QUARTERBACK SNEAK—Jeff Blanks, Indian quarterback, sneaks in for a third quarter touchdown in the game against the state-

ranked Paducah Dragons Fri. night. The Dragons defeated the Indians 20-26.
Photo by Bill Blankenship

State-ranked Dragons hand Indians loss

The state-ranked Paducah Dragons held on just long enough to defeat the Haskell Indians by a close score of 26-20.

Haskell's safety on defense, Tyrone Billington, opened the scoring for the night with a 45 yard lateral fumble recovery at the 5:32 mark in the first quarter. The PAT was kicked by Ernest Palacios. The rest of the first half saw a see-saw defense battle between these two teams.

The Indians improved on their 7 point lead at the 3:51 mark in the third quarter when QB Jeff Blanks took it over the goal line on a one yard QB sneak. The PAT kick failed.

The Dragons, before their homecoming crowd, begin to show

why they were state-ranked and scored twice toward the end of the third quarter. Fullback Patrick Hemphill on a 4 yard run scored with 3:51 showing in third quarter; the PAT kick failed.

At the 1:58 mark, Hemphill scored again on a 14 yard run. The PAT kick failed for the second time to end the quarter with a score of Haskell 13, Paducah 12.

The fourth quarter gave both the Indian fans and the Dragon fans some great football action.

With 7:28 left to go in the battle, Eric Richardson caught a 44 yard pass from QB Pete Cruz. The 2 point conversion, a pass from Cruz to Richardson, was good. At the 3:00 minute mark left in the game, Hemphill again scored on a

52 yard run down the right sideline. The PAT kick failed.

It looked as if the game was over, however, the never say die Indians battled back to score at the 1:20 mark left in the game when wide receiver Eddie Loyd caught a 21 yard pass from Blanks. Palacios kicked the PAT.

Haskell then went for an on-side kick and just barely missed getting the ball back. Paducah ran out the clock to preserve their state rank.

Haskell's Dustin Threet had 52 yards rushing; Adam Diaz had 66 yards and Blanks passed for 117 yards.

The 8th grade team defeated the Dragons 22-20 while the JV team in a first time ever 9-man game won 29-0.

The Indians will again face a state-ranked team when they host the Roscoe Plowboys this Fri. night, Sept. 29, at Indian Field. Kick-off time is 7:30 p.m.

The 7th grade team plays at Roscoe Thurs., Sept. 28. Kick-off is 5:00 p.m. followed by the JV game.

Sailplane contest set Sat. and Sun.

The Texas Chiefs Model Airplane Club will hold their annual sailplane contest Sat., Sept. 30 and Sun., Oct. 1.

Events will be two meter and unlimited in classes for expert and sportsman. Plaques will be awarded to 3 places in each event and with an overall champion in each class.

The events will begin at 10 a.m. on Saturday and 9 a.m. on Sunday. Entries are expected from Amarillo, Lubbock, Plainview and Altus, OK. Spectators are welcome.

Green Thumb Older Worker Week promoted Sept. 24-30

Each year Green Thumb promotes Hire the Older Worker Week which spotlights the senior work force and the contributions they bring to the labor market and encourages employers to profit from their skills, abilities and experience. Since 1965, Green Thumb, Inc., has operated the Senior Community Service Employment Program which provides mature workers with part-time employment and training

opportunities.

According to Diane Cowan, program administrator, "During this important week, Sept. 24-30, let us focus upon the important contributions of our senior workforce and strengthen our commitment to assure that this important resource continues in the mainstream of our nation's economic and social development. In the new millennium, employers

should invest in the willingness, abilities and diversity of senior job seekers not only during Older Worker Week but year-round. Hiring experience, dependability, reliability and dedication is just good business!"

Funded through the U. S. Department of Labor, the program serves primarily rural areas in 132 Texas counties. Green Thumb gives older, economically-disadvantaged job seekers the opportunity of sharing their years of experience, hard work and dedication through work assignments in locally-based organizations. Through their participation, the seniors maintain their independence as productive contributors to their communities and profit from job-skills training which allows for transition back into private sector employment.

For more information regarding senior employment and training opportunities, contact Green Thumb, Inc., P. O. Box 7898, Waco, Texas 76714, 817/776-4081.

Free smoke detectors

The Haskell Volunteer Fire Department is taking applications for free smoke detectors. Applications are available at Haskell City Hall.

Bobcats spearhead 52-22 victory over Chillicothe

Rule Bobcat quarterback Josh Smith ran for two touchdowns and threw for three more to spearhead a 52-22 victory over Chillicothe Friday night.

