Decision on jails delayed indefinitely

During a meeting of the Texas Department of Criminal Justice in Houston last Thurs. and Fri., attended by Monty Montgomery, Executive Director of the Development Corporation of Haskell, Mayor Ken Lane, City Alderman Fred Hernandez, and City Attorney Shane Hadaway, it was learned that the awarding of the Intermediate Sanction Facility has been indefinitely delayed.

In discussion with Wayne Scott, Executive Director of the TDCJ, he indicated that the decision to delay is due to over capacity of available beds of the Texas Department of Criminal Justice.

Scott also indicated that a decision could be made as early as March or as late as the end of 1999.

In one on one conversations with the Haskell delegation, eight out of the nine TDCJ board members present at the meeting said that the letter writing campaign by Haskell was overwhelmingly impressive. This was also mentioned by Scott and his staff members.

Director Scott and the board members told the Haskell delegation that the decision on this project currently rests with the legislature. With this in mind, and with the success of the letter

writing campaign to the board, the Development Corporation of Haskell will be organizing a new letter writing campaign to the criminal justice committee members of the Texas House and Senate. Montgomery said that as soon as the information of committee appointments is

available, his office will make a letter available for Haskell citizens to sign and mail.

Montgomery said that the Development Corporation of Haskell, the City of Haskell and the County of Haskell will continue to pursue this project. The financial experts putting together the bond package for the Regional County

Jail and the Intermediate Sanction Facility have informed the Corporation that the projects will have to be financed together, meaning that one project will not happen without the other. That is the importance cited by Montgomery of everyone sending letters to Austin.

Social Security presentation set February 8 at ECC

A presentation on Social Security will be made at the Haskell Experienced Citizens Center on Mon., Feb. 8 at 11:15 a.m. by Glyn Hammons, retired Abilene Social Security District Manager and currently Volunteer Advisor for the National Committee to Preserve Social Security and Medicare.

The presentation will focus on

the present status of Social Security, projections for the future and what individuals can do to influence any changes. There has never been a time more critical to the future of Social Security and positive changes can only be made if every person is well informed and lets lawmakers know what those changes should be.

In addition to his work with the

National Committee to Preserve Social Security and Medicare, Mr. Hammons is a member of the advisory board of the Area Agency on Aging, treasurer of the Abilene Meals on Wheels board, a member of the Taylor County Expo Center board and is actively involved in Aldersgate United Methodist Church and the Abilene Kiwanis Club.

Art Club announces completion of mural

Work has been completed on the restoration of the mural on a wall of the building at the Northwest corner of the Haskell County Courthouse square.

Taking advantage of the unusually warm January weather, artists from Abilene joined together

last Thursday to complete the work on the mural. Anthony Brown and Linda Murray, who contracted to restore the painting as near as possible to the original, enlisted the help of Esme Glenn, Paul Friske, and Sarabeth Clevenger, all of Abilene.

The paintings were first done in 1982 by Brazos West Art Club members, including Eunice Helwig, Omite Amonette, Anita Herren, Ora Childress, Pauline Norman, Iva Lee Gipson, Faye Schnuringer, Laverne Barnett, Faye Stewert, Gladys O'Neal, Martha Spitzer, Judy Benton, Florence Larned,

Clara Gholson, and Sophia Hix.

Total cost of the restoration project was \$1,500.00. The Haskell Chamber of Commerce pledged \$750.00, and the rest was raised by Art Club members through donations from Haskell businesses, local organizations,

and a bake sale by the Art Club.

Local artists, members of the Brazos West Art Club, were pleased with the results of the restoration to the old mural. They have expressed their thanks to all who contributed to complete this project of beautification for the city.

MURAL RESTORED—Sponsored by the Brazos West Art Club, and made possible by donations from groups and individuals, artists have finished the project of re-

storing the downtown mural depicting historical scenes of early life in the Haskell area.

Around Town

By Joyce Hawkins

There are lots of people who are ill with one thing or another. We are hoping everyone is soon well and about again.

Billie Jean Walters is recovering very nicely after having triple bypass surgery last week.

