NUMBER 50

Collett services Saturday

Funeral services for Alice Pearl Collett, 49, were held Saturday, Feb. 6, at 1:00 p.m. in Ozona First Baptist Church, with Dr. Nelson Lanham officiating. A memorial graveside service was held Monday, Feb. 8, in Mullinville, Kansas, where she was interred.

Mrs. Collett died Thursday in Shannon Hospital in San Angelo, where she had been in the intensive care unit for two weeks following emergency surgery.

Alice was born Alice Pearl Lawrence, August 30, 1932, in Wilmore, Kansas. She married Edward P. Collett on October 30, 1947, in Coldwater, Kansas. She was a homemaker and a mother until her children grew up. She and her husband helped build and operate the Big "O" Theatre and then leased it for a time. She owned and operated Small Fashions, after purchasing the children's shop in downtown Ozona, in July of 1977.

She is survived by her husband, Ed, of Ozona; three daughters, Michele Camp and Brenda Watson, both of Malta, Montana, and Dana McAllister of Ozona; one son, Will S. Collett of Ozona; two sisters, Ruby Booth and Wilma Timmer, both of Coldwater, Kan.; one brother, Ernest Lawrence of Tahlequah, Okla. and eight grandchildren.

Phillips services Sunday

Funeral services for Hillery (Hill) Phillips, III, 23, were held Sunday afternoon at 2 p.m. in Our Lady of Perpetual Help Catholic Church.

Hill died Thursday in San Antonio of natural causes.

He was born April 21, 1958 in San Antonio. He was a graduate of Ozona High School and was attending San Antonio College. He was a lifelong resident of Ozona.

Hill was a dedicated nurse and was studying toward a degree in that science at the time of his death. During his high school years he spent his summer vacations working at Crockett County Hospital. Since that time he has worked in hospitals and attended schools in Amarillo, San Angelo and San Antonio. He was highly respected in his field.

Survivors include his parents, Mr. and Mrs. Hillery (Buddy) Phillips, Jr.; his sister, Hope Phillips of Austin; his grandparents, Mr. and Mrs. H. O. Willborn of Amarillo, and Hillery Phillips of Ozona; an aunt, several uncles and cousins.

Art show set for Tuesday

Ozonans are reminded of the annual Woman's Forum Art Show which will be held Tuesday, Feb. 16, at the Civic Center. The show will be open to the public from 4 until 5:30.

Artists and craftsmen are invited to bring paintings, needlework, ceramics, woodwork, quilts, rugs and other handmade items between 9 a.m. and 3 p.m. so exhibits may be set up by Forum members. Articles may be picked up immediately after the show.

A FAIRYLAND OF ICE was formed near Mayde Jo Humphries home on Eleventh Street Tuesday morning when ice from a sprinkler covered trees and shrubs and created an enchanting sight for passers-by. Fortunately, no

ice came with the latest freeze which sent the mercury tumbling just after midnight Tuesday and forced residents back into winter gear after a near spring-like day Monday.

\$74,000 in bids let by Court in Mon. meeting

Crockett County Commissioners Court met Monday morning with several representatives of various companies on hand when they opened bids for vehicles and equipment at 11:00 o'clock. Bids for two pickups for the road department were opened first. The bid of \$7,403.00 from L-B Motor Co. was accepted. Other bidders were Ken Braden Motors, Sonora; Jim Bass, San Angelo; Chaparral Motors of Iraan and Sonora Ford. Chaparral had the lowest bid, \$7401.00, but the court voted to keep the business in town when possible.

The bid for the three-quarter ton pickup also went to L-B Motors, who submitted the lowest bid at \$10,651.94. Other bidders were Jim Bass, Ken Braden and Chaparral.

Bids were opened next for the two sheriff's department cars. The bid of \$7,272.00 from L-B Motors for a 1982 Impala was accepted, and the bid of \$6,449.00 for a Ford LTD was accepted from Jim Bass, which was the low bid for the second car. Other bids came from Sonora Ford.

Two trucks were purchased for the road department. The low bid of \$13,236.08 from Jim Bass on each truck was accepted. Other bidders were L-B Motors, Sonora Ford, Angelo Truck and Tractor, and Ken Braden.

