Spring storm dumps snow on area

A winter-type storm that dumped from 3-1/2 to 5 inches of snow in the Haskell area early Friday morning and continued through much of the afternoon, made traveling a little difficult on area highways.

The moisture began with a slow drizzling rain all night on Thursday night and turned into snowfall by early morning. KVRP recorded .27 of rain early Friday morning and .95 on Saturday morning, bringing the total inches of moisture to 1.22 for the month and 3.78 for the year.

By noon on Friday, reports of heavy snowfall to the south of Haskell from Abilene to Roscoe was being reported and travel was being discouraged. By Friday evening, snowfall at Sweetwater

was reported to be 18 inches, closing many roads in that area including a portion of I-20 for several hours. Both Abilene and Sweetwater law enforcement officials reported a rash of accidents on Friday, caused by the spring snowstorm.

Large turnout in run-off race

The Democratic Run-off Election Race for Haskell County Judge and Precinct 3, Haskell County Commissioner, produced a

large turnout with 352 early votes cast and 1,486 voters going to the polls on Tuesday to cast their votes.

The Haskell County Judge run-off race between David C. Davis and William H. "Bill" Perry resulted in a close vote, with Davis out in front by a narrow margin of ten votes. The totals were 924 for Davis and 914 for Perry. After the votes are canvassed, Davis will be appointed by the County Commissioners to serve out the unexpired term of County Judge B.O. Roberson, who resigned in December, 1995, but has continued to serve until a replacement could be appointed.

In the Precinct 3 Haskell County Commissioner run-off race, Kenny Thompson was declared the winner with 329 votes compared to 275 for Cliff Morris. Thompson, a Democrat, will now face Duke Pendegraft, a Republican, in the November general election.

In other Democratic races on the Run-off Ballot, county voters gave

Victor M. Morales 850 votes and John Bryant 711 votes in the U.S. Senate race. Charles Holcomb received 766 votes and Gary Taylor received 560 votes in the Judge, Court of Criminal Appeals, Place 2 race.

On the Republic Run-Off Ballot, county voters gave Sue Holland 14 votes and James (Daniel) Boone one vote in the Judge, Court of Criminal Appeals Place 1 race. Paul Womack received 5 votes and Pat Barber received nine votes in the Judge, Court of Criminal Appeals Place 2 race. Cheryl A. Johnson received nine votes and Tom Price received five votes in the Judge, Court of Criminal Appeals Place 3 race.

The only other local contested race in the November general election will be between Kimberlee Guess Bassett, running on the Democratic ballot, and Duward Campbell, running on the Republican ballot, for the Haskell County Constable position.

Sagerton's Hee Haw plays to a full house each night

The 26th edition of the Sagerton Hee Haw played to a full house on all three nights, again this year as in years past, with audience members coming from all over the state and as far away as Oregon. Some of those traveling to Sagerton for Hee Haw also sandwiched in some visiting with relatives and friends while they were here.

Hee Haw began with an idea that Dorothy Clark had back in 1971, to make money to raise funds for community improvements and has been going strong and an on-going success ever since. Dorothy was the program director and helped write the script for 14 years and then turned it over to Billie Kupatt, who has directed it for the past 11 years. Mrs. Steven Lehrmann was the director in 1981. Script writers have included the directors, Judy New, Larry LeFevre, Yvonne Swofford and other cast members. Cast members are Sagerton residents or former residents and their families.

Tickets went on sell at 8 a.m. on Wednesday, March 13, at the home of J.B. Toney in Sagerton, but people were lined up much earlier than that, according to Joe Clark, Dorothy's husband. "People were lined up at 4 a.m. in the morning waiting to buy tickets and in the past, it has been 2 a.m. in the morning when they started lining up," Joe said. The tickets were all sold out by the time showtime came around.

Yvonne Swofford, who does a Minnie Pearl comedy routine between curtains on the regular Hee Haw scenes, keeps the crowd in an uproar of laughter. According to Joe, Yvonne has never missed a program since it first began.

There are lots of regulars who have been appearing in the production for several years and a few newcomers, but they all work together to put on an excellent evening of entertainment for the audience. Cast members also do a little ad-libbing from time to time according to Joe, adding some of their own witticisms to the script.

