

Swimming Pool To Close Aug. 31

Muleshoe's Municipal Swimming Pool will close for the season Sunday afternoon, August 31, according to announcement of T. J. Bailey.

Mr. Bailey said the pool, as stated by city officials recently, has enjoyed a fine season, and said the pool facilities have been a source of much enjoyment to the people of this area.

LIBRARY IS CLOSED FOR TWO WEEKS

The library is closed for two weeks while Mrs. E. R. Wright, librarian, is away on vacation. It will again be open on Monday, Sept. 8.

HOOVERS HAVE VISITORS

Visiting last week end in the C. D. Hoover home was Master Sgt. J. D. Cox who is stationed at San Angelo. His home is in Excelsior Springs, Mo.

The pool has been used extensively by people living at a distance from Muleshoe.

Record Breaking Trophy Winner!

New lap record of 114.33 M.P.H. in Mexico race wins special award. This Tony Bettenhausen-Chrysler combination, running in the 1951 Mexican Road Race copped four of the automotive world's coveted trophies for engineering excellence.

The Kiekhaefer (Mercury Outboard Motor) Corp., who entered the car, had its engineers switch their know-how from outboards to automotive engines in preparation for the South-of-the-Border gruelling grind.

Federal Taxes And Inflation Are Doing A Lot To Family Incomes

What high Federal taxes and inflation are doing to family incomes in Texas and other states is brought out today in a report by the West Texas Chamber of Commerce.

Taking an average family of four (husband, wife and two children) as an example, the WTCC showed how today's family incomes at various levels compare with those earned in 1940 after Federal income taxes are deducted and due allowance is made for the reduced purchasing power of the dollar as the result of inflation. The study pointed out:

A family in the \$3,000 net income group today has \$2,866.80 for living expenses after Federal income taxes. This has a purchasing power of \$1,519.50 in 1940 dollars. But in 1940 this family had the use of all of its \$3,000 income.

A \$4,000 family today has \$3,644.80 left after taxes. This has a purchasing power of \$1,931.74 in 1940 dollars. But in 1940 this family had \$3,964.80 in 100-cent dollars after taxes.

As for the \$5,000 family today, it has left \$4,422.80 after Federal taxes. But this income is worth only \$2,344.08 in 1940 purchasing power. In 1940, however, this family had \$4,925.20 after Federal income taxes.

A \$10,000 family today has \$8,226.40 after taxes. But its purchasing power is \$4,359.99 in 1940 dollars. In 1940 this family had \$9,560 after taxes.

The \$100,000 family has \$43,968 after Federal income taxes today and this income has the purchasing power of only \$23,303.04 in 1940 dollars. But in 1940 this family had \$57,051.60 after taxes.

Looking at the picture another way, the WTCC brought out these additional facts with due allowance for taxes and inflation.

A family of four today must earn a net income of \$4,165 to equal a 1940 income of \$2,000.

A \$3,000 income earned in 1940 compares with \$6,595 earned today.

A \$4,000 income earned in 1940 compares with \$9,010 today.

A family which earned \$5,000 in 1940 must show a net income

of \$11,480 today to maintain the same standard of living.

And it takes a net income of \$736,000 today to equal the purchasing power, after taxes, of a \$100,000 income earned in 1940.

TYPOGRAPHIC ERROR

A standing rule around The Journal is: Don't read proof after the paper is printed; read it before or not at all. A fellow has put into rhyme the perversity of the typographical error, as follows:

"The typographic error is a slippery thing and sly; You can hunt until you're dizzy but somehow it gets by. Till the forms are off the presses it shrinks into a corner and never stirs or peeps. The typographic error is too small for human eyes, Till the ink is on the paper, when it grows to mountain size. The boss, he stares with horror then tears his hair and groans; The sad sack who okayed the proofs just drops his head and moans. For all the other printing may be clean as clean can be, But that typographic error is the ONLY thing you see!"

Former Muleshoe Man Goes To Town With Springlake Onion Crop

"Tee" Aigaki, former Muleshoe farmer, has attracted wide attention on the Plains with a profitable onion crop produced this year near Springlake. Tee had truck crops two years on his farm near Muleshoe before moving away from this community. The Lamb Co. Leader, of Littlefield, tells about his crop this year in this way:

Takashi Aigaki, enterprising Springlake farmer, has done it again—it's onions this time. He has just sold the yield off 20 acres of onions for \$800 to \$900 gross per acre to Jack Renfro of Hereford. Renfro represents the same company that handled Tee's bumper potato crop in June. Tee says that he is a "satisfied customer."

Aigaki's yellow onions brought from \$2.50 to \$2.75 a bag; whites on the average of \$3.25. Tee claims that he is just lucky.

"It isn't every year that you get prices like these," he said. "This has been an exceptional year."

"Live-At-Home" Program
But no matter how lucrative the price was, Tee didn't sell all of his onions—nor his potatoes—he's too smart for that. Enough of both crops were stored to help the Aigaki family carry out their "live-at-home" program.

Aigaki's onions are an early variety. He put in his crop the economical way by planting seed. Although a bigger yield can be harvested from transplants, they are also more expensive—and Tee was taking no chances with his first crop. Transplants run \$200 an acre and seed only \$100. The yield from transplants is 800 to 1200 50-lb. bags to an acre; the yield from seed, 300 to 400 50-lb. bags. Tee hopes to use part seed and part transplants next year.

