NUMBER 8

## Fund set up for Noah family

A fund for the Noah family has been set up at Ozona National Bank. The fund will be used to help Evelyn and Jimmy Noah with expenses incurred in the adoption of a Brazilian baby.

Amanda Maria Noah was just six days old when she was abandoned at a Baptist missionary hospital in Fortaleza de Ituxi, Brazil. Mrs. Noah was with a church group visiting the mission when she heard about the baby.

After discussing it with her husband by telephone, the couple started adoption proceedings. A mountain of bureaucratic red tape has kept the baby in Brazil since September. Mrs. Noah is there taking care of her while her husband is working here in Ozona and trying to get through the red tape.

Hopefully, mother and daughter will be enroute to Ozona, shortly after a visa is acquired for little Amanda. They expect action on the visa by May 1.

The long procedure has been an expensive one for the couple.

## Hoover awarded contract

John Hoover, owner of Educational Recording Service of Ozona, received official word last week that his company had been awarded the contract to record and tour with the New Mexico State University Band throughout England.

The trip will consist of concerts in Bath, Bristol, Wembley, Hyde Park (London) and Royal Albert Hall (London).

The Band group will leave May 19th for the ten-day tour.

## Four teachers resign

The Crockett County School Board met Thursday evening in regular meeting and accepted resignations from four members of the faculty. Danita Adair resigned as first grade teacher. Tara Brubaker resigned her post in special education. Jill Seahorn resigned as sixth grade teacher and Dena Porter from second grade.

Milby Sexton, teacher/coach was hired for the high school faculty.

A progress report on renovation of the administration building was given and board members were reminded bids are scheduled to be opened at 7:30 p.m., Wednesday, April 21. Bids will also be opened at this time for the three vehicles offered for sale by the school district.

Two retiring board members were recognized and commended for their many years of loyal and valuable service to the Ozona Public Schools. Recognized were Joe Bean, president of the board, and Sam Perner, vice-president. Bean has been on the board the past 13 years and has served as president

CONT'D ON PAGE NINE

THE ORIGIN-A popular Midland music group, made a return appearance for two performances at Ozona High School Friday, sponsored by the Ozona Woman's League. The group got its start in the 1970's with assistance from

Hank Sellers, Crockett County School Board member, who was Choral Director at Midland Lee High School at the time. Members of the group are selected through auditions each year.

## Local 4-H team wins grass judging contest

The Annual Crockett County Range and Grass Judging Contest was held on the Bill Baggett Ranch Thursday. The contest is sponsored annually by the Crockett County Soil Conservation District, County Extension Service, and the Ozona FFA. Awards were provided by the following: Ribbons and Rosettes--Crockett

County Soil Conservation District, Trophies--Crockett County Water District, and Ozona National Bank. The goats for the barbecue were furnished by Billy Hoover.

Harry Campbell, 4-H specialist from Fort Stockton; Alan McGinty, Range Specialist from Fort Stockton; C. H. Sinclair, and Reggie Quiet, Soil Conservation Ser-

vice, Rob Hicks, V. A. Instructor, and Billy Reager, County Extension Agent, organized and conducted the contest.

In the Sr. Plant Identification Contest, Crockett County 4-H was first and Ozona FFA second. High individuals were Kelly Sinclair, first; Will Hoover, second; Ann Hoover, third; Capp Covington, fourth; and Mike Couch, fifth. High Overall Individual was Kelly Sinclair. Members of the 4-H team are Kelly Sinclair, Will and Ann Hoover, and Capp Covington. FFA members are Mike Couch, Peggy Skains, and Donnie Searcy.

In the Jr. Plant Identification Contest, Pecos County #1 placed first, Pecos County #2, second; and Kimble County, third. High individuals were Merinda Condra, first; Joe Sullivan, second; Jeanie Randolph, third; Clay Condra, fourth; and Eric Gaverter, fifth.

In the Sr. Range Contest, Crockett County 4-H placed first and Ozona FFA, second. High individuals were: Kelly Sinclair, first; Ann Hoover, second; Will Hoover, third. Capp Covington placed fourth and Mike Couch was fifth. High Individual was also Kelly

## Fuller files for place on court

District Judge Larry Fuller of Monahans, Texas, stated that he has filed for the position of Associate Justice of the 8th Court of Appeals, Place 2, which covers 22 counties of West Texas.

elor of Business Administration Degree and a Law Degree, he has been a resident of Monahans for over eleven years.

Before becoming District Judge, Fuller had spent his entire legal career as a trail lawyer in both the civil and criminal fields.

He stated, "The pressing volume of litigation, both civil and criminal, has put a great burden on our trial and appellate courts requiring diligent working judges to render prompt decisions.

Now that the 8th Court of Appeals must handle criminal cases that are appealed instead of only civil cases appealed, there is a need for experienced judges who have remained active. I'm running as a working judge with a proven working record. A tough race is expected due to the fact I'm running against an incumbent from El Paso. However, I have never relied on political appointments, instead I have gone to the people for support and the people have previously seen fit to elect me District Attorney and District Judge. Hopefully, I have not let them down and certainly do not intend to in the future."

Jurisdiction of the 8th Court of Appeals includes Andrews, Brewster, Crane, Crockett, Culberson, Ector, El Paso, Gaines, Glasscock,

JUDGE FULLER

Judge Fuller has served over 5 years as District Judge for the 143rd Judicial District having previously served as District Attorney for the same district.

A graduate of the University of Texas with a Bach-

## Skeet club to organize

The Ozona Skeet Club will hold an organizational meeting Friday, at 5:00 p.m. at the Ozona National Bank. At this time a site will be discussed, plus equipment needed to get the club underway.

All interested persons are urged to attend the meeting. Anyone wishing further information, may talk to Frank White at the bank.

## Ruling delays absentee voting

Absentee voting for the May 1, Democratic Primary got underway Monday, almost a full week late, in the county clerk's office at the courthouse. The ballots could not be ordered until a ruling was made on the state redistricting plan. A ruling, incidentally, which took Crockett County out of the 70th District and placed it in District 67, and there is no candidate for that position in the Democratic Primary.

Absentee voting for the school board run-off election, April 28, did get underway April 13, as scheduled, in the school Administration Building. The election will be held Wednesday, April 28, in the courthouse. Terry Lee, a Texaco employee, and Robert Flores, service station owner, will be on the ballot for the one spot on the school board. The two men polled the same number of votes in the election for two trustees held earlier this month. Gary B. Mitchell was the only clear winner in the first election, out of a field of seven candidates. Lee and Flores tied for the second spot, making the run-off necessary.

While all voters will cast ballots at the courthouse for the school board election, it will be necessary to have polling places in each precinct for the May 1, primary election. Precinct 1 voters will cast ballots at the courthouse, where an election judge has yet to be announced. Bobbie Fatout will be the election judge in Precinct 2, where voters will cast ballots at the junior high school. Frank Reavis is the election judge in Precinct 3, and the Civic Center will be the polling place. Precinct 4 will be presided over by Concha Zapata and ballots will be cast at the Ozona Primary School.

Absentee voting for the school board election will continue through April 23, during school hours. Absentee for the primary will end April 27, at 5:00 p.m.

Members of the Crockett Co. Jr. team are: Chris Gipson, John Williams and Jody Searcy.

Wednesday, April 28. Polls for the primary will open at 7:00 a.m. and close at 7:00 p.m. as required by law.

Locally, the primary election has drawn very little voter interest. There are only two contested races on the local level, for county commissioner in Precincts 2 and 4. B. W. Stuart, incumbent commissioner in Precinct 2, is being challenged by Pleas Childress, III, local rancher and businessman. Incumbent commissioner in Pre-

inct 4, Jesus Castro, has drawn opposition from Matt Gutierrez, manager of the market at Jim's Foodway. Several county offices will appear on the ballot, all of which have the incumbent's name listed without opposition. Since there will be no opposition in the General Election in November, the primary is a mere formality for those already in office, with the exception of the two races for county commissioner.

## Lions favored to win Dist.

The Ozona Lions will be heavy favorites to win the District 9-AA Track meet which will be held here tomorrow, April 22. Other teams participating include Reagan County, Eldorado, Menard, Wall, Mason and Junction.

First and second place in each event will qualify to compete in the regional meet which will be held in Stephenville, May 7-8.

The district meet will get underway with a scratch meeting at 12 o'clock. Field events will get started at 1:00 p.m. and the running prelims will begin at 4:00 p.m.

