## Kitty's Korner

By  
Kitty Montgomery

The announcement of the imminent closing of Goodfellow Air Force Base to coincide with the Opening of the base's new \$3.1 million hospital complex is just another ludicrous example of how the federal bureaucracy works.

As was the case in the closing of Webb AFB in Big Spring, taxpayer monies were poured into the facility up to and beyond announcement was made of base closings, and it was probably no different in the other bases which were closed all over Texas. Is it no wonder Texans as a whole think the entire Washington click smells to high heaven, if not of corruption, then of stupidity. Heaven only knows which is worse.

It's a little hard to understand the logic of appropriating billions of dollars to lower the unemployment rate and closing military bases worth billions to put other millions out of work.

4-H DRESS REVUE WINNERS-This group of girls topped the Crockett County 4-H Dress Revue list of winners Friday

night at the Civic Center. They are, l. to r., back row, Maricella Payne, Leanne Kramer, Melinda Hokit. Front row, Lydia Hayes, Julie Reagor and Donna Comer.

## Several Accidents In Area

Department of Public Safety troopers investigated several accidents and one fatality in the area over the past week, but none were reported in the Ozona vicinity.

Dale Burger investigated a one-vehicle accident on I-10 20 miles west of Sonora last week where Donnalene H. McPartlin, U.S. Air Force, was taken to a San Angelo hospital with facial cuts and head injuries. Ms. McPartlin was driving a 1978 Fiat, when she lost control on a gravel shoulder, struck a guard rail on the right and careened across the highway to strike a guard rail on the left, bouncing backward in the roadway before coming to rest.

John Martin Beckham of Sonora was listed in fair condition with internal injuries in a San Angelo hospital after a one-truck rollover on a county road 28 miles west of Ozona Monday. The truck went into a curve too fast causing the driver to lose control and overturn, according to the DPS report.

The accident was investigated by Trooper Joe Miles. Alfredo Martinez of Dallas was in good condition in Crockett County Hospital after suffering head cuts in an accident 19-miles northeast of Ozona. Martinez apparently went to sleep at the wheel of his 1970 Ford. Trooper Miles investigated.

The fatality was Douglas M. Senn, unknown truck driver, who wrecked his 1974 white truck when he failed to negotiate a curve on a detour in construction area west of Sheffield. Senn was dead at the scene.

## 49 Participate In 4-H Dress Revue

A total of 49 4-Hers participated in the 4-H Style Revue Friday night at the Civic Center. The theme of this year's revue was "Texas Fashions-The Way We Are".

In the Junior Division high scoring 4-Hers were: Julie Reagor, 9 year olds; Donna Comer, 10 years; Maricella Payne, 11 years; Lydia Hayes, 12 years; and Leanne Kramer, 13 years. Melinda Hokit was high scoring 4-Her in the Senior Division.

First alternates in the Junior Division were Amy Jones, 9 years; Alma Kay Ramos, 10 years; Kim Baker, 11 years; Cynthia Harnett, 12 years; and Nancy Bench, 13 years. Sue Ellen Black was named first alternate in the Senior Division.

The high scoring 4-Hers in each age group will represent Crockett County in the District 6 Revue in Alpine on July 27.

Judges for this year's show were Ladean Ragland, Julie Hunt, and Mattie Smith of Big Lake; Judy Pitts, Jeanne Redwine, Patricia Trimble, and Shirley Trimble of Eldorado; Barbara Arendt, Johnnie Myers, and Gwendolyn Kordzik of Sonora.

Sponsors of the trophies for this year's show were Fuantoz Service Station, Teacher's Store, Ramirez Grocery, Yarn Barn, United Department Store and Westerman Drug. Baker's Jewelers furnished charms for the

alternates and Watson's Department Store furnished the ribbons.

The Ozona Home Demonstration Club furnished medals for each contestant and refreshments for the guests.

## Flanagan Services Here Sun.

Funeral services for John Henry Flanagan, 58, were held Sunday in Ozona First Baptist Church at 2 p.m. with burial in Cedar Hill Cemetery under the direction of Sheppard Funeral Home.

Mr. Flanagan died in the Veterans Hospital in Big Spring following a short illness.

He was born May 3, 1920 in Jayton. He was a long-time saddle maker in Ozona before moving to San Angelo several years ago. He was a member of the First Baptist Church and a veteran of World War II.

Survivors include three sisters, Laveina Evans of Ozona, Thelma Morris of Big Spring and Arbella Matherly of Corpus Christi; four brothers, G.D. Flanagan of Ozona, Charles Flanagan of Midkiff, Kenneth Flanagan of Yakima, Wash. and Dick Flanagan of Mertzon.

Brown Furniture furnished the stage decorations and South Texas Lumber Co. furnished the table decorations.

Complete results of the Style Show were 9 year olds, Blue ribbons, Radene Flores. Amy Jones, Annalu Lopez, Jerry Lynn Martinez, Cassie McPherson, Vanessa Miller, Melissa Payne, Julie Reagor, Vickie Reagor, and Kim Williams. Ten-year-olds winners of blue ribbons are Donna Comer, Donna Furr, Sandra Hearne, Mylene Najar and Alma Kay Ramos. Red Ribbon winners are Melissa Fierro, Deena Beth Phillips, and Sylvia Rodriguez. Eleven year olds receiving blue ribbons were Kim Baker, Joan Hearne, Lynn Lozano, Maricella Payne, Margie St. Clair, Pam Wilton, and Kristal Williams. Red Ribbons were received by Sherri Buckner, Rita DeLaRosa, Lydia Maldonado, and Evelyn St. Clair. Twelve year olds are Gayla Bell, Cynthia Hartnett, Lydia Hayes, Katrina Phillips, Cynthia Trujillo, and Doreen Watson, blue ribbons. Thirteen year olds are Nancy Bench, Stacy Chapman, Debra Furr, Wendy Hood, Leanne Kramer, and Marilyn Wester, blue ribbons; Gail Hunnicutt and Brenda Ledbetter, red ribbons. Seniors receiving blue ribbons are Sue Ellen Black, Oneita Carlisle, Jana Chaney, Mabel Delgado, Rebecca Everett, Melinda Hokit and Jennifer Naron.