Only one bid was received for the grid roller for the road department. The court authorized Paul Shacklette to purchase a used roller from Wilson Equipment and Paving in the amount of \$12,500.

Two bids were received for the radar units the county plans to purchase for the Department of Public Safety for use in Crockett County.

Trooper Tommy Matthews met with the court and asked for the Decatur unit, which was bid in at \$3,295.00. The court voted approval.

In other business, the court heard the hospital report from Administrator Glenn Rumley, who asked the court to approve legal action to collect past due accounts from people who are able to pay, but have

not. The court suggested the attorney begin with the largest accounts.

Members of the court asked Rumley if his office was attempting to secure another physician for Ozona. Rumley said no action had been taken. The court expressed some concern, as Dr. Don Carlisle has been out of his office for some weeks receiving medical treatment in a San Angelo Hospital, leaving the town with one doctor. Rumley assured the court Dr. Carlisle would be returning this weekend to resume his practice. He also said securing another physician to cover on short notice was impossible.

The Parks Board was appointed as follows: Dick Kirby, Earl Acton, Jan Kenley, Alice Lopez and Bill Black.

The board of review, which will take the place of the board of equalization was

House files for school board spot

Jim House, 39, has filed his intention to be a candidate for the school board, in the April 3, election. House is an employee of L. D. Kirby Exxon.

House is married to the former Jill Graves of Ozona. They have one son, Terry, a first grader in the Ozona School System.

He is a graduate of Colorado City High School and attended Texas Tech until the death of his father and his subsequent enlistment in the U.S. Army, where he served two years in Viet Nam with the Signal Corps.

House has been a resident of Ozona the past seven years. In making his announcement, he said, "I feel people with young children should be more active in the school system."

also appointed. Members will be George Bunker, Jr., Jack Baggett and John Parks. The appraisal board, which will not function until 1984, is scheduled to meet this month. Members are Sostenes DeHoyos, Jeffrey Sutton, Judge Johnny Jones and Joe Couch.

Paul Shacklette gave the road department report and said roads were being prepared for paving in the spring as weather permits. He reported hiring two new employees at \$6.50 per hour and asked that he be allowed to increase his crew to 30 by summer vacation time.

He also asked for a new tractor with cab and fork-lift. Bids on this equipment will be opened at the March meeting.

The budget was amended to reflect actual expenses and receipts for 1981, and the auditor's annual report was discussed. The result was the county ended the year in good financial condition and a marked improvement was noted in hospital loss.

Dee Keilers, Bob Falkner and Dorris Haire met with the court to discuss specifications for the new pumper fire truck. A long discussion ensued and finally the court suggested bids be put out for the new truck.

District Attorney Bill Mason, District Judge Troy Williams and County Attorney Tom Cameron, joined to ask for space for a conference room in the courthouse. Mason was the spokesman for the group and said he understood the small office recently vacated by the Crockett County Abstract Co. could be used for this purpose. County Clerk David Weant, who is apparently in charge of allocating space in the courthouse, said there has been a mis-understanding and he was not prepared to give up any space at this time. He said the law library would remain in its present location and more shelving would be added.

Finally, it was agreed that the small office on the south end of the courthouse, presently used for storage, could

be made into a conference room. Attorneys, civil service representatives, welfare people, etc. would share the office for private conferences and the hall would be used as a waiting room.

Bill Mason told the court the old bank building is for sale by the Masonic Lodge, and would be good for office space.

He said the Lodge had land donated to build a Masonic Hall, and the building was for sale, or would be shortly.

A member of the court expressed the opinion that the location might be too far from the courthouse, but those approving noted that annex offices were about the same distance from the courthouse proper.

Ozonans endure another freeze

Ozona endured its second ice storm of the season as freezing drizzle fell early Friday morning, covering streets and walks with a thin layer of ice. Some sleet and snow also fell, but did not accumulate. No measurable amount of moisture was recorded.

Motor travel was extremely hazardous during the morning hours. Three wrecks were reported before noon on 11th Street, but there were no injuries. Since the temperatures failed to rise above the freezing mark Friday, ice was a hazard all day with the exception of streets and the thin layer of ice had worn off most streets by noon. Ice remained on trees and shrubs until Sunday.

