Protecting Our Way of Life

DAVID COUNTS

State Representative David Counts is a fighter for our way of life. A conservative Democrat, he is committed to improving public schools and access to affordable health care, while working to protect the rights of consumers rather than big insurance companies.

As a husband, father and grandfather, David Counts understands the importance of faith and family. A retired colonel with 32 years of military service, he is a leader we can trust to protect our way of life.

As chairman of the powerful House Natural Resources Committee, he will continue using his legislative influence to improve the quality of our water and to safeguard our water rights against big city interests.

David Counts wants to keep fighting for you. A valuable member of our community who's built five successful businesses from the ground up, he provides the leadership, experience and vision we need in our State Representative.

MAKE SURE YOUR VOTE "COUNTS" Early voting is Oct. 21 - Nov. 1; Election Day is Tuesday, Nov. 5.

OPINION

TEXAS PRESS ASSOCIATION

Farmers plans to drop 700,000 homeowners

AUSTIN — Farmers Insurance homeowner policyholders will be looking for a new insurer as the company announced plans to pull out of the Texas market Nov. 11

Farmers has mailed letters informing 700,000 Texas homeowners that their policies will not be renewed.

State law requires insurance companies to give 30 days notice before declining to renew a policy. Companies cannot terminate a policy midterm and must wait until the expiration date.

Insurance Commissioner Jose Montemayor said the Texas Department of Insurance has been talking to a number of companies about writing more homeowners insurance.

The agency's new Web site www.helpinsure.com can take applications and assist with finding new coverage. Homeowners without Internet access can call 1-866-695-6873

State test grades show increase

These days, parents of Texas schoolchildren need to known their own version of the ABCs.

TAAS, and its successor TAKS, are the academic achievement tests that get the most news media attention, but there also is the EOC (endof-course exams.) These tests measure how well Texas students have done in algebra I, biology, English II and U.S. history.

Results released by the Texas Education Agency from last spring's testing show the passing rate for algebra I was 60 percent up from 51 percent last year.

Eighty percent (the same as last year) of the nearly quarter million students who took the Biology test passed it, while 70 percent passed the

entities to use the Internet-based portion that is a major component of the system.

By Mike Cox

In addition to fast distribution of missing child information among law enforcement agencies, the new system includes numerous Texas businesses and associations. When an alert goes out, these private companies will be able to quickly get word to their employees.

Bet you don't know...

How many dogs and cats are there in Texas? The last U.S. Census showed that Texas has more than 20 million people, but federal enumerators don't count canines and felines. The Texas Department of Health, however, has estimated that the state has some 6 million dogs and 6.6 million cats

Of those animals, and this is the reason the state was interested in the number, about half the dogs and only a quarter of the cats have been vac- . cinated against rabies.

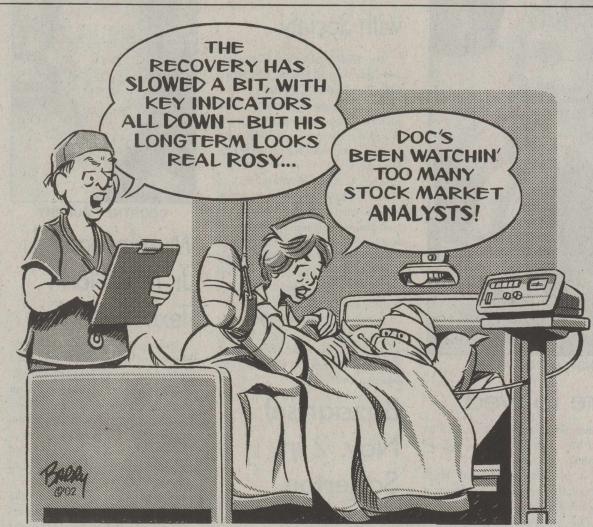

In spite of those numbers, the department has proposed a rule change that would lower the requirement that dogs and cats be vaccinated annually instead to every three years.

The reason, the department explains, is that vaccine is effective for up to three years. Thirty-three other states have made the same move. The important thing, the state agency continued, is that the pets get the shots in the first place.

High-lites...

• Just in time for the fall hunting seasons, the Texas Parks and Wildlife Department has graduated 37 game wardens. Though their primary duty is to enforce the state's game laws, the new wardens are commissioned peace officers who can make arrests for any law violation.

• Speaking of peace officers, the

Aerospace scholarship announced

Texas Representative Rick Hardcastle announced this week the launching of the 4th Annual High School Aerospace Scholars program.