Field event medals will be presented at 6:40 p.m. Finals in the running events will get underway at 7:00 p.m. with the 3200 meter run. The 440-meter relay teams will compete at 7:30, with the 110 meter hurdles set for 7:40. At 7:50 the seventh and eighth graders will compete in the 600-meter run with the junior varsity and varsity teams following with the 800-meter run.

The 100-meter dash is set for 8:05 for all boys. At 8:15 the seventh and eighth graders will participate in the 300-meter dash with the junior varsity and varsity teams following with a 400-meter dash.

The junior high school runners will run the 210 low

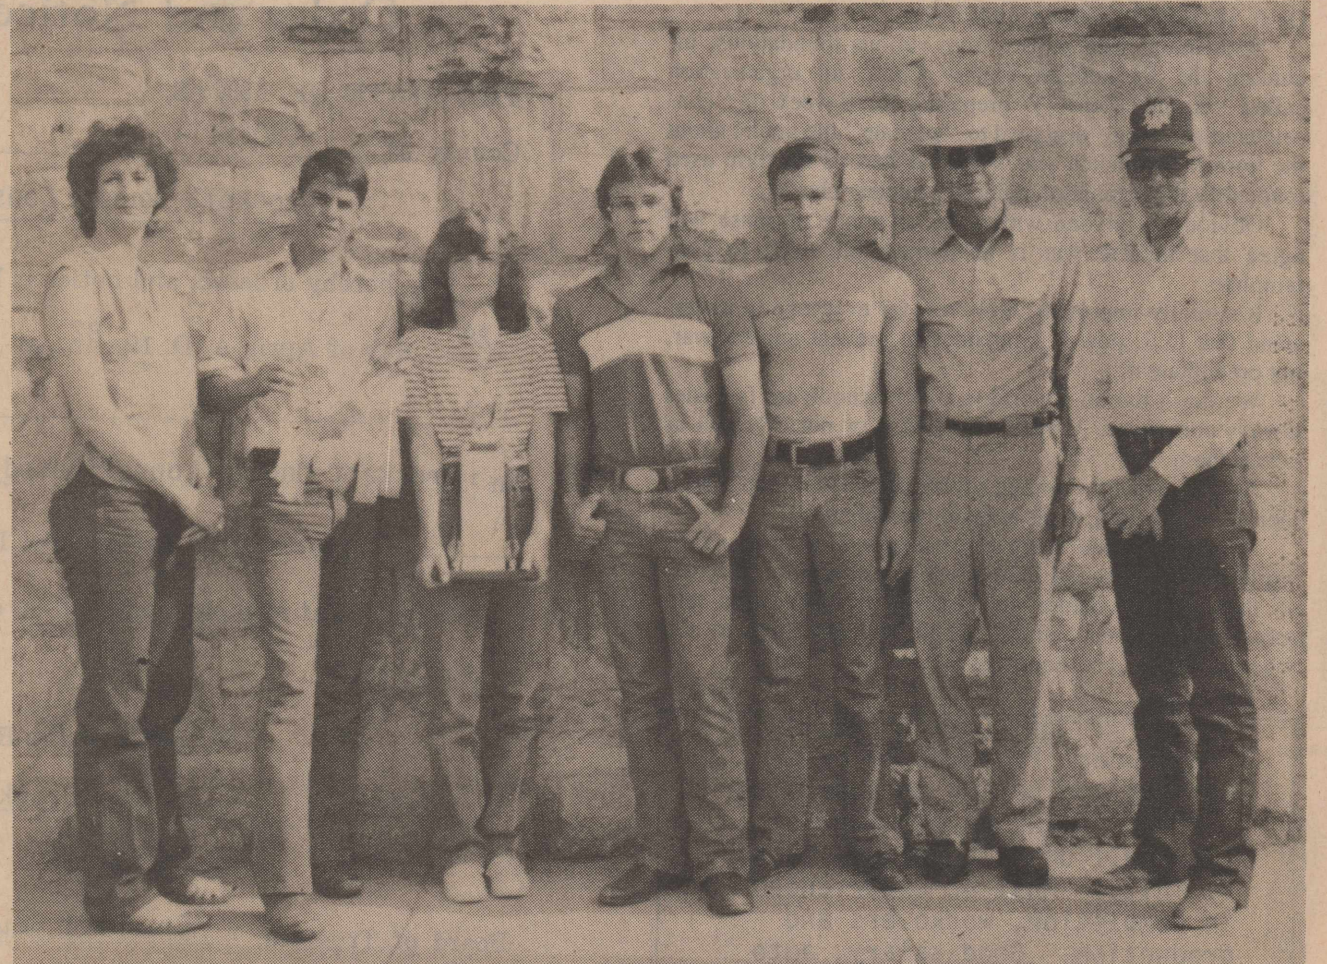

hurdles at 8:25, with the JV and Varsity 300 meter intermediate hurdles to follow. The 200 meter dash for all runners is scheduled for 8:40. At 8:50 the seventh and eighth grade runners will compete in the 1200 meter run with the 1600 meter run for high school runners to follow.

The 1200 meter relay for junior high and the 1600 meter relay for high school will close the meet at 9:15, with presentation of trophies scheduled for 9:30.

## Spring Clean-up continues

The annual Spring Clean up will continue through the last day of April. The month was designated clean-up month by the Commissioners Court.

Residents are asked to stack unwanted items and trash within easy access of county trucks, which are supposed to be covering the town throughout the month and hauling trash away. Anyone who feels they have been missed by the trucks may call the County Road Department.

WINNING 4-H PLANT JUDGING TEAM and leaders. The group worked hard for the trophies and ribbons they are displaying, and won the top spot in the contest held here

Thursday. From left to right, they are adult leader, Cyndie Worley, Capp Covington, Ann Hoover, Kelly Sinclair, Will Hoover, and adult leaders, Bill Hoover and C. H. Sinclair.

THE SPRING "FREEZE"

By Edwin Feulner

Ah, Spring — the time when a young man's fancy lightly turns to thoughts of nuclear holocaust.

Yes, friends, it's the silly season again. And all across America cadres of darkly brooding citizens will come together on April 18-25 for a metaphysical awakening that, through the power of wishful thinking, will rid the world of nuclear weapons and allow us, once again, to sleep peacefully at night.

The nuclear "freeze" movement, once confined to Harvard Yard and other repositories of enlightened thinking, is about to arrive on the doorsteps of Middle America. I hope you are ready for it. The Soviets are!

Consider, for example, the Soviet Union's strategic buildup in Central Europe. Not content with the status quo, the Soviet Union has demonstrated its goodwill by adding an estimated 300 mobile SS-20 medium-range missiles to their Iron Curtain arsenal. Each of these missiles carries three atomic warheads. The launchers also are equipped to be "reloaded" with three additional warheads. This means there are now 1,800 new atomic warheads aimed at France, Italy, Great Britain, the Netherlands, and other allied powers in Europe. A "freeze" would perpetuate the imbalance — which might make for restless nights in Cambridge, Massachusetts, but not necessarily in Cambridge, England.

But everyone knows that the Soviets, despite their occasional bluster, are really a bunch of sweethearts, right?

Interestingly, for all of the moral outrage the "freezers" display toward U.S. participation in the "arms race," they seem to have a blind spot when it comes to the Soviets — not only their massive nuclear buildup, but even towards the chemical and germ-warfare atrocities the Soviets have been committing in Afghanistan, Laos and Kampuchea.

The fact that the Soviets can't be trusted and don't show the slightest regard for human life is apparently viewed as still another reason for the United States to plunge ahead recklessly with a unilateral freeze.

Surely the Soviets will follow suit? And if they don't, at least we will have a clear conscience.

Evidence and logic to the contrary, the anti-nuke forces march on. This month alone — by quiet coincidence, of course — eight new books with such titles as The Final Epidemic and Survive the Coming Nuclear War: How To Do It, are scheduled to be published.

With initial seed money from various foundations, including the Rockefeller Family Fund, an organization called "Ground Zero" is preparing for a week of "consciousness raising" designed to "educate" the public about the horrors of nuclear war. (Ground Zero is the term used to identify the detonation point of a nuclear blast).

Obviously, anyone with even an ounce of sense will agree that nuclear war is an abominable thing to contemplate.

It's vitally important, however, for everyone to understand that U.S. power is intended to prevent nuclear war, not precipitate it.