Smith romped for a 7-and a 2-yard run in the second quarter and then connected with Ricky Truelsen (29 yard), Berto Sotelo (55 yard) and Justin Coker (44 yard) later in the game to complete his dominance over the Eagles

defense.

Rule racked up 447 offensive yards and 16 first downs while Chillicothe could only manage five first downs on 257 total yards.

Justin Coker led all tacklers with 14 for the Bobcats while Smith contributed 12 and Sotelo 11.

The win improved Rule to 2-1 overall while Chillicothe remains winless at 0-3.

Sales tax receipts down

Texas Comptroller Carole Keeton Rylander recently sent 119 Texas cities and 119 counties \$210.2 million in sales tax revenue. Sept. sales tax rebates are up 11.9 percent compared to Sept. 1999. Year-to-date, payments to cities and counties are up 8.1 percent compared to 1999.

The sales tax rebates Comptroller Rylander delivered include \$194 million to Texas cities, up 12.4 percent compared to Sept. 1999.

Sept. sales tax rebates represent sales taxes collected in July and reported to the Comptroller in Aug.

Haskell County had a 17.11 percent decrease for Sept., 2000 of \$18,016.96 in comparison to \$21,736.80 for Sept., 1999. 2000 payments to date of \$240,779.10 reflect a 1.95 percent decrease over 1999 payments to date of \$245,578.98.

The City of Haskell had a 17.32 percent decrease for Sept., 2000 of \$16,980.54 in comparison to \$20,539.87 for Sept., 1999. 2000 payments to date of \$221,980.53 reflect a 2.46 percent increase over 1999 payments to date of \$227,585.64.

O'Brien had a 13.56 percent increase for Sept., 2000 of \$20.60 in comparison to \$18.14 for Sept., 1999. 2000 payments to date of \$805.12 reflect a 6.71 percent increase over 1999 payments to date of \$754.48.

Rochester had a 39.89 percent decrease for Sept., 2000 of \$268.36 in comparison to \$446.47 for Sept., 1999. 2000 payments to date of \$5,222.51 reflect a 3.84 percent increase over 1999 payments to date of \$5,029.26.

Rule had a 1.60 percent decrease for Sept., 2000 of \$684.54 in comparison to \$695.73 for Sept., 1999. 2000 payments to date of \$10,815.38 reflect a 1.25 percent increase over 1999 payments to date of \$10,681.25.

Weinert had a 71.95 percent increase for Sept., 2000 of \$62.92 in comparison to \$36.59 for Sept., 1999. 2000 payments to date of \$1,955.56 reflect a 27.95 percent increase over 1999 payments to date of \$1,528.35.

Susan Combs to conduct town hall meeting Oct. 3

Agriculture Commissioner Susan Combs announced that the Texas Department of Agriculture will host a series of town hall meetings throughout the state. Commissioner Combs will meet with farmers, ranchers and rural community leaders to discuss issues that are affecting the

agricultural industry and rural Texas. The Haskell town hall meeting will be Tues., Oct. 3 at 5:00 p.m. at the Haskell National Bank Community Room, 601 North 1st Street. "I want to hear firsthand what's on the minds of the farmers, ranchers and citizens of our rural communities," Combs said. "I want to know what issues are affecting them, their families and their community and to hear their ideas and solutions for the future. "Agriculture is one of the most dynamic industries in Texas. By working with our producers and

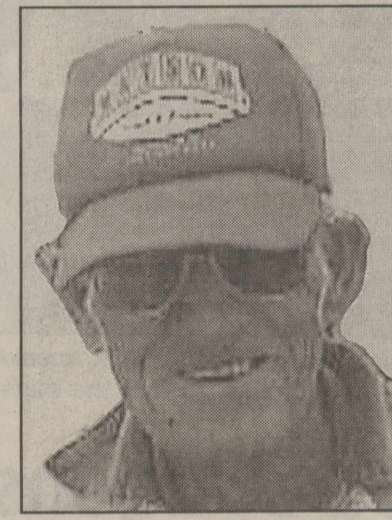

agribusiness leaders, we can keep our industry on the forefront of change in the 21st century," Combs said. TDA is working with the Texas Farm Bureau, Texas Agricultural Extension Service, Texas Rural Development Council and various commodity groups to organize these town hall meetings across Texas. The town hall meetings are free and open to the public. For more information on TDA town hall meetings or future dates and locations, contact John McFerrin, producer relations specialist at TDA at (512) 463-7593 or jmcFerrin@agr.state.tx.us.

