## Kitty's Korner

by  
Kitty Montgomery

If all goes well, this time next week I will be on a cruise ship traveling down the Rhine River past Bonn, and the beautiful scenery of the Siebengebirge to Koblenz, with my traveling companions, Bernice Jones, Betty Perry and Leota Cox. "If all goes well," means if the plane doesn't drop in the ocean, if it gets off the ground and if I don't panic and cancel.

Anyway, the old pro, Evert White, will return to this desk after an absence of ten years, and get the paper out while I am gone. He will be getting help from the staff and those who contribute weekly, but I would like to ask you all to assist him in any way you can. That means getting your news items in before the Tuesday deadline, among other things. I don't think he really wants to do it, but when he offered, I accepted. I know the paper will be in capable hands and "if all doesn't go well," that will be a good thing.

I think a vacation in Europe will be good for me as well and I am really looking forward to it with a great deal of excitement. I don't relish the many hours in the air and over the ocean at that, but I can't think of any other way to get there.

I am taking the cards along, just in case someone wants to play bridge, but I'm not going to suggest it. After Bernice dreamed we were missing all the sight-seeing because all I wanted to do was play bridge after we got on the ship, I decided someone else was going to instigate any bridge game we might have. She also dreamed the ship was too big for the river and that the Rhine looked like the Pecos. I never have gotten around to asking her what she had for supper that night.

I hope the tour itself is as much fun as the planning. We've been packing and unpacking for weeks. Leota's front bedroom looks like a used clothing store, but she swears she is going to get packed and the room in order before departure date.

We are going to San Antonio in Betty's motor home, board the plane there, change in Atlanta, fly to New York, where we have a 4-hour lay-over, then board the KLM DC-10 for Amsterdam, Holland. You'll remember the DC-10 I'm sure. It's the one the motor fell off before it fell, I think it was in Chicago, some months ago. Oh well, if all goes well, I'll tell you about it when I get back. I plan to keep a diary.

Our itinerary calls for two weeks of gothic splendor beginning with Amsterdam, then the cruise on the river for four nights and five days, with daily excursions. When the cruise is over at Basel, Switzerland, we will journey to Lucerne, Liechtenstein and Garmisch. Then on to Munich, Salzburg and Vienna, where on the fourteenth day we will fly back to Amsterdam, then board the plane for home. If all goes well, we will be back in San Antonio Saturday, Oct. 23. Bon Voyage.

TRAFFIC LIGHT INSTALLED on Hwy 163 at the corner of the high school campus was put into operation Tuesday afternoon and motorists did obey the light. Hopefully, it will slow in-town traffic as well as protect students. The flasher

lights at the left are also important. When the lights are blinking, the speed limit is 20 miles per hour. When the lights are off 30 miles per hour is the limit. Very few motorists obey this caution light.

## Lions down Eldorado to retain undefeated status

By-Ross A. Alexander

The Ozona Lions, using aggressive defense and a relatively subdued offense kept an unblemished record intact Friday night in Eldorado, spanking the Eagles 21-12 before a huge Ozona crowd which had journeyed to the contest.

For the second straight week, the Lions exhibited a very relaxed, super confident almost casual commitment to the job at hand, and although the defensive unit exerted itself with at times outstanding play, the special teams and the offense showed a crippling indecisiveness and a nagging hesitancy throughout the contest to really put the Eldorado squad away.

"It's a situation of back to back ball games where we didn't play as well as we could have," explained head coach Don Abbott after the game. "Some of my guys

are getting just a little bit satisfied...I'm concerned but not pushing any panic buttons, just somewhat concerned."

The Lions offense simply was not firing out and seemed unsure how to solve the 5-3 stack defense that the Eagles showed on the Lions' first drive. With Willie Payne's 15 yarder and Bullet Flores contributing 34 yards, the offense moved well early, though the drive stalled some 50 yards downfield.

In the opening moments of the 2nd quarter, David Badillo began to open up the Lions' offensive assault. In a drive the QB put together from his own 31, Badillo alternated his rushing with that of Huerreca and the Bullet to advance in just 6 plays to the Eagle 45. With a first and 10 and 8:30 showing on the clock, Badillo faked into the line at a run-conscious defense, then tossed a quick pass to Robert Massey for another first

down at the Eagle 26. In a play called by Abbott from the sidelines, Badillo next hit Bullet with a TD pass over the middle good for 26 yards, as Flores sprinted untouched to paydirt. Mason's kick gave Ozona a 7-0 advantage which held up until the half expired.

After the half, the huge Ozona crowd became restive and much more vocal. The defense responded by stopping the Eagles offense forcing a punt. Although the Lions could not advance the ball and were themselves forced to kick, Huerreca's high spiral was fumbled and the Lions recovered at the Eagle 35 with 10:04 remaining in the 3rd quarter. Bullet then carried the Lions to the Eagle 6 where Leal then took it into paydirt.

Mason's conversion was good and Ozona led 14-0 with a little over 7 1/2 minutes remaining in the 3rd period.

The Eagles, despite two sacks by Carlos and Randy, managed to move the team in for a score with 2:20 left, but the 2 point conversion attempt was thwarted by the Lions' goal line unit, putting the tally at 14-6 as the third quarter came to a close.

After Ozona had exchanged punts early in the final period, Badillo moved his unit upfield to the Eagle 41 with good heads-up running and accurate passes. Faced with a 3rd and 6 at the Eagle 41, the crafty QB went back to his coach's earlier call and hit the Bullet across the middle for another TD toss to close out the Lion scoring for the evening.

Trailing 21-6 with 4:39 showing, Eldorado marched some 70 yards thanks to two long completions and the assistance of an off-sides infraction. Eldorado scored, but the 2 point conversion was again foiled by tough Lion defense, leaving a final tally of 21-12.

## DHT merit award to Ozona section

The State Department of Highways and Public Transportation honored the Ozona maintenance section recently with the presentation of a Certificate of Merit.

The award represents 1000 days of highway maintenance for an eleven man crew without a lost time injury. Credit is given for 250 working days per year, so the Certificate equals four years of work time.

During this four year period many hundreds of miles of highways were maintained by the employees doing work that exposed them to greater hazards than most persons otherwise employed.

Maintenance Construction Supervisor Cecil F. Hedrick began his DHT career in May of 1952 in Ozona when he went to work with Scottie Houston whose July, 1976

retirement vacated the position Cecil now occupies. During the years 1973-76, Cecil and his family lived in San Angelo where he was in charge of a Special Maintenance Force working in all of District 7.

Cecil is an excellent leader, through safety meetings and training he has shown his employees the need of working carefully and safely. One thousand days without a lost time accident shows the effectiveness of this worthwhile program.

The presentation was made by District Engineer D.R. Watson of San Angelo. He complimented Mr. Hedrick and his crew on their achievement and wished "their safety record would continue for many years to stand as a goal for other maintenance sections."

## Discussion of amendments

Ozonans along with voters throughout the state will be voting on six proposed amendments to the state constitution in the November 2, general election, and those who vote should take time to study the proposals before getting to the ballot box. Susan McBee, retiring state representative for this district, has compiled a discussion of the six proposals and made it available to the voters in her district. It is being passed on to readers of the Stockman in order to give voters a chance to make up their minds before election day.

**Amendment 1** repeals once and for all the 10c state property tax dedicated to construction at 17 state colleges. The Legislature repealed the tax, and it has not been collected since 1979. Some of the colleges benefiting from the tax, however, filed a lawsuit maintaining that voters must approve a constitutional amendment repealing the tax in order for it to be legally abolished. Thus, the necessity for this amendment.

**For**  
1. If this amendment is not adopted, not only will the tax be collected again, but property owners could be liable for back taxes from 1979 as a result of the colleges' lawsuit.

2. The state doesn't need to be in the property tax business, especially when the money is dedicated to only 17 of the state's colleges, leaving some 12 others to find funding somewhere else.

**Against-1.** The colleges that receive the money from the tax will suffer if the tax is repealed.

2. Before the state property tax is repealed, another dedicated fund should be established in its place to assure continued construction money.

**Amendment 2** would raise the current ceiling on state aid to the needy to \$160 million for 1982-83 and to 1% of the state budget for each subsequent biennium.

**For -1.** Currently, the language in the constitution requires matching federal funds before state money can be spent on welfare recipients. If the federal government curtails or restricts welfare spending, the state would have to do likewise unless this amendment is passed. If the federal government curtails or restricts welfare spending, the state would have to do likewise unless this amendment is passed.

2. Because of inflation and increased population, a rigid ceiling is impractical; and a more flexible one is necessary.

**Against-1.** Welfare spending should be reduced instead of increased.

2. The variable ceiling should be more clearly defined and less open-ended.

**Amendment 3** exempts farm equipment from property taxes.

**For-1.** It costs most taxing units more to try to levy this tax than it brings in revenue.

2. Farmers need this tax relief, and the impact on local governments will be small.

**Against-1.** Farmers already get too many tax breaks.

2. If one group of taxpayers gets a tax break, another group will probably have to pay more.

**Amendment 4** would allow members of water districts to serve up to 4-year terms instead of 2.

**For-1.** Water districts could save time and money by having fewer elections.

2. Directors could be more

**CONTINUED ON PAGE 6**

## SCS director's election set

An election for a director to serve in Zone 4 on the Crockett Soil and Water Conservation District Board is scheduled for Wednesday, October 13, at the S.C.S. office located at 401 First Street, announced Bill Baggett, chairman of the board. Baggett advises to note new S.C.S. office location. The election will be held at 7:30 p.m.

