Queen Crowned At Fall Festival

By Neal Ulmer
Stockman Reporter

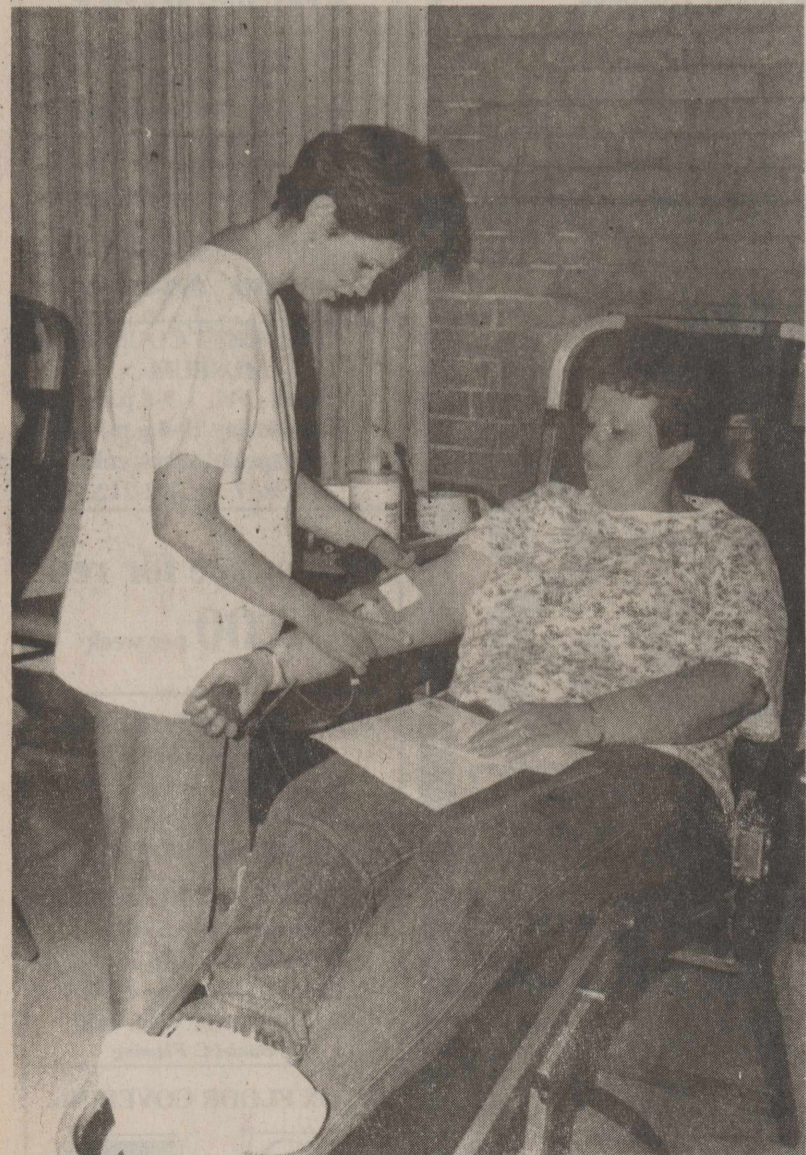

Our Lady of Perpetual Help Catholic Church held its Fall Festival and Diez y Seis de Septiembre Celebration Sept. 16 and 17 at the OLPH Parish Hall and fairgrounds park area.

The Diez y Seis de Septiembre Queen for 1995 is Maria Quiroz, daughter of Federico and Romelia Fierro. Runner-up is Stacey Ramos. The Little Miss Fall Festival Queen for 1995 is Becky Barrera, daughter of Elliott and Esmi Barrera. Runner-up is Bertha Lombrana.

The fairgrounds park area was busy with various food and beverage booths, games, touch football, volleyball and disc jockey music.

A Sunday noon meal at the parish hall was sponsored by Las Guadalupeñas.

The raffle prize winners were announced at 4 p.m. Sunday afternoon. Winning first prize was Jaime Ramos. His prize of a RCA Camcorder was accepted by his sister, Annie Ramos. The second prize, a Savage .22/250 rifle with scope was won by Jill De La Garza of San Angelo. The third prize given away was a Sega Genesis game won by Judy Lombrana.

XI SIGMA OMEGA sponsored a blood drive Sept. 14 at the civic center with 28 persons donating blood. Sarah Stewart is donating blood and being attended by United Blood Services technician Letty Salazar.

New Phone System In Works For Hospital/Care Center

Commissioners gave their blessing to a new phone system for the hospital and care center when they met last week, saying that no vote by the court was necessary on the AT&T system chosen by the facility directors. The system can be updated with the insertion of a computer chip according to administrator Virginia Box. Cost of the system will be \$12,759 if purchased outright with a \$109.63 monthly service protection plan to begin on the 13th month. If purchased over a 60 month period as recommended by the directors, cost will be \$17,224 which includes a battery pack (\$959.20) which will keep the phone up for approximately 15 minutes during a power failure. The board plans to advertise the existing system for auction or bid.

Ambulance bids were opened and reviewed by the directors at their Sept. 6 meeting. A motion passed to table the issue until further review of specifications by ambulance coordinator Doug Meador and board member Terry Dickerson could be made and until references were obtained from the four bidding companies.

The four bids received for a

hematology machine were rejected with the board voting to rebid with clarified specifications regarding supplies and a lease/purchase option. Other items were also to be added to the specifications.

No new developments were reported regarding the air conditioning/heating system. Maintenance supervisor David Morgan suggested that an electrical contractor/engineer be hired to lay out requirements so that everything will be wired according to state codes. Morgan stressed that if there is no heat within 60 days, the facility will be in jeopardy of being shut down. The existing heat boiler has a leak and can no longer be used.

The board voted to recommend to commissioners the hiring of a new architect and/or electrical engineer. They were given the go-ahead by commissioners to do this.

An increase in the semi-private room rates at the care center to \$58 per day was approved by the board. Of this, \$13.50 is for meals, according to Mrs. Box.

At a called meeting Aug. 30, the board voted to purchase a new whirlpool for the care center. The existing

whirlpool is 15-20 years old and has been shut down by Morgan. He said chemicals alone to clean and disinfect it properly would cost \$3,000 per month. The new machine, an ARJO Whirlpool, will be purchased on the payment plan of \$555.59 per month for 60 months.

Purchase of software to allow the care center to be on-line with N.H.I.C. (Medicaid) by Jan. 1, 1996, was also approved at the Aug. 30 meeting. The new software is necessary to stay in compliance with state requirements.

Rosa Jurado was approved by the board and later by commissioners to receive the LVN scholarship. She has worked as a certified nursing attendant at the care center and hospital for 15 years.

Dr. Marcus Sims met with the board to discuss his concerns regarding being the medical director. He asked that the county provide insurance coverage for him and his three

children as compensation for the responsibilities and liability involved. He said he also wants to review responsibilities regarding home health medical directorship before committing to any agreement there. The board voted to table the issue until requirements and responsibilities for home health can be obtained and reviewed by Dr. Sims.

At Sims' request, which was presented by Mrs. Box, the board voted to advertise for a bilingual clinical assistant/reception for the physicians' clinic.

Mrs. Box reported that paperwork for both the hospital and care center has been sent to the state for Medicare certification. The facilities have already been notified that they are approved regarding civil rights requirements. She also told the board that she has applied for the certified nursing aide teaching certificate necessary to have classes taught locally.

