THE WHITE HOUSE  
 WASHINGTON  
 June 27, 1991

I am pleased to congratulate the citizens of Crockett County on its Centennial.

The United States boasts a long and fruitful tradition of government at the county level. In fact, it is one of the oldest forms of local government in America, predating many States and cities.

During the past 100 years, Crockett County has made a unique contribution to our Nation's history and culture while enabling its residents to benefit from laws and services that are tailored to local needs, values, and interests. You have forged a special identity in the Lone Star State, and you have developed a wonderful sense of community and civic pride. As you celebrate this milestone, may those sentiments run high, and may the spirit of American federalism and democracy be renewed.

Barbara joins me in sending best wishes for a joyous celebration and for a bright future. God bless you.

## Board votes to charge rent to those not under contract

Members of the Crockett County Hospital and Care Center Board voted to work with Medical Doctor Associates of Georgia on a retained search basis when they met Monday night. MDA is one of three firms which will seek doctors for Ozona.

The two companies which are already searching for a physician for Ozona were hired on a contingency basis.

MDA guarantees to have two applicants meeting Ozona's criteria here for an interview within 120 days or the firm will refund half the retainer fee of \$3,000. The hospital will also negotiate with the firm the number of hours to be spent in recruitment.

Average placement fee through this firm is \$16,000 according to Bob Denson, administrator. This includes the retainer fee of \$3,000, a \$9,000 flat fee when a physician is accepted and the hours fee.

Shannon and Community hospitals in San Angelo are also recruiting physicians for Ozona, Denson said.

Plans to renovate rooms at the hospital were scaled down from nine to four after a cost report from Mr. Denson. The board instructed that

renovations of the four rooms and painting the hospital hallway not exceed \$5,000.

During a financial report, board members learned that operations for June are \$3,000 under the projected loss for the hospital and care center. Year to date figures indicate the combined operation is \$24,400 below the budgeted loss.

Board members adopted a new set of by-laws after limited discussion. The by-laws will be presented to the commissioners' court for adoption.

The ambulance service made 15 runs during June, five local, eight transfers, and twice to be available at the rodeo grounds during performances.

The board voted to charge office rent to occupants of the clinic building who do not have a contract with the county.

Denson told the board he will be in Austin July 24-26 to attend a meeting on indigent health care.

The hospital has been notified it now has a cap of \$4,000 on primary health care services for individuals who qualify through the Department of Human Services. The maximum

amount had been \$3,000.

Board members met in executive session during the care center portion of the meeting. After returning to open session, they voted to engage an attorney to advise on the position of the facility on the wage and hour audit started in February. The board also

voted to hire a 3/4 time individual for the care center office.

Mr. Denson reported on the seminar he recently attended in Midland regarding investigation of complaints and alleged patient abuse and neglect. The seminar is a result of new federal guidelines under the Omnibus Reconciliation Act of 1987.

## Ozona National Bank rated five-stars

Bauer Financial Reports Inc., a Coral Gables, FL, research firm, is pleased to announce that Ozona National Bank, rated five-stars for nine consecutive quarters, has been awarded its five-star rating. This prestigious award identifies this institution as one of the safest, most credit-worthy banks in the United States.

The award is based on a zero to five-star rating assigned by BFR based on its analysis of the Dec. 31, 1990, financial data as filed with federal regulators.

A five-star rating, for the safest banks in the country, indicates that the bank's tangible capital exceeds 9.0% of tangible assets, that there are

no excessive delinquencies or repossessed assets and that the bank is profitable - or suffered an insignificant loss for the year ended Dec. 31, 1990. Paul A. Bauer, president, said "Our five-star rating is most often awarded to traditional, conservatively run, federally insured, well-capitalized banks that concentrate on serving the consumer and business needs of their local communities."

"Out of 12,342 banks reporting for the period ended Dec. 31, 1990, 3,072 banks, less than one out of four, 24.9%, received our five-star rating."

## Centennial Happenings

### Community church service July 7

On July 7 at 10:30 a.m. the Ministerial Alliance will sponsor a community-wide worship service on the town square. Music and scripture readings will be joined by brief comments on the theme "Faith of Our Fathers".

Dress informally, bring lawn chairs and a picnic lunch for a community picnic following the service. After eating, you are invited to stay and sing old favorites and listen to special music.

Singers are invited to come at 10 a.m. to practice for a community choir.

