Christmas decorations meeting topic

The public is invited to attend the Chamber of Commerce board meeting, Tuesday, Oct. 8, where a representative of outdoor Christmas decorations will make a presentation and display.

New decorations for the town have not been purchased since 1963, and they have served their purpose, most are falling apart. The chamber project will need financial assistance from businesses, organizations and individuals. Any interested club or organization, if unable to send a representative to the meeting, may call the chamber office and make a pledge toward the purchase of new decorations.

Other items on the chamber's agenda include the free immunization clinic to be held at the Civic Center Oct. 3, from 10 a.m. until noon and from 1 to 3 p.m.; the Band Boosters' Poor Man supper Oct. 4, at the Civic Center, and the fingerprinting of children to be held Oct. 5, at the Ozona Community Center.

Now on sale at the chamber office are the red, white and blue Texas Sesquicentennial bumper stickers at \$1.00 each, also, bandanas in all colors. The bandanas promote the Sesquicentennial also, and have a decal of the Crockett County Bi-Centennial logo in the center. These sell for \$4 each.

No injuries in two fender benders here

No injuries were reported in a two vehicle mishap that occurred September 24, at 7 p.m. at 112 Avenue I. Juan Hernandez, driver of a 1981 GMC pickup, was apparently attempting to turn into a driveway when a 1975 Oldsmobile 98 driven by Eufemiano Rios hit the side of the pickup.

Sheila Ann Mullins was transported to Crockett County Hospital Thursday morning by the County Emergency Medical Service following a two vehicle accident on Couch Street. According to Texas DPS Officer Cliff Babbitt the 1983 Pontiac driven by Sheila was westbound when it apparently traveled into the left lane and into the path of the eastbound 1981 Ford Pickup. Billy Joe Nowell was the driver of the pickup and was uninjured in the accident.

The accident took place at approximately 7:30 a.m. and was investigated by DPS Officers Babbitt and Dale Taylor. Both vehicles were towed away by Skains Motor Co. wreckers.

Mendez wins weekly f'ball contest

Ruben Mendez was the sole winner of the weekly football contest, with only two misses for the week.

Entry blanks may be found on page four, sponsored by local merchants each week. Everyone is eligible to enter, provided the entry is clipped from the pages of the Stockman and is in the Stockman office or in the mail by 5 p.m. each Friday.

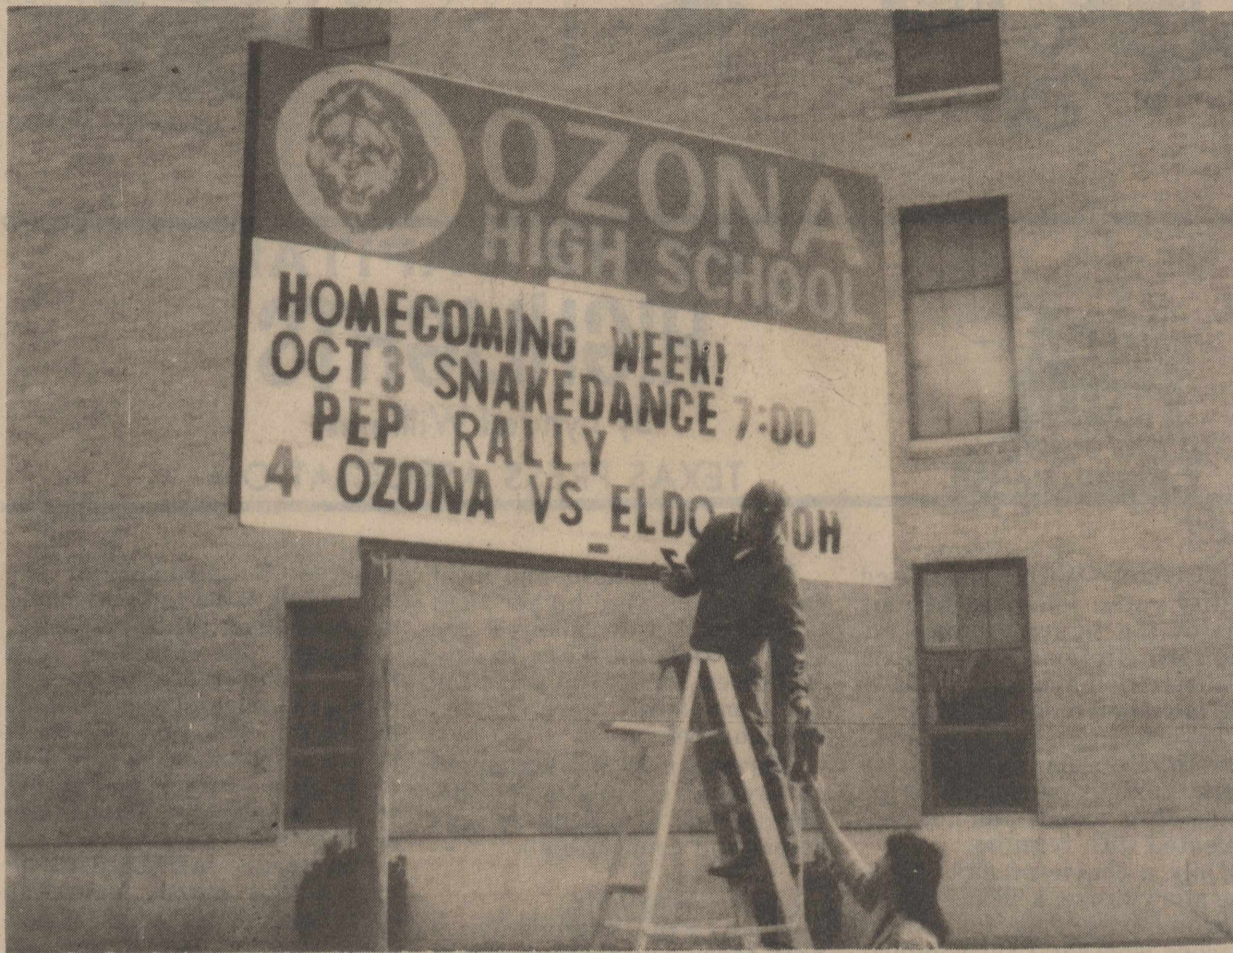

Crockett Co. receives check for \$27,035.86

State Treasurer Ann Richards has sent checks totalling \$7.3 million to Texas' 254 counties for road construction and maintenance.

Of this amount, Crockett County received \$27,035.86.

The Treasurer each year disburses money appropriated by the Legislature for the Lateral Road Program. The grants may be used by counties for the purchase of right-of-way and for construction and maintenance of lateral roads, farm-to-market roads or state highways.

The money is allocated to each county under a formula based on the county's area, rural population and lateral road mileage, Richards said.

Homecoming week is a big event

for Ozona High School students and ex-students, and this is the week as the sign proclaims. Freshmen will be participating for the first time and many ex-students can claim dozens of times. It is excitement for all and time for reunion. Catalina Pena, attendance secretary, hands letters for the sign to junior student, Eddie Lewing.

State archeologist is speaker for meeting

The Crockett County Historical Society and the Crockett County Historical Commission held a joint meeting in the Emerald Room of the Ozona National Bank Monday evening, September 30. Forty-nine members and guests were present. Mrs. Brock Jones Jr., vice-chairman of the Society, presided at a brief business meeting and introduced out-of-town guests. They included Ed Rowland, director, Susan Williams and Carey Behrends, on staff of the Permian Museum in Odessa; Mrs. Powers, Rogers and Collette of Iraan, and Charles Childress of Brownwood.

Mrs. P. L. Childress, Commission Chairman, introduced the speaker, Mr. Robert J. Mallouf, Texas State Archeologist. Mallouf has worked in archeological investigations over a wide area of Texas as well as in foreign countries including Egypt. He stated that some of the sites in this area, including Seminole Canyon, near Del Rio, date back as far as 10,000 B.C. and as recent as 1,000 A.D. Pictures were shown of some of the more significant sites which are now under the waters of Lake Amistad.

C of C to sponsor Halloween carnival

The Ozona Chamber of Commerce is gearing up for the annual Halloween Carnival which will take place Oct. 31. Parents and children are urged to take part in the carnival and forego the traditional "trick or treat" activity.

The carnival will be held in the downtown park and will begin immediately following the parade. The parade begins at 5:30. Plans have been made to have the Ozona High School Band lead the parade. Prizes will be given for costumes.

Several booths have been reserved for the carnival already. Any individual or organization wishing to reserve a booth may get in touch with Beth Boyd, chamber manager, at the chamber office or call 392-3066. Fees per booth are \$25 and if the premises

Storm comes with first cold front of the season

September departed as the wettest month in the year, with a total of 5.79 inches of rainfall, according to the official gauge at the water district office.

Early Sunday morning a shattering thunderstorm brought some heavy rain. The storm came on the heels of the first front of the season. It showered intermittently throughout the day, amounting to .77 of an inch. A

mass of cold air moved in at mid-afternoon and fireplaces and heaters were in use Sunday night in most Ozona homes.

The low Monday morning was 42 degrees and the high for Monday was 56, indicating an early fall in these parts. Bright sunshine Tuesday afternoon saw the mercury rise to 61 degrees at mid-afternoon, but more cold weather and showers were forecast for the remainder of the week.

are left clean, \$10 will be refunded. The Ozona Lion Booster Club will have a fajitas booth. Funnel cakes will be sold at the Care Center booth, and a Girl Scout troop will man the traditional fish pond.

Ozona High School's FFA chapter has come up with something new for this year. Their booth will feature a buckin' barrel event, along with a greased pole contest. They will also offer a Needle-in-the-Haystack contest.

Alpha Alpha Mu Chapter of Beta Sigma Phi Sorority will offer cotton candy at its booth, and the Ozona High School band boosters will man the concession stand.

Members of the Ozona Woman's Forum will have a food booth. The 4-H clubs will offer a dunkin' tank, the pony rides and a "rat race."

OHS students celebrate all week-----

Homecoming is celebrated

Ozona High School students are celebrating homecoming this week and each day has been set aside for something special. The week's activities will be capped off with the homecoming game against Eldorado Friday night with the traditional homecoming dance to follow on Saturday night.

