## Filing begins for Silver Haired Legislature

Prospective members of the second Texas Silver Haired Legislature began filing petitions for candidacy on January 1, 1988 in anticipation of this spring's election.

The filing process, which will continue until February 29, will take place through Area Agencies on Aging throughout Texas. Balloting will take place in May.

Any Texan who is 60 years of age and over prior to January 1 and is a registered voter living in the area from which he or she is applying for candidacy may run for the Silver Haired Legislature. Candidacy forms can be obtained at the Area Agencies on Aging.

The Concho Valley Area Agency on Aging located at 5002 Knickerbocker Road in San Angelo is the designated Area Agency on Aging for the counties of Coke, Concho, Crockett, Irion, Kimble, Mason, McCulloch, Menard, Reagan, Schleicher, Sterling, Sutton and Tom Green.

The Silver Haired Legislature (SHL), which was authorized in 1985 by the 69th Texas Legislature, is an elected, non-partisan body of seniors who will meet in Austin next year to draft and propose suggested legislation for consideration by the 71st Texas Legislature in 1989.

The concept of a senior legislature has been adopted by many other states with Texas being the 23rd state to create an active legislature. These legislatures have proven very successful in fulfilling stated goals, which include:

- Providing seniors with a chance to gain understanding of the legislative process through direct involvement;
- Developing a forum for older citizens to discuss issues that are meaningful to them, transform them into legislation, and present these bills to the regular state legislature;
- Providing advocacy training that will allow senior legislators to offer informed assistance to policy makers.

The legislators of the first Silver Haired Legislature have been an active group. Members of the SHL have addressed and informed at least 679 different organizations during the term. It has spawned a great increase by the membership in individual travel outside one's own community as well as increased communication among Texas legislators and senior citizens concerning issues involving the elderly. This increased activity has tremendously assisted in spreading the word to elderly Texans about the issues brought before the Texas Legislature. In turn, the Texas Legislature has been made aware of the problems being experienced by older Texans and possible solutions to these problems.

The first Texas Silver Haired Legislature has been successful in adopting by-laws for utilization by the second Silver Haired Legislature. It has also created the Texas Silver Haired Legislature Foundation for financial support to the legislature. Funds for SHL training, operation, and legislative sessions will be provided by the Foundation as funding goals are reached.

The first SHL was successful in maintaining state funding for senior community services such as senior centers, nutrition programs, and transportation at present levels.

Additionally, the SHL was instrumental in raising the Medicaid Income Eligibility Cap and worked diligently to insure that the Texas Homestead Act remained intact.

With the election process for the second Texas Silver Haired Legislature to begin early in 1988, there is much to be accomplished in behalf of Texas' elderly citizens. A prime example relates to the income cap for Medicaid eligibility. This cap, set by the State, needs to be raised beyond that level to which the first Silver Haired Legislature was able to influence its increase. There is a great number of low income elderly Texans who need the care available through Medicaid but who cannot qualify due to the State income cap. This situation must be improved while safeguarding the current program of care for the elderly. Because there is no effective long-term care program for the elderly on the national level, it is doubly essential that Texans be aware of the needs of the elderly poor. Almost one in every five Texans is certifiably poor.

Outstanding Citizen of the Year Bill Watson receives a plaque from Jim Marks at the 24th annual Ozona Chamber of Commerce banquet. In background are guest speaker Dean Rippetoe and Mrs. Rippetoe of Midland.

## Watson named Outstanding Citizen at Chamber banquet

Bill Watson was named Outstanding Citizen Jan. 21 at the 24th annual Ozona Chamber of Commerce banquet. Honored along with Watson were: Unsung Hero Dorris Haire, Teacher of the Year Katharine Russell, Outstanding Young Citizen Randi Thompson and Organization of the Year, the Lions Club, with Ted Cotton, president, accepting.

The awards ceremony followed a speech by Dean Rippetoe of Midland. The former Ozona Chamber of Commerce president kept his audience laughing. "Don't stop laughing because you grow old. You grow old quickly when you stop laughing," Rippetoe said.

Chamber president Dan Pullen told of the accomplishments of the honored individuals as each came forward and received an award from Jim Marks.

The Outstanding Citizen award went to a man who has been a resident of the community for 25 years. After graduating from Texas Tech with a degree in business administration and eight years in the corporate structure of Sears & Roebuck, Bill Watson and his wife Julie moved to Ozona in 1962 and opened their own business.

He has served as president of the Lions Club and Ozona Chamber of Commerce. Watson helped with the Fort Lancaster Project of the Crockett County Historical Commission and has been active in the Scouting programs and Lions Club. He has worked with the Ozona Youth Rodeo for 22 years.

As the economy plunged, Watson made some merchandising changes and as a result, his business has grown better than anticipated for the last 12 months.

During his 25 year stay in Ozona, Watson has become the father of two daughters, Janell and her husband, Mark Ramsey, live in Arlington with their sons, Jacob and Zachery. Doreen and Jason Turner have one son, Andrew, and a new little daughter, Emily, 2½ months old. The Turners live in Iraan.

"Being an active member of the Church of Christ where he served as deacon for many years and a believer in community involvement, this man, Bill Watson, has proven many times over that he is deserving of the Outstanding Citizen Award," Pullen said.

## Accidents investigated

DPS Trooper Ben English investigated two accidents in the county the weekend of Jan. 16 and 17.

The parking lot at Elma's Grocery was the scene of a 4:15 p.m. accident Jan. 16. Involved were a 1975 Ford driven by Jimmy Villarreal and a 1981 Pontiac driven by Sandra Tambunga.

The Tambunga car was sitting by the fuel pumps and the Villarreal car was pulled into the front of the store according to the accident report. The

collision occurred when Villarreal backed into the Tambunga car.

A one vehicle roll over resulted in injury to driver Carmen Villarreal and serious damage to her 1981 Oldsmobile Cutlass at 3:10 a.m. Sunday east of Ozona.

The 3:10 a.m. accident happened 6.1 miles east on Hwy. 290 when the vehicle strayed to the right side of the road. Reports indicate the driver over corrected then attempted to correct again before sliding sideways off the right side of the road and overturning one-half time.

## Volunteers battle grass fire

A controlled burn that jumped the fence covered an area four miles long and from one-fourth to almost one-half mile before Ozona volunteers extinguished it Saturday night.

The fire originated on the Jake Mayfield Ranch south of Ozona and spread to the Virgil Cauthorn Ranch, burning about two miles on each.

"We got there at the right time," said Fire Chief Dorris Haire. Ozona only sent one truck because the fire was in Val Verde County. Ten local volunteers went "because we thought there would be a lot of hand work," Haire said. Reported to Ozona by the Val Verde County Sheriff's Department, the fire was initially believed to be 10 miles long. Volunteers arrived at the scene expecting an all night ordeal fighting fires in practically inaccessible places.

