Prisoner Hangs Himself In Jail

A prisoner found hanging in a Crockett County Jail cell shortly after being booked March 13 died of "asphyxiation consistent with suicide" according to a ruling by the Bexar County Medical Examiner's Office. An autopsy was performed Monday.

Samuel Paul Mondy, age 20, of Baton Rouge, LA, was arrested following a high speed chase on I-10. Officers investigating a gasoline theft at an Ozona station located the suspect vehicle west of Ozona, Sheriff Jim Wilson said. Mondy was driving and was accompanied by 25-year-old man and two juvenile females ages 12 and 13.

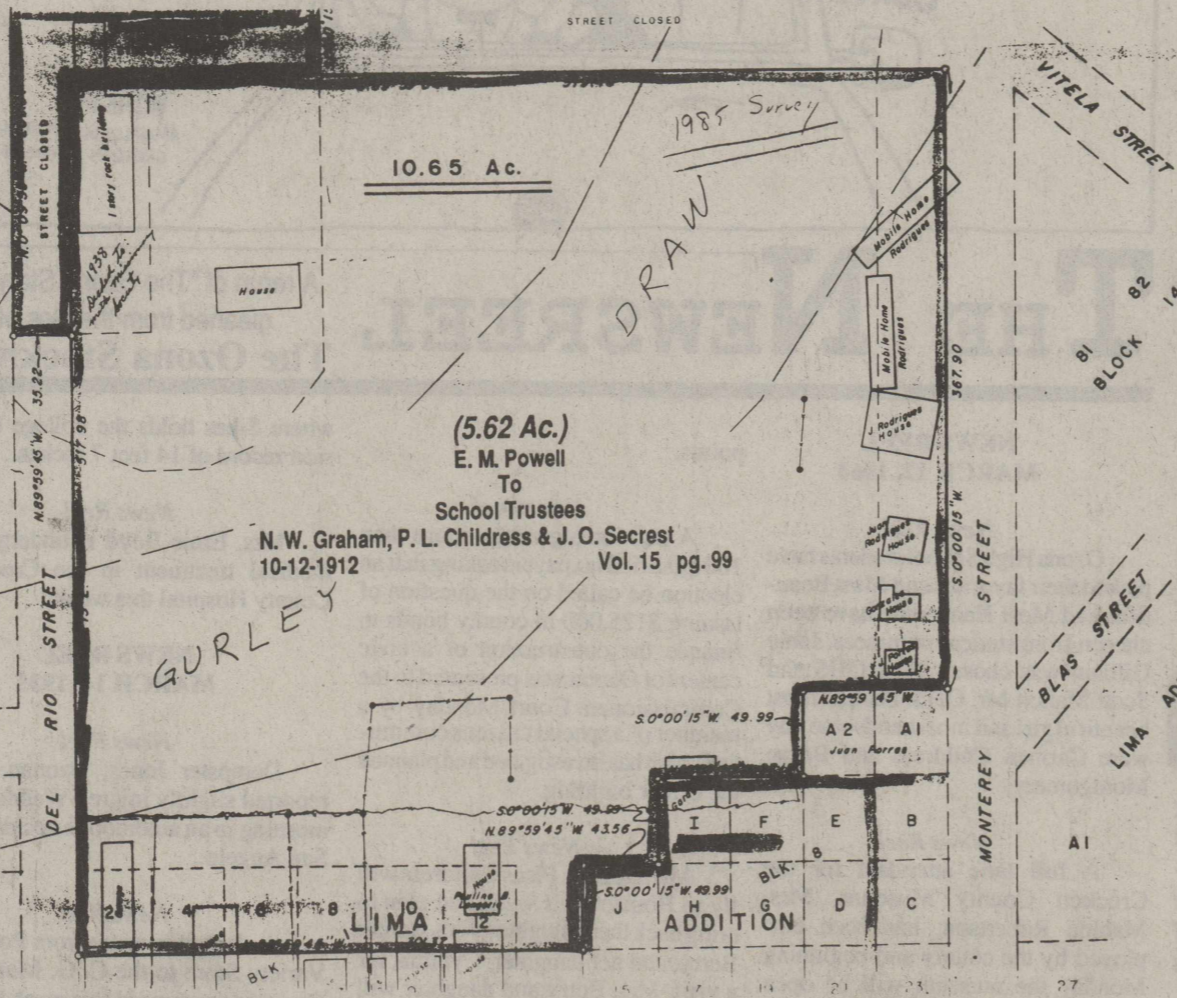

The four suspects were taken into custody about 25 miles west of Ozona following a high speed pursuit during which Mondy attempted to ram police vehicles.

Mondy was booked into the county jail and placed in a cell at approximately 1:49 p.m. He had indicated that he had been treated for mental illness and suicidal tendencies, Sheriff Wilson said. "For this reason, he was placed in a cell near the jail office. Also, for the same reason, a suicide watch was ordered on the inmate. Suicidal inmates are checked far more often than those in regular population," the sheriff said.

The prisoner was discovered hanging in his cell prior to 2:30 p.m. Mondy had made a rope using towels and a mattress cover.

He was cut down by a jailer and deputy who immediately began CPR and called for emergency medical personnel. EMTs arrived minutes later and took over the treatment of Mondy. He was transferred to Crockett County Hospital by ambulance where he was pronounced dead at approximately 3:01 p.m.

Texas law requires that a special report be made on all custodial deaths to the Texas Attorney General. This is being done. It is also Sheriff Wilson's policy to request that custodial deaths be investigated by a Texas Ranger. Co. E, Texas Rangers (Midland) has assigned a Ranger to conduct the investigation.

School Claims Disputed Lots

School superintendent James Payne and tax assessor/collector Tommy Stokes concurred Tuesday that a 50 foot parcel of land adjacent to lot A1 of the Lima Addition does in fact belong to the school. Ownership of the land came under question earlier this month when county equipment and employees were used to clean the property of vegetation and debris from two structures.

The determination that the property belongs to the school was made after the men examined a May 13, 1985, Standard Land Survey map. The original land survey was made in 1912.

Tax statements have been sent for the structures on this land and for other houses and mobile homes located on school property along the

draw, Stokes said. The land cannot be taxed because it belongs to the school.