PAINT CREEK PIRATES—Paint Creek Varsity Team members are: front, l-r, Tony Wharry, Jason Biba, Chris Hobbs, Paul Schonerstedt, Charles Roberts. Back row: Coach Johnny Garcia, Justin Crowson, Lee Wilson, Bronc Davis, Arron Duniven and Skeet Hope. Photo by Kis

Obituaries

William A. 'Dub' Harbin

WILLIAM A. 'DUB' HARBIN

Funeral services for William A. 'Dub' Harbin, 76, of Haskell were held Tues., Sept. 26 at Trinity Baptist Church in Haskell with Pastor Kenneth Blair officiating. Burial was in Willow Cemetery under the direction of Holden-McCauley Funeral Directors. Mr. Harbin died Thurs., Sept. 21 at an Abilene hospital. Born Oct. 23, 1923 in Tonkawa, Okla., he married Omyle Dowell June 5, 1942 in Hobbs, N.M. He was the manager of Nolan Brunson Farms Pecan Orchard in Hobbs for twelve years. He lived in Hobbs for 40 years and had lived at Lake Stamford for

the past 4 1/2 years. He was a member of Trinity Baptist Church. He was preceded in death by one daughter, Linda Kay Harbin. Survivors include his wife of 36 years; one daughter, Patricia McBride of Cape Girardeau, Missouri; one sister, Betty Summers of Tulsa, Okla.; three grandchildren and seven great grandchildren. Pallbearers were Charles Blair, Sammy Decker, Steve McBride, Ronnie McBride, B. J. Langston and Bill Swinney. Honorary pallbearers were J. B. May, V. L. McKinley, Joe Howard, James Hargis, Don Wallace and Marvin Baros. PD. NOTICE

Col. Frank Hixon Mock

Funeral services for Col. Frank Hixon Mock, USAF Retired; 73, of Tampa, Fla. were held Tues., Sept. 5. Burial was in Florida National Cemetery at Bushnell, Fla. with Mark III Funeral Home, Town & Country Chapel, Tampa, Fla. handling the arrangements. Col. Mock died Thurs., Aug. 31. A native of Pensacola, Fla., he graduated from Pensacola High School class of 1946. He was a veteran of World War II, the Korean War and the Vietnam Conflict. He received two AF Commendation Medals, a Meritorious Service Medal, a Bronze Star and a Joint Service Commendation Medal. He received an award for merito-

rious service for each assignment since being recalled in 1962. He served as Chief of Nuclear Weapons Maintenance for all of Europe and received a letter of commendation for establishing a special course for the Strategic Air Command. He also served as OIC of the Conventional Munitions Refresher Course for Southeast Asia. Survivors include his wife, Ethel Ruth Alvis Mock; a son Michael of Tampa, Fla.; two daughters, Suzanne Simmons and Tina Capriola, both of Tampa, five grandchildren; and his mother-in-law, Ethel Alvis Tidwell of Haskell. PD. NOTICE

Sagerton News

By Dorothy M. Clark

Beware, another month is just around the corner and soon we will be getting ready for the ghosts and goblins of Halloween. Autumn has officially begun and it seems that we can experience cooler weather from now on. We still await the rain, which we need so desperately for the wheat crop that will be planted soon. The farmers constantly live in hope and fields are being readied for next year's crop.

Bill Hertel has returned home from the hospital and seems to be doing somewhat better at this writing. Johnny and Sue Guinn continue to battle their illnesses and everyone is urged to continue praying for these neighbors who are so seriously ill.

Lou Hollander of Oklahoma City visited in the home of Clancy and Helen Lehmann recently. She is the cousin to Helen and grew up

in the Old Glory community, daughter of Eugene and Ella (Peachie Letz) Vanderworth.

Mary Neinast was hostess for the ladies 84 group that meets regularly for an afternoon of games and supper. Guests for the afternoon of fun included Corene Lowack, Leona Schonerted, Hilda Kieke and Jane Miller and Esther Kinman of Stamford.

Enjoying the Friendship Luncheon at Faith Lutheran Church Thursday, were Rev. Tommy Wilson, Mary Neinast, Jo Brown, Jack and Peggy Tabor, Alvin and Ev Ulmer and J. B. and Dorothy Toney. The September birthday honorees were Dorothy Toney and Ev Ulmer.

Mary Neinast attended the Davis Reunion in Haskell Saturday. About one hundred family members and friends were present.

Senior 4-H Club visits Haskell Healthcare Center

The Haskell Sr. 4-H Club held their meeting at the Haskell Healthcare Center.

The 4-H'ers presented a grandparents program to the residents. Members served refreshments and entertained. 13 members were present.

Club president Levi Terry opened the program with a welcome. Caleb Hudgens played the piano; Ross Bullinger played the violin; and Robbyn Tribbey sang *Carry Your Candle*. Cliff McGuire, Jennifer Smith, Whitney

Hise, B. J. Opsahl and Kerri Newton recited poems. Derrick Tribbey closed the program with a thank-you.

