VOLUME 29, NUMBER 45

MULESHOE — County Seat of Bailey County — TEXAS

THURSDAY, NOVEMBER 1, 1951

Mules To Play Brownfield 11 Friday Night

Mentally and physically, the Mules will enter tomorrow night's conference football battle against big, powerful Brownfield in the best condition in recent weeks. The boys, probably because of the cooler weather, are up and at them in this week's practice and there are only a few cripples.

Freddie Harvey is still crippled and Benny Bickel likely will start in his place at halfback. Freddie may get to play some but he hasn't taken part in the rough work this week.

The line up for the Mules probably will be: Bill Willis, left end; David Taylor, left tackle; Kenneth Henry, left guard; Johnny Ladd, center; Robert Waggoner, right guard; Dewayne Burkhead, right tackle; Bob King, right end.

In the backfield will be Roald Johnson at quarter; Aubrey Heathington and Benny Bickel at halfback positions; and Bobby Seid at fullback.

Brownfield is "one of the powers" of this district as Coach T. J. Bailey said. He also said that the fame of the two Swan brothers, one a 185 pound fullback, has spread over the district. This boy who plays fullback is particularly hard to handle. But Muleshoe is ready to give the Brownfield boys a real battle, Mr. Bailey thinks, and he predicts a fine game at Brownfield Friday night.

Mules Lose To Strong Lobo 11

Levelland's Lobos romped on Muleshoe's Mules 33 to 13 in a 7-AA conference football game there last Friday night. There was too much of big Landford Sneed in the Lobo backfield. Sneed, an outstanding back of this conference was a consistent ground gainer all night.

Levelland ran up 20 points before the Mules got going. The half ended 20 to 6.

The Mules' first touchdown came after long passes by Roald Johnson, quarter, had pushed the ball to the Lobo 2 yard line. Bobby Seid, fullback, drove over for the counter. The extra point try failed.

Levelland knocked off two more touchdowns in the third period before the Mules could get going again.

A long pass from Johnson was snagged by Bill Willis, end, very near the sideline and Willis tore out. He was downed on the 2 yard line. Seid again drove over for the touchdown and Dewayne Burkhead kicked the extra point.

A large number of fans accompanied the team. The band and pep squad were on hand and the band put on a half time show centered around the red letter days of the year, a stunt worked out by director Bob Gray.

Brownfield is next on the Mules agenda, then comes an open week and the local boys will wind up their 1951 schedule here November 16 against another conference opponent, Morton's Indians.

First Freeze Of Season Hit Today

First freezing weather of the season occurred here last night and this morning there was lots of ice in evidence.

R. J. Klump, weather recorder, said a low of 30 degrees was registered sometime during the early morning hours.

This morning there was a mild flurry of snow as the skies continued overcast. Moisture from the snow was about .01 inch. The snow followed several days of cloudy weather.

Muddy grounds and rainy weather caused the removal of the Halloween carnival inside and it was held in the gym. Halloween spooks, however must have found little difficulty in getting about Wednesday night for there was plenty of evidence that they had been on the job.

SEARCH FOR BURIED WEALTH—Carroll Howell, administrator of the estate of Josh Blocher, murdered Bailey County recluse, is shown holding one of the jars which contained part of the estimated \$9,000 found buried in the floor of Blocher's shanty. Standing are J. H. Wimberly and Morris Hicks and kneeling by Howell is Clyde Henry.

Evacuation Of Blocher Shanty Ends; Search Uncovers About \$9,000

Negro Minstrel Set Feb. 14-15

The second annual JayCee Negro Minstrel will be staged on Feb. 14 and 15, 1951. Clio Middlebrooks, president of the Muleshoe Junior Chamber of Commerce announced after the meeting held Monday night of this week.

Plans are being made for a larger minstrel than the one this year. It will feature all-local talent in a variety of songs, dances, and jokes. The minstrel will again be under the direction of Mrs. Noel Woodley.

All new costumes will be donned by the minstrel men and the chorus will be dressed in bright colored coats and blouses.

Another Shower Fell Tuesday

Muleshoe received another shower Tuesday night, this one amounting to .70 of moisture, according to R. J. Klump, weather recorder.

The rain fell slowly, doing the maximum of good. Young wheat was benefitted, and many farmers received enough moisture to permit wheat planting. Much wheat has been planted and is up but in some spots it has been too dry to plant.

Judge Klump said that October rainfall totaled 1.51 inches, and the year's total now is more than 20 inches.

Dr. C. H. McIlroy Opens Offices

Dr. C. H. McIlroy, formerly of Lubbock, is announcing the opening of his offices as naturopathic physician at 906 Main Street in Muleshoe.

Dr. McIlroy is a graduate of the Southwest College of Naturopathy, Tennessee Academy of Science and Arts in Nashville, and received his Ph.D. degree from Carver Chiropractic College of Oklahoma City. He also served four years in the medical corps of the Navy.

Included in his family are Mrs. McIlroy and daughter, Reta Joyce, who is a sophomore student at Texas Tech.

Jones Farm Store Movie Nov. 7

Jones Farm Store is sponsoring a free Mike and Ike movie next Wednesday night, Nov. 7, featuring the battle between two hogs, one fed on Purina Chow and the other on grain and water. This contest is now being carried on by Jones Farm Store.

"Chief" Jones, one of the owners, said there will be door prizes and refreshments and the movies will be both educational and entertaining. The program is scheduled to begin at 8 p. m. with Sam Merritte, district salesman of the Ralston-Purina Co., in charge.

District Court To Open Monday

District Court for Bailey County will open in Muleshoe Monday, November 5, with E. A. Bills, of Littlefield, district judge presiding. District Attorney Joe Sharp, of Plainview, will be in attendance.

Among investigations to come before the grand jury are the murder of Josh Blocher, of Progress, Bailey County recluse; and the worthless check charge against Ernest Manus. Two former Amarillo smelter workers, Lester Douglass Stevens, 50, and Thomas Livesey, 29, are being held in Bailey County jail in the murder, awaiting grand jury action.

District Clerk, M. G. Bass made public the following names of men summoned by Sheriff Hugh Freeman for possible grand jury duty:

L. J. Sanders, Glen R. Dunn, John Gammon, N. C. Moore, W. T. Bovell, B. H. Black, John Gunter, W. H. Eubanks, O. C. Thomson, W. E. Goforth, T. W. Watson, and Houston Hart.

Names of men summoned for petit jury will be announced later.

Dr. Marshall Preaching Here

DR. MARSHALL

Dr. J. W. "Bill" Marshall, president of Wayland College, Plainview, is preaching in the revival which began in the first Baptist church here yesterday, Oct. 31. The revival will continue through Sunday, Nov. 4.

"Dr. Bill" as he is affectionately known to his friends, is expected to fly out here in his plane and return to his home in Plainview each evening. He flies nearly everywhere in his plane.

He is an internationally known speaker and leader of young people. This summer, he and Arch McMillan, former head of the Wayland public relations department, made a tour of Formosa, Hong Kong, Japan, Manila, and the Hawaiian Islands. This trip was made to accept invitations to preach to the people in these places and to get material for a book and motion pictures.

During this tour, Dr. Marshall interviewed President and Madame Chiang Kai Shek and other leaders of Nationalist China in Formosa. He has traveled extensively in Mexico and in Europe. Since Dr. Marshall came to Wayland in 1947, the school has changed from a two year junior college to a fully accredited four year senior college.

Rev. A. W. Blaine, pastor, has extended a cordial welcome to people of all denominations to attend the services which will be at 7:30 each evening. Sam Allen, track coach at the college, will lead the singing.

TO OKLAHOMA

Mr. and Mrs. Bill Jeter spent the week end with her grandmother, Mrs. M. F. Collins, at Marlowe, Okla., and with his uncle, Francis Lackey and family at Altus, Okla.

Big Fall Festival Underway

Muleshoe's first Fall Economy Festival will run the balance of this week, November 1, 2, and 3, with bargain prices offered in practically every line of merchandise.

In addition, many of the merchants will have drawings in their stores for valuable prizes. All the customer has to do to participate is to register at the store.

Attention is called to the special edition of The Muleshoe Journal, which was mailed earlier in the week to people on routes out of the various towns and delivered to the doors of residents in several towns.

A large number of merchants have their advertisements in this issue. The Journal believes it will pay every one to read these messages carefully and believes that the people of this territory have a fine opportunity to save money on needed fall and winter goods, groceries, appliances, etc. in this Fall Economy Festival.

