Ladies Ranked Fourth In State

Lady Lions Devastate Lady Badgers 68-27

By Neal Ulmer
Stockman Sportswriter

Dynamite! That's what the Lady Lions were packed with Tuesday as they defeated the McCamey Lady Badgers 68-27. The Ladies won their 14th game in a row and increased their record to 21-1 and district record to 4-0.

The Ladies are now ranked fourth in the state in the Class 2A Division by the Texas Association of Basketball Coaches. Ozona has six games left on their district schedule.

Exploding like a bomb, the Ladies jumped out to a 17-3 first quarter. Coach Dickie Faught substituted players freely, giving everyone valuable playing time. The pace slowed some in the second period, with the Ladies scoring 13 points and the Lady Badgers scoring 15 points to make the halftime score Ozona 30, McCamey 18.

"We had two exceptional quarters (first and third). I thought we might have been a little flat coming off the Eldorado game. We played in spurts in this game. Defensively, we are improving each game - our only let down was the second quarter," said Coach Dickie Faught.

The Ladies erupted in the third

period, scoring 23 points, and played great defense by holding McCamey to only three points for a 53-21 lead. Again playing good defense and causing turnovers, the Ladies scored 15 points in the fourth and held McCamey to six points to roll to a 68-27 finish.

"We had great balance in scoring and I think that is what makes this a good team. It was an overall good team effort," said Faught.

Ozona shot like sharpshooters, hitting a total of eight three-point shots and having four players in double figures. Bobbie Bryson and Amber McWilliams had the same stats on shooting with 14 points each, including three two-point field goals, two three-point shots, and two-of-two free throws. Bryson had 17 steals and two assists.

Gloria Peña-Alfaro scored 14 points, including one three-point shot. She shot five of six field goals for an 83% shooting percentage. Amber Tarr made 12 points, including two three-pointers for 71% from the field, had three steals, four blocked shots, seven rebounds and six assists. Shelly Sullivan scored eight points, Connie Fielder made one three-pointer, and Stormi Sessom scored two points. Others adding their efforts in the game were Leigh Chandler and Tara Wilkins.

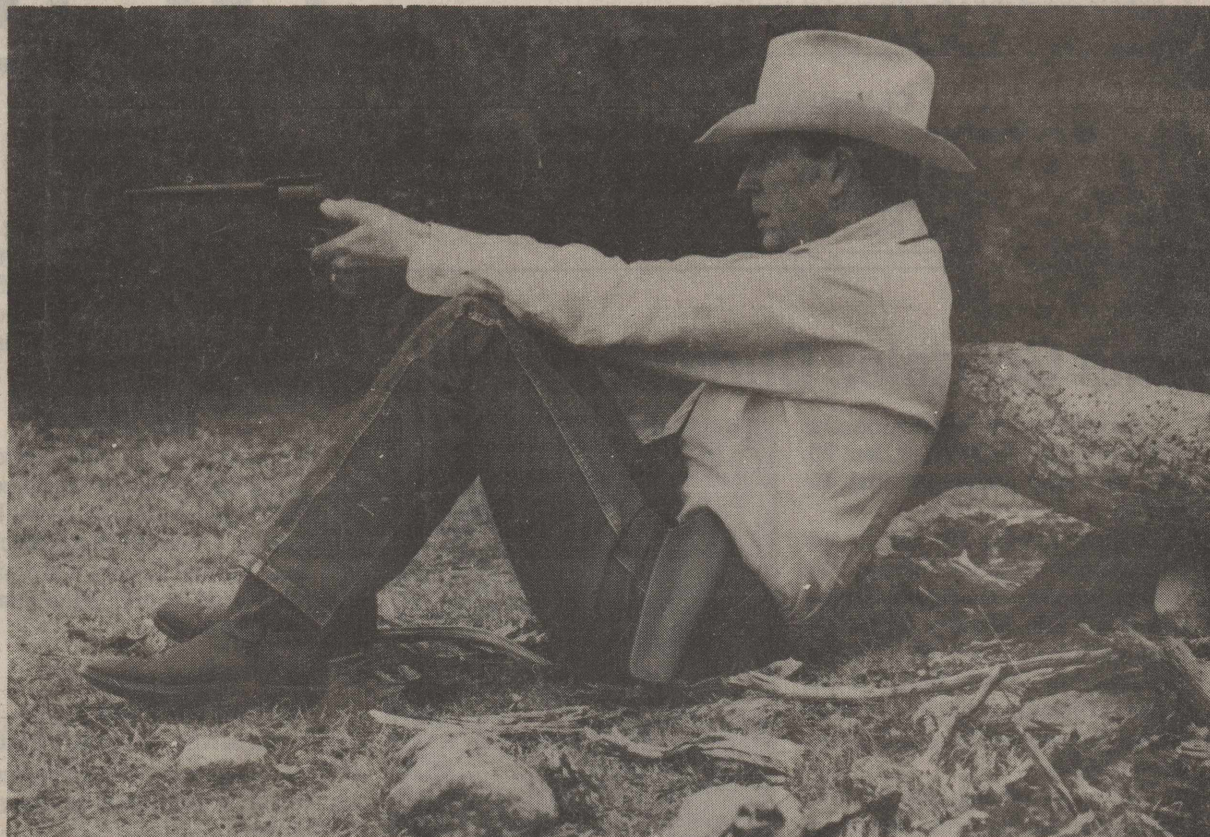

Thinking of future games Faught said, "We must improve and give a consistent performance in order to achieve at a higher level."

The JV Lady Lions started out slow but came on strong in the second half to defeat the McCamey JV Lady Badgers 42-20. The Ladies' season record is 8-6.

Both teams played a close first quarter with Ozona leading 7-6. The Ladies had a great second quarter shutting out the Lady Badgers and adding nine points to give the Ladies a 16-6 lead.

The Ladies picked up the pace in the second half, scoring 26 points to McCamey's 14 points. Good shooting and defense were the keys to the Ladies' 42-20 win.

Juli Hall and Jessica Avila scored seven points each with Hall scoring all her points in the fourth period and Avila making one three-pointer in the game. Autumn McWilliams and Amy Laughlin scored six points each, Araceli Tijerina made five points, including one three-pointer, Julie Perez scored four points, Megan Tambunga made one three-pointer, and Lauren Wilkins and Haley Holden made two points each.

SHERIFF JIM WILSON, nominee for Handgunner of the Year Award, with one of his hunting handguns, a Ruger Super Blackhawk .44 magnum.

Jim Wilson Nominated For Award

By Neal Ulmer
Stockman Reporter

Lawman, marksman and author are some descriptive terms for Ozona's Sheriff Jim Wilson, one of 10 nominees for the coveted Outstanding American Handgunner Award for 1995. Wilson recently received a letter from chairman John Taffin of the Outstanding American Handgunner Awards Foundation notifying him of his finalist status.

The winner of the award will be inducted into the Handgunner's Hall of Fame. The award will be presented at the 22nd Annual Outstanding American Handgunner Awards Foundation Banquet to be held during the National Rifle Association Convention in Phoenix, AZ, May 19-21. The first award was given to Elmer Keith in 1973.

Ten nominees for this year's honor were selected by Foundation members (Wilson is a member), and the

Videotape Recorders To Be Placed On School Buses

The Crockett County Consolidated Common School District has installed video recording equipment on all school buses to monitor school transportation, and will be videotaping bus routes at random. Each bus may be equipped with a video monitor box, in which a video recording device may be installed. Students will not be notified when a recording device has been installed on their bus.

Tapes shall be reviewed on a routine basis by the principal, and evidence of student misconduct will be documented. Students found to be in violation of the District's bus conduct rules, as contained in the student handbook, shall be notified, and disciplinary action will be initiated.

Videotapes shall be treated as protected student records under the Family Educational Rights and Privacy Act. The following guidelines shall apply:

1. Tapes shall remain in the custody of the transportation director.
2. Parents or students who wish to view a videotape in response to disciplinary action taken against a student may request such access under the procedures set out in district policy.