A warming trend Monday was interrupted by another cold front early Tuesday morning. There was no moisture, but the mercury dropped to below freezing and a brisk wind influenced the chill factor until outside work came to a standstill. By mid-afternoon the temperature had climbed to 41 degrees, but the north wind kept the sun from warming the area.

Ozona firemen were called out at 2:29 during the below freezing weather Friday afternoon to quell a house fire at 309 Hereclico Street. The two-story residence was completely involved and fire had entered the attic space over the one-story part of the residence. Firemen, using breathing apparatus entered the residence and began a two-prong attack on flames.

Firemen contained the visible fire quickly, but it was more than an hour before the fire was declared under control after all areas had been checked for smoldering fires. The fire was out at 4 o'clock, but some units were not in service until 4:30. Due to the volume of fire, several hundred feet of hose was laid out to a fire plug to supply water to trucks at the scene. Department of Public Safety officers were dispatched to the scene to unsnarl the traffic jam created by onlookers.

No one was injured in the fire, which extensively damaged the home of Mr. and Mrs. Diego Pena, but when

firemen were checking out the house after the fire, they found the family's pet dog under a bed on the second floor. He had survived the fire.

Childress files for county post

P. L. Childress III has authorized the Stockman to announce his candidacy for Crockett County Commissioner, Precinct 2, and will run in the Democratic Primary, May 1.

Pleas is a lifetime resident of Crockett County and a graduate of Ozona High School. He received a Bachelor of Science degree from East Texas State University and after graduation served in the United States Air Force.

He worked in the Ozona National Bank and is now involved in the ranching business in Crockett County. Pleas served on the Crockett County Hospital Board and has been involved in local and civic activities. He is the chairman of the Animal

Health and Product Development Committee for the Texas Sheep and Goat Raisers Association and a director of that organization. He also serves on Gov. Clements Advisory Committee for the Cattle Brucellosis Program.

Pleas' wife, Sandra, is the owner of The Cameras Two Photography Studio and Frame Shop. They have two children, Martin 10, and Julie Ann, 7.

"I feel my previous business experiences will enable me to fulfill the responsibilities of the Commissioners Court. I believe that my election to the court will promote the progress and efficiency of Crockett County. I sincerely solicit the vote and support of the citizens of Precinct 2," said Childress in making his announcement.

Primary election takes final shape

The May 1, Democratic Primary took final shape as the final deadline for filing passed February 1. There were no filings for a Republican Primary in the county.

County Judge Johnny Jones will run again for that office, unopposed, as he did not draw an opponent. This virtually assures his election, as he will have no opponent in the General Election in November.

David H. Weant filed for re-election to the post of District County Clerk. He will run with no opposition, as well, and this assures his re-election to the post. Weant was appointed to the position by the Commissioners Court and ran unopposed for his first four year term in the 1978 primary.

Other county officers asking for new terms, and facing no opposition include County Treasurer Jim Dudley and Justice of the Peace Al Fields.

The only contested races for county posts are the races for commissioner in Precincts 2 and 4. Incumbent B. W. Stuart will be opposed in his bid for re-election in Precinct 2, by Pleas Childress, III. Jesus (Chico) Castro, commissioner in Precinct 4, has drawn opposition from Matt Gutierrez.

State races are still up in the air, due to court action on redistricting. However, 112th District Judge Troy Williams will face no opposition in his bid for re-election to that post.

Election for two trustees for the Crockett County Consolidated School Board will take place April 3, with all voting done at the courthouse. The deadline for filing is 30 days before the election, so the ballot will not be complete until after March 1. So far only two men, Jim House and Terry Lee, have filed for the two spots on the ballot.

FIRE DESTROYS inside of home here Friday. Flames which raced through the walls of this home and into the roof and attic portions before it was discovered sent volunteer firemen to work in sub-freezing temperature. The fire alarm

was sounded around 2:30 p.m. and fire trucks were not back in service until 4:30. It took all trucks and equipment to extinguish the blaze and partially save the house.

JIM'S FOODWAY

Skillet Dinners, Country Style

Skillet dinners can be an easy and economical way to serve the family satisfying nutritious meals. Almost anything from vegetables to main dishes to desserts and breads can be cooked and served from the same pan. These can be cooked on top of the stove, in the oven or in a separate electric skillet.

