

# Mr. Muleshoe ...

By J. M. FORBES

J. G. Thompson: "I am agin' many things, but if a fellow would propose a 4 or 5 inch rain, I believe I would be for the proposal."

Which is an understatement of the first class. Most of us would crawl from here to Oklahoma Lane for half inch rain. Have never seen so many depressed people as there were Tuesday when the big blow came. Wednesday was one of those nice spring days and helped us to forget.

## ARMED FORCES DAY

May 19 has been chosen as the day to honor all the armed forces of the United States. Under the official slogan "Defenders of Freedom," the theme for Armed Forces Day this year will be twofold. 1. A tribute to the armed forces as an integral and independent part of the total spiritual and material power of America now being mobilized; and 2. a renewal of faith in our country's sacred heritage, the ideals of peace and freedom, to the preservation of which our land-sea-air power is dedicated.

## SEEN AND HEARD:

Ed Johnson of the firm of Johnson, Merrill, Lynch, Pierce, Fenner, Beane & Johnson, Muleshoe branch: "The more I consider human nature, meaning myself, the more respect I have for the monkey. And you can quote me."

Well, the sand was blowing that day, and the visibility was reduced to nothing; we didn't blame him for feeling just slightly less than tip top. For one thing, I guess, the firm hadn't sold any dry hoes for the past day or two.

This writer will go to the polls when the election is called and vote in favor of issuing the \$75,000 in bonds the trustees of Muleshoe district said they need. I have talked to almost all the trustees, believe them to be thoroughly conversant with the situation, and believe them to be men of integrity, who see a real need, else they would not request this issue.

It is a very small amount compared to the \$12 million valuations in this big district. Our schools are being run correctly and much thought is being put in by school officials and trustees or the good of all. And by paying a small amount on these bonds each year and adding most of it to the end of the building bonds, no tax raise will be necessary, in the judgment of the trustees.

## Rhythm Band To Give Program Elementary PTA

Mrs. Radie Boone, a primary teacher and the primary rhythm band will give the program for Elementary Parents and Teachers last meeting of the year, May 14 at 8 p. m. at the senior high school auditorium.

The meeting is called at night to make it possible for the fathers of the children to attend. Supt. C. W. Grandy will declare the officers duly elected and installed. A short review of the year's work will be made by the historian, Mrs. A. W. Copley, and delegates to the 14th Conference at Lockney, Mrs. R. F. Wright, Mrs. John West, Mrs. Sylvan Robison, Mrs. A. W. Copley, Mrs. Dove Coulter, Mrs. Benny Chapman, and Mrs. J. J. DeShazo will tell what was gained by attending the various workshops at the conference. The program will be concluded with a social hour.

## Davis Adds Bull To Hereford Herd

Another fine registered bull has been added to the herd at the Cecil Davis Hereford Ranch south of Muleshoe. Mr. Davis reported this week.

The new bull is Superior 45th, a Domino bloodline animal which Mr. Davis bought last week from the Clyde Gilbert Ranch at Clarendon, Texas. He took the calf at 13 months and paid \$700 for him. The Davis Ranch has an older bull, Dean Prince Domino 32nd and these two will constitute the bull battery at the ranch. Mr. Davis reports there is a rather brisk demand for his registered Hereford heifers. So far this spring the new calves at the Davis place have been equally divided between males and females.

## Muleshoe Bests Olton 37 To 8!

Forty-two tallies were made in a game Sunday between Muleshoe and Olton teams of the Capital Baseball League, played at Olton. Muleshoe had the most scores, 34 to only 8 for Olton. High winds which prevailed that day were responsible for the runaway score. The Muleshoe lads had 12 home runs to their credit, with Jesse Gray and Morris Hicks each garnering 3. Bobby Wallace hurled the first six innings and Alvin White pitched the last inning. The game ended with the seventh inning. Muleshoe will play Springlake again this coming Sunday afternoon at 3 o'clock.

## South Plains Ginners Preparing To Handle Estimated 1,865,000 Bales

Ginners are getting ready for an estimated 1,865,000 bale cotton crop in the South Plains this year. There are plans to spend nearly five million dollars for about 16 complete new gins and new equipment for 12 existing gins. Most cotton men temper their estimates of the South Plains crop—also whether all gins and equipment will be built according to contract—with an "if it rains."

There are few more than 300 gins already on the South Plains. Sixteen new ones are under contract. Several of these are being built. Others will be built as materials are delivered.

Salesmen of gin equipment report that about \$1,900,000 will be spent for new gins.

They say also that the adding of new gin units and fill-in machinery to present gins will be an investment of \$2,995,000.

Eleven new outfits and buildings to house them will be added to present gins. In each case they will about double capacity of the gin. Including buildings, each will cost about as much as a new gin.

Equipment salesmen say more money—\$4,900,000—may be invested in South Plains gins this year than in any other season. They do not expect the heavy cotton year of 1949.

They say many farmers are turning to cotton this year because of a poor wheat crop. The change from wheat to cotton is most marked in the Northwestern part of the South Plains. In this section insects and drought have cut into wheat.

New cottonseed oil milling facilities will be built or added in Lubbock. The Lubbock Cotton Oil Company plans a new oil extracting unit already under construction at the Plains cooperative oil mill in Lubbock is a new solvent plant.

All gins under contract ordered

machinery before supplies shut down. Salesmen say new equipment has been available since the first part of the year. Most of the materials for gin building have been received or ordered.

New gins to be built around the South Plains and their estimated cost, include: W. G. White Gin, Lamesa, \$100,000; Independent Gin Co., Seminole \$125,000; Community Co-op Gin, Loop, Petersburg, \$150,000; Hurlwood Gin Company, Hurlwood, \$150,000; Kendrick Gin Company, Bula, \$150,000; Citizen's Co-op Gin, Shallowater, \$150,000; West Texas Gin Company, Calgary, \$150,000; T. R. Hogan Gin Co., Sunnyside, \$150,000; Wilson Brothers Gin Company, \$120,000 Gin between Petersburg and Plainview; Taco Farmers Gin, Abernathy, \$120,000; Dimmitt Gin Company, Dimmitt, \$100,000; West Plainview cutoff, about \$60,000.

Two other new gins have been planned under contract but may be cancelled. Each would cost about \$120,000.

## OPS Compliance Again Postponed And Lists Now Due At End of May

It was announced Tuesday night that the deadline for firms' compliance with OPS regulations is now set for May 30, has been postponed from April 30. It was the second reprieve granted retail stores and came as a great boon to most of them, whose managers have been striving to finish the tremendous amount of paper work involved in posting price lists.

The announcement came from C. J. Taylor, acting district price executive in the Lubbock district office, which includes Bailey County. The 66-county district reaches south and west to the Rio Grande, El Paso and the New Mexico state line, north to the Oklahoma line and east to the eastern boundaries of Lipscomb, Hemphill, Wheeler, Collingsworth, Childress, Cottle, King, Garza, Borden, Howard, Reagan, Glasscock, Pecos, and Terrell counties.

Here is the way each of these types of establishments is affected: Items under Regulation 7 now include musical instruments, radio and television sets, phonographs and records, housewares, garden tools, light hardware, some paper products, silverware, chinaware, glassware, jewelry, watches, clocks and other items. Wearing apparel, floor coverings, furniture, specialty shop items and certain other merchandise have been under the order since it was first started.

Merchants should send their price lists to the District Office of Price Stabilization, Broadway Building, 1202 Texas Avenue, Lubbock, Texas. Businessmen needing additional information regarding their compliance should direct their inquiries to the district price executive in Lubbock.

