FRANCES JOHNS, president of Direct Descendants of David Crockett, John S. Mitchell, Carolyn Cotton and Sandra Weaver, all Crockett descendants, pose with the statue honoring their ancestor. The four were in Ozona Saturday to join in the David Crockett Birthday Celebration.

## Crockett statue history well recorded

Descendants of David Crockett in Ozona to help celebrate the frontiersman's 206th birthday paused to inspect a statue erected in his honor.

The statue, carved from a block of native Texas granite, was set at the south end of Ozona's town square park on Dec. 31, 1938, the last of a number of memorials to Texas heroes paid for from funds left from money appropriated by the state to celebrate its 100th anniversary in 1936. The Texas Centennial Commission allowed \$7,500 for the memorial.

Ozona Stockman stories of the time gave statistics of the statue. The figure is carved from a block of granite some 12 feet in length and three feet square. The figure stands on a foundation slab of granite nearly the same size. The granite used in both pieces weighed nearly 20 tons.

At the base of the statue is the name Crockett and the words Be sure you are right, then go ahead. A brief outline of outstanding facts of Crockett's life appears on the back of the statue.

County Judge C.E. Davidson was notified of the appropriation for a memorial in mid-January of 1938 through a letter from Rep. Coke R. Stevenson of Junction.

"Dear Judge:  
"On October 5 I wrote you some of the details with reference to the status of the David Crockett memorial.

"I have just returned from a meeting of the Centennial Commission of Control which was held in Waco on Monday of this week. At this meeting the David Crockett Memorial, to be located in Ozona, Texas, was definitely and positively authorized, and an appropriation of \$7,500 was made..."

At this point, the judge and his court were not advised as to the form the memorial would take, but locally, suggestions were made that it be something of use to the community such as public library or swimming pool.

What the memorial was to be became clear Feb. 4 when John V. Singleton of Austin, Chief of the Centennial Division, State Board of Control, sculptor William McVey of Houston and architect Donald Nelson of Austin visited Ozona.

When questioned by members of the court and citizens interested in the possibility of erecting a building or other community project with the funds, Mr. Singleton explained that the money had been earmarked for a bronze statue on a granite base and could not be used for any other purpose. He promised to try to gain permission to have the statue carved from Texas granite, rather than cast in bronze.

Oscar Kost, who worked in A. W. Jones' boot shop on the south side of the square, remembers watching as Judge and Mrs. Davidson walked the park with McVey and Nelson who selected the memorial site.

On that day, according to commissioners' court records, an agree-

ment was approved by the court between the county and state for erection of the monument. The State Board of Control was given the right to use specified land and upon completion of the project, the title was to pass back to the county.

By Sept. 22, newspaper accounts report that the model for the statue was in plaster cast and The Premier Granite Quarries had quarried the granite. Carving was expected to begin at Llano in seven to 10 days.

The statue was placed on its base Dec. 31, 1938. Dedication was accomplished with great fanfare on the opening day of the 12th annual Rodeo, Race Meet, Stock Show and Sale June 27, 1939. Rep. Dorsey Hardeman, himself a native of Crockett's home state, Tennessee, delivered the principal address. Judge Davidson accepted the memorial on behalf of the county.

The statue remains in the park as a tribute to David Crockett for whom the county was named. Many a traveler has been photographed sitting on the statue's base.

## 4-H'ers excel in state competition

Results were received Thursday from Texas 4-H Record Book competition, and Crockett County 4-H'ers did well as usual.

Winning first place with her Housing and Home Environment record book was Katharine Durham. She will receive a plaque for her first place book. Durham won a trip to National 4-H Congress in 1990 with her Home Economics Achievement record book but was still eligible to enter a category without a trip this year.

Third places went to Chad Upham in Beef, Stefny Sutton in Fashion Revue and Julie Childress in Home Economics Achievement. "We are pleased with these results in highly competitive categories," said Tedra Ulmer, County Extension Agent-Home Economics, pointing out that Upham and Childress can submit books again in 1993 and Sutton has two more years to try for the coveted trip to Chicago.

(Continued on pg. 10)

## Fort petitions now being circulated

Petitions requesting that the state continue to operate Fort Lancaster began circulating in Ozona last week. They will be carried to Austin by Judge Kathryn Mayfield as part of an effort to keep the fort open.

show of support for the fort. Also expected to be there is John Meadows, a member of the family which gave the land where the fort is located.

Some commissioners, chamber of commerce representatives and citizens from Ozona plan to attend hearings of the Texas Parks and Wildlife Commission Aug. 26 and 27 in a

Persons who have not signed the petitions and wish to do so will find them at numerous stores throughout the community.

A petition from Fort McKavett opposing reduction in operations there is at Ozona Chamber of Commerce, but will be returned to the fort Friday.

## Game warden assigned to county

Game Warden Chuck Cosper arrived in Crockett County just in time for dove season which opens Sept. 1. Cosper comes to Ozona from Post. He has been a game warden for

21 years, leaving the Parks and Wildlife Department for 2 1/2 years to try corporate aviation, Cosper said.

Sue and Chuck Cosper, originally from Clarendon, were high school

sweethearts. They made their home in Hereford for 23 years. She is a retired bank officer who is looking forward to staying home. The Cospers share an interest in snow skiing and have a place at Ruidoso. Chuck also golfs and fishes. He is a certified flight instructor.

The Cosper family includes three children and four grandchildren. Pam is a teacher in Stephenville. Ken is a financial analyst in Lubbock. Vickie is completing her studies at Wayland Baptist College at Plainview and will teach secondary education.

CHUCK AND SUE COSPER

## Community invited to meet football team

Members of the community are invited to a hamburger supper sponsored by Ozona Lion Booster Club on Monday, Aug. 24, at 7 p.m.

The evening begins at Lion Stadium with a meal followed by introduction of all junior high and high school players and their parents.

Cost of the meal is \$2.

## One vehicle accident kills San Antonio man

A San Antonio man was killed and his wife and two children were severely injured Tuesday, Aug. 11, around 11 p.m. when the 1988 Chevrolet Iroc that he was driving at a high rate of speed left the road and hit the guard railing adjacent to Howard Draw bridge six miles west of Ozona. The resulting force knocked down 16 guard rail posts, causing the vehicle to ride on top of the railing and then plunge over the top of the bridge to the bottom of Howard Draw.

Trooper Ben English ascertained that the driver, Alejandro Marin, was not wearing a seat belt and was ejected. The man's wife, Leticia Marin, who suffered a broken jaw, and the oldest child were wearing seat belts and remained inside the vehicle. The baby, which was being held by the woman, was also ejected breaking both legs and causing a shoulder cut. "The man probably would have survived if he had been wearing a seat belt," the trooper said.

Trooper English said, "this was the worst destructive single vehicle accident that I have ever worked. Somehow, the woman, after regaining consciousness, was able to reach her crying baby, which was laying some distance from where the vehicle stopped, and carried it up the steep embankment, flagging down an 18-wheeler."

Trooper English said that he was very appreciative that everyone, EMS crew, Freddy Funeral Home, sheriff's deputies and the wrecker service, responded quickly. "They did an outstanding job," he said.

QUICK ACTION prevented a tragedy at a residence on Coates St. last Thursday. Bear Borrego (on roof) lifts a section of the tin so Tommy Miller can douse the flames along the faulty electrical wiring.

### George Franklin Taylor service in Arlington

George Franklin Taylor died July 27, 1992, in an Arlington Hospital. Service was held in Arlington at the Moore Funeral Home on July 30. His pastor, Rev. Kenneth Emerson, officiated.

