Commissioners court sets tax rate, approves budget for 1989

A county tax rate of .58 per \$100 valuation was set when commissioners met Sept. 11. The .58 rate is a 1.5 cent decrease from the .595 per \$100 assessed for 1989.

The General Fund will receive .505 of the amount with .01 earmarked for the Road and Bridge Special Fund and .065 in the Farm to Market Road Fund.

Court members approved a \$5,337,493 budget Monday. Of that amount, \$2,438,501 is estimated to come from current taxes. The 1989 budget of \$4,860,474 included \$2,222,880 in current taxes.

Crockett County Hospital's 1990 budget of \$1,162,026 includes estimated cash receipts of \$357,413, transfer from General Fund of \$560,212, \$34,000 from feeding prisoners and \$210,401 from feeding care center patients. The 1989 budget provided for a transfer of \$567,310 to the hospital from the General Fund.

Estimated revenue for the care center includes cash receipts of \$596,540 and the transfer from the General Fund of \$290,506 to make up the \$887,046 budget.

Budget figures indicate Crockett County will begin the year with a balance in various funds amounting to \$568,942. This compares to the \$865,753 that was on hand at the beginning of 1989.

Revenue in the General Fund is used for expenses relating to: elected and appointed officials, district court, juvenile and adult probation departments, county courts, election s, building maintenance, parks and pools, airport and cemetery maintenance, fire department, welfare, agriculture and livestock, youth center, sanitation, hospital and care center.

Road and Bridge Funds are expended for paving and equipment, employee benefits, judge and commissioners auto allowance, telephone, commissioners and county judge salaries.

ASCS feed tickets due

The cut-off date for feed tickets this month is Sept. 16. If you wish to receive payment for tickets through this date, have them turned in at the ASCS office no later than Monday, Sept. 18. If your tickets are not in by Monday, you will have to wait until October for payment.

Remember to turn in tickets as soon as you have them; do not wait.

You are reminded that the feeding period ends Nov. 30, 1989. Do not buy more feed than you need to get through the end of November.

If you have not signed up for feed assistance and need to, stop by the office. If you have any questions, contact the office.

Road and Bridge Special Funds are used for repair supplies, tires and tubes, gasoline oil and fuel, pipes and culverts.

The Farm to Market Road Fund expenditures provide a portion of road department salaries, employee benefits, liability insurance and dam retention/brush control.

Court members met in executive session to discuss hiring a temporary dumpground operator and formulated a job description. After returning to regular session, a vote was taken approving the hiring.

Now that trash may no longer be burned, a heavy equipment operator will be needed at the site to cover and pack trash as it is unloaded.

Commissioners discussed looking into a possible exemption to the Environmental Protection Agency ban on trash burning. No exemptions have been granted yet according to County Judge Kathryn Mayfield.

Daily covering at the dump would take care of animal disposal according to health inspectors, Mayfield said.

Commissioners voted to accept the provisions of the State Highway Department regarding extension of RM Rd. 1676 3.7 miles into Crockett

County from the Reagan County line.

The county road is already to state specifications. Crockett County will need to acquire additional right of way before the state accepts the road.

A vote was taken authorizing Eddie Moore and one commissioner to inspect and negotiate purchase of a used farm tractor. Counties are no longer required to advertise for bids on any purchase up to \$15,000.

Dorris Haire appeared before the court and requested permission for purchase of a high band radio from the fire department's equipment fund. Volunteers had already voted to come up with the funds for one high band radio.

These radios enable Ozona firemen to communicate while assisting departments from other towns.

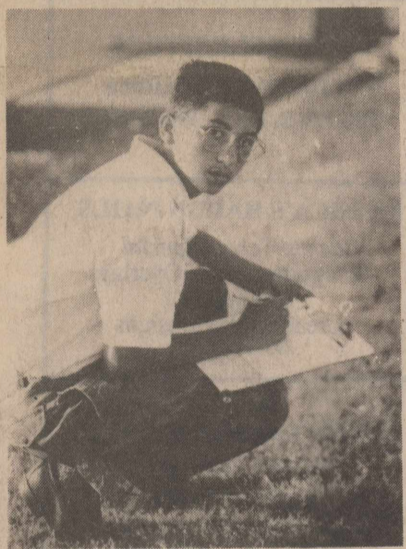

A vote was taken approving bond for the care center administrator, and the court voted to leave sheriff and constable fees as they are.

Monthly reports were given to the court by: Garland Young, civic center; Bill Boswell, hospital and care center; Eddie Moore, Road Department; Onecimo Ortiz, Parks Department; Janet Hill, Meals on Wheels; Louise Ledoux, library; and Sheriff Jim Wilson.

Bronchos nip Lions 10-6

by Michael Vasquez

The Varsity Lions lost to Sonora Friday night in a super game ending

with a 6-10 score.

Sonora won the toss and came out strong, but fumbled to Ozona on the second down. The Lions held the ball only to lose it on the third down.

The game went on the same. Both teams gave their best effort, but yardage was lost as the drives were short. Defenses were strong on both sides, shutting down the offenses. The first quarter was long, and it took its toll on both sides.

Early in the second quarter with about 10 minutes remaining, Sonora scored a field goal. This opened the scoring with Ozona 0, Sonora 3.

The second quarter went down like the first, a battle of frustration. Ozona got close in the final seconds, but didn't quite get it.

After the half, Ozona came out ready

to play. Receiving the ball, they started to drive. The ball moved from team to team, but with a few seconds left in the third quarter, Ozona got the ball.