## SPONSOR CUB SCOUTING

Elementary Parents and Teachers will sponsor Cub Scouting in Muleshoe, they agreed in their April meeting. The association named the following men to serve in management: L. S. Barron, Ray Morrison, Morris Childers, and J. V. Peeler.

Andrew Jackson gave more political offices to newspapermen than all of the other presidents put together.

IN RECITAL—Miss Nona Wilhite, daughter of Mr. and Mrs. Clarence Wilhite, will be presented in a recital on May 8 by the Wayland College department of fine arts. More information about the recital appears on another page of this week's issue.

## Auto Races Start In May

Stock car races will be held in Muleshoe sometime next month as the race track being built by the Junior Chamber of Commerce is nearing completion.

This track, when completed, will be one of the best in the area. It will be a quarter of a mile long, and the curves on each end will be sloped in order that the racers may make them at high speeds, which should provide plenty of thrills for observers.

Location of the track is one-half mile east of town on the Lubbock highway. The track is being built in an old lake bed and when packed it should be a hard surfaced track with a minimum of skidding.

Several firms in town have approved the construction of the track and are preparing cars to be entered in the races.

## Rotary Club In Round Table

Rotarians discussed everything from the MacArthur-Truman controversy down and up when their program failed to materialize at the Tuesday noon meeting.

The round table began when a Sudan Rotarian, Joe Smith began to seek answers to questions.

Reed Markham, another Sudan Rotarian, dwelt on the theme of optimism. "This, too, shall pass," he quoted in illustration of his thought that Americans must have faith that everything will all be all right, and Plains people must have faith that the dry years will pass.

Ways of increasing club attendance were discussed. Another Sudan Rotarian here for the luncheon was Sid Stone.

Orard Upton will bring the program next week.

## Bond Election Set For Thurs. May 17

### Wildcat Test Is A Dry Hole

Shell Oil Company has officially plugged and abandoned its No. 1 W. S. Nichols, southeast Bailey County wildcat. The hole was bottomed in solid granite at a total depth of 9,051, according to the reports. It had been projected to 9,000 ft.

Location of this well was one and one half miles northeast of Bula in labor 13, league 212 Crosby County school land survey.

Meanwhile leasing is said to be continuing in some parts of the county. A local lease dealer told "The Journal" he estimates about 50 per cent of the land of the county is now under lease.

Agents of the Phillips Petroleum Company were in the county this week and last taking some leases.

The dealer quoted above said he doubts that there will be another oil test made in the county this year. One large exploration company is in the county now, with its headquarters in Muleshoe and is conducting tests in various sections.

## State Meet Is This Week End

AUSTIN, May 2.—Muleshoe and 5,000 teachers, parents, 1,000 competitive teachers, parents and others converged on the University of Texas campus this week end for the Interscholastic League State Meet.

They will compete for statewide honors in the largest meet of its kind in the nation. The state meet climaxes weeks of competition beginning in local schools and extending through district and regional contests. The cream of the crop of more than 250,000 school children compete in Austin for final honors in drama, journalism, debate, slide rule, ready writing, numbers sense, typewriting, tennis, golf, track and field and many other events.

Roald Johnson, mile runner, is the only contestant from the local schools to the state meet. He won 2nd in the mile event at the regional meet.

University of Texas students and faculty have rolled out the welcome carpet for the League visitors. When they're not busy with official competition, the contestants and their friends will have the run of the campus and can attend a dozen special events and visit many points of interest.

Guides and advisors will be on hand at all times to assist them. Swimming, a dance drama, the annual power show, traditional events of Senior Week, University debates and many other events will be open to the visitors.

So will numerous buildings that house rare books collections, the priceless documents of Texas history, radio studios, natural history displays, art exhibits and many other items of special interest.

## OPS Man To Be In Littlefield

Price Specialist Fidel R. Egge of the district OPS office will be in Littlefield Tuesday afternoon, May 8, to assist business men of this area in complying with the federal pricing program, according to the Littlefield Chamber of Commerce.

Mr. Egge is a specialist in the industrial materials and manufacturing goods branch of the Office of Price Stabilization, but he will be able to give information concerning other regulations, particularly the General Ceiling Price Regulation.

"Practically all business men, excepting those specifically removed by 'tailored' regulations, are covered by the general ceiling price regulation," he said.

The OPS plans to have a price specialist in Littlefield every Tuesday afternoon to assist businessmen of this area. Specialists from different branches will rotate in order to cover completely the regulations within the district in the shortest time possible.

All businessmen are invited and urged to consult with the OPS representatives regarding specific problems.

## Hospital News

Sally Lou McShan, daughter of Mr. and Mrs. C. L. McShan, was in for medical care. She has gone home.

Melvin Davis, son of Mr. and Mrs. C. H. Davis, underwent a tonsillectomy. He has been discharged.

Mrs. Hal Phipps of Sudan was in for medical care. She has gone home.

Stanley Baker, small son of Mr. and Mrs. H. E. Baker, was in for observation and has gone home.

P. Q. Stickney was in for medical care. He has gone home.

Jerry Engelking, small son of Mr. and Mrs. E. E. Engelking, underwent a tonsillectomy. He has been discharged.

CONGRATULATIONS TO: Mr. and Mrs. Bobby Broyles, on the birth of a daughter, Vickie Corine, May 1, 1951.

Mr. and Mrs. Doyle Shearer on the birth of a son, Richard Ray, May 2, 1951.

Mr. and Mrs. Richard Fickett on the birth of a son, Logan Franklin, April 28, 1951.

Mr. and Mrs. C. G. Williams on the birth of a daughter, April 27, 1951.

Mr. and Mrs. Bill Blackwood on the birth of a son, April 27, 1951.

Mr. and Mrs. John E. Croft on the birth of a daughter, April 2, 1951.

PART TIME operator wanted to learn trade. Will be temporary. See Chief Operator, Muleshoe telephone office. 19-11c

## Social Club Enjoy Tour Of Lubbock

Members of the Pleasant Valley Social Club motored to Lubbock Wednesday morning for a very enjoyable day.

First, we were guests at the Brunchon Club at the Cactus Inn and were represented on the air by Mrs. R. L. Roubinek. After having coffee and rolls and thirty minutes of fun there, we spent a very interesting hour going thru Texas Tech Museum.

From there, we drove around, just looking at the town, then we went to the Chicken Village for a delicious lunch.

After lunch the ladies went shopping and by five o'clock we had tried on or looked at every hat, dress, and shoes on Broadway and practically bought out Woolworth, so we decided to go elsewhere.

Our last stop was the most interesting one of the day; a visit to the Baldrige Bakery. Mr. Leroy Cody, who is sales manager there, very graciously guided us through the bakery, starting at the mixer and on through to the storage rooms. Mr. Cody says they have 175 employees working day and night. After we had seen all the processes of making bread, cakes, pies, and cookies, Mr. Cody treated us to cokes and delicious cookies.

## Progress Club Met In Guley Home

The Progress Home Demonstration Club met Tuesday, May 1, in the home of Mrs. Ed Guley for an all day meeting. The day was spent embroidering tea towels for the hostess.

In the absence of the president, Mrs. L. E. Bratcher presided during the business meeting. Roll call with "Improving qualities of poultry, eggs, dairy and vegetable products." Many good ideas were given.

Mesdames Ed Guley, John Thomson, and G. T. Malby gave a report of the district meeting at Tulia, which they attended Saturday, April 28.