We don't live in a world in which schoolyard fantasies always come true. Whether we like it or not, it's still us versus them.

At a time like this an old saying comes to mind: "Wise men dream at night, fools both day and night."

As you entertain every man's dream of a more perfect world during "Ground Zero Week," perhaps you'll reflect on those words, before we "freeze" ourselves into self-paralysis: timid and afraid, unable and unwilling to act, regardless of the consequences.

Our Fabulous Future

COMMUNICATIONS WORKERS IN SPACE

The day is coming when people in communications will be part of an interplanetary group, with members in space, on the moon and beyond.

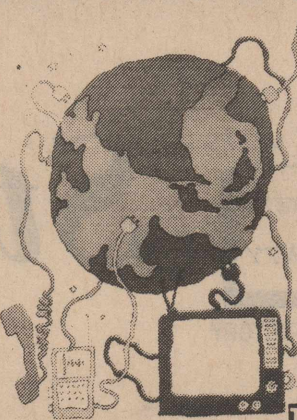

That's the view of Glenn Watts, president of the Communications Workers of America (CWA). The union, which represents 650,000 men and women, is not standing still, waiting for it to happen, Watts points out.

CWA has established a Committee on the Future to take a hard look at the changes ahead and plan to prepare for them.

At the same time, the union has embarked on a long-range Quality of Work-life (QWL) program, in conjunction with the Bell System.

Watts disputes those who say that labor is not keeping up with the times.

"Frankly," says he, "we think we're ahead of them. With a majority of our members in high technology industries, we're on the cutting edge of change. We

The world is wired for the revolution in telecommunications.

know the world of tomorrow is coming because we're working there now."

Watts strongly believes in unions' role in shaping the future. . . as a full partner in shaping the American dream.

CWA officials are also enthusiastic about QWL. Along with the benefits of technology are increases in stress and alienation. QWL,

they say, is a chance to get at problems of job stress, job satisfaction, work conditions, and human worth and dignity.

"QWL," according to Watts, "is one answer to critics who say unions are becoming less relevant. The QWL process goes beyond the concerns about pay, work conditions and job security. We look forward to the day when work meets human needs on a much broader and fulfilling scale."

As for the future of communications, Watts reports that the union has established pilot apprenticeship training programs. They'll provide high-level technical training needed for today and tomorrow.

"We're pioneering new areas of cooperation that will benefit our nation and its industries. . . and at the same time, we're increasing our concern for worker rights and benefits."

All this could spell a very exciting future for the people of America.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN — Drunk drivers on Texas streets and highways could find police officers and the courts considerably less understanding if a West Texas lawmaker gets his way.

State Sen. Bill Sarpalus, who sponsored the bill raising the legal drinking age to 19, has proposed legislation that would automatically suspend the driver's license of any drunk driving suspect who refuses to take a sobriety test.

The Hereford Democrat has presented his bill to the Governor's Task Force on Traffic Safety, and says the proposal has the support of the San Antonio and Dallas chapters of Mothers Against Drunken Driving.

Lt. Gov. Bill Hobby also has voiced his support for the bill, under which a first offender convicted of driving while intoxicated could be fined up to \$2,000 and sentenced to 72 hours to one year in jail. A second-time offender would face a jail term of from 72 hours to two years, without chance for probation.

Any motorist stopped on suspicion of drunk driving who refuses to take a sobriety test could automatically lose his license for up to 90 days.

Sarpalus describes the bill as "stern but reasonable." The one-term senator also has proposed bills to prohibit any open liquor containers in moving vehicles, to strengthen laws against false driver's licenses and to tighten laws on occupational driving licenses.

Harding Indictments
State Treasurer Warren G. Harding has been re-indicted by a Travis County grand jury on the charges that he used state employees to perform tasks for his reelection campaign.

The new indictments were

handed down only a few hours after Harding's attorneys asked a state district judge to dismiss the original indictments because they failed to charge the state official with any specific crime.

Harding's attorneys contended that the original indictments accused the treasurer of using two secretaries to work in his campaign but did not say how that is a violation of state law.

The new indictments allege that the services and labor of the two secretaries belonged to the state.

The grand jury move came just three weeks before the May 1 Democratic primary, in which Harding is facing stiff opposition from former Travis County Commissioner Ann Richards and two other Democrats.

Harding has claimed the charges against him are part of an attempt by the "court-house clique" to clear the way for their former colleague Richards.

Agriculture Task Force

Gov. Bill Clements has put another task force to work examining possible solutions to the state's problems, this time in the area of agriculture.

The Governor's Task Force of Agricultural Development began its work recently with Clements recommending that the panel look into new markets for Texas agricultural products in foreign countries, particularly Mexico.

Because of the state's proximity to Mexico and its access to that country's transportation systems, Texas has an edge over other parts of the country in developing Mexican markets for its farm products, Clements said.

"We'd be very, very foolish if we didn't exploit our advantage and develop that market in all its aspects."

the governor said.

Clements predicted that Texas soon would replace Iowa as the second largest agricultural producer in the country.

Clements also recommended that the task force explore ways for banks to develop "friendly relationships" with farmers and ranchers in much the same way as some banks have aided home builders with low interest loans.

The task force will make recommendations on solving farm problems to the Legislature and the governor in 1983.

General Telephone

The state's second largest telephone company has begun its case before the Public Utility Commission seeking its third rate hike in as many years.

General Telephone Co. of the Southwest, which serves customers in dozens of counties across the state, is seeking an additional \$110 million in revenue.

That company was granted a \$31 million increase in 1980 and a \$6 million hike in 1981, but both increases were accompanied by a \$4 million annual penalty for poor service.

That penalty now has been lifted, but the PUC staff says the company only needs about half the amount requested. The staff has recommended only a \$48.7 million increase and intervenors in the case believe the utility only deserves \$24 million.

Parking Woes

While most candidates for statewide office worry about campaign financing or name identification, GOP gubernatorial contender Lowell "Duke" Embs apparently is finding parking a big problem.

State Comptroller Bob Bullock will have a representative from his San Angelo office in Ozona on April 22, 1982 to assist local taxpayers and answer questions about state taxes.

Bullock said Enforcement Officer Dru Beck will meet with local taxpayers in the Law Library at the Crockett County Courthouse from 10:00 a.m. to 11:00 a.m.

"If Ozona area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing state tax forms, Ms. Beck will be there to assist them," Bullock said.

"We're trying to cut the red tape in this office, and we believe these face to face sessions with taxpayers help do just that," Bullock added.

The San Angelo office, headed by Ron Parish serves San Angelo and surrounding counties.

# JIM'S FOODWAY

### Creative Cooking With Eggs

Do you know that the modest, unassuming eggs in your refrigerator contain excellent quality protein? At only 80 calories each for the large size? Here is a great casserole idea you can use. For more recipes write for the new leaflet called Money Cooking with Soup and Eggs.

**Egg/Broccoli Casserole**  
 1 (10 oz.) pkg. frozen chopped broccoli  
 6 hard cooked eggs, peeled  
 1 (10 1/2 oz.) can Condensed Cheddar Cheese Soup  
 1/2 c. milk  
 1/2 c. seasoned herb stuffing or bread crumbs  
 Cook broccoli according to package directions until barely tender. Drain and place in 2 quart casserole. Slice eggs over broccoli. Combine soup and milk. Pour over eggs. Top with seasoned stuffing mix or bread crumbs. Bake in 350° oven for 25 to 30 minutes. Serves 4.

## Tips For Gardeners

From The Ozona Garden Club by Mrs. Bailey Post

It seems we have plenty clouds coming our way but they either play out or go east or us. I'm sure our time will come for it usually does, but in the meantime keep your trees, plants and flowers watered, especially newly planted ones.

The Ozona Garden Club is also appreciative of the efforts of the county, organizations and individuals who are helping to clean and beautify our city. No one organization can do it alone, so we urge everyone to do their part in this clean-up month.

I notice some of your plants to be cold damaged, particularly those less hardy in our area. Even if all the above-ground portions of a plant were killed, new shoots may sprout from the roots. It is best not to prune out limbs that appear to be damaged until after growth begins. The freeze seems to have damaged some evergreens and oleanders that usually take the cold here.