Uses Irrigation

The onion crop was laid in the first of March and came off July 22. Pulling by hand, it took 35 laborers eight days to harvest the crop. Aigaki's onions were under irrigation. Onions require plenty of water and plenty of fertilizer during the short growing season. Between 500 and 600 pounds of fertilizer to an acre is needed. Tee sprayed his onion crop with DDT and BAC three or four times.

Aigaki, one of the advocates of diversified agriculture in Lamb county, is carrying out his own program of balanced farming. A list of the crops on Tee's farm reads like the recipe for vegetable soup—or a morning's marketing list. On the land left vacant after the harvest of his June potato crop, he planted cabbage and blackeyed peas. He could have planted lettuce, but it is a more "fragile" crop. Lettuce has to be ice-packed at a processing plant, and Aigaki can cut cabbage in the field himself. Cabbage is a less expensive crop and a more "sure" crop. Just another instance showing that this astute farmer isn't taking any chances—or that when he gambles, it is on a "sure thing."

Builds Up Soil
Tee had two motives in planting the peas. They are a soil-building crop and they will come off in plenty of time before frost. He plans to market them as a green crop, if possible, rather than selling them to a canning factory.

Aigaki has considerations on the financial side of farming worked out like a Wall Street banker. The potato crop brings in early money, proceeds from the onions follow in late July or August and cotton money comes in the late fall. Another neat trick is that he can water all his

**CHRISTIAN SCIENCE
SERVICES**
As it is seen that God is the
Mind of man, peace and harmo-
ny reign in the hearts and lives
of men, according to the Lesson-
Sermon titled "Mind" to be read
in all Christian Science Churches
on Sunday, August 24.
The Golden Text states, "Let
the people praise thee, O God;
let all the people praise thee. O
et the nations be glad and sing
for joy; for thou shalt judge the
people righteously, and govern
the nations upon earth" (Psalms
67:34).
This counsel of Paul's to the
Romans is included in the Bible
citations: "Now the God of paci-
ence and consolation grant you
to be likeminded one toward an-
other according to Christ Jesus;
that ye may with one mind and
one mouth glorify God, even the
Father of our Lord Jesus Christ"
(Romans 15:5, 6).
Mary Baker Eddy writes in
the Christian Science textbook:

"When we realize that there is
one Mind, the divine law of lov-
ing our neighbor as ourselves is
unfolded; whereas a belief in
many ruling minds hinder man's
normal drift towards the one
Mind, one God, and leads human
thought into opposite channels
where selfishness reigns" (Sci-
ence and Health with Key to
the Scriptures, p. 205).

Present Rate Of Growth May Bring Enlargement Of Muleshoe Schools

Muleshoe school district has just finished an ambitious program of expansion and improvement, but in the opinion of Jerry Kirk, Superintendent, all indications are that still further expansion of school facilities here will be necessary between now and 1956.

Mr. Kirk voiced these sentiments in a talk before the Muleshoe Rotary Club at its Tuesday noon luncheon.

Mr. Kirk pointed out that when he first came to the school system there were about 500 enrollment; this year he expects enrollment to reach nearly 1,500. There will be some 375 to 400 in the junior high school this year, and if the increase continues as it is expected to do, three or four more rooms are indicated for that building.

This year there will be some 375 to 400 students in the high school. There are 16 instruction rooms in the high school and if the next 5 years bring an increase of 150, as it is predicted it will, then additional room will be needed there. Only one instruction room is now being used for other than instruction purposes, he said.

Then, in the grade school it seems possible that enrollment increasing yearly will force still more additions to the grade building, remodeled and enlarged with four more rooms last year.

Mr. Kirk went into the matter of daily average attendance, and said few realize how important this factor is under the new Gilmer-Alkin Law set-up. Year before last, he reminded, the school lost the services of one teacher because the daily average fell down. Last year, authorities went all out to get and keep attendance, with the result that four

teachers were added to the faculty for the coming term. This will prevent overcrowding of classes in the grade school, he said.

The question of guidance in education was gone into pretty thoroughly by the speaker. He is strong on practical education as well as education in the fine arts, and envisions a more technical training for boys and girls in the future. He thought it desirable that boys and girls be equipped to be of use in some field of work when they leave high school, but he urges all with whom he talks to continue with higher education.

Mr. Kirk said at present only about 15 per cent of high school graduates go on to higher education. The speaker was introduced by D. L. Morrison, who had charge of the program.

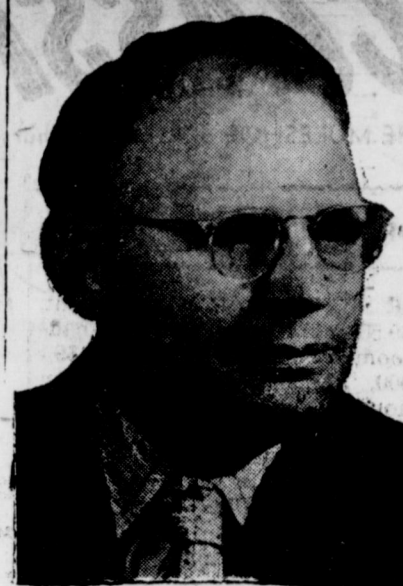

Mary Morton, Miss Muleshoe and Roundup Queen in the Will Rogers Memorial Roundup held last week, was a guest of the club and thanked the group for their sponsorship of her candidacy.