## Blood Mobile To Visit Here

Forty hospitals, including Crockett County Hospital, in 25 West Texas counties make up the service area of West Texas Blood Service. The patients in these hospitals require approximately 1200 units of blood or blood components every month.

"We feel sure that if the facts are known by the people, many more persons from this area would donate," says Ray Perkins, Director of Donor Development for West Texas Blood Service. "We appreciate the response of the citizens of Ozona and know they want to be self-sufficient in providing the blood used by their neighbors. What better way can we demonstrate our concern for our fellow man than by giving the 'Gift of Life'."

Persons living in the surrounding areas are encouraged to visit the Bloodmobile at the fire station from 3:00 p.m. to 8:00 p.m. May 30. All 17 year olds must have signed minor donor permit cards which may be obtained at your local Chamber of Commerce Office between 9:00 a.m. and 5:00 p.m. weekdays. Any person desiring information in setting up a Bloodmobile or wanting additional information is asked to call Ray Perkins or Shirley Goetz in San Angelo 915-653-1308.

**CALVARY BAPTIST BIBLE SCHOOL SET**  
Vacation Bible School begins next week at Calvary Baptist Church. The school starts at 8:30 Monday and will run daily until 11:30 through Friday, May 26.

## School Term Ends

Graduation ceremonies were held Tuesday evening in the high school auditorium marking the end of high school careers for 49 seniors. Also held Tuesday afternoon in the auditorium was a ceremony promoting 96 students from junior high to high school. Report cards will be picked up at 3:00 today, officially closing the 1977-78 school year.

During ceremonies, the newly promoted freshmen were awarded certificates for

accomplishments in their last year of junior high. Among awards granted were A and B Honor Roll certificates; Math, Science, History and English honors; Readers Certificates, UIL competition awards and Neither Absent Nor Tardy Certificates. The awards were passed out to the students by the four homeroom teachers, Mrs. Arrott, Mr. Skalak, Mr. Ayers and Mrs. Nations, according to Charles Womack, junior high principal.

High school graduation ceremonies opened with the processional played by Mabel Delgado. Jeannine Perry led the invocation and Regina Everett, Salutatorian, gave the welcome address.

Teresa Brown, third ranking student in the class, spoke on "Opportunities Knocking", followed by singing of "Dust In The Wind" and "The Way We Were" by the Senior Chorus, led by Lane Scott.

"The Path To-Days" was the title of the speech by fourth ranking student, Rhonda Yeager. The Valedictory Address was given by Randy Allen.

Principal James I. Payne presented scholarship awards and Foy A. Moody, Superintendent, presented the class for graduation. Diplomas were awarded by School Board President Joe Bean. Benediction was given by Bill Dudley.

Graduates walked from the auditorium, diplomas in hand, to the strains of "Pomp And Circumstance".

## Wildcat Slated In Co. Field

Texoma Energy & Production Co., Houston, will drill the No. 1-73 Hudspeth, a 14,000 ft. wildcat in Crockett County, 1 1/8 miles west of the Strawn opener and lone producer from that pay and 1 7/8 miles southwest of Canyon production in the Hudspeth field, eight miles southeast of Ellenburger production in the Miller (Strawn Canyon and Ellenburger) field and 27 miles south of Ozona.

Location is 1,320 feet from the north and east lines of 73-0-GH&SA. Ground elevation is 2,111 feet.

The Strawn opener, The Canyon Co. Ltd, Midland, No. 1-74 Inez Hudspeth, was finished Aug. 28, 1968 for a calculated, absolute flow of 5.55 million cubic feet of gas per day, through perforations at 11,555-643 feet.

SCHOLARSHIP RECIPIENT-Nancy Warren receives the C.J. "Red" Davidson Scholarship from Tarleton State University. Mrs. Warren is a freshman elementary education major and the daughter of Mr. and Mrs. Charles R. Womack. She is also a Distinguished Student at Tarleton. The award is being presented by TSU President Dr. W.O. Trogdon.

## Museum Adds New Exhibits To Collection

By Jan Naron

Crockett County Museum, composed of three rooms located in the basement of the courthouse annex, has added two new exhibits to its already impressive collection.

The first of the new exhibits is a photographic story of the mohair industry, including a sample of raw mohair, old shearing heads and fabric made from mohair. Also included in the glass booth

are packets of mohair samples, tracing the steps from shearing to dyeing the mohair.

Another new exhibit features household treasures brought to Crockett County before the 1900's. This exhibit, which has been in the museum about one month, is composed of two glass cases. One contains various silver, china and glass dishes. Among those in the case are an silver engraved bread dish belonging to Bill and Alma

West, a china teapot made in Germany, a mustache cup used in 1893 by Monty Harrell, and a Flowing Blue semi-porcelain cup and saucer made by Wool and Son of England.

The second case in the display contains interesting relics including various hand made quilts, beaded and silver chain evening bags, and a hair curling iron owned by Mrs. A.C. Hoover.