The Lions made a drive, slow but secure, moving the ball down to the Sonora 10 with about seven minutes remaining in the fourth quarter.

Quarterback Chris Denman handed the ball to George Ybarra who ran in for the touchdown. The score was now Ozona 6, Sonora 3. The Lions missed the extra point.

Sonora received the ball and made a drive but was forced to punt. Ozona started a drive with quarterback Chris Denman dropping back. The ball was intercepted and run in for a Sonora score. The score now stood at Ozona 6, Sonora 10.

Ozona tried hard to score, but lost the ball to Sonora with seconds to go. Sonora ran out the clock to win.

Ozona played a great game. Chris Denman threw three passes to George Ybarra for 24 yards. He also made a connection with Luis De La Garza and with Lonnie Martinez for a total of 39 passing yards.

Ozona will be in Water Valley Friday night for their second game.

Singles group organizes

Have you ever wondered what single people do in Ozona? The truth is not much; sure there are some clubs and churches, but there are few places for singles to socialize, to get to know others in a pleasant atmosphere.

There is a group trying to change that in Ozona. The West Texas Singles Association, a San Angelo based singles club, is helping a local group get going as an organization.

The group will meet Sept. 15 at the Loading Chute with plans to meet each week. The club will meet Sept. 19, Tuesday, at 7 p.m. at Emerald House in the park at the east edge of Ozona.

Betty Kinnard, an Ozona teacher, has lived in several towns in Texas, and she believes there is a real need for a mature, sophisticated organization for single people of all adult ages.

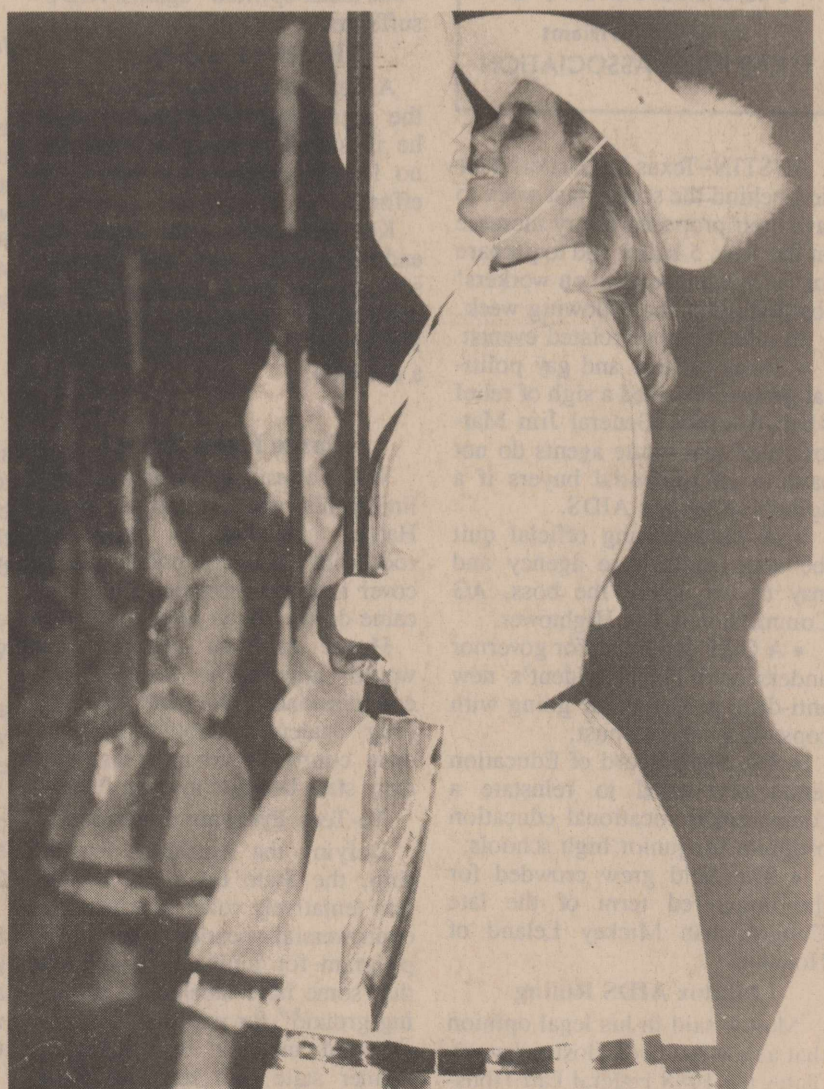

"We would like to form an organi-

zation of local people without spouses who would like to be active, not work like some groups, but have fun," Kinnard commented. It's not the wild party kind of group or a dating service.

The group is planning an active calendar of events. This does not mean members must attend each one - just what they want, when they want, no pressure. The kinds of activities are game nights, dinners, cookouts, dancing, community events, VCR movies and some out of town activities such as water skiing, travel, camping, special events and such.

The West Texas Singles, Ozona Chapter, welcomes all singles in the area who would like to be in a mature, sophisticated atmosphere.

For more information, write Box 3119 in Ozona or attend a meeting or activity.

STATE CAPITAL

HIGHLIGHTS

By Lyndell Williams
 TEXAS PRESS ASSOCIATION

AUSTIN-Texas Legislators scurried behind the scenes last week to save their proposed salary increase on the Nov. 5 ballot and to prepare for the special session on workers' compensation the following week.