### Church group plans picnic

Ladies of the Church of God of Prophecy will have a picnic on the square Wednesday, July 3, at 5 p.m.

### Special stamp cancellation planned for centennial

The Ozona Post Office will have a clerk at the Ozona Chamber of Commerce Office July 5 to hand cancel mail with the centennial logo designed by Robbie Ferguson. Hours are from 10 until noon and from 2 until 4 p.m.

For those unable to go to the chamber office, letters may be mailed under separate cover to Postmaster Floyd Hokit for cancellation. No letters will be cancelled with the special postmark before or after July 5.

### Mills keeps beard despite hospital stay

Former Crockett County Sheriff Billy Mills won't be on the square to participate in the centennial beard contest or the reenactment of the Ozona National Bank robbery, but he hopes to be recuperating at home by then.

Members of Ozona High School classes from 1950 through 1959 are invited to an outdoor party July 5 at the home of Shirley (Kost) and Dick Kirby.

The 50's group is planning heavy participation in the centennial parade. Contact Shirley for more information.

### Dress the part on July 5

Merchants and their employees are encouraged to wear old-fashioned clothing on Friday, July 5, as part of the centennial celebration.

### Beard contest to be at 4 p.m. July 4 at the bandstand

Being pictured in *The Stockman* with a beard does not enter you in the Lions Club beard contest. To have a chance to win the \$100 grand prize or various other prizes, you must show up at the bandstand on the square to be judged.

Time is 4 p.m. on July 4.

### All-school reunion July 6

The all-school reunion planned for July 6 begins with registration at 9:30 a.m. in the civic center. The schools will be open for a tour starting at 10:30 a.m.

Please bring your lawn chairs for the noon barbecue on the square.

Mills insisted on keeping his beard despite emergency heart surgery in San Angelo two months ago.

Friends are looking forward to welcoming Billy and Juanita home soon.

## Letter to the Editor

To whom this may concern,  
Will you allow me the use of your space to address a letter of thanks to everyone in Crockett County who made our recent visit to Ozona such a pleasure and a success?

On Friday, June 21, our camera crew was in Ozona to record an opening for *Good Morning America*. Though we arrived late (due to my own navigational error) we found everyone patient and in good spirits, and ready to whoop-it-up for our camera. The turnout was tremendous and, thanks to the T-shirts and the centennial costumes, colorful. The opportunity to visit with folks afterward, to trade some stories, and to admire some classic automobiles was a pleasant break in the midst of a full day our crew spent on the road.

Remember, Crockett County greets the entire nation on *Good Morning America* Monday, July 5. Thanks to everyone for letting us be a part of it.

Music was provided before the wedding by Adlene Voils, cellist, and other members of the Littleton String Quartet. The bride's cousin, Melissa Huff of Philadelphia, Pennsylvania, played a violin solo, "Humoresque", by A. Dvorak; Debbie Planner, accompanied by the church organist, sang "Bist Du Beimir" by Bach and "Ava Maria" by Schubert.

The reception was at the Atrium in the United Bank Center in downtown Denver, and music was again provided by the string quartet during the wedding supper, and later music was provided for dancing by Paul Sodderman's BBC band.

Out of town guests included Frau Maria Rhode-Ollig of West Germany, and Ms. Gertrud Murray of Pasco, Washington.

Guests from Texas included Mr. and Mrs. Pleas L. Childress, Mr. Charles Childress, Mr. and Mrs. Pleas L. Childress III, Julie Childress and Mrs. Sid Millsbaugh, all of Ozona; Mr. and Mrs. Wilbur J. J-UST A DAY AWAY FROM U-NITED FREEDOM WE CELEBRATE-

L-LET US BE AWARE OF WHAT IT MEANS; Y-YOURS AND MINE TO KEEP IT STRAIGHT.

Under the Constitution of the United States, every man has the right to make a fool of himself as he sees fit.

Freedom also includes the right to mismanage your own affairs.

Freedom is not the right to do as you please, but the liberty to do as you ought.

Freedom is like the air we breathe; we don't miss it until we are deprived of it.

Freedom is indivisible. It is for all or none.

No freedom is so outrageously and so often abused as the freedom of speech.

If you think free speech costs you nothing, try listening to some of it.

Freedom of speech is useless unless you have something to say.

It's fortunate that we have freedom of speech, but unfortunate that the supply usually exceeds the demand.

Some women regard free speech, not as a right, but as a continuous obligation.

Sometimes free speech is greatly overpriced.