Mr. Taylor was born June 24, 1939, in San Antonio to the late Maxine Roth Taylor and R. T. Taylor. He attended primary school in Ozona and was a member of Ozona Baptist Church at an early age.

The family moved to Arlington, and he graduated from Arlington High School. He attended Arlington State College, now UT Arlington, from 1957-1959.

Mr. Taylor served in the U. S. Navy from 1959-63 and graduated from the U. S. Naval Photo School. He received an honorable discharge with the rank of E-5 Photographer.

He was a member of University Baptist Church and The Men's Sunday School Class in Arlington.

After 20 years in the motion picture industry as a certified correction specialist with Eastman Kodak, Mr. Taylor opened Taylor Insurance Agency in 1978. As a hobby he was a licensed square dance caller and teacher for several years. He was invited to call for Ozona's square dance club in 1990.

He lived most of his life in Arlington, but always enjoyed visiting in Ozona.

Survivors include an aunt, Mrs. Vera Baker of Ozona, an uncle, Fener Roth of Lufkin, several cousins in Ozona, Dallas, Lufkin, Kerrville, San Antonio and Colorado.

## Public Notice

### PUBLIC NOTICE EMERALD

UNDERGROUND WATER CONSERVATION DISTRICT  
The Board of Directors of the Emerald Underground Water Conservation District on August 3, 1992 adopted the below mentioned proposed rules to facilitate the administration of groundwater laws of the State. Each rule as worded herein is a brief summary of the original rule. Any comments regarding these rules will be heard on September 14, 1992 at 6:00 PM at the District's office at 1102 Ave. I.

### RULE 1 DEFINITIONS RULE 2 WASTE

The flowing or producing of wells when the water produced therefrom is not used for a beneficial purpose or the pollution or harmful alteration of the character of the underground water reservoirs of the District.

### RULE 3 PERMIT REQUIRED

No person shall hereafter begin to drill or drill a well, or increase the size of a well without first having applied for a permit.

### RULE 4 DEPOSITS

Each application for a permit to drill a well shall be accompanied by a \$50.00 deposit. Said deposit will be returned to the applicant upon proper completion of the well and the return of the properly completed registration forms and well logs to the District office.

### RULE 5 ISSUANCE OF PERMITS

The Board shall issue or cause to be issued a drilling permit for a well properly spaced upon proper application executed and filed by the owner with the District.

### RULE 6 REQUIREMENTS OF DRILLER'S LOGS, CASING AND PUMP DATA

Complete records shall be kept and reports thereof made to the District concerning the drilling, production potential, equipping and completion of all wells drilled.

### RULE 7 MINIMUM SPACING OF WELLS

No well shall be drilled such that said well shall be located nearer than 660' feet from the nearest property line nor shall there be more than a cumulative of 16 wells permitted per section.

### RULE 8 EXCEPTION TO SPACING RULE

In order to protect vested property rights, to prevent waste, to prevent confiscation of property, or to protect correlative rights, the Board may grant exception to the above spacing regulations.

### RULE 9 PLACE OF DRILLING OF WELL

After an application for a well permit has been granted, the well, if drilled, must be drilled within ten yards of the location specified in the permit, and not elsewhere.

### RULE 10 REWORKING OR REPLACING OF WELL

No person shall rework, redrill, or re-equip a well in a manner that would increase the rate of production of such well without first having made an application to the Board, and having been granted a permit by the Board to do so.

### RULE 11 TIME DURING WHICH A PERMIT SHALL REMAIN VALID

Any permit granted hereunder shall be valid if the work permitted shall have been completed within four months from the filing date of the application.

### RULE 12 CHANGED CONDITIONS

The decision of the Board on any matter contained herein may be reconsidered by it on its own motion or upon motion showing changed conditions, or upon the discovery of new or different conditions or facts after the hearing or decision on such matter.

### RULE 13 RIGHT TO INSPECT AND TEST WELLS

An authorized officer, employee, agent, or representative of the District shall have the right at all reasonable times to enter upon lands upon which a well or wells may be located within the boundaries of the District, for the purpose of making reasonable and necessary inspections and test that may be required or necessary for the information or the enforcement of rules and regulations of the District.

### RULE 14 OPEN WELLS TO BE CAPPED

Every owner or operator of any land within the District upon which is located any open or uncovered well is, and shall be, required to close or cap the same permanently with a covering capable of sustaining weight of not less than four hundred pounds, except when said well is in actual use by the owner or operator thereof; and no such owner or operator shall permit or allow any open or uncovered well to exist in violation of this requirement.

### RULE 15 FINAL ORDERS OF THE BOARD

The orders of the Board in any non-contested application or proceeding shall become the final order of the Board on the day it is entered by the Board. All orders of the Board in contested applications, appeals or other proceedings shall become final after 15 days unless a motion for rehearing is filed under Rule 18 hereof.

### RULE 16 REHEARING

Any person whose application is denied, whose contest is overruled, or who is not granted the relief desired, may file with the Board a motion for rehearing within 15 days from the announcement by the Board of its decision or action. The Board shall act thereon within a reasonable time.

### RULE 17 RULES GOVERNING PROTEST

In the event anyone should desire to protest or oppose any pending matter before the Board, a written notice of protest or opposition shall be filed with the Board. Protest shall be submitted in writing with a duplicate copy to the opposite party or parties. In the event of a contested hearing each party shall furnish other parties to the proceeding with a copy of all motions, amendments or briefs filed by him with the Board.

### RULE 18 GENERAL RULES OF PROCEDURE FOR HEARING

Hearings will be conducted in such a manner as the Board deems most suitable to the particular case. Any party at interest in a proceeding, may

## Political Announcements

The following have authorized The Ozona Stockman to announce their candidacy for office subject to the action of the 1992 November election.

### FOR COMMISSIONER, PCT. 1:

Frank Tambunga  
Pol. Adv. Pd. For By Frank Tambunga,  
P.O. Box 1231, Ozona, TX 76943

### FOR COMMISSIONER, PCT. 3:

appear in person or by attorney or both. Evidence will be admitted if it is of that quality upon which reasonable persons are accustomed to rely in the conduct of serious affairs. The testimony shall be confined to the subject matter contained in the application or contest.

### RULE 19 GENERAL RULES RULE 20 WELL VALIDATION

The Board will provide for the validation of existing water wells that are subject to the rules and regulations of the Emerald Underground Water Conservation District provided that such wells were not drilled, equipped and operated in such a manner as to violate any other rules and regulations of the District.

### RULE 21 WELL REGISTRATION

Application for Registration is required for all existing and future wells in the District and shall be filed with the District on a form and in the manner required by the District.

### RULE 22 TRANSPORTATION OF WATER FROM THE DISTRICT

Every person must obtain a permit from the District for the transporting of water by pipeline, channel, ditch, watercourse or other natural or artificial facilities, or any combination of such facilities, if such water is produced from wells located or to be located within the District, and if all or any part of such water is used or is intended for use outside the boundaries of the District.

### RULE 23 WELL DRILLING, COMPLETION, CAPPING AND PLUGGING

All well drillers and persons having a well drilled, deepened, or otherwise altered shall adhere to the rules prescribed by the District pertaining to location of wells and proper drilling, completion, capping, and plugging of wells.

### RULE 24 REPORTING UNDESIRABLE WATER

Each licensed well driller shall immediately inform the landowner as well as the District when undesirable water has been encountered.

The earliest known written records are Sumerian word-pictures made about 3500 B.C.

## Judy Black Childress exhibits in "Sculpture in the Park" Show

Judy Black Childress, formerly of Ozona and San Angelo, now of Loveland, CO, exhibited her sculpture work in the annual "Sculpture in the Park" Show in Loveland Aug. 8 and 9. This was the ninth year for the show. Last year, 15,000 visitors spent \$500,000 on admission fees and art work. Stories are common of buyers flying in from throughout the country to purchase work. The number of sculptors was reduced from 200 last year to 140 this year, and each exhibitor was juried in by a panel of judges. The bid for tougher standards to get in was better exposure for those who did.