The original deed from E. M. Powell stipulates that the land must not be used for any purpose other than school, playground or park, Supt. Payne said. If the property is used otherwise for more than 30 days, under the terms of the deed it is to revert to descendants of the donor.

Fire marshal Steve Kenley said he was asked in 1992 by Commissioner Rudy Martinez and Orlando DeHoyos, county attorney, to inspect the area and determine whether or not it was a fire hazard. Kenley did so and wrote a letter to that effect to DeHoyos on July 31, 1992. Kenley said he did not know why action had not been taken to correct the hazardous condi-

tions before now.

De Hoyos said Monday that private individuals who are unknown to him had torn down the structures some two months earlier and that county equipment and personnel were merely removing debris when they were at work on the property March 5.

The county attorney also said he did not instruct anyone to remove debris from the property but told Commissioner Martinez and Eddie Moore, road and parks superintendent that in his opinion it was all right for the county to do so.

March 17 Final Day To File For School Trustee

As of Tuesday, four candidates had filed for a place on the May 1 ballot for school trustee. Candidates are: George Ybarra, Roylan Sullivan, Becky Childress and Richard Sanchez.

Trustees whose terms expire are Jeffrey Sutton and Gary Vannoy. Neither is seeking re-election.

April 1 is the last day to register to vote in this election. All voter registration is done at the county tax assessor's office in the courthouse annex.

Early voting by personal appearance begins April 12 and ends April 27. Requests for a ballot to vote by mail should be directed to May Lay at the school administration building, Box 400. April 23 is the last day application may be accepted for early voting ballots to be voted by mail.

Crockett Descendants To Unite In Ozona

By Sandy Stark

A family almost as big as the county that bears its name will descend on Crockett County Aug. 7 for the 1993 Crockett Clan of Texas annual meeting.

Frances John, fourth president of the Direct Descendants of Davy Crockett Association and a third granddaughter of David and Elizabeth Crockett, stated in the February issue of the *Go Ahead* newsletter that the Crocketts would be coming to Ozona and urged her kin to do likewise.

Last year Ozona was privileged to have five members of the family as guests during the David Crockett Birthday Celebration sponsored by Ozona Chamber of Commerce. They were: Frances John, president of the DDCS and The Crockett Clan of Texas, and her husband, Ric, of Sugarland, John

4-H'ers Exhibit Champions In San Angelo

Tara Wilkins exhibited the champion finewool lamb along with a fifth place crossbred lamb last week at the San Angelo Livestock Show, and Lisa Herring exhibited the champion Angora doe kid.

Other Crockett County youths exhibiting lambs were: Mason Wilkins, Whitney Vannoy, JoLynn Vannoy, Leigh Chandler, Adrienne Dickerson and Lauren Wilkins.

Mason placed sixth with his crossbred lamb. Whitney had lambs placing fifth, ninth and 14th. JoLynn placed 15th and 17th. Leigh placed 17th with her finewool lamb and Adrienne was 18th with her finewool. Lauren placed her finewool lamb 18th and her crossbred lamb 19th.

The second place Angora billy was exhibited by Whitney Vannoy. JoLynn Vannoy exhibited the ninth place billy and also won the goat showmanship award.

Chad Myers exhibited rabbits and won third place.

Others exhibiting from Ozona

were: Nancy Arrott, Tommy Conner and Jessica Herring. The 4-H'ers were accompanied to San Angelo by: Jimmy and Debbie Arrott, Erby and Janie Chandler, Tommy Conner, Terry and Peggy Dickerson, Randy Herring, Ray Don and Barbie Myers, Gary and Nancy Vannoy, Steve and Belinda Wilkins, Mike Edinburgh, Donnie Laughlin and County Extension Agent Billy Reagor.

New Doctor Here Next Week

Dr. Larry Green will arrive in Ozona March 21 to meet with Judge Kathryn Mayfield and others he was unable to see during his last visit to Ozona according to hospital administrator Gerry Phillips.

The doctor will possibly do some house hunting during this trip, Phillips said. Dr. Green plans to begin his practice here in May.

Plans Being Made For World Championship Goat Roping

By Sandy Stark

The 1993 World Championship Goat Roping hosted for the first time by the Ozona Chamber of Commerce will be held June 25 and 26.

The event, which is usually held in San Angelo, was bid on by the chamber of commerce. The directors of the Texas Goat Roping Association are now busily planning the roping.

Events last year included junior and senior world championship goat roping, match roping, novice, amateur and 40 and over jackpot goat roping, goat scramble, celebrity/media goat milking, girls' goat tying.

There will be a dance at the rodeo pavilion Friday night, June 25.

The roping will partially benefit the West Texas Boys' Ranch and West Texas Rehabilitation Center.

"At this time, so much is in the

planning stage," said Nancy Moore, chamber of commerce coordinator.

Firemen Battle Lancaster Fire

Fire trucks were dispatched twice to the Lancaster Hill area March 9 to separate fires on the Dudley and Holmes ranches.

The fire on the Dudley property, which is leased by Will M. Black, was not a controlled burn, but Black and firemen decided to let the fire burn out.

At about the same time, Graham Childress began a controlled burn across the river. The fire later got out of control and trucks were summoned from Ozona and Sheffield.

According to Ozona fire chief Bob Falkner 30 or more acres were burned.

Older Citizens Valuable To Workforce

As the year 2000 approaches, Texans must conserve and nurture the natural resources in order to meet the economic and social challenges which lie ahead. Among our most valuable resources are the skills, talents, and abilities of our senior Texans.

represent the rural areas of 132 Texas counties and are funded through the Department of Labor. With her supervisor, Betty Tambunga, Mrs. Ramos assists with the transition of the senior workforce back into private sector employment.

According to Green Thumb State Director, Diane Cowan, "Green Thumb's Experience Works! The training program matches employer needs with participant skills, abilities, and interest. At no cost to the employer, Green Thumb provides recruitment, screening, and referral of qualified applicants. We tailor the training

to the job and share in the training cost."

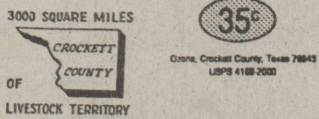

"Not only during Older Worker Week but every other week, employers should utilize the skills and abilities of our senior jobseekers; hiring experience, dependability, reliability, and dedication is just good business," stated Mr. Joe Rankin, President of Green Thumb, Inc.