In this event the merchants of Muleshoe have set out to convince the people of the territory that this city offers them as fine a selection of merchandise, and as good a trading point as they can find. They want to make friends in this Fall Economy Festival.

There will be two free picture shows in Muleshoe on each afternoon, both at the Valley and at the Palace, beginning at 1:30 and 3:30 and no ticket is necessary for admission. The theatres are donating films and show houses.

Mahon Sounds Grim Warning; Says U. S. Is Not Ready For War

(From Lubbock Journal)

A grim warning that the United States is "far from being prepared" to wage global war at this time was sounded here Monday by Cong. George Mahon upon his return to Lubbock following adjournment of the Eighty-second Congress.

The Nineteenth district representative discussed recent congressional probes and the present military situation, including the much talked about "fantastic" new weapons which have made headlines—and in effect denied that such weapons were now available for battlefield use.

Mahon is chairman of the House Appropriations' sub-committee on military affairs and third ranking member of the Appropriations committee itself, and has access to some of the nation's top military planning.

Buildup Shows Improvement
In an interview Mahon, who arrived here Monday, noted, in spite of the fact the U. S. is not ready for global war, "the country is vastly better prepared now than it was a year ago."

"Congress has provided the armed services with huge sums of money, but money cannot be transformed overnight into intricate fighting equipment. There is a limit to what money will do. Marked improvement has been made in weapons."

"But" the congressman pointed out, "unfortunately the services of the United States have no 'fantastic weapons' at present which would insure quick and inexpensive victory."

Mahon noted the Korean situation was both confusing and disturbing. "I do not know what may develop in Korea, but the best guess is that the chances for agreement on a truce are a little better than fifty-fifty."

He emphasized the object of the defense program was "peace, not war, but due to the explosive situations existing in both Europe and Asia, the danger of war may have become enlarged." Mahon appeared "none the worse from wear after what he termed a 'terrific' year in Washington during which the group he heads heard millions of words of testimony in endless hearings.

His sub-committee, the "nerve center in the defense program in so far as funds are concerned" heard 3,500 pages of testimony during the year, which amounted to more than four million words.

"And about one third more than that was off the record," he laughed.

Accompanied by his wife, Mahon will tour the Nineteenth district during the next few weeks and has a large number of speeches scheduled. The Mahons will return to Washington in mid-December.

The 51-year old former lawyer who doesn't look to be over 35 is serving in his 17th consecutive year as representative. He now calls Lubbock home and maintains an office here while Congress is in recess.

"Nowadays the largest slice of the taxpayers' dollar goes to support..." (Continued on Page 5)

Carnival Nets \$597 For Curtain

A successful Halloween Carnival Wednesday night in the gymnasium put the Muleshoe Parent-Teacher Association almost \$600 closer to their goal of raising money for a curtain for the new high school auditorium. The cost of the curtain will be approximately \$1,500.

All of the classes, school organizations, and civic clubs jointly staged the carnival and all proceeds were deposited into a special fund for the curtain.

Mrs. C. W. Grandy, P-TA treasurer, reported the following amounts turned in by the carnival booths:

Freshman Class	\$47.22
Sophomore Class	45.92
Junior Class	25.50
Senior Class	26.61
Queens Contest	38.00
Band Boosters	15.85
E. H. A. Apples	8.80
E. H. A. Boys	3.35
Home Dem. Cake Walk	27.00
Study Club	15.05
Garden Club Fortune Telling	11.30
E. S. A. Fishing Pond	26.70
Lions Cigarettes	64.89
Rotary Club Penny Pitch	11.26
Rotary Ball Throwing	18.50
JayCees Dart Board	39.94
JayCees Bingo	81.95
Hall & Cummings Ball Toss	4.60
Roberts-Blue Beard	27.96
Mrs. Greta Paul (Gift)	5.00
Muleshoe Elevator, Inc. (Donation)	50.00
TOTAL	\$597.76

Mrs. Grandy expressed the appreciation and thanks of the P-TA to all organizations and clubs for their cooperation in staging the carnival, and to Al Hall, Chamber of Commerce manager, for his assistance in coordinating the different organizations having booths in the affair.

The P-TA is still lacking approximately \$900 for their curtain and anyone wishing to donate to the fund may do so and it will be greatly appreciated. Bill Moore, manager of Muleshoe Elevator, Inc., started the fund with a donation of \$50.00.

VISITOR FROM DIMMITT

Mrs. W. O. Lawrence of Dimmitt visited in the home of Mr. and Mrs. R. E. Luttrell from Saturday until Thursday. While here, Mrs. Lawrence and Mrs. Luttrell visited Mrs. Ross Glaze.

ATTEND FUNERAL

Mr. and Mrs. J. M. Forbes attended funeral services held in the First Methodist Church of Plainview Tuesday for her uncle, Grover Matsler, who passed away Sunday at the age of 65.

GRAND CHAMPION PEN - Keith Bray, Muleshoe school boy, is shown here with his barrows which was judged the grand champion pen of 3 at the 1951 State Fair in Dallas. total of money prizes of \$103, highest for any club boy at the Fair. Other Bailey County boys won high prizes with their swine and calves at this year's Fair.

Secretary Of Agriculture Announces New PMA Rules And Regulations

NO COTTON ACREAGE ALLOTMENTS FOR 1952
The Secretary of Agriculture announced October 15 that there would be no marketing quotas on upland or long staple cotton produced in 1952. Commenting on this announcement, Secretary Brannon said: "Although cotton producers responded admirably to the Department's request for increased cotton production in 1951, we currently find ourselves not only considerably short of a 'quota position' on cotton, but also with a potential carry-over considerably below a desirable level for these times. The situation is clearly not one that calls for either marketing quotas or Acreage Allotments."
This means that you will again

in 1952 be permitted to plant all the cotton acreage you desire and be able to sell all the crop produced without penalty.

COTTON LOAN PROGRAM AVAILABLE ON 1951 COTTON
Almost all gins in Bailey County have clerks approved to prepare loan forms for cotton. The loan rate for each grade is available from these clerks. By placing part of your cotton crop in the loan you will be in position to help hold the price above the loan value and then sell the equity some time next spring. If you are a landlord or owner-operator, you can place the cotton in the loan in your name without other signatures other than lienholders on the note. If you are a tenant and the cotton is not divided the note must be prepared showing you and the landlord as joint producers.
In this case the landlord will have to sign the loan papers with you. If you are a tenant and the cotton is divided the landlord obtaining the warehouse receipts on his part and the tenant the warehouse receipts on his part then the landlord will have to sign the tenant's papers as landlord, irrespective of the fact that the landlord has no interest in the cotton.

CCC LOANS BEING MADE ON GRAIN SORGHUMS
Many producers are placing their grain sorghums in the loan this year. The loan rate is \$2.09 if the grain is stored on the farm or storage until March 31, 1952 will be deducted on the grain stored in an approved warehouse. Most all the warehouses in the county are approved to store grain. The following storage charges will be deducted from the county loan rate for grain stored in a warehouse according to the date shown on the warehouse receipt.
Sept. 23 to Oct. 3 inclusive - 6 cents.
Oct. 4 to Oct. 14 inclusive 15 cents.
Oct. 15 to Oct. 25 inclusive 14 cents.
Oct. 26 to Nov. 5 inclusive 13 cents.
Nov. 6 to Nov. 16 inclusive 12 cents.
Nov. 17 to Nov. 27 inclusive 11 cents.
Nov. 28 to Dec. 8 inclusive 10 cents.

Dec. 8 to Dec. 19 inclusive 9 cents.
Dec. 20 to Dec. 30 inclusive 8 cents.
Dec. 31 to Jan. 10 inclusive 7 cents.
Jan. 11 to Jan. 21 inclusive 6 cents.
Jan. 22 to Jan. 31 inclusive 5 cents.

Tenants and landlords may have separate warehouse receipts issued for their respective share of the grain. Then each party can obtain a loan and sell the equity any time he so desires. The landlord must sign the lienwaiver irrespective of the fact that the landlord has no interest in the grain. Loans are available until January 31, 1952 and mature on March 31, 1952. The grain sorghum loans can be completed only in the county PMA office in the county in which the grain was produced.

COUNTY AND COMMUNITY COMMITTEE ELECTIONS

Within the next few days we will mail you ballots to vote for the community committee who will represent you for the next year, as PMA Committeemen. These committeemen work on the loan programs, the different price support programs, acreage allotments and many other USDA programs. We hope that you will be sure to vote in this election by mailing your ballot back to this office or by calling at the office and casting your ballot. The committee election for Bailey County will be held in the county office at Muleshoe on Tuesday, November 20, be sure to mail your ballot back so that it will be received in the office by this date or call at the office and vote. Your wife will also be entitled to vote.