Here is one idea, for others look for the special displays at the store, or write, we are always ready to help.

Country Skillet Beef Stew

- | | |
|------------------------------|-------------------------|
| 1-1/2 lb. cubed stew meat | 1 (16 oz.) can tomatoes |
| 1/4 c. flour | 1 c. hot water |
| 2 tbsp. salad oil | 1 1/2 tsp. salt |
| 2 c. sliced carrots | 1/4 tsp. thyme |
| 1 med. onion, chopped | 1/4 tsp. pepper |
| 1 c. sliced celery | 1 c. biscuit mix |
| 1 med. green pepper, chopped | 1/4 c. milk |

Dredge meat in flour and brown in hot oil in heavy skillet. Add remaining ingredients except biscuit mix and milk. Cover and simmer for 1 hour or until meat is tender. Stir once or twice if necessary. Combine biscuit mix and milk. Drop by tablespoons on hot stew. Place in 425° oven until biscuits are done and golden brown, about 10 to 15 minutes. Serves 8.

NOTE: 1 can of refrigerated biscuits can be used in place of biscuit mix. Cut each biscuit in half and place on stew. Bake as above.

Selective Service list at courthouse

The Selective Service System is continuing to make available for public inspection lists of registrants and their tentative local board assignments. This is in keeping with the intent of Selective Service that its procedures be open to the public.

The list may be viewed at the County Courthouse.

The lists cover registrations processed through September 30, 1981, and include men born in 1960, 1961, 1962, 1963.

Local board assignments are arranged by ZIP code based upon the registrant's

permanent address.

The requirement to register applies to U.S. citizens, and to aliens residing in the United States, born on or after January 1, 1960. Men born in 1960 and 1961 were scheduled to register during July 1980; men born in 1962 were scheduled to register in January 1981; those born in 1963 were scheduled to be registered during 1981. Men born in 1964 are required to register within 30 days of their 18th birthday. They may do so at any U.S. Post Office.

On January 7, 1982, President Reagan announced his decision to continue peacetime Selective Service Registration. In announcing his decision, the President declared a grace period during which late registration would be accepted without penalty. That grace period extends through February 1982.

Mrs. Rape dead at 97

Funeral services for Mrs. I. G. Rape, 97, former Ozona resident, were held Thursday, Feb. 4, in Lancaster. Mrs. Rape died Feb. 2, in Memorial Hospital in Nacogdoches, where she had lived the past few years.

The Rapes owned and operated Ozona Drug Co. here from 1929 until 1944. They had two sons, Dr. Marvin Rape and Dr. Joe Rape. Joe died in Arlington, in 1968. Dr. Marvin Rape practices Urology in Houston.

Wildcats slated for county fields

TXO Producing Corp., Midland, will drill the No. 2 Baggett "A", a 7,100-foot wildcat and also test as a 1,200-foot north stepout to Canyon oil production in the Ozona, Northwest multipay field of Crockett County, 3/4-mile southeast of a 6,800-foot failure and three miles north of Ozona.

Location is 540 feet from the south and 467 feet from the east lines of 19-OP-GC&SF. Ground elevation is 2,399 feet.

Crain Oil Co., Midland, will drill two outposts to the Crockett portion of the Farmer (San Andres oil and gas) field, 21 miles northwest of Ozona.

The No. 1 University "2", 14-mile southeast, and one location north and slightly west of the Block 46, East (Grayburg) field, is 330 feet from the west lines of 2-46-University. Contract depth is 1,900 feet.

The No. 1 University 3, 5/8-mile southeast, is 1,650 feet from the south and 330 feet from the east lines of 3-46-University. Contract depth is 2,200 feet.

Martin Exploration Management Corp., Blue Island, Ill., completed as extensions

to Canyon gas production in the American multipay field, three previously scheduled Canyon tests in the Ozona multipay field, 35 miles southwest of Ozona.

The No. 2-6 Hoover Estate, a 1 5/8-mile south extension, but one mile northwest of Canyon gas production in the Ozona field, was finalized for a calculated, absolute open flow of 1,654,800 cubic feet of gas daily, with gas-liquid ration of 114.403-1. Gravity of the condensate was 54.5 degrees.