Excitement builds throughout the week. Students are observing Western Day today as they dress in their western best. Write-On Day will be held tomorrow, with students wearing T-shirts to collect autographs and graffiti. As the fever builds, Friday has been designated Purple and Gold Day, in honor of the school colors.

A snake dance will precede the Thursday night pep rally which will be held in the boys' gymnasium. All Lion fans are invited to attend and lend spirit, as the Lions will be looking for their first victory of the season in the homecoming game against Eldorado Friday night.

The snake dance will begin at 7 p.m. in the shopping center and wind its way around town to the boys' gym.

Following the pep rally, the Lion Booster Club will sponsor a bon fire on the vacant lot across the street from

Crockett County National Bank, adjacent to the baseball field. The traditional bon fire was banned several years ago due to high winds which threatened nearby businesses and homes, but at that time it was held at the north end of the football field.

The Homecoming Queen will be chosen prior to the game Friday night. Lion captains will escort the four duchesses onto the field, and announcement of the queen selection will be made at that time. Duchesses are Bonnie Cameron, senior daughter of Mr. and Mrs. Tom Cameron; Zelda Munoz, senior daughter of Stella Munoz; Julie Reagor, senior, and Vickie Reagor, junior, both daughters of Mr. and Mrs. Billy Reagor.

The homecoming dance Saturday night will be held from 8 until midnight at the Civic Center. Music for the dance will be furnished by "Mr. Toons." All Ozona High School students and Exes are invited to the dance.

Also, the Ozona Lion Band boosters will hold their annual "Poor Man" supper at the Civic Center Friday night before the game.

Lions to face Eagles in homecoming tilt

The Ozona Lions will face the Eldorado Eagles Friday night in their '85 Homecoming game. Ozona will be looking for a Homecoming victory to put them on the winning track as they will start district play the following week in Ballinger.

After four games of the '85 season the Ozona Lions are still looking to get a game into the win column after losing Friday night to the Stanton Buffaloes. Ozona was defeated 12-6 in a very close ballgame. After coming off of a great showing against Big Lake the week before Ozona was unable to get things going in their favor against a struggling Stanton team.

The Lions came into the game with two-way starter David Adams on the injured list due to a concussion inflicted the week before. Senior Chuy Hernandez filled the running back position very well as he carried the ball eighteen times for 77 yards. Hernandez was the workhorse for the Lions on the ground following blocks from junior back Butch Gonzales who also rushed for nine yards. The Buffaloes ground man Senior Michael Holt equaled Hernandez's yardage of 72 on 20 carries to lead Stanton. Steve Sanchez completed five passes for 32 yards for Ozona making strikes to

Harvey Fierro and Jamie Castellanos. Fierro was on the receiving end of a five yard pass that accounted for the only Lion points of the night. Stanton completed three for 62 yards and one touchdown.

Defensively the Lions held Stanton to 197 yards total offense, 135 of which came on the ground. Harvey Fierro intercepted another pass to add to his year's total. Ozona was still suffering from the battle against Big Lake as Seniors Blas Vargas and Bret Thompson missed some practice time nursing ankle injuries. Head coach Jim Green was pleased with the jobs Junior Peter Shacklette and Senior J. T. Stokes did filling in for Vargas and Thompson.

Stanton broke the 0-0 tie with 8:44 remaining in the second quarter when James Vidal ended a 34 yard drive with a 17 yard run that put Stanton up 6-0 after a missed PAT. No more scoring took place in the first half as both defenses dug in and forced both offenses to stall drives. Stanton scored again in the second half as quarterback Skip Hopkins hit Steve Young on a nine yard pass for another touchdown with 7:51 left to play in the third quarter to give them a 12-0 lead.

[Continued on Page 10]

Off with the old and on with the new

The new sign went up for T & T Village Supermarket Monday, as the old Foodway sign became a part of the past. The store got its new name when it was purchased by Oscar Tumlin-

son from Jim Marks the second week in September. Still home-owned and operated, with the same staff, but hours have been extended.

ETHIOPIA'S GRIM REAPER

By Edwin Feulner

This summer's "Live Aid" concert, which netted a reported \$58 million to help the victims of "famine" in Ethiopia, was the largest musical event in history. But we shouldn't be duped into thinking that this songfest will end the death and suffering, because the famine is not solely the result of a temporary dry spell. The Ethiopian government has given the Grim Reaper a powerful helping hand.

The Marxist Government of Lt. Col. Mengistu Haile Mariam, since it gained power in a 1974 military coup, has laden the struggling North African nation with a series of agricultural collectivization schemes that have destroyed the country's already primitive agricultural system. In the past, peasant farmers grew as much as they could, storing surplus food from good harvests to help them in bad years. But storing food is now considered an illegal form of capitalist "hoarding," and is outlawed.

Like the Soviet practices they are based on, the Mengistu regime's policies have been a complete failure, except to the extent that they have helped bring some of Ethiopia's anti-Communist resistance fighters to their knees.

Now that the country's hunger has earned a place in the world spotlight, the Mengistu regime is doing what any good Communist liar would do: blame the West.

Yet as early as 1982, a United Nations-sponsored study directed by Keith Griffin of Oxford University warned the Ethiopian government of a possible famine. The study was rejected by the Mengistu government as Western propaganda. Even as the famine started taking its toll, the government showed a remarkable lack of concern. Last September, for example, as an estimated 250 people a day starved to death in the country's northern provinces, the Mengistu regime celebrated its tenth anniversary by inviting Communists the world over to participate in festivities costing an estimated \$220 million.

Live Aid concert organizer Bob Geldof, an Irish-born punk rocker, held a meeting in London on September 5 to decide how to spend the \$58 million. Some of the novel proposals — one idea is to hold a series of "sub-Saharan solar barbecues" — show that "St. Bob" still doesn't understand the hows and whys of the famine. In fact, many Live Aid supporters still seem to have the notion that the West is somehow responsible.

But the U.S. and other Western nations already have donated massive amounts of food. Relief efforts were underway long before the rock-and-rollers ever dreamed of making their great sacrifice: donating a day of their time.

Figures through January 1985 showed the U.S. outstripping all other nations, with two million tons of food (four billion pounds) already donated. The European community had donated another 1.3-million tons. Ethiopia's ally and friend, the Soviet Union, had donated the staggering sum of 3,500 tons of rice. Cuba's gift to the starving Ethiopians was even more impressive — they freely donated 5,000 Cuban mercenaries.

If you wonder why, with all this aid, Ethiopians continue to starve, the answer is simple: the Mengistu government. In addition to destroying the country's agricultural base, the regime also has been unable to keep enough roads open and trucks working to transport food to the starving. As a result, Western observers report that tons of food sit at Ethiopian ports and rot.

The July 13 Live Aid concert provided the young people of America and the world with an opportunity to do something for the Ethiopian people. But their efforts shouldn't stop there. They also should show their disgust for the political bandits who have caused so much suffering and death — just as they have rallied against apartheid in South Africa.

Mother Nature has had a powerful helping hand in Ethiopia: from Marx, Lenin and Mengistu. To ignore this makes a mockery of America's charitable instincts.

OZONA PUBLIC SCHOOLS

AUSTIN—With increased utility rates poised to become one of the figuring issues for the '86 elections, the Public Utilities Commission is drawing more and more scrutiny.

Last week, it was reported that top PUC officials and staff were taking expensive trips using state money and not documented with receipts.

Only a couple of days after the story broke, a Texas House subcommittee was formed to explore whether PUC commissioners should be elected instead of appointed by the governor.

Although the Legislature voted down such a proposal in '84, new pressures make the issue more attractive. A coalition of consumer groups want Gov. Mark White to appoint a consumer advocate as new PUC chairman.

The present chairman's term expired Sept. 1, and he is staying only until White names a successor.

Costly Trips

In the past year, PUC personnel traveled to more than 50 conferences, going out-of-state to both coasts.

Many of the hotel and meal expenditures were higher than the normal rate allowed for staff on state business. In several cases, some \$100 a day for taxis and meals were claimed with no receipts.

More than \$3,000 was spent by two staffers to attend a one-day seminar at a Palm Springs resort and country club.

Day Late

When PUC commissioners were asked why these practices were allowed to go on, each admitted they did not scrutinize the travel vouchers for the staff.

Commissioner Peggy Rosson said that when commissioners finally decided to ask the executive director to curtail his travel, he resigned a day early to take a job in San Francisco.

In all, the executive director spent some \$10,000 in travel in 11 months.

Knuckles Rapped

What has particularly ruffled some is that recently the same PUC staff rapped the knuckles of the utility companies for charging ratepayers for similar expenses.

The commissioners tried to justify the numerous trips, but not necessarily the expenses, by saying they want the Texas PUC to build some "national visibility." One observer remarked, they've sure got visibility now, at home anyway.

College Reforms

Last week Gov. White an-

nounced the members of the new select panel to recommend major changes in state colleges.

Named as chairman was Larry Temple, head of the college and university coordinating board, who said the panel is not designed to be a carbon copy of a similar committee which recently overhauled public schools.

But Temple said there will be "no sacred cows" and that everything is fair game, which made some wonder if that included dividing the Permanent University fund.

Other well-knowns placed on the powerful panel are former CIA deputy Bobby Ray Inman, developer and oilman George Mitchell, and Arthur Temple of the East Texas lumber fortune.

Prison Audit

A recent state auditor's report criticizes the beleaguered prison system for continuing to allow huge project overruns before getting approval from the prison board.

The report reveals little progress has been made to correct the overrun problem which has scandalized the prison system over the past few years. It cites:

—A jump in construction costs from \$2 million to \$9 million at the Pack 1 Unit near Navasota.

—About 394 items worth \$193,000 written off as stolen or lost.

—Some \$11.3 million worth of fixed assets are subject to loss or theft because of improper markings.

Woman's League meets in home of Mr. Hillery Phillips

September 24 was the date Ozona Woman's League met in the home of Mr. Hillery Phillips, with Mrs. John R. Hunnicutt and Mrs. Van Miller serving as hostesses.

The president, Mrs. Jeffrey Sutton, called the meeting to order with club members reading "A Collect for Club Women." Mrs. Buster Deaton gave the inspirational reading entitled "Being a Bargain Friend." The reading was very good and challenged everyone to be a better friend.