Leon Stegemoeller is one of the oldsters who has been appearing in Hee Haw since the first production and continues to be a favorite with the Hee Haw audience with his down home mannerisms and cornpone comedy. Joe said, "What makes Leon so good, it is so natural and anything you want him to do, he will do. He is also a

very talented singer."

The first show was composed of most of the children of the community with a few brave adults joining in to make up the cast. The show continued to grow from that first program and in 1975, newspaper accounts reported a large crowd in attendance with proceeds of \$900.

In 1976, the Hee Haw bunch traveled to the Sweetwater Coliseum to perform for the Stenholm for Congress Campaign. In 1979, because of the popularity of the program, a second night performance was added. In 1980, the largest crowd ever attended, with all seats sold, extra chairs added, and people standing in the aisles. It was their 10th anniversary program featuring "the best of 10." In 1989, a third performance was added on Thursday night being designated as Senior Citizens Night.

The Hee Haw band that played for the crowd before and during the show was composed of Charles Clark, Sylvia Crowe, Dickie Greenwood, Herman Hearn, Duke Pendegraft, Jesse Sanchez and Anton Teichelman.

Vocalists were Sylvia Crowe, Dickie Greenwood, Herman Hearn, Karen Lehrmann, Duke Pendegraft, Susan Pendegraft, Jesse Sanchez, Leon Stegemoeller, Ronnie Landes, Lou Landes, Larry LeFevre and Susan LeFevre. Pianists were Mrs. Charles Clark and Susan LeFevre.

The script was written by Mrs. Charles Clark, Billie Kupatt and Larry LeFevre.

Cast members were: Ken Brown, Lynn Dudensing, Ed Fouts, Tony Freeman, Dickie Greenwood, Mike Hertel, Fred Kupatt, Delbert LeFevre, Larry LeFevre, Clayton Stegemoeller, Leon Stegemoeller, Jackie Tabor, Alvin Ulmer, Jeff Zell, Tami Baitz, Jill Brown, Sylvia Crowe, Carol Crumpton, Odene Dudensing, Billie Jo Freeman, Cheryl Hertel, Helen Lammert, Karen Lehrmann, Jana Manske, Yvonne Swofford, Peggy Tabor, Dorothy Toney and Marie Zell.

Others involved include: Sound Tech. and Publicity—Danny Lammert; Curtain—Kathy Teichelman; Tickets—J.B. & Dorothy Toney; Food Committee—Joyce LeFevre, Mae Stegemoeller and Mary Neinst; Hostess—Mrs. Joe Clark; Announcers—Billie Kupatt and Dorothy Toney; Music Director—Mrs. Charles Clark; and Director—Billie Kupatt.

HEE HAW OLD TIMER—Yvonne Swofford, who keeps the audience entertained with her "Minnie Pearl" type routine between curtains, was one of the original cast members and has never missed a production of the show.

Weinert FCE Club involved in highway beautification

The Weinert FCE Club adopted a two-mile stretch of Highway 277 near Weinert in 1992, and sponsors highway clean-ups two to three times a year. The next club clean-up will be held Saturday, April 20, beginning at 8:30 a.m.

In 1993, Brenda Sanders, the club's highway clean-up chairman, was responsible, with the help of the Texas Dept. of Transportation, for getting wildflowers planted on the club's two-mile stretch of highway.

James McFadden, assistant supervisor for the Haskell Division of TxDOT, along with Danny Kierepka and Clarence Walker, maintenance technicians at TxDOT, prepared the soil and planted bluebonnet and pink evening primrose seeds. Only a few wildflowers came up the first year, so it was replanted the following year.

Sometimes these seeds can lie dormant for years and even though it has been a dry year, maybe with a clean highway and the recent moisture, the wildflowers will bloom profusely this year.

A special thanks to Brenda Sanders, James McFadden, Danny Kierepka and Clarence Walker for helping make our small portion of Texas more beautiful.

Submitted by Estalynn Liles, Weinert FCE Club President.

OPINION

State Capital

HIGHLIGHTS

By Lyndell Williams & Ed Sterling
TEXAS PRESS ASSOCIATION

AUSTIN — While awaiting release from state prison last week, convicted child molester Larry Don McQuay asked to be castrated and alerted Texans that, once freed, he would molest again.