Fortunately, this was not the case. The Ozona truck and volunteers and two sprayers from ranches had the fire out in about three hours.

Two fire calls were received Jan. 21. A 1:43 p.m. summons to the dump east of town required 1200 gallons of water, two trucks and six men. Volunteers were back at the station at 2:44.

An 11:54 a.m. grass fire at 6th Street and Ave. I only required 100 gallons of water. Volunteers returned to the station at 12:05 p.m.

Two calls were received on Jan. 24. One truck was dispatched to the Double T Ranch at 1:33 p.m. for a grass fire. Only 100 gallons of water was used.

The second call of the day, received at 5:14 p.m., proved to be a false alarm.

## Voter registration time running out

February 5 is the last day to register to vote in the March 8 Democratic Primary. Anyone who has not registered or who has moved

from one precinct to another without changing their registration should go to the office of Tax Assessor/Collector to register.

## Water District not involved in door to door selling

Crockett County Water Control and Improvement District #1 wishes to advise the citizens of Ozona that it is not associated with any company or organization involved in door to door selling of water improvement systems.

If you have any questions, please call Crockett County Water Control Improvement District #1 at 392-2730 or the Texas Water Commission in Austin at 512-463-7847 or the State Department of Health in Abilene at 915-695-7170.

## Incentive sign-up ends Feb. 1

Sign-up for wool, mohair and unshorn lamb incentives ends on Monday Feb. 1, 1988. Producers can expect to spend more time in the office as sign-up will take quite a while. To speed up this process you can have the following information

ready: number of head shorn, month, day and year of shearing, unshorn lamb purchases, grading charges and freight charges.

Feb. 1 also ends the sign-up for ACP. If you are interested in doing some conservation work, come by the office and fill out an application.

Unsung Hero Dorris Haire was born in Oklahoma and grew up in East Texas. He moved to Ozona in 1940.

Haire and his wife, Georgia, have one daughter, Marcia Ingham. Marcia and her husband Leroy have two children, Leslie and Teresa. They make their home in San Angelo.

Haire has served the community in several ways. He was a member of the Rotary Club in which he served as a president and vice-president until they stopped meeting. He is a member of Ozona Lions Club and has served that organization as president. He has also been a chamber of commerce director.

Haire has been a part of the Crockett County Ambulance Service and continues to help them today when they need him.

He entered the Ozona Fire Department July 5, 1961 and has held several offices in this department, including secretary for one year, assistant chief for two years and chief for 18 years, including this year.

He was an umpire in Little League for seven years and coached a women's baseball team in 1965.

Last year Haire received a state award as Associate of the Year of the Texas Game Wardens' Association. He helps the association with several activities each year.

Haire enjoys working with children and tries to help anybody who needs it.

The Unsung Hero is a member of Ozona Church of Christ. He is retired from Energas where he was manager for many years.

A new award, Teacher of the Year, was given to Katharine Russell. Mrs. Russell was selected for the surprise honor by a vote of her fellow teachers throughout the Ozona schools.

Born in Vaneta, Oklahoma, she grew up in Eldorado and graduated from Eldorado High School in 1944.

Mrs. Russell received a bachelor's degree in music education from North Texas State University in Denton and taught school in Sonora for two years before marrying and moving to Ozona.

Later she received a master's degree in music education from Southwest Texas State University in San Marcos.

A lifetime member of the Texas State Teachers' Association, she has served as chairman of the board of

directors at Ozona Community Center and helped establish a G.E.D. program there.

She is a former member of Ozona Woman's League and the Music Club and is currently active in Ozona Woman's Forum.

Mrs. Russell serves on the board of Ozona United Methodist Church and has been the church music director for more than 15 years. She has taught music and kindergarten in Ozona Public Schools for the past 30 years. The tireless worker has been a piano teacher to many.

Katharine Davis Russell and her late husband, Buddy Russell, reared three children, Kathy Cross, Susie Childress and Lessly Russell.

Randi Thompson, Outstanding Young Citizen, was surprised when she suddenly became one of the honored citizens she thought she had come to photograph. The 17-year-old daughter of Mr. and Mrs. Harold Thompson plans a career in photography. She has worked as a photographer for Cameras Two and Prude Ranch Summer Camp. She was first place winner in the youth division photography competition last year at the San Angelo Stock Show.

The Ozona High School senior is treasurer of her class this year. She is a four-year member of the Lion Band and currently leads that group as drum major this year.

Also a four-year golf team member, Randi has been a district qualifier and received the Fighting Heart award.

She is a nine-year member in 4-H, holding the office of Senior Club president this year. Randi has been involved in several 4-H programs, including lambs, rifle, foods and nutrition, sewing and horse judging.

Randi's 4-H programs include lambs, rifle, foods and nutrition, sewing and horse judging.

During her years in 4-H, she has won several awards in achievement, leadership, a champion showmanship buckle for showing lambs, the Miss Spirit Award her junior and senior years, Danforth Award, Mother Davidson Award and Gold Star Girl.

Randi is also involved in several church activities.

## Fifty pounds of pot seized by deputy

Crockett County Deputy Hector De La Garza seized 50 pounds of marijuana Monday night during a routine traffic stop. The deputy

paced a 1985 Chevrolet for one mile at 85 miles per hour before stopping the driver east of Ozona.

Three plastic bags containing marijuana were found inside the

vehicle. Street value of the drugs is \$800.00 per pound, or \$40,000.00, De La Garza said.

The 29-year-old suspect is in county jail under a \$40,000.00 bond set by Justice of the Peace Christine Davee.

The car driven by the suspect has

also been confiscated.

The six-year veteran of the Sheriff's Department has made several prior drug arrests, but none amounted to more than eight ounces, De La Garza said.

Name of the suspect is being withheld pending further investigation.

Three bags of marijuana weighing a total of 50 pounds were discovered Monday night when Crockett County Deputy Hector De La Garza stopped a car on a routine

speeding violation. The drugs had a street value of \$40,000.00.

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—As Texas' political parties struggle to restore fairness in the primary elections, Gov. Bill Clements may have to call a special session on new prison construction.

Texas Republican Party officials ruled all its presidential candidates will be on the ballot because of the lack of time and money to verify signatures on ballot petitions.

It's a decision designed to restore normalcy to the GOP primary after an effort to build grassroots participation failed with allegations of widespread signature forgery. Some factions grumbled, but it's business as usual from here

on out. Meanwhile, the probes into possible misdemeanor offenses were stepped up by the FBI, Texas Attorney General, and the Harris County DA's office. Democratic party activists in several camps are still snarling over the party chairman's preferential treatment of one candidate over the others.

Whatever the motives, whatever the outcome, it's a fact that election rules and ethics have been broken and bent by both parties. Even though Texans are used to it, one must wonder what out-of-state observers must think of Texas politics.

Robertson, 21 percent, on the Republican side.