Broncos Stomp Lions 28-0

By Neal Ulmer
Stockman Sportswriter

If anyone looked at the scoreboard at the end of the game last Friday night in Lion Stadium, they would have thought the Ozona-Sonora game ended in a tie. Unfortunately, for Ozona it didn't as the Sonora Broncos pounded the Lions 28-0 in a friendly, rival contest.

Actually, due to the wet weather that Ozona has had the past week, the clock was only partially working. Although the quarters and the scores were not working on the scoreboard, the time was, and the announcer kept the fans informed of the correct score. "Our kids played real well," said Coach Walter Hargrove. "We forced them to make some adjustments defensively to what we were doing offensively. We're maturing, growing, and as long as we are improving, we will be all right."

Although the Lions did not score, Hargrove added, "Offensively, we did a lot of good things and moved the ball pretty well. Two things we wanted to do this week: one, we wanted to be better than we were, and second, we wanted better effort for four quarters - we gave that!"

The Lions received the opening kickoff on their own 14-yard line. They were unable to move the ball, and then chose to punt it with Sonora receiving the ball on the Ozona 34-yard line. Five plays later the Broncos plowed through for a one yard touchdown by Adrian Mata with 7:45 left in the first period. The PAT failed, but the Broncos led 6-0.

On Ozona's second possession of

the evening, quarterback David Browne was injured and replaced by Pete Castaneda. Again the Lions could not move the ball and punted. Sonora received the ball on the Lion 42-yard line, but on their first play, they fumbled the ball, and an Ozona player recovered on their own 44-yard line.

The Lions moved the ball on the next set of plays with good runs by Justin Browne, Ray Fierro and Castaneda getting to the 17-yard line. Despite this good effort, it was not enough to control the ball. The Broncos took the ball over at that time.

The Lion defense held the Broncos, and they put the ball back in play, starting on their own 25-yard line. The first quarter ended with the Broncos leading 6-0.

On the second play in the second quarter, Castaneda fumbled the ball, and Sonora recovered on the Lion 20-yard line. Unfortunately, for the Lions this was the second of six fumbles the team had for the night and the second of three lost.

Three plays later Mata scored on a 5-yard run for the Broncos with 10:49 left in the second period. Bronco quarterback Caleb Barker ran in for the 2-point conversion, giving the Broncos a 14-0 lead.

Both teams were stopped by good defense. In fact, on the next Lion defensive stand, outside linebacker Jason Stuart sacked the Bronco quarterback, Caleb Barker, for a 10-yard loss.

Minutes later, the Broncos started their next scoring drive from their own 35-yard line. Six plays later, the Broncos scored on a 30-yard romp by

Murder Trial Begins This Week

District Judge Brock Jones said Monday he expects to start hearing evidence Thursday in the trial of Loretta C. Neumueller. Ms. Neumueller is charged with capital murder in the 1994 death of Larry Albers.

Names of an additional 200 pro-

spective jurors were drawn last week after only 60 of the first 300 called remained on the list. The 200 was narrowed to 38.

These 98 are to be in court Wednesday morning at for a continuation of the jury selection process.

High School Rodeo Here Sept. 30-Oct. 1

Bareback riding, bull riding, saddle bronc riding, barrels, poles, team roping and calf roping are on tap for rodeo fans here Sept. 30 at 2 p.m. and Oct. 1 at noon. The Ozona High School rodeo team will host one of the fall rodeo series then with students from other high schools coming to

compete. Overall winners will compete at state in Abilene this spring, seeking a slot in the nationals in Pueblo, CO.

The OHS rodeo team is coached by Rod Miller. Members are: Ruben Cruz, Rick Hamon, Rob Hamon, Rusty Bishop, Stormi Sessom, Cody Hunicutt and Wesley Bean.

4-H/FFA Livestock Shows Combined

In their regular monthly meeting that was held on Monday, Sept. 11, members of the Ozona School Board approved the combining of the Ozona High School's Future Farmers of America Livestock Show with the Crockett County 4-H Livestock Show into one show.

The two organizations' agreement document, which was signed by Billy Reagor (4-H county agent), Brent Pool (agricultural science teacher), Jeffrey Sutton (county judge) and Larry Taylor (school superintendent), allows the district's FFA members to participate in the Crockett County 4-H Livestock Show and be eligible for premium and awards under the following conditions: (1) The show will continue to be organized, planned and run by the 4-H Adult Livestock Leaders, and the 4-H Livestock Fund will be used for transacting all funds; (2) It is understood that youth can exhibit livestock in 4-H and FFA but are eligible to receive premium money on only one animal in the show; (3) It is also understood that FFA members will not be allowed by the Crockett County Consolidated Common School District to exhibit livestock at major livestock shows; therefore, if a youth plans to enter a major show, he must do it through 4-H; and, (4) It is also understood that if in the future, problems arise that cannot be resolved, the 4-H Adult Livestock Leaders may vote and restrict participation of FFA members in the livestock show."

The school board also held a public hearing on the 1995-96 accreditation status of Ozona High School which received an "accredited-low performing" rating on the Texas Education Agency's Academic Excellence Indicator System (AEIS) Report for the 1994-95 school year. Superintendent Larry Taylor and Tanya Sorrells, high school principal, explained that the "accredited-low performing" rating for OHS was assigned because the high school's 1993-94 school year drop-out rate of 7.2% did not meet the state's requirement of 6% or less drop-outs in Texas high schools. Supt. Taylor said that in all of the other indicators (student attendance, TAAS scores, college admissions results, etc.) the high school was above the statewide average; however, because the school did not meet this one state criteria, it was assigned the rating.

Ms. Sorrells explained that the school's 1994-95 school year drop-out rate was 4.7% but due to the 7.2% drop-out percentage in 1993-94, Ozona High School will receive a T.E.A. accreditation monitoring team visit in the spring of next year. She also presented the OHS 1995-96 Campus Improvement Plan for board review, and it was approved as presented.

The board approved a budget amendment to establish an alternative education program required by Senate Bill 1 and to implement an alternative

New Blood Drive Guidelines Bring Success

Xi Sigma Omega received 28 blood donors on Thursday, Sept. 14, at the Crockett County Civic Center. Donors volunteered to replenish the blood used by Elvira Caldwell, long-time resident and servant of Ozona who passed away earlier in the day.

"The drive was the first in Ozona since United Blood Services re-opened its doors earlier this year," said Connie Jennings, coordinator of the event. "New guidelines from UBS included working by appointment. This is something that was never before successful with our community drives, but we asked our donors for them, and I applaud their response. We went into the drive with 17 appointments, and we were able to accept 11 walk-ins," Mrs. Jennings said. "The maximum donors we could handle during these hours was 30."

The next drive is scheduled for Dec. 4. It will be handled on an appointment basis, as well, according to Mrs. Jennings. "We have not as yet set the hours for the next drive, but if we can schedule enough appointments ahead of time, we can extend the hours to accommodate all who would like to come in."

The Cafe Next Door provided two dinners for a drawing at the conclusion of the event. The winner was Dana Cowen.

Those willing to make donations included: Robert Darling, Margarette

Coates, Nancy Hale, David McWilliams, Timothy Nichols, Connie Jennings, Eddie Hale, Audrey Glynn, Jason Sullivan, Larry Glosson, Perry Hubbard, John Wake and Charles Meador.