The 32-year-old former San Antonio school bus driver claims to have molested 240 children.

Gov. George W. Bush said while the state could not block McQuay's release, the state "will take extraordinary measures to keep a tight leash on this parolee." McQuay has been assigned to be placed under 24-hour supervision in a Houston halfway house.

Convicted in 1990, McQuay served six years of an eight-year sentence for indecency with a 6-year-old Bexar County boy. Two years were knocked off his sentence for "good time."

In the interim, the state Legislature has toughened sentencing for violent crimes and sex offenses, and made those convicted of such crimes ineligible to have their sentences reduced with "good time" credit. And though it currently is unlawful to enhance punishment for crimes after they are committed, Bush said he would continue to support legislation that would make parole reform laws retroactive.

"Like nearly all of Texas, I'm sickened that the current laws we signed don't apply to this fellow — that we can't keep him in prison," Bush said.

In renewing his request for castration, McQuay said, "I still want the surgery. I've still got the disease and I know my weakness."

Dianne Clements, president of the House Chapter of Justice for All, said her group would cover the cost of McQuay's castration.

Texas officials previously have refused the surgery because it is considered elective and legislation to allow the procedure failed last year.

Bush Offers Job Training Funds

Meanwhile, Gov. Bush offered \$1 million in grant money to Texas communities willing to create job-training programs.

The money will be split into 20 grants, each worth \$50,000.

Texas communities are sending grant applications to the Texas Workforce Commission, an agency formed by the state Legislature last year to take over job training programs that were scattered throughout state agencies.

The commission plans to give control of these programs to local boards that will decide what skills are needed by local employers and what training should be offered to job seekers.

Judge Allows ATF to Sue

U.S. District Judge Walter Smith last week opened the way for Bureau of Alcohol, Tobacco and Firearms agents involved in the siege of the Branch Davidian

compound to sue Waco media for allegedly causing the Feb. 28, 1993 blood bath.

In a 46-page ruling, Judge Smith said, "... the media arrogantly descended on the compound as if the First Amendment cloaked them with immunity from acting as reasonable individuals...."

More than 70 ATF agents and families of four ATF agents who died in the siege sued the *Waco Tribune-Herald*, KWTX-TV and an ambulance company, alleging that they tipped the Branch Davidians about the raid and caused the blood bath.

Smith's refusal to dismiss the agents' assertions that reporters' negligence caused the tragedy sets the stage for what could be an unprecedented trial on the legal bounds of media activity in dangerous police actions, the *Dallas Morning News* reported.

Reacting to the ruling, *Herald-Tribune* editor Bob Lott said the newspaper "did what a newspaper is supposed to do — cover the news — and we did it in a responsible fashion."