Charlie Smith, Tabitha Coker, Cliff McGuire and B. J. Opsahl furnished refreshments.

Lynette Tribbey and Debbie Brister, club leaders, were present.

A costume party, a scavenger hunt and a hay ride are planned.

For more information phone the Haskell Extension Office at 864-2658.

Cinnamon can do more than spice up your life

by Lou Gilly
Haskell Co. Extension Agent
Cinnamon adds zest to more than just food. The spice contains substances that, in test tube studies, wake up body cells to the hormone insulin. Because insulin controls the level of glucose in the blood, the substances may have the potential to delay or prevent adult-onset diabetes.

Nearly 6 percent of the U. S. population has diabetes and one-

third of them don't even know it. The large majority of diabetes cases are adult-onset, the kind that emerges when body cells fail to recognize and respond to insulin as well as they once did.

Scientists have been looking for a natural way to control insulin for over a decade. They found that a few spices, especially cinnamon, made fat cells much more responsive to insulin.

Study Club takes trip to Australia

When twenty-seven members and five guests of the Progressive Study Club of Haskell stepped into the Haskell National Bank Community Room Thursday evening, Sept. 14, for an International Affairs program on "Traveling Australia," they were invited to a dinner at the "Outback Room."

Echoing the theme of the program, "Flying high into the Millennium," the room was decorated with Australian maps, miniature kangaroos, bears and airplanes.

At tables centered with arrangements of large sea shells and hibiscus blossoms on mirrored surfaces, each place was marked with a koala bear "Welcome," and printed menu which began with a "complimentary glass of sparkling champagne on arrival," and a "Cheese Platter Australian," with assorted crackers.

Club President, Judy Patterson, welcomed the group and Sandy Forehand gave the invocation.

To the outback music of the Boom-A-Rangs, guests were served

Tasmanian Salad, Melbourne Kookaburra, Corn Husk Parcel and Tirari Dessert.

Oleta Cornelius introduced guest speaker, pilot Penny Montgomery of Moran, who began scuba diving and flying at the age of 46, after the death of her husband, making her first solo flight in 1977. She holds instrument and commercial licenses.

Born in Arkansas, she attended Texas Christian University and graduated from the University of Arkansas. She taught honors math in Marshall.

Montgomery went on her first flying caravan with ten planes flying to the Bahamas. In 1996 she joined thirteen planes in a caravan flight to

Alaska. Last November, taking one suitcase, she flew as co-pilot of a Cessna 182 with an Australian bush pilot on an eighteen day "flying safari" spanning Australia from the gold coast to Nambucca.

Beginning her presentation with the poetic quote of "breaking the surly bonds of earth," and being able "touch the hand of God" in flight, she showed colorful slide pictures and gave an overview of her trip.

Crossing tens of thousands of acres of wilderness, she filmed deserts, waterfalls, wildlife preserves, natural rock formations beautifully carved by the Australian aborigines, grape vineyards, herds of wild horses, wild camels, native birds, koalas, giant ant hills ten to twenty feet high and coastal beaches.

Showing pictures and specimens she brought back, Montgomery told of visiting the huge opal mines. At the end of her presentation she shared with the club some of the thirty pounds of macadamia nuts she brought back from the flying safari.

Julia Harrell presented the speaker with a gift of appreciation from the club.

Following the program, new yearbooks were distributed to the members. The theme for the new season is "Hands Building Bridges of Faith, Friendship and Service in the New Millennium."

Guests attending were Joe Ann Thane, Joan Strickland, Gail Warne, Nell Alsbrook and the speaker.

Hostesses for the evening were members of the Social Committee: Frances Lane; Kathryn Schonerted; Billie McKeever; Jill Druessedow; Mattie Felker; Mary Kaigler; and the Yearbook Committee: Eva Dunning; Sandy Forehand; Bettie Wainscott; Oleta Cornelius; Joan Medford; Julia Harrell.

Jack Stuard visits Haskell Garden Club

The Haskell Garden Club met Sept. 14 at the Bevers House.

A beautiful brunch was served on the patio and followed by a program given by Jack Stuard, Master Gardener. Stuard showed film on Irises and Daylilies and shared ideas on how and where to grow beautiful Irises.

Attending were Julia Harrell, Frances Bowen, Margie Dornier,

Mary Kammenga, Sharon Lusk, Birdie Fischer, Wilma John Pruett, Melyn Wittenborn, Sue Hertel, Florence Peden, Betty LeFevre, Loyce Rogers, Hazel Hale, Anne Foster, Nelle Amburn, Gladys O'Neal, Ruby Holt, Bernice Rhoades, Wanda Ham and guest Jack Stuard and his wife Pat.

