### Kitty's Korner

By  
Kitty Montgomery

In a variation of a Mark Twain quote. "The news of my illness is greatly exaggerated."

I lead off with this due to a rumor which began Saturday and spread like wildfire. I knew nothing about it.

About dark Saturday I was watching television in my living room when I noticed cars passing on the street in front of my house. There were hundreds of them and they all slowed down with the passengers looking toward the house. I couldn't imagine what was going on. I called a friend who listens to her scanner and asked if something was going on on the hill. She said she had not heard of anything, so I just dismissed it.

I did all the things I usually do and slept through the night in good health. The phone rang just as I was leaving to go to the Baileys. It was Oscar Kost, down the street, and he inquired about my health. It seems word got out that the ambulance was in my driveway Saturday evening. The story spread from there. The more it was told the worse it got.

I was loaded on the ambulance and taken directly to San Angelo, without ever stopping at the local hospital. I had suffered a massive heart attack and was in intensive care. Everybody was calling everybody else and nobody called me. As one friend said "well if you were in the hospital it would have done no good to call the house."

I didn't know the extent of the rumor until later. When we went to lunch Sunday at Charlies, everybody seemed startled to see me. Finally several began asking what the ambulance was doing at my house Saturday. I didn't see it, but apparently it turned around in my driveway or went to the wrong address. I still don't know.

I thought the rumor was cleared up, but all day Monday at the office the phone rang with someone asking about my health. That's why we are late today. It took most of the day Monday to quell the rumor. I can't figure out if it was curiosity or concern. I prefer to think it was concerned friends, and I really have a lot of friends. But isn't it amazing how rumors spread in Ozona? Just amazing!

kk  
Everyone had a good time July Fourth, but the following days were disaster. We lost two-teen-agers the following day and a good friend the next day. The whole town has felt the loss. It's times like this when I wish I lived in the city and didn't know a soul but my cat.

Ozona is a wonderful town with wonderful, caring people. The only drawback is when tragedy strikes, it affects us all.

### 5 Ozonans take special skills course

Five Ozonans were in San Angelo Monday night to take the Texas Department of Health written test for EMT special skills. After passing the test the students will demonstrate their proficiency to Dr. Don Carlisle, EMT Medical Director, and be certified to give survival treatment in the Crockett County ambulance.

The students, David Cooke, John L. Henderson, Carol Hunnicutt, Doug Meador, and Tina Moran, have been taking the special skills course for several weeks. It requires 60 hours classroom and 50 hours in a special skills ambulance. Ambulance work has been done with the Crockett County Ambulance and the San Angelo Fire Department ambulance. The course also requires 50 hours work in hospital time, which has been done in San Angelo at Community, St. John's, and Shannon. Their study involves all means of taking care of a patient while getting them to a doctor or hospital. This includes application of anti-shock trousers for trauma and blood pressure stabilization, IVs and intubation.

This is the third course taught in Ozona, and is sponsored by the Crockett County Hospital through the Concho Valley Council of Governments, made possible by a grant from the Texas Highway Department.

Classroom lectures were given on video cassette with lectures by San Angelo doctors. Local coordinator is Dub O'Bryant, with skills instructors, Joe Moran and Brian Henry, who are being re-certified.

WTU's GREASED POLE BOOTH saw many trying but few with any success during the celebration Thursday in the park. Kids who did manage to reach

the top had the privilege of snatching a \$5 bill from the tip of the pole. Only four managed to make it, but one made the climb twice.

### Bond election called for new sewer plant

A new waste-water plant came a step closer to reality this week when the board of directors of the Crockett County Water District called for a bond authorization election to be held August 10.

The \$950,000 bond election will be presented to the voters of the District to construct the plant, the line from Ozona to the plant, and the pump station to get the waste across Johnson Draw to the treatment plant, tentatively located two and one-half miles south of Ozona on the Seay property.

Approximate cost of the waste-water project is estimated at \$760,000. The balance of the election proceeds will be used for other water waste or sanitation collection projects directed by the board of directors of the Water District.

A bond advisor met with the board Tuesday night to discuss and advise on the type of bonds to take up with the voters. Revenue bonds will earn a higher rate of interest, but will require a property tax. General obligation bonds would be paid for by the revenues and/or taxes.

The new sewer plant has been an

on-going project. For the past ten years it has been in the making, but one thing or another has forced a set back.

The Seay property was selected by the board last year, and secured. However, an adjoining property owner, Arlington Helbing, raised objections and it has been in litigation since.

In the case of Arlington Helbing versus The Texas Department of Water Resources and the Crockett County Water District, filed in Austin District Court, Judge Hume Cofer ruled in favor of the Department of Water Resources and the Water District. The judge heard the case June 21, 1985 in Austin. It is possible Helbing will appeal, but the board feels confident enough of the site to go ahead with the bond election.

The District has already secured the site and has been granted a permit from the Texas Department of Water Resources to construct the plant on the selected site. The District was also granted a permit from the Environmental Protection Agency June 25, 1985 to operate the plant south of Ozona.

### Services here Tuesday for Jeanette Bailey

Funeral services for Mrs. Bob (Jeanette) Bailey, 58, were held Tuesday morning at 10 o'clock in Ozona United Methodist Church with the Rev. Ken Harrison, pastor, officiating. Burial followed in Cedar Hill Cemetery under the direction of Sizemore Funeral Home.

Jeanette Bailey  
Mrs. Bailey died at 10:45 p.m. Saturday in Shannon Hospital in San

Angelo, where she had been a patient for about four weeks.

Jeanette was born in San Angelo, July 10, 1926, the daughter of William J. Grimmer and Nan Davidson Grimmer. She married James Robert Bailey, son of Mr. and Mrs. Albert Bailey, Dec. 27, 1949.

She lived in Ozona until 1935, when she moved with her family to the Davidson Farm in Winfield, Iowa. She attended Winfield schools and graduated from the University of Iowa, with a B.A. degree in Speech and Dramatic Art. She taught school in Illinois before her marriage and later in the San Angelo school system before moving to the Bailey Ranch east of Ozona.

