WEDNESDAY, SEPTEMBER 21, 1983

NUMBER 30

Woman injured in wreck

An Ozona woman was injured and hospitalized and a 4-year-old boy slightly injured here Monday night in a head-on collision at the intersection of Ave. E and 11th Street.

Guadalupe Gutierrez was traveling west in a 1972 Cadillac, and Johnny Hollingsworth was traveling east in a 1971 Oldsmobile. Mrs. Gutierrez attempted a left turn at the red light and the collision resulted.

Mrs. Gutierrez was trapped in the car for a brief time and firemen used the Jaws of Life to release her. Both Mrs. Gutierrez and the child, George Garza, were taken by ambulance to the hospital. Hollingsworth was not injured.

Circle Bar racers return

The Circle Bar Auto Racing team is returning home this week from several weeks of racing. Owner Tom Mitchell feels they are coming home after having a very successful trip.

Chet Phillip, driver of the Circle Bar Eagle qualified for the Detroit News Grand Prix held in Brooklyn, Michigan in 25th position. His qualifying speed was approximately 190 m.p.h. Phillip finished the race in 13th place according to the final standings given by ESPN.

The race was carried live last Sunday on ESPN and will be shown several times throughout the month. It may be seen on Channel 22 locally.

County gets state monies

Texas Treasurer Ann Richards is sending checks today totaling \$7.3 million in grants to the state's 254 counties for road construction and maintenance projects.

The 19 counties in the Permian Basin area are receiving a total of \$426,000.

Of this amount, Crockett County received \$27,036.11.

The State Treasurer each year disburses money appropriated by the legislature for the Lateral Road Program. The grants may be used by counties for the purchase of right-of-way and for construction and maintenance of lateral roads, farm-to-market roads or state highways.

Richards said the \$7.3 million is allocated to each county under a formula based on the county's area, rural population and lateral road mileage.

October S.S. visit scheduled

Garland Gregg, representative of the San Angelo Social Security Office, has scheduled his October visit to Ozona. He will be at the County Courthouse on Wednesday, October 19th between 2:00 p.m. and 3:30 p.m.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

WOMANS LEAGUE MEMBERS donate dolls to pre-schoolers at Ozona Community Center. Each league member brought a doll to a recent meeting for a community project and presented them to students of Tinyville last week. Adults in the picture are, l. to r., Mrs. Billy Carson, Mrs. Buster Deaton, Dell Perez, assistant at the center, and Mrs. Randy Upham.

Lion victory delights homecoming crowd

By-Gary Davis

The 1983 Ozona Homecoming crowd was entertained Friday, September 16, with a 28-13 Lion victory over the visiting Reagan County Owls. The Lions scored four first half touchdowns to take the victory.

Reagan County's Timothy Thompson ran 31 yards for the first Owl touchdown when only 19 seconds had elapsed from the first quarter. Emmitt Baker's extra point was declared no good and the Owls went ahead 6-0.

With 7:25 seconds left in the first quarter, Ozona's star running back, senior, Diego Leal, took the ball into the end zone from 1 yard out to score for the Lions. Senior, Robert Flores, kicked the extra point to make the score 7-6 in the Lion's favor.

Two minutes later, the Owls punted the football to Flores, who returned it 80 yards for paydirt. He kicked his second extra point of the evening to make the score 13-6.

As the 1st quarter of play drew to a close, the Reagan County Owl's tailback, Howard Williams, took the ball 37 yards for a score. The extra point by Baker was good. This tied the score at 13 points a piece.

The Lions attacked the goal line twice in the 2nd period of play. The first score came on a pass from Junior quarterback, David Delgado to Flores for 46 yards. The extra point attempt by Flores was successful, making the score 20-13.

With 1:36 remaining in the 2nd quarter, Leal ran 5 yards for a score. The 2 point conversion, a pass from senior, Kent Hokit to Bob Reneau was good to give the Lions a 28-13 halftime lead.

Neither team could manage to advance to the goal line during the 2nd half of play.

The Lions led the Owls in statistics. Ozona accumulated a total of 287 yards to

Reagan County's 160 yards. The Lions earned 22 first downs to the Owl's 9. The Lions had 112 passing yards compared to only 43 yards for the Owls. The only category where the Owls prevailed was penalties. The Owls were penalized three times for 31 yards, where as the Lions were penalized eight times for 97 yards.

Leading the Lions in rushing was Diego Leal, player of the week, with 176 yards on

School board buys furniture

Members of the Ozona Board of Trustees in their monthly meeting Tuesday evening, September 13, granted approval for the purchase of 250 cafeteria chairs for Ozona Junior High and Ozona High School. Indeco Sales, Inc. was the receiver of the school order, and delivery of the furniture is expected in approximately six weeks. This equipment will come in a variety of colors and will replace old metal folding chairs that have been in use for many years.

In other developments, Moore Oil Company was the low bidder for school gasoline products at \$.9875 per gallon for regular gas. Other firms submitting bids were the Whitehouse Company and Sonora-Ozona Oil Company. Board members also voted to accept the bid of Deaton Spraying for spraying school trees.

Mrs. Nina Navarette's resignation as part-time librarian for the Crockett County Adult Library was accepted, and board members approved the hiring of Mrs. Veronica Dominguez for the vacant position. School computer coordina-

tor Lane Scott's request for permission to conduct two adult computer classes for the 1983-1984 school year was granted, and board members completed the formal adoption of the '83-84 school budget.

The final payment to Davis-Camosy, incorporated for completion of the expansion of the administration building was approved, as well as the Crockett County employee salary schedule. The Board of Trustees also gave their approval for the addition of two substitute teachers to the official school substitute list.

Superintendent Garland Davis also presented members with information on the Ozona Junior High renovation project, insurance fees on school buildings and property, and tax collections and payments.

Prior to calling the board meeting to order, newly elected board member Van Miller was sworn in by Steve Kenley, notary public. Members in attendance included Jeffrey Sutton, Henry Sellers, George Ybarra, Gary Buck Mitchell, Cecil Buckner, Van Miller, Ted Cotton, and Garland Davis.

was pleased with defensive players Roy Tambunga, Chuy Hernandez, Johnny Rodriguez and Kent Hokit.

In pre-game ceremonies, Miss Kristal Williams was named Homecoming Queen for 1983. Kristal is the senior daughter of Mr. and Mrs. Jim Williams.

The Lions will be in pursuit of their third victory of the season against the McCamey Badgers in McCamey at 8:00 p.m. Friday, September 23.

Contest winner named

Winner of the weekly football contest was Brenda Ledbetter. She tied with Larry Hensley and David Marrs, missing only one game. Her score was the nearest to the actual score on the tie-breaker, so she was declared the winner after the Monday night game.

Entry blanks may be found on the sports page, sponsored by Ozona merchants. Anyone is eligible to win, but all entries must be in the Stockman office or in the mail by 5 p.m. on Fridays.

Softball benefit scheduled

There will be a softball game between the Gals and the Over the Hill Gang, Thurs., Sept. 22, at the Little League Park at 7:00 p.m.

There will be bingo with prizes and free watermelon for all. The game is being held to benefit the Ozona Volunteer Fire Department with their fall convention, which is being held here the first of October.

But no rain

First cold snap of year brings dust

The first norther of the fall season hit Ozona at mid-morning Tuesday, and came in with blowing dust and high winds, but no rain. Visibility was cut to 50 feet as the front moved in.

Temperatures were a warm, sultry 76 degrees before the front hit Ozona around 10 a.m., but dropped steadily, and at noon the temperature stood at 62 degrees, a very pleasant 62 degrees except for the dust.

Crockett County remains the only county in the middle of the drought-stricken area of West Texas, failing to be declared a disaster area due to drought and become eligible for what little federal aid has become available to such designated counties.

There have been no general rains in the county the entire year, just spotted showers here and there. A drive in any direction from Ozona shows the effect of the prolonged drought.

Most ranchers have been forced to sell both cattle and sheep, due to the high cost of feed, after feeding for several months. The general opinion seems to be "sell out now and cut the losses." Without September rains to bring fall weeds and grass, the winter months look bleak indeed.