Farwell Schools To Open Sept. 1

FARWELL, Aug. 18 — Date for the opening of Farwell schools has been set for Monday, Sept. 1, Jack Williams, superintendent announces. All instructors have been hired for the coming year. Williams said bus drivers also have been hired.

Juniors and seniors of the school are to enroll for classes Friday, Aug. 29; and sophomores and freshmen will sign up for classes Saturday. Elementary students will enroll on opening day.

REV. YEAGER

Plainview, Aug. 16. — Rev. and Mrs. Orville Yeager, Blanchard, Okla., have joined the Wayland College staff for the 1952-53 session in the fields of social science and music, according to Dean H. Preston James.

They are not unknown to the Panhandle area as Rev. Yeager has been in demand as a speaker at Bible conferences, evangelistic services and radio programs here as well as in 42 states for a number of years. He is also a popular speaker before civic and luncheon clubs and is a member of Lions International.

Dorcas Class Meets In Johnson Home

The members of the Dorcas Class of the First Baptist Church met in the home of Mrs. Red Johnson Wednesday afternoon, Aug. 13, at 4 p. m. for their monthly business meeting and social hour.

The opening prayer was given by Mrs. Byron Griffiths. A very interesting devotional was given by Mrs. A. P. Lambert. The president, Mrs. Vernon Jamison, presided over the business session. Officers for the next year were elected.

Delicious refreshments of angel food cake, strawberry ice cream and lemonade were served to Mrs. A. P. Lambert, E. F. Eason, Howard Cox, Lee Pool, Wiley Bowers, Byron Griffiths, Earl Humphrey, Vernon Jamison, A. W. Blaine, T. R. White, and W. E. English by the hostess, Mrs. Red Johnson.

Lee-Williams Vows Are Exchanged

Mr. and Mrs. H. C. Lee announce the marriage of their daughter, Lillie Ruth, to Mr. Ray Williams, son of Mr. and Mrs. W. J. Williams of Bovina.

Vows were exchanged Wednesday at 8 p. m. at the Progress Baptist Church with Rev. C. C. Morgan, pastor, officiating. Patricia Morgan played traditional music on the piano and accompanied Mrs. N. G. Phillips as she sang appropriate selections.

Given in marriage by her father, the bride chose a chocolate brown linen suit with brown and tan accessories. Her flowers were orange blossoms.

Immediately following the ceremony, Mr. and Mrs. Williams left for Ft. Benning, Ga., where he is stationed in the U. S. Army paratroopers division.

H. D. Council Plans For Fair

The Bailey County Home Demonstration Council met August 18 in the county club house at 3 p. m. The chairman, Mrs. Couch presided during the meeting with all four clubs represented.

Mrs. Reed, the county agent, gave a report on the new year book. The program for the next two years will be Family Life and Recreation.

Bailey County Clubs will enter an exhibit of true sponge cake, angel food cake and all yoke cake in the South Plains Fair at Lubbock on September 29.

Old Baptists In Association

A number of Primitive Baptists of this community expect to attend the Association meeting at Plainview beginning Thursday night. The camp meeting is being held 5 miles north of Plainview at the old Liberty school.

Among those who are planning to attend are Harvey Bass and family, C. A. Watson and family, M. G. Bass and family, Willis Woods and family, Ormer Bessire and family, Roy Henderson and family, M. L. Nowlin and family, M. M. Milligan and family, Ben Jackson and family, and Mrs. Nora McCarty.

Briscoe Family Has Reunion

About fifty brothers, sisters, cousins, and other relatives, as well as approximately as many old friends met at the C. E. Briscoe home two miles north of town August 8, 9, and 10, for their annual reunion.

The hosts to this gathering, Mr. and Mrs. Briscoe, spared neither time or expense in order that everyone present might enjoy every minute of their time. A piano and recording machine were hauled out in the shade of the beautiful grove of trees on the Briscoe farm and the visitors spent much of their time gathered around the piano singing. It was not uncommon to hear a quivering voice, or see the tears trickling down the face of some of the listeners or singers as they sang those beautiful old hymns which brought back memories

FIVE-YEAR FARM OUTLOOK

A nation-wide survey has been recently completed which offers some reassuring figures to those who fear we may have reached a peak in agricultural production.

The study indicates that in the next four or five years, farmers of the nation can produce about 20 per cent more than they did in 1950, and 18 per cent more than in 1951 if there is a need for such volume, and provided that steps necessary to assure it are taken.

Agriculture is the foundation on which to build for national defense. No one can dispute that high and efficient production of food is necessary if any government is to survive in war or peace. The survey was prepared as a possible guide for future agricultural plans.

This report of capacity to produce in a defense period is the combined work of Land-Grant colleges and Department of Agriculture of the various states. Federal and state workers, thoroughly familiar with farming in their areas, prepared the report. The results represent neither a goal nor a forecast of future production. It does, however, indicate potential capacity, or the rate at which farmers could increase production under favorable conditions.

The farmer could, under "favorable conditions", produce about a fifth more of both crops and livestock than he did in 1950. Nationally, the projected increase is based on estimates that he could increase hog output 12 per cent above that of 1951, cattle and calves, 14 per cent; milk, 12 per cent; commercial broilers, 30 per cent; eggs, 12 per cent; corn 21 per cent; wheat, 40 per cent; rice, 18 per cent; cotton, 11 per cent; soybeans, 14 per cent; tobacco, 11 per cent; and potatoes, 24 per cent. Labor costs and improved farming practices would be an important factor in realizing these figures.