A short business meeting was held following the inspirational reading. Bazaar co-chairmen, Mrs. Erby Chandler and Mrs. Gary Vannoy, discussed the upcoming Bazaar and designated categories for each member to work. Mrs. John L. Henderson, a new member, was welcomed into the club.

Mrs. Barbara Savell presented a program of "wearable art." Barbara explained the designs and techniques of needlework on her clothing as Mrs. John R. Hunnicutt, Mrs. Dwight

Childress, Mrs. Pleas Childress III, and Mrs. Bill Mason acted as models. Special thanks goes to these ladies for their extra time and work!

Mrs. Savell brought with her many pieces of beautiful clothing which were all handmade. She also brought home decorating ideas and articles she has made for her home. Mrs. Savell demonstrated many different ways to use the art of quilting without making a traditional "quilt."

Members present for the meeting were Mmses: Bobby Aycock, Jim Bob Bailey, David Bean, Louis Bunger, Bill Carson Jr., Erby Chandler, Dwight Childress, Johnny Childress, Pleas Childress III, Dennis Clark, Buster Deaton, John R. Hunnicutt, Rick Hunnicutt, Roy M. Jackson II, Brock Jones, Carl Malone Jr., Bill Mason, Van Miller, Gary Buck Mitchell, John Parks, J.S. Pierce IV, J.S. Pierce V, Lane Scott, Steve Sessom, Jeffrey Sutton, Gary Vannoy, Wesley West, and John L. Henderson.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

After our good rains, they have given us the courage and urge to continue gardening chores. For me the fall months are the most colorful and enjoyable of the year.

Well cared for roses have more perfect form, more free of wind and cold damage, and deeper and richer in color. Trees put on their best show with the display of so many different varieties and colors in leaves before they fall.

Summer-growing bulbs that rest in winter that have not already died down naturally, should be encouraged to do so by gradually reducing the water supply and finally withholding it. Amaryllis, caladiums, tuberous begonias etc. If caladiums have grown in pots, they may now be dried off and the pots stored in a cool, dry place where they won't freeze.

Sweet peas planted in September may be expected to bloom from Christmas on.

For best results, hedges of all kinds should receive their final trimming this month. Never shear a plant unless you are planning a formal hedge. If you want to fill in vacant spaces you may move well-budded chrysanthemums into pots. Do this in cloudy weather if possible and soak plants the day before transplanting and again for several days. Stake if needed.

Pick off all dead leaves and rake all litter from beneath plants. This may prevent over wintering of insects and disease organisms.

When you mow your lawn for the

last time, leave the grass longer to protect the roots from freezing.

It isn't too late to plant a fall vegetable garden of radishes, turnips, mustard and lettuce. Also sow larkspur, bluebonnets, cornflowers, California poppies, stock etc.

There is more time now than in the spring for garden construction, such as paths, rock gardens, terraces and other features.

Ozona should have a general fall cleanup this month.

DUPLICATE BRIDGE

Winners in Duplicate Bridge Club play Saturday afternoon at the Country Club were Mrs. Byron Williams and Mrs. Gene Perry. Mrs. Clay Adams and Mrs. Gene Williams were second.

Mrs. Adams and Mrs. Williams won in play Sunday, and Mrs. Ewart White and Mrs. Sidney Millsbaugh were second.

Alpha Alpha Mu has Women's Rush Party

The Alpha Alpha Mu chapter of Beta Sigma Phi met for a Women's Rush Party Monday evening, Sept. 30, at Granny Miller Hall. Hostesses were Tina Bean, Jeannine Henderson, Roylan Sullivan and Leslie Wilson.

Honored guests were Lisa Branch, Sharon Forehand, Barbara Glosson, Roxanne Hailey, Patti May, Suzanne Renfro, Becky Sizemore and Kay Stewart.

The women enjoyed a Mexican fiesta followed by several "get acquainted" games. Prizes were awarded to game winners. There was also a brief discussion about the procedures of a raffle to be held Oct. 31. The candle was passed, and Secret Sister gifts were exchanged.

Members present were Tina Bean, Tammy Bunger, Nesa Chandler, Bec-

ky Dillard, Debbie Glasscock, Laurie Hale, Jeannine Henderson, Karen Huffman, Connie Jennings, Ellen Lipsey, Susan McMullan, Barbie Myers, Renee Pearl, Dena Porter, Leslie Reeves, Billie Renfro, Rita Sigwing, Roylan Sullivan, Lisa Wagoner, Marcy Williams and Leslie Wilson.

Submitted by Connie Jennings

Clip It Recipe Corner

BROCCOLI AND RICE CASSEROLE

1/4 cups chopped green peppers
1/4 cups chopped onions
1/2 stick oleo
1 cup cooked rice
1 pkg. cooked chopped broccoli
1 cup cream of mushroom soup
1 small jar Cheez Whiz
Saute onions and peppers in 1/2 stick oleo. Mix remaining ingredients together and put in a greased pan. Bake at 350° for 30 minutes. Sprinkle Pepperidge Farm stuffing mix (in cube) on top. Use enough to cover the top. Serves 6-8.

Browns host 42 Club Thurs.

Mr. and Mrs. R. L. Brown were hosts for the Thursday 42 Club at Granny Miller Hall last week.

Winning high were Mr. and Mrs. Jeff Owens. Mr. and Mrs. J. W. Johnigan were low and Mr. and Mrs. Raleigh Conner were bingo winners.

Winning the 84 prize were Mr. and Mrs. Bob Harris.

Others playing were Mr. and Mrs. L. D. Kirby, Mr. and Mrs. Dee Keilers, Mr. and Mrs. Perry Hubbard, Mrs. Clay Bednar and R. L. Brown.

STOCKMAN CLASSIFIEDS GET RESULTS, 392-2551 or come by.

Wallaces and Coxes host Bridge Club

The Supper Bridge Club met Thursday night at the Civic Center with Mr. and Mrs. Bob Wallace, and Mr. and Mrs. Bud Cox hosts.

Mr. and Mrs. J. B. Miller won high and Mr. and Mrs. Jim Dudley, low. Second high was won by Mr. and Mrs. Oscar Kost and Mr. and Mrs. H. O. Hoover won Bingo.

Others playing were Mr. and Mrs. Lefty Walker, Mr. and Mrs. Ewart White, Mr. and Mrs. Dick Kirby, Mrs. Brock Jones and Mrs. Buddy Russell.

Mr. and Mrs. Oscar Kost spent the weekend in Dallas, visiting Mrs. Kost's granddaughter.

Ida Montgomery continues to improve in Shannon Hospital in San Angelo, following surgery performed last week for a fractured hip. She suffered the injury at her home in Fort Stockton as she was preparing to come to Ozona for the Heritage School opening. She is in room 551.

MEN DON'T CRY

Society adopted the rule that men aren't supposed to cry outwardly. So they cry inwardly. You'd be surprised how often!

They say there's nothing wrong with a good cry — outward or inward. That's true as long as you wipe away your tears ready to carry on with courage, and a good idea of what God wants you to do.

The Bible makes many references to tears and weeping. But it keeps pointing to God as our source of comfort and guidance in every trial.

Search every day your Bible's answers to the challenges of life. This week study Revelations 21:4 for its assurances of strength and hope.

Each Sunday in Church join the millions for whom faith is replacing the crying towel.

The following officers were elected September 9:
Sarah Pullen, president; Tamel West, vice-president; Jennifer Colin, secretary; Susan Pullen, reporter.
Sixth grade delegates are Terel

Seahorn, Martin Childress. Seventh grade delegates are Misty Fowler, Shane Pridemore. Eighth grade delegates are Carri Chandler and Michael Vasquez.

November 4-Method Demonstrations, Rachel Hall
December 2-Christmas Party
Organizational leaders include Sharman West, chairman; Curtis and Evelyn Keith, Billy and Cathy Carson, and Jimmy Arrott.
High School Club
October 26-River trip to Brock Jones' Ranch
November 16-17-Prude Ranch Retreat (Fort Davis) All senior high 4-Hers in District 6.
December 7-Christmas Party
Organizational leaders include Jim and Ethel McCrohan, Jeffrey and Carmen Sutton, Brock and Camille Jones, Paul and Jackie Shacklette, Gene and Connie Fowler, Billy and Cathy Carson.

Taylor, Taylor, and Koerth win Championship Flight

A Select Shot Mixed Threesome Golf Tournament was held Saturday and Sunday at the Ozona Country Club.

Winning the Championship Flight was the team of Dale Taylor, Jean Taylor, and Ronald Koerth. Second place winners were Donna Sanders, Milton Sanders, and Larry Sanders of San Angelo. Third place ended in a tie between the teams of S. L. White-Marie White-Billy Carson, and J. L. Alexander, Nell Wester, and Steve Poage of Fort Stockton.

First flight winners were Randy Hall, Eddie Hall, and M. E. Nicholas. Second place was taken by Dorothy Montgomery, Beecher Montgomery,

and Douglas Moore. Third place ended in a tie between the team of Bob Wallace-Barbara Wallace-H. O. Hoover, and the team of Pete Jacoby-Jimmie Jacoby-Warren Taliaferro.

In the second flight Brenda Newton, Royce Newton, and Eddie Stewart took first place. Becky Dillard, Bud Dillard, and Floyd Hokit were second, and Monte Sanker, Jim Sanker, and Larry Walker placed third.

Third flight winners were B. W. Wanda, and Jeffrey Stuart. Second place team was Bob and Doris Threadgill and Russell Horton. Third place went to Bill Glasscock, Debbie Glasscock, and Rip Sewell.

Texas Exes make scholarship available to eight seniors

The Ex-Students' Association of The University of Texas Excellence Awards for scholarship and leadership through its Foundation for Texas Excellence. Endowed by alumni through the Ex-Students' Association's Foundation for Texas Excellence, the Texas Excellence Award is based solely on academic accomplishment and leadership in extracurricular activities. Eight awards are presented annually to top high school seniors in the state.

To be eligible, students must rank in the top five percent of their class at the end of their junior year in high school and must demonstrate leadership ability. Applications may be obtained from counselors at participating high schools or directly from the Ex-Students' Association, P.O. Box 7278, Austin, Texas, 78713 and must be postmarked no later than November 1.