Wilda Medford is in a Lubbock hospital after falling on Sat. morning and breaking a leg.

Berniece Hilliard is under the weather but is slowly recovering

and lots more I don't know about.

Hope Josselet had her son David Josselet visit her on Sun. and help her celebrate her 82nd birthday.

Darlene Conn and her children Daniel and Julie have moved back to Haskell. Welcome back.

Visiting on Sun. afternoon with Mr. and Mrs. George Gray was their daughter and husband Chuck and Judy Hicks of Abilene.

Jim and Lisa McTansey honored

her mother, Nancy Morales, on her birthday by having dinner at Mediterranean in Abilene.

Ernestine Herren had her grandson and wife Will and Melinda Archibald of Anaheim, Calif. visit her. He did some errands for her while here.

Barbara Jenkins visited her mother Mrs. Cecil Lackey and attended the funeral of her uncle Cliff Nicholson.

Mr. and Mrs. Frank White's daughter Dorann Redding from Seymour came over on Tues. and took them to Abilene for Joyce to see a doctor.

Bud and Barbara Farnsworth from Hot Springs, Ark. visited with C. E. and Viola Tidwell and Dan Burson on Mon. Barbara is a niece of C. E.'s and first cousin to Dan Burson. All enjoyed a good visit together.

SWEETHEART—Ashton Rutkowski of Haskell has been named this year's Sweetheart of the Stamford Jr. Sheriff's Posse. She will be filling the spot previously held by her sister, Brittany Rutkowski. Both girls are following in the footsteps of their mother, Glenda Gayle Chapman Rutkowski, a former Miss Rodeo Texas.

Study Club announces Cooper Fiddlers concert

The Progressive Study Club met Jan. 14 in the Haskell National Bank Community Building.

Debbie Earles introduced the guest speaker, Melyn Wittenborn, who owns Melyn's Landscaping Design. Mrs. Wittenborn is the daughter of Bob Mickler and the late Rose Mickler. She is a graduate of Paint Creek High School and Neil Sperry Landscaping School. She is married to James Wittenborn and they have a son Ross. Her first love of flowers came from her grandmother's rose garden.

Mrs. Wittenborn presented her program *Focusing on Conservation*, with slides showing her landscaping of the home of Sheila McMeans, the Lutheran Church, her own home and Shirley

Mickler's home on Lake Stamford. She recommends a curvature flowerbed for its attraction and ease of mowing. To obtain an attractive design she curves a garden hose on the ground until the shape is satisfactory. She stated that the most important part of any flowerbed was the preparation of digging out grass and filling with mixed organic compost matter, then tilling it in and considering the size of the mature plants.

Mrs. Johnson announced that tickets for the Feb. 11 Cooper Fiddlers concert are available. There will be 220 reserved seats at the Haskell High School Auditorium, to be given out by participating clubs. There is no charge for the tickets, but a ticket must be presented to get a reserved seat. There will be limited non-reserved seats.

SERVICE PROMOTION—Tyrone Thomas, son of Lola Thomas of Haskell, has been promoted to Petty Officer Third Class. His achievement is a testament to his dedication to USS Stephen W. Groves (FFG-29) and to the U. S. Navy.

Nancy Robinson to visit H & G Society meeting

The Haskell County Historical and Genealogical Society will hold a meeting on Feb. 1 at the First National Bank Community Room at 7 p.m.

The guest speaker will be pilot, Nancy Robinson Masters, who lives on a farm in the Elmdale community east of Abilene with her husband, veteran aviator, Bill Masters. To quote Nancy, "My program will be 'Sleeping in the Bath tub in the Drought' and will be a humorous look at life in West Texas between 1950 and 1957 from the viewpoint of a cotton farmer's kid learning to read the headlines and between the lines of the hometown newspaper. It will include some of the history of

Arledge Flying School (Stamford airport related) during WWII and after."

Nancy's "ups and downs" articles have appeared in the Abilene Reporter News for years. She is a 1967 graduate of Stamford High School. She is the author of 14 books and during her 25 year career as a freelance writer, her more than 3,000 articles and features have appeared in magazines, newspapers and trade journals around the world. In the past three years, she has spoken to more than 150,000 students in public schools across the United States, emphasizing the importance of reading and writing.