Even with the recently declared disaster aid, Crockett County ranchers would not fare much better. The low interest loans are available only after being turned down by other lending agencies, and the deferred-payment of income tax on herd liquidation may be taken anyway. According to one accountant, it just makes an audit by the IRS less likely if the taxpayer is in the designated area.

Other than that, the county is faring about as well as the disaster designated areas.

The general opinion is that nothing but surplus grain from the federal government would really help matters here and it would be too late to help much if that were forthcoming.

A charted rainfall record by the SCS office indicates a continually falling percentage of rainfall on the 46-year average for this year. Except for April when the rainfall was 99.4% of the average, the percentage has been falling by the month. However, a killing frost April 14, erased any benefit the early April showers might have brought.

The city has fared better as far as rainfall is concerned, at least according to the official gauge at the water district office. Several times during the summer there was rainfall in the center of town when none fell on the hills around town, an indication of just how spotty the rains have been this year.

According to the official gauge and a report from the SCS office, Ozona proper has received 9.95 inches of rain so far in the year. A total of 2.42 was recorded for January, most unusual for a normally dry month. February showers amounted to 1.21 in town and March, 1.01. April showers did not materialize and the monthly total was .61. May rainfall amounted to 1.06 and June 2.14, the only other month to come in with over 2 inches of rainfall. Not even a trace was recorded in July and August's brief showers amounted to 1.5. There has been no rainfall in September.

From all reports, the driest part of the county are to the west and north of Ozona, while the east and southeast parts of the county have received the most rainfall, at that very little.

The 46-year average for the county is 19.02 inches.

Crockett field gets wildcat locations

Robert G. Cox & Associates Inc., Dallas will drill two 3,500-foot tests in Crockett County as wildcats and also as stepouts to the Shannon (San Andres oil) field, 19 miles east of Iraan.

Both projects are in 15-YZ-EL&RR.

The No. 1 Todd Ranch, one location east of the Shannon field and one location west of a 2,519-foot failure, is 330 feet from the north and west lines.

The No. 2 Todd Ranch, 3/8 mile southeast of the Shannon field and one location south of the 2,510-foot failure, is 1,650 feet from the north and west lines.

The Noelke, Southeast (Queen oil and gas) field of

Crockett County gained its second gas producer and a 1 1/4-mile southeast extension to that pay with completion of the Three B Co., Monahans, No. 1 Shannon Terry, five miles southeast of Iraan, for a calculated, absolute open flow of 51,200 cubic feet of gas daily.

Production was through perforations at 1,762-966 feet, which had been acidized with 1,000 gallons and fractured with 500 barrels and 70,500 pounds of sand.

Drilled to 2,781 feet, 4 1/2-inch casing was set at that depth.

Location is 5,525.6 feet from the north and 3,683.4 feet from the east lines of 4-Archer CSL.

HIGHLIGHT OF HOMECOMING is always the crowning of the homecoming queen. This year's queen is Kristal Williams, daughter of Mr. and

Mrs. Jim Williams. She was crowned during ceremonies before the Ozona-Reagan County football game. Her escort is Shannon Southern.

Reports from Washington

The Tragedy of Flight 007

The outpouring of outrage and revulsion toward the Soviet Union continues following its still inexplicable and reprehensible shootdown of Korean Airliner Flight 007.

With this act the Soviet Union stands alone in the court of world opinion, caught red-handed — its true colors apparent for all to see. The basic facts remain these: after tracking an unarmed commercial airliner for 2½ hours, a Soviet pilot — at the direction of his ground control, fired on what the pilot termed "the target" and 269 innocent, unsuspecting people died. Among the dead were 61 Americans.

We may never recover all the remains of the victims of that flight. And we will probably never be told the full story of what happened by the Soviet Union. For, honesty and openness are not attributes of this, one of the most secretive societies on earth. But, in its display of neither remorse nor the decency and basic courage to speak the truth, the Soviet Union has once again verified its callous disregard both for human life and for the precepts of international law to which free peoples everywhere ascribe.

Civilized nations do not recognize straying off course as a capital crime. And, in peacetime, no nation has the sovereign right to shoot down any person or vehicle that may stray across its border.

Now, Soviet propagandists are attempting to turn their nation's atrocity into an East-West confrontation. In typical "big lie" fashion, Soviet propagandists accuse the United States of spying, claiming that their barbarous act is the fault of our country.

The United States must not be sucked into the Soviet Union's rhetorical trap and the actions and proposals put forth by the President are designed to prevent such an occurrence, for an international response is required to this crime against the world. The issue is not the Soviet Union against the United States, no matter what the Soviet propagandists claim. We must not forget that passengers from 13 other nations were also aboard Korean Airliner Flight 007.

As the President said, the immediate challenge to this heinous act is to take steps to assure that the norms guaranteeing civilized conduct — norms on which international aviation rest — are not violated again. The United States is now working with other nations and with the appropriate international agencies to achieve this goal. Also, the international community is, indeed, must, find ways to improve the radar network which tracks international flights over vast ocean spaces, such as the downed Korean flight which was traveling from Alaska to South Korea. We must also continue the international effort to press for just reparations for the families of those murdered by the Soviets.

Some have called for retribution, for harsher measures such as trade sanctions. While I remain open to such proposals, past history does not indicate that economic sanctions successfully achieve diplomatic means, because the Soviet Union would simply turn to others to supply their needs.

Properly, the President has asked for continued Congressional support for his defense modernization program, which I vigorously support, for history has repeatedly taught us that it is strength — not weakness — which impresses the Soviet regime.

In my judgment, the most appropriate way to influence the Soviet Union is through our own economic and military strength in coordinated concert with our allies. Our careful, responsible commitment contrasted with their brazen, heartless indifference strips naked Soviet posturing as a nation of peace.

STATE CAPITAL HIGHLIGHTS
By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—The Travis County grand jury last week indicted Texas Atty. Gen. Jim Mattox on a felony charge of commercial bribery, leaving him more tangled than ever in a snarl of legal problems.

If he is convicted, Mattox will have to resign, but he shows no signs of stepping down or aside while he resolves his legal troubles, even while other officeholders cry out that he must.

Admittedly, the persons most eager for the liberal Democrat's ouster are Republicans, and a small handful of Democrats have even flocked at his side. But a citizens group which lobbies for ethics legislation, "Common Cause, has suggested Mattox simply step aside and let others fight the state's legal battles until he resolves his own.

Mattox, however, is not moving aside for anyone. On the day of his indictment, he told reporters he was set up by "Big Oil," more specifically Mobil Oil, and that he expects to be a hero when the smoke clears after he is found innocent.

To underscore his point, Mattox last week filed lawsuits and restraining orders against five Houston companies alleged to have price-gouged victims of Hurricane Alicia. Mattox said the hourly fee charged in the alleged gougings amounted to \$1,800 an hour in some cases.

Legal Snarls
The gouging lawsuits are small potatoes compared to some of the legal battles which Mattox must expect to fight as the state's lawyer, among them the massive lawsuit involving the state, Clinton Manges and Mobil Oil for disputed oil lease payments. In fact, coming on the heels of Mattox's unpopular ban of some beach-front construction in hurricane-torn Galveston, the gouging lawsuits are simply good press for Mattox in that regard.

Mattox thinks he can beat the charge in time to clear up the state's legal docket. Other political skeptics believe that Mattox, whether he is the victim of big oil or his own big mouth, has shown mainly a proclivity for getting snarled deeper and deeper since he took office, and is likely to remain snarled for months to come.

Questions still unresolved are whether Mattox properly reported a \$125,000 campaign loan, whether he illegally intervened in a lawsuit of a Galveston financier and in the awarding of an artificial turf contract by

Texas Southern University, and whether he used state workers to conduct personal legal research.

Commercial Bribery
The commercial bribery indictment is unusual, but is explained by the district attorney this way: "Mattox threatened to put Fulbright and Jaworski (Houston law firm) out of the bond business unless the firm stopped trying to question his sister."