A short business meeting followed the program.

Students visit Rotary Club

Jennifer Eubank, daughter of Teresa and Gary Loudermilk is active in Fellowship of Christian Athletes and on the War Whoop staff.

An A-Honor student, she has received the President's Award for Educational Excellence and the ILPC Award. Her favorite activities are talking on the phone and hanging out with her friends.

After high school, she plans to go to college

Heather Steele is the daughter of Bill and Pam Steele.

She is active in softball and and Fellowship of Christian Athletes. She is a four year A-Honor Roll student, was named to the Softball 1st team as catcher in 1998 and Honorable Mention Catcher in 1999, and received the President's Award for Educational Excellence in both '98 and '99

Her favorite leisure time activities are hanging out with friends, talking on the phone, playing softball and listening to the radio.

Future plans for her after high school include attending college.

Amanda Perry is the daughter of Bill and Kay Perry.

She is a member of the Presbyterian church. Her school activities include cheerleader, golf and band. She is on the A honor roll, is head cheerleader and is an All-American Cheerleader nominee.

In her leisure time she enjoys cheerleading and spending time with her family and close friends.

After graduating from high school, she plans to attend Texas Tech University.

Paige Hagadone is the daughter of Sue and Eddie Medford. She attends the Presbyterian church.

She is a twirler, a band member, in FFA and is Senior class secretary. She received the 8th grade Promise Award and the HOBIE award given to an outstanding sophomore student by the Kiwanis Club.

She enjoys socializing with her friends, talking on the phone and working on her computer.

She plans to attend TCU studying psychology and business. She would like to be a child psychologist.

Mule Creek Angus bull listed in report

Mule Creek Angus, Haskell, owns one bull listed in the 2000 Fall Sire Evaluation Report published by the American Angus Association headquartered in St. Joseph, Missouri. Issued in both the spring and fall, the new report features the latest performance information available on more than 5,903 sires.

"The American Angus Association has the most complete and comprehensive beef cattle database in the world," says John Crouch, American Angus Association director of performance programs. "Of the sires listed in the main report, 74 percent have expected progeny differences (EPDs) for carcass traits, which should assist cattlemen in choosing genetics that will produce a more consistent, higher quality beef product." EPDs are generated from performance data submitted by breeders through the Angus herd Improvement Records (AHIR) program.

Traits in which EPDs are available include birth weight,

weaning weight, milk, yearling weight and height, mature daughter weight and height and scrotal circumference, as well as carcass traits including carcass weight, marbling, rib eye area, external fat thickness and percent retail product. The analysis for the sire evaluation report is conducted at Iowa State University, by Dr. Doyle E. Wilson and Dr. Abebe Hassen.

Combs to be FB convention guest speaker

Haskell County Farm Bureau county convention and barbecue will be held Tues., Oct. 3 at 6 p.m. in the Haskell Civic Center.

Susan Combs, Ag Commissioner, will be guest speaker.

All Farm Bureau members are encouraged to make plans to attend.

Haskell National Bank receives superior rating

Haskell National Bank has been awarded BauerFinancial's 5-star Superior rating for the 33rd consecutive time. BauerFinancial Reports, Inc., the nation's leading bank research firm, recognizes Haskell National Bank's past and present Superior strength and performance through this prestigious award.

"It's a pleasure to award Haskell National Bank another 5-star Superior rating," said Paul A. Bauer, president of the research firm. "Haskell National Bank exemplifies the best in community banking. It is well-capitalized, profitable and committed to serving its community and customers," he added.

Secondhand smoke

by Lou Gilly

Haskell Co. Extension Agent Asthma, respiratory tract infections, middle ear infections and even sudden infant death syndrome have been associated with secondhand tobacco smoke. Asthma, which causes American children to miss ten million school days per year, is often triggered by secondhand smoke.

Extension health specialist, Linda Jouridine, says the toxins in cigarette smoke are especially harmful to young children, whose breathing capacity has not fully developed.

Jouridine says that not blowing smoke directly at children is not enough. Parents should restrict smoking to outdoors and children should not sit in smoking sections of restaurants. Smoking in the car can also cause a problem because the smoke is absorbed by the seats and inhaled by others.

Mary Jane Short receives honors

Mary Jane Short has been chosen, through nomination, application and interview, to be an Agri-Techsan, a select group of undergraduates who assist with recruiting for and promoting the College of Agricultural Sciences and Natural Resources (CASNR) at Texas Tech University.