3. Persons unrelated to a disciplinary incident shall not be permitted to view videotapes.

If you have any questions about the use of video recorder equipment on district buses please feel free to contact Superintendent Larry Taylor.

award recipient will be elected by popular vote of the members.

"I felt especially honored because the nomination came from my fellow members," Wilson said.

To be considered for nomination or induction into the hall of fame, a member may select a person who has made important contributions to the furtherance of sport handgunning in America. As outlined by the organization's statement of purpose, "Eligibility for nomination is based not upon single achievement, but upon a body of accomplishment, resulting from a career, avocation, or lifetime commitment to handgunning, which taken in sum have substantially advanced the place of the handgun sports in American life."

As a standard for selection, the Foundation recognizes contribution to the sport of handgunning in four categories. These categories are shooting achievement, design and manufacturing achievement, promotional achievement and legislative and judicial achievement.

Sheriff Wilson was chosen for his significant positive promotion and knowledge of handguns through writing of articles for publications. Wilson has written for Petersen's *Handguns, Guns and Ammo*, and *Handloader*, which is published by Wolfe Publishing Company. He also stays busy as a field editor for *Guns and Ammo* and *Handloader*.

He sold his first article in the fall of 1990, and his first few articles were sold to Petersen's *Handguns*. His extensive handgun experience includes defensive shooting, competition and hunting. In an average month, Wilson writes three articles and travels to the Shot Show as one of several representatives of *Guns and Ammo*.

Wilson's primary interest in writing is to supplement his income and a secondary interest is "to promote our community. It is a challenge for me to be a good writer and to try to improve

my craft," added Wilson.

Two loves of Wilson's are handguns and hunting. He hunts for the challenge of it and to have a "fun time" in the outdoors. He enjoys taking a trophy animal now and then. "A trophy deer, for me is because he was hard to hunt," says Wilson.

"I hunt exclusively with a handgun and have not hunted with a rifle in four years," said Wilson. He uses a Ruger revolver, a Freedom Arms .44 Magnum, a .45 Colt, or a .454 Casull. He also periodically receives handguns from manufacturers for testing and to write about.

Being an avid hunter, Wilson has taken whitetail deer, mule deer, turkey, javelina, feral hogs, ibex, goats and Corsican sheep. He has hunted all over Texas, New Mexico, Colorado and Alabama. This year he has planned a trip to Colorado to hunt black bear.

He likes to shoot at animals within 100 yards, but he prefers within 50 yards, Wilson said.

Wilson has hunted with John Taffin who writes for the *American Hand Gunner*, in the Kerrville area. Both hunt with handguns and have hunted big game animals together.

Another person Wilson has hunted with is Gary Sitton. Sitton, a freelance writer from Tucson, AZ, writes hunting articles for *Guns and Ammo* and Petersen's *Hunting Magazine*. In Wilson's opinion, "Sitton is one of the best gun and hunting writers in the field today."

Considering Crockett County is one of the prime hunting counties in Texas, Wilson sees the trophy hunting program as very interesting to him. Hunting has increased the income to ranching, and Wilson is excited about this because "it brings outside money into Crockett County and that's the main reason I am involved. We have a lot to offer here in the way of deer, turkey and javelina. I try to attract other hunters into the county through my writing," said Wilson.

Trustees Try Communication System

Members of the Ozona School Board, meeting in regular session on Wednesday, Feb. 18, approved the district's participation in a Parent-Teacher Line at Ozona Primary School and Ozona Intermediate School on a trial-period basis with voluntary participation from teachers.

Mrs. Connie Jennings, system administrator for InHouse Network, was present at the meeting to discuss the features of the Parent-Teacher Line. "The Parent-Teacher Line offered by InHouse Network is designed to be an effective means of enhancing the flow of information between parents and teachers. It is convenient, efficient and easy to use," Jennings said.

"The Parent-Teacher Line enables teachers to make important information available to parents and students by recording the information into a voice mailbox. Teachers can record a message from any touch-tone phone and any number of parents or students can access this voice mailbox by calling the system and entering the mailbox number. Letting the Parent-

Teacher Line do the work allows teachers to communicate with all parents in less time than it would usually take to talk with one parent. Because the system is available 24 hours every day, no parent is excluded from communicating with teachers. Regular message from their child's teacher familiarizes parents with classroom discussions and daily assignments. This enables parents to discuss class activities and facilitate their child's learning," explained Mrs. Jennings.

Under the terms of the proposal, InHouse Network will meet with Ozona Primary and Ozona Intermediate School principals to plan small-group staff orientation. Flow charts, step-by-step instructions, and helpful hints/information will be shared. Ozona Primary and Ozona Intermediate School teachers will begin a pilot program on a voluntary basis in February of this year.

School maintenance supervisor Ray Don Myers presented information to the school board concerning the leveling of the football practice

field at Lion Stadium with dirt donated by the Crockett County Road Department and re-establishing the crown needed in the center of the field for drainage purposes. In a related development, the trustees approved the installation of an underground sprinkler system on the practice field.

Prior to approval of this agenda item, Superintendent Larry Taylor said that an underground sprinkler system will pay for itself in a period of approximately six to seven years through savings on the district's water bill. "By watering at night we will have less evaporation, and by installing an underground system, we will cut out the labor of setting up the pipe system each time we must water like we do now," he said. "If approved, our plan would be to install an underground sprinkler system on the practice football field west of the tennis courts this year. Next year we would install the system on the football field at Lion Stadium and possibly the field behind the middle school. Each sprin-

Lions Pick Up Third District Win

By Neal Ulmer
Stockman Sportswriter

The Ozona Lions came back from a slow first half to beat the McCamey Badgers 74-57 in a home game Tuesday, Jan. 17. With the win the Lions picked up their third district win with one loss and a 14-7 season record.

"We're tickled to come away from that game with a win. McCamey has good shooters and a good ball club. I was impressed with their intensity in

the game," said Coach John Curry.

A fast game but a slow beginning had the Lions down by one point 15-16 after the first eight minutes of play. Both teams played hard and came up with 12 points each with the Lions again a point short at halftime, 27-28.

The Lions increased the tempo in the second half with 22 points scored to McCamey's 20 points, giving the Lions a 49-48 lead after three quarters of play. Wearing the Badgers down in

Miss Barrow, Mr. Moore Marry In Odessa Ceremony

Mrs. Michael Moore

Miss Holley Ann Barrow and Mr. Michael W. Moore were united in marriage on Saturday, Dec. 17, 1994, at five o'clock in the evening at Lutheran Church of the Risen Lord in Odessa. Rev. Ron Rennegarbe of Christ's Lutheran Church officiated the ceremony.

The bride is the daughter of Pat and Hence C. Barrow and granddaughter of Hence Barrow and Elizabeth Teinert, all of Odessa.

Parents of the bridegroom are Janet and Brent Moore of Midlothian. He is the grandson of Dottie Mason and Maggie and Buddy Moore of Ozona.

Mr. Barrow escorted his daughter to the altar and gave her in marriage. Music for the ceremony was provided by Suzanne Medlen, soloist; Sue Medlen, organist and Marvin White, guitarist.

Vows were spoken before an altar adorned with Red Velvet Madame Delbard Roses, brass candle trees with votives and Gothic columns with arrangements of misty blue lamonium and red velvet roses. Misty blue lamonium, seasonal greenery and votives lined the altar rail.

The bride chose a fitted sheath style gown of candlelight Italian satin with an elegant Victorian high neck, long fitted sleeves and hand-beaded ormolu lace. A small, delicately beaded keyhole covered with sheer ormolu lace accented the front of the gown, and the bodice back featured an open keyhole with lace edges. A flowing, detachable train with ormolu lace insets completed the gown.

A headband of silk flowers and pearls held shoulder-length silk veiling which was edged with satin ribbon. She carried a cascade bouquet of bridal white roses with ivory stephanotis.