A non-profit group sponsors the show and uses the proceeds to purchase public sculpture for the city. These are placed in public parks and add to the title of sculpture center. The 36,000 population city has two bronze-casting foundries, thus professional sculptors have settled there and given the city an artistic reputation.

A total commitment to sculpture has been a major goal realization for Judy. Sculpture has long been a part

of her life, but a real commitment meant leaving a successful career in landscape architecture. Besides the design principles common to both professions, the strongest link in this transition was an ability to visualize and express ideas in three dimensions.

Judy studied art at Texas Tech University while earning her degree in landscape architecture. She has acquired a foundation in sculpture over the past 10 years by studying with well-known sculptors Garland Weeks, George Lundeen, Lincoln Fox and others. She also lived in San Miguel de Allende, Mexico, in order to study at Belles Artes there. Her subjects reflect an attraction to Mexico and its people, as well as a knowledge of animal behavior learned through a lifetime of ranch-life experience in West Texas.

Judy is the mother of Ira Childress of Meridian and Clay Childress of San Angelo. She is the daughter of Jane Black of Ozona. Mrs. Black and Dorothy Montgomery attended the showing last week in Colorado.

## Hernandez, De La Garza to wed

Mr. and Mrs. Natividad Hernandez Sr. announce the engagement and approaching marriage of their daughter, Marta Elena, to Adam De La Garza, son of Mr. and Mrs. Hector De La

Garza Sr.

The couple will exchange vows in Ozona at Our Lady of Perpetual Help on Oct. 24, 1992, at 3 p.m.

## Levis and Lace to host dance Aug. 22

Square dancing is "Friendship Set to Music". Saturday, Aug. 22, the Levis and Lace Square Dance Club will host another fun event at the civic center. Ted Young will be the guest caller. This one should not be missed.

Sept. 15 is the date set to start the new classes. You don't have to be a "real dancer" with your foot on the downbeat in order to enjoy square dancing. All ages can be taught the moves. This year all position dancing will be taught, and the club is looking forward to a large number of participants. Those interested are urged to be guests of the club Saturday night and get acquainted with what square dancing is all about.

The club will also dance Aug 25 in the park gazebo and entertain at the care center on Aug. 27.

## Its a boy!

Roland and Lori De Hoyos are the proud parents of a baby boy, Nathan DaKota.

Nathan was born Aug. 13, 1992, at 8:40 p.m. He weighed eight pounds and measured 19 1/2". Welcoming him home is his big sister, Kelli.

Proud grandparents are Bill and Jackie Seale of Rocksprings and Thomas and Alda DeHoyos of Ozona. Great-grandparents are Hadie Seale of Rocksprings, Jack Eagle of Erast and Romanita Vargas of Ozona.

## Snips, Quips, and Lifts

by Lottie Lee Baker

While living in a democracy you can say what you think without thinking.

\*\*\*\*

Many people are on the new "see food" diet—you see food, but you don't eat it.

\*\*\*\*

Being on a diet requires great WONT power.

\*\*\*\*

Worry is interest paid on trouble before it falls due.

\*\*\*\*

Diplomacy is the art of making others believe that you believe what you don't believe.

\*\*\*\*

A diplomat remembers a lady's birthday, but forgets the age.

\*\*\*\*

All that the overwhelming majority people are doing about juvenile delinquency is reading about it.

\*\*\*\*

Human diseases are the same that they were a thousand years ago, but doctors have selected more expensive names for them.

\*\*\*\*

Common sense would prevent a great many divorces; but on the other hand it could prevent a great many marriages.

\*\*\*\*

The best and surest way to save a marriage from divorce is not to show up for the wedding.

\*\*\*\*

Isn't it wonderful how dogs can win friends and influence people without reading a book?

\*\*\*\*

How did dogs learn to bark their loudest during a television news bulletin?

\*\*\*\*

A safety belt is a device that some motorists wear religiously for about twenty minutes after they pass an accident.

\*\*\*\*

American motorists take the best possible care of their cars—and they keep pedestrians in good running condition, too.

\*\*\*\*

Most people might practice economy if they had something left to practice with.

\*\*\*\*

A person should have enough education that he does not need to look up to anyone. He should also have enough to be wise enough not to look down on anyone.

### A LIFT FOR THE WEEK

Envy is usually the mother of gossip.

THIS SCULPTURE BY JUDY BLACK CHILDRESS was exhibited in the prestigious "Sculpture in the Park" Show held Aug. 8 and 9 in Loveland, Co.

SWEETHEARTS FOR 69 YEARS . . . Jeff and Laura Owens celebrated their 69th wedding anniversary with a trip to San Angelo with family members.

## Fierro earns degree from ASU

One of the 210 students earning degrees from Angelo State University Friday, Aug. 14, was Delma M. Fierro of Ozona. Delma earned her bachelor of business administration degree.

Speaker for the occasion was Hans-Wolfgang Lesch, a German

educator from the University of Lüneburg, who stressed the importance of international studies during his commencement address.

Delma is the daughter of Mr. and Mrs. Raymond Fierro of Ozona.

## Correction please . . .

Del Vinton has been on the Ozona Community Center staff since 1977, not 1988 as reported in the Aug. 12 issue of The Stockman.

## Crockett County Care Center holds monthly birthday party

The resident's monthly birthday party was held Monday afternoon, Aug. 3, honoring Elvira Pena and Mildred Kirby. Both ladies received a lovely corsage, compliment of Ozona Floral Shop. The beautifully decorated birthday cake was provided by Janet Hill. Connie Nelson was the hostess responsible for making this celebration special. We would like to thank Ozona Floral, Janet and Connie for their time and thoughtfulness.

Residents were entertained by the Sheriff's Posse Band Monday evening. Band members performing were Marsha Tomlinson, Jim Wilson and George Hester. They were great. We would like to thank them for a pleasurable evening.

Moriama Perez was the top winner in Tuesday morning's bingo. She won four games. Other winners were: Myrtle Post, Jeff Owens, Consuelo Sarabia, Elvira Pena, Joe Connolly, Alma James, and Laura Owens. Helpful volunteers were Sophie Kyle and Georgia Kirby. Thank you, ladies.

Volunteers Ruth Hester and Virginia Hubbard were on hand to assist residents during Wednesday morning's ceramic workshop. Thank you, ladies. We would have been lost without you.

A travel video on Scotland was shown Wednesday afternoon. Some of the scenery was breathtaking. We would like to thank Jo Davidson for supplying the video for our enjoyment. It was very interesting and educational.

Residents got a morale boost Thursday morning thanks to beauty shop volunteers Vivian Hughes, Joann Williamson, Jerri Pesson and Audrey Smith. We would like to thank these ladies for brightening our day.

Hymns were sung and communion was offered during Thursday afternoon's Spanish Hour of Praise. Members of the Our Lady of Perpetual Help Catholic Church attending were: Alicia Perez, Anita Fierro, Maria and Nip Vitela, Heriberto and Lorena Gutierrez, Felipa Munoz, Isabel

Ramirez, and Germana Onofre. We would like to thank them for sharing their time with us.

The lobby was alive with action Thursday evening thanks to the Levis and Lace Square Dance Club. The music was lively and everyone had a great time, especially when the Chicken Dance was done. Dancers performing were: J.D. and Lillian Brown, Raul and Maria De La Rosa, Carol Peek, Leroy Adcock, Betty Allen, Otis and Myra Nester, Jimmy Nowell, Tabby Ewin and Aundria Ewin. We would like to thank them for a very enjoyable evening.