1951 ACP PRACTICES
We still have some money left on the 1951 Program for assistance in carrying out practices such as terraces and deep plowing. Be sure to get your prior approval before you start the practice. We can also help on concrete pipe installation on old irrigation farms, if you are interested please contact this office for details.

Panhandle-Plains Has 355,802 Pop.

Thirty-two Panhandle and South Plains counties had a population on April 1, 1950, of 355,802, according to the final, corrected report from the U. S. Bureau of the Census, which was reviewed and summarized Saturday by the Amarillo News.

While The News did not include Muleshoe in its list of towns which gained rapidly in population in the ten years 1940 to 1950, this city probably should be included in any group of fast growing towns, for the 1950 figure was 2448 against a 1940 total of 1365.

But The News did include Bailey County in the group of Panhandle and Plains towns which showed a notable gain in the ten years.

Population of Bailey County in 1940 was 6,318, and for 1950 the corrected figure is 7,592.

Cities Are Growing

Cities of the Panhandle Plains area are growing the report shows. Some of the cities and population figures are: Amarillo, 74,246; Lubbock, 71,747; Plainview, 14,044; Pampa, 16,583; Borger, 18,059; Hereford, 5,207; Canyon, 4,364; Tulia, 3,222; Dumas, 6,127; Perryton, 4,417.

Neighboring Counties

Surrounding counties have been coming along in the last ten years. For instance, Lamb county now has a population of 20,415. Hale County, (Plainview) has 28,211.

Other counties and figures are: Deaf Smith, 9,111; Floyd, 10,535; Parmer, 5,787; Randall, 13,774; Castro, 5,417; Briscoe, 3,528; Swisher, 8,249.

Big county in Texas is Harris (Houston), with 806,701, but

Fire Prevention and Civil Defense Go Hand in Hand

Fire prevention is an important part of civil defense. If an enemy attacks this country, his bombs, whether they be atomic, high explosive, or incendiary, will cause more damage by fire than they will by blast. Hence, anything done to make it hard for fires to start is a step towards preparing your community to protect itself if war comes.

The majority of all fires start in trashpiles, rubbish, or stored odds and ends that accumulate around the house. Closets, attics, and cellars are the main source of home fires, and plain ordinary good housekeeping is a strong line of defense against them.

Clean out your storage places. You will be surprised at how many burnable odds and ends are really useless to you. Don't let them make your home a fire hazard. Get rid of them. If local welfare agencies can't use them, call the junk man.

Don't stop when you've cleared out the inside of your house. Go after rubbish in your back yard, in alleys and in vacant lots near your home. Collect the rubbish and burn it. Don't leave it around to burn if an enemy bombs your city. Be sure to burn rubbish in metal containers.

Take a look at your electrical system. Buy new plugs and cords if yours are worn. Get advice from an electrician if your fuses blow frequently. They may be dangerously overloaded. His advice may prevent a bad fire.

Every winter costly fires are started by faulty furnaces, stoves, and other heating plants. Some result from too much soot in

chimneys. Others are caused by rusted or cracked pipes and fittings. Look over your heating system now. If your chimney needs it, clean it out. If the furnace pipes and connections are cracked and rusted, replace them.

Teach your family not to put magazines, papers, or clothing on radiators or near open flames. Don't hang flimsy curtains near your kitchen stove. Don't allow lamp shades to come in contact with light bulbs. Remember that such things don't have to touch flame to burn. They will catch fire simply because they are too close to the heat for too long.

Gasoline, benzene, naphtha, and similar fluids should never be used indoors. When mixed with air, their vapors can be ignited by the spark of a light switch or an electric fan, or the tiny flame of a pilot light. Keep such fluids in tightly closed metal containers outside your home.

And remember: oil-soaked rags, especially rags that have been used to spread quick-drying liquids such as turpentine, paint thinners, and some furniture polishes, can catch fire by themselves. Oily rags should be stored in air-tight metal containers. It is best to keep them outside the house.

"Clean Buildings Seldom Burn"

Chimney and roof in good condition?
 Attic a junk pile?
 Stairs or halls cluttered?
 Trash and rubbish near your house?
 Electrical circuits and fixtures OK?
 Is your basement a fire hazard? Open paint or oil cans?
 Paint rags? Shavings near work bench? Food within 3 ft. of furnace? Piled-up paper and rubbish?

Surrounding counties have been growing rapidly in Dallas, Tarrant (Fort Worth), and Bexar (San Antonio).

Lazbuddie Wins 8th Game

The undefeated underdogs of Lazbuddie won their eighth straight game Friday night at Threeaway.

The Longhorns got off to a rip roaring start by scoring three touchdowns in the first five minutes of the game, and leading at the first quarter 20 to 0. The first touchdown was a pass from Shan Foster to Wayne Clark. Shan kicked the extra point. The second touchdown was scored on a pass from Shan Foster to Richard Englekling. The kick for extra point failed. The third touchdown was scored on a run through the middle by Rudolph Jesko. The kick for the extra point failed.

In the second quarter, the Longhorns scored another touchdown on a pass from Shan to Don McDonald. Shan passed the extra point to Wayne Clark. Then the Three-Way Eagles came through on the kick-off, and ran it back for their first touchdown. Then Shan came through on an end run for another touchdown. Shan kicked the extra point. Just before the half Shan threw a touchdown pass to Teddy Trieler. At the half the score was 41 to 6.

In the third quarter, the Longhorns kept going by scoring three more touchdowns. These were made by Rudolph Jesko, Shan Foster, and Teddy Trieler. The Eagles scored one touchdown in the last minute against the Lazbuddie B team. The B team played most of the last quarter. The final quarter was 61 to 13 in favor of the Longhorns.

The Longhorns play Bula Friday the 2 at Bula. The Longhorns are looking forward to this game.

If they win, they win the District Championship, if they lose it will be a play off game with Bula. Bula has won all their games except one with Lazbuddie.

FORMER TEACHER RECOGNIZED BY WTSC

Miss Mable Davis, who taught schools here last year and is this year teaching in the Plainview Schools, has been recognized by Dr. Lowe of West Texas State at Canyon as the best instructor teaching children to write music.

LAZBUDDIE HALLOWEEN CARNIVAL SATURDAY

Lazbuddie will have their Halloween Carnival Saturday night, Nov. 3, at the Lazbuddie gymnasium. This carnival is being sponsored by the P-TA and all proceeds will be used by them to buy needed items for the school. Everyone is invited to come and enjoy the fun.

COME IN—Let us show you how low trucking costs can be!

5,500 reports! NOT the result of manufacturer's testing—but owner-reported figures from on-the-job operations!

It's another Ford first! A complete record of cost-to-run reports, ranging over the whole field of trucking! It's the book of final results from the nationwide Ford Truck Economy Run! See it before you buy ANY truck—see how low trucking costs can be, for loads like yours, in your kind of work!

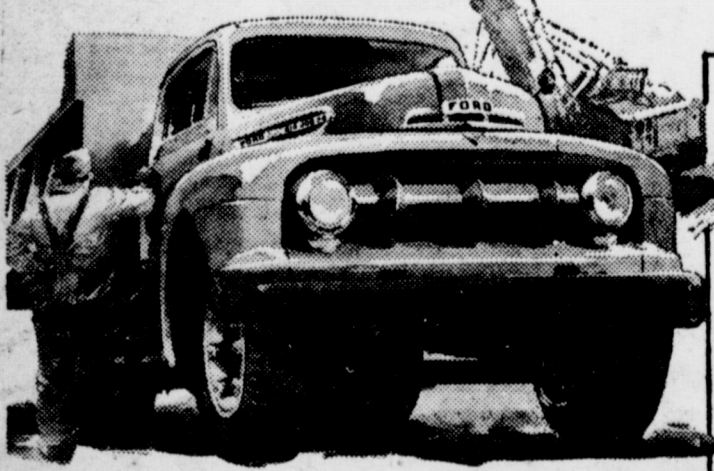

This book is made up from daily on-the-job running cost reports by ordinary truck operators, doing everyday truck work. There were no "special" models in the Ford Truck Economy Run. Every one of the 5,591 trucks were stock model jobs, equipped with the standard Power Pilot.