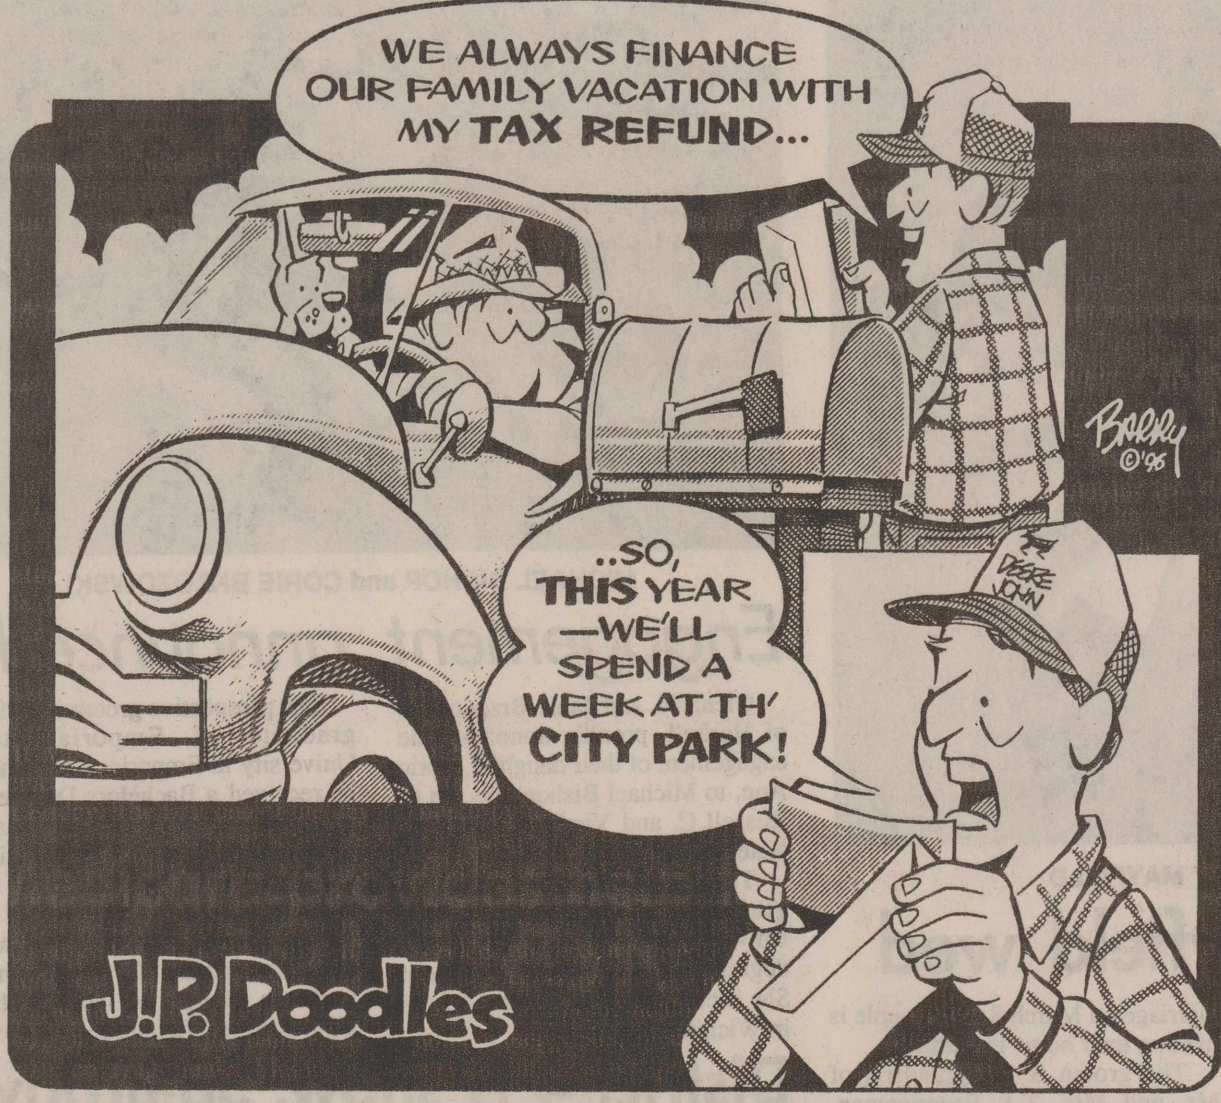

Perot Files FEC Paperwork
Dallas billionaire H. Ross Perot, who isn't saying whether he is running for president, has filed paperwork to keep his options open.

Perot has written the Federal Election Commission to register his Reform Party for the presidential election, and lists himself as the candidate. He said he was sending the notification because in many states "ballot access may be obtained only through circulation of petitions on behalf of named candidates."

Other Capital Highlights
The State Board of Education will consider 13 more applications for independent charter schools at its April 12 meeting. If the board approves all of the applications, there would be only one remaining slot for an "open enrollment" charter school in Texas. Board members approved six of the schools in February. In the school reform law passed last year, the Texas Legislature authorized a maximum of 20 independent charter schools.

A Proposed West Texas Radioactive Waste Dump

A proposed West Texas radioactive waste dump has cleared its first hurdle toward state approval. An environmental and safety analysis issued by the Texas Natural Resources Conservation Commission indicates that the proposed project satisfies requirements for state licensing. The Hudspeth County dump would be capable of taking in more than 45,000 cubic feet of low-level radioactive waste each year.

From the Prattle column by Al Hinds—This is a true story, and can be verified if need be. On Monday of last week a Haskell lady's dog became very sick. She took it to a Veterinary in a nearby town for treatment. The Vet checked the little dog and advised the woman to never give it Haskell water. Prattle has heard a number of times that Haskell's water was not fit for a dog...but now I know 'tis true.