A friend will see you through after others see you through.

To be a gentleman is a worthy trait, but it is a great handicap in an argument.

The gift that people appreciate most is something you made yourself - such as money.

Some girls will scream at a mouse and then climb in a car with a wolf.

### CALLING ALL HOME MAKERS

Brought To You  
By J.D. Brown

### WHAT KIND OF CHAIRS FOR YOUR HOME?

It goes without saying that the most basic need in furnishing any home are chairs. But the question is: what kind of chairs should you use?

As you know, the major trend in home decorating since the end of World War II has been more mixing of furniture that was ever seen before in the pre-war years.

It's been a good trend because it's enabled people to furnish their homes with individual pieces they like instead of being tied to a sameness furniture.

And nowhere has mixing been more prevalent -- and more desirable -- than in chair selection.

So, when you're thinking about buying chairs, remember the tremendous choices you have at your disposal. If you want big, comfortable chairs plus smart looking small chairs or whatever, you can take advantage of amazing availability to decorate your rooms in the best possible way for you. Chairs are the most-used and the most flexible furnishing, and we want you to get the most out of your chair selections -- in beauty, value, styling and comfort. So, whenever you need a chair or chairs, give us a chance to help you pick out the ones you'll be happy with.

## Pioneer spirit needed to shape next 100 years

By Rev. Tim Brewer  
Ozona United Methodist Church

Well, here we are in the middle of the Crockett County Centennial, celebrating a hundred years of history. It is fun to remember the way the first commissioner's court met under the oak tree. It is fun to dress up in old pioneer wear and ride in wagons and on horseback in parades.

While we are celebrating, it would be good to remember the pioneer spirit that was exemplified as the first set-

tlers came to this country. They were people who were not afraid to take risks. They were willing to pick up and move hundreds of miles to unknown territory. They were willing to make sacrifices and suffer the discomforts and dangers in order to shape a better future.

We are on the verge of the 21st century. The world is changing. In many ways we are moving into unknown territory. We will not always be comfortable. The old ways may not always work. We will need a dose of the adventurous pioneer spirit in order to shape the next hundred years.

And whatever comes, we know that our faith is in God. He is our anchor in changing times. Whatever changes come in the future, God is with us.

## It's a boy!

Larry and Linda McMann of Panama City, FL, are the parents of a son, Justin Lukus, born June 29, 1991. The baby arrived weighing seven pounds, 10 1/2 ounces. He was 20 inches long.

Helping his parents make him welcome are sister Lacey and grandparents Jim and Peggy Dodd of Mineral Wells.

## It's a girl!

Joe and Melissa Marmolejo are the parents of a daughter, Bethany Keilah, born at 11:20 a.m. June 28, 1991. The baby arrived at Community Hospital in San Angelo weighing five pounds, 13 ounces. She was 18 3/8 inches long.

Making little Bethany welcome were her brother and sister, Brandon and Catherine, grandparents Robert and Linda Rodriguez of Ozona, Mario Galindo of Big Lake, Tomas and Maria Alvarado of San Antonio and great-grandparents Carmen Vargas of Ozona and Leandro Parra of SLP, Mexico.

## Think About It!

By Ralph O. Moore

## Unfenced Land

The early settlers who came to Crockett County faced many hardships I'm sure. The history books, and the stories that are told of frontier life abound with tales of difficulties we can only imagine. No roads, no water, no fences - just open range with hard, hard work. During this centennial celebration, I hope each one of us will take a moment to reflect upon those early settlers and how much we are indebted to them.

I've read of the union Sunday School that was started in 1891. It was a cooperative effort between the Methodists and Baptists, and it must have had a good and lasting effect on the community. Churches were started in those early years, and, from what I've heard, they really helped one another. They worked together to shape an orderly town. Religious education and activities are preventative to moral decay.

Let me get to the heart of what I think is a vital message from those early years - at least religiously. Take that unfenced land that characterized the territory and use it as a metaphor to describe those early days with the union Sunday School. Everyone together. No fences erected to keep people out. No barriers to prevent worship and study together.

I know that fences were erected later and that they serve a purpose - on the range, but not in religion! Here we are in 1991 laboring to tear down some religious fences and make it like

it was 100 years ago. The Community Worship Service on July 7 will be a good time to throw the gates open wide and have the churches mingle together in worshipping God. Maybe we can breathe that same fresh air of unity that blew across this town a century ago.