This program offers Texas high school juniors the opportunity to participate in a math, science and engineering based distance-learning program, and features an all-expense paid. week-long summer residential experience at the Johnson Space Center (JSC) in Houston.

Selected juniors will engage in a variety of activities including: interactive web-based assignments; on-line mentoring; briefings and tours at JSC and a summer group project. Eligible students are required to meet the following criteria:

*U. S. citizen

*At least 16 years of age

*Texas resident

*Currently a high school junior *Interest in science, math or

engineering *Able to commit to a relationship with JSC, including a one-week residential experience during the summer.

*Access to the Internet and e-mail (home, school, or public library)

п

The State of Texas, in partnership with JSC and the Texas educational community, developed the High School Acrospace Scholars to motivate students in science and engineering careers. More than one thousand students from across Texas have participated in the program since its inception in 1999.

Interested high school juniors should contact their science or math coordinator for more information and an application. Schools will submit completed student applications to Texas legislators, who will make the final selections.

For more information on the program, visit the Web at: http:// aerospacescholars.jsc.nasa.gov/.

Haskell Elem. Principal The 2002/2003 school year has started with enthusiasm and high expectations. As always, we are committed to giving your child the best education in a safe and caring environment

We have initiated two new programs this year: EXCEL, a new teaching model, and Bridges in Title I. Another addition to our campus is the science lab for grades K-6. We

> All deadlines are 5 p.m. Monday

also want to take this opportunity to * welcome Christye Gannaway to our Reading Recovery team.

Thank you for your cooperation with our traffic rules; they are another safety precaution on our campus.

Education is a partnership between the school, parents and the community. We encourage you to participate by visiting with teachers, helping with homework and attending meetings. We have designated the week of October 14-18 as parent week in the cafeteria. You are always welcome to have lunch with your child, but we hope

that you will be able to visit during this special week.

If you have questions or concerns, contact our secretaries: Peggy Adams, Phyllis Coleman and Peggy Darden. Susan Blanks, our school nurse, is also available to assist you with the health related needs of your child/children.

We look forward to a productive year filled with learning and fun!

Reminders: A signed note must be sent with your child after an absence. Check backpacks daily for notes and assignments. Listen to KVRP, 97.1 on the radio, or watch Channel 7 for updated school news.

Commander Johnny Goodwin of VFW Post 9179 in Stamford has announced the start of this year's Veterans of Foreign Wars and Ladies Auxiliary "Voice of Democracy Scholarship Competition." Students in the local area have the opportunity to compete in the 56th annual audio essay competition and win valuable scholarships, trip and awards.

According to the VFW Post Commander, the students achieve much more than just scholarships when they participate in "Voice of Democracy.

Additional opportunities for students include increased selfconfidence and poise, experience in polishing communication skills and the opportunity for self-expression. Students who advance to become their state's first place winner are given the chance to expand their knowledge of our nation's capital city during a full four-day tour of Washington, D. C., plus the prospect of meeting and being friends with students from every state.

During the years that the VFW and its Ladies Auxiliary have been involved with Voice of Democracy, more than seven million high school students have participated. Interested students need only write and record a three to five minute audio/essay expressing their view of the patriotic theme, "Freedom's Obligation."

All state winners receive at least a \$1.000 National Scholarship, but could win the \$25,000 first place award. A total of \$141,000 in National Scholarships are awarded to student national finalists. The deadline date for student entry is Nov. 1, 2002.

Commander Goodwin said, "Young people who participate in the competition benefit by gaining a better understanding of their country, their freedoms and their obligation to America."

For more information, contact Chuck Lewis, Jr., Vice Commander, VFW Post 9179 at 940-864-3638.

Joint real estate agreement reached

Eligible Texas farmers and ranchers may experience an increase in the availability of Farm Ownership (FO) funds during the next fiscal year due to a proactive agreement reached between the Farm Service Agency and Texas Rural Communities, Inc. (TRC). Texas FSA and TRC, Inc. have agreed to cooperate in a Joint Financing program for Direct Farm Ownership loans to assist Texas Producers. Local lenders including banks, Federal Land Bank Associations and Agricultural Credit Associations are also encouraged to participate in the FSA Joint Financing Program for real estate type loans in order to increase the availability of agricultural credit in rural areas of Texas. Local lenders participating in the program will benefit by obtaining a first lien on the real estate, with FSA obtaining second lien position.