Survivors include her husband, Bob Bailey; one son, Jim Bob Bailey, both of Ozona; two daughters, Mrs. Bill (Nanette) Thompson of Mission, and Mrs. Mike (Sally) Oglesby of Pecos; two brothers, Eddie Grimmer of Winfield, Iowa; and Dr. Bill Grimmer of Buffalo, Iowa; one sister, Betty Ransberger of Ft. Sumner, N.M.; a sister-in-law, Mayde Jo Humphries of Ozona, and five grandchildren.

### Fun and fireworks mark July 4 in Ozona

Much fun was had by all Thursday at the annual Fourth of July extravaganza in the park and west of town that night for the fireworks display.

Activities got underway Thursday morning with three teams setting up for the range cook-off at the rodeo arena park. George Ybarra won the cook-off with briskets, pigtailed, pork rinds, menudo, son-of-a-gun and cornbread. He collected the \$100 prize money. Other teams were Danny Maness, Curtis Keith and Don Sessom Brock Jones, Jr., and Carol Sessom and Evelyn Keith.

The Crockett County Arts and Crafts Guild set up booths near the Emerald House, which was open for tours during the day. Activities got underway around 10 a.m. and everything from homemade suckers to paintings and jewelry were offered.

Most of the crowd gathered at the downtown park following the Knights of Columbus parade, where booths were set up for almost anything a kid or an adult might want on the Fourth of July.

The Crockett County 4-H Club manned a dunking booth along with pony rides. The dunking booth was by far the most popular with the adults. The greased pole climbing contest, manned by employees of West Texas Utilities was a favorite with the younger set. The pole contest was sponsored by the chamber who furnished T-shirts and the \$30 which was given to the winners.

Forty-two pole climbers received T-shirts. Jason Montgomery, the first to get to the top, plucked a \$10 bill off the tip of the pole. Kenneth Sessom and Ryan Morris, two others getting to the top of the pole each grabbed a \$5 bill. Rosendo Ramirez, who climbed the pole twice, came away \$10 richer. He got a \$5 bill each climb.

WTU employees running the event were Stephen Williams, WTU manager, Armando Arredondo, Stephen Bueno and Randy Wilson. They had as much fun as the kids.

The dunking booth and pony rides netted \$389 for the 4-H Club. Beta Sigma Phi sorority had the cold drink booth and took in around \$300 for their various projects.

Highlight of the juried art show was Alfredo Tobar's pen and ink drawings. Many talented artists displayed their works.

Willena Holden set up in the park and furnished her own brand of music throughout the afternoon. Many brought lawn chairs and formed an audience just for the music.

A total of \$1,700 was raised toward the purchase of the Care-A-Van. This amount came from the Care-A-Van booth selling funnel cakes and other goodies, the Knights of Columbus fajita booth, and the dunking of such upright citizens as Garland Davis,

Rudy Martinez, Glenda Winkley, Stan Lambert, Sonny Henderson and Jerry Lay. Proceeds from the day brought the fund for the van to \$9,600. Total cost is \$20,000 and members of the auxiliary believe the money will be raised by the fall of this year.

Winners of the egg race, sponsored by the chamber, were Leroy Martinez, Harvey Flores, John Tijerina and Michael Vasquez.

The washer pitching tournament drew many entries. In singles, Santiago Ybarra won first place and Howard Johnson, second. The doubles event saw Gene Morris and Ronnie Pearl taking first place with Charlie

Applewhite and Richard Preston coming in second.

The Ozona Volunteer Fire Department gave youngsters many hours of pleasure with water polo, set up across from the park. Steve Kenley was in charge, assisted by other members of the fire department.

The fireworks display took place after dark and for a full 45 minutes the skies over Ozona were brilliant with the colorful fireworks. Lane Scott was in charge of setting off the fireworks.

Many out-of-state license plates were seen on cars parked on the streets and in the park, apparently travelers lured by the festivities.

### Cycle crash claims lives of two boys

July Fourth festivities ended in tragedy for two Ozona families early the morning of July 5, when two teen-age boys met their death in a motorcycle accident near the intersection of Hwy 163 and First Street around 1:20 a.m.

The two, Lonnie Galindo, 19, and J.B. Green, 17, were traveling south on Hwy 163, when Galindo, driver of the vehicle, apparently lost control and crashed into a mesquite tree. Galindo was pronounced dead at the scene by J. P. Raymond Davee, and Green was rushed to Community Hospital in San Angelo by Crockett County ambulance, where he died in the emergency room at 4:40 a.m.

Funeral services for Lonnie were held Monday at 5 p.m. at Our Lady of Perpetual Help Catholic Church with burial following in Cedar Hill Cemetery under the direction of Sizemore Funeral Home.

He was born May 9, 1966, and was a lifetime resident of Ozona. He was a 1984 graduate of Ozona High School where he was a member of the National Honor Society and lettered in basketball all four years. An avid baseball player since Little League, he played for the Royals and Mooseheads and was due to try-out for the Cincinnati Reds July 15, in New Braunfels.

Pallbearers and honorary pallbearers were members of the OHS Senior Class of 1984, members of the Mooseheads and Royals baseball teams.

He is survived by his parents, Mary and Alonzo Galindo; three brothers, Gene Galindo, Valdo Galindo and Oscar Galindo all of Ozona; a sister, Imelda Galindo of Georgia; his grandmothers, Anita Fierro and Soledad Galindo, both of Ozona, and numerous aunts, uncles and cousins.

James Bradley Green, 17, would have been a senior student in Ozona High School in the fall. He was the son

of head football coach Jim Green, and was active in football, basketball, and on the OHS golf team.

Funeral services for Green were held Monday at 10:00 a.m. at Ozona Church of Christ with burial in Cedar Hill Cemetery under the direction of Sizemore Funeral Home. He was a member of the Church of Christ.

Survivors include his parents, Coach Green and Peggy Green of Bastrop; and three sisters, Kellye Proise of Bastrop, Lonni Green of San Angelo and Rikki Green of Bastrop.

### Baseball play-offs underway for leagues

Ozona's senior league all stars got off to a good start in the play-offs by downing the Sonora stars, 9-2, in San Angelo Saturday. Oscar Payne was the winning pitcher. In the second game the stars went down to defeat at the hands of San Angelo West. The score was 4-1 Monday night in Ozona. Sonora beat Junction in the first game Monday night, 7-6, playing an extra inning to break the tie.