I believe strongly that a community that can come together in worship and Bible study can stand up to any problem. Christ prayed that believers in Him should be one. The cross of Christ tore barriers down. While there can be diversity in congregations, there must be unity in spirit.

Bible study should be done on open religious range. No one owns any section that they can fence. The church belongs to Christ. There is a unifying breeze that blows when people are allowed freedom in the Spirit. We dare not fence in what God has opened to all.

Neighboring ranchers can have a fence between them and still enjoy the same breezes and rain. There is no reason for one to think that he has sole right to what heaven gives. Neighboring churches can follow their own denominational traditions and still enjoy the same Spirit. There is no reason for one to think that it has sole right to the Spirit of God.

The early settlers here were honest, brave, hard working and sincere folks. They endured hardships, encountered the worst of conditions, and enlisted each other's help in times of

trial. They left a trail that we should follow.

No one knows - but let's imagine that 2091 does come. Wouldn't it be a cherished moment on the 200th anniversary of Ozona if someone were to say, "On July 7, 1991, the people of this town gathered in this park for a Community Worship Service. They praised the Lord and proclaimed His Word. There were no fences holding them apart that day. They enjoyed a

special togetherness as did the folks in the union Sunday School in 1891. We are here today, walking in their footsteps, to worship God."

To our many visitors who come to celebrate this centennial, we say WELCOME. Help us put Christ in this celebration. There are no fences up this week, maybe we can just leave them down forever.

Think about it.

## Making a Declaration

By Charles Huffman, Pastor  
Faith Lutheran Church, Ozona  
Hope Lutheran Church, Sonora

On July 4th we'll be celebrating the signing of the Declaration of Independence, the day when our forefathers cut the ties with the Royal Crown of England 215 years ago. Many people look back on that event with a sense of pride, and agree that we've benefitted from it. Since Operation Desert Storm, there's been an upsurge of patriotic feelings in our Nation, and 'Old Glory' will be flying a little higher this year.

Unfortunately, many people in our country today have signed a Declaration of Independence from God, cutting the ties with Him and choosing to go it alone. The results are never beneficial, but always tragic! Maybe a story about a young spider who lived in a barn will help illustrate the point. One day as he was crawling around on the ceiling, he spotted a place below that looked like the perfect place for a new home. Letting himself down on a thin filament of webbing material, he built a big and beautiful web there - where he prospered and grew slick. Then one day as he walked around his new domain, he noticed that old filament reaching up from where he'd come down and thought to himself: 'I don't need that anymore'. So he cut that strand, and down came the whole web - spider and all, and a horse stepped on him!

When we cut the ties with our Creator, the results are always tragic. I believe that the basic source for the

degeneration of our society's values and morals is found in the teaching of evolution, which has been taught as fact in our higher schools of education for many years, which now permeates the media, and which will be taught in the lower grades of our public schools beginning this fall - as approved by our State Board of Education in Austin last November. IF there is no Creator who made us, who owns us, and who alone has the authority to set the rules for our lives, then everyone can simply make up their own rules - as evidenced by the many opinion polls and shows in our society. If you throw enough mud, some is bound to stick - and the Big Lie of Evolution seems to be doing just that. In the Garden of Eden, Satan - the "father of lies" (John 8:44), twisted and confused God's Word in appealing to Eve's sense of pride: 'Don't you want to be wise, and more like God?' And who doesn't? So she declared her independence, rebelled against her Creator, and mankind came crashing down in the fall into sin!

Of course, the bottom line of evolutionary teaching lies in the theory that death existed long before man came on the scene (according to the evolutionist's interpretation of the fossil record). IF that were so, then death is not the result of man's sin (Genesis 2:17) - and therefore there is no need of a Savior! The point is that ALL of Scripture, from Genesis 1 to Revelation 22, is the Truth - the inspired, inerrant, and infalible Word of God - none of which can be compromised! The 'real' scientific evidence strongly

favors creation, and a recent one at that (several thousand years ago instead of the billions of years required for the Evolutionary Ages). "Did God really say...." (Genesis 3:1) that ALL things - this vast Universe, the Earth with the complex structure of plants, animals, human beings, etc. - were created in six literal, 24-hour days? YES, and in fact He wrote it in stone with His own finger! (Exodus 20:8-11).