If you want to try something new that sounds most interesting there is a new clematis vine, armand clematis (clematis armandii) that offers the quiet, refined beauty of rich evergreen foliage. The white flowers that appear in the spring are a bonus though they are smaller compared to the hybrid clematis and borne in delicate clusters and offer a

delightful fragrance. It cannot attach itself to a bare fence or wall for it climbs by twisting its leaf stalks around its support. You will need to provide 12-gauge wire, 2x4 inch welded mesh fencing or poultry wire. This clematis can grow as much as 15 to 20 feet in any direction, so you need only one. Full sun to partial shade is the preference, but you'll need to plant it where the roots will be shaded. Apply a mulch to help shade the roots. Also you need to supply moist, well-drained soil, while you may have some difficulty establishing this vine, it is quite hardy once established. For sources to order send a self-addressed, stamped envelope to Clematis Editor, Southern Living, Box 523, Birmingham, Alabama 35201.

Remember April 22 is the annual Flower Show at the Civic Center, open to the public 4 to 6. Non-members are invited to enter their plants or flowers in the Horticulture Section when grown by exhibitor and labeled with botanical and common names. Entries of hanging plants and dish gardens will be received between 2:00 and 4:00 p.m., Wednesday, April 21. Other single specimens such as roses, iris, peonies, etc., will be received from 8:00 to 10:00 a.m., Thursday, April 22.

Mrs. and Mrs. Art W. Adair of Wellman, announce the engagement and approaching marriage of their daughter, Danita Lee, to Mr. Clayton Swayne Jones of San Angelo. The prospective bridegroom is the son of Marion Sue Jones of Boerne, and Jack D. Jones of Salida, Colo.

The couple will be married in the home of the bride-elect's parents, June 5. Miss Adair is currently on the faculty of the Crockett County School District. Her fiancé is in real estate in Colorado, where the couple will reside following the wedding.

## Myrtle Post Garden Club in meeting

The Myrtle Post Garden Club held its monthly meeting in the home of Mrs. Pete Jacoby with Mrs. Dick Kirby serving as co-hostess Monday evening, April 19.

Three beautiful arrangements were made by the hostess-two of Hawthorn and one of yellow iris.

Prior to the business meeting a very informative and interesting program was presented by Rev. Larry Bailey on vegetable gardening. He gave reasons for home gardens, hints on how to plant, preparation of the soil, and what should be planted at this time.

During the business meeting Mrs. John Hignight gave members horticulture rating sheets that members are to fill out and return.

The Bird Sanctuary Chairman, Mrs. Jerry Hayes, gave a report on various club sanctuaries.

Mrs. Glen Sutton brought the bumper stickers for the "Litter Campaign". A date was set for members to meet and stuff the litter bags that are to be distributed by the children participating in the slogan contest.

Mrs. Jack Brewer gave a report for her committee on the preparation for the upcoming flower show. The project for this month was a pilgrimage to the Del Rio

## Mrs. Lilly is bridge hostess

Mrs. Gene Lilly was hostess for bridge at the Country Club Thursday.

High score went to Mrs. B. W. Stuart, and second high to Mrs. Ewart White. Mrs. White also won the Charlotte Phillips bingo, while Mrs. Bill Mason won the club bingo.

Others playing were Mrs. Clay Adams, Mrs. John Childress, Mrs. J. J. Marley, Mrs. Beecher Montgomery, Mrs. J. B. Parker, Mrs. Jake Short, Mrs. C. O. Walker, Mrs. Charles Williams, Mrs. Byron Williams, Mrs. Gene Williams, Mrs. Hugh Childress and Mrs. Jerry Perry.

Flower Show. Mrs. Hank Wellman gave a report on this project.

Others attending were Mrs. Polly Eppler, Mrs. Grace Williams, Mrs. T. R. Conner, Mrs. Glen Sutton and Mrs. Lee Graves, who served as a judge.

Another club project is the participation of members by entering plants and flowers in the Ozona Garden Club Flower Show that is to be held Thursday, April 22.

A report on the district convention held in Abilene was given by Mrs. Eppler. She and Mrs. Graves attended the convention. Mrs. Graves was elected a district director.

After the business meeting a plant auction was held.

Other members present were Mrs. Myrtle Post, Mrs. Jim Dudley, Miss Leta Powell, Mrs. Mike Vordick, Mrs. Grace Williams, Mrs. Phillip Smith and two guests, Mrs. Harold Thompson and Mrs. Eusevio Longoria.

## Garden Club meets

Members of the Ozona Garden Club met April 13, at the Civic Center for a sack lunch at noon. Dessert and drinks were served by the hostesses, Mrs. George Bean and Mrs. Charles Williams.

The program was a flower arranging clinic with each member bringing an arrangement to fit a class in the flower show schedule. Mrs. J. W. Howell directed and evaluated each arrangement.

Others attending were Mrs. J. B. Post, Mrs. Jim Mason, Mrs. Steve Kenley, Mrs. Tom Stokes, Mrs. Lee Graves, Mrs. O. D. West, Mrs. J. S. Pierce V, Mrs. Mike Ledoux, Mrs. Glenn Sutton, Mrs. A. S. Lock and Mrs. Tom Conner.

# Debra Says

By Debra Price

This year, many people will buy more ceiling fans for homes and businesses, and from all expectations, they'll make a big difference in energy savings for spring and summer.

Families will be setting thermostats from 76-80 and turning on the fans--to find they're still comfortable and have air-conditioning savings of from 18-25 percent.

Houston Lighting and Power Company says the best reason for a fan is money.

They say a one-ton air conditioner costs about 10 cents per hour to operate. A fan costs less than a penny per hour to operate.

You don't have to be a whiz in math to figure the difference--10 hours of one or the other can add up to either a dollar or a dime.

Of course, fans don't actually lower room temperature, but the constant breeze makes you feel cooler.

For greatest savings, check on installation cost.

Cost of having a ceiling fan installed can sometimes run as much as the actual cost of the fan, so be sure to consider this before buying.

Some fans have only a few instructions on installation, but others are complete with pictures, so it's possible to install the fan yourself.

Be sure to pick up instructions when you buy the fans, and read them carefully.

Manufacturers will tell you if fans can be installed on ceilings as low as eight feet. They usually say mount the fan to a standard three-or-four-inch junction box securely anchored to support 45 pounds.

A ceiling fixture already in place is the easiest place to hang a ceiling fan. This gives

you ready access to electricity and puts you near a ceiling joist, since the ceiling box (the metal box up in the ceiling that contains the electrical wiring) is attached to a joist.

Another way to hang the fan simply involves placing a new ceiling box to the underside of a joist and running power to it.

In most cities, however, residents should know that a permit is necessary (and these are issued only to licensed electricians) for all but very simple home wiring.

So have a professional do the electrical part and save yourself a possible injurious shock and/or a fine.

A third way to get power to the fan is to hang the fan as if it were a swag lamp, draping the power cord through a chain to the nearest wall, then down the wall to a plug. There are swag kits available for this purpose.

In deciding which way to go, remember that the first method mentioned really is the easiest way--using an existing ceiling fixture.

## Calling All Homemakers

Brought To You By Brown Furniture

Although all the furniture pieces and accessories you use are obviously important to the overall look of any room, the sofa usually serves as the one key piece because of its dominance, its use, and the way the rest of the furniture is planned around it.

Therefore, it's important that you take into account all the many different considerations in selecting a sofa because it is such a major piece. We can give you help in these considerations. For instance, in choosing a sofa, aside from those two basics--its beauty and its comfort--be sure it has the right size and shape for the rest of your room. And be sure to consider the color of the sofa in relation to your overall color scheme. Another thing to think about is the fabric. There are so many wonderful choices in fabrics today that can do so much for both the looks of your sofa and its wearability.

Also remember in today's decorating, sofas don't have to be confined to just the living room. Perhaps the right sofa could also be beautiful, and useful, in another room too.

In any case, feel free to come in here and browse, and see our selection. We're here to assist you, and help you get furniture you'll be happy with.

## HAND-ME-DOWN UMBRELLA

When you're growing up, hand-me-downs are a way of life. Better a hand-me-down umbrella than none at all. Except that with a gust of wind this young lady is likely to have nothing but a handle.

There's one area of life where a hand-me-down is often the best there is. That is *religion*.

An earnest religious faith passed on by parents to their children begins early the essential building of character and conviction.

But the religious faith you are handing down to your children ought to be sound, full of vitality, in *working condition*.

This is one of the most important functions of our churches. They help whole families to grow spiritually... to hold and practice religious convictions worth sharing.