"Only 30 out of 1,300 students are Agri-Techsans," said Angie Burkes, Coordinator of Student and Alumni Programs. "We look for people who are enthusiastic about Texas Tech and the CASNR, are willing to take an active part in our organization and can maintain their GPA while devoting time and energy to our purpose."

Each Agri-Techsan represents the college at several activities during each semester, as well as maintaining weekly contact with the Dean's office to keep updated on happenings. Phonathons, guided tours of CASNR and the University, receptions, University Days, Hamburger Feed and other special happenings are all events that take place on campus. Agri-Techsans also participate in at least two to three "Out-and-Backs," trips to area high schools and junior colleges. Some overnight trips involve representing Tech at the National and Texas FFA Conventions and at the Houston Livestock Show.

Short has also been named a recipient of the annual Texas Tech University Agricultural Communicators of Tomorrow/Farmer-Stockman writing award. To qualify, Short had to write a journalism piece to submit for review. Two winners were named.

"Mary Jane is truly deserving of this award," said her advisor and assistant professor of agricultural communications, Dr. Jacqui Lockaby. "We are grateful to have students of her caliber in our program."

Short, an agricultural communications/broadcast journalism major, is the daughter of Larry and Linda Short of Rochester. She is a 1999 graduate of Rochester High School.

RICH PALMA

RENEE DUDENSING

Republican chairmen honored

The Texas Republican Party recently honored two area County Chairmen for their service.

Immediate Past County Chairman, Renee Dudensing was presented a commendation for having served as Haskell County Republican Party Chairman for five different terms. She is the wife of Lynn Dudensing.

New Republican County Chairman, Rich Palma, who was presented a certificate of recognition, moved to a farm near O'Brien three and a half years ago. His wife, Mary Ann, grew up in Knox City. The couple pastor the Abundant Life Full Gospel Church, located five miles west of O'Brien. He received his psychology degree from the University of California and he provides for the needy. A

highly decorated Vietnam veteran, Palma served as a Federal Investigator after his retirement from the Marines.

Active in politics in the San Francisco Bay area and in Phoenix, Arizona, he has held several posts in city and county politics.

As a county chairman, Palma says his goal is to see that every Haskell citizen 18 years and older is registered to vote, and is encouraged to become a part of the political process so essential to our liberty. In reminding that Oct. 10 is the deadline to register for the November presidential election, Palma urges, "Register to vote; make sure you are informed on the issues and candidate's positions; and vote your conscience."

Ice is best for swelling

Heat might sound more soothing, but applying ice to an injury is the best way to keep swelling to a minimum.

"Ice should be placed on the area immediately after the injury occurs," said Dr. Lon Castle, a sports medicine specialist at Baylor College of Medicine. "Heat actually increases the number of

inflammatory cells in the injured tissue."

Ice should be applied two to three times a day, for 15-20 minute periods, as long as the area remains swollen. Castle warns, however, that applying ice improperly can actually do more harm than good. To avoid frostbite, place a thin cloth or other protective layer between the ice and your skin. Skin that is red, painful and tender to the touch could signal a problem.

All deadlines are 5 p.m. Monday

TO ALL INTERESTED PERSONS AND PARTIES:

West Texas Utilities Company has applied to the Texas Natural Resource Conservation Commission (TNRCC) for issuance of an Electric Generating Facility Permit, Permit No. 45523 which would authorize changes to and continued operation of Boiler Units 1, 2, 3, and 4 at the Paint Creek Power Station located 16 miles southeast of Haskell on FM 2082 in Haskell County, Texas. Additional information concerning this application is contained in the public notice section of this newspaper.

WRITER AND READER—John Erickson, author of *Hank the Cowdog* books, poses with young reader Hope Reid during his visit to the Haskell Elementary School Library, Aug. 29.

John Erickson visits Haskell Elementary

Elementary students from Haskell, Rochester and Rule were entertained by noted author John Erickson during his recent visit to Haskell Elementary School Aug. 29. Erickson presented "Hank the Cowdog in Concert" in two sessions during the day to the students and gave a third performance for the public that evening, following Back to School Night at Haskell Elementary.

Students and grownups sat in rapt attention as Erickson read excerpts and sang songs from a number of books in his famous *Hank the Cowdog* series. Often the audience was encouraged to participate by clapping along as Erickson played his banjo and sang lively songs he had written about Hank and his colorful ranch pals. At the end of the performance, the

audience was given a chance to ask questions about the author, his writing and his award-winning series of books. Those who came to the evening performance also had an opportunity to browse through the books and audiocassettes on display and make purchases at that time.