When mankind declared independence from God and cut his ties to the Creator, he fell with a tremendous crash! And even though we deserve to be separated from Him forever, even though our sins pierce His heart, God still loves us and reaches out to embrace us. In His infinite grace, our Creator sent His eternal Son who was involved in our beginning (John 1:1-3, 14) to rescue us from eternal death. He lowered Himself, became one of us, and by His suffering and death on the Cross - Jesus Christ has endured Satan's venomous bite for us! And in His glorious Resurrection from the dead, He has crushed the head of that old Serpent (Genesis 3:15). He has redeemed us from the tragic results of our sins by His own blood, and promises eternal salvation and life to those who trust in Him as their Savior and Lord. And today the "King of kings and Lord of lords" (Revelation 19:16), who sits at the right hand of God the Father, encourages us to declare our dependence on God for ALL things - in body and soul, and to follow His will for our lives.

"In the beginning God created the heavens and the earth." - Genesis 1:1

The United States Achievement Academy has announced that Amy Easterwood has been named a United States National Award winner in mathematics. This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10 percent of all American high school students.

Amy attends Lamesa High School where she was nominated for this award by mathematics teacher Robert F. Geiger. She will appear in the U. S. Achievement Academy Official Yearbook, published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly United States Achievement Academy award winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the academy.

Winners are selected upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. Criteria for selection are a student's academic performance,

interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability and recommendation from a teacher or director.

Amy is the daughter of Jimmy and Nikki Dunn of Lamesa and Doyle Easterwood of Aransas Pass. Grandparents are Mr. and Mrs. H. Ray Henderson of Ozona and Mr. and Mrs. Doyle Easterwood of Aransas Pass.

## MAKE IT A FABULOUS FOURTH!

For the best 4th of July ever, add some common sense to your fun.

Here are a few tips to get you started:

- Place your grill away from dry grass, bushes, your house; keep it out of the wind.
- Don't use kerosene or gasoline in place of charcoal lighter fluid.
- Unplug electric grills when not in use.
- Don't overdo on food and drink.

And, of course, have loads of fun. After all, the 4th is one of the best birthday celebrations of the year!

## 4-H fashion show blasts to the past

Rocking to the beat of golden oldies like "Great Balls 'O Fire" and "Sea Cruise", 12 4-H members from Crockett County advanced from their county competition to the district fashion show in July at Crane.

The annual Crockett County 4-H Fashion Show, which is the culmination of the clothing project each year, was held Tuesday, June 18, at the civic center.

Emceeding the show were Katharine Durham, Texas 4-H Teen Fashion Board co-chairman, and Whitney Vannoy, District 4-H Council delegate from Crockett County.

Other senior 4-H members also presented parts of the program, including Adrienne Dickerson, Martha Mayfield, Julie Childress, and Stefny Sutton.

To be in the 4-H fashion show, a 4-H member must complete a clothing project. The fashion show is an optional activity and is designed to show off the skills the 4-H member has learned.

There are two divisions in the fashion show; one is the construction division, where 4-H members make their garments. The other is the buying division, where the member comparison shops for a garment suited to their lifestyle and wardrobe needs.

The highlight of this year's show was a dance finale to "I Saw Her Standing There" by the entire group.

Participants in this year's show were:

**Construction:** Maria Quiroz, Junior Active Sportswear; Sara Mayfield, Junior Specialty Wear; Robin Conner, Junior Evening/Party Wear.

Jessica Fuller, Intermediate Active Sportswear; Stefny Sutton, Senior Active Sportswear; and Julie Childress, Senior Non-Tailored Daywear.

## Crockett County Care Center News

By JoAnne Marshall

After the hectic weekend with the carnival and all, residents had a day of rest Monday. No activities were scheduled until that evening. By the time the Sheriff's Posse Band started playing Monday evening, residents were ready for some excitement. The band didn't disappoint them. They were great, and the music was lively. Band members performing were: Marsha Tomlinson, Jamie Knox, Bob Hartman, Jim Wilson and Bill Dane. We would like to thank them for sharing their talents with us.

Elvira Pena filled her piggy bank during Tuesday morning's bingo and received a \$15 grand prize check for her accomplishment. Bertha Miller, Jeff Owens, Theo Burns, Hazel McDaniel and Minnie Karr also added to their piggy banks' weight. We would like to thank Sophie Kyle and Georgia Kirby for their assistance during the games.

Thursday afternoon residents attended a song service led by Maxine Brown of First Baptist Church. We enjoyed singing some of our favorite hymns. Thank you, Maxine.

