NUMBER 34

## Law course set for officers

Assistant District Attorney Bill Mason, who will be sworn in as 112th District Attorney January 1, will instruct a refresher course for law enforcement agencies in the district at the Civic Center on November 19-20.

The course will include all facets of law enforcement relative to the District Attorney's office, and is not limited to law officers in the 112th district. Each day will be a session in itself, so officers who can only attend one-day will not have missed out on anything.

Mason is working on the program and expects to have speakers from Austin and Dallas as well as attorneys from the West Texas area.

## 112th Dist. grand jury called here

A grand jury has been called for Thursday, Oct. 23, by Assistant D.A. Bill Mason, to try Mariano Maskill. Mason will ask for revoke of probation.

Trial has been set for Jimmy Lee Baker for felony theft on Nov. 5.

The grand jury returned eight indictments the last time it met. Trial for the eight indicted will be set after pre-trial hearings, according to Mason.

W.J. Carlisle, Jr., was indicted for theft. After arrest in Odessa, he was released on bond.

Gene Castro was indicted for aggravated assault and serious bodily injury. John Castro was indicted for criminal mischief. Ismael Castro was indicted for burglary, resulting from a break-in at the Little "O" Club.

Beto Vargas was indicted for burglary. Desi Tijerina, Jr. was indicted for criminal mischief, as was Ludi Reyes.

Wm. T. Hall was indicted for sexual abuse of a child.

## GS fund raising dinner set

Ozona Girl Scouts will have a fund-raising dinner for the public at the Civic Center, Nov. 9, from 12:30 until 2:30 p.m. All troops will be participating in this event. This will be the only fund drive the scouts will have in Ozona this year.

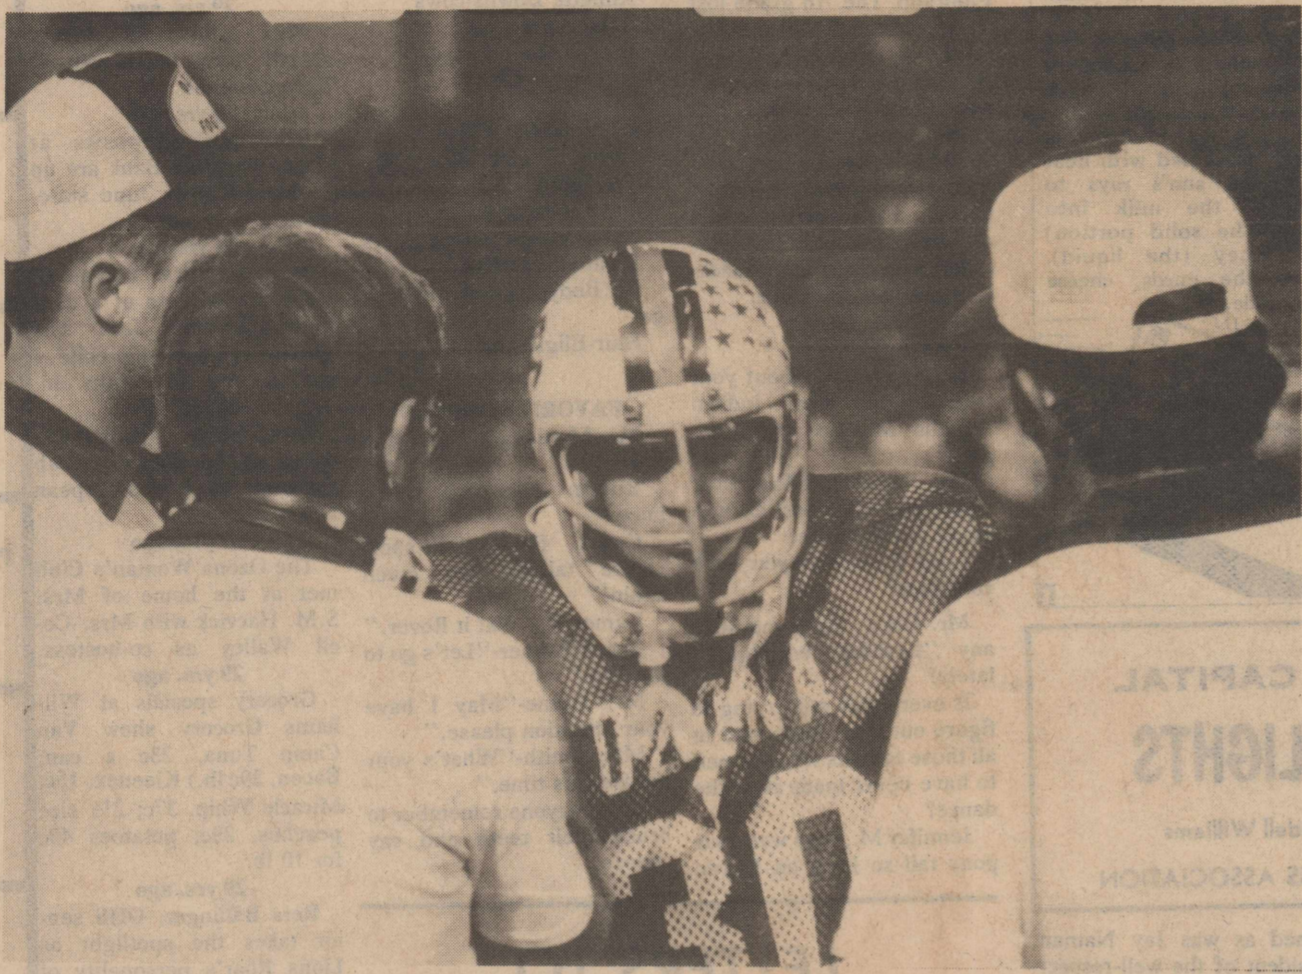

Tickets are on sale now and may be purchased from any Girl Scout. Price is \$6 for adults and \$3 for children, with a slight charge for take-outs. Scout leaders ask the public to make an effort to help the Scouts with this drive. If you cannot attend, they ask that you make your donation at this time.

Donations may be given to Cathy Carson, who is coordinator for the event, or Terry Adams, Neighborhood Chairman.

## New store to open

Workmen have been busy all week repairing and painting the Perner Building, formerly Morrison's, in preparation for a new business for Ozona.

Larry D. Sheppard plans to open a furniture store in the building and rumor has it the store will open by November 1.

GIVING THE WORD to Lion stalwart Louis Bunger during the game Friday night, are Ozona Lion coaches. Whatever the strategy, it worked and the Lions came in with their Proposed amendments confuse voters-

third straight district victory. They will be in Mason Friday night for a showdown with the Punchers, who are also undefeated in district play.

## Absentee voting under way in general election

Absentee voting for the November 4, General Election got underway last week and by week's end 71 of the 2694 registered voters in Crockett County had cast absentee ballots in the county clerk's office either in person or by mail.

Those who voted absentee in person were among the first Texans to see Republican candidates listed first on the ballot, a matter determined by the political party of the state's governor. In Governor Bill Clements, Texas has its first Republican governor in over 100 years. It is doubtful anyone is still around who voted in that last election.

Absentee voting will continue through Oct. 31, three full days before the election. Eligible voters may vote in person or by mail. If voting by mail, an application must be picked up at the clerk's office, the voter must fill it out and mail it, then a ballot will be sent to the voter. The absentee voter must then mark his ballot and mail it from the same city or town where he mailed the application.

Most voter interest here seems to be centered around the presidential race and the race for U.S. Representative, 21st District, where incumbent Tom Loeffler seems to have little opposition in Democratic challenger, Joe Sullivan. Otherwise, the nine proposed amendments to the constitution seem to be of the most concern.

The amendments were published twice in public notices in the Stockman and the October 8, edition had an analysis in detail of all the proposals. However, County Clerk David Weant said this week that voters were still unsure about the amendments and he was delivering detailed sheets of explanations around town. He said he could not, by law, give explanations when voters came up to cast ballots.

District Attorney Dixon Mahon made a brief explanation of each proposal which he felt might be of some assistance to Crockett County voters. The vote will be for or against the follow-

ing proposals: Proposition 1-"The constitutional amendment permitting the Legislature to authorize banks to use unmanned teller machines within the county or the city of their domicile on a shared basis to serve the public convenience."

Proposition 2-"The constitutional amendment authorizing appeal of certain pre-trial rulings of a trial court in a criminal case by either the state or the accused."

Proposition 3-"The constitutional amendment requiring a single appraisal and a single board of equalization within each county for ad valorem tax purposes."