Among exhibits already on display is a collection of

photographs greeting the visitor as he enters the museum. The photos depict various individuals and buildings of local interest, including one of a 1921 champion basketball team, and one of staffers of the KICKER, the first newspaper in Crockett County.

Wooden and glass cases are used to display relics of the past, including artifacts found in caves and Indian burial grounds and ruins. One such item of interest is

an old Horn bow; the only other believed of its kind is displayed in the Smithsonian Institute in Washington D.C. Only the strongest Indians could use it, according to Mrs. Violen Stanton, museum coordinator, because of its great bulk.

Some other items found in the museum, most of which are donated or loaned by citizens of Crockett County, include early telephones, various strands of labeled

barbed wire, oxen shoes, an old coffee mill, a two-piece Kodak developing set, and old adding machines and typewriters, some of which date back to 1900.

Also on display is the first Crockett County Judge's Seal, used by Judge Houston Smith.

Many other items of interest include a large exhibit of old firearms, several old branding irons, a bottle collection, wooden remains of pioneer-

day wagons, relics from World Wars I and II, wooden carvings of the old west from the collection of the late Mr. Clay Adams, many old books and various pieces of furniture from past decades.

The museum is growing in exhibits and artifacts, and according to Mrs. Stanton, "We're hoping for more space so we can get things arranged."

Mrs. Pleas Childress, another coordinator at the museum, demonstrated a

sample of a new acid-free paper recently purchased by the museum for preserving old documents and papers. She also added that special fire-proof boxes have been ordered in which to store other important museum exhibits.

The museum is open to the general public Tuesday through Thursday from 2-5 p.m. each week. Admission is a small requested donation of 25c for adults and 10c for children.

'We Are Making Progress'

**STATE CAPITAL HIGHLIGHTS**

By Lyndell Williams

TEXAS PRESS ASSOCIATION

**Immigration Folly**

Richard Stout, celebrated Washington columnist of the *Christian Science Monitor*, is the latest to point to the danger in this country's present immigration policies.

Founded by Europeans, who keenly appreciated the liberties and personal freedoms of Anglo-Saxon democracy (many had been persecuted for their beliefs), the United States has always since retained a legal and parliamentary system, and other philosophical concepts, stemming from Europe. And most Americans have always been of European stock, and thus have an automatic community of understanding and interest in this governmental system.

In 1965, however, in an idealistic splurge, the President, Secretary of State, and Congress bowed to world pressures and drastically changed U.S. immigration laws. Instead of allowing each ethnic group its fair share of each year's annual immigration (a logical and democratic system), Congress was persuaded to change the law to first-come, first served.

The result is that, of the approximately 400,000 legal immigrants which enter the country each year, most of them are now Asians! Nothing is wrong with Asians, nor is it a question of one race being preferred over another. The point is that the ethnic people who founded and largely built this country are today being discriminated against, in effect, because they are not poor and overcrowded and do not line up years in advance to fill U.S. immigration quotas.

Thus, when Europeans today seek to emigrate to America, they are usually told the quotas are already full. The races who founded and built America, generally speaking, now can't get in!

Meanwhile, the illegal Latin flood from Mexico and other Latin American nations, across the Mexican border, continues unchecked. Despite talk, no really effective measures have yet been taken by the Carter Administration to stop this flood--estimated at one to two million net illegals a year! The Carter Administration even proposed recently to legalize some 5,000,000 illegals who have beat the law for five years. (In other words, the international message of such a step would be if you can hide successfully in the U.S. for five years, you'll be rewarded, allowed to stay.)

Obviously, the pressing need today is for Congress to pass legislation returning this country to the pre-1965 immigration quota system, and to appropriate sufficient funds to seal off the country's Mexican border to wetbacks, especially since Mexico's population surplus continues to soar, and will, increasingly, for decades.

That's the only way to insure, as far as we can, that the general character, culture and freedoms of this country will survive. That's in everyone's interest--Asians, Latins and all. Only a strong, working American democracy can successfully confront and compete with world Communism. And, while no one can say that some Asian or Latin nation won't demonstrate, in the future, that it can sustain a democratic system over a long period, that has never yet been demonstrated.

Prudence alone dictates that we dare not change the racial composition of the nation so drastically (it will inevitably slowly change even under the more sensible pre-1965 immigration laws) that western concepts and traditional freedoms, as we have enjoyed them, are possibly lost.

AUSTIN — Texas incomes are zipping along ahead of the rest of the nation in all major categories of business this year.

A Commerce Department report for the first quarter said the overall increase in Texas is 4.9 per cent, compared with a 3.6 percent national average.

And the national increase, according to the Bureau of Economic Analysis, was the biggest quarterly gain since the present economic expansion began.

During the period, consumer prices increased about one percent. Incomes surpassed price hikes in all states except West Virginia which had a major coal strike.

Biggest Texas gain was in the area of farm income, which went up 41.1 percent during the first quarter. The national average farm income jump was 28 percent. A nationwide \$700 million federal payment to wheat farmers during December and higher cash receipts from crops accounted for the farm income increase.

Mining (including oil and gas) income bounced upward 6.8 percent in Texas, though the national figure was less than one percent.

Manufacturing personal income rose 5.2 percent in Texas, compared with three percent nationally.

Ten other states—North Dakota, Montana, South Dakota, Nebraska, Idaho, Iowa, Kansas, Michigan, Kentucky and Mississippi had bigger increases.

**Tough Contest Due**  
Republicans promised to field their most-formidable statewide group of candidates this fall.

U.S. Sen. John Tower has multi-million-dollar war chest for his re-election drive against U.S. Rep. Bob Krueger, who won the Democratic senatorial nomination over Joe Christie. In spite of their bruising primary campaign, Christie pledged his help to Krueger.