## Secretaries Week is April 18-24.

FTD has the perfect gift for your secretary.

Prices start at \$17.50

When you want to tell your secretary how much you appreciate her, send a beautiful bouquet of fresh flowers in our exclusive FTD Desk Caddy.

For the Secretaries' Week gift that will keep on giving... call or visit us today. We have a bouquet just right for her.

Maxine's Flowers

Helping you say it right.

## WHAT TO DO IF YOUR LIGHTS GO OUT

We'll do our best to keep it from happening, but let's face it. Even with the miracles of modern technology, it sometimes occurs in the best of systems.

So, if your power goes off, we hope you'll help us get it back on as quickly as possible.

### HERE'S WHAT YOU SHOULD DO:

1. Check your neighbors. Call them or go outside and see how widespread the outage is.
2. If your house is the only one affected, check your breaker box.
3. If the trouble is not on your side of the meter, call us - your local WTU office - and give us the following information:
  - Your name and address
  - Time of the outage
  - The area affected (as many addresses as possible)

We'll take it from there. Please don't prolong the call with questions that can't be answered. We'll be getting many other calls, depending on how widespread the outage is. And, if you're answered by a recorded message, it means that the dispatcher already has been swamped with calls and that we're working on the problem.

WEST TEXAS UTILITIES COMPANY

Remember, our goal, as always, is to provide reliable electric service at the lowest practical cost. And if an outage does occur, we aim to restore service without delay. We appreciate your help.

# Texas ag sales hit \$9.5 billion

1981 sales from Texas agricultural products are estimated at \$9.5 billion, up about a half billion dollars from the previous year. However, net profits of farmers and ranchers continued a downward trend.

"Farmers and ranchers had a lot to sell in 1981 but they had less income due to low farm prices and rising production costs," points out Dr. Carl Anderson, an economist with the Texas Agricultural Extension Service, Texas A&M University System.

Yet the total impact of agricultural sales bolstered the Texas economy to the tune of some \$35 billion. Farm and ranch assets stood at some \$80 billion, or an average investment of \$430,000 per farm (based on some 186,000 farms in Texas). Of course, many Texas farmers and ranchers have more than a million dollars invested in their operations, says Anderson.

As far as last year's agri-

cultural sales are concerned, the economist points out that the livestock sector, including dairy and poultry production, contributed about \$4.9 billion to the ledger. Crop sales added another \$4 billion while sales from agriculturally related sources such as timber, horses, fish farming and hunting leases added another \$600 million.

Beef cattle receipts alone totaled about \$3.5 billion to lead all commodities, notes Anderson. Cotton sales topped all crops at \$1.3 billion even with the depressed prices.

Poultry and dairy product sales were about even at \$565 million and \$570 million, respectively, while sheep and goats brought in \$146 million and swine, \$116

million. Following cotton in crop receipts were wheat, \$517 million; grain sorghum, \$410 million; other feedgrains, \$367 million; vegetables, \$298 million; rice, \$290 million; and nursery plants, \$225 million. Peanut sales totaled \$115 million while forage sales stood at \$114 million. Other crop sales included soybeans, \$70 million; citrus, \$65 million; peaches, \$45 million; and peaches, plums and other fruit, \$19 million.

Texas continues to rank third in total cash receipts from agricultural products behind California and Iowa, says Anderson. However, Texas leads the nation in sales of cattle and calves, cotton, grain sorghum, sheep

and wool, goats and mohair, cabbage and spinach.

As far as the total agricultural industry in Texas is concerned, about 20 percent of the state's population is involved in agriculture in some way, from production to marketing and retailing of food and fiber products. Thus agriculture continues to have a strong base in Texas even though less than 3 percent of the people actually live on farms and ranches, notes the economist.

## NFL draft live on ESPN

ESPN's coverage of this year's NFL Draft will feature a variety of different techniques which will make the telecast "visually more informative and much more cohesive," according to Bill Fitts, ESPN's Senior Remote Producer, who will coordinate the coverage.

For the third straight year, ESPN will present live the first day of the draft Tuesday, April 27, from 9:30 a.m. to 5:30 p.m. EDT from the New York Sheraton Hotel in New York City. ESPN will also originate from its Bristol, Ct. studios, and from the headquarters of Super Bowl champion San Francisco 49ers.

ESPN has been preparing for the draft since January, obtaining highlights, interviews, statistical data and projections by the experts on who will be drafted by whom and when. By the time the

telecast is completed, over 100 people will have worked on the draft coverage.

ESPN may be seen locally on Channel 22, or a converter may be purchased at Ozona Television System.

ESPN's George Grande and Sal Marchiano will serve as anchors in New York and will be joined by Paul Zimmerman of Sports Illustrated and Howard Balzer of The Sporting News. ESPN's Bob Ley, former Oklahoma and St. Louis Cardinal head coach Bud Wilkinson and 11-year NFL veteran Paul Maguire will form the Bristol panel, while Chris Ber- man and Leandra Reilly will staff the 49ers' headquarters.

As in the past, the New York panel will primarily cover the draft as a news event, offering analysis along the way. Bristol will serve as the source for high-light and statistical information, as well as additional commentary. San Francisco will give the telecast a West Coast flavor.

## Ozona golfers get wins at Sonora tourney

Ozona golfers did very well in the Sonora Ladies Partnership Saturday in Sonora. Joan Nicholas and Jimmy Jacoby won the third flight and Sherri Holt and Jeanette Bailey placed third in the flight.

Nell Wester and Marilyn Cox came in third in the second flight.

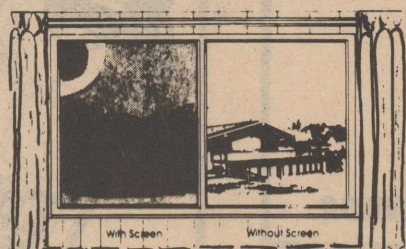

Other Ozona golfers participating were Joann Babbitt and Carol Hensley.

## NEW HEAD FOOTBALL COACH AT OZONA HIGH!!

**By-Wendy Hood**  
Our new head football coach at Ozona high is Coach Don M. Abbott. Although he was raised in San Angelo, Coach Abbott comes to us from Mason where he had coached for the last four years. Coach Abbott has a wife, Dolly, a daughter Terry, who is a freshman here at Ozona, and two sons Mickey, 22, and Danny, 20, both who are married and live in San Angelo.

Abbott's favorite color is purple, and when asked what his favorite food is he just smiled and said, "Well, I eat anything." Coach Abbott, said that if he could go anywhere in the world for a vacation he would choose Hawaii.

Besides being head football coach, Coach Abbott will be teaching P.E. and several Study Halls. Coach Abbott said he is very impressed by the friendly people both at school and in the community. He is also impressed by the competitive attitude of the kids and he and his family are looking forward to a good long stay here in Ozona.

**A MEXICAN FIESTA**  
**By-Jana Harris**  
Several parents of the senior class held a Mexican supper at the Civic Center on Tuesday, April 14, for the class of 1982. The fiesta featured a Mexican menu of enchiladas, rice, beans, tacos, and banana pudding. Guitar and sandal key chains were given as favors for the party. The musical group of Santiago Ybarra, Eligio Martinez, Joe Lara, and Ray Lara provided entertainment for the evening.

## AUTOMECHANIC NEWS

**By-Sue Ellen Black**  
On April 1-3, some of the members of the Auto mechanics class attended State competition in San Antonio. Those attending were Kelly Buckner, Ken Stokes, Gino Tambunga, Ruben Perez, Randy DeHoyos, Hector Leal, Henry Delgado, and Ernest Badillo. Santiago Lopez sent his project and it came back with a blue ribbon. The kit car, that won first at District, also received a blue ribbon at State. Gino, Henry, Cater, and Ruben all received red ribbons. Hector got a white ribbon and Ken brought home a green one.

The Auto mechanics II class also has a cooperative work project going. Five of the students are engaged in a 5-week work program with local businesses related to the automotive field. They are Felix Flores, Ken Stokes, Santiago Lopez, Ernest Badillo, and Hector Leal. They work four hours a day and get paid about 65% of what a full-time mechanic makes. The businesses giving these students actual experience at working in the automotive field are L-B Motor Co., Crockett Automotive, J.B. Miller Firestone, and Diaz Shell Station. If this new program works well, it will be installed as a permanent fixture in the auto mechanic program.