Proposition 4-"The constitutional amendment to authorize bingo games on a local option election basis if the games are conducted by

a church, synagogue, religious society, volunteer fire department, non-profit veterans organization, fraternal organization, or non-profit organization supporting medical research or treatment programs and if the proceeds are to be spent in Texas for charitable purposes of the organizations."

Proposition 5-"The constitutional amendment to grant the governor power to exercise fiscal control over the expenditure of appropriated funds as provided by law."

Proposition 6-"The constitutional amendment to authorize the governor to remove appointed officers with the advice and consent of the senate."

Proposition 7-"The constitutional amendment authorizing counties with a population of 5,000 or less to

perform private road work."

Proposition 8-"The constitutional amendment to change the name of the Courts of Civil Appeals and the names and qualifications of the justices of the Supreme Court and to prescribe the jurisdiction and authority of the appellate courts."

Proposition 9-"The constitutional amendment allowing spouses to agree that income or property arising from separate property is to be separate property."

## Methodist to have Laity day

Laity Day, which is Sunday, Oct. 26, will be observed at Ozona United Methodist Church with a guest preacher who is an Ozona native.

Guest preacher for the morning service will be Graham Childress, who now lives and ranches in Sander-son. A graduate of Rice University and former officer in the U.S. Navy, Mr. Childress brings intelligence and conviction to his message.

The entire community is invited to attend. A covered dish dinner will be served following the worship service.

## Cold front brings .3 inch rain

Temperatures dropped as a cold front moved into the area Saturday morning, leaving .3 of an inch of rain on Ozona. The rain fell slow and steady around daylight Saturday, but slowed to a mist after about 30 minutes. Another trace of rain was recorded early Monday.

By Tuesday the front had moved on and Ozona weather was bright sunshine and a high of 71 degrees at 3:00 p.m.

## Lions down Eagles for homecoming

Ozona High School's homecoming week was all it was supposed to be this year. Highlighted by a big win over Eldorado, 28-8, in the homecoming football game, activities came to an end with the homecoming dance Saturday night at the Civic Center.

During pre-game activities, Kaye Thompson, daughter of Mr. and Mrs. John Thompson, was crowned queen from a field of four. Other nominees were Connie Badillo, Sue Ellen Black and Lori Clayton. The girls were escorted onto the field by members of the Ozona Lion football team.

Hundreds of students and Lion fans were on hand Friday afternoon for the pep rally in the downtown park. Cheerleaders, twirlers, rifle spinners and flag bearers assisted by the Ozona High School Band put on a dazzling show.

The Lions won their third

straight district game against the Eldorado Eagles before a capacity homecoming crowd. The game was scoreless and a defensive battle throughout most of the first half. The first Lion score came with only 16 seconds left in the first half. The Lions drove deep into Eagle territory and Varlyn Aldridge hit Kelly Buckner for seventeen yards and the touchdown. Aldridge threw to Aldo Delgado for the 2-point conversion.

The Lions took the ball on the opening second half kickoff and drove downhill with haste. Ernie Borrego got the score on a three-yard run. Will Mason kicked the PAT.

The Lions widened their lead when Larry Payne took an Eagle punt and rambled down the sideline for 43 yards and the score. Mason hit the uprights again for the

PAT. The final Lion score came with 2:57 left in the third quarter with Aldo Delgado scoring from a yard out. The attempted 2-point conversion was no good.

Eldorado finally got on the scoreboard in the fourth quarter when halfback Danny Pena dove in from 2 yards out for the touchdown. Keith McCormack passed to Mike Griffith for the 2-point conversion.

The remainder of the game was dominated by the powerful Lion defense.

The Lions take on Mason Friday night in Mason. Mason is also undefeated in district play, and has been picked to win the district. It will be a crucial tilt, as the winner will be in the driver's seat toward the district championship.

## Program changes for OCC

There has been a change in programming at the Ozona Community Center, effective October 27. Kiddie Klub and Tynville will be combined and will meet each morning from 8:00 to 11:00. Previously Kiddie Klub has met in the mornings and Tynville in the afternoons. New enrollments are welcome.

In the afternoons from 2:00 until 5:00 the center will be open for all primary-age students who would like to come for recreation, art and fun. This program is offered at no cost.

A free tutoring service has also been set up for any students having difficulties in classes. A licensed teacher is on hand for this purpose. Parents wishing to take advantage of this service may call 392-2710 to set up a time for their child.

## First OHS honor roll announced

Ozona High School principal Jim Payne announced the honor roll for the first six weeks Monday. To be eligible for the honor roll, a student must have a 90 or better academic average and no grade below a B- on his report card. Band and P.E. grades do not count toward the six weeks honor roll.

The senior class led the other classes with nineteen students listed on the honor roll. Making the list were Tammy Adams, Lori Clayton, Danny Crawford, Frank Galvan, Ronnie Guerra, Bert Gutierrez, Charlotte Hederstrom, Lisa Hohertz, Melinda Hokit, Tilly Kramer, Jennifer Marley, Michelle Martinez, Jesse Moreno, Kim Sinclair, Gary Smith, Kaye Thompson, Connie Trujillo, Molly Womack and Rose Mary Ybarra.

The junior and freshman classes tied with seventeen students each on the roll. Among those making the list from the junior class were

Sue Ellen Black, Ernie Borrego, Mike Couch, Ampara Delgado, Felice Delgado, Manie Enriquez, Fernando Galvan, Thomas Gries, Wendy Hood, Jay Justiss, Erika Lee, Dale Perry, Joann Rodriguez, Joyce Tambunga, Jack Thompson, Catarino Villarreal, and Mari Villarreal.

Freshman students named to the honor list include Bobbie Acton, Bo Aycock, Sherri Buckner, Katrina Burger, Matilde Castellanos, Rita DeLaRosa, Robert Flores, Lonnie Galindo, Kent Hokit, Curt McPherson, Kevin Miller, Ricky Tambunga, Marina Tijerina, Kristal Williams, Pam Wilton, Russell Winkley and Dennis Young.

Thirteen sophomore class members made the list. They were Karise Aycock, David Badillo, Gayla Bell, Jerry Cantu, Michelle Couch, Henry Delgado, Sarah Falkner, Harvey Huereca, Darla Lovell, Jacinda Marley, Will Mason, Arnel Rios and Kelly Sinclair.

HOMECOMING QUEEN Kaye Thompson, daughter of Mr. and Mrs. John Thompson, was crowned at the homecoming game Friday night in pre-game ceremonies. She was selected by vote of the Lion football squad from a field of four candidates. Her duchesses were Sue Ellen Black, Connie Badillo and Lori Clayton.

**Social Security—  
How Secure?**

by John W. Fisher

If you're an American worker paying into the Social Security system and if you plan to collect from the system someday as part of your retirement income, it is essential that you understand how the system works. Many Americans believe that the money they pay into the system will be used to fund their retirement benefits. That isn't true. Social Security is a "transfer tax," which means that the money you pay into the system is transferred to the people now receiving benefits. You must depend on future workers for the benefits you will receive.

A thoughtful look at the dollars-and-cents facts of the system raises a genuine concern about the actual "security" of the Social Security system.

- Fact: According to the Social Security Administration, it will take \$3.75 trillion to provide retirement funds to those Americans already in the work force.
- Fact: That \$3.75 trillion is a sum greater than the combined total of the public debt, all corporate stocks and bonds and state and local government bonds as well.
- Fact: With declining birthrates, better health care and longer lives, more and more Americans will be collecting Social Security at a time in which fewer and fewer Americans will be paying into the system.

We see a system that may require more money—\$3.75 trillion—than a smaller working population may be able to afford, whether the money comes from increased Social Security taxes or other increased tax resources, such as income tax. Social Security was established in 1935 on the principle of being self-supporting. At that time, it was a much smaller burden on the working population.

Beginning in January 1937, both employees and employers were taxed at the rate of 1 per cent of income up to \$3,000 for a maximum of about \$60 per year for both contributors. Today, maximum Social Security taxes are about \$3,500, and are scheduled to rise to about \$4,300 in 1982. The total tax rate of Social Security deductions is now over 12 per cent. And that 6 per cent your employer pays might have gone directly to you in the form of increased wages or worker benefits if the government didn't take it first. In 1940, there were over 159 workers contributing to the Social Security support of each beneficiary. Today only three contributing workers support each beneficiary.

When it was begun, Social Security was intended to provide an income floor of protection to retired workers, not a substitute for individual savings. Yet today, many people have come to rely so heavily on Social Security that they do not save and invest as they once did. Additionally, even though Americans overwhelmingly support some form of assistance to the elderly, 40 per cent of Americans workers, according to a 1978 Harris poll, had little confidence that the system would be able to support future benefits.