Attorney General John Hill won the Democratic gubernatorial nomination from Gov. Dolph Briscoe and three others without a runoff, but he is promised a run for his money by Republican William P. Clements of Dallas. Clements spent \$1.6 million in the little (130,000-vote) Republican primary, and said he probably will spend about a million more in the general election.

Mark White was the upset winner over Price Daniel Jr. for the Democratic attorney general's nomination, and will be challenged by James Baker III of Houston. Baker indicated he is prepared to raise \$1 million for the campaign.

**Ratios Decline**  
Though estimated market value of Texas property was \$232.6 billion, it was valued at \$36.4 billion in 1975 by tax assessors, according to Texas Research League.

Average assessed value was 15.6 percent of market value on local tax rolls. The ratio of assessed value to market value varied from 2.6 percent in Real County to 35.6 percent in Reeves County, TRL said. The league said assess-

ment ratios dropped from 19.6 percent in 1966 and 17.1 percent in 1971.

Counties levied \$388 million in taxes during 1975-76. Other values were set by districts (hospitals, junior colleges and road and water service) for tax purposes. About 164 school districts use county assessments.

**Courts Speak**

The Court of Criminal Appeals upheld a four-year prison term assessed ousted Duval County District Judge O. P. Carrillo on conviction of theft.

The Supreme Court said counties can be sued for deaths and injuries due to flooded crossings if they don't provide adequate warnings.

Court of Criminal Appeals dismissed a murder conviction against a Central Texas man on grounds the trial should have been moved from Hill County.

A conviction of a father for castrating his son by radiation was affirmed by the Court of Criminal Appeals.

The Supreme Court held county mutual insurance companies are not covered by the deceptive trade practices laws.

Improper jury instruction resulted in reversal of the murder conviction of Delmond Randle in Amarillo.

**AG Opinions**

Use of secret ballots by governmental bodies to elect officers is prohibited by the Texas Open Meetings Act, Attorney General John Hill said in a recent opinion.

In other new opinions, Hill concluded: Use of public property, labor or services by a public official or employee for private benefit constitutes the offense of theft.

The Harris County commissioners court can legally authorize payments of \$10 per meeting per court member (or county employee representing a court member) as a part of his salary for attending the meetings.

**Short Snorts**

President Carter will appear in Houston June 23 at a five-state regional fundraising dinner sponsored by the Democratic National Committee. Texas, Arkansas, Louisiana, New Mexico and Oklahoma Democrats will participate.

D. K. Davis of Dallas is new operational vice president of the Texas Independent Producers and Royalty Owners Association.

Texas Democrats paraded their statewide candidates in a harmony fest at a meeting to canvass the May 6 primary returns.

Gov. Briscoe announced a 30-day stay of execution for William David Hovila, though the man, condemned for murdering a Dallas lawyer, dropped his appeals.

The governor has more than 200 appointments to offices and boards (many of them minor) he can make during the final seven and a half months of his administration.

Dear Diary,

Since this is the last Lion's Roar, we'd like to dedicate it to all the seniors. Graduation was a great success for them and they would all like us to take this opportunity to formally thank all the hosts and hostesses of the many senior parties and gifts: The Church groups that honored us, the Cliff Williamsons, the R.L. Brown's, the R. B. Babbitt's, Jim Weant's, W.C. McKinney's, Sam Perner's, Jerry Perry's, J.C. Schroeder's, R.J. Everett's, Don Yeager's, Joe Bean's, Mrs. Lester Allen, Redman Bullard's, Jim Dudley's, Howard James', Selden Jones', Foy Moody's, Bill Pagan's, John Sheehan's, Junior Whitley's, Fleet Coate's, Charles Huffman's, Fred Buie's, Rex Fenton's, and everyone who is sponsoring the Commencement Dances. The past years have been fun, but we couldn't have made it without the support and love of some very special people--our parents, family, friends, and teachers. So thank you all!

**HAPPY BIRTHDAYS**

Happy Birthday to Kaye, Daniel, Rudy, Mike, Wilda, Rhonda, Bubs, Kathy, and to all of you who have summer birthdays.

LR  
Looking back on the years gone by, we have many fond memories.

Remember when Randy and Michelle's romance started? Cliff got initiated for the 4th time. Trazelle was messenger for Douglas and Regina? Naming pigs after Cynthia and Teresa was a tradition? Asa was "King of the Jungle"? Martha "Rocked Around the Clock" in Speech. Felipe was a hypnotized "Rhinstone Cowboy"? Victor was nicknamed Po-Po? Ruth was so interested in boys that she ran straight into a pole? George skipped band that one day, on the 31st of April? Rhonda Yeager had to stay after school every day to learn how to write in cursive? Kathy, Anna D. and Veronica took being free at recess in elementary seriously and ran home? Lucy ended up scrubbing the bathroom stalls after being caught climbing on them? Curry was in a