Tonight the senior stars will play Sonora here in Ozona. The winner of the game will play here again Friday which will end the play-offs.

The little league all stars will meet the Big Lake stars here tonight at 7:30 at the little league field, in their first game of the play-offs. The winner will play Pecos here July 12, and the loser will face either Junction or Sonora.

### Hunting info needed

The Ozona Chamber of Commerce is in the process of making up the annual hunting lease list. Deadline for listing is this week.

Hunting lists will be mailed to hunters July 15.

Special skills class

Carol Hunnicutt gives John L. Henderson an IV while the other students look on, David Cooke, Tina Moran and Doug Meador. The five EMTs are

taking the course in order to be in special skills to save lives on ambulance runs.

## THE ECONOMY AND YOU

### PAYING MORE FOR LESS

By Ron Paul

Will it never end? The shoe industry is busy lobbying for "protection" from low-cost foreign imports. Steel producers are complaining that the administration's drastic "voluntary" import quotas are not enough. And legislation has been introduced to further expand already extensive federal controls on textile imports.

For nearly a half century America's textile industry has been pleading for government aid. First there were tariffs, as much as 60 percent on imported woolen goods. Then there were quotas on individual foreign textile producers. Finally, a decade ago the so-called Multi-Fiber Agreement (MFA) came into effect, restricting clothing shipments to this country from the 30 largest foreign exporters.

The effect of these policies has been to sharply increase prices and reduce consumer choice. The Federal Trade Commission (FTC), for example, estimates that MFA limits on imports from Hong Kong alone cost clothing buyers more than \$300 million every year.

As with so many of Uncle Sam's policies, the textile quotas most hurt those who can least afford it. Clothing is one of life's basic necessities, so import restrictions act like an extremely regressive tax on the poor. Only this "tax" goes directly into the pockets of textile manufacturers instead of the government's coffers.

However, the domestic clothing industry and congressional supporters of the "Textile and Apparel Trade Enforcement Act of 1985" want to raise prices even more. The legislation would impose quotas on additional products, reduce existing quotas for foreign producers, establish an import licensing system, and limit any future growth in imports. What conceivable justification is there for further reducing Americans' freedom of choice and making them pay even more for clothes?

All the rhetoric aside, Sol Chaikin, president of the International Ladies' Garment Workers' Union (ILGWU) admits that the real purpose of import quotas is to benefit the members of his union. He expects the proposed legislation to "save" jobs in the shrinking apparel industry. Textile workers, he argues, deserve government help because they often cannot find other work due to a limited education.

However, why should ILGWU workers receive special treatment? Most Americans who lose their jobs for any reason realize that the rest of us don't owe them a living. Instead, they pick themselves up and try again.

Moreover, it would be far cheaper for Uncle Sam to provide a retraining program than to further restrict imports. The FTC figures that the annual cost of preserving each textile job is \$34,500—jobs that generally pay between \$7,600 and \$10,700 a year!

Indeed, as painful as economic change can be for those affected, it is not in their interest to stay in deadend "protected" jobs. The textile industry has lost a million jobs since 1972 despite import quotas; it must continue to adjust to the world marketplace, with clothing workers moving into growing areas of the economy.

Anyway, import quotas are a sure way to destroy thousands of other jobs. Americans in a number of industries, including retailing, shipping, warehousing, banking, and telecommunications, depend on the sale of imported textiles. Higher trade barriers would put many of these Americans out of work.

Passage of the legislation also could start a trade war, damaging our export industries. The new restrictions would conflict with the MFA and bilateral textile agreements with some 34 countries; many of those nations import a substantial amount of American goods, particularly foodstuffs. Indeed, in 1983, when the U.S. limited textile imports from the People's Republic of China, that nation retaliated by refusing to buy U.S. grain. American farmers lost nearly \$500 million.

Do you need a new suit? Or a summer dress? How about a new set of sheets? Or perhaps some thread or material to make your own clothes? If so, you might want to buy now, because if domestic textile producers have their way you will be paying a lot more for clothes and fabric from abroad.

The Textile and Apparel Trade Enforcement Act of 1985 would raise prices and cost jobs. Americans don't need this kind of protection.

This is Ron Paul, for Citizens for a Sound Economy.

## The Newsreel

A rerun of "The Ozona Story" as gleaned from the files of the "The Ozona Stockman"

Thursday, July 12, 1956

A parade of beauties, teen and tot, an exhibition of diving by a men's diving team; stunts by a couple of water clowns, and an exhibition by a ladies swimming team was the highlights of the third annual Ozona Lions Club Water Carnival staged at the North Swimming pool.

29 yrs. ago

Organization of a Ladies Auxiliary to the Ozona Volunteer Fire Department was perfected at a meeting at the fire station Friday night. Mrs. Velma Lee Cooke was named president of the newly organized auxiliary. Mrs. Donna Beth Davidson was elected vice president and Mrs. Elizabeth Applewhite, secretary-treasurer.

29 yrs. ago

Buster and Bud Loudamy have announced their purchase of the Williams Grocery store here. The Loudamys have operated the B&B Grocery in the north residential area but sold their interest in that store, known as the Red & White Store, to the former owner and founder, Mr. Hughes.

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams  
 TEXAS PRESS ASSOCIATION

AUSTIN—Economy-minded state officials were joyful last week when the Navy announced it would build the much sought after homeport for a new battleship at Corpus Christi.

The Houston-Galveston area, which had survived cuts to make it to the final three, will also get several attendant ships in its area as the U.S. builds a 600-ship Navy.

The Texas Legislature this spring appropriated \$25 million for improvements to the Corpus Christi base site to help lure the Navy base to the Lone Star State.

Jobs and money from the Navy construction are expected to spill over to the entire state, including annual spending of \$174 million and 7,140 permanent jobs for a total economic impact for Texas of one-quarter of a billion dollars.

Specifically, the Navy will put the battleship USS Wisconsin, a missile carrier, a missile destroyer, a minesweeper and aircraft carrier at Corpus Christi.

### Defense Dollars Here

And a Defense Department report indicates other Pentagon spending in Texas will total more than \$32 billion this

year, second only to California.

Some \$2.2 billion will pay for petroleum refining and related services, and \$2.1 billion for crude oil and natural gas, a boost to that slumping industry here.