Approximately 200 quarterfinalists will be designated in November and UT's deans' committees will then narrow that to 50 semifinalists in January. The 50 semifinalists' applications will be reviewed in late January by a final selection committee made up of distinguished alumni, UT officials and University deans. Approximately 10 finalists will be invited to Austin for on-campus interviews in early February and recipients will be announced on March 2, 1986.

Announcement of the awards will be made at local Texas Exes Clubs' spring meetings where possible. In the fall of their freshman year, the recipients will be officially recognized at a special awards dinner and at the annual Texas Excellence Foundation Luncheon.

Each award will be in the amount of \$16,000 and recipients will be reviewed annually prior to the next disbursement. Several Awards of Distinc-

tion, \$2,000 per year, and Awards of Recognition, \$1,000 for the Freshman year, are also awarded.

The Texas Excellence Awards are funded by endowments and contributions to The Ex-Students' Association's Foundation for Texas Excellence.

Evening classes to be taught at First Baptist

Rev. Jim Gray will be teaching an evening Sunday School class for adults at 6 p.m. October 13. This class is for those who cannot make it on Sunday mornings due to work schedules, etc.

It will be a regular class, teaching the Sunday School lesson and counting as attendance in the morning classes. Those who cannot attend on Sunday mornings are encouraged to attend this class.

Audrey Glynn will begin her New Member Class for children Sunday, October 6 during the Sunday School hour in the R.A. room and Ted Turnley will teach a Youth's New Member class at a date to be announced later.

Bible Drill for children grades four, five, and six and for youth will begin Sunday night, October 13 at 6. Mrs. Douglas Bean will lead this group again.

Youth, grades 10 through 12 are urged to participate in the Youth Speakers Training also to meet at 6 p.m. Sundays. This will also be led by Ted Turnley. Some additional scholarships have been added this year for the winners of the State competition.

PHONE NEWS TO THE OZONA STOCKMAN, 392-2551.

Crockett County Care Center News

By Ann McCartney
Director of Activities & Social Care

Our first cool spell has arrived and we can now feel some of what may be ahead for us in the coming months.

As we reflect back on the history of our Care Center we realize many things can be said that continues to exist in the present. We have a fine nursing staff of both professionals and aides, good working housekeepers, cooks, and laundry workers. It takes everybody on their job, working with devotion, to make a facility the fine home we have always had in Ozona.

Jo Davidson treated all residents to Pearl Morris' birthday party last Monday afternoon. This was a nice treat.

The Knox Band came Tuesday night for their monthly entertainment program. Band members Jamie Knox, Don Kilgore, and J. D. Kilgore treated our residents to some good country and western music.

Two ladies, representing the VFW Ladies Auxiliary from San Angelo, brought our Care Center residents some new house-slippers. Many thanks goes to Jo Hodges and Edith Bradley.

Another thank you goes to the youth of the Church of God. They came by Saturday with bananas, peaches, and candy for our residents.

Thanks also goes to the Beulah Baggett family for sharing flowers from her services and to Donut's, Etc. for once again bringing us some of those good donuts.

Tuesday and Friday's bingo winners included Minnie Karr, winner of the El Chato dinner for two; Tomasa Ramoz, winner of the first place gift certificate from Westerman Drug; Minnie Karr, second place winner, and Pauline Clinton, winner of the monthly gift certificate from Baker Jewelers. Volunteers included Lelia Tambunga, Teresa Sanchez, Inez Gutierrez, Anna Bell Patrick, Gwen Nelson, Mattie Cooper and Virginia Bishop.

Janet Wilson assisted with ceramics on Wednesday and Marie Pierson helped with some detail painting on some future ceramic pieces on Thursday. Residents Juana Hernandez, Tomasa Ramoz, Hilda Dysart, Ola Mills, Emma Taylor, and Moriama Perez all participated in this activity.

Vivian Hughes and Alena Faye Hokit fixed all our ladies hair on Thursday morning.

Four members of the Faith Lutheran Church, led by Charles Huffman, brought our Bible study on Thursday. This was followed by Spanish Hour of Praise conducted by Maria Vitela, Paulita Leal, Carmen Vargas, Felipa Munoz, Mariana Hernandez, and Norma Flores.

Jo Davidson helped Patsy Enriquez, Elvira and me on our field trip to Clayton's Village Drug, Friday afternoon. Residents going out included Emma Taylor, Doris Robnett, Inez Biggs, Hilda Dysart, Jean Beardmore.

Pauline Clinton, Tomasa Ramoz, and Juana Hernandez. All other residents were sent back a milkshake. We once again want to thank Jo Ann, Katie, and Clayton for this nice treat.

Three members of the Calvary Baptist Church brought the Sunday afternoon Church services. Thanks goes to their pastor, Ken Eppler, Charlotte Trull, pianist, and Billie Kiser, song leader.

Think volunteer!

Israel Gonzales gets certificate of completion

Israel Castro Gonzales of Ozona was among 220 graduates of Texas State Technical Institute in Sweetwater who received certificates or associate degrees in commencement exercises held August 16.

Gonzales is the son of Mr. and Mrs. Lupe L. Gonzales of Ozona.

As a graduate of the Automotive Mechanics program, Gonzales received a Certificate of Completion.

Congratulations!

Nutritional needs for older adults are same as with young

Research is now being done that will lead to more complete answers about the nutritional needs of older adults, says Dr. Alice Hunt, a nutritionist with the Texas A&M University Agricultural Extension Service.

"But much is already known that can help older adults stay well-nourished during the later years," she adds.

Hunt says it's known that older adults need the same nutrients as they did when they were younger. The amount of calories they need, however, is usually reduced as they become less active.

Other nutrient needs may be increased. Hunt points out. For example, the post-menopausal woman may need more than the Recommended Dietary Allowance (RDA) of 800 milligrams of calcium.

"No nutrient can slow the aging process," states the specialist. "Research has not identified any vitamin or mineral which can prolong life, prevent cosmetic changes such as hair loss or skin wrinkling, or protect from diseases like arthritis, cancer or heart

disease."

Hunt notes that taking a supplement with no more than the RDA for each vitamin or mineral usually will not be harmful for older adults. But taking large doses of some vitamins and minerals can be toxic, interfere with the absorption of other nutrients or block the action of certain medications.

"Growing evidence suggests that the way a person eats throughout life influences the chances of developing such health problems as heart disease, cancer, osteoporosis and diabetes," the specialist says. "If a person has inherited tendencies toward developing certain diseases, good nutrition may also help to slow down the process of development."

Hunt stresses that eating a variety of nutritious foods is one of the keys to a long, healthy and productive life. To get needed nutrients, she says to choose foods from the basic food groups, including milk and cheese; meats, poultry, fish and beans; vegetables and fruits, and breads and cereals.

Leslie Cole honored recently for 30 years service with TDHT

Leslie H. Cole was honored recently with the presentation of a Certificate of Service and Lapel Emblem for 30 years service with the State Department of Highways and Public Transportation (DHT).

Leslie started his DHT career in 1955 at the Sterling County Residency as a Rodman. He has worked his way through several job classifications and is now ranked as an Engineering Technician IV. After working in the Sterling County Residency for several years and upon the closing of that Residency, he trans-

ferred to the Crockett County Residency. He is now employed in the District Laboratory at the District Headquarters Complex on Knickerbocker Road, and is under the supervision of Supervising Construction Engineer Walter G. McCullough.

The presentation made by District Engineer D. R. "Doc" Watson was accompanied by a letter of congratulations. Mr. Watson thanked Leslie for his long years of loyalty and service and expressed the hope that his continued years with the Department would be pleasant and productive.

Team and Steer Ropings set to aid West Texas Rehab Center

Saturday and Sunday, Oct. 19-20, are the dates for a team roping and invitational steer roping at the K Bar Ranch at Sonora, according to organizer John Stokes. Both events will benefit the West Texas Rehabilitation Center.

Saturday's (Oct. 19) team roping is four for forty, progressive after one. Ropers may enter five times and a \$10 cattle charge will be assessed. Books close at 10:30 a.m. and events begin at 11 a.m.

Participants are reminded events are cash only, and buckles will be awarded to winners. Concessions will be available on the grounds both days.

Sunday's (Oct. 20) invitational roping gets underway at 11 a.m.

"We hope these events will be a means for ropers to have a good time and improve their skills. At the same time, we'll be doing our part to help out the folks at the West Texas Rehab Center," Stokes says.

WTRC will treat 11,000 handicapped persons this year at its diagnostic and treatment facilities in Abilene and San Angelo. Top quality care in physical, occupational and speech therapy, audiology, orthotics, psychology, education and social services is provided without charge to patients other than for hearing aids and braces.

Texans' War on Drugs meeting slated in Austin October 10-12

The Texans' War on Drugs will hold its annual leadership conference at the Hyatt Regency Hotel in Austin, October 10-12. Several hundred adults and youth from across the state will gather to learn what they can do in their communities and schools to help prevent drug abuse.

Speakers from across the country will share their expertise in the fields of drug abuse research, community

intervention, civic organizations, education, and youth work. The theme of the conference: "Communities in Action: A Winning Team," will encourage networking between parents, educators, health care professionals, students, community leaders, and law enforcement officials.

The youth portion of the conference will feature small group workshops, a barn dance, and a special celebrity speaker.

Crockett County Library Notes

By Louise Ledoux

The MS READaTHON makes kids open more than their hearts. It makes them open their minds. Because it makes them read. The average student reads 14 books during a six week

Virus research continues and remains mystery

The word virus comes from the same word in Latin meaning "poison" and "slime". That's about the nicest thing you will ever hear about viruses.

These tiny invaders cause hundreds of diseases, including chicken pox, polio, measles, mumps, influenza, the common cold, and AIDS.

Viruses, like bacteria, enter the body and multiply in the tissues where they produce symptoms such as rashes, swellings, fever, and other signs of illness, says the Texas Medical Association.

Although modern drugs have significantly reduced bacteria-caused diseases such as pneumonia and strep throat, viruses are much more difficult to identify and bring under control. Only a few substances that can safely control viral infections have been devised.

While research to find a drug that will destroy viruses continues, individuals can take precautions to reduce the severity and frequency of these infections.

The first line of defense is the body's natural resistance, which keeps viruses from getting a foothold in the body's tissues although a person may be exposed to infected individuals. This defense works best when the person is in good physical condition.