### Vet Land Auction

Texas Land Commissioner Garry Mauro is offering 357 tracts of land for public bid sale with 95 percent financing by the Texas Veterans Land Board for both veterans and non-veterans.

Bids will be opened Feb. 23. Mauro has a toll-free line for inquiries: 1-800-292-VETS.

All the tracts up for public auction were forfeited by veterans under the loan program.

On the down side for Mauro, his name was forged on bank notes totaling \$5.5 million and used for land deals, according to a handwriting expert.

### Probe Continues

An investigation into the dealings and financial ills of a Houston-area company which sold shares to several present and former Texas officials has uncovered allegations of fraud by forgery.

Last week, Mauro said his name was forged on \$5.5 million in bank notes, a claim backed by a handwriting expert hired by the Houston Chronicle.

The developers, former State Rep. Bill Caraway and Bill Wright, now deputy director of the Democratic Party's presidential fundraising, said the signatures were collected by the banks, not by them.

### New Prison Problem

The state board charged with building a bond package to finance several new prisons eliminated one needed facility after Attorney General Jim Mattox advised it violated legislative intent.

Mattox said the Legislature approved building only one prison of that size, not two.

Gov. Clements said one option was to call lawmakers back to Austin to clear up the problem which endangers the fragile overcrowding situation.

### Jackson Gains Clout

A recent poll of Southern voters showed Tennessee's Albert Gore the big gainer in recent weeks, moving from about eight percent to 17 percent.

Gary Hart still leads Democrats with 28 percent, while among Republicans, Vice President George Bush leads Robert Dole 55 percent to 24 percent.

Despite Gore's advancement, the biggest winner might be Jesse Jackson, who steadfastly holds 20 percent.

Until Hart got back in the race, and many think he will fade fast once the media blitzes begin, Jackson led the polls.

As explained by a well-respected Black leader in Texas, some Southern Democrats who fear Jackson could not win nationally were spurred to rally around a more acceptable candidate, and Gore is the recipient of that activity.

Jackson's supporters are not upset. In fact, they are encouraged by the role he is playing.

With Jackson playing more to the mainstream, his role as a broker, perhaps kingmaker, appears to be expanding.

Jackson, a minister, also scored the highest negative rating, 19 percent. So did TV evangelist Pat

## Letter to the Editor

Dear Editor(s):

In reading your January 6, 1988 issue, I noticed where 20 individuals had filed for election to at least seven public offices in Crockett County. This obviously speaks well for the democratic process, i.e. citizen participation in public offices.

In this vein, the democratic process in Crockett County is certainly given a boost by the participation of certain well-qualified individuals whom I am well-acquainted with; namely, the incumbent commissioner, Mr. Sostenes DeHoyos, Coy Tambunga, Raymond Borrego and Aldo Gonzales.

I commend these individuals for being concerned enough to participate in the affairs of Crockett County and the "town" of Ozona in the light of the past history of relative non-participation by members of the Mexican-American and Black communities. While obvious reasons explain this fact, it does appear that doors are opening, barriers are being broken down, and hopefully attitudes are changing.

Thus, a higher degree of active participation from members of the minority communities should be forthcoming in order to help overcome the effects of past discrimination, as well as any present and future acts of discrimination.

# Snips, Quips & Lifts

by Lottie Lee Baker

When we discuss, we show our intelligence; when we argue, we display our ignorance.

The way some fishermen catch fish is by the tale.

Some stretch pants have no other choice.

We get bent from hard work, and broke without it.

Just why is it that you CONVINCED a man, but must PERSUADE a woman?

The worst boss anyone can have is a bad habit.

A person becomes wise by observing carefully what happens when he isn't.

When people can't ring the bell, they start knocking.

Nothing is harder for a woman than parking both ends of a car.

If you ever expect to have any pull, you'll have to push for it.

Destiny shapes our ends, but our middles are of our own chewing.

Nature is generous. When we

reach the sitting-around stage of life, she provides us with more cushions.

Life begins at 40, but then so does arthritis, lumbago, and the habit of telling every story three times to the same group.

A lot of people go beyond the call of duty to get even further away from it.

An American is a person who drives a bank-financed car over a bond-financed highway on credit card gas to open a charge account at a department store so he can fill his savings-and-loan financed home with installment-purchased furniture.

That which a man will not change for the better, time will change for the worse.

We can't really save time - we must try to get the most out of every minute available.

Knowledge humbles the great man, astonishes the common man, and puffs up the little man.

### A LIFT FOR THE WEEK

You can't control the contour of your countenance, but you can control its expression.

## Symphony Orchestra to perform Feb. 6 in San Angelo

The San Angelo Symphony Orchestra will perform February 6 at the City Auditorium with an 8:00 p.m. all-Tchaikovsky concert. Featured artist will be Tu Qiang, the 1987 Hemphill-Wells Sorantin Young Artist Competition winner. A cellist from the People's Republic of China, he is pursuing a Master of Arts degree from the University of California at Santa Barbara.

The orchestra will open the concert with "Overture to PIQUE DAME (QUEEN OF SPADES)", an opera composed in 1890. The audience will also hear SYMPHONY NO. 6 in B MINOR, OPUS 74 ("PATHETIQUE"), Tchaikovsky's last and probably his greatest work.

Cellist Tu Qiang, who began studying 16 years ago at the age of 7 with his musician father, has studied at the Central Conservatory of Music in Beijing and at the Conservatory of Music in Sydney, Australia. In 1985 he was one of two cellists sent from China to compete in the Casals International Cello Competition in Budapest, and this past winter he toured Europe with the Beijing Youth Orchestra.

Tu Qiang has chosen two showpieces for the evening: VARIATIONS ON A ROCOCO THEME, a work Tchaikovsky wrote as a tribute to Mozart; and PEZZO CAPRICCIOSO, a piece written in the same "Pathetic" key as the Sixth Symphony, B minor.

Music lovers can look forward to an exciting evening with this talented young artist, the all-Tchaikovsky program and sounds of the beautiful symphony orchestra under the able direction of Maestro Gene Chartier Smith.

## Forum hears program on environment

On Jan. 19, 1988, Ozona Woman's Forum met at the Crockett County Public Library with Jane Black and Sophie Kyle as hostesses.

Glenda Henderson led the group in prayer to open the meeting. Alleane Jones, president, presided and asked for minutes of the last meeting.

The roll call for the day was to name unsightly or hazardous places in Ozona. Several members named places with tumble weeds, a burned building, a lot with old batteries stored on in, old cars parked on streets and vacant houses with unkempt yards and expressed a desire to have these places cleaned and made safe.

Lu Ingram presented the speaker for the day, Gene Ingram, an employee of Environmental Protection Agency. Mrs. Ingram told of community involvement in waste disposal. These clean ups are expensive and have no insurance coverage, but have new state and national laws. The public needs to know these hazards and how to obtain help in cleaning them up.