Paint Creek Powerlifters compete

Paint Creek's Powerlifting team competed in Hamlin Sat., Jan. 23 with over 100 other area athletes in the first powerlifting meet of the season. All students compete by weight class and are ranked by their total weight lifted. Each competitor must perform their maximum in the bench press, squat and dead lift. Coached by Greg Priddy, Paint Creek has had a power lifting team for the past three years.

Wesley Lefevre competed in the 132 lb. weight class and won his class with a total of 845 pounds. Sean Dancer also won his weight class, 198 lbs., with a total lift of 1075 pounds. Eugene Escamilla placed 4th in the 148 class with a total of 770 pounds. Other competitors were Ricky Goulet in the 123 weight class and Ryan Mueller in the 165 weight class.

The team will travel to DeLeon this Sat. for their next competition.

POWER PACKED—Paint Creek's Powerlifting Team that successfully competed with over 100 area athletes in Hamlin last Saturday, included, from the left, Wesley Lefevre, Sean Dancer, Ryan Mueller, Eugene Escamilla, and Ricky Goulet. The team is coached by Greg Priddy.

Rule Ladycats defeat Lady Steers, 45-43

Anytime that Rule and Rochester meet, whether it be on the football field, basketball court or any other activity, you are assured of a hard fought, close, down-to-the-wire contest. The Rule Ladycats and Rochester Lady Steers held up to that reputation Tues. night.

The Ladycats beat the Lady

Steers 45-43 in the last 2 seconds of the ballgame with 2 clutch free throws made by senior Deborah Wilson. Rochester led by as much as 12 points in the third quarter, but the Ladycats wouldn't give up. Good defensive pressure by the Ladycats down the stretch enabled Rule to come out on top. Rule outscored Rochester 20-8 in the fourth quarter.

Seniors Deborah Wilson and Lezli Jenkins pulled together and combined for 20 points in the fourth quarter. In the fourth quarter,

Jenkins scored 8 of her 14 points and Wilson scored 12 of her 20. Wilson also was 6-6 from the free throw line in the fourth quarter and 10-12 on the night, with the last 2 free throws with 2 seconds left in the ballgame.

Also scoring for the Ladycats were Tiffany McDuff with 7, Stephanie Stephens and Latisha Trussell with 2 each. It proved to be an exciting game for players, coaches and fans. Rule Ladycats lead District 23-A girls with a 3-0 while Rochester drops to 0-3.

EXPERIENCE IS STILL THE BEST TEACHER

The Future Farmers of America and the 4-H programs develop young people with classroom knowledge which could be applicable to a learning-by-doing. Students learn from others who have more experience but, in the end they do it themselves. Experience is still the best teacher.

Inauguration Moments

Inaugural Remarks

by Lieutenant Governor Rick Perry

I am truly humbled that the citizens of Texas have given me the honor of serving as the Lieutenant Governor of our great state.

One-hundred years and two days ago, Governor Joseph Sayers and Lt. Governor James Browning came to the 11 year-old Capitol building during one of the coldest winters ever recorded in Texas and took the oath of office.

The Texans assembled on that day could not have imagined what the 20th Century would bring or the role Texans would play in the most American of centuries.

The American century brought miraculous achievements in medicine, science and technology. It brought opportunity based on individual actions and character rather than race, gender or background. It brought unrivaled economic achievement and charity that helped feed, clothe and care for the needy at home and abroad.

There were dark days as well. Depression, tyranny and two world wars. Anyone who saw *Saving Private Ryan* or read *Citizen Soldier* last year has a vivid picture of the price countless 'ordinary heroes' paid for our freedom, opportunity and hope.

Two of those 'ordinary' heroes—my personal heroes, both Texans—are represented here today.

There was the young Navy pilot shot down over the Pacific. That aviator came home a quiet hero, only to become a father, businessman, public servant and President of the United States, President George Bush.

Then there was the 18 year-old kid from West Texas who stuffed himself into the tail of a B-17 bomber for 35 missions over Europe. He came home to become a farmer, a county commissioner and my hero. My Dad, Ray Perry is with me today.