Mildred Kirby was a three time winner in Friday morning's bingo games. Other winners included: Juana Hernandez, Moriama Perez, Hazel McDaniel, Myrtle Post, Joe Connolly, Jeff Owens, Florencia Poras, Elvira Pena, and Monnie Boyd.

Friday afternoon residents took the opportunity to sit back, prop their feet up and watch a little television.

Sunday's worship service was presented by members of the First Baptist Church. Maxine Brown played the piano and the sermon was delivered by Bill Fuller. We would like to thank all those who attended for sharing part of their busy weekend with us.

## Sutton County Days Aug. 20-22

Sutton County Days festivities begin Thursday, Aug. 20, with a box lunch on the courthouse lawn at noon. That night at 8 is the first performance of the Sonora Outlaw Pro-Rodeo. Rodeo performances are also scheduled for Friday and Saturday at 8 p.m.

Friday's activities include a reception for pioneer families at 10 a.m. in the Old Sonora Depot. To be honored are the families of: Isaac Miers, Jesus Galindo and John Johnson Fields.

A 4:30 parade will be followed by the annual barbecue on the courthouse lawn.

Activities are scheduled all day Saturday on the courthouse lawn beginning at 9:30. An art exhibit is planned at Old Sonora Depot on Friday and Saturday, Aug. 21 and 22.

Mary L. Curtis will be the featured artist. Beginning at 10 a.m. each day, the show will feature many pen/watercolors from her Sesquicentennial Collection and paintings inspired by her work at the National Wildflower Research Center on the LBJ Ranch.

She was one of the few private artists sanctioned by the 1986 Texas Sesquicentennial Commission. Many of her paintings originated in antique post cards, photographs, and sketches from the early days of Texas cities. The works are vivid, accurate depictions of early days. Many paintings from this collection are owned by corporations and private collectors throughout the U.S. and Europe.

Mary is returning to Sonora after 50 years. She left after her first year in high school, but has always felt that Sonora was home.

Music for Friday night's dance at the County Park Slab will be provided by The Movers. Saturday night dance music features Nashville Sounds.

## "Those Silly Geese"?

**"Bear one another's burdens, and in so doing fulfill the law of Christ" - Galatians 6:2**

In our hurried and harried lives we often ignore these inspired words of Scripture, or excuse ourselves by saying: 'I HAVE ENOUGH BURDENS OF MY OWN!' But sometimes it helps to take a look at the examples God has provided in some of His lesser creatures. Take geese, for instance - yes, those proverbial silly creatures that honk and flap along in formation during their spring and fall migrations. Note these outstanding features of their flight, and the lessons we human beings can learn from them.

As each bird flaps its wings, it creates an uplift for the following bird. By flying in a 'V' formation, the whole flock adds 71% more flying range than if each bird flew alone.

People who share a common direction and sense of community can reach their destination quicker and easier if they travel on the thrust of one another. If we have as much sense as a goose, we'll join in formation with those who are headed where we want to go.

When the lead goose gets tired, it drops back in formation and another bird flies the point position. The geese in formation honk to encourage those up front to keep up their speed. It pays to take turns in leadership roles and hard tasks, because people - like geese - can use a rest once in a while, and are interdependent. We need to be sure that our backseat honking is encouraging, not a hindrance.

When a goose becomes ill or is shot down, two other geese drop out of formation and follow their fellow flyer down - to provide protection until he's able to fly again or dies.

Then they launch out again with a new formation, or catch up with the old flock. If we have as much sense as a goose, we'll stand by each other.

Enabled by God's Word and empowered by His Spirit, we CAN "bear one another's burdens" - because His Son Jesus Christ came and bore the burden of OUR sins in His body - to the Cross, so that we will die to sin and live for righteousness (1 Peter 2:24). Although He was wounded for our transgressions (Isaiah 53:5), He IS risen and now leads us to our destination of Heaven. If we have as much sense as a goose, we will honk and flap in praise to God - and follow His Son.

THIS "TEXAS ARMY" MEMBER demonstrates the the old-fashioned way to start a fire.

## Donna Morrow named VISTA coordinator

Donna Morrow has accepted the challenge to be a VISTA (Volunteer In Service To America) with the Texas Department of Health to coordinate a Neighborhood Health Watch project in Ozona. She has recently returned from a four day training session in Austin. This workshop was sponsored by ACTION, the Federal Anti-Poverty Program and VISTA.

While in Austin she met many people from all regions of Texas and several from other states who are here to work in the varied and worthwhile projects. Many were involved in setting up food pantries, providing transportation for health clinics, helping with drug and alcohol abuse programs, teenage pregnancy programs, illiteracy classes, day-care programs and numerous other poverty reducing projects. Education is the underlying course of action.

Donna's particular project for the Ozona area will be the Neighborhood Health Watch. Two other projects are being sponsored in rural West Texas, one in Fort Stockton and the other in Alpine.

The Neighborhood Health Watch program will survey the Ozona area to find neighbors who are considered by others as someone they can depend on for helping with health problems. These persons will be asked to attend a meeting once a month to learn about health problems such as diabetes, hypertension, diet problems, Medicaid, Medicare, Supplemental Insurance, etc.

This program which helps combat poverty is comparatively new in the federal program. Mrs. Morrow is looking forward to working with the community and has pledged to do her part. "It will take the help and effort of each and every one working together to get the project working smoothly," Donna stated. "If you have certain health issues of which you are concerned, please speak up. Together we can make a difference."

For more information you may contact Mrs. Morrow at 392-2996.

THESE THREE ARE PROUD MEMBERS OF THE "TEXAS ARMY" who traveled from Andrews, San Angelo and Sonora to be join the festivities of David Crockett's Birthday Celebration held on the Square Saturday.

## Vasquez awarded TILF scholarship

Michael Anthony Vasquez of Ozona has been awarded a one year \$500 TILF Diamond Anniversary scholarship by the Texas Interscholastic League Foundation. This year the TILF awarded 24 new TILF Diamond Anniversary grants and seven honorary grants to students who have participated in the UIL State Academic Meet Contests and who have compiled an outstanding record of academic and extracurricular achievement.

This year the TILF awarded 305 new awards and renewed 200 awards for a total of 505 scholarships for 1992-93 with a value over \$675,000. Recipients may attend any approved college or university in Texas.

A graduate of Ozona High School, Vasquez won second place in the 1991 UIL State Meet Lincoln-Douglass Debate contest. Vasquez's high school activities and awards include: Who's

Who Among American High School Students, National Honor Society, "Just Say No" Club, Student Council, photographer for yearbook staff, National Young Leaders Conference alumni representative, band, Ozona

Catholic Church Parish Council youth representative.

Vasquez plans to attend Angelo State University and major in government and education.

BRANDY NEW IS THE PICTURE OF SATISFACTION as she samples a slice of watermelon at the David Crockett Birthday party on the square Sat.

## Flores earns UT engineering degree

Robert and Mela Flores were in Austin Aug. 8 to attend the University of Texas graduation ceremony and reception of the College of Engineering where their son, Roger, graduated with a B.S. in mechanical engineering.

Roger was also among those recognized for participating in the cooperative education program. All of his co-op work was at E. I. DuPont in Beaumont. He was also a team leader for their engineering project at U.T.

Also attending the graduation were Raedene Moore, Leslie and

Jessica, Robert Flores Jr., Elena Michele Flores and Millie Alonso, from Oceanside, CA, Rich and Johanna DeHoyos, Pete and Sherrie Gomez of San Angelo, Pedro and Irene Gomez from Midland, Harvey Fierro of Austin, Oscar Flores of Ozona and Julie Flores of Austin.