Mrs. J. W. Terrell gave a report on the lawn chair training program which she attended Friday, April 27. She plans to build one at a later date to show the other club members how to build a chair.

Refreshments were served to 16 members and one visitor, Mrs. George Gross.

The next meeting will be Tuesday, May 15, in the home of Mrs. Elzada Guley. Each member is to bring a guest. The program will be on Dresden painting.

## 8th Birthday Is Celebrated

Stanley Robison was honored on his 8th Birthday Thursday, April 26. The children played several games and then Stanley opened the nice gifts.

Refreshments of cake, cokes, hi-ho sandwiches and favors of candy and bubble gum were served to: Barbara Morgan, Edwin Cox, Butch Wanzor, Loren Sneller, Kenneth Murrah, Theron Dalton, Coy Mason, Sharon West, Gary King, Judy Kaye Lambert, Billy Jack Henley, Joy Awtry, Doris Ann Gilbreath, Roland Barnes, Wendell Robison, and the honoree.

MULESHOE I. O. O. F. INITIATORY TEAM—This team, competing in the South Plains Association work at Lubbock last week and making a score of 995.3 out of a possible 1,000 is one of the high teams of the state. Members back row, are: Temple Carter, Clinton Busby, Sam Shelley, Hugh Freeman, V. L. Bradley, Kenneth Burton, C. C. Stevens, Buck Creamer, Frank Snyder, Bill Whalin, and John Mock. Seated are: L. A. Green, J. J. Gross, Jim Bellar, Arnold Gross, Claude Wilemon with trophy, Theo Atchison, W. C. Stone, and A. P. Lambert.

TEAM CAPTAIN—Claude Wilemon, team captain of the Muleshoe I.O.O.F., is pictured here with the trophy won in competitive work of the South Plains Association in Lubbock last Saturday. This trophy will remain the permanent property of the lodge.

**Sand Hill Philosopher Not Worried Over Decrease In The Number Of Farmers In The U. S.**

Editor's note: The Sand Hill Philosopher on his Johnson grass farm discusses farming this week, which he has to do mostly from the theoretical side, if you ask us.

I read in a copy of the Journal which my neighbor had wrapped up some fresh vegetables in and brought me, a good neighbor with a good garden is hard to beat, I'd raise one myself but there ought to be somebody left for neighbors to take fresh vegetables to or too many greens would go to waste, where the experts in Washington have been studyin' the census figures and have discovered only 16 per cent of the nation's population is now farmin'.

Accordin' to them, this is a fine tribute to the ability of farmers to produce more per man, but is a serious thing in that not enough young men are being drawn back to the farm. "It takes farm life to build a nation's moral fibre," the experts said, which ain't necessarily borne out by the facts, as I understand most office-holders come from farms or at least claim they do.

But I am frank to say I ain't disturbed and I will appreciate you gettin' word to them experts not to worry about the number of farmers while they still got Korea on their hands. You give a expert a situation like that—the sudden knowledge the number of farmers is decreasin'—and he'll come up with a solution that will wreck the country. First thing he'd want to do after gettin' his bureau established is artificially increase the number, whereas the number of farmers is determined by economics, what city jobs are payin', how hot the sun is, etc. You take this farm of mine out here, the last thing it needs is somebody else to support. It ain't half supportin' me like it is.

The number of farmers in this country ought to be left up to nature, the same as the number of barbers is. Some times a given town will have too many barbers, some times not enough, but either situation don't last long, some-thing which no expert could figure out because it's too simple takes place, and before long the thing has leveled off, either some barber takes up farmin' or some farmer takes up barberin', whichever way the situation is leanin' in. The same thing is true of blacksmiths and five-and-ten-cent stores and beauty parlours and fillin' stations and meat markets and school teachers and candidates for county office. I don't care if 16 per cent or 2 per cent of the population is still farmers, we can still raise more stuff than most town birds can pay for.

Yours faithfully,  
 J. A.

**Babson Discusses**

**EDUCATION EMPLOYERS WANT**

BABSON PARK, MASS., April 27— I have a conviction that the draft, education and the welfare of our country are inseparable. I wonder if the draft planners in Washington realize how important education is to our survival.

**COUNTRY CLUB COLLEGES**  
 But merely "going to college" does not necessarily mean getting an education. In many cases it means four more years of loafing. No wonder the only institutions which are holding their own in enrollments are Negro colleges—the colored people appreciate education—while theological schools show an increase of 15.2% for 1950 over 1949. The real reason why some Liberal Arts colleges are having such a hard time getting students is not due so much to the draft, but to the fact that so many employers don't want young men from the Ivy colleges. This is explained by the fact that in men's colleges for 1950 were 9.3% below 1949, compared with a drop of only two-tenths of 1% in women's colleges.

Large private universities in the midst of building and expansion programs must now curtail sharply any further outlay. Some Liberal Arts colleges that cater solely to men may be forced to close for two or more years or offer accelerated work. If not heavily endowed, they may close their doors for the last time this coming June unless Uncle Sam soon gives them a helping hand by subsidizing accelerated work.

**1951 ENROLLMENT**  
 Too many Four Year Ivy colleges are not only wasting a year of student's time and money, but are actually training them to be Drones rather than workers. To overcome this handicap, an interesting experiment is to be tried at Eureka, Kansas, the center of the U. S. Here a Fifty Weeks Course of 40 hours a week (the same as the young man would work if engaged in industry) will give a student in these fifty weeks all he would get his last year of high school and his first year in college.

To me the best part of the "Eureka Plan" is that it trains students to work instead of play. Probably few students will accept the opportunity, but those who do will be in great demand for executive jobs by industry if not drafted, or by the armed forces if drafted. They surely never would be used for cannon fodder.

**EDUCATION MUST NOT BE NEGLECTED**

General Eisenhower has said, "A nation depending on guns alone for its defense will soon be a corpse in armor." Character and education are our bulwarks against the totalitarian state. Hitler failed because he lacked these fundamentals. Stalin will fail for the same reason. Hitler spent, and Stalin is spending, huge sums for training—not character and educational training—but in teaching men to destroy instead of to construct. This is where the enemy is weak. This is where we can be strong with our good State Universities.

Surely Mr. Malik has taught us that the cultural and ideological struggle is every bit as important as military battles in conquering Communism. Mr. Vishinsky has said, "We shall conquer the world, not with atom bombs, but with something the Americans cannot produce—namely, propaganda." It ought to be crystal clear, therefore, that we must keep our educational system in the best possible working order if it is to meet this new kind of attack successfully.

**GOVERNMENT AID JUSTIFIED**  
 Schools and colleges cannot discharge this grave responsibility if they are financially handicapped. Our Government should, therefore, seek practical solutions at once which will give us, not only the military strength to survive, but also the guarantee of maintaining our educational system intact. This is the vehicle which is so important to us in this battle of ideas, brains, and doctrines. But the Government should make sure that the students so helped are taking some form of accelerated education so as to learn to work fifty weeks a year and forty hours a week.

**THOUGHT FOR THE DAY**

We must be trustful of our heavenly Father and obedient to His commands.

**CHILDREN IN OUR MIDST**

"Verily I say unto you, Whosoever shall not receive the kingdom of God as a little child shall in no wise enter therein." (Luke 18:17.)  
 Read Luke 18:9-17.

One of the great news pictures of 1949 showed a grim traffic policeman with arms outstretched, holding back huge trucks and other vehicles at a congested intersection. A small boy, bearing his books, was safely making his way across the street. He was supremely trustful and unafraid.