Throughout this century, in times of war and times of peace, ordinary Texans from Roy Benavides to Barbara Jordan, to ministers, teachers and working moms like Anita Perry, have done extraordinary things to serve, protect, educate and care for their neighbors.

In this place 100 years ago outgoing Governor C. A. Culberson reported that, "the condition of the state is in the highest degree satisfactory, has greatly improved during the past four years, and the popular demand for legislation has been met by the legislature with . . . rare fidelity."

We can say the same thing today. Texas approaches the next century on firm footing, in part, because we've been blessed with three great leaders and a host of outstanding citizen-legislators.

Governor George W. Bush has done in office what he said he'd do. He's brought respect, civility and unity to state government. He's cut taxes, restrained government growth, and improved the health, education and welfare of the State of Texas.

George W. Bush is a man of character. The type of person we can point out to our children and say, we want you to grow up to be like him.

Speaker Pete Laney embodies the best attributes of the High Plains farmer he is—honorable, practical, fair and tough. A man whose actions speak louder than his words, and whose actions are always taken to improve Texas.

Texans love my predecessor because they know that above all Bob Bullock loves Texas. He's become known for ending all of his speeches with a brief benediction, 'God Bless Texas.'

So perhaps the best way to express our love and gratitude is to simply say, 'God Bless Bob Bullock.'

We can't predict what the next century will bring any more than those who stood on these grounds 100 years ago could. But we can be sure that Texans will continue to lead, to innovate, to improve the lives of our children and those in need, and to change the world into the next millennium.

That change—that future—starts with education. All education policy must focus on what's best for the children of this great state. Our children matter more than politics or process. They must be armed with the basic skills they need to learn and achieve, starting with reading.

To help our children succeed, Texas must continue to invest in our public schools, increase academic standards and accountability, and encourage local control and parental involvement. The teachers who plant the seeds of tomorrow should have the opportunity to grow, both professionally and financially.

We must continue to improve our criminal justice system and give our law-enforcement officials and communities the tools, technologies and tough laws they need to reduce crime, particularly juvenile and drug related crime.

We can help prevent that crime—and keep our children learning and out of harms' way—by encouraging faith-based, non-profit, civic and business groups to create After-School Centers in our schools and neighborhoods.

Once our basic education, criminal justice, infrastructure and human service priorities are met, we should give the people of Texas some of their money back in the form of tax cuts. Cutting taxes, reducing regulation, curtailing frivolous lawsuits, and restraining the size and scope of government will help create the jobs, opportunity and innovation Texas needs to succeed.