In other Capitol-related events:
 • Texas realtors and gay political groups breathed a sigh of relief when Attorney General Jim Mattox ruled real estate agents do not have to tell potential buyers if a home's seller has AIDS.
 • A high-ranking official quit the state agriculture agency and may try to unseat the boss, AG Commissioner Jim Hightower.
 • A GOP candidate for governor underscored the President's new anti-drug proposals by going with cops on a cocaine bust.
 • The State Board of Education tentatively voted to reinstate a controversial vocational education program for junior high schools.
 • The field grew crowded for the unexpired term of the late Congressman Mickey Leland of Houston.

Mattox AIDS Ruling

Mattox said in his legal opinion that a new AIDS disclosure law violates the 1988 Federal Fair Housing Act which prevents discrimination against the handicapped. The state law required real estate agents, when asked, to reveal if previous occupants suffered

from AIDS.

Realtors feared lawsuits from the issue. The law's sponsor, state Rep. Debra Danburg, whose district includes Houston's Montrose area, sought the law to stop realtors from making AIDS disclosures, based either on fact or hearsay.

Advocates from AIDS health and awareness groups praised Mattox' ruling. One said the law "was mean-spirited" against AIDS sufferers.

Possible Candidacy

A veteran program director of the Agriculture Department said he is stepping down because he no longer supports the agency's efforts.

Ken Boatright, who Sept. 20 ends 16 years with the agency, said he has been approached to run in 1990 against Democrat Hightower, but has not yet made a decision.

Hance Fights Drugs

While President Bush was outlining his war on drugs, Kent Hance, candidate for governor, rode with a Houston police undercover team that arrested three cocaine dealers in an hour.

Hance said as governor he would appoint a state crime commissioner, eliminate bail for drug dealers, establish 24-hour drug courts in urban areas, and deny state benefits to drug felons.

Vo-Tech Program Defended

Defying the legislative leadership, the State Board of Education tentatively voted to reinstate a controversial vocational education program for junior high schools that some have labeled "a dumping ground" for under-achievers.

Board member Bob Akin, a former state representative from Commerce, called the action a possible "exercise in futility" because it could so anger lawmakers that they might cut off funding for all vo-tech programs.

But Board Chairman Monte Hasie of Lubbock said board members were simply responding to the wishes of their constituents when they voted 8-7 to restore funding to Coordinated Vocational Academic Education in grades seven and eight this fall.

Crowded Field

The race for the Leland congressional seat, which includes Houston's inner city Fifth Ward, will be a showdown between perhaps the two most powerful blacks in the Texas Legislature.

The styles of state Sen. Craig Washington and state Rep. Ron Wilson are quite different. Washington sports a bow tie, is a friendly and persuasive orator who can sway votes with his eloquence.

Wilson is aloof, arrogant, a power-player who prefers to stay behind the scenes and in the Speaker's chambers. Washington has picked up the banner for welfare mothers and kids, AIDS victims, the hungry and the homeless. He is an unabashed, unapologetic liberal of the old mold.

Wilson supports casino gambling, lotteries, and sponsored a bill allowing private citizens to carry concealed handguns on the street. He fights fiercely for his district's share of the state funds.

Friendship is the only cement that will hold the world together.

Often GENIUS is just another way of spelling perseverance.

When a girl casts her bread upon the waters, she expects it to come back in the shape of a wedding cake.

"It is more blessed to give than to receive" is often quoted but seldom practiced.

Never put a question mark where God has put a period.

The Golden Rule may be old but it hasn't been used enough to show any signs of wear.

A fat man is no good at golf because if he tees the ball where he can hit it, he can't see it; and if he tees it where he can see it he can't hit it.

Conversation is an exercise of the mind, but gossiping is merely an exercise of the tongue.

In a bureaucracy they shoot the bull, pass the buck, and make seven copies of everything.

Some people think a fertile mind requires a lot of dirt.

There are two kinds of Americans: one hopes the government will do something for them, the other hopes the government won't do something TO them.

Government regulations are a lot like catsup—you either get none or a lot more than you want.

Give authority to some people and they grow; give to others and they swell.

We first make our habits, and then our habits make us.

A hair in the head is worth two in the brush.

It's pretty hard to tell what brings happiness; both poverty and wealth have failed.

The big question is: where can we put our hatred while we say our prayers?

The relative values of health and wealth depend on which you have left.

Pandale group learns about Chihuahuan Desert

Pandale Study Club held its first meeting of the club year Thursday, Sept. 7, at Pandale Community Center.

Hostess Martha Gries, a charter member of the Chihuahuan Desert Research Institute, introduced Dennis Miller of Alpine, the executive director of CDRI, who presented the program.

The Chihuahuan Desert Research Institute is a nonprofit organization incorporated under the laws of the state of Texas to promote understanding and appreciation of the Chihuahuan Desert Region through research and education. The Chihuahuan Desert Visitor Center, a project of the CDRI, is a 500 acre tract four miles south of Fort Davis devoted to the establishment of a living desert museum and long term research. A film

of the desert, narrated by Burgess Meredith, concluded Mr. Miller's interesting and informative program. Club members learned that Pandale is on the edge of the Chihuahuan Desert.

Prickly pear pads, rocks, sand, a canteen and spurs were the decorations chosen by Mrs. Gries and co-hostess Elizabeth Gries. Sandwiches, chips, dessert, and cactus shaped cookies were served to members Sue Arledge, Lou Deaton, Sara Hargraves, Josephine Mills, Susan Mills, Ginger Perner, Vonnie Womack and guests Mary Huffstodler of Ozona, Henry Mills Jr. of Pandale and Mr. Miller.