Roger, who has been employed by P.P. & G. Industries as a project engineer, returned home with his family to spend a few days in Ozona before he and his wife Julie move to Lake Charles, LA, to make their home.

Roger was an honor graduate of Ozona High School.

## Shop at home campaign raises ideas

Proposals for a Shop Ozona campaign were presented last week to members of Ozona Chamber of Commerce. Organization president Doug Meador talked of a long range plan to encourage residents to buy at home through coupon promotion and advertising campaigns.

Meador quoted \$43 as the IRS allowed cost of business travel for a distance equal to a round trip to San Angelo.

"The chamber will support and help manage, but it is your program," he said at a dinner meeting at Comfort Inn Thursday night.

Chamber co-ordinator Nancy

Moore suggested that a shop at home campaign be evaluated at the end of six months and again at the end of a year.

Attending the meeting were: Mary and Len Hillman, Johnny Jones, Barbara and Doug Meador, Alfred Enriquez, Tonya Bullard, Elaina Ybarra, Mrs. R. A. Harrell, Mr. and Mrs. J. B. Miller, Tom Anderson, Janet Hill, Virginia Bishop, Sean and Ruth Ewen, Frank White, Becky Childress, Cathy Carson, Linda and Scotty Moore, Mr. and Mrs. J. R. Bhakta, Lisa Karnes, Ben Ross, Mr. and Mrs. John Watson, Troy Williams and Nancy Moore.

## Local home economist attends conference

The annual conference of the Texas Association of Extension Home Economists was held in Lubbock Aug. 5-7. Crockett County Extension Agent-HE, Tedra Ulmer, participated in a portion of the three-day professional meeting.

The keynote speaker for the meeting was Allene Dockery Barzizza of Memphis, TN, who emphasized the importance of dealing with stress and balancing personal life and career.

Other workshop topics included "Addictive Disorders & Recovery Programs," "Food Technology & Hospitality for the Future," "Neurology of Aging," and "Your Money,

Your Job, Your Future."

Extension Home Economists are professional staff members of the Texas Agricultural Extension Service and the Texas A&M University System. They are employed in the County Extension Offices in most of the 254 counties in Texas.

These professional home economists provide research based information on child and family development, nutrition and health, clothing and textiles, housing and family financial management.

Your local County Extension Agent-Home Economics may be contacted by calling 392-2721.

DEE KEILERS CONGRATULATES CARLA DE HOYOS for being selected to represent Crockett County at the Texas 4-H water Camp held in Monahans.

## Carla De Hoyos attends 4-H water camp

As we move into the 21st century, we are finding that water is our most threatened and most valuable resource. More education must be provided to preserve and conserve this natural resource.

Carla De Hoyos, junior at Ozona High School, was privileged to be selected to attend the Texas 4-H Water Camp held July 26-31 at the George and Opal Bentley Center in Monahans. Although this is a 4-H Club activity, the Crockett County Water Control sponsored Carla's attendance.

During the informative week, there were many exciting lectures and projects. Students were introduced to power plant water chemistry and the many uses of water in the production of electricity. They collected and analyzed water samples from various processes throughout the plant and prepared reports on the week's activities.

Other vital topics discussed were the irrigation of farms and ranches;

provision of sufficient quantities of suitable water in a cost-effective manner; protection of the quality of both surface water and ground water, and safeguarding human life and property from flooding and flood damage to the extent that such protection is economically and technically feasible.

When asked her thoughts after the week-long camp, Carla replied, "the most I got out of this project is that we need to stop taking advantage of our water."

Carla is the daughter of Juan and Maria De Hoyos. She is a member of the Ozona Fighting Lion Band where she plays the trumpet. Carla has enjoyed showing 4-H lambs for the last three years. She is also a member of Our Lady of Perpetual Help Catholic Church.

Carla is eager to share her newly acquired knowledge with your club or group. Call the Crockett County Water Control District for a date and time if you need her for a program.

## Building guns relaxing hobby for professor

Daniel Womochel, a professor of geology at the University of Texas - Permian Basin in Odessa, began building facsimiles of antique guns as therapy. "My lectures are at night, and after several hours of classes and student conference, I couldn't just go home and lay down," he said. Building the exact copies of the guns allows Womochel time to unwind. "I can work for five minutes or an hour and then put it down."

Womochel was in Ozona Saturday with several weapons from his collection to participate in the David Crockett Birthday Celebration.

All Womochel's guns have historical significance. One of the prized weapons brought to Ozona is a copy of the oldest signed and dated Pennsylvania Valley rifle in existence, dating back to 1761. The original is in Valley Forge.

Other weapons on display included a rifle typical of the early 1800s, a double barreled flintlock rifle and a Hawken.

All his guns can be fired and are used in hunting, Womochel said. Roots of his hobby go back to his childhood when his father shot with antique guns in the 20s and 30s.

## Birthday celebration event winners

Davy Crockett's 206th birthday was celebrated in Ozona Aug. 15 with fun and games.

Winners of the washer tournament were: 1 B. T. Turland and Johnny Jones, 2 George Ybarra and Rudy Martinez, 3 Janna Key and Pete Guerrero.

Marie and Laura Pierce were first in the children's cake decorating contest. Second place went to J. L. (last name unknown) and third was won by Colin Hibdon.

Sidewalk art competition had two age groups. Winners of the K-2 grade division were: 1 Vince Castro, 2 Melinda Bullard, and 3 Holly Shepard.

In grades 3-5, winners were: 1 Leta Bess Bangeman, 2 Ty Porter and 3 Sarah Mayfield.

Laura Parker would like to be your druggist.

**CROCKETT DESCENDANT JOHN S. MITCHELL** (l.) shows Judge Brock Jones a copy of the letter written by David Crockett to family members in Tennessee urging them to move to Texas.

**Crockett descendants join local celebration**

"If old Davy knew all the trouble he caused, he'd say stay," quipped David Crockett descendant John S. Mitchell at a reception in Ozona Saturday honoring Crockett relatives. The reception was held, fittingly, in Ozona National Bank's Crockett Room.

Mitchell, 86, referred to Crockett's travels to Texas and his own recent trip to Tennessee for a reunion of the Direct Descendants of David Crockett and to Ozona for the birthday celebration for the frontiersman.

Travel is nothing new to Mitchell, a fourth great-grandson through Crockett's first wife, Polly. Mitchell lived in Europe 20 years, traveled 42 countries and went around the world twice as a vaudeville performer before eventually settling in Fort Worth and establishing an auto parts business.

When asked what brought him to Texas, Mitchell's wife, Jenny Milam Mitchell, herself a descendant of Alamo defender Ben Milam, laughed and commented that he usually says "a Toyota".

Actually, a letter purported to be written by Crockett praising Texas as a land of milk and honey convinced him to move here, the Tennessee native said. The letter, allegedly written by Crockett from St. Augustine to family members suggests that they should all move to Texas.

Mitchell had a copy of the letter with him and allowed a copy to be made for Crockett County Museum. He questions the authenticity of the letter based on the signature, even if it did motivate him to come to Texas. Mitchell also brought with him a newspaper article about the unveiling of a Crockett statue years ago in Tennessee. "My nose looks like the nose on the statue. That's my credentials."

Other Crockett descendants were welcomed to Ozona along with Mitchell by Judge Kathryn Mayfield, chamber president Doug Meador, coordinator Nancy Moore, Lou Haire, representing Ozona National Bank, and 4-H'er Adrienne Dickerson.

Frances Johns of Sugar Land, her sister, Sandra Weaver of Hamilton, and Carolyn Cotton of Clifton, all third greats through Crockett's second wife, joined in the day's festivities and even judged the children's sidewalk art contest.