### Saturn Project

Meanwhile, Texas still awaits word on whether General Motors Corp. will select this state as the site of the new Saturn plant.

Other state legislatures still in session are developing their incentives to GM, which will probably make the announcement sometime in mid-July. The Texas Legislature approved a package of service incentives which included new roads and transportation facilities. Sherman, Texas is thought to be a prime site.

U.S. Sen. Phil Gramm, though, said last week that a lack of positive signals from GM is discouraging.

But GM officials said when a decision has been reached, they will personally notify top officials of some three dozen states before making a public announcement.

### Election Runoff Set

The governor set August 3 as the date for the election runoff in the 10th Congressional District in Texas.

Results from the June 20 vote had Republican Edd Hargett out front with 42 percent and Democrat Jim Chapman in second place with 30 percent of the vote out of an eight-man field.

Both sides are calling themselves underdogs in this important vote which analysts are considering a test on Democratic defections to the Republican Party.

### Political Jockeying

Another Republican has surfaced who might run for governor, this one from Houston, where the key to victory may lie.

Jack Rains, a wealthy lawyer, businessman and Aggie said he has financial commitments which would enable him to campaign if former Gov. Bill Clements does not. Rains was appointed by Clements to the Veterans Land Board.

Rains said other candidates are either too new to the GOP or not broad-based enough to win. "If you're going to beat Mark White, you've got to beat him in Houston," he said.

That strategy is becoming more accepted by political analysts who remember that Houston was the only area that White took away from Clements in defeating him in '82. Its large population, its economic troubles and its huge turnout of swing voters make it perhaps the most crucial county, election-wise, of this decade.

And in the coming governor's race, there's another factor to consider: Mark White is from Houston, too.

### South African Visit

House Speaker Gib Lewis visited South Africa last week, a guest of that nation's government. With him is close friend and ally, State Rep. Charles Evans.

Although no one has revealed the purpose of the trip, which is presumably paid for by South Africa, Texas black officials have criticized the trip, particularly Houston state Sen. Craig Washington.

Washington is a foe of South Africa's policy of racial separatism, and some of his bills designed to ban the spending of state dollars in that nation's businesses have failed in the House.

### Tips For Gardeners

From the  
Ozona Garden Club  
by Mrs. Bailey Post

Though the sun has been hot for several days you can be refreshed in the early morning when passing crisp, fresh roses, day lilies and other blooms you may have in your garden. Here in the southwest in the summer we usually depend on scattered showers and artificial watering. Trees and shrubs often give off more than they get from a parched soil. Therefore, it is important to wet the soil four to six inches deep. When dry enough, cultivate the soil lightly, but do not disturb the roots. If you mulch your plants it isn't necessary to stir soil so often, for it prevents soil crusting. Mulches conserve water, time and labor. They insulate the soil from hot winds and sun and help keep weeds controlled. Some of the organic mulches are compost, cottonseed hulls, peat moss, barks and other you may like to use.

Hot weather care for container plants should be observed to have them looking their best. Root growth is inhibited when soil temperatures rise to 90 degrees or higher. Results may be the loss of choice plants on fully exposed patios or decks. The sun-loving plant that suffers from heat is the geranium. It does well in cooler weather, but cannot very long tolerate excessive heat in the root zone. The type container affects the amount of heat to which the plant is subjected. Dark containers absorb more heat than light-colored pots. Since wood is a poor conductor of heat, it makes a good container material.

Precaution to assure little damage to container plants during hot weather are these:  
Group plants together so they will shade each other.

Check plants daily to determine their water needs. The smaller the container, the more often the plant needs water.

Cool plants during the hottest days with a water spray early or late.

If you must be away for a few days move plants to a shaded area and ask a friend to water them regularly.

I trust this will help you through the summer with your plants.

### Beauty contest held July 4 at Country Club

A beauty pageant was held on the Fourth of July at the Ozona Country Club.

Melissa Childress, daughter of Mr. and Mrs. Duane Childress took first place in the 3-5 year old division. Kristy Pridemore, daughter of Mr. and Mrs. Gary Pridemore won second place.

Winner of the 6 and over division was Leesa Haire, daughter of Ms. Lou Haire. Second place winner was Candi Sessom, daughter of Mr. and Mrs. Don Sessom.

Judging the bathing beauties was Charlie McLean of Midland.

### Jana Harris is named to Dean's List

Jana L. Harris of Ozona is among the 1,525 students whose 1985 spring semester grades earned them places on the Dean's List at Southwest Texas State University.

To qualify for the academic honors listing, an undergraduate student must have earned a grade point average of at least 3.5 during the semester while taking at least 12 semester hours of course work.

Harris' address is listed as P.O. Box 892, Ozona.

### Ozonans named to ASU honor roll

Area students attending Angelo State University in San Angelo are listed on the Dean's Honor Roll for the spring semester at the university.

Those listed on the 3.00 to 3.49 honor roll include Christina Anne Carlisle, a nursing major, Kendalia Renee Kramer, an art major, Larry Paul Payne, a health and physical ed major, Lisa Suzanne Hohertz, a finance major, and Angelina Alvarez Tambunga, an elementary education major.

Those listed on the 3.50 to 4.00 honor roll include Michelle Couch, an accounting major from Ozona and Seana Leigh Vay, an undecided major from Sheffield.

#### BOY TO NAVARRETTES

Mr. and Mrs. Ismael Navarette are the parents of a son born Wednesday, July 3, at 3:57 p.m. in Angelo Community Hospital in San Angelo. The little boy weighed 6 lbs. 10 oz. and has been named Eric.

Grandparents are Mr. and Mrs. Jesse S. Navarette and Mrs. Susie Moreno of Ozona and Jesse Moreno of McKinney, Texas.

## Completely out-of-joint

Modern man is becoming increasingly lost. He does not understand who he is, why life is as it is, where he is going or what to do about air pollution, crab grass, noise, lawlessness and the fact he cannot sleep at night. He is constantly surrounded by machines, alluring ads, seductive movies and depressing headlines.

But the dilemma of man is that he cannot find himself. He must understand that the turmoil in the world and his personal problems are moral ones based on the truth that God exists and man has revolted against God.