After refreshments, the business meeting was called to order by president Ginger Perner. Back to school donations to High Sky Children's Ranch, West Texas Boys' Ranch and Volunteer Services of San Angelo were approved.

Yearbooks for 1989-90 were distributed by vice-president Vonnie Womack. Plans for the annual Thanksgiving dinner in November were discussed. A letter from Tarleton State University informed the club that Shane Cooper of Ozona, the 1989 recipient of the Pandale Study Club scholarship, had enrolled as a full-time student.

CCPL has just received a special copy of the United States Constitution written in braille. This was a gift from the Commission on the Bicentennial of the U.S. Constitution. The commission would like every American to have ready access to our Constitution in order to encourage that knowledge and understanding of our nation's charter which are essential to its survival. In order to meet the needs of our fellow Americans who are visually handicapped, the Commission has undertaken the project to place a braille Constitution in every library in the country. This is certainly a wonderful acquisition for our small library.

Another special service offered by CCPL is a collection of large-print books from the Big Country Library System. Every other month, we receive a variety of titles including fiction, non-fiction, biographies and spiritual books. These have been popular at the Care Center. These books are available to anyone who would like the ease and convenience of large-print.

The most popular special collection in the library is our books-on-tape. We are adding to this collection

of best-sellers, sports, poetry, westerns and lots, lots more. We also take donations. If you have tapes you have listened to and no longer want, please donate them to the library. These tapes are great for long car trips or just a change from radio around the house. Some new titles just in include -

- Man Riding West by L'Amour
- Running Things by Crosby
- Washington Goes To War by Brinkley
- The Drug-Free Family by Beacham
- Modern Poets by Caedmon
- Cat's Cradle by Vonnegut
- One Day In The Life by Solzhenitsyn
- Poetry Of Pasternak by Pasternak
- Couples by Updike
- Pablo Neruda Reading His Poetry by Neruda
- McNelly Knows A Ranger by L'Amour
- Stamboul Train by Greene
- The Green Hills Of Earth by Heinlen
- Noon Wine by Porter

Shrine Circus comes to Sonora

The George Carden Circus, one of the largest traveling circuses in the United States, will be performing for two two hour premiere performances at the Sutton County Rodeo Grounds in Sonora Friday, Sept. 22.

The all new 1989 exciting edition of the Shrine Circus will be bringing

their breathtaking acts of daring and dexterity. Exotic animals including elephants and tigers, horses and dogs will be put through their paces. Aerialists will have the crowd oohing on the edge of the seats, and funny clowns will have the audience rolling in the aisles.

Hospital lobby redecorated

A few months ago the Crockett County Hospital Board designated Betty Perry and Marcille Long to redecorate the lobby of the hospital. They, along with the help of Glenda Henderson and Jo Davidson, hospital and care center auxiliary members, have repainted, carpeted and refurbished the lobby. A special thank you goes to these four for their time spent on this project.

A navy and grey color scheme was chosen for a soft and pleasant atmosphere. Thank you goes to hospital employee Julian Ramirez who did all the painting both of the walls and equipment. The look the committee was trying to create could not be completed without his efforts.

Some of the funds used in the project were from the hospital equipment auction held two years ago. There

have also been various donations made to the hospital during a two year period.

Appreciation is expressed to the following for their recent contributions during redecoration: Knox Floor Covering, South Texas Lumber, Woman's Forum, Ozona Woman's League, Crockett County Hospital and Care Center Auxiliary, Ozona National Bank and Bonnie Warth.

The job is complete except for replacing the counter top to a navy blue Formica. The work on this is to be donated by Alejos Lara III.

Just last week a new look was created in the care center conference room with new paint and pictures on the wall. A thank you for this goes to Jo Davidson and the hospital and care center auxiliary.

Fierro-Sanchez united in marriage

Melissa S. Fierro and Steve Sanchez were united in marriage Saturday, Sept. 2, at 4 p.m. in the Crockett County Civic Center. Judge Troy Williams officiated the ceremony.

The bride is the daughter of Manuel and Rosa Fierro. Parents of the bridegroom are Benny and Rosario Sanchez.

For her wedding the bride wore an ivory satin tea-length original gown with puffed sleeves by Tina and Mitchell Collection of Dallas. The lace on the bodice was accented with seed pearls.

Her ivory satin hat edged with seed pearls was appliqued with lace. A short veil was attached.

The bridal bouquet, a cascade of ivory and mauve silk roses, handmade by the bride's cousin, Alicia Lopez, was accented with pearls, lace and tulle.

For something borrowed and old, she wore ivory pearl and diamond earrings belonging to her mother. Attending the bride was maid of honor Stacy Lay.

The bridegroom was attired in a white tuxedo. Serving as best man was Butch Gonzalez.

Flower girls for the ceremony were

Jamie Beth Fierro and Kimber Davidson.

The reception following the wedding ceremony was attended by more than 200 persons. Out of town guests attended from Dallas, Midland, Euless, Angelo and Arlington. The reception began with a prayer led by Mr. Elliott Barrera.

The serving table, covered with an ivory lace cloth, held an elaborately decorated four-tiered wedding cake. The cake was covered in ivory buttercream frosting and decorated with mauve drop flowers and green leaves.

Ivory columns separated the base from two middle tiers, and held the top tier aloft. Musical cherubs hovered within the columns.