## BEGINNING OF THE END

**By-Gail Hunnicutt**  
Last week the senior class had a meeting to organize graduation. They voted on four ushers, a piano player, and a song. They also cast a secret ballot for the Mildred North Scholarship which will be announced during graduation exercises. This \$500 scholarship is given each year by the Ozona Woman's League in memory of Miss Mildred North, a longtime teacher in Ozona High School. The ushers will be juniors Darla Lovell, Robert Massey, Leticia Tobar, and Zeke Martinez. Michele Couch will play "Pomp and Circumstance" and the theme from the "The Greatest American Hero" will be sung by the senior choir.

After this meeting, the seniors received their announcements from the Herff-Jones representatives.

## TERI DORSEY

**By-Erika Lee**  
Moving here from Jal, New Mexico, is senior Teri Dorsey. She has lived in Ozona for six months.

Teri is the daughter of Mr. and Mrs. Teri Dorsey. She was born on August 1, 1964, and is 17 years old.

While living in Jal she was very active in FFA, Student Council, OEA, and JCOP. She played volleyball and ran track her sophomore and junior years and she played basketball her sophomore year. Teri was elected Most Wittyest her junior year and senior year and cheerleader her freshman and senior years. She participated on the powder puff football team all four years of high school. Teri was an escort her junior year and a server her sophomore year. Teri enjoys all outdoor activities and traveling. Her favorite foods are hamburger and bologna sandwiches and her favorite colors are outdoor shades of green.

## High School is Amabel Ybarra.

Mabel is the daughter of Mr. and Mrs. Santiago Ybarra. She was born July 11, 1963, and she is 18 years old. Mabel has lived here all of her life.

**MABEL YBARRA**  
**By-Marilyn Wester**  
Another senior at Ozona

Some of Mabel's hobbies are camping and traveling. Her favorite color is yellow and her favorite food is Mexican food. Mabel says that her favorite person is her little sister, Jennifer just because she is fun to be with.

Mabel was in band her first three years in high school. She was a server at the junior-senior banquet her sophomore year and was a library assistant her junior year.

After graduation, Mabel plans to stay here in Ozona and work.

## WILLIAM HOOVER

**By-Mel Spiller**

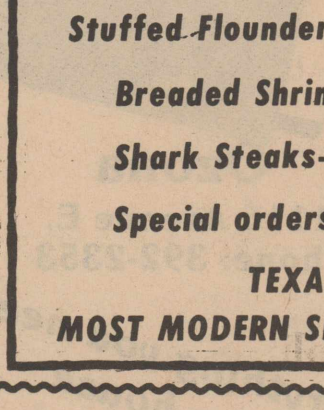

**WILLIAM HOOVER**  
**By-Mel Spiller**

Hunting, fishing, touring college campuses, and going to Sunset Mall to look for girls are just some of the hobbies of William Leland Hoover. Will is the son of Mr. and Mrs. Billy Hoover. Will is 18 years old, his favorite color is red, and his favorite food is fudge candy.

Will was chosen Senior Class Favorite, and FFA Treasurer. He doesn't plan to attend college, instead, he wants to work on the ranch.

## MIKE VALLEJO

**By-Leanna Kramer**

**MIKE VALLEJO**  
**By-Leanna Kramer**

Our next senior was born in West Corina, California, on March 16, 1963. Michael Frank Vallejo is the 18 year old son of Mike and Marina Vallejo. The Vallejo's have lived in Ozona for five years.

Some of Mike's hobbies are watching major sporting events and traveling to big cities. His favorite color is gray and his favorite foods are steaks and seafood.

During high school, Mike has participated in four years of football including three of the four years on the varsity. He was also a member of the track team his freshman and sophomore years. Last year Mike was chosen by the 1981 Senior class to be an usher at the Commencement exercises.

After graduation, Mike plans to go to a trade school to specialize in meatcutting. He has narrowed his selection down to two schools, TSTI and the Los Angeles Trade School.

## DEL RIO, TEXAS, IS THE SON OF MR. AND MRS. FOREST TOLLETTE.

He is 18 years old and has lived in Ozona for eight years.

## BLUE IS SANTIAGO'S FAVORITE COLOR AND HIS FAVORITE FOOD IS MEXICAN FOOD.

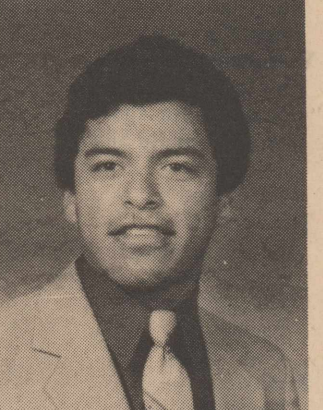

He plans to go to Waco trade school, T.S.T. I. Santiago has accomplished several things in high school. He participated in football all four years and received honorable mention his junior year and all district honors his senior year. Santiago ran track all four years, and he also participated in VICA his junior and senior years.

U.I.L. meet was held in Stephenville. Arnol Rios competed in the persuasive speaking event and did very good, but did not place in the finals. Michelle Couch was in the typing competition and placed sixth. Senior Gail Hunnicutt participated in editorial writing and did beautifully placing second.

## Crockett County draws prospectors

J. Cleo Thompson, Dallas, will drill the No. 1 Hagelstein, a 9,500-foot wildcat in Crockett County, one location north of Canyon oil production in the Ozona, Northwest field, 2 1/2 miles west-southwest of the two-well Spraberry oil area of the Ozona, North field, 3 7/8 miles west and slightly south of the Parker-Harrell (Ellenburger gas) field and 2.5 miles west of Ozona.

Location is 660 feet from the south and west lines of 6-OP-GC&SF.

Canyon production in the Ozona, Northwest field is 6,675 feet.

The Parker-Harrell field opener produces from 8,806 feet.

Ozona SWD, Midland, will drill the No. 1 University 4, a 3,000-foot wildcat, 5/8-mile southwest of Queen gas production in the University 31 field, 1 7/8 miles south of Grayburg-San Andres gas production in the Howard Draw field and 12 miles west of Ozona.

Location is 2,173 feet from the south and 1,500 feet from the west lines of 4-31-University Lands.

Queen gas production in

the University 31 field is at 1,089 feet and Grayburg-San Andres production in the Howard Draw field is at 1,165 feet.

Queen gas production was extended 3/8-mile north in the Ingham multipay field of Crockett County with completion of Amerada Hess Corp., Tulsa, Okla., No. 1-33 University, 16.3 miles east of Sheffield, for a calculated, absolute open flow of 660,000 cubic feet of gas daily.

Production was through perforations at 1,340-480 feet, which had been acidized with 1,000 gallons and fractured with 56,000 gallons and 750,000 pounds of sand.

Scheduled as a wildcat and a multipay test in the Perner Ranch field, it was drilled to 9,382 feet, with 8 5/8-inch casing set at 2,515 feet, and plugged back to 2,488 feet. Location is 1,320 feet from the south and east lines of 1-33-University Lands.

### Sen. Tower accepting applications

Senator John Tower (R-Texas) today announced he is accepting applications from Texas students who wish to compete for his nomination to one of the nation's four service academies.

Potential candidates must be between the ages of 17 and 22, unmarried, and a United States citizen. Students should specify whether they wish to attend the Air Force Academy at Colorado Springs, Colorado; the Merchant Marine Academy at Kings Point, New York; the Military Academy at West Point, New York; or the Naval Academy at Annapolis, Maryland.

The four service academies offer cadets and midshipmen outstanding educational opportunities," Tower said in making the announcement. "In return, these young men and women commit themselves to serving as leaders in guaranteeing our national security."

Applications may be obtained from Tower's Dallas office at 1100 Commerce, Dallas, Texas 75242. The deadline for completing the application is December 15.

Now serving his fourth term, Tower is chairman of the Armed Services Committee and also is a member of the Budget Committee and the Banking, Housing and Urban Affairs Committee. He is also chairman of the Senate Republican Policy Committee and now ranks second in seniority among GOP members of the Senate.

Join the coupon campaign. Send in for refunds. In 1980, the average household sent in for five refunds as compared to four in 1977. Families with an average income of \$15,000-\$25,000 were the most frequent participants.

## Annual Flower Show scheduled

The Ozona Garden Club will present its 24th Annual Flower Show, "Journey through Texas," tomorrow, Thursday, April 22, at the Civic Center. The show will be open to the public from 4 until 6 p.m.