Judge Kathryn Mayfield signed a proclamation proclaiming the week of March 14-20, 1993 as "Older Worker Week in Crockett County," urging employers, both public and private, to invest in experience—hire an older Texan!

BETTY TAMBUNGA AND ELOISA RAMOS of the Texas Department of Human Services await Judge Kathryn Mayfield's signature proclaiming March 14-20 as Older Worker Week in Crockett County.

Crockett County Care Center News

By JoAnne Marshall

The residents' monthly birthday party was held Monday afternoon honoring Bill Cooper, Frank James, Juana Hernandez, Meta Koerth, Florencia Porras and Tomasa Ramos. The two gentlemen received wooden watch boxes and the ladies received ceramic banks as birthday gifts. Cherry and banana cake was served. One of the residents, Tomasa, celebrated her 100th birthday. Several family members joined us for the celebration.

Florencia Porras filled her piggy bank during Tuesday morning's bingo. She received a \$15 grand prize check. Games were also won by Frances Davis, May Gomez, Jose Arredondo, Mildred Kirby, Hazel McDaniel, Monnie Boyd, Joe Connolly and Moriana Perez. Volunteers assisting residents with their cards were Georgia Kirby and Sophie Kyle. It sure was good to have Sophie back with us. We've missed her.

A Spanish-English study hour was held immediately after bingo.

Residents took advantage of the lovely bright sunshine Tuesday afternoon. It was just too pretty to stay indoors.

Spanish-English class was held Tuesday evening under the leadership of Ben Sanchez. Residents attending this week's class were: Monnie Boyd, Hazel McDaniel, Moriana Perez, May Gomez, Florencia Porras and Joe Connolly. We would like to thank Ben for his time and patience.

A variety of pieces ranging from vases to pigs were worked on in Wednesday morning's ceramic workshop. Volunteers donating their time and talents were: Ruth and Patsy Hester and Virginia Hubbard. Thank you, ladies.

The popular game Hoopla Ring Toss was played Wednesday afternoon. Prizes were won by Frank James, May Gomez, Monie Brewer, Frances Davis, Hazel McDaniel, Simon Longoria, Florencia Porras, Monnie Boyd, Consuelo Sarabia, Lillian Hubbard and Elvira Pena.

Thursday morning's beauty shop volunteer doing a great job of styling the residents' hair were: Vivian Hughes, Joann Williamson, Jerri Pesson and Audrey Smith. Thank you, ladies. We look forward to your visits.

The Spanish Hour of Praise was held Thursday afternoon. Hymns were

sung and communion was offered. Members of Our Lady of Perpetual Help Catholic Church attending were: Alicia and Beto Perez, Lorenza and Beto Gutierrez, Paulita Leal, Felipa Munoz, Isabel Ramirez, Micaela Cantu, Beatriz Vasquez and Germana Onofre. We would like to thank each and every one of them for coming.

Residents were entertained with good humor and dancing Thursday evening, thanks to the Levis and Lace Square Dance Club. Dancers were: Raul and Maria De La Rosa, J. D. and Lillian Brown, Betty Allen, Gaylia Underwood, Carol Peek and Leroy Adcock. We enjoyed your performance, and would like to thank you.

Another resident was lucky enough to fill her piggy bank during Friday morning's bingo games. Laura Owens donated her \$15 grand prize check to the activity fund. Thank you, Laura. We appreciate your generosity. Other winners were: Joe Connolly, Frances Davis, Juana Hernandez, Monnie Boyd, Florencia Porras, May Gomez and Consuelo Sarabia.

A Spanish-English study hour was held immediately following bingo.

A volunteer appreciation salad bar dinner was held Friday evening. Although the weather was miserable, the turnout was good. We just wanted our volunteers to know how much we appreciate them. Our activity programs would not be possible without them.

Neighborhood Health Watch Meeting April 13

On Tuesday, March 9, VISTA volunteer-coordinator Irene Arredondo introduced her supervisor, Bryce McGregor from El Paso, to the Neighborhood Health Watch volunteers. During this meeting the Neighborhood Health Watch was discussed. Volunteers will be visiting their neighbors and friends for their opinions concerning the needs of Crockett County.

The next meeting will be Tuesday, April 13 at 7:00 p.m. at the Texas Department of Health. Karen Huffman, RN, will be the speaker and will discuss the WIC services. This meeting will not only be interesting but will be of service to many.

VISTA is sponsored by the Texas Department of Health.

Card of Thanks

Dear Ozona,

With every trial I've faced in life, the importance and treasure of living in this town is illuminated. I am so appreciative of the outpouring of love shown me and my family with the many cards, visits, calls, food and prayers.

Tender loving care is a major ingredient in getting well. Thanks to each and every one for your interest, love and concern. Please continue to keep me in your prayers

Totsy Hagelstein and family

Card of Thanks

I wish to thank the Ozona Fire Department and DPS officer Richard Barton for coming to the rescue of the Volkswagen that burned last week. Thanks to Rose Williams and her family for the use of her phone. Thanks also go to Ruth Hester and Jeannie Wellman.

Local Ladies Attend Armstrong Easter Celebration

Attending the brunch at the First Baptist Church in Del Rio Saturday, March 13, to help launch the Annie Armstrong Easter Offering for Home Missions were Jewell Bailey, Wanda Dews, Audrey Glynn and Lucille Littleton.

Annie Armstrong, portrayed by Lucille Littleton throughout the meeting, was a strong advocate for home missions who lived from 1870-1938. The lady from Baltimore became particularly interested in orphanages for the Indians. Traditionally the Southern Baptist Association holds a special Annie Armstrong offering for

home missions during the Easter holiday. Mrs. Bailey, Mrs. Dews and Mrs. Glynn assisted with the serving and wore costumes of the period.

Following the brunch, the ladies were treated to a trip to Mexico for lunch and shopping.

While in Del Rio the group were guests in the home of Lonnie and Anne Nolan. They returned to Ozona Saturday night.

Course for 50-Plus Drivers March 20

American Association of Retired People Chapter 4474 will sponsor a 55-Alive mature driving course at the civic center March 20. The course is available to all persons over 50 years of age and will be held from 8:30 a.m. to 1:30 p.m.