The study further indicates that the South has the greatest possibility of increasing production percentage-wise. The North Central, Mountain Northeast and Pacific regions follow in that order. More than half the increase could come

from feed and livestock. The rest might come largely from food grains, fruits, vegetables and cotton.

The production capacity report can be obtained by writing John C. White, Agriculture Commissioner, Land Office Bldg., Austin, Texas.

Journal To Be Burroughs Dealer

The Muleshoe Journal has been appointed as a dealer for Burroughs adding machines and cash registering machines in this locality, according to an announcement by company officials.

For the first time Burroughs adding and subtracting machines and Burroughs cash registering machines have been made available for sale by dealers. The 15 models The Journal can now handle will make a complete line of quality adding and cash registering machines readily available for offices, merchants, manufacturers, farms and homes in this area.

Burroughs machines were previously sold only through the Company's own branch sales offices and resident salesmen. Burroughs will continue to sell its larger systems-type accounting statistical and microfilming equipment only through its own offices and salesmen, but The Journal facilities will supplement the Company's distribution of its popular priced machines for everyday figuring needs of business.

The Journal will have its line of Burroughs machines on sale within 30 days.

MRS CHERRY FINISHES ISBELL BEAUTY COURSE

Mrs. Lucille Cherry, proprietor of Muleshoe Beauty Shop, has returned from Ft. Worth where she graduated from the Isbell University of Beauty Culture. It was the third summer that she had studied there.

Mrs. Cherry received her diploma at the end of the course. She was selected again to be on the television program, staged at the end of school.

BABSON DISCUSSES

Booms And Busts

Babson Park, Mass., August 15.—A lot of people have recently asked me whether we are headed for a boom or a bust next year. I am going to try to give the answer with a few economic facts of life.

PRESENT SITUATION
Business today is not so bad as some would have us believe. Even so, it may be later in the economic cycle than you think! Some phases of business, such as textiles, shoes, consumer soft goods, will improve during the next few months. Consumer dur-

ables, such as automobiles and washers, will remain off from last year. There will probably be a moderate improvement in the volume of business by the third quarter. The Babsonchart Index now stands at 125% of the 1929 and 1947 average. This is close to the low point for the past two and a half years. However, the current level of business is still higher than in much of the 1940's.

What happens to business next year depends largely on earnings rather than upon poli-

SAND HILLS PHILOSOPHER

Doubts If Grass Roots Thinking Offers Any Solution For World Problems

Editor's note: The Sand Hills Philosopher on his Johnson grass farm discusses thinking this week, a subject it's easy for him to get over his depth.

I believe that both General Eisenhower and Governor Stevenson are good men. I now see no reason for fearing any drastic change immediately after November 4th. No President will intentionally encourage deflation. The military program should continue to hold up gross business. We, however, could have a period of "profitless prosperity".

WILL PROPS DROP?

By 1953 we shall have about completed our tooling up and our plant expansion to handle Government contracts. We are already beginning to see defense plans curtailed. Further cuts are anticipated between now and the end of the year when Government spending will reach a high of \$66 billion. By late 1953, assuming present plans and conditions, it will taper off to \$58 billion. Government curtailment of spending may slow down fast by late 1953 and early 1954. But this depends upon Uncle Joe and not Uncle Sam.

Boom or bust for 1953-54 first becomes the problem of inflation versus deflation. During a boom, such as we have all recently witnessed, the buying public wants goods more than money, using a recession or depression, the opposite is true. Booms cause depression; depression brings about further deflation. What, then, causes the boom? The most important cause of the booms of the past has been inflation.

SIMPLE ECONOMICS EXPLAINED

If the supply of goods available had kept up with the supply of money, we would have had no inflation. But because of shorter hours and unnecessary strikes, production fell off; then the value of the dollar fell likewise. People wanted to buy goods with their high wages; goods were scarce. Prices shot up; we had creeping inflation and an artificial boom.

There is a point in this cycle where people, banks, insurance companies, and other financial houses begin to get worried about earnings. Experience tells them that boom times can't last forever. We may be approaching this point now. Already, many plants across the country have cut back to a forty hour week. Some workers are being laid off. But no definite forecasting regarding 1953 should be made at present. It looks now as if we must await 1952 net earnings—that is, how much corporations and families have left after paying their bills, wages and taxes.

SANE RELIGION NEEDED

During this kind of a period, people begin to worry. They again want money more than they want goods. Mortgage rates and business loan rates become higher. Voluntary credit restrictions begin to set in. This puts a damper on good business. People no longer have so much money or credit with which to buy goods, back; and unemployment is on Sales drop; production is cut.

I am especially troubled by the lack of religious interest today. This lack always precedes a financial crash. The desire to get something for nothing—so prevalent today—is a bad sign whether by investors, employers or wageworkers. When attendance at Church declines and attendance at the races increases, look out for trouble. Hence, proceed with caution, clean up your debts, build up your liquid savings and work harder at your job.

in.
Dear editor:

Every once in a while lately I've been reading where the candidates for President and other major offices mention the importance of getting out and getting the grass roots opinion on matters of vital importance in the conduct of this nation and the world also.

"What this country needs to solve its problems is some down-to-earth, grass roots thinking," one candidate announced recently.

I am afraid he is on the wrong trail.