It wasn't Friday, the 13th... but firemen answered three alarms here last Friday. The first one of the day

was around 10 a.m., south of town to put out a grass fire on pasture land back of the Bill Lane home. At 1:20 p.m., firemen were called to the northeast section of town when another grass fire broke out. A strong wind whipped the blaze to the edge of several unoccupied shacks, scorching the outside of one or two of the old shacks. At 6 p.m., a call was answered to 1011 No. Ave. D to the C.W. McElvan home, when fire broke out in the eye of the wash room, back of the house.

Haskell merchants are doing the best business in the history of the town, notwithstanding the fact that several new towns have been established in the county during the past six months. Nearly every store in town has had to employ one or more additional clerks this spring.

Medicare provides help for terminally ill

Caring for a terminally ill patient can be a difficult and stressful task. The stress can be eased, somewhat, if the patient has hospice coverage under Medicare. The special service, available only once in a lifetime, provides the highest degree of comfort care and convenience to the patient and his/her family.

The hospice benefit provides coverage for a variety of services not usually covered under Medicare. There are no deductibles and Medicare pays for services provided every day by a hospice. This benefit also permits a hospice to provide appropriate personal care, including homemaker services and counseling.

A hospice may be a public agency or a private organization that provides care for terminally ill patients. It is not a hospital. The terminally ill patient can be cared for in their home or as an inpatient at the hospice.

There is no limit to the number of times respite care can be used during an illness.

A terminally ill patient can qualify for the hospice benefit and Medicare Part A will pay for hospice care if all three of the following conditions are met.

1) A doctor certifies that the patient is terminally ill; 2) The patient chooses to receive care from a hospice instead of a hospital; 3) Care is provided by a Medicare-participating hospice program.

In addition to doctor and nursing

services, the hospice provides other Medicare covered services including medications, home health aide and homemaker visits, medical social services, medical equipment, short-term inpatient care (including respite care), and counseling for the patient and the caregivers.

The hospice benefit covers a seven-month period. This time can be continuous or, if the patient chooses, may be used in two 90-day periods, and then a 30-day period. If necessary, this time can be extended. The patient may stop the hospice benefit period, return to regular Medicare coverage, and then start the hospice benefit again, if

another benefit period is available.

The patient pays \$5 toward each prescription and 5 percent of the Medicare-allowed rate for respite care, approximately \$5. If a patient needs treatment for a condition not related to the terminal illness, Medicare continues to help pay for all necessary covered services under the standard Medicare benefit program.

If you are caring for a terminally ill person and have any questions about Medicare and the hospice benefit, visit or write your local Social Security office. You may also call our toll-free number, 1-800-772-1213.

Letters to the Editor

To the Editor:

I read with interest about the strategic planning session to be held by the Development Corporation of Haskell and the West Texas Utility Company.

I would like to say that I think Haskell is like a mouthful of teeth — mostly beautiful but ruined by an occasional black and decayed tooth. Those rotten teeth makes a bad smile!

You come in from the south and you find an old rotten falling down motel on the left and right. You drive around a bit and you see beautiful houses and then an old abandoned shack, or a yard full of old useless rusting machinery.

How nice it would be if land owners were required to do away with falling down structures and other eyesores. I guess a few people are just slovenly and they can ruin an otherwise beautiful town.

Jack Larned, Class of '34
San Antonio

Editor's note: There has been some progress made on the motel situation with the motel on the right (coming from the south), that Mr. Larned mentions, being in the process of renovation; however the one on the left still remains as an eyesore to travelers who are passing through Haskell or visiting here, as well as to the citizens of the community.

JUVENILE JUSTICE REFORM IN TEXAS

THERE IS both good news and bad news about crime in Texas. The good news is that the overall rate of crime is down. The bad news is that juvenile crime is still rising.

Texas Department of Public Safety statistics show that the crime rate has fallen 5 percent statewide in the past year. Furthermore, the rate of violent crimes dropped 9 percent, and 10 percent fewer burglaries were reported.