Mrs. Johns, the new president of Direct Descendants of David Crockett, was accompanied by her husband Rick, an avid photographer of Crockett functions. The Johns shared photos

**Brandon Stover saves the day**

Quick action by Brandon Stover prevented a serious house fire Thursday afternoon. When the electricity went off at his family's home at 1:39 p.m., Brandon investigated and smelled smoke.

Firemen arrived quickly and vented the roof to get to a fire in the attic and roof. The fire was electrical in origin according to Fire Chief Bob Falkner.

Brandon is the son of Carolyn and Allan Stover. They live at 610 Coats Street.

A call to an electrical fire in trees at Ave. J and Coats at 8:48 p.m. Aug. 14 was turned over to West Texas Utilities. A tree had shorted wires, causing a breaker to blow.

Firemen started north to assist Big Lake with grass fires Friday night at 6:05 but never got there. On the way they found two fires of their own on Powell Field road. One fire required 750 gallons of water and the other 300 gallons. These fires and several in Reagan County were caused by lightning.

A fire caused by a skillet of grease was out when firemen arrived at Country Club Apartments Aug. 16. The fire department's fan was used to remove smoke from the apartment.

An in-town grass fire at 5th Street and the draw occupied volunteers at 5:35 p.m. Aug. 12. A total of 400 gallons of water was used.

**San Angelo Genealogical and Historical Society presents pioneer certificates**

On May 5, the San Angelo Genealogical and Historical Society presented its first and second pioneer certificate. The certificates were presented to Miss Rayden Leigh Jones and Master Caleb Ross Jones. The two San Angeloans are the great, great grandchildren of Alexander Bowman Kennedy, a resident of Tom Green County, Texas before 1910.

Any person having ancestors living in Tom Green County or the other counties until their organization dates, is eligible for a Tom Green County Pioneer Certificate.

To obtain more information about obtaining a Pioneer Certificate, please contact the San Angelo Genealogical and Historical, Inc., Harold J. Decuir, President, P.O. Box 3453, San Angelo, Texas 76902 or call (915) 658-7633 for more information and an application.

**THIS QUARTET OF CUTIES** is taking a rest during the whirl of activities on the square Saturday. They are: Victoria Miller, Alexandra Bean, Kelli Criner and Jenna Henderson.

**Confusion about dove bag limits**

Each fall some hunters get confused about daily bag and possession limits for mourning doves and other species. Hunters also should be aware of which species of dove they are hunting.

Ron George, deputy director of the Texas Parks and Wildlife Department's wildlife branch, said a daily bag limit is defined as, "the maximum number of the indicated species that legally may be killed, taken or possessed during the permitted shooting hours in one calendar day." A possession limit is defined as, "the maximum number of the indicated species permitted to be possessed by one person when lawfully taken in the United States."

"A person cannot legally shoot a daily bag limit of doves in the morning, then go out in the afternoon and shoot more doves," he said.

Texas has three species of doves with legal hunting season, all with different daily bag limits.

Whitewings, which have distinctive white stripes across each wing, should not be confused with white-tipped doves, which are named for the white on the tip of the tail. Both are a

legal game species in Texas, as are mourning doves, but whitetips most likely will be found south of a line from Corpus Christi to Laredo.

identification ask for the TPWD leaflet, "Know Your Doves." Write to TPWD, Literature Section, 4200 Smith School Road, Austin, Texas 78744, or call 2-800-792-1112, ext. 4566 or (512) 389-4566.

Art), Rebecca Hearne (Special Ed.), Kay Baker (5th Grade), Kristy Smith (3 yr.-old Program), Tamara Jones (Jr. High English), Elinore South (H.S. Math), and Jeannie Fuller (Co-Op Aide). Middle row: Rose Whitehust (Reading Primary), Elaine Castro (Primary Aide), Tonya Poindexter (Math Jr. High), Terrie Faught (3rd. Grade) and Tiffany Pullig (Jr. High P.E.). Top row: Judith Greene (4th Grade), Bill Greene (Counselor), Dickie Faught (H.S. Girls Basketball, History), Lee Gonzales (Jr. High History) and Tom Humber (Jr. High Principal)

**GETTING SETTLED IN** on the first day in Mrs. Reavis' kindergarten class are: Carlos Aguilar and Carla (l.) and Mayte Valdez and J.R. (r.)

### State okays teacher workdays for Crockett County schools

Ozona Public Schools has requested and has received permission from the Texas Education Agency to waive four student class days during the 1992-93 school year for the purpose of staff development.

The first staff development day will be this coming Monday, Aug. 24, and students will not attend school on this day. Ozona teachers will be in workshops held at Ozona Intermediate School concerning videodisc science instruction or in workshops at Ozona High school on site-based decision making.

Videodisc instruction for elementary teachers will be conducted by Elifeo Rodriguez, consultant for Optical Data Corporation, and will involve all first, second, third and fourth grade teachers, as well as Mrs. Kay Baker, who will teach science for all classes in the fifth grade. Junior high and high school science teachers will be attending a workshop conducted by David McWilliams, biology teacher in Ozona High School.

Videodisc instruction in science will be implemented in grades one through twelve this year and is one of the newest innovations in educational technology. Videodiscs are 12-inch discs filled with graphics, film, slides, and written text that are played through a videodisc player and viewed through a large screen television monitor. They are packaged with teaching guides, readers, activity books, and other material so that teachers and students can achieve maximum teaching and learning of science. They can contain up to 54,000 frames of information on each side of a record that can be controlled through the use of a remote control device or barcode reader.

Ozona teachers who are not involved in videodisc instruction in science will be attending a workshop conducted by Kay Joslin Walling, representative from the Texas State Teachers Association, on site-

based decision making. Site-based decision making is a process for using input from local campus committees composed of the principal, teachers, staff, parents, and community members in making decisions that affect the school campus.

Both workshops are scheduled from 8:00 a.m. until 4:00 p.m., and other district inservice days will be held on Sept. 28, Oct. 19 and March 5.

### Enrollment increases

The first day of school showed that there was an increase of 34 students enrolled over last year according to statistics.

The increase in the enrollment is partially due to 17 students being enrolled in a newly incorporated program for three-year-olds.

The number of students by grade on Monday was: 12th 76, 11th 63, 10th 65, 9th 71 for 275 in high school. 1991 totals were 260, and 1990 had 266 first day students.

Junior high students were as follows: 8th 59, 7th 79, 6th 63 for 201 students. 1991 totals were 207 and 1990 had 179.

Intermediate school students were 5th 73, 4th 65, 3rd 59 for a total of 197. 1991 total was 198 and 1990 had 221.

Totals by grade for primary school were 2nd 80, 1st 64, K 60, PK 27 and three year old program 17 for a total of 248. The PK/2 listed 22 students. 1991 campus total was 222 and 1990 listed 231.

All school enrollment totaled 921 students Monday with 1991 being 887 and 1990 showing 897.

## It's time to sign up for 4-H

All students ages 8 (in the third grade) through 18 are urged to sign up for 4-H if they haven't already. "If you aren't enrolled, now is the time, since we're starting major fall projects such as sheep, shooting sports and foods!" said Tedra Ulmer, County Extension Agent-Home Economics.

The agent noted that 4-H'ers who aren't on the mailing list may not get important information about projects and other opportunities.

4-H'ers who are already enrolled may want to come by the Extension Office and update their enrollment forms, and new members can either come by or have their parents complete a form. The County Extension Office is located on the second floor of the Courthouse Annex and is open from 8 a.m. to noon and 1 p.m. to 5 p.m., Monday-Friday.