State law decrees that to be eligible to vote in a soil and water conservation district director's election, a person must own agricultural land within the subdivision where the election is being held. The person must also live in a county all or part of which is in the district and the voter must be 18 years old.

Legal qualifications state that a candidate for the office of a soil and water conservation district director must own land in the zone he represents, be 18 years of age and be actively engaged

in farming or ranching. He must also live in a county all or part of which is in the district.

Zone 4 of the district includes all lands in Crockett County lying west of the Ozona-Comstock Road (Divide Route) or Johnson Creek and south of U.S. Hwy. 290 and east of county road following Howard's Creek to the Val Verde County line.

Current members of the board of directors of the Crockett SWCD are Bill Baggett, chairman of zone 1; Earl Acton, vice-chairman of zone 3; Joe Couch, secretary of zone 4; Gene Perry, member of zone 2, and Bud Hoover, member of zone 5.

The purpose of the Crockett SWCD is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for ranchers on conservation matters and other issues affecting private property rights of landowners.

CANDIDATE VISITS OZONA-Mr. and Mrs. Ernest Angelo were in Ozona Monday on a campaign tour. Mr. Angelo is the Republican nominee for State Senate, 25th District and

will face Democrat Bill Sims in the November 2, general election. Martha Henderson, right, is Angelo's campaign manager for Ozona.

MIDEAST PEACE PROCESS

By Edwin Feulner

Despite the tragic events of the past couple of weeks — the assassination of Lebanese President-elect Bashir Gemayel and two-dozen of his followers, and the brutal revenge massacre that was carried out in its wake — now more than ever American policymakers need to exercise restraint, both in their actions and in their words.

While everybody concedes that Israeli Prime Minister Menachem Begin is unlikely to win a scholarship to Miss Tribble's Charm School and Beauty Academy, the severity of the personal attacks on him, and the abuse being heaped on the Israeli government are uncalled for.

It's time for everyone — President Reagan and Secretary of State George Shultz included — to back off.

To understand Israel and Israeli policy, one must understand its tortured and brief history. Israel grew out of Europe's death camps. It was intended to provide a refuge for world Jewry. It is wrong to imply, as many piously do, that the state of Israel, in order to justify its existence, must adhere to special moral standards we ask of no one else in the world — not even ourselves.

Before we join in the chorus denouncing Mr. Begin, we also should remember that Menachem Begin — sweetheart or not — is one of only two popularly elected heads of state in the entire region. The others — from the Saudi crown prince to the Libyan madman — have never seen an election. Menachem Begin was elected and subsequently reelected to his post — and can even be unelected by a vote of "no confidence" in the Israeli Knesset (parliament).

Israel is a constitutional democracy; the other states in the region, with the exception of Egypt — the only state at peace with Israel — are run by potentates and strongmen.

What is really behind the criticism of Menachem Begin is the West's own weakness and feelings of inferiority. Western leaders resent the fact that Menachem Begin is willing to back up his words with might. They resent the fact that some people on the face of the earth are still willing — voluntarily — to fight for what they believe in. And they resent Israel's long string of battlefield successes — beginning in 1947 and lasting to this day — because we in the rest of the West no longer seem to have the stomach for victory. We, and the French before us, proved that in Southeast Asia.

In other words, it made us feel good — in a patronizing, paternalistic way — when we thought of Israel as an underdog that the United States would someday have to rescue from the clutches of its nasty Arab neighbors. Israel has grown up on us, however, and like the bitter father who refuses to recognize his daughter's marriage, many Americans feel they have to punish this naughty grown-up child.

What's to become of Israel?

With or without our help, Israel will survive. Menachem Begin and his successors will see to that, just as the leaders of Taiwan and the other so-called pariah states will ensure their own survival, even if betrayed by the West.

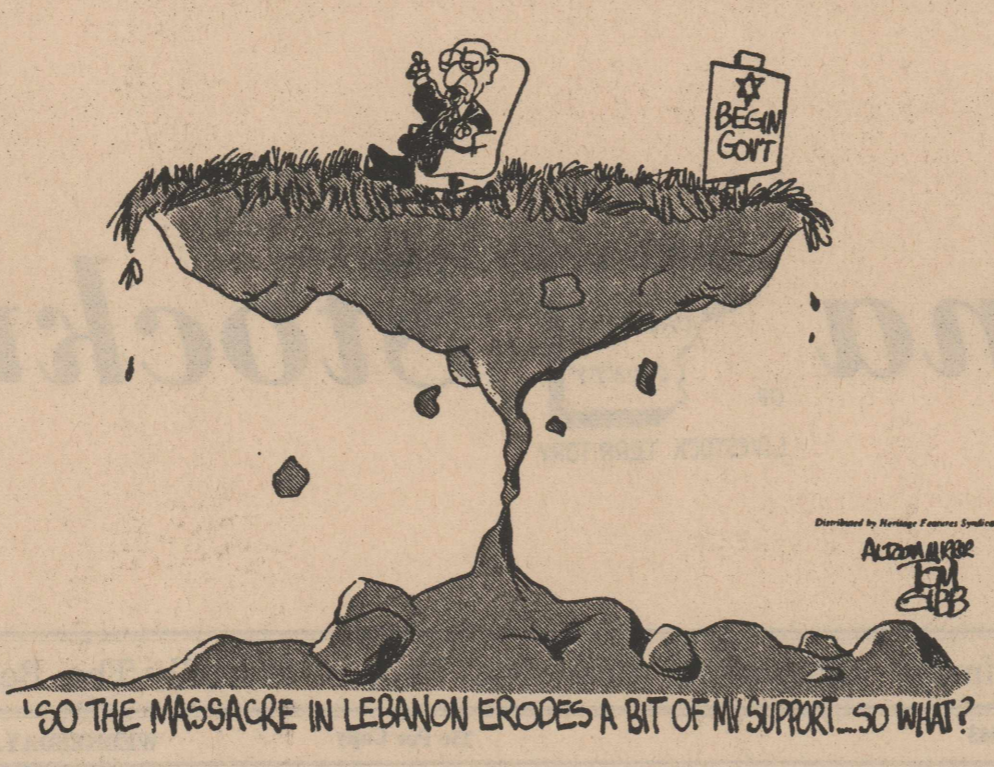

The road to peace in the Middle East isn't as confusing as many of the old pros make it out to be. Despite his gruff-talk and no-nonsense demeanor, Mr. Begin has shown he is equally up to the challenge of peace as he is in meeting the challenge of war. What stands in the way of peace is not Mr. Begin's much-overstated intransigence, but that of his Arab neighbors.

1) The Arabs must declare an end to the hostilities. Americans seem to have short memories. But like it or not, most of the Arab states still consider themselves at war with Israel. Let them now declare an end to war and sign a peace treaty with their neighbor.

2) That will require Arab recognition of Israel. The peace process can not move forward until the crown prince of Saudi Arabia, the king of Jordan, and the other heads of state of the Arab world accept the obvious: Israel is; Israel always will be.

It's time for the President and Secretary of State to start twisting Arab arms. The future of the peace process rests with them, not Menachem Begin.

(Feulner is President of The Heritage Foundation, a Washington-based public policy research institute.)

STATE CAPITAL HIGHLIGHTS  
By Lyndell Williams  
TEXAS PRESS ASSOCIATION

AUSTIN—Most political observers do not place much stock in "published" poll results, figuring the results have most likely been doctored a bit to help the image of one candidate or another. But a poll quietly released last week by the Texas League of Women Voters has set off a significant buzz about the gubernatorial election.

The statewide poll showed Gov. Bill Clements trailing his Democratic challenger, Atty. Gen. Mark White, by about three percentage points. The Clements campaign has been claiming a lead of between five and 13 percentage points, and it quickly disputed the League of Women Voters poll.

The women's group took the survey to see if there was sufficient support for two minor party candidates to participate in league-sponsored debates.

The poll showed insufficient support for the Libertarian Party and Citizens Party candidates, leaving only Clements and White to square off before the television cameras.

**Poll Specifics**  
The League's poll was conducted by a respectable firm, Shipley & Associates of Austin, which surveyed 925 voters statewide over last weekend.

Registered voters indicated 41.6 percent favored White, 38.4 percent favored Clements, and 17.9 percent answered undecided. The minor party candidates each drew less than one percent support, well below the required 15 percent support needed to get in on the debate action.

The first debate was held Sept. 24 in Amarillo, the second will be on Oct. 11 in Austin, while the third is set for Oct. 16 in Dallas.

With the race a virtual neck-and-neck struggle going down to the wire, a good bit

Collins says Bentsen anti-business

Lloyd Bentsen is no friend of the small businessman, his challenger for the U.S. Senate told members of the Texas Restaurant Association in Dallas Tuesday.

Jim Collins, a conservative Congressman who is challenging incumbent Bentsen for the U.S. Senate, said that for "12 years Lloyd has voted for increasing the regulatory burden on American business."

"In 1977, Bentsen voted against exempting teenagers from the federal minimum wage."