Mattox responded in his usual tough guy manner: he hopes the DA has the guts to try the flimsy case himself.

September 14, 1983
Dear Editor,
During the past four months I have been involved in a personal situation that has left me in a state of discontent and frustration. Thus, I feel a need to write this letter in order to expose the realities of the "justice" being dispensed in the 112th District. What I'm referring to are cases involving deaths of people that have literally been placed on the back burner with little or no concern for the families and relatives of the victims.
On May 11th 1983 a letter appeared in the Devil's River News of Sonora written by Carmen Vela. In the letter, District Attorney Bill Mason was cited for neglecting to keep his clients informed in the different phases of that case in Sonora.
My direct reason for writing this letter is to also cite the neglect of Bill Mason in a similar case involving the shooting death of my brother, David Fierro. There will be a tendency for many of you to think that I desire the maximum penalty for the defendant. However, I can truly say that all I want is for the facts of this case to be known in order for the correct and proper justice to be dispensed. Again this is not a plea for the severest punishment for the defendant.
I feel that my brother was indeed murdered when he was shot. I too felt that Bill Mason, the prosecuting attorney, would try the defendant for murder. Here then comes my discontent with our judicial system, and specifically with Bill Mason. I have only recently discovered that the charge has now been reduced to manslaughter.

Why didn't Bill Mason inform me of this? I have been several times to his office in Ozona in order to discuss David's case. I have left my phone number and the phone numbers of members of my family where he can contact us. The excuse is that he is "gone for the day" or "he is out of town."

Also why was the charge reduced to manslaughter when there are at least four witnesses who witnessed this incident. I supplied them with the names of the witnesses, and yet his secretary tells me that she lost or misplaced the names of these witnesses, thus directly leading to the reduction in charges against the defendant.

These people are still waiting for someone in our judicial system to get in touch with them.
My final complaint is directed against Bill Mason. He has not kept us informed with all the many details of my brother's case. Whether the details are small or not, I and other members of my family would wish to be kept directly informed. This is not only Bill Mason's case, it is also our case. We are still waiting for our phone to ring before the case is tried. The case is scheduled to begin in the Crockett County docket for October 3rd, 1983.
This then is the type of justice that appears in the 112th District. I had seen this type of justice before, especially in the Hispanic community. Now I have first hand knowledge!
Everto L. Fierro
314 N. Emerick
San Angelo, Tx. 76903
[Editor's note-After contacting District Attorney Bill Mason about the charges in the above letter, he made the following reply.]

September 20, 1983
Kitty Montgomery
The Ozona Stockman
Ozona, Texas 76943
Dear Kitty:
My response to Everto Fierro could be quite lengthy, but let me say that, first, it is not my intention or the policy of my office, to inform anyone, the family of the deceased included, of the "many details" of a case I intend to prosecute. That information is private and is this office only. I don't believe that anyone would seriously challenge this. I have, however, talked to a sister of the deceased and briefed her on my intentions relative to prosecution.
To comment on a case prior to its going to trial would not only be foolish, but unethical. I am sure that Mr. Everto Fierro would not have wanted me to comment on the offense of Attempted Murder for which he was indicted on January 6, 1981. Also, we have now and have always had, the list of witnesses in the file; it's the same list brought here by Everto Fierro and it has never been anywhere else. One other comment; the charge was never reduced—it has always been involuntary Manslaughter; the same offense which was indicted by the Grand Jury.
Yours truly,
Bill Mason
District Attorney
112th Judicial District

Tips For Gardeners

From The Ozona Garden Club by Mrs. Bailey Post

What a difference rain can make on the landscape appearance of this Southwest area of Texas. Quite a contrast in the way it looks now and the beautiful fall that we had a year or two back. I'm still optimistic enough to believe we still have moisture in time to green up the pastures before frost.

If you grow pansies it's time to prepare your pansy bed by working in plenty of manure before planting.

Plant or transplant peonies at this time and be sure the holes are large enough and filled with good soil. These plants can remain undisturbed for years if properly planted. Nurseries will furnish 3 to 5 eye root divisions which are the best for general planting. A peony should have full sun and a well-drained soil. The ground should be dug to a depth of about one and one-half feet. Old manure is placed in the bottom of the hole and then a layer of earth containing the plant is placed in the hole so that the buds are about 2 inches below the surface of

the soil. Care should be taken that the plant roots do not touch the manure. Use a good garden soil with plenty of plant food. If commercial fertilizer is used, use about 4-8-8. Varieties of the heavy double blooms require staking. For garden decorations and arrangements, the lighter the type of bloom, either those of the Japanese type or the semi-double blooms, are popular.

Look for liatris this month. It is a hardy perennial native to Texas that is well worth using in a wild flower garden or border. The colorful purple wand-like spikes present one of the most spectacular wild flowers. It will grow in poorer soil than most garden plants, but thrives best in a good rich soil mixture. These plants multiply by off-sets from their corn-like base, or may be sown in late autumn.

Another colorful plant on display now is the native purple eryngo. This is not a thistle as is often called, but a carrot. It has few rivals for its own peculiar kind of beauty in its late summer flowering period. It is very difficult to transplant, but if seeds are sown as soon as ripe, a colony may be established in the garden. You can expect flowers 2 years later.

Fertilize lawns during September and October period; this is the last time before April fertilizing.

Shower honors Miss Allen

Miss Becky Allen, bride-elect of Bud Dillard, was honored with a bridal shower Sunday afternoon in the home of Mrs. Jerry Perry. Other hostesses were Miss Jeannine Perry, Mrs. David McColloch, Mrs. Ted Dews, Mrs. Don Sessom and Ms. Helen Cameron.

Receiving guests were Miss Perry, Miss Allen, Mrs. James Allen, Mrs. Ricki Watson, Mrs. Billy Dillard Sr. and Mrs. Bill Glasscock. The bride's colors of pink and burgundy were used in decorations.

Mrs. Childress

hostess for bridge club

Mrs. Hugh Childress was hostess for the Country Club Bridge Club last Thursday at the club.

High score award went to Mrs. Gene Williams and second high to Mrs. James Dockery. Club bingo was won by Mrs. Buster Deaton and the Charlotte Phillips bingo went to Mrs. Hugh Childress.

Other players included Mmes. Clay Adams, John Childress, Joe Friend, Bill Mason, Kirby Moore, Buddy Phillips, Sherman Taylor, C. O. Walker, Evert White, Jack Williams, J. B. Parker and John R. Hunnicutt.

BROWNIE TROOP 53 MEETS

Brownie Troop 53 had their first meeting of the year Tuesday, Sept. 13 at the home of Melisa Lowman.

Members of Troop 53 are Jana Kaye Cotton, Sunny Lowman, Shelby Stuart, Mindy Coates, T. J. Lambert, Heather Weant, Staci Sessom, Stefny Sutton, Kellye Robinson, Jami Dalby, Kasey Russell, Heather Criswell.

Leaders of the troop are Melisa Lowman and Tracey Preddy.

MRS. DAVID SANCHEZ nee Miss Marisela Villarreal

Mrs. Sutton is hostess for League meeting

The Ozona Womens League met Tuesday, September 13, in Mrs. Jeffrey Sutton's home for an ice cream social to welcome back its members. President Sherry Scott presided over the meeting. Officers gave short reports on the upcoming year, events, and highlights.

Entertainment folders were made by the members for children in the Crockett County Hospital. Each member also brought a doll to be donated to the Ozona Community Center.

Assisting Mrs. Sutton as hostesses were Mrs. Jerry

Lay and Mrs. Fred Jones. Other members attending the meeting were Mmes. Tony Allen, Bobby Aycock, David Bean, Tom Cameron, Bill Carson, Jr., Fred Chandler, Duane Childress, Dwight Childress, Pleas Childress, III, Randy Crawford, Buster Deaton, H.O. Hoover, John R. Hunnicutt, Roy Jackson, Judy Justiss, Steve Kenley, Bill Mason, Frank McMullan, Van Miller, Gary Buck Mitchell, Douglas Moore, John Parks, J.S. Pierce IV, J.S. Pierce, V, Randy Upham, Gary Vannoy, Rick Webster, and Wesley West.