Present for the meeting were Jane Black, Louise Bunger, Norma Carson, Crystelle Childress, Geniece Childress, Arlene Clayton, Ella Clegg, Bobbie Fatout, Madeline Stokes, Totsy Hagelstein, Glenda Henderson, Lu Ingram, Alleane

Jones, Georgia Kirby, Sophie Kyle, Lucille Littleton, Marcille Long, Bernice Phillips, Katharine Russell, Blanche Walker, Mary Agnes Ward, Modene Whitaker, Alice Couch and guests Glenda Winkley, Marolyn Bean and Gene Ingram.

## It's twins!

Twin boys, Durstin Wayne and Anson Lane, were born to Myrlice and Buddy Hooper on Jan. 25, 1988, at Shannon West Texas Memorial Hospital in San Angelo.

Welcoming their arrival along with the parents are brother Kempton and grandmother, Mrs. Porter, from Arizona.

Happy birthday to Rosie Davis who will be another year sweeter on Jan. 28.

## Becoming involved in volunteering

People who work in volunteer activities are often reluctant to ask their friends or family members to join them. Yet data from a Gallup Survey conducted in 1981, show that's the key to getting volunteer workers. When asked how they got involved in volunteerism, 44% of the respondents said that someone asked them personally, 29% joined because a friend or family member was already involved; 25% became involved through participation in a group or organization, 25% sought out the activity on their own, and 6% volunteered because they had seen an ad in the media. The moral of this story? Don't be afraid to recruit for volunteer activities.

## J.V. boys capture trophy Eldorado tourney . . .

by Copie Davis  
STOCKMAN SPORTS

The Ozona J.V. Lions continued their winning ways Jan. 22 by taking home the championship trophy from the Schleicher County High School J.V. Basketball Tournament.

The Lions won three games in two days en route to the championship. They first defeated Eldorado and then downed Reagan County and Sonora.

In the first game, the Lions faced Eldorado. The game began a bit slowly as Ozona jumped out to an eight to two lead. However, in the second quarter, both teams began to run and gun. Ozona reeled off 10 points, but the Eagles stayed close on their heels by scoring 15. At halftime, Ozona held a 24-17 lead.

In the second half, the Lions refused to surrender that lead. Although they were outscored by four in the third quarter, they came back to score 12 in the last period that clinched the 40-36 victory.

Javier Martinez led all scorers with 16 points. Pete Ramirez added a solid offensive output, also, as he hit for 13 points.

In the second game, against Reagan County, the Lions used a tremendous 28 point first quarter and strong first half defense to gain a 40-11 halftime lead.

In the third quarter, just as they had in the second quarter, the Lions hit for 12 points and held the Owls to a mere four. Going into the final quarter, Ozona held a breathtaking 52-15 lead.

Reagan County made a comeback of sorts in the final quarter, but it just wasn't enough as they were outscored 17-16, and the Lions came away with a stunning 69-31 victory.

Mingo Perez and Javier Martinez led all scorers with 10 points apiece. Lonnie Martinez and Pete Ramirez each had nine.

cago, Illinois to consolidate into one strong civic unit with one common goal: service to mankind. From this meeting emerged an organization which, at the present time, is the largest service club organization in the world and is represented by over 37,000 clubs with a membership exceeding 1,345,000 in over 160 countries and geographic areas. This club, whose motto is "We Serve", is The International Association of Lions Clubs.

In 1946, a group of civic-minded men in Ozona who were willing and anxious to do something for the community and its people met together to share the goal of Lions International and to form the Ozona Lions Club. Some of these people were: Elmo McCook, Charles Ratliff, Jack Wilkins, Byron Williams, Miller Robinson and L. D. Kirby.

From its early beginning until the present time, the club has maintained a strong commitment to serving the needs of the community and its members. Since a majority of each member's dues is used to fund international services and state services, such as the Texas Lions Crippled Childrens Camp in Kerrville, the Ozona Lions Club has conducted many fund-raising projects designed to generate funds to support local services. Profits from the Ozona Lions Club Junior Rodeo, Lions Club mop and broom sale and Lions Club pancake supper have been used to support the educational needs of disadvantaged Ozona college students, the needs of local crippled children, the Ozona Girl Scouts, the Ozona Boy Scouts, the Ozona Little League, the Sheriff's Welfare Fund and a fund which has served the needs of hundreds of Ozona youngsters, the Ozona Lions Club Eye Glass Fund.

This particular fund, supported entirely by local donations and Lions Club fund-raising projects, provides free eye examinations and glasses to school-age children in Ozona whose families are financially unable to provide for these needs. Financial support for this fund is a yearly goal for each Lions Club member.

Today, the 95 members of the Ozona Lions Club share the common goal of service to mankind and common pledge, to do something for the community and its people and to devote time, effort, and resources to the club's program of community and humanitarian service.

Pullen welcomed newly elected directors Ted Cotton, Mike Preddy, Jim House, John L. Henderson, Douglas Bean, Ronald Shaw and Betty Perry.

Commented for their work were outgoing directors Dr. Steve Sessom, Jim Marks, Vince Huffman, Ken Harrison, Bobby Aycock and Brian May.

Holdover directors for the organization are: Scotty Moore, Drake McKinney, Dan Pullen, Carol Hunnicutt, J. B. Miller, Richard Berry, Jeff Stuart, Steve Williams and Don Long.

Honored at the 24th annual Ozona Chamber of Commerce banquet Jan. 21 were: Unsung Hero Dorris Haire, Teacher of the Year Katharine Russell, Outstanding Young Citizen Randi Thompson, Outstanding Citizen Bill Watson, and accepting for Organization of the Year, Lions Club president Ted Cotton.

## Lions clear century mark, win playoff spot

by T. C. Tucker  
STOCKMAN SPORTS

The Lions began the week's play at home, pounding Reagan County 101-51, then riding the momentum to Friday's game where, after a struggle, they overcame Eldorado to win the first half of the district and clinch a playoff spot.

The Lions opened play on Tuesday with a spark that grew into a fire as they took first the lead, then the game in a blink of an eye.

The Lions had well over ten points before Reagan County connected on a shot. By the first quarter's end, Ozona led 40-10.

But the tables were turned in the second quarter as the Lions lagged, scoring only nine additional points in the eight minutes. Reagan County on the other hand, added 21 to their score.

Now only up 18, the Lions roared in the third quarter, hitting bucket after bucket and making play after play. They moved the score up to 74-41.

Only 26 points separated the Lions from 100 and four minutes later only a ten-point distance remained.

Reagan County did their best to keep the Lions from their goal; but at the moment that was like keeping a baby from its bottle—virtually impossible.

With less than a minute remaining in the game, Lalo Rodriguez stepped up to the free throw line only having to make one shot. He had made another earlier to make the score 99-49, but then missed the follow-up.