A curving stairway from the second layer led to the traditional bridal couple atop the cake.

The bridegroom's chocolate cake was decorated with a grape cluster.

The honored couples were seated at a table decorated with silver candleabras holding mauve tapers.

Hurricane lamps decorated with mauve and ivory flowers were placed on guest tables.

Native Form

by Rev. Ken Harrison
Ozona United Methodist Church

Other than the Twenty-third Psalm, perhaps no set of scripture verses is as familiar or so often memorized as The Beatitudes, the first eleven verses of Matthew, chapter five, which form the preface to the Sermon on the Mount. There are nine of these Beatitudes (or eight if you combine the last two which are related) all beginning with the word, "blessed." The Beatitudes are actually a prose poem in nine verses, complete in itself, and it constitutes what is practically a general summary of the whole of Christian teaching. The Beatitudes are a general summing up, such as is characteristic of the old Oriental mode

similar to the Eight-fold Path of Buddhism, and the Ten Commandments of Moses, and other such compact groupings of ideas.

The great Christian thinkers, from the early church fathers to Bonhoeffer, have revered the Beatitudes and have pored over them to exegete their deep and mysterious meaning. Martin Luther preached on them extensively at Wittenberg, and John Wesley relied on them to guide the people who had responded to his preaching. Wesley composed three of his standard sermons on the Beatitudes and offered them to his converts as the basic norm for Christian ethics, mak-

ing them the touchstone by which the norm should be controlled. As he finished his exposition of the Beatitudes, Wesley cried out, "Behold Christianity in its native form, as delivered by its great Author! This is the genuine religion of Jesus Christ!"

In these Beatitudes, Jesus addresses his followers. In the Bible, "blessing" means the active, outgoing grace and goodwill of God. He promises that God is blessing the poor in spirit, the sorrowful, the meek, those desiring righteousness, the merciful, the pure in heart, the peacemakers, and those who are persecuted. These are promised that they shall see God, be called his children, inherit the earth, and inhabit the kingdom of God. These sayings accept the fact that there are difficulties which are part of human life. They promise that God will comfort his own in their suffering, enabling them to be pure, merciful,

and peaceful in spite of things, and granting them the gift of his Kingdom. The Beatitudes are not rules; they are promises. They are not detailed laws for living; they are clear-cut statements with regard to the blessedness of those possessing certain virtues or experiences. It is generally held that these are the qualities of character which Jesus expected in his followers.

The Beatitudes offer us a picture of Christian life in the world. They show us how Christians are to witness to their faith in the world, in the best and in the worst of circumstances. They recognize that persecution may happen, but they promise also the continual presence of God. Most of all, they point out the paradox that the ways of this world are not the ways of the Kingdom of God: it is not the powerful and the rich who are the true movers of the world, but the poor in spirit, the sorrowful, the meek, those who hunger and thirst for righteousness that influence the earth and delight the heart of God.

J.V. Lions win opener

By Michael Vasquez

Practice, practice, practice came to an end when the J.V. Lions defeated Iraan in the Sept. 7 season opener. The Lions were ready for a battle, and the hot weather of an early September afternoon aided the rage.

Winning the toss gave Iraan the ball. Early in the game, after a brief struggle, Iraan drew first blood for six points. The Lions, still fired up, got the ball, but soon lost it as the quarter ended. Iraan felt good after a 44 yard touchdown run by number 33.

The J.V. Lions began to fall. Late in the second quarter they were threatened, and Iraan scored again after a long struggle, making the score Ozona 0, Iraan 19.

As the quarter ended, the Lions felt condemned. Halftime was long and

hot for the Lions. Hopes were low in the stands.

Yet under all the pressure, the Lions came out for the third quarter with pride. After a series of drives, the Lions moved on Iraan. The drive ended the third quarter.

Early in the fourth, Quarterback Adam Alba showed his moves as he ran in for a Lion touchdown. The score was now Ozona 6, Iraan 19.

Iraan looked on with security, believing the game was theirs.

Soon enough, with about five minutes remaining, Alba dropped back and handed the ball to number 33, Oscar Gutierrez. Gutierrez took the ball 84 yards to the Iraan 10 as the Braves' jaws fell.

Mario Mendoza soon scored for the Lions, bringing the tally to Ozona 12, Iraan 19.

The Braves received the ball in their territory. After four quick downs, Iraan had to punt. The pressure caused a bad punt, giving the Lions the ball on the Iraan 39 yardline.

The Lions made a tremendous drive with five straight first downs, which set the ball for Mario Mendoza to score again. The score now was Ozona 18, Iraan 19.

Ozona quarterback Adam Alba made a quick connection with Eric Sanchez for the two extra points. With a minute and a few seconds left, the Braves were scalped by an Ozona 20, Iraan 19 score.

Iraan didn't do much with the ball. Soon Alba intercepted the ball to secure the game.

After an intense game there is an intense locker room. When asked about the game, Coach Green replied, "We won because we decided to play like lions."

"We played with character, and we played with desire, and that won us the game," said Coach MacWilliams.

The J.V. team has an open week. Their next game is in Sonora Sept. 21.

TV special focuses on youth in crisis

On Sept. 14 ABC-TV will broadcast a special based on a national report card on the state of youth in America titled "American Agenda: Youth in Crisis". Following the special, town summit meetings will be held in communities all across the nation as part of "Making The Grade" project.