Also volunteering were Charles Preddy, Beverly Preddy, Dena Porter, Carolyn Taylor, Melissa Glosson, Bobby Harris, Sarah Stewart, John Nance, William Pershern, Bobby Williamson, Dana Cowen, Daniel Fleming, Thelma Hyde, Belinda Wilkins and Lloyd Winkley.

Volunteering for Xi Sigma Omega were: Martha Weant, Roylan Sullivan, Connie Jennings, Peggy McWilliams, Diane Anderson and Jackie Necessary. Also contributing was the Crockett County Probation office.

The women of Xi Sigma Omega extend their sorrow to Jim Caldwell of Ozona, Charles Farris and Family of Ozona, Lenora Watts and family of Iraan and Merlin Farris and family of Midland in the loss of their wife and mother.

San Angelo Coin/Stamp Show Sept. 30-Oct. 1

The San Angelo Coin and Stamp Show will be held at the Howard Johnson Motel, 333 Rio Concho Drive, Sat., Sept. 30, from 10 a.m. to 6 p.m. and Sunday, Oct. 1, from 10 a.m. to 4 p.m. Admission is free.

1995 is the 150th birthday of statehood for Texas. To help commemorate this event, the stamp show theme will be Texas' birthday. There will be a special show cachet (envelope with a picture) with a Texas Statehood commemorative stamp and a special cancellation issued by the United States Postal Service.

The Texas history students of San Angelo ISD will enter pictures of their Texas birthday cards. These will be

displayed at the show. There will be various stamp collecting exhibits, six stamp dealers, the United States Postal Service window and 15 coin dealers.

The general public is invited to visit the show and dealers to learn more about coin and stamp collecting.

The San Angelo Coin Club meets the second Thursday of each month at 7 p.m. at the El Patio Motel.

The Concho Valley Stamp Club meets the second Tuesday of each month at the Main Post Office and the fourth Thursday at Norwest Bank. The meetings start at 7 p.m. Both clubs welcome visitors to all meetings.

They can't stop us from caring for you!

Join the Fight to Preserve High-Quality Affordable Pharmacy Care - Close to Home

For decades pharmacies have been providing patients of all ages with personalized, convenient service and high-quality, professional pharmacy care close to home. Consumers value the services of their local pharmacist very highly. In repeated public opinion polls, consumers have chosen community pharmacists number one as the professional they trust the most.

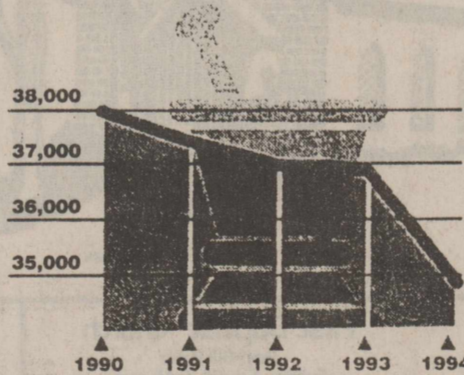

But many in the health insurance industry are apparently indifferent to those surveys. Over the past several years they have adopted a growing array of policies that are seriously jeopardizing the care you receive, as well as our ability to continue to serve you.

The focus of our protest is the real victim: you and millions of consumers whose health and welfare are in jeopardy and who inevitably will receive second-rate pharmacy care if insurance company policies are not changed.

There is more to your local drug-store than meets the eye. Beyond dispensing medications, we maintain patient medication profiles, monitor patients' progress, review therapies, solve problems, carefully select drug products, and routinely consult with physicians. These services ensure that you receive the maximum benefit from your drug therapy and that problems are identified and prevented. Despite fulfilling this vital role, our numbers are shrinking and you are being asked to accept second-rate care. Here's how:

Elimination of patient choice: More and more health insurance plans are taking away your choice and telling you where to go to have your

U.S. INDEPENDENT RETAIL PHARMACIES 1990 - 1994

prescriptions filled. Decisions about which pharmacies are allowed to participate in these plans have little to do with the cost or quality of service the pharmacy provides. For example, independent pharmacies are increasingly being excluded from insurance plans in spite of evidence that, overall, independent pharmacies have prices every bit as competitive as chain drugstores.

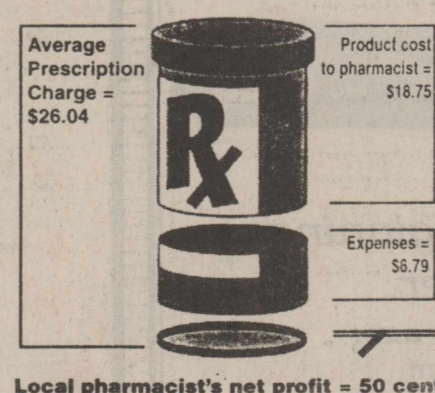

High-volume, high-risk dispensing: Insurers are focusing on prescription drugs to cut costs. If local pharmacists want to keep their customers, they must sell drugs at cost or less—plus a small dispensing fee that rarely covers their overhead. This puts them in the difficult position of having to fill more prescriptions in less time to try to cover expenses.

Studies show that in pharmacies where high numbers of prescriptions are filled, pharmacists do not have the time to provide important patient care services - services that ensure you take your medicines properly and minimize the risk of potentially

dangerous drug interactions.
Inadequate Compensation: Pharmacists are not paid for the time they spend counseling patients, checking patient profiles, or talking with physicians about dosage levels or possible allergic reactions. Despite studies that community pharmacist interventions save money by reducing doctor visits and hospitalizations, insurance companies ignore these savings and thereby jeopardize your health.

Mail Order: Many health insurance plans require that prescription medications for serious ailments like diabetes or high blood pressure be obtained only from mail order companies located hundreds of miles away. That puts you at risk. Mail order pharmacies are high speed assembly lines. Technicians

Components of the Average Retail Prescription Price

fill, and a pharmacist checks, prescriptions at breakneck speeds, usually under a strict quota system of 50 or more prescriptions an hour. By contrast the average independent pharmacist dispenses 15 prescriptions each hour.

Nearly 2,000 independent pharmacies have closed their doors in the last year alone—40 a week. That means four million patients across the country have lost access to the quality service and professional advice of the pharmacist of their choice.

To put a halt to this dangerous trend, and be allowed to continue to care for you, we and thousands of local pharmacists across the nation are taking our case public with "High Noon for Your Local Pharmacy," a nationwide day of protest planned for Wednesday, September 20, 1995.

Won't you join our efforts to remain your family pharmacy? I am participating in this High Noon campaign to enlist your help to preserve our ability to serve your family. Then when you have the opportunity, let your employer know that you want a health benefit package that includes the services of your local independent pharmacy. It will be a vote that counts!

Library News

Louise P. Ledoux, Crockett County Librarian

Wildlife

It is nearly Fall, and for some, thoughts turn to wildlife. The CCPL has interesting titles in many areas regarding wildlife. Check out *America's Neighborhood Bats* by Tuttle, or *Survivors in the Shadows* by Turbak, or *The Amazing Armadillo* by Smith, or *Deer-Brush Relationships on the Rio Grande Plain, Texas* by Ingolia, or *The Mammals of Trans-Pecos Texas* by Schmidly, or *Bobwhites* by Lehmann, or *Whitetail Country* by Cox, or *Whitetail Autumn* by Ozoga. On a wider scale, we have *The Buffalo* by Haines, *The Birds of Texas* by Tveten, *Return of the Whooping Crane* by Coughty, *The Amazing Armadillo* by Smith, *Game in the Desert* by O'Conner, or *Game Animals of North America* by Taylor.