"lick" contest and won with a grand total of 136 licks? Mr. Wilson made Sandra do push-ups because she always "bumped her gums"? Elsa had a crush on Manuel and finally realized there were other fish in the sea? And when Manuel's heart was broken when Sylvia Sanchez moved? Danny was "King" of the One-Act Play? Javier had the Teacher's Edition and always made 100's? Debbie had her very own Taxi Cab Service? Lizzie's junker was named "Car of the Month"? Cruz gained the nickname of "Rocky". Jesse James was late to a senior party? Blake began his career of selling pictures of himself on the street corner? Anna M. gained the title of "Miz Ali"? Cristella talked? Andy would steal extra vitamins to build his muscles? Robert came to school 5 days in a row? Gigi won the spelling bees each week for the grand prize--Netherlands? Steve and others would supposedly be at Boy Scouts and spy on "parkers"? Max got ulcers in 4th grade because of flying rulers and notebooks? Jeannine thought she was a pro-cheerleader because her picture was on the front page of the Standard Times? John and Jesse were "Couple of the Week"? Bill became our International Superstar? Rico became famous for "gas" on the house? The day Mary T., typed faster than anyone else on 5-minute writings? Mary Helen thought she was Evil Knievel? Magdalena won the "Minnie Wylie Henderson" award? Paul had a solo at every assembly? The gang always said to Dido: Get to it Bubba! Hector flunked a test in Civics? Ray put someone's groceries at Foodway in the wrong car?

LR  
**GRADUATION, YOU BET!!**

**Happiness**

The struggle to enjoy life, to be contented and satisfied, is a constant one. In recent years crime, corruption and crises of life, added to the fast pace of modern living, have made realization of contentment, peace of mind--true happiness--even more difficult to achieve.

But the secret is still the same, and it lies in the mind. Those who are able to limit their goals, desires and dreams to reasonable ones, who will keep in mind the lot of those less fortunate than they and who accept the world as it is, and people as they are, can still find serenity.

The key to inner happiness, then, is not to be found in money, power, position or influence over others. It's to be found in one's mind, in viewing life relatively, with a realistic sense of proportion, thereby achieving an inner peace.

**Tips For Gardeners**

From the Ozona Garden Club by Mrs. Bailey Post

It seems the teasing showers that have passed us by were beneficial in some places. Now, we will still be hoping for a soaking rain to come our way.

Now that May is one-half over do most of your seed planting as soon as possible. Seeds sprout quickly and young plants spring upward in this warm weather. Some vegetables that need really warm weather are okra, sweet potatoes, eggplant, pumpkins, watermelons and field peas. If enough room, another crop of bush beans and sweet corn should do fine. If you have had difficulty in the past getting okra to germinate, soak the seeds overnight in water before you plant.

Plant summer grasses now, too. By far the most commonly used of all summer grasses is the Bermuda grass. It grows only in good, sunny locations, but is moderately drought-resistant, tough, and easy to maintain. The distinct disadvantage is the controlling to keep it edged and out of flower beds.

For shade St. Augustine will grow well, but is subject to winter-kill. It is a tough, thick, rapidly spreading grass that requires frequent cutting and heavy fertilizing. It must be planted from runners, sprigs or plugs.

One of the prettiest lawns we have had was of Centipede. It is tough, drought-tolerant, adapted to poorer soil, spreads rapidly, and will take fair amounts of shade. It may be seeded, or sprigged which is the fastest growing. Fertilizing rates are about one-half the normal recommended application. It can also be cut less frequently, so is one of the lowest-maintenance grasses.

If Japanese beetles were a problem for you last year, they will be back again, so get ready. Treating lawn areas with diazinon granules or dust now will control the grubs in the ground. For a permanent solution, treat these areas with milky spore.

**Dance Recital Here Thursday**

Julie Moorman of San Angelo, will present her local students in a dance recital at the Civic Center Auditorium Thursday, May 18, at 7:00 p.m.

There will be tap, ballet and acrobatics by students two years old and older.

Mrs. Pete North and Mrs. Joe Friend returned home from Ruidoso, N.M. Monday after spending the weekend there.

**Mrs. Perry Update Last Year's Entertains Spring Wardrobe Bridge Club**

Mrs. Gene Perry entertained the Country Club Bridge Club at the club Thursday.

Winning high was Mrs. Hugh Childress, second high Mrs. Cuatro Davidson, low Mrs. Perry and bingo, Mrs. Byron Williams.

Others playing were Mrs. Clay Adams, Mrs. Jim Bob Bailey, Mrs. John Childress, Mrs. James Dockery, Mrs. Brock Jones, Mrs. J.J. Marley, Mrs. J.B. Parker, Mrs. Jake Short, Mrs. Sherman Taylor, Mrs. Evert White, Mrs. Gene Williams and Mrs. Jack Williams.

**Ms. Miller Hosts Fri. Bridge Club**

Mrs. J.B. Miller was hostess for the Friday Bridge Club at the Civic Center last week.

High club went to Mrs. Evert White and high guest to Mrs. Hugh Childress, Jr. Mrs. O.D. West won low and Mrs. Max Schneemann, Bingo.

Others playing were Mrs. Eddie Arnold, Mrs. George Bunker, Mrs. Stephen Perner, Mrs. Hillery Phillips, Mrs. Eldred Roach, Mrs. Sherman Taylor and Mrs. Joe Couch.

**OZONA MAN'S NEPHEW KILLED**

Services were pending in Coleman at press time for Leroy Hindman, 13 year old nephew of Glenn Sutton, who was killed in a motorcycle accident Sunday morning in Carrizo Springs.

Young Hindman and his mother, Mrs. Cleo Hindman, were visiting Mrs. Hindman's eldest son, Dr. R.L. Towerton, at the time of the accident.

**GIRL TO SUITONS**

Mr. and Mrs. Gary Lee Sutton are the parents of a daughter, born May 9, in Harris Hospital in Fort Worth. She has been named Barbie Gail and weighed 7 pounds and 11 ounces.

Grandparents are Mr. and Mrs. Glenn Sutton.

Mr. and Mrs. Gary Sutton are moving from Fort Worth to San Saba, where Gary will be head football coach and athletic director.