Only 30 spaces are available. If you are interested in taking the course, call 392-2533 or 392-5216.

Cost per person is \$8.00, and the certificate for taking the course is good for three years and allows a 10% discount on your car insurance for each of the three years.

*Tiny chubby little hands...
So warm, so soft, so sweet...
Wrap themselves around our fingers
As we pull her to her feet.*

*Bright eyes glisten with wonder
And glimmer with her trust.
In our hands we hold her being.
It is meant to be...a must.*

*Little words she will later say
(When she does learn to speak)
Will be the words we have spoken.
Your guidance, Lord, we seek.*

*Acts of love and caring
She will mimic along the way.
We must so gently lead her.
We admonish ourselves today.*

*For Lord, you've entrusted us
With this little life to hold,
Leaving only these instructions:
GIVE LOVE, GUIDE AND MOLD.*

Sing Unto The Lord A New Song

By Rev. Norvell Allen
Mount Zion Baptist Church

Sing aloud unto God our strength; make a joyful noise unto the God of Jacob. Take a psalm, and bring hither the timbrel, the pleasant harp with the psaltery. He hath put a new song in my mouth, even praise unto our God: many shall see it, and fear, and shall trust in the Lord.

Be strong and of a good courage;

be not afraid, neither be thou dismayed: for the Lord thy God is with thee whithersoever thou goest. The joy of the Lord is your strength. Paul...thanked God, and took courage.

Knowing the time, that now it is high time to awake out of sleep: for now is our salvation nearer than when we believed. The night is far spent, the day is at hand: let us therefore cast off the works of darkness, and let us put

on the armour of light. Let us walk honestly, as in the day; not in rioting and drunkenness, not in chambering and wantonness, not in strife and envying. But put ye on the Lord Jesus Christ, and make not provision for the flesh, to fulfill the lusts thereof.

Isa. 42:10, Ps. 81:1-2, Ps. 40:3, Jos. 1-9, Ne. 8L10, Acts 28:15, Ro. 13:11-14

Solansky-Williamson exchange vows

Penny Ann Solansky became the bride of Richard Duane Williamson on Feb. 27, 1993. The bride is the daughter of Jimmie Nell Garrett of Crystal City and Bob and Barbara Garrett of Corrizo Springs. The bridegroom is the son of Cliff and Jo Ann Williamson of Ozona.

The double-ring ceremony was performed by Dan Johnson, associate pastor of the Second Baptist Church in Midland, before an altar decorated with candlebras and greenery. Bows attached to the pews were in the bride's chosen colors of purple, lilac and ivory.

The bride was attired in a two-piece floor-length ivory suit with sweetheart neckline, four-gored skirt and long sleeves. She wore a hat of illusion and carried a silk bouquet reflecting her chosen colors. The bride was given in marriage by her father, Bob Garrett, and her son, Matthew Solansky.

Serving as matron of honor was Cindy Thompson, sister of the bride, from Hallettsville. Maid of honor was Jill Jones of Midland.

The bridegroom, attired in a navy suit, chose his father, Cliff Williamson, as his best man. Serving as groomsman was Matthew Solansky, son of the bride. Michael Nicks of Ozona lighted the candles.

Rendering music were Brandon and Justin Thompson, nephews of the bride, who sang "I Cross My Heart". Ken and Carmen Golden sang "One Hand, One Heart".

A reception at the church followed the ceremony. Tables were adorned with silk flowers in colors of purple, lilac and ivory. The bride's cake was white double-tiered with purple roses. Punch, coffee, cookies and mints were also served. Decorating the bridegroom's table was a chocolate cake with a P&P insignia in blue designating the company with which he is employed as a pumper. Parker & Parsley.

Birdseed bags were given out by Casey Nicks, nephew of the bridegroom. Keeping the bride's book was Cindy Nicks, sister of the bridegroom.

Special guests for the wedding and reception were Violet Allen of Ozona, grandmother of the bridegroom, and Jim Bingham of Tahoka, grandfather of the bridegroom.

REHEARSAL DINNER

A rehearsal dinner was held at the Cattleman's Restaurant following rehearsal Friday night, Feb. 26. The dinner was hosted by the bridegroom's parents, Mr. and Mrs. Clifton Williamson of Ozona.

Texas Senate Week In Review

AUSTIN—The Texas Senate met Monday, March 8 and passed CSSB 6 by Sen. Judith Zaffirini of Laredo. CSSB 65 expands Laredo State University to a four-year university, changes the school's name to Texas A&M International, authorizes courses from freshman through doctoral levels, calls for joint degree programs with other institutions in Texas and Mexico, and authorizes the A&M board of regents to issue bonds for construction and improvement. Also Monday, the Senate passed SB 426 and SB 218 by Sen. David Sibley of Waco, which will encourage physicians to enter primary care fields. SB 426 establishes three pilot programs to provide a major source of indigent health care and training for family practice resident physicians.

The Senate met Tuesday morning and passed CSSB 73 by Sen. Teel Bivins of Amarillo which would allow installation of caller identification services (or "Caller I.D.") by a communications common carrier or subscriber of the carrier. Caller I.D. is a service which permits telephone company subscribers, for a monthly fee, to see the name and the number of the person before they pick up the phone. Also, Tuesday, the Senate passed CSSB 367 by Sen. Rodney Ellis of Houston, which establishes a workforce development initiative for youth to improve the transition to the youth of this state from school to employment, and creates certain pilot programs to implement this initiative.

The Senate also passed SB 269 by Sen. Jeff Wentworth of San Antonio, which provided for the regulation of bows and arrows in the unincorporated area of a county.

The Senate met Wednesday morning and passed CSSB by Sen. Judith Zaffirini of Laredo, which calls for mandatory immunizations for all Texas children under the age of 18, in accordance with the immunization schedule adopted by the Texas Board of Health. The bill also requires hospitals and physicians to be responsible for screening the immunization history of the child examined, administering necessary vaccines, and referring the child to an immunization clinic.

The Senate met Thursday and unanimously passed legislation authorizing the Texas Department of Health to establish a central registry to identify and monitor birth defects in babies. CSSB 89 by Sen. Carlos Truan of Corpus Christi will create pilot programs in two areas that have recorded a high concentration of deadly birth defects: the Rio Grande Valley and Southeast Houston. Currently, Texas has no system to identify clusters of birth defects.