This time, though, he put it through, and added the next for good measure.

As the seconds waned, Reagan County added a bucket and the game ended at 101-51.

"Everything went right with us and everything went wrong with them," Coach John Curry said.

Everyone found the basket at one time or another. Some of the top scorers included Scott Denman who had 24 points, Will Seahorn 18, Danny Sanchez 16 and George Ybarra with 11.

The Lions had 36 total rebounds and Rodriguez had nine of those. Seahorn and Mike Morrow had five each.

Oscar Galindo and Oscar Payne provided four assists apiece. Galindo also had four steals while Sanchez made three. The Lions had only five turnovers during the game.

On Friday, matters took on a whole new perspective. The Lions found themselves behind until late in the fourth quarter.

"We had to really struggle to beat

Eldorado," Coach Curry said. "We never took the lead until four minutes were left in the final quarter."

Eldorado had taken a six-point first quarter lead, then stayed out in front by seven at halftime. The Lions finally scored the majority of the points in the third quarter but still could not take the lead.

Eldorado looked as if they would put it away in the fourth quarter as they broke loose and extended their lead.

"We went from about 12 points down to ten points up in a matter of a minute and half," Curry said.

Indeed they did. The Lions, who outscored Eldorado 21-13 in the final quarter, used the late surge and kept the lead despite Eldorado threats, 57-52.

Denman again led Ozona scorers as he slammed in 21 points. Seahorn added 12 and Morrow 10.

Denman had 14 of the Lions' 28 rebounds while Galindo had three of the Lions' seven steals.

Friday's victory won the first half for the Lions out-right as they accumulated a 7-0 record for district play. If the Lions had lost to Eldorado, they would have tied with Stanton regardless of their beating the Buffaloes earlier.

Now, they get to do it all over. After playing Iraan, Jan. 26, the Lions head for Forsan on Tuesday, and to Stanton on Friday. Linger in some of the Lions members' heads is the memory of last year's slump after winning the first half.

"I don't think it will happen again. We still have everybody this year; didn't lose any to grades."

Needless to say, the battle will still be up hill most of the way.

"We have four of our last seven games on the road," Coach Curry points out. "It's essential we do well on the road."

Class favorites for 1987-88 are: from top, Suzy King and Darrell Dunham, seniors; Ben Rios and Shannon Curry, juniors; Judy Fierro and Chris Denman, sophomores; Jason Vitela, and not pictured, Valerie Flores, freshmen.

## "Matter of importance"

The Lions did two things last week: a. They surpassed the century mark, a feat often heard about but never directly experienced, and 2. They clinched a spot in the playoffs with a 57-52 victory over Eldorado on Friday.

In choosing a topic for this week's column I had the two above to make my decision from. Which to write about? Which was of the most important.

No problem there. Winning a spot in the playoffs is not only very, very nice, it's the goal of every team in any sport. Whether in the pros where further playing means more money, or in high school competition where it means a possible shot at regional and state-the big time.

Still, many had expected the Lions to come out on top. Even though they faced several tough district teams and came as close to losing in district play as they ever have last Friday, the underlying sense hinted at their making the playoffs.

Now that we got that settled.

101-51

"It felt great, like we were on top of the world for a moment."

Danny Sanchez chose his words carefully, as all the commenting Lions team members did; it's not every day your own basketball team scores more than 100 points in a single game.

"It hasn't happened since I've been here," Coach John Curry said of the Lions victory over Reagan County on Jan. 19.

Everything clicked that night. The Lions broke away early and by the third quarter they were no

longer playing against Reagan County, instead they were racing against the clock.

"We just kept at them," senior Oscar Payne said. "We caused their mistakes and capitalized on them."

The crowd got into the swing of things, urging the Lions toward the century mark. The atmosphere felt like the score was only a few points apart rather than 50.

The Lions' confidence and momentum was riding high and they made some great shots. Chris Denman resembled Michael Jordan as he scored with a looping layup. Bret Hood sank several consecutive buckets and seemed like Larry Bird with glasses. Will Seahorn was Larry Bird as he amassed 18 points in shuffled playing time.

It may have been set up by the Lions, but it came down to Lalo Rodriguez when he stepped up to the free throw line. He sank the first, but missed the second and it appeared the Lions might have come short...and by one point to rub it in.

However, Rodriguez received another chance and when he hit the first one, the goal had been accomplished and the crowd let the Lions know about it, too.

"It feels great; especially since it was Reagan County," junior Oscar Galindo said.

Sure, life goes on as does district play, but the century mark is...the century mark. Three digits. 101-51.

"It's one of those situations that doesn't happen very often," senior Hood said.

And though he is only one member of a team, how about that guy, Rodriguez, who finally pushed the score over the top?

"It was simply....," he pauses and stares back at that moment, then finishes, "spectacular."

LALO RODRIQUEZ leaps to retrieve a rebound, as an over eager Owl fouls him. But Lalo took this bump with stride sinking both free

throws to up the score to 101-51 against the Big Lake Owls, Tuesday, Jan. 19.

## J.V. Lions continue undefeated

by Copie Davis  
STOCKMAN SPORTS

The Ozona J.V. Lion basketball team kept their undefeated district 6-AA record intact Jan. 19 in Davidson Gym by defeating the Reagan County Owl J.V. team in a relatively close game, 33-23.

In the first quarter, the Lions jumped out to a quick eight points, outscoring Reagan County 12-4.

Reagan County held Ozona to under 10 points in the second quarter, but the Owls were unable to have much offense of their own, managing only five points to the Lions' eight. At the intermission, the Lions held an 11 point lead.

Both teams played a defense oriented game in the third quarter. Neither offense could generate a scoring threat. The margin between the two teams neither increased or decreased as they played to a five-all tie. Going into the final quarter of play, the Lions held on to their 11 point lead.

In the fourth quarter, the Lions bent but did not break as they allowed Reagan County to score nine points, while holding Ozona to only eight. However, this total wasn't near enough to overcome the Lions' lead as they came away with a 33-23 victory.

Ozona's leading scorer was Pete Ramirez with 13 points. Following closely was Javier Martinez with 12.

## Slump continues to haunt Lady Lions in long season

by T. C. Tucker  
STOCKMAN SPORTS

The Lady Lions began the second half of district play on a bright note: they led Reagan County by eight points in the second quarter. However, that lead shriveled to two points by halftime and the third quarter spoiled Ozona's hopes at finding a victory.

The Lady Lions started the game lacking Stacy Lay, their main inside scorer. But, Polly Villarreal hit a three point shot and Kristina Martinez added seven to keep Ozona even with Reagan County.

Villarreal sank 12 more points in the second quarter as the Lady Lions took the lead and momentum of the game.

Eldorado replied late in the quarter and closed the gap before halftime, making the score 32-30.

In the third quarter, the lead and momentum vanished.