Production was through perforations at 6,611-7,429 feet, which had been acidized with 500 gallons and fractured with 132,000 gallons and 283,000 pounds of sand.

Location is 1,320 feet from the south and west lines of 6-MM-T&StL.

The No. 4-6 Hoover Estate, a 1 5/8-mile south extension, but 3/8-mile northwest of Canyon gas in the Ozona field, was finalized for a calculated, absolute open flow of 2,011,000 cubic feet of gas daily, with gas-liquid ratio of 115.013-1. Gravity of the condensate was 59.5 degrees.

Production was through perforations at 6,672-7,402 feet, which had been acidized with 1,500 gallons and fractured with 132,000 gal-

lons and 283,000 pounds of sand.

Location is 1,010 feet from the south and 1,220 feet from the east lines of 6-MM-

T&StL. The No. 3-15 Hoover Estate, a two-mile south extension, but 3/8-mile west and slightly south of Canyon

Board hears good and bad news

The board of directors of the Crockett County Hospital heard some good news and some bad news at its monthly meeting last week at the hospital.

Good news came from Hospital Administrator Glenn Rumley's report on the annual Medicare inspection held the latter part of January. Only three deficiencies were written. Two relating to nursing service and one to meeting attendance. Rumley said these deficiencies are the fewest he knew of any hospital receiving for this type survey. Last year the hospital received 5 pages of deficiencies covering all areas of the hospital. The leader of the survey team this year said the Crockett County Hospital has improved over one-hundred percent in patient-care and record-keeping in the past year.

The bad news came when Assistant Administrator James Conaway told the board that debt collection seemed to be at a standstill, and he saw no way to improve collections without retaining an attorney for the purpose of suing for past due accounts. Especially so when the person responsible has the means to pay but will not do so. The board voted to investigate this possibility.

The board also authorized Rumley to get legal advice from the Texas Hospital Association on refusing service to patients with outstanding bills, who have the means to pay, and who are presented for hospital admission on a non-emergency basis. The vote was split on this one, with Beth Boyd, Jody Sessom and Leandro Flores voting for the measure and Dan Pullen, against. Charles Huffman, president of the

board, does not vote, except in case of a tie.

In other action on past-due bills, the board voted to write a paragraph into the personnel policy manual, regarding hospital employees, including EMS personnel. Employees who do not make every attempt to pay all bills due in full or by written arrangement will be subject to dismissal without pay for any benefits due. This action was to take effect Monday, Feb. 8.

Rumley presented the final bid from Gilbert X-ray to update the X-ray department. The bid was \$17,000 for the equipment installed, not including room preparation. Motion was made by Pullen, and seconded by Boyd to accept the bid and order the equipment immediately. The motion carried.

In other business, the board voted to pay expenses for two EMS personnel to attend the annual fire school in College Station for the purpose of updating rescue technique.

VARSITY BASKETBALL
By-Marilyn Wester

Tuesday night, February 2, the Ozona Lions played Eldorado. The varsity boys won their game 57-48 to make their district rating 1 and 0 for the second half of the season. High point scorers for the Lions were Ernie Borrego with 12 points and David Badillo with 12 points. The girls varsity team lost their game by the score of 31 to 50. The high point scorer for this game was Lana Cole with 19 points, followed by Tracy Cole, Irma Ybarra, and Krystal Williams with four points.

Their next game will be Friday night in Junction and the Wall game that was cancelled because of bad weather will be made up Saturday in Wall. The girls will play at 1:30 and the boys will play at 3:00 in Wall, Saturday.

VARSITY GIRL'S TRACK

This is the 1982 track schedule for the Varsity Girls. The first track meet will be held in Junction March 6. Iraan will hold the second track meet on Saturday, March 13. The girls' third track meet will be in Sonora Friday, March 19. Ozona will host a meet for the girls on Friday, March 26. The District meet will be held Wednesday, April 7. Let's all get out and back our track team this year!

