ceremony which was held at the Picacho Hills Country Club just west of Las Cruces. The country club overlooks the golf course and has an exceptional view of Las Cruces' lights as well as the Organ Mountains.

Erin and J. B. took a two-week honeymoon trip to Reno/Lake Tahoe, Yosemite National Park, and bicycled through some of the beautiful country around Sonoma, Calif. They returned to their home in Las Cruces.

The bride is a 1993 graduate of New Mexico State University with a bachelor of science degree in Hospitality and Tourism. She is employed as office manager by Desert Sound of Las Cruces.

The groom also is a graduate of New Mexico State University, getting his bachelor of science degree in Ag Business in 1986. He is owner of Blue Ribbon Builders, a construction company in Las Cruces.

Carruth reunion attracts 160

The Carruths had a very successful reunion June 18-19, starting with a tasty fish fry Saturday at the Birds' residence. Around 135 friends and family members attended.

This was followed with a luncheon and auction Sunday at the Civic Center. Around 160 people from four states gathered for lots of fun and food.

Special recognition was given to Duke and Frances Hutchinson for 50 years of wonderful marriage, as well as to Wallace and Margaret Bird for celebrating 40 years.

The family of Ella Howard would like to thank our dear friends and relatives for all their expressions of sympathy following the loss of our beloved wife, mother, grandmother, and great grandmother. A special thanks to Pastor David Paige, Jimmy and Melyn Wittenborn, Nelda Lane, and Marc and Melisa Robison for the beautiful service and to all of the East Side Baptist Church members who helped furnish or serve the noon meal.

We appreciate the many acts of kindness the Ruth Sunday School Class did for Ella and our families. All the prayers, cards, phone calls, and visits were greatly appreciated by Ella and the family during her stay in the hospital. A special thanks also to Dr. Bill McSmith for his care and concern for her.

To all who brought food to our homes, for flowers, words of comfort, memorials, cards, and phone calls please accept our heartfelt appreciation. For friends who came to visit and who gave of their time and themselves Monday morning we can only say thanks. Your presence meant so much to us. May God bless each one of you.

Methodist conference in Midland

The 85th session of Annual Conference of the Northwest Texas Conference of the United Methodist Church met June 6-9 in Midland.

Under the direction of Bishop Alfred L. Norris, 685 people worshipped and sought God's guidance.

During the four-day event, Bishop Norris led 278 clergy members and 306 lay members in the business of the conference.

Each day brought new challenges with discussions on the conference insurance program, health care and support of Africa University.

Focused on the theme "Consecrated Lord to Thee" the conference worshiped each day with Dr. James Moore of Houston inspiring his audience. On Wednesday, he touched those assembled when he asked: "Can you serve with love, anxious to forgive and eager to reconcile?"

On Tuesday, the Vision 2000 Committee challenged the conference to vision its mission. Each person present received sunglasses which reminded the elected members of the charge to "bring the future into focus."

The Wednesday evening ordination and consecration service saw five persons ordained elders and seven ordained deacons.

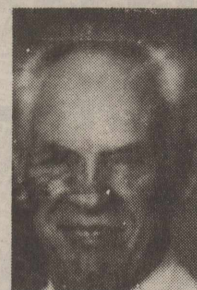

As the conference concluded Thursday, those participating were urged to "go make disciples" throughout the coming year.

Rule dialing procedures change

As of Tuesday of this week, telephone customers in Rule need to dial all seven digits when dialing local calls.

GTE said that continuing changes in the telecommunication industry have required modification of equipment in the Rule switching center.

PHARMACY NEWS

By Elbert Johnson, Registered Pharmacist

Cleaning Safety: Homemakers face a 55% greater cancer risk than women who work outside the home because of cleaning products. Since it is difficult to tell what ingredients are in products, a practical approach to safety is to increase ventilation while cleaning, break down cleaning into smaller segments throughout the week, use rubber gloves and wash hands frequently, dilute products in water whenever possible, and keep tops securely closed when not in use.