"They put pressure on the inbounds pass," Coach Lyna Coleman said. "That's when we produced our turnovers. We solved the problem later but it was too late to recover."

The Lady Lions had many turnovers, 37 in all, and Reagan County took advantage of those in the third quarter to outscore Ozona 23-10 and secure their lead.

Ozona revived in the fourth quarter behind the scoring of Adriane Wilson and Lydia Pena, but they only gained three points on Reagan County, losing in the end, 55-63.

"Over all, the girls played terrific," Coach Coleman said. "Better than they have all year."

Villarreal led Ozona scorers with

19 points while Kristina Martinez provided 12. Pena had 15 rebounds and four assists to lead the Lady Lions in that department.

On Friday, the Lady Lions headed for Eldorado knowing they had more than a chance as they lost to that team only by five the last time they played.

In fact, deja vu set in somewhat when Ozona scored three points in the opening quarter, exactly as they had done in the first match-up. From there, the similarities ended.

Unlike the last time, the Lady Lions failed to get moving in the second quarter, scoring only nine additional points while Eldorado tacked on 19, leading 29-12 at the intermission.

"We couldn't hit the broad side of a barn," Coleman said. "We didn't run our offense and had too many turnovers."

Turnovers were even more this time than they had been in the Reagan County game; Ozona had 47 this time-their shooting barely 20%.

The Lady Lions outscored Eldorado 8-6 in the third quarter and then the spark flickered. Eldorado cruised to a 47-27 win.

"We had two starters that shouldn't have even played and the injuries showed. Plus, another player got hurt in the game."

Lay returned to lead the Lady Lions scoring wise. She had seven points while Sharon McCrohan and Stacy Berry added five apiece.

Pena had ten rebounds as Berry followed with seven.

This Friday, the Lady Lions travel to Forsan, then to Stanton the next Tuesday.

## Crockett County Care Center News

by JoAnne Marshall

Alphabet macaroni was used to spell out weekdays and months on some of the calendars residents have been working on for the last two weeks in Monday morning's craft class. Residents completing their calendars were: Moriama Perez, Consuelo Sarabia, Tomasa Ramos, Virginia Hoover and Doris Robnett. Doris Karr was the helpful volunteer.

The quarterly meeting of the Crockett County Hospital and Care Center Auxiliary was held Monday afternoon. Future fund raising projects were among the topics discussed.

Tuesday morning's bingo winners were: Virginia Hoover, Edna Wallace, Alice Ross, Manuela Perez, Rebekah West and Consuelo Sarabia. Volunteers were: Sophie Kyle, Georgia Kirby and Yolanda Avila.

A video, compliments of Jo Davidson, was shown Tuesday afternoon. Titled America's National Parks, the tape was very educational and some of the scenery was breathtaking. Seventeen national parks were mentioned.

Decanters, planters, pitchers and cups were worked on in Wednesday morning's ceramic workshop by Hazel McDaniel, Theo Burns, Consuelo Sarabia, Ethel Youngblood, Juana Hernandez, Moriama Perez, and Tomasa Ramos. Volunteers were Ruth Hester and Beth Stallings.

Volunteer Dorothy Doll put a smile on residents faces by reading comical poems and sayings Wednesday afternoon. Some of them she had written herself. Local news articles were also discussed.

Thursday morning's beauty shop volunteers were Vivian Hughes, Joann Williamson, Lola Rios, Clara Byrd and Bobbie Light, and as usual, they did a splendid job.

Immediately following beauty shop, Clara entertained residents with ragtime piano music. Doris Robnett joined Clara in a couple of duets.

The mid-week Bible study Thursday afternoon was conducted by Ken Eppler of Calvary Baptist Church. David McCarley of First Baptist Church led the singing, and Marlys Thurmond played the piano.

Muriel Gillet tickled the ivories. She sure puts a lot of feeling into the rhythm and blues she plays. We will be looking forward to her next performance.

Our Spanish speaking residents enjoyed the Spanish Hour of Praise Thursday afternoon. Rev. Dougherty conducted Mass.

A performance by the Knox Band brought the day's activities to an

end. Band members present were Don and J. D. Kilgore and Jamie Knox. The music was lively and several of the residents demonstrated their dancing abilities. Everyone had a good time. We would like to thank the band for stopping by.

Friday morning's bingo volunteers were: Betty Moak, Jimmie Jacoby, Yolanda Avila and Lillian Tambunga. Prize winners were: Harry Blatchford, Doris Robnett, Alice Ross, Theo Burns and Consuelo Sarabia. Minnie Karr won a desk calendar and clock for being the first to form the letter 'X' on her card during a special game that was played.

Friday afternoon was movie time. Residents viewed a film titled "Wonderful World of Wildlife". They were surprised to learn that in southern Texas there are camels, zebras and other exotic animals being raised. We would like to thank the Crockett County Public Library for their film selection.

Sunday's worship service was presented by Ken Eppler of Calvary Baptist Church. A short visitation followed.

We would like to thank all the volunteers who shared their time and talents with us. We do appreciate you. Keep up the good work.

### Medicare enrollment now underway

People who failed to sign up for Medicare medical insurance or who once had this protection but dropped it will have a chance to get this important protection during the 1988 general enrollment period, January through March 31, Franklin H. Upp, Social Security manager in San Angelo, said recently.

Medical insurance is that part of Medicare that helps pay for doctor bills, out-patient hospital services, and many other medical items and services not covered by hospital insurance.

Protection for people who sign up during the general enrollment period will start July 1, 1988.

Medical insurance is financed by monthly premiums paid by those who have the protection and the Federal Government from general revenues. Presently, the Federal Government pays three-fourths of the cost. The basic monthly premium in 1988 is \$24.80.

Generally, people who sign up during a general enrollment period may pay a higher premium, Upp said. This is because the premium is increased by 10 percent for each full year a person could have had this protection but did not.

More information about the medical insurance general enrollment period can be obtained at the San Angelo Social Security Office located at 2214 Sherwood Way. The telephone number is 949-4608. Free publications are available there that give more information about medical insurance protection.

## The Light Of All Our Years

CHARLES HUFFMAN, PASTOR  
FAITH LUTHERAN CHURCH

Jesus was born in Bethlehem in Judea when Herod was king. Then Wise Men came from the east to Jerusalem. "Where is the Child who was born King of the Jews?" they asked. "We saw His star rise and have come to worship Him". Matthew 2:1-2

One of the most beautiful stories in the Bible tells us of the coming of the Wise Men to worship the infant Jesus, the Christ Child. We don't know anything about them except that God led them by a star to find their newborn King, as He had promised through the prophet Isaiah in chapter 60 (v 1-6). And God always tells us as much as we need to know for our salvation. Beyond that, all questions are the result of so much idle curiosity.