If anybody is closely associated with grass roots, I'm it, but if he thinks I got the solution to any national or world problems, he's badly mistaken. I can't even solve the problems right around me out here on this grass roots farm, let alone the problems of inflation, debt, world turmoil, etc. If anybody's looking to a man who can't manage his own farm to where it even suits his wife, to think up a solution to the world's problem, he's pretty certainly doomed to disappointment.

Grass roots think I guess is about as good as brick pavement think or skyscraper think or ocean side think or mountain top think or Congressional think or Presidential think, but up to now as far as I can tell ain't none of 'em been good enough to solve some of the problems we got.

I don't mind any of the Presidential candidates or Vice Presidential candidates comin out here to sample any grass roots thinkin he can find, but if he thinks he's gonna find any solution for example for inflation or Korea or the Russians or traffic accidents or hot weather, he might as well stay at home with his own thoughts, even if he's already discovered they ain't satisfactory neither.

Understand, I'm in favor of thinkin, beats plowin ten to one, hoin twenty to one, and helpin with the washin fifty to one, in fact it's the next best thing to holdin office, but thinkin, grass roots or top of the stalk, up to now ain't been no absolute cure for what ails us. I've thought all my life and this farm out here is in worse shape now than it was when I started.

TODAY'S meditation

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

WISDOM FROM PROVERBS

Seest thou a man diligent in his business? he shall stand before kings. (Proverbs 22:29.) Read Luke 16:1-12.

Our Christian faith is not meant to be a tool for assuring us greater earning power than is to be had by the non-Christian and the godless. The good, as well as the godless, often suffer hardship and want. Such words as skill, diligence, thrift, are not words to be shunned as sinful or socially undesirable. The honest use of talent for gathering wealth for unselfish purposes may reflect Christlike consecration.

The by-products from such efforts call forth joyful exercise of stewardship. This stewardship includes giving to causes for the help of mankind, and for the voluntary improvement of conditions where people work, and for ample pay. Stewards like Mrs.

Annie Merner Pfeiffer, who for many years gave to Christ's work not 10% of her income but 90%, render kingly service. All those with like spirit and purpose to serve God have their rewards.

PRAYER

Dear Father, we thank Thee for those servants of Thine who have consecrated their wealth to Thee and to Thy work. We pray that Thou wilt give to each of us the understanding and the willingness to use the various talents and gifts we possess for Thy name's honor and glory. We pray in the name of Christ. Amen.

THOUGHT FOR THE DAY

Christ rejoices with those who get honestly in order to give liberally. —John O. Gross (Ky.).

I got Conoco's NEW 1-2-3
"50,000 Miles No Wear" Service!

Now is the time for all smart motorists to discover how Conoco's great new "50,000 Miles—No Wear" Service helps engines last longer, perform better, use less gasoline and oil!

This is exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's, today!

Here's the Famous "50,000 Miles—No Wear" Service!

1 Your Conoco Mileage Merchant Will Drain Out Grit and Sludge, preferably while engine is hot! "Hot-oil" drains every 1,000 miles flush out grit, dirt, acid and contamination—leave your engine sparkling clean!

2 He'll Recondition Air and Oil Filters! He'll clean filter elements, replace dirty cartridges, record mileage. Every time hood is lifted, he'll check mileage to be sure filters have been serviced at proper intervals.

3 He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulation of dirt and contamination—protect metal surfaces from corrosive combustion acids—fight rust—and OIL-PLATE against wear.

Roping Club Says "Thanks"

The Muleshoe Roping Club has written a letter to The Journal in which they thank everybody who helped them in any way to stage their big Rodeo on the three nights of the Roundup. Golden Benton, president, signed the letter, which reads:

Members of the Muleshoe Roping Club desire to say "Thank You" to all who cooperated and helped us to stage the

biggest and best Rodeo in Muleshoe's history.

We can't mention all but we would like to name those we can name including:

The Muleshoe Chamber of Commerce, Muleshoe JayCees, Muleshoe men's clubs and Muleshoe women's clubs, Hugh Freeman and his sheriff's department, Mayor Ray Keeling and other city officials, county officials including Commissioner L. T. McKillip and members of his staff, JayCees and other volunteers who helped on the grounds, the E. & E. Contracting Company, and any and all individuals or groups who assisted in any way.

Cooperation was superb and we appreciate it and pledge that better and more comfortable shows are in store for future years.

Thanks again,
GOLDEN BENTON, Pres.

Old Estacado Plans Reunion

Ex-residents of Estacado, the Earl Day Crosby County community, many of them coming from a great distance, will hold their annual reunion in the McKenzie State Park, Lubbock, all day next Sunday. There will be a basket lunch and talks by many of the early day settlers.

Estacado, located northwest of Lorenzo, was the first settled community on the South Plains. It was founded in 1879 by a colony of English Quakers under the leadership of Paris Cox. First named Mariana, it was renamed Estacado in 1886. In its hey-day it was a bustling community and even had an Academy. But, the colony was disbanded and moved to Galveston county in 1895. Some members of the original Quaker families still live in this area and will attend the reunion.

Even after the Quakers left, the town remained until the coming of the Santa Fe Railroad in 1910. The railroad missed the town, and the town diminished to a small rural community—now the center of a rich irrigated farming country.

A reunion association was organized last year with Harry Kelsey of Lubbock as President, Mrs. Frank Hill of Tahoka, as secretary, and Bob Brown of Lorenzo as program chairman.

About 150 people attended last year's organization meeting, but 300 to 500 former residents are expected at this year's meeting in Lubbock on August 24.