Avoiding contact with individuals known to have a viral infection also can reduce the chances of contracting it. Viruses do not just occur but are passed from one person to another usually by sneezes or direct contact.

Finally, virus infections are controlled by the development of immunity. The infection itself stimulates antibodies that fight the virus. When present in sufficient amounts, antibodies prevent the spread of the virus to additional cells and sometimes destroy the virus entirely.

The antibody is usually effective only against the specific virus that caused its production. This virus fighter may continue to be present for the individual's lifetime and may provide permanent immunity to that particular disease. However, some viruses, such as herpes, may remain in the body and cause recurring disease despite good antibody levels.

Vaccines for certain viruses make it unnecessary to contract these viruses in order to become immune.

Dr. Don Carlisle is in room 364 at Shannon Hospital in San Angelo recovering from corrective surgery on his leg. He is to undergo further surgery early this week. Both Dr. and Mrs. Carlisle are pleased with his progress and anticipate excellent results from the operations.

Beth and Leonard Boyd returned last week from a vacation trip to Washington, D.C. where they toured many historical sites both there and enroute both ways.

Multiple Sclerosis READaTHON. In fact, the U.S. Office of Education has recognized the program for its efforts to increase literacy. Join the MS READaTHON. Let's all search for a Cure!

--taken from the Library Journal magazine.

The annual MS READaTHON will kick off in Ozona Oct. 1 and will last through Nov. 15. Mrs. Francis Curry at the Ozona Junior High School will coordinate this year's program. She has the Student Packets and rules to follow. The Crockett Co. Public Library will help students find interesting and informative books to read. The library is open at the High School with books for all age groups, and is open from 9-5 Mon. thru Fri. and from 6-9 Mon. and Thurs. nights. Get in on the fun, join the MS READaTHON!

I have had several people ask about memorials to the library. We certainly appreciate all donations and memorials. Make checks payable to the Crockett Co. Library Memorial Fund, and send them in care of me, at the Crockett Co. Public Library, Box 3030, Ozona, Texas 76943. All memorials go to buy books for the library. If you have equipment or furnishings in mind as a memorial, please contact me at the library and I will make arrangements.

OHS Flag twirlers and Band will be a big part of Homecoming night. The band performs under the direction of Kelly Glaze, director. They have been working for weeks on the show at halftime Friday

TEAMS test given here to fifty-nine junior students

Fifty-nine juniors in Ozona High School were given the first phase of the Texas Educational Assessment of Minimum Skills (TEAMS) test Tuesday morning and will complete the second phase today. Testing began at 8 a.m. and although three hours were set aside for testing, all local juniors were finished within two hours Tuesday.

The test is untimed and a student may continue until they are finished. Testing today began at 9 a.m. and again students will not be limited in time allowed to complete the testing. With the passage of new state legislation, all students are required to pass phases of the test, English Language Arts and Mathematics, before they may receive a high school diploma. This does not affect this year's senior class.

Students will be given four chances to pass the TEAMS test, which replaces the Texas Assessment of Basic Skills (TABS) test previously given to sophomores through seniors in high school. Testing will be done for TEAMS again in May for students who fail to pass one or both segments of the test.

If the student still has not passed the test after May, they may be retested in October and May of the next school year. After a student has completed high school requirements, if they have not passed the test, they may take the TEAMS again until they do, at which time they will be given a diploma.

Juniors throughout the state are faced with passing this special test and testing dates were the same in all schools. The TEAMS test is designed to evaluate knowledge of the mathematics, reading and writing skills that have been learned throughout the school years.

FAMILY SHELTER
A Family Shelter representative will be at the Law Library of the courthouse in Ozona on the first and third Tuesdays of each month instead of the second and fourth.

The representative will be in the law library from 10:00 a.m. to 12:00 noon and 1:00 to 2:00 p.m.

HOSPITAL NEWS
The following patient received treatment in the Crockett County Hospital last week.

Jose Rodriguez
Lowell Littleton is in the Foundren Building at Methodist Hospital in Houston, where he has been since he suffered a heart attack while on the way to Houston. As of Tuesday, his condition was reported "improved."

Diploma is awarded posthumously

Commencement exercises were held for Central Texas Commercial College September 26, in Brownwood at the Adams Street Community Center. The graduating class dedicated this ceremony to the memory of their fellow classmate Matilde Castellanos. Mr. Grayson Wetzel, Superintendent of the Goldthwaite I.S.D., was the commencement speaker for twenty-three graduates.

Wetzel emphasized that graduation is not the completion, but a beginning of a new stage in life. He encouraged the graduates to keep the proper attitude and remember the importance of teamwork not only in their professional life but in all walks of life. His closing remark for the foolproof formula for success was integrity.

A diploma was issued posthumously to Matilde Castellanos and was received by her mother Mrs. Juan Castellanos.

After commencement exercises cake, punch and nuts were served.

FFA chapter to hold regular meeting Tues.

Ozona FFA will hold its regular monthly meeting on Tuesday, October 8, at 7:00 p.m. in the Vocational Agriculture classroom.

Items to be discussed will be approval of the year's program of activities, upcoming contests, the chapter budget, and the FFA project show in December.

Other items to be discussed will be the chapter's participation in the upcoming Halloween Carnival. The chapter plans to operate several booths at the carnival, including offering raffle tickets for the winning of the Grand Champion pen of broilers at the FFA project show.

CARD OF THANKS

Dear friends, thank you so very much for your prayers and expressions of sympathy for me and my family due to the death of my father. You are indeed wonderful friends, and your concern was and is a great comfort.

Sincerely,
Dewey Lawhon

Grace Williams and Margaret Tabb returned last week from Pennsylvania, where they spent two weeks visiting Mrs. Williams' son and his family, Stanley Williams.

IMMUNIZATION CLINIC

A free immunization clinic will be held Thursday, Oct. 3, at the Civic Center, sponsored by the Texas Department of Health. The clinic will be held from 10 a.m. until 3 p.m. Parents are reminded this will be the last chance for children's booster shots as required by public schools.

Mr. and Mrs. Ralph Anderson were honored with a reception at the Granny Miller Hall Sunday evening. Anderson has been minister of Ozona Church of Christ for several years. They are moving to Bartlesville, Okla.

DON'T SHOOT AT POWER LINES!

NEVER SHOOT AT POWER LINES or the insulators that hold them, because the result could be a dangerous downed electric line. A severed line could cause a serious electrical outage, and the downed line itself could be extremely hazardous.

ADDITIONAL SAFETY TIPS:

• Use Power Tools Wisely
Be sure wiring is in good condition and all circuits are grounded. Never use electric tools in the rain or on wet surfaces. Also, when buying new equipment, look for the "UL" seal of approval from Underwriters Laboratories.

• Keep Children Away from Electrical Outlets

Don't let small children play near electrical outlets. A child could put some object in an outlet when you're looking away. A wise safety precaution would be to put safety caps in all wall outlets.

• Always Disconnect Cords by Pulling on the plug

When disconnecting electrical items, be sure to pull on the plug — not the cord! If you pull on the cord, you'll eventually wear it out and expose hazardous wires. Also, don't overload extension cords or outlets.

When We're Thru . . . They Run Like New!

Letters to the Editor

The Editor
The Ozona Stockman
September 29, 1985
Thanks to a far-sighted School Board and to progressive thinking tax payers last Sunday afternoon was an exciting time for Ozona citizens. The 'old-new' Heritage school was opened!
What a beautiful sight the magnificent, gleaming limestone exterior, the restored roof, complete with cupola, and the modern interior was indeed a joy to see.
Once more the feasibility of preservation and restorations of our magnificent old buildings has been well

demonstrated. The early community leaders built well. They built for the future.
Ozona is most fortunate in having a number of such structures, the most notable of which is our courthouse. More than one architect has pointed out the feasibility of preserving and restoring to full use this wonderful building. It can certainly be made into the kind of courthouse that Crockett County needs and deserves.
Let us hope that this will be the next exciting building project in our town.
Lucile I. Harrell (Mrs. R.A.)
Vice-Chairman Crockett County Historical Commission

Sandra and Pleas Childress to head Loeffler campaign here

The Crockett County Steering Committee for U.S. Rep. Tom Loeffler's gubernatorial campaign was announced today, with Sandra and Pleas Childress serving as chairmen.
"I'm proud Sandra and Pleas are providing the leadership for my Crockett County Steering Committee," Congressman Loeffler said in announcing the committee. "They as well as the other committee members, represent the kind of grassroots support that we have throughout the state. These community leaders share a common goal: to preserve a strong, proud Texas, and to return leadership to the Governor's office."
"We feel he's done a super job in Washington. He's helped the ranchers a lot," Mrs. Childress said. "We think he'd make a great Governor."
Loeffler, who grew up on a ranch near Mason, announced he was a candidate for Governor on August 22. The Congressman received his undergraduate degree from the University of Texas, where he played football under Coach Darrell Royal, and received his law degree from the University of Texas School of Law in 1971. He served as Chief Legislative Counsel for U.S. Senator John Tower before being appointed Special Assistant for Legislative Affairs to President Gerald Ford in 1975. He was elected to Congress in 1978, making him the first Republican ever to represent the 21st District in Washington. Loeffler serves as Chief Deputy Whip—the third ranking Republican in the House of Representatives. He continues to serve in that position, as well as keeping his seats on both the powerful Appropriations and Budget Commit-

tees. He was re-elected in 1984 with 81 percent of the vote.
Congressman Loeffler, 39, and his wife Kathy, and three children live on the banks of the South Fork of the Guadalupe River near Hunt.
Following is a partial list of Loeffler's Crockett County Steering Committee. They include Sandra and Pleas Childress III, Jane and Wade Richardson, Carmen and Jeffrey Sutton, Glenda and John Lee Henderson, Jr. Cathy and Billy Carson, Lou and Buster Deaton, Alice and Joe Couch, Becky and Dwight Childress, Sandy and Jack Baggett, Jr.

Relief efforts underway for Mexico

During this weekend Masses, a second collection will be taken by Our Lady of Perpetual Help Church for the men, women and children suffering from the recent earthquakes. At the request of Bishop Michael Pfeifer, a collection was taken up last weekend, however at the time many were unable to give, so it will be repeated this weekend, Oct. 5th and 6th. 25% of this collection can be retained and sent through our own families whose relatives are among those suffering. If you wish to support or have relatives in need, please let us know.