Reduced savings and investment mean that the money that business and industry need to modernize equipment and build new facilities is more difficult to acquire. An aging industrial base weakens America's ability to compete in foreign and domestic markets, decreases her productivity and reduces jobs and real earnings for Americans workers.

The long-term objective of public policy should be to remove obstacles in the way of individual opportunities. In that light, a strengthened Social Security system must be viewed as a supplement to, not a replacement for, increased personal savings and benefits provided through private pension systems. Our tax laws should be restructured accordingly.

**DID YOU KNOW?**

That American cheddar cheese comes in all shapes and sizes: large wheels, cylinders (longhorn shape), blocks, slices of random weights and shredded. Its flavor ranges from mild to extra-sharp. Although full-bodied red wines go best with the sharp, whites and roses seem most compatible with the milder, semi-firm cheddars.

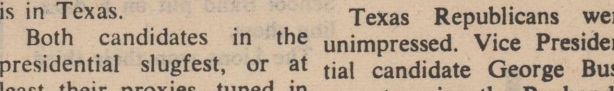

That cheese as a food is almost as old as milk. According to legend, it dates back to about 4,000 B.C., when a shepherd carried milk in a pouch made from a sheep's stomach. The rennet from its lining combined with heat from the sun's rays to separate the milk into curds (the solid portion) and whey (the liquid). From the curds, cheese was made.

You can discover 36 splendid cheese recipes in "The Wonderful World of Cheese," a booklet that includes recipes for Quiche Lorraine, Zucchini Lasagna and Blue Cheese Apple Pie. To get a copy, send your name and address along with 35 cents to: Wonderful World of Cheese, P.O. Box 721, Rosemont, IL 60018.

**STATE CAPITAL HIGHLIGHTS**

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—Farms, ranches and oil wells. Sometimes during an election year you begin to think that's all there is in Texas.

Both candidates in the presidential slugfest, or at least their proxies, tuned in to those two BIG ISSUES all last week. Texas is regarded by both President Jimmy Carter and former Calif. Gov. Ronald Reagan as a must-win state.

Carter's Secretary of Agriculture Bob Bergland started the ball rolling with a swing through the Panhandle, then the Central and Northeast Texas farm belts.

Following him all the way were a band of angry, protesting farmers who staged a public walkout wherever Bergland began to speak. Although the small band of radicals, generally considered to belong to the American Agriculture Movement, appear to be a splinter group, they nevertheless have won sympathy from the farmers who stay home in the fields. Their message: enough of Carter, let's try Reagan. Whether or not they are actually winning farmers over to Reagan is another matter.

Just an hour after the farmers plagued him at a Temple breakfast, Bergland toured the prototype "on-farm" gasohol plant in Rockdale built by Rep. Dan Kubiak and spoke of the need for several more such plants in Texas.

**Dollars for Gasohol**

Bergland also promised Kubiak, a gasohol advocate in the Legislature, that \$260 million in Farmers Home Administration loans are available for gasohol plants across the nation immediately including two in the Texas Panhandle. Kubiak apparently was relieved at Bergland's commitment of gasohol dollars for Texas, having stuck his political neck out for his pet project. The radical farmers had angrily threatened to picket Bergland in Rockdale, then reportedly promised Kubiak's aide they would back off only out of respect for Kubiak's 100 percent pro-farm voting record.

Carter's folks then released the Farmers and Ranchers for Carter/Mondale steering committee, which contained a few noteworthies in the agriculture world. Heading it is former chairman of the U.S. House Agriculture Committee Bob Poage, and also Texas Agriculture Commissioner Reagan V. Brown. Also named were six members of the Texas House Agriculture Committee: Kubiak, vice chairman Pete Patterson, solar advocate Bill Keese, Tip Hall, Betty Denton and Tony Garcia. State Senator Ray Farabee was

named as Jay Naman, president of the well-respected Texas Farmers Union.

**Republicans: "Big Deal"**

Texas Republicans were unimpressed. Vice Presidential candidate George Bush was stumping the Panhandle area, pointing out the inadequacies of Carter's farm program and getting loud applause from AAM members and others.

State party chairman Chet Upham unveiled Reagan's program for farmers, in which expanding international export markets will play a big part.

Upham, swinging through south Texas, also predicted Republican voters will turn out over 50 percent while Democrats will muster a little over 30 percent . . . thus assuring a Reagan victory. Democratic national chairman John C. White, a former Texas Agriculture Commissioner, advised higher, saying Republican turnout will near 80 percent and Democrats could lose the race with lower than a 50 percent turnout.

**Now for Oil**

Republican Gov. Bill Clements and Democrat Atty. Gen. Mark White may finally have found something to agree on: they both dislike the windfall profits tax Congress levied this summer. Clements has asked White to file suit attacking the tax, and White already had indicated he may do just that. White's staff met last week with Louisiana and Oklahoma officials to discuss various legal strategies to fight the tax.

Clements and White have different politics behind their action, though. Clements is committed to President Carter's political defeat and wants to hang the windfall tax around Carter's neck. White reminds people that the whole issue of oil price decontrol, including the Windfall Profits Tax (which actually was shaped by Congress), never would have been necessary had it not been for the controls imposed by Republican President Richard Nixon.

And so it goes . . . One certain thing is this: neither Clements, White nor few other Texas officials like the manner in which the new tax eats into the small royalties of independent oil well owners, particularly the aged.

**Medicaid Imbroglia**

In the latest chapter of the state Medicaid contract imbroglia, in which two insurance companies are battling for the right to administer the lucrative program, the two companies may fight the final round in the courtroom.

**The Lion's Roar**

CONNIE TRUJILLO, Editor  
KAYE THOMPSON  
MERCY STRATUS

This past week was our homecoming week with more than its share of excitement. The Lions won their third district game beating Eldorado 28-8. This puts them in the lead with a 3-0 record. This week they play against Mason. Good Luck and Congratulations Lions! Last week, the Jr. Varsity also played Eldorado, but they lost 39-6. The 7th and 8th grade teams also played Eldorado. The 7th grade lost with a score of 12-0 and the 8th grade lost 8-0. This week is an open date for the JV and Junior High teams. The Homecoming Queen for 1980-81 is Kaye Thompson. She was escorted by Frank Galvan. Her court consisted of Lori Clayton, Connie Badillo, and Sue Ellen Black. Congratulations, Kaye.

**LETTERS TO THE EDITOR**

October 20, 1980  
Dear Kitty,

At first glance, Sammy looked like any other four-year old boy, impatiently wandering around in that most boring of situations: trying to stay out of trouble while his mother shops. But Sammy's mother wasn't there to shop; she was there to tell a story that we feel needs to be shared.

Two years ago, Sammy was diagnosed as having sarcoma, a form of bone cancer. At the age of two, Sammy's leg was amputated, and he began a series of treatments for a cancer that has a tendency to metastasize, or spread to other parts of the body. The treatments are given for five days every three weeks at a hospital in Dallas, and if Sammy has symptoms of pain or fever in between treatments, he must be taken immediately to Dallas.

Sammy's mother wasn't there to ask for help in paying for the treatments; she wasn't there to ask for help in coping with a child too young to understand why he is the only four-year-old in Ozona with an artificial leg, or the only one who has to endure painful treatments which have caused him to lose his hair. Sammy's mother was instead there to ask for help in getting him back and forth to Dallas, simple help in the form of gasoline for their pick-up and food to eat on the trip.

You may have heard of a new group in Ozona called Youth Against Cancer, of YAC. This dedicated group held a dance and used the proceeds to sponsor two of Sammy's trips. We have also received generous help from the Lions Club, whose check

Last week Atty. Gen. White ruled the state had made a binding contract allowing Bradford Corp. to oversee the \$2 billion program. His ruling, in effect, took the contract away from the insurance company owned by Dallas millionaire H. Ross Perot, now administrator of the contract which will expire in 1981.

Perot, who had personally contacted all three board members of the Department of Human Resources seeking an appeal of their original decision, filed suit last week to fight White's ruling and enjoin the department from finalizing the contract. His company contends the state did not create a legally binding contract when it awarded the contract to Bradford in July.

has been used to start a fund at Ozona National Bank. Any contribution, large or small, will be so appreciated by us and by the family of this very sick little boy. If you would like to do something for Sammy, please contact us at the store or contribute directly to the Sammy Rivera fund at the bank.