What Should It Cost per mile to run a truck? The only way to find out is to check the running cost experience of other men in your kind of work! Now you can do that—for the first time—with this important new Ford service. Only your Ford Dealer has it!

Availability of equipment, accessories and trim as illustrated is dependent upon material supply conditions.

"Only 24¢ a mile!"
 Contractor C. W. Miller (address on request) ran his Ford F-1 Pickup 8,189 miles in the Ford Truck Economy Run. "We spent \$181.41 for gas, oil and maintenance. A running cost of only 24¢ a mile!"
 Covers every important truck-using business! Whatever you haul—appliances, bread, gravel, or almost any loads—you'll find on-the-job running cost evidence in this Book. Come in and see it!

The Power Pilot is standard equipment on this Ford F-8-BIG JOB and on all today's Ford Trucks. Gives you most power from least gas! The book shows that 1 out of 2 Ford F-8-BIG JOBS in the 22,000 G.V.W. range ran for less than 4 1/2¢ a mile!

FORD TRUCKING COSTS LESS

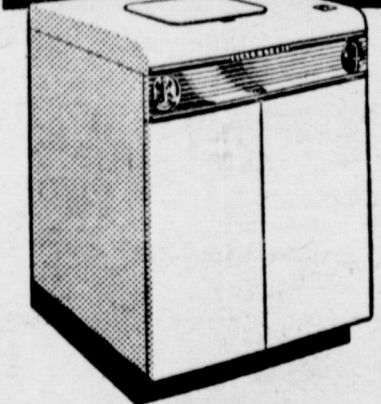

because Ford Trucks last longer! Using latest registration data on 7,318,000 trucks, life insurance experts prove Ford Trucks last longer!

Stands Inspection!

Of Course, It's an Electric Range. It uses clean Electricity!

No messy burners on an electric range... just the sparkling cleanliness of electric elements. For electricity is clean and spillovers vanish into thin air... the electric elements completely clean themselves. You can take your finest party gloves (white, if you please) or your most delicate kerchief

and hold military inspection by actually wiping them over the electric elements. No fear, lady, they'll remain just as clean as they are... because electric cooking is the cleanest way of cooking yet discovered. An electric range stands inspection in the store... or in the kitchen!

Betty Dalton Is Halloween Queen

Betty Dalton, Junior beauty of Muleshoe High School, was crowned Queen of the Carnival as the climax of the Halloween Carnival Wednesday night. Her escort was Dewayne Burkhead. Other class favorites who were candidates for the Queen's throne were J. Ann Wyer, escorted by Robert Waggoner, representing the Seniors; Patricia Morgan, escorted by Gordon Wilson and representing the Freshman class; and Nelda Wilson, escorted by Bennie Bickel, representing the Sophomores.

Mahon —

(Continued From Page 1)

part the nation's defense," Mahon said, "and the sum provided for the Army, Navy, and Air Force since Jan. 1 totals \$66 billion. Funds provided since the Korean war began in June, 1950, exceed the staggering sum of \$109 billion."

Takes Note Of Graft

Mahon said he felt that all thoughtful Americans are depressed these days by conditions both at home and abroad.

"At home we are beset with high taxes, a high rate of public spending, the huge national debt and worst of all evidence, generally brought to light by Congressional investigations, of graft in government and a general moral breakdown the country over."

And, the solon added, "abroad the threat of war looms darkly on the horizon."

In a "report to the homefolks," Mahon stated the first session of the Eighty-Second Congress "did not set any records for volume of legislation passed or for speed."

Should Serve As Warning

"Fraud and graft were uncovered and exposed by Congressional committees and this action should have a wholesome effect in alerting public officials and private citizens to the dangers which exist."

"It should promote decency and good government. We cannot well survive this turbulent period in world history without honest and efficient government and without the existence of high standards of citizenship among the rank and file of our people."

Mahon said he felt the people will generally approve the actions of the recent Congress in national defense matters. Texans, he said, will approve the actions of the House of Representatives in passing the Tideland bill, but since the Senate did not vote on the measure, the outcome of the bill will not be known until the next session of Congress.

Had Conservative Approach

"The first session of the Eighty-Second Congress leaned toward a more conservative approach to our national problems and many citizens will be more pleased with what Congress did not do than with what Congress actually did," he said.

In view of the coming Presidential election year, Mahon had little comment on what the outcome might be.

"The President said he has made up his mind about running, but he didn't tell me what he had decided," he laughed and Gen. Eisenhower?"

"That is the real \$64 question. Folks here at home know about as much about it as most of us do in Washington," he said.

Concerning the recent British elections the congressman said "should probably bring slightly better relations between the U.S. and Great Britain."

"However an election will not solve the multitude of problems which confront England." Shortly before he left Washing-

ton, Mahon issued a statement urging all members of Congress to "consider themselves individually as a committee of one to inspect military establishments in their districts during the Congressional recess."

In keeping with that statement Mahon said he plans to visit Reese AFB while he is here and other military establishments in this section.

"While I am at home I shall maintain my office in the Federal building as in previous years, but I shall devote the major portion of my time visiting among the people and securing their views in regard to the problems of the day. Momentous decisions which affect the lives and fortunes of all our people are in the making and I am pleased over the prospect of having an opportunity for many direct contacts with the people of our area," Mahon added.

Tiny Texas Valerie Duncan discovers real FirePower at Chrysler Corporation's "New Worlds in Engineering" show at the State Fair of Texas which has been seen by more than 2,000,000 people in two weeks. The 150-horsepower Chrysler V-8 FirePower engine on which she is posed is part of a display tracing the development of Chrysler engines. The 70-exhibit show will run in Salt Lake City from November 3 through November 16 and will be on exhibition in San Francisco and Los Angeles in December and January.

Cpl. Winnie W. Jackson Is Cited For Bravery In Korea, Given Bronze Star

Corporal Winnie W. Jackson, son of Mr. and Mrs. Starling L. Jackson, of Route 2, Muleshoe, has been awarded the Bronze Star Medal with Combat "V" by the U. S. Marine Corps. The award and citation were for bravery in action against the enemy in Korea April 24, 1951. The citation reads:

HEADQUARTERS 1st. MARINE DIVISION

In the name of the President of the United States, the Commanding General, 1st. Marine Division (Reinf) FMF, takes pleasure in awarding the BRONZE STAR MEDAL to PRIVATE FIRST CLASS WINNIE W. JACKSON, UNITED STATES MARINE CORPS

for service as set forth in the following CITATION:

"For heroic achievement in connection with operations against the enemy while serving with a Marine Infantry company on Korea on 24 April, 1951. Private First Class JACKSON, serving as an automatic rifleman, displayed great courage and confidence in performance of his duties while the company was defending strategic positions under attack by a strong enemy force employing intense and accurate mortar, automatic weapons and small arms fire. Although he was wounded twice during the attack he courageously refused evacuation, remaining steadfastly in a forward and exposed position and delivering withering fire on the advancing enemy. Only after the frenzied enemy attack had been repulsed did he consent to evacuation. His heroic actions and great personal courage were an inspiration to all who observed him, and aided materially in the successful defense of the position. Private First Class Jackson's exemplary devotion to duty was in keeping with the highest traditions of the United States

J. E. Perkins Rites Were Held At Circle Back

J. E. Perkins, a pioneer resident of this area, passed away Sunday, October 21, in Amherst hospital after an illness of some time. Mr. Perkins, a retired farmer, was 80 years of age. He farmed in the Circleback community nearly a quarter of a century before moving to Muleshoe a few years back.

Joseph Edward Perkins was born October 7, 1871, in Gilles County, Tenn. He moved at the age of 10 with his parents to Clarke County, Texas, and later to Corsicana, Texas.

On March 6, 1895, he was married to Miss Beulah Benton Presley at Corsicana. To this union eleven children, four daughters and seven sons, were born.

He moved from East Texas to Memphis, Texas and, after residing there four years, he and his family moved to the Circleback community where he lived 23 years. He moved into Muleshoe three years ago.

Mr. Perkins was converted and joined the Allens Point Baptist Church in 1899. For many years he was a member of the Circleback Baptist church and at the time of his death he was a member of the First Baptist Church of Muleshoe.

He is survived by his wife; seven sons; John Calvin Perkins, Waxahachie; George Dewey Perkins, Dallas; Cecil Wesley Perkins, and Arthur Alonzo Perkins, both of Muleshoe; Albert Lee Perkins, Lubbock; Lester Earl Perkins, Dallas; and Joseph Benton Perkins, Memphis, Tenn; three daughters, Mrs. T. W. Berry, Muleshoe; Mrs. George Benton, Memphis, Tenn.; Mrs. Leaburn Harper, Circleback; one daughter, Thelma Beatrice, died in infancy.