4-H is the largest youth program in the world and has over five million members in the U.S. There are about

500,000 members in Texas. Projects in 4-H teach learning by doing—the most effective method of teaching. These projects are also designed to be carried out by the entire family, allowing for quality time and interaction between youth and adults.

Projects offered in 4-H in Crockett County on a group basis include Market Lambs, Ewe Lambs, Angora Goats, Beef Cattle, Field and Stream, Foods and Nutrition, Clothing, Photography, Horse, Rabbits, Shooting Sports, Housing, and Child Development.

Other activities include method demonstrations and public speaking, judging, camps, recreation, share-the-fun skits and much more.

There are also many self-determined projects available in 4-H such as dog care, vet science and career exploration which do not have to be done in a group and are perfect for a

child living far from town or one whose schedule doesn't permit many project meetings. All the child needs is a parent, older brother or sister or another adult who is willing to work with him/her to complete the project.

In addition, other projects normally completed in a group such as foods, clothing, housing and others can be done as a self-determined project when the need arises. "Just call our office or come by and we'll work out the details," said Ulmer, who noted adult and teen helpers are needed for projects.

For more information, call the Crockett County Extension Office at 392-2721. 4-H involvement, as with all activities sponsored by the Texas Agricultural Extension Service, is open to persons of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or handicap.

### Lone Star events

Sept. 4-6—Marfa Lights Festival, Marfa. The mysterious and unexplained Marfa ghost lights are celebrated during a three-day Labor Day weekend festival in this quaint far west Texas ranching community. Enjoy an evening street dance on the courthouse square. Rise early in the morning for a parade. Festivities throughout the day include food and craft booths and music and dancing performances by the Vive El Paso dancers. The lights are visible most nights from a viewing site nine miles east of Marfa on U.S. 90/67. Contact the Marfa Chamber of Commerce, Box 635, Marfa, 79843. 915/729-4942.

## Serve kids the four major food groups

Children will get the vitamins and minerals they need if parents sidestep the supplements and focus on the four major food groups, says Dr. Kathleen J. Motil at the USDA's Children's Nutrition Research Center in Houston.

"Even the most finicky eater will get enough vitamins and minerals with a varied diet including meat, dairy products, grains and fruits and vegetables," says Motil, assistant professor of pediatrics at Baylor College of Medicine.

"Children's vitamin and mineral preparations really treat the parent rather than the child. They provide parental peace of mind," she said.

Motil urges parents to exercise caution if they insist on over-the-counter supplements.

Vitamins can be potentially toxic, she warns. More is not always better, and megadoses of vitamins can be harmful.

"Too much iron can be fatal, and there are cases where excess Vitamin A and D can damage the kidneys, heart, and brain," she said.

Motil believes supplements should only be given under the care of a physician for specific medical reasons such as a chronic illness, teen pregnancy, or eating disorders.

However, she points out that a pediatrician may decide to recommend a fluoride supplement, available alone and in combination with vitamins, if there is insufficient fluoride in the drinking water.

Why are supplements so popular?

"We are only two generations removed from the era where vitamin deficiencies were real. Vitamins were even identified as required nutrients in the 1930s," Motil said.

"People began taking vitamins because they thought they were the cure-all for a number of ills. Like all things it takes two or three generations to see a change in attitudes."

For parents who want to leave supplements behind, Motil provides

the following dietary refresher:

To make sure your child gets adequate iron, serve red meat and liver, poultry and fish, legumes, fortified cereals, enriched whole-grain breads, dark-leafy vegetables and dried fruits.

Calcium is found in milk, cheese, yogurt, salmon and broccoli.

For vitamin C, try citrus fruits, green peppers, tomatoes, broccoli and strawberries. Cantaloupe and apricots are rich in Vitamin A.

The B vitamins can be found in meats, fish, poultry, grains and cereals, sweet potatoes, bananas and eggs.

JACK GILLETT (L.) and grandsons Jeffrey and Steven Gillett listen carefully to a "Texas Army" member as he explains an old-fashioned gun.

## Sheriff's Report

WEEK ENDING 8-18-92

### ARRESTS:

8-13...51-year-old James R. Warren of Hereford was arrested on a warrant charging theft by check from Randall County. He was released after posting bond.

8-13...42-year-old Melvin W. White of Ozona was arrested on charges of aggravated sexual assault of a child. He was released on 8-14 after posting bond. The case will be

tried in district court.

8-14...25-year-old Johnny B. Villarreal Jr. of Ozona was arrested on charges of driving while intoxicated. He was released, later in the day, after posting bond. The case will be tried in county court.

8-15...42-year-old Bennie L. Hogard of Big Lake was arrested on traffic warrants out of Marlin, Texas. He was released after paying his fine.

### INCIDENTS:

8-12...Sheriff's deputies are investigating a report of a 7-year-old child being injured. The offense occurred on Ave. L. The suspect is a 26-year-old woman who allegedly pushed the child off her bicycle. The child was treated and released at Crockett County Hospital.

8-13...Frank Castello of Castello Inc. out of La Grange reported damage to two tractors that were parked at the intersection of Hwy. 163 and 137. An ignition switch and panel were stolen from one tractor and a fuel line was broked on the other.

8-16...Steve Martin of San Antonio reported the theft of a duffle bag

that had been on top of his 1984 Dodge van. Mr. Martin was in Sonora when he discovered the duffle bag full of clothes was missing. He said that he had last noticed the bag when he was in Ozona.

## \*4-H'ers excel

(Continued from pg. 1)

Fourth place in Range Management went to Justin Southern and 6th Place in Sheep and Goats went to Adrienne Dickerson. Terry House placed 8th in Agriculture, tenth place finishes went to Jennifer Davidson in Foods and Nutrition and Heather Hill in Horse.

The 4-H Awards Program Record Books reflect cumulative experiences over a 4-H member's career, and the size, scope and growth of their main projects as well as supporting projects, citizenship and leadership. "Record books are judged on much more than how many blue ribbons a 4-H member wins," said Ulmer, noting that "the judges look at involvement in 4-H and what the 4-H'er has learned over the years in regard to life skills and technical knowledge."

Ulmer noted record books can be a real hassle, but are much easier for those who start out young and keep them up. She also noted that the information required for 4-H Foundation Scholarships and for many other scholarships ties in with information found in record books. "Several parents have noted how useful their child's record books have been in filling out college and scholarship applications, because most of these ask for leadership and citizenship information."

The agent also pointed out that many colleges are beginning to look at leadership and citizenship experiences in their student selection process. "Texas A&M, for example, has begun to 'weed out' their huge numbers of freshman applicants by looking at grades, then by choosing on the basis of leadership and citizenship, because they know these students will have what it takes to make it in a major university."

Ulmer noted many other qualities are developed in 4-H that help young people become good citizens and succeed in their careers. For information on what 4-H can do for your child, contact the Crockett County Extension Office at 392-2721. Educational programs such as 4-H which are sponsored by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or handicap.

## Sutton returns from textile symposium

Stefny Sutton attended the Southern Region 4-H Textile and Furniture Symposium in North Carolina. The symposium was held Aug. 1-7 at North Carolina State University at Raleigh, the University of North Carolina at Greensboro and High Point College in High Point.

Activities were conducted by faculty in the College of Textiles, Engineering, and Forest Resources at NCSU, the Department of Interior

Design in the School of Human Environmental Sciences at UNC-G, and the Home Furnishings Marketing Program at High Point College.

Receiving certificates or silver trays upon completion were 54 delegates and three returnees from 12 states. Three Texas delegates were selected from 7 applicants. Delegates are chosen on the basis of their involvement in 4-H textile programs. First-year delegates opted to focus

on either the textile or furniture industries during the week. Stefny, age 16, daughter of Jeffrey and Carmen Sutton, chose the textile option. She studied fiber identification, yarn testing, design techniques, physical testing, color design and computer applications.