Miss Villarreal marries Mr. Sanchez in rites

Miss Marisela Villarreal and Mr. David Sanchez were married September 10, at 4:00 p.m. in Our Lady of Perpetual Help Church in Ozona. Father Richard Altenbaugh officiated at the double-ring ceremony.

Mr. and Mrs. Azael Villarreal are parents of the bride and Mr. and Mrs. Enrique Sanchez of Sonora are the parents of the groom. Rosalind Williams played the organ and Janet Henry was soloist.

The bride, wearing a floor length gown, was given in marriage by her father.

Honor attendants were Mr. and Mrs. Tony Sanchez, Mr. and Mrs. Ernest Richarte of Lovington, N. Mex.; Mr. and Mrs. Enrique Sanchez Jr. of Robert Lee, and Mr. and Mrs. Matt Gutierrez.

Miss Vicky Vargas served as maid of honor. Bridesmaids were Dora Villarreal, sister of the bride; Alicia Sanchez, sister of the groom; Cathy Castro, Dorothy Borrego, Manie Enriquez, Aileen Lopez, Mylene Najar, Rita Ybarra, Celda Elizondo, Anna Maria Martinez of Eagle Pass; Dorothy Munoz of San Angelo, and Maria Buitron of Sonora.

Ervey Vallejo of Sonora served as best man. Groomsman were Fermin Sanchez, brother of the groom; Bernardo Solis, Mike Villan-

ueva, Joe David Favilla, Luke Sanchez, Juan Mendoza and Joe Longoria all of Sonora, Ernie Borrego and James Sanchez. Ismael Sanchez and Richard Sanchez, brothers of the groom, and Ruben Perez served as ushers.

Alma Sanchez, sister of the groom, Jessica Richarte and Amanda Maldonado were flower girls. Abbey Maldonado and Anthony Sanchez served as train bearers. Charlie Villarreal was ring bearer.

The bride is a 1982 graduate of Ozona High School. The groom is a 1981 graduate of Sonora High School and is employed by an auto parts firm in Sonora.

Art group to meet

The Charlotte B. Phillips Art Group will commence Tuesday painting again on September 27, at 9 a.m.

This year the group will meet at the Chamber of Commerce building on Ave. E. Those who wish to participate (in any medium) will be welcome. It is hoped to secure an art instructor from time to time. On November 16, J.D. Kell Jr. of Seagraves will be back to hold a 3-day workshop in oils.

FRIDAY BRIDGE CLUB
Mrs. Oscar Kost was hostess for Friday Bridge Club last week in her home. High score went to Mrs. Dorothy Friend and second high went to Mrs. Sherman Taylor. Mrs. Eddie Arnold won bingo.

Others playing were Mrs. Buster Miller, Mrs. Evert White, Mrs. Sterling Baker and Mrs. O. D. West.

DUPLICATE BRIDGE
Mrs. Gene Williams and Mrs. Jack Williams won the top spot in Duplicate Bridge Club play Sunday afternoon at the Ozona Country Club. Mrs. Evert White and Mrs. Sidney Millsbaugh were in second place.

VITAL BRIDGE

Living on an island has its problems! Islands are just fine... until you run out of bread or need the refrigerator fixed. That's why we built this rustic bridge last summer. It's safer for the children than our old boat, and it links us with our neighbors if we or they need help in a hurry.

There is great need for another bridge these days... not of wood or stone, but of understanding between the world's people. "No man is an island..." We are all children of God, made in His image.

The Christian Church is the living bridge that seeks to unite people everywhere in the fellowship of Jesus Christ, the Prince of Peace. By supporting your church and striving to live by its teachings, you help to span the gulf of ignorance and fear that still separates us from our brothers and sisters.

Crockett County Care Center News

BY ANN McCARTNEY
DIRECTOR OF ACTIVITIES & SOCIAL CARE

The dog days of summer are beginning to come our way. We still need that good rain to really cool things off though.

We have had some good volunteers from the First Baptist Church lately. The young ladies came and brought cookies and the W. M. U. ladies came and served watermelons donated by Bill Hardberger of Lamesa. Volunteers included Lucille Littleton, Genice Childress, Polly Mayes, Margaret Coates, Linda Hamar, Cindi Caraway, Pat, Terri and Matt Willmon, and Celia Stone.

Tuesday and Friday bingo winners included Nina Mayfield, first place winner of the Watson's Dept. Store certificate and Maude Pettit, winner of the El Chato dinner for two certificate. Jesus Hernandez received the runners-up prize. Volunteers included our pop corn lady Anna Bell Patrick, Dorothy Doll, Veronica Tabbett, and Elena Lopez.

Everyone is still talking about their visit from the fifth grade students. Students and their new adopted grandparents include: Billie Whatley, adopted by James Cemental, Paul Cavin, adopted by Fleet Worthington. Tomasa Ramos, adopted by Tina Tambunga and Stephanie Rice, Minnie Karr adopted by Lalo Ramos, Johnny Henderson adopted by Gilbert Rico, Nila Turnell adopted by Christy Cotton, Frances Borrego adopted by Elisa Coy, Nina Mayfield adopted by Misty Fowler, Pearl Morris adopted by Lee Galan, Inez Biggs adopted by Lisa Garza and Stephanie Saunders, Virginia Russell adopted by Josephine Torres, Alice Ross adopted by Kelly Porter, Maggie Crawford adopted by Melissa Watson and Janet King, Bertha Miller adopted by John Criswell, Ola Mills adopted by Domingo Perez, Jesus Hernandez adopted by Anthony Vasques, Maude Pettit adopted by Jason Vitale, Floy Clare Short adopted by Delores Moreno, and Juana Hernandez adopted by Emily Cervantez.

Ceramics on Wednesday morning was led by Ruth Hester. Residents participating included; Juana Hernandez, Tomasa Ramos, Maude Pettit, Ola Mills, Inez Biggs, Moriama Perez, and Johnny Henderson.

Sunshine hour on Wednesday afternoon found everyone eating watermelon served by the Baptist W.M.U.

Thursday morning's beauty shop was manned by Madye Jo Humphreys, Arlene Clayton, Lola Rios, and Glenda Henderson.

Thursday afternoon's Bible study was led by Rev. Dennis McKain. He was assisted by four fellow church members. This was followed by Spanish Hour of Praise led by Maria Vitela. It was my pleasure to meet Father Richard L. Altenbaugh, pastor of Our Lady of Perpetual Help Catholic

Church, who also met with this group as well as several other members. We welcome Father Altenbaugh and are looking forward to working together with our people here at the center.

Friday afternoon Dorothy Doll gave a program of waltz songs by way of the record player for our residents. Music is real therapy and is a needed part of the life for our care center residents.

Church services this month have been brought by the United Methodist Church, the Catholic Church, and the First Baptist Church. Thanks goes to these groups for these services.

Monday morning dominoes found a lively game of '42 being played by Nila Turnell, Nina Mayfield, Ola Mills, and Maude Pettit.

Monday afternoon several residents enjoyed making some Christmas Crafts.

We appreciate the donuts this week sent by Donuts, Etc., bingo chips donated by Jo Davidson, and Maxine's Flowers for sending all residents a mum corsage on Saturday.

We had our own football queen Friday. Tomasa Ramos was unofficially declared so when she was observed wearing her large mum corsage, complete with ribbons, a football, and a bell. She looked like a queen for sure! She got to go to the game too and helped root Ozona on to their victory!

We are still waiting for those afternoon rides our residents requested at their council meeting. If you have a car and a free hour some afternoon, come by and take someone for a ride.

Pvt. Clark completes training

Pvt. Robert G. Clark, son of Robert G. and Patsy S. Clark of 1209 Ave. G, Ozona, has completed one station unit training (OSUT) at the U.S. Army Infantry School, Fort Benning, Ga.

OSUT is a 12-week period which combines basic combat training and advanced individual training.