Other survivors are a brother, George Perkins of Mabank, Texas; a sister, Mrs. Martha Picken, San Francisco; twenty two grand children and eight great grandchildren.

Funeral services were conducted in the Circleback Baptist Church last Tuesday afternoon, October 23, at 3 p. m. by Rev. J. E. Moore, assisted by Rev. A. W. Blaine and Rev. Ray. L. Cunningham. Interment was in Sudan cemetery with Muleshoe Funeral Home in charge of arrangements.

The sons of Mr. Perkins were pallbearers.

Y. L. News

The young people of the Y. L. Community church are raising money for a piano to be used in their group. They are sponsoring an amateur November 8 consisting of some piano solos, readings, a negro minstrel and perhaps, some singing. Everyone is invited to attend.

Mr. and Mrs. E. T. Bryant returned home Sunday afternoon after an approximately five-week stay in the hospital where he took treatments.

Selita Mooney is at home after spending a few days at Mayos. She seems to be improving. Selita received a back injury while playing volleyball last year. Klief Quisenberry preached Sunday in the absence of Rev. Helm.

The Cecil Buhrmans spent Saturday in Clovis. Dalton and Leona Harris and Sandra and Cynthia have been visiting in Oklahoma.

Uncle Sam Says

Depreciation of machinery and equipment is a big annual expense on today's farms, even though replacements are not bought every year. It is only sound management for a farmer to put part of what his machinery earns each year into a safe investment, readily convertible into cash when the machine is worn out. An ideal way to accumulate this replacement fund is to buy U. S. Defense Bonds. They are safe—earn a good rate of interest—and are easily redeemed when needed.

Rainfall Here Was .60 Inch

Muleshoe received moisture .60 of an inch in showers that fell here Friday night and Saturday night.

Rainfall was heavier in spots in the territory, and some sections have now received wheat planting moisture. Frank Hinkson, of Lazbuddie community, says however that it is very dry where he lives, and that no appreciable rains have fallen since July 2. Wheat planting around there is awaiting moisture. Grain harvest and cotton gathering were again delayed by

Free Matinees Prove Popular

Inclement weather greeted early shoppers to the Fall Economy Festival here Thursday as the free matinee at the Valley and palace theatres proved to be the outstanding attraction for Muleshoe visitors.

A full house greeted the first showing of "The Great Lover", with Bob Hope which was donated by Mrs. Hertha Walker, popular theatre manager. Mrs. Walker also gave the use of both of her houses for the event.

Ray Morrison, chairman of the Retail Division of the Muleshoe Chamber of Commerce, stated that he felt that he spoke for every one of the 70 merchants cooperating in the city wide event as he thanked Mrs. Walker for her splendid spirit of cooperation and generosity.

"Scores of our businessmen have done everything possible to make this Fall Festival a success", Morrison said, "but none have done more than our local theatre manager. With cooperation like this, Muleshoe will become a trade center for the four county area we serve. Our sincere thanks to Mrs. Walker and all of the merchants and business people who are doing so much to develop Muleshoe", he concluded.

the showers of the week end. Some cotton farmers are hoping that a freeze will come to speed up cotton opening. Cotton gathering has barely started in most parts of the county and probably as much as 50 or 60 percent of the grain remains to be harvested.

BABSON DISCUSSES— Gravity Investments

Gravity Village, New Boston, N. H., Oct. 26.—Readers know that I have always been interested in the Force of Gravity and its possibility for free power from which everyone could greatly benefit.

Electric Power Developments Every waterfall produces power due to gravity, plus of course, the heat of the sun which takes the water from the oceans into the clouds.

There are thousands of water powers now being used every day. Most of these are operating mills of various kinds; but they are gradually being converted to generate electricity which power can easily be transported.

Railroad Companies I certainly am not now bullish on most railroad stocks. They are handicapped by severe competition from trucks, automobiles and air planes; their expenses are constantly increasing from wage demands and the cost of coal, oil, and equipment.

PAPER of many kinds always on tap at THE JOURNAL. Phone 7220 for prompt delivery.

ROADS. These are the Virginia Railway, Norfolk & Western, and Chesapeake & Ohio. All of these let most of their heavy traffic coast downhill and have mostly only empty cars to pull uphill again!

I believe that the stocks of all three roads are safe investments; but I will quote only the stocks of the Virginia Railway which runs from the coal fields of West Virginia to Norfolk.

Waterworks Securities The most economically operated public utilities are Gravity Waterworks which supply householders with water. Why? The answer is that gravity does most of the work for them by causing the water inexpensively to run downhill through the pipes and up to your bathrooms without aid of costly power.

is operated by a private com-

pany, and the bonds or stocks are available, ascertain to what extent it is being operated by gravity. Based upon your findings, consider these securities as an investment.

Enthusiastic inventors who think they can use gravity for "perpetual motion" machines, should read "WANTED: WAR INVENTIONS" in Readers Digest of October. The article entitled "SHOULD YOU BUY SHARES IN AMERICA?" is good for everyone to read.

SAND HILLS PHILOSOPHER He Solves, In His Illogical Mind, The Problem Of College Football

Editor's note: True to his promise, the Sand Hills Philosopher on his Johnson grass farm "solves" the problem of how both sides can win a football game, his letter this week reveals.

Dear editor: As I told you last week, what college football needs is a change in the rules so both sides can win, and I promised to tell you how this could be accomplished. It's simple.

My idea would be to give a Congressional committee a few dollars, say \$500 or \$50,000.00 or whatever figure comes to mind handily at the time, and let them launch a probe.

I can picture the investigation now: television cameras and microphones flank the hearing room college students fill in, each tell in his own way how he had expected the team to win Saturday, how much it meant to him, how much he lost, oh, excuse me, that's Kefauser's sphere, how the coach is getting ulcers, the fans are gunning for his scalp, etc.

I don't want to get too far into Congress' field of activity, but it ought to be able to figure out a method of subsidizing the losing team, a sort of financial victory in lieu of the score board type, with a clear-cut stipulation that the money had to be spent honestly in the purchase of new material, couldn't be used

in payin off obligations to players who've already demonstrated they couldn't win. This would be in violation of P. S. Football Regulation W14, paragraph D.

Obviously, havin every game wind up in a tie wouldn't work. You wouldn't have anybody comin off the field happy. Kill the gate receipts. Be like havin two Presidents in Washington, one from each party, with each havin veto power over the other one.

But it seems to me maybe the simplest way for Congress to solve the problem of both teams winnin is by passin a law requirin both teams to win.

This would involve probably a new bureau, a bureau head and a whole new set of enforcement agents to see that every game wound up with two victories, not with just some subterfuge like erectin two separate score boards and attainin a superficial double-victory, with the real score bein bootlegged at one of the side entrances to the stadium, and while the law might not be enforceable, that ain't no skin of the bureau's back, it'd be up to the colleges and universities to figure out how they could comply and still stay in the business, I mean still stay with higher learnin. The fact a law ain't enforceable ain't been no bar to its getting passed in this country. You ever try to follow an OPA regulation?

Yours faithfully J. A.

VISITORS FROM FRIONA

J. M. McAdams of Friona is visiting with his son and daughter, Bill McAdams and Mrs. Walter Witte.

WITTES HAVE VISITORS

Mr. and Mrs. Pete Jenkins and little son, Terry, spent last week end with her parents, Mr. and Mrs. Walter Witte.

Mechanical Revolution Underway in Plains Cotton Crop Harvesting

College Station, Oct 15 — A mechanical revolution in cotton production is underway in the Texas high plains, according to a recent report of the Texas Agricultural Experiment Station on a study made in cooperation with the USDA Bureau of Agricultural Economics.

Bulletin 735, "Economics of Mechanical Cotton Harvesting in the High Plains Cotton Area of Texas," indicates that high plains cotton growers may soon free themselves of their present dependence upon the south Texas migratory labor force, even during peak harvesting periods.

During 1949, for example, an estimated 40 per cent of the record crop, or nearly 600,000 bales, was machine harvested in the 10-county area covered by the study. Included in the area are Bailey, Crosby, Dawson, Hockley, Howard, Lubbock, Lynn, Martin, and Terry counties.

Only in 1948, when yields were extremely low, was the financial advantage in favor of hand harvesting and then only on dry-land cotton.