Entertaining

With Fall approaching, thoughts also turn to entertaining. Here the CCPL can certainly help with organization and ideas. Check out *How To Give Successful Parties* by Adamson, or *The Book of Great Breakfasts & Brunches* by Janeico, or *Good Parties* by Bailey, or *The Big Book of Fabulous Fun-Filled Celebrations* by Fobel, or *Special Occasions* by Martha Stewart. For diversions, see *The World's Best Party Games* by Barry, or *Party Games* by Mason, or *Great Party Games for Grown-Ups* by Wiswell. For spice, see *Barbed Wit & Malicious Humor* by Mahony. For children, see *Children's Parties* by Rogers. The library also has a vast variety of cookbooks of many types.

Water District Formation Topic At Study Club

The Pandale Study Club met Sept. 14, 1995, in the Pandale Community Center. Guest speaker, Dennis Clark, presented slides and an interesting and informative program on the formation and function of a water district. He recounted the history of the Emerald Underground Water Conservation District of Crockett County, and used it as an example in the process of creating a water district.

Members were served by hostesses Louise Rowland and Martha Gries. A short business meeting followed in which members received new club books for the 1995-96 year.

Present were members Sue Arledge, Sara Hargraves, Josephine Mills, Betty Klepper, Lou Deaton, Shelba Faehl, Candace Rowland, Louise Rowland, Martha Gries, and guests Dennis Clark and Mae Tinney.

Following the program, refresh-

Horse Club Plans Round Robin

A \$45 Round Robin will be held Saturday, Sept. 23, at the Rannels County Horse Club arena, Hwy. 158 west in Ballinger. Books open at 4 p.m. and roping begins at 5. Books will close after the first rotation.

Money will be paid according to the number of entries with first and second place guaranteed.

It's A Boy!

On August 16, in San Antonio, Methodist Hospital, Mary Friend had another great-grandson. Reese Lawton Perry weighed eight pounds, seven ounces and was 21 inches long.

Reese's parents are Jim and Amy Whitehead Perry of Comstock. Reese has a big brother, Cole Grayson Perry. Cole's and Reese's grandparents are Tuffy and Carol Friend Whitehead of Comstock and Del Rio.

Art, if it is to be reckoned as one of the great values of life, must teach men humility, tolerance, wisdom and magnanimity. The value of art is not beauty, but right action.

—W. Somerset Maugham

To give thanks unto the Lord: for He is good: for His mercy endureth forever.

To Him that by wisdom made the heavens: for His mercy endureth forever.

To Him that stretched out the Earth above the waters: for His mercy endureth forever.

The sun to rule by day: ... The moon and stars to rule by night: for His mercy endureth forever.

To give thanks to the God of heaven: for His mercy endureth forever.

"Seeds Into Trees"

People all around us are wondering what's happening to America. Some blame the President and others blame Congress. Why has divorce become so common in our society? I don't believe we can blame the politicians for this.

During the 1960s, America experienced the seeds of a cultural revolution. Age old values and principles gave way to an "anything goes" mentality. "If it feels good, do it," was a common slogan of the sixties and seventies. All of this seemed to slow down during the early eighties, but look what has sprung up all around us NOW! The Bible makes it clear that at the very heart of any kind of sin is a selfish person. While women all over our country have declared their independence from men, the men have left the homes looking for the good life that they see on the beer commercials and in the movies. When you plant a seed in the ground it may seem as though nothing is happening, but we all know that it's growing. Whatever you plant in the ground will come up. Abortion is big business today, so is it any wonder that our youth place little or no value on human life? It's time to plow these crops under and replant. You see, values and principles begin with you and me and selfishness has no place in our garden.

If you would like a free cassette tape of one of our services, please write us at P.O. Box 103 or give us a call.

Card of Thanks
Mrs. Lillian Brown would like to express her appreciation to all her friends in Ozona for their many acts of continuing kindness during her illness. She would like to say "Thanks" for all the letters, cards, flowers, food, prayers and other personal expressions of concern. She especially appreciates her husband's dedicated caring for her and the moral support of her two daughters, family and friends.

She would also like to express her heartfelt appreciation to Veronica Tijerina, her hospice nurse, the San Angelo Hospice Organization, Dr. Vayden Stanley (medical director of Hospice) and Dr. Fazlur Rahman, her oncologist.

Good News To You
By Dennis J. Prutow

The gospel is the Good News about Jesus Christ. God sent Him to earth "that the world should be saved through Him" (John 3:17). Christ entered the world to accomplish what we could never do. He lived a perfect life. Then He died on a cross. "He Himself bore the sin of many" (Isaiah 53:12). Christ paid the penalty due to others for their sins. This is Good News. Christ stood in the place of others and suffered the wrath of God against sin. Not only so, as proof that Christ's sacrifice was an adequate payment for sin, "God raised Him up again" (Acts 2:24).

After His death and resurrection, Christ sent out His followers to tell others this wonderful Good News. He said, "Go into all the world and preach the gospel to all creation" (Mark 16:15). Today God continues to send forth the Good News. For example, the gospel, the Good News, is sent to you by way of this little article. In the words of the Bible, "I delivered to you as of first importance what I also received, that Christ died for our sins according to the Scriptures, and that He was buried, and that He was raised on the third day according to the Scriptures" (1 Corinthians 15:3-4). What should be our response? "Repent and believe the gospel" (Mark 1:15).

JV Lions Lose To Broncos In Rain

Neal Ulmer, Stockman Sportswriter

The Ozona JV Lions fought the rain and the Sonora Broncos as they lost 28-0 in last Thursday's contest in Sonora. The rain started just about the same time as the game began and it didn't quit. The game was finally called in the third period with a little over six minutes left in the period.

Despite the Lions' second loss of the season, Coach Dane Vickers had high praise of his team as he said, "I was pleased with our kids' effort and attitude. Rome wasn't built in a day and our foundation is starting to take shape."

The Lions took the opening kickoff and were not able to move the ball. The Broncos took over the ball in their first possession and went 45 yards in five plays for the touchdown. They kicked the extra point to give them a

7-0 lead.

Going back to work on the Lions, the Broncos took eight plays driving 50 yards for their next score. The two-point conversion was successful and the Broncos boosted their score 15-0.

In the second quarter, the Lions got a first down on their next possession but were still unable to advance the ball any further. The punt was muffed by the punter, and the Broncos recovered on the Lion 40-yard line.

Two plays later the Broncos scored on a 35-yard pass for a touchdown. The extra point failed, and the Broncos increased their score to 21-0, which was the halftime score.