The picture might well have been based upon Jesus' interest in children. He spoke of them and of their faith. He took an interest in them and welcomed their presence. He honored them.

If we who are older children could be as trustful of the divine Father as our younger children are of us, we could work out a better state of affairs in the world, better even than we may think possible. Of basic importance is belief in the supreme value of our world of human life and the sacred duty of developing that life in accord with Christian ideals and Christ's Spirit.

**PRAYER**  
 Our Father, we thank Thee for the faith of children. We pray Thee for faith in Thy promises, faith like that of little children. Grant us the courage to carry the result of that faith into our daily lives. In Jesus' holy name. Amen.

**Who said You can't Afford a Fine Car?**

WHEN you look at all a ROADMASTER has to offer, it's only natural to conclude that it's priced with the rest of the fine-car field.

Sweeping proudly past you, it has a distinction that few cars can equal.

Stepping nimbly away from a stop light, it has the willing surge of power that the very exclusive combination of a 152-horsepower Fireball engine and Dynaflo Drive\* delivers.

It rides the road with majestic smoothness, and comes to a smooth and gentle halt, in response to the finest brakes Buick ever developed.

Inside, it has spacious room, from side to side and front to back and seat to roof—plus a softness of cushions and a richness of fabrics which bespeak the custom standards to which it is painstakingly built.

\*Yours at no extra cost on ROADMASTERS.

All you could want in a fine car is here in abundance.

But don't let that fool you into deciding "it's too rich for me."

If you've looked into 1951 car prices generally, you'll discover this:

You can own a ROADMASTER for just a shade more than an ordinary car will cost—and for several hundred dollars less than the price tags usually found in "the fine-car field."

Why not look into this today?

Equipment, accessories, trim and models are subject to change without notice.

## Some Virus Diseases "City Slickers" — They Seem To Spread Better There

(Prepared by the State Medical Association of Texas)

Many of the virus diseases seem to be "city slickers" creating epidemics in heavily-populated areas and spreading slowly if at all in rural communities. Sometimes that is good and sometimes it isn't; it wasn't good during the last war when so many young men from small towns and farming country got the mumps because they had never been exposed before.

The mumps, like most of the childhood diseases, usually are a minor affair in healthy children. In adults, however, they become more serious and created a lot of suffering among the servicemen in camps during World War II. The mumps cause a swelling in those glands that feed the saliva to the mouth, mainly those parotid glands right in front of the ear. Anything that makes the mouth water causes more congestion in those sore glands and any movement of the jaws seems to make them hurt worse. It's more of a hurting disease than a real sickness in children; but in adults when it spreads to the sex organs it is a real sickness in addition to a lot of pain and swelling.

**Patient Needs Rest**

You need rest in bed with the mumps and lots of liquids to drink. Hot or cold packs to the swollen area will make the pain seem less; sometimes hot packs do the trick and sometimes cold packs seem to give the most relief.

One case of mumps, even if on one side only, usually makes you immune to the disease. There are other diseases of the salivary glands that may cause swelling quite similar to mumps; sometimes people who think they are getting the mumps a second time may be mistaking another kind of swelling of those glands for the mumps.

**Polio Likes Cities, Too**

Poliovirus is another virus disease that seems to attack more often in cities than in country areas. How polio spreads and how you can develop immunity to it are two of the big research problems under study now.

Much has been learned about polio from such research studies in the past. It is known now that many people get polio without ever knowing it. Since there are different kinds of polio, however, getting one kind doesn't mean you are immune to polio.

Polio is considered as contagious as the measles, but it doesn't show up as definitely as a sickness like the measles does. Many people may have an upset stomach or passing illness of some sort without realizing they did have polio.

Others become ill enough with the disease that it is recognized but they have no crippling effects. Those who become crippled are a small percentage of the actual number of persons who do get the disease, knowingly or unknowingly, during an outbreak.

There are two main types of polio, called spinal and bulbar. The kind called bulbar affects the breathing and swallowing system largely and is the cause of nearly all deaths from polio; bulbar polio rarely is crippling, however. The spinal type of polio is the crippling kind and rarely causes death; this kind is much more common than the bulbar type. Many sources of spread of the polio germs are suspected but no one definite thing has been established as the cause. Psittacosis, however, another serious virus disease, is known to spread from birds. Known as parrot fever, psittacosis also affects other birds and can spread to persons who breathe the virus into the lungs. It is believed that one person can give the germ to another, also, so that isolation of a person suffering from the disease must be part of the treatment.

Psittacosis is much like virus atypical pneumonia. In fact, laboratory tests are frequently necessary to tell the difference between the two diseases, they have so much the same effect upon you.

A virus is known to cause psittacosis but the virus is a strong suspect in atypical pneumonia. It is called atypical because the "at" stands for "not", meaning it is not the typical pneumonia. Your chest makes funny sounds in the doctor's stethoscope when you have lobar pneumonia but with atypical pneumonia the sounds are pretty normal; it takes x-ray pictures usually to tell for sure whether the sickness you feel is atypical pneumonia.

Though psittacosis and atypical pneumonia may frequently make you feel about the same way, there is a big difference in the diseases; atypical pneumonia rarely causes death while psittacosis may be fatal, especially in those over 40 years of age.

The symptoms of both these diseases are just about the same symptoms of general sickness that a great many other illnesses have. They both make you sick enough for you to want to call the doctor and by test he can tell the differences in the disease and treat them accordingly.

first used during the American Revolution.

### CHRISTIAN SCIENCE SERVICES

Mankind's only sure escape from punishment is to cease sinning; says the Lesson-Sermon titled "Everlasting Punishment" to be read in all Churches of Christ, Scientist, on Sunday, May 6. The Golden Text points out this fact: "Repent, and turn yourselves from all your transgressions; so iniquity shall not be your ruin" (Ezekiel 18:30). From Romas will be read this verse, "Dearly beloved, avenge not yourselves, but rather give place to wrath: for it is written, vengeance is mine; I will repay, saith the Lord" (Romans 12:19). Also included will be this correlative statement from page 542 of the Christian Science text book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Let Truth uncover, and destroy error in God's own way, and let human justice pattern the divine."

### Notaries Must Qualify By June 1

County Clerk M. G. Bass has received notification from the office of Secretary of State John Ben Shepperd on the procedure to be followed in the reappointment of qualified notaries public whose terms expire June 1, and the appointment of new notaries.

The reappointment of all presently qualified notaries of Bailey County will be made by Secretary of State Shepperd by May 20, and each reappointed notary must qualify with the County Clerk on June 1, file oath and bond and pay the statutory filing fee to the Clerk in order to serve as a qualified notary for the new term, June 1, 1951 to June 1, 1953. After all reappointed notaries have qualified the clerk will forward Certificates of Qualification and filing fees to the Secretary of State. Individual notaries are not to send money to the State office.

**MEAT CUT Quiz**

Q. What is the name of this cut of meat?  
A. Lamb breast.

Q. Where does it come from and how is it identified?  
A. As the name implies, it is the breast section corresponding to short plate and brisket of beef. It is a narrow strip of meat containing the breast bone and ends of 12 ribs.

Q. How is it prepared?  
A. It may be stuffed and roasted; stuffed and braised; boned and rolled, and braised; or cut into riblets and cooked in liquid.

Terms of all presently qualified notaries expire on June 1, and a notary cannot qualify for the 1951-53 term before that date, irrespective of reappointment or new appointment.