"In 1975, Bentsen was one of only two Southern Democrats who voted to continue to let OSHA (Occupational Safety and Health Adm.) regulate businesses with three or fewer employees."

"In 1979, Bentsen voted for President Jimmy Carter's and the Department of Energy's plan to control the thermostat settings in non-residential buildings," Collins said.

Collins told the group that "conservatives believe in jobs, liberals believe in welfare. That's the difference."

of the still undecided vote may be swayed by the televised debates.

In the first debate in Amarillo, White took advantage of the wide coverage to discredit what he called a Republican smear tabloid put out by the Clements campaign.

**Two False Steps**  
The tabloid, titled the Texas Spectator, called attention to a 1963 public intoxication incident when White was a college student.

The publication, released by his staff with Clements permission, probably was an attempt to put White on "the wrong side" and Clements on "the right side" of what is the new fad issue for the coming Legislature: drunk driving reform.

If so, it may have been a false step for the Republicans, because the Democrats immediately jumped the tabloid for being what Democratic Party chairman Bob Slagle called "the foulest piece of political propaganda I've seen," referring to other articles in the tabloid.

The tabloid probably hurt Clements instead, because the established press disapproved of the tactic, and no significant gain in support was evident. But it did stir up Democrats across the state who vowed to work harder to defeat Clements.

A second false step for the GOP was remedied

somewhat when Republican Secretary of State David Dean recalled his so-called felons voter list. Dean, who had wanted to purge felons from the voting lists, mistakenly included the names of innocent people, including a Democratic candidate for the Legislature.

The recall was prompted by a lawsuit move on the part of the aggrieved candidate.

Dean also has been sued by Brownsville Rep. Rene Oliviera who contends the incident may wrongfully deprive some people of their right to vote.

**Ballot Spot**  
Meanwhile, the Democrats have lost their battle to substitute the name of Victoria Rep. John Sharp on the ballot for the state Senate seat vacated by the death of La Grange Sen. John Wilson.

Wilson, who had been nominated for re-election, died a few hours after the deadline for making ballot changes.

The Texas Supreme Court refused to consider a suit filed by the Democratic Party to force Secretary of State Dean to allow them to nominate a replacement for Wilson.

The decision means Wilson's name will stay on the ballot, along with that of Republican nominee Dr. James Everett Ware.

**SIMS talks SENSE Education**

When I was growing up in Concho County, the three most respected people in the community were the banker, the preacher and the school teacher.

Today, in most West Texas communities, these people are still respected. But we must insure that our teachers keep that respect. We can start with their self-respect by paying teachers a wage commensurate with the enormous responsibilities we place on them.

In many cases, we ask them not only to educate, but to be the frontline foot soldiers in the battle to cure our social ills. In the course of campaigning for the Texas Senate, people have been talking about many issues that face us now and in the years ahead. One thing that seems to be uppermost in the minds of many West Texans is education.

People are concerned about our children and the quality of education they receive in our public schools. They are also worried about attracting and keeping good teachers in our classrooms.

They are right to worry about these things. An informed citizenry that can make intelligent decisions is the very cornerstone of our democracy.

Quality public education is the way we achieve this goal. Our forefathers understood this. It's why the teacher shared the high esteem of the banker and the preacher.

It's time we put our education system back in that perspective. It's time we paid our teachers to teach, not to be social workers, truant officers and baby sitters.

A West Texan for our times.

LETTERS TO THE EDITOR

October 4, 1982

Dear Kitty,  
I am writing this letter concerning the court that was on September 27, 1982. I feel that justice was not right for this matter.

The court was held because my ex-husband Darrel Williams wanted custody of my two daughters, Mary Frances Williams and Martha Jean Williams. I think that the reason my ex-husband got custody of them was because Judge Troy Williams is somehow related to my ex-husband and was on his side all the way. Also I don't think that it was fair that the judge was allowed to judge being that he is related to my ex-husband.

I feel that my daughters should've been with me because ever since they were born I have taken care and fed them, because my ex-husband was never man enough to hold down a job long enough. After we were divorced he never sent child support payments and never even knew if my daughters had something to eat or clothes to wear. At times I had to beg to give them something to eat because I didn't have a job. I don't regret this one bit because not like him, I do care about them. Also when I used to put a complaint on him for child support payments they would always give me some excuse for not making him send the payments. They also told me that because he lived in another state they couldn't make him send the payments. I think that the same way he could never support them, he had no reason in the world to get custody of them.

People that have lived in this town as long as I have know that I always one way or another took care of them. At court they didn't give my daughters a chance to say who they wanted to be with. They both wanted to stay with me and I think that they are old enough to say who they want to be with. My ex-husband and his wife had to force them in the truck so they could take them. I was put in jail for 24 hours because any mother would have fought for their kids like I did. I don't regret being put in jail the only thing I regret is that after so many years that my ex-husband never supported my daughters he just came and took them away like nothing because the judge was on his side. If I had the money, I would get all the lawyers it would take to ask for another court and get my daughters back. But since I don't the only thing I can do is pray to God each and every day and I know that God has more power than Judge Williams, my ex-husband, and all the people that work under Judge Williams. They will all pay for what they are doing to me because God's justice is equal and fair.

After Judge Williams told me I could talk to my girls, I tried calling over to Arkansas and got the recording that their number is not in service. They either changed their number or had their phone disconnected. Also it has been about a week since they took my girls and haven't received a letter from them. I think that my ex-husband and his wife don't let them get in touch with me. But I know that with God's help my daughters will find a way to get in touch with me because they want to be with me as much as I want them to come back to me. I know with God's help my daughters will be with me in the end.

Lucy G. Williams  
October 4, 1982

Dear Kitty:  
The class of '32 had a wonderful reunion. Many old friendships were renewed and some new ones begun with the spouses and children of our classmates. We want to thank you for the wonderful coverage you and your staff gave our happy occasion.

To have Willa come on Saturday morning to take our picture was almost beyond the call of duty, especially since we'd made the front page the week before.

We all felt so honored and we want to thank you, the school and our many friends in Ozona that helped make this a very memorable occasion for all of us.

Class of '32  
September 28, 1982

Dear Editor:  
I am enclosing a page from the Sept. 23 edition of our campus newspaper, The Western Texan, which carried an article on our women's basketball team written by Jana Harris from Ozona.

We would be pleased to have you run this article if you see fit.

We are excited about the prospects for our women's team, the Dusters, and think Miss Harris did a nice job with the story. Coach Cushing said he had only a short time to talk with Miss Harris before the story was written and he found it nicely done.

Miss Harris is a graduate of Ozona High School and is one of Dr. Mike McBride's journalism scholarship students this year. Her parents are Mr. and Mrs. Charles Harris of Ozona.

The Western Texan is the official student publication at WTC and is scheduled to be published 12 times during the 1982-83 academic year.

Yours truly,  
Mrs. Aline Parks  
Publicity Director  
Western Texas College

# Debra Says

By Debra Price

Quite often I have requests on how to fix food for groups. Here are some of the answers:

Red Beans: 5 lbs. of beans will give you 50, 5 oz. portions.

Food for fifty—**POTATO SALAD**  
Yield—6½ qts.

15 lb. potatoes  
2 cups French dressing  
1½ Tablespoon Salt (or more)  
½ cup Vinegar, mild  
Cook potatoes until tender. Dice. Add combined dressing, salt, and vinegar. Mix carefully while potatoes are warm. Marinate until cold.  
12 eggs, hard-cooked diced  
4 oz. green peppers, chopped.  
6 oz. pimiento, chopped  
1 lb. celery, diced  
8 oz. onion, chopped  
8 oz. pickles, chopped  
2 cups mayonnaise  
Add remaining ingredients. Mix carefully. Allow to season at least 1 hour before serving. Serve with No. 10 dipper.

**Cabbage Salad**  
Yield—4½ qt.  
7 lb. cabbage, shredded  
1 qt. salad dressing  
1½ teaspoon salt  
Add salad dressing to shredded cabbage. Mix lightly. If dressing is too thick, add cream to thin. Mix just before serving so cabbage does not lose its crispness. Serve with No. 12 dipper.

Variations:  
Cole Slaw—Add 3 cups sugar and 3 cups vinegar mixed. Omit salad dressing. 1 tablespoon celery seed may be added.  
Creamy Cole Slaw—Use 2 cups mayonnaise, 2 cups sweet or sour cream, ½ cup vinegar, ½ cup sugar.

**Spaghetti with Meat Sauce**  
Yield—4 oz. sauce  
4 oz. spaghetti  
8 lb. ground beef  
5 qt. tomato puree (or tomatoes)  
1 qt. water  
1 ¼ qt. Catsup  
1 lb. onion, chopped  
2 Bay leaves  
1 teaspoon Thyme  
1 clove garlic  
½ cup Worcestershire sauce

2 teaspoon Cayenne pepper  
1½ tablespoons salt  
Brown beef. Add remaining sauce ingredients. Cook slowly, stirring frequently, until thickened, approximately ½ hr.  
4 lb. spaghetti  
Cook spaghetti. Serve 4-oz ladle of sauce over 4 oz. spaghetti.

**Rice:** 3-4 lbs. will give you 50 ½ cup servings. Yield varies with type of rice.  
**Spaghetti:** 3-4 lbs. will give you 50 ½-¾ cup servings. Yield varies with quality.