The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. Completion of this course qualifies the soldier as a light-weapons infantryman and as an indirect-fire crewman.

Soldiers were taught to perform any of the duties in a rifle or mortar squad.

His wife, Lydia, is the daughter of Fernando and Victoria Martinez of 1302 Sunset, Abilene.

The private is a 1977 graduate of Abilene Cooper High School, Abilene.

Household management by home computer

When it comes to household management, a home computer is just another appliance, says home economist Bonnie Piernot.

A home computer can assist in keeping household records of checks, mailing addresses, telephone numbers, special days and appointments. It can also maintain an accurate inventory of household goods or the stamps in your collection, she explains.

"But a computer will not make you a good record-keeper," says Piernot, who specializes in family resource management for Texas A&M University's Agricultural Extension Service. "Unless good household records are available, you will have nothing to put into the machine."

The computer simply organizes, retrieves and presents the information you give it in a useful form. Poor record-keepers who are looking for a way to organize their lives might be better off learning to use a simple paper and pencil system than investing in a home computer, says the specialist.

Home computers can also assist in financial decision-making. Financial modeling programs allow the household to do a cost-benefit analysis of large investments such as a home or car, rather than guessing at the financial consequences of a purchase decision, notes Piernot.

Programs that allow consumers to figure the cost of loans at variable interest rates and over different periods of time may be especially useful she says. For families with well-planned budgets, electronic spread sheet programs allow them to forecast the impact of a purchase on their budget.

Some computer programs will even help families compare their spending to that of families in similar circumstances, says Piernot. "But the computer can't tell you how to budget," she adds, "since budgeting decisions rest on the family's value system and priorities."

Many public education agencies, including county Extension offices, now have financial decision-making and budgeting programs they will run for residents on their computer system at little or no cost, notes the home economist. Unless a family

has an ongoing need for financial analysis, they might take advantage of such services rather than purchase a computer.

According to Piernot, computer software is also available for monitoring household appliances. A security system, energy control and fire alarm can be controlled by computer. Other programs are available to improve diet and fitness by monitoring the nutritional value of foods eaten, analyzing health risk factors and even teaching exercises.

"Although a home computer can do a variety of household management tasks, its purchase price may not be warranted if used for that alone," states the specialist. But multiple functions such as providing educational programs and games for children, use in a family business, for farm and ranch management, or performing job tasks at home, may justify the investment.

Consumers should also recognize that unlike other household appliances, the major cost will not stop with purchase of the machine, cautions Piernot. "You can

expect to invest many more dollars in software to run a computer than in the computer itself," she notes.

Temple Baptist set film

Temple Baptist Church has scheduled a film entitled "The Big Money Mixup" to be shown on Saturday, September 24.

This is a fun film for all children and youth and is not a Bible class or church service. This activity, beginning at 3 p.m. and ending at 4 p.m., is designed to give the youth some wholesome fun and parents a helpful hand in providing entertainment for their children.

All ages are invited to attend and every youth will get a free bag of popcorn.

By Steve Sesson

"Everything you wanted to know about teeth but were afraid to ask." Most everybody has had a cavity--right? Most everybody knows how to prevent cavities--right? The answer to the first question is probably yes unfortunately, but more than likely the answer to the next two questions is probably no.

Through repeatedly asking these questions, I have found that most people really don't understand what a cavity is or why they get them or how they could not get them. They seem to know that brushing their teeth and not eating so many sweets has something to do with it, but they don't really feel sure that they understand it completely. I'll try to clear up the muddy water about tooth decay.

We all have bacteria (germs) in our mouths. We are supposed to and those bacteria perform many worthwhile and vital functions. However, they tend to accumulate or stick together to form a gummy mass that sticks to our teeth. This gummy mass is called plaque. The bad thing about plaque is that it soaks up dissolved sugar like a sponge soaks up water and the bacteria in the plaque decomposes the sugar and creates an acid. The acid is then trapped against the enamel of the tooth to which the plaque is attached and the acid demineralizes a "hole" in the enamel. This "hole" dentistry has chosen to call a cavity.

Keep in mind that we don't get cavities all over our teeth--just where the plaque is. Also, keep in mind that the plaque will stick to our teeth easiest where it is protected--in other words--places our tongue, lips, and cheeks don't normally keep cleaned off. The most common protected places that the plaque sticks are the cracks and crevices in the tops of the back teeth, in between the teeth and the gumline area.

The way the sugar works is that once the plaque soaks it up, it only takes about 30 seconds for the acid to be made and once the acid is formed it works on our teeth for about 30 minutes. The amount of sugar taken in at one time really doesn't seem to matter much dentally speaking--it is how often that really hurts. For example: Let's say you had a gallon of Coke and you drank it all at one time (you probably wouldn't do this but it will help illustrate the point). How long would the acid work on your teeth? 30 minutes--that's right. But let's say that you had another gallon of Coke and you took a little sip about every 30 minutes until all the Coke was gone. How long would you have acid on your teeth? That's right--as long as it took to finish the Coke, 6 or more hours or whatever. The point is that we can greatly

reduce the bad affects of sugar by simply decreasing how often we eat or drink it. The main time we get into trouble is in between meals. Sugared soft drinks, sugared gum, candy, breath mints, tea or coffee with sugar are some of the obvious harmful snacks. Some of the less obvious are things like sugared breakfast cereal that the little children like to snack on, fruit juices that have added sugar like some apple juices, and chocolate milk. Even though the role sugar plays in tooth decay is an important one, it is not nearly as important as the plaque that stays on teeth. Well how do we get the stuff off? Almost everybody brushes their teeth and some people brush their teeth several times a day--then why do so many of these people still get cavities? The answer is simply that they never get all the plaque off.

Did you know that you can reach only a little more than one-half of your tooth with a brush and that most people can't effectively clean the half they can reach? Why is this? Because we have been told over and over to brush after every meal, side ways, up and down, and every which way. The fact we have been told to brush after every meal leads us to believe that we should brush just to get the food out--that is a good reason; but when we look at how small bacteria are and how large pieces of food are, then it is easy to see how we can get the food out and still leave the plaque undisturbed. How many of us have even been shown how to clean our mouths? How many of us have even cleaned our mouths while someone watched like a coach to help us learn? You know we really can't see what we are doing in our own mouths especially way in the back, where most of our problems occur because it's hard to reach.

Well, the whole point is

that we really can prevent tooth decay and the tools we use are important, but what is really important is how we use them. All the flouride, tooth pastes, mouth washes, and water piks in the world will not prevent cavities if we don't get the plaque off. It takes about 24 hours for the bacteria to accumulate and form plaque--so if we could get all the germs off completely once a day then we could essentially eliminate tooth decay.

Well--you say-- I Don't get cavities; therefore, I don't need to clean my mouth. Unfortunately, the same bacteria that causes tooth decay causes gum disease. The scary thing about gum disease is, unlike cavities, that you often see or feel and can be restored, gum disease you usually don't see or feel until it is advanced and when it is advanced, many times we can't rebuild lost bone support.

Did you know that the majority of people who loose their teeth loose them because of gum disease and not tooth decay? And did you know that gum disease almost always starts in between the teeth where only dental floss will go? The discussion of gum disease and the answers to these questions will be in the next presentation.

I honestly wish there was a way to communicate to you in writing how to clean your mouth -- all I can say is -- try to get the whole tooth clean, on top and all the way around, especially, at the gumline. In most cases, like our dexterial skill (golf, tennis, writing your name, sewing, etc.), people need to be shown and then practice the skill with a little guidance.

PHONE NEWS TO THE STOCKMAN.

Ozona Lion booster club in meeting

The Ozona Lion Booster Club met Tuesday evening at the Ozona High School Auditorium for their weekly meeting. President John Parks presided.

Coaches David Porter, Mitch Rasberry and Thomas Hanson introduced the Lion Junior Varsity football team. They are as follows:

Quarterbacks--Harvey Fierro, Sam Hightower and Roger Flores. Wingbacks--Danny Moran, John Tom Stokes. Runningbacks--James Sanchez, Frank Galan, Johnny Lombrano, Valdo Galindo. Fullbacks--David Adams, Arturo Gonzales, Butch Gonzales. Tommy Chipman. Centers--Carlos Galindo, Raul Arrendondo, Marty Moran.