The authors of the bulletin, M. N. Williamson, Jr., Q. M. Morgan and Ralph H. Rogers, report that during four years of study, 1947-50, costs of hand harvesting average about \$40 a bale. The total cost per bale for operating mechanical strippers (exclusive of depreciation) is about \$27.50 (of field and grade loss) on dry-land farms averaged \$9.10 in cotton that had not been previously land snapped. For scrapping, the

average cost was \$20.10 per bale. On irrigated land with higher yields, average costs were only \$4.50 per bale on cotton not previously hand snapped and \$10.85 per bale for scrapping.

Data on the amount of labor saved by mechanical harvesting are impressive. The report shows that mechanical strippers reduce harvest labor requirements from 17 man hours to 1.5 hours per acre on dry land and from 33 to 2 man hours per acre on irrigated land.

These savings are only partially offset by field losses due to mechanical harvesting. Field losses of storm resistant cotton range from two to 10 per cent of the crop, depending upon the yield, stripper operation and harvesting conditions.

On rented farms, the tenant, being responsible for harvesting operations, receives the full benefit of net savings from mechanical stripping. Returns to the landlord, on the other hand, average \$3 to \$4 less per bale due to field losses or machine harvested cotton. Some adjustments in rental rates are being reported in the area because of this difference.

BRYAN JONES IN JAPAN

Bryan Jones, of the U. S. Navy, has landed in Japan, near Tokyo. He is a Radio Technician 2nd class. Jones is the son of Mr. and Mrs. L. D. Jones, of Route 1, Muleshoe. He left for the service immediately after receiving his B. S. degree at Texas Tech August 26, 1951. He had been deferred 6 months to finish there, first being called as a member of the Navy Reserve in February. He writes his parents that he would like to hear from old friends, who should address him as follows: J. B. Jones E T 3, USS Protton AKS 28, Division RF, FPO San Francisco, Calif.

Attend The Church of Your Choice Sunday

90% For! 10% Against

Railroad workers are represented by 23 standard unions. By mutual agreement, 20 of these unions—comprising about 1,200,000 men, or more than 90%—are working under wages and rules agreed to by them and the railroads. But leaders of three unions—with only about 130,000 men, or less than 10%—still refuse, after more than a year of negotiations, to accept similar wage and rules agreements. These are even more favorable than the terms recommended by the Emergency Board appointed by the President.

Yes, it certainly seems to be finally about time that the leaders of the three unions stop their delaying tactics—their quibbling. But the leaders of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors continue to refuse. They continue a course of dillying and dallying. It is definitely time to

END THIS QUIBBLING!

On June 15, 1950, an Emergency Board appointed by the President under the terms of the Railway Labor Act—an Act largely fathered by the unions themselves—made its recommendations on certain wage and working conditions ("rules" in railroad language) which had been in dispute between employees and the railroads.

More Than 90% of Employees Accept Since then, terms equal to or better than the Board recommendations have been accepted by about 1,200,000 railroad employees—more than 90% of the total of all workers. They are represented by 20 of the 23 standard railroad unions.

Less Than 10% Refuse But three unions—with about 130,000 men, or less than 10% of the total—have refused to accept, even after months of negotiations. These three unions are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, and the Order of Railway Conductors. These are three of the so-called "operating" unions. Already the highest paid men in the industry, their leaders demand still further advantages over other workers.

In all, there are about 270,000 operating employees. But not all of them, by any means, are represented by BLE, BLF&E, or ORC. As a matter of fact, less than half—132,000 to be exact—are in these three unions. More than half—about 140,000—are in other unions, principally the Brotherhood of Railroad Trainmen. What makes the whole situation so hard to understand is that these 140,000 operating employees are working under wages and rules which the leaders of the other 130,000 say they cannot agree to.

What Do the Railroads Offer? They offer these three unions the same settlement which was contained in a Memorandum of Agreement signed at the White House on December 21, 1950, by four brotherhoods and the railroads. Later these brotherhoods sought to repudiate this agreement. But on May 25, 1951, the Brotherhood of Railroad Trainmen signed a complete agreement carrying out the

principles of the Memorandum Agreement of December 21. They have been working under this agreement since May 25.

What About Wages?

Under the terms of the agreement, yard engineers, firemen and conductors would now be receiving a wage increase of \$34 an hour (\$2.72 a day) and road engineers, firemen and conductors would now be receiving an increase of 19 1/2 cents an hour (\$1.56 per day). Large sums of retroactive pay have already accrued and if the agreement is carried out, will be paid promptly.

What About "Cost of Living" Increases? The White House Agreement includes an "escalator" clause under which wages will be geared to changes in the Government's cost-of-living index. Two such increases—April and July, 1951—have already been paid to the 90% of railroad employees covered by signed agreements.

What About the 40-Hour Week?

The White House Agreement calls for the establishment of the 40-hour week in principle, for employees in yard service. The employees can have it any time after January 1, 1952, provided the manpower situation is such that the railroads can get enough men to perform the work with reasonable regularity at straight time rates. If the parties do not agree on the question of availability of manpower, the White House Agreement provides arbitration by a referee appointed by the President.

What Else Do the Union Leaders Demand?

The continued quibbling of the leaders of the three unions has to do principally with

rules changes, which have already been agreed to by the Brotherhood of Railroad Trainmen. Of these, the principal one seems to be that having to do with so-called "interdivisional service"—runs which take in two or more seniority districts.

The union leaders would bar progress and efficiency in the industry, and better service to the public, by maintaining a situation where they can arbitrarily stop a railroad from establishing such interdivisional runs. The carriers propose that if a railroad wishes to set up an interdivisional run, the railroad and the unions should try to agree on such run and the conditions which should surround its establishment, and if the railroad and the unions can't agree, the matter will be submitted to arbitration.

Rules Can Be Arbitrated

The railroads have not only offered these three unions the same rules agreed to by the BRT and covered by the White House Agreement, but have even agreed to submit such rules to arbitration.

The Industry Pattern Is Fixed

With the pattern so firmly established in the railroad industry, it seems fair to suggest that the leaders of BLE, BLF&E, and ORC stop their quibbling and take action to make the railroad labor picture 100% complete. Certainly today's economic and international situation calls for a united front. And certainly no good reason has been advanced why these three unions should be preferred over all other railroad employees.

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

SCHEDULE OF SERVICES

FIRST METHODIST CHURCH
H. W. Hanks, Pastor
Church School 9:45 a. m.
Morning Worship 10:55 a. m.
M. Y. F. 6:30 p. m.

VISITORS FROM MIDLAND

Billie Faye Graves, who has been working for an oil company in Midland, arrived Thursday afternoon to visit her family and friends. She returned to Midland Sunday morning.

VISIT FRIENDS

Ann Elliot of Midland and Helen Lewallen of Lubbock visited with friends here over the week end. Helen is studying nursing in Lubbock. They left Sunday morning.

The way to avoid great faults is to beware of small ones.
People may forget how fast you did a job, but they will remember how well you did it.
Success is never final and failure never fatal. It's courage that counts!
The only man in the whole world who can make anything out of you, is yourself.
You can't help a man uphill without getting closer to the top yourself.

It has a Way with Women

SOMETIMES we think that too little attention is given to the fair sex in automobile advertising.

After all, it's the woman of the house who has to do most of the shopping, which involves getting into tight places at the curb. And it's surprising what tight spots a Buick can fit into at a turn of the wheel.

It's the woman who likes complete freedom from things that it takes an engineer to operate—and a complete and utter freedom from mechanical complications is exactly what makes Dynaflo Drive* such a joy.

It's the woman who has an eye for style and fine fabrics—and a nose for economy. On both counts, a Buick is tops.

But we suspect something else. We suspect that a woman gets just as great a lift as a man from commanding this great-powered and trigger-quick bundle of vitality to bow to her will.

Here's a car to win any woman's heart—by its level-gaited stride—its willing response to her hand on the wheel—its smart style and its smart performance—its spaciousness and comfort—and its thrift.

How about taking time off, some afternoon, to boss around a Buick? It's a date that's bound to thrill you.

-NO OTHER CAR PROVIDES ALL THIS-

DYNAFLOW DRIVE* • FIREBALL ENGINE
4-WHEEL COIL SPRINGING • DUAL VENTILATION
PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING

THE MULESHOE JOURNAL, Thursday, November 1, 1951

New Mexico And Muleshoe Ladies Join In Half Century Club Birthday Party, Held In Rocky Home Oct. 18

Sixty-eight persons attended the anniversary observation of the Half Century Club of Muleshoe, held Thursday, October 18 in the home of Mrs. Neal Rocky. For the occasion Mrs. Rocky invited the members of the Floyd, New Mexico, ladies club which she organized at a meeting held in her home there in 1923. They organized the first club for their community at that time and Mrs. Rocky was its first president.