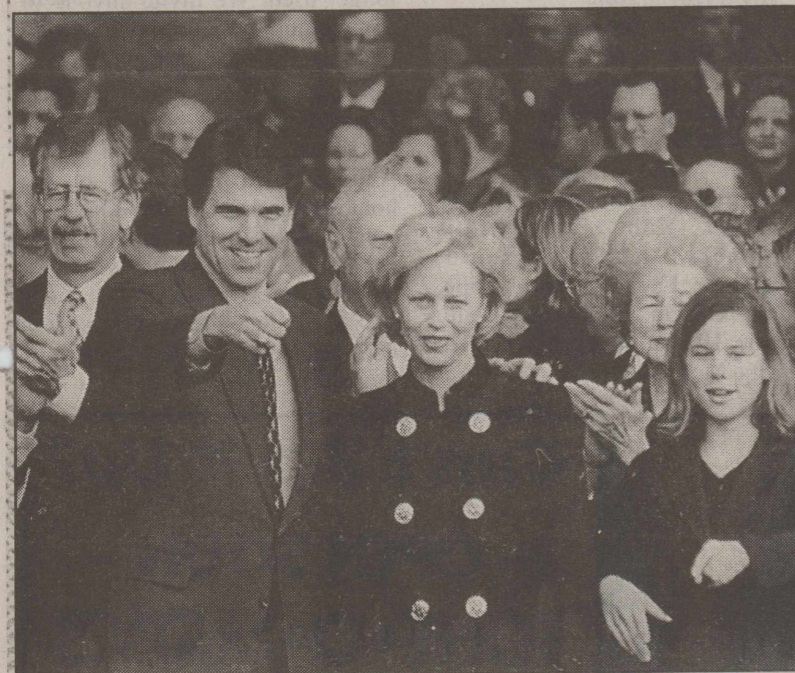

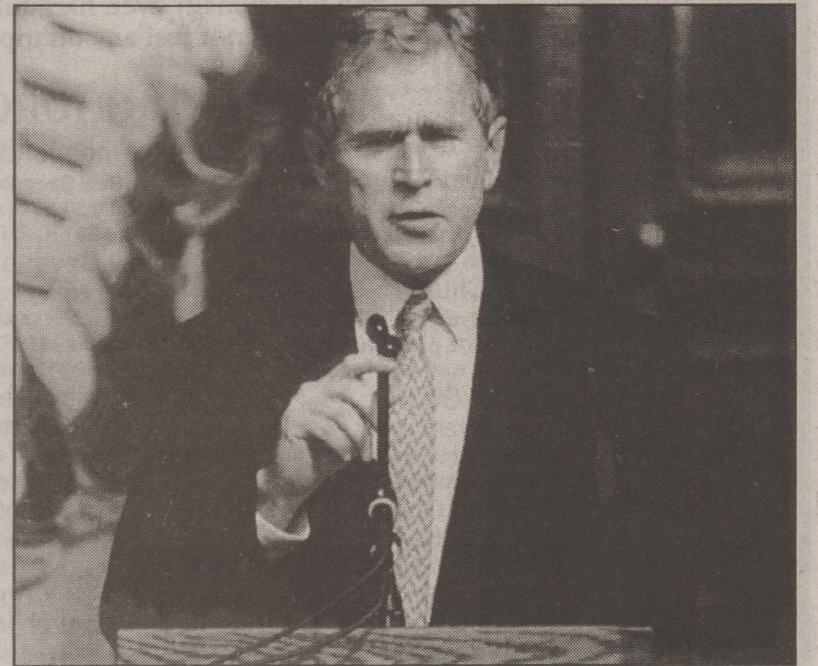

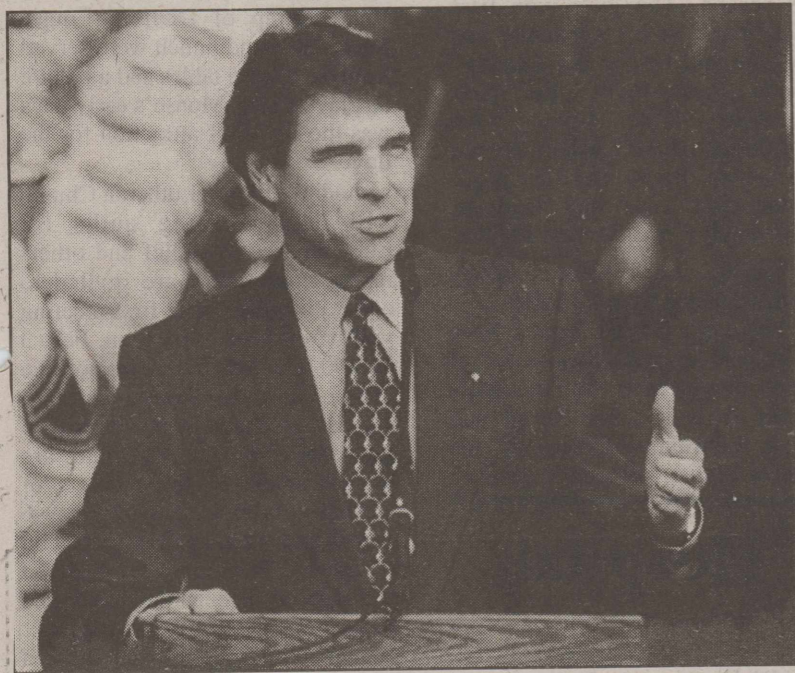

Today, at the dawn of the 21st Century, Texas is full of hope, optimism and resolve.