Guards--Abel Lara, John Clark, George Guerra, Francisco Vasquez, Isais Flores, David Gonzales. Tackles--Donald Gutierrez, Dean Tambunga, Brock Jones, George Wall. Ends--Jaime Castellanos, Andy Dews, Andy Trevino, Joe Hernandez, Lionel Munoz, Johnny Garza.

A suggestion was made to put some sort of welcome signs out on the highways to

show our hospitality to the incoming visiting teams. Tot Holmsley and Mike Sadler volunteered to take care of this project.

It was announced that one full order had already been placed for Gold and Growing windbreakers, T-shirts and caps. Another order will be placed soon. Any Lion fan wishing to order one of these items should contact a member of the Booster Club.

Mr. Parks reminded the members to encourage the fans sitting in the stands to help form the victory lines for the mighty Lions to enter onto the field. This is a good way to visibly show the Lions that we're behind them!

There being no further business, Coach Don Abbott narrated the previous Friday night's game. As always--the members were shown a lot of plays that probably went unnoticed during the actual game.

All fans--including those '40-year old cheerleaders' are urged to attend these game films every Tuesday night.

Couch gets scholarship

Michelle Couch, a freshman student from Ozona, is attending Angelo State University on a Carr Academic Scholarship.

The awards are provided by the Robert G. and Nona K. Carr Scholarship Foundation and are based on the students' outstanding academic records and personal achievements.

Couch, a member of the national and international piano guild, participated in band and tennis in high school. She received a \$2,500 Carr award for 1983-84.

She is among approximately 300 distinguished high school students throughout the state and nation who have been selected to receive Carr Academic Scholarships for 1983-84. Another 500 Carr Academic Scholar-

ships have been awarded to currently enrolled undergraduate and graduate students at Angelo State University.

The distinctive scholarship program was created by the late Mr. Carr in 1978 and will provide approximately \$1.2 million in academic scholarships during the 1983-84 school year to assist worthy and deserving students to pursue their education at Angelo State.

CLASSIFIED ads will not be taken over the telephone at the Stockman, unless caller has a running account.

ENGAGEMENT ANNOUNCED-Mr. and Mrs. Robert Rodriguez announce the engagement of their daughter Melissa Galindo to Joe Marmolejo, son of Mr. and Mrs. Tomas Alvarado of San Antonio. Melissa is a 1983 graduate of

Ozona High School and is employed as a cashier at Circle Bar Truck Corral. Joe is in partnership with his father's construction business in San Antonio. The wedding is planned for November 26, at Our Lady of Perpetual Help Catholic Church in Ozona.

Using sugar substitutes

Using sugar substitutes in home cooking is one way to reduce calories, says Nutritionist Mary K. Sweeten.

According to Sweeten, a specialist with Texas A&M's Agricultural Extension Service, recent research shows that recipes prepared with non-nutritive sweeteners such as saccharin or aspartame produce satisfactory results with only minor flavor differences.

But the non-nutritive sweeteners do have limitations as cooking ingredients, she adds.

"Be prepared for a few failures when cooking with non-nutritive sweeteners because the sugar-equivalency ratios given on the packages are not always reliable in cooking," says Sweeten. "Also, the degree of sweetness may vary according to the other ingredients in the recipe."

Saccharin can be used in quick breads and other simple baked goods with no adjustments, says the specialist, but it's risky to use in cakes, yeast breads and some cookies that require the carbohydrate of sugar for proper balance.

To reduce the aftertaste from saccharin, Sweeten suggests adding it after heating, rather than before or during the process.

While aspartame does not have a noticeable aftertaste, it cannot be used in cooking or baking, since its chemical structure breaks down

Mrs. Young hostess for Myrtle Post garden club

Mrs. Garland Young hosted the Myrtle Post Garden Club in the Civic Center Sept. 19 with Mrs. Bob Crider serving as co-hostess.

Mrs. Crider designed two arrangements for the meeting, both of modern design using wood, dried plant material and chrysanthemums. Mrs. Lee Graves, president called the meeting to order and asked for the roll call. Members answered with "Bulbs I like Best."

Mrs. John Hignight passed out Horticulture sheets to be filled out by members and turned in at the October meeting.

A report on the plant exhibit was given by Mrs. Phillip Smith. She urged members to ready their plants and plan arrangements for the exhibit.

Mrs. Hignight reported on the plans for repotting the plants at the Care Center that will begin Thursday evening Sept. 22.

A discussion was held on planning the landscape and types of trees, shrubs and flowers to be used for the landscape project for the Emerald House.

Plans were made for a Christmas party box supper to be held at the Emerald House, December 3.

Mrs. Jim Dudley brought the 1984 "Visions of Beauty" calendars to be purchased by the members.

The president introduced the speaker for the program, Mrs. Crider, who brought a very interesting and informative program on planning and planting bulbs for spring color.

At the close of the meeting two books "Low Maintenance Gardening" and

"How to Grow Bulbs" were the door prizes won by Mrs. Young and Mrs. Crider.

The plant auction was held. Other members present were Mrs. Scottie Houston, Miss Leta Powell, Mrs. Jack Brewer, Mrs. T. R. Conner, and one guest, Ms. Robin Reneau.

Mr. and Mrs. John Childress returned last week from a 5-week trip to New York City, London, England and Spain.

TIME-SAVING SHORTCUTS

DISHWASHERS

One of the most monotonous, repetitive, time-consuming kitchen tasks has to be doing the dishes. Automatic dishwashers are great worksavers. It has been estimated that a dishwasher can save as much as 16.2 hours per month.

Extension office news
By Rachel Hall

4-H Clubs have begun selecting officers and programs for the year. Monday evening, the Intermediate club selected programs and elected officers. Officers for the year include Misty Fowler, president; Danette Robinson, vice-president; Cody Morris, secretary; Anthony Vasquez, reporter; Margaret Jones, parliamentarian; Trey Mayfield and Leigh Ann Coates, third grade delegates; Mike Vasquez and Susan Pullen, fourth grade delegates; and Mike Ybarra and Tamie Reagor, fifth grade delegates. The Intermediate club will be meeting in the Intermediate School Cafeteria the first Monday of each month at 7:00 p.m. The next meeting is October 3 and 4-Hers will be making posters for the Awards Supper.

The High School Club will meet September 25, 4:00 p.m. at the Methodist Church. Organizational leaders of the high school group include Lane and Sherri Scott, Ann Childress and Camille Jones. The Junior High Club organized by Jill Seahorn, Carmen Flores and Frances Denman will conduct their first meeting of the year, September 26, 7:30 p.m. at the Civic Center. 4-H parents are also encouraged to attend club meetings when possible.

There will be a meeting of Goat Feeders October 4, 7:30 p.m. at the County Show Barn.

Jay Grisle will be conducting the monogram and machine embroidery workshop Saturday at the Civic Center. There is room for six more registrants. Contact the County Extension Office for more information.

The Program Building Committee met Monday evening and made plans for the Pecan Show, November 28, and the Wild Game Dinner, December 5. Plans were also made for major programs in computers and family wills.

Quick Breads are wonderful, as anyone who has ever buttered a feather light biscuit will agree. Yeast baking offers an extra challenge, since it fights back as you knead it. Yeast baking requires an understanding of the gluten factor. Gluten is a high-protein and starch-free product of hard wheat. Rye and other heavy non wheat flours (or cracked wheat, which isn't ground but chopped) must have gluten added, either in the form of plain unbleached flour or gluten flour to make the dough elastic. Gluten must have moisture and kneading to develop.

WADE A. MOSLEY
MANAGER
Box 397
Sonora, Texas

1/2 cup very warm water
1 egg, well beaten
4 1/2 to 5 cups all-purpose flour

Melted margarine
Combine milk, sugar, salt, and shortening; let stand until lukewarm.
Dissolve yeast in very warm water; add to milk mixture. Stir in egg. Gradually add enough flour to make a soft dough that leaves sides of bowl.