**Rump Roast:** (Boneless) 18-20 lbs. will give you 50 3 oz. servings. 1 lb. A.P. = 0.25 lb. cooked meat.  
**Ground Beef:** 13-15 lb. will give you 50 3 oz. servings. 1 lb. A.P. = 0.60 lb. cooked meat.

**CHEESE DAINTIES**  
Nuts  
½ cup margarine  
¼ pound (1 cup) grated cheddar cheese  
1½ cups flour  
¼ teaspoon cayenne pepper  
¼ teaspoon paprika  
1 teaspoon salt  
1 egg white  
1 tablespoon Worcestershire sauce

Mix ingredients with electric mixer and then by hand until well blended. Shape into small balls. Place on ungreased cookie sheet. Press with fork. Brush nuts with slightly beaten egg white and place on top of each ball. Bake at 325 degrees for 25 minutes. Yield: about 50

**DUPLICATE BRIDGE**  
Mrs. John Childress and Mrs. Gene Williams were the winners in Duplicate Bridge Club play Saturday at the Country Club. There was a tie for second between Mrs. Bill Baggett and Mrs. Joe Clayton, and Mrs. Robert Cox and Mrs. Sherman Taylor.

In play Sunday Mrs. Cox and Mrs. Tom Montgomery were first, and Mrs. Childress and Mrs. Williams, second.

PHONE NEWS TO THE OZONA STOCKMAN.

## Barbecue recipe contest underway

Barbecue lovers are invited to submit their favorite original barbecue recipes in a new contest announced by Golden West Publishers.

The book publishing firm, which specializes in cook books, is sponsoring this contest in its search for recipes for a **Best Barbecue Recipes Cook Book** to be published next year.

Recipes are invited for pit barbecue, outdoor barbecue, charcoal barbecue, earth barbecue, Southern barbecue, Western barbecue, stake barbecue and variations. Other recipes for barbecue sauces, barbecued beans, barbecued vegetables and barbecue side dishes are also welcomed.

## Womans League meets with Mrs. Chandler

Ozona Woman's League met Tuesday, September 28, in the home of Mrs. Erby Chandler with Mrs. Wesley West assisting as co-hostess. Dr. Steve Sessom presented a most informative talk on "Communication Within Marriage," proving his talents in areas other than dentistry.

Mrs. Tony Allen gave the inspirational reading after which the business meeting was conducted by president, Mrs. Lane Scott. Projects chairman Mrs. Billy Carson presented an active calendar of future events which will include the entire community as the League enters the war against drugs in Crockett County.

Bill Freeman, investigator for the D.A.'s office, will present a program on drug awareness for the general public, along with a film from the Harris County's coroners department showing drug effects, October 18, in the high school auditorium at 7 P.M. Parents are urged to bring their school age children.

Friday, October 8, the League will show the movie "Bullet" starring Steve McQueen immediately after the football game for Youth Civic Center members.

Other members present

for Tuesday's meeting were Mmes. Bobby Aycock, David Bean, Fred Chandler, Bob Childress, Duane Childress, Dwight Childress, Pleas Childress III, Randy Crawford, Buster Deaton, Deene Holden, John R. Hunnicutt, Rick Hunnicutt, Fred Jones, Steve Kenley, Bill Mason, Frank McMullan, Van Miller, Gary Buck Mitchell, Douglas Moore, J.S. Pierce IV, J.S. Pierce V, Jack Probst, Steve Sessom, John Stokes, Jeffery Sutton, Randy Upham, Gary Vannoy, David Weant and Rick Webster.

**PUBLICATION GUIDELINES FOR WEDDINGS**  
Engagement announcements and pictures should be in this office not later than six weeks prior to the wedding. Wedding pictures and wedding information must be submitted the Monday following the wedding. The Stockman will no longer be able to give space to a wedding occurring prior to the first edition following the event.

If you can see some good in everyone, nearly everyone will see some good in you.

## Tips For Gardeners

From The Ozona Garden Club by Mrs. Bailey Post

With October here, suddenly it seems that summer is gone, and there is the rush to a new season. The sun slants lower in the sky now, daylight hours shorter, and the morning air especially becomes crisp. Their is the urgency to be outside more to enjoy your garden, and watch for the beautiful fall coloring to start.

To make sure your Kalanchoe blooms this winter, start the flowering cycle this month. Kalanchoes require about 14 hours of darkness each night for at least 3 months in order to flower. At night, put the plant in a closet where it can remain in total darkness without being disturbed. When the buds begin to show color, start normal culture.

You can have blossoms from mid-February until May by planting bulbs that flower at different times. The following timetable includes some of the many bulbs available and in order in which they flower.

Early (January and February) snow drop, winter aconite, crocus, iris, tulips (single early, double early, kaufmanniana, grugii and fosteriana), grape hyacinth, trumpet daffodils.

Mid-season (March) hyacinth, large-cupped daffodils, tulips (triumph and darwin hybrids).

Late season (April and May) tulips, (lily-flowered, parrot, cottage), summer snowflake, and wood hyacinth.

If you want to force amaryllis into bloom get your bulbs now to get the best selection. They do not need to be refrigerated so that means you can plant them as soon as you buy them. Once potted it takes only 6 to 7 weeks for an amaryllis bulb to flower. Choose only large, firm bulbs with many developed roots. A rich, well drained potting mix is essential for growing them indoors. Commercial potting soils will do, but a mixture of equal parts sterile potting soil, perlite or vermiculite, and peat moss is ideal. Add 1 teaspoon of 5-10-5 plant food to each quart of planting mix. Select a pot at least 2 inches larger in diameter than the bulb and deep enough to hold 2 inches of potting mix beneath the bulb. Set the bulb into the pot, and spread the roots over the soil and gently fill the space around the bulb with potting mix. Be sure to leave at least one-third of the bulb exposed. If planting more than one bulb in one container, be sure to space them at least 2 inches apart. After planting, water well and place in bright, indirect light. Growth should begin within a week. Keep soil evenly moist, but never wet or soggy, until the flowers open.

**October Above-ground Crops:** 17, 18, 19, 20, 23, 24, 25, 28, 29

**Root Crops:** 5, 6, 9, 10, 16.

**Mrs. Miller hostess for Friday club**

Mrs. J. B. Miller was hostess for the Friday Bridge Club in her home last week.

Mrs. Bailey Post won high and Mrs. O. D. West, low. Mrs. Sterling Baker won the bingo.

Others playing were Mrs. Eddie Arnold, Mrs. Oscar Kost, Mrs. Sherman Taylor, Mrs. Roger Dudley Jr., and Mrs. Evert White.

## Mrs. Bailey is hostess for bridge

Mrs. Sonny Bailey was hostess for Ozona Country Club Bridge Thursday at the club.

High score went to Mrs. Arthur Kyle and second high to Mrs. Joe Bean. Mrs. Tommy Harris won both the bingos.

Others playing were Mrs. Clay Adams, Mrs. Charlie Black, Mrs. John Childress, Mrs. Joe Friend, Mrs. John R. Hunnicutt, Mrs. Gene Lilly, Mrs. J. J. Marley, Mrs. J. B. Parker, Mrs. Buddy Phillips, Mrs. Jake Short, Mrs. Sherman Taylor, Mrs. Evert White, Mrs. Charles Williams, Mrs. Gene Williams, Mrs. Jack Williams, and Mrs. W. E. Friend.

Order your wedding invitations at The Ozona Stockman. We have a large selection.

## Calling All Homemakers

Brought to you by Brown Furniture

In decorating a living room or family room, most people think of using a main grouping of one sofa plus some chairs--and there's nothing wrong with that--but there are some beautiful and practical alternatives.

One of the alternatives to think about is using both a sofa and a love seat together in a convenient "L" shaped arrangement with perhaps a table in between.

Or how about two full size sofas facing each other, or a sofa and love seat facing each other. This is one way to get increased seating in addition to bringing people into a nice conversation grouping.

We even saw recently a family that used not two, not three, but four sofas in one room, forming a square, each facing each other with a table in the middle.

Another thought is to buy a matching sofa and love seat which can be used in different parts of the room.

There are lots of beautiful ideas. You don't have to be tied to the single sofa idea. And the extra sofas or love seats can give you versatility plus. Come in and see a nice selection at Brown Furniture.

## Need to STRETCH?

God apparently didn't want us to be cramped. He gave us the ability to stretch!

Whenever we begin to feel cramped that ability to stretch becomes an impelling need.

The soul shares with the body its restlessness, its aversion to being cramped. And the soul too has been given the ability to stretch--through worship, to reach out toward God.

Because all week our souls are sorely cramped . . . that ability to worship becomes an impelling need.

Worship with us next week. Your soul needs to stretch!

**DEPARTMENT STORE**

## Celebrating 20 Years

To say Thanks to Ozona on our 20th Anniversary, we are offering for 3 days only--

### October 7, 8, 9-- 20% off of ALL merchandise in our store.

We are happy to be celebrating our 20th Anniversary of serving Crockett County in the family clothing business. It is believed we have been in the same location under the same management longer than any other retail business in Ozona. When we opened our clothing store on October 8, 1962, we promised "to offer fine merchandise at a fair price for cash" and to continue to expand our inventory to best serve the needs of Ozona. We feel that we have done this; our inventory has grown each year. We are glad we came to Ozona and we hope you are glad, too.