### JayCee Banquet Set For May 23

Persons applying through the County Clerks for notary appointments for the first time will receive appointments, effective on the date of qualification. A Certificate of Appointment on each person applying for the first time will be sent to the Secretary of State for approval and then returned to the County Clerk, after which the person will be notified to appear within 10 days to qualify before the Clerk.

In the instructions received from Shepperd, he stated, "An application must be 21 years of age or older and a resident of the county in which he intends to act as a notary. It is important that the exact name of the applicant be given and that this name be used on all documents signed by the person. He must also give his correct mailing address."

The Muleshoe Junior Chamber of Commerce will install officers for the year 1951-52 on Wednesday night, May 23, at the American Legion Home with an installation dinner and dance.

Plans are being made to secure one of the most outstanding speakers in the state for this occasion. Music will be by Weldon Bright and his orchestra. Attendance will be by invitation only.

Benjamin Franklin was the first American ambassador to France.

## Decorator Talks At Study Club

The Muleshoe Study Club met in the home of Mrs. Milton Forbes April 26. Mrs. Ray Keeling and Mrs. M. F. Green were in charge of the program "Fine Arts in the Home."

The guest speaker, Miss William Edd Jones, representing the Thrifty Decorating Service, of Amarillo, spoke on color - the clue to decorating - the personality in your home.

There are five things to consider in choosing your color scheme, she said:

1. Consider your exposure. Use warm colors on the north as reds, browns, yellows and pinks.

Cooler colors should be used on the south - blue, green, orchid, or turquoise.

2. Shape and size of room: Use receding colors in small rooms, advancing colors in large rooms.

3. Amount of light - use paler softer and lighter colors in a dark room, darker colors in lighter rooms.

4. Type of rooms - either formal or informal.

5. Types of furniture - period or modern.

There are four types of color schemes to choose from:

1. Monochromatic - one color scheme using various tones and shades.

2. Complementary - Complement of the color wheel - red - green, blue and orange, orchid and yellow.

3. Analogous - fond colors adjoining each other on the color wheel - blue, blue-green, yellow-green, wine orchid.

4. Split complementary - one color and the color on each side its complement - red, blue-green yellow green.

One could also use as a starting point - good paintings whether original or reproductions.

Hobbies such as vases, glassware or plates, carpets or a favorite wallpaper.

A short business session was conducted.

The General Federation of Women's Clubs' 1951 Annual Convention will be held in the Shamrock Hotel, Houston, May 14-19.

Reservations are to be made in advance.

The following members will serve on the yearbook committee for 1951: Mesdames Irvin St. Clair, M. F. Green, Ray Keeling, John Watson, and Clifton Griffiths.

Refreshments consisting of cherry salad, banana nut bread, and tea were served to the guests, Miss Elizabeth Harden, William Edd Jones, and twelve members.

The next meeting will be in the home of Mrs. A. J. Gardner on Thursday, May 3.

## Miss Wilhite In Recital May 8

Miss Nona Wilhite, daughter of Mr. and Mrs. Clarence Wilhite of Muleshoe, is one of the featured artists in a recital to be presented the evening of May 8 by the Wayland College department of fine arts.

The recital will present Curtis Lee, tenor, assisted by Miss Wilhite as organist. Eulalia Burke will be accompanist.

The program will be given in the college chapel at 8 o'clock and everyone is invited to attend. Miss Wilhite's numbers will be: Prelude in C Major No. 1, Bach; Abandoned, Jackson; Fantasy Prelude, Attwater; and The Praying Joshua, Leach; (from the Seven Casual Brevities Suite).

The program will be given in the college chapel at 8 o'clock and everyone is invited to attend.

**Robert F. Cole Fights In Korea**

WITH THE 7TH INFANTRY DIVISION IN KOREA—Private Robert F. Cole, son of Mr. and Mrs. Lewis L. Cole, Muleshoe, Texas, is fighting with the 17th Infantry Regiment (The Buffaloes) in Korea, shuttling supplies and ammunition over treacherous mountain roads to the front line.

Cole's unit led the United Nations advance to the Yalu River and was the only American Regiment to reach the Korean-Manchurian Border. Recently they pushed forward on the east central front and wiped out numerous enemy strong points.

Private Cole, a veteran of 11 years service, has also seen action in World War II. He wears the Purple Heart Medal, the Soldiers Medal, and the Combat Infantryman Badge.

His wife, Joan Cole, resides in Portland, Oregon.

On December 27, 1776, George Washington was made dictator of the United States the only one we ever had.

**Every Buyer And Seller Of Goods Or Services Is Covered By OPS**

Lubbock, May 1—In bringing West Texas business men up to date concerning the pricing program of the Office of Price Stabilization, C. J. Taylor, District price executive, said that every buyer and seller of goods or services, with "very few exceptions," is covered by regulations issued by OPS. Taylor heads the price division of the Lubbock district which includes merchants of Bailey county.

Contrary to the belief by many merchants that they are exempt, Taylor emphasized that practically every one of them falls under the General Ceiling Price Regulation or the "tailored" ceiling price regulations which have removed them from the general freeze.

"There are certain records which every business must keep," Taylor said, "so that they are available to OPS representatives, and these are filings which many should make with their district office." The district office for merchants of this town and county is in the Broadway Building, 1202 Texas Avenue, Lubbock, Texas.

"By May 14," the price executive continued, "retail grocery stores should be in full compliance with the regulations. They are covered in the main, by regulation 15 and 16. They should have already filed with the district office OPS form 5 placing them in a certain category based on 1950 gross sales volume."

Full compliance should begin Monday, May 14. Grocery stores operating their food costs in proportionate under a tailored margin-type price program.

Restaurants, cafes, soda fountains, and other eating and drinking establishments should have already filed with the district office their base period food costs per dollar of sales, Taylor explained. Briefly, the eating establishments are, by regulation 11, obligated to keep their food costs in proportion to their total sales.

Another large segment of business, large and small, comes under the tailored, margin-type Ceiling Price Regulation 7 and its amendments. The regulation

governs firms handling so-called consumer goods, including soft goods and durables.

"Department stores, variety stores, all kinds of wearing apparel firms, and furniture stores are among the operations falling under CPR 7," Taylor pointed out.

There are record requirements for this type firm to maintain, and they, too, have a filing to do with the district office. The regulation requires that retailers of these type goods file pricing charts by categories with the district office. However, the deadline for filing these charts has been extended to May 30. The former deadline, which no longer holds, was April 30.

Ceiling Price Regulation 13 sets out the pricing procedures for gasoline service stations and retailers of petroleum products. New and used car dealers have definite patterns, too.

Questions concerning all price regulations, records keeping, and filing procedures should be directed to the pricing division of the district OPS office if they cannot be answered by local chambers of commerce.

Adequate supplies of applicable regulations also are available from the district office and will be mailed on request to those desiring them.

**Don't Crowd, Fellows!**

**Name Wanted**

Telephone Operator: "That is right, Sir, that number has been taken out."

Caller: "I know it - what I want to know is who took her out."

**Putting It Politely**

One Fellow: "Getting those pigs rounded up took me two hours, roughly speaking."

Other Fellow: "Yes, I heard you, but I'd call it just plain cussing."

**Dollar for Dollar you can't beat a Pontiac**

**Picture of a Solid Citizen?**

We would like to reintroduce you to a citizen you have met casually many times—the beautiful new Silver Anniversary Pontiac. This is the finest, most beautiful car ever to bear the famous Silver Streak.

25 years Pontiac has been designed and built to be just that! Pontiac is your shortest, easiest step out of the ordinary into the extraordinary.