For something old, the bride wore diamond and pearl earrings which had belonged to her paternal grandmother, the late Thelma Barrow. Something new included her gown, veil and accessories and an authentic sixpence from her father.

Something borrowed was a lace bound handkerchief from the 1930's era loaned by life-long family friend Margaret McGuffin.

Carrying out the something blue tradition was a sapphire ring, the birthstone of her paternal grandmother. Rebecca Hennig served as maid

of honor. Bridesmaids were Nikki Handley, Angie Long, Tesha Sides and Callie Kennedy. Emilie White was the flower girl.

The attendants wore hunter green two piece velvet suits with peplum jackets, long tapered sleeves and long straight skirts to compliment the bride's gown. Ivory Alencon lace adorned the yoke of the suits and complimented the V-neckline. Their ivory pearl earrings matched the buttons on the suits, and pearl necklaces completed the ensembles.

Each carried three Red Velvet Madame Delbard Roses which were tied with ecru lace ribbons.

The best man was Cody Sutton; groomsmen were: Les Moore, Brandon Barrow, Hiram Sides and Ty Johnson. Ushers were Derlin Hennig, George Hennig, Scott Moore and Roy Moore. Hayden Oldham was ring bearer.

The bridegroom and his attendants wore classic black tuxedos. The

matte satin shawl lapel provided an ultra formal look with a white tie and cummerbund for the bridegroom and black ties and cummerbunds for the groomsmen. The bridegroom's boutonniere was a white bridal rosebud. Groomsmen wore Red Velvet Madame Delbard Rosebuds.

Candlelighters were: Troy Steakley, Robert Steakley, Travis Steakley and J. B. Orcutt.

For her daughter's wedding, Mrs. Barrow wore a tea-length two-piece suit of blush rose silk shantung. The mother of the bridegroom wore a tea-length, two-piece dress of burgundy chiffon.

The Radisson Hotel served "The American Buffet" dinner immediately following the ceremony.

The head table for the wedding party was decorated with rose arrangements and brass and ivory votive holders from the bride's great-grandmother's collection. Guest tables held pictures of captured memories of the bride and bridegroom, set among roses and greenery.

The bride's cake was a seven cake confection created by Maves Archer. Three large cakes formed a triangle base and the other cakes stair-stepped up on crystal pillars. Red and white roses, baby's breath and greenery were used among the columns and base of the cakes. The top layer held a crystal heart, with white china doves, encircled by roses. The cakes were iced with delicate sotras lace work and scallops.

The bridegroom's cake was a large German chocolate cake made by Pearl Henning from the recipe of the bride's paternal grandmother. The silver appointments on the tables were from the late Thelma Barrow's collection. The bride and bridegroom used silver goblets, engraved for their wedding, from the Barrow silver collection.

Black Gold, dressed in black tuxedos and black hats, played for the reception dance. The couple danced their first dance of the evening to "Keeper of the Stars" by Tracy Bird.

The houseparty included Audrey Steakley, Rebecca Nieri, Nora Verner, Norma Talbot and Becky Montgomery. Reception hostesses were Lorraine Perryman, Marge Pace, Betty Kettle, Tonya Clark and Carol Ramsey. Wedding coordinator was Pearl Hennig.

The bride is a 1989 graduate of Odessa High School and a 1993 graduate of Angelo State University. She is employed by Ector County Independent School District. MEMORIAL PROGRAM

The Crockett County Public Library has a great memorial program to help you honor special people. There are two ways to use the program. The Library Building Fund benefits from memorials given to the Friends of the Library, or a book can be placed in the library in memory or honor of a special person with a label announcing the donor. We try to match people and books, so it's nice to check out a book and find inside that it was given in honor of a particular person. It's a great way to keep their memory alive.

All you have to do is call or come by the library with the names of your memorials. We will record the memorials and send cards to the families announcing your gift to the Friends Building Fund or of a book. Your support of the library through memorials is especially important during our present fundraising campaign to expand the library building. Thanks for your interest and support of the Crockett County Public Library.

A&M Honor Students Announced

Texas A&M University has named its honor students for the 1994 fall semester, recognizing several thousand students for outstanding academic performance.

The Dean's Honor Roll recognizes students who have maintained at least a 3.75 grade point ratio out of a possible 4.0 during the most recent grading period. Ozonans on the Dean's

Honor Roll are Julie Childress, an agricultural development major, and Ami Sewell, a business administration major.

A second designation, "Distinguished Student," recognizes students who earned a 3.25 to 3.74 grade point ratio. Those from Ozona recognized are Bruce Beasley and Whitney Vannoy, both biomedical science majors.

It's Twins!

Liz and Let Ybarra, along with their son, Edward, of Arlington wish to announce the welcome addition of Emily Marie and Emmitt Ybarra. The twins were born on Dec. 27, 1995.

Emily Marie weighed five pounds, six ounces and Emmitt weighed five pounds, eight and one-half ounces.

Grandparents of the twins are Americo Sr. and Eva Tambunga of Austin and Inez Ybarra of Ozona along with numerous aunts, uncles and cousins.

It's A Boy!

Gary and Jodi Adcock of San Angelo are the proud parents of a son, Devin Kade, born Jan. 18, 1995, at 10:32 p.m. Devin weighed nine pounds, 12 ounces and was 22 inches long at birth.

Paternal grandparents are Raymond and Jettie Adcock of Ozona. Maternal grandparents are Curtis and Sandy Olsen of Junction.

It's A Girl!

Vickie and Will M. Black are the parents of a girl, Allie Claire Black, born Thursday, Jan. 19, 1995, at 5:40 p.m. in Angelo Community Hospital in San Angelo. She weighed seven pounds and eight and one-half ounces and was 19 3/4 inches long at birth.

She is welcomed by a brother, Murphey.

Grandparents are Susie and Bill Black and Judy and Billy Reagar. Great-grandmothers are Pauline Johnson and Jane Black of Ozona and Blanche Reagar of Llano.

Mobbs Opens New Beauty Shop

The Design Line, a new beauty shop opened by Opal Mobbs, is located in the former Redwood Motel building. The section used for the shop was renovated by her husband, Steve Mobbs, and has spaces for three operators.

At the shop every day are Maria Ybarra and Bernice Payne. Mrs.

Mobbs is there after school, she is the cosmetology teacher at Ozona High School, and on Saturdays. Jodi Wilson also works at the shop by appointment.

Hours are from 9 a.m. to 6 p.m. Monday through Saturday with appointments available after six. Walk-ins are welcome.

Ozonans Graduate From A&M

Diplomas were awarded to more than 3,300 Texas A&M University graduates during commencement ceremonies Dec. 16-17.

The degrees were presented at three separate ceremonies. Featured speakers at the ceremonies were U. S. Rep. Charles W. Stenholm; Marsha Martin, chairman of the Farm Credit Administration Board; and Royce West, Texas state senator.

Bruce Beasley received a bache-

lor of science degree in biomedical science, graduating cum laude.

Amy Graham graduated with a bachelor of business administration with an accounting major.

AARP Learns About Ombudsman Program

The American Association of Retired Persons chapter of Ozona met Jan. 16 in the civic center.

Guest speaker Ralph Teague, VISTA volunteer of San Angelo, was the guest speaker on the ombudsman program. Fred Baker, Crockett County ombudsman for the Texas Department on Aging, also attended.

An ombudsman is a specially trained and certified volunteer serving as an advocate to the needs and rights of residents in Texas nursing facilities.

Following a business meeting, members and guests enjoyed a travel film on Canada, and refreshments were served.

Two Ozona Students Receive Bachelor Degrees At ASU

Two Ozona students at Angelo State University were among 276 students to receive degrees during the Fall commencement at the university.

Jennifer Cook Pool received a bachelor of science, with a major in early childhood, and Janina Savala received a bachelor of science, with a major in early childhood.