Remember, **20% off EVERYTHING** in the store on October 7, 8, and 9.

No lay-a-ways or charge cards during these days, please.

Again, Thanks, Ozona, for a great 20 years.

Bill and Julie Watson

# Remember the "Good Old Days"

The Red Apple is going all out to give them back to you for 8 beautiful days.

Please come enjoy our food and hospitality.

We have enjoyed 12 wonderful years in Ozona and we are celebrating.

### Ybarra services held here

Funeral services for Hortencia Ybarra, 60, were held Saturday in Our Lady of Perpetual Help Catholic Church at 10 a.m. followed by burial in Cedar Hill Cemetery.

Mrs. Ybarra died at 7 a.m. Thursday, in Shannon West Texas Memorial Hospital.

She was born Hortencia Cortez, March 27, 1922, in Ozona. She married Inez Ybarra Dec. 26, 1940 in Robert Lee.

Survivors include her husband of Ozona; three daughters, Mrs. Domingo Leal, Mrs. Diego Pena, Mrs. Benito Gutierrez, all of Ozona; five sons, George Ybarra, Santiago Ybarra, Jose Ybarra, Pete Ybarra, Edward Ybarra and her father, Hilario Cortez, all of Ozona. Also three sisters, Sofia Tijerina, Ofilia Enriquez, Adelina Flores, all of Ozona; 22 grandchildren and five great grandchildren.

### Taylor services in Rankin

Funeral services for Ben Clay Taylor, 72, brother of Mrs. Ray Dunlap of Ozona, were held Thursday in Rankin. Mr. Taylor died Sept. 28, in a San Angelo hospital following a short illness.

Basil Dunlap and B.W. Stuart were among the nephews who served as pall bearers.

### Ms. Applewhite hospitalized after fall

Lib Applewhite is in room 327 in Angelo Community Hospital, where she is recovering from surgery for the repair of a broken arm.

Mrs. Applewhite broke her arm when she fell Friday in the Water District office where she is employed. The arm was broken in three places above the wrist and necessitated extensive surgery which was not performed until Monday.

## Crockett County Care Center News

BY ANN McCARTNEY  
DIRECTOR OF ACTIVITIES & SOCIAL CARE

September slipped away and October began this week. That means it is almost time to start planning for Christmas. My, doesn't time fly!

Our fourth Sunday services are always provided by the faithful people of the Church of Christ. Our residents appreciate their singing and their visitations.

Monday morning we discovered new fish had been added to our aquarium, thanks to Linda Hudler who was moving from Ozona and needed to find a home for them. Thanks, Linda, for thinking of us.

Dominoes were played Monday morning by Ola Mills, Louise McWilliams, and Johnny Henderson. Monday afternoon a nice group met in the Day Room for reading and discussing. The topic for the day was fall with all its many colors.

Tuesday bingo winner of the El Chato's dinner for two was Alice Locke. She had her dinner sent back to her at the Care Center because she wasn't up to our field trip but a nice group did go to El Chato's for dinner. They included Carol Reed, Juana Hernandez, Paul Cavin, Frances Borrego, Ola Mills, Nina Mayfield, Nila Turnell, Virginia Russell, and Johnny Henderson. Volunteers included Juana's daughter Yolanda and her daughter; Maxine Henderson and her son, Winn Saunders; Bernabe Villarreal, and Dorothy Doll. We really appreciate the help, both with transportation and with the mobility of our residents.

Wednesday morning ceramics were conducted by Ruth Hester and Dorothy Doll. Residents participating included Juana Hernandez, Ola Mills, Verna Talley, and Moriana Perez. Wednesday afternoon our residents were treated to donuts donated by Donuts, Etc. Thanks, friends for this treat.

Thursday morning beauty shop was manned by Madye Jo Humphreys and Arlene Clayton. Thursday afternoon Charles Huffman was the

speaker for the Faith Lutheran Church's Bible Study. A nice group came with him to help with the music. This was followed by Spanish Hour conducted by the Catholic ladies.

Friday morning bingo, and a certificate from Clayton's Village Drug, was won by Jesus Hernandez. Virginia Russell and Juana Hernandez tied for second. Volunteers for the week included Dorothy Doll, Alice Ross, and Anna Bell Patrick.

With Friday came a new month and new calendars to be hung. Many thanks go to Dorothy Doll for helping with this project.

If there is anyone out there who is thinking "I would like to do some volunteering if I only knew what to do," let me say, please give me a phone call or drop me a line by mail and I will give you a monthly calendar as well as a list of suggestions. The possibilities are only limited by the lack of human input. Think volunteer!

### Amendments-

(Cont'd From Page One)

effective with a longer term.

**Against-1.** Frequent elections keep directors close to the people.

**2.** These districts have had 2-year terms since 1900 without any problems, so why change now?

**Amendment 5** allows the voters in Tarrant and Bee Counties to hold an election to decide whether or not to abolish the office of county treasurer in their respective counties.

**Amendment 6** would raise from 6% to 12% the maximum interest rate allowed on state bonds.

**For-1.** The current 6% interest limit is too low, and the state hasn't been able to sell some of its bonds.

**Against-1.** Increasing the interest rate contributes to the inflationary process.

### Ozona girls vie for Jr. Miss title

Three Ozona girls are entered in the Permian Basin Junior Miss Scholarship Program. The pageant will be held November 20, in Odessa. Winner of the pageant will then attend the Texas Junior Miss Program in New Braunfels, in January of 1983.

The contestants are Jacinda Marley, daughter of Mr. and Mrs. Jess Marley, sponsored by the Ozona Stockman and the Teacher Store; Sarah Falkner, daughter of Mr. and Mrs. Bob Falkner, sponsored by Ozona National Bank; and Karise Aycock, daughter of Mr. and Mrs. Bobby Aycock and sponsored by Crockett County National Bank.

There will be several rehearsals prior to the pageant. The girls are judged on scholastic achievement, judges interview, creative and performing arts, physical fitness and poise and appearance.

### Boosters have jacket sale

Boost the Lions in purple this year, by purchasing a purple windbreaker from the Ozona Band Boosters. When district play begins Friday, the booster club would like to see every Ozona fan cheering the team on in purple. The jackets are \$30 and all sizes are available. To purchase, call Mrs. Jess Marley at 392-3432.

### SCS in new location

The Soil Conservation Service has moved to a new office location at 401 First Street. The S.C.S. was formerly located on the Sheffield highway next to the Ozona Chamber of Commerce.

A directors election will be held at this new office location October 13.

## Operating without a budget is disaster

Operating without a budget can be like traveling in unknown territory without a roadmap, particularly in the farming business today. Budgets are particularly vital to small grain producers in Texas as they get ready to plant their fall crop.

"Because of the current economic crisis facing farmers, they need every bit of information available to help them in decision-making," said Dr. Ashley Lovell of Stephenville, economist with the Texas Agricultural Extension Service, Texas A&M University System. "This is where an enterprise budget comes into play. It helps in organizing and analyzing information which otherwise may have been overlooked."

For instance, Lovell noted that when farmers put the pencil to projected costs and returns for the 1983 wheat crop, they are facing an uphill battle to cover costs and eke out any profit.

"Assuming a market price of \$3.55 per bushel for wheat, virtually no farmer in Texas could cover all production costs," said Lovell. "For various regions of the state, the breakeven price per bushel needed to cover all costs ranges from \$3.54 to a high of \$6.63. These estimates assume yields 90 percent of normal."

Looking at the Central Texas Blacklands, the economist has estimated total variable costs per acre at \$81 for a 27-bushel per acre yield and \$101 for a 40-bushel yield. With a 27-bushel yield a farmer faces a breakeven price of \$4.25 to cover variable costs plus land rent while the breakeven price is \$3.60 with the higher yield.

"While many farmers plant wheat and other small

grains for both winter grazing and a grain crop, forage production is sometimes the main purpose, particularly for stocker cattle operations," said Lovell. "In this case, producers might be better off planting an alternative crop, such as clover."

In considering winter forage for grazing only, the economist estimated the total variable cost for oats and ryegrass at \$80.75 per acre in the Blacklands compared to \$62 for arrowleaf clover. Assuming equal livestock gains from grazing, the breakeven price to cover variable costs per pound of beef sold would be 40 cents for oats and ryegrass and only 31 cents for clover.

As farmers prepare their budgets and look ahead to the 1983 small grain crop, they also need to evaluate their participation in the wheat program which calls for a 20 percent acreage reduction, Lovell said.

### League to sponsor movie

All members of the Crockett County Youth Center are invited to the movie, "Bull-It," starring Steve McQueen, at the County Auditorium Building.

The movie is being sponsored by the Ozona Woman's League Friday, October 8, after the Ballinger football game. Showtime is 10:30 p.m.

The League invites Youth Center members to come celebrate the Lions' first district football game of 1982. Refreshments will be served.

Plus they need to use their budgets as a tool in developing and evaluating marketing strategies. Two considerations include determining whether to lock in a price by hedging or forward contracting or whether to graze the crop.

Of course, budgets are essential in making input decisions regarding fertilizer rates, seed varieties, pest control and other practices, emphasized Lovell.