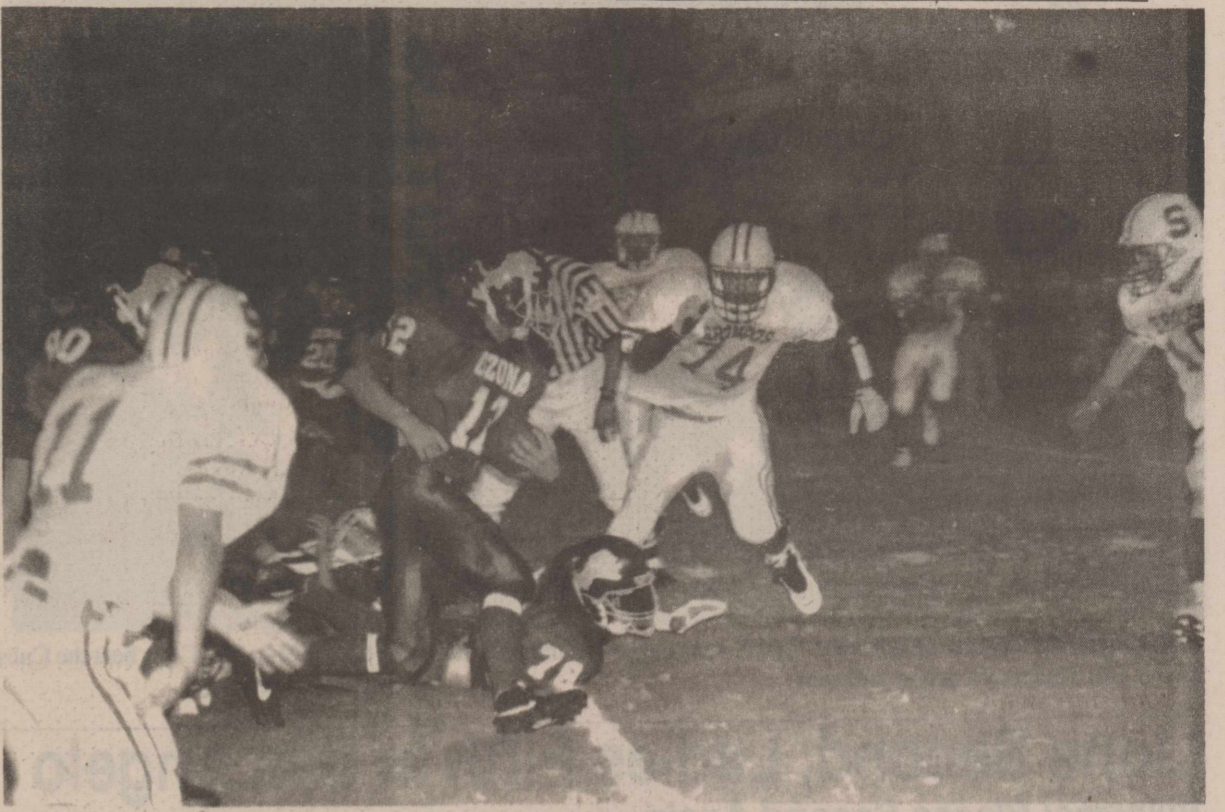

"The kids continue to show improvement. Although the rain came down the entire game, we did some good things trying to control Sonora's speed in the first half," said Coach Vickers.

In the third quarter, Sonora received the ball starting on their own 45-yard line. On a 4-play drive, the Broncos scored on a 55-yard sweep play. The PAT was successful boosting the Broncos score to 28-0.

The game was finally called due to heavy rain with 6:36 minutes left in the third period. Commenting on the rain, Coach Vickers said, "The second half was welcomed by even more rain."

Hard work goes into each week of practice as Vickers notes of his athletes, "These kids had a tough week of workouts. They worked hard, and we saw a lot of improvement. The score in a ball game does not always show the picture."

The JV Lions are idle this week and will resume playing next week. They will play the JV Coahoma Bulldogs at 6 p.m. on Thursday, Sept. 28, in Coahoma.

LION RUNNING BACK #12 JUSTIN BROWNE heads up field after getting a block from #78 Lance Jamerson (on ground) as Sonora Broncos #74 Levi Pool, #11 Justin House try to converge for the tackle. The Lions dropped their second game of the season to the Broncos 28-0. photo by Neal Ulmer

*Broncos (Continued from pg. 1)

Justin House with 3:35 left in the second period. The PAT by Barker was good, and the Broncos led 21-0.

Sonora's final possession of the first half started on their own 23-yard line. Despite four penalties and a fourth-and-twenty situation, the Broncos scored on a 20-yard pass from Barker to tight end Davis Hale with just 14 seconds left in the half. The PAT by Barker was good, and the Broncos completed the first half, leading 28-0.

Coach Hargrove placed the game in a nutshell when he said, "Field position - we gave them the ball on our 34, our 20, and we let them score on a fourth-and-twenty. We gave up a big play of about 60 yards. That was a lot of the ball game. They controlled the line of scrimmage, both offensively and defensively."

In the second half, both teams played good defense. Each offensive team had two penetrations (within the

20-yard line). In the third quarter, the Lions held the Broncos on a fourth-and-four and forced and recovered a fumble.

"Defensively, we had a lot of persons in position to make the play, but we over-pursued some and didn't make the play. Also, they drove the ball in the third quarter, but they didn't score. Defensively, we don't have to stop everybody on every play - we just have to keep them out of the end zone," said Hargrove.

Leading the Lion in tackling were Justin Browne and Bryan Mendez with 11 tackles each. Jason Sutart had nine, Albert Flores eight, Jon Sanchez, Lalo Guadarrama, Patrick Sanchez and Casey Upham had six each, and Lance Jamerson, Ray Fierro and Robert Kelly had five tackles each.

Offensively, the Lions were led in rushing by Darin Jackson with 72 yards. Strong end Jon Sanchez caught two passes for a total of 42 yards.

According to Hargrove, the Lions' offense needs to have better control of the ball and not turn it over on their end of the field. "Overall, we played better, and we're a better team than last week," Hargrove added.

The Lions' next opponent is Sanderson, and according to Coach Hargrove, "Sanderson is struggling a little bit, have some seniors with experience and have some good players on the field."

The Eagles have 14 returning lettermen and eight offensive and eight defensive starters. They will be running a wing-T offense and a 5-3 defense. Players to watch include full-back Orion Patterson, quarterback/wide receiver Jase Harkins, linebacker Roy Cash and defensive end Justin Cooper.

Possible weaknesses the Eagles may have include speed, lack of depth and lack of tradition. According to first year and head coach John Gillian,

"We must stay consistent." The Eagles were beaten by McCamey 43-6 last week, so they, like the Lions, may be ready to get some revenge.

This writer would like to apologize to Darin Jackson and his family for the erroneous information that he is a transfer from Iraan. Jackson, a junior, is the son of Wayne and Jenna Jackson and is a transfer from District 5-3A Seminole.

This Friday, Sept. 22, the Lions will travel to Sanderson to play the Eagles starting at 8 p.m. The pep rally will start at 3 p.m. in Davidson Gym. Be ready to travel and back the Lions".

To take what there is, and use it, without waiting forever in vain for the preconceived—to dig deep into the actual and get something out of that—this doubtless is the right way to live.
—Henry James

Lions Second, Ladies Fifth In San Angelo Villarreal Places Second Again . . .

By Neal Ulmer
Stockman Sportswriter

The Ozona Lions took second place in Division II of the San Angelo Invitational Cross Country Meet held Sept. 16 at the Santa Fe Golf Course. The Lions garnered 66 points, and the Ladies took fifth place with 142 points. "The boys had a good day and finished as runner-ups," said Coach Pete Maldonado. "They need to keep working and bring the times down (faster)."

Fans may notice there is some difference in the boys' time compared to the girls' time. This difference is due to the fact that the boys run three miles and the girls run two miles.