I thank you again for this incredible honor and pledge to represent you with honesty and integrity. To put partisanship aside, working with Governor Bush, Speaker Laney, 31 outstanding Senators and 150 House members to do what's best for Texas.

One-hundred years from now, I want the members of the 126th Legislature to look back on our work and recall that we made life better for our citizens, particularly our children, senior citizens and the less fortunate among us.

I want Griffin and Sydney Perry and their generation to inherit a Texas with safe streets, the best schools in America and economic opportunity for all.

I know that together we can build a future full of hope, opportunity and achievement. *Juntos podemos* because Texas matters most.

Sagerton News

By Dorothy M. Clark

Residents are reminded of the monthly community supper to be held at the center next Tues. night at 6:30. That will be Feb. 2. Yes, Jan. has flown by and soon we'll be getting ready for the big event of the community...the Sagerton Hee Haw. For the supper on Feb. 2, James Gellner, Mary Neinst, Corine Lowack and Wilma Teichelman will be serving a brisket and bean menu and ladies of the community are asked to bring salads and/or desserts.

and Mandy Hunt of Sagerton are also on the girls' team and doing an outstanding job.

The Friendship Club met at Faith Lutheran Church last Thurs. for its monthly dinner. Birthdays recognized were for Joe Clark, Alvin Ulmer, Minnie Monse and Pastor Jeff Zell. Anniversaries recognized were for G. W. and Ophelia LeFevre and Ray and Nancy Clark. Attending the dinner were: Mary Neinst, Alvin and Ev Ulmer, Michelle, Clay and Megan Toney, John L. Brooks, Isabell Mrazek, Minnie Monse, Doris Lehmann, Jack and Peggy Tabor, Ed Fouts, Pastor Jeff, Marie and Thomas Zell, Delbert and Joyce LeFevre, G. W. and Ophelia LeFevre, Frances Clark, Joe and Dorothy Clark. Also attending were: Ray Clark, Erma Boedeker, Lena Boedeker and Bonita Pevehouse, all of Stamford.

Funeral services were held at Faith Lutheran Church Wed., Jan. 20 for Oswald Kieke. Oswald was born in Haskell County, farming all his life and was married to the former Pauline Kittley. Paulie taught school in the Sagerton school for several years. Oswald was a member of Faith Lutheran and will be missed by his family and friends.

More congratulations are in order for the fine basketball players who represent our community at Rule. The jr. high teams have been having some outstanding wins, in fact, the girls have not lost a game this season. The girls won first place at the Rule tournament last weekend and first at the Lueders-Avoca tournament this past weekend. The boys won consolation at the Lueders-Avoca tournament. Brady Standifer plays on the boys' team and Sagerton girls playing are Kinsey Brown, M'Lynn Lehrmann, Abby Dudensing and Kristin Hertel.

The high school games have been very exciting with most of them being wins for the Rule teams with Michael Hertel and Brian Lehrmann scoring in the double digits. Yolanda Rodriguez

Minnie Monse was the honoree for her 90th birthday party held Sat. at Faith Lutheran Church, hosted by her daughters, Isabell Mrazek of Aspermont, Doris Lehmann of Rule and Geneva Vahlenkamp of Denton. Finger foods, cake and punch were served from decorative tables and a picture display of Mrs. Monse's early days was the center of attraction for the day.

Ladies of Faith Lutheran Church will begin making quilts for Lutheran World Relief and others in the community are invited to come join them. The first meeting will be on Wed. afternoon, Feb. 3 at 1:00 p.m. The quilts are not like most of us know about or make in our homes. They are the weight of lap robes, 60" x 80" and are usually made of three layers of washable fabrics, tacked every 6 inches and zig-zagged or serged on the edges. They are well received throughout the world and the project is a good way for everyone to clean out you closets of old sheets, blankets, bedspreads, curtains, double knit or cotton scraps and clothing that is no longer used. We invite anyone to come enjoy the afternoon or bring material to be used. For more information you may call Dorothy (Mrs. Joe) Clark.