The Senate stands adjourned until 11:00 Monday, March 15.

REMEMBER OUR DEADLINE: Monday at 5 p.m.

Frontier History to Come Alive At Fort McKavett

Fort McKavett State Historical Park near San Angelo will bring history to life March 20 with the sounds of rifles, cannons and the jingling of riding gear as the park hosts its 10th annual Frontier Fort Reenactment.

The event will transform the site into a working Texas frontier fort of the 1870's. Dozens of living history reenactors from across Texas will authentically portray U.S. cavalry, infantry, and artillery soldiers, laundresses, officer's wives, Texas Rangers, frontier families, wagon and mule teams and more.

"Both adults and children always seem to have a great time at this event," said David Bischofhausen, park manager. "The reenactors are a friendly yet professional bunch who strive for authenticity while trying to make sure the public is entertained."

Visitors will be able to step back into the past as history unfolds around them. Activities will include booming artillery demonstrations, horseback drills by the cavalry, infantry weapons demonstrations, authentic clothing and equipment displays and other scheduled and continuous events interpreting life at a bustling, frontier Army post in the 1870's.

Major living history organizations at the event will include the Fort Concho Living History Units from San Angelo, the Fourth U.S. Cavalry (Memorial) from Lubbock, Albany and Breckenridge, employees and volunteers from Fort Davis National Historic Site, the 1880 Saddletramps from San Antonio and others.

Overlooking the headwaters of the San Saba River valley, Fort McKavett was established in 1852 to protect settlers from Indian raids and to provide protection for travelers on the upper El Paso Road, an important artery to the California gold fields. At its peak around 1875, the post housed more than 400 troops, who stayed busy with routine patrols, escort duties and the occasional "hot pursuit" of marauding Indians.

Today's historical park features 20 restored buildings, including offi-

cer's quarters, barracks, hospital, school house, bakery and headquarters, along with the ruins of several older structures. Visitors can follow a self-guided trail to the military lime kiln and "Government Springs."

The event will be a great, low-cost, weekend getaway for families from Austin, San Antonio, San Angelo and other nearby communities. The cost is \$2 for adults, \$1 for children 6-12 and free for children under 6 and for individual holders of the Texas Conservation Passport. The event will run from 8 a.m. to 5 p.m.

Reginaldo Garza Named To Eagle Pass Academic Honor Roll

Reginaldo Garza, son of Mr. and Mrs. Noe Garza, has been named to the fourth six-weeks academic honor roll in Eagle Pass High School. A letter of congratulation was sent to his parents on March 1, 1993, signed by Joe Guerra, principal of Eagle Pass High School.

Coming from Mexico, Reginaldo attended the ninth and tenth grades in

Ozona. He spoke no English when he came, but he kept trying. Many persons encouraged him including his aunt and uncle, Mr. and Mrs. Heriberto G. Gutierrez. Mrs. Gutierrez insisted that he watch all T.V. programs in English.

Reginaldo is classified as a junior at Eagle Pass High School.

OHS Tennis Teams Place 8th in Kerrville

By Don Stark

Stefny Sutton and Jennifer Evans, Kerrville Tournament Consolation doubles winners

The Ozona High School tennis teams placed eighth out of 30 teams that participated in the Kerrville Tennis Tournament held Friday, March 12, and Saturday, March 13, in Kerrville.

Despite the cold temperatures and wind, OHS netters made a strong showing against tough competition.

Stefny Sutton and Jennifer Evans won the consolation trophy in girls' doubles.

In other doubles action, Ryan Morris and Mickey White won five matches to move into the semi-finals before losing to 4A Tivy High School of Kerrville.

Billy Tramel and John Vasquez won four matches before losing in the

quarter-finals to Canyon High School.

C'Jay McKinney and Julie Childress won four matches to get into the quarter finals before losing to the winners of the tournament, Taylor High.

In singles' action, Jami Dalby and Carmen Gutierrez won four matches to get to the semi-finals of the consolation bracket, and Cassie Martinez won three matches to get to the quarter finals of the consolation bracket.

In boys' singles, Marty Martinez won his first round match. Slate Williams and Llarío Porras also participated in singles' action.

The OHS tennis teams will play in Sonora on Friday, March 19, and Saturday, March 20.

In the *Go Ahead* newsletter was a clarification of membership. Members are divided into three categories. They are Crockett friends and admirers (associate members who are of no relation), David Crockett direct descendants and Crockett Cousins which includes anyone from David Crockett's grandfather, David Senior's family, including David Crockett's brothers and sisters. To qualify as a direct descendant, one must be a direct descendant of one of the natural children of David by either of his two wives. Annual dues of \$15 a year entitle one to attend all meetings and to receive the *Go Ahead* newsletter.

Among the activities scheduled during the festival are the David Crockett Family Reunion (to which the community is invited), a cook-off, arts and crafts booths, sidewalk drawings and cake decorating for the "young uns", washer tournament, sidewalk sale, various entertainment, the Lions Club Youth Rodeo, a parade and food, food, food.

"It looks like an exciting time is shaping up for everyone," said Nancy Moore, chamber of commerce coordinator.

Parenting Skills Must Be Learned

More than 100,000 parents have attended parenting classes offered through Extension-sponsored county parenting coalitions in Texas during the past three years. Parents who attended half or more of the sessions offered in their programs changed three or more parenting practices, including communicating and disciplining in a more positive way, providing encouragement to children, and reinforcing positive behavior.

Any parent who decides to be can be a more competent parent, resulting in happier, healthier, more successful children. Ideally, before each of us becomes a parent, we should receive help and support to learn important parenting skills such as understanding the growth and development of children, communicating and disciplining in a positive way, and enhancing the child's positive self-esteem.

In real life, we don't receive that help soon enough in most cases. Parents have traditionally copied the behavior of their own parents as a model for their own parenting styles. It's as if good parenting skills are supposed to come with the baby - like the instincts animals seem to have.

Unfortunately, today's situation reminds us that this is not true. As parents, we have to confront the reality that our parents' behaviors were not necessarily appropriate for today's more democratic family. Those rigid, strict practices often result in rebellion, poor decision-making skills and low self-esteem.