Nesa Chandler returned from Market in Dallas Sunday, bringing many new items for her "Something Special" collection.

Gun safety measures outlined in 4-H Shooting Sports program

The hunting season offers youth who have participated in the 4-H Shooting Sports program an opportunity to practice their skills, says Billy Reagor, county agent with the Texas Agricultural Extension Service.
With thousands of people enjoying hunting with friends and relatives, young, safe hunters can take the lead in avoiding accidents, he says.
Reagor reminds hunters that most accidents occur in and around private homes and vehicles. He urges youth and adults to review the following 10 commandments of gun safety and apply them at all times in all locations.
Treat every gun with the respect due a loaded gun.
Watch that muzzle! Carry your gun safely. Keep the safety on until ready to shoot.
Unload guns when not in use, take down or have actions open. Guns should be carried in cases to shooting area.

Be sure the barrel is clear of obstructions and that you have only the proper-sized ammunition for the gun you carry.
Be sure of the target before you pull the trigger. Know identifying features of the game you hunt.
Never point a gun at anything you do not want to shoot. Avoid all horseplay.
Never climb a tree or fence or jump a ditch with a loaded gun. Never pull a gun toward you by the muzzle.
Never shoot a bullet at a flat, hard surface or water. At target practice, be sure your backstop is adequate.
Store guns and ammunition separately, beyond reach of children.
Avoid alcoholic beverages before or during shooting.
The Texas 4-H Shooting Sports program is conducted through the county Extension office with the help of volunteer leaders. If you would like to participate, contact the county Extension office for more information.

First Baptist Church to observe "Homecoming Sunday" Oct. 6

"Homecoming Sunday" will be observed October 6 at First Baptist Church. Regular services will be held at 11 a.m. followed by dinner on the grounds. Bread and drinks will be provided at the "pot-luck" dinner to be held in the park across the street from the Church. An old-fashioned sing-along will also be held in the afternoon.
If you have an old newspaper clipping, bulletin, or will write down your favorite memory about the Church, and place it in an envelope with your name, it may be placed in the offering plate or handed to Rev. Jim Gray. These will become a part of the Church scrapbook and will be used in the special service to be held at 5

p.m.
All members and former members are invited and encouraged to attend the special events Sunday.

Cruise party is canceled due to staff illness

The cruise party, scheduled for Saturday afternoon at the Ozona Inn of the West, and sponsored by Aero Jet Travel of San Angelo, was cancelled due to illness among the staff.
It will be re-scheduled as soon as possible.

Outstanding year for local Museum and Historical Soc.

The 1984-85 year has been outstanding for the Crockett County Museum and the Historical Society. Among the three museum awards given by the State Historical Commission for the best interpretative exhibit was the award for the "A Salute to Crockett County Veterans" exhibit. The award was accepted by museum director Geniece Childress, who expressed appreciation to her co-worker Violenne Stanton and the numerous others who spent time helping with the exhibit.

Also from the commission was the Distinguished Merit Award which Lucile Harrell accepted for the work on the Emerald House. Another award, given by the state, went to the Crockett County School District for restoration of the oldest school building. Mrs. Harrell presented this award to the school at the opening of the Heritage School Sept. 22.

The Crockett County Museum again received statewide recognition when the State Agricultural Department asked to exhibit the woodcarvings of two local artists, the late Clay Adams and Joe Pierce, Jr. at the State Fair in Dallas. These carvings were made

available through the museum. Mrs. Childress and her volunteer workers have made efforts to learn more about the functions of efficient museum workers, by attending seminars and workshops in other cities.

Following the Monday evening program on the Pre-History of West Texas, given by Dr. Robert Mallouf, state archeologist, plans began in earnest for the Indian exhibit which will open January of 1986, and be the centerpiece of the county's Sesquicentennial celebration.

The museum offers school visits with suitcase exhibits as well as tours of the museum collections. Those wishing to schedule a tour or give one, may call Camille Jones (392-2122) or the museum (392-2837).

Due to the fact the museum is an active educating museum, it needs responsive membership. The support of the community is needed. Historical Society dues have been \$2.50 since the fifties and need updating. Individual memberships now will be \$10 for an individual and \$15 for a family. Checks may be sent to Mrs. R. A. Harrell, Drawer B, Ozona.

LOOK ALIKE DAY at Ozona High School was part of the homecoming activities. The camera caught Melody Stark and Annalu Lopez as a twosome. The pair was dressed in orange and green with hair sprayed pink, topped off with green headbands and glitter. Too bad we don't do color. Both are members of the OHS band. Melody is drum major and Annalu is a member of the flag corps.

In foreclosure, homeowner loses equity and house

When a home burns or is flooded, insurance provides protection for the owner, but in foreclosure, the homeowner loses all initial investment, equity and the house itself.

That's the unfortunate situation in which an increasing number of Texans are finding themselves, says Dr. Jane Berry, a housing specialist with the Texas A&M University Agricultural Extension Service.

"Appreciation in home value has been stalled by low inflation," she says, "and many homeowners who are forced to sell because they can't make payments find they have to accept much less for their home than they paid for it."

When proceeds from a sale won't cover the original mortgage debt, the owner faces a total loss, the specialist points out. Some pay cash to make up the difference between their selling price and the amount necessary to pay off the mortgage.

Other homeowners walk away from the home, rather than pumping in additional money to pay off the mortgage. In this case, the lender has no recourse but to foreclose, Berry explains.

"Many people bought houses and condominiums when interest rates were high through builder buy-

downs," notes the specialist. Builders artificially lowered interest rates for the first few years of the loan by adding the "buydown" costs into home loans.

As the interest rate and monthly payments increased, some of these homeowners found themselves with lower incomes or without a job. The result was high foreclosure rate in many areas, she remarks.

"There's no quick-fix in sight," Berry observes, "but mortgage lenders are in the process of tightening lending requirements to avoid risky mortgages."

She warns prospective home buyers that they will find it more difficult and more costly to secure financing, as the lending industry evaluates buydowns, negative amortization, variable rate mortgages and other "creative" financing devices which have contributed to this rush of foreclosures.

FFA to sponsor Hunter safety course in Oct.

The OHS FFA chapter will sponsor the approved Hunter Safety course offered by the Texas Parks and Wildlife Dept., Oct. 7, 9, and 10, from 7 until 10 each night, at the Vocational Agriculture class room at Ozona High School.

This course is especially important to hunters, who go out of state. The course is required by Colorado and many other states in order to purchase a non-resident hunting license.

Items to be covered include gun safety, game care, wildlife management, first aid and survival techniques. This will be the last opportunity this year to take the course. For further information and pre-registration, call Richard Bridges at 392-3142 or 392-3321.

Marsha Limbaugh of Cape Girardeau, Mo. is here visiting her father, Kirby Moore, and other relatives.

Local FFA represented at district meet by V-P Jones

The Ozona FFA was represented at the Concho District FFA meeting in San Angelo at Lakeview by Brock Jones Jr., district vice-president, who assisted Rene Stuart, district president, of Wall, in conducting the meeting.

Items covered were district dues, upcoming leadership contests and spring judging contests.

The district leadership contest will be held at Wall November 19. The Area II leadership contest will be held November 23, at Big Spring. It was decided at the meeting that the top

two teams at district will advance to area. Area land, range and pasture contests will be held March 22, at Sweetwater.

The area judging contests will be held at Texas Tech, April 12. Other events scheduled were the district awards banquet which will be held at Sterling City April 29, and the Area FFA Convention May 15 and 16 at San Angelo.

There were approximately 20 FFA members and advisors present at the San Angelo Lakeview agricultural building for the district meeting.

Graveside services held here for Zora Mae Parker

Zora Mae Parker, 66, of Rochelle died Sunday in St. Mary's Hospital at Lubbock.

Graveside services were held Monday afternoon in Cedar Hill Cemetery at Ozona, directed by Sizemore Funeral Home.

Mrs. Parker was a housewife and a native of Rochelle. She was born July

8, 1919. She had resided in Ozona for many years prior to moving back to Rochelle four years ago. She was a member of the Church of Christ.

Survivors include her husband, Levoyd Parker of Rochelle; one daughter, Mrs. Jimmy (Janice) Sutton of Crane; and two grandchildren.

Football-----

(Continued From Page 1)

Ozona rallied back in the fourth period to hold the Buffaloes scoreless and put their first score of the contest on the board. With 8:06 remaining in the game Sanchez connected with Fierro for a five yard pass that cut the lead in half and set up the game for a close finish. The Lions were intercepted around mid-field on their final drive and Stanton ran out the clock for the victory.

Bumper pecan crop predicted from trees in state of Texas

What should be a bumper pecan harvest for Texas has started in southern counties.

This year's crop, estimated at 61 million pounds, is 44 percent more than last year's, but one expert is predicting that prices will hold firm with 1984 due to a nominal increase in the nationwide crop and low carry over stocks.

"Some producers have expressed concern over market prospects in the face of this large crop from Texas," says Joe Pena of Uvalde, economist-management with the Texas Agricultural Extension Service. When compared to the national pre-harvest estimate of 261.8 million pounds, which is up 12.5 percent over the 1984 crop, this year's crop may not be large enough to adversely affect market prices."

The nationwide crop is about 8 percent lower than the 1983 crop of 283.5 million pounds when prices held at \$80 per hundredweight (cwt.) for improved varieties and \$40 cwt. for natives, Pena notes.

"If we take into account the lower carry over stocks, we may even have an advantage over the 1984 crop," says the economist.

According to the U.S. Dept. of Agriculture's July 1985 cold storage report, carry over stocks totaled 27.6 million pounds, down 22 percent from the same period in 1984. Carry over stocks of in-shell pecans total 35.3 million pounds, down 49.3 percent from the same period in 1984.

"Combining the crop with carry over stocks, we find that the 324.7 million pounds available in 1985 is about 3 percent lower than the 333.6 million available at the start of the season last year. Last year prices held at \$90 cwt. for improved varieties and \$50 cwt. for natives," notes Pena. Dr. George Ray McEachern, Extension horticulturist at College Station, says that the current inventory of pecans is the lowest since 1981 and that many of these are off-grade pecans. He also points out that this year's pecan crop in the southern states was hard hit by Hurricane Elena about a month ago, resulting in a loss of some 25 million pounds. Alabama had a good crop and was particularly hard hit.