Cover with a towel, and let rise in a warm place until doubled in bulk.
Punch dough down, and turn out on a lightly floured board or pastry cloth; knead lightly, and shape. Brush with melted margarine. Let rise until doubled in bulk (about 45 minutes). Bake at 425° for 10 to 15 minutes. Yield: about 3 dozen rolls, depending on shape.

Brucellosis battle continues

The Texas livestock industry has achieved a first in its continuing battle against brucellosis.

For the first time in history, more than one million calves have been vaccinated in a fiscal year in this state. The total as of Aug. 31, 1983 was 1,000,278. That means 35.7 percent of all eligible calves were vaccinated for brucellosis in Texas for fiscal year 1983.

"The number of vaccinated calves has almost doubled in the past three years. That is significant since basic changes were made and incorporated into the Texas brucellosis program in 1980.

"It shows livestock producers are accepting those changes," John B. Armstrong, Kingsville, chairman, Texas Animal Health Commission, said.

One of those changes included regulations which encourage freer movement of the vaccinated animal versus the non-vaccinate.

"We want to thank the Texas Agricultural Extension Service through its county agricultural agents in helping us get the information about the value of vaccination to producers throughout this state.

"Veterinarians, livestock organizations and mass media have also worked closely with us in this endeavor," Armstrong said.

Self-employment tax scheduled for increase

The 1983 Amendments to the Social Security Act increase the social security (Self-Employment Contributions Act) tax rate on self-employment income to equal the combined employee-employer rates. The rate for 1984 is 14%. There will be gradual increases to reach 15.30% for 1990 and after.

These Amendments also provide credits against SECA tax liability for 1984-1989 equal to a percentage of self-employment income. For

1984, the percentage is 2.7. The rate gradually decreases thereafter to reach 2.0% for 1986 through 1989.

Beginning with 1990, the self-employed will be treated in much the same manner as employees and employers are treated for social security and income tax purposes under present law.

P.B.P.A. Report

Tomlinson in basic training

Shane Tomlinson, son of Mr. and Mrs. Tommie Tomlinson of Ozona has begun basic training with the U.S. Army at Fort Sill, Oklahoma. Immediately following basic training, he will enter advanced training in missile electronics.

Shane graduated from Early High School last May. During a special awards assembly, he was awarded a Certificate of Achievement by the Superintendent of Schools for maintaining high grades after being out of school for two years.

Tomlinson was also awarded a \$20,000 scholarship by a representative of the U.S. Army after he had made the highest score ever made on the U.S. Army acceptance exam given at the Brownwood Area Recruiting Office. The scholarship is to be used in the field of his choice.

A total of 12,320 drilling applications were processed by the Texas Railroad Commission in August. In July, 3,860 applications were processed. The large increase was mostly due to individuals and companies who wanted to save the new \$100 drilling permit fee that went into effect September first.

The August figure included 10,300 applications to drill new oil and gas tests, 132 to deepen existing holes, 502 to plugback, 184 for service and 1,201 amended drilling applications.

In the Permian Basin, there were 704 applications in the Midland area, District 8, 440 in the San Angelo area (district 7C) and 531 in the Lubbock area, (district 8A). In August a year ago, the Railroad Commission processed 3,758 drilling applications.

In other news, the Reagan Administration has dropped the idea of a stand-by \$5 a barrel tax on both domestic and imported oil. The assistant secretary for tax policy, John Chapoton, said it is unlikely there will be any major tax increase until 1985.

Midland quilt show scheduled

Midland Quilters Guild will host its First Annual Quilt Show on Saturday, Oct. 1 at the Midland Parks and Recreation Gym, 300 Baldwin St. Hours will be from 10 a.m. until 6 p.m.

The show will feature heirloom and contemporary quilts, wall hangings, quilt blocks, pillows, clothing and other quilted items. Also planned are a "works in progress" display and demonstrations by guild members throughout the day.

The event is co-sponsored by the Midland Parks and Recreation Department. Admission will be \$1.00 (children under 12 free when accompanied by an adult.)

Texas Excellence Award Some veterans overpaid

Outstanding high school seniors across the state will be interested in a \$10,000 scholarship to The University of Texas at Austin. The Texas Excellence Award for Scholarship and Leadership is the first of its kind in the state. Funded by alumni through The Foundation for Texas Excellence of The Ex-Students' Association, the award is based solely on academic accomplishment and leadership in extracurricular activities. Presented for the first time in 1982, five more such awards will be presented in March 1984. Each award will be granted over a four year period (\$2500 per year).

To be eligible, students must rank in the top 5% of their class at the end of their junior year in high school. Beyond scholastic achievement, students must demonstrate leadership ability. Approximately ten finalists will be selected in a process involving University deans, distinguished alumni, and other UT officials. Following on-campus interviews, five recipients will be chosen. Announcements will be made in the winners' hometowns by local Texas Exes Clubs, and awards will be presented on campus in the fall.

One hundred years ago, the Texas Legislature established The University of Texas at Austin to serve the State of Texas as a "University of the first class." Today the Texas Excellence Award celebrates that tradition by emphasizing The University of Texas' alumni commitment to academic excellence.

Eligible high school seniors may obtain applications from their school counselors or from The Ex-Students' Association (P.O. Box 7278, Austin, Tx. 78712). Applications must be postmarked no later than November 1.

Moreno elected

Jesse Moreno, a junior at Schreiner College in Kerrville is a member of the college's Ambassadors organization for 1983-84.

Moreno lives in Ozona. He is a graduate of Ozona High School.

The Ambassadors is a prestigious organization of 14 students who assist the Admissions Office in recruiting students and represent the student body at major college functions.

for G.I. Bill benefits

Some 850,000 veterans who have been overpaid for GI Bill education benefits will receive letters from the Veterans Administration advising them of new statutes affecting money owed the government.

Some 42,000 letters per day will be mailed from the Centralized Accounts Receivable Section (CARS) of VA's St. Paul Regional Office. Similar ones are scheduled for veterans who show overpayments in compensation, pension and loan guaranty defaults.

The mailing to start July 19 is the second in a series of steps taken by VA in response to a Congressional mandate to intensify collection of \$954 million owed in some 1.3 million accounts. Amounts owed range from several thousand dollars to as little as five dollars. Some of the accounts are more than 10 years old.

In the first three months following the first mass collection effort in January, VA received \$24 million, almost

double the normal amount for that obligations will advise that annual interest on their balance will be charged at 15.05 percent.

Legislation enacted in 1980 (Public Law 96-466) authorized interest charges in such cases at the rate charged by the Treasury during fiscal year 1982. While that rate is reviewed each year, the initial rate assigned to an account remains unchanged while the debt is outstanding.

Veterans are advised that the interest cost can be avoided by remitting the full amount due within 30 days of the date of the letter. Those unable to repay in full are advised to submit a partial payment together with a proposed repayment plan. If no repayment plan is submitted within 30 days, an administrative fee of 61 cents is added monthly in addition to interest. Those who have established repayment plans won't be charged interest and administrative costs unless the account becomes delinquent.

All repayments are to be made to CARS in St. Paul. A remittance form is provided with each letter. Local VA

regional offices can assist in explaining such repayments procedures, but all of the delinquent accounts are maintained in St. Paul.

SUPERVISORS URGED TO THINK TWICE WHEN GIVING RAISES

Many supervisors ought to think twice before giving higher salaries to prize employees who threaten to quit their jobs for another offer.

"Employers will sometimes do anything to keep high performers, but there's a limit to what's fair," said Dr. Michael Abelson, a Texas A&M University management professor.

"If you give an employee a 25 percent raise to compete with an offer from another employer, chances are other employees who perform as well but don't have similar offers will resent the action. They might ask for raises themselves, or start looking for other jobs."

For The Ladies

Husbands are like fire- place fires. Unattended, they go out.

-Record, Columbia, S. C.

Farm-Ranch exchange student

The International Agricultural Exchange Association is looking for farmers, ranchers and agricultural families who might like to host a young man or woman from Australia or New Zealand to come and live with and work for them.