Modern man will continue to be lost until he is clear that he is "out-of-joint" with his Creator and that there is only one way to restore the broken relationship. It is in Christ and His Church that man finds his way to God.

## EXTENSION OFFICE NEWS

By Rachel Hall

Summer is a time for fun. But the mixture of automobiles, fatigue, water and alcohol, can also make it among the most dangerous times of the year.

A few simple precautionary measures can keep you from becoming a grim summer holiday statistic.

Start and return from summer trips early enough to reach your destination without hurrying. Remember that a day at the beach or park is tiring. If you're weary and want to get home quickly, it may affect your judgment behind the wheel. A lengthy stay in the sun at a lake or beach can also affect your night vision. If you have been drinking alcohol on your outing, let someone else drive.

Alcohol is also a contributing factor in many water-related accidents. Use of alcohol, plus fatigue caused by the nature of water sports can produce many faulty decisions and a loss of reaction time in an emergency.

Swimming accidents account for over 150 deaths in Texas each year, and boating another 100 or more. But there are fatalities each year associated with all types of water activities, including fishing and wading.

Don't swim alone, or while chilled or overheated, overly tired or just after eating. Distances over water are deceiving, and many drowning victims

### MDA softball game scheduled for July 18

It's that time again. The M.D.A. Sack Softball game will be held July 18 at 7:30 p.m. at the Little League field. There will be a concession stand.

die from attempting to swim across a lake or after abandoning a boat which has overturned or run out of gas, even though the boat stayed afloat.

All boaters should wear life preservers. And children should wear a life jacket at all times around the water. Children and adults often fall into the water from places that are assumed to be safe, such as docks, bridges, boats and the sides of pools.

A backyard pool can be a special danger to small children. Children should never be left unattended by a responsible adult when near a swimming pool—whether it's an in-ground pool, a large above ground pool or a small child's wading pool. In the time it takes to answer the telephone or check the food on the stove, an unattended child can drown, even in shallow water. The best thing parents can do is to give children swimming lessons at an early age and make sure they are properly supervised around water.

## DON'T LET YOUR ELECTRIC BILL STAMPEDE THIS SUMMER...

### HORSE-SENSE Tips to help you to pull in the reins on your Summer Electric Bill-

Don't overcool. Keep your thermostat at the highest comfortable temperature — 78 or higher.

Check your filter every month. A dirty filter clogged with dust and lint reduces the cooling ability of your unit.

Keep drapes closed and outside door openings to a minimum to keep the cool air in, heat out.

Proper insulation helps to keep out heat in the summer. Your insulation supplier can help you check and choose the right amount of insulation needed.

## Masters Track Meet July 13

A very large group of top quality athletes will be traveling to Ozona to participate in the West Texas Masters Track Meet, Texas's largest masters meet. Confirmed invitations are as follows: Dr. Charles Beaudry, who holds 11 world and American master meet records; Wendall Palmer, who holds 3 American records; Dr. Fred White, who holds 2 American records, and Dr. Hector Cisneros, who holds a world record in the decathlon. Those invited to Ozona who, as of this day, have not been confirmed, are Thane Baker of Dallas, a gold, silver, and bronze medal in the 1952 and 1956 Olympics and also holds 10 world and American masters records, J. E. Alexander from McCreary, who holds 4 world and American masters records, and John Artfield who holds a world record in the long jump and the high jump.

There have been 432 invitations sent to all parts of Texas, New Mexico, Kansas, Louisiana and as far north as Woodstock, Illinois and Ontario, Canada. In 1984, the West Texas Masters registered 176 participants who entered one to thirteen events. Eighty-four new division records were established and eight new overall records were replaced.

The West Texas Masters is the only masters track meet that rewards a team trophy to the team accumulating the most points. It is also the only masters meet that is an entire benefit for some young person in West Texas who is a victim of an unfortunate accident or illness. All proceeds for the 1985 meet will be given to a 9 year old girl who is a victim of cancer, Michele Marshall, in Ozona. A fund has been formed at the Ozona National Bank in Ozona.

There will be 13 mens divisions and 3 womens divisions. In the mens divisions, there are 9 running and 7 field events. Entry fee will be \$5.00 for the first event and \$1.00 for each additional event. After July 6, late registration will be \$7.00 for the first event and \$2.00 for each additional event. Deadline for all entries will be at the beginning of each event. The field events will begin at 2:00 p.m. and the running events will begin at 5:30 p.m. A 10 Kilometer run will be held at 9:00 a.m. A concession stand will be open all day for your convenience. Cold drinks, chips, sandwiches, and fajitas will be served.

## Wahl fund is halfway to goal of \$2500

Donations to the Wayne Wahl fund which will be used to furnish the upstairs foyer at the Crockett County Library, have amounted to \$1250 as of this week.

Mr. and Mrs. Perry Hubbard were this week's contributors.

Estimated cost of the furnishings amount to \$2,500. This includes carpet, enlarging and framing of Wahl's photographs of West Texas, and custom made shelving and display cabinet by Marcus Tooke.

Memorial donations may be made at either of the two banks or sent to Sheriff Billy Mills.

For more information, contact Bobby Aycock or Pete Maldonado in Ozona or write West Texas Masters, P.O. Box 1584, Ozona, or phone Aycock, (bus) 392-3773, (res.) 392-3081, or Pete Maldonado, (bus) 392-3850, (res) 392-3802.

A hospitality house will be held at the Circle Bar Motel after the completion of the meet. A pasta supper will be served Friday evening, all you can eat, for \$3.95 for adults and \$3.25 for children. The pasta supper will be held at the Circle Bar also. There will be no charge for spectators at the Masters Meet.

Remember the date, July 13, at Lions Stadium in Ozona.

Mr. and Mrs. Robert Bollier spent the July 4th holidays in Uvalde and Kerrville. Accompanying the Bolliers were their sons Bradley of Ozona, Clint Bollier of Big Spring, and a friend Missy Johnson of Big Spring.

## July Fourth activities give Care-A-Van fund big boost

The Chamber of Commerce's fourth of July fun day in the park helped make the Care-A-Van closer to its goal. Another \$1,700 was raised mostly to the donation of the Knights of Columbus and their working force of guys at the Fajitas booth. These fellows have been a great sponsor of our cause and we cannot thank them enough.