"Whatever the decisions that lie ahead, producers can handle them better with certain information in hand, and that's where budgets come in," said the economist.

### Hensley promoted

Richard L. Hensley, son of Larry W. and Carol J. Hensley of Ozona has been promoted in the U.S. Air Force to the rank of senior airman. Hensley is a food service specialist at Barksdale Air Force Base, La.

# The Lion's Roar

Editor-Karise Aycock

Reporters-Gayla Bell, Cynthia Trujillo, Melissa Galindo,

Robbie Turley, Irma Ybarra, Noemi Gonzales

## CROSS COUNTRY TEAM FARES WELL

**By-Irma Ybarra**  
The OHS Cross-Country team, which Coach Debbie Deaton described as "the best cross country team" she has ever coached, placed fourth in a tie with San Angelo Central at the first meet of the year.

The meet, held October 2, at the Santa Fe Golf Course in San Angelo, hosted 84 runners from 12 teams.

Ozona girls competing in the meet were Ida Munoz, who placed fourth, Donna Sanchez, fifth; Zaida Munoz, thirty-second, and Leonor Munoz, who placed forty-first, and Lynn Lozano, who placed fortieth.

Coach Deaton said she expects the team to do well at regional competition if they keep improving, and added she is pleased with the way the girls ran at San Angelo.

## LIONS EDGE EAGLES

**By-Robbie Turley**  
Facing the best defensive team they have faced so far, the Ozona Lions defeated the Eldorado Eagles 21-14.

The Lions first possession was highlighted by an eleven yard run by Robert Flores, but the Lions' Harvey Huerreca had to punt.

The Eagles fumbled the return but retained it. During their drive, Robert Massey nearly had an interception but dropped the ball. The Eagles then had to kick the ball away.

Ozona's next possession came to nothing as the Lions had to kick again.

The Eagles had to punt again because of standouts Johnny Rodriguez, Carlos Borrego, and Will Mason. All these guys had tackles during Eldorado's possession.

Massey fumbled the punt return and Eldorado recovered it. Eldorado seemed to be on their way to score until Johnny Rodriguez recovered an Eagle fumble.

The Lions then had some good scrambles by quarterback David Badillo and Harvey Huerreca, and also had a good pass reception by Robert Massey. They scored a touchdown with under a minute left in the first half on a pass reception by Robert Flores. Will Mason kicked the extra point and the Lions led at halftime 7-0.

Eldorado then received the second half kick and drove within field goal range. Zeke Martinez then had several good tackles but the Eagle drive stalled when Henry Delgado recovered an Eagle fumble.

Diego Leal then scored a touchdown for Ozona and the conversion kick was good. The Lions were winning 14-0.

The Eagles then spent most of the third quarter on a drive that the Lions had a lot of tackles. Among some of those that had tackles were: Randy DeHoyos and Carlos Borrego, who had several each, Robert Hearne, Rowdy Holmsley, Ed Borrego, Greg Fierro and Robert Massey, who had a tackle each. Will Mason broke up a pass in the drive but the Eagles scored a touchdown on a nine yard run. The try for two points fell a few yards short. The Lions, at the end of the third quarter, still led 14-6.

Diego Leal and Marcelo Hernandez both had tackles to stall Eldorado.

Ozona got the ball back and Badillo and Flores again led the running attack. Will Mason and Robert Massey led a pass reception by Robert Flores for a touchdown with under five minutes left in the game. The extra point was good.

The Eagles then got the football and scored a touchdown with about a minute and a half left in the game

even though the Lions were led by David "Ironman" Tijerina, Carlos Borrego, Diego Leal, and Rowdy Holmsley in the defensive charge. The two point conversion was no good.

Eldorado, on the kickoff, then tried an onside kick, but the Lions were prepared for it. David Badillo recovered it, then ran out the clock on the next few plays to preserve the victory.

Ozona opens district play this Friday against the Ballinger Bearcats who look very much improved from last year. The game starts at 7:30 p.m. and will be played at Lion stadium.

## MOVIE SLATED AT CIVIC CENTER

The Ozona Woman's League will show the movie Bullit, starring Steve McQueen, to members of the Crockett County Youth Center Friday, October 8. Showtime will be 10:30 p.m. at the County Auditorium Building.

The League invites youth center members to come for food and fun to celebrate the Lions' opening of District football play against Ballinger Friday night.

## YUMMIES FOR THE TUMMY IN CONCESSION STAND

**By-Karise Aycock**  
The Junior Class' Friday night concession stand will feature three new, exciting, and delicious treats for Lion fans at football games, beginning October 8.

Due to the generosity of Mr. and Mrs. Sam Vandiver, "cannolis", beef pastry and pork pastry dishes will be served.

For all you readers who do not know of these delicacies, read on...

A Cannoli is a stick of Italian sausage, smothered in a rich pizza sauce and wrapped in a roll of delicious bread dough and served warm.

A Beef Pastry is a flaky pie pastry filled with a mouth-watering blend of potatoes and beef.

The Pork Pastry is the same flaky pie pastry, except it is filled with a delicious mixture of pork and spices.

Each of these "goodies" will sell for \$1.25 each, and as the supply is limited, be sure and get one early in the evening.

## BEHAVIOR AT SCHOOL FUNCTIONS AN EDITORIAL

**By-Karise Aycock**  
How many times do we see students at school functions behaving in a manner that embarrasses us to have to even know them? Unfortunately, it is quite often, whether it be at football games, basketball games, or dances.

This type of behavior degrades the school and the students.

When one reaches high school, he or she is capable of behaving in a proper manner according to the function he or she is attending. It is childish to behave any other way.

All students in high school want to be treated like adults, why can't they act like adults? If one acts like a child, one will be treated like a child.

## ENTERTAINMENT OFFERED AT CIVIC CENTER

**By-Gayla Bell**  
No where to go? Nothing

to do? Why not got to the Civic Center?

The Civic Center has many games for the students to play. They have ping-pong, bumper pool, air hockey, pool tables, and foosball.

They also have two video games, Donkey Kong, Jr., and Pac-Man. There are two television sets and a jukebox for even more entertainment.

The Civic Center also has another plus-it is virtually cost-free, whereas riding around costs gas and money.

The Civic Center is run by Mr. and Mrs. Garland Young. They supervise the people who go there, they see that the Civic Center is kept clean, and they take care of bookings and set up meetings.

There are some requirements in order to go to the Civic Center. They are: one must be a high school or eighth grade student, a single non-parent, and a member.

To become a member, one must talk to Mr. and Mrs. Young, who will give you a form to complete and have signed by your parents. Then, there is a \$2 per year charge, and "that is all there is to it."

The Civic Center is open every day with the exception of Sunday. Monday, Wednesday, and Thursday nights it is open 7-10. Tuesday nights and Wednesday afternoons are reserved for eighth graders. Tuesday, Thursday, and Friday afternoons the Civic Center is open from 2-6 for the high school crowd.

Friday nights the Civic Center is open 7-midnight, and Saturday nights 7-11 p.m.

## APPRECIATION DINNER HELD

**By-Robbie Turley**  
First Baptist Church hosted a dinner honoring the faculty and employees of Ozona Public Schools last Sunday at the Civic Center.

The FBC members hosted the dinner to show their gratitude and support for the teachers in area schools.

ENTRANCE TESTS SCHEDULED  
Juniors and seniors who plan to attend any two or four year college after graduation should be aware of their responsibilities in taking ACT, SAT, and achievement tests, according to Mr. Jim Williams, OHS counselor.

The PSAT test, an achievement test, is not mandatory, but Williams recommends all juniors take it, as it prepares them for the more important SAT. The fee for PSAT is \$4.25.

SAT, which is required by many colleges, will be offered here Saturday, December 4. According to Williams, SAT may be repeated, so it is available to both juniors and seniors. The SAT fee is \$10.50.

A second test required by many colleges is ACT. ACT, which will be available here February 12, has a \$9.50 fee.

Williams urges students to visit his office to find out which of the tests is required by their prospective colleges, and to register for it promptly.

Another important point made by the counselor concerns admission requirements to the test area. Before being admitted at the test site, a student must show his/her admission slip (which will be mailed to

him/her by the testing company upon registration), show proper identification with a picture, and know Ozona's High School code, 445290.

You may take the SAT test in San Angelo November 6, December 4, January 22, March 19, May 7, or June 4.

ACT will be offered October 30, December 11, February 12, April 16, and June 11 in San Angelo.

## A STUDENT CAN LEARN ADDITIONAL INFORMATION BY VISITING THE COUNSELOR'S OFFICE.

## STUDENT OF THE WEEK

**By-Cyndi Trujillo**

The Student of the Week is Harvey Huerreca. Harvey is a senior this year. His interests and hobbies include fishing, hunting, playing football and basketball, running track, and playing the guitar and drums.

Harvey has been involved in a lot of activities in his four years of high school. He has played football all four years. He has played basketball all four years and also plans to participate in these this year.

Harvey has been on the student council his freshman, sophomore, and senior years. He was chosen as class favorite his freshman and sophomore years. Harvey participated in the UIL District One-Act play his sophomore and junior years as well.

Throughout his four years in OHS, Harvey has received many honors. He was chosen for the All-District football team, All West Texas football team, and was a regional qualifier in track last year.