Sunshine Hour was the scheduled activity for Wednesday afternoon, and several of the residents took advantage of it by sitting on the front porch and enjoying the fresh air. The morning was spent trying to coordinate costumes for the upcoming birthday celebration July 3 from 7-9 p.m. Centennial costumes will be worn by some of the residents.

Thursday morning's beauty shop volunteers were: Joann Williamson, Audrey Smith and Elizabeth Hohon. Thank you, ladies. We always look forward to your visits.

A resident's council meeting was held Thursday afternoon. Plans for the birthday celebration and Fourth of July parade were among the subjects of discussion. Activities for July were discussed and agreed upon.

Mass was conducted by Father Comejo during the Spanish Hour of Praise Thursday afternoon. Visitors attending were: Anita Fierro, Alicia Perez, German Onofre, Lorena and Herbierto Gutierrez, Alejos Tambunga, Elipa Munoz, Refeco Martinez, Maria Vitela and Norma Flores. We would like to thank all the members of Our Lady of Perpetual Help Catholic Church who attended this activity with us.

Another piggy bank was filled

The heavily shaded yard of the Ed Sheppersons received the Yard of the Week award from Ozona Garden Club. Caladiums and gerber daisies add a splash of color to the grounds.

Friday morning during bingo. This time, Myrtle Post was the lucky person. This makes the second time Myrtle has succeeded in filling her bank. She was delighted. Other winners were: Theo Burns, Moriama Perez, Frances Davis, Juana Hernandez, Tomasa Ramos and Virginia Hoover. As a special treat, popcorn was served.

Sunday's worship service was conducted by Fernando Charles of the Templo Bautista Church. A large number of visitors attended. We would like to express our gratitude for such a large turn out.

Again, I would like to thank all the volunteers who assisted us during

the carnival. We couldn't have done it without you. We would also like to thank Happy Hollow and Thornton's Supermarket for the balloons and pinatas.

If you get the opportunity, come by and help us celebrate our 16th birthday and Crockett County's Centennial July 3 from 7 to 9 p.m.

**Mark Ramirez goes to Washington, DC youth conference**

Participating in the 1991 National Young Leaders Conference in Washington, D.C. is an experience that Mark Ramirez definitely recommends. Mark returned last week from a six-day trip which was highlighted by participation in a mock congress on gun control.

The 364 youths attending the conference worked in groups of 25 to present and debate a bill on gun control in the Cannon Caucus Room. Mark's part in the mock congress was as a member of the rules committee.

Some represented special interest groups; everyone had a part, Mark said.

"If I Were President" was another role playing portion of the conference. Here he acted the part of a Texas senator presenting a program to the president. The youngsters also acted as the supreme court, considering the question of censorship in high school newspapers.

The group attended a session of the United States Senate at which punishment for convicted drug dealers was discussed.

While in Washington, Mark met with Rep. Lamar Smith and the staff of Sen. Phil Gramm. He attended a media breakfast with members of the Press Club. At that time, he presented an award to Clark Kent Ervin honoring him for his work with the National Young Leaders Conference. Mark's group also met with officials at the Australian embassy.

Sightseeing trips included the Smithsonian, and the Lincoln, Jefferson, Viet Nam and Marine Corps memorials. The conference delegates were present for the changing of the guard at the Tomb of the Unknown Soldier at Arlington Cemetery. They also visited the grave of President John F. Kennedy. Attending the black and white movie, "Mr. Smith Goes To Washington" at the Bethesda Cinema and Draft House and banquet and dance were other activities of the youths.

The conference was "a good learning experience," Mark said. He urges any other Ozona students who are given the opportunity to participate in the conference in coming years

Mark Ramirez (r.) is pictured with Rep. Lamar Smith (l.) at the 1991 National Young Leaders Conference in Washington, D.C. Also pictured are: Tanya Cantu, Jay Long, Travis Arthur and Koyle Knappe. They were part of the 364 youth attending the conference.

## CIRCLE BAR

So proudly we hail!

There was a time in this country when the things we made, we made by hand. Skilled craftsmen who cared about the work they did took the time to do the job right. And every object they made was stamped with pride.

That spirit of endeavor is not lost today. You'll find it in Americans from coast to coast — men and women who still care enough to do their best. From artist to accountant, farmer to factory worker, Americans can be proud of the work they're doing. Just as they can be proud of the country that work has built.

We're proud of America — proud of the old-fashioned values this country stands for — and still has.

America, you're the greatest!