But DPS statistics also show that arrests of teen-agers went up nearly 5 percent. Unfortunately, this is not a recent trend. In the past 10 years, the number of arrests for violent crimes perpetrated by Texans between the ages of 10 and 16 have nearly tripled, going up 282 percent.

The following numbers and trends are indicative of a disturbing trend:

•14 percent of all arrests in Texas involved juveniles in 1984.

•26 percent of all arrests in Texas involved juveniles in 1993.

•Murders involving juveniles were up 291 percent from 1984 to 1993.

•Homicide is now the third leading cause of death among elementary school students.

Lessons from stopping adult crime

There are many reasons for the recent decline in adult crime rates, according to experts who study trends in Texas crime. But one reason is that we are putting away more criminals for longer terms. There are now more prison beds and fewer convicted criminals obtain parole.

In addition to creating more space for criminals and cutting the parole rate of our eligible convicts by 75 percent, the legislature has passed laws providing tougher sentences for violent and habitual criminals. Fewer repeat offenders on our streets mean fewer crimes committed by them.

Juvenile crime

A few years ago our first priority was to lower adult crime. During the 1995 Legislature, we turned our attention to combating juvenile crime. Prior to the legislative session, my office presented lawmakers with a plan to revise the Texas Family Code, the set of laws that governs the juvenile justice system.

To many young criminals, the juvenile justice system had become a joke — offenders knew that even if they were arrested, they could probably get off with a slap on the wrist. We needed to restore public confidence that justice would be served and that juvenile offenders would be held accountable for their illegal actions.

The juvenile justice system suffered from many of the same flaws that had plagued the adult system: inadequate correctional capacity and a disproportionate concern for the rights of the offenders versus the rights of their victims. We proposed a plan to guarantee that young criminals would meet swift, sure, and appropriate punishment.

Juvenile Justice Reform

In 1995, the Texas Legislature signed into law some sweeping reforms of our juvenile justice system. Restitution is a major component of the reform, and parents can now be held liable for the crimes of their children.

The Legislature rewrote the confidentiality provisions of the Texas Family Code. Those provisions were designed to protect delinquents from the "taint" of criminality; they were in fact protecting repeat offenders from prosecution.

Turning bad news into good news

The days when a juvenile could break the law and receive a slap on the wrist are over. With your support, we can turn bad news into good news and make our communities safer and better places for all Texans.

Donkey basketball show

Liniment in large doses will be the call for some hearty local residents when "Bob" Crosby brings his real live donkeys to town for a Donkey Basketball Show. The event will be sponsored by PALS and will be held at the Haskell High School gym on April 25, starting at 7 p.m. with the faculty vs. the students in the first game, followed by a game pitting the law enforcement against the fire department.

All four teams have been training extensively for this monumental event. Team coaches want to be ready physically and mentally and rumor has it that expert rodeo riders have been contacted on their expertise in riding.

Winners of the two games will meet head on in an eight minute championship bout immediately following the second game. Each of

the first rounds will consist of two eight-minute halves with a 15 minute intermission between the games.

The Crosby Donkey Ball Co. from Chippewa Falls, Wisc. will be providing the beast of burden.

Adding to the fun are rules accompanying the game, such as not holding the ball for more than 15 seconds, no out-of-bounds, time-outs for emergency only, the wearing of padding and football helmets, and the fact that each player is responsible for his own donkey while it is on the floor and a broom and shovel will be handy at all times.

Tickets are \$5 for high school and adults in advance and \$7 at the door; \$3 for grade school students in advance and \$5 at the door. Tickets are available at Heads or Tails, Video Mania and First National Bank.

Rehab Trail Ride, Sat. & Sun.

participants' free will donations will go directly to West Texas Rehabilitation Center in Abilene and San Angelo.

The weekend will feature a day-long ride on Saturday and shorter ride on Sunday morning. Three meals, water, first aid, and restroom facilities will be provided.

To sign up for the trail ride or for additional information, contact John Thomas, 915-691-7290 or Mac Sayles, 915-554-7884, after 7 p.m.

Church of Christ Spring meeting

Youth Evangelist John Snider will be preaching in a revival meeting, April 14-17, at the Haskell Church of Christ, and will be teaching a special class on Sunday morning of all youth and young adults. Sunday night, he will be sharing with the teens during a devotional time.