Members present were: Jewel Bailey, Marolyn Bean, Jane Black, Louise Bunger, Crystelle Childress, Elizabeth Dudley, Martha Gries, Glenda Henderson, Virginia Hubbard, Madye Jo Humphreys, Benny Gail Hunnicutt, Pauline Johnson, Georgia Kirby, Shirley Kirby and Luetta Kost.

Also Joyce Maness, Ethel Miller, Dorothy Montgomery, Willa Perry, Bernice Phillips, Katharine Russell, Margaret Tabb, Blanche Walker, Helen White, Beverly Evans, Betty Perry, Madeline Stokes, Mary Anger Ward and guests Tetra Ulmer and Sharon Farmer.

Time To Enter Stockshow Creative Arts Division

March is just around the corner and it's time for all interested "handicrafters" to decide which items to enter in the 33rd Annual Creative Arts Department division of the San Angelo Stock Show and Rodeo.

Entry forms and detailed catalogs are available at the Association office, 200 West 43rd Street. All forms must be received or postmarked by the entry deadline of Feb. 4 to be entered.

The Stock Show office located at 200 West 43rd Street will be open Saturday, Feb. 4, from 10:00 a.m. until 4:00 p.m. to accept entry forms. The Sunset Mall Community Booth will also be open on Feb. 4 from 10:00 a.m. until 4:00 p.m. to accept entry forms.

Competitions are open to men, women and children in all divisions except hand-painted china and ceramics. In these divisions, youth and adult classes are combined. All divisions are open to persons with disabilities.

Entry is free in all divisions, except the Special Cooking Contest. Projects must have been completed since January 1, 1994 unless otherwise noted in the rules of the division entered.

Competition will include clothing, food, hobbies and crafts, needle-

work, art, hand-painted china, ceramics and photography.

Pies, "Fix it with a Mix", and "Party Foods" divisions are included in the Special Cooking Contest this year. These entries will be judged the same day they are received. A fee of \$1.00 and a receipt must accompany the entry form.

For more information, contact the stock show office, 200 West 43rd Street or phone 653-7785. Office hours are 8 a.m. until noon and 1 p.m. until 5 p.m. Monday through Friday.

An Approved Addiction

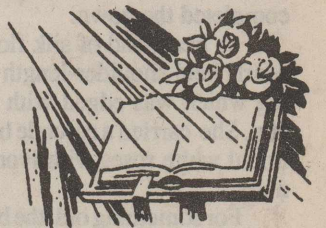

By Dennis J. Prutow

We live in an adrenaline driven world. This is true in our work and when we wind down. It is true in our avocations and athletics. Adrenaline enters our blood streams to heighten our awareness and focus our energies to help us through the fights of life. We depend on adrenaline at work and at play. In fact, we can easily become addicted to the sense of well-being and euphoria this chemical induces. We get accustomed to the high it brings. When the reaction is gone, we are flat, down, depressed.

We therefore fill weekends with excitement. We need the thrill of skiing down snowpacked mountainsides with the wind in our faces. We seek the

high of jumping out of an airplane and plunging thousands of feet before the parachute cushions our landing. We need the excitement of fast paced basketball thrillers. Church is especially boring. We have to sit still. We have to sing. We have to listen to a sermon. We'd rather be sailing. Weekends aren't for rest. They're for diversion. Church is boring. Who wants to think about eternity when there is so much life to live now?

Church may be boring because we are hooked on adrenaline. We've forgotten the biblical principle, "The Sabbath was made for man" (Mark 2:27). We need the rest. We're steps from crashing without it.

Pearl, De Hoyos Advance At ONB

Renee Pearl

Mel De Hoyos

Don Long, president and chief executive officer of Ozona National Bank, announced last week the promotions of Renee Pearl and Mel De Hoyos.

Mrs. Pearl was promoted to assistant vice president and Mrs. De Hoyos to assistant cashier.

As assistant vice president, Mrs. Pearl will oversee the in-house accounting operation. "Our department makes sure all accounts reconcile every day," she explained.

Mrs. Pearl said cross training at the bank enables everyone to be familiar with numerous procedures to better serve customers. Her job duties will be varied, including problem solving for the Ozona bank and the Wimberley branch.

"The promotion was to me a big vote of confidence. I was very surprised and pleased that the board thought I was deserving of a title of assistant vice president. It is like a pat on the back, a big one," she said.

Mrs. Pearl began employment at ONB in 1985 as a loan secretary. Later she worked as vault secretary and then went to the accounting department for three years.

She gives credit to the guidance and training received from Lou Chapman for the current promotion.

Husband Ronnie also received raise for tolerating the sometimes long hours required of a career.

"I had lots of support getting here. Ronnie jumps in and does his share."

The Pearls have two sons, Ryan and Aaron. She is the daughter of Mr. and Mrs. Don Yeager.

Mel De Hoyos will work with consumer loans in her new position as assistant cashier. She enjoys working with people and making them feel at ease.

"My customers are very special

to me, and I want them to be comfortable. I know how hard it is to ask for a loan," she said. "I've been there."

Mrs. De Hoyos has been with the bank since April of 1983 when she started in bookkeeping. In December of that year she moved downstairs to a secretarial position where she remained until October of 1994 when she began working as a loan secretary for bank officers.

"I appreciate the directors for giving me this opportunity to advance," she said.

Mrs. De Hoyos is married to Hector De Hoyos Jr. They are the parents of a son, Jordan, who is four. Her interests away from work focus on family life.

Both the De Hoyos were born and reared in Ozona. She is the daughter of Chona Vela of Euless and the late Romulo Vela.

"Wow I Won"

Museum Visitors Number 3,466 In 1994

Crockett County Museum had 3,466 visitors in 1994 who came from all parts of the world. They enjoy the displays and information about the area and many want to know all about David Crockett's significance to the county.

"Did he live here?" or "Do you have any of his 'things'?" are common questions asked of Mary Hillman, who keeps the museum open Monday through Friday from 9 a.m. to 5 p.m.

"We have several books on Crockett, including the one by himself. We have lots of other good books for sale, too," Mary said.

The Saturday docent program was initiated in November 1992 by Geniece Childress, museum director. Since then, many Ozona residents have taken their turn supporting the museum by giving their time on Saturdays. Mrs. Childress is a volunteer, too, and because of her love of Crockett County history, she has given many

hours to greet visitors. The museum board is grateful to Mrs. Childress for her dedication and to the many volunteers who say, "Yes, I'll do it," when she asks.

In 1994, docents worked a total of 255.5 hours on Saturdays and hosted 362 visitors.

Those docents and the hours each gave include: Dean Allen 3, Jewel Bailey 6, Crystelle Childress 6, Geniece Childress 91.5, Sue Cosper 3, Lee Dragoo 40, Mary Alice Dunlap 8.5, Virginia Hubbard 3, Benny Gail Hunnicutt 3, Zelma Johnigan 3, Katy Jones 3, Pauline Johnson 3, Shirley Kirby 5, Ann Light 6, C. E. Light 3, Linda Moore 3, Tina Moran 3, Tasha Nowell 3, Willa Perry 3, Letta Powell 7.5, Hilda Powers 16.5, Katharine Russell 5.5, Sue Spoons 3, Dean Stroud 5, Alleane Sutton 2, Margaret Tabb 6, Louise Taliaferro 3, Blanche Walker 2, Barbara Wallace 6.

Saturday hours are 11 a.m. to 4 p.m.

Four Guilty Pleas Entered In District Court

Judge Brock Jones presided over district court here on Jan. 16. At that time, there were four guilty pleas entered and one case dismissed.

Anacleto Rodriguez, charged with felony driving while intoxicated, was given a five year probated sentence to the Texas Department of Corrections, assessed court costs of \$175.50, fined \$1,000, given 100 hours community service, MHMR, AA 180 days and his driver's license suspended.

The case of credit card abuse against Sherri Renee Robeau was dismissed as she was convicted in another case.