The standard flower show is planned and staged each year by the Ozona Garden Club. Any amateur gardener may enter the show and enter as many classes as desired, but may enter only one entry in each class.

The well planned amateur flower show fulfills several purposes. It provided education, stimulation of interest in horticulture, and an outlet for creative expression for the community.

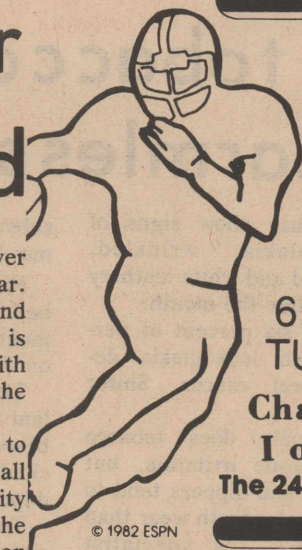

Entries for flower arrangements using dried material, container plants, hanging plants and dishgardens will be received today at the center between 2 and 4 p.m. All other entries, both design and horticulture, will be received from 8 until 10 a.m. tomorrow, the day of the show. Late entries will be marked "For exhibition only," and will not be judged.

No entry will be eligible for any kind of award unless it has been properly registered with the entry committee. Judging will be conducted by Nationally Accredited Flower Show Judges with judging to begin at 1:00 p.m. on the day of the show. All exhibits must be removed at 6 p.m. at the close of the show.

Exhibitors should have all containers marked with their names. All care will be exercised, but the club will not be responsible for loss or damage.

All horticulture specimens must have been grown by the exhibitor, with only one plant per container, except for multiple plantings such as terrariums or hanging planters.

# Smokeless tobacco does not mean harmless

"Snuff dippers" and "tobacco chewers" the smokeless tobacco fad has become increasingly popular among children and young adults, says Dr. Mary Ann Shirer, a health education specialist.

But just because it's "smokeless" doesn't mean it's harmless, the specialist warns.

Tobacco and its by-products used in snuff and chewing tobacco are extremely irritating to the mouth's sensitive tissues, she says. A dipper's or chewer's

mouth may show signs of "leukoplakia," wrinkled, thickened and white leathery areas inside the mouth.

About six percent of persons with leukoplakia develop oral cancer, Shirer remarks.

Not only does tobacco cause tissue irritation, but chewers and dippers tend to have greater tooth wear than non-users, the specialist notes.

The gums tend to recede in areas where tobacco is held, as between the lower lip and gum, she explains.

Consequently, bare roots caused from receding gums become more susceptible to decay and are more sensitive to heat, cold, air, certain food and chemicals, Shirer says.

Also, tobacco that has been sweetened may increase tooth decay, she adds. Tobacco juices also contain hundreds of chemicals which may delay wound healing, especially when a tooth has been pulled or oral surgery has taken place, the specialist reports.

Tobacco products decrease the user's ability to taste and smell bitter, salty and sweet foods. Dippers and chewers use more salt on their food. Additional sugar also may be required. Excessive salt contributes to abnormal blood pressure and kidney disease.

Tobacco juices as well as smoke contain a harmful

substance-nicotine-which may be habit-forming.

Nicotine is readily absorbed through the lining of the mouth and has a direct effect on the nervous system.

This habit-forming stimulant first causes its users to become stimulated and excited, but later they may feel depressed and let down.

To keep this "lifted" sensation, a person with the nicotine habit needs a "booster" every 20 to 30 minutes, the specialist explains.

Nicotine can also affect the heart and other parts of the circulatory system, she says.

As nicotine enters the bloodstream, the arteries constrict and become smaller, the blood platelets clot and the heartbeat rate increases.

Consequently, blood pressure may rise and this increases the risk of strokes and heart attacks, the specialist warns.

## New homes are energy savers

New homes really do save energy for the most part, says Dr. Jane Berry, housing and home furnishings specialist.

That's good news for new-home buyers--they can expect less energy consumption than was possible in less expensive homes of past years, she says.

Even though home buyers are paying more for less space, they are getting houses they can afford to finance and operate.

"Price tags on many new homes reflect the added costs of beefed-up insulation and other measures that will result in long-range energy efficiency," she says.

In 1974, the average U.S. home consumed 1,146 oil-gallons of energy per year. By 1978, consumption dropped to 995 oil-gallons.

Smaller and more affordable homes of the future should reduce this figure by half again.

Builders are accomplishing these energy-saving "feats" because they know energy-saving features sell homes.

For example, in 1973, two-thirds of homes being built had roofs insulated to R-13 or less. By 1979, R-25 was the norm.

In 1974, three-fourths of all windows installed in new homes were single-glazed. By 1979, only one-third of the new homes "settled" for single glass.

## Crockett County Care Center News

BY ANN McCARTNEY  
DIRECTOR OF ACTIVITIES & SOCIAL CARE

Easter Sunday services this year was brought by the Catholic Church. Several of our residents were out with their families, some went to regular Sunday morning services.

For our residents who stayed in, there was a fine Easter dinner, complete with the tray favors the Girl Scouts furnished.

Sunday was the end of another religious season and the rest of the week found us putting away our Easter decorations and bringing out new spring flowers. One Easter bulletin board display had been drawn, painted, and furnished by Danita McCartney Bounds. We really appreciate her sharing her talents with us! Four ladies had Easter bunny "trophies" from our hat contest. Ola Mills had won the prettiest hat award, Bertha Miller had won the most original bonnet award, Tomasa Ramos had won the craziest bonnet award, and Verna Talley had won the best model award for her "Howdy" that sounded just like Minnie Pearl! These awards are still being displayed in these ladies' rooms.

Monday morning dominoes were played by Paul Cavin, Ola Mills, Louise McWilliams, and Maude Pettit. Monday afternoon reading was "Camp Meeting" by Winnie Harvey. This fine piece of writing brought back many memories of religious services of long ago.

Tuesday was a busy day. We played bingo in the morning, had our monthly birthday party in the afternoon honoring Frances Borrego, Mauricio Hernandez, Earle Chandler, and Jessie Deaton. (Velma Marley brought us our party, Maxine Flowers furnished corsages for all honorees, and Polly Eppler of Polly's Cakes brought us our cake. Thanks to all!) Tuesday night the Beard Band of Big Lake gave us a nice musical program. Ladies enjoying a dance included: Frances Borrego, Tomasa Ramos, Maude Pettit, Bertha Miller, and Virginia Russell.

Wednesday morning ceramics were enjoyed by Juana Hernandez, Tomasa Ramos, Ola Mills, Verna Talley, Maude Pettit with Jessie Deaton as an observer. Volunteers included Ruth Hester, Ruth Gilliam, and Grace Dorsey. Wednesday afternoon a new display of ceramics was placed in the

## Cooking for one

Cooking for one and finding it rather difficult?

Then plan, plan, plan--your menus, says Dr. Cass Ryan-Crowe, a food and nutrition specialist.

Ryan-Crowe, on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System, says that menu planning is essential for the "single" to survive in the kitchen.

"At first you may think that planning your meals is a waste of time, but in the long run, you'll actually save time and you will definitely save money," she promises.

Meal and menu planning is not hard, either, especially when you have only yourself to please, the specialist notes.

"If you like to eat a big breakfast, plan for it. If you're on a diet, plan low-calorie meals.

"And don't forget to plan for nutritious snacks if you're a between-meal snacker.

Even though she admits it is difficult to cook for just one, Ryan-Crowe says with a plan-and practice and patience, it pays off.

Certainly meals will be more satisfying than warming and eating the same thing day after day, not to mention the higher nutritional value of fresh-food menus each day, she adds.

## At General Telephone... We're Not Simply Talking About Service Improvements We're Making Them In Ozona

At General Telephone, better service isn't just a goal, it's a solid commitment. General Telephone spent over 354 million dollars in 1981 on capital expenditure projects (i.e. new electronic switches, expanded cable projects, modernization) and GTE will spend over 410 million dollars in 1982 to provide you the best telecommunications available.

For Ozona this investment in service improvement is working as shown below. General Telephone is working hard to continually provide you with the best of service.

The Texas Public Utilities Commission (PUC) has established certain standards in public hearings, and our service results are listed against those standards.