Harvey's parents are Mr. and Mrs. Howard Huerreca. He also has a brother, Howard, Jr., and a sister, Elizabeth.

## EAGLES DOWN LIONS

**By-Cyndi Trujillo**

The eighth grade Cubs lost to Eldorado Thursday night with a score of 20-6.

In the first half, Valdo Galindo showed a tremendous amount of speed when he returned a punt for 72 yards. The score at half-time was 8-6.

Offensively, the Cubs did not have much of a chance because they scarcely had the ball.

From the kick off at half-time, Eldorado retained the ball for the entire third quarter.

The Cubs played very outstanding defensively. Coach Payne said the Cubs showed a lot of improvement in most areas.

Jaime Castellanos, (Hi-C), showed the most improvement last week and was also in on a number of tackles. Jaime did a super job for the Cubs Thursday night, according to Coach Payne, who added that Donald Gutierrez also did an excellent job as middle linebacker.

"The Cubs are due to get back on the winning track tomorrow night when the Cubs play against Wall," says Coach Payne. Coach Payne added that he also wants the boys to win because they deserve to.

The Cubs' main problem this year is not having enough people to play and many boys must play various positions every week, added

## VICTORY FOR THE CUBS

**By-Cyndi Trujillo**  
The 7th grade Cubs were victorious over the Eldorado Eagles Thursday night with a superb score of 12-0.

Oscar Payne scored both touchdowns. His first Touchdown was a 16 yard run and the second was a 32 yard run.

Defensively, Greg Underwood and Sean Haynes played an outstanding game.

Coach Payne commented his boys "showed a lot of improvement this week in almost every position."

The 7th grade boys have a lot of talent, they work hard, and like to win. "A lot is expected of this group if they continue to play this hard," said Coach Payne.

## OZONA JV FALLS VICTIM TO ELBORADO EAGLES

**By-Noemi Gonzales**  
During Thursday nights game, the J.V. Lions were victims of a 21-20 defeat by the Eldorado Eagles.

The Lions made a fifty-five yard drive for the first score which took most of the first quarter, minus the last fifty-three seconds. Oscar Vargas went in for the score from the three and the two point conversion thereafter.

During the second quarter, Bo Aycock recovered a fumble which stopped a strong Eldorado drive, but shortly thereafter the Lions lost the ball on a fumble, which led to an Eldorado score with 6:14 left to play.

In the next possession, Al Ramirez threw an interception from where Eldorado took over, but did not last long, for Vargas made an interception which allowed Ozona good field position at their own forty-one. After a series of plays, Ramirez connected with Manuel Perez for a forty-five yard touchdown. PAT failed. A costly penalty against Eldorado robbed them of a sixty-five yard touchdown.

In the first half the Lions led Eldorado 14-16. In the third quarter the Eldorado Eagles started a drive at their own thirty-seven. A tough defense for the Eagles to punt, giving Ozona control of the ball at their own twenty-five.

Not being able to do much, the Lions had to punt. A blocked punt coming on a bad snap allowed Eldorado to score with 5:43 left in the third quarter. With the two point conversion, the score was tied 14-14.

Ozona's Oscar Vargas punched in the score to make it 20-14 with 1:56 left in the

third quarter. The two point conversion failed.

The Eagles, with 8:45 left to play, scored from the Ozona fourteen. PAT was good.

With a good return by Shannon Southern, the Lions took over the ball at their own thirty-eight. After a strong drive, the Lions lost the ball on a fumble to the Eagles. After a series of plays, Manuel Perez intercepted for Ozona. The Lions took over at their own 22 yard line with three minutes left to play in the game. The Lions were forced to punt, and put the Eagles on their own thirteen yard line.

The tough Lion defense held the Eagles and forced a fumble, which was recovered by Chuy Hernandez.

With thirty-two seconds left to play, the Lions faced a fourth down and fourteen, but were unable to gain the first down.

Thereafter the Eagles took over with twenty-one seconds left to play and ran out the clock.

The score was 21-20 in favor of Eldorado.

# Chain saw safety demands attention

Last Thanksgiving, David Stephens, owner of a lumber company in Upper Sandusky, Ohio, was cutting timber not far from his home. His chain saw apparently jerked upward, slashing his neck. A passer-by found him dead in a pool of blood.

Thousands of gory cases every year, many of them in Texas, testify to the chain saw's dangers. The uninitiated, the careless and even skilled professionals have accidents. The Consumer Product Safety Commission in Washington estimates that there were 123,000 medically attended injuries involving chain saws in 1981, up from 71,000 in 1976.

With cool weather coming on, economy minded Texans will be busy with chain saws cutting wood for winter. Now is the time to review safe ways to use the equipment, according to Nelson Mueller, Texas Safety Association (TSA) vice president for home and leisure activities.

Follow these guidelines for safe chain saw operation: Review the owner's manual for safety and operating instructions.

Perform routine maintenance tasks to insure the saw operates properly. Be sure the chain does not move while idling and that the chain brake works.

Do not allow children or animals near while cutting. All operators should be mature, properly instructed individuals.

Dress in close-fitting clothes. Wear a safety hat, shoes, gloves and hearing protection.

Fuel the engine in a well-ventilated place. Refuel only after the engine has cooled. Do not re-start the engine until all spilled fuel has dried.

Do not start the engine on your knee or leg.

Be certain your body is in a completely stable position before cutting. When felling a tree, plan for a safe escape away from the falling tree's path.

Hold the saw firmly with both hands while cutting. Run the saw at full throttle when cutting to avoid kick-back.

Do not operate the saw in a tree, on a ladder or any unstable place.

Turn off the saw when setting it down and when moving from one work place to another.

Nelson Mueller, safety and health administrator for Alcoa in Rockdale, says experienced operators should double their efforts to cut safely this year. He points to a recent government study which shows experienced operators of chain saws have more injuries than novices. One accident could wipe out any money saved by cutting wood yourself, Mueller says.

## VA offers info on GI home loans

Veterans Administration regional office employees often are asked by callers if they are eligible for a VA-guaranteed home loan.

The GI home-loan program requirements for veterans is based on minimum periods of continuous active service. Also eligible are unmarried surviving spouses of veterans who died as a result of service-connected injuries and spouses of service personnel listed as missing in action or a prisoner of war for more than 90 days.

The program was established in 1944 for veterans with other than dishonorable discharges and service members were added in 1966. Its main purpose is to help veterans purchase homes at a favorable rate of interest, with little or no down payment, and encourage private lending institutions to make loans they might otherwise be reluctant to approve.

Veterans can use the GI loan to purchase, construct, alter, improve, repair or refinance a home. The program includes the purchase of condominiums and mobile homes, with or without a lot.

The loan applicant must take his own arrangements through normal financing institutions. The VA then guarantees up to 80 percent of the loan, or \$27,500, whichever is the lesser amount. VA also guarantees up to 50 percent, or \$20,000, for mobile homes.

The current GI home loan interest rate is 14 percent for home loans and purchase of properties acquired by VA; 14.5 percent for home improvement, including energy loans; 16 percent for mobile home units, and 15.5 percent to buy both a mobile home and lot and the cost of necessary site preparation, effective since August 24, 1982.

## Immunization clinic set

An Immunization Clinic will be Thursday, October 7, from 10-12 and 1-3 at the Civic Center. The public health nurses from San Angelo will conduct the clinic. The nurses have the children's complete immunization records and can tell parents what shots are needed.

CIRCUS WEEK at the Ozona Day Care Center saw the children enrolled dressed and painted in clown attire. The week's program was a study of the circus and dress-up day

was Friday. The center began operation a year ago at Ozona United Methodist Church and filled a real need in the community. It is filled every day to its 65-student capacity.

## Wall coverings brighten room

When a room needs that "extra spark," one solution is to add texture, pattern and color with wall coverings, says Dr. Peggy Owens.

"Wallpaper provides a number of solutions to a variety of decorating problems. It can camouflage uneven or damaged walls, soften irregular architectural features, create a color scheme or set a mood," explains Owens, a housing and home furnishings specialist with the Texas Agricultural Extension Service, Texas A&M University System.

## Tax act encouraged preservation acts

Texas developers and property owners are discovering that there is money to be made in the restoration of older buildings for new commercial and residential uses. One of the major new incentives behind the increasing preservation activity in Texas is the Economic Recovery Tax Act of 1981. Offering tax credits of up to 25% on certified rehabilitation of historic structures, the tax act has stimulated the initial planning of some 105 major restoration projects in Texas.

One such project involves the State National Bank Building, a 58-year-old National Register site on Houston's Main Street. Developers are planning a \$1 million restoration of many of the distinctive architectural details of this 13-story office facility. Care is being taken to either repair or duplicate original moldings, window and door fixtures, brass mailboxes, and other decorative features. The marble entranceway will be repaired and refinished, as well as the tiled roof cupola, plaster and gold leaf interior trim, and the building facade.

The neoclassical State National Bank Building is an

early achievement of one of Houston's best-known 20th century architects, Alfred Finn. The building is a durable and tasteful representation of an earlier period of the city's development.