At the University of North Carolina, delegates learned to tie-dye and screen print. In addition to screen printing a shirt, Stefny sewed a laser-cut 4-H flag.

During a tour of Cone Mills, the world's largest producer of denim, the youths saw products designated for such companies as Girbraud, Levi, Wrangler and Guess.

Unifi Reidsville, where cotton is made into yarn and dyed, offered an impressive 11,000 colors, Stefny said.

Seminars for the textile and furniture tracks covered each industry's history, economic significance, future and career options. Delegates toured textile and furniture companies for a firsthand look at how industries use the concepts and techniques they studied.

To obtain information on career opportunities, they attended career sessions led by textile or furniture professionals working as chemists, computer programmers, salespersons, designers, engineers and managers.

The symposium, conducted by the North Carolina Cooperative Extension Service, was initiated in 1989 through a grant from Guilford Mills Inc. in Greensboro. The symposium is now sponsored by industry members of the North Carolina textile Manufacturers Association and by Classic Gallery Inc., a furniture company in High Point.

A program on fashions and fab-

STEFNY SUTTON receives a certificate after completing the 4-H Textile and Furniture Symposium from J. Douglas Galyon, director of public affairs for Guilford Mills Inc., Greensboro, N.C.

## 4-H'ers attend ambassador workshop

Whitney Vannoy and Katharine Durham, both senior members of Crockett County 4-H, attended the annual Texas 4-H Ambassador Workshop held in Brownwood at the Texas 4-H Center, Aug. 7-9.

Durham, who represents Texas as their National 4-H Ambassador, gave the keynote address at the banquet and presented a workshop on "Tips for Ambassadors" during the training. Vannoy received Ambassador training during the workshop. She and Durham will represent the county 4-H program as Ambassadors during the coming year.

During the training, 120 4-H

members and leaders from 15 counties developed team plans to promote 4-H and to educate the public about the opportunities 4-H has to offer. Through role-playing, media interview and public speaking training, the 4-H members developed skills needed in their ambassador work.

The weekend was not all work, however, with a dance, recreation and making new friends included at all 4-H events. Other 4-H members attending from Extension District 6 were State Council member Chris Schraeder and Michael Schraeder from Glasscock County and Katherine Foley from Pecos County.

## 4-H leaders association to meet Aug. 31

The Crockett County 4-H Parent/Leader Association will meet Monday, Aug. 31, at 7:45 p.m. in the Crockett Room of Ozona National Bank. All parents of 4-H members and all adult leaders are asked to attend.

Nancy Vannoy will take over the reins of the association as president at this meeting. Items on the agenda include planning the upcoming awards banquet, plans for the district Gold Star Banquet to be held in Ozona on Oct. 24, opportunities in 4-H, an update on the 4-H program over the

summer, and discussion of the results of a 4-H program survey conducted this spring.

The adult leaders' meeting will follow the fall meeting of the county's 4-Hand Youth Committee, which will be held at 7 p.m. in the Crockett Room.

Parents of new 4-H members are encouraged to attend and get their child off to a good start. This meeting is open to all interested persons, regardless of age, socioeconomic level, race, color, sex, religion, national origin or handicap.

Remember our deadline: Monday at 5 p.m.

**YES, WE DO PRINTING**

rics by Allison Webb was of much interest to the young women attending. Bright colors and natural fibers are in for the fall, Stefny said.

To become a second year delegate, 4-H'ers must do a textile project and be accepted. One of this year's returnees started her own custom wedding business, designing and constructing gowns and accessories.

Stefny is considering designing and hand-painting jeans as her project.

A nine-year 4-H Club member,

she advanced to state fashion show in 1991, and her record book, Fashion Revue, placed third in state competition this year. Stefny has taught sewing and modeling to other 4-H'ers.

She also participates in the 4-H food and nutrition and sheep and goat programs. Stefny attended State 4-H Congress in Austin and district leadership lab in Snyder.

School activities include annual staff, varsity tennis and National Honor Society. Elected captain of the flag corp this year, she is a second

year member and has been in band six years. Stefny is a junior at Ozona High School.

A member of First Baptist Church, she participates in the youth group there.

**1992 Property Tax Rates in Crockett County Consolidated Common School District #1**

This notice concerns 1992 property tax rates for C.C.C.S.D. #1. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:	
Last year's operating taxes	\$ 808,435
Last year's debt taxes	\$ -0-
Last year's total taxes	\$ 808,435
Last year's tax base	\$ 513,496,502
Last year's total tax rate	\$ .1575 /\$100

This year's effective tax rate:	
Last year's adjusted taxes	\$ 808,435
+ This year's adjusted tax base	\$ 494,422,630
- This year's effective tax rate	\$ .16961 /\$100

*In the first year a hospital district or city collects the additional sales tax, it must insert the following lines unless its first adjustment was made last year:*

- Sales tax adjustment rate	\$ -0- /\$100
- Effective tax rate	\$ .16961 /\$100

x 1.05 = maximum rate unless unit publishes notices and holds hearing

	\$ .1746283 /\$100
--	--------------------

This year's rollback tax rate:	
Last year's adjusted operating taxes	\$ 808,435
+ This year's adjusted tax base	\$ 494,422,630
- This year's effective operating rate	\$ .16961 /\$100
x 1.08 (or add 1.08 for schools) = this year's maximum operating rate	\$ .24961 /\$100
+ This year's debt rate	\$ -0- /\$100

*A school district must insert the following lines:*

- This year's rollback rate before adjustment	\$ .24961 /\$100
+ Rate to recoup lost revenue	\$ -0- /\$100
- Adjusted rollback rate	\$ .24961 /\$100

*A hospital district or city that collects the additional sales tax, including one that collects the tax for the first time this year, must insert the following lines:*

- Sales tax adjustment rate	\$ /\$100
- Rollback tax rate	\$ /\$100

**Schedule A**  
**Unencumbered Fund Balances**

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
Local Maintenance	\$2,563,650

**Schedule B**  
**1992 Debt Service**

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment
	\$ -0-	\$	\$	\$ -0-
<i>(expand as needed)</i>				
Total required for 1992 debt service	\$	\$	\$	\$ -0-
- Amount (if any) paid from funds listed in Schedule A	\$	\$	\$	\$ -0-
- Excess collections last year	\$	\$	\$	\$ -0-
- Total to be paid from taxes in 1992	\$	\$	\$	\$ -0-
+ Amount added in anticipation that the unit will collect only _____ % of its taxes in 1992	\$	\$	\$	\$ -0-
- Total Debt Levy	\$	\$	\$	\$ -0-

**Schedule C**  
**Expected Revenue from Additional Sales Tax**

(For hospital districts, cities and counties with additional 1/2-cent sales tax)

In calculating its effective and rollback tax rates, the unit estimated that it will receive \$ \_\_\_\_\_ in additional sales and use tax revenues.

**Schedule D**  
**State Criminal Justice Mandate (For Counties)**

The \_\_\_\_\_ County Auditor certifies that \_\_\_\_\_ County has spent \$ \_\_\_\_\_ in the previous 12 months beginning \_\_\_\_\_ 19 \_\_\_\_\_ for the maintenance and operations cost of keeping inmates sentenced to the Texas Department of Criminal Justice. \_\_\_\_\_ County Sheriff has provided information on these costs, minus the state revenues received for reimbursement of such costs.

This notice contains a summary of actual effective and rollback tax rates' calculations. You can inspect a copy of the full calculations at \_\_\_\_\_