On the other hand, permissiveness hasn't worked so well, either. While it's more often the case today, permissive parenting usually results in children feeling neglected, unloved, unable to accept authority in school or work, with low self-esteem. What seems to work best is a middle-of-the-road democratic style - where parents set limits, give guidelines, practice flexibility within certain boundaries and give children choices that help them develop a sense of responsibility and good decision-making skills. That usually results in more competent, capable children.

Luckily, kids are basically resilient and flexible - but parents have a responsibility to learn skills that help them relate to their children in positive, productive ways. These skills take practice, and that's where parenting classes come in.

More than at any time in history there is parenting information and support available to help people learn parenting skills - yet the news media confronts us daily with stories of child neglect and abuse, teen pregnancy, teen suicide, substance abuse and runaway youth. Some may wonder how even good parents can succeed in such a society. Parenting classes such as the ones offered by the Texas Agricultural Extension Service can provide support and encouragement, help change negative parenting patterns, and help your entire family communicate in a more positive way. There is only one catch - you have to attend the classes.

"But I don't have time!" you say? How much time is your child's happiness worth to you? For only eight to 10 hours of your time, you can tremendously improve your chances of raising a happy, well-adjusted child - while maintaining your own sanity.

Unfortunately, we can't just pick up the skills and support we need through osmosis. We have to develop a network of support and the skills to make it happen. If you're interested in attending classes - whether you're a new parent, parent of a pre-teen, teen or a grandparent who'd like to be helpful with the grandkids - call the Crockett County Extension Office at 392-2721. The classes are free and are centered around a set of very entertaining videos and group discussion.

For more information on the types of classes offered and class schedules, call us today. The classes are open to all persons regardless of socioeconomic level, race, color, sex, religion, national origin or handicap.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION
MAY 1, 1993

PROPOSITION NO. 1 ON THE BALLOT

Section 1 of Senate Joint Resolution 7 proposes a constitutional amendment that would allow the legislature to redistribute among other school districts ad valorem taxes levied and collected by a school district. The amendment would also allow the legislature to create county education districts with the taxable property of existing school districts in one or more counties combined. County education districts may levy, collect, and distribute ad valorem taxes as authorized by general law. The legislature would be allowed to set the rate of the ad valorem tax to be imposed in a school district or county education district or it may authorize the board of trustees of each school district or county education district to set the rate, provided that the rate of county education district ad valorem taxes may not exceed \$1.00 per \$100 valuation of taxable property, unless a higher rate is approved by the voters of the district. The amendment also provides that the amount of ad valorem taxes redistributed among school districts by the legislature and effectively redistributed within a county through county education districts may not exceed 2.75 percent of the sum of the state revenue appropriated for public schools and the revenue from local ad valorem taxes levied and collected for public schools. The term "state revenue" does not include revenue from ad valorem taxes, revenue for the provision of free textbooks, or contributions to a retirement system. Finally, the amendment provides that it does not affect the distribution of the available school fund under article VII, section 5, of the Texas Constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing limited redistribution of ad valorem taxes for schools, authorizing the legislature or local districts to set

a minimum tax rate in county education districts, and placing a cap on the ad valorem tax levied by county education districts."

PROPOSITION NO. 2 ON THE BALLOT

Section 2 of Senate Joint Resolution 7 proposes a constitutional amendment that would provide that, except for state educational mandates imposed in compliance with the Texas Constitution or federal law, or unless enacted by a vote of at least two-thirds of the members elected to each house of the legislature, a school district may not be required to comply with an obligation requiring expenditure of school district funds unless the obligation is fully funded. The amendment also requires the legislature to provide by law a procedure for determining whether an obligation is fully funded. In the absence of such a procedure, and at the request of a school district's board of trustees, the comptroller of public accounts shall determine whether or not an obligation is fully funded. This amendment applies only to state educational mandates enacted after December 31, 1993.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting a school district from the obligation to comply with unfunded state educational mandates."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 4 proposes an amendment to article VII, section 5(b), of the constitution, which currently authorizes the legislature to provide for using the permanent school fund to guarantee bonds issued by school districts and certain education-related revenue bonds issued by the state. The amendment would repeal the provision authorizing

the use of the permanent school fund to guarantee state revenue bonds, but would permit the legislature to provide by law for the issuance of general obligation bonds or revenue bonds of the state for the purpose of making loans to, or purchasing bonds of, school districts for the purpose of acquisition, construction, or improvement of instructional facilities, including all furnishings. The amendment also provides that the state, pursuant to general law, may forgive the payment of principal and interest on all or part of a loan made to a school district under the amendment to partially finance an instructional facility. The cap of \$750 million on the amount of bonds that could be issued under article VII, section 5(b), as amended, would be retained. The amendment would repeal the current provision of the constitution permitting the legislature to authorize bonds in excess of \$750 million by two-thirds record vote of both houses of the legislature. While any of the general obligation bonds issued under the amendment or any of the interest on those bonds is outstanding and unpaid, there would be appropriated out of the first money coming into the state treasury in each fiscal year, not otherwise appropriated by the constitution, the amount sufficient to pay the principal and interest on the bonds that matured or became due that fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of \$750 million in state general obligation or revenue bonds to assist school districts in partially financing facilities, authorizing the state to forgive payments of loans made to a school district for partially financing facilities, and repealing the authorization for \$750 million in state revenue bonds guaranteed by the permanent school fund."

A Tribute To St. Patrick And His Day

by Sandra Hancock Stark

©1993

Oh, to be in Ireland for the "wearing 'o the green"! They say the celebration is the best we've ever seen. Still we often tend to forget the MAN who started "all the show". Yes. There is much more to St. Paddy's Day than the Blarney Stone, you know.

It all began long ago in three-hundred eighty nine. One was born whom we will remember throughout the span of time. So we have chosen to laude him on March 17th each year For spreading to Ireland God's Word we hold so very dear.

From his home of wealth Patrick was taken by pirates at sixteen years. Were it not God's hand sustaining him, his heart would have held many fears. Six long years away from Britain he served the Irish as a slave so low. Still he staunchly vowed all the while that he would serve the Lord and so....

Upon escaping, Patrick proceeded with what God bade him do. He studied in France for the priesthood returning to Ireland in four-hundred thirty-two. There, once more, God sustained him as he founded 300 churches, you see. And in the annals of history it is written he baptized 120,000...not just two or three.