"We are excited about the possibility of increasing the number of family-sized farmers and ranchers that we assist throughout rural Texas," said Larry Owens, Farm Loan Chief for the Farm Loan Programs Division of FSA. "Partnering with TRC, Inc. and maximizing all available resources creates a win-win situation for FSA, TRC and most importantly Texas farmers and ranchers."

Housing programs available

The Texas USDA Rural Development Agency has Housing Loan Programs available to assist qualified very low, low and moderate income applicants in the construction of purchase of a home.

These loans require no down payment nor mortgage insurance and can be made for up to 100% of the market value of the property, which in some cases allows for financing of the closing costs. Loan terms are from 30 to 33 years, with fixed interest rates. Payment assistance is available, based on family size and income, which may reduce the interest rate on the loan to as low as one percent (1%).

The Agency also administers Home Repair Loans and Grants for qualified very low- income owneroccupants.

Grants funds are available for very-low income home-owners 62 years of age and over who cannot repay a loan. Grant funds must be used to remove health and safety hazards such as repairing roofs, heating, electrical and plumbing systems, water and waste disposal, installing screens, windows, insulation and other items to make the home safe. Grant assistance may not exceed \$7,500.

Home Repair Loans may include similar purposes as the grant, but

may also be used to modernize and bring a home up to standards, make changes for convenience, add a room, remodel and make overall improvements to the home. For very-low income borrowers, the loan term can be of up to 20 years, with a fixed one percent (1%) interest rate. The loan amount cannot exceed \$20,000. For low-income borrowers the interest rate is the program rate in effect at the time of the loan.

For more information and qualification requirements for these programs, contact the Rural Development office at 4400 Buffalo Gap Road, Suite 4150, Abilene, TX 79606 or call (915) 690-6162 ext. 4.

Garden Club enjoys tour

The Haskell Garden held their first meeting of the new 2002-2003 year, Thurs., Sept. 12, at the Haskell National Bank Community Room. New president, Florence Alexander, presided and Mary Kammenga opened with prayer.

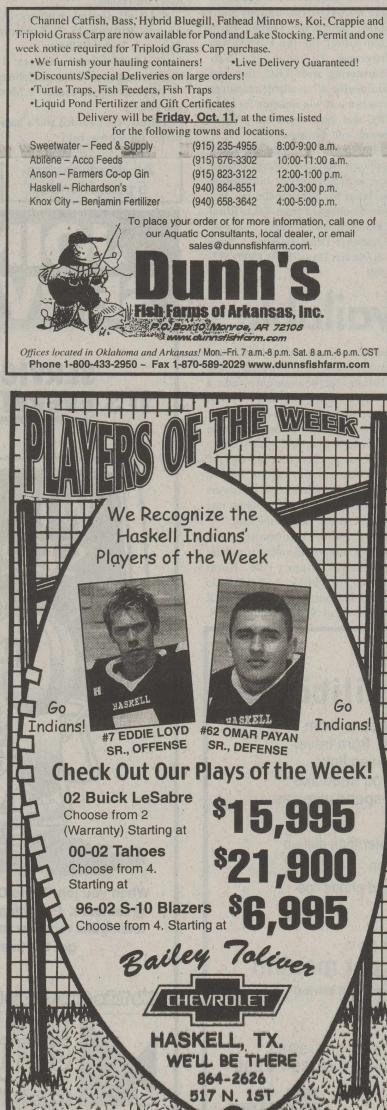

Present were Florence Alexander, Melyn Wittenborn, Frances Bowen, JoAnn Grant, Sue Hertel, Mary Kammenga, Betty LeFevre, Sharon Lusk, Erna Peiser, Laverne Kuenstler, Ruby Mae Middlebrook and Martha Spitzer. New members are Darlene Burson, Gwen Campbell, Jerry Ann Harris, Laverne Kuenstler, Debbie Maines, Ruby Mae Middlebrook, Martha Spitzer and Janette Stevenson.

During a short business meeting members discussed the District VIII Garden Club Fall convention which the Haskell club will co-host with Stamford and Breckenridge Nov. 1st, and 2nd; decorating plans for the convention; contribution to the Haskell High School Scholarship Fund and a gift certificate to the Robert Patton's in appreciation of the garden tour. was presented to Sue Hertel by Melyn Wittenborn in appreciation for serving as club president for the past two years.

Following the meeting, the club toured the Robert Patton Gardens in Abilene. The formal gardens feature four levels of beautiful landscaping, consisting of roses and flowers of many different varieties, enormous, beautiful wind chimes producing angelic tones, many overflowing urns containing caladiums, coleus and ferns, statuaries abounding all around the property, a greenhouse, pool, artistically scrolled gazebo, several different seating areas and more.