James Dlugosch of Yorktown spent the weekend here visiting his daughter and her family, Mr. and Mrs. Steve Poage and Stacey.

Think through what's new in fashion and then update last year's spring and summer wardrobe for 1978.

The feeling is ultra-soft, ultra-feminine and ultra-pretty, says Becky Culp, clothing specialist with the Texas Agricultural Extension Service.

Mix and match separates by adding tops and blouses with drawstrings, ruffles or lace, embroidery or tucked details.

Vests-boxier, larger arm-holed and varied lengths-make a super updated additive.

**Mrs. Terry To Exhibit Artwork**

Joyce West Terry, Sul Ross State University graduate student from Del Rio, is exhibiting her artwork in SRSU's new Art Gallery this week. The exhibit is the first in the new gallery.

According to Bob Hext, assistant professor of art, Ms. Terry's strong areas are macrame and ceramics. Her exhibit also includes drawings, photography, and jewelry.

Ms. Terry has exhibited her work at the Kermizar at El Paso.

The exhibit will be open through May 11. Gallery hours are 8 a.m.-5 p.m.

**DUPLICATE BRIDGE**

Winning high in Duplicate Bridge play Saturday at the Country Club were Mrs. John Childress and Mrs. Gene Williams. Second high went to Mrs. Clay Adams and Mrs. Tom Montgomery.

In play Sunday, Mrs. Adams and Mrs. Montgomery were in first place with Mrs. Sidney Millspaugh and Frank Tillman, second.

Make use of the predominant flounced or tiered skirt designs to lengthen those too short hemlines. Pregathered eyelet trim in various widths stitched to the bottom edge may add just the right amount.

Use contrasting but coordinating solid or patterned fabrics to add tiers, ruffles or flounces as needed.

Skirts and dresses are being layered over or under other skirts and dresses. Lengthen underneath layers that are too short by splicing in a lining near the waist.

Pants legs are slimming down. Instead of a 22 to 24 inch bottom hem circumference, legs are now measuring 18 to 20 inches or smaller.

To taper legs, take in each leg's inseam as well as outside seam equal amounts to maintain the original grain and crease lines.

Revitalize wardrobes with up-to-date accessories.

Initial or decorative stick pins and combs for the hair are some of the newest accessory items.

Feminine or antique jewelry such as hearts, dried flowers or cameos perk up the season.

Finish twisting together or wrapping up your fashion image with versatile large square or oblong scarves, especially matching or contrasting shades, the specialist adds.

**SON TO CONNERS**

Mr. and Mrs. Tommy Conner are the parents of a son born April 20, in a San Angelo hospital. The little boy weighed 6 pounds and 6 ounces and has been named Thomas Raleigh Conner, III.

Grandparents are Mr. and Mrs. Dempster Jones and Mr. and Mrs. T.R. Conner.

**Debra Says**

by Debra Price

If the mere thought of touching your toes a hundred times or jogging in place for ten minutes wears you out before you even start, you are not alone. While few people will deny the benefits of exercising to keep fit, the fact is that if you're a typical American (especially if you're over 40) you've probably had a lot of false starts with exercise programs. The problem with regular fitness workouts is that too often they become routine and tedious. Here, then, are some tips on how you can keep your exercise sessions from getting dull, from the Health Insurance Institute.

Whether you're a runner, jogger, or a gymnast, get another member of the family, or a friend to join in. You will find that having the companionship of a fellow jogger or a co-exerciser will make the work-out much more pleasant.

Rather than face the same walls every day, change the scene. If you exercise at home, workout in different rooms. For those who participate in outside fitness programs, an occasional change of locale to prevent tedium is advised.

Alternate your exercises from day to day. However, do start with the easier exercise first in order to warm up.

Do set yourself a definite starting time for your daily workout and stick to it. Keeping to the same time slot is usually the only way most people can work a regular exercise routine into their daily schedule.

Don't overtire yourself. If you exercise at an unaccustomed pace, your body will only become wearier as your enthusiasm gets lower.

Set goals for yourself and keep a chart of your pro-

gress-miles you've run as well as pounds and inches lost.

**Glazed Carrots**  
8 small carrots, pared  
1 tablespoon lemon juice  
¼ cup brown sugar, firmly packed  
¼ cup water  
½ teaspoon salt  
2 tablespoons margarine

Cut carrots in fourths, lengthwise; place in heavy skillet. Add remaining ingredients; cover; cook over low heat, turning often until tender and glazed. Makes 4 servings.

**Broiler "French Fries"**  
Cut 4 medium potatoes, washed and pared, into strips ¼ inch thick. Dry well and place in broiler pan. Add 2 tablespoons vegetable oil and stir to coat potatoes. Broil potatoes 3 inches from heat 10 to 15 minutes, stirring frequently until golden brown on all sides. Season with salt and pepper and serve. Makes 4 servings.

**MY PRAYER**

"Dear God, he is so small and innocent. I hold him close to me, filled with my love for him, and, because this love is so great, I am terribly afraid.

"I want him to grow big, strong—yet I cannot bear the thought of all that means. I cannot bear the thought of the dangers, disappointments, anguish, even the agony, that inevitably will be part of his life.

"How powerless I am! If only I could feel his pain for him! If only I could shoulder his disappointments, face his perils, solve his dilemmas! I can't—so I ask You the question thousands of mothers before me have asked: What can I do for him, dear God? In Your love and wonderful mercy, show me the right way, please, through Yourself and Your Church."