Dr. Clark Harvey Returns To Agri. Work In Canyon

Dr. Clark Harvey, son of Mr. and Mrs. H. G. Harvey of Muleshoe, will return to his alma mater this fall as associate professor of Agriculture, President James P. Cornette announced this week. He will assume duties when the fall semester opens September 15.

Dr. Harvey attended school at Baileyboro before entering West Texas State College. Since April, 1949, Dr. Harvey has been in charge of legume investigations for the Texas Agricultural Experiment Station, and for the past two years has taught a graduate course in forage crops at Texas A & M College.

Dr. Harvey was graduated from West Texas State in 1939 with a Bachelor of Science degree with a major in agriculture. He completed work for a degree, majoring in agronomy at Texas A & M in 1940, and worked for 18 months with the Agricultural Adjustment Administration and the Farm Security Administration, before entering the Navy. He served from January 1942 until August 1946 as a pilot in the Navy, and now holds a reserve commission as Lieutenant Commander.

Entering Iowa State College in September, 1946, with a teaching fellowship. Dr. Harvey earned the master's degree in 1948, and his Ph. D. in 1950, majoring in crop production and plant physiology.

Dr. Harvey is a member of The American Society of Agronomy, The American Society of Plant Physiologists, and Sigma Xi, honorary science fraternity. He and Mrs. Harvey have a daughter, Sharyn, 3, and a son, Randall, 2.

Besides carrying on his own research at College Station, Dr. Harvey has been cooperating with personnel conducting forage

To The People Of Bailey County and Voters of Precinct 1:

I want to thank you for the support you have given me thus far in my campaign for Commissioner of Precinct 1. To the ones I have not been able to see personally, I want to make these statements:

I have lived in Bailey County 26 years and have been a tax payer all these years. I have farmed most of my life. I am a member of the Farm Bureau.

I have supported our churches, schools, and other organizations that have helped to make Bailey County a better place in which to live.

I have always supported our law officials and have served our courts as juror and grand juror. I know the need of good roads for our farmers, school busses and mail carriers.

I will do everything possible at all times for better roads. I have served on a school board, where the district went from a common to an independent school district. I assessed taxes in the Fairview district for 4 years. I feel that with this experience I am better qualified to work with other members of the court in taking care of the county's business.

I will appreciate your vote Saturday, August 23.

Sincerely,

M. E. FINLEY

Miss Jane Stovall, Mr. Norman Durham Are Wed In Rites At Methodist Church

MRS. NORMAN DURHAM

Impressive rites were performed in the First Methodist Church in Muleshoe Saturday morning, July 26, at 9:30 o'clock, to unite in marriage Miss Jane Harriet Stovall and Mr. Norman Nevill Durham of Eastland.

The bride is the daughter of Mr. and Mrs. A. S. Stovall of Muleshoe and the bridegroom's parents are Mr. and Mrs. Harold Durham of Eastland.

Rev. Ronald Hubbard, pastor of the First Presbyterian Church in Snyder, Texas, officiated at the double ring ceremony.

Artistic groupings of cathedral tapers provided illumination for the nuptial scene, while arrangements of white gladioli and carnations accented the fern background. An arch flanked by seven branch candelabra framed the white satin covered prie Dieu. The double aisles were worked with tapers and greenery tied with white satin bows.

Miss Gwyneth Bigham, organist, played the pre-nuptial music and also accompanied Mrs. Pat Bobo of Muleshoe, who sang, "At Dawning" and "The Lord's Prayer".

Miss Helen Stovall, sister of the bride, was maid of honor. Mrs. Gerald K. Harnung of Wichita Falls, and Mrs. Joan Ramblin

Cota of Ft. Worth, cousin of the groom, were candle-lighters and brides maids. The attendants wore identical ballerina length gowns of mist blue embroidered organdy, fashioned with fitted bodices, full skirts, and fitted organdy stoles. They wore short white fabric gloves and their head dresses were circlets of blue organdy and stephanotis. They carried heart shaped bouquets of blue carnations and white marine, tied with blue satin ribbon.

The bride, given in marriage by her father, was gowned in a ballerina length crystal white embroidered organdy, fashioned with a fitted bodice and full skirt. The gown was designed with a decolletage neckline and cap sleeves. Her shoulder length veil of illusion fell from a tiara of illusion trimmed with satin and seed pearls. She carried a shower bouquet of white carnations, centered with a white orchid.

Mr. Gerald Terrence Watson of Port Arthur, served as best man, the ushers were R. Shelton Jennings and William E. Jordan of Austin.

A reception was given, following the ceremony, in the Fellowship Hall of the Church. The bride's table was laid with a white cut work cloth over blue

Mrs. Jerry Parsley Receives Shower

Mrs. Jerry Parsley, the former J. Ann Weyer, was the honoree at a bridal shower given in the lovely home of Mrs. Arnold Morris on Tuesday, August 12. Marilyn Gupton presided at the guest book throughout the morning.

The bride's table was covered with a beautiful lace cloth complimented by small pink satin bows. Decorative arrangements of flowers were placed throughout the home.

Melon balls, diced pineapple, and grapes were served from a watermelon uniquely carved in the shape of a basket on a mirror surrounded by miniature love bird figurines. Mrs. Don Cook and Joan Montgomery alternated at the coffee service. Breakfast rolls completed the refreshments.