McEachern says that while the Texas crop is above average in volume, the size of kernels will be slightly below normal but kernel quality will be average to above average. He also notes that the quality of the Texas pecans will

surpass those produced in Georgia, the leading pecan state.

"While consumers will be paying slightly more for pecans this year, they can be assured of high quality nuts if they buy Texas pecans," emphasizes McEachern.

Native pecans are beginning to split and early varieties such as Wichita and Mohawk should mature this week in South Texas. The crop is about two weeks earlier than normal due to the more than two months of hot, dry weather that has blanketed the state. Improved varieties are expected to comprise 16-21 million pounds of the total poundage in Texas, which is

about the same as last year.

The native estimate of 40-45 million pounds is what's really bringing the total up, Pena adds. Only five million pounds of natives were produced in the state last year.

However, McEachern feels that if the wholesale price of native pecans falls below 40 cents a pound, a lot of them will not be harvested.

FAMILY SHELTER NEEDS VOLUNTEERS

The Family Shelter is looking for volunteers. If you are interested in helping victims of domestic violence, call 655-5774.

OHS Cheerleaders—

The cheerleaders are a big factor in building the spirit of the football team and the OHS students each week during the pep rally. They are shown

here leading the student body in the school song. Players in the background stand reverently with hands over hearts.

Eighth graders take win over Stanton team

The eighth grade Cubs grabbed their third victory last Thursday night as they defeated Stanton 31-0. This game marked the third shut-out in a row for the Cubs as the defense swarmed all over the Buffaloes allowing them only 51 yards and two first downs all night.

Middle linebacker, Mark Fierro had an outstanding night with twelve unassisted tackles and three fumble recoveries. Lalo Rodriguez and Andy Stokes each had six tackles. Isaac Leal

and Ricky Bunger both contributed with an interception.

Offensively, Chris Denman passed for 80 yards while George Ybarra ran for 97 yards and three touchdowns. Phillip Munoz caught a twenty yard Denman pass for the Cubs fourth score. Lalo Rodriguez and Roger Martinez combined their rushing for over a hundred yards.

The Cubs face Eldorado this Thursday night in Eldorado at 6:30.

Weekly fire department report

The Ozona Volunteer Fire Department answered several alarms this week.

The firemen were called to a car fire Thursday, 16 miles east of Ozona. A vehicle was completely burned. The fire started under the hood. Firemen were called again to extinguish the fire when it started again after being brought in to Skains Garage.

Saturday morning at 3:24 two tank batteries on the Jane Black ranch were struck by lightning and the Ozona Fire Dept. was called out to fight it.

Fireman Bob Falkner reported Fire Prevention Week will begin October 5. The volunteer firemen will be making their usual visits to Ozona Primary and Intermediate Schools for safety checks and fire drills. They will be demonstrating fire equipment and teaching fire safety to school children.

Two firetrucks will be in the homecoming parade Thursday night and will be carrying football boys to the pep rally and bonfire.

Seventh graders down Stanton buffaloes

The seventh grade Cubs made it two in a row last Thursday night as they defeated the Stanton Buffaloes 24-0.

The Cubs got on the scoreboard early when Oscar Gutierrez bobbled a snap from center, picked the ball off the turf and scooted 38 yards up the middle for six points. The two point conversion was good as Martin Urbina took the ball in on a drive play.

Ruben Borrego was the stand out on offense as he rambled 104 yards in eleven carries and scored two touchdowns. Gilbert Rico scored one of the two-point conversions on a pass from Oscar Gutierrez while Dan O'Neal scored the other on a trap play up the middle.

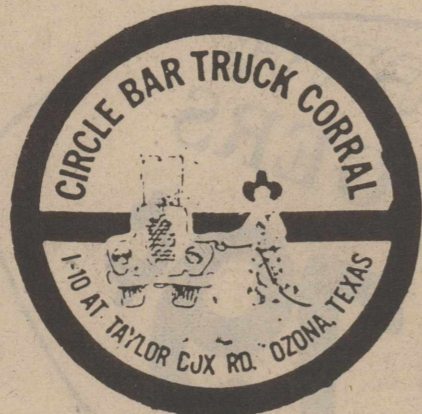

The Cub defense played another good game allowing Stanton only 59 yards of offense on the night. Albert Talamantez led in tackles with six while Jason Vitella had five tackles.

The next Cub game is against Eldorado in Eldorado. Game time is scheduled for 5:00.

Elephant herds post their own sentries. The sentry warns the entire herd of any approaching danger.

Shifting Jobs and Location Affect Population Growth

By Robert L. Haney
TAES Science Writer

There are still plenty of wide open spaces in Texas even though the population has grown an incredible 48.5 percent, since 1960. This means, of course, that almost one third of today's population was not here 25 years ago.

There have been widespread shifts of population within the State, as well, and modification of occupations, according to a study by economists with the Texas Agricultural Experiment Station.

Census reports indicate metropolitan counties in Texas experienced the largest percentage of growth with 57 percent during the twenty year period 1960-1980. The U.S. Census in 1960 defined a metropolitan county as any county which has, or is adjacent to a county having at least one city of 50,000 or more residents.

Urban-nonmetropolitan and rural-nonmetropolitan counties had 35 percent and 25 percent growth, respectively. An urban-nonmetropolitan county has at least one city with a population of more than 2,500 but less than 50,000.

A rural-nonmetropolitan county is one which has no town with 2,500 or more population, according to Dr. H.L. Goodwin, economist with the Texas Agricultural Experiment Station.

As to relative numbers, Goodwin says that there are 29 metropolitan counties in Texas with a combined population of 9,537,213.

The 153 urban-nonmetropolitan counties have a population of 4,252,670 and the 72 rural-nonmetropolitan counties have a total population of 439,308.

From 1960 to 1970, metropolitan counties had an increase in population due to migration; both urban- and rural-nonmetropolitan counties decreased according to their average number of net migrants and their migration rates.

However, from 1970 to 1980, population growth greatly increased with significant turnarounds in migration. Rural-nonmetropolitan counties had the highest average rate of 13.1 percent, followed by metropolitan counties with 12.5 and urban-nonmetropolitan counties with 10.0 per 100 people.

Coinciding with these changes in population were changes in the industrial and occupational organization within Texas counties.

Two major trends characterized the study period, Goodwin says. One was continued decline in agricultural employment and the other saw many counties develop a broader economic spectrum of industries and jobs.

While the decline in agriculture was common to all counties, its consequences were more pronounced in urban- and rural-nonmetropolitan

counties where agriculture has been traditionally the primary industry and the cultural and social backbone of small communities.

In urban-nonmetropolitan counties there was a 64.2 percent decline in number of farmers and farm workers. In 1960, almost 18 percent of the total work force was directly involved in farming, compared to only 6.4 percent in 1980.

In rural-nonmetropolitan counties, there was a 57 percent decrease in farmers and farm workers, an 18.2 percent decrease in laborers, and a 14 percent decrease in managers-administrators, since 1960.

There were large increases in the sales (93.6%) and clerical (74.2%) occupations. In addition, the crafts and professional/technical occupations increased 48.7 and 36.4 percent, respectively.

Much of the structural change in occupational organization has resulted from a combination of job changing among rural residents and job creation for in-migrating individuals.

Almost 30 percent of those employed in 1960 were involved in farming, compared to almost 14 percent in 1980. Part of this structural change was attributable to a 32.3 percent increase in total employed labor.

Some of the things that stand out in rural employment, Goodwin says, are the decline in agriculture and other extractive industries and the gain in professional, service, sales, clerical and crafts.

Extractive industries, which include fishing, mining, forestry and agriculture, and personal services industries declined by 48.3 and 48.7 percent, respectively, with most of the decline in agricultural employment. These two sectors accounted for 42.8 percent of the employed labor force in 1960 and only 22.1 percent in 1980.

Within the production sector total manufacturing and construction increased 57.8 and 36.1 percent, respectively.

Finance/insurance/real estate made up the majority of the change in market services, increasing 127.8 percent. In 1960, 1.1 percent of the total employed labor force was involved in health service; in 1980, it had increased to 4.2 percent.

As industry and occupations in Texas continue to diversify and as our state society becomes more urbanized, a broad-based, cooperative effort to identify and address mutual, often overlapping problems, will be of increasing importance.

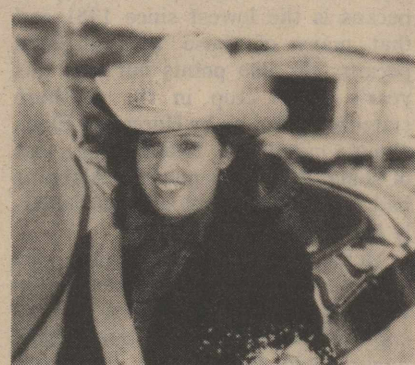

Editor's Note: Any question regarding this column should be addressed to Science Writer, Department of Agricultural Communications, Texas A&M University, College Station, Texas 77843.

The Adobe Mini Mart sign was removed and the new Kwik Mart sign erected last week as the final touches of the remodeling of the convenience store were finished.

Reagor is sweetheart for F.F.A.

Julie Reagor, daughter of Mr. and Mrs. Billy Reagor, was elected FFA Sweetheart by the members of the Ozona FFA Chapter at a special meeting Tuesday, October 1, in the agricultural classroom at the high school.

Julie is a senior at Ozona High School. She will represent the Ozona Chapter in the FFA Sweetheart Contest at the state level. Julie also represented the FFA chapter last year as the chapter sweetheart. Julie is a captain of the basketball team, a cheerleader, president of 4-H, and participates in varsity tennis.

District Civil Court will be heard Friday starting at 10 a.m. in the 112th District Courtroom of Crockett County by Judge M. Brock Jones.

A representative from the Texas Employment Commission will be at the courthouse Thursday from 9:30 a.m. until 12:30 p.m. to take claims.

The Crockett County Civic Center Board of Directors will meet Wednesday at 7 p.m. for its regular meeting.

Steve Kenley was in Austin Friday for a meeting with the State Arson Assn. where he serves as an officer.