# Ya'll Come On Out

Everyone knows how hard it is to see oncoming traffic from the corner of 11th Street and Ave. D. I presume that is the reason so many of us cautiously creep deep into the parking lot in front of the park. It can get quite exciting watching those cars when someone has set up a sale display of glass beer signs or velveteen pictures which protrudes unsafely and unattractively into the street. Some of the cars barely miss hitting those once-in-life-time buys.

Equally as frustrating and not nearly exciting is the fact that those obstacles take up half the parking lot sometimes. Employees of businesses on 11th Street have but one place to park. It seems a never-ending battle over who gets the parking spaces.

While I am sure that

corner is an ideal place for such soliciting, as I see from my window that a customer stops by there at least every two hours, I cannot help but be grudging about giving up my parking spot. Maybe I am selfish. Maybe I am lazy. But I know I am not alone.

Besides all that, it looks like Acuna around here sometimes. We all like to shop Acuna, or do whatever we do there, but not all of us like a mini-facimile right in our front yard. Least of all if it blocks our parking, detracts from driving (I wonder if that salesman knows how many driver's eyes the reflections from his mirrors almost put out), blocks the view of traffic and mars the beauty of the town.

### Seniors Honored At Parties

Members of the 1978 graduating class were honored with special parties during the graduation season, the last of which was an ice cream party held after Baccalaureate Services, May 14, at the home of Mr. and Mrs. R.L. Brown.

Other parties enjoyed this year by the seniors included a yard party May 11 at the home of Mr. and Mrs. Charles Huffman, a "Bit O'Blarney Banquet" March 9, hosted by the First Baptist Church, where the seniors were entertained by the Singing Cruse Family, and a Mexican Dinner held March 14 at the Catholic Parish Hall.

An Italian Supper was held in honor of the graduating seniors April 26 at the J.C. Schroeder home, and the Church of Christ held a "Make Your Own Banana Split Party" May 2 at the Granny Miller Hall.

Hosted by parents of several class members, the students were also honored with a "Spring Day Out", Saturday, May 6 at Christoval.

### Disease Prevention For Fruit and Nuts

Whether a home gardener is growing peaches, plums, apples, grapes or pecans, he should pay close attention to disease prevention the next several months, points out Billy Reagor, county agent with the Texas Agricultural Extension Service.

The key to a good disease control program in fruits and nuts is "prevention", not control. To control a disease means that you allow it to become established and then start a program to stop that disease. For the most part, this is not possible. In the case of pecan scab, black rot of grape, fruit rot on apples, fire blight of pears, peach scab and bacterial leafspot, the crop is lost if one waits until symptoms are visible.

According to the agent, three critical points in a disease outbreak are the pressure of a disease causing organism (fungus, bacteria, virus and nematodes), susceptible varieties and the weather.

Disease-causing organisms can be eliminated as much as possible by sanitation; that is, removing any dead twigs or fruit from last year's crop and as it occurs this year. This will help for most diseases, but remember that many disease-causing organisms are windblown and trees can be recontaminated from nearby trees.

Use of disease resistant varieties has always been a must in a good disease control program. Plant breeders are doing a good job in developing varieties which are resistant to a number of plant diseases. The problem lies in the large number of plant diseases which must be prevented. There are good scab resistant pecan varieties avail-

able, and these alone should be planted in areas which receive an average rainfall of 24 inches or more. Due to the adverse environment for scab development in West Texas, the more susceptible varieties can be grown.

Most disease-causing organisms require periods of rainfall or high humidity (90 percent or above) for development. Home gardeners should be aware of the importance of weather and adopt programs to meet these conditions. For instance, during periods of intermittent rainfall, the interval between sprays may need to be shortened from 14 days to 10 or possibly 7 days on a disease susceptible variety. Most fungicides are effective as "preventing agents" for only 7-10 days. There are a few exceptions, such as Benomyl, which is effective for 14 days and under some conditions even longer.

Mr. Reagor emphasizes that spray programs on fruits and pecans should begin early (peaches--pink bud, plums--full bloom, grape--when new runners are 3 inches long, apples--white tip, and pecans--bud break). On most crops except pecans, continue spraying on a two-week schedule until harvest time. On pecans, follow a two-to-three-week schedule through mid-June and then lengthen the interval between sprays based on weather conditions.

The fungicides Benomyl, Captan, Maneb and sulfur can be used on one or more of the fruit and nut plants grown in the home garden. Check the label closely for use on particular plants and application instructions.

Disease prevention is the secret to a successful home fruit planting, notes the agent. To do an adequate job of preventing diseases, use all possible steps to stop the disease at the three critical steps--presence of organisms, susceptible varieties and environment.

### Western Auto To Re-locate

Western Auto Store, presently located at 1111 Ave. E, will soon be moving, according to Jerry Hill, owner of the store.

Hill recently purchased the old Ozona Trading Post building from Claude Owens of Fort Stockton.

The building, located on the corner of Ave. E and 11th Street, was purchased March 16 by Hill, and is presently undergoing extensive remodeling.

Hill plans to move his entire stock into the newly purchased building, and expects to be open for business there before July of this year.

### Crockett County Care Center News

by Joan Nicholas

Activities Program Director

Our twenty-two ladies were really feted and fussed over during the past weekend. Some were able to leave the Center with family for Mothers Day.

Eleanor Bradford's daughter, Maureen Werst of Big Lake, brought over some watermelons which everyone enjoyed. Bill Mason, Assistant District Attorney, had six beautiful flowering plants sent over to decorate the dining tables. Jim Marks sent each lady a beautiful orchid, and Lowell Littleton took some corsages, too. A group from the Catholic Church came for the Sunday service and also brought along some mementoes. Thanks to you all on behalf of our happy recipients.