Town summit meetings will explore new and more powerful ways to build commitments and develop a plan to work more closely on youth-at-risk problems. The goals are to: 1) identify the problems confronting our young people, 2) recognize that these are community concerns and are not the sole responsibility of individual organizations, and 3) develop a collaborative approach and realistic plan for working together.

At risk issues identified are: teen pregnancy, functional illiteracy, school drop-outs, juvenile crime, substance abuse, and youth unemployment. A local task force committee has been formed to develop a strategy for Ozona to work on these issues.

Anyone wanting more information on "Making The Grade" can contact the Extension Office at 392-2721. Volunteers are welcome to participate in any or all phases of the project.

4-H nutrition project teaches lifetime skills

Is it true that "you are what you eat"? If so, 4-H members who have learned good nutrition skills through their Food and Nutrition project must be pretty good kids!

The program is one of the most popular 4-H projects with hundreds of thousands of 4-H'ers across the nation.

This year's project in Crockett County has drawn more than 75 youth during annual enrollment. "We hope we can find leaders for all these 4-H'ers so they can learn the lifetime skills related to the food and nutrition project," commented Crockett County Extension Agent-Home Economics Tedra Ulmer. Ulmer is in charge of the 4-H foods project, which is directed and taught by volunteer leaders.

Objectives of the project include --Learn the importance of including foods from each of the basic four food groups in the daily diet. --Understand the principles of nutrition as they relate to health, physical fitness and appearance. --Learn about the wide variety of foods which can be included in the diet. --Acquire and demonstrate skills in planning, purchasing, preparing and serving tasty, attractive and nutritious meals and snacks.

4-H members who excel in the project can qualify for a number of awards at the county, district, state and national level. However, the project itself is directed towards learning about healthy diet.

"Many of our 4-H'ers end up knowing more about nutrition than many adults," said Ulmer, "including menu planning techniques and food preparation skills that many of us would envy."

In addition to food and nutrition-related skills, 4-H'ers who participate in the project learn communication skills, organization, responsibility, leadership and citizenship. Junior and teen leaders help teach others, while every 4-H member is expected to contribute to his or her community in some way related to the goals of the project. If your child would benefit from learning more about food and nutrition, contact the Crockett County Extension Office for information about this project. Or your child can ask a 4-H member already enrolled in foods and nutrition for more information.

Call the Extension Office at 392-2721 or go by the office located on the second floor of the Courthouse Annex.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or handicap.

4-H lamb tagging & weigh-in Saturday

4-H sheep feeders will meet at the 4-H feeding barn to tag and weigh commercial ewe lambs Saturday, Sept. 16, from 8:30 a.m. until noon. All feeders are required to bring ewe lambs in and to get them tagged and weighed to start the program. "Hopefully, we will get them tagged and weighed in by noon," said County Agent Billy Reagor.

4-H lamb feeders who haven't tagged their lambs are also requested to bring them into the barn to be tagged. Lamb feeders who have already received their lambs and have an ear tag in them don't need to bring their lambs back to the barn on Saturday.

4-H members who haven't received their lambs need to plan to pick them up at the barn Saturday morning. If you have questions, call Billy Reagor at 392-2721.

4-H shooting groups to organize Thurs.

An organizational meeting for Crockett County 4-H Shooting Activity will be held Sept. 14 at 7 p.m. at the Ozona Fire Station to set up shooting groups and meeting times.

The meeting is for parents of 4-H'ers signed up for the activity. It is not necessary for the 4-H'ers to attend. At least two adults must be assigned to your child's group or that group will not be able to meet.

Anyone who cannot attend, but would be willing to work with the children is asked to contact Rod Chalmers at 392-3972 or Dorris Haire at 392-2148.

Firemen respond to five calls

Ozona Fire Department members answered two calls in town Sept. 7. One of these proved to be a controlled fire between Shot's and Franco's.

A 10:40 p.m. call Thursday led to the discovery of four fires in the draw between I-10 and the back of the Mayfield building.

The fires are under investigation. Rain extinguished a lightning caused fire on the J. B. Parker Ranch Sept. 11 before firemen could reach the scene.

Martin was commended by Chief of Police J. D. McGee as an ideal officer. "He goes about doing his job to the best of his ability day to day. From my standpoint, he fits the mold of the ideal officer. There has never been a complaint filed against Troy...and that's quite an accomplishment. His paperwork is excellent. He makes good reports and files good cases." Boys Cross Country team wins first place at Eldorado

The Ozona boys' cross country team led the field to capture Eldorado's cross country meet held Saturday, Sept. 9, with a total of 25 points edging out second place Greenwood with Eldorado finishing third.

Mark Ramirez and Luis Rico, past regional and state qualifiers, led the field pushing the Lions into victory. Other runners placing were Gilbert Rico, 6th; Domingo Perez, 9th; Pep Talamantez, 10th; Ruben Borrego, 11th; Adrian Vargas, 14th; Jose Martinez, 17th; Aaron Carroll, 20th; J. J. Coy, 26th; Steven Leal, 27th out of a total group of 40 runners. Other team members participating were Adam Alba, Marcos Quiroz, Raul Rico and Martin Urbina.

*Hospital Board

(Continued from pg. 1)

the shots will be \$5.00.

Dr. Owensby reported to the board that he had spoken to the San Angelo Fire Department ambulance personnel and they highly recommend diesel ambulances with auxiliary power supplies.

The thermostat on Ozona ambulance 331 has been changed in an attempt to correct the overheating problem.