Sheriff's report for week

Arrests made by the Crockett County Sheriff's Department during the past week include Jose C. Cardona on September 23. One of the men charged with the burglary of South Texas Lumber Company, Cardona was returned to Ozona from the Del Rio County jail to await trial on this charge. His five-year probation in Val Verde County was revoked.

Also arrested was Robert A. Hooper, September 27, for driving while intoxicated. Hooper, a Canadian citizen, is still in custody awaiting trial. A hold has also been placed on him by the Border Patrol due to his citizenship status.

Another subject was arrested Friday for DWI and a passenger in his vehicle was charged with public intoxication. Monday, the driver's bond was set at \$500 and he remains in jail. The passenger paid his \$50 fine and was released.

A local man was arrested on Santa Rosa Street Saturday and charged with public intoxication and criminal mischief. He created a disturbance, breaking windows at a residence. The 23 year old subject remains in jail after he was assessed a \$200 fine for the public intoxication charge and bond was set at \$1,000 on the criminal mischief charge.

Also Saturday, officers arrested three New York men for possession of under two ounces of marijuana. The arrests were made by deputies and DPS officers. County Judge A. O. Fields set punishment at five days in jail plus \$90 court costs each.

Sunday, a 21 year old woman of Victoria was arrested by the DPS on a warrant for Fraud By Check out of Victoria County. The subject made bond, which Victoria County had recommended be set at \$500, and she was released.

Offenses for the week include officers investigating a report September 23 that someone had pried open a window at an apartment on Avenue G, nothing was reported missing.

Tuesday officers started investigation of the theft of a table, baby carriage, and a flower pot outside an apartment on Avenue G, and the investigation is still underway at this time.

Helen Kenison reported a bicycle stolen on Avenue J Saturday. Another

her bicycle was reported stolen on the same street Sunday, and still another was reported stolen on Coates Street Monday.

Officers assisted with a car fire Thursday, 16 miles east of Ozona on I-10. Leonard Nottingham of New Orleans was burned slightly and taken to Crockett County Hospital by a Border Patrol agent. After treatment, deputies assisted Nottingham in finding a local motel in which to spend the night.

Friday officers discovered a New York citizen sleeping on the sidewalk beside his parked car on Avenue E, just north of Ozona Wool and Mohair. The subject was advised to move on and continued his journey on I-10. Officers also responded to a report of a fight taking place on Blas Street Friday, but when they arrived, the fight was over and subjects had already left.

Officers assisted with a car fire Thursday, 16 miles east of Ozona on I-10. Leonard Nottingham of New Orleans was burned slightly and taken to Crockett County Hospital by a Border Patrol agent. After treatment, deputies assisted Nottingham in finding a local motel in which to spend the night.

Bible study class set at OLPH church

A Bible Study Class will be held Thursday at 9:30 a.m. and again at 8 p.m. in the Parish Hall of Our Lady of Perpetual Help Church. Each class is expected to last a little over one hour and will be on revelation in the New and Old Testaments.

You may join in the Bible Study at anytime since each class is separate.

Gas production drops

Texas gas production dropped by 3.2 percent in the first half of this year when compared to the first six months of last year, according to Railroad Commission Chairman Buddy Temple.

Through June of 1985, Texas wells had produced 2,823,358,487 Mcf (thousand cubic feet) of gas. During the same period in 1984, the state produced 2,915,405,912 Mcf of gas.

Marketed gas production was down 2.6 percent during the first half of this year. Through June, the state had produced 2,319,786,507 Mcf. During the same period last year, the total was 2,381,245,489 Mcf.

Marketed production is the gas left after liquid hydrocarbons have been separated on the lease from the "wet" gas that is usually produced at the

wellhead. It also does not include gas that is reinjected into the producing reservoir to maintain gas pressure, gas that is used to fuel production-related equipment on the lease site, or gas that is otherwise not marketed.

In June 1985, Texas gas production came from 46,629 gas wells and 204,719 oil wells.

Total gas production in June, the latest month for which statistics are available, reached 471,804,774 Mcf, down 2.71 percent from the same month a year earlier. Marketed production in June 1985 totaled 392,924,742 Mcf, up 1.08 percent from the year-earlier month.

Exports of Texas-produced gas in June totaled 159,676,688 Mcf, a 0.21 percent increase from June 1984.

Eight local youth participate in Irion County Horse Show

Saturday, September 21, several Crockett County residents participated in an Open Horse Show at Merton. Those entering were Marshall and Nathan Hubbard, Tom Conner, Andy and Mindy Coates, Tom and Bonnie Martin, and Ed Martin. In the 1985 Stallion Halter Class, Nathan placed third, and in the 1981 and before Gelding Halter Class, Ed placed fourth and Tom Martin, sixth. Bonnie won first in the Junior Showmanship Halter Class, and Mindy placed fourth. In the Beginner Showmanship Halter Class, Marshall won first, Tom Martin was second, Tom Conner was fourth, and Andy Coates, fifth. In the Adult Western Pleasure, Ed placed fifth. Bonnie was first in the Junior Western Pleasure, and Mindy was fifth. In the Beginner Western

Pleasure, Tom Martin won first, Marshall was second and Tom Conner was third.

Ed won first in the Adult Reining. In Junior Pole Bending, Mindy placed sixth.

In Beginner Poles, Marshall placed first, Tom Martin was fourth, and Tommy Conner was fifth.

Mindy placed sixth in the Junior Flags, Marshall took first place and Tom Conner was third.

In Junior Barrel Racing, Mindy was sixth, Marshall was third in Beginner Barrels, Tom Martin was fourth and Tom Conner, sixth.

Marshall Hubbard won the High Point All-Around Silver Tray in the 8 and under division.

Submitted by Betty Martin

"Every year, 50,000 children become victims of 'stranger abduction' a crime of predatory cruelty usually committed by pedophiles, pornographers, black-market baby peddlers or childless psychotics bidding desperately for parenthood. Only a few cases are solved. Even fewer stranger-abducted children are recovered alive." Excerpt from Newsweek--March 19, 1984.

There are several things which parents can do to protect their children from the "stranger abductors". These include:

Safety Tips For Parents

1. Know your children's friends.
2. Never leave your child unattended. Never leave a child alone in a car. Remember that someone with experience can break into your car in less than thirty seconds.
3. Be involved in your child's activities.
4. Listen when your child tells you he or she does not want to be with someone. Direct questioning may reveal something you should know about.
5. Pay attention when someone shows greater than normal interest in your child. Find out why. Be doubly cautious in this situation. Don't allow opportunities for that adult to have your child alone.
6. Have your child fingerprinted and know where to locate dental records.
7. Be sensitive to changes in your child's behavior or attitudes. Be especially alert for any talk betraying premature sexual understanding. Never belittle any fear or concern on the part of your children. Avoid communicating hysteria or excessive fear for their safety.
8. Take a photograph of your child each year (4 times each year if under age 2). Have several copies on hand in case your child turns up missing. This could greatly aid in the early stages of an investigation.
9. Be prepared to describe your children accurately--including clothing, visible identifying marks or special characteristics. Think of those items now and write them down. It may be more difficult to concentrate in a time of extreme stress, should your child be missing.
10. Develop a set procedure should you and your child become separated while away from home. (For example, both may call a trusted friend and leave an address and telephone number to call back. Then wait at the phone until reunited.)
11. Do not buy items which visibly display your child's name. It could give an abductor the advantage of seeming to know your child. ("Hey Billy, your Mom's been in an accident. We need to rush to the hospital. Jump in the car!")
12. Be sure your child's school or day care center will not release your

child to anyone other than you or someone you officially designate.

13. Instruct the school to contact you immediately if your child is absent, or if someone other than you arrives to pick up him or her without advance notice from you.

** A Fingerprinting Clinic will be held October 5, 9:00-12:00 a.m. and 1:00-3:00 p.m., at the Ozona Community Center. Families will receive an identification card on each child, which includes fingerprinting, any distinctive scars or features, and a photograph. The clinic is sponsored by the Crockett County Sheriff's Department and Crockett Heights Extension Homemakers Club.

Upcoming Events

October 5-4-H Bake Sale, 11:00 a.m. T&T and Thornton's Grocery Store.
October 7-4-H Hamburger Supper and Awards Program, 6:30 p.m., Civic Center.

Fingerprinting clinic to be held Sat. in Community Center

A Fingerprinting Clinic will be held Saturday, October 5, 9:00 to 12:00 a.m. and 1:00 to 3:00 p.m., at the Community Center. The Fingerprinting Clinic is being coordinated by the Crockett County Sheriff's Department and the Crockett Heights Extension Homemaker Club.

The identification cards which have been donated by the Crockett County News Press include spaces for each child's fingerprints, spaces for noting a child's hair color, scars, birthmarks,

and a photograph. Photographs will be taken in conjunction with the clinic, for \$1.00. (Photographs are optional, especially if a recent photo has been taken.)

The identification cards will be useful in identifying children, if they are missing. Children of all ages are encouraged to be fingerprinted. For more information on the upcoming clinic, contact the County Extension Office at 392-2721 or the Crockett County Sheriff's Department at 392-2661.

Archery hunting season starts Saturday in Crockett County

Archery hunting season for deer opens in Crockett County Saturday, October 5 and this will include mule deer. Turkeys may also be hunted with a bow and arrow during this season which will last until November 3.

Quail season will be November 2 through February 23 statewide. General deer season will be November 9 through January 5 with a limit of four deer of either sex, but only two bucks may be taken. A landowner issued tag must be attached to all antlerless deer taken during the general season.

Mule deer general season is November 30 through December 8 with a limit of two and no more than one buck. During archery season only bucks may be taken and during general season buck or antlerless, antlerless with a permit only.

There is no closed season on javelina but there is a limit of two. There is no bag limit on squirrel and

no closed season.

The Texas Parks and Wildlife Department operates 22 wildlife management areas where hunting is permitted to harvest surplus populations of game. For additional information concerning public hunting on these areas, please write to Public Hunting, Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, Texas 78744 and request "Hunting Opportunities."

CHILDREN'S CHOIR

The Children's Choirs of the First Baptist Church will go on a skating party Saturday. The group will depart from the Church at 11:45 a.m.

Phillip Smith is at home recuperating from surgery performed some weeks ago in a San Angelo hospital. He got a good report after a check-up last week.