Many will remember Snider from his ministry days at the Church of Christ in Weinert from 1972-1974.

Snider grew up in Wyoming on a sheep and cattle ranch. He attended grade school and high school there, where he graduated from Sundance High School. After graduation from high school, he attended the University of Wyoming for a year and then transferred to ACU in Abilene, where he received both a Bachelors and Masters Degree in Bible.

He and his wife, Patty, have three children, Chet, a sophomore at LCU, Cara, who is in junior high school and Chance, a sixth grader.

Food for Thought

"Strong in faith."—Romans 4:20

Christian, take good care of thy faith; for recollect faith is the only way whereby thou can obtain blessings. If we want blessings from God, nothing can fetch them down but faith. Prayer cannot draw down answers from God's throne except it be the earnest prayer of the man who believes.

Faith is the angelic messenger between the soul and the Lord Jesus in glory. Let that angel be withdrawn, we can neither send up prayer, nor receive the answers.

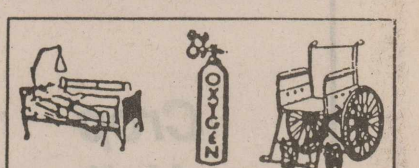

Faith is the telegraphic wire which links earth and Heaven—on which God's messages of love fly so fast, that before we call He answers, and while we are yet speaking He hears us. But if that telegraphic wire of faith be snapped, how can we receive the promise?

Am I in trouble?—I can obtain help for trouble by faith. Am I beaten about by the enemy?—my soul on her dear refuge leans by faith. But take faith away—in vain I call to God.

There is no road between my soul and Heaven. In the deepest wintertime, faith is a road on which the horses of prayer may travel—aye, and all the better for the biting frost; but blockade the road, and how can we communicate with the Great King?

Faith links me with divinity. Faith clothes me with the power of God. Faith engages on my side the omnipotence of Jehovah. Faith ensures every attribute of God in my defense. It helps me to defy the hosts of hell. It makes me march triumphant over the necks of my enemies.

But without faith how can I received anything of the Lord? Let not him that wavers—who is like a wave of the sea—expect that he will receive anything of God! Oh, then, Christian, watch well thy faith; for with it thou can win all things, however poor thou art, but without it thou can obtain nothing. "If thou can believe, all things are possible to him that believes."

This Week's Devotional Message:

FAITH REMINDS US THAT WEALTH ONLY RAISES OUR TAXES

Since money was invented by Those folks of long ago, We've often seemed to magnify The need for earning "dough." It's handy to a great extent To cure financial ills, As well as for the food and rent, And paying doctor bills.

Yet some of us will break our backs To seek excessive wealth, Which only brings a higher tax And undermines our health. It's time we let our faith explain The best of life's reward: That we receive our greatest gain By trusting in the Lord.

Sagerton News

By Dorothy M. Clark

Another glorious Easter day has come and gone and will be remembered for years to come as most unusual in that we received a record snowstorm the day before. We are thankful for the much needed moisture that was recorded and look forward to Spring now and all the beauty of growing things.

Our community is saddened by the death of one of our longtime residents, Henrietta Stegemoeller. She died at Rice Springs Care Home in Haskell, where she had been a resident for many years. Funeral service was held Monday morning, April 8, at Faith Lutheran Church. Family members here for the service included her sons, Harvey and Marion Stegemoeller of Evanston, Ill. and Kenneth and Nan Stegemoeller of Rowley, Ma. and Kenneth's children, Charles, Annette and Michael Stegemoeller of League City, Dan and Judi Stegemoeller of Plano and Diane and Chris Hurst of Carlos, Ca. Friends of the community fondly remember Henrietta for her happy disposition, sly humor, good food and the unique way she had in decorating for the little "spooks" who came by to trick or treat at Halloween time.

Harvey and Marion Stegemoeller spent the weekend in the home of Delbert and Joyce LeFevre and the Kenneth Stegemoellers stayed with Leon and Mae Stegemoeller.

The Rule One-Act Play won another competition and will be going on to the Regional competition in Abilene on April 20.

Saturday visitors in the home of G.W. and Ophelia LeFevre included Jack and Tina LeFevre of Big Spring, Betty LeFevre of Haskell, Jackie LeFevre of Rule and Troy and Yvonne Trussell of Hawley. Some of them visited during Hee Haw weekend and attended the show.