Administrator Bill Boswell reported that both the care center and hospital's cash disbursements were unusually large this month. Several factors contributed to the increase according to Boswell. There were three pay periods plus related employee benefits rather than two, two Blue Cross and Blue Shield monthly premium payments, and payments for new hospital laboratory equipment.

Cash flow projected to the end of the year indicates that the care center will return \$69,197 to the county and that the hospital will be over budget by \$10,120, Boswell said. These projections fluctuate monthly depending on cash receipts and cash disbursements.

The board tabled action concerning the dietary range hood until bid specifications are written.

Six wheelchairs have been ordered and three over-the-bed tables have been purchased and are in use.

During his report, Boswell told the board a small copy machine and an ice machine are needed for the care center.

Board members voted to pay only the base monthly charge, retroactive to July 17, for the ambulance telephone. This action was taken after Doctors Sims and Owensby stated how important it is to be able to discuss the patient's condition prior to the patient's arrival at the hospital.

The board agreed to allow Mrs. Doris Hull, care center administrator, to purchase a small supply of drugs for Medicaid nursing home patients who, through no fault of their own, cannot get the prescriptions filled locally and cannot wait for the drugs to be brought from San Angelo.

Dietary personnel changes, brought about by an employee injury, were discussed.

An August report for the hospital indicates 94 emergency room and 449 clinic visits for the month. To date there have been 2912 clinic visits compared to 1806 for the same period last year.

Year-to-date emergency room and clinic visits number 3055.

Laboratory procedures for the month are 337 compared to 197 the same time last year. There have been 2,363 laboratory procedures done to date and 1,950 done over the same time period the previous year.

A total of 636 x-rays have been done thus far this year compared to 521 in 1988. The hospital has done 94 x-rays this month, 29 more than in August of 1988.

Ambulance runs for the year total 80.

No figures were given for inpatient stays during the current month or for the previous year.

In the girls division the Lady Lions finished a distant fourth out of 10 teams. Tricia Etheridge placed 67th; Gloria Voloz, 68th; Cari Rhea, 71st; Marisol Castillo 77th out of approximately 90 participants in the girls division. Other team members participating were Kimberly Coy and Elizabeth Esmerado.

The top five runners placing from each team count toward the team score. There are a total of seven runners that run from each team, and the team with the lowest score wins the meet. Individual runners can also run without counting toward the teams score. The girls' course is over the distance of two miles and the boys' course is 5 kilometers (3.1 miles).

"Ozona has established itself as a top cross country program in the state

resulting from past season accomplishments. They have never finished behind fourth place in any regional meet in the last four years and have had qualifiers for state every year," said coach Pete Maldonado.

Letters to the Editor

Dear Editor:

We wish to thank all the people of Ozona who signed the petition to stop the Hazardous Waste Dump six miles east of Dryden in Terrell County.

The response was just great and shows how much people can care about others and the land we live on. Each person counts.

When all the petitions are in they will be sent to local officials and also State and National officials as well.

If there are any that have not signed

Ozona residents joined members of the Reagan County Trail Blazers for a tour of the Hill Country Aug. 24-27. Lefty and Blanche Walker, Leota Hodges, Leta Powell, Georgia Kirby, Oscar and Louetta Kost and Sibyl Howell were among the 17 travelers making their first stop at the YORanch in Kerr County. After a hearty ranch luncheon, the group made a bus tour of the 55,000 acre ranch to see exotic animals.

An evening at Ingram's Point Theatre was rained out, but the next day brought stops at the Cowboy Artists of America Museum in Kerrville and at jeweler James Avery's studio and workshop.

The travelers sampled peanut and pecan brittle at Webb's Candy Kitchen in Boerne before going on to San Antonio where they stayed at the historic Menger Hotel adjacent to the Alamo.

In San Antonio the group saw Breckenridge Park, King William Estates, the Institute of Texas Cultures and Mission San Jose. A river boat tour and meal at the Tower of Americas Restaurant completed the San Antonio stay.

En route home, the travelers toured the Nimitz Museum and Garden of Peace in Fredericksburg.

and wish to, they may send their protest to: Marion Childress, P. O. Box 53, Sanderson, TX 79848.

We want to give a special thanks to Mrs. Ruth White for a job well done in getting all the names on the petition.

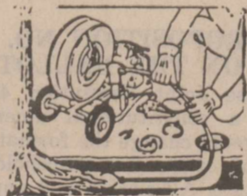

With lots of help and caring on our part, maybe our county will not become known as Hazard County, Texas.

Thank you, Ozona, we know you are a great town with fine people.

Sincerely,
Marion Childress

Letter to the Editor.....

To the people of Ozona,
I am writing this letter to clarify a few facts with the folks of this town.
On August the 31st my husband and I were arrested for possession with intent to sell. First of all, the quantity of cocaine and marijuana found were hardly enough to waste the taxpayers money. What was found was less than twenty-five dollars of cocaine and four dollars worth of marijuana at most, for this it took six of "Ozona's finest".
Another thing, this "quantity" was not for sale but only for my husband's personal use, he is not an addict nor will he ever be as this experience has taught us both a lesson because our two-year old son witnessed everything. We saw how it effected him to see his mother and father handcuffed while the Sheriff's Department destroyed his home. It was something neither one of us want to see again.
One thing I really don't understand about this deal, is how come the Sheriff's Department didn't even have the decency to wake me up before putting

the handcuffs on me, imagine being woke up because somebody is pulling your arm up to handcuff you, asking you at the same time "where's the coke".
I know that there are white people dealing and using dope 10 times more than what was found in my home, so why doesn't the Sheriff's Department bust them? Is there a conspiracy against the people on the southside of the interstate. I'm not saying we should not have gone to jail, I'm just saying we shouldn't be the only ones.
One more thing and I'll be through. On Sept. 8 the Sheriff's Department was dispatched to my home once again to investigate a "fight". There was no fight just a small barbecue consisting of four people sitting outside talking and eating, my husband, my son, a family friend and myself.