That's why you see so many solid citizens at the wheel of a Pontiac—you should be there, too. Come in, get the facts and figures,

This car has earned a reputation as a good solid citizen—and well it should, because for

Do Faster, More Accurate work

IN NARROW

Row Crops!

Where clearance between the rows of cultivated crops is limited, an Oliver Row Crop with Single Front Wheel provides extra advantages. You can avoid damage to growing plants . . . do a faster, more accurate job in narrow rows.

Further, the single front wheel assembly for all new Oliver Row Crop tractors is identical, and completely interchangeable with dual front wheel and adjustable front axle units. Let us show you how quickly and easily all assemblies can be attached or disconnected.

**PRIMITIVE BAPTISTS**  
BELIEVE

THAT all who mourn because of sin, or who ever have a divine inclination, are the children of God, and cannot go to an everlasting hell, because Jesus Christ bought them and paid for them with His own blood.

THAT the preaching of the Gospel is to prove that glorious fact, so that the individual may choose between living to the glory and honor of God or a vain life of unhappiness and dishonor.

THAT the church is the most exclusive order on Earth, and that no disorderly conduct should be allowed to walk in her ranks.

Benjamin Franklin made the first harmonica.

Benjamin Franklin was the first American newspaper columnist.

**KITCHEN MEMO** BY JEAN CLARKE

IF Friday is fishday in your house and plain old fish gets a little boring, try Broiled Fillets with Cheese. Brush 4 fish fillets with 2 tbsps. melted butter or margarine. Broil until flaky—about 16 mins. Combine 2 tbsps. melted butter or margarine, 1/2 cup tomato puree, 1/2 tsp. salt, dash pepper, 1 tsp. Worcestershire sauce. Cook over low simmer flame until heated. Put broiled fish in oven dish, pour sauce over it. Sprinkle 1/4 cup minced onion, 1/2 cup grated cheese on top. Slide into broiler under medium flame, cook until cheese is melted. Serves 4.

A thermostatic control, or oven temperature regulator, is now required equipment on gas ranges by the American Gas Association's Testing Laboratories. For consumer protection all gas ranges approved by the Laboratories are labeled with the blue Seal of Approval.

Steam bread slices in a colander over boiling water for a minute or two to make them easier to roll for sandwiches.

There's no special plumbing needed for gas-fired incinerators which can be hooked up to any gas line in kitchen, laundry or utility room, even the back porch or garage.

As high as 180° hot water is required to thoroughly sterilize dirty dishes and for some types of home laundering. This demand for higher temperature hot water is available through the new automatic storage type gas water heaters.

To freshen rolls, put in paper bag, twist the top to close it, heat in gas oven at 400° F. for about 15 mins.

Waste baskets are easier to clean if they have a good coating of wax rubbed on the inside.

Fourth Sunday and Saturday before, Elder Jack West, pastor.

**Irrigation Wells Should Be Widely Spaced Is Advice**  
By High Plains Water Conservation and Users Ass'n  
Locating irrigation wells too close together is a costly business. A farm loan official tells this illustrative story: His organization loaned a farmer enough money to put down an irrigation well. It stretched the farmer's credit to the limit, but he got a good well. Not long afterwards, a neighbor drilled a well about 60 feet away. The two wells set up a mutual interference, with the neighbor getting most of the water.

The only thing our farmers can do now is lower his pipes. But that costs another \$1,000, and his credit won't stretch that far. And if he does lower his well, chances are that his neighbor will have to do the same. The point, one that water conservation experts have long stressed, is that proper spacing of irrigation wells not only saves water, but also saves time and money and sometimes saves hard feelings. One of the main functions of the proposed underground conservation districts is to promote proper spacing of all new wells. This would be done under a permit system, and while no person could be denied a permit to drill a well, issuance of the permit could be conditioned on the recommended spacing, thus protecting both the new driller and his neighbors who are already pumping.

HOSHALL E. THOMAS IS NOW PRIVATE FIRST CLASS  
Hoshall E. Thomas, son of Mr. and Mrs. H. E. Thomas, has made private first class rating. He is now completing his basic training at Lackland Air Base in San Antonio and is soon to be stationed at Cheyenne, Wyo.

SPENT WEEK END HERE  
Mr. and Mrs. Billy Joe Thomas and son, Tommy, of Oklahoma City, spent the week end here with his mother, Mrs. Ebb Thomas.

The flag of the 11 Confederate States of America was known as the "Stars and Bars".

**CITATION BY PUBLICATION THE STATE OF TEXAS**

TO: NORMAN WHITE Defendant, Greetings:

You are hereby commanded to appear before the Honorable District Court of Bailey County at the Court House thereof, in Muleshoe, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 11th day of June A. D. 1951, then and there to answer Plaintiff's Petition filed in said Court, on the 23rd day of April A. D. 1951, in this cause, numbered 1688 on the docket of said court and styled ELLEN WHITE Plaintiff, vs. NORMAN WHITE Defendant.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff sues for divorce. She alleges that she married defendant in October 1949; separated from him in December 1949. Her grounds for divorce are the statutory grounds of cruel treatment. She alleges that no children were born and no property rights are involved and prays for the restoration of her

maiden name, Ella Props, as is more fully shown by Plaintiff's Petition on file in this suit. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Muleshoe, Texas this the 23rd day of April A. D. 1951.

Attest:  
M. G. Bass Clerk,  
District Court, Bailey County, Texas  
(Seal) 19-4tc

William Henry Harrison held the shortest term of any U. S. president. He died one month after taking office.

**I'll match my Dodge**  
with any car on the road for  
**Value and Dependability**  
—says MICHAEL OPPENHEIM

"Sure, I've owned and driven other make cars," says Michael Oppenheim, Bellmore, N.Y. "But since 1941 my cars have all been Dodges. I know how dependable Dodge cars are, how little they cost to run."

Specifications and equipment subject to change without notice.

Now's the time to trade! Liberal Trade-in allowance. Act Now for Widest Selection of Models and Colors!

1951 Dependable  
**DODGE**  
GOOD DRIVERS DRIVE SAFE CARS... CHECK YOUR CAR... CHECK ACCIDENTS

You could pay up to \$1,000 more and not get all the extra road, comfort and rugged dependability of Dodge. Compare what Dodge gives you with what other cars offer. You'll understand why Dodge owners say they'll match Dodge with any car on the road. Take riding comfort for example. You could pay far more for a car and still not get the almost unbelievable smoothness of the new Onflow ride. Even on roughest roads there's no wheel "hop" or bounce. You get the relaxing comfort of extra head room, leg room and shoulder room . . . the safety of "Watchtower" visibility. Dodge Cyro-Matic—the lowest priced automatic transmission—lets you drive without shifting. See and drive Dodge today.

### ATTRACTIVE MULESHOE HOMES

One of the newer brick homes is pictured above. It is the home of Mr. and Mrs. Houson Hart.

The Journal photographer didn't do this house justice. It is the new home of Mr. and Mrs. Dudley Malone.

Here is pictured an example of remodeling. To a four room square type house was added the living room shown here, and a small bedroom of the home was transformed into a dining room.

#### J. C. BUCHANAN SERVING WITH AIR FORCE IN JAPAN

J. C. Buchanan, who was reared at Muleshoe, is serving in far off Japan and would very much like to receive a communication from any and all of his old friends. His mother, Mrs. J. C. Buchanan of Morton, said that so many of his friends have asked about him that she decided to shrdluywm

dress to The Journal. "He gets pretty homesick at times," she said. So here is J. C.'s address: Pvt. J. C. Buchanan, Jr., A. F. 18365016, 6410th Hq. Spt. Eq., Flamcom, A. P. O. 323, Care PM, San Francisco, Calif.