**Tips For Gardeners**

From the  
Ozona Garden Club  
by  
Mrs. Bailey Post

After the long dry and hot summer months, we are all enjoying the pleasant fall days. Don't be surprised though if we have more hot days before winter fronts arrive here.

Are you one of a group that say they can't grow roses, but can't quit trying. The rose is still the favorite blossom of most everyone in the world, so continues to reign as the queen of flowers. Some suggestions that may help you to try for the first time or again. Plants-Select or order No. 1 two year old roses with three strong canes and good roots. West Coast roses do better here than the East Texas or East Coast grown ones. Time of planting-the best time to plant is Nov. or Dec. or if you prefer spring, Feb. and March are the most desirable months. Roses need a neutral or on the acid side of soil. Dig space to a depth of 18 to 24 inches deep and wide for a single row, allowing 36 inches for Hybrid Tea and Grandiflora roses. Keep the good top soil and sub soil separate. If drainage is needed, put four inches of gravel in the bottom of bed and over this put four inches of well rotted manure. Mix with top soil or new soil, one-third sand and two-thirds soil, one-fourth cup soil-sulphur and one-half cup super-phosphate per rose. Turn several times before planting.

Planting-1. Bare root rose plants should be soaked in water overnight or until ready to plant. 2. Dig planting hole, in the prepared bed-12 to 15 inches deep and 18 inches wide to allow for plenty of root space. 3. Mix a spade of peat moss with soil from the hole. 4. Remove plant from water and cut off any broken or damaged roots and branches. 5. In the bottom of the hole, make a cone-shaped mound of the soil-peat moss mixture high enough that the graft bud will be about even with the top of the hole. Place roots over the mound, spreading out and down. Do not crowd

them. 6. Fill the hole about 3/4 full, gently tamping soil with hands to anchor roots firmly. Then add soil up to 1 1/2 inches of the graft bud. 7. Add water, plunging hose in and around the soil to drive out air pockets. Let settle and add more dirt if necessary. 8. To protect from cold damage, mound loose soil over the plant about 1/2 way to tips of the stems when growth has begun in the spring, remove soil mound. Rose food may be added at this time. Newly planted roses need no fertilizer. Established roses should be fed now to produce beautiful fall roses. Also keep watered once a week or every 10 days. There are many favorites that do well here. If you buy roses in buckets, be careful not to break ball when you remove them and plant about the same as above.

**Mrs. Phillips is hostess for bridge**

The Country Club Bridge Club met Thursday at the club with Mrs. Hillery Phillips, Jr., as hostess.

High score went to Mrs. Evert White, second high to Mrs. Phillips and bingo to Mrs. Bill Mason.

Others attending were Mrs. Clay Adams, Mrs. Bob Bailey, Mrs. George Bunger, Mrs. Dwight Childress, Mrs. Joe Clayton, Mrs. Joe Friend, Mrs. John R. Hunnicutt, Mrs. Beecher Montgomery, Mrs. Kirby Moore, Mrs. J.B. Parker, Mrs. Hillery Phillips, Mrs. Jake Short, Mrs. Sherman Taylor, Mrs. Byron Williams, Mrs. Charles Williams, Mrs. Gene Williams and Mrs. Jack Williams.

PHONE NEWS TO THE STOCKMAN

**4-H Awards Winners**

**GOLD STAR BOY AND GIRL**-Sue Ellen Black, daughter of Mr. and Mrs. Bill Black, was named Gold Star Girl at the Annual 4-H Awards Program last week. Louis Bunger, son of Mr. and Mrs. George Bunger, Jr. was named Gold Star Boy.

**MOTHER DAVIDSON AWARD** went to Les Hale at the annual event. Les is the son of Mr. and Mrs. Eddie Hale. The award is presented annually to the outstanding 4-H member in the county.

**DUPLICATE BRIDGE**

Mrs. Robert Cox and Mrs. Sherman Taylor were first place winners in Duplicate Bridge Club play Saturday afternoon at the Country Club. Taking second place were Mrs. Clay Adams and Mrs. Joe Clayton.

Mrs. Evert White and Mrs. Sidney Millsbaugh won Sunday, with Mrs. Taylor and Mrs. Hillery Phillips, second.

**BOY TO TEBBETTS**

Mr. and Mrs. Jomie Tebbetts are the parents of a son born Monday, Sept. 20, in Hudspeth Memorial Hospital in Sonora. The baby has been named Jomie, Jr. and weighed 6 pounds and 10 ounces.

Grandparents are Mr. and Mrs. Desi Tijerina and Mr. Clarence Tebbetts and Mrs. Mary Tebbetts of Albuquerque, N.M.

**Horn of Plenty**

This great land of ours has been blessed with the riches of the earth and with the freedoms and rights to enjoy them. But does the mere ownership of these goods guarantee our happiness?

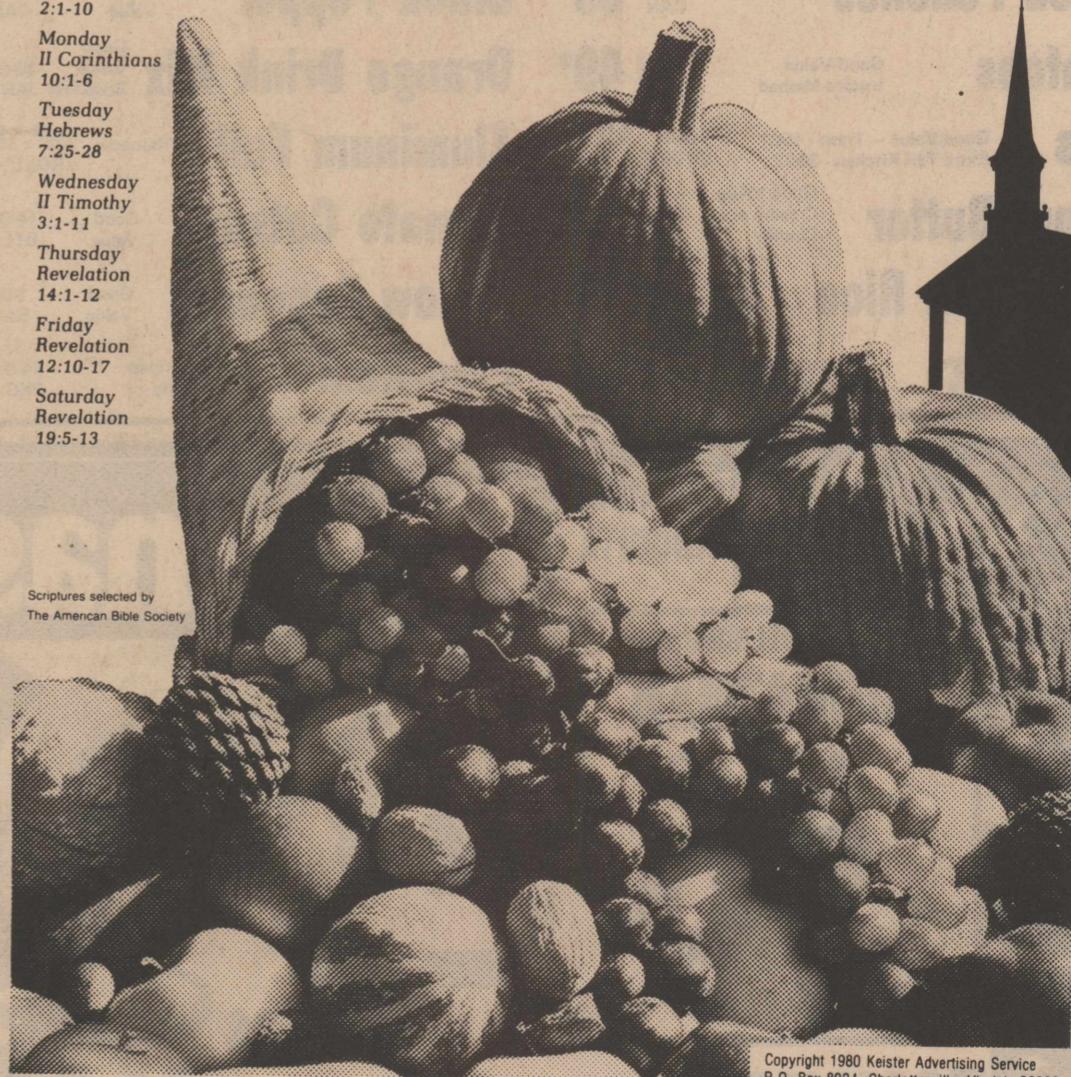

All of us have experienced a disappointment at finally possessing some much-desired article. After weeks and sometimes years of looking forward to it, we find that the actual ownership brings little pleasure.