To the law and people of Ozona we would like to say just one thing. You can try to run us off but we don't intend to leave until we're ready.
If this letter is not printed we'll

know the Stockman doesn't work for us only the privileged.

P.S.
Why don't ya'll show where Mexican-American people do good and not only the bad. We made front page by being arrested while Randy De Hoyos's graduation made page 11. It's almost like you really didn't have room to print it. By the way, Congrats, Randy.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 7, 1989

**PROPOSITION NO. 1
ON THE BALLOT**
House Joint Resolution 102 proposes a constitutional amendment that would increase the salary of members of the legislature to one-fourth of the Governor's salary and increase the salary of the Lieutenant Governor and the Speaker of the House of Representatives to one-half of the Governor's salary. The annual salary of members of the legislature, the Lieutenant Governor, and the Speaker of the House of Representatives is currently \$7,200. Under this provision, the annual salary of the Lieutenant Governor and the Speaker would be \$46,716, and the annual salary of members of the legislature would be \$23,858, based on the Governor's current annual salary of \$93,432. The increase for the Speaker and the members of the legislature would take effect when the legislature convenes for its regular session in January 1991. The increase for the Lieutenant Governor would take effect when the term of that office begins in 1991. The salary increase for the Lieutenant Governor would not make members of the legislature ineligible to run for the office of Lieutenant Governor.
The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to limit the salary of the lieutenant governor and the speaker of the house of representatives to not more than one-half of the governor's salary and to limit the salary of a member of the legislature to not more than one-fourth of the governor's salary."

**PROPOSITION NO. 2

The additional bonds are to be used as follows: \$250 million of the bonds are to be used for water supply loans and facilities acquisition; \$200 million of the bonds are to be used for water quality enhancement projects; and \$50 million of the bonds are to be used for flood control. The legislature may provide that \$100 million be used for subsidized loans and grants to economically distressed areas of the state for water and sewer facilities.

"The constitutional amendment to authorize the issuance of an additional \$500 million of Texas water development bonds for water supply, water quality, and flood control purposes."

**PROPOSITION NO. 3
ON THE BALLOT**
House Joint Resolution 51 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds to provide money to establish a Texas agricultural fund, a rural microenterprise development fund, a Texas product development fund, and a Texas small business incubator fund in the state treasury. The Texas agricultural fund would be used to provide financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced in Texas by Texas agricultural businesses. The rural microenterprise development fund would be used to stimulate the creation and expansion of small businesses in rural areas. The Texas product development fund would be used to aid in the development and production of new or improved products in this state. The Texas small business incubator fund would be used to stimulate the development of small businesses in the State.
The principal amount of bonds outstanding at one time could not exceed \$25 million for the Texas agricultural fund and \$5 million for the rural microenterprise develop-

ment fund. The financial assistance offered by both funds could include loan guarantees, insurance, coinsurance, loans, and indirect loans or purchases or acceptances of assignments of loans or other obligations. To carry out the Texas product development fund, the legislature could authorize loans, loan guarantees, and equity investments, and the issuance of up to \$25 million of general obligation bonds for initial funding. To carry out the Texas small business incubator fund, the legislature could authorize loans and grants of money, and the issuance of up to \$20 million of general obligation bonds for initial funding.
Bonds authorized under this amendment would be paid out of the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in any interest and sinking account at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.
The proposed amendment will appear on the ballot as follows:

Senate Joint Resolution 11 proposes a constitutional amendment that would provide an exemption from ad valorem taxation for goods, wares, merchandise, other tangible personal property (including aircraft), and ores (other than oil, gas, and petroleum products) if the property is acquired in or imported into the state and is destined to be forwarded out of the state, regardless of whether the intention to forward the property existed when the property was acquired or imported into the state, if it remains in Texas for 175 days or less for assembly, storage, manufacture, processing, or fabrication. The proposed amendment would authorize the governing body of a county, municipality, school district, or junior college district to prevent the exemption of this tangible personal property from taxation by taking official action before April 1, 1990. In addition, each elected and appointed officer would be required to sign a sworn statement that he or she had not paid, offered, or promised anything of value for a vote or to secure appointment to an office, as applicable. The written, sworn statement would be filed with the secretary of state. The information in the statement is currently contained in the oaths of office taken by elected and appointed officials.

The bonds would constitute a general obligation of the state. If the permanent school fund were required to make payment as a result of its guarantee of bonds issued by the state, the fund would have to be reimbursed immediately from the state treasury. The amount of bonds guaranteed by the permanent school fund could not exceed \$750 million unless a higher amount was authorized by a two-thirds vote of both houses of the legislature. If a school district were to become delinquent on a loan, the amount of the delinquency would be offset against other aid to which the district was entitled.
The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to provide for using the permanent school fund and its income to guarantee bonds issued by the state for the purpose of aiding school districts."

winner of the \$100.00 first prize and **Mrs. Dale Burger,** winner of the \$50.00 second prize, who donated their prizes back to the Cheerleaders and Band Front Line.

We also wish to thank the public that supported the fund raiser with their ticket purchases.