Also to all the folks who got "dunked" for our project. Thanks for being such good sports-Garland Davis, Rudy Martinez, Glenda Winkley, Stan Lambert and Sonny Henderson.

We believe the gals doing the funnel cake cooking would have loved

some of the splashing-Lynette Davidson, Nancy Forehand, Glenda Henderson, Marie Pierson and Ann McCartney. Raymond Pierson, Junior McCartney, Cuatro Davidson also deserve a special thanks as the guys who also helped "get it together" for us.

The Care Center and Hospital Auxiliary also had a table of cakes, candy and brownies that was manned by Annabelle Patrick, Mattie Cooper, Janet Wilson and Jennifer Davidson. The entire day moved the van to a total of over \$9,600.

## Busy weekend for Crockett County Sheriff's Department

The Crockett County Sheriff's Department personnel spent a busy weekend with arrests and investigations.

Bill Dale McGee was arrested and charged with 2 counts of attempted murder. Monday, The charges grew out of a shooting which took place at a gathering July 4, when the man became angry and fired a handgun at

a group. Judge Raymond Davee set bond at \$7,500 on each count.

Also, Monday a fiberglass pleasure boat was reported stolen on I-10 west of Ozona. It had not been recovered at press time.

Saturday officers were investigating a report of vandalism to a vehicle belonging to Robert Wynne, Inc. Windows were broken and tires flattened. The same day there was a burglary at Fort Lancaster State Park. The main building was entered and an antique pistol was stolen. State Game Wardens are assisting the Sheriff's Department in this investigation.

Two deputies and a highway patrolman arrested an auto thief and recovered a stolen pickup out of San Antonio. Elizabeth Maudin was caught with the stolen pickup at the Circle Bar Truck Corral. Two subjects were also arrested Saturday and jailed for public intoxication.

Earlier in the week officers arrested a subject from Harris County on traffic warrants, two subjects were arrested for possession of marijuana and released on bond, and one subject was arrested on a forgery charge from Huntsville.

## Services in Junction for T. C. Goodman

Funeral services for T.C. (Cotton) Goodman, 71, were held Friday at 10:30 a.m. at graveside in London Cemetery. Mr. Goodman died Wednesday in Kimble Hospital in Junction.

Mr. Goodman was a gauger for Texas-New Mexico Pipeline. He and Mrs. Goodman lived in Ozona for many years before he retired and moved to Junction a few years ago. They were members of the Church of Christ.

Survivors include his wife, Katie, of Junction; one son, Charlie Goodman of Junction; one daughter, Golda Goodman Lucas of Gallup, N.M.; two brothers, Ralph Goodman and Frank Goodman, both of London, and three sisters, Lois Foley of Junction, Audrey Baylor of San Bernardino, Calif. and Dorothy Baylor of Arlington.

Mr. and Mrs. Joe Clayton, Jr., and Christopher, of Brownwood, spent the July Fourth holiday here with his parents, Mr. and Mrs. Joe Clayton.

Mr. and Mrs. Ron Berry of Houston are here visiting her parents, Mr. and Mrs. Pleas Childress.

Glenn Sutton is in Shannon Hospital in San Angelo, recovering from a mild heart attack suffered here Saturday.

## Former Ozona boy excels in all sports

Brett Simpson, a former Ozona student and son of Mr. and Mrs. Richard Simpson, has had a rewarding year in sports during his 1984-85 season at Sweeny High School.

After the Sweeny Bulldogs won the state title in class 3-A baseball in Austin June 7, Brett was named all-tournament pitcher for his win against Linden-Kildare in the championship game. Brett is a starter at both catcher and pitcher and made the 22-3A all district team. He was also a member on the basketball team which won the state 3A title this year.

The Sweeny Bulldogs advanced to the state semifinals in football where they were defeated by the eventual state champs. Brett was starting quarterback and middle linebacker for the Bulldogs. He was named all-dist. and all-Brazoria County; Class 2A, 3A and 4A first team quarterback. He was also named on the all-district, all Brazoria County, and All-Greater Houston area classes 2A, 3A and 4A second team as a middle linebacker. Their quarterfinal game in the state playoffs against Hempstead was picked "Game of the Year" by the Houston Chronicle.

Mr. and Mrs. Bob Childress, Ira and Clay, along with Mrs. James Childress returned from Spain over the weekend where they attended the International Mohair Meeting.

## AARP claims fraud in agents selling estate planning under its name

The American Association of Retired Persons (AARP) and various law enforcement agencies have been receiving an increasing number of complaints about sales agents who are fraudulently selling estate planning services by claiming to represent the "AARP Trust Division." AARP has no Trust Division and no sales agents authorized to visit or telephone members.

Persons claiming to represent AARP services are currently active in north central Texas and use a P.O. Box in Edmond, Oklahoma. Their general approach is to contact older persons who have responded to an advertising coupon from the National Estate Information Service in Washington, D.C.; this coupon allows people to request information on estate planning and/or the Uniform Gift to Minors Act. People are then contacted directly by individuals who want to deliver the "information" personally.

In similar cases in Weatherford, Bridgeport, Decatur, and Wichita Falls, Texas, older persons have been deceived into turning over personal checks in the amount of \$983.00. It has always been a very strict policy of AARP to limit the offering of any AARP services to informational mailings only. There are no authorized agents of official AARP service providers who contact members by phone or in person to sell insurance, financial services, or other products. AARP does not provide the name, address or telephone number of any members to organizations other than those officially designated to provide services to AARP members. Older persons especially should be wary of any high-pressure sales approach, particularly by individuals who claim to represent AARP. They should contact their local law enforcement agency or Better Business Bureau and AARP's regional office at 6440 North Central, Suite 700, Dallas, Texas 75206, telephone 214-369-9206.

Plans are being made for a benefit Bluegrass Festival, August 17-18 at the Emerald Park. Bluegrass Bands from around the state are being contacted to perform starting at 1:00 Saturday afternoon. A gospel church program will be held Sunday morning and more music from 1:00-5:00 that afternoon. This will be a family program for all West Texas and there will be food and soft drinks available at the park. A limited number of booths will be available for groups wanting to have fund raisers or arts and crafts. All gate proceeds and a \$25 booth charge will benefit the Care-A-Van project. For further information contact Joe Davidson 392-2094 or Beth Boyd at the chamber of Commerce.