Upon leaving the Patton home, club members ate lunch at Furr's Cafeteria, ending another fun time for the Garden Club.

Anyone interested in the Garden Club is welcome and may contact a member or come to a meeting, which is held each second Thursday of the month, usually at 2:00 p.m. at the Haskell Community Room. The next meeting of the club will be a tour of several Haskell gardens.

Johnson retires after 22 years with DPS

By Mary Kaigler

Senior Highway Patrol Trooper Gary Johnson of Aspermont, formerly of Haskell, was honored in late July with a retirement luncheon and ceremony for his twenty-two years of faithful and dedicated service to the Texas Department of Public Safety.

The son of Elbert and Franciene Johnson of Haskell entered the DPS Academy in June of 1981, after graduating from West Texas State University with an associate degree in law enforcement and from Texas Tech University with a bachelor's degree in business. In October that year he was stationed in Aspermont, and has remained there throughout his entire career with the DPS.

At the retirement ceremony, attended by many co-workers, friends and family members, Major Lamar Beckworth, Regional Commander for the area, presented Johnson with service awards, and spoke of the many rookies Johnson 'broke in,' and how he would be missed.

Sgt. Ruben Garcia, one of Johnson's senior officers, showed a film highlighting the trooper's family life and career. "Gary was always a team player," he said.

Having many interesting assignments during the years of his career, including being a sniper on the department riot team, Johnson had to travel around the state to be ready to assist in case of civil disturbances. One of the training exercises he said he really enjoyed was the water rescue.

"We were suspended over a lake from a helicopter and had to practice saving victims from the water. Although we never had to do it, it was good to be certified and ready," he said.

His training also lead him to Del

Rio where he spent a week assisting the Border Patrol. In recent months he was a driving instructor for new recruits at the academy.

Johnson credits two of his former baseball coaches whom he admired, James Davis and Skip Lane, both State Troopers, for encouraging him and others to enter the field of law enforcement.

In his retirement, Johnson and his wife Cyndi plan to continue living in Aspermont. Their oldest son, Toby, is enrolled at South Plains College in Levelland. Their younger son, Blade, is in the third grade at Aspermont Elementary.

Johnson will be working as an independent insurance adjuster. Currently, he is working for a company based in Fort Worth. He says he looks forward to his retirement years and counts himself among the lucky ones to make it through the tough times of law enforcement, keeping his family intact and keeping his health.

Since his retirement, the veteran state trooper has been made an Honorary Texas Ranger.

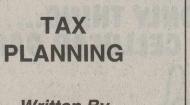

DCOH News

James Elam, director of Development Corporation of Haskell, said Monday that Rolling Plains Regional Jail and Detention Center Warden, James Frawner, reported receiving a net addition of thirty-four INS detainees last weekend.

Plains Regional Jail and Detention Center reached eighty-five this month. "The Center is truly an asset to the region as indicated by the number of employees driving in from neighboring cities," Elam said.

This consists of thirty-nine from Haskell, fifteen from Stamford, two

WHEN SHOULD YOU APPLY FOR SOCIAL SECURITY BENEFITS?

As you approach retirement age, one important decision you'll face is when to apply for social security benefits.

The benefits you receive will depend on your earnings history. Each year the Social Security Administration mails an estimated benefits statement to all workers over 25. For a rough idea of what your benefits will be, check your annual statement. Remember that the amounts shown on the statement are in current dollars, with no adjustment for inflation.

You have three choices for when you can begin collecting social security benefits. First, you can begin collecting benefits at your normal retirement age. If you do, you will receive full retirement benefits, For social security purposes, normal retirement age is 65, but this will increase in stages from the current 65 to 67 by 2027.

Second, you may start receiving benefits as early as age 62. There are advantages and disadvantages to taking your benefits before your full retirement age. You could collect benefits for a longer time, but you will get a slimmed-down check for the rest of your life. This choice might make sense if you are in poor health or if you need the money to support yourself.

Finally, you can postpone applying for benefits. Under this alternative, you become eligible for a bonus that will increase your monthly benefit check.

If you are both working and receiving social security, your benefits may be reduced depending on your age and how much you earn. Workers under 65 can earn up to \$11,280 for 2002 before benefits are reduced. If you are 65 or older, your benefits won't be reduced no matter how much you earn.

In deciding when to apply for benefits, you should consider your health, desired lifestyle, other resources, and taxes. For help in analyzing your choices, call us.