A few of the other important Texas landmarks that have benefitted from the Tax Act preservation incentives are the Sartor House in San Antonio, the Old Ellis County Jail in Waxahachie, the Galveston Hotel in Galveston, Albany's Blach Building, the Old Mercantile Building in Sonora in Sutton County, the Fort Worth Livestock Exchange, and the Ragland Building in Sweetwater.

For a historic structure to receive tax benefits, a Historic Preservation Certification Application must be submitted to the Texas Historical Commission. After review by the Commission's National Register Department, all applications and recommendations are forwarded to the National Park Service for final review.

For further information on rehabilitation tax incentives and National Register nominations, contact the THC National Register Department, PO Box 12276, Austin, Tx. 78711.

fabric, cork, grass and wood. A few examples include: Machine-printed papers generally, there's a wide selection that is durable and pre-trimmed.

Hand-printed wallpaper this is costly, and best hung by a professional. Washable, wipeable, scrubable—these are plastic coated or vinyl, and wipe off with a damp cloth.

Prepasted papers—these have an adhesive coating added. Use a wet sponge or dip them in water to use.

Grasscloth and fabric these materials are laminated to paper and sold in rolls. Stripable wall coverings they can be pulled off the wall in full strips without steaming or scraping.

Cushioned-backed wallpaper—washable vinyl coverings designed to mask cracked plaster or imperfect wall surfaces. They can be used

on rough concrete or cinder block walls.

"Zero in on the type of wall covering best suited to your decorating needs," suggests Owens.

# PBPA energy report

The Interior Department's leasing policies, the National Rig Count and Odessa boy makes good all on today's Energy Report.

The Reagan Administration has said it would accept a permanent ban on oil and gas drilling in wilderness areas if there were limits on further expansion of the wilderness system itself. An administration official said the forest service will start processing about eleven hundred drilling applications in wilderness areas unless the Senate approves the wilderness bill. The House overwhelmingly approved the wilderness bill earlier this year.

In other action, the Interior Department says the Government will not lose 77 billion dollars in tax revenue because of Interior Secretary James Watt's five year coastal oil leasing plan. The Sierra Club charges that amount will be lost due to lower bid prices because of the five hundred percent increase in acres offered resulting in less competition. The Sierra Club also said that 23 or the 77 billion dollars will be lost through changes in the way each parcel is evaluated.

Odessa Fred George was recently named President of the Association of Oilwell Servicing Contractors headquartered in Dallas. George owns Charles J. George of Odessa.

And, the National Rig count is 2466...down 42 percent from a year ago. In the Permian Basin our rig count for this week was 289. One year ago it was 494.

## Publicity assistance available

Anyone responsible for publicizing programs for his club, church or other organization will find help at publicity seminars Oct. 2.

Sponsored by Texas Press Women, the seminars--"Facing Facts, Getting the Most From the Media"--will feature professionals from print and electronic media.

Attendees will also receive a book with addresses, deadlines and other information about newspapers, and TV and radio stations.

Cost is \$10 per person. An Odessa seminar will be 10 a.m. to noon in the Community Room of Odessa College. Registration will begin at 9:30 a.m. and donuts and coffee will be served. To register send fee, name and organization to Susan Hammons, 1707 E. 56th, Odessa, Texas 79762.

The second seminar will be 2 to 4 p.m. at the Planetarium of the Museum of the Southwest, Midland. A wine and cheese hour will follow. Send registration to Lana Cunningham, % The Midland Reporter Telegram, P.O. Box 1650, Midland, Texas 79702.

**COURTHOUSE IN DIRE NEED OF REPAIR**-An inspection of the courthouse, both inside and out, revealed what a shocking lack of maintenance and upkeep the building has suffered. Here the paint peels off the tin ceiling and rust has taken over.

## Homes of past most energy fit Museum of Southwest to host adult workshop

A return to the architectural standards of the pre-1940s would be a step forward in energy efficiency, says a Texas A&M University architecture expert.

In the days when cool air came with a change of the seasons rather than with a flip of a switch, architects knew how to design buildings that stayed relatively cool on their own, said R.D. Reed, a professor of architecture and a member of the American Institute of Architects (AIA) national energy committee.

The committee is conducting a \$1.5 million program to re-educate the nation's architects regarding how to design more energy-efficient buildings. So far, more than 3,000 architects have participated in special workshops that are scheduled to continue through 1983, said Reed, one of 18 workshop instructors across the country.

One secret to choosing a well-balanced yet striking wardrobe is to learn what colors enhance your skin and hair tones and look best on you. Color should draw attention to your face and make it appear brighter. To find your best colors, try holding different swatches of fabric against your neckline. Opinions of friends may also be helpful in deciding what colors look best on you.

SHOP THE OZONA STOCKMAN FOR YOUR OFFICE SUPPLIES.

On October 9, between 9:00-4:30, the Museum of the Southwest will host an adult workshop addressing the needs of people who have objects of personal, family or business value they wish to preserve. The workshop will be of interest to serious collectors, gallery owners, interior decorators, bibliophiles, genealogists, painters, photographers, water-colorists-indeed who wishes to learn simple, cost efficient ways of caring for objects of value.

Ellen Kennedy, the founder and director of the Texas Regional Art Conservation Center, will conduct this adult workshop on the care and conservation of works of art. She will concentrate upon the special needs of paintings, photographs and works on paper. The focus of the workshop is to give practical advice and solutions to basic conservation needs. As a highlight of the workshop, each participant may bring one of their own objects for analysis by Ms. Kennedy.

Ms. Kennedy brings to the Museum of the Southwest a wealth of knowledge and experience. She received her education at Hollins College, the Sorbonne, the University of Houston, Washington University, and Oberlin College. She has also studied at the Cooperstown Conservation Center and served as an assistant conservator at the Indianapolis Museum of Art. Ms. Kennedy spent nine years as a free-lance conservator before founding the

Texas Regional Art Conservation Center of which she is currently the director. She is a Fellow of the American Institute for Conservation and an Associate at the International Institute for Conservation. Her clients include the Daughters of the Republic of Texas Museum, the Texas State Library and Archives, Philbrook Art Center, Tulsa, Oklahoma as well as other regionally and nationally known institutions.

During the morning session, Ms. Kennedy will give

## Sessoms attend meeting

Steve and Jodie Sessom will be at the Tamarron Resort near Durango, Colorado, at the meeting of the class 1 TTT Club, October 2-9.

This is an organization composed of dentists who are associated with the L.D. Pankey Institute for advanced Dental Education in Miami, Florida.

Dentists and their wives from all over the world who have committed their time, talents and finances to the pursuit of excellence in their professional and personal lives, make up the membership of the organization. With the theme "Taking the High Road-A Road Less Traveled", the week long meeting proves to be an exciting adventure.

## When was the last time your home had a check-up?

**A RESIDENTIAL CONSERVATION SERVICE ENERGY AUDIT BY WTU TRAINED SPECIALISTS WILL HELP TO FIND WAYS TO MAKE YOUR HOME MORE ENERGY EFFICIENT AND SAVE YOU MONEY ON YOUR ENERGY BILL. THE EVALUATION WILL TAKE APPROXIMATELY 2 1/2 HOURS AND WILL COST \$15.00**

**YOUR RCS AUDIT CHECK-UP INCLUDES:**

1. Measure windows and doors and check for weatherstripping and caulking.
2. Check and measure ceiling insulation.
3. Determine the (EER) Energy Efficiency Ratio of your air-conditioner.
4. Check the walls for insulation.
5. Measure duct length and determine if insulation wrap is needed.
6. Determine if storm/thermal windows or doors are needed.
7. Check your water heater to determine if an insulation jacket is needed.
8. Determine whether a clock thermostat should be installed.
9. Information on materials, equipment, installation and other helpful ideas.

**Sports Fans**  
**I BET YOU DIDN'T KNOW**  
By Jerry Lay

Here's one of the most amazing records in football. Notre Dame has not had 2 losing seasons in a row anytime since 1887 and 1888! That means they've now gone 93 years without consecutive losing seasons. But, to keep that incredible streak alive, the Irish can't lose more games than they win this year because they had a losing season last year.  
\*\*\*\*\*

Do you know how many cities have won the World Series and the Super Bowl in the same year? Only 2 cities have ever done it, Pittsburgh in 1979, and New York in 1969.  
\*\*\*\*\*

Here's a surprising fact. The San Francisco 49ers, who won the Super Bowl last season, actually had the worst record in the National Football League just 2 years before. In 1979, the 49ers won only 2 games and lost 14 for the worst record in the NFL. Last year, the 49ers won 13 and lost 3 in the regular season for the best record in the NFL.

**PUBLIC NOTICE**  
In compliance with Sec. 43(a) of Art. 1446c, V.A.C.S., West Texas Utilities Company hereby publishes NOTICE that it has filed, on September 13, 1982, its Statement of Intent to make changes in its retail rates charged for electricity and services sold and rendered inside and outside municipal jurisdictions, such proposed changes to be effective October 19, 1982. Such Statement of Intent includes the proposed revisions of tariffs and schedules and a statement specifying in detail each proposed change, the effect the proposed change is expected to have on the revenues of the Company and the classes and numbers of utility customers affected. Systemwide retail adjusted annual revenues are expected to be increased 9.4 per cent by the new rates. Statements of Intent were filed with the Public Utility Commission of Texas and with the following municipalities:

Abilene	Haskell	Quanah