A number of the charter members of that club are yet living in Floyd community and are active in the club.

It was an all day meeting. Upon arrival the guests were presented with corsages, then directed to their locations at the quilting frames. The Floyd women had pieced a quilt for Mrs. Rocky in 1926, and they all joined in quilting that same quilt.

A beautiful dinner was served buffet style at noon with turkey and lamb forming the meat course. Members of the Muleshoe club added to the meal with dishes of food.

To further emphasize the anniversary, the New Mexico ladies cooked and brought to the meeting a wonderful large cake which all enjoyed.

Guests from New Mexico were: Mesdames Lizzie Gordon, J. A. Parrish, Laura Morrison; Jesse Chumbly, Hettie Jones, Viola Heckerthorn, J. F. Morgan, J. P. Nash, George Sweat, W. C. Borden, Dollie Gorderi, Yvonne Chumbly, Mary Sue Firestone, H. A. McCall, Dan Smith, Gertrude Moore, Homer Parsons, Ora Pearl Morrison, John W. Miller, Marvin Loring.

Mesdames R. E. McAllister, Hazel Jones, John A. Miller.

Mrs. Harris Hosts Enochs HD Club

The Enochs H. D. Club met in the home of Mrs. T. A. Thomas, Oct. 25, with 9 members present. Roll call was answered with suggestions for the program on the day we visit West Camp Club Nov. 28.

Plans were made for the meeting with Mrs. L. G. Harris when Muleshoe visits this club Nov. 8. The roll call on that day will be answered with "Believe it or not." All members please be ready to answer.

The annual Thanksgiving supper was mentioned. Further plans are to be made later.

Sudan Club To Present Operetta

The 1935 Study Club of Sudan will present the "Wedding of the Flowers" November 5 in the Sudan high school auditorium at 7:30 p. m.

About 150 children from the ages of four to ten have been assigned parts in this colorful one act operetta. Admission price will be 50 cents for adults and 25 cents for children.

TIMELY TIPS FROM YOUR H. D. AGENT

By Mrs. Dian Reed

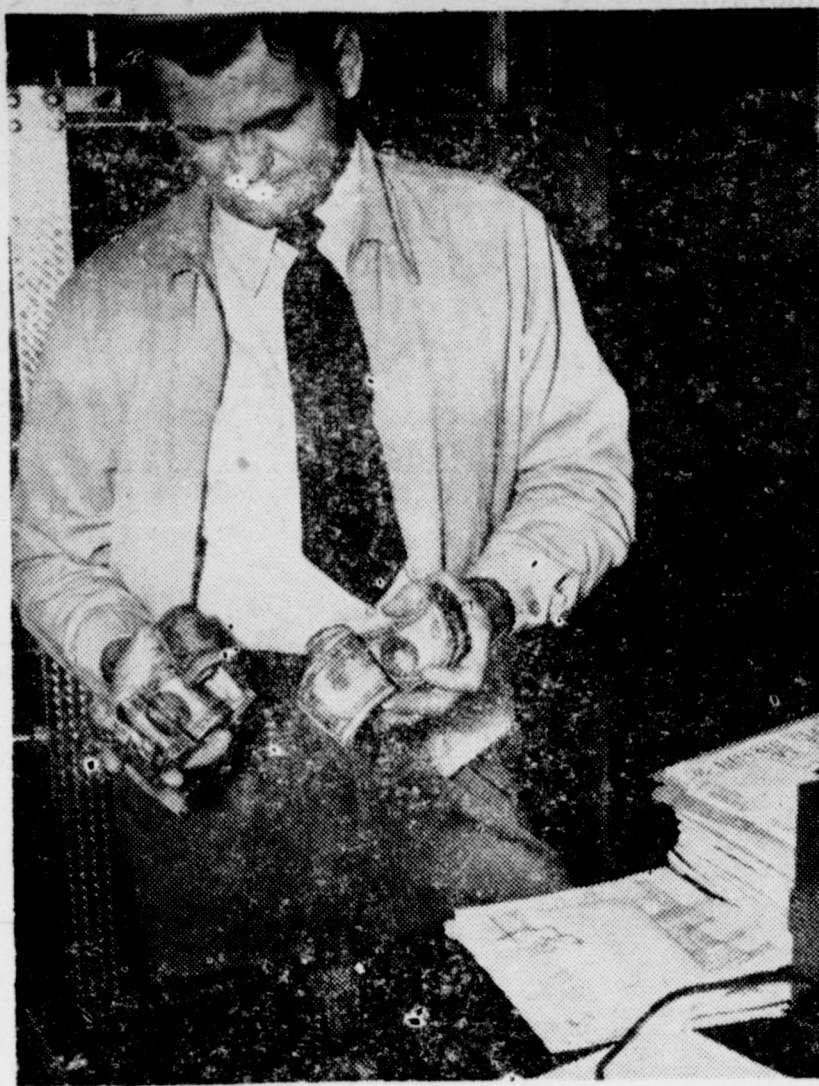

UNWANTED DECORATIONS

A small boy and a red crayon can redecorate a room in short order, as many mothers have discovered. The result often is startling murals on wallpaper or vivid designs on upholstery fabrics.

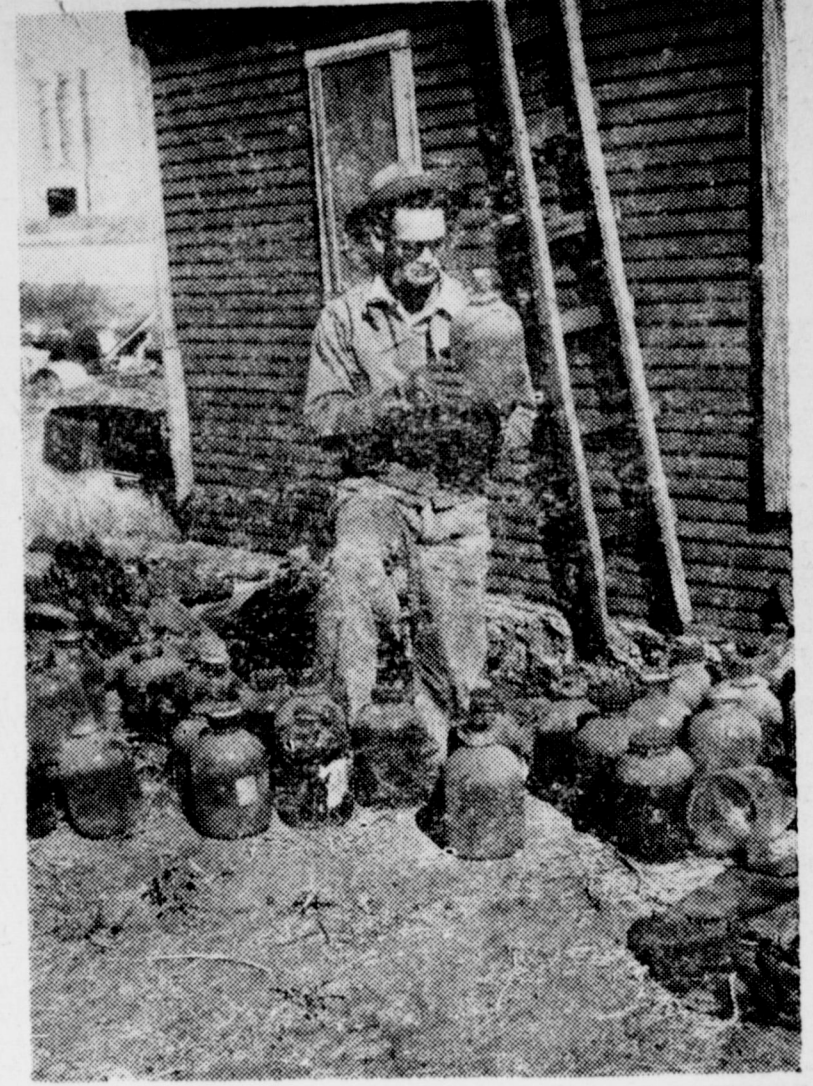

Generally, it is better to absorb such marks than to try to wash or sponge them away. Water or liquid cleanser may drive the stain deeper or spread it. To remove wax crayon marks from wax paper or furniture coverings, first gently scrape with the blunt edge of a knife to lift off any wax from the surface, then apply a paste of cornstarch mixed with carbon tetrachloride or other cleaning fluid that dissolves grease. Let the paste dry on, then brush it off. Repeat until the paste takes up no more color. Brushing often helps to remove marks on napped fabric, but care should be taken not to roughen wall paper.