God had also spoken about the star through the prophet Baalam in Numbers 24:17, declaring: "I see Him who is not here now; I behold Him who will come later. A Star will come from Jacob, a Scepter will rise from Israel". God still leads us by a wonderful star, a miracle star, the star of His Word. Only as we follow its leading are we brought to worship the Infant as our newborn King. Only as we live in its light do we

behold the light of the knowledge of God in the face of Jesus Christ. Only as we see what it shows us do we see Jesus as the Light of the world, so that following Him in His Word, we do not walk in darkness.

The Apostle John says in chapter 1 of his Gospel: "In the beginning was the Word, and the Word was with God, and the Word was God. He was in the beginning with God. In Him was life, and the Life was the Light of men. The Light is shining in the dark, and the darkness has not put it out" (1, 2, 4, 5). To be sure, wicked men tried to put out His light and thought they had succeeded when they nailed Him to a Roman cross on that Friday when darkness came over the whole country. But He endured the suffering, even to death, to save us from the darkness of sin, from the blindness of unbelief and the gloom of our fears. And on Sunday morning Jesus Christ burst forth in the bold brightness of His resurrection as evidence of His triumph over our enemies of sin and death!

We can only guess how often the Wise Men must have been tempted to give up following the star. There were difficulties without end; the journey was long and tedious. They were jeered as fools. But by following the direction of God through the star, they found their Savior, their Lord. If there is any one temptation

more persistent than another in our lives, it is to follow some other direction than the star of God's Word. We can be like the learned men whom Herod asked about the place of Christ's birth. They knew the answer, but they did not go at the direction of God's answer found in Micah chapter 5: "You Bethlehem, too small to be one of Judah's clans, from you there will come out for Me, One who is to rule Israel whose real comings are from the eternal past. So He will give Israel up till the time when a mother will have a Child". (v 2-3). And so they never saw the Savior.

Only faith can see what God has given us to see, and as the Apostle Paul declares in Romans 10:17, "Saving faith comes through effective hearing, and effective hearing through the message about Christ". Faith lives by every Word that proceeds out of the mouth of God, and so only faith knows Jesus as the Savior, the Lord who in all things is KING of kings and LORD of lords. Faith hears Jesus today saying: "Come, follow Me"! Faith obeys and in all the changing circumstances of life follows Jesus Christ, the crucified and risen One who declares in Revelation 22: "I, Jesus have sent My angel to tell you these truths for the churches. I am David's Descendant and the bright morning Star" (v 16).

## Seventh grade grabs second at McCamey

by T. C. Tucker  
STOCKMAN SPORTS

Behind the scoring of Myra Sanchez, the 7th grade Cubettes slipped past Stanton and Reagan County, then lost in overtime to tourney-host McCamey.

Sanchez had 27 points for the entire tournament held over the weekend. The Cubettes received second place honors for their efforts.

Sanchez scored seven points in the Cubettes' opening game against Stanton, who they scraped by 18-17.

Ozونا took a 9-4 first quarter lead, then watched it vanish as halftime arrived with the score at 11-9, Cubettes' favor.

In the third quarter, the Cubettes barely stayed out front 15-14 as Stanton cut the gap by one point.

Both teams scored three points in the final quarter and in doing so, the Cubettes came away with a slim victory, but a victory nonetheless, 18-17.

Julie Childress controlled the boards as she pulled down six rebounds. Michelle Gonzales had five assists.

In their second game, the Cubettes faced a tough Reagan County who refused to give up.

Ozونا again took the opening

quarter lead and held on to it through most of the game. After having a one-point lead at halftime, the Cubettes extended it to three by the third quarter's end.

Reagan County went dry in the fourth quarter, scoring only one point while the Cubettes added six, winning 26-18.

Sanchez again led Ozona scorers, having ten points for the game. Gonzalez grabbed six rebounds. Childress made five assists and Belia Vasquez had two steals.

The Cubettes sought revenge in the championship game with McCamey, who had beaten the Cubettes a few weeks before. McCamey aimed at keeping the Cubettes behind them.

McCamey exemplified this in the first quarter, jumping out to a four-point lead and extending it to six by halftime, 13-7.

Both sides improved the scores by two points in the third quarter, making the score 15-9.

The Cubettes rallied in the fourth, sinking seven points while holding McCamey to only one and sending the game into overtime with a 16-16 tie.

Ozونا scored two points in the allotted extra three minutes but McCamey scored three, winning 19-18.

Sanchez had ten points in this final game of the tournament.

Gonzalez had four rebounds. Childress again provided assists and had three for this game.

The Cubettes next play Feb. 1 against Iraan. The game will begin 4:15 and will be played here.

## J.V. Ladies compete in Eldorado tourney

by Copie Davis  
STOCKMAN SPORTS

The Ozona J.V. Lady Lions traveled to Eldorado last weekend to participate in the Schleicher County J.V. Basketball Tournament.

However, the only thing the Lady Lions got out of the tournament was an end to their seven game winning streak. Ozona lost both games, one to Sonora and the second to Mertzou.

In the first game, the Lady Lions took the lead in the first quarter by outscoring Sonora 6-5. In the second quarter, the Lady Broncos nipped off 11 points and held Ozona to six, thereby taking a 16-12 lead at halftime.

Sonora increased their lead after the half by outscoring the Lady Lions by four points, 15-11. When time ran out, Sonora had beaten the J.V. Ladies 31-21.

Ozونا's leading scorer was Brenda Rodriguez. Following her was Mikki Ramirez who hit for six points.

In the second game, despite a 16 point performance by Dottie Gonzalez, the Lady Lions, still reeling from a loss the game before, fell to the Lady Hornets from Irion County 28-24.

In the first quarter, Gonzalez outscored the entire Irion County team as she hit for all of Ozona's six points while the Lady Hornets were held to five.

Irion County tied the game at 16 in the second quarter by scoring 11 points compared to Ozona's 10. In the third quarter, Gonzalez was once again Ozona's entire offense as she hit one shot for two points. However, the Lady Hornets and scored six points to take the lead.

Both teams were able to manage six points in the final quarter. With that, the game ended with Irion County on top 28-24.

Ozونا's leading scorer in the game was Dottie Gonzalez who scored 16 points. That total made up an astounding total of 60 percent of the Lady Lions' offense.

## Cubettes fall to Rankin 28-36

by T. C. Tucker  
STOCKMAN SPORTS

The 8th grade Cubettes broke stride in the second quarter of their game with Rankin, Jan. 18, resulting in a deficit that could not be overcome, 28-36.

Haley Carson kept the Cubettes even with Rankin in the first quarter as Ozona finished the six minutes tied at eight.

Then the Cubettes stumbled. Rankin put 14 points through the hoop while the Cubettes could only add five.

In the third quarter, Ozona bounced back and outscored Rankin nine to four, cutting the gap to four.

But Rankin had ideas of their own and held off the Cubettes 10-6 in the final period, winning 36-28.