Could the fault lie with the gift itself? No, apparently it is within ourselves. Our own attitudes, our own relationships, our own understanding have certainly much more to do with our final satisfaction.

How then are we to derive the greatest blessings from the goods which have been put at our disposal? The best place to begin is at your place of worship. Here, in a personal search for God and our own understanding of Him, we may achieve a spiritual harmony, which will bless our lives and those of our fellow men.

**Calvary Baptist Investiture ceremony for Brownie Scouts to present film**

"No Longer Alone", winner of three prestigious film-industry awards, will be shown on Sunday Oct. 26, at Calvary Baptist Church, 601 Ave. I. The showing, open to the public free of charge, is scheduled to begin at 7 p.m.

The film, a true story, takes a close look at a woman who was searching desperately for love and acceptance, but whose cries went unheard by those who surrounded her.

Originally released by World Wide Pictures in commercial theatres, the film is now one hour in length in preparation for its eventual presentation as a television special.

"No Longer Alone" traces the life of an English actress, Joan Winmill Brown. Though she skyrocketed to fame on the British stage, her life was marked by a frantic grasp for personal fulfillment and love. Tormented by a past she was unable to forget, she succumbed to a series of nervous breakdowns; and, at one point, attempted to take her own life.

In her ultimate moment of despair, Joan was invited by a "chance" phone call to attend a Billy Graham crusade. It was here that she first discovered her worth as an individual and began her long struggle to piece her shattered life back together.

Those who have followed Billy Graham's ministry will be interested to know that Dr. Graham appears in the film in some of the footage of his 1954 London Crusade, and also in the introduction and conclusion to the film, photographed recently for this special version.

According to William F. Brown, President of World Wide Pictures, "No Longer Alone" was presented with the "Award of Excellence" from the Film Advisory Board of Hollywood, as well as the "Angel" award from Religion in Media in America, as the outstanding religion film of the year. It also received the "Silver Halo Award" from the Southern California Motion Picture

Council. "No Longer Alone" was filmed in color on location in London, and stars Belinda Carroll, Wilfrid Hyde White, James Fox, Samantha Gates, and Gordon DeVol. Simon Williams, who has one of the leading roles in the BBC production, "Upstairs, Downstairs," also stars in the film. The title song was performed by the popular recording artist, B.J. Thomas.

**Ozona men certified technicians**

Two Ozona servicemen have qualified as accredited technicians for the West Texas Utilities Company, an authorized Frigidaire dealer.

The announcement has been made by Manuel Gomez, Southwest Regional Service Manager for the Frigidaire Parts & Service Company, a division of White Consolidated Industries, Inc., based in Arlington, Texas.

Qualifying technicians include: Tony Gomez with 3 years as accredited technician, who was named master technician. Also Randel Wilson, with 3 years as accredited technician, who was also named master technician.

Frigidaire rates the technicians on strict standards, such as appearance and good work habits. To qualify, a technician must have a minimum of two years experience with a Frigidaire dealer servicing major appliances. He must also complete a Frigidaire designated service training program, including customer relations training. "Service technicians must demonstrate the highest standards of service excellence," Gomez said, "if they are to hold an accredited rating from Frigidaire."

**Investiture ceremony for Brownie Scouts**

Girl Scout troop 172 had an investiture ceremony Monday at the Ozona Community Center. The ceremony is to welcome girls being invested into the Girl Scout family. As part of the ceremony each girl made the Girl Scout Promise, then each Brownie received the Brownie Girl Scout pin. Conducting the ceremony were adult leaders Nikki Easterwood and Jane Bailey, assisted by Rosario Sanchez.

Brownies receiving pins were Haley Carson, Carri Chandler, Courtney Childress, Tiphany Cooke, Lori Cowart, Sabrina Easterwood, Sandra Ortiz, Patricia Hartnett, Marandy Keith, Erika Kenison, Patricia Maldonado, Robin Myers, Valarie Perez, Stacey Poage, Susan

Pullen, Myra Sanchez, Ami Sewell, Stacy Skains and Katie Sellers.

Following the ceremony, parents and Brownies enjoyed refreshments of cupcakes and punch, furnished by Mrs. Henry Sellers.

Adults attending the investiture included Mrs. Billy Carson, Julie Carson, Mrs. Erby Chandler, Mr. and Mrs. Burl Myers, Mrs. Johny Childress, Mrs. Doyle Ward Easterwood, Mrs. Oren Cooke, Mrs. Mike Womack, Mrs. Bob Wallace, Mrs. Pete Maldonado, Mrs. Cipriano Perez, Mrs. Nikki Sewell and Mrs. Jack Skains.

Barbara Crowder is in Methodist Hospital in Houston where she is recovering from surgery performed Monday.

**OZONA TV SYSTEM**

**Has your business outgrown your phone system?**

When a business is expanding, so is the load on its phone lines. The usual solution is to add more phones.

That's all right up to a point. But eventually, you can be spending more for a less efficient system.

And that is the time to have a talk with General Telephone's Communications Consultants.

They will make a

complete survey of your business phone needs and show you how to use your system more efficiently. They may find ways to save you money. Maybe even make money. And best of all, there's never any extra charge for their service. Call your General Telephone business office today and make an appointment for a telephone survey.

**We keep you talking.**

## Debra Says

By Debra Price

Although energy-saving claims by some convection-oven manufacturers make these ovens sound energy efficient, recent research says "not true."

Convection ovens do not necessarily save energy, studies are finding.

In fact, little or no energy is saved when cooking foods that require only a short time--and recent research disclaims considerable savings even when long cooking periods are required.

Dollars saved on energy depend on the amount and type of foods cooked, of course. But the total savings with convection ovens are so small that it would take several years to recoup the original purchase price of the oven.

Another disadvantage is that many models give off considerable heat which will add heat to the kitchen. Their sides may be too hot to touch comfortably, also.

One model with a removable glass lid presents the extra problem of where to rest the lid when it's hot.

In addition, "portable" convection ovens are really not very "portable," and they do require counter space, often at a premium in today's kitchens.

Consumers should consider all these points before buying a convection oven, and they should also examine the performance ratings and records of different models, since models vary in features and effectiveness.

In short, shop around and think twice before buying a convection oven.

MRS. JOHN PATRICK WALSH  
...nee Miss Karen Williams

## Ceremony unites Miss Williams and Mr. Walsh

Miss Karen Elizabeth Williams became the bride of Mr. John Patrick Walsh in a candlelight ceremony September 27, at Ozona United Methodist Church.

Parents of the couple are Mr. and Mrs. Joe Williams and Mr. and Mrs. Clayton White of San Antonio.

The bride, given in marriage by her father, wore a formal gown of white organza over peau-de-soie. The bodice of English net and beaded re-embroidered Alencon lace was fashioned with a modified natural waist. The A-line skirt had a deep border of the beaded lace and swept into a graceful chapel length train. She carried a nosegay of white roses and miniature carnations, centered with a quill Chrysanthemum. Her tiered veil was attached to a picture hat of lace.

Maid of honor was Miss Suzanne Williams, cousin of the bride. Bridesmaids were Miss Sheri Webster, Mrs. Jim Dees of Las Vegas, Nev.; Mrs. Gary Lenzo and Mrs. Russ Purcell, both of Austin.

The attendants wore gowns of peach Qiana, with matching chiffon jackets. They carried nosegays of miniature peach carnations and white mums.

Flower girls were Karen and Marianne Purcell of Austin. They wore floor-length gowns of ivory chiffon.

Best man was Mr. David Moeller of San Antonio. Groomsman were Mr. Russ Purcell of Austin, Mr. Floyd Chapman of New Braunfels, Mr. Sidney Millsbaugh, III, of San Antonio and Mr. Bob Walsh of Houston, brother of the bridegroom.

Ushers were brothers of the bride, Mr. David Williams of Midland and Mr. Michael Williams. Candlelighters were Chris Purcell of Austin and Jimmy Walsh, the bridegroom's brother, of San Antonio.

Mrs. Billy Reagor was the soloist accompanied at the organ by Mrs. John Hignight.

The church was decorated with candelabras holding white tapers, palm trees and arrangements of white flowers.

A reception followed the wedding in the fellowship hall.

Members of the houseparty included Mrs. Ricky Webster, Mrs. Penn Baggett, Mrs. Nikki Sewell, Mrs. Craig Williams, Mrs. Sharon McWilliams of Midland, Mrs. Jay Weatherby of Big Lake, and Mrs. Doug Schnitter of Dallas.