Jimmy Perez Longoria, charged with aggravated assault, was given seven years probation, 100 hours community service, fined \$750 and ordered to pay \$800 restitution and

\$124.50 court costs, deferred.

Dora Ramos, charged with securing execution of documents by deception, welfare fraud, was sentenced to five years' probation, deferred; 100 hours community service, restitution of \$1698, monthly probation cost of \$20 and \$129.50 court cost.

Kelvin Douglas Warren, aka Calvin Douglas Warren, charge of credit card abuse, plea was accepted for time served in jail and court cost of \$129.50.

Politeness is a liberating constraint. It makes it possible to say everything that rudeness couldn't.

NOTICE TO STUDENTS AND PARENTS REGARDING THE USE OF VIDEO RECORDERS ON CROCKETT COUNTY SCHOOL BUSES

The Crockett County Consolidated Common School District has installed video recording equipment on all school buses to monitor school transportation, and will be videotaping bus routes at random. Each bus may be equipped with a video monitor box, in which a video recording device may be installed. Students will not be notified when a recording device has been installed on their bus.

Tapes shall be reviewed on a routine basis by the principal, and evidence of student misconduct will be documented. Students found to be in violation of the District's bus conduct rules, as contained in the student handbook, shall be notified, and disciplinary action will be initiated.

Videotapes shall be treated as protected student records under the Family Educational Rights and Privacy Act. The following guidelines shall apply:

1. Tapes shall remain in the custody of the transportation director.
2. Parents or students who wish to view a videotape in response to disciplinary action taken against a student may request such access under the procedures set out in district policy.
3. Persons unrelated to a disciplinary incident shall not be permitted to view bus videotapes.

If you have any questions about the use of video recorder equipment on district buses please feel free to contact me.

Sincerely,
Larry J. Taylor - Superintendent

Hometown Video Rental New Business For Ozona

Hometown Video Rental opened last month at 701 2nd Street and Ave. F. The business is owned by Alicia and David Munoz and Lynette and Johnny Rodriguez.

The two couples decided to open the business in a building behind the Munoz home after learning that two local businesses were discontinuing video rentals.

All have fulltime jobs and are operating the business afternoons, evenings and weekends. Hours are 4:30 to 8 p.m. Monday through Thursday, from 4:30 to 10 p.m. on Friday, Saturday from noon to 10 p.m. and on Sunday from 1 to 7 p.m.

New movies arrive every week

and at least three new Spanish movies are being added monthly. Educational videos are in the works. Among the titles will be ABCDEFG Phonics and Where There's A Will, There's An A.

Sega games are coming, and VCRs arrived this week to rent. There will be a drawing for a free movie rental each Saturday.

Suggestions from the public are welcomed.

Parent To Parent Training Jan. 30-31

The greatest crime prevention, drug prevention, alcohol prevention, and violence prevention tool ever is a mother or father who knows what they are doing, why they are doing it, and does it confidently.

However, many parents are unsure of themselves. Nothing in their background prepared them to raise children in the America of the '90's. Consequently, they look to the schools, and the police to "raise" their children...and when that doesn't work, they get frustrated with the "system" and say that "it" doesn't work. Of course "it" doesn't work. The schools and the police were not designed to "raise the community's children."

Recognizing that only families raise children well, many community based programs have either acquired or developed "parent training programs" to help parents deal with the challenges.

This led to the next problem. The parents either could not or would not attend. The net result was frustration and discouragement. The original goal was good...Let's get to the parent...the breakdown occurred in implementation. Please don't give up on the goal...achieving it is the key to your long term success.

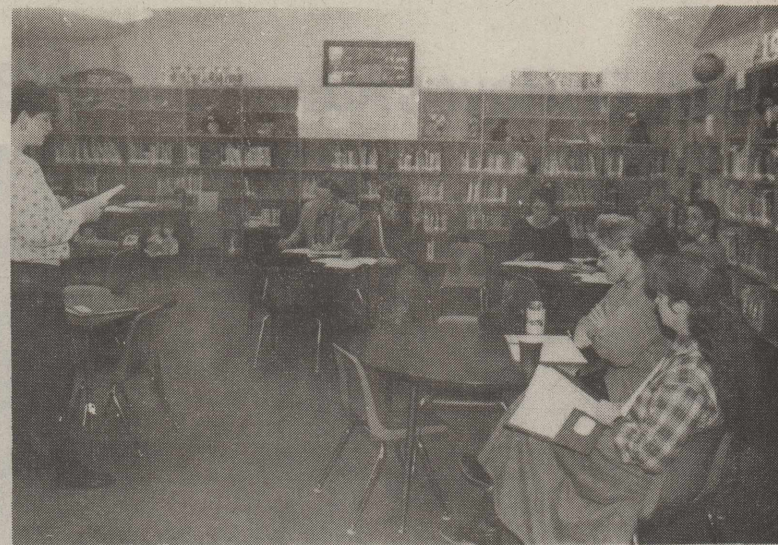

Texas' War on Drugs offers a solution to the problem, it is called a Parent to Parent Workshop. It is unique in that it was designed from the outset around an implementation model, video-based parent training program that can be delivered by "ordinary

people" as opposed to dynamic speakers or training experts. It is the ultimate in peer-driven prevention. It is available in three cultural versions: Hispanic American, African-American and Anglo. It was done this way for a reason. It is not that dynamic speakers or training experts are bad...there are just not enough of them to reach an entire community over an extended period of time. We have to rely on "ordinary people" to make the difference.

One example of how the program has been used is in Sonora. The high school counselor used the Parent to Parent program of incoming freshmen; parents whose children had received MIPs; and bank and city personnel employees. Rocksprings used the program as an in-service and more than 50 school personnel went through the workshop. Residents in Coleman, Sterling City, Comstock, Cherokee, Mason, and Crane have been trained and presented Parent to Parent in their communities.

A Parent to Parent facilitator training will be conducted by Marilyn Golightly, Jan. 30-31, 1995, in the Community Room at the Ozona National Bank. Times for the 2-day training will be 9 a.m. to 3:30 p.m. This training is offered in cooperation with Region 15 Education Service Center.

If you would like to attend the training and be a facilitator in the Parent to Parent program, please call the Texans' War on Drugs office at (915) 944-9516 by Thursday, Jan. 26.

FACULTY MEMBERS GATHER in the library at Ozona Primary School for information about Parent-Teacher Line, a computer communications program. Connie Jennings, system owner, explains that teachers will be able to make information such as classroom discussions and daily assignments available to parents and students by recording into a voice mailbox. Jennings has a B. A. in mass communications. Parent-Teacher Line starts Feb. 1 at OPS and at Ozona Intermediate about Feb. 15.

EMT Training Scheduled In Iraan

The Iraan Volunteer Fire Department and Emergency Medical Services are sponsoring a training class to the level of emergency medical technician, basic (EMT B). The class is to begin Feb. 2 and end June 6. The Texas Department of Health certification test will be offered after the June date.

The training consists of 128 didactic hours, 24 in hospital clinical hours and three ambulance runs where care is given. The classroom portion of training will be held at the Iraan Fire Department and EMS Building, 507 West 6th, Iraan. Hospital clinical will be at Shannon Memorial Hospital in San Angelo, and ambulance runs can be at Iraan or San Angelo EMS. Classes will be held each Tuesday and Thurs-

day from 6:30 until 10 p.m. A tuition charge of \$75 is required and book cost. The text is "Brady, Emergency Care" seventh edition book and workbook at an approximate cost of \$50. The class will also serve as a recertification training or continuing education class for persons wishing to maintain current certification for a \$20 supply fee.

Contact the Iraan Fire Department at 915 639-2952 and leave a message, or Cynthia Green at 915 639-2879 or 915 639-2301. Pre-registration is preferred.

A prerequisite to training is a current American Heart Association or American Red Cross C.P.R. card. A CPR class will be offered before the February class date.