Earl and Wilma LeFevre of Odessa and Gib Rogers of Dallas visited with the G.W. LeFevres recently. Also visiting was Billy Beil of Farmington, N.M. He and Mr. Rogers visited with their mothers, Vera Beil and Mrs. Rogers of Stamford.

Visitors in the Fred and Billie Kupatt for Hee Haw and Easter included Cleo and Frances Atha of Austin, Patricia Spaw of Midland and Kris and Jaydee Ward of Big Lake.

Guests in the home of Leo and Minnie Monse for Easter were Frank and Isabell Mrazek of Aspermont, Bubba Mrazek of New Braunfels, Mike, Marla, Micha and Mitchell of Lubbock, Doris Lehrmann of Rule, Ricky, Carla, Brian and Megan Lehrmann of Katy, Charles and Maty Vahlenkamp of Sanger and Virgil and Geneva Vahlenkamp of Denton.

On Palm Sunday, Leonard Kieke, Mary Neinast and Clancy and Helen Lehrmann attended the musical production, "How Great Thou Art," presented by the choir of Wylie Methodist Church. Lyndell Quade from Sagerton portrayed the part of Jesus.

The Lehrmann family held their annual family reunion in Rule at the Lions Club building with Larry and Greg Lehrmann family members hosting.

Over 60 people attended from Denver, Colorado, Hobbs, N.M., Snyder, Abilene, Lubbock, Fort Worth, Houston, San Antonio, Colleyville, Old Glory, Sagerton, and Rule. Next year's reunion will be held on Memorial Day weekend hosted by the same families.

Weekend visitors in the home of Clancy and Helen Lehrmann included Buddy Letz of Wylie and his daughter, Teri from Perrin. Their daughter, Gail, from Denver spent the Easter weekend, and Sunday dinner guests included Steven, Karen and their family.

Upcoming events at Faith Lutheran for the week of April 14 include a congregation meeting following the morning service; Family night at 6 p.m.; Friendship club on Thursday; and men's breakfast on Friday.

Greenwood moves to HNB

Robert A. Howard, Chairman of the Board and Chief Executive Officer of the Haskell National Bank, is pleased to announce the employment of Dickie Greenwood as Senior Vice President.

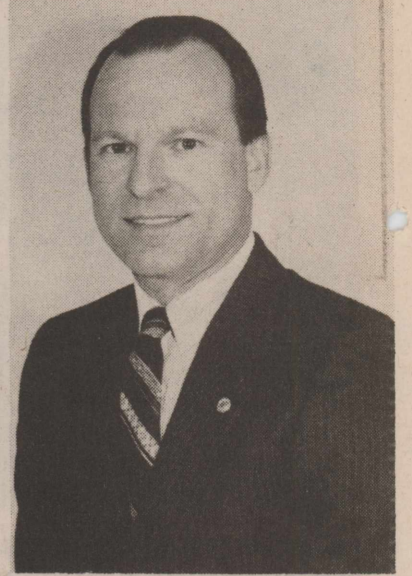

Greenwood's duties will include personal banking such as consumer loans (auto, mortgage, home improvement, etc.) and consumer deposit relationships. He also will be active in business development and public relations for the bank.

A veteran financial officer, Greenwood formerly served as branch manager for First American Bank for thirteen years. He brings experience in consumer and mortgage loans, as well as management skills and budget experience to his new job. In his tenure with First American, he served as assistant division manager for 12 branch offices and branch coordinator for eight branch offices plus a motor bank.

He began his lending career as an assistant emergency loan supervisor for the USDA Farmer's Home Administration in Haskell. He recently completed a sales course conducted by the Essex Corporation and two consumer lending courses produced and presented by Omega Performance.

Greenwood is a 1980 graduate of Tarleton State University, with a bachelor of science-agricultural business degree and the Texas Savings and Loan School in Austin.

The Rochester native takes an active part in civic and community activities in both Haskell and the county. He is a past president of Rotary Club; he currently serves on the scholarship committee and

Greenwood and his wife, Melissa, have a nine-year-old son, Adam and a six-year-old daughter, Shannon. They live in Haskell and are members of the First Baptist Church.