Other contributions Patrick made, we often tend to forget. It was he who brought to Ireland the Roman alphabet. And, of course, there is no doubt that he was most sincere When he introduced another art form: Latin literature.

We speak often of the color green... On this day the most significant color to be seen... For in springtime there is no longer the harsh winter's strife; Tender plants peek from Earth's womb...Life!

The three-leafed clover...the Shamrock...worn by you and me Was used faithfully by St. Patrick signifying the Holy Trinity. As he pointed to the three petals...one-by-one-by-one.... It should cause us to remember the Father, Holy Ghost, and Son.

So while we enjoy the songs and laughter of the wee leprechauns and such And tell the tales of old Ireland that we've heard so very much, Let's try to keep within our hearts a special place aglow For one of God's own missionaries. (He may call you, you know.)

So for his many meritorious deeds and faithfulness, we say: God Bless St. Patrick and St. Paddy's Day!

Walsh Continues Search For Missing Sister

A Washington state man who has "made a commitment to follow every lead until I'm satisfied" was in Ozona this week continuing the search for his sister who has been missing since January of 1990.

Adam Walsh now fears that his sister, Patricia Candace Walsh, may have been taken into Mexico, but continues to follow leads throughout the Southwest.

The missing woman was last known to be in the company of a friend, Douglas Scott Zyskowski. Zyskowski's body was discovered by a truck driver three miles inside the west Crockett County line on Jan. 21, 1990. He had been beaten and shot. Zyskowski's body was not identified until May of 1992.

Adam Walsh has made several trips to Crockett County conducting ground searches for clues or his sister's remains. A lead near Pecos turned up nothing last week, Walsh said.

Pecos County Constable John Allen Graham and three other people helped Walsh with a search along the river near Sheffield Friday. Only coyote bones were found, Walsh said. After contacting officials in Ozona, Walsh said he may follow a lead in Georgia.

LIBRARY CONVENTION
I attended the Texas Library Association Annual Conference in San Antonio, on March 10-12. The theme of this year's conference was "The Library Mosaic: Diverse Peoples, Diverse Needs". A mosaic is a picture made up of pieces of varying color and size. The pieces of the library mosaic in Texas are many and varied. They are in the shape of libraries large and small, textured from public to special, and from school to academic. Their colors represent a rainbow of hues in the ethnic and cultural groups served throughout the state.

The programs were wonderful and varied. I enjoyed programs from fundraising and budgeting to censorship and fantasy. I heard some wonderful authors speak, including Tony Hillerman, Tomie dePaola, Jack Boyd, Jan Brett, Felicia Bond, and Sandra Cisneros. There were programs on Americans With Disabilities and Libraries, the 1993 Texas Reading Club, Discovering and Preserving the Cultural Diversity of our Communities, and Developing Statewide GAC computer networks. I always learn so much at the conference and enjoy talking and comparing notes with other librarians.

There were over 500 companies that brought exhibits to the confer-

ence and almost that many organizations exhibiting everything from books, computers, furniture, supplies, and much, much more for libraries. I could have spent a whole day just going through exhibits. There were demonstrations of new equipment, CD-ROM and all kinds of automation products, and lots of wonderful materials for libraries. It's a great opportunity to see all the new things just coming out.

It was a very special trip to San Antonio. Our school librarians, Sherry and Donnie York, were there, and I am looking forward to next year's conference which will be held in Corpus Christi in April 1994. Come by the library and check out all the new books and materials I brought back with me. There are some great things for kids and adults.

December '92 Oil And Gas Production Down

Texas preliminary December '92 crude oil and gas production was down from the same period in 1991. Oil production averaged 1,618,689 barrels daily, down from the 1,680,751 barrels daily average of December '91. Natural gas production for Texas during December '92 was 463,430,164 Mcf (thousand cubic feet), down 2.09 percent compared to 473,301,280 Mcf for December '91.

Texas' preliminary crude production for 1992 totaled 612,692,189 barrels, a 2.64 percent decrease compared to the 1991 preliminary total of 629,311,929 barrels. Texas gas production for 1992 totaled 5,436,409,608 Mcf, a .77 percent increase compared to the 1991 preliminary gas production total of 5,395,008,249 Mcf.

Crockett County produced 9,155,164 Mcf of natural gas and 294,774 barrels of crude oil for the month of December 1992.

The county was ranked eighth in the state in gas production based on December preliminary production.

COMMUNICATE BEFORE YOU EXCAVATE.

Before you dig, drill, blast, shovel, tunnel or backhoe, look out below! For buried natural gas pipelines, that is.

To provide your community with a clean, efficient source of fuel, natural gas pipelines are buried underground in many areas. Although these pipelines are built to meet the highest safety standards, an unknowing person who is excavating can cause accidental rupture.

In many areas, especially road

crossings, our company has posted warning signs to indicate the presence of an underground natural gas pipeline.

But you can always confirm the safety of your excavation site by calling us at one of the numbers below at least 48 hours before breaking ground. This way we can determine for sure whether you are in any danger of rupturing one of our lines.

Everyone—not just those involved

with excavation—should be alert to signs of a ruptured natural gas pipeline. These telltale signs include dying vegetation, blowing dust, persistent bubbles through water, a distinctive smell, high-pitched noises, and, in severe cases, fire or explosion.

So before you drive anything underground, get on the horn! In fact, call us collect to report any conditions that concern you in the vicinity of our pipelines.

Industry leaders warn that radical changes in wool, mohair support program could cost U.S. Treasury money

SAN ANGELO, TEXAS — Any radical change in the existing federal price support program for wool and mohair could end up costing the U.S. Treasury money, industry leaders are saying.

"This is a classic case of applying simplistic answers to a very complex trade issue," says Mohair Council of America President Jeffrey Sutton.

"The wool and mohair industry has been the subject of political and media sensationalism which ignore the real facts," Sutton continued. "Anyone interested enough to learn those facts will conclude that the program has served this nation and its sheep and goat ranchers well in assuring stable production in the face of subsidized foreign competition."

Sutton warned that without the program, an entire rural industry could be wiped out and the nation would lose one of its profitable exports.

The Clinton administration has left the wool and mohair support intact and, through spokesman Leon Panetta, has stated that programs left in the budget are efficient, workable and needed.