These young trainees are between 19 and 28 years of age and have very good experience in their field of agriculture. They arrive at the end of October and leave the beginning of May.

Anyone interested in learning more of the international opportunities available through IAEA should call or write to I.A.E.A., 205 9th Avenue South, Great Falls, Montana 59405, (406) 727-1999.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION

NOVEMBER 8, 1983

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 91 proposes a constitutional amendment which requires a county with a population of 30,000 or more to be divided into not less than four nor more than eight justice of the peace precincts. A county with a population of 18,000 or more but less than 30,000 shall be divided into not less than two nor more than five justice of the peace precincts. A county with a population of less than 18,000 shall be designated as a single justice of the peace precinct or, upon a finding of necessity by the commissioners court, shall be divided into more than one justice of the peace precinct but not more than four. The amendment provides further, that in any precinct in which there is a city with a population of 18,000 or more, two justices of the peace shall be elected. The amendment allows a justice of the peace, constable or commissioner to continue in office until the expiration of his term, although a change in precinct boundaries results in the officer no longer being a resident of the precinct for which he was elected or appointed and allows a justice of the peace or constable to continue in office until the expiration of his term even though a change in precinct boundaries results in the abolishment of the precinct or more than one justice of the peace or constable serving the precinct. Vacancies in the office of justice of the peace or constable that result from a precinct boundary change shall be filled by the commissioners court until the next general election. The amendment would take effect on January 1, 1984, and counties with populations of less than 30,000 and with more than four justice of the peace and constable precincts would have until January 1, 1987 to comply with the amendment.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing fewer justice of the peace and constable precincts in counties with a population of less than 30,000 and providing for continuous service by justices of the peace, constables, and county commissioners when precinct boundaries are changed."

designation, an urban homestead not exceed ten thousand dollars in value without reference to the value of any improvements on the land would be eliminated.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment replacing the limitation on the value of an urban homestead with a limitation based on size."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that authorizes the Legislature to enact legislation that permits representative associations of agricultural producers to collect refundable assessments on their product sales to be used solely to finance programs of marketing, promotion, research and education relating to those products. It provides, further, that adoption of the proposed constitutional amendment will bring into effect Senate Bill 607, Acts of the 68th Legislature, Regular Session, 1983, with rejection of the amendment resulting in Senate Bill 607 having no effect.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment providing for the advancement of food and fiber production and marketing in this state through research, education, and promotion financed by the producers of agricultural products."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 30 proposes a constitutional amendment which authorizes the Legislature to enact laws to provide for the succession of members of the Legislature in the event of enemy attack and allows the suspension of procedural rules imposed by the Constitution in the event of, or immediate threat of, enemy attack. The amendment empowers the Governor, after consultation with the Speaker of the House and the Lieutenant Governor, to suspend the constitutional requirement that the Legislature hold its sessions in Austin and allows the suspension of procedural rules by the Governor issuing a proclamation in which the House of Representatives and Senate concur by resolution approved by a majority of the members present. Suspension of the constitutional rules may not exceed a period of two years under a single proclamation; however, the Governor may renew the suspension by issuing a new proclamation concurred in by the House of Representatives and the Senate through a resolution approved by a major-

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 105 proposes a constitutional amendment which would limit a homestead in a city, town or village to a lot or lots amounting to not more than one acre of land, together with any improvements on the land. The constitutional requirement that, at the time of

ity of the members present.

The amendment will appear on the ballot as follows: "The constitutional amendment authorizing statutory provisions for succession of public office during disasters caused by enemy attack, and authorizing the suspension of certain constitutional rules relating to legislative procedure during those disasters or during immediate threat of enemy attack."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 12 proposes a constitutional amendment that authorizes the Legislature to enact legislation providing for the use of the permanent school fund and income from the permanent school fund to guarantee bonds issued by school districts. The amendment provides, further, that the Legislature may appropriate part of the available school fund for administration of the permanent school fund or of a bond guarantee program established pursuant to the amendment.

The constitutional amendment will appear on the ballot as follows: "The constitutional amendment authorizing use of the permanent school fund to guarantee bonds issued by school districts."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 1 proposes a constitutional amendment which would permit the Legislature to provide for the garnishment of wages to enforce court-ordered child support payments. The garnishment remedy would not be available for other purposes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment allowing the Legislature to provide for additional remedies to enforce court-ordered child support payments."

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that authorizes the Veterans' Land Board to provide for, issue, and sell general obligation bonds of the State of Texas in an amount not to exceed \$800 million to provide financing to veterans of the state. The amendment requires that three hundred million dollars of the state bonds be dedicated to the Veterans' Land Fund. The Fund is to be used to purchase land to be sold to veterans under such terms, rules and regulations as may be authorized by law. The amendment creates the Veterans' Housing Assistance Fund and requires that \$500 million of the state bonds authorized by the amendment be dedicated to the Fund. The Veterans' Housing Assistance Fund will be utilized by the Veterans' Land Board for the purpose of making home mortgage loans to veterans for housing within the state and for the administrative

costs of administering the fund and issuing the bonds. The amendment provides, further, that if there is not money in either the Veterans' Land Fund or the Veterans' Housing Assistance Fund available for payment of principal and interest on the general obligation bonds issued pursuant to the amendment, then money coming into the Treasury in each fiscal year is appropriated in an amount sufficient for payment of principal and interest due in that fiscal year.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment for financial assistance to veterans and to authorize the issuance of \$800 million in bonds of the state to finance the Veterans' Land Program and the Veterans' Housing Assistance Program."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that authorizes political subdivisions to exempt veterans' organizations from ad valorem taxation on their property. The amendment requires that the veterans' organizations be chartered by the United States Congress, be composed of members or former members of the United States Armed Forces, and be organized for patriotic and public service purposes. The amendment provides, further, that political subdivisions may exempt fraternal organizations from ad valorem taxation on their property. The amendment requires that the fraternal organizations be organized to perform and be primarily engaged in charitable or benevolent functions. The Legislature would be authorized to enact laws that prescribe eligibility requirements for fraternal organizations to benefit from the exemption and to pass legislation limiting the types or amount of property owned by a fraternal organization which may be exempted from ad valorem taxation.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to authorize taxing units to exempt from taxation property of certain veterans' and fraternal organizations."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 70 proposes a constitutional amendment to authorize the Legislature to provide, by local or general law, a method by which judges of statutory courts with probate jurisdiction may be assigned to any other statutory court with probate jurisdiction and to any constitutional county court in any county in the state.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for assignment of judges of statutory probate courts to other statutory county courts with probate

jurisdiction and to county courts."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment that authorizes the Legislature to enact laws which would allow a city or town to expend public funds to relocate or replace sanitation sewerage laterals on private property if done in conjunction with the replacement or relocation of sanitation sewer mains serving the property. The amendment requires that the law authorize the city or town to affix a lien on the private property, with the consent of the owner, to cover the costs of the replacement or relocation of the sewer laterals on the property. The lien may not be enforced until five years have expired since the date the lien was affixed. The amendment provides, further, that the law require that the costs of the replacement or relocation of the sewer laterals on the private property be assessed against the property with repayment to be amortized over a period not to exceed five years and at an interest rate provided by law.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to permit a city or town to expend public funds and levy assessments for the relocation or replacement of sanitation sewer laterals on private property."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that would change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and would eliminate the Governor's power to revoke paroles. The Legislature would be authorized to establish the Board of Pardons and Paroles and to require it to maintain records of its actions and the reasons for its actions. The amendment would empower the Legislature to enact parole laws. Constitutional language specifying the qualifications and terms of office for members of the Board of Pardons and Paroles is eliminated. The constitutional language governing the composition of the Board of Pardons and Paroles and the manner of filling vacancies on the Board is eliminated.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and to give the board power to revoke paroles."

Estos son los informes explanatorios sobre las enmiendas propuestas a la constitucion que aparecerán en la boleta el día 8 de noviembre de 1983. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/9602 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.