Social Security News

Garland Gregg, representative of the San Angelo office, has scheduled his February visit to Ozona. He will be in the conference room on the second floor of the courthouse annex on Wednesday, Feb. 15, between 1:00

p.m. and 2:30 p.m. Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

Everything has been thought of before, but the problem is to think of it again.

kler system will cost approximately \$5,500 and will be installed by the district's maintenance department."

During the meeting the members recessed into executive session for private consultation with the board's attorney and also discussion of the purchase, exchange, lease or value of real property. After emerging out of executive session, the school board voted to allow Mr. Al Elliott, school attorney, to continue his investigation into school property located south of Ozona Primary School.

Board members Wade Richardson and Marcus Sims were approved for appointment to the Crockett County Appraisal District Board of Directors, and during the superintendent's report portion of the agenda, Larry Taylor said that Anthony I.S.D. has requested permission to compete in District 5-AA football during the 1995-96 school year. The consensus of the board members was to consider this request only if Anthony would agree to travel to Ozona next year for the game.

Toward the conclusion of the meeting, the trustees again went into executive session to conduct a review of all district personnel and their 1994-95 assignments by campus and to consider the superintendent's contract.

After the executive session had been concluded, the board voted to extend the contract of Superintendent Larry Taylor by one year.

The meeting was adjourned after the school board members approved setting the date and time of the February regular board meeting on Feb. 20 at 7 p.m.

Cubettes Win Iraan Tournament

Neal Ulmer
Stockman Sportswriter

The Ozona 8th Grade Cubettes won the 1995 Eighth Grade Iraan Tournament held Jan. 5 and 7 in Iraan. The Cubettes beat the Sonora Lady Colts 21-14 in the championship game held on Saturday, Jan. 7.

In their first game, the Cubettes edged by Midland Christian 23-19 Thursday evening. The Cubettes got out to a good start with a 14-8 halftime score and led 17-12 at the end of three quarters. Ozona scored six points in the fourth and held Midland to seven points to pull away for the win.

Leading the Cubettes in scoring was Donika Martinez with 11 points. Others scoring were: Angela Branch with eight points and Robin Tambunga and Nicole Perez with two points each.

Other Cubettes adding to the winning effort were: Gina Castro, Lori

Sanchez, Kim Galan, Brenda Talamantez, Nancy Gutierrez and Lindsay Flanagan.

In the second game, the Cubettes had little trouble in defeating the McCamey Badgerettes 43-29. The Cubettes scored with ease as they led 18-9 at halftime but had some difficulty in the third as McCamey scored 12 points to bring the score to Ozona 27, McCamey 21. The Cubettes scored 16 points in the fourth and held the Badgerettes to eight points to get the win 43-29.

Two Cubettes were in double figures, as Angela Branch led the scoring with 17 points and Lori Sanchez had 14 points. Donika Martinez scored eight points and Lindsay Flanagan made four points.

Others playing in the game included: Nancy Gutierrez, Brenda Talamantez, Kim Galan, Nicole Perez,

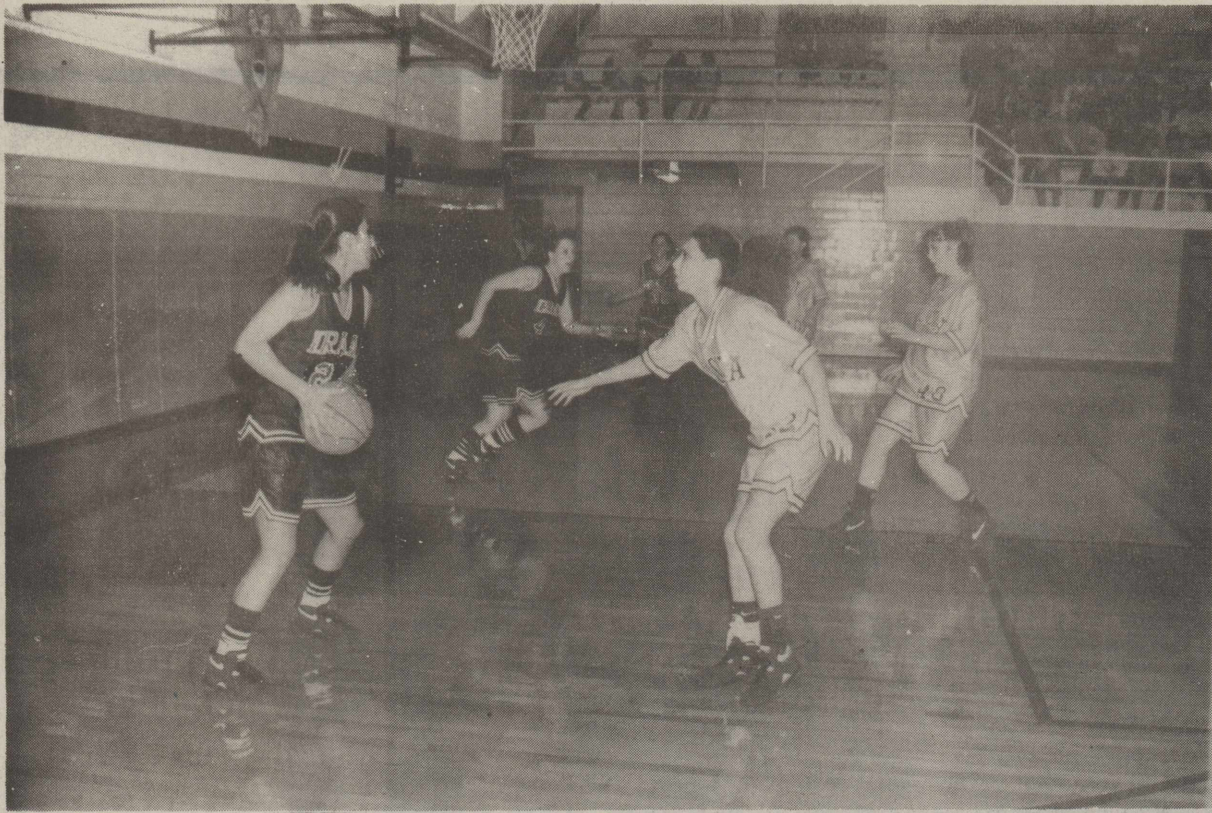

Robin Tambunga and Gina Castro.

In the championship game with the Sonora Lady Colts, Ozona got out to a 15-3 lead at halftime, shutting out Sonora in the first period. With Coach Tiffany Pullig substituting freely in the game, Sonora came back in the third for eight points but was still six points short as Ozona led 17-11.

Ozona added four points in the final period to Sonora's three points to win the game 21-14. With the win over Sonora, the Cubettes' season record is 8-1.

Donika Martinez led her team in scoring with eight points. Lindsay Flanagan scored six points, Angela Branch five, and Lori Sanchez scored two points.

Also helping to win the game were: Nicole Perez, Kim Galan, Robin Tambunga, Nancy Gutierrez, Gina Castro and Brenda Talamantez.

the fourth period, the Lions burst out with a 25-point quarter and held the Badgers to nine points to win the game 74-57.

"I was proud of our guys for keeping their composure and making sure that we were staying in our game plan even when we were behind. We've got some tough games against Iraan, Anthony and Van Horn. This is our critical part of the season," said Curry.

Shooting well, especially in the second half, the Lions had three players in double figures. Scoring two three-pointers, 10 field goals and one free throw, Chris Sanchez led his team in scoring with 27 points. Ray Fierro scored seven field goals and five of five free throws for 19 points. James Nelson scored 10 points, Lance Jamerson eight, Mel Martinez and Doug Meador four each, and David Browne two points. Michael Mitchell and Lupe Llanas added their efforts to the game.

Despite a fourth quarter slump, the JV Lions beat the McCamey JV

Carpal Tunnel Syndrome - A Road Hazard On The Information Highway

The growth of the computer industry may also have led to an increased occurrence of carpal tunnel syndrome - a pinched nerve at the wrist.