The Chicago office of INS brought forty-two detainees and picked up eight. This puts the Detention Center population at one hundred fifty-one, which is approximately one third full. Monday, the Jail had eighteen inmates. No word has been received from Lubbock about when or if they will be using the facility.

from Aspermont, four from Anson. seven from Throckmorton, three from Seymour, five from Munday, four from Rochester, one from Benjamin, three from Rule and two from Knox City. Fifty-six are male and twenty-nine are female employees. Sixty-one percent are from low to moderate income families.

This level of employees will allow Haskell to begin closing procedures for the grant it received from the Texas Department of Agriculture to build the gas pipeline to the facility, Elam said.

Pied Pipers defeat Indians 24-13

INDIANS VS PIED PIPERS-Haskell Indian #3 Melvin Garcia carries the ball in the game with the Hamlin Pied Pipers, Fri., Sept. 27. Garcia had 51 yards on 11 carries in the game. Photo by Bill Blankenship

With both the Indians and Pipers putting up big offensive numbers, this game came down to the fact that Hamlin's came at opportune times, and the Pied Pipers went on to defeat the Haskell Indians, 24-13.

In the first quarter, at the 1:52 mark, Hamlin's QB Austin Steele found running back Ryan Claterbaugh open, and nailed a 54 yard touchdown strike. Anthony Gonzales kicked the PAT.

During the second quarter, Hamlin, starting on their own 40 yard line, used 6 plays and moved 60 yards with running back John Barrera crossing the goal line on an 8 yard run. Again, Gonzales kicked the extra point, to give the Hamlin Pied Pipers a 14 to 0 lead at the intermission.

Hamlin's first possession of the third quarter saw the Pipers move the ball down to the 5 yard line only to settle for a field goal at the 8:49 time frame. Not to be denied, the Indians used 7 plays to move from their own 15 yard line, to cross into pay dirt. QB Eddie Loyd hit wide receiver Holton Hernandez on a 79 yard strike to carry the ball to the 4 yard line. Melvin Garcia got 3 yards on the next play and Homero Payan, Haskell fullback, took the pigskin home on the final yard of this drive. Eric Sanchez hit the extra point on a fine kick,

On a 21 yard pass from their QB, Austin Steele to Roman Johnson, Hamlin added another TD with only 42 seconds left in the quarter. Gonzales again tacked on the PAT. Score at the end of the third quarter was Hamlin 24, Haskell 7.

Both the Indians and Pied Pipers had the same number of possessions, during the fourth quarter. Haskell, however, provided the most excitement. With only 4:25 to go in the game, Haskell used the option play to perfection, with Loyd and tail back Melvin Garcia combining for a 44 yard run to cross the goal line. Haskell then tried to pass to complete the 2-point try. QB Loyd's pass to wide receiver Heath McCulloch fell incomplete. This was a 4-play, 63 yard drive: A theme the Indians can build on.

Eddie Loyd had 11 carries for 105 yards. Homero Payan had 77 yards on 18 carries and one TD, while Melvin Garcia had 51 yards on 11 carries and one TD. Loyd threw for 169 yards on 4 completions for 14 attempts, with 2 balls intercepted. Holton Hernandez had 2 catches for 83 yards and Garcia had one catch for 81 yards. Eric Sanchez had one catch for 5 yards.

Thursday night will see the 7th and 8th grade Warriors traveling to Albany to take on the young Lions. Kick off is set for 4:00 p.m. The Indian JV will follow these two games at Albany.

The Varsity Indian will host Albany for the Indians' second home game of this new season. Kick off is at 7:30 p.m., at Indian Field.

After the game with Hamlin, Haskell Coach Brad Brunson said, "Needless to say, this was a very disappointing defeat. This is the 2nd week in a row we couldn't put the ball in the end zone when we were inside the ten yard line. Defensively, we gave up too many big plays. We had some blown coverages and too many missed tackles. It all comes down to the fact that we were inside the ten two different times and couldn't score and got beat by 11 points. Offensively, we piled up a great number of yards, but it doesn't make a difference if you can't get the ball across the goal line. When you are playing the 7th ranked team in the state of Texas, they are going to take advantage of your mistakes, and that is exactly what they did. They have a good ball club and that is what disgusts me the most, because I really felt we should have won the game. We just keep beating ourselves week after week. We were prepared for everything we saw Friday night. We just didn't execute our game plan. The kids played very hard, but every team plays hard. Until we begin to play with discipline we are going to continue to make mistakes. We must continue to progress and work hard. We are getting better."