Hank the Cowdog has been a favorite book character, all over the country, for almost twenty years. Audiences of all ages love to read and hear the adventures of this self-proclaimed "Head of Ranch Security" and enjoy the clever, homespun ranch dialogue. In his performances at Haskell Elementary, John Erickson once again showed audiences that the Hank books are as unique and humorous as ever and will never grow old.

SWCD directors to attend state meeting

F. A. Ulmer and Dan Griffith, directors of the Haskell Soil and Water Conservation District, will be in Fort Worth, Oct. 2-4, to attend the 60th Annual State Meeting of Texas Soil and Water Conservation District Directors. The meeting will be held in the Radisson Plaza Hotel.

Others attending are Bobby Waddell, District Conservationist. Approximately 1,000 resource conservationists and their guests are expected to attend the meeting.

Attending conservationists will hear from several notable speakers who will address issues related to strengthening the conservation

district program on the state and national levels.

Speakers scheduled to address the group Tues., Oct. 3, include State Senator Mike Moncrief of Fort Worth; State Representative David Counts of Knox City; State Representative Jim McReynolds of San Augustine; and Jose Dodier of Zapata, president of the Association of Texas Soil and Water Conservation Districts. Edward Albrecht of Comfort, chairman of the Texas State Soil and Water Conservation Board, will preside over Tuesday's general session.

Allergy & Sinus

Allergy and sinus are two of the most common health complaints in the U.S., affecting as many as 30-50 million people a year.

A vicious cycle of nasal obstruction, excessive mucous production, blockage of secretions and recurrent infection characterizes this condition.

Treatment options are available and should be directed at the underlying cause. Decongestants and antibiotics can often control acute problems. Other methods are available to open the nasal and sinus passages, with and without surgery, for longer-term control.

This Week's Devotional Message:

GOD ENABLED PEOPLE TO WRITE THE BOOKS THAT WE ENJOY

Have you ever thought about how empty our lives would be if it weren't for books? We have them in our homes and yet seldom appreciate the wealth of learning and enjoyment they have brought to us. They are relatively inexpensive, particularly the paperbacks, compared to what they offer us, and they may be borrowed free of charge from our local library. Books cover virtually every subject in the world; including science,

history, astronomy, adventure, romance, westerns, mysteries, children's stories, advice on everything from cooking to gardening to home repair, etc., and religion, which includes the greatest book of all, the Bible. At your House of Worship, thank God for the ability He has granted to the authors of all those books, which have done so much to enrich our lives.

NOTICE OF RECEIPT AND INTENT TO OBTAIN AN ELECTRIC GENERATING FACILITY AIR PERMIT PERMIT NO. 45523

APPLICATION West Texas Utilities Company, P. O. Box 660164, Dallas, Texas 75266-0164 has applied to the Texas Natural Resource Conservation Commission (TNRCC) for issuance of an Electric Generating Facility Permit, Permit No. 45523, which would authorize changes to the existing operation of Boiler Units 1, 2, 3 and 4 at the Paint Creek Power Station located 16 miles southeast of Haskell on FM 2082 in Haskell County, Texas. The facility will emit the following air contaminants: nitrogen oxides. This permit will not authorize new construction or an increase in emissions.

This application was submitted to the TNRCC on August 28, 2000. The application is available for viewing and copying at the TNRCC central office, the TNRCC Abilene regional office, and the Haskell County Clerk's Office located at 1st Avenue D in Haskell, Texas. The facility's compliance file, if any exists, is available for public review in the Abilene regional office of the TNRCC. The TNRCC executive director has determined the application is administratively complete and will conduct a technical review of the application.

MAILING LIST You may ask to be placed on a mailing list to obtain additional information on this application by sending a request to the Office of the Chief Clerk at the address below.

PUBLIC COMMENT/PUBLIC MEETING You may submit public comments or request a public meeting or a notice and comment hearing to the Office of the Chief Clerk at the address below. The TNRCC will consider all public comments in a developing a final decision on the application. **The deadline to submit public comments is 30 days after newspaper notice is published.** After the deadline for public comments, the executive director will prepare a response to all relevant and material or significant public comments.

The purpose of the public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

After the final deadline for public comments following any public meeting or notice and comment hearing, the executive director will consider the comments and prepare a response to all relevant and material or significant public comments. If any comments are received, the response to comments, along with the executive director's action on the application, will be mailed to everyone who submitted comments or is on the mailing list for this application.