Following a cruise to the Bahamas, the couple will be at home in Austin.

Pre-nuptial parties honored the bride in San Antonio and in Austin.

A gift coffee was held here Sept. 6, in the Ozona United Methodist Church parlor. Hostesses included Mrs. Lowell Littleton, Mrs. Pleas Childress, Mrs. Larry Arledge, Mrs. Penn Baggett, Mrs. James Childress, Mrs. Bill Clegg, Mrs. James Dockery, Mrs. Dick Webster, Mrs. Alvin Harrell, Mrs. W.L. Harrison, Mrs. Vernon Jones, Mrs. Joe Logan, Mrs. Sidney Millsbaugh, Mrs. Douglas Moore, Mrs. M.E. Nicholas, Mrs. Billy Reagor, Mrs. Buddy Russell, Mrs. W.T. Stokes and Mrs. Charles Womack.

### MEXICAN MASKS

The definitive work on what is a dying art in Mexico--maskmaking--has been published by the University of Texas Press.

The colorful new "Mexican Masks" is the work of the late Donald Cordry, artist, designer and ethnographer of Mexican Indians who over a 40-year period acquired a collection of the masks used in ancient ritual dances.

As a record of Mexico's peoples, cultures, religions and history, the masks reflect both the Christian face of the European tradition in Mexico and the older face of the Indian world.

## How to cope with childhood stress

Thumbsucking and bed-wetting have answers--and solutions--if you know how to find them, says a family life education specialist.

Both are "stress signals," so first find the stress cause, and then help the child deal with it, Cindy Wilson advises parents and other caretakers of children.

Mrs. Wilson is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

Stress causes might be emotional or they might be physical, the specialist explains.

Physical stress can happen when certain foods are upsetting to a child's system. His body is so "busy" dealing with the stress, it "forgets" and wets the bed. Any illness can have the same effect.

Patience is the key to dealing with all stresses. A lot of time and patience usually do wonders in helping a child deal with--and overcome--any kind of stress.

"Looking at thumbsucking closely, we should point out that this behavior really isn't so bad," Mrs. Wilson says.

"Most pediatricians recommend that we ignore episodes of thumbsucking, in fact."

However, parents should realize that thumbsucking is a reaction to stress--it's a comforting habit to a child.

Stress factors that cause thumbsucking can include fatigue, boredom, depression, anxiety or a need for attention.

When you notice thumbsucking, if you can't just ignore it, tackle the stress instead of forbidding the child to suck his thumb, Mrs. Wilson suggests.

For example, try spending more time with the child in a play or work setting--and divert his or her attention to new and exciting activities.

If stress occurs because of a family crisis or any other cause for anxiety, comfort the child, so he won't need to resort to thumbsucking as a comfort measure.

Before looking more closely at bedwetting it should be noted that some children simply are not physically ready for toilet training--although they seem to be making great progress at times.

In these cases, patience is all important--it is a "must." Emotional stress, on the other hand, is a different matter. A child with emotional stress may hide his or her fears in the daytime, but as

sleep brings relaxation, he or she may wet the bed.

To deal with this, try talking to the child who appears to be worried--to help him relax by getting his problems into the open.

Also, limit fluids before

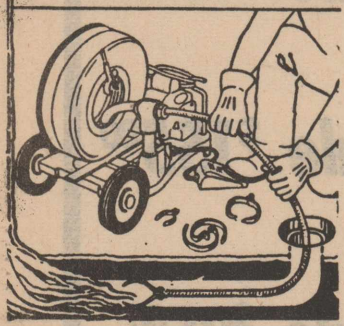

bedtime.

Remind the child to use the bathroom before going to sleep, too.

Be patient and relaxed with the child as bladder control is regained.

## PUBLIC NOTICE

In compliance with Sec. 43(a) of Art. 1446c, V.A.C.S., West Texas Utilities Company hereby publishes NOTICE that it has filed, on September 30, 1980, its statement of intent to make changes in its rates charged for electricity and services sold and rendered inside and outside municipal jurisdictions, such proposed changes to be effective November 4, 1980. Such Statement of Intent includes the proposed revisions of tariffs and schedules and a statement specifying in detail each proposed change, the effect the proposed change is expected to have on the revenues of the Company and the classes and numbers of utility customers affected. Gross revenues are expected to be increased 8.27 per cent by the new rates. Statements of intent were filed with the Public Utility Commission of Texas and with the following municipalities:

- |              |            |                 |
|--------------|------------|-----------------|
| Abilene      | Haskell    | Quitaque        |

**Ozona clubs hear renowned editor**

The Ozona Womans League met in conjunction with the Ozona Womans Forum Tuesday, October 14, in the Civic Center meeting room to hear Dr. Margaret Cousins. Hostesses were Mrs. Dwight Childress, Mrs. Pancho McMullan and Mrs. Jerry Lay.

Dr. Cousins, a cousin of Mrs. Pleas Childress Jr., was born in Munday, Texas, and received her education in the public schools of Highland Park and Dallas, Texas. She graduated from the University of Texas with a Bachelor of Arts degree, and has also received an honorary Doctor of Letters degree from William Woods College in Fulton, Missouri. Among her many accomplishments are being managing editor of "Good Housekeeping", managing editor of "McCall's," fiction and book editor for "Ladies Home Journal," and senior editor of Doubleday & Company.

She has also contributed several fiction, non-fiction and verse writings to most popular magazines in the United States and 17 foreign countries. Being very active in civic and social affairs in San Antonio has filled her recent years; however, she still found time to edit for Lady Bird Johnson on her book "A White House Diary." She also was co-author on a book with Mrs. Margaret Truman.

Dr. Cousins gave a very humorous yet thought-provoking speech on "Women", a subject well received and appreciated by those members in attendance. League members attending were: Mrs. Bobby Aycock, Mrs. Jack Baggett, Mrs. David Bean, Mrs. Larry Braden, Mrs. Tom Cameron, Mrs. Erby Chandler, Mrs. Duane Childress, Mrs. Dennis Clark, Mrs. Randy Crawford, Mrs. Buster Deaton, Mrs. H.O. Hoover, Mrs. John R. Hunnicutt, Mrs. Rick Hunnicutt, Mrs. Frank Justiss, Mrs. Douglas Moore, Mrs. Jack Probst, Mrs. Lane Scott, Mrs. Gregory Stuart, Mrs. Jeffrey Sutton, Mrs. Randy Upham, Mrs. Gary Vannoy, Mrs. Rick Webster, Mrs. Wesley West, Mrs. Steve Wilkins, and a new member, Mrs. Bill Mason.

**MP Garden club ends club year**

The final meeting of the Myrtle Post Garden Club for the 1980 club year was held in the home of Mrs. Glen Sutton Monday evening at 7:00 p.m.

Present were Mmes. Lee Graves, Jim Dudley, Phillip K. Smith, T.H. Wellman, John Hignight, Scottie Houston and one visitor, Mrs. Pete Jacoby.

Business was discussed and programs for 1981 were planned. The next meeting will be held in Feb., 1981.

**Turkey barbecue is great**

For something different in cookout fare that's got a great taste, try turkey barbecue.

A whole turkey or one split in half is excellent for barbecue. In addition, most supermarkets now have turkey parts, including breast, legs and wings.

Parts are an especially attractive item to use in a barbecue, especially leg quarters (thigh and drumstick as one piece) and individual drumsticks, points out Dr. James H. Denton, poultry marketing specialist with the Texas Agricultural Extension Service.

Turkey drumsticks for barbecue offer several advantages, says Denton. They are smaller in size than most types of barbecue meat, can be purchased with an exact number of guests in mind, and are uniform in size and therefore easier to cook for any number of people since they will cook at the same rate.

The specialist points out that turkey drumsticks are also versatile insofar as cooking is concerned. If using an open top charcoal type cooker, apply a basting sauce periodically to preserve the meat's natural juiciness and add a basic subtle flavor. This sauce usually contains salt, pepper, margarine or butter, Worcestershire sauce, lemon juice, water and a few drops of hot sauce if desired.

Cooking with a closed top wood type cooker (usually a brick pit or a 55-gallon drum) requires a little more time, and most folks don't use a basting sauce. This gives the meat a more intense smoked flavor.

Whether cooking by open top or closed top, Denton suggests applying a good finishing sauce containing oil or margarine, vinegar, catsup, sugar and water, with salt, pepper, tobacco and Worcestershire sauce to taste.

**Athletes need water breaks**

The old coaching practice of depriving athletes of water during practice sometimes had students sneaking sips from schoolyard puddles. Such desperate needs for water, combined with instances of heat stroke and poor performance, are convincing coaches that athletes do better if they have water breaks, the Texas Medical Association says.