"The condition used to be seen in the older population, particularly women," said Dr. H. Jay Boulas, assistant professor of orthopaedic surgery at UT Southwestern Medical Center at Dallas. "Now it's also appearing in the younger population - people 20- to 40-years-old who use a keyboard or 10-key pad all day or perform repetitive assembly-line work."

Symptoms of carpal tunnel syndrome include a loss of sensation in the hand, pain in the upper extremities that may wake you at night or numbness in your hand or both hands while you're driving. It can be treated with corrective splints that immobilize the wrist in a neutral position, anti-inflammatory medications or minor surgery.

Badgers 54-48 in an earlier game in Davidson Gym. The JV Lions' season record is now 4-7.

The Lions jumped out to a good start, scoring 16 points in the first quarter to McCamey's eight points. Working together as a team, the Lions added 12 points to make the halftime score Ozona 28, McCamey 16.

Fired up at halftime, the Lions scored 15 points and held the Badgers to nine points to lead 43-25. Ozona had a tough time in the final period scoring only 11 points while the Badgers hit the basket for 25 points. The Lions held their lead to win the game 54-48.

"I thought we played real well as a team. We played a great first half. We

need to work on our defensive rebounding to be able to compete in this district. Overall, it was the best game we've played all year," said JV Coach Ronnie Casey.

Lando Peña-Alfaro scored eight points in the fourth quarter and made one three-point shot for a total of 17 points. Two other Lions in double figures and both getting a three-pointer were Brian Badillo with 13 and Jason Stuart with 12 points. Justin Browne scored six points including a three-pointer, Jon Sanchez made four points, and Wesley Bean scored two points. Others playing in the game were: Rick Hamon, Cody Porras, Brandon Parlow, Ruben Cruz, Michael Nicks and Robert Daniels.

From The Library

Sherry York, librarian at Ozona High School, is proud of the library's Hispanic Heritage collection. This collection of more than 150 books consists of nonfiction, biographies, history, poetry, novels and short stories. All materials in this collection are either by or about Mexican Americans, Cubans, Puerto Ricans, Mexicans and other peoples of Spanish-speaking countries.

Until very recently, there were very few printed materials relevant to these Latino groups. Only within the past three years have many publishers begun to print books for these minority groups.

Mrs. York is a book reviewer for *The Book Report*, a magazine for middle and high school librarians. For the past two years Mrs. York has selected Mexican American literature as her interest area for reviewing. As a consequence, she has received several excellent new books to review.

After the reviews are written, the books are donated to the Ozona High School Library's collection. These

donations and the purchase of relevant books has helped in the development of a good collection of Latino materials. Now all Ozona High School students have access to a diversified library collection on Hispanic cultures.

Poetry books in the collection include works by Ricardo Sanchez, Sergio Elizondo, Jim Sagel, Luis J. Rodriguez, Francisco X. Alarcon, E. A. Mares, Gary Soto, Pat Mora, Ana Castillo, Jimmy Santiago Baca, Luis Omar Salinas, Sandra Castillo, Alicia Gaspar de Alba, Ed Vega and others.

More than 20 biographies include historical and contemporary Hispanics. The titles reflect the names of teachers, artists, musicians, poets, athletes, lawyers and public figures. Subjects of these Hispanic biographies include Eveline Antonetty, Arcadia Lopez, Cesar Chavez, Henry Cisneros, Frida Kahlo, Gloria Estefan, Joan Baez, Junipero Serra, Linda Ronstadt, Luis Munoz Marin, Pablo Picasso, Pancho Villa, Roberto Clemente, Judith Ortiz Cofer, Lee Trevino, Vilma

Martinez, Jimmy Santiago Baca and others.

Novels and short stories by Latinos include the works of Laura Esquivel, Tomas Rivera, Rudolfo Anaya, Irene Beltran Hernandez, Aristeo Brito, Miguel Duran, Elizabeth Borton de Trevino, Nicolasa Mohr, Rolando Hinojosa, Sandra Cisneros and Julia Alvarez. Also fiction works by Gary Soto, Dagoberto Gilb, Abelardo Delgado, Ernesto Bethancourt, Arturo Islas, Ana Castillo, Sabine Ulibarri, Miguel Mendez, Genaro Gonzalez, Alberto Rios and Angel Vigil are found in the collection.

Mrs. York's long-time interest in the field of Mexican-American literature has led to the publication of two related articles in *The Book Report*. The January/February 1994 issue features "The Hispanic Heritage in Novels, Short Stories & Nonfiction" by Sherry York. Scheduled for publication in the January/February 1995 issue is a bibliography of Mexican-American literature for middle school students also by Mrs. York.

Deficit Disorder Seminar For Adults And Teens

An attention deficit disorder seminar for adults and teens will be held Thursday, Feb. 9, at 7:00 p.m. in the Johnson Street Church of Christ Auditorium, 2200 Johnson Street, San Angelo. The seminar will feature Dr. Lynn Weiss, a psychologist, who is founder and director of the ADD Center for Adults and Teens in Dallas.

This session will be on ADD in both teens and adults and addresses the misunderstanding, frustration, and heartbreak of ADD. Although generally thought of as a children's problem, ADD is most likely hereditary and frequently persists into adulthood, affecting as much as 10 per cent of the adult population. Only recently have concerned families begun to recognize the symptoms in themselves and in spouses and relatives: attention span difficulty, fidgeting, poor impulse control, low stress tolerance, poor organization with poor task comple-

tion, or extreme mood swings.

Dr. Weiss, psychotherapist and mother of an ADD son, will explain what ADD is, how it manifests itself in adults, and what can be done to cope with it. Those attending will hear about ways to improve self image, the latest thinking on treatment with drugs, visualization techniques, and answers for intimacy problems.

Dr. Weiss will offer insight not only for those with ADD, but for the families and friends of ADD individuals. Her insight will also broaden the understanding of the caring medical, psychological, or other medical professional who has not had the experience of living with the ramifications of the full range of symptoms of ADD individuals.

A workshop will be held on Friday, Feb. 10, from 8:00 a.m. to 10:30 a.m. in the San Angelo Independent School District Board Room at 1620 University, to prepare professionals to hold weekly groups to aid ADD teens and adults with daily, practical,

hands-on methods of coping with ADD.

Dr. Weiss is the best selling author of Attention Deficit Disorder In Adults and other books. In 1992, Dr. Weiss received the distinguished Service Award from the ADD Resource Center for her extraordinary contribution to the understanding of ADD. In 1993, she was appointed to the board of directors of the National ADD Association and ADDA, Southern Region.

The registration fee for the Thursday night three hour seminar for anyone interested is \$10.00. The fee for the Friday morning workshop is \$30.00 if preregistered and includes the workbook by Dr. Weiss. Registration for this workshop at the door is \$35.00.

For more information about this workshop, contact George Pfler at 915-655-5369. This seminar is sponsored by Three Rivers Counseling Association, Area Council PTA, Concho Valley ADHD Association and Consultants for Kids.

WEEKLY REPORT

Congressman
Henry Bonilla

23rd District, Texas

1529 Longworth House Office Building Washington, D.C. 20515 202/225-4511

IN DEFENSE OF PRIVATE PROPERTY RIGHTS

Last week I re-introduced the Endangered Species Moratorium Amendments, legislation designed to protect the rights of private property owners throughout the country. As you may remember, my fellow Texan, Rep. Chet Edwards and I introduced this bill in the last Congress.

For far too long, private property owners have been threatened by Endangered Species Act legislation that gives the federal bureaucrats a heavy-handed say over our land rights. My bipartisan effort, introduced along with nearly 40 co-sponsors from across the country has a good chance of passing in the new Congress, where more members than ever are lending a sympathetic ear to the plight of hard working, tax-paying private property owners.