Brownfield placed first in the boys' division with 26 points followed by Ozona, then 3 Mason, 116; 4 Anson, 132; 5 Stanton, 133; 6 Roby, 146;

7 Robert Lee, 152; 8 Eden, 189; and Water Valley with 212 points.

The Lions' individual results and their placings were: 2 Charles Villarreal, 16 minutes, 55.091 seconds; 14 Johnny Porras, 18:02.48; 22 Codie Porras, 18:40.412; 23 George Hernandez, 18:45.684; 33 Blas Villa, 19:20.011; 34 Will Roane, 19:20.812; 73 David Martinez, 22:10.076; and 81 Alex Castaneda, 24:10.521.

In the girls' division, Brownfield placed first with 66 points followed by: 2 Sands, 95; 3 Wall, 125; 4 Wylie, 128; 5 Ozona, 142; 6 Stanton, 143; 7 Colorado City, 164; 8 Iraan, 228; 9 Irion County, 252; and 10, Mason, 283 points.

The Lady Lions' individual results were led by third place Lori Sanchez with a time of 12:46.477; 16 Terren Marshall, 13:40.656; 23 Amy Laughlin, 13:53.231; 46 Gina Castro,

14:26.749; 58 Patti Dominguez, 14:49.193; 89 Maria Trujillo, 15:36.192; and 108 Felicia Ramirez, no time available.

"The girls were in a little tougher competition - they ran against 3A competition, and they had 149 runners," Maldonado said. "Overall, the team placing might not have been where we wanted, but the girls' times are better than last week, and that's what you want to look for."

Two Brownfield girls placed first and second, respectively, with times of 12:08.874 and 12:09.312. Sanchez of the Lady Lions' girls' team improved her time from last week's of 13:18 to 12:46, and Villarreal of the boys' team improved his time to 16:55 from 17:07 of last week.

Both Ozona teams will compete Saturday, Sept. 23, in the Merton Invitational Cross Country Meet, starting with the girls at 10 a.m. and the boys at 11 a.m.

Cubs Lose To Sonora Colts 32-8

Neal Ulmer, Stockman Sportswriter

The Ozona Seventh and Eighth Grade Cubs hosted the Sonora Colts last Thursday evening in Lion Stadium. Despite the threatening clouds, the seventh grade Cubs fell 32-8 to the Sonora Colts and the eighth grade fought hard but lost 20-0.

Coach David Delgado said, "We had a pretty good first outing. We started slow but as the game progressed, we got better. We had some outstanding plays on defense. Offensively, we ran the ball well in the second half."

The Ozona Seventh Grade team ran in to a little trouble when size became a factor. Although Ozona received the opening kickoff, they were stopped cold by the Colt defense.

The Colts took the ball on their first possession and drove 57 yards for their first touchdown. The Colts scored on a 1-yard plunge with only 34 seconds left in the first quarter. The two-point conversion was good for an 8-0 lead.

The Colts scored a second time in the second period with 1:52 left in the first half. They scored on a four-yard run and the two-point conversion was good for a 16-0 lead.

The Colts scored their third touchdown, starting from their own 26-yard line. They scored on a six-yard run with 1:38 left in the third period. The two-point conversion was good, increasing the Colt score to 24-0.

Dominating the game, the Colts made their final touchdown on a 46-yard romp with 4:46 in the fourth quarter. Again, a run for the two-point conversion was good, expanding their lead 32-0.

The Cubs, not to be left out in scoring, got on the scoreboard after a 22-yard run by Leon Garcia with 3:15 left in the last quarter. Garcia also scored the two-point conversion to give the Cubs an 8-32 score. The game ended with the Cubs in possession of the ball and the final score Ozona 7th 8, Sonora 32.

The Ozona Eighth Grade Cubs hung in there but fell to the Colts 20-0. Again, size and speed overcame the Cubs.

Coach Rodney Johnson said, "Our defense hung in there and played well as long as they were in there. Offensively, we had one good drive in the second half."

The Eighth Grade Colts wasted little time in getting on the scoreboard. They took the opening kickoff from their own 32-yard line. It took 13 plays before the Colts scored on a 4-yard run with 1:12 left in the first period. Ozona's Peter Rodriguez intercepted a pass on the Colts' two-point conversion try, giving the Colts a 6-0 lead.

A fumble on Ozona's punt allowed the Colts to begin their next touchdown drive on the Ozona 34-yard line. The Colts scored on a 3-yard run by Henry Gonzales with 7:38 left in the second period. Gonzales also ran in the 2-point conversion for a Colt 14-0 lead.

A good goal-line stand headed by Miguel Rios and Peter Rodriguez kept the Colts from scoring before the first

half ended.

In the third period, the Cubs tried to move the ball and did fairly well before having to give up the ball on the Colt 20-yard line. The third quarter ended with the Colts leading 14-0 and controlling the ball on the Cub 32-yard line. The Colts scored on eight more plays on a 2-yard run by Graham Bloodworth. A run for the two-point conversion failed with a good tackle by Travis Vordick but the Colts increased their score 20-0. The game ended with the Colts in possession and a 20-0 win.

Coach David Delgado was proud of the team as he said, "Over all, it was a great effort by the kids. We made some mistakes but nothing we can't fix."

The seventh grade Cubs will be playing Irion County on Thursday, Sept. 21 starting at 5 p.m. in Merton. The eighth grade Cubs will be idle this week.

Athletic Boosters Meet On Tuesday

Ozona Athletic Booster Club will meet every Tuesday during the football season at the high school auditorium. This week the game film from Friday's game will be shown in Coach Hargrove's room at 7 p.m., and the business meeting will follow at approximately 7:30 p.m. Everyone is invited to come.

high school program. Under the terms outlined by the recently passed bill, each school district is required to establish an alternative education program for students who engage in serious misbehavior that violates the district's student code of conduct. The alternative education program must be in a setting other than the student's regular classroom, can be located on or off a regular campus, must provide for students assigned to the program to be separated from students in the regular school program, must focus on English language arts, math, science, history, and student self-discipline, must provide for students' educational and behavioral needs and must provide supervision and counseling.

The alternative high school program approved for implementation by the board is a method many school districts have established to meet the needs of students who have difficulty in obtaining the required number of credits for graduation. These students are typically "at risk" of eventually dropping out of school and facing limited employment opportunities when they do so. The program, when fully implemented, will provide assistance to students by preparing them to obtain their Graduate Equivalency Degree (GED) so that they can obtain jobs that require a GED or high school diploma. Student entry into this program will be by application, and Will Thompson will be the teacher/coordinator of the alternative high school program as well as the alternative education program.

Maintenance supervisor Ray Don Myers was appointed as the district's

integrated pest management coordinator. In December of 1994, the Texas Structural Pest Control Board issued rules that regulated the application of pesticides in public schools, and as a result of these new regulations, school districts were required to adopt an integrated pest control program and appoint an integrated pest management coordinator to oversee pesticide application and maintain records in accordance with TSPCB rules. Mr. Myers has already received required training for this responsibility and has also passed the state examination for his certified applicator license.

Myers also reported on the status of several maintenance items at the school stadium. He and his maintenance staff have now completed the installation of 25-second football clocks and new goal posts at the north and south ends of the field. The clocks cost \$2,800 and were donated by Ozona National Bank, and the steel pipe for the goal posts was donated by J. Cleo Thompson and Rye Supply.

The board also approved at first reading updates to school policies as recommended by the Texas Association of School Boards, a student tuition contract with McCamey ISD, a bid from Miller Computers for school IBM-compatible computers and printers, the district's site-based decision-making plan, annual report and 1995-2000 school year priorities and goals, and a letter to parents giving notice of changes regarding student discipline enacted by Senate Bill 1.