Carson had nine points to lead Cubette scorers. Veronica Mendoza added eight and Terrie Wilmon four.

On Monday, Jan. 25, the Cubettes

hosted Sonora and had one more chance to beat them.

The game opened slowly as only Sonora scored in the first quarter and then that being only two points.

In the second quarter, the Cubettes woke up with six points but Sonora, already equipped with a head start, added ten points.

Mendoza's four points paced the Cubettes in the third period en route to eight more points; however, Sonora stayed out in front with 11 additional points of their own.

The Cubettes finally topped Sonora, scoring six points to their five, Ozona did not score enough to threaten Sonora, though, and the game ended at 22-28.

Patricia Hartnett scored seven points to lead Cubette scoring. Mendoza had six and Valerie Perez had four.

The eighth grade girls next partake in the Reagan County Tournament held Jan. 29 and 30.

**Currie announces for state rep.**

David R. Currie, a native of Paint Rock, has announced that he will seek the Democratic nomination for state representative.

"No one that knows me is surprised by this announcement. I have long been politically active on behalf of the livestock industry and rural Texas. I have spoken in every area of this state regarding the importance of the family farm, rural health care, rural education and rural economic development," Currie said, "so I believe seeking public office is a natural step for me."

"My family came to Concho County in 1879. I have many friends in every county in the 67th District and am well aware of the district's needs, especially in the areas of economic development, agriculture, oil and gas, water, tourism, and last but not least, education. More than anything, this district must have an effective representative - a real leader who understands state government and can make things happen for the benefit of people he represents and the State of Texas. There are 25 representatives from Harris County alone. This district includes 13 counties. Therefore the representative from the 67th District must be a leader - have the ability to get people of differing views to work for the common good. Our rural areas must not be neglected, and it's up to our 67th District representative to work with Sen. Bill Sims and Sen. Judith Zaffirini to see that we are not neglected. The beautiful Hill Country needs an independent voice, a person who understands the rugged individualism of its people, someone who won't play party politics, but rather 'competent, effective' politics," Currie emphasized.

Currie, 35, graduated from Paint Rock High School and from Howard Payne University. He holds a masters and Ph.D. degrees from Southwestern Baptist Theological Seminary in Fort Worth. His Ph.D. dissertation was on agriculture and the Bible.

After receiving his masters, Currie worked as special project coordinator for the Christian Life Commission and the Home Mission Board of the Southern Baptist Convention focusing on rural church concerns. He has served rural churches as pastor and associate pastor.

Currie has been an active rancher since he was 15 in Concho County. For the last four years, he has worked for the Texas Department of Agriculture. First he served as farmers market specialist organizing farmers markets in Uvalde, San Antonio and San Angelo as well as 50 other Texas communities. The past two years he has been a special assistant at the Texas Department of Agriculture. One of his primary tasks was to coordinate the marketing activities of the Department of Agriculture to the Texas sheep and goat industry.

Currie left TDA December 31 to enter private business. He also operates his ranch in partnership with his brother-in-law, Dan Slaughter, the head football coach in Winters.

"I consider it a privilege to run in this election. I'm very serious about public service. The last four years in state government have prepared me well for this position. If I'm elected, I promise to work hard to represent the district and to visit every county regularly so that the people know me well and know their concerns are heard and acted upon," Currie concluded.

**"In And By" tells history of Stockyard Co.**

by Linda Moore

Growing up in West Texas, I was convinced Fort Worth was the center of the United States. Even as a small child, I knew it was "where the west begins". And it had to be the center of everything. Why else would my parents subscribe to the Fort Worth Star-Telegram for so many years after moving west?

That childhood attachment to Fort Worth comes back with the reading of a new book at Crockett County Public Library, *In and By*, written by Bill Sloan. The 141 page chronicle of 10 years of experiences while Sloan worked at the Fort Worth Stockyard Company is sprinkled with photographs and sketches.

Sloan's father, Clarence, began working in the Yards in 1906 or 1907, and *In and By* is dedicated to him and to the men and women Bill worked with during his years at the Yards. Sloan gives most of the credit for the book to his wife, native Ozonan June Perner Sloan, who encouraged him to do the book.

The author first worked in the Yards in the summer of 1935 at the age of 9 for \$1.00 a week. It was 1942 when he began working as a yard hand for his father who owned and operated Sloan Cattle Co.

Bill remembers that in 1945 he was earning \$25 a week at Fort Worth Stockyards. By 1950 he was receiving \$50 a week, a standard wage for yard hands.

The day to day activity at the stockyards was based on honesty and mutual trust. Buyers bid, the seller accepted or rejected, and dealings involving millions of dollars were conducted without lawyers, auditors and computers.

Fort Worth Stockyards Co. didn't buy or sell cattle, but provided and maintained facilities and furnished labor to transfer ownership of cattle for commission companies and traders. The Yards sold all the feed used there.

A yard hand's day began at 6 a.m. with the cleaning and filling of water troughs and then feeding. Sloan recalls. A hand might have to go to a nearby pasture to feed and then come back to the Yards. The hands picked out cattle after the buyers made their selections; weighing and shipping were still to come.

Cattle arrived at the Yards in every type of truck or trailer. All big trucks (semitrailers) had 10 wheels then instead of 18 and were factory made. Two wheel trailers were made in blacksmith shops; welding shops were not in existence then.

The demise of the Yards, now a tourist attraction, began when the major packers started sending buyers directly to ranches, Sloan said. Auction barns in smaller towns and the lack of shopping in the Yards area also contributed to the decline.

Sloan couldn't get used to sitting

and waiting during his years at the Yards and wanted get out and build something which would be seen years later.

After leaving the Yards in 1955, he began building steel barns and corrals. Soon his company started producing steel gates to utilize down time from bad weather.

A desire to build a 50 cent object that sold for \$5.00 and could be shipped through the mail led Sloan to make and market miniature branding irons attached to a piece of wood to be used as paper weights. The project turned into 35,000 steak branding irons sold over the next 10 years with Sloan making 25,000 of them himself. The branding irons have been sent all over the world with some going to presidents and the crowned heads of Europe.

June's collection of barbed wire became gold plated barbed wire

bracelets and then Sloan began marketing gold plated barbed wire swizzle sticks. He bought his own plating machine and before he quit after the price of gold became so high, he had plated more than 10 miles of antique barbed wire. U. S. Steel Corp. sent him several rolls of special wire to plate for them.

Although Sloan enjoys seeing the results of his years of work and confesses to a love-hate relationship with the Yards, he says "but what I wouldn't give to be able to go back to those times for even a few minutes".

Go back he has, through the pages of *In and By*, a history of 10 years of the Fort Worth Stockyards Company and the people who worked there.

The Sloans reside on their ranch just outside the city limits of Hico. They have four children, Stephen, Vivian Walker, Cynthia Outlaw and Susan, and are active members of the Hico community.