Even cool fall weather is no protection against heat stroke or heat exhaustion because football players are physically straining themselves while wearing hot equipment. Heat exhaustion symptoms of pale and clammy skin, weakness, headache and nausea can be cured by having the victim lie down in a cool place. Giving sips of diluted salt water may be necessary here. But if the victim has hot, dry

skin, then possible fatal heat stroke may be occurring. Medical help should be contacted immediately and the victim should be cooled by applying cool water. The bad effects of these extreme physical conditions are obvious. But often athletes just will feel bad and be less physically and mentally sharp due to lack of fluids.

Some coaches try to make up for their water errors by dispensing salt tablets freely. This practice, combined with withholding water, can cause a salt overload that can be unhealthy.

**Christmas program coming up**

A Christmas program presented by Janice Rabenaldt, Home Economist, with Pioneer Natural Gas Company will be Wednesday, October 29, at 4:00 p.m. in the Home Economics Building. The program will feature easy decorating and food ideas for the holiday season. All 4-H members in 4-H food projects and their leaders are urged to attend.

Walt Turland is receiving treatment at the veteran's hospital in San Antonio.

**Ozona Stockman Guidelines for Publication of Weddings**

In the future it will be a policy of the Ozona Stockman to publish engagement announcements six weeks prior to the wedding or before, and wedding stories in the week immediately following the wedding. Pictures will be used for both announcements. Weddings will not be published after a two-week lapse. Forms for the wedding may be picked up at the Stockman office. A form for the engagement is not necessary.

**Jan North wins contest**

Janice North was the Stockman football contest winner this week. Mrs. North only missed one game.

The winning entry was judged from about 40 entries. A new entry blank for the weekend games may be found on page 6. Anyone is eligible to enter.

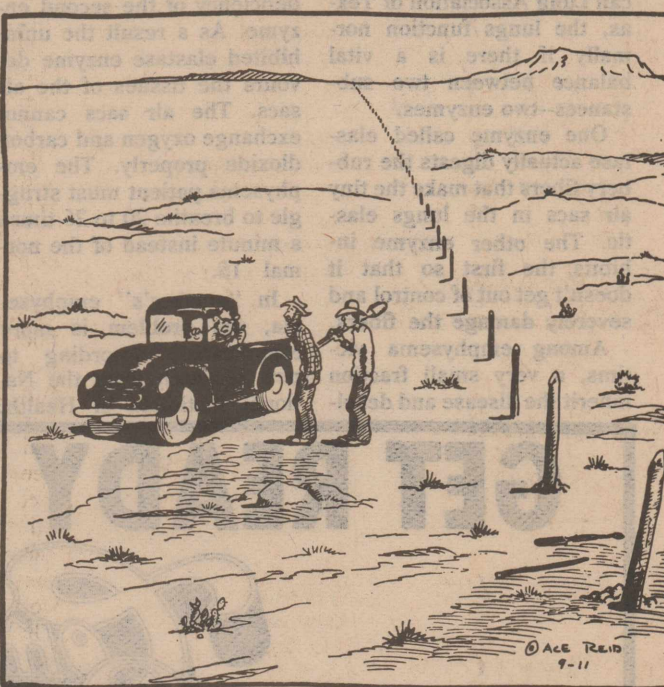

Pascal Northcutt is in the veteran's hospital in San Antonio undergoing tests.

**CARD OF THANKS**

We would like to take this opportunity to thank our many friends for their acts of kindness and sympathy on the death of our beloved son and brother, Brent. Your support and love have meant a great deal to us during this time of sorrow. Sincerely, Maxine and Johnny, Sherry and Win

MISSIONARY TO RETURN TO CHINA—Lola Mae Daniel, for many years a missionary in Taiwan, China, is preparing to end her retirement and return to China at age 78. Rev. Nelson Lanham, left, is pastor of First Baptist Church, one of Miss Daniel's sponsors.

## Lola Mae Daniel returns to Taiwan

Lola Mae Daniel, who has been retired from the Baptist Mission field for the past six years, is returning to Taiwan at age 78. She is going as a volunteer under the Bold Mission Thrust of the Southern Baptist Convention. The Ozona First Baptist Church is her sponsor along with other churches in the Castle Gap Association.

Miss Daniel was honored with a fellowship Saturday night at First Baptist, sponsored by the G.A.'s and the Acteens.

She taught first grade in Ozona for several years before her first missionary assignment in 1962. She had long felt the call to do mission work in China, but the Chinese mainland was closed at that time. She went instead to Taipai, Taiwan, the Republic of China. Her first tenure was for a term of three years, and she served two year terms from that time. She was with the Mission Board for ten years. She spent the last two years on her own, with help from churches in the states.

For the past six years Miss Daniel has been living in San Antonio, teaching first grade in a Baptist private school, along with teaching Bible to Chinese in San Antonio and in Austin.

She went back to Taipai for ten weeks in June of 1978, where she attended the dedication of a church started when she was on the mission field there. This trip was financed by the WMU of the Castle Gap Association.

A native of Texas, she is a graduate of Howard Payne University and did her graduate work at North Texas State University. Her greatest desire was to go to the Chinese mainland. When she returns to Taiwan the latter part of this month, she intends to apply for a visitor's visa to the mainland. If this is granted her dream will be realized.

Miss Daniel will leave San Francisco October 30, and will take up her duties in Taiwan, Nov. 21. Her address will be Box 427, Taipai, Taiwan, 100, the Republic of China.

## Girl Scouts hold flag ceremony

Friday night at the Homecoming game the Ozona Senior Scouts did the flag ceremony.

Becky Ybarra and Cindy Reavis of Girl Scout Troop 51 and Tillie Kramer and Leanne Kramer of Girl Scout Troop 189, represented the girls scouts of Ozona. This is the first year in the history of Ozona that the Girl Scouts

have participated in the flag ceremony at the football games.

## Form 941 deadline is near

October 31 is the date by which employers must report on Form 941 Social Security and withheld Federal income taxes for the 3rd quarter of 1980 and pay any taxes due, the Internal Revenue Service says. If the quarterly liability (reduced by any deposit during the quarter) is \$200 or more, the unpaid balance

must be deposited. This deadline does not apply to those employers who make timely deposits of the full amount of tax due in Federal Reserve or approved commercial banks. They are allowed until November 10 to file Form 941, "Employer's Quarterly Federal Tax Return."

If employers have not received Form 941 by mail, they can obtain one from local IRS offices. IRS Publication 15, "Circular E—Employer's Tax Guide," is also available at local offices.

PHONE NEWS TO THE STOCKMAN.

## Why smoking causes emphysema

For years, researchers have known that smoking is the major cause of emphysema. Now they are beginning to find out why.

According to the American Lung Association of Texas, the lungs function normally if there is a vital balance between two substances—two enzymes.

One enzyme called elastase actually digests the rubbery fibers that make the tiny air sacs in the lungs elastic. The other enzyme inhibits the first so that it doesn't get out of control and severely damage the fibers.

Among emphysema victims, a very small fraction inherit the disease and devel-

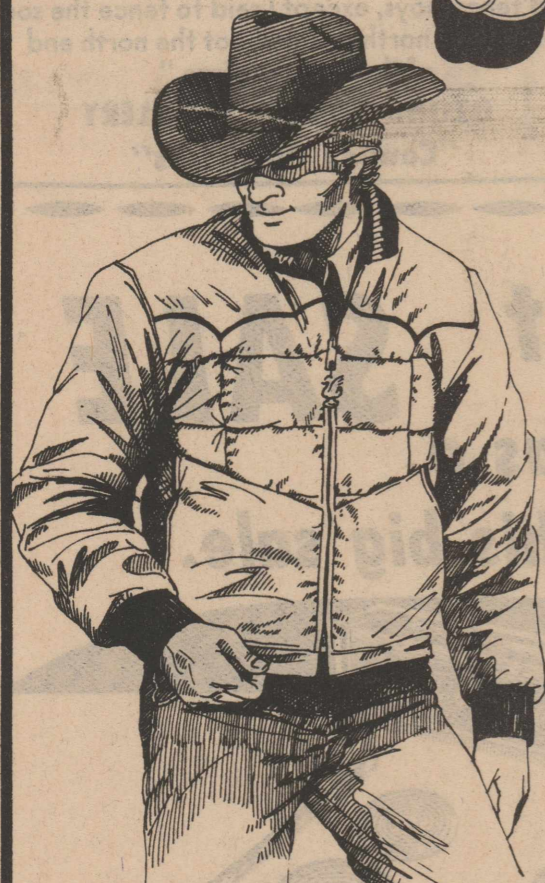

op emphysema even if they do not smoke. Most emphysema patients, however, have smoked heavily for many years. But those who inherit the disease have a deficiency of the second enzyme. As a result the uninhibited elastase enzyme devours the tissues of the air sacs. The air sacs cannot exchange oxygen and carbon dioxide properly. The emphysema patient must struggle to breathe 20 to 25 times a minute instead of the normal 15.