The meeting was adjourned following approval of setting the date and time for the October regular board meeting on Tuesday, Oct. 17, at 7 p.m.

The whole art of teaching is only the art of awakening the natural curiosity of young minds for the purpose of satisfying it afterwards.

Cause No. 3405 Jimmy Perez Longoria, theft of property by check - restitution made; state's motion to dismiss granted

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION
NOVEMBER 7, 1995

**PROPOSITION NO. 1
ON THE BALLOT**

House Joint Resolution 50 proposes a constitutional amendment providing that the legislature by general law may authorize the Texas Higher Education Coordinating Board to issue general obligation bonds of the state in an amount not exceeding \$300 million to finance educational loans to students. The maximum interest rate to be borne by the bonds must be set by law. The legislature may provide for the investment of bond proceeds and may establish an interest and sinking fund to pay the bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of \$300 million in general obligation bonds to finance education loans to students."

**PROPOSITION NO. 2
ON THE BALLOT**

Senate Joint Resolution 36 proposes a constitutional amendment that would authorize the legislature to exempt from ad valorem taxation the property of an organization chartered by the Congress of the Republic of Texas if the property is used primarily for the charitable, benevolent, or public service activities of the organization as defined by general law. The Comptroller's Property Tax Division has identified the Grand Lodge of Texas, also known as the Masonic Lodges, as the primary organization which would qualify for this tax exemption.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to exempt from ad valorem taxation property of an organization chartered by the Congress of the Republic of Texas that is used primarily for the charitable, benevolent, or public service activities of the organization."

**PROPOSITION NO. 3
ON THE BALLOT**

Senate Joint Resolution 51 proposes a constitutional amendment that provides that the farm and ranch finance program fund shall be administered by the Texas Agricultural Finance Authority and not by the Veterans' Land Board, as provided by current law. In addition, the proposed amendment provides that the proceeds of \$200 million of the \$500 million in bonds authorized by the Texas Constitution for the farm and ranch finance program fund may be diverted to the agricultural fund and the rural micro-enterprise development fund, also authorized by the Texas Constitution, to be used for agricultural and rural economic development programs.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing the use of existing bond authority of the farm and ranch finance program to include financial assistance for the expansion, development, and diversification of production, processing, marketing, and export of Texas agricultural products."

**PROPOSITION NO. 4
ON THE BALLOT**

Senate Joint Resolution 46 proposes a constitutional amendment that would allow an encumbrance to be fixed on homestead property for an owelty of partition. In divorce and probate situations, a piece of property may be owned jointly by two

or more people, and each person owns an undivided interest in the property, as opposed to a specific portion of the property. If one owner wishes to purchase the other person's interest in the property and wishes to obtain a loan to finance the purchase, the lending institution requires all interests in the property to be used as security for the loan; this is called an owelty of partition. Senate Joint Resolution 46 would allow the lending institution to foreclose on the homestead property for an owelty of partition if the purchaser defaulted on the loan. In addition, the proposed amendment would allow the refinancing of a lien against a homestead. Finally, the proposed amendment would allow a purchaser or lender to rely on an affidavit that states that the property to be conveyed or encumbered is not the homestead of the affiant.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting an encumbrance to be fixed on homestead property for an owelty of partition, including a debt of a spouse resulting from a division or award of a homestead in a divorce proceeding, and for the refinancing of a lien against a homestead, including a federal tax lien resulting from the tax debt of the owner."

**PROPOSITION NO. 5
ON THE BALLOT**

House Joint Resolution 34 proposes a constitutional amendment which would increase by \$500 million the constitutional authorization of the Veterans' Land Board to issue and sell general obligation bonds of the state to provide housing financing to Texas veterans. The proceeds from the bonds authorized by this amendment shall be used to augment the Veterans' Housing Assistance Fund II to be administered and invested as provided by law. The bonds authorized by this amendment shall be incontestable after execution by the Veterans' Land Board, approval by the attorney general, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to increase by \$500 million the amount of general obligation bonds that may be issued to augment the veterans' housing assistance fund II."

**PROPOSITION NO. 6
ON THE BALLOT**

House Joint Resolution 64 proposes a constitutional amendment which would extend the tax exemption under article VIII, section 1-b(b) of the Texas Constitution for the residence homestead of a person age 65 or older to the surviving spouse of a person who received the exemption. The surviving spouse must be age 55 or older when the deceased spouse died, and the property must be the residence homestead of the surviving spouse when the deceased spouse died and remain the surviving spouse's residence homestead. A surviving spouse who already receives an exemption under this section of the Texas Constitution is not entitled to an additional exemption under the amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting from ad valorem taxation the residence homestead of the surviving spouse of an elderly person."

WEEKLY REPORT

Congressman
Henry Bonilla

23rd District, Texas

1529 Longworth House Office Building Washington, D.C. 20515 202/225-4511

Attention all farmers, ranchers and private property owners. Your day for equal rights has finally arrived. Earlier this month I joined more than 100 other congressional property rights advocates to introduce the Endangered Species Conservation and Management Act of 1995. At last, Congress is beginning to give the human species the same rights as endangered species.

For years, federal bureaucrats have used the Endangered Species Act as a tool for abuse. Whether I'm talking with people in Marfa, Pecos, Fort Stockton, Hondo or any other community, I hear horror stories about strong-armed federal ESA enforcers. They treat bugs like treasures. Too often, they treat decent, hard-working citizens like trash.

Finally, this Congress is bringing some common sense back into conservation efforts. We understand that most property owners are stewards of the land. We know that land owners want to preserve their property and the animals that live on it. We also know that the best way to conserve our natural resources is for the government to work with, not against, private property owners.

Current law punishes land owners who want to help protect species and habitats. In many cases, property owners actually do a better job protecting and improving habitat than the federal government. But the fear of federal fallout means these land owners would rather keep their mouths

shut than participate in conservation efforts.

That's about to change. Under the Endangered Species Conservation and Management Act, the federal government will have to prove with solid scientific evidence that a species should be protected. If the government succeeds in proving the need for protection, then affected property owners will be compensated if their property loses at least 20 percent of its value. This bill will also reverse the Supreme Court's broad definition of "harm" which has been used to take land. Now, "harm" will mean a direct action that actually hurts or kills an endangered species. Nothing else.

The key is that this bill offers a helping hand from the government instead of the closed fist that has been used in the past. The current, punitive ESA law hasn't succeeded in recovering any endangered species, only in causing headaches for law-abiding citizens. If the ESA cops would cooperate, not castigate, they'd be able to achieve their conservation goals without destroying people's lives and livelihoods.

I am proud to say that this bill was not written by a bunch of Washington eggheads. It was written with the help of people in the heartland, including many of you who attended the big property rights meeting in Boerne last year. Congratulations to you all. With your help, Congress is finally fixing the Endangered Species Act.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow open-space land used for wildlife management to qualify for tax appraisal in the same manner as open-space agricultural land, subject to eligibility limitations provided by the legislature."

**PROPOSITION NO. 7
ON THE BALLOT**

House Joint Resolution 73 proposes a constitutional amendment that would reduce the amount of general obligation bonds authorized for the superconducting super collider fund from \$500 million to \$250 million.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment reducing the amount of general obligation bonds authorized for undertakings related to the superconducting super collider research facility from \$500 million to \$250 million."