### Junior Golf Tournament winners told

The Ozona Country Club sponsored a junior golf tournament for the youth (any age) on Friday, July 5. Medals were awarded in four division to the following:

In the youth division Reid Hall was first and Jarrod Morrison, second.

In the Junior High division Shane Pridemore was first and Chad Upham came in second.

In the High School Girl's Division Jennifer Probst took first place with Mel Stark, second, and Amy Jones, third.

In the High School Boy's Division Diron Holt took first place, Bret Hood, second; Copie Davis, third; Will Seahorn, fourth, and Brian Harms, fifth.

### Angora Goat Field day and billie sale set

The Annual Angora Goat Field Day and Billie Sale will be held at the Texas A&M Experiment Station in Sonora on Thursday, July 11. The field day program will begin at 11:00 a.m. followed by a barbecue meal at 12:00 noon.

The auction sale of the top performance tested billies will begin at 1:00 p.m. Some 62 breeder-cooperators performance tested some 400 head this year.

Several local ranchers take advantage of this opportunity to buy these performance tested billies annually. This is an excellent way to make faster improvement in angora goat production breeding programs by using these tested billies with known genetic traits.

### Rankin softball tourney scheduled

The Women's Softball Tournament Class C will be held July 13 and 14 at 9:00 a.m. in Rankin.

Team and individual trophies for first, second and third places and the all-tournament team plaque will be awarded.

Call 915-693-2986 anytime and 693-2107 after 6 p.m. in Rankin for further information.

FUNNEL CAKES were a big hit at the July Fourth celebration held in the park Thursday. The booth was manned by the Care Center Auxillary and all proceeds went toward purchase of the Care-A-Van for the center. One of the members, Marie Pierson, prepares one of the cakes for sale.

## Summer often means lawn problems

Along with hot temperatures, the summer season in Texas may bring special lawn problems--drought, weeds, insects and disease.

These lawn problems can cause concerns for homeowners unless accurate diagnosis and proper treatment takes place before they become severe, points out Billy Reagor, county agent with the Texas Agricultural Extension Service, The Texas A&M University System.

Dry spots, thin turf and weeds can result from improper watering, fertilizing and mowing practices. Follow recommended cultural practices before applying a chemical to correct lawn problems.

Drought stress most often occurs in mid-summer and shows up as wilted, discolored turf. Adjust watering schedules to wet the soil to a depth of four to six inches, and water only when grass shows symptoms of moisture stress.

Also, raise mowing heights one-half inch to improve drought tolerance in mid-summer, Reagor adds.

Lack of nitrogen or iron often creates a lawn problem. Grass with a nitrogen deficiency may have a pale color and be heavily infested with weeds. A light application of a nitrogen fertilizer will improve the

lawn's appearance. Grass leaves that have yellow stripes parallel to the leaf margins may be deficient in iron. A foliar application of iron sulfate at six ounces per 1,000 square feet will usually solve this problem.

If a St. Augustine lawn has symptoms similar to nitrogen or iron deficiency but does not respond to applications of either material, suspect St. Augustine Decline (S.A.D.). Close examination of S.A.D. infected turf will show green and yellow blotches on the leaves.

Leaf spot diseases are generally a problem when lawns are under stress and increase with high temperatures, drought, heavy shade and close mowing. While proper mowing and watering will reduce these problems, fung-

icides may be required to prevent serious damage.

Chinch bugs and white grubs feed heavily on lawns during mid-summer, and their damage resembles drought injury. If turf does not respond to applications of water, suspect these insects. Both pests damage St. Augustinegrass, but only the white grub damages bermudagrass lawns.

Chinch bugs and white grubs can be controlled with insecticides. Water the lawn thoroughly prior to applying an insecticide for chinch bug control, and follow with a light watering.

Reagor advises drenching the lawn after an insecticide is applied for grub control, since grubs feed in the soil.

### ROBIN JONES MEMORIAL FUND

They had as their guests: Chris Hobbs, Babe Womack, Pat Aiguier, Royce Moudy, all of Ozona; Mr. and Mrs. Lee Ling of Big Lake, Sandra Hines and Ann Strelsky of Owensboro, Kentucky; Mr. and Mrs. Charles White and Mr. L. D. Gebhart of Red Hill. Also Joe Elledge of London.

## Summer showers bring good rains to Ozona

An early morning shower Wednesday left .29 of an inch of moisture in the official gauge at the Water Dist-

ric office. Homeowners gauges in other parts of town recorded heavier amounts and range lands around the area reported from no precipitation up to an inch of rain from the scattered showers.

The late June cool spell has vanished, and summer weather has set in with a vengeance with temperatures near the 100 mark each day.

### Bible School begins July 14 at Methodist Church

The Ozona United Methodist Church Vacation Bible School will begin Sunday, July 14, and end Thursday, July 18. Classes will be held nightly from 7 until 9 o'clock.

The school will have classes for 2 year-olds through sixth graders. The bus will be available by calling the church office 2-3060 or Lou C. Haire, 2-3581.

Oscar Kost had a visit from a high school friend Tuesday. Owen Barnet of Corpus Christi, stopped by on his way home from Colorado. The two graduated from high school together in 1928, in Wellington, Kansas.

**JUDGES ATTEND SEMINAR**-Eighty-four Justices of the peace attended a 20-hour Texas Justice of the Peace Training Center seminar May 28-31 in San Angelo. The training center is based at Southwest Texas State University in San Marcos. The seminars are held in compliance with Article

5972, Section B, of the Texas Revised Civil Statutes. Among the judges attending were, left to right, Jack Jones of Junction, Kimble County, Precinct 1; Herman E. Moore of Sonora, Sutton County, Precinct 1, Place 1; and Raymond Davee of Ozona, Crockett County, Precinct 1, Place 1.

## Voters face 14 constitutional amendments in November

Voters in Crockett County and throughout Texas will have the opportunity to vote on 14 proposed amendments to the Texas Constitution in the November 5 General Election.

A drawing was held in the office of Texas Secretary of State Myra McDaniel last week to determine the ballot positions of the propositions approved by the recent session of the Texas Legislature.