OPPORTUNITY FOR A NOTICE AND COMMENT HEARING A person who may be affected by the emission of air pollutants from the site may request a notice and comment hearing. The TNRCC may grant a notice and comment hearing on this application if a written hear-

ing request is filed within 30 days after publication of this newspaper notice. The purpose of a notice and comment hearing is to provide an opportunity to submit comments on the draft permit. If a notice and comment hearing is granted, all individuals who submitted written comments or a hearing request will receive written notice of the hearing. This notice will identify the date, time, and location for the hearing. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

INFORMATION Written public comments or requests for a public meeting or requests for a notice and comment hearing should be submitted to the Office of the Chief Clerk, MC-105, TNRCC, P. O. Box 13087, Austin, Texas 78711-3087. For more information about this permit application or the permitting process, please call the Office of Public Assistance, Toll Free, at 1-800-687-4040. General information regarding the TNRCC can be found at www.tnrcc.state.tx.us.

Further information may also be obtained from West Texas Utilities Company at the address stated above or by calling Mr. Kris Gaus at (214) 777-2896. 39c

for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the Strawn Formation, Rule West Unit, Well Numbers 202, 401, and 901. The proposed injection wells are located 6 miles West of Rule in the Rule West Field, in Haskell County, Texas. Fluid will be injected into strata in the subsurface depth intervals from 4,966 feet to 4,974 feet for well 202, 4,964 feet to 4,970 feet for well 401, and 4,944 feet to 4,950 feet for well 901.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Texas Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they

are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within 15 days of publication, to the Environmental Services Section, Oil and Gas Division, Railroad Commission of Texas, Post Office Box 12967, Capitol Station, Austin, Texas 78711 (Telephone 512/463-6792). 39c

Child Welfare Christmas to benefit from sandwich sale

The Haskell High School Fellowship of Christian Athletes will be selling submarine sandwiches to benefit the annual Haskell County Child Welfare Christmas for Children Project. These students will be taking orders for the subs Oct. 3-13 and deliveries will be made Oct. 16-17. The price will be \$10.00 for six subs.

Haskell County Child Welfare Board is accepting tax deductible donations or memorials. These funds help buy clothes and toys for needy children at Christmas and provide necessities for children at any time of the year. Many services for children are provided through the Child Welfare Agency and the Child Welfare Board. Since Jan. 1, there have been twenty-two investigations in Haskell County

by Child Protective Services. The Child Welfare Board works to promote child abuse prevention awareness each April, as well as raising funds to provide for the children of this area.

Haskell County Child Welfare is committed to helping children in this community. For more information on how you can help, call 864-2194 or 864-2682.

Dr. Kevin W. Finley added to Knox County Hospital District staff

Knox County Hospital District announces the addition of Dr. Kevin W. Finley to their staff. Dr. Finley began family practice Aug. 1 and is practicing in the Knox City Clinic, the Munday Clinic and the hospital emergency room. Dr. Finley will eventually practice solely in the Munday Clinic.

Dr. Finley is a graduate of Abilene Christian University in Abilene, the University of North Texas Health

Science Center in Fort Worth and completed his Family Practice Residency Training at the Osteopathic Medical Center of Texas in Fort Worth.

He was a teaching assistant of Osteopathic Manipulative Therapy. He was active in the Big Brother/Big Sister for the incoming freshman students, and was active in Cowtown Marathon as well as the Spring break

campaign to Mexico. While in undergraduate studies, he was an All American Cheerleader, placing third and fifth in National championships.

A native of Kansas City, Missouri, his wife, Lynn, is a native of Munday. They couple has two sons, Brady and Parker. Their hobbies include golf, hiking, and gymnastics. They are members of the Munday Church of Christ.

TALENTED STUDENTS—Seventh graders at Rule Jr. High qualifying for the 2000-2001 Duke University Talent Identification Program are: standing, l-r, MacKenzie Miller, Joanna Lehrmann, Keli Smith, Eric Elkin and Candice Sorley. Kneeling, l-r, are Maria Amaya, Ashley Lisle, Emery Dudensing, Tully Brown and Charles Jones.

Rule students qualify for TIP

Ten seventh grade students of Rule Jr. High School have qualified to participate in the 21st Annual Scholastic Talent Search Program sponsored by Duke University Talent Identification Program (TIP).

To qualify for TIP, a student must score a 90 or higher on TAAS Math or 98 or higher on TAAS Reading from the 6th grade TAAS scores. If a student wants to fully participate in the program, he or she must take the ACT or SAT, a college entrance exam which is regularly taken by high school juniors and seniors. The highest scoring students are sent invitations to recognition ceremonies in their state, where they will receive Certificates of Distinction noting

those areas in which they earned high scores.

One of the goals of the TIP is to assist participants by providing information about their ability and educational options that may be

beneficial to them. TIP aims to create new educational opportunities for the participants, such as a multi-summer program as well as "Learn on Your Own" courses during the academic year.