CLUBS WILL BE SWINGING SOON!!
By-Gail Hunnicutt

Last Wednesday, Jack Probst, golf coach, called the first golf meeting of the season. Around twenty-three potential golfers showed up. There are enough openings for five Varsity players and five J.V. players each for girls and boys teams. Girl's practice will begin Monday the 8th and boy's practice will begin Tuesday the 9th.

For the first two weeks the golfers will only practice two days a week. Coach Probst was really encouraged by the turnout and is really excited about the possibilities for the 1982 golf season. Anyone that is interested can still come out for golf. Good Luck!
RED HOT AND SOON TO ROLL

By-Jana Harris
Have you ever dreamed of building your own hot rod? Well, the auto-mechanic students and Pete Maldonado, have made this dream come true. They have spent the last three months building a car. It lacks the interior work, but is expected to be finished in a couple of weeks.

Everything has been rebuilt on the automobile. It has a ten gallon gas tank, and a 400 cubic inch engine with a 350 turbo hydro-matic transmission.

"We are going to try to sell it and get our money out of it when it is finished. It

Incidence of young drinkers growing

The incidence of young drinkers is growing. Currently, the average age of the alcoholic is 44. But, in 1986, the average alcoholic could be between 23 and 28 years old if education about alcoholism is not more extensive, predicts Colin Kennedy, executive director of the Houston Regional Council on Alcoholism.

Educating family members, doctors, and lay people that alcoholism is both a preventable and treatable disease can help them support the alcoholic's decision to seek treatment early, said Kennedy.

Although the American Medical Association recognized alcoholism as a disease almost 25 years ago, many people still try to ignore the issue and the alcoholic, according to Kennedy, who recently spoke at the eighth anniversary celebration of the Hermann Hospital Alcohol Problem Treatment Program.

He explained: "We're willing to talk about sex and cancer with each other, but we wouldn't dare talk about alcoholism." And we need to.

Kennedy said that outpatient treatment clinics, new blood studies, and courses for medical students in treating alcoholism will soon be implemented in many places in order to help prevent and

isn't to get a profit, but to gain experience," said Mr. Pete Maldonado, auto-mechanics teacher.

This first time project has been jointly financed by Crockett Automotive and the VICA Club.

FFA NEWS
By-Sue Ellen Black

A few weeks ago, the FFA class held their annual livestock show. It was a real success and everyone had a good time. But, meanwhile back at the FFA class, the members have been getting ready for judging contests.

The two types of contests that they are going to participate in are grass and meat

judging. The grass judges include Capp Covington, Donnie Searcy, Peggy Skains, and Will Hoover. Cindy Reavis, Dee Breeden, and Mike Couch are in the meat judging contest. Their first contest will be at A&M on March 13 and it will only be a practice contest. Other contests include Sul Ross, Texas Tech, Abilene, and San Angelo.

JR. HIGH BASKETBALL GIRLS KEEP THE BALL ROLLING!!
The eighth grade basketball team played in the Iraan tournament last week. They played McCamey for the first game and won with a score of 19-30. Zeldia Munoz was high point with 9 points, and Radene Galindo had a total of 6 points. Their second game was with Greenwood and they won with a score of 15-18. Donna Sanchez was high point with 7 points. They played Iraan for the championship and won 29-30. Olga Dehoyos was high point with 8 points, Radene Galindo was next with 5 points and Julie Reagor made a free throw to clinch the game for Ozona. Monday the girls played at Wall and won with a score of 16-18. The Jr. High girls have a very good record so far with 16 wins and only 3 losses. Coach Kemp says the girls are really playing super.

treat alcoholism. Kennedy, a recovered alcoholic, helped establish the Alcohol Problem Treatment Program at Hermann Hospital in 1973 with a grant from the Texas Commission on Alcoholism.

The program began with just one counselor (Kennedy) and one patient. Today, more than 1,400 people have participated in the program, which now includes six counselors, two doctors, 24 nurses and psychiatric specialists, two occupational therapy specialists, several clinical psychologists, and a dietitian. Some of the staff members share joint appointments at the University of Texas Medical School at Houston.

Participants usually enter the 28-day, in-patient program at Hermann on their own or after being referred by their companies. While they are at Hermann, patients are involved in a full medical, educational, recreational, and group therapy environment.