The order in which the proposed constitutional amendments will appear on the Nov. 5 ballot:

To authorize issuance of an additional \$980 million of Texas Water Development Bonds to create special water funds for water conservation, water development, water quality enhancement, flood control and other purposes.

To authorize the issuance and sale of \$200 million Texas agricultural water conservation bonds.

To authorize the Legislature to pass laws permitting a city or town to make assessments for relocation or replacement of water lines on private property.

To authorize proceeds from the sale of lands in the Permanent School Fund to acquire other land for that fund.

To authorize the Legislature to regulate the providing of health care by hospital districts.

### CARD OF THANKS

#### CARD OF THANKS

Guy and I would like to extend our thanks to all of those who helped us when Guy had his motorcycle accident.

We would like to say a special thank you to Dr. Carlisle for his help and to Lee Carlisle for her much appreciated support. We'd like to thank those who helped with the kids and those who offered to help. The cards, plants and prayers were deeply appreciated, as were the many phone calls.

Thank you,  
Guy and Barbara Glosson

## Crockett County Care Center News

By Ann McCartney  
Director of Activities & Social Care

We have something new at the Care Center and we were so pleased too, because the Fourth of July is the perfect time to fly new flags. Thanks goes to Hilda Dysart for donating us a U.S. flag. We bought a Texas flag from donated monies. Everyone agreed how nice they looked.

We started the month of July with a Resident's Council Meeting. Interested residents met and discussed programs that were to take place during the month, both new and old. We have activities at ten and at three-thirty Monday through Friday as well as church services at four o'clock on Sunday afternoons. Volunteers are needed and welcomed at all these events.

Since the fourth of July fell on Thursday, we scheduled the beauty shop for Tuesday this week. Clara Byrd and Betty Bullard graciously came and gave of their time that day. Janet Wilson and Dorothy Doll assisted residents Pauline Clinton, Ola Mills and Moriana Perez with dominoes on Tuesday.

Ceramic class on Wednesday was directed by Doris Karr, Janet Wilson, Marie Pierson, Jackie Ginsburg-daughter of Ola Mills, and Beckv Bratton, great granddaughter of Hilda Dysart. Residents Juana Hernandez, Tomasa Ramoz, Pauline Clinton, Hilda Dysart, Ola Mills, Doris Robnett, and Mariama Perez, participated in this event.

Ninfa Cervantez and Ted Turnley led Bible Study this week. This was followed by a movie. All was held in the living room.

Our residents did not miss out on the fourth of July celebrations. There was a big picnic in the court yard where almost all went out to eat a big picnic. At least one resident, Tomasa

## Fort McKavett living history program set

Fort McKavett State Historic Site will hold a Living History Program Saturday, July 13, and Sunday, July 14. The fort will come alive by featuring frontier soldiers of Company F, 16th Memorial Infantry and Company D, 4th Memorial Cavalry out of Fort Concho in San Angelo.

Their activities will include drilling, inspections, cooking period foods, fatigue details (complete with a mule drawn wagon), guard posting and other daily activities of the 1870's soldier.

The soldiers will wear authentic uniforms and live out of a re-furnished barracks. The formal encampment will begin at 12 noon Saturday and will conclude about 3 p.m. Sunday. Fort McKavett State Historic Site is open from 8 a.m. to 5 p.m. and admission is free.

Camping or alcoholic beverages are not allowed in the park. Fort McKavett State Historic Site is located in Menard County. To get there, go 17 miles west of Menard on Highway 190, then south 6 miles on FM 864, or go 13 miles west of Junction on Interstate 10, then 28 miles north on FM 1674. For further information call (915)396-2358 or write Fort McKavett State Historic Site, P.O. Box 867, Fort McKavett, Texas 76841.

## Apple users to have organizational meet

An organizational meeting of the Ozona Apple Users group will be held July 11, at Ozona National Bank from 7 until 8:30 p.m.

All persons interested in computers are invited to attend.

For additional information contact Lane Scott, 392-3441, or Tom Lane, 392-2296.

### NOTICE OF INTENT TO IMPLEMENT RATES

General Telephone Company of the Southwest in accordance with the Public Utility Regulatory Act and the Rules of the Public Utility Commission of Texas gives notice of its intent to implement new exchange access rates for the provision of shared tenant and tenant resale services.

These proposed rates are applicable to customers of General Telephone Company of the Southwest, excluding hotel/motel customers, who provide local exchange telephone service of General Telephone Company of the Southwest to their tenants or patrons on a resale or shared use basis. This resale or sharing arrangement is normally provided utilizing a customer-provided PABX or other similar stored control switch capable of common control processing or other features commonly associated with a PABX "Smart" switch.

These proposed rates are designed to recover costs on a usage basis for local exchange telephone service access and are identical to General Telephone's "Optional Measured Service" rates. The monthly access rate will be \$28.95 per trunk line and the usage rates are as follows:

Over	Up To and Including	Band	Set Up	Full Rate Period Each Minute
0	7 miles	A	\$ 025	\$ 015
7	14 miles	B	035	021
14	21 miles	C	050	030
21	28 miles	D	070	042
28		E	090	054

As this is a new service offering, we are unable to determine the number of customers who may be affected. Currently, there are no known prospective customers. Until any customer utilizes this new offering, there will be no effect on the revenues of the telephone company, and in any event, the telephone company does not expect revenues to be affected by more than 2 1/2 percent. These proposed rates, where applicable, will provide tariffed local exchange access to customers who then will provide shared or resale services to tenants.

These proposed rates have been suspended by the Public Utility Commission of Texas and will become effective as proposed or modified by order of the Commission on a date to be determined by the commission.

The proposed rate schedule is on file with the Commission for public inspection and is also available at any business office of General Telephone Company of the Southwest.

Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumers Affairs Division at (512)458-0223 or (512)458-0227, or (512)458-0221 teletypewriter for the deaf.

Dorothy Doll assisted residents travel across Texas to some watermelon festivals. Thanks also goes to Jo Davidson and Janet Wilson, as well as Dorothy Doll, for helping serve the watermelons and to Jim's Foodway for delivering them.

Four members of the United Methodist Church brought Church and Communion Services on Sunday afternoon. Rev. Ken Harrison was the pastor in charge. Lucile Harrell played the piano. Joan Nicholas and yours truly assisted.

Volunteers are great! Keep coming!