Whatever method is used, it pays to test it in an inconspicuous place before going at the main job. When using any liquid cleaner, use a little at a time and repeat the application if necessary.

Some crayons are made of materials that responds to a soft artist's eraser or to washing Try

SHERIFF HUGH FREEMAN is shown with part of the \$6,060 which was unearthed by Wimberley last Wednesday afternoon. The money was in good condition but the money contained in the other two jars was rotted and mildewed.

PRESERVED FRUIT—Howell is inspecting part of the canned fruit preserved by Blocher's special methods. Also stagnant rainwater was found in several of the jars which Blocher was saving for cooking and washing purposes. (Photos Courtesy Globe News)

Study Club Meets In Wood Home

The Muleshoe Study Club met October 25 in the home of Mrs. Buck Wood.

A very interesting program on Youth Recreation was given by Mesdames Jack Holland, G. O. Jennings, Vance Wagon, and Ray Keeling.

The members present were guarded by a Halloween Jack-o-lantern and refreshments were served to the following: Mesdames Pat Bobo, Milton Forbes, M. P. Green, Clifton Griffiths, Mary Hart, C. O. Jennings, Ray Keeling, Julian Lenau, A. E. Lewis, Lee Pool, Buck Ragsdale, H. S. Sanders, Jr., Charles Lenau, Naomi St. Clair, Vance Wagon, John Watson, A. J. Gardner, H. P. Holland, and the hostess, Buck Wood.

LAZBUDDIE P-TA TO MEET MONDAY

The regular meeting of the Lazbuddie Parent-Teachers Association will be Monday night, Nov. 5 in the auditorium of the Lazbuddie school. The meeting will start at 7:30 p. m. and will be followed by a movie.

The name of the movie will be "Call of the Wild" and admission will be adults 40 cents and children 20 cents. Everyone is urged to come.

ATTEND FLOWER SHOW

Mesdames G. T. Maltby, W. D. Moore, Jack Epps, and W. E. English were in Lubbock Sunday for the Garden Show sponsored by the Lubbock Women's Club. The Lubbock Garden Club was in charge of the arrangements designed for the individual members and the members of participating clubs.

They also attended the evening worship at the First Christian Church where they heard Rev. Runner give a very inspiring sermon on "Turn Thee to the Lord

Fifth Monday Night Social Held

The three Sunday School Classes organized in May from the Winsome Class had their 5th Monday night social in the home of Mrs. Verna Towns, west of town on the Clovis Highway.

Mrs. John Watson, presiding, introduced Mrs. Earl Humphrey, teacher of the Dorcas Class as guest speaker of the evening who gave a very beautiful and inspiring devotional on the 23rd Psalm, painting a picture with words of "The Lord is My Shepherd." Mrs. Lela Barron, teacher of the Winsome Class, and Mrs. Clarence Wilhite, teacher of the Willing Workers' Class, made short talks on the work and improvements that have been made in each class.

Standing committees were appointed by the president of each class to make the arrangements for the 5th Monday night meetings for the year: Willing Workers, Mesdames C. E. Davis and A. E. Redwine; Winsome, Mesdames John Watson and Rufus Gilbreath; Dorcas, Mesdames Howard Cox and Woodrow Surrat.

Benediction was rendered by Mrs. Byron Griffiths. Several interesting games led by Mrs. John Watson were played and enjoyed by all. Delicious pecan pie, topped with whipped cream, and coffee were served to: Mesdames Byron Griffiths, A. P. Lambert, E. F. Eason, Red Johnson, Roy Black, Rufus Gilbreath, Edward White, Lee Pool, Earl Humphreys, Gerald Allison, Alton Epting, Lynn Bratcher, Clarence Wilhite, Pete Dowell, Ed Hicks, H. E. Wimberley, Sherman Inman, A. W. Blaine, Lela Barron, E. K. Angeley, Jerry Kirk, John W. West, Troy Perkins, Vernon Jamison, A. E. Redwine, Horace McAdams, Woodrow Surrat, Vernal King, Hoyt Morgan, John Watson, W. E. English, Melvin Lee, Willie C. Gilbreath, and the hostess, Mrs. Verna Towns.

crasing first. Then, if wall paper is washable, try sponging off washable crayon.

Recipe Of The Week

Salmon Souffle

1/4 cup butter.
1-3 cup unsifted flour.
1 1/2 teaspoon salt.
2 cups milk.
4 eggs separated.
1-1 lb. can salmon.

Melt butter in top of double broiler; blend in flour, add salt and milk, and cook over direct heat, stirring constantly, until sauce boils and thickens. Beat egg yolk until light, stir in a little of the hot sauce, and pour back into rest of sauce; cook over boiling water, stirring constantly for 2 minutes. Remove from heat. Flake salmon and mix with sauce. Beat egg whites until stiff and fold lightly but thoroughly into mixture. Pour into a well-buttered 6-cup casserole and bake in a moderately slow oven (325 degrees F) for one hour. Serve immediately. 5 or 6 servings.

1. Any left over cooked fish may be used in above recipe in place of salmon.

2. Fresh and frozen fish are equally good; use them to provide more variety at reasonable prices.

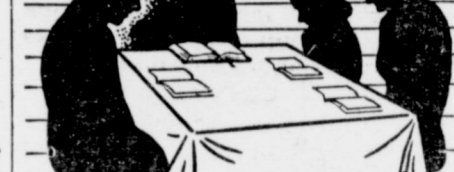

3. Buy the right amount to serve your family adequately. Usually 1-3 to 1/2 pound of fresh fish per person will provide adequate servings after cooking.

THANK YOU

We thank our host of friends for all the kind deeds and sympathy in the sickness and death of our dear husband and father, Mrs. J. E. Perkins and children

TEXAS ALMANACS now on sale at The Journal Office.

TODAY'S meditation

from **The Upper Room**
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

"...good will toward men." (Luke 2:14). Read Ephesians 2:13-22.

The story is told of an infidel knight who, in the wildness of his mad defiance of heaven, determined to test God whom he despised. Fully armed for combat he cast his glove upon the ground and cried out, "God, if indeed Thou art, I challenge Thee to mortal combat. Put forth Thy might, of which Thy servants boast."

A piece of parchment came fluttering through the air and fell beside his glove. He picked it up and read the words, "God is love." Overcome, he broke his sword and falling upon his knees, consecrated his life to the service of such a God.

Thus to the blasphemy of individuals, to the godlessness of nations, to the defiance of East and West, the answer from heaven is always, "God is love."

This was the song of the angels, the meaning of the coming of Christ. Cold were the hearts of men; defiant were the nations. Yet the answer was not swift judgement, but the gift of the Son of God, the Saviour.

PRAYER

Most gracious Father, draw us ever closer to Thee that the vision and spirit of Jesus may shine

more deeply in our lives. In our homes, at our work, and in the world, help us daily to express good will. We pray in the name of Christ, Thy Son. Amen.

THOUGHT FOR THE DAY
In God's will is our peace.
Bruce H. Barnitt (New Zealand).

WEEK END VISITORS

Mr. and Mrs. James R. Hobbs and children, Wally and Camille of Lovington, N. M., and Mrs. J. D. Thomas and son, Warlick, of Abilene, Texas, visited over the week end here in the home of Mr. and Mrs. Bill Kistler.

BREAKS AN ARM

Bill Collins, the cafe man, suffered a broken arm bone when he fell while cleaning away debris behind his restaurant Monday. He will have to cook with one hand for about six or seven weeks.

- Q. What is the name of this cut of meat?
- A. Salt pork.
- Q. Where does it come from and how is it identified?
- A. The side of pork. Spareribs are removed leaving a boneless piece, the bacon strip. Cured in salt, it is salt pork. Smoked, it is bacon.
- Q. How is it prepared?
- A. By roasting or pan-frying. In either event the salt pork is cut into slices about 1/4 inch thick, covered with hot water and allowed to stand for 5 minutes. Slices may then be removed, dipped in milk and rolled in corn meal. To roast, slices are placed on a rack in a roasting pan and cooked for 30 minutes in a 350° F. oven. In pan-frying, the coated slices are slowly cooked in lard or drippings until well browned. Salt pork is frequently used for seasoning vegetables and other dishes also.