**PROPOSITION NO. 8
ON THE BALLOT**

House Joint Resolution 80 proposes a constitutional amendment abolishing the office of constable in Mills, Reagan, and Roberts counties. In Mills County, the office of constable is abolished, and the powers, duties, and records of the office are transferred to the sheriff. In Reagan and Roberts counties, the office of constable is abolished and the powers, duties, and records of the office are transferred to the sheriff only if a majority of voters in each of the respective counties favors the proposed amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the abolition of the office of constable in Mills, Reagan, and Roberts counties."

**PROPOSITION NO. 9
ON THE BALLOT**

Senate Joint Resolution 7 proposes a constitutional amendment that would allow investment of money from the Texas growth fund in a business without the business's disclosure of its investments in or with South Africa or Namibia. Currently, such investments are prohibited by article XVI, section 70(r) of the Texas Constitution, which would be repealed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing investment of money from the Texas growth fund in a business without the business's disclosure of its investments in or with South Africa or Namibia."

**PROPOSITION NO. 10
ON THE BALLOT**

Senate Joint Resolution 1 proposes a constitutional amendment that would abolish the constitutional office of state treasurer effective September 1, 1996. The transfer of specific constitutional powers and duties to the comptroller of public accounts takes effect on that date. The statutory powers and duties and the property and other obligations of the state treasurer are transferred to officers and agencies of state government as the legislature provides by general law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of state treasurer."

**PROPOSITION NO. 11
ON THE BALLOT**

House Joint Resolution 72 proposes a constitutional amendment requiring that land devoted to wildlife management be taxed on the basis of its productive capacity. The proposed amendment also adds a temporary provision to the Texas Constitution validating the changes to the law made by Chapter 560, Acts of the 72nd Legislature, Regular Session, 1991, which amended the Tax Code to allow land used for wildlife management to be appraised as agricultural land. The temporary provision also provides that a property owner is not authorized to claim a refund of taxes paid unless the tax payment was challenged before the effective date of the proposed amendment. The temporary provision expires on January 1, 1998.

**PROPOSITION NO. 12
ON THE BALLOT**

House Joint Resolution 31 proposes a constitutional amendment providing that the legislature may exempt from ad valorem taxation income-producing personal property and mineral interests that have a taxable value which is insufficient to recover the costs of administering the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to exempt from ad valorem taxation personal property and mineral interests having a value insufficient to recover the administrative costs of collecting the taxes."

**PROPOSITION NO. 13
ON THE BALLOT**

House Joint Resolution 35 proposes a constitutional amendment authorizing the governing body of a political subdivision to exempt from ad valorem taxation boats and other equipment used primarily in the commercial taking or production of fish, shrimp, shellfish, and other marine life.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the governing body of a political subdivision to exempt from ad valorem taxation boats and other equipment used primarily in the commercial taking or production of fish, shrimp, shellfish, and other marine life."

**PROPOSITION NO. 14
ON THE BALLOT**

House Joint Resolution 68 proposes a constitutional amendment that allows the legislature to raise the current ad valorem tax exemption for disabled veterans and their surviving spouses and minor children. The tax exemptions would be raised based on a veteran's disability rating as follows:

Disability	Maximum Tax Exemption
10% - 30%	\$ 5,000
30% - 50%	\$ 7,500
50% - 70%	\$10,000
More than 70%	\$12,000
Age 65 and 10% or higher	\$12,000
Loss or loss of use of limb	\$12,000
Blindness or paraplegia	\$12,000

The spouse and children of any veteran who dies while on active duty may be granted an exemption of up to \$5,000. The amounts of the exemptions provided for in this proposed amendment may be repealed by the legislature by general law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to raising the limits of the exemption from ad valorem taxation of property owned by disabled veterans or by the surviving spouses or surviving minor children of disabled veterans."

Este es el informe explicatorio sobre la enmienda propuesta a la constitucion que aparecera en la boleta el dia 7 de noviembre de 1995. Si usted no ha recibido una copia del informe en español, podra obtener una gratis por llamar al 1/800 252 8683 a por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711

Public Notices

PUBLIC NOTICE
Pursuant to Section 152.905
Local Government Code of Ver-
non's Texas Statutes, as amended
the compensation of the following
Crockett County Officials for the
year beginning January 1, 1996 are
as follows:

1996 Annual Compensation	
County Auditor Salary	\$31,500
County Auditor Auto Allowance	\$2,400
Assistant Auditor Salary	\$22,050
Second Assistant Auditor Salary	\$18,428
District Court Reporter	\$7,724

In addition, Crockett County
provides major medical, prescrip-
tion and term life insurance cover-
age to these officials and their
families at no cost to the employee,
and contributes to the Texas County
and District Retirement System at a
rate of eight per cent of the em-
ployees' salary. 2c31

PUBLIC NOTICE
The Honorable Brock Jones,
District Judge of the 112th Judicial
District of Texas, will hold a public
hearing on proposed compensation
for the County Auditor, Assistant
Auditors and Court Reporter of
Crockett County, Texas for 1996.
The hearing will be held at 9:00
A.M. on October 4, 1995 in the
District Judges' office, Courthouse,
Ozona, Texas. 1c32

**NOTICE OF APPLICATION
FOR OIL AND GAS WASTE
DISPOSAL WELL PERMIT**
J. Cleo Thompson is applying to
the Railroad Commission of Texas
for a permit to dispose of produced
salt water or other oil and gas waste
by well injection into a porous for-
mation not productive of oil or gas.
The applicant proposes to dis-
pose of oil and gas waste into the
San Andres University 31-32 Lease,
Well Number No. 1 SW. The pro-
posed disposal well is located 11
miles West of Ozona, in the Univer-
sity Block 31 Field, in Crockett
County. The waste water will be
injected into strata in the subsur-
face depth interval from 1200 to
1600 feet.

LEGAL AUTHORITY: Chap-
ter 27 of the Texas Water Code, as
amended, Title 3 of the Texas Natu-
ral Resources Code, as amended,
and the Statewide Rules of the Oil
and Gas Division of the Railroad
Commission of Texas.
Requests for a public hearing
from persons who can show they
are adversely affected or requests
for further information concerning
any aspect of the application should
be submitted in writing, within fif-
teen days of publication, to the
Environmental Services Section, Oil
and Gas Division, Railroad Com-
mission of Texas, P.O. Box 12967,
Austin, Texas 78711 (Telephone
512/463-6792). 1:32

**IMMUNIZE YOUR LITTLE
TEXAN BY TWO
SHOTS ACROSS TEXAS
SHOTLINE**

**Q. What is the recommend-
ed schedule for childhood
immunizations?**

**A. The schedule recommended
by the Texas Department of
Health is as follows (physicians'
recommendations may vary
slightly):**

AT BIRTH:
Hepatitis B

2 MONTHS:
Hepatitis B, DTP (diphtheria,
tetanus, pertussis or whooping
cough), Polio and Hib (*Haemo-
philus influenzae* type b)

4 MONTHS:
DTP, Polio and Hib

6 MONTHS:
Hepatitis B, DTP, Polio and
Hib

12-15 MONTHS:
DTP, Hib, Varicella (chicken-
pox) and MMR (measles,
mumps, rubella)

4-6 YEARS:
DTP, Polio and MMR

EVERY TEN YEARS:
Td (tetanus and diphtheria)

For information on free or
low-cost immunizations in your
area, call the Texas Department
of Health and Shots Across Texas
Shotline at 1-800-252-9152 or
write Shots Across Texas,
Immunization Division, Texas
Department of Health, 1100