Only once in the history of the United States (1835) has this country been entirely free from debt.

### Local Band In Canyon Contest

CANYON, Tex., April 23—(WTNS)—More than 4,000 high school musicians will be on the West Texas State campus April 26, 27, and 28 to participate in the Region 1 Interscholastic League Instrumental Music Contests. A total of 54 bands and 5 orchestras will compete in the three days of the music festival.

Top judges in the Southwest will be on hand to rate bands, orchestras and ensembles. Bands will be judged on concert work, sight-reading and marching. James Caesar, Wichita University, will handle judging of orchestras. Rating bands will be Clarence Sawhill, Millen, Colorado University; Donald I. Moore, Baylor; Maurice McAdeu, North Texas; and Leonard Haug, Oklahoma University.

Working with solos and ensembles will be Hiram Henry, Okla. A. & M.; R. A. Dhossche, San Antonio; William Kinkel, New Mexico University and Jean Hedlund, Kansas State.

Kress High School will open Class B competition Thursday morning at 8:00 o'clock in the Administration auditorium. Other Class B bands to appear in order are Panhandle, Dimmit, Friona, Hale Center, Farwell, Lefors, Abernathy, Sudan, Stratford, Memphis, Spearman, Canadian, Tahoka, Whiteface, Post, Sundown, Paducah, Follett, Plains, followed by Class AA bands Plainview and Pampa.

These bands will enter the marching contest Thursday night 7:15 o'clock. The public is welcome to attend all events during

Canyon high school will open concert competition Friday morning at 9 o'clock. Other Class A bands to play Friday in order are Hereford, Tulia, Dumas, Phillips, Lockney, Muleshoe, Littlefield, Dalhart, Shamrock, Slaton, Wellington, Perryton, Levelland, Childress, Brownfield, Quanah and Spur. Class AA-1 bands to appear are Lubbock, Borger and Amarillo. Marching Friday night will commence at 7:15 o'clock.

Orchestra competition will be held Saturday morning at 8:30 with Sam Houston Jr. high school of Amarillo. They will be followed by Elizabeth Nixon and Horace Mann Jr. highs of Amarillo, Clarendon high and Amarillo high.

Class D, CC, and C bands to appear during Saturday are Wilson high, Plainview Jr. high, Borger Jr. high, Pampa Jr. high, O. L. Slaton Jr. high of Lubbock, Elizabeth Nixon of Amarillo, C Thompson Jr. high of Lubbock, Hutchinson Jr. high of Lubbock, Sam Houston of Amarillo, Levelland Jr. high, Muleshoe Jr. high.

Marching contests Saturday will get underway in Buffalo Stadium at 5 o'clock.

#### RETURNS HOME

Mrs. I. F. Vaughan has returned to her home in Muleshoe. She has spent the winter in Amarillo with her son, I. G. McNairy and wife, Verda.

#### ATTENDS MEETING

Mr. and Mrs. Neil Rockey left the latter part of the week for Houston where he attended a Ford dealers meeting. From there they went to Galveston where he was to attend an I.O.O.F. meeting and return to Temple. They will remain in Temple for a while as Mr. Rockey is under medical care at the Scott and White Clinic.

### Tech Rodeo Is To Begin May 3

The Old West will live again in Jones Stadium on the campus of Texas Tech College, Lubbock, when the Second National Intercollegiate Championship Rodeo is presented May 3, 4 and 5.

Co-sponsored by the Block and Bridle Club and Tech Rodeo Association, the rodeo will feature cowboy contests in calf roping, bareback and saddle bronc riding, bull riding, steer wrestling and ribbon roping. Two events for cowgirl contestants, goat tying and cloverleaf barrel racing, are included.

Stock for the rodeo is being furnished by Delbert Lyons of Petrolia. All stock to be used for the rodeo is RCA approved. Furnishing laughs for the crowd will be Clown Buddy Heaton and his trick mule and horse. An added attraction for the show will be trick roping by the Anz Brothers of Waco.

Four performances of the rodeo will be presented following the opening parade Friday afternoon, May 4th. Night performances for the three nights will begin at 8 p. m. and a Saturday matinee will be presented at 2 p. m. All shows will be held in Jones Stadium.

The Baltimore and Ohio was the first railroad in the United States.

Garland Fort, in a recent letter to his parents, Mr. and Mrs. Perry Fort of Bula, stated that he was back at Incheon, Korea, where he will spend the next six weeks. He spent the last six months at Yokosuka, Japan. The letter was dated April 20.

Fort said that for awhile he was hoping that he would be back in the U. S. by the latter part of the summer, but now he writes, "It looks like I'll be here for several months."

He writes that he would enjoy hearing from anyone, especially he would like to know if any Bula boys of the 1945 class happen to be stationed near him. His address is: G. H. Fort, B. T. G. 3, B Div., U.S.S. Tortuga, L. S. D. 26, co F. P. O., San Francisco, Calif.

### TIMELY TIPS FROM YOUR H. D. AGENT

By Miss Dian McClurkin

Washing painted woodwork generally is scheduled for spring cleaning time. To protect and save the paint, here are some suggestions:

Any paint can be damaged by strongly alkaline soap or other cleansers, abrasive powder and rubbing. Coarse scouring powder and strong cleansers remove or roughen the smooth outer surface of the paint so that then it soils faster and is more difficult to clean. Strong alkali can weaken and also discolor paint. It is wise to try out any new cleaning preparation on an inconspicuous part of the paint first, carefully following directions that come with it as to how much and how to use.

A mild neutral soap is satisfactory for washing paint. If scouring is necessary, finely powdered whiting is suggested because it is one of the finest abrasives and is inexpensive by the pound at paint hardware or drug stores.

In washing paint, it is important to wash only a small area at a time and rinse carefully before moving on to another area. Even a mild soap contains some alkali that will eventually injure paint if left on it. Directions for some commercial paint cleaning preparations suggest that no rinsing is needed. Yet many are highly alkaline and will damage the surface if left on. Some cleaning solutions make the paint soft while it is wet and then rubbing can damage it. With such cleaners there may be less damage from leaving a very little cleaner on the surface than from rubbing while rinsing. Be sure to use only the amount of cleaner suggested in the directions.

Some of the new detergents, like soap, are alkaline; others are slightly acid or neutral. They are satisfactory for washing painted surfaces in the kitchen or wherever a greasy film has formed.

#### THE COOK BOOK DEPARTMENT: RECIPES

Loaf breads take no longer than a cake to mix, and they can be served for many occasions. Finger sandwiches made with loaf breads perk up a salad assortment and may also serve as a simple dessert. Loaf bread sandwiches are good travelers in lunchboxes, too. Also toast for breakfast is very good made from loaf breads.

One of the most delicious of the loaf bread family, Apple Nut Bread, combines the flavors of freshly chopped apple, grated American cheese and chopped nuts. These foods also add their food values to those of enriched flour to make an important contribution to family health. All enriched breads rank high in essential B-vitamins and food iron. Apple Nut Bread is a delightful way to get your vitamins!

This sandwich bread is good the day that it is baked, though it slices better the following day. Jellies and jams, peanut butter and cream cheese are other good spreads for slices of this sandwich loaf.