Adult family members may also take part in the program during the initial treatment period.

Follow-up groups for alumni are scheduled weekly to maintain on-going contact during the early months of recovery. For more information regarding the program, call 797-3370.

We're very proud of these girls and we want to wish them on to even more victories.

will be one step further to becoming a senior. Dick Jacks, representative from Herff-Jones, is here so that juniors can purchase senior class rings. Juniors do not have to purchase rings from him, but the school does make this opportunity available. Each junior received a price list and will be shown different styles of rings today. Rings will be delivered the last day of school. Remember, you are not a senior until next year.

THREE OHS TWIRLERS TO STATE
By-Marilyn Wester

Three girls from Ozona High School will be attending state competition in twirling. They are OHS twirlers Jacinda Marley, Jana Lilly, and Teresa Lee. The competition will be held at Austin, Texas, in May. All three girls received a number one rating at district which enables them to be eligible for the state competition. They will be performing the same solos they used at district. We all want to wish them good luck.

Time is not so scarce. What is rare is the proper and intelligent use of time.

Tax return preparers regulated

Commercial tax return preparers must comply with certain requirements when making out clients' returns, the Internal Revenue Service advises.

The IRS explains, paid preparers are responsible for providing a copy of the completed return to the client for his/her records when the client signs the return. Preparers are required to keep copies of returns or a list containing taxpayers' names and identification numbers for three years. These records must be available for IRS inspection during this period.

Paid preparers are also required to sign completed returns and to provide their employer identification number on the return. Rubber stamps and signature facsimiles are not accepted by the IRS.

The handling of refund checks is also regulated. A \$500 penalty can be assessed against paid preparers (other than bank preparers) who endorse, cash, or in any way negotiate a client's refund check. In addition, understating a client's tax liability can result in a penalty of \$500 for willful understatement or \$100 for negligent or intentional disregard of rules and regulations.

Crockett County Care Center News

BY ANN McCARTNEY
DIRECTOR OF ACTIVITIES & SOCIAL CARE

We are pleased to have a fifth Sunday church group that so faithfully remembers when it is their time. January 31, was a fifth Sunday and the residents reported a very fine service was brought by the Calvary Baptist Church members.

Monday started a new month and we started something new at the domino table. We had one table playing 42 and one playing dominoes. Those residents enjoying the game included Paul Cavin, Ola Mills, Louise McWilliams, Nila Turnell, and Maude Pettit.

Ceramics on Monday afternoon found Juana Hernandez, Frances Borrego, Tomasa Ramos, Ola Mills and Maude Pettit working. Some of these residents also worked on Wednesday and Friday afternoons.

We had our Tuesday and Friday bingo as scheduled. (Georgia Kirby braved the ice on Friday to come help us.) Juana Hernandez won the El Chato's dinner for two. She's lucky. She tied with Virginia Russell the week before and their dinners were brought to the home for them to eat. Frances Borrego won the gift certificate from Clayton's Drug this week as first place winner. Seferino Garcia and Gertrude Daniels were each given second place awards.

Tuesday was not only Ground Hog Day, it was also Dance Night. The Baird Band from Big Lake came over with some eight members and we had ourselves a party! Residents who were seen trying their hands (feet?) at dancing included: Paul Cavin, Frances Borrego, Tomasa Ramos, Maggie Crawford, Maude Pettit, Bertha Miller, and Virginia

Memorials Chairman
Jane Black

Russell. What we need is for more volunteers to come on March 2, and help still other residents have a turn on the dance floor. We have some other surprises for that night in the making, too, so you won't want to miss it!

Wednesday morning the group enjoyed reading and discussion with Dorothy Doll. Thursday was again beauty shop day and that evening was Spanish Hour led by Maria Vitela.

We were pleased to have Charles Huffman speak to us on Thursday afternoon in the absence of his pastor. He brought a nice group of Lutheran Church workers with him and our residents enjoyed a time of Bible study and song.

Volunteers are what keep our programs going. If you are retired or happen to be off on Mondays (morning or afternoon) we could use more volunteers to play dominoes. Some residents can only play on a one to one basis. More could play if we had more volunteers.

We have a great bunch of volunteers that keep things going even when staff members are busy elsewhere. Why not add your name to the list of these fine people?