Our programs last week went along as usual. Bingo winner was Mike Pena with Veva Gutierrez as runner-up. In the dominoes winners circle were Opal Eversole and Swede Lundgren (tie) also Camille Montgomery and Evelyn Bryant.

This will be my last column for several weeks as early next week I will be

winging my way across the Atlantic for a long awaited trip to my old country. I will visit friends in England and Scotland; also in France including Paris, then on to friends in Lyon who are taking me down to their villa at St. Tropez on the Riviera. I may squeeze in a couple of days in Switzerland since I will be fairly close.

I will be writing regularly to my friends at the Center and resume my duties the second week of July.

We are most fortunate in having Tara Brubaker who will fill in for me. She is a special education teacher in our school system and is a very talented young lady. All programs will carry on under her supervision, including music as she plays the piano and sings. She says she is looking forward to this new challenge. We have spent some time together and I think everything will go along very smoothly.

I will be thinking about everyone while I am gone and hope Tara will drop me a line while I am away.

### Ozonans Sul Ross Graduates

Pete G. Maldonado and James Leech of Ozona were among 312 graduates receiving degrees from Sul Ross State University during commencement exercises May 11.

Maldonado, son of Mr. and Mrs. Ramon Maldonado of Ozona received his bachelor of science degree in industrial arts.

Leech, son of Mr. and Mrs. Glenn Leech of Albany, received his master of science degree in range animal science. Leech is High School Counselor. He and his wife, Donna, have resided in Ozona several years.

Keynote speaker for the ceremony was Sul Ross President C.R. Richardson.

## Ozona Field Gains Producer Signs Up

The Ozona multipay field of Crockett County gained its current second Canyon oil producer and a 4 1/4-mile west-southwest extension to that pay with reclassification of Indian Wells Oil Co., Ozona, No. 3-22 Cox, 25 miles southwest of Ozona, for 12 barrels of 48 gravity oil, plus two barrels of water, with gas-oil ratio of 3,427-1.

Production was through a 48-64-inch choke and perforations at 6,633-790 feet, which had been acidized with 3,000 gallons and fractured with 86,000 gallons and 94,000 pounds of sand.

It was finalized April 10 for a calculated, absolute open flow of 900,000 cubic feet of gas daily, through the above perforations.

Location is 1,980 feet from the north and east lines of 22-2-I&GN.

The Donham multipay field gained its fifth Grayburg gas producer and a 7/8-mile northeast extension to that pay with completion of Bill J. Graham, Midland, No. 1 Joe Bean "47", 20 miles northwest of Ozona, for a calculated, absolute open flow of 610,000 cubic feet of gas daily.

Production was from open hole at 900-1,303 feet.

Location is 467 feet from the north and 2,283 feet from the east lines of 47-UV-GC&SF.

Jim Rich, San Marcos, will drill the No. 2 Gulf-Mills-paugh as a 1,475-foot northeast offset to his No. 1 Gulf-Mills-paugh, re-opener and lone producer of the Bair (San Andres oil), six miles east-northeast of Sheffield.

Location is 870.63 feet from the north and 467 feet from the west lines of 41-1-I&GN. Contract depth is 2,500 feet; ground elevation, 2,312 feet.

The discovery was finalized March 30 to pump 97 barrels of oil, no water, with gas-oil ratio of 920-1, through perforations at 1,434 576 feet.

The Methane Gas Co., Dallas, will drill the No. 1 Ward "O" as a 1 7/8 mile northwest outpost to the Adams-Baggett Ranch (Canyon gas) field, 19 miles south-east of Ozona.

Location is 2,281 feet from the north and 2,589 feet from the east lines of 16-G-GC&SF. Contract depth is 5,600 feet; ground elevation, 2,157 feet.

## Ozona H.S. Athlete Signs Up

Ozona High School graduate Felipe Castro, Jr. has signed a letter of intent to play football for Sul Ross State University this fall, said Head Football Coach Vernon Fewell today.

Castro, the son of Mr. and Mrs. Felipe F. Castro of Ozona, has lettered in football and track while at OHS. He has received All-District and All-West Texas honors

as an offensive center.

The young athlete will be competing in the Texas Intercollegiate Athletic Association, a non-scholarship athletic conference comprised of Sul Ross, Austin College, McMurry College, Tarleton State University and Trinity University.

Mrs. George Montgomery spent Mother's Day in San Angelo with her granddaughter and her family, Mr. and Mrs. Mike Talley and children, Tiffany and Michael.

**New Social Security Rules**

Everyone, regardless of age or place of birth, must now submit evidence of age, identity, and U.S. citizenship or lawful admission status when applying for a social security number, Franklin Upp, social security manager in San Angelo, said today.

These procedures are intended to help protect the applicant's social security record, assure that it is complete and accurate, and to prevent anyone else from misusing or abusing the person's social security number, Mr. Upp said.

In addition, a person 18 or over who is applying for a number for the first time, must apply in person.

The best evidence of a person's age and U.S. citizenship is a birth certificate, Mr. Upp said. This should be submitted if possible. But, if it is not available, other documentary evidence can be used.

Evidence of identity should include documentation which shows the person's picture, signature, date of birth or age, or other identifying information.

Applicants not born in the United States should submit evidence of their U.S. citizenship or their immigration documents showing they are lawfully admitted to the United States.

All documents submitted as evidence are subject to verification with the agency which issued them, Mr. Upp said.

A person should allow plenty of time to get the number. It takes 5 to 6 weeks to issue the number and deliver the card after all required evidence has been submitted.