**APPLE NUT BREAD**  
2 1/2 cups sifted enriched flour  
1 teaspoon baking powder  
1 teaspoon soda  
1 teaspoon salt  
1/2 cup shortening  
3/4 cup sugar  
2 eggs  
1 1/4 cups chopped unpeeled apples  
1/2 cup grated cheese  
3/4 cup chopped nuts

Sift together flour, baking powder, soda and salt. Cream together shortening and sugar until light and fluffy. Add eggs and mix well. Add flour mixture to creamed mixture alternately with apples. Mix well. Add cheese and nuts. Blend well. Bake in greased loaf pan in moderate oven (350 degrees F.) 70 minutes. Makes 1 loaf.

**POTATO CHEESE CUPS**  
1 egg, beaten  
salt and pepper

2 cups hot mashed potatoes  
1/2 lb. sliced cheddar cheese  
2 tbs. melted fat  
4 slices tomato  
1/2 cup soft bread crumbs  
Add eggs, salt and pepper to potatoes; beat, shape into 4 balls; press centers to make cups; place

cheese in cups, brush mound with fat. Cover cheese with slice of tomato, sprinkle with crumbs, season; bake at 350 degrees F. 30 minutes. Serves 4.

"I got the story on  
**50,000 Miles-No Wear**  
and changed to New Conoco Super Motor Oil"

says Arnold B. Bangerter, Jr.  
Owner, Radio Cab Company  
Salt Lake City, Utah

"Since I changed my 14 cabs over to Conoco Super, I've cut oil consumption almost 50 per cent. With at least 85,000 miles on each, there's no sign of needing new engines yet!"

**"50,000 Miles-No Wear!" Proved Here:**

After a 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that Conoco Super can keep your new car new.

**NEW CAR DEALER**  
"It's a pleasure to have satisfied customers, thanks to Conoco Super," says Walt Winters, Chrysler-Plymouth Dealer, Westside, Iowa. "My customers depend on my judgment about the oil to use in their cars, and Conoco Super is the one I recommend."

**TRAVELING SALESMAN**  
"When I purchased my new Pontiac, I put in Conoco Super," says Melvin L. Beyer, Traveling Salesman, Pampa, Texas. "I averaged about 4,000 miles a month and Conoco Super has given me the best of service—even helped to increase the miles per gallon of gasoline."

*Outdoor Girl*

You can pay more but you can't make a better buy in a convertible! You get the quiet, get-going power of a V-8 engine... the type of engine now powering the top models of America's top cars. Its fuel-saving power, too, with Ford's Automatic Mileage Maker squeezing the last ounce of power out of every drop of gas. And you get a ride that's the equal in comfort of far costlier cars, with Ford's Automatic Ride Control self-adjusting the ride to the road.

**They're built for the years ahead!**

*Glamour Girl*

If you want to enjoy the wide-openness of a convertible and still have a steel-topped car, you can't buy better than Ford's new Victoria! It offers you your choice of 5 beautiful solid colors or 4 smart two-tone combinations (with color harmonized interiors). And for automatic driving at its finest, it offers Fordomatic\* the newest, most advanced of all automatic drives!

When you buy for the future—buy

**FORD**

*All around Girl*

One moment, Ford's "Country Squire" is a beautiful eight-passenger station wagon... the next, it's a rugged hauler of half-ton loads. No other low-priced station wagon offers you so much one-level floor space or your choice of V-8 or Six engines. And only Ford, in its field, offers you your pick of three great transmissions: Conventional, Overdrive\* and Fordomatic.\*

You can pay more but you can't buy better.

### Mrs. Burkhead Is Elected W. M. of Eastern Star

Muleshoe Order of Eastern Star, meeting in regular session May 1, elected Mrs. Bettie Burkhead as Worthy Matron for the coming year. She will succeed Mrs. Margaret Collins. Other officers elected are:

Mrs. Viola Layne, associate matron; J. E. Mills, worthy patron; Pat Bulloch, associate patron; Mrs. Hattie Rae Jones, secretary; Mrs. Jo Wood, treasurer; Mrs. Ruby Cox, conductress; Mrs. Billie Matthis, associate conductress. Other officers will be appointed by the Worthy Matron.

A public installation of the new officers will be held in the Masonic recreation hall May 31.

Refreshments were served in the dining room by the committee, composed of Mesdames Irma Ray, Jackie Tate, Marie White, and Jean Griffiths.

Viola Layne, conductress, read a poem which she had written and dedicated to Margaret Collins, W. M., and other officers for 1950-51, and which is published here:

Girls we've had a real nice year,  
And most of us have done our best.

With Margaret in the East,  
And Betty in the West.

Now Dorothy is our Treasurer,  
And Lou at the secretary's desk,  
Since Margaret's in the East,  
And Betty's in the West.

Viola, the Conductress attends  
At the altar there,  
Ruby collects the ballots,  
Anna Lucy says the prayer.

Helen, our organist, plays march  
and sacred, too;  
Lela Barron, the Marshal has a  
lot of work to do;

She drapes the charter when a  
member's called away in death,  
Since Margaret's in the East,  
And Betty's in the West.

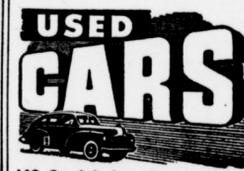

Now there's Billie Beth, Grace,  
Josephine, and Lola,  
They're the Star you see tonight  
They're the colors of our Order,  
Red, blue, green, yellow, and  
white.

Hattie Raye Jones and Bertha  
Johnson  
We never fear or doubt,  
One guards our door on the in-  
side,  
And the other from without.

You thought I'd forgotten someone  
No, I left them till the last,  
Jewell Mills our associate patron,  
R. J. Klump, our present patron  
and seventeen Past.

Now you've heard my little ver-  
sion,  
And we've all been put to a test,  
With Margaret in the East,  
And Betty in the West.  
—Viola Layne.

### WSCS Met Monday In Taylor Home

The Women's Society of Christian Service met Monday afternoon at the home of Mrs. Lud Taylor.

Mrs. H. Jay Wyer had charge of the worship service, opening it with the song, "Come Thou Fount." Mrs. Hanks led in prayer. Mrs. Wyer then gave a poem of Thanksgiving which was written by a student in Cook Christian School at Yuma, Ariz., which is supported by the Home Mission Council.

Mrs. Jennings then brought the lesson, which was about health conditions of the American Indians. Many of them are suffering from diseases brought to them by the white man. Chief among these are tuberculosis and trachoma. Bad roads and few doctors make treatment impossible in many cases.

Mrs. Taylor showed her moving pictures of life among the Indians.

Mrs. Carles gave the closing prayer. At the social hour Mrs. Taylor showed pictures she had taken at Muleshoe.

Delicious refreshments of frosted punch and salted nuts were served by the hostess to Mesdames J. J. Gross, O. N. Jennings, C. R. Farrell, H. Jay Wyer, I. W. Harden, Beulah Carles, Smallwood, Hanks, Nash, Gregory, Wilkerson, Haney, Pierson, and Morris.

**VISITS HERE FROM DALLAS**  
Mrs. J. D. Witherspoon's sisters, Mrs. C. W. Bryson and Mrs. Jennie Price, both of Dallas, and her brother, Archie Wylie of Richardson, Texas, visited with her and other relatives this week.

### ATTENDED GRADUATION

Mr. and Mrs. C. E. Layne returned home Saturday from San Antonio where they attended the graduation of their son, Billy Payne from the T. C. C. Exercises were held in the Gunter Hotel. Billy is continuing in school for a time.