Robert Pfluger, president of the Texas Sheep and Goat Raisers Association, criticized urban lawmakers

and the media for seizing on the payments to a handful of large producers.

"Critics of the system fail to point out that the average payment to American wool and mohair producers is only \$1,300," he said. "And such payments have been made to mohair producers in only 17 of the past 35 years."

Pfluger points out that payments to farmers are taken out of revenues from tariffs paid by subsidized foreign producers and that the federal treasury realizes a substantial income even after the payments are deducted. The end of such payments probably would lead to the end of the tariff system, Pfluger argues, thus ending up costing the federal treasury the share of the tariffs that it now receives.

Other points stressed by Pfluger:

- The mohair industry represents more than 15,000 direct jobs, and is virtually the sole economy of tens of thousands of acres of sparsely settled western range land.
- More than 90 percent of U.S.-produced mohair goes into the export market and contributes to the nation's balance of payments.
- U.S. mohair producers have received the federal payments in less than half the calendar years of the

35-year program (17 out of 35 years). In other years, they have received no federal payments.

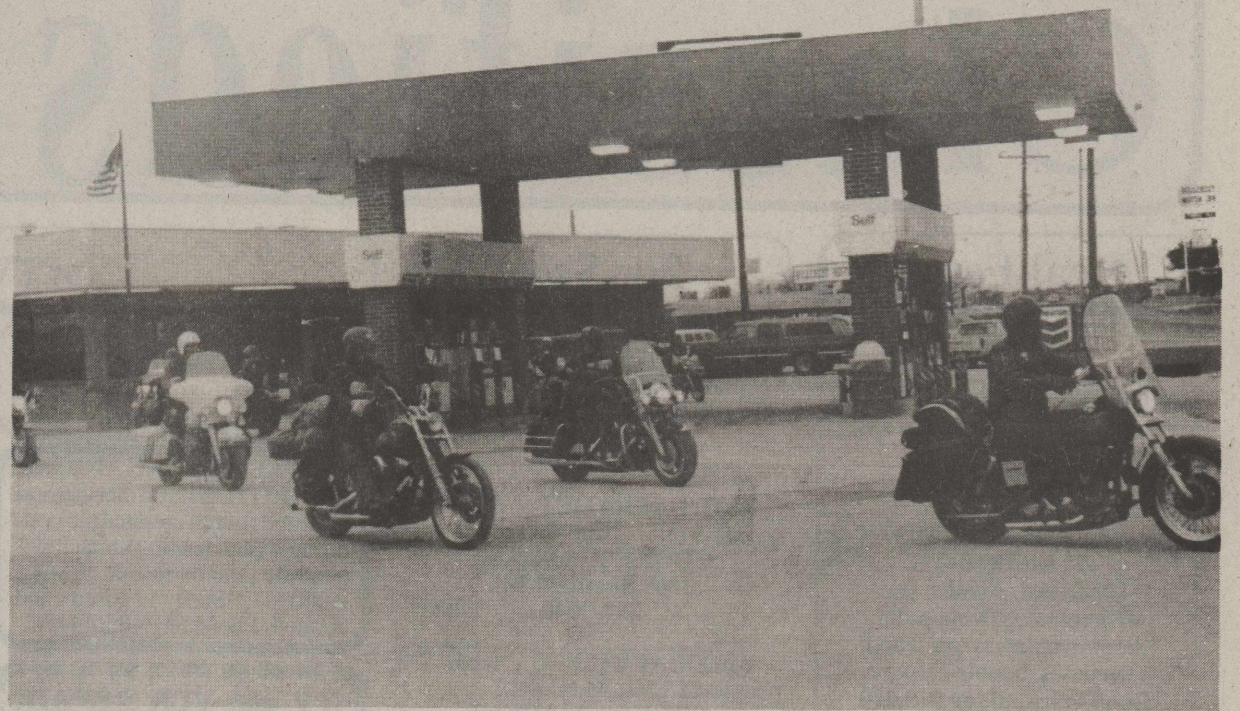

• None of the wool and mohair incentives come out of U.S. taxpayer pockets. They are taken from import tariffs paid by foreign competitors as compensation for the subsidies they receive from their governments.

• Payments to wool and mohair growers traditionally have been less than to growers of other farm commodities such as dairy products, corn, wheat and cotton.

• More than 5,000 Navaho Indians are among the U.S. producers of wool and mohair.

• Since the duty was imposed in 1954, the U.S. Treasury has taken in \$7.4 billion and paid out \$2.3 billion in incentive payments.

Pfluger said he believes that any full consideration of the facts will lead to the judgement that America's wool and mohair producers have been unfairly portrayed. He also is confident that when armed with the facts, lawmakers will resist any radical change that would destroy a rural industry and turn it over wholly to subsidized foreign competitors.

State Moves To Reform State Health System

AUSTIN—Lt. Governor Bob Bullock applauded Senate passage Monday of two bills aimed at meeting the growing needs of uninsured Texans and the poor.

The health-care reform measures by Sen. David Sibley attempt to answer the demands of Texans for greater access to affordable medical care.

"While the federal government struggles for ways to reform our costly national health-care system, the Texas Senate already has begun to address the health care crises at home" Bullock said.

TCU Students Make Yearly Visit to Bob Childress Ranch

The Texas Christian University Range Management Program visited the goat operation on the Bob Childress ranch west of Ozona Thursday, March 11. Thirty-three students in the program were accompanied by Dr. John Merrill, head of the class.

The group comes to the Childress ranch annually for a seminar on Angora goats. They learn about feeding, fencing, barns, problems, grading mohair and economics. The students are graded upon completion of the field trip.

"I applaud the creativity and vision that have gone into these efforts."

SB 426 creates a pilot program in three areas of the state in which young physicians doing their residency in family practice will increase their outreach to the poor. The bill increases funding for indigent care in three of the state's 24 family practice residency training clinics. These clinics already have been recognized for their success in reaching those in need.

SB 218 provides for the state offering tuition-loan reimbursement to graduating doctors in return for their commitment to serve their residencies at places that don't have enough physicians.

Of the 254 counties in Texas, 125 have been designated by the federal government as suffering a shortage of doctors. The need for more doctors extends from the most rural sections of the state to the densely populated inner cities.