George and Ruby Olson of San Angelo spent Fri. night in the home of Joe and Dorothy Clark and were joined by May and Leon Stegemoeller and Melvin and Annella Baitz for supper and games of 84. On Sat. the Olsons visited with her mother, Emma Rappelt of Stamford.

This Week's Devotional Message:

WE LEARN THAT THE RIGHT KIND OF PRAYERS ARE ANSWERED

Throughout the Bible and in the teachings at our House of Worship we are continually told to put our trust in the Lord, but that is just what we fail to do when we say our prayers as though we were giving God a shopping list. Some of our requests are indeed genuine needs, but all too many of them tend to be frivolous and unnecessary, and occasionally even harmful. Therefore, we should not feel any disappointment

when these trivial wishes are not granted. We should remember that the Lord knows what we really need without our having to tell Him, and our prayers to Him should simply acknowledge that fact and reaffirm our trust in His superior judgment, which enables Him to grant the right things. He knows far better than we do what is best for us and so whenever we pray, let us tell Him so. That's what prayer is all about.

BOARD HONORED—Haskell CISD Board members being honored this month are, left to right, former member Tiffen Mayfield, Danny Josselet, Mike Jordan, Melisa Robison, Dr. Tom Hairgrove, Keith Everett and Bob Aycok.

School recognizes trustees

January is School Board Recognition Month and Haskell CISD is joining other districts throughout the state to recognize the important contributions trustees make to their communities.

"These people unselfishly contribute their time and talents toward the advancement of public education. Elected by local citizens, these public servants receive no compensation for their tireless efforts," said Billie McKeever, Haskell superintendent.

Serving as board members of Haskell CISD are Bob Aycok, with 10 years service; Dr. Tom Hairgrove, 9 years; Danny Josselet, 9 years; Melisa McCauley Robison, 4 years; Mike Jordan, 2 1/2 years; Keith Everett, 1 year.

Board president, Bob Aycok, graduated from Haskell High School and Tarleton State University, and is a farmer and rancher. He and his wife Pam have two daughters, Amy and Angela, seniors at Haskell High School, and a son, Jason, of Big Lake. The Aycoks attend First Baptist Church. His goal for Haskell CISD is to make it as good as it can be.

Board secretary, Dr. Tom Hairgrove, veterinarian, graduated from Texas A&M University. He and his wife Peggy have a son, Ross, who is in the seventh grade at Haskell High School. They attend First United Methodist Church. Dr. Hairgrove's vision for Haskell CISD is achieving excellence.

Board vice-president, Danny Josselet, is a farmer and graduate of Haskell High School, as are his two children, Cody and Ember. He and his wife attend First United Methodist Church. His goal for Haskell CISD is to have better schools.

Melisa McCauley Robison is a graduate of Haskell High School and McMurry University. She and her husband Marc have two children, Macy and McCauley, students at Haskell Elementary School. She is a funeral director and attends First United Methodist Church. One of her goals for Haskell CISD is to keep the quality teachers and quality education we have.

Mike Jordan graduated from Idalou High School and attended Eastern New Mexico State University. He is an insurance adjuster/investigator. His children are Shawn and Shannon, both Haskell graduates. He and his wife Deanna attend First United Methodist Church. One of his goals is to provide students with a safe learning environment and the best education possible.

Keith Everett is a pharmacist and graduate of Haskell High School, Texas Tech University and Southwestern Oklahoma State University. He and his wife Jill attend First Baptist Church. Their two sons, Erick and Evan, attend Haskell High School. Everett believes that each student should have the opportunity to gain as

much as possible academically and socially as they prepare to become productive citizens.

Students in the news

Jonathan K. Lammert of Sagerton received a BS degree in Civil Engineering during mid-term commencement ceremonies at Texas A&M University in College Station.

Casey Burgess of Haskell, a

sophomore speech communications major, was named to the honor roll for the 1998 fall semester at Texas A&M University. The honor roll recognizes several thousand students for outstanding academic performance.

The Dean's Honor Roll recognizes students taking at least 15 semester hours who have maintained at least a 3.75 grade point ratio (GPR) out of a possible 4.0 during the most recent grading period.