	Ozona		
	Texas PUC Standards	January 1981	Most Current Figure
% customer calls answered promptly	90	95.7	97.6
business office/repair service	90	96.4	95.9
% service order commitments met as promised	90	96.1	96.5
* % local calls completed on 1st try	98	100.0	100
* % direct dialed long distance calls completed on 1st try	95	88.9	98.0
% out-of-service trouble cleared within 8 working hours	90	98.1	96.9

## Shop for mortgage

Thinking of buying a home? Shop around for mortgages, says Dr. Peggy Owens, a housing and home furnishings specialist.

Look for the mortgage best suited to your individual financial situation--and be well informed about the various types of mortgages that lenders offer, she says.

Owens is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

### Dragoo receives certificate

LeRoy Dragoo, son of Mr. and Mrs. Leonard Dragoo, has received his Texas teaching certificate which qualifies him to teach English and Speech at the high school level. He is presently substitute teaching in San Angelo, where he is employed at a radio station. He is a graduate of Ozona High School.

### Drilling in Texas up over last year

Oil and gas drilling in Texas during the first quarter of 1982 was up 20 percent compared to the same period last year, according to statistics compiled by the Railroad Commission's Oil and Gas Division.

Total completions stood at 6,111 for the first three

months of 1982, compared to 4,955 completions in the first quarter of 1981. Total new holes drilled, including oil and gas wells and dry holes, were 7,496 this year, compared to 5,957 new holes for the first quarter of 1981.

In the completions category, oil discovery wells were down 30 percent for the period with 129 this year compared to 184 in 1981. First quarter 1982 oil completions in existing fields were up 22 percent over the first three months of 1981, 4,297 to 3,340.

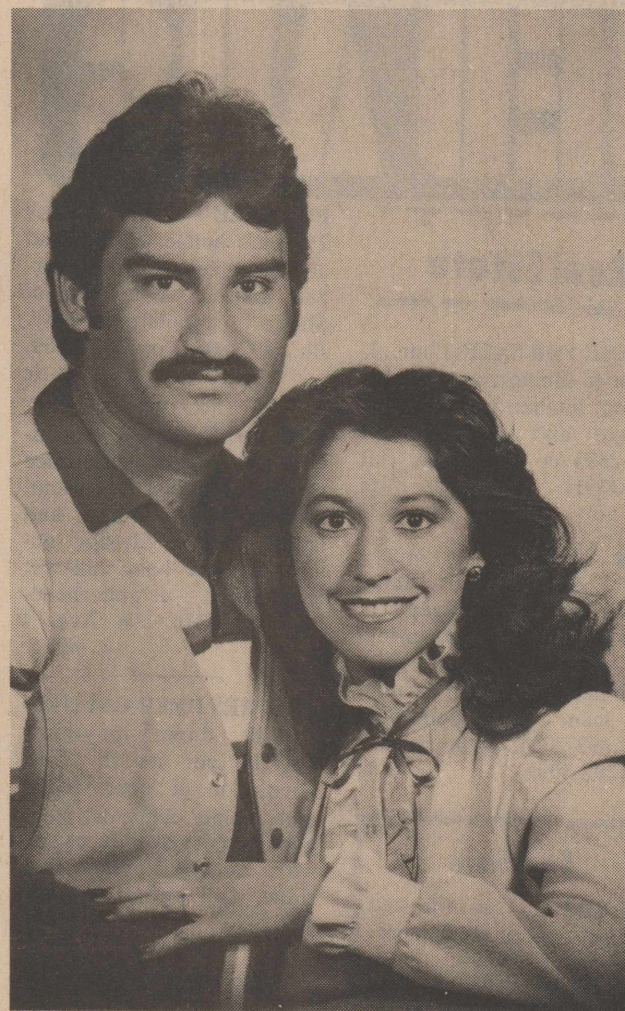

First quarter 1982 gas completions were up both for discovery and existing field wells. Discovery well completions rose 25 percent, standing at 385 this year compared to 287 last year. Existing field gas completions during the first three months of this year totaled 1,156, a nine percent increase over last year's total of 1,053 for the period.

Statistics for new holes drilled showed a 25 percent decline in oil discovery wells but a 26 percent increase in existing field oil wells, a 19 percent increase in gas discovery wells, and a 10 percent increase in existing field gas wells when comparing first quarter 1982 to the same 1981 period.

New holes in existing oil fields were 4,166 in 1982 and 3,073 last year for the first quarter. New oil discovery holes were 124 in 1982 and 166 last year. First quarter new gas discovery holes were 339 this year and 273 in 1981.

Following the trend in other drilling categories, the number of dry holes reported in the first three months of 1982 was up 14 percent compared to 1981, 1,690 to 1,449.

The volume of drilling applications received by the Commission during the first three months of this year was down compared to the same period of 1981. The Oil and Gas Division reports 10,884 drilling applications filed as of March 31, down from 11,508 received during the first quarter of 1981.

**ENGAGEMENT ANNOUNCED**-Mr. and Mrs. Marcel Gaboriault of Fort Stockton announce the engagement and approaching marriage of their daughter, Beatrice Gaboriault, to Joel Sanchez, son of Mr. and Mrs. Jose Sanchez, of Ozona. The bride-elect is a 1978 graduate of Fort Stockton High School and is attending Angelo State University. Her fiancé is a 1979 graduate of Ozona High School, attended ASU and is currently employed with San Angelo Police Department. A June wedding is planned at two o'clock in the afternoon, Saturday, June 5, in St. Joseph's Catholic Church in Fort Stockton.

### "Lazy eye" requires early detection

The pre-school child appears healthy and normal, and for some time even his parents fail to notice anything unusual.

But the signs are there: He rubs his eyes excessively, blinks or frowns often, and covers or closes one eye.

He has "lazy eye." Doctors call it "amblyopia," a visual defect that can develop in children and must be corrected at an early age, according to the Texas Medical Association.

The problem originates with an infant's failure to develop binocular (two-eyed vision). The baby begins to learn to use both eyes together soon after birth. If both eyes receive clear images simultaneously, the images are brought together in the brain, and binocular vision develops properly.

But if one eye is defective, binocular vision may not develop. The bad eye may have a major refractive error or may not be aligned with the other eye. Double vision or image confusion may result.

To deal with the visual confusion, the child ignores the image from the weak eye. Visual development of the eye stops, and amblyopia is the result.

The responsibility of spotting the problem rests mainly with parents because the child has no way of knowing his vision is faulty. Other signs they should watch for

in the child are stumbling over small objects, difficulty playing games requiring good vision at a distance, or tilting the head or thrusting it forward when looking at something.

If any of the signs are present, the child should receive medical attention, preferably from an ophthalmologist, a specialist in eye diseases. Treatment of amblyopia may include a patch over the stronger eye, glasses, soft contact lenses and eye exercises. Surgery on eye muscles is sometimes necessary.

Treatment should not be delayed because a child's vision development is virtually complete by age 7.

### Gonzales attends convention

Thirteen students and sponsor, Gus Smothers, from Cisco Junior College attended the 1982 State Convention of the Texas Student Government Association in El Paso, March 28-30.

Among students attending the convention was Lupe Gonzales of Ozona.

In addition to attending workshops the Student Government Association participated in a skit and essay and scrapbook contests. The Cisco Junior College SGA essay, "What Student Government Means to CJC", won first place.

With marriage rates increasing steadily, more wedding gowns, bridesmaid dresses and mother-of-the-bride dresses are homesewn, so check sewing catalogues for bridal fashions, says Alma Fonseca, a clothing specialist.

**Sports Fans**

**I BET YOU DIDN'T KNOW**

By Jerry Lay

One of the most amazing teams in sports history was the 1960-61 Boston Celtics of the National Basketball Association because every one of the 11 players on that team went on to become a head coach in college or pro basketball and the trainer of the team became a big league baseball owner! The trainer was Buddy LeRoux, now an owner of the Boston Red Sox. Among the players on that team who became coaches were Bill Russell, Bob Cousy, K.C. Jones, Frank Ramsey, Satch Sanders, Tom Heinsohn and Bill Sharman.

One of the zanies things ever seen in big league baseball happened in a game in 1948. Eddie Stevens was playing first base for the Pirates that day, Eddie Bockman was playing third, and Eddie Fitzgerald was catching. The batter hit a pop fly near the mound. Eddie Stevens came over from first, Eddie Bockman came over from third and Eddie Fitzgerald came out from the plate toward the ball. The pitcher, forgetting the oddity that there were 3 players all with the same first name going after the ball, shouted, "Eddie, you take it". All three Eddies, looking up at the ball, then crashed into each other. The ball fell to the ground for a base hit.