Hostesses for the occasion were Mesdames S. L. Robison, W. Q. Casey, H. W. Hanks, Olen Jennings, Don Cook, C. D. Gupton, Finley Pierson, J. R. Harris, Buford Butts, Arnold Morris and Misses Joan Montgomery and Marilyn Gupton.

Guests registered were Mesdames Buddie Blackman, H. O. Barbour, C. R. Farrell, A. E. Lewis, Roy Jordan, D. S. Morrison, Jerry Kirk, D. B. Lancaster, Horace Edwards, Bill Pierson, Jo Wood, A. J. Gardner, W. H. Kistler, C. I. Cobbs, Jr., of Abilene, Beulah Carles, V. H. Montgomery, Robert C. Howell, I. W. Haney, C. M. West, David Anderson, Virginia Weyer, J. L. Aisup, R. N. Edwards, M. S. Childers, O. C. Kirk, I. F. Willman, and Misses Jerana Bradley, Elizabeth Harden, Opal McLaury, Patricia Butts, Claudia Huber, and Marsha Lynn Blackman.

H. D. Club To Have Picnic Supper

The Muleshoe Home Demonstration Club will meet August 22 with their families for a picnic supper on the lawn at the home of Leon Julian. A program has been planned for the event.

Plans for the all day picnic on August 26 at Lubbock will be discussed. Each lady is to bring a covered dish and meet at the court house at 9 a. m. Tuesday, August 26.

As August is vacation month no business meetings are held. However, on the second Tuesday of September the club will meet in the home of Mrs. C. H. Gillis at 2:30 p. m.

RETURNED TO BIG SPRING

Mr. and Mrs. Pete Jenkins and children have returned to Big Spring, Texas, after a month's visit here. They attended the rodeo before leaving.

VISITOR FROM PHOENIX

Mrs. Ellen Bonner of Phoenix, Ariz., is visiting her daughter and son-in-law, Mr. and Mrs. O. D. Troutman.

A three branched candelabra provided the background for the double heart, wedding cake. Appointments were of silver.

The house party, at the reception included Mrs. H. L. Blackburn, Mrs. J. J. Buxkemper, Mrs. B. J. St. Clair, and Mrs. Bob Hart. The Misses Marion Clark Harris, Betty Collins, Barbara Douglass, Ann Woodley, Ginger Gaede, and Lola Mae Roark also assisted.

Mr. and Mrs. Durham will take a wedding trip to Grand Lakes, Colo. For travel, the bride wore a navy silk shantung suit. Her hat was of starched lace trimmed with seed pearls and rhinestones, worn with a nose veil. Her corsage was a white orchid.

They will reside in Austin while Mr. Durham completes his studies toward a Ph D in Bacteriology and Biochemistry. Mrs. Durham attended Texas Technological College in Lubbock and is a graduate of the University of Texas. Her husband attended North Texas State College in Denton, where he received B A and M S degrees, and, at present, attends the University of Texas.

Out of town guests at the wedding included Mr. and Mrs. Harold Durham, Eastland; Mr. and Mrs. W. P. Jones, Wilson; Mr. and Mrs. O. H. Willoughby, Bronte; Mr. and Mrs. Worth Durham and children, Sterling City; Mr. and Mrs. W. Roy Morgan, Sterling City; Mr. and Mrs. Curtis Ramblin; Mrs. Joan Ramblin Cota of Ft. Worth;

Mr. and Mrs. Charles Harris and Jill, Amarillo; Mr. and Mrs. Clyde Davis, San Angelo; Mr. and Mrs. Jerome Buxkemper, Colorado City; Mr. and Mrs. John Simmons and Susan; Mrs. Warren Simmons of Frederick, Okla.; Lt. and Mrs. Gerald K. Harnung, Wichita Falls; Mr. Shelton Jennings; Mr. William Jordan; Mr. Jerry Perry; Mr. Robert Pittillo and Mr. Marty Dworkin, all of Austin; Mr. Gerald Watson, Port Arthur; Mrs. Bob Hart, Columbus, Ga.; Miss Katie B. Erey, Dallas; and Mr. and Mrs. Billy Clyde Davis, Seagraves.

GO VOTE SATURDAY

I would like to urge every citizen to exercise his privilege of voting in the run-off Primary the coming Saturday, August 23.

I deeply appreciate the fine vote I received in the first Primary in my race for Commissioner of Precinct 1, Bailey County.

And if I am favored with a majority of the votes in Saturday's Primary, I assure you that I will do everything within my power to make you a Commissioner that you will be proud of.

But regardless of HOW you vote, I again urge that you DO cast a ballot in Saturday's Primary.

Respectfully,

Tom Morgan

NURSES RESPOND TO RED CROSS APPEAL TO SERVE IN CRITICAL POLIO AREAS

ST. LOUIS, MO.—Answering the Red Cross urgent appeal for 100 graduate nurses for immediate assignment as polio soared to 2290 new cases last week, nurses Helen and Catherine Lukachick, sisters of Farmington, Mo., receive their plane tickets from Miss Adelle Brismaler, (right), St. Louis Chapter nursing official, as they leave for Orange, Tex. They picked the polio ward there from six possible assignments when they learned one doctor and a nurse, the sole trained medical help, have been splitting 24 hour daily shifts to care for patients. The father of one iron lung patient comes in daily to relieve them so they can eat. "Let me have that tough one," Helen decided, and her younger sister Catherine agreed. All available registered nurses who can be spared are being asked to contact their local Red Cross chapters for assignment to critical polio areas.