PBPA energy report

The Russians will be getting their pipe for the Siberia to Western Europe Gas Pipeline from two German companies. They'll deliver 1.2 million metric tons over the next two years. And, Mexico, apparently, is ending a six-month hiatus from buying oil field supplies from American import permits for deliveries to Pernex. That's good news for the American suppliers since the U.S. boom is cooling off somewhat.

Also, in the news, 24 members of Congress and five state attorneys have filed a lawsuit challenging the pre-billing of customers in the construction of the Alaska Gas Pipeline. The law allows the pre-billing so that companies can meet payments on loans if construction is delayed. The suit says the project may never be completed and that consumers shouldn't have to take risks that for four years bankers have refused to take.

Profits by major oil companies in 1981 compared to 1980 were generally down. Exxon was down 1.5%, Mobil off 13%, Standard of California down 1%, Gulf down 12%, Getty off 1.7% and Marathon down 9.5%. Those with increases include Standard of Indiana up 1%, ARCO up less than 1%, Shell up 10% and Union up 22%.

Agent Orange literature distributed by V.A.

A compilation of world scientific literature on Agent Orange and other herbicides used in Vietnam is now being distributed by the Veterans Administration to researchers throughout government and the scientific community.

The two-volume report, "Review of Literature on Herbicides, Including Phenoxy Herbicides and Associated Dioxins," covers some 1,200 documents spanning more than 20 years. It was compiled for the Veterans Administration by JRB Associates of McLean, Virginia, under a contract.

This independent review of literature, mandated by Public Law 96-151, is part of the Veterans Administration's continuing effort to stimulate scientific inquiry on a subject which has caused widespread concern among Vietnam veterans.

Since 1978, VA has examined some 65,000 veterans concerned about possible effects of being in Vietnam during jungle spraying operations carried out between 1962 and 1971. More than 10,500 have filed claims for disability compensation with VA based on a wide variety of medical symptoms or fear that such symptoms might develop.

Copies of the report have been provided to the House and Senate Veterans Affairs Committees, both of which have exercised close supervision of VA's response to veterans concerned about Agent Orange.

Copies were sent also to the National Academy of Sciences (NAS), the Congressional Office of Technology Assessment, VA's Scientific Advisory Committee on Herbicides and an interagency Agent Orange Working group, all of which have been cooperating in the massive research effort.

NAS, for example, first studied the possible effects of Agent Orange spraying on Vietnamese people in 1974 and has been advising VA. The help of other scien-

tists, scientific groups and veterans organizations was sought when VA set up a 15-member Advisory Committee on the Health Effects of Herbicides. Membership includes the Center for Disease Control, Armed Forces Institute of Pathology, Environmental Protection Agency, Food and Drug Administration, Department of Defense, Agriculture, Environmental Protection Agency, Occupational Safety and Health Administration plus veteran organizations and medical schools.

A wide range of research on the subject was undertaken throughout the government on the initiative of this committee, causing the White House to set up a coordinating mechanism. President Reagan recently elevated the coordination to cabinet council status by establishing the interagency Working Group on Agent Orange chaired by Health and Human Services.

Among the studies underway is a study by government and non-government scientists of the current health of some 1,200 air crew members who were known to have been exposed to herbicide orange while loading and spraying it; an epidemiological study of Vietnam veterans being designed by the UCLA School of Public Health; a study of birth defects by the Center for Disease Control; follow ups

Gonzales is campus favorite

Ozona student Lupe Gonzales has been elected Campus Favorite at Cisco Junior College by his fellow classmates.

Lupe, son of Mr. and Mrs. Lupe L. Gonzales, Sr., is a sophomore music major and a graduate of Ozona High School.

on a number of industrial accidents resulting in heavy exposure of workers to herbicides, and a wide range of private research funded by government grants through VA and HHS.

The literature search is expected to assist researchers, both those in government and in the private sector, to identify opportunities for the systematic development of new knowledge based on what is already known and published.

Individuals and organizations involved in related research may obtain copies by addressing a request to: Office of Environmental Medicine, Room 848, Veterans Administration, 810 Vermont Avenue, N.W., Washington, D.C. 20420.