The ESA, although well-intentioned in its origins, has been abused by extremists inside and outside the Beltway. It was designed to protect endangered species. However, instead of balancing the wish to protect endangered species with human needs, what we have instead is infringement after infringement upon our rights as private property owners and this must be halted.

I think of the rancher that was fined by the federal government simply for clearing his land of brush. The

government interpreted this as a threat to the ESA and fined him thousands of dollars. This same act, whose intention it was to protect, is instead being used against citizens in favor of beetles, worms, mice and birds.

My legislation on the other hand, seeks to protect the farmers, the ranchers or the home-owners who have worked all their lives to take care of their property and maintain their lifestyles. In the cloud of rhetoric surrounding ESA legislation, what has been forgotten is the rights of hard working families and individuals who have strived all their lives to provide for and protect their families and their land - land that may have been in their families for generations, long before the federal government started legislating property rights.

We must seek solutions which preserve truly endangered species while respecting the rights of property owners. The narrow-sighted bureaucrats inside the Washington Beltway need to learn to balance these goals and stop current abuses of the ESA. If they would simply work with property owners, instead of against them, they might find the goals of the ESA easier to reach. This would be the first step toward bringing common sense to the ESA process.

Sheep, Goat Raisers To meet In Junction

The Texas Sheep & Goat Raisers Association has scheduled its winter triannual director's meeting for Friday, Jan. 27, at the Coke Stevenson Center in Junction. Registration will begin at 9 a.m., and the first committee meeting will begin at 9:30 a.m. The meeting includes a lunch at noon and should finish up around 5 p.m.

State Representative Bob Turner and State Senator Bill Sims will update participants on possible legislation which would affect the livestock industry, particularly that having to do with private property rights and endangered species.

Pierce Miller, American Sheep

Industry Association president, will report on activities with regard to the proposed check-off, and Dean Ethridge, director of the International Textile Research Center, will speak on opportunities for wool and mohair during the wool and mohair marketing committee portion of the meeting. Other committees will also provide pertinent speakers.

The women's auxiliary will meet during the noon hour in the small meeting room so that those ladies who want to can attend all of the committee and/or business meetings.

Further information is available from TS&GRA at (915) 655-7388.

Texas Senate Week In Review

The Texas Legislature convened at 12:00 noon on Tuesday, January 10, with both Houses meeting in the newly restored State Capitol. The Senate had met during the 73rd Legislative Session in a temporary chamber three blocks away due to the Capitol restoration. The first order of business was the swearing-in ceremony of the 31 newly elected senators by Chief Justice Tom Phillips of the Texas Supreme Court. New members of the Senate are David Cain of Dallas, Mario Gallegos of Houston, Michael Galloway of the Woodlands, Tom Haywood of Wichita Falls and Drew Nixon of Carthage.

Austin State Senator Gonzalo Barrientos was elected president pro tempore of the Senate for the 74th regular session. Visibly moved by the Honor, Senator Barrientos recalled the words of his father upon his election to the Senate. "He told me, 'My son, I'm glad you were elected Senator...that's good. Just one thing - never think that you're better than anybody else.' And I will believe that to the end."

Also on Tuesday, Senator Carlos Truan of Corpus Christi was officially named Dean of the Texas Senate. Senator Truan is the first Hispanic to hold the high honor. Truan has served in the Texas Senate since 1977, and spent eight years in the Texas House prior to his election to the Senate.

The Texas Senate convened Wednesday, January 11, at 11:00 a.m. Members drew lots to determine who would have 2-year and 4-year terms. Each decade after the federal census, Senate, House and Congressional districts are redrawn to reflect population migration. The original Senate redistricting plan was challenged in the court system, and a federal court-ordered plan was used for the 1992

election. Since that time, districts established in a special session in January, 1992 were upheld in federal court and all 31 district elections were held again in 1994. Senators drawing 4-year terms are: Armbrister, Bivins, Brown, Ellis, Gallegos, Galloway, Haywood, Leedom, Madla, Monford, Patterson, Ratliff, Sibley, Truan, Turner and West. Members receiving 2-year terms are: Barrientos, Cain, Harris, Henderson, Lucio, Luna, Moncrief, Nelson, Nixon, Rosson, Shapiro, Sims, Wentworth, Whitmire and Zaffirini.

Senator John Whitmire of Houston filed emergency legislation on Wednesday to address problems with the Texas Natural Resource Conservation Commission's mandatory vehicle testing program. Complaints include location of the facilities and cost of compliance. The emergency legislation suspends the program for 90 days from the date of passage. This stop-gap measure provides immediate relief to car owners scheduled for January renewal. Thirty senators signed on to co-sponsor the bill. Whitmire supports a 2-year suspension of the program. The legislation, Senate Bill 19, was referred to the Senate Natural Resources Committee on Wednesday. The bill was heard in committee at 4:00 p.m. Wednesday and was passed favorably by a vote of 9-0. Senate Bill 19 is expected to be debated next week.

Other news on Wednesday included an announcement by Lieutenant Governor Bob Bullock and Senator David Sibley of Waco that several pieces of legislation have been filed to address the civil justice system. Six bills were filed, including an omnibus bill containing the major components of tort reform.

State Leaders Announce New Era In Public Access To Legislature

Lt. Governor Bob Bullock and House Speaker Pete Laney announced that public access to the Texas Legislature will soon enter a new era as plans are finalized to link legislative information systems to the Internet.

Bullock said he was elated. "I have long been a staunch advocate of open government and the public's right to know," Bullock said. "I am delighted that we now have the technology to bring the work of the Legislature to the fingertips of the Texans it serves."

Laney called the Internet link a major step in opening the legislative process to the public.

"It will help Texans further understand and participate in their government," Laney said. "Now, anyone can have the same access to our data bases as the members of the Legislature have."

Legislative information that will be available on the Internet and updated daily includes:

- * The full text, legislative history, authors and co-authors of every bill and resolution filed in the current session.
- * Daily House and Senate Calendars.
- * Names and capitol and district office addresses and phone numbers for House and Senate members.
- * House and Senate committee memberships and day-to-day committee schedules.
- * U.S. Census Bureau information on Texas House and Senate districts. 1994 general election analysis.

- * Information on how a bill becomes law.
- * Full text of the Texas Constitution.
- * General information about the Capitol, including tours, visitor parking and the Capitol Restoration Project.

The U.S. Department of Defense created the Internet to link major academic, government and industrial computer sites in the United States to promote information sharing.

Although the Internet now links an estimated 46,000 computer networks in 90 countries and serves 20 million Internet users, Texas joins only a handful of states that have linked legislative information to the system. Hawaii was first in 1991, followed by California, Utah, Minnesota and North Carolina last year.

A personal computer, modem and connection are needed to access the Texas Legislative System on the Internet. Connections are provided by private companies for a fee. Access also is available through some universities, colleges and libraries.

LEGAL HELP FOR CEREBRAL PALSY VICTIMS
Many parents wonder if medical negligence caused their child's cerebral palsy. The majority of cerebral palsy is not caused by medical negligence, but medical and nursing mistakes around the time of birth do cause cerebral palsy. We can help with the answers to your questions and if there is medical negligence we may be able to obtain a settlement or verdict for you or your child.
Some of the many factors we consider are:
1. Did your baby have seizures or "jitteriness" within 48 hours after birth;
2. Did your baby get enough oxygen during labor, delivery and in the nursery;
3. Was your baby taken to the intensive care nursery;
4. Was there fetal distress detected by the electronic fetal monitor or stethoscope;
5. Was your baby born depressed, very blue, floppy or in need of resuscitation;
6. Was there a delay in performing an emergency C-Section;
7. Were there umbilical cord problems, including knots, wrapped around neck, etc.;
8. Were there placental problems such as abruption or insufficiency;
9. Was there an extremely traumatic delivery, difficult forceps, vacuum extraction, baby bruises, etc.;
10. Did your baby have low blood sugar;
11. Did the pregnancy go past 42 weeks?