"All my life I've wanted to own a Buick"

Power Steering now available on Super as well as Roadmaster—optional at extra cost.

It seems that owning a Buick is something that a lot of folks dream about—plan for—and finally do.

We say that because, so many times, they say so in words like those above.

Those words make us happy, of course—happy to know we sell a car which means so much to those who own it.

But they make us feel just a little bit sad as well—sad to realize all the years of fun such folks have been missing for no good reason at all.

For the fact is this: If you can afford any new car, you can afford a Buick. You can afford the thrill of bossing

around that big Fireball 8 Engine that purrs forth a mighty flow of power.

You can afford the gas bills—as any owner of a 1952 Buick will tell you—because that high-compression, valve-in-head marvel gets a lot of miles from a gallon of fuel.

You can afford the extra luxury of a real million dollar ride—the silken smoothness of Dynaflo Drive*—the extra room and comfort and style that have put Buick popularity right up at the top of the list, next to the "low-priced three."

So if you want to own a Buick—there's just one thing to do:

Come in—pick the one of your choice—

and let us show you how close the figure that goes on the bill of sale comes to what you'd pay elsewhere.

As we've said before, your first car can be a Buick. Why not take the Big Step right away—today?

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series

Patriotic Theme For Parade Float

A SCENE reenacting the triumphant raising of the flag on Iwo Jima in the late world war by United States Marines formed a very effective theme for the float entered by Ben Richardson Post, American Legion, of Muleshoe.

Parade Float Depicts Amazing Changes

The float of the Muleshoe home demonstration club attracted the attention of the huge crowds that formed along the parade line of March last Thursday, opening day of the Will Rogers Memorial Round Up. Theme of the float was the amazing change in manner of living in the past century. It was judged the most spectacular float in the big parade.

"Biggest Parade In West Texas" Thrilled Huge Crowd Last Thursday

Some 4,000 persons saw the parade, which was led by the Reese Air Force Base Band from Lubbock. Ten riding clubs participated, and some 35 floats featured a wide variety of themes. Also taking part in the parade was the Shrine Drum and Bugle Corps from Clovis.

Riding Clubs in the parade from Cochran County, Crosby County, the Amarillo Range Riders, Roosevelt County, Clovis Mounted Patrol, Abernathy, Tulia, Lamb County, Bailey County and the Muleshoe Roping Club.

Miss Muleshoe, 18 year old Mary Morton, daughter of Mr. and Mrs. Eugene Morton, rode on the first prize winning float. Her attendants, runners-up in the contest were Gay Sanders, Quineil Elliott, Barbara Douglas, Marilyn Gupton, and Marion Clark Harris.

Second prize float was entered by the Muleshoe Jaycees; third prize entry, Pleasant Valley and fourth, Order of the Rainbow. Prizes were \$50, \$25, \$15 and \$10. Special awards were presented as follows:
The largest family at the celebration: Mr. and Mrs. J. J. Redwine and their 13 children, of Muleshoe.

Person who traveled farthest to attend the program: Lester M. Wimberley, Oak Ridge, Tenn. Oldest person at the parade: Mrs. L. A. Tipton, 92 years old. Best string band in the parade: The Longhorn String Band of Littlefield.

Girl dressed in most typical western costume: Miss Charlene Willman of Muleshoe.

Most spectacular vehicle in the parade: A 1917 Ford driven by Allen Guinn.

Most spectacular pioneer entry: Muleshoe Home Demonstration Club.

Oddest animals: Brahma bull entered by Muleshoe Roping Club.

Most unusual entry submitted by youngsters up to 18 years old: Entry of Epsilon Sigma Alpha Sorority.

Earliest settler at the celebration: Ross Glaze, who came to Muleshoe in 1907.

Other awards included prizes in the beard-growing contest. These went to Hopper Ivy, possessor of the "cutest beard";

Arnold Gross, "oddest" beard; Jack Henley, longest whiskers, and C. W. Goss "ugliest" beard. Thursday night's program opened with a ranch style barbecue supper served by members of the Legion Auxiliary at the Legion Home and included the first of three performances of the Muleshoe Frolics, musical variety show, and the rodeo.

The musical revue with a cast of 50 Muleshoe people, was directed by G. Edward Ball of Geller Productions. The show features a western theme and original music. Thursday night's program also included the queen coronation ceremony.

Rodeos Friday and Saturday nights began at 9 o'clock in the Roping Club Arena. The rodeo features a tribute to Will Rogers, with narration by Mr. Ball, and a song "Empty Saddles", sung by Pete Jenkins.

On the Friday program was a kiddies parade at 3 p. m., the Frolics at 7:30 p. m. in the high school auditorium, and the rodeo. The Will Rogers Roundup is sponsored by the Muleshoe Chamber of Commerce with W. M. Pool, Jr., chairman of the arrangements committee.

Many Entries In Kiddies Parade

The annual Kiddie Parade, a feature of the Will Rogers Memorial Roundup moved at 2:30 last Friday afternoon on downtown streets.

Then the judges tried to decide which entry were the "cutest". They had a hard time doing it.

It consisted of three divisions: 1. Pets, 2. Bicycles or wheels, and 3. Nursery rhyme characters.

There were prizes for the four outstanding entries in each division.

Mrs. Radie Boone served as chairman of the committee and was assisted by Mrs. Harold King, Mrs. Bill Connell, and Mrs. Wilma Gilbreath.

Muleshoe Lions Club gave \$30 to pay the first prize of \$10 in each division.