In "smoker's" emphysema, the problem is more complicated, according to new research from the National Institutes of Health.

By comparing lung fluid from heavy smokers with fluid from nonsmokers, investigators found that the second—the inhibiting-enzyme was present; but it was not doing its job. A chemical in smoke called an oxidant apparently turns off the second enzyme.

"Every individual who smokes shows some signs of emphysema," says Oscar Auerbach, M.D., who recently was awarded the Trudeau Medal from the American Lung Association for his years of study that documented the correlation between the amount of lung damage and the amount of smoking.

## "When you get a good one, I say, 'keep him!'"

O. C. Fisher, Former Democratic Congressman, 21st District

The Honorable O. C. Fisher, our Democratic Congressman for 32 years, has endorsed Republican Tom Loeffler for reelection to Congress. In fact, Mr. Fisher now serves as Co-Chairman of the Loeffler Campaign '80 Committee.

To use Mr. Fisher's own words: "I served in Congress for 32 years. During that time, I served with some 1,500 members and I think I learned something about how to evaluate members who come and go. I'm not supporting Tom Loeffler because he's a Republican—I'm supporting him because I'm worried about the future of this country. I think

this is probably the most critical peacetime election that has come about in many years, and Tom Loeffler, during the two years he's served in Washington, has given an excellent account of himself. When you get a good one, I say, 'keep him!'"

We agree. During the two years Tom Loeffler has served us, he's proven his performance is beyond campaign promises. He's the best of a new breed of responsible and responsive congressmen forging a new brand of leadership in Congress. He deserves our overwhelming vote of confidence on November 4th!

Paid for by the Loeffler Campaign '80 Committee, the Honorable O. C. Fisher and Jim Lunz, Co-Chairmen, June Deason, Manager.

# Lawn disease prevalent here

Brown patch, one of the most prevalent lawn diseases in Texas, may be especially severe this fall on St. Augustine grass due to the summer-long drought that weakened many lawns.

Caused by a soil-borne fungus, brown patch attacks almost all species of grasses but is more serious on bentgrass, centipede and St. Augustine grasses, says Billy Reagor, county agent with the Texas Agricultural Extension Service, Texas A&M University System.

Turf is susceptible to brown patch after an excessive application of nitrogen fertilizer because a lush growth is readily attacked.

Prolonged wet periods and late evening watering also

contribute to development of the disease. Reagor points out that a buildup of grass and plant debris (thatch) in the root and crown area further creates a favorable environment for brown patch fungi.

Brown patch appears as a brownish to grayish discoloration, forming irregular circles a few inches to several feet in diameter. Left uncontrolled, it can spread rapidly and can kill large areas of turf. Yellowed leaves can usually be pulled easily from stolons or runners.

The Agent says prevention is the best method for controlling the disease. This includes using grasses adapted to the area and prac-

ticizing recommended watering, fertilization and mowing procedures. Take steps to avoid thatch buildup, and limit fall nitrogen fertilization if brown patch has been a problem in the past.

Fungicides available for controlling brown patch include PCNB (Terraclor), benomyl (Tersan 1991) and chlorothalonil (Daconil 2787).

Mrs. Claude Montya and her daughter, Debbie Montya of Dallas, will be in New York this week. Miss Montya will be making a business trip for the Dallas bank where she works.

Monday afternoon of this week we were invaded by twenty-five youngsters and six leaders of 4-H.

I read some weeks ago in one of my nursing home bulletins of a home that involved a youth group in decorating residents' room doors for a specific season so, with this in mind, I approached Debra Price, and the idea blossomed for Halloween decor. The idea was that they would be judged and the prizes would go to the occupants of the winning room.

As always, I discovered that youth are the best

innovators of novel ideas, (along with the admirable guidance of their leaders) and we have ended up with some fantastic Halloween art. They worked in the staff dining room with great enthusiasm and the end result is quite captivating, so I am hoping that we will have loads of visitors to come and look.

Mrs. Rumley kindly agreed to judge the doors for first, second and third places and this is how it turned out: First, room 303, Blanche Fortune and Verna Talley, and the artist was Wendy Hood. Second, room 102, Juana Hernandez and Ramona Lugo, and the artists were Katie Cameron and Stacy Lay. Third, room 203, Jacinto Flores and Maurecio Hernandez, and the artist was Billy Flanagan. Honorable mention went to room 205, Louise McWilliams and Vera Miller and the artists were Vickie Reagor and Jena Allen.

Mrs. Rumley had a hard time making her selections which she did without knowing who occupied the rooms or who the artists were. She was accompanied by her two daughters.

Vera Miller still remains in the hospital; Louise McWilliams is home with us again, but Eunice Graham is now confined. We hope that our ladies will soon be fit and home again. My apologies to Vera Baker for the slip in last week's column; of course, this was supposed to be Vera Miller, but surely everyone must know that Vera Baker is not one of our residents! She is a very active business lady in town.

In Bible class we continued the study into the 23rd Psalm and on God's Covenant and David. We learned from this that earlier covenants focused more on the nation-God's chosen people. This covenant focuses on a chosen dynasty to be God's agent.

Reading and discussion group was quite lively. From "Grit" we read about Roger Staubach, now in business as a realtor and football commentator for CBS, but for-

## Ozona Church of Christ

1002 11th St. Ph. 392-2717

### You are invited to attend FOCUS ON FAMILY FILM SERIES

A new film series featuring family expert James C. Dobson, Ph.D. will be shown at the Ozona Church of Christ, 1002 11th Street starting Wednesday October 29. The series is seven films to be seen on consecutive Wednesdays thru December 10th.

The "Focus on the Family," series presents seven of Dobson's most popular presentations, all of which were filmed live at family seminars.

#### TITLES OF THE FILMS AND SHOW DATES ARE:

- "The Strong-Willed Child" Oct. 29
- "Shaping the Will Without Breaking the Spirit" Nov. 5
- "Christian Fathering" Nov. 12
- "Preparing For Adolescence"
  - Part 1: The Origins of Self-Doubt Nov. 19
  - Part 2: Peer Pressure and Sexuality Nov. 26
- "What Wives Wish Their Husbands Knew About Women"
  - Part 1: The Lonely Housewife Dec. 3
  - Part 2: Money, Sex and Children Dec. 10

THE FILMS WILL BE SHOWN AT 7:00 P.M. EACH WEDNESDAY EVENING IN THE AUDITORIUM OF THE CHURCH BUILDING. OUR ELDERS, DESIRING THAT THE CHURCH BE A STRENGTHENING FACTOR IN OUR COMMUNITY EXTEND TO ALL AN INVITATION TO COME AND SHARE IN WHAT IS HOPED TO BE A POSITIVE FORCE IN STRENGTHENING THE HOMES OF OZONA. THIS IS NOT AN OUTREACH FOR MEMBERSHIP BUT RATHER AN EFFORT TO STRENGTHEN THE VERY FOUNDATION OF OUR SOCIETY. COME AND SHARE THIS EXPERIENCE WITH US.

**I BET YOU DIDN'T KNOW**  
By Jerry Lay

Here's an oddity..Almost all football history books say that the first college football game ever played was between Princeton and Rutgers on Nov. 6, 1869..But that's really not true..What they played that day wasn't football; it was soccer..There was no running with the ball, no passing and no tackling.. Football as we know it developed slowly over many years..Running with the ball, and tackling, came later in the 1800s, and passing didn't enter the game till the 1900's.

Unbelievably, as successful as Bo Schembechler has been over the years as football coach at Michigan, he's never won the last game of the season in any year in the last 11 seasons..That's hard to believe, but it's true.

Which team has won the National Football League championship the most times in history?... Answer is the Green Bay Packers..The Packers have won the NFL title 11 times, but they haven't won it since 1967..The Packers won the NFL championship in 1929, '30, '31, '36, '39, 44, '61, '62, '65, '66, and '67.

I bet you didn't know..L-B Motor Co. is the place to go when you are ready to purchase that new 1981 automobile or pickup. Come on by and take a look!!
